Honorable President and
Members of the Board of Education
Lower Alloways Creek Township School District
967 Main Street - Canton
Salem, New Jersey 08079

Dear Board Members:

The comprehensive annual financial report of the Lower Alloways Creek Township School District for the fiscal year ending June 30, 2019, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical, and single audit. The introductory section includes this transmittal letter, the District's organizational chart, and a list of principal officials. The financial section includes the independent auditor's report, MD&A, and the basic financial statements, including the District-wide statements, fund statements, notes to the financial statements, required supplementary information other than MD&A, including budgetary comparison schedules, and other supplementary information. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The Lower Alloways Creek Township School District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996 and the *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)* and/or the reporting requirements under NJ OMB's Circular Letter 15-08, "Audits of State and Local Governments," and "Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid Payments." Information related to this single audit, including the auditor's reports on the internal control and compliance with applicable laws and regulations and findings and recommendations, if any, are included in the single audit section of this report.

1) REPORTING ENTITY AND ITS SERVICES

The District is an independent reporting entity within the criteria adopted by the GASB as established by GASB Statement No. 14. All funds of the District are included in this report. The Board constitutes the District's reporting entity.

The District provides a full range of education services appropriate to grade levels Pre-K through 8. Other classes include regular, remedial, and special education for students who require that accommodation. Our students in grades 9-12 are sent to Salem High School in a sending/receiving relationship. Students may also choose to attend academies that are housed in several Salem County high school districts, including the Salem County Vo-Tech. There was a decrease from the previous year's District Average Daily Enrollment. The District completed the 2018-2019 fiscal year with an enrollment of 163.

2) ECONOMIC CONDITIONS AND OUTLOOK

The most recent data available, the 2010 U.S. Census, reveals a population decrease in the Township.

<u>Year</u>	<u>Population</u>
1970	1,400
1980	1,547
1990	1,858
2000	1,851
2010	1,770

3) MAJOR INITIATIVES

The Lower Alloways Creek Township School District is continuing ensure that each child will experience optimal academic, social, emotional, and physical success through a challenging and progressive learner-active educational program in a technology-infused, safe, and healthy learning environment. Once again, students will be partaking in the NJSLA test in grades 3-8 for ELA and mathematics and students in grades 5 and 8 will take the NJSLA for science to be compliant with the NCLB mandates.

If needed, academic support and remediation is provided on an individual and small group basis to students based on the following criteria:

- Those individual State mandated test results (NJSLA).
- Analysis of student performance in school via report cards, benchmark goals, reading inventory, MAP Testing, and progress reports during the four marking periods.
- Recognized individual student needs via the individual education plan (IEP), 504 Accommodation Plans, and IR&S Team.

The District continues to expose students to a varied amount of character education themes. Students are recommended for outstanding recognition as students of the month and each month students are invited to the local board meeting to receive a certificate of recognition. Additionally, a school-wide theme of Kindness Rocks was implemented. Students are recognized for their kind deeds and respectful nature.

The District circulates around excellence in the academics, athletics, and arts. Students are given instruction in ELA, Math, Science, and Social Studies (the core content areas) but are also given "specials" consisting of Spanish, Library/Computer Studies, Music, Art, Health, and Physical Education. Additionally, the students participate in an Enrichment program which

3) MAJOR INITIATIVES (CONTINUED)

focuses on the students' interests as well as groups them according to ability so that they are working with peers at their level. This program allows for a gifted and talented aspect as well as intervention services.

The student's educational program is enhanced with a variety of educational field trips and programming provided for all students through the LAC Parent Teacher Organization.

4) INTERNAL ACCOUNTING CONTROLS

Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of the financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met.

The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of Federal and State financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As a part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to Federal and State financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5) BUDGETARY CONTROLS

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by voters of the municipality. Annual appropriated budgets are adopted for the General Fund and the Special Revenue Fund. Project-length budgets, though not applicable, would be approved for the capital improvements accounted for in the capital projects fund. The final budget amount for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of the fund balance at year-end.

6) ACCOUNTING SYSTEM AND REPORTS

The District's accounting records reflect generally accepted accounting principles, as promulgated by the GASB. The accounting system of the District is organized on the basis of funds and account groups which are converted from Governmental Fund balances to net position.

7) DEBT ADMINISTRATION

The School District has had no outstanding debt for the last twenty-three years, including 2019.

8) CASH MANAGEMENT

The investment policy of the District is guided in large part by the state statutes as detailed in "Notes to the Financial Statements," Note 3. The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires Governmental Units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

9) RISK MANAGEMENT

The Board carries various forms of insurance, including but not limited to general liability, automobile liability, comprehensive/collision, hazard and theft insurance on property and contents, school board liability, workmen's compensation, and fidelity bonds.

10) OTHER INFORMATION

Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Petroni & Associates LLC was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1996, *Uniform Administrative Requirements, Cost Principles, Audit Requirements for Federal Awards*, and New Jersey OMB's Circular Letter 15-08. The auditor's report on the basic financial statements is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

11) ACKNOWLEDGMENTS

We would like to express our appreciation to the members of the Lower Alloways Creek School Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

Susan Schaffer

INDEPENDENT AUDITOR'S REPORT

Honorable President and
Members of the Board of Education
Lower Alloways Creek Township School District
967 Main Street - Canton
Salem, New Jersey 08079

Report on the Financial Statements

We have audited the accompanying financial statements of the Governmental Activities, the Business-type Activities, each major fund, and the aggregate remaining fund information of the Board of Education of the Lower Alloways Creek Township School District, in the County of Salem, State of New Jersey, as of and for the fiscal year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the, Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Board's preparation and fair presentation of the

financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Governmental Activities, the Business-type Activities, each major fund, and the aggregate remaining fund information of the Board of Education, Lower Alloways Creek, New Jersey, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *Management's Discussion and Analysis* and *Budgetary Comparison Information* identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Lower Alloways Creek Board of Education's basic financial statements. The combining and individual non-major fund financial statements and schedule of expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, Audit Requirements for Federal Awards*, (Uniform Guidance), and the schedule of state financial assistance as required by NJ OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid*, and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements, schedules of expenditures of Federal and State Awards, is the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic

financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements, schedule of expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Costs Principles*, (Uniform Guidance), and the schedule of state financial assistance as required by NJ OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid*, is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 12, 2019, on our consideration of the Lower Alloways Creek Board of Education's internal control over financial reporting and our test of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of our audit performed in accordance with *Government Auditing Standards* in considering Lower Alloways Creek Board of Education's internal control over financial reporting and compliance.

REQUIRED SUPPLEMENTARY INFORMATION – PART I

Lower Alloways Creek Township School District
Management's Discussion & Analysis
Fiscal Year Ended June 30, 2019
Unaudited

This section of the Lower Alloways Creek Township School District's Comprehensive Annual Financial Report presents our discussion and analysis of the District's financial performance during the fiscal year ended June 30, 2019. Please read it in conjunction with the transmittal letter at the front of this report and the District's financial statements.

