## Administrative Findings – Financial, Compliance, and Performance

### Scope of Audit

The audit covered the financial transactions of the Board Secretary/ School Business Administrator and the Treasurer of School Monies, the activities of the Board of Education, and the records of the various funds under the auspices of the Board of Education.

### Administrative Practices and Procedures

#### Insurance

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule contained in the District's CAFR.

#### Official Bonds

<u>Name</u>	<u>Position</u>	<u>Amount</u>
Richard M. Burr	Treasurer	\$170,000
Christopher M. Rodia	Board Secretary/ School Business Administrator	\$2,000

#### Tuition Charges

A comparison of tentative tuition charges and actual certified tuition charges was made. The actual certified tuition on the items tested were less than the amounts charged. The Business Administrator is aware that it is necessary to make the proper adjustment to the billings to sending districts for the decrease in per pupil costs in accordance with NJAC 6A:23A-17.1(f)3.

### Financial Planning, Accounting, and Reporting

#### Examination of Claims

An examination of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

#### Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/Business Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits premium withholding due to the General Fund.

Payroll was deposited in separate bank accounts for net payroll and withholdings.

The required certification (E-Cert1) of compliance with requirements for income tax on compensation of administrators (Superintendents, Assistant Superintendents, and Business Administrator) to the NJ Department of the Treasury was filed by the March 15<sup>th</sup> due date.

Reporting of employee compensation for income tax related purposes complied with federal and state regulations regarding the compensation which is required to be reported.

The Board of Education did not make merit bonus payments.

### **Employee Position Control Roster**

An inquiry and review of the Position Control Roster found the payroll records and the general ledger accounts to where wages are posted were in agreement with the Position Control Roster. There are internal control procedures in place to ensure that employee benefits are offered only to current employees and their eligible relations.

### **Reserve for Encumbrances and Accounts Payable**

A review of outstanding issued purchase orders was made as of June 30 for proper classification of orders as reserve for encumbrances and accounts payable. District personnel performed an analysis of outstanding purchase orders at June 30 and prepared separate listings of purchase orders comprising the balance sheet account balances for accounts payable and reserve for encumbrances.

### **Travel**

The District has an approved Board travel policy as required by NJAC 6A:23a-6.13 and NJSA 18A:11-12.

### **Classification of Expenditures**

The coding of expenditures was tested for proper classification in accordance with NJAC 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with NJAC 6A:23A-8.3. As of result of the procedures performed, we found no errors in the classification of expenditures and no additional procedures were deemed necessary to test the propriety of expenditure classification.

### **Board Secretary's Records**

Our review of the financial and accounting records maintained by the Board Secretary disclosed that the records were maintained in good condition. The prescribed contractual order system was followed.

The monthly certification of positive line item account status by the Board Secretary and monthly certification that sufficient funds are available to meet the District's financial obligations by the Board were filed during the year.

Purchase orders were charged to the appropriate line accounts in accordance with the State prescribed *Uniform Minimum Chart of Accounts for New Jersey Public Schools*.

Monthly bank reconciliations were prepared for the general operating account, payroll account, and payroll agency account (NJSA 18A-17-9).

The Board Secretary deposited all funds of the District in a timely manner in accordance with NJSA 18A:17-34.

### **Treasurer's Records**

The Treasurer performed cash reconciliations for the general operating, payroll and agency accounts on a monthly basis. The Treasurer's cash balances were in agreement with those of the Board Secretary and the reconciled cash balance as determined during the audit. All cash receipts were deposited promptly

## **Elementary and Secondary Education Act (ESEA), as Amended by the Every Student Succeeds Act**

The ESEA financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Titles I and VI of the Elementary and Secondary Education Act as amended and reauthorized.

The study of compliance for ESEA indicated no areas of noncompliance and/or questionable costs during the year under audit.

## **Other Special Federal and/or State Projects**

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the federal and state funds, on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for the special project indicated no areas of noncompliance and/or questionable costs during the year under audit.

## **TPAF Reimbursement**

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for District employees who are members of the Teachers' Pension and Annuity Fund. No exceptions were noted.

The amount of the expenditure charged to the current year's Final Report for all federal awards for the School District to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the School District for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 60 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

## **School Purchasing Programs**

### **Contracts and Agreements Requiring Advertisement for Bids**

NJSA 18A:18A-3 states:

- a. When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by resolution of the Board of Education without public advertising for bids and bidding therefore, except that the Board of Education may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent possesses a qualified purchasing agent certificate pursuant to subsection "b" of section 9 of P.L. 1971, c.198 (C.40A:11-9) the Board of Education may establish that the bid threshold may be up to \$29,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

## **Contracts and Agreements Requiring Advertisement for Bids (Continued)**

- b. Commencing in the fifth year after the year in which P.L. 1999, c.440 takes effect and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the board of education is permitted to establish as set forth in subsection "a" of this section or the threshold amount resulting from any adjustment under this subsection in direct proportion to the rise or fall of the index rate as that term is defined in NJSA 18A:18A-2, and shall round the adjustment to the nearest \$1,000. The Governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective July 1 of the year in which it is made.

Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to paragraph (1) of subsection "a" of NJSA 18A:18A-5 may be awarded for a period not exceeding 12 consecutive months.

NJSA 18A:18A-4 states, "Every contract for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the Board of Education to the lowest responsible bidder after public advertisement for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law."

The bid thresholds in accordance with NJSA 18A:18A-2 and 18A:39-3(a) are \$40,000 (with a Qualified Purchasing Agent) and \$29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contract under NJSA 18A:39-3 is currently \$19,000 for 2017-18.

The District Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or good or service, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. Based on the results of our examination, we did not note any instances of noncompliance.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per NJSA 18A:18A-5.

### **School Food Service**

A school lunch program was found to be in effect, as maintained by state law, in a joint effort with neighboring districts. No financial records or transactions were handled by the District.

### **Student Body Activities**

During our review of the Student Activity Funds, the following items were noted.

The Board has a policy that clearly established the regulation of Student Activity Funds.

Cash receipts were deposited in a timely manner. Cash disbursements contained proper supporting documentation. The cash journals were reconciled to the bank accounts on a monthly basis.

### **Application for State School Aid (ASSA)**

Our audit procedures included a test of information reported in the October 13, 2017, Application for State School Aid (ASSA) for on-roll, private schools for the handicapped, low-income and bilingual. We also performed a review of the District's procedures related to its completion. The information on the ASSA was compared to the District's work papers with no exceptions. The information that was included on the work papers was verified without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained work papers on the prescribed state forms or their equivalent.

The District's written procedures appear to be adequate for the recording of student enrollment data.

### **Pupil Transportation**

Our audit procedures included a test of on roll status reported in the 2017-2018 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. No exceptions were noted in our review of transportation related purchases of goods and services.
