December 17, 2019

Honorable President and Members of the Board of Education Bergen County Special Services School District County of Bergen, New Jersey

Dear Board Members:

State Department of Education statutes require that all general-purpose local governments publish within five months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the Bergen County Special Services for the fiscal year ended June 30, 2019.

This report consists of management's representations concerning the finances of the Bergen County Special Services School District. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the Bergen County Special Services School District has established a comprehensive internal control framework that is designed both to protect the School District's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Bergen County Special Services School District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Bergen County Special Services School District's comprehensive framework or internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Bergen County Special Services School District's financial statements have been audited by Lerch, Vinci & Higgins, LLP, a firm of licensed certified public accountants and public school accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Bergen County Special Services School District for the fiscal year ended June 30, 2019, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant

estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Bergen County Special Services School District's financial statements for the fiscal year ended June 30, 2019, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

Governmental Accounting Standards Board (GASB) requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. Bergen County Special Services' MD&A can be found immediately following the "Independent Auditors' Report".

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, and a list of principal officials. The financial section includes the independent auditors' report, management's discussion and analysis (MD&A), the basic financial statements including the district-wide financial statements presented in conformity with Governmental Accounting Standards Board Statement No. 34. The basic financial statements also include individual fund financial statements, notes to the basic financial statements and required supplemental information (RSI). The statistical section includes selected financial and demographic information, generally presented on a multi-year basis.

The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act, as amended, and *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)* and the state Treasury Circular Letter 15-08 OMB, *"Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments"*. Information related to this single audit, including the auditors' report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

**REPORTING ENTITY AND ITS SERVICES:** The District provides unique services throughout the County for individuals with severe, profound, complex or unmet needs for students ranging in age from birth to 21 years; others we serve are adults over age 21. Students are served in one of our continua, each of which is organized around broad categories in order to address severe, profound, unique and complex special needs.

The School District's revenue source is primarily tuition paid by local school districts. A small portion of overall district revenues comes from county taxes through the Bergen County Board of Chosen Freeholders. The school district operates programs in Bergen, Passaic, and Morris counties on 31 different program sites. Students who live in 10 or more counties in New Jersey are either serviced in District operated programs or receive services from the District while still attending programs in their home school.

The District completed the 2018-19 fiscal year with an average daily enrollment of 588 students, which is 14 students less than the previous year's enrollment. The following details the changes in the average daily enrollment over the last ten years.

Fiscal Year	Average Daily Enrollment (ADE)	Percent <u>Change</u>
2018-19	588.0	(2.37%)
2017-18	602.3	(6.24%)

2016-17	642.4	(2.0%)
2015-16	655.0	(2.96%)
2014-15	675.0	(0.44)%
2013-14	678.0	1.73 %
2012-13	667.0	(4.10) %
2011-12	695.1	(10.02)%
2010-11	772.5	(3.80)%
2009-10	803.0	(6.3) %

**ECONOMIC CONDITION AND OUTLOOK:** Located in Northeastern New Jersey in close proximity to New York City, Bergen County is an important economic entity. Although Bergen County comprises only 3% of New Jersey's total land area, it has the largest number of workers, private-sector jobs, and highest per capita income in the state. Its 900,000 residents live in 70 municipalities, which include 56 boroughs, 9 townships, 3 cities, and 2 villages.

According to the Bergen County Economic Development Corporation, Bergen has over 14% of the state's jobs (487,000) and over 14% of New Jersey's manufacturing jobs - both records for the state, at \$15 billion. Hackensack, the County Seat, is home to Bergen's top employer, Hackensack University Medical Center. This state-of-the-art teaching and research hospital is the largest provider of inpatient and outpatient services in the state and has been rated one of the best hospitals in the United States by U.S. News. The New Jersey Sports and Exposition Authority (Met Life Stadium, Meadowlands Racetrack, IZOD Arena) and the Valley Hospital System round out the top three employers in the county. Other leading notable employers include: Quest Diagnostics, Englewood Hospital & Medical Center, Bergen Regional Medical Center, AT&T Wireless, Holy Name Hospital, United Parcel Service, The County of Bergen, Mercedes-Benz and BMW.

**MAJOR INITIATIVES:** During this past year, the District has increased the number of sites in which it operates programs for students. Going forward, the major initiatives of the District include the following:

- a. Continued expansion of Educational Enterprises, a division in which the District provides supports and services to local school districts, enabling students with disabilities to attend class with regular education students. This expansion also includes provision of child study team services.
- b. Establishing new programs to service elementary/middle/high school students with behavioral disorders, autism, and auditory impairments.
- c. Continued expansion of community-based learning experiences and transition services to master workplace readiness skills.
- d. Expansion and enhancement of community outreach programs.
- e. Expansion and enhancement of support services for School District families and community members.

**INTERNAL ACCOUNTING CONTROLS:** Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulation related to those programs. Internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal awards and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

**BUDGETARY CONTROLS:** In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of School Estimates. Annual appropriated budgets are adopted for the general fund, the special revenue fund and the internal service funds for the Regional Day School. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriation of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at June 30, 2019.

**ACCOUNTING SYSTEM REPORTS:** The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds are explained in "*Notes to the Basic Financial Statements*".

**<u>DEBT ADMINISTRATION</u>**: At June 30, 2019 the District does not have any debt service. All bonded long-term debt is included in the County of Bergen's Financial Statements.

**<u>CASH MANAGEMENT</u>**: The investment policy of the district is guided in large part by state statute as detailed in "Notes to the Basic Financial Statements". The District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

**<u>RISK MANAGEMENT</u>**: The Board carries various forms of insurance including but not limited to general liability, automobile liability and comprehensive insurance and property damage on buildings and contents, fidelity bonds, workers' compensation, and a self-insured unemployment fund.

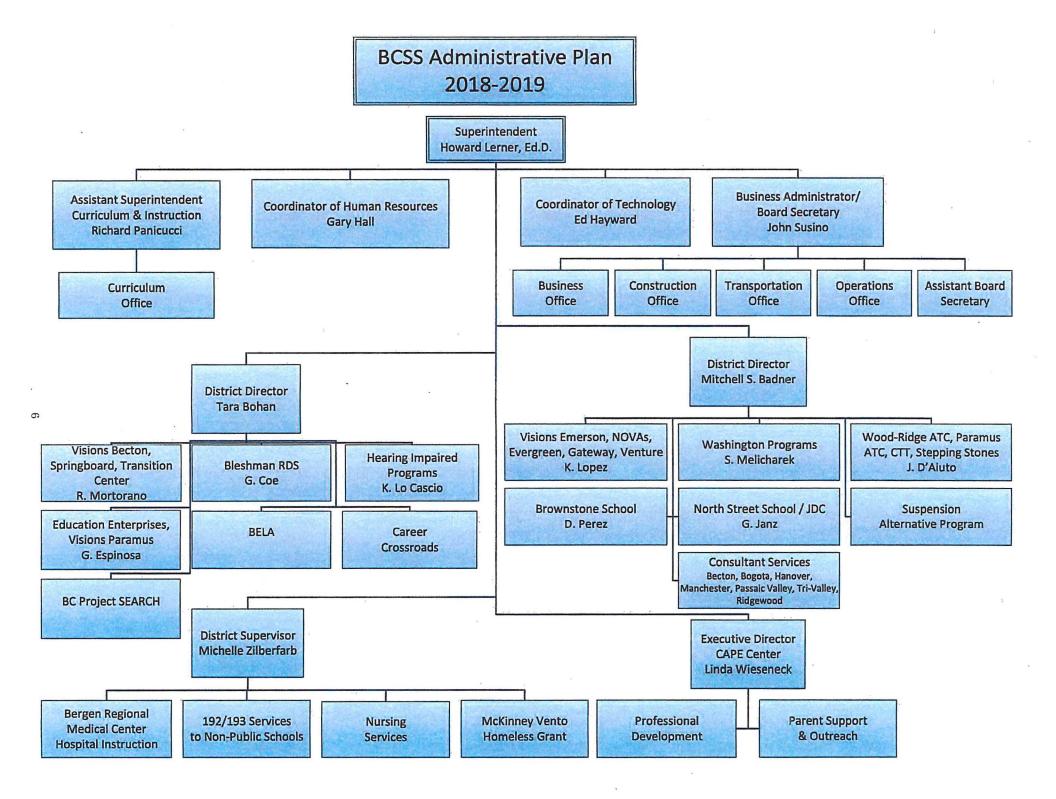

#### **ACKNOWLEDGMENTS:**

We would like to express our appreciation to the members of the Bergen County Special Services School Board for their concern in providing fiscal accountability to the Bergen County Executive and Board of Chosen Freeholders and to the Local Educational Agencies and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our accounting staff. Respectfully Submitted,

aura

Honorable President and Members of the Board of Education Bergen County Special Services School District Paramus, New Jersey

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Bergen County Special Services School District, a component unit of the County of Bergen as of and for the fiscal year ended June 30, 2019 and the related notes to the financial statements, which collectively comprise the Board of Education's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in the <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Bergen County Special Services School District as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

. . . . .

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, pension information and other postemployment benefits information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Bergen County Special Services School District's basic financial statements. The introductory section, combining fund financial statements, financial schedules, statistical section, schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and schedule of expenditures of state financial assistance as required by New Jersey OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, are presented for purposes of additional analysis and are not a required part of the basic financial statements of the Bergen County Special Services School District.

The combining fund financial statements, schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund financial statements, schedules of expenditures of federal awards and state financial assistance are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section, financial schedules and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated December 17, 2019 on our consideration of the Bergen County Special Services School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Bergen County Special Services School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the Bergen County Special Services School District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

# Management's Discussion and Analysis Fiscal Year Ended June 30, 2019

As management of the Bergen County Special Services School District, we offer readers of the Bergen County Special Services School District's financial statements this narrative overview and analysis of the financial activities of the School District for the fiscal year ended June 30, 2019. We encourage readers to consider the information presented here in conjunction with the transmittal letter at the front of this report and the District's financial statements, which immediately follows this section.

The Management's Discussion and Analysis (MD&A) is an element of Required Supplementary Information specified in the Governmental Accounting Standards Board's (GASB) Statement No. 34 – Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments. Certain comparative information between the current year (2018-2019) and the prior year (2017-2018) is required to be presented in the MD&A.

#### FINANCIAL HIGHLIGHTS

Key financial highlights for the 2018-2019 fiscal year include the following:

- The assets and deferred outflows of resources of Bergen County Special Services School District exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$14,786,028 (net position).
- The District's total net position increased by \$196,759.
- Overall district-wide revenues were \$122,487,432, which were \$196,759 more than expenses.
- As of the close of the current fiscal year, the District's governmental funds reported combining ending fund balances of \$12,909,383. Of this amount, \$2,641,719 is available for spending at the District's discretion (unassigned fund balance General Fund).

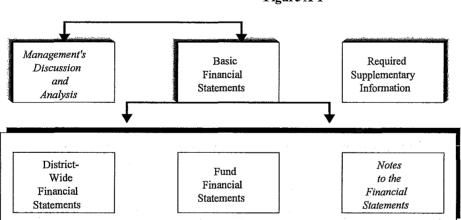

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The financial section of the annual report consists of four parts – Independent Auditor's Report, required supplementary information which includes the management's discussion and analysis (this section), the basic financial statements, and supplemental information. The basic financial statements include two kinds of statements that present different views of the District:

### Management's Discussion and Analysis Fiscal Year Ended June 30, 2019

- The first two statements are *district wide financial statements* that provide both *short-term* and *long-term* information about the District's *overall* financial status.
- The remaining statements are *fund financial statements* that focus on *individual* parts of the District, reporting the District's operations in *more detail* than the district-wide statements.
  - The governmental funds statements tell how basic services were financed in the short term as well as what remains for future spending.
  - *Proprietary funds* statements offer *short-term* and *long-term* financial information about the activities the district operated like *businesses*.
  - Fiduciary funds statements provide information about the financial relationships in which the District acts solely as a *trustee* or *agent* for the benefit of others to whom the resources belong.

The financial statements also include *notes* that explain some of the information in the statements and provide more detailed data. Figure A-1 shows how the various parts of this annual report are arranged and related to one another.