Overview of the Financial Statements

The Comprehensive Annual Financial Report consists of three parts: Management's Discussion and Analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *District-wide financial statements* that provide both *short-term and long-term* information about the District's *overall* financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the District, reporting the District's operations in *more detail* than the District-wide statements.
- The *Governmental Funds statements* tell how *basic* services such as regular and special education were financed in the *short-term* as well as what remains for future spending.
- *Proprietary Funds statements* offer *short-term and long-term* financial information about activities the District operates *like business*.
- *Fiduciary Funds statements* provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others.

The financial statements also include *notes* that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of *Required Supplementary Information* that further explains and supports the financial statements with a comparison of the District's budget for the year.

Key financial highlights for 2018-2019 are as follows:

- Governmental general revenues accounted for \$5,135,889 in revenue or 97% percent of all revenues. Program specific revenues in the form of charges for services of \$138,609 or 3% percent to total revenues of \$5,274,498 (See Exhibit A-2).
- Total net position of Governmental Activities increased by \$52,679 comprised of changes in cash and cash equivalents, receivables, inventory, and capital assets. The net position of the Business-type Activities increased by \$3,334 (See Exhibit A-2).
- The School District had \$5,310,448 in expenses, of which only \$226,572 of these expenses were offset by program specific charges for services, grants or contributions. General revenues (primarily federal awards, state aid, and property taxes) of \$5,139,889 were adequate to provide for these programs. These revenues and expenses include the Business-type Activities (See Exhibit A-2).
- The Governmental Funds had \$4,918,988 in revenues and \$4,721,537 in expenditures. The General Fund's balance increased \$218,397 over FY 2018 net change in fund balance (See Exhibit B-2).

District-wide Financial Statements – Reporting the School District as a Whole

The District-wide statements report information about the District as a whole using accounting methods similar to those used by private sector companies. The Statement of Net Position includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

District-wide Financial Statements – Reporting the School District as a Whole (Continued)

The two District-wide statements report the District's *net position* and how they have changed. Net position - the difference between the District's assets and liabilities - are one way to measure the District's overall financial health or *position*.

- Over time, increases or decreases in the District's net position are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the overall financial condition of the District, additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities should be considered.

In the District-wide financial statements, the District's activities are divided into two categories:

- **Governmental Activities** - Most of the District's basic services are included here, such as regular and special education, transportation, and administration. Property taxes and state aid finance most of these activities.
- **Business-type Activities** - The District charges fees to help it cover the costs of certain services it provides. The District's Food Service and Latchkey Programs are reported as Business-type Activities.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The fund financial statements provide more detailed information about the District's *funds*, focusing on its most significant or "major" funds - not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by state law and by bond covenants.
- The District establishes other funds to control and manage money for particular purposes, (such as repaying its long-term debts or completing approved capital projects) or to show that it is properly using certain revenues (such as federal grants).

The District has four kinds of funds:

- **Governmental Funds** - Most of the District's basic services are included in Governmental Funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and; (2) the balances left at year-end that are available for spending. Consequently, the Governmental Funds statements provide a detailed short-term view that helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the District-wide statements, additional information at the bottom of the Governmental Funds statements explains the relationship (or differences) between them.
- **Proprietary Funds** - Services for which the District charges a fee are generally reported in Proprietary Funds. Proprietary Funds are reported in the same way as the District-wide statements. In fact, the District's *Enterprise Funds* (one type of Proprietary Fund) are the same as its Business-type Activities, but provide more detail and additional information, such as cash flows.

Fund Financial Statements (Continued)

- **Internal Service Funds** - (the other kind of Proprietary Fund) are optional and utilized to report activities that provide supplies and services for other district programs and activities and for other districts. The District currently does have an Internal Service Fund.
- **Fiduciary Funds** - The District is the trustee, or *fiduciary*, for assets that belong to others, such as the Student Activity Fund. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the District-wide financial statements because the District cannot use these assets to finance its operations.

Financial Analysis of the District as a Whole

Table 1 provides a comparative summary of the School District's net position for the fiscal years ended in 2019 and 2018.

Net Position: The District's combined net position is \$3,109,936 on June 30, 2019. Approximately .78% of the total net position are from Business-type Activities, while the balance of the total net position of 99.22% is attributable to Governmental Activities.

Governmental Activities

The District's total revenues are \$5,366,461 for the fiscal period ended June 30, 2019. The revenue breakout for all funds is as follows: Property taxes 61.3%; state formula aid 32.7%; state and federal aid for specific programs fees charged for services and miscellaneous resources was 3.2%.

The unique nature of property taxes in New Jersey creates the need to routinely seek voter approval for the School District operations only when the budget exceeds the State mandated CAP.

Governmental Activities (Continued)

The total cost of services, as shown above, was \$5,310,448. The net costs of all Governmental programs and services was \$5,083,876. Instruction and instructional related services comprise 52.5% of the total District expenses.

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows a comparison of the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the District's taxpayers by each of these functions.

Instructional expenses include activities directly dealing with the teaching of pupils and the interaction between teachers and students, including extracurricular activities.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching the students, including curriculum and staff development. Curriculum and staff development expenses (included in support services) related to planning, research, development, and evaluation of support services, as well as the reporting of this information internally and to the public.

Extracurricular activities include instructional expenses related to student activities provided by the School District which are designated to provide opportunities for students to participate in school events, public events, or a combination of these for the purposes of motivation, enjoyment, and skill improvement.

General administration, school administration, and business administration include expenses associated with administrative and financial supervision of the District.

Operation and maintenance of facilities of activities involve keeping the school grounds, buildings, and equipment in an effective working condition.

Other includes Enterprise Fund expenditures and unallocated depreciation.

Business-type Activities

Revenues of the District's Business-type Activities (food and nutrition services) were comprised of charges for services and federal and state reimbursements.

- Business-type Activities revenues exceeded expenditures by \$3,334.
- Charges for services represent \$53,279 of revenue. This represents amounts paid by patrons.
- Federal and state reimbursements include payments for free & reduced lunches and donated commodities were \$34,684.

The School District's Funds

Information about the School District's Major Funds starts on (Exhibit B-1). These funds are accounted for using the modified accrual basis of accounting. All Governmental Funds implemented (i.e., General Fund, Special Revenue Fund, and Capital Projects Fund, presented in the fund-based statements) had total revenues of \$4,918,988 and expenditures of \$4,721,537 (Exhibit B-2). The net change in fund balance for the year was \$208,169. This demonstrates that the District was able to meet current operating costs with no urgent need for additional funds. The District was not required to maintain a Debt Service Fund in the 2018-2019 fiscal year.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the Governmental Funds for the fiscal year ended June 30, 2019, and the amount and percentage of increases and decreases in relation to prior year revenues.

Revenue	Amount	Percent of Total	Increase (Decrease) from 2018	Percent of Increase (Decrease)

General Fund Budgetary Highlights

The School District's Budget is prepared according to New Jersey Law and is based on accounting for certain transactions on a basis of modified accrual and encumbrance accounting. The most significant budgeted fund is the General Fund.

During the course of the year, the School District amended its General Fund budget as needed. The School District uses program based budgeting. These budgeting systems are designed to tightly control total program budgets while providing flexibility for program management to address the following:

- Transfers of available funds into the capital account.
- Transfers between budgetary line accounts to prevent overruns.

