#### Recommendation:

It is recommended that all purchase orders are prepared/approved prior to the purchase of goods or services to ensure the availability of funds, as well as properly authorized by signature to be in compliance with standard operating procedures.

#### Management's Response:

All purchase orders will be properly prepared/approved prior to the purchase of goods or services to ensure the availability of funds.

## Treasurer's Records

In planning and performing our audit of the financial statements of the Board, we considered the condition of the Treasurer's records for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments except as noted herein.

## Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (ESSA)

This section of the CAFR documents the financial position pertaining to projects under Title I, Title II Title III and Title IV of the Elementary and Secondary Education Act as amended and reauthorized.

The study of compliance for the E.S.E.A. did not indicate any area of noncompliance except as noted below.

## Finding:

During our review of the Title I grant it was noted that funds were not expended and drawn down during the appropriate grant period resulting in a loss of 15% of the Title I grant.

## Recommendation:

It is recommended that Title I grant funds be expended and drawn down in a timely manner.

## Management Response:

The Board will work with Administration and the Grant Coordinator to ensure grant funds are expended and drawn down in a timely manner.

# Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

## School Purchasing Programs

## Contracts and Agreements Requiring Advertisement for Bids

## N.J.S.A. 18A:18A-3 states:

a. "When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by resolution of the Board of Education without public advertising for bids and bidding therefore, except that the Board of Education may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L.1971, c. 198 the Board of Education may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Commencing in the fifth year after the year in which P.L.1999, c. 440 takes effect and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the Board of Education is permitted to establish as set forth in subsection a. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in N.J.S.A. 18A:18A-2, and shall round the adjustment to the nearest \$1,000. The Governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of the year in which it is made . . . ."

N.J.S.A. 18A:18A-4 states, "Every contract for the provision or performance of any goods or services the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the Board of Education to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law ....."

Effective July 1, 2015 and thereafter the bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$40,000 (with a Qualified Purchasing Agent) and \$29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A 18A:39-3 is currently \$19,000.

As per N.J.S.A. 18A:18A-3, the Board passed a resolution, recognizing the Business Administrator as a qualified purchasing agent and increasing the bid threshold to \$40,000.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Attorney's opinion should be sought before a commitment is made.

## School Purchasing Programs (Cont'd)

## Contracts and Agreements Requiring Advertisement for Bids (Cont'd)

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. General compliance was noted, except as noted below.

The results of our examination indicated that there were individual payments, contracts, or agreements were made "for the performance of any work or the furnishing or hiring of any material or supplies", in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained.

Finding:

The District did not maintain the required Pay-to-Play forms on file for professional service contracts.

## Recommendation:

It is recommended that the required Pay-to-Play forms for professional service contracts be obtained.

## Management's Response:

The District will ensure that required bid documents and professional service files are maintained in order to demonstrate compliance with Local Public Contract Law and Pay-to-Play regulations for professional service contracts.

## Finding:

During our review of purchases made through the bidding process it was noted that bids were accepted and awarded in excess of the budgeted appropriation. Further, additional transfers/appropriations were made retroactive of the awarding of the bid.

## School Purchasing Programs (Cont'd)

### Contracts and Agreements Requiring Advertisement for Bids (Cont'd)

## Recommendation:

It is recommended that only bids that meet budgeted appropriations be accepted and awarded, and that all additional transfers/appropriations are made prior to the awarding of bids.

## Management's Response:

The Board will together with Administration to ensure that all bids are awarded within budgeted appropriations and that any additional transfers/appropriations are made prior to the awarding of bids.

## School Food Service

The financial transactions and statistical records of the School Food Service Fund were reviewed. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis. No exceptions were noted except as listed below.

#### Finding:

During our review of the food service fund it was noted that the District records did not disclose a receivable for students who were retroactively billed for lunches received.

#### **Recommendation:**

It is recommended that the District record the outstanding receivable and work with the Food Service Management company to pursue collection of the outstanding receivable.

#### Management Response:

Administration will record the outstanding receivable, and will work with the Food Service Management company to pursue collection of the receivable.

Cash receipts and bank records were reviewed for timely deposit. No exceptions were noted.

The District utilizes a food service management company (FMSC) and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. Provisions of the FMSC contract/addendum were reviewed and audited. The FMSC contract includes an operating results provision which guarantees that the food service program will breakeven/return a profit of at least \$228,000. The operating results provision has not been met. All vendor discounts, rebates and credits from vendors and/or the FSMC were tracked and credited to the Food Service account and reconciled to supporting documentation at least annually. No exceptions were noted.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified on a test basis. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used. No exceptions were noted.