# Management's Discussion and Analysis Fiscal Year Ended June 30, 2019

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements.

#### **District-wide Statements**

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes *all* of the District's assets, deferred outflows/inflows of resources and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two district-wide statements report the District's *net position* and how they have changed. Net position – the difference between the District's assets and deferred outflows of resources and liabilities and deferred inflows of resources – is one way to measure the District's financial health or *position*.

# Management's Discussion and Analysis Fiscal Year Ended June 30, 2019

- Over time, increases or decreases in the District's net position are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the overall health of the District you need to consider additional non-financial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

- In the district-wide financial statements the District's activities are shown in two categories:

- *Governmental activities* Most of the District's basic services are included here, such as special education, transportation, administration, and community education. County taxes, tuition charged to other school districts and State and Federal aid finance most of these activities.
- Business-type activities The District charges fees to help cover the costs of certain services it provides. The District's food service operations are included here.

#### **Fund Financial Statements**

The fund financial statements provide more detailed information about the District's *funds* – focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by State law.
- The District establishes other funds to control and manage money for particular purposes or to show that it is properly using certain revenues (federal and state grants).

The District has three kinds of funds:

• Governmental funds – Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed *short-term* view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, we provide additional information at the bottom of the governmental funds statements that explains the relationship (or differences) between them.

• *Proprietary funds* – Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the district-wide statements.

The District uses *internal service funds* to report activities that provide supplies and services for the District's other programs and activities. The district currently has twelve internal service funds for the following:

- Bleshman Regional Day School
- One to One Aides
- Extended Year Program
- Detention Center (TAP)
- ETTC
- Career Crossroads

- Home Hospital
- Education Enterprise
- Management Agreement
- Compensated Absences
- Interlocal Agreements
- Project Search

## Management's Discussion and Analysis Fiscal Year Ended June 30, 2019

The District uses *enterprise funds* to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that costs of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges. The District currently has one enterprise fund for its food service (cafeteria) program.

• *Fiduciary funds* – The District is the trustee, or *fiduciary*, for assets that belong to others. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. All of the District's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the district-wide financial statements because the District cannot use these assets to finance its operations.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the district-wide and fund financial statements. The notes to the financial statements can be found following the financial statements.

**Other Information**. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the District's budget process. The District adopts an annual expenditure budget for the General and Special Revenue Funds. A budgetary comparison statement has been provided for these Funds as required supplementary information. The required supplementary information can be found following the notes to the financial statements.

Combining statements and schedules are presented immediately following the major budgetary comparison, if required.

#### DISTRICT-WIDE FINANCIAL ANALYSIS

As noted earlier net position may serve over time as a useful indicator of a government's financial position. The District's *combined* net position were \$14,786,028 on June 30, 2019 compared to \$14,589,269 on June 30, 2018. See Table A-1

# Management's Discussion and Analysis Fiscal Year Ended June 30, 2019

By far, the largest portion of the Bergen County Special Services net position reflects its investment in capital assets (i.e., machinery and equipment); less any reflected debt used to acquire those assets that are still outstanding. The District uses these capital assets to provide services to its students; consequently, these assets are not available for future use. Resources need to repay this debt (i.e., capital leases) must be provided by other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

At the end of the current fiscal year, the District was able to report a positive balance in the net position for the government as a whole.

### Management's Discussion and Analysis Fiscal Year Ended June 30, 2019

**Governmental Activities.** The District's total governmental activities revenues were \$122,139,045 for the fiscal year ended June 30, 2019, a decrease of \$4,221,618 (3 percent) from the previous year. Tuition and charges for services accounted for 64 percent of total revenues. County property taxes and capital grants and contributions account for 9% percent of total revenue for the year. Another 26 percent came from state and federal grants, contributions and aid, the remaining balance of 1% came from investment earnings, and other miscellaneous revenues.

The total cost of all governmental activities programs and services was \$121,814,612, a decrease of \$6,704,798 (5 percent) from the previous year. The District's expenses are predominantly related to educating and caring for students with special needs.

Total governmental activities revenues were more than expenses and transfers, increasing net position by \$174,433 from the previous year.

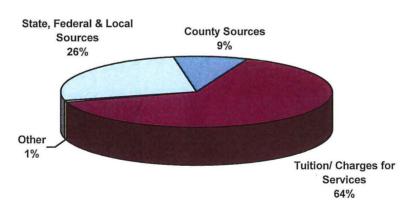

• The cost of all governmental activities this year was \$121,814,612.

• Some of the cost was paid by the users of the District's programs and tuition charges for a total of \$77,794,212, an increase of \$1,117,238 (1 percent).

• The federal and state governments subsidized certain programs with grants, contributions and aid of \$31,579,495, a decrease of \$6,169,810 (16 percent). This decrease was primarily a result of a reduction in state on-behalf revenues and expenditures.

• In addition, the District also received \$959,231 in capital contributions from the County to fund capital projects during the year, an increase of \$78,027 from the prior year.

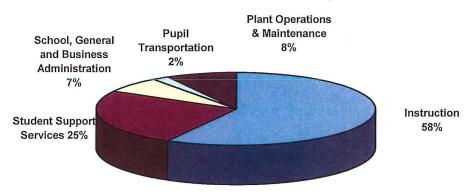

• District's costs in the amount of \$10,261,598 were provided by County sources from property taxes, an increase of \$397,286 over the prior year.

#### Table A-3 Revenues by Source- Governmental Activities For Fiscal Year 2019

# Management's Discussion and Analysis Fiscal Year Ended June 30, 2019

# Table A-4 Expenditures by Type- Governmental ActivitiesFor Fiscal Year 2019

For the most part, increases in certain expenses closely paralleled inflation and the growth in the demand for services while others decreased.

The District's total cost of services was \$121,814,612. After applying program revenues derived from charges for services of \$77,794,212, operating grants and contributions of \$31,572,505 and capital grants and contributions of \$959,231, the net cost of services to the District was \$11,488,664. See Table A-5.

# Management's Discussion and Analysis Fiscal Year Ended June 30, 2019

**Business-Type Activities** – The District's total business-type activities revenues were \$348,387 for the year ended June 30, 2019, a decrease of \$3,778 (1 percent) from the previous year. Charges for services accounted for 40% of total revenues. Operating grants and contributions accounted for 60% of total revenue for the year.

The District's expenses are related to Food Service programs provided to all students, teachers and administrators within the District.

Total business-type activities expenses were less than revenues and transfers, increasing net position by \$22,326 from the last year.

The cost of all business-type activities this year was \$476,061.

- Some of the cost was paid by the users of the District's Food Service program for a total of \$137,665, a decrease of \$9,715 (7 percent).
- The Federal and State governments subsidized the Food Service program with grants and contributions of \$210,722, an increase of \$5,937 (3 percent). This increase is a result of a slight increase in meals served to low income students during the year.
- The District transferred \$150,000 from its governmental activities to subsidize the Food Service program during the year.

#### FINANCIAL ANALYSIS OF THE GOVERNMENTAL FUNDS

The financial performance of the District as a whole is reflected in its governmental funds as well. As the District completed the year, its governmental funds reported a *combined* fund balance of \$12,909,383, an increase of \$2,038,789 from last year's fund balance of \$10,870,594. \$2,641,719 of fund balance at year-end is available as fund resources for future use. The remainder of fund balance is assigned or restricted to indicate that it is not available for new spending because it has been earmarked 1) to liquidate contracts and purchase orders of the prior period \$3,033,954; 2) restricted for capital purposes \$5,242,397; 3) restricted for maintenance \$991,313; or 4) designated for appropriation in the 2019/2020 budget \$1,000,000.

Revenues for the District's governmental funds were \$75,373,235, while total expenses and total other financing uses (net) were \$73,334,446.

#### **General Fund**

The General Fund is the chief operating fund of the District and includes the primary operations of providing educational services to students with special needs.

The following schedule presents a summary of General Fund Revenues.

	Fiscal Year Ended June 30, 2019	Fiscal Year Ended June 30, 2018	Amount of Increase (Decrease)	Percent Increase (Decrease)
Local Sources				
County Property Taxes	\$ 10,261,598	\$ 9,864,312	\$ 397,286	4%
Tuition	43,394,851	43,944,081	(549,230)	-1%
Investment Earnings	110,368	36,974	73,394	199%
Miscellaneous	2,661,966	2,327,069	334,897	14%
State Sources	6,301,238	5,826,640	474,598	8%
Federal Sources	467,001	482,752	(15,751)	-3%
Total General Fund Revenue	\$ 63,197,022	\$ 62,481,828	<u>\$715,194</u>	1.1%

Total General Fund Revenues increased by \$715,194 or 1.1% from the previous year.

#### Management's Discussion and Analysis Fiscal Year Ended June 30, 2019

#### **General Fund (Continued)**

County Property Taxes increased 4% over the previous year. Tuition which represents 69% of total General Fund revenues for the year decreased 1% from the previous year.

Revenue from federal sources decreased \$15,751 due to a decrease in revenues received for Medicaid reimbursement. Revenues from state sources increased by \$474,598 largely due to an increase in the on-behalf contributions.

The following schedule presents a summary of General Fund expenditures.

	Fiscal Year Ended June 30, 2019	Fiscal Year Ended June 30, 2018	Amount of Increase (Decrease)	Percent Increase (Decrease)
Instruction	\$ 33,173,567	\$ 33,208,400	\$ (34,833)	0%
Support Services	25,750,207	26,184,391	(434,184)	-2%
Capital Outlay	1,933,305	1,336,098	597,207	45%
Total General Fund Expenditures	<u> </u>	<u>\$ 60,728,889</u>	<u>\$ 128,190</u>	0.2%

Total General Fund expenditures increased \$128,190 or less than 1% from the previous year.

In Fiscal Year 2019 General Fund revenues were more than expenditures and other financing uses by \$2,009,652. The fund balance increased from \$10,309,208 at June 30, 2018 to \$12,318,860 at June 30, 2019.

#### **Special Revenue Fund**

The Special Revenue Fund includes all restricted Federal and State sources utilized in the operations of the District in providing educational services to students with special needs.

Revenues of the Special Revenue Fund were \$11,216,982 for the year ended June 30, 2019. Local sources account for the majority of the Special Revenue Funds' revenues, which represented 74% of the total revenue for the year. The majority of the local sources comes from other LEAs that contract with Bergen County Special Services to provide services in conjunction with nonpublic allotments.

Total Special Revenue Fund revenues decreased \$408,185 or 4% from the previous year.

Expenditures of the Special Revenue Fund were \$11,216,982. Special Education instructional expenditures were \$4,923,200 or 44% of the total expended for the year ended June 30, 2019.

Total Special Revenue Fund expenditures decreased \$492,274 or 4% from the previous year. Instruction expenditures increased \$52,170 or 1%. Support services expenditures decreased \$540,985 (8%) over the previous year. Capital outlay expenditures decreased \$3,459.

# Management's Discussion and Analysis Fiscal Year Ended June 30, 2019

#### **Capital Projects Fund**

The capital projects revenues and other financing sources were more than expenditures by \$29,137 resulting in a fund balance of \$590,523 at June 30, 2019.

#### **Proprietary Funds**

The District maintains both an Enterprise Fund and Internal Service Fund to account for activities which are supported in part through user fees.

• *Enterprise Fund* - The District uses an Enterprise Fund to report activities related to the District's Food services program. The Districts Enterprise Fund provides the same type of information found in the district-wide financial statements, business-type activities, but in more detail. Factors concerning the finances of this Fund have already been addressed in the discussion of the District's business-type activities.

• Internal Service Fund – The District uses internal service funds to report activities that provide services and supplies for the District's other programs and activities, as well as services provided on behalf of other districts. The internal service fund is also utilized to account for the District's liabilities relating to compensated absences.

The District also operates the Norman A. Bleshman Regional Day School. The related operations for this school are also accounted for in the internal service fund.

The internal service fund revenues were more than expenditures by \$543,230 resulting in a fund balance of \$3,867,196 at June 30, 2019 up from \$3,323,966 at June 30, 2018.