While the District's final budget for the General Fund anticipated that revenues, including surplus appropriated, would roughly equal expenditures, the actual results for the year show a change of \$210,549 as shown on Exhibit C-1. There was a transfer to Food Service Fund of \$4,000.

The District's final FY 2019 budget anticipated \$204,001 in fund balance; \$0 of prior year encumbrances, decreased by budgeted increase in capital reserve of \$500 for interest and \$100 for interest budgeted for maintenance reserve for this fiscal period.

Capital Assets

The Lower Alloways Creek Township School District investment in capital assets for its Governmental and Business-type Activities as of June 30, 2019, amounts to \$2,579,079 (net of accumulated depreciation). This investment in capital assets includes land, buildings, equipment, and furniture (more detailed information about capital assets can be found in Note 6 to the financial statements).

Capital Assets (Net of Depreciation)

	FY 2019		FY 2018		Total	
	Governmental	Business- Type	Governmental	Business- Type	FY 2019	FY 2018

Overall capital assets decreased by \$166,739 from fiscal year 2018, which is mainly attributed to depreciation. Depreciation expenses were \$185,954 for the fiscal year 2019 for Governmental Funds and \$821 for food service.

Long-Term Debt

Lower Alloways Creek Township School District has \$60,900 in compensated absences which is the only long-term debt as of June 30, 2019.

Factors Bearing on the District's Future

While Lower Alloways Creek Township is primarily a residential community, the funding of school operations is provided by industrial property owners.

The District anticipates an enrollment of 160 students for the 2019-2020 fiscal year.

In conclusion, the Lower Alloways Creek Township School District has committed itself to fiscal responsibility for many years. In addition, the School District's system for financial planning, budgeting, and internal financial controls are function. The School District plans to continue its sound fiscal management to meet the requirements of the future, which entail matching revenues to meet expense requirements.

NOTES TO THE FINANCIAL STATEMENTS

**LOWER ALLOWAYS CREEK TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Introduction

The Lower Alloways Creek Township School District is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials who are responsible for the fiscal control of the District. A Superintendent is appointed by the Board and is responsible for the administrative control of the District.

The financial statements of the Board of Education of Lower Alloways Creek Township School District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to Governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing Governmental accounting and financial reporting principles. In its accounting and financial reporting, the District follows the pronouncements of the Governmental Accounting Standards Board (GASB). The more significant accounting policies established in (GAAP) and used by the District are discussed below.

A. Reporting Entity

The Lower Alloways Creek Township School District is a Type II District located in the County of Salem, State of New Jersey. As a Type II District, the School District functions independently through a Board of Education. The Board is comprised of nine members elected to three-year terms. The purpose of the District is to educate students in grades K-8.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is whether:

- the organization is legally separate (can sue or be sued in their own name)
- the District holds the corporate powers of the organization
- the District appoints a voting majority of the organization's Board
- the District is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the District
- there is a fiscal dependency by the organization on the District

Based on the aforementioned criteria, the District has no component units.

B. Government-wide Statements

The School District's basic financial statements include both Government-wide (reporting the District as a whole) and fund financial statements (reporting the District's Major Funds). Both the Government-wide and fund financial statements categorize primary activities as either Governmental or Business-type. The District's general, special revenue, capital projects, and debt service are classified as Governmental Activities. The District's food service and latchkey programs are classified as Business-type Activities.

In the Government-wide Statement of Net Position, both the Governmental and Business-type Activities columns (a) are presented on a consolidated basis by column, (b) and are reported on a full accrual, economic resource basis which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position is reported in three parts: invested in capital assets, net of related debt; restricted net position; and unrestricted net position. The District first utilizes restricted resources to finance qualifying activities.

**LOWER ALLOWAYS CREEK TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-wide Statements (Continued)

The Government-wide Statement of Activities reports both the gross and net costs of each of the District's functions and Business-type Activities (food service and latchkey). The functions are also supported by general government revenues (property taxes, tuition, certain intergovernmental revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenue, operating, and capital grants. Program revenues must be directly associated with the function (regular instruction, vocational programs, student and instruction related services, etc.) or Business-type Activities. Operating grants include operating specific and discretionary (either operating or capital) grants while the capital grants column reflects capital specific grants.

The net costs (by function or Business-type Activity) are normally covered by general revenue (property taxes, tuition, interest income, etc.).

The District does not allocate indirect costs such as depreciation expense, on-behalf TPAF Pension contributions and TPAF Social Security Contributions.

The Government-wide focus is more on the sustainability of the District as an entity and the change in the District's net assets resulting from the current year's activities.

C. Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues, and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The District reports the following Governmental Funds:

GOVERNMENTAL FUNDS

The focus of the Governmental Funds' measurement (in the fund statements) is upon determination of financial position and change in financial position (sources, uses and balances of financial resources) rather than upon net income. The following is a description of the Governmental Funds of the District.

General Fund - The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the Capital Outlay Subfund.

As required by the New Jersey State Department of Education, the District included budgeted capital outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, District taxes, and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds,

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

General Fund (Continued) - construction of buildings, additions to or remodeling of buildings, and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by Board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Governments, (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction, and improvement programs.

PROPRIETARY FUNDS

The focus of the Proprietary Funds measurement is upon the determination of operating income, changes in net assets, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to business in the private sector. The following is a description of the Proprietary Funds of the District.

Enterprise Funds - The Enterprise Funds account for all revenues and expenses pertaining to the Board's operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e. expenses including depreciation and indirect costs) of providing goods or services on a continuing basis are financed or recovered primarily through user charges.

The District's Enterprise Funds are comprised of the Food Service Fund and Child Care.

Internal Service Fund - The Internal Service Fund accounts for the financing of services provided by one department to other departments of the School District, or to other Governments on a cost-reimbursement basis.

FIDUCIARY FUNDS

Fiduciary Funds are used to report assets held by the District in a trustee capacity or as an agent for individuals, private organizations, and other governments and, therefore, not available to support District programs. The reporting focus is on net assets. Changes in net position are reported using accounting principles similar to Proprietary Funds.

The emphasis in fund financial statements is on the major funds in either the Governmental or Business-type activities categories. Non-major funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The non-major funds are combined in a column in the fund financial statements.

LOWER ALLOWAYS CREEK TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FIDUCIARY FUNDS (CONTINUED)

The District's Fiduciary Funds are presented in the Fiduciary Fund financial statements by type. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the Government-wide statements.

The Fiduciary Funds include Student Activity Fund, Payroll, and Payroll Agency Funds, which are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

D. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported on the financial statements. It also related to the timing of the measurement made regardless of the measurement focus applied.

Both Governmental and Business-type Activities in the Government-wide financial statements and the proprietary and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

The Governmental funds financial statements are reported on the modified accrual basis of accounting. Under this method, revenues are recorded when they become both susceptible to accrual; i.e. both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. The exception to this general rule is that principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. Proceeds of general obligation long-term debt, if any, is recognized when due.