## School Food Service (Cont'd)

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the nonprofit status of the School Food Service Fund. No exceptions were noted.

Net cash resources did not exceed three months average expenditures.

Time sheets and payroll records provided to the District from the Food Service contractor were reviewed on a test basis. Payroll records were maintained on all School Food Service employees authorized by the Board of Education.

The number of meals claimed for reimbursement was compared to sales and meal count records on a test basis. As part of the claims review process, the Edit Check Worksheet was completed. Reimbursement claims were submitted/certified in a timely manner. No exceptions were noted.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications/or to the list of directly certified students on file, times the number of operating days, on a school-by-school basis. The free and reduced price meal policy was reviewed for uniform administration throughout the school district. Sites approved to participate in Provisions I and II were examined for compliance with all counting and claiming requirements. The required verification procedures for free and reduced price applications were completed and available for review. No exceptions were noted.

U.S.D.A. Food Distribution Program commodities (food and/or commodities) were received and a single inventory was maintained on a first-in, first-out basis. No exceptions were noted.

Non-program foods were purchased, prepared or offered for sale. The Statement of Revenue, Expenses and Changes in Net Position in the CAFR Schedule B-5 does separate program and non-program revenue and program and non-program cost of goods sold.

The school district provided the detailed revenue and expenditure information necessary in order to execute the U.S.D.A. mandated Non-program Food Revenue tool at least annually. No exceptions were noted

Exhibits reflecting Child Nutrition Program operations are included in the section entitled "Proprietary Funds", Section G of the CAFR.

## Student Body Activities

In planning and performing our audit of the financial statements of the Board, we considered the condition of the records of the Student Activities Fund for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no recommendations except as listed below.

## Finding:

During our review of Student Body Activities, it was noted that receipts were not being properly and accurately recorded at Jefferson School and that bank reconciliations and receipts were not being deposited in a timely manner.

## Student Body Activities (Cont'd)

# Recommendation:

It is recommended that bank reconciliations and receipts are accurately recorded and deposited in a timely manner.

## Management Response:

The Board will ensure that all bank reconciliations and receipts are properly and accurately recorded and done within a timely manner.

## Application for State School Aid

Our audit procedures included a test of information reported in the October 13, 2017 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the disabled, low income students and bilingual education. We also performed a review of the District's procedures related to its completion. The information on the A.S.S.A. was compared to the District's workpapers with the exception of 12 low-income students. The information that was included on the workpapers was verified on a test basis with exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed State forms or their equivalent.

The District's written procedures for the recording of student enrollment data appear to be adequate.

## Pupil Transportation

Our audit procedures included a test of on-roll status reported in the 2017-18 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report with 6 exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

## Facilities and Capital Assets

There were no SDA Grant funds received or expended in the current year.

## Travel Expense and Reimbursement Policy

Travel regulations require each District to adopt a formal policy and procedure pertaining to travel and expense reimbursement for its employees and board members. The regulations require the District to establish a maximum travel for the year and to ensure that the maximum is not exceeded. The regulations also require that all travel be preapproved by the Board of Education and that the approval must be itemized by event, event total cost, and individuals attending.

# Testing for Lead of All Drinking Water in Educational Facilities

The District did submit the annual Statement of Assurance to the NJ Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

# Management Suggestions:

Many school districts contract with service providers to perform functions such as the processing of payroll and provision of food service management services. In conjunction with these services, the service provider will engage an auditor to perform a SOC 1 (System and Organization Controls) engagement which results in a SOC 1 report. There are two different types of SOC 1 reports - a Type 1 and a Type 2 report. Both report on the fairness of the presentation of management's description of the service organization's system and the design of the controls to achieve the related control objectives. The Type 1 report is through a specific period. The Type 2 report also reviews the operating effectiveness of the controls included in the description throughout a specified period. Included in the Type 2 report will be the individual controls, what was tested and the results of the testing.

We suggest that the District review these SOC 1 reports to determine if there are any exceptions noted in the opinion in the Independent Auditors' Report. Additionally, for SOC 1 Type 2 reports we suggest that the District review the test results related to the individual control testing to determine if there were any exceptions noted. If exceptions are noted in the report the District should contact the service provider and inquire what steps the service provider is taking to address these exceptions.

## Status of Prior Year's Findings/Recommendations

The prior year recommendation regarding timeliness of deposits in General Fund has been resolved in the current year. The prior year recommendations regarding purchase orders and Student Activities have not been resolved and are included in this audit.