## Management's Discussion and Analysis Fiscal Year Ended June 30, 2019

#### CAPITAL ASSETS

. .....

By the end of June 30, 2019, the District had invested \$57,033,773 in a range of capital assets for its governmental and businesstype activities. This includes leasehold improvements to buildings, computers, specialized machinery and various other types of equipment. The District is a county-wide school district and all properties but one were acquired and constructed by the County of Bergen. The District also operates certain state owned facilities. Title to all real property utilized by the District with the exception of the Montesano School remains with the County of Bergen or State of New Jersey. See Table A-6 for details. Depreciation charges for the fiscal year 2018-2019 amounted to \$3,037,937 for governmental activities and \$-0- for business-type activities.

Additional information on the District's capital assets is presented in the "Notes to the Financial Statements" of this report.

#### LONG TERM LIABILITIES

At year-end, the District's long-term liabilities for its governmental activities consisted of compensated absences payable of \$2,046,499 and net pension liability payable of \$55,640,770.

Additional information on the Districts long-term liabilities is presented in the "Notes to the Financial Statements" of this report.

#### ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

Many factors were considered by the District's administration during the process of developing the fiscal year 2019-2020 budget. The primary factors were the District's projected student population, anticipated county, state and federal aid as well as increasing salary and related benefit costs.

These indicators were considered when adopting the budget for fiscal year 2019-2020. Budgeted expenditures in the General Fund increased by 2 percent from the 2018/2019 adopted budget to \$57,092,847 in fiscal year 2019-2020.

# Management's Discussion and Analysis Fiscal Year Ended June 30, 2019

#### ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES (Continued)

Three goals served as the foundation for the development of the 2019/2020 budget. The goals balanced fiscal and program issues. The goals were: 1) maintain and improve program excellence; 2) maintain a balance between tuition charged and services provided; and 3) infuse technology into the instructional programs. The budget program priorities for 2019/2020 continue to include program site consolidation and expansion of the autistic programs for students, as well as program improvements to meet state and federal mandates covering instruction and services to physically, behaviorally and cognitively challenged students.

#### CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional information contact the Business Office, Bergen County Special Services, 540 Fairview Avenue, Paramus, NJ 07652.

## BERGEN COUNTY SPECIAL SERVICES SCHOOL DISTRICT GOVERNMENTAL FUNDS BALANCE SHEET AS OF JUNE 30, 2019

-

. . .

.

Total Fund Balance - Governmental Funds (Exhibit B-1)		\$ 12,909,383
Amounts reported for governmental activities in the statement of net position(A-1) are different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. The cost of the assets is \$83,627,489 and the accumulated depreciation is \$27,543,639.		56,083,850
Certain amounts resulting from the measurement of the net pension liability are reported as either deferred inflows of resources or deferred outflows of resources on the statement of net position and deferred over future years.		
Deferred Outflows of Resources Deferred Inflows of Resources	\$ 17,854,683 (20,230,426)	(2,375,743)
Long term liabilities, are not due and payable in the current period and therefore are not reported as liabilities in the fund		
Net Pension Liability Compensated Absences	(55,640,770) (174,892)	(55,815,662)
The assets and liabilities of the Internal Service funds are included with governmental activities		 3,867,196
Net position of Governmental Activities (Exhibit A-1)		\$ 14,669,024

#### BERGEN COUNTY SPECIAL SERVICES SCHOOL DISTRICT RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Total Net Change in Fund Balances - Governmental Funds (B-2)		\$ 2,038,789
Amounts reported for governmental activities in the statement of activities (A-2) are different because:		
Capital Outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlay additions in the period		
Depreciation Expense	\$ (3,017,097)	
Capital Outlays	2,749,764	(267,333)
In the statement of activities, certain operating expenses - compensated absences and pension expense are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (paid):		
Increase in Pension Expenses	(2,148,108)	
Decrease in Compensated Absences	7,855	(2 140 252)
Internal Service Funds are used by the District's management to charge the costs		(2,140,253)
of various programs/ services to other governmental entities. The net revenue		
of the Internal Service Funds is reported with governmental activities	542 020	
Net Income Before Transfers Net Transfers from General Fund	543,230	
Change in Net Position	-	543,230
Charles III Lieve ophicit		
Change in net position of governmental activities (Exhibit A-2)		<u>\$ 174,433</u>

Net Position, Beginning of Year	507,878	11,356	43,788	24,661
Net Position, End of the Year	\$ 559,170	<u>\$ 12,407</u>	\$ 45,190	<u>\$ 20,611</u>

The accompanying Notes to the Financial Statements are an Integral Part of this Statement

# NOTES TO THE FINANCIAL STATEMENTS

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## A. <u>Reporting Entity</u>

The Bergen County Special Services School District (the "Board" or the "District") is an instrumentality of the State of New Jersey, established to function as an education institution. The Board consists of seven officials appointed by the County of Bergen Board of Chosen Freeholders and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District. Under existing statutes, the Board's duties and powers include, but are not limited to, the development and adoption of a school program; the establishment, organization and operation of schools; and the acquisition, maintenance and disposition of school property.

The Board also has broad financial responsibilities, including the approval of the annual budget and the establishment of a system of accounting and budgetary controls.

The reporting entity is composed of the primary government, component units, and other organizations that are included to ensure that the financial statements of the District are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the Bergen County Special Services School District this includes general operations, food service and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Based on the foregoing criteria, the District has no component units. The District would be includable as a component unit of the County of Bergen (the "County") on the basis of such criteria.

## B. New Accounting Standards

During fiscal year 2019, the District adopted the following GASB statement:

• GASB No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements.* The primary objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. This Statement will improve financial reporting by providing users of financial statements with essential information that currently is not consistency provided. In addition, information about resources to liquidate debt and the risks associated with changes in terms association with debt will be disclosed.

Other accounting standards that the District is currently reviewing for applicability and potential impact on the financial statements include:

• GASB No. 84, *Fiduciary Activities*, will be effective with the fiscal year ending June 30, 2020. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement established criteria for identifying fiduciary activities of all state and local governments.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## B. New Accounting Standards (Continued)

- GASB No. 87, *Leases*, will be effective with the fiscal year ending June 30, 2021. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract.
- GASB No. 89, Accounting for Interest Costs Incurred Before the End of a Construction Period, will be effective beginning with the fiscal year ending June 30, 2020. The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund.

## C. Basis of Presentation - Financial Statements

The financial statements include both district-wide financial statements (based on the District as a whole) and fund financial statements (based on specific District activities or objectives). Both the district-wide and fund financial statements categorize activities as either governmental activities or business-type activities. While separate district-wide and fund financial statements are presented, they are interrelated. In the district-wide financial statements, the governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the District's enterprise funds. Fiduciary funds are excluded from the district-wide financial statements.

## **District-Wide Financial Statements**

The district-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Board of Education. All fiduciary activities are reported only in the fund financial statements. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by property taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. In the statement of net position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, and (b) reflect on a full accrual economic resource basis, which incorporates long-term assets and receivables as well as long-term debt and obligations.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or other governmental entities, including other school districts, who purchase, use, or directly benefit from goods or services provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Property taxes, unrestricted state aid and other items not properly included among program revenues are reported instead as general revenues.

As a general rule the effect of interfund activity has been eliminated from the district-wide financial statements. Exceptions to this general rule are charges between the Board's proprietary and fiduciary funds since elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### C. Basis of Presentation - Financial Statements (Continued)

#### **Fund Financial Statements**

Separate fund financial statements are provided for governmental, proprietary, and fiduciary activities, even though the latter are excluded from the district-wide financial statements. The emphasis of fund financial statements is on major individual governmental and enterprise funds, each reported as separate columns in the fund financial statements. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. The District considers all of its governmental and enterprise funds to be major funds.

The District reports the following major governmental funds:

The *general fund* is the School District's primary operating fund. It accounts for all financial resources of the District, except those to be accounted for in another fund.

The *special revenue fund* accounts for the proceeds of specific revenue sources legally restricted to expenditures for specified purposes. This fund accounts for federal, state and local financial programs, with the exception of grants for major capital projects and the child nutrition programs.

The *capital projects fund* accounts for the proceeds from the sale of bonds by the County, lease purchases and other revenues used for the acquisition or construction of capital facilities and other capital assets, other than those financed by the proprietary funds.

The District reports the following major proprietary fund which is organized to be self-supporting through user charges:

The *food service fund* accounts for the activities of the school cafeteria, which provides food service to students as well as a la carte and catering services for teachers and special events.

Additionally, the government reports the following fund types:

The internal service fund accounts for financing of goods and services provided to other departments or agencies of the District, or to other Boards of Education, on a cost reimbursement basis. These activities include services related to the Norman A. Bleshman Regional Day School, one to one aides, extended school year programs, juvenile detention center educational programs ("TAP"), career crossroads, project search, ETTC, interlocal agreements, home hospital teaching services, teachers educational services programs, school management services and compensated absences program.

The *fiduciary trust funds* are used to account for resources legally held in trust for state unemployment insurance claims and for private donations for scholarship awards. All resources of the funds, including any earnings on invested resources, may be used to support the intended purpose. There is no requirement that any portion of these resources be preserved as capital.

The *fiduciary agency funds* account for assets held by the District as an agent for student activities and for payroll deductions and withholdings. The funds for the student activities fund are solely for noninstructional student activities that are supported and controlled by student organizations and clubs for which school administration does not have management involvement. The payroll funds are held to remit employee withholdings to respective state, federal and other agencies.

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the district-wide financial statements as "internal balances".

#### **Reclassifications**

Certain amounts presented in the prior year data may have been reclassified in order to be consistent with the current year's presentation.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **D.** Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The district-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements with the exception of the agency fund which does not have a measurement focus. All assets, all liabilities and all deferred outflows/inflows of resources associated with these operations (with the exception of the fiduciary funds) are included on the Statement of Net Position. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when susceptible to accrual (i.e. when they are both measurable and available). Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Board considers revenues to be available if they are collected within 60 days after year-end. Expenditures are recorded when a liability is incurred, as under accrual basis of accounting, with the exception of debt service expenditures as well as expenditures related to compensated absences and claims and judgments which are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, tuition, unrestricted state aid, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements (formula-type grants and aid) are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source. Expenditure-driven grants and similar awards (reimbursement-type grants and awards) are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements imposed by the grantor or provider have been met, and the amount is received during the period or within the availability period for this revenue source. All other revenue items are considered to be measurable and available only when cash is received by the District.

When both restricted and unrestricted resources are available for use, it is the Board's policy to use restricted resources first, then unrestricted resources as they are needed.

## E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

#### 1. Cash, Cash Equivalents and Investments

Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments are reported at fair value and are limited by N.J.S.A. 18A:20-37.

## 2. Receivables

All receivables are reported at their gross value, and where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

#### 3. Inventories

The cost of inventories of the governmental fund types are recorded as expenditures at the time individual inventory items are purchased.

Food Service Fund inventories, exclusive of the federal commodities, are valued at cost, using the first-in first-out (FIFO) method and consist of food and expendable supplies. The cost of such inventories is recorded as expenses when consumed rather than when purchased. The United States Department of Agriculture (USDA) commodity portion of the Food Service Fund inventory consists of food donated by the USDA. It is valued at estimated market prices by the USDA. The amount of unused commodities inventory at year-end is reported as deferred inflows of resources.