The accounting records of the Special Revenue Fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas, the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

E. Cash and Cash Equivalents

Cash and cash equivalents include petty cash, change funds, cash in banks, money market accounts, and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost, plus accrued interest. U.S. Treasury agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

For purposes of determining cash equivalents the District considers all investments with an original maturity of three months or less as cash equivalents.

**LOWER ALLOWAYS CREEK TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Cash and Cash Equivalents (Continued)

New Jersey School Districts are limited to the types of investments and types of financial institutions they may invest in. (NJSA 18A:20-37) provides a list of permissible investments that may be purchased by New Jersey School Districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

NJSA 17:9-41 et seq. establishes the requirements for the security of deposits of Governmental Units. The statute requires that no Governmental Unit shall deposit public funds in a depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value of at least 5% of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

F. Inventories

Inventories in the General Fund consist of expendable supplies held for the District's use and are carried at cost using first-in, first-out method. Inventories in the Enterprise Fund are valued at cost, which approximates market, using first-in, first-out method. Inventory in the Food Service Fund at June 30, 2019, consisted of the following:

Food - commodities	\$	150
Supplies		51
Food		352
	<u>\$</u>	<u>553</u>

The value of federal donated commodities are reflected in Schedule A (required by Single Audit Law of 1984) is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of non-operating revenue in the financial statements.

G. Capital Assets

Capital assets purchased or acquired with an original cost of \$2,000 or more are reported at historical costs or estimated historical cost. Donated capital assets are valued at their estimated fair market value on the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is computed using the straight-line method over the estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Site improvements	15-20
Building & improvements	20-50
Machinery & equipment	5-20

LOWER ALLOWAYS CREEK TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Capital Assets (Continued)

GASB No. 34 requires the District to report and depreciate new infrastructure assets. Infrastructure assets include roads, parking lots, underground pipe, etc. Neither their historical costs nor related depreciation has historically been reported in the financial statements. The District has included infrastructure assets in the current fiscal year.

H. Revenues

Substantially all Governmental Fund revenue is accrued. Property taxes are susceptible to accrual and under New Jersey State statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable." Subsidies and grants to Proprietary Funds, which finance either capital or current operations, are reported as non-operating revenue. In respect to grant revenues, the provider recognizes liabilities and expenses and recipient recognizes receivables and revenue when the applicable eligibility requirements, including requirements are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and deferred revenue by the recipient.

I. Expenditures

Expenses are recognized when the related fund liability is incurred. Inventory costs reported in the period when inventory items are used, rather than in the period purchased.

J. Compensated Absences

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted in the period in which such services are rendered or in which such events take place.

In Governmental Funds, compensated absences that are expected to be liquidated with expendable available financial resources are reported as an expenditure and fund liability in the fund that will pay for the compensated absences. The remainder of the compensated absence liability is reported in the District-wide financial statements as a Governmental Activity.

In Proprietary and similar Trust Funds, compensated absences are recorded as an expense and liability of the fund that will pay for them.

K. Interfund Receivables/Payables

Transfers between Governmental and Business-type Activities on the District-wide statements are reported in the same manner as general revenues. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in Governmental Funds and after non-operating revenues/expenses in the Enterprise Fund. Repayment from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

LOWER ALLOWAYS CREEK TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Interfund Receivables/Payables (Continued)

On fund financial statements, short-term interfund loans are classified as interfund receivables/payables. These amounts are eliminated in the Statement of Net Position, except for amounts due between Governmental and Business-type Activities or Governmental and Agency Funds, which are presented as internal balances.

L. Accrued Salaries and Wages

None of the School District's employees who provide services to the District, over the ten month academic year, have the option to have their salaries evenly disbursed during the entire twelve month year.

M. Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the General, Special Revenue, and Debt Service Funds. The budgets are submitted to the county office for approval and are approved as long as the District budget is within State mandated CAP's, there is no public vote on the budget. If the budget exceeds State mandated CAP's, the voters have an opportunity to approve or reject the budget at the regular election held in November. Budgets are prepared using the modified accrual basis of accounting, except for the Special Revenue Fund, as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in NJAC 6:23-2(g). Budget amendments/transfers of appropriations must be made by School Board resolution at any time during the fiscal year and are subject to two-thirds majority vote by the School Board and under certain circumstances require approval by the County Superintendent of Schools. All budget amendments presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year).

Appropriations, except remaining project appropriations, encumbrances, and unexpended grant appropriations, lapse at the end of each fiscal year. The Capital Projects Fund presents the remaining project appropriations compared to current year expenditures.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For Governmental Funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles, with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the Special Revenue Fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the Governmental Fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the Special Revenue Fund are maintained on the grant accounting budgetary basis. The grants accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

LOWER ALLOWAYS CREEK TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. Encumbrances

Under encumbrance accounting purchase orders, contracts, and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in Governmental Funds, other than Special Revenue Fund, are reported as reservations of fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the Special Revenue Fund, for which the District has received advances are reflected in the balance sheet as deferred revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year-end.

O. Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

P. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the District-wide financial statements. In general, Governmental Fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources; are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from Governmental Funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

Q. Allocation of Indirect Expenses

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, were allocated based on salaries of that program. Depreciation expense, where practicable, is specifically identified by function and is included in the indirect expense column of the Statement of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

R. Extraordinary and Special Items

Extraordinary items are transactions or events that are unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

S. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

T. Net Position

Net position represents the difference between assets and liabilities. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors, or laws or regulations of other Governments. The School District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

U. Fund Balance Reserves

Fund Balance - The School District reports fund balance in classifications that comprise a hierarchy based primarily on the extent to which the School District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The School District's classifications, and policies for determining such classifications, are as follows:

Non-spendable - The Non-Spendable Fund balance classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, such as inventories and prepaid amounts.

Restricted - The Restricted Fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources either by being (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other Governments; or (2) imposed by law through constitutional provisions or enabling legislation.

Committed - The Committed Fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the School District's highest level of decision-making authority, which, for the School District, is the Board of Education. Such formal action consists of an affirmative vote by the Board of Education, memorialized by the adoption of a resolution. Once committed, amounts cannot be used for any other purpose unless the Board of Education removes, or changes, the specified use by taking the same type of action (resolution) it employed to previously commit those amounts.

Assigned - The Assigned Fund balance classification includes amounts that are constrained by the School District's *intent* to be used for specific purposes but are neither restricted nor committed. *Intent* is expressed by either the Board of Education or by the Business Administrator, to which the Board of Education has delegated the authority to assign amounts to be used for specific purposes.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

U. Fund Balance Reserves (Continued)

Unassigned - The Unassigned Fund balance classification is the residual classification for the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund is the only fund that reports a positive unassigned fund balance amount. In other funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When an expenditure is incurred for purposes for which both Restricted and Unrestricted Fund balances are available, the District considers Restricted Funds to have been spent first. When an expenditure is incurred for which Committed, Assigned, or Unassigned Fund balance are available, the District considers amounts to have been spent first out of Committed Funds, then Assigned Funds, and finally Unassigned Funds, as needed.

V. Recent Accounting Pronouncements Not Yet Effective

In January 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 84, "Fiduciary Activities." This Statement, which is effective for fiscal periods beginning after December 31, 2018, will not have any effect on the District's financial reporting.

In June 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 87, "Leases." This Statement, which is effective for fiscal periods beginning after December 15, 2019, will not have any effect on the District's financial reporting.

In June 2018, the Governmental Accounting Standards Board (GASB) issued Statement No. 89, "Accounting for Interest Costs Incurred Before the End of a Construction Period." This Statement is effective for fiscal periods beginning after December 15, 2019. Management has not yet determined the impact of this Statement on the financial statements.

In August 2018, the Governmental Accounting Standards Board (GASB) issued Statement No. 90, "Majority Equity Interests-an Amendment of GASB Statements No. 14 and No. 61." This Statement, which is effective for fiscal periods beginning after December 15, 2018, will not have any effect on the District's financial reporting.

In May 2019, the Governmental Accounting Standards Board (GASB) issued Statement No. 91, "Conduit Debt Obligations." This Statement, which is effective for fiscal periods beginning after December 15, 2020, will not have any effect on the District's financial reporting.

NOTE 2: CASH AND CASH EQUIVALENTS

Custodial Credit Risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's policy is based on New Jersey statutes requiring cash to be deposited only in New Jersey banking institutions that participate in the New Jersey Governmental Unit Deposit Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes NJSA 18A:20-37 that are treated as cash equivalents. The carrying amount of the District's cash and cash equivalents at June 30, 2019 and 2018, were \$1,498,982 and \$1,325,920. As of June 30, 2019 and 2018, \$0 of the District's bank balance of \$1,616,859 and \$1,199,172, respectively, was exposed to Custodial Credit Risk.

NOTE 3: INVESTMENTS

As of June 30, 2019 and 2018, the District did not have any investments.

Interest Rate Risk - The District does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, NJSA 18A:20-37 limits the length of time for most investments to 397 days.

Credit Risk - NJSA 18A:20-37 limits District investments to those specified in the Statutes. The type of allowable investments are: Bonds of the United States of America or of the District or the local units in which the District is located; obligations of federal agencies not exceeding 397 days; Government Money Market Mutual Funds; the State of New Jersey Cash Management Plan; local Government investment pools; or repurchase of fully collateralized securities.

Concentration of Credit Risk - The District places no limit on the amount the District may invest in any one issuer.

NOTE 4: RECEIVABLES

Receivables at June 30, 2019, (see Exhibit B-1 and B-4) consisted of intergovernmental and property taxes receivable. All receivables are considered collectible in full. A summary of the principal items of the intergovernmental receivables are as follows:

	Governmental Activities	Business- Type Activities
State aid	\$ 123,590	\$ 40
Other	589	
Federal aid		1,523
	\$ 124,179	\$ 1,563

NOTE 5: CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the Board of Education by inclusion of \$500 on October 10, 2000, for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the General Fund and its activity is included in the General Fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the District's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual General Fund budget certified for taxes or by transfer by Board resolution at year-end (June 1 to June 30) of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to NJSA 19:60-2. Pursuant to NJAC 6A:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP. The June 30, 2019, LRFP balance does not exceed the capital reserve balance.

Bonds Authorized But Not Issued

As of June 30, 2019, the Board has \$0 of bonds authorized but not issued.

Capital Leases

As of June 30, 2019, the Board has \$0 capital leases.

Other

Interest paid on debt issued by the District is exempt from federal income tax. Because of this, bond holders are willing to accept a lower interest rate than they would on taxable debt. The District temporarily reinvests the proceeds of such debt in higher-yielding taxable securities, especially during construction projects. The federal tax code refers to this as arbitrage.

Earnings in excess of the yield on the debt issue are rebated to the Federal Government based on the requirements in the Internal Revenue Code. Arbitrage rebate payable represents amounts due to the Internal Revenue Service for interest earned on unspent bond proceeds that exceeds legally allowable returns.

Rebatable arbitrage liabilities related to District debt are not recorded in Governmental Funds. There is no recognition in the balance sheet or income statement until rebatable amounts are due and payable to the Federal Government. Thus, rebatable arbitrage liabilities related to Governmental debt will be accrued as incurred at least annually (at fiscal year-end) on the District-wide financial statements.

For the year ended June 30, 2019, it is not necessary for the Board to establish a liability for arbitrage rebate.

Compensated absences are recorded as long-term liabilities due in more than one year.

Description of Plans - All eligible employees of the District are covered by the Public Employees' Retirement System, (PERS), or Teachers' Pension and Annuity Fund (TPAF) a cost-sharing, multiple-employer defined benefit pension plan which has been established by state statute and is administered by the New Jersey Division of Pension and Benefits (Division).

According to the State of New Jersey Administrative Code, all obligations of the System will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees' Retirement System and the Teachers'

Pension and Annuity Fund. The reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295 or can be accessed on the internet at: <http://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of NJSA 18A:66 to provide retirement benefits, death, disability, and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing, multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners and employees of the Department of Education who have titles that are unclassified, professional, and certified.

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established as of January 1, 1955, under the provisions of NJSA 43:15A to provide retirement, death, disability, and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing, multiple-employer plan. Membership is generally required for substantially all full-time employees of the State or any county, municipality, school district or public agency provided the employee is not a member of another state-administered retirement system or other state or local jurisdiction.

Funding Policy - The contribution policy is set by NJSA 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997, and NJSA 18:66 and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The TPAF and PERS provide for 7.50% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in PERS. The actuarially determined contribution includes funding for, cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums.

The District's contributions to the PERS for the years ending June 30, 2019, 2018, and 2017, were \$26,709, \$25,881, and \$24,694, respectively, equal to the required contributions for each year. The School District's share of the TPAF for normal contributions, post-retirement medical benefits and life insurance premiums for the years ending June 30, 2019, 2018, and 2017, which were \$417,857, \$357,961, and \$293,915, respectively, paid by the State of New Jersey on behalf of the Board, equal to the required contributions for each year.

Also, in accordance with NJSA 18A:66-66, the State of New Jersey reimbursed the District for the years ending June 30, 2019, 2018, and 2017; \$105,813, \$103,528, and \$108,147, for the employer's share of social security contributions for the TPAF members, as calculated on their base salaries. This amount has been included in the financial statements, and the combining and individual fund and account group statements and schedules as a revenue and expenditure in accordance with GASB 27.

The Board's total payroll for the years ending June 30, 2019, 2018, and 2017, was \$1,916,117, \$1,889,540, and \$1,934,029, covered payroll was \$1,467,749, \$1,467,412, and \$1,524,887, for the TPAF and \$212,351, \$207,087, and \$202,668, for the PERS.

Defined Contribution Retirement Program (Continued) - 2007 (NJAC 43:15C-1 et seq.).

The DCRP provides eligible members and their beneficiaries, with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provision are established by NJSA 43:15C-1 et seq.

The contribution requirements of plan members are determined by state statute. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. The State Treasurer has the right under the current law to make temporary reductions in member rates based on the existence of surplus pension assets in the retirement system; however, state statute also requires the return to the normal rate when such surplus pension assets no longer exist. In addition to the employee contributions, the School District's contributes amounts for each pay period to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period. The School District's contributions for the years ending June 30, 2019, 2018, and 2017, were \$5,303, \$5,682, and \$4,975.