## 4. Capital Assets

Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business-type activities columns in the district-wide financial statements. Capital assets are defined by the Board as assets with an initial, individual cost of \$2,000 and an estimated useful life in excess of two years. The District was able to estimate the historical cost for the initial reporting of these capital assets through back trending. As the District constructs or acquires additional capital assets each period, they are capitalized and reported at historical cost. Donated capital assets are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Land and construction in progress are not depreciated. The other property, plant, and equipment of the District is depreciated using the straight line method over the following estimated useful lives:

Assets	Years
Buildings	50
Improvements Other Than Buildings	20
Leasehold Improvements	20
Heavy Equipment	10-20
Office Equipment and Furniture	5-10
Vehicles	8
Computer Equipment	5

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

#### 5. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Board has one item which arises only under the accrual basis of accounting that qualifies for reporting in this category. The item that qualifies for reporting in this category is the deferred amounts on net pension liability. Deferred amounts on net pension liability are reported in the district-wide statement of net position and result from: (1) differences between expected and actual experience; (2) changes in assumptions; (3) net difference between employer contributions and proportionate share of contributions; and (5) contributions made subsequent to the measurement date. These amounts are deferred and amortized over future years.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Board has two types of items which arise only under the accrual basis of accounting that qualify for reporting in this category. One item that qualifies for reporting in this category is the deferred amounts on net pension liability. Deferred amounts on net pension liability are reported in the district-wide statement of net position and result from: (1) differences between expected and actual experience; (2) changes in assumptions; (3) net differences between projected and actual investment earnings on pension plan investments; and (4) changes in proportion and differences between employer contributions and proportionate share of contributions. These amounts are deferred and amortized over future years. The other item that qualifies for reporting in this category is the deferred commodities revenue, reported in both the district-wide and the proprietary funds statements of net position. The deferred commodities revenue represents the estimated market value of the donated and unused Federal commodities inventory at year end. This amount is deferred and recognized as an inflow of resources in the period the commodities are consumed.

#### 6. Compensated Absences

It is the District's policy to permit employees to accumulate (with certain restrictions) earned but unused vacation, personal, and sick leave benefits. A long-term liability of accumulated vacation, personal and sick leave and salary related payments has been recorded in the governmental activities in the district-wide financial statements, representing the Board's commitment to fund such costs from future operations. Proprietary Funds accrue accumulated vacation, personal and sick leave and salary related payments in the period that they are earned. A liability is reported in the governmental funds only to the amount actually due at year end as a result of employee resignations and retirements.

#### 7. Pensions

In the district-wide financial statements and proprietary fund types in the fund financial statements, for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the retirement systems sponsored and administered by the State of New Jersey and additions to/deductions from these retirement systems' fiduciary net position have been determined on the same basis as they are reported by the retirement systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

In the governmental fund financial statements, net pension liabilities represent amounts normally expected to be liquidated with expendable available financial resources for required pension contributions that are due and payable at year end. Pension expenditures are recognized based on contractual pension contributions that are required to be made to the pension plan during the fiscal year.

#### 8. Long-Term Obligations

In the district-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

#### 9. Net Position/Fund Balance

#### **District-Wide Statements**

In the district-wide statements, there are three classes of net position:

- Net Investment in Capital Assets consists of net capital assets (cost less accumulated depreciation) reduced by outstanding balances of related debt obligations from the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources attributable to the acquisition, construction or improvement of those assets or related debt also should be included.
- **Restricted Net Position** reports net position when constraints placed on the residual amount of noncapital assets are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position any portion of net position not already classified as either net investment in capital assets or net position restricted is classified as net position unrestricted.

#### **Governmental Fund Statements**

Fund balance categories are designed to make the nature and extent of the constraints placed on the District's fund balance more transparent. These categories are comprised of a hierarchy based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

<u>Restricted Fund Balance</u> – Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

<u>Capital Reserve</u> – This restriction was created by the District in accordance with NJAC 6A:23A-14.1 to fund future capital expenditures (See Note 2b).

<u>Maintenance Reserve</u> – This restriction was created by the Board in accordance with NJAC 6A:23A-14.2 to accumulate funds for the required maintenance of school facilities in accordance with the EFCA (NJSA 18A:7G-9) for a thorough and efficient education. (See Note 2c).

<u>Maintenance Reserve - Designated for Subsequent Year's Expenditures</u> – This designation was created to dedicate the portion of maintenance reserve fund balance appropriated in the adopted 2019/2020 District budget certified for taxes

<u>Capital Projects</u> – Represents fund balance restricted specifically for capital acquisitions and improvements in the Capital Projects Fund.

<u>Assigned Fund Balance</u> – Amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority.

<u>Year-End Encumbrances</u> – Represent outstanding purchase orders for goods or services approved by management for specific purposes from available resources of the current year for which the goods and materials have not yet been received or the services have not yet been rendered at June 30.

*Designated for Subsequent Year's Expenditures* – This designation was created to dedicate the portion of fund balance appropriated in the adopted 2019/2020 District budget certified for taxes.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

#### 9. Net Position/Fund Balance (Continued)

#### **Governmental Fund Statements (Continued)**

<u>Unassigned Fund Balance</u> – Represents fund balance that has not been restricted, committed or assigned to specific purposes within the governmental funds.

In the general operating fund and other governmental funds (capital projects and debt service fund types), it is the District's policy to consider restricted resources to have been spent first when an expenditure is incurred for purposes for which both restricted and unrestricted (i.e., committed, assigned or unassigned) fund balances are available, followed by committed and then assigned fund balances. Unassigned amounts are used only after the other resources have been used.

#### 10. Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The government itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority. The Board of Trustees is the highest level of decision-making authority for the government that can, by adoption of a resolution or formal Board action prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation. The District has no committed fund balances at year end.

Amounts in the assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as committed. The Board has authorized the School Business Administrator/Board Secretary to assign fund balance. The Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

#### F. <u>Revenues and Expenditures/Expenses</u>

#### 1. Program Revenues

Amounts reported as program revenues in the district-wide statement of activities include 1) charges to customers or applicants for goods or services, provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all property taxes, unrestricted state aid, investment earnings and miscellaneous revenues.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### F. <u>Revenues and Expenditures/Expenses</u> (Continued)

#### 2. Property Taxes

County property taxes are levied pursuant to law and are collected by the County Treasurer and are transferred to the District as requested. County tax revenue is recognized in the year they are levied and become available. County taxes collected in advance of the year-end for which they are levied and transferred to the District are reported as deferred inflows of resources. The tax bills are mailed by the County Treasurer and are levied and due in four quarterly installments on February 15, May 15, August 15 and December 1. The County has the ability to charge interest on payments remitted after these due dates. State statutes do not permit liens to be placed against the municipalities by the County for unpaid property taxes.

#### 3. Tuition Revenues and Expenditures

<u>Tuition Revenues</u> - Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs are determined and certified by the State Department of Education.

#### 4. Proprietary Funds, Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the food service enterprise fund and of the government's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. Federal and State subsidies for the food service operation are considered nonoperating revenues.

## NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

## A. Budgetary Information

In accordance with the requirements of the New Jersey Department of Education ("the Department"), the District annually prepares its operating budget for the forthcoming year. The budget, except for the general fund and special revenue fund, which is more fully explained below and in the notes to the required supplementary information, is prepared in accordance with accounting principles generally accepted in the United States of America and serves as a formal plan for expenditures and the proposed means for financing them. Capital lease transactions are accounted for on the GAAP basis.

The annual budget is adopted in the spring of the preceding year for the general and special revenue funds. The District is not required to adopt an annual budget for the capital projects fund. The budget is submitted to the county superintendent for review and approval prior to adoption.

## NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

## A. <u>Budgetary Information</u> (Continued)

Budget adoptions and amendments are recorded in the District's board minutes. The budget is amended by the Board of Trustees as needed throughout the year. The budget for revenues, other resources, other uses, and fund balances is prepared by fund source and amount. The budget for expenditures is prepared by fund, program, function, object and amount. The legal level of budgetary control is established at the line item account within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. The Board approved several budget transfers during 2018/2019. Also, during 2018/2019 the Board increased the original budget by \$6,035,798. The increase was funded by additional capital and maintenance reserves appropriated, grant awards and the reappropriation of prior year general fund encumbrances.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America, with the exception of the legally mandated revenue recognition of certain state aid payments for budgetary purposes only and the treatment of encumbrances in the special revenue fund as described in the Notes to Required Supplementary Information (RSI). Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

Encumbrance accounting is employed in the governmental funds. Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as committed and/or assigned fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services which are reappropriated and honored during the subsequent fiscal year.

## B. Capital Reserve

A capital reserve account was established by the District. The accumulation of funds will be used for capital outlay expenditures in subsequent fiscal years. The capital reserve is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the Department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line-item appropriation amounts or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6:23A-14.1(g), the balance in the reserve cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

#### NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

#### B. Capital Reserve (Continued)

The activity of the capital reserve for the fiscal year ended June 30, 2019 is as follows:

Balance, July 1, 2018			\$ 3,887,329
Increased: Interest Deposit per Board Resolution	\$ 1, <u>-</u>	6,736 500,000	
		-	 1,506,736
			5,394,065
Decreased by: Withdrawals approved by Board Resolution			 742,191
Balance, June 30, 2019		-	\$ 4,651,874

The withdrawals from the capital reserve were for use in a department approved facilities project, consistent with the district's Long Range Facilities Plan.

#### C. Maintenance Reserve

A maintenance reserve account was established by the District. The accumulation of funds will be used for required maintenance of school facilities expenditures in subsequent fiscal years. The maintenance reserve is maintained in the General Fund and its activity is included in the General Fund annual budget.

Funds placed in the maintenance reserve are restricted to required maintenance activities for a school facility as reported in the comprehensive maintenance plan. A District may appropriate funds into the maintenance reserve in the annual General Fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line item appropriation amounts or both. Pursuant to N.J.A.C. 6A:23A-14.2(g), the balance in the reserve cannot at any time exceed four percent of the replacement cost of the school district's school facilities for the current year.

The activity of the maintenance reserve for the fiscal year ended June 30, 2019 is as follows:

Balance, July 1, 2018	\$ 1,019,763
Increased by Deposits Approved by Board Resolution	50,000
	1,069,763
Decreased by: Withdrawals approved by Board Resolution	78,450
Balance, June 30, 2019	\$ 991,313

The June 30, 2019 comprehensive maintenance plan indicated a maximum maintenance reserve amount of \$1,286,525. The withdrawals from the maintenance reserve were for use in required maintenance activities for school facilities. \$100,000 of the maintenance reserve balance at June 30, 2019 was designated and appropriated for use in the 2019/2020 original budget certified for taxes.

## NOTE 3 DETAILED NOTES ON ALL FUNDS

#### A. Cash Deposits and Investments

#### **Cash Deposits**

The Board's deposits are insured through either the Federal Deposit Insurance Corporation (FDIC), National Credit Union Share Insurance Fund (NCUSIF), Securities Investor Protection Corporation (SIPC) or New Jersey's Governmental Unit Deposit Protection Act (GUDPA). The Board is required to deposit their funds in a depository which is protecting such funds pursuant to GUDPA. The New Jersey Governmental Unit Deposit Protection Act requires all banks doing business in the State of New Jersey to pledge collateral equal to at least 5% of the average amount of its public deposits and 100% of the average amount of its public funds in excess of the lesser of 75% of its capital funds or \$200 million for all deposits not covered by the FDIC and NCUSIF.

Bank balances are insured up to \$250,000 in the aggregate by the FDIC for each bank. NCUSIF insures credit union accounts up to \$250,000 in the aggregate for each financial institution. SIPC replaces cash claims up to a maximum of \$250,000 for each failed brokerage firm. At June 30, 2019, the book value of the Board's deposits were \$10,400,219 and bank and brokerage firm balances of the Board's deposits amounted to \$13,487,749. The Board's deposits which are displayed on the various fund balance sheets as "cash and cash equivalents" are categorized as:

#### **Depository Account**

Insured	<u>\$</u>	13,487,749
	<u>\$</u>	13,487,749
<u>Custodial Credit Risk – Deposits</u> – Custodial credit risk is the risk that in the event of a	ı bank	failure, the gov

<u>Custodial Credit Risk – Deposits</u> – Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Board does not have a policy for custodial credit risk. As of June 30, 2019 none of the Board's bank balances were exposed to custodial credit risk.

## **Investments**

The Board is permitted to invest public funds in accordance with the types of securities authorized by N.J.S.A. 18A:20-37. Examples of the allowable investments are bonds or other obligations of the United States or obligations guaranteed by the United States of America; Government Money Market Mutual Funds; any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligations bear a fixed rate of interest not dependent on any index or other external factor; bonds or other obligations of the school district or bonds or other obligations of the local unit or units within which the school district is located; Bonds or other obligations, having a maturity date of not more than 397 days from the date of purchase, issued by New Jersey school districts, municipalities, counties, and entities subject to the "Local Authorities Fiscal Control Law," (C.40A:5A-1 et seq.); Other bonds or obligations having a maturity date not more than 397 days from the date of purchase may be approved by the Division of Investment in the Department of the Treasury for investment by school districts; Local Government investment pools; deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 (C.52:18A-90.4); and agreements for the repurchase of fully collateralized securities, if transacted in accordance with the above statute.

## NOTE 3 DETAILED NOTES ON ALL FUNDS (Continued)

## A. Cash Deposits and Investments (Continued)

#### **Investments** (Continued)

As of June 30, 2019, the Board had no outstanding investments.

<u>Interest Rate Risk</u> – The Board does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

<u>Credit Risk</u> – State law limits investments as noted above (N.J.S.A. 18A:20-37). The District does not have an investment policy that would further limit its investment choices.

Concentration of Credit Risk – The Board places no limit in the amount the District may invest in any one issuer.

#### B. Receivables

Receivables as of June 30, 2019 for the district's individual major funds and internal service funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

					Internal	
		Special	Capital	Food	Service	
	General	Revenue	Projects	Service	<u>Funds</u>	<u>Total</u>
Receivables:						
Intergovernmental						
State	\$ 102,526			\$ 480		\$ 103,006

#### C. Unearned Revenue

Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of unearned revenue reported in the governmental funds were as follows:

General Fund	
Tuition Charges - Prior Year Credits	\$ 1,032,467
Special Revenue Fund	
Unencumbered Grant Draw Downs	 536,558
Total Unearned Revenue for Governmental Funds	\$ 1,569,025

## NOTE 3 DETAILED NOTES ON ALL FUNDS (Continued)

## D. Capital Assets (Continued)

Depreciation expense was charged to functions/programs of the District as follows:

Governmental activities: Instruction Special Education Total Instruction	\$ 284,070 284,070
Support Services Student and Instruction Related Services School administration services Plant operations and maintenance Pupil transportation Total Support Services Total Governmental Funds	1,561 168,049 2,211,444 351,973 2,733,027 3,017,097
Capital assets held by the government's internal service funds are charged to the various functions based on their usage of the assets Total depreciation expense - governmental activities	<u>    20,840</u> \$    3,037,937

#### **Construction and Other Significant Commitments**

The District has the following active construction projects as of June 30, 2019:

Project	emaining mmitment
Construction of New Educational Facility	\$ 35,000
Parking and Sidewalk Improvements at Bleshman and Paramus Campuses	54,556
Roof Replacement at Wood-Ridge Campus	35,234
Roof Replacement at Union Street School	 70,000
Total	\$ 194,790

## NOTE 3 DETAILED NOTES ON ALL FUNDS (Continued)

#### E. Interfund Receivables, Payables, and Transfers

The composition of interfund balances as of June 30, 2019, is as follows:

#### **Due To/From Other Funds**

Receivable Fund	Payable Fund	Amount
General Fund	Capital Projects Fund	\$ 15,000
General Fund	Special Revenue Fund	500,000
General Fund	Bleshman Regional Day School - Internal Service Fund	446,371
General Fund	One to One Aides - Internal Service Fund	1,008,850
General Fund	Project Search - Internal Service Fund	54,227
General Fund	Interlocal Agreement-Internal Service Fund	1,910,674
General Fund	Management Agreeement- Internal Svc. Fund	460,121
General Fund	Career Crossroads - Internal Svc. Fund	84,476
General Fund	Education Enterprises - Internal Svc. Fund	1,272,000
General Fund	Agency Funds	5,000
Compensated Absences - Internal Svc. Fund	General Fund	 1,716,577
	,	\$ 7,473,296

The above balances are the result of revenues earned or other financing sources received in one fund which are due to another fund and/or expenditures paid by one fund on behalf of another fund and/or to cover cash balances which were in an overdraft position.

The District expects all interfund balances to be liquidated within one year except between the General Fund and the Compensated Absences Internal Service Fund.

#### **Interfund transfers**

-			,	Transfer In:				
	•			Capital				
	Ente	Enterprise-Food Projects						
		Service	Fund		Total			
Transfer Out: General Fund	\$ 150,000		<u>\$</u>	180,291	<u>\$</u>	330,291		
Total transfers out	<u>\$</u>	150,000	<u>\$</u>	180,291	\$	330,291		

The above transfers are the result of revenues earned and/or other financing sources received in one fund to finance expenditures in another fund.

## NOTE 3 DETAILED NOTES ON ALL FUNDS (Continued)

#### F. Other Long-Term Liabilities

#### **Changes in Long-Term Liabilities**

Long-term liability activity for the fiscal year ended June 30, 2019, was as follows:

	Balance, July 1, <u>2018</u>	Additions	<u>Reductions</u>	Balance, June 30, <u>2019</u>	Due Within <u>One Year</u>
Governmental activities: Compensated absences Net Pension Liability	\$    2,054,354 67,518,565		\$	\$    2,046,499 55,640,770	- 
Governmental activity Long-term liabilities	\$ 69,572,919	<u>\$</u>	<u>\$ 11,885,650</u>	<u> </u>	<u>\$</u>

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities. Also, for the governmental activities, the liabilities for compensated absences and net pension liability are generally liquidated by the general fund.

## NOTE 4 OTHER INFORMATION

#### A. Risk Management

The District is exposed to various risks of loss related to property, general liability, automobile coverage, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; student accident; termination of employees and natural disasters. The Board has obtained commercial insurance coverage to guard against these events to minimize the exposure to the District should they occur. A complete schedule of insurance coverage can be found in the statistical section of this Comprehensive Annual Financial Report.

The District is a member of the County of Bergen Self Insurance Pool for general liability/automobile coverage and worker's compensation insurance.

The relationship between the Board and the County of Bergen is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The District has agreed to pay an annual installment based on a computation of the District's Share of the County's premium as provided by the County. In return, the County of Bergen administers the District's insurance.

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverage's in any of the prior three years.

## NOTE 4 OTHER INFORMATION (Continued)

#### A. <u>Risk Management</u> (Continued)

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's fiduciary trust fund for the current and previous two years:

Fiscal Year Ended June 30,	strict <u>ibutions</u>	mployee atributions	Amount imbursed	Ending Balance
2019	\$ -	\$ 118,445	\$ 68,309	\$ 559,170
2018	-	93,848	75,493	507,878
2017	-	100,766	94,346	488,552

#### B. Contingent Liabilities

The District is a party defendant in some lawsuits, none of a kind unusual for a school district of its size and scope of operation. In the opinion of the Board's Attorney the potential claims against the District not covered by insurance policies would not materially affect the financial condition of the District.

<u>Federal and State Awards</u> – The Board participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the Board may be required to reimburse the grantor government. As of June 30, 2019, significant amounts of grant expenditures have not been audited by the various grantor agencies but the Board believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the District.

## C. Employee Retirement Systems and Pension Plans

## **Plan Descriptions and Benefits Provided**

The State of New Jersey sponsors and administers the following contributory defined benefit public employee retirement systems (retirement systems) covering substantially all Board employees who are eligible for pension coverage:

**Public Employees' Retirement System (PERS)** – Established in January 1955, under the provisions of N.J.S.A. 43:15A to provide coverage to substantially all full time employees of the State or any county, municipality, school district, or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees. PERS is a cost sharing multiple employer defined benefit pension plan. For additional information about PERS, please refer to the State Division of Pension and Benefits (Division's) Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions.

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death, and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

## **NOTE 4 OTHER INFORMATION (Continued)**

## C. Employee Retirement Systems and Pension Plans (Continued)

#### Public Employees' Retirement System (PERS) (Continued)

The following represents the membership tiers for PERS:

Tier	Definition
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

a,

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tier 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reached age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tier 1 and 2 members before reaching age 60, tier 3 and 4 members with 25 or more years of service credit before age 62, and tier 5 members with 30 or more years of service credit before age 62, and tier 5 members with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least ten years of service credit and have not reached the service retirement age for the respective tier.

**Teachers' Pension and Annuity Fund (TPAF)** – Established in January 1955, under the provisions of N.J.S.A. 18A:66 to provide coverage to substantially all full time certified teachers or professional staff of the public school systems in the State. Membership is mandatory for such employees. TPAF is a cost sharing multiple- employer defined benefit pension plan with a special funding situation, which the State is responsible to fund 100% of local employer contributions, excluding any local employer early retirement incentive (ERI) contributions. For additional information about TPAF, please refer to the State Division of Pension and Benefits (Division's) Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions.

The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death, and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

The following represent the membership tiers for TPAF:

Tier	Definition
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

#### NOTE 4 OTHER INFORMATION (Continued)

#### C. <u>Employee Retirement Systems and Pension Plans</u> (Continued)

#### Teachers' Pension and Annuity Fund (TPAF) (Continued)

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tier 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reached age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tier 1 and 2 members before reaching age 60, tier 3 and 4 members with 25 or more years of service credit before age 62, and tier 5 members with 30 or more years of service credit before age 62, and tier 5 members with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement for his/her respective tier. Deferred retirement is available to members who have at least ten years of service credit and have not reached the service retirement age for the respective tier.

The State of New Jersey sponsors and administers the following defined contribution public employee retirement program covering certain state and local government employees which include those Board employees who are eligible for pension coverage.

**Defined Contribution Retirement Program (DCRP)** – established under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2008 to provide coverage to elected and certain appointed officials, effective July 1, 2007 and employees enrolled in PERS on or after July 1, 2007 who earn in excess of established annual maximum compensation limits (equivalent to annual maximum wage for social security deductions). This provision was extended by Chapter 1, P.L. 2010, effective May 21, 2010, to new employees (Tier 2) of the PFRS and new employees who would otherwise be eligible to participate in PERS and do not earn the minimum salary required or do not work the minimum required hours but earn a base salary of at least \$5,000 are eligible for participation in the DCRP. Membership is mandatory for such individuals with vesting occurring after one (1) year of membership. DCRP is a defined contribution pension plan.

#### **Other Pension Funds**

The State established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of the State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The state or local government employers do not appropriate funds to SACT.

The cost of living increase for PERS and TPAF, are funded directly by each of the respective systems but are currently suspended as a result of reform legislation.

According to state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement system be terminated.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits ("Division"), issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits, website at www.state.nj.us/treasury/pensions.

#### Plan Amendments

The authority to amend the provisions of the above plans rests with new legislation passed by the State of New Jersey. Pension reforms enacted pursuant to Chapter 78, P.L. 2011 included provisions creating special Pension Plan Design Committees for TPAF and PERS, once a Target Funded Ratio (TFR) is met. The Pension Plan Design Committees will have the discretionary authority to modify certain plan design features, including member contribution rate; formula for calculation of final compensation of final salary; fraction used to calculate a retirement allowance; age at which a member may be eligible and the benefits for service or early retirement; and benefits provided for disability retirement. The committees will also have the authority to reactivate the cost of living adjustment (COLA) on pensions. However, modifications can only be made to the extent that the resulting impact does not cause the funded ratio to drop below the TFR in any one year of a 30-year projection period.

#### NOTE 4 OTHER INFORMATION (Continued)

#### C. Employee Retirement Systems and Pension Plans (Continued)

#### **Measurement Focus and Basis of Accounting**

The financial statements of the retirement systems are prepared in accordance with U.S. generally accepted accounting principles as applicable to governmental organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB).

The accrual basis of accounting is used for measuring financial position and changes in net position of the pension trust funds. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan. The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

#### **Investment Valuation**

The Division of Investment, Department of the Treasury, State of New Jersey (Division of Investment) manages and invests certain assets of the retirement systems. Prudential retirement is the third-party administrator for the DCRP and provides record keeping, administrative services and investment options. Investment transactions are accounted for on a trade or investment date basis. Interest and dividend income is recorded on the accrual basis, with dividends accruing on the exdividend date. The net increase or decrease in the fair value of investments includes the net realized and unrealized gains or losses on investments.

The State of New Jersey, Department of the Treasury, Division of Investment issues publicly available financial reports that include the financial statements of the State of New Jersey Cash Management Fund. The financial reports may be obtained in writing to the State of New Jersey, Department of the Treasury, Division of Investment, P.O. Box 290, Trenton, New Jersey 08625-0290 or at www.state.nj.us/treasury/doinvest.

#### **Collective Net Pension Liability**

The collective net pension liability of the participating employers for local PERS at June 30, 2018 is \$19.7 billion and the plan fiduciary net position as a percentage of the total pension liability is 53.60%. The collective net pension liability of the State funded TPAF at June 30, 2018 is \$63.81 billion and the plan fiduciary net position as a percentage of total pension liability is 26.49%.

The total pension liabilities were determined based on actuarial valuations as of July 1, 2017 which were rolled forward to June 30, 2018.

#### **Actuarial Methods and Assumptions**

In the July 1, 2017 PERS and TPAF actuarial valuation, the actuarial assumptions and methods used in these valuations were described in the Actuarial Assumptions and Methods section of the Actuary's report and are included here in this note to the financial statements. The pension systems selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 68. The Actuary provided guidance with respect to these assumptions, and it is their belief that the assumptions represent reasonable expectations of anticipated plan experience.

#### **Employer and Employee Pension Contributions**

The contribution policy is set by laws of the State of New Jersey and contributions are required by active members and participating employers. Plan members and employer contributions may be amended by State of New Jersey legislation with the amount of contributions by the State of New Jersey contingent upon the Annual Appropriations Act. As defined, the retirement systems require employee contributions based on 7.50% for PERS, 7.50% for TPAF and 5.50% for DCRP of the employee's annual compensation for fiscal year 2019.

#### NOTE 4 OTHER INFORMATION (Continued)

T<sup>1</sup> 1

#### C. Employee Retirement Systems and Pension Plans (Continued)

#### **Employer and Employee Pension Contributions (Continued)**

PERS employers' and TPAF State's nonemployer contributions are based on actuarially determined amounts, which include the normal cost and unfunded accrued liability. For the fiscal year ended June 30, 2019 for TPAF, which is a cost sharing multiple employer defined benefit pension plan with a special funding situation, the State's annual pension contribution was less than this actuarial determined amount. For PERS, which is a cost sharing multiple employer defined benefit pension plan, the annual pension contributions were equal to the actuarial determined amounts. TPAF nonemployer contributions are made annually by the State of New Jersey to the pension system on behalf of the Board. PERS employer contributions are made annually by the Board to the pension system in accordance with Chapter 114, P.L. 1997. In the DCRP, which is a defined contribution plan, member contributions are matched by a 3% employer contribution. All PERS and DCRP contributions made by the Board for fiscal years 2019, 2018 and 2017 were equal to the required contributions.

During the fiscal years ended June 30, 2019, 2018 and 2017 the Board was required to contribute for PERS and DCRP and the State of New Jersey, as a nonemployer contributing entity, contributed for TPAF, respectively for normal cost pension and accrued liability contributions (including non-contributory group life insurance (NCGI)) the following amounts:

Fiscal					
Year Ended		(	On-behalf		
<u>June 30,</u>	<u>PERS</u>		TPAF	1	<u>DCRP</u>
2019	\$ 2,810,868	\$	5,866,160	\$	5,423
2018	2,686,986		4,613,342		15,054
2017	2,101,307		3,084,348		3,963

In addition for fiscal years 2019, 2018 and 2017 the District contributed \$13,169, \$42,471 and \$3,462, respectively for PERS and the State contributed \$3,729, \$4,865 and \$531, respectively for TPAF for Long Term Disability Insurance Premium (LTDI).

The PERS contributions are recognized in the governmental fund financial statements (modified accrual basis) as an expenditure. The on-behalf TPAF contributions are recognized in the governmental fund financial statements (modified accrual basis) as both a revenue and expenditure in accordance with GASB Statement No. 85, *Omnibus 2017* (GASB No. 85). The DCRP contributions are recognized in the governmental fund financial statements (modified accrual basis) as an expenditure, as well as, the district-wide financial statements (accrual basis) as an expense.

Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the Board \$2,014,293 during the fiscal year ended June 30, 2019 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. This amount has been recognized in the district-wide financial statements (accrual basis) and the governmental fund financial statements (modified accrual basis) as a revenue and expense/expenditure in accordance with GASB No. 85.

## **NOTE 4 OTHER INFORMATION (Continued)**

#### C. Employee Retirement Systems and Pension Plans (Continued)

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

## Public Employees Retirement System (PERS)

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, (GASB No. 68) requires participating employers in PERS to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources and collective pension expense. The employer allocation percentages presented are based on the ratio of the contributions as an individual employer to total contributions to the PERS during the measurement period July 1, 2017 through June 30, 2018. Employer allocation percentages have been rounded for presentation purposes.

Although the NJ Division of Pensions and Benefits ("Division") administers one cost-sharing multiple employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources and pension expense are determined separately for each individual employer of the State and local groups of the plan.

To facilitate the separate (sub) actuarial valuations, the Division maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages are presented for each group. The allocation percentages for each group as of June 30, 2018 are based on the ratio of each employer's contribution to total employer contributions of the group for the fiscal year ended June 30, 2018.

At June 30, 2019, the District reported in the statement of net position (accrual basis) a liability of \$55,640,770 for its proportionate share of the PERS net pension liability. The net pension liability was measured as of June 30, 2018 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportionate share of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating governmental entities, actuarially determined. At June 30, 2018, the District's proportionate share was 0.28259 percent, which was a decrease of 0.00745 percent from its proportionate share measured as of June 30, 2017 of 0.29004 percent.

## **NOTE 4 OTHER INFORMATION (Continued)**

#### C. Employee Retirement Systems and Pension Plans (Continued)

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

## Public Employees Retirement System (PERS) (Continued)

For the fiscal year ended June 30, 2019, the District recognized in the district-wide statement of activities (accrual basis) pension expense of \$4,958,976 for PERS. The pension contribution made by the District during the current 2018/2019 fiscal year is the contribution that is applied to the net pension liability reported at the end of the current fiscal year of June 30, 2019 with a measurement date of the prior fiscal year end of June 30, 2018. Since the State of New Jersey applies the current year pension contribution towards the calculation of the net pension liability reported at the end of the current fiscal year, which has a measurement date of the preceding fiscal year end, there is no deferred outflows of resources reported as of June 30, 2019 for contributions made subsequent to the measurement date. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to PERS pension from the following sources:

	Deferred Outflows <u>of Resources</u>		Deferred Inflows <u>of Resources</u>	
Difference Between Expected and				
Actual Experience	\$	1,061,078	\$	286,902
Changes of Assumptions		9,168,677		17,790,959
Net Difference Between Projected and Actual				
Earnings on Pension Plan Investments				521,913
Changes in Proportion and Differences Between				
District Contributions and Proportionate Share				
of Contributions		7,624,928		1,630,652
Total	\$	17,854,683	\$	20,230,426

At June 30, 2019, the amounts reported as deferred outflows of resources and deferred inflows of resources related to PERS pension will be recognized in pension expense as follows:

Year		
Ending		
<u>June 30,</u>		<u>Total</u>
2019	\$	1,849,616
2020		1,156,687
2021		(1,708,603)
2022		(2,386,090)
2023		(1,287,353)
	<u>\$</u>	(2,375,743)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

## Public Employees Retirement System (PERS) (Continued)

#### Actuarial Assumptions

The District's total pension liability for the June 30, 2018 measurement date was determined by an actuarial valuation as of July 1, 2017, which was rolled forward to June 30, 2018. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

	PERS
Inflation Rate	2.25%
Salary Increases:	
Through 2026	1.65-4.15% Based on Age
Thereafter	2.65-5.15% Based on Age
Investment Rate of Return	7.00%
Mortality Rate Table	RP-2000

Assumptions for mortality improvements are based on Society of Actuaries Scale AA.

The actuarial assumptions used in the July 1, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014.

#### C. Employee Retirement Systems and Pension Plans (Continued)

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

#### Public Employees Retirement System (PERS) (Continued)

#### Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7% at June 30, 2018) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and actuaries. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plans investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocation as of June 30, 2018 are summarized in the following table:

<u>Asset Class</u>	Target <u>Allocation</u>	Long-Term Expected Real <u>Rate of Return</u>
Risk Mitigation Strategies	5.00%	5.51%
Cash Equivalents	5.50%	1.00%
U.S. Treasuries	3.00%	1.87%
Investment Grade Credit	10.00%	3.78%
US Equities Non-US Developed Markets Equity	30.00% 11.50%	8.19% 9.00%
Emerging Market Equities	6.50%	11.64%
High Yield	2.50%	6.82%
Global Diversified Credit	5.00%	7.10%
Credit Oriented Hedge Funds	1.00%	6.60%
Debt Related Private Equity	2.00%	10.63%
Debt Related Real Estate	1.00%	6.61%
Private Real Estate	2.50%	11.83%
Equity Related Real Estate	6.25%	9.23%
Buyouts/Venture Capital	8.25%	13.08%

#### **Discount Rate**

The discount rate used to measure the total pension liabilities of the PERS plan was as follows:

Fiscal <u>Year</u>	Measurement Date	Discount Rate
2019	June 30, 2018	5.66%
2018	June 30, 2017	5.00%

## NOTE 4 OTHER INFORMATION (Continued)

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

#### Public Employees Retirement System (PERS) (Continued)

#### **Discount Rate (Continued)**

The following table represents the crossover period, if applicable, for the PERS defined benefit plan:

Period of Projected Benefit	
Payments for which the Following	
Rates were Applied:	
Long-Term Expected Rate of Return	Through June 30, 2046
Municipal Bond Rate *	From July 1, 2046
-	and Thereafter

\* The municipal bond return rate used is 3.87% as of the measurement date of June 30, 2018. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

#### Sensitivity of Net Pension Liability

The following presents the District's proportionate share of the PERS net pension liability calculated using the discount rate of 5.66%, as well as what the District's proportionate share of the PERS net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (4.66 percent) or 1-percentage-point higher (6.66 percent) than the current rate:

	1%		Current		1%
	Decrease	Di	scount Rate		Increase
<u>2018</u>	<u>(4.66%)</u>		<u>(5.66%)</u>		<u>(6.66%)</u>
District's Proportionate Share of the PERS Net Pension Liability	\$ 69,961,857	<u>\$</u>	55,640,770	<u>\$</u>	43,626,294

The sensitivity analysis was based on the proportionate share of the District's net pension liability at June 30, 2018. A sensitivity analysis specific to the District's net pension liability at June 30, 2018 was not provided by the pension system.

#### **Pension Plan Fiduciary Net Position**

Detailed information about the PERS pension plan's fiduciary net position is available in the separately issued financial report from the State of New Jersey, Department of the Treasury, Division of Pension and Benefits. The financial report may be accessed via the New Jersey, Division of Pensions and Benefits, website at <u>www.state.nj.us/treasury/pensions</u>.

## NOTE 4 OTHER INFORMATION (Continued)

#### C. Employee Retirement Systems and Pension Plans (Continued)

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

#### **Teachers Pension and Annuity Fund (TPAF)**

GASB No. 68, requires participating employers in TPAF to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources and collective pension expense. The non-employer allocation percentages presented are based on the ratio of the State's contributions made as an employee and non-employer adjusted for unpaid early retirement incentives to total contributions to TPAF during the fiscal year ended June 30, 2018. Non-employer allocation percentages have been rounded for presentation purposes.

The contribution policy for TPAF is set by N.J.S.A. 18A:66 and requires contributions by active members and non-employer contributions by the State. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. For the fiscal year ended June 30, 2018, the State's pension contribution was less than the actuarial determined amount.

In accordance with GASB No. 68, the District is not required to recognize a net pension liability for TPAF. The State of New Jersey, as a nonemployer contributing entity, is the only entity that has a legal obligation to make employer contributions to TPAF on behalf of the District. Accordingly, the District's proportionate share percentage determined under-Statement No. 68 is zero percent and the State's proportionate share is 100% of the net pension liability attributable to the District for TPAF. Therefore, in addition, the District does not recognize any portion of the TPAF collective deferred outflows of resources and deferred inflows of resources.

For the fiscal year ended June 30, 2019, the District recognized in the district-wide statement of activities (accrual basis) pension expense of \$11,342,926 for TPAF. This amount has been included in the district-wide statement of activities (accrual basis) as both a revenue and expense in accordance with GASB No. 85.

At June 30, 2019 the State's proportionate share of the net pension liability attributable to the District is \$194,573,003. The nonemployer allocation percentages are based on the ratio of the State's contributions made as an employer and nonemployer adjusted for unpaid early retirement incentives to total contributions to TPAF during the year ended June 30, 2018. At June 30, 2018, the State's share of the net pension liability attributable to the District was 0.30584 percent, which was an increase of 0.03163 percent from its proportionate share measured as of June 30, 2017 of 0.27421 percent.

## NOTE 4 OTHER INFORMATION (Continued)

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

#### Teachers Pension and Annuity Fund (TPAF) (Continued)

#### **Actuarial Assumptions**

The total pension liability for the June 30, 2018 measurement date was determined by an actuarial valuation as of July 1, 2017, which was rolled forward to June 30, 2018. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

	TPAF
Inflation Rate	2.25%
Salary Increases: 2011-2026	1.55-4.55%
Thereafter	2.00-5.45%
Investment Rate of Return	7.00%
Mortality Rate Table	RP-2006

Assumptions for mortality rates were based on the experience of TPAF members reflecting mortality improvement on a generational bases based on a 60-year average of Social Security data from 1953 to 2013.

The actuarial assumptions used in the July 1, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2012 to June 30, 2015.

#### Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7% at June 30, 2018) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and actuaries. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plans investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocation as of June 30, 2018 are summarized in the following table:

		Long-Term
	Target	<b>Expected Real</b>
Asset Class	<b>Allocation</b>	Rate of Return
<b>Risk Mitigation Strategies</b>	5.00%	5.51%
Cash Equivalents	5.50%	1.00%
U.S. Treasuries	3.00%	1.87%
Investment Grade Credit	10.00%	3.78%
High Yield	2.50%	6.82%

#### **Discount** Rate

The discount rate used to measure the total pension liabilities of the TPAF plan was as follows:

Fiscal		
<u>Year</u>	<u>Measurement Date</u>	Discount Rate
2019	June 30, 2018	4.86%
2018	June 30, 2017	4.25%

The following table represents the crossover period, if applicable, for the TPAF defined benefit plan:

Period of Projected Benefit	
Payments for which the Following	
Rates were Applied:	
Long-Term Expected Rate of Return	Through June 30, 2040
Municipal Bond Rate *	From July 1, 2040 and Thereafter

\* The municipal bond return rate used is 3.87% as of the measurement date of June 30, 2018. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

#### Sensitivity of Net Pension Liability

The following presents the State's proportionate share of the TPAF net pension liability attributable to the District calculated using the discount rate of 4.86%, as well as what the State's proportionate share of the TPAF net pension liability attributable to the District that would be if it were calculated using a discount rate that is 1-percentage-point lower (3.86 percent) or 1-percentage-point higher (5.86 percent) than the current rate:

	1%	Current	1%
	Decrease	<b>Discount Rate</b>	Increase
	<u>(3.86%)</u>	<u>(4.86%)</u>	<u>(5.86%)</u>
State's Proportionate Share of			
the TPAF Net Pension Liability			
Attributable to the District	<u>\$ 231,158,831</u>	<u>\$ 194,573,003</u>	<u>\$ 164,433,439</u>

The sensitivity analysis was based on the State's proportionate share of the net pension liability attributable to the District at June 30, 2018. A sensitivity analysis specific to the State's proportionate share of the net pension liability attributable to the District at June 30, 2018 was not provided by the pension system.

#### **Pension Plan Fiduciary Net Position**

Detailed information about the TPAF pension plan's fiduciary net position is available in the separately issued financial report from the State of New Jersey, Department of the Treasury, Division of Pension and Benefits. The financial report may be accessed via the New Jersey, Division of Pensions and Benefits, website at <u>www.state.nj.us/treasury/pensions</u>.

#### D. Post-Retirement Medical Benefits

The State of New Jersey sponsors and administers the post-retirement health benefit program plan for school districts.

As a result of implementing GASB Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other than Pension Plans*, the post-retirement health benefit program plan is reported in an Agency Fund in the New Jersey Comprehensive Annual Financial Report for the fiscal year ended June 30, 2018. Therefore, the plan has no assets accumulated in a trust. In accordance with GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pension* (GASB No. 75), the plan is classified as a single employer defined benefit OPEB plan with a special funding situation that is not administered through a trust that meets the criteria in paragraph 4 of GASB No. 75.

#### Plan Description and Benefits Provided

The State of New Jersey sponsors and administers the following post-retirement health benefit program plan covering certain local school district employees, including those Board employees and retirees eligible for coverage.

**State Health Benefit Program Fund** – **Local Education Retired Employees Plan** (including Prescription Drug Program Fund) – N.J.S.A. 52:14-17.32f provides medical coverage prescription drug benefits and Medicare Part B reimbursement to qualified retired education employees and their covered dependents. The State of New Jersey provides employer-paid coverage to members of the TPAF who retire from a board of education or county college with 25 years of service or on a disability retirement. Under the provisions of Chapter 126, P.L. 1992, the State also provides employer-paid coverage to members of the PERS and Alternate Benefits Program (ABP) who retire from a board of education or county college with 25 years of service or on a disability retirement if the member's employer does not provide this coverage. Certain local participating employers also provide post-retirement medical coverage to their employees. Retirees who are not eligible for employer paid health coverage at retirement can continue in the program if their employer participates in this program or if they are participating in the health benefits plan of their former employer and are enrolled in Medicare Parts A and B by paying the cost of the insurance for themselves and their covered dependents.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

## **NOTE 4 OTHER INFORMATION (Continued)**

## D. Post-Retirement Medical Benefits (Continued)

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above Fund. The financial reports may be accessed via the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, website at <u>www.state.nj.us/treasury/pensions</u>.

#### **Plan Membership**

Membership of the defined benefit OPEB plan consisted of the following at June 30, 2017:

Active Plan Members	217,131
Inactive Plan Members or Beneficiaries Currently Receiving Benefits	145,050
Inactive Plan Members Entitled to but not yet Receiving Benefits	
Total	<u>362,181</u>

#### **Measurement Focus and Basis of Accounting**

The financial statements of the post-employment health benefit plans are prepared in accordance with U.S. generally accepted accounting principles as applicable to governmental organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB).

The accrual basis of accounting is used for measuring financial position and changes in net position of the post-employment health benefit plans. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan. The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

#### **Investment Valuation**

Investments are reported at fair value. Investments that do not have an established market are reported at estimated fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

#### **Collective Net OPEB Liability**

The collective net OPEB liability of the State, as the non-employer contributing entity, of the plan at June 30, 2018 is \$46.1 billion, and the plan fiduciary net position as a percentage of the total OPEB liability is zero percent.

The total OPEB liabilities were determined based on actuarial valuations as of June 30, 2017 which were rolled forward to June 30, 2018.

### NOTE 4 OTHER INFORMATION (Continued)

#### D. <u>Post-Retirement Medical Benefits</u> (Continued)

#### **Actuarial Methods and Assumptions**

In the June 30, 2017 OPEB actuarial valuation, the actuarial assumptions and methods used in these valuations were described in the Actuarial Assumptions and Methods section of the Actuary's report and are included here in this note to the financial statements. The Plan selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 75. The Actuary provided guidance with respect to these assumptions, and it is their belief that the assumptions represent reasonable expectations of anticipated plan experience.

#### **Post-Retirement Medical Benefits Contributions**

The funding policy of the OPEB plan is pay as you go basis; therefore, there is no prefunding of the liability. Contributions to pay for the health benefit premiums of participating employees in the OPEB plan are made by the State, as a non-employer contributing entity, under a special funding situation in accordance with State statutes as previously disclosed. The State as a non-employer contributing entity made contributions of \$1.23 billion to the OPEB plan in fiscal year 2018.

The State sets the contribution rate based on a pay as you go basis rather than the actuarial determined contribution an amount actuarially determined in accordance with the parameters of GASB Statement 75. The actuarial determined contribution represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and any unfunded actuarial liabilities (or funding excess) of the plan using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with OPEB through the Plan. The State's contributions, as a nonemployer contributing entity, to the State Health Benefits Program Fund – Local Education Retired Employees Plan for retirees' post-retirement benefits on behalf of the School District for the fiscal years ended June 30, 2019, 2018 and 2017 were \$2,660,881, \$2,979,659 and \$2,569,962, respectively, which equaled the required contributions for each year. The State's contributions to the State Health Benefits Program Fund – Local Education Retired Employees Plan for PERS retirement benefits on behalf of the School District was not determined or made available by the State of New Jersey. The on-behalf OPEB contributions are recognized in the governmental fund financial statements (modified accrual basis) as both a revenue and expenditure in accordance with GASB No. 85.

## OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

GASB Statement No. 75 requires participating employers in the State Health Benefit Program Fund – Local Education Retired Employees Plan to recognize their proportionate share of the collective OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources and collective OPEB expense. The nonemployer allocation percentages presented are based on the ratio of the State's contributions made as a nonemployer toward the actuarially determined contribution amount to total contributions to the plan during the measurement period July 1, 2017 through June 30, 2018. Nonemployer allocation percentages have been rounded for presentation purposes.

In accordance with GASB No. 75, the District is not required to recognize an OPEB liability for the post-employment health benefit plan. The State of New Jersey, as a nonemployer contributing entity, is the only entity that has a legal obligation to make employer contributions to the plan on behalf of the District. Accordingly, the District's proportionate share percentage determined under Statement No. 75 is zero percent and the State's proportionate share is 100% of the OPEB liability attributable to the District. Therefore, in addition, the District does not recognize any portion of the collective deferred outflows of resources and deferred inflows of resources related to the plan.

## NOTE 4 OTHER INFORMATION (Continued)

#### D. Post-Retirement Medical Benefits (Continued)

## OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

For the fiscal year ended June 30, 2019, the District recognized in the district-wide statement of activities (accrual basis) OPEB expense of \$7,783,432. This amount has been included in the district-wide statement of activities (accrual basis) as a revenue and expense in accordance with GASB No. 85.

At June 30, 2019 the State's proportionate share of the OPEB liability attributable to the District is 150,013,151. The nonemployer allocation percentages are based on the ratio of the State's proportionate share of the OPEB liability attributable to the District at June 30, 2018 to the total OPEB liability of the State Health Benefit Program Fund – Local Education Retired Employees Plan at June 30, 2018. At June 30, 2018, the state's share of the OPEB liability attributable to the District was 0.32533 percent, which was a decrease of 0.00166 percent from its proportionate share measured as of June 30, 2017 of 0.32699 percent.

#### **Actuarial Assumptions**

The OPEB liability for the June 30, 2018 measurement date was determined by an actuarial valuation as of June 30, 2017, which was rolled forward to June 30, 2018. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

Inflation Rate	2.50%
Salary Increases * Initial Fiscal Year A Rate Rate Thereafter	pplied Through 2026 1.55% to 4.55% 2.00% to 5.45%
Mortality	Preretirement mortality rates were based on the RP-2006 Headcount-Weighted Healthy Employee Male/Female mortality table with fully generational mortality improvement projections from the central year using the MP-2017 scale. Postretirement mortality rates were based on the RP-2006 Headcount-Weighted Healthy Annuitant Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale. Disability mortality was based on the RP-2006 Headcount-Weighted Disable Male/Female mortality table with fully

Long-Term Rate of Return

1.00%

\*Salary increases are based on the defined benefit plan that the individual is enrolled in and his or her year of service for TPAF or his or her age for PERS.

generational improvement projections from the central year using the MP-2017 scale.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of the TPAF and PERS actuarial experience studies for the period July 1, 2012 to June 30, 2015 and July 1, 2011 to June 30, 2014, respectively.

Healthcare cost trend rates for pre-Medicare Preferred Provider Organization (PPO) medical benefits, this amount initially is 5.8 percent and decreases to a 5.0 percent long-term trend rate after eight years. For self-insured post-65 PPO medical benefits, the trend rate is 4.5 percent. For health maintenance organization (HMO) medical benefits, the trend rate is initially 5.8 percent and decreases to a 5.0 percent long-term trend rate after eight years. For prescription drug benefits, the initial trend rate is 8.0 percent and decreases to a 5.0 percent long-term trend rate after eight years. For prescription drug benefits, the initial trend rate is 8.0 percent and decreases to a 5.0 percent long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.0 percent. This reflects the known underlying cost of the Part B premium. The Medicare Advantage trend rate is 4.5 percent and will continue in all future years.

### NOTE 4 OTHER INFORMATION (Continued)

#### D. Post-Retirement Medical Benefits (Continued)

## OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

#### Long-Term Expected Rate of Return

As the OPEB plan only invests in the State of New Jersey Cash Management Fund, the long-term expected rate of return on OPEB investments was based off the best-estimate ranges of future real rates of return (expected returns, net of OPEB plan investment expense and inflation) for cash equivalents, which is 1.00% as of June 30, 2018.

#### **Discount Rate**

Figoal

The discount rate used to measure the total OPEB liabilities of the plan was as follows:

<u>Year</u>	Measurement Date	<b>Discount Rate</b>
2019	June 30, 2018	3.87%
2018	June 30, 2017	3.58%

The discount rate represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

#### **Changes in the Total OPEB Liability**

The change in the State's proportionate share of the OPEB liability attributable to the District for the fiscal year ended June 30, 2019 (measurement date June 30, 2018) is as follows:

	Total OPEB Liability			
	(State Share 100%)			
Balance, June 30, 2017 Measurement Date	\$	175,399,346		
Changes Recognized for the Fiscal Year:				
Service Cost		7,244,613		
Interest on the Total OPEB Liability		6,469,943		
Differences Between Expected and Actual Experiences		(18,013,330)		
Changes of Assumptions		(17,214,760)		
Gross Benefit Payments		(4,011,298)		
Contributions from the Member		138,637		
Net Changes	\$	(25,386,195)		
Balance, June 30, 2018 Measurement Date	\$	150,013,151		

Changes of assumptions and other inputs reflect a change in the discount rate from 3.58 percent in 2017 to 3.87 percent in 2018.

The change in the total OPEB liability was based on the State's proportionate share of the OPEB liability attributable to the District at June 30, 2018. A change in the total OPEB liability specific to the State's proportionate share of the OPEB liability attributable to the District for the fiscal year ended June 30, 2018 was not provided by the pension system.

### NOTE 4 OTHER INFORMATION (Continued)

#### D. Post-Retirement Medical Benefits (Continued)

## OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

#### Sensitivity of OPEB Liability

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the State's proportionate share of the OPEB liability attributable to the District calculated using the discount rate of 3.87%, as well as what the State's proportionate share of the OPEB liability attributable to the District that would be if it were calculated using a discount rate that is 1-percentage-point lower (2.87 percent) or 1-percentage-point higher (4.87 percent) than the current rate:

	1%	Current	1%
	Decrease	<b>Discount Rate</b>	Increase
	<u>(2.87%)</u>	<u>(3.87%)</u>	<u>(4.87%)</u>
State's Proportionate Share of			
the OPEB Liability			
Attributable to the District	<u>\$ 177,346,082</u>	<u>\$ 150,013,151</u>	<u>\$ 128,286,293</u>

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the State's proportionate share of the OPEB liability attributable to the District calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% <u>Decrease</u>		Healthcare Cost Trend <u>Rates</u>	1% <u>Increase</u>
Total OPEB Liability (School Retirees)	<u>\$ 123,9</u>	994,606 \$	150,013,151	\$ 184,423,672

The sensitivity analyses were based on the State's proportionate share of the OPEB liability attributable to the District at June 30, 2018. Sensitivity analyses specific to the State's proportionate share of the OPEB liability attributable to the District at June 30, 2018 were not provided by the pension system.

#### BERGEN COUNTY SPECIAL SERVICES SCHOOL DISTRICT REQUIRED SUPPLEMENTARY INFORMATION BUDGETARY COMPARISON SCHEDULE NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America, with the exception of the legally mandated revenue recognition of certain state aid payments for budgetary purposes only and the treatment of encumbrances in the special revenue fund as described below. Encumbrance accounting is also employed as an extension of formal budgetary integration of the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the Special Revenue Fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The following presents a reconciliation of the General and Special Revenue Funds from the budgetary basis of accounting as presented in the Budgetary Comparison Schedule - General Fund and Special Revenue Fund to the GAAP basis of accounting as presented in the Statement of Revenues, Expenditures and Changes in Fund Balance - Governmental Funds.

	General <u>Fund</u>	Special Revenue <u>Fund</u>
Source/Inflows of Resources		
Actual Amounts (budgetary basis) "revenue"		
From the budgetary comparison schedule	\$ 63,197,022	\$ 11,216,982
Difference - budget to GAAP		
Grant accounting budgetary basis differs from GAAP in that		
encumbrances are recognized as expenditures, and the related revenue is recognized.

## STATISTICAL SECTION

This part of the Bergen County Special Services School District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents	<u>Exhibits</u>
Financial Trends	
These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.	J-1 to J-5
Revenue Capacity	
These schedules contain information to help the reader assess the govern- ment's most significant local revenue source, the property tax.	J-6 to J-9
Debt Capacity	
These schedules present information to help the reader assess the afforda- bility of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.	J-10 to J-13
Demographic and Economic Information	
These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's finan- cial activities take place.	J-14 and J-15
Operating Information	
These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.	J-16 to J-20
Sources: Unless otherwise noted, the information in these schedules is derived from	the

comprehensive annual financial reports for the relevant year.

Beginning with Fiscal Year 2011, the District implemented GASB Statement No. 54, "Fund Balance Reporting and Governmental Type Definitions." The Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. This Statement established fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of resources reported in governmental funds. Reclassification of prior year fund balance amounts to comply with Statement No. 54 is not required

### **REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS** BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

#### **INDEPENDENT AUDITOR'S REPORT**

Honorable President and Members of the Board of Education Bergen County Special Services School District Paramus, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Bergen County Special Services School District as of and for the fiscal year ended June 30, 2019 and the related notes to the financial statements, which collectively comprise the Bergen County Special Services School District's basic financial statements and have issued our report thereon dated December 17, 2019.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Bergen County Special Services School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Bergen County Special Services School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Bergen County Special Services School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Bergen County Special Services School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under <u>Government Auditing Standards</u> and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

However, we noted certain matters that are not required to be reported under <u>Government Auditing Standards</u> that we reported to management of the Bergen County Special Services School District in a separate report entitled, "Auditor's Management Report on Administrative Findings – Financial, Compliance and Performance" dated December 17, 2019.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Bergen County Special Services School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the Bergen County Special Services School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### **REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE: AND REPORT** ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE U.S. UNIFORM GUIDANCE AND SCHEDULE OF EXPENDITURES OF STATE FINANCIAL ASSISTANCE **AS REQUIRED BY NEW JERSEY OMB CIRCULAR 15-08**

#### **INDEPENDENT AUDITOR'S REPORT**

Honorable President and Members of the Board of Education Bergen County Special Services School District Paramus, New Jersey

#### **Report on Compliance for Each Major Federal and State Program**

We have audited the Bergen County Special Services School District's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Compliance Supplement and the New Jersey OMB Circular 15-08 State Aid/Grant Compliance Supplement that could have a direct and material effect on each of the Bergen County Special Services School District's major federal and state programs for the fiscal year ended June 30, 2019. The Bergen County Special Services School District's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of federal and state statutes, regulations, and the terms and conditions of its federal awards and state financial assistance applicable to its federal and state programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Bergen County Special Services School District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and New Jersey OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards, U.S. Uniform Guidance and New Jersey Circular require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Bergen County Special Services School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Bergen County Special Services School District's compliance.

### **Opinion on Each Major Federal and State Program**

In our opinion, the Bergen County Special Services School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2019.

#### **Report on Internal Control Over Compliance**

Management of the Bergen County Special Services School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Bergen County Special Services School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the U.S. Uniform Guidance and New Jersey OMB Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Bergen County Special Services School District's internal control over compliance.

A <u>deficiency in internal control over compliance</u> exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A <u>material weakness in internal control over compliance</u> is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. <u>A significant deficiency in internal control over compliance</u> is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the U.S. Uniform Guidance and New Jersey OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

# Report on Schedule of Expenditures of Federal Awards Required by the U.S. Uniform Guidance and Schedule of Expenditures of State Financial Assistance Required by New Jersey OMB Circular 15-08

We have audited the financial statements of the Bergen County Special Services School District, a component unit of the County of Bergen as of and for the fiscal year ended June 30, 2019 and have issued our report thereon dated December 17, 2019, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards as required by the U.S. Uniform Guidance and schedule of expenditures of state financial assistance as required by New Jersey OMB Circular 15-08 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and schedule of expenditures of state financial statements as a whole.

#### BERGEN COUNTY SPECIAL SERVICES SCHOOL DISTRICT NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE FOR THE FISCAL YEAR ENDED JUNE 30, 2019

#### NOTE 1 GENERAL

The accompanying schedules present the activity of all federal and state financial assistance programs of the Bergen County Special Services School District. The Board of Education is defined in Note 1(A) to the Board's financial statements. All federal financial assistance received directly from federal agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

#### NOTE 2 BASIS OF ACCOUNTING

The accompanying schedules are prepared and presented using the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These basis of accounting are described in Notes 1(C) to the Board's financial statements. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. <u>Code of Federal Regulations</u> Part 200, <u>Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards</u> (U.S. Uniform Guidance) and New Jersey OMB Circular 15-08, "<u>Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid</u>". Therefore, some amounts presented in these schedules may differ from the amounts presented in, or used in the preparation of, the financial statements.

#### NOTE 3 RELATIONSHIP TO FINANCIAL STATEMENTS

The financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on a modified accrual basis with the exception of the revenue recognition of the delayed state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes, those payments are not recognized until the subsequent year due to the state deferral and recording of certain state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, which may include the delayed state aid payments, whereas the GAAP basis does not. The special revenue fund also recognizes the delayed state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

There is no adjustment to reconcile from the budgetary basis to the GAAP basis. See the Notes to Required Supplementary Information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's financial statements on a GAAP basis as presented as follows:

	<u>Federal</u>		State	<u>Total</u>
General Fund	\$ 467,001	\$	6,301,238	\$ 6,768,239
Special Revenue Fund	1,528,517		1,410,593	2,939,110
Internal Service Fund	50,000		5,296,833	5,346,833
Food Service Fund	 208,079		2,643	 210,722
Total Financial Assistance	\$ 2,253,597	<u>\$</u>	13,011,307	\$ 15,264,904

### BERGEN COUNTY SPECIAL SERVICES SCHOOL DISTRICT NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE FOR THE FISCAL YEAR ENDED JUNE 30, 2019

#### NOTE 4 RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules may not necessarily agree with the amounts reported in the related federal and state financial reports due to timing differences between the District's fiscal year and grant program years.

#### **NOTE 5 OTHER INFORMATION**

Revenues and expenditures reported under the Food Distribution Program as non-cash assistance represent current year value received and current year distributions, respectively. TPAF Social Security contributions in the amount of \$2,014,293 represents the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the fiscal year ended June 30, 2019. The amount reported as TPAF Pension System Contributions in the amount of \$5,866,160, TPAF Post-Retirement Medical Benefits Contributions in the amount of \$2,660,881 and TPAF Long-Term Disability Insurance in the amount of \$3,729 represents the amount paid by the State on behalf of the District for the fiscal year ended June 30, 2019.

#### NOTE 6 ON-BEHALF PROGRAMS NOT SUBJECT TO STATE SINGLE AUDIT

On-behalf State Programs for TPAF Pension, Post-Retirement Medical Benefits and Long-Term Disability Insurance Contributions payments are not subject to a State single audit and, therefore, are excluded from major program determination. The Schedule of State Financial Assistance provides a reconciliation of State financial assistance reported in the District's financial statements and the amount subject to State single audit and major program determination.

#### NOTE 7 DE MINIMIS INDIRECT COST RATE

The District has not elected to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.