NOTE 9: POSTEMPLOYMENT BENEFITS

The State provides post-retirement medical (PRM) benefits for certain State and other retired employees meeting the service credit eligibility requirements. In Fiscal Year 2018, the State paid PRM benefits for 148,401 State and local retirees.

The State funds post-retirement medical benefits on a "pay-as-you-go" basis, which means that the State does not pre-fund, or otherwise establish a reserve or other pool of assets against the PRM expenses that the State may incur in future years. For Fiscal Year 2018, the State contributed \$1.909 billion to pay for pay-as-you-go PRM benefit costs incurred by covered retirees. The increase in the State's pay-as-you-go contribution between Fiscal Year 2017 and Fiscal Year 2018 is attributed to rising health care costs, an increase in the number of participants qualifying for State-paid PRM benefits at retirement and larger fund balance utilization in Fiscal Year 2017 than in Fiscal Year 2018. The Fiscal Year 2019 Appropriations Act includes \$1.921 billion as the State's contribution to fund pay-as-you-go PRM costs.

In accordance with the provisions of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the State is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to retired plan members. This new standard supersedes the previously issued guidance, GASB Statement No. 45, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, effective for Fiscal Year 2018. The State is now required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments. As such, the Fiscal Year 2017 total State OPEB liability to provide these benefits has been re-measured to \$97.1 billion, an increase of \$60.6 billion or 166 percent from the previous year's \$36.5 billion liability booked in accordance with GASB Statement No. 45. For Fiscal Year 2018, the total OPEB liability for the State is \$90.5 billion, a decrease of \$6.6 billion or 7 percent from the remeasured total OPEB liability in Fiscal Year 2017.

The School Employees Health Benefits Program (SEHBP) Act is found in New Jersey Statutes Annotated, Title 52, Article 17.25 et seq. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code.

Total OPEB Liability

The State of New Jersey, a nonemployer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The School District's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Accordingly, the School District did not recognize any portion of the collective net OPEB liability on the Statement of Net Position. Accordingly, the following OPEB liability note information is reported at the State's level and is not specific to the board of education/board of trustees. The State's proportionate share of the net OPEB liability associated with the School District as of June 30, 2019, was \$11,603,756. Since the OPEB liability associated with the School District is 100% attributable to the State, the OPEB liability will be referred to as the total non-employer OPEB liability. Note that actual numbers will be published in the NJ State's CAFR at: <http://www.state.nj.us/treasury/pensions/gasb-notices.shtml>.

Actuarial assumptions and other imputes. The total OPEB liability in the June 30, 2018, actuarial valuation reported by the State in the State's most recently issued CAFR was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified.

Inflation	2.50%
Salary increases	Differs by pension group (e.g. - PERS, TPAF). See Actuarial Assumptions in the Notes to Required Supplementary Information - Note 4
Discount rate	3.87%

The discount rate was based on the Bond Buyer General Obligation 20-Bond Municipal Bond index.

Pre-retirement mortality rates were based on the RP-2006 Headcount-Weighted Healthy Employee Male/Female mortality table with fully generational mortality improvement projections from the central year using the MP-2017 scale. Post-retirement mortality rates were based on the RP-2006 Headcount-Weighted Healthy Annuitant Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale. Disability mortality was based on the RP-2006 Headcount-Weighted Disabled Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale.

The actuarial assumptions used in the June 30, 2017, valuation were based on the results of actuarial experience studies for the periods July 1, 2012 - June 30, 2015, July 1, 2011 - June 30, 2014, and July 1, 2010 - June 30, 2013, for TPAF, PERS, and PFRS, respectively. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2019, the Board of Education recognized \$352,510 in OPEB expense and revenue, in the government-wide financial statements, for the State's proportionate share of the OPEB Plan's OPEB expense associated with the School District. This expense and revenue was based on the OPEB Plan's June 30, 2018, measurement date.

In accordance with GASBS No. 75, the School District's proportionate share of the OPEB liability is zero. As such, there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources. At June 30, 2019, the State reported deferred outflows of resources and deferred inflows of resources related to retired school employee's OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience		\$ (4,476,086,167)
Changes of assumptions or other inputs		(10,335,978,867)
Total	None	\$ (14,812,065,034)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to retired school employee's OPEB will be recognized in OPEB expense as follows:

Year Ended June 30,	
2019	\$ (1,825,218,593)

NOTE 11: DEFERRED COMPENSATION

The Board offers its employees a choice of various deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

Lincoln Investment Planning, Inc.

MetLife

Voya

NOTE 12: COMPENSATED ABSENCES

The District accounts for compensated absences using the termination method (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences." A liability for compensated absences that are attributable to services already rendered and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policies. The District's policy permits employees to accumulate sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the District for the unused sick leave in accordance with District's agreements with the various employee unions. The District uses the vesting method to record the liability.

For the District-wide *Statement of Net Position*, the liabilities whose average maturities are greater than one year should be reported in two components - the amount due within one year and the amount due in more than one year. The liability for compensated absences in the Governmental Fund at June 30, 2019, is \$60,900. The liability for compensated absences in the Food Service Fund at June 30, 2019, is \$0.

NOTE 13: EMPLOYEE BENEFITS

The District established and maintains a cafeteria plan for health benefits required by NJSA 18A:16-19.1, as amended by P.L. 2011, c.78, s.51. The District entered into a pre-tax benefits plan with AFLAC. The medical care reimbursement plan maximum amount for staff as of July 1, 2011, was \$1,000.

NOTE 14: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance

The District maintains commercial insurance coverage for property, liability, and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section (Exhibit J-20) of this Comprehensive Annual Financial Report. During the fiscal year ended June 30, 2019, the District did not incur claims in excess of their coverage.

NOTE 14: RISK MANAGEMENT (CONTINUED)

The District is a member of the New Jersey School Boards Association Insurance Group – ERIC – South. The purpose of this is to permit member Boards of Education to make use of their powers and resources by cooperating on a basis that will be of mutual advantage and to provide a procedure for development, administration, and provision of Risk Management Programs, a Joint Self Insurance Fund, Joint Insurance Purchases, and related services for members and their employees for the following:

- Worker’s Compensation and Employers’ Liability
- Automobile and Equipment Liability
- General Liability and Property Damage
- School Board Legal Liability
- Boiler and Machinery

New Jersey Unemployment Compensation Insurance:

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the “Benefit Reimbursement Method.” Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The table below is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid, and the ending balance of the District’s expendable trust fund for the current and previous two years:

Fiscal Year	District Contributions	Employee Contributions	Amount Reimbursed	Ending Balance
2018-2019		\$ 3,514	\$ 10,974	\$ 178,443
2017-2018		3,350	187	185,034
2016-2017		3,685	8,198	181,597

NOTE 15: FUND BALANCE APPROPRIATED

Restrictions of fund balances of Governmental Funds are established to either (1) satisfy legal covenants that require a portion of the fund balance to be segregated or (2) identify the portion of the fund balance that is not appropriate for future expenditures.

The District uses restricted/committed amounts to be spent first when both Restricted and Unrestricted Fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the District does not have a formal fund balance spending policy therefore the default spending order requires committed, assigned, and then unassigned to be used/spent first when expenditures are made.

The District follows the State of New Jersey’s minimum fund balance policy for New Jersey Public School Districts (NJSA 18A:7F-7). Pursuant to that policy, an Undesignated Fund balance of 2% of the General Fund budget or \$250,000, whichever is greater may be maintained. Specific classifications of fund balance are summarized below:

Non-Spendable Fund Balance - The District had no non-spendable fund balance at June 30, 2019.

NOTE 15: FUND BALANCE APPROPRIATED (CONTINUED)

Restricted Fund Balance:

Capital Reserve Account - Of the \$91,393 balance in the capital reserve account at June 30, 2019, \$0 has been designated for utilization in the 2019-2020 budget. These funds are restricted for future capital outlay expenditures for projects in the School District's long range facilities plan.

Maintenance Reserve Account - Of the \$109,204 balance in the maintenance reserve account at June 30, 2019, \$0 has been designated for utilization in the 2019-2020 budget. These funds are restricted for required maintenance of school facilities in accordance with the Educational Facilities Construction and Financing Act (EFCFA) (NJSA 18A:7G-9) as amended by P.L. 2004, c.73 (S1701).

Emergency Reserve Account - At June 30, 2019, there was \$0 fund balance.

Excess Surplus - At June 30, 2019, excess surplus created in FY 2018 of \$477,932 will be utilized for expenditures in the 2019-2020 budget, while excess surplus created in FY 2019 of \$467,068 is restricted and will be utilized for budget expenditures in 2020-2021.

Debt Service Fund - At June 30, 2019, there was \$0 fund balance.

Committed Fund Balance - The District had no fund balance at June 30, 2019.

Assigned Fund Balance - At June 30, 2019, the Board has assigned \$18,059 of General Fund balance to expenditures in the 2019-2020 budget. \$4,415 was assigned for other purposes as of the year-end. This represents encumbrances resulting from issuing purchase orders as a result of normal purchasing activities approved by District officials.

Unassigned Fund Balance - At June 30, 2019, the District has \$211,680 of Unassigned Fund balance in the General Fund.

NOTE 16: CALCULATION OF EXCESS SURPLUS

The designation of Reserve Fund Balance - Excess surplus is a required calculation pursuant NJSA 18A:7F-7, as amended. New Jersey School Districts are required to reserve General Fund, fund balance at the fiscal year-end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2019, is \$945,000.

NOTE 17: ECONOMIC DEPENDENCY

The District is heavily reliant on the local tax levy and state sources to fund the District operations. State sources funded approximately 28% of the District's 2018-2019 Governmental Fund revenue, while local tax levy accounted for approximately 66.9%.

NOTE 18: INTERFUND RECEIVABLES AND PAYABLES

There were no interfund balances remaining on the balance sheet at June 30, 2019.

NOTE 19: OPERATING LEASES

The District has commitments to lease copy machines under non-cancelable operating leases spanning 48 months. Monthly payments range from \$55-\$282 a month per machine. Total lease payments made during the year ended June 30, 2019, amounted to \$5,793. Future minimum lease payments are as follows:

Year Ended June 30,	Amount
2020	\$ 5,310
2021	5,310
2022	5,310
2023	3,389
	<u>\$ 19,319</u>

NOTE 20: TAX ABATEMENTS

As defined by the Governmental Accounting Standards Board (GASB), a tax abatement is an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. School districts are not authorized by New Jersey statute to enter into tax abatement agreements. However, the county or municipality in which the school district is situated may have entered into tax abatement agreements, and that potential must be disclosed in these financial statements. If the county or municipality entered into tax abatement agreements, those agreements will not directly affect the school district's local tax revenue because NJSA 54:4-75 and NJSA 54:4-76 require that amounts so forgiven must effectively be recouped from other taxpayers and remitted to the school district.

For a local school district Board of Education or board of school estimate that has elected to raise their minimum tax levy using the required local share provisions at NJSA 18A:7F-5(b), the loss of revenue resulting from the municipality or county having entered into a tax abatement agreement is indeterminate due to the complex nature of the calculation of required local share performed by the New Jersey Department of Education based upon district property value and wealth.

The Township of Lower Alloways Creek did not have any tax abatements for the year ended December 31, 2018.

NOTE 21: COMMITMENTS AND CONTINGENCIES

The School District participates in Federal and State assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The School District is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

It is the opinion of the administration and legal counsels, there exists no litigation or contingent liability that may be pending against the Lower Alloways Creek Township School District that would have a material or adverse effect on the Board or the financial position of the District.

NOTE 22: CHANGE IN ACCOUNTING ESTIMATE

During the prior year beginning July 1, 2017, the District adopted the Governmental Accounting Standards Board (GASB) Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions" whose primary objective is to improve accounting and financial reporting for postemployment benefits other than pensions (OPEB). These statements establish standards for measuring and recognizing liabilities, deferred outflows of resources, and deferred inflows of resources, and expense/expenditures for OPEB.

The State is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The LEA's proportionate share percentage determined under paragraph 193 and 203 through 205 of GASB Statement No. 75 is zero.

The effect of the State being the only entity that has a legal obligation to make employer contributions to OPEB is to eliminate the OPEB liability and deferred inflows related to OPEB by increasing the fiscal year ended June 30, 2018, net position by \$14,721,463 which is the prior period net OPEB liability and deferred inflows related to OPEB. Financial statements for the fiscal year ended June 30, 2018, have not been restated, and the cumulative effect of the change totaling \$14,721,463, is shown as a one-time credit to net position in the fiscal year ended June 30, 2019, statement of activities.

NOTE 23: SUBSEQUENT EVENTS

Management has reviewed and evaluated all events and transactions that occurred between June 30, 2019 and November 12, 2019, the date that the financial statements were issued for possible disclosure and recognition in the financial statements, and no items have come to the attention of the District that would require disclosure.

The data in the above schedule represents the allocation of the State of New Jersey's obligation on behalf of the District.

The Teachers' Pension and Annuity Fund (TPAF) On-behalf Payments is a Cost Sharing, Multi-Employer Defined Benefit Plan with a Special Funding Situation – 100% Legal Obligation of the State of New Jersey (State).

Since the State is the only entity with a legal obligation, the District's proportionate share percentage determined under paragraph 48 of GASB No. 68 is zero percent. Accordingly, the District did not recognize any portion of the TPAF collective net pension liability on the Statement of Net Position (A-1). Also on the A-1, and for the same reasons, the District did not recognize any portion of TPAF collective deferred outflows of resources and TPAF deferred inflows of resources.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION – PART III

**LOWER ALLOWAYS CREEK TOWNSHIP SCHOOL DISTRICT
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
JUNE 30, 2019**

NOTES RELATED TO PENSION BENEFITS

NOTE 1: CONTRIBUTIONS

The contribution policy for PERS is set by NJSA 15A and requires contributions by active members and contributing employers. The District's contribution amount was based on an actuarially determined rate which includes the normal cost and unfunded accrued liability.

NOTE 2: ACTUARIAL ASSUMPTIONS

The total pension liability for the June 30, 2018, measurement date was determined by an actuarial valuation as of July 1, 2017, which was rolled forward to June 30, 2018. The total pension liability for the June 30, 2016, measurement date was determined by an actuarial valuation as of July 1, 2015. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate	2.25%
Salary increases:	
Through 2026	1.65 – 4.15% based on age
Thereafter	2.65 – 5.15% based on age
Investment rate of return	7.00%

Pre-retirement mortality rates were based on the RP-2000 Employee Pre-retirement Mortality Table for male and female active participants. For State employees, mortality tables are set back 4 years for males and females. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the Conduent modified 2014 projection scale. Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from 2012 to 2013 using Projection Scale AA and using a generational approach based on the Conduent 2014 projection scale thereafter. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

The actuarial assumptions used in the July 1, 2017, valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Division of Pension and Benefits financial report at: <http://www.state.nj.us/treasury/pensions/gasb-notices.shtml>.

**LOWER ALLOWAYS CREEK TOWNSHIP SCHOOL DISTRICT
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
JUNE 30, 2019**

NOTES RELATED TO OTHER POST-EMPLOYMENT BENEFITS

NOTE 3: CONTRIBUTIONS

The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey in accordance with NJSA 52:14-17.32f. According to NJSA 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in or retires on a disability pension from one or more of the following plans: the Teacher's Pension and Annuity Fund (TPAF) or the Public Employees' Retirement System (PERS). Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011, will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

NOTE 4: ACTUARIAL ASSUMPTIONS

The total nonemployer OPEB liability as of June 30, 2018, was determined by an actuarial valuation as of June 30, 2017, which was rolled forward to June 30, 2018. The total nonemployer OPEB liability as of June 30, 2017, was determined by an actuarial valuation as of June 30, 2016. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate	2.50%
Salary increases (TPAF):	
Through 2026	1.55 – 4.55% based on years of service
Thereafter	2.00 – 5.45% based on years of service
Salary increases (PERS):	
Through 2026	2.15 – 4.15% based on age
Thereafter	3.15 – 5.15% based on age

Pre-retirement healthy mortality rates were based on the RP-2006 Headcount-Weighted Healthy Employee Male/Female mortality table with fully generational mortality improvement projections from the central year using the MP-2017 scale. Post-retirement healthy mortality rates were based on the RP-2006 Headcount-Weighted Healthy Annuitant Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale. Disability mortality was based on the RP-2006 Headcount-Weighted Disabled Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale.

The actuarial assumptions used in the June 30, 2017, valuation were based on the results of actuarial experience studies for the periods July 1, 2012 - June 30, 2015, and July 1, 2011 - June 30, 2014, for TPAF and PERS, respectively.

Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Division of Pensions and Benefits financial report at: <http://www.state.nj.us/treasury/pensions/gasb-notices-opeb.shtml>.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

The Honorable President and
Members of the Board of Education
Lower Alloways Creek Township School District
967 Main Street - Canton
Salem, New Jersey 08079

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the Governmental Activities, the Business-type Activities, each major fund, and the aggregate remaining fund information of the Lower Alloways Creek Township School District, in the County of Salem, State of New Jersey, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise Lower Alloways Creek Township School District's basic financial statements and have issued our report thereon dated November 12, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Lower Alloways Creek Township School District's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Lower Alloways Creek Township School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

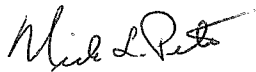

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Lower Alloways Creek Township School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

AND NEW JERSEY OMB'S CIRCULAR 15-08**

Independent Auditor's Report

The Honorable President and
Members of the Board of Education
Lower Alloways Creek Township School District
967 Main Street - Canton
Salem, New Jersey 08079

Report on Compliance for Each Major State Program

We have audited the Lower Alloways Creek Township School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the Lower Alloways Creek Township School District's major state programs for the year ended June 30, 2019. The Lower Alloways Creek Township School District's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Lower Alloways Creek Township School District's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, Audit Requirements for Federal Awards*, (Uniform Guidance), *New Jersey State Aid/Grant Compliance Supplement*, *Audits of States, Local Governments, and Non-Profit Organizations*, and the audit requirements as prescribed by the Office of School Finance, Department of

Education, State of New Jersey, and New Jersey OMB's Circular 15-08, Single Audit Policy for recipients of Federal Grants, State Grants, and State Aid. Those standards and the Uniform Guidance and New Jersey OMB's Circular 15-08, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Lower Alloways Creek Township School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the Lower Alloways Creek Township School District's compliance.

Opinion on Each Major State Program

In our opinion, the Lower Alloways Creek Township School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of the Lower Alloways Creek Township School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Lower Alloways Creek Township School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with Uniform Guidance, and New Jersey OMB's Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Lower Alloways Creek Township School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance and New Jersey OMB's Circular 15-08. Accordingly, this report is not suitable for any other purpose.

***Report on Schedules of Expenditures of Federal Awards and State Financial Assistance
Required by Uniform Guidance and New Jersey OMB's Circular 15-08.***

We have audited the financial statements Lower Alloways Creek Township School District as of and for the year ended June 30, 2019, and have issued our report thereon dated November 12, 2019, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by Uniform Guidance and New Jersey OMB's Circular 15-08 and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards and state financial assistance is fairly stated in all material respects in relation to the financial statements as a whole.

**LOWER ALLOWAYS CREEK TOWNSHIP SCHOOL DISTRICT
NOTES TO SCHEDULES OF AWARDS
AND FINANCIAL ASSISTANCE
JUNE 30, 2019**

NOTE 1: GENERAL

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance include Federal and State activity of the Board of Education, Lower Alloways Creek Township School District. The Board of Education is defined in Note 1 to the Board's basic financial statements. All Federal and State awards received directly from Federal and State agencies, as well as federal awards and state financial assistance passed through other Government agencies, is included on the Schedules of Expenditures of Federal Awards and State Financial Assistance.

NOTE 2: BASIS OF ACCOUNTING

The accompanying Schedules of Expenditures of Awards and Financial Assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the Food Service Fund, which are presented using the accrual basis of accounting. These basis of accounting are described in Note 1 to the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of 2 CFR 200 - *Uniform Administrative Requirements, Cost Principles, Audit Requirements for Federal Awards, Audits of States, Local Governments, and Non-Profit Organizations*, and New Jersey OMB's Circular 15-08. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the General Fund and Special Revenue Fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the General Fund and Special Revenue Fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The General Fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of one or more deferred June state aid payments in the current budget year, which is mandated pursuant to NJSA 18A:22-44-.2. For GAAP purposes, that, payment is not recognized until the subsequent budget year due to the state deferral and recording of one or more June state aid payment in the subsequent year. The Special Revenue Fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The Special Revenue Fund also recognizes the one or more June state aid payments in the current budget year, consistent with NJSA 18A:22-4.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$7,848 for the General Fund and \$0 for the Special Revenue Fund. See Note A (the Notes to Required Supplementary Information) for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the General and Special Revenue Funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as presented:
