November 25, 2019

Honorable President and Members of the Board of Education River Dell Regional School District County of Bergen River Edge, New Jersey

Dear Board Members:

We are pleased to submit to you the Comprehensive Annual Financial Report (CAFR) of the River Dell Regional School District (the "District") for the fiscal year ended June 30, 2019. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education (the "Board"). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the District. This report will provide the taxpayers of the River Dell Regional School District with comprehensive financial data in a format enabling them to gain an understanding of the District's financial affairs.

The Comprehensive Annual Financial Report is presented in four sections as follows:

- <u>The Introductory Section</u> contains a Table of Contents, Letter of Transmittal, Organizational Chart, a List of Principal Officials of the District, and a list of consultants and advisors to the District;
- The Financial Section begins with the Independent Auditor's Report and includes the Management's Discussion and Analysis, the Basic Financial Statements and Notes providing an overview of the District's financial position and operating results, and other schedules providing detailed budgetary information;
- <u>The Statistical Section</u> includes selected financial trends, revenue capacity, debt capacity, demographic and economic information, and operating information of the District, generally presented on a multi-year basis;
- The Single Audit Section The District is required to undergo an annual single audit in conformity with Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Information related to this single audit, including the independent auditor's report on the internal control and compliance with applicable laws, regulations, contracts and grants, along with findings and questioned costs, is included in the single audit section of this report.

#### **School District Organization**

The District provides education to 1,622 students (as of June 30, 2019) in grades seven through twelve. Geographically, the District is comprised of the Boroughs of River Edge and Oradell.

An elected nine-member Board of Education serves as the policy maker for the District. The Board adopts an annual budget and directly approves all expenditures, which serve as the basis for control over, and authorization for, all expenditures of District tax money.

The Superintendent is the chief executive officer of the District, responsible to the Board for total educational and support operations. The Business Administrator/Board Secretary is the chief financial officer of the District, responsible to the Board for maintaining all financial records, making payments of liabilities incurred by the District, acting as custodian of all District funds, and investing funds as permitted by New Jersey law.

# **Reporting Entity**

The River Dell Regional School District is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board's (GASB). All funds of the District are included in this report. The River Dell Regional School District Board of Education and its two schools constitute the District's reporting entity.

#### **Economic Condition and Outlook**

All new construction is closely monitored. The constituent communities continue to have small population growth. The two communities within the District have worked to build additional school facilities and have completed their respective referendums.

The District completed the 2018-2019 fiscal year with an enrollment of 1,622 students, which is 12 students less than the previous year's enrollment. The following details the changes in the student average daily enrollment of the District over the last five years.

#### **AVERAGE DAILY ENROLLMENT**

Fiscal Year	Student Enrollment	Percent change
2018 - 19	1,591.3	-1.85%
2017 - 18	1,621.3	.26%
2016 - 17	1,617.1	-1.64%
2015 - 16	1,644.0	-1.49%
2014 - 15	1,669.1	0.45%

The District, along with many other public school systems in the State, still faces some difficult economic situations in the future since the primary funding source is property tax revenue. The Board voted to approve a 2% tax levy cap, which eliminated the vote on the 2019-20 budget. Overall, total revenue for 2019-20 increased by 2.72%, while the expenditures increased by 4.61%. The District's administration is closely monitoring the cost of operations and continues to look for new funding sources in order to maintain the quality educational services that the District has been accustomed to providing.

The District's primary funding source is property tax revenue. The amount to be raised in taxes is determined by the School Board through the District's normal budgeting process. This process has always left the passage of adequate funding for the budget in doubt. On January 17, 2012, Governor Chris Christie signed into law A-4394/S-3148 (P.L. 2011, c.202), which gives local Boards of Education the option of changing the election date of school board members from April to November. As an incentive for Boards of Education to approve this money-saving idea, Districts do not have to put their budgets up for a vote by the electorate as long as it does not exceed the State mandated 2% Cap on property tax increases. The River Dell Board of Education adopted this change on January 23, 2012, and as result, the District's 2019-20 budget was adopted without voter approval.

The District attributes much of its past education success to the community's demand for, and support of, both a traditional and quality school system. The District will remain accountable to the residents and taxpayers who make the District their school system of choice.

## **Educational Program**

The Mission Statement of the River Dell Regional School District is stated as follows:

- 1. To provide a safe, student-centered environment in which each student is valued and respected;
- 2. To challenge each student to reach his/her potential;
- 3. To nurture every student's intellectual, social, physical and emotional growth;
- 4. To promote a healthy work ethic, a passion for learning and a respect for one's self and others:
- 5. To develop responsible citizens for our diverse community and an ever-changing world:
- 6. To continue to involve our community in an active partnership;
- 7. To provide all students the opportunity to achieve and exceed the New Jersey Core Curriculum Content Standards.

The River Dell Regional School District offers College Preparatory, Honors and Advanced Placement courses. These include regular, gifted and talented, as well as special education for disabled students. Students are offered an extensive extracurricular and athletic program including opportunities for students to participate in student government, academic, service, National Honor Society, foreign language honor societies, drama, musical performances and female/male sport's teams.

Of the Class of 2019 student body, 87% are attending four-year colleges and 7% are attending two-year colleges, among them the most prestigious in the nation. The Middle States Association of College and Secondary Schools and the New Jersey Department of Education accredit River Dell. Parents, students, staff and administration all have a strong commitment to maintain high academic and ethical standards. River Dell has won several Best Practices awards from the New Jersey Department of Education, for our innovative programs including Gifted and Talented, Self Advocacy for Special Students, Sweet Tooth Enterprises (Business), Junior MBA and Production Design. We are also a United States Department of Education Blue Ribbon School of Excellence.

River Dell offers its students a variety of rigorous academic courses, which stress writing, computer and research skills in all disciplines. Most of our students far exceed minimum graduation requirements. As previously noted, 94% of the Class of 2019 pursued higher education, with 87% of students attending a four-year college/university. Noteworthy programs/requirements include:

All students are required to take four years of English, which includes a choice of senior Language Arts courses. In addition, approximately 23% of seniors also take AP English or Syracuse University Project Advance English. Electives include Media/TV Production, which links English and Technology. In addition to required World Cultures and US History, social studies electives include Psychology, Sociology and European History. Our laboratory-based Chemistry, Physics and Biology are offered at levels ranging from College Prep to AP. Science electives include Forensic Science and Human Physiology. Mathematics courses range from Algebra I to AP Calculus. World languages are offered at various levels. Languages include Mandarin Chinese, Italian and Spanish. Each year students participate in a statewide Foreign Language Competition, sponsored by Rider University. The Related Arts Department has a wide selection of electives culminating in AP Studio Art, which requires a professional portfolio.

The District has highly competent teaching, supervisory and administrative staff with approximately 47% of our 169 certified staff (77% hold Masters Degrees) engaging in postgraduate studies beyond the masters level, while 3% hold earned doctoral degrees. This staff continues to refine its expertise and competency through ongoing staff development at local seminars, conferences and educational institutions.

#### Financial Information

Internal Accounting and Budgetary Control - Management of the District is responsible for establishing and maintaining an internal control system designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP). The internal control system is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that:

- 1. The cost of controls should not exceed the benefits likely to be derived; and
- 2. The valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state awards, the District also is responsible for ensuring that an adequate internal control system is in place to ensure compliance with applicable laws and regulations related to those programs. The internal control system is also subject to periodic evaluation by the District's management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control system, including that portion related to federal awards and state financial assistance programs, as well as to determine that the District has complied with applicable laws, regulations, contracts and grants.

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget. Annual appropriated budgets are adopted for the general fund, the special revenue fund and the debt service fund. Project-length budgets are approved for capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end either are cancelled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as committed or assigned fund balance at fiscal year-end.

# **Cash Management**

The investment policy of the District is guided in large part by state statute as detailed in "Notes to Financial Statements". The District has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

#### **Risk Management**

The District carries various forms of insurance, including but not limited to, general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents and fidelity bonds. A schedule of insurance coverage is found in Exhibit J-20.

#### **Independent Audit**

State statutes require an annual audit by independent certified public accountants. The audit firm of Smolin, Lupin & Co., P.A. was selected by the Board of Education. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Uniform Guidance and New Jersey OMB's Circular 15-08, as required. The auditor's report on the basic financial statements and specific required supplemental information is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

#### Acknowledgements

We would like to express our appreciation to the members of the River Dell Regional School District Board for their concern in providing fiscal accountability to the citizens and taxpayers of the District and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

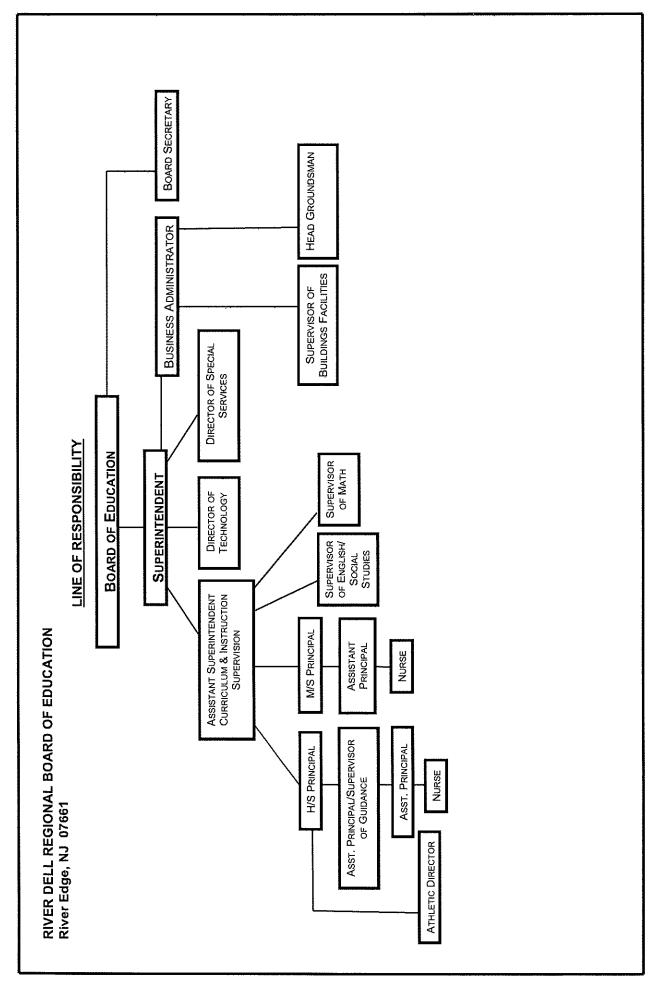

Respectfully submitted,

Patrick J. Fletcher

## Independent Auditor's Report

The Honorable President and
Members of the Board of Education
River Dell Regional School District
County of Bergen
River Edge, New Jersey

#### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of River Dell Regional School District (the School District), in the County of Bergen, State of New Jersey, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of River Dell Regional School District, in the County of Bergen, State of New Jersey, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and pension and other postemployment benefits information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise River Dell Regional School District's basic financial statements. The introductory section, combining and individual fund financial statements, financial schedules, statistical section, schedule of expenditures of federal awards, and schedule of expenditures of state financial assistance as required by New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements, schedule of expenditures of federal awards, and schedule of expenditures of state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In our opinion, the combining and individual fund financial statements, schedule of expenditures of federal awards, and schedule of expenditures of state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section, financial schedules, and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

## Other Reporting Required by Government Auditing Standards

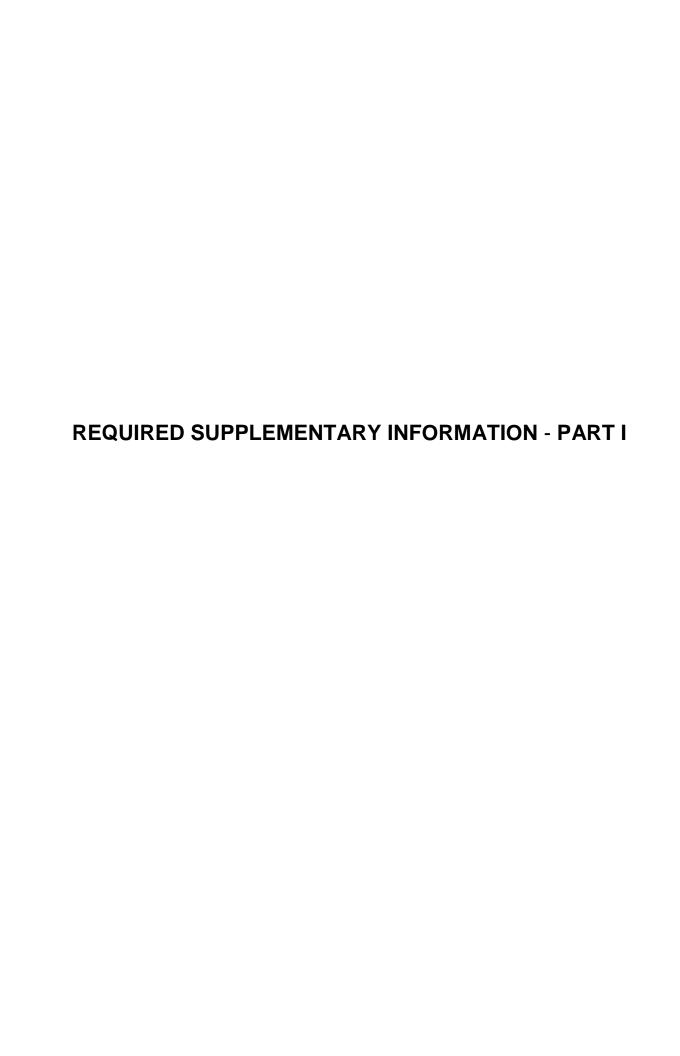

In accordance with *Government Auditing Standards*, we have also issued our report dated November 25, 2019 on our consideration of River Dell Regional School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of River Dell Regional School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering River Dell Regional School District's internal control over financial reporting and compliance.

Fairfield, New Jersey November 25, 2019

The discussion and analysis of River Dell Regional School District's (the "District") financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2019. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the District's financial performance.

#### **Financial Highlights**

Key financial highlights for fiscal year 2019 are as follows:

- In total, net position increased by \$705,097, which represents a 4.39% increase from fiscal year 2018.
- General revenues accounted for \$33,122,738 of revenue or 76.44% of the total revenue.
- Program specific revenues in the form of charges for services, capital grants and operating grants and contributions accounted for \$10,211,103 or 23.56% of total revenues of \$43,333,841.
- Total assets of governmental activities increased by \$325,462 as cash increased by \$1,186,547, receivables decreased by \$55,742, and capital assets decreased by \$805,343.
- The District had \$42,628,744 in expenses; only \$10,211,103 of these expenses was offset by program specific charges for services, grants, or contributions. General revenues (primarily taxes) of \$33,122,738 were adequate to provide for these programs.
- Among governmental funds, the general fund had \$37,330,569 in revenues and \$37,072,993 in expenditures. The general fund's fund balance increased by \$257,576 over fiscal year 2018, now totaling \$2,864,238.

#### **Using this Comprehensive Annual Financial Report (CAFR)**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the River Dell Regional School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements look at all the District's funds. In the case of River Dell Regional School District, the general fund is by far the most significant fund.

# Reporting the School District as a Whole

#### Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2018-2019?" The Statement of Net Position and the Statement of Activities answer this question. These statements include all assets and deferred outflows and liabilities and deferred inflows using the accrual basis of accounting similar to the accounting used by most private-sector businesses. This basis of accounting considers all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the District's net position and changes in net position. This change in net position is important because it tells the reader that, for the District as a whole, the financial position of the District has improved or diminished. The causes of this change may be the result of many factors; some financial and some not. Non-financial factors include the District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs, and other factors.

In the Statement of Net Position and the Statement of Activities, the District is divided into two distinct kinds of activities:

- Governmental Activities All of the District's programs and services are reported here including instruction, support services, operation, and maintenance of plant facilities, pupil transportation, and extracurricular activities.
- Business-Type Activities These services are provided on a charge for goods or services basis
  to recover all the expenses of the goods or services provided. The food services enterprise fund
  is reported as a business activity.

#### **Reporting the School District's Most Significant Funds**

#### **Fund Financial Statements**

Fund financial statements provide detailed information about the District's funds. The District uses many funds to account for a multitude of financial transactions. The District's governmental funds are the general fund, special revenue fund, capital projects fund, and debt service fund.

#### **Governmental Funds**

The District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future years. These funds are reported using an accounting method called modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental funds statements provide a detailed short-term view of the District's general governmental operations and the basic services it provides. Governmental funds information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

#### **Proprietary Funds**

The District maintains an enterprise fund, which is used to report the activity of the food service. The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

#### The School District as a Whole

The Statement of Net Position provides the perspective of the School District as a whole.

Table 1 provides a summary of the District's net position at June 30.

#### TABLE 1 NET POSITION

Increase (Decrease) in Net Position	\$ 705,	097 \$	912,424	\$ (207,327)	-22.72%

#### **Governmental Activities**

The District's total governmental activities revenues were \$43,040,340 for the year ended June 30, 2019. Property taxes made up 74.16% of revenues for governmental activities for the River Dell Regional School District for fiscal year 2019. Federal and state grants accounted for another 24.62% of governmental activities revenues.

The total cost of all governmental activities programs and services was \$42,329,805. Instruction comprises 58.15% of District expenses.

## **Business-Type Activities**

Revenues for the District's business-type activities (food service program) were comprised of charges for services.

• Food service - had an operating loss of \$5,686, which includes a loss reported by the management company, plus year-end depreciation, inventory, and other adjustments.

## **Governmental Activities**

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the District's taxpayers by each of these functions.

Table 3

	Total Cost of Services 2019	Net Cost of Services 2019	Total Cost of Services 2018	Net Cost of Services 2018	Amount Change Total Cost of Services	Amount Change Net Cost of Services
Instruction	\$ 24,614,713	\$ 17,773,697	\$ 25,658,000	\$ 16,920,191	\$ (1,043,287)	\$ 853,506
Support Services:

Maintenance of Facilities	7,218,901	6,253,121	8,272,192	6,872,970	(1,053,291)	(619,849)
Pupil Transportation	763,255	554,157	676,945	610,243	86,310	(56,086)
Charter Schools	14,948	14,948			14,948	14,948
Interest on Debt	140,637	140,637	188,291	188,291	(47,654)	(47,654)
Unallocated Depreciation and						
Loss on Disposal of Equipment	1,400,491	1,400,491	1,349,982	1,349,982	50,509	50,509
Total Expenses	\$ 42,329,805	\$ 32,411,955	\$ 43,834,895	\$ 31,409,859	\$ (1,505,090)	\$ 1,002,096

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Student and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration, and Central Services and Administrative Information Technology include expenses associated with administrative and financial supervision of the District.

Operation and maintenance of facilities involve keeping the school grounds, buildings and equipment in an effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school as well as to and from school activities, as provided by State law.

Interest on debt involves the transactions associated with the payment of interest and other related charges on debt of the District.

# **The School District's Funds**

All governmental funds (i.e., general fund, special revenue fund, capital projects fund and debt service fund presented in the fund-based statements) are accounted for using the modified accrual basis of accounting. Total revenues amounted to \$39,761,672 and expenditures were \$39,504,096. The net increase in fund balance for the year, \$257,576, was all in the general fund.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following table presents a summary of the revenues of the governmental funds for the general fund, special revenue fund and debt service fund for the fiscal year ended June 30, 2019, and the amount and percentage of increases and decreases in relation to prior year revenues. There was no capital projects fund in the current or prior year.

Revenue	_	Amount	Percent Of Total	Increase Decrease) From 2017-18	Percent Of Increase (Decrease)	
Local Sources	\$	32,445,647	81.60%	\$ 781,295	2.47%	
State Sources		6,837,171	17.20%	1,035,075	17.84%	
Federal Sources		478,854	1.20%	 39,475	8.98%	
Total	\$	39,761,672	100.00%	\$ 1,855,845	4.90%	

The increase in revenue from local sources of \$781,295 is primarily due to an increase in local tax levy. The increase in local revenue was needed to fund the additional expenditures associated with higher operating costs and the slight increases in state aid without state aid on-behalf payments.

Revenues from state sources increased by \$1,035,075. On-Behalf TPAF pension contributions, post-retirement medical, long-term disability insurance, and reimbursed TPAF social security contributions increased by a total amount of \$743,033 (which is off-set by an equal increase in expenditures). The other state aid recorded in the general fund and special revenue fund increased by \$292,042.

Federal revenues increased by \$39,475, primarily from the award of Title 1 funds.

# The School District's Funds (Continued)

The following table presents a summary of the general fund, special revenue fund, and debt service fund expenditures for the fiscal year ended June 30, 2019, and the amount of increases and decreases in relation to prior year expenditures.

Expenditures	Amount	Percent of Total	Increase (Decrease) From 2017-18	Percent of Increase (Decrease)
Current Expense:				
Instruction	\$ 14,704,942	37.22%	\$ 557,384	3.94%
Undistributed				
Expenditures	21,757,955	55.08%	1,582,269	7.84%
Capital Outlay	595,148	1.51%	(1,483,608)	-71.37%
Charter Schools	14,948	0.04%	14,948	100.00%
Special Revenue	901,703	2.28%	46,611	5.45%
Debt Service	1,529,400	3.87%	18,200	1.20%
Total	\$ 39,504,096	100.00%	\$ 735,804	1.90%

Changes in expenditures were the results of varying factors. The net increase in instruction and undistributed expenditures of \$557,384 is primarily the result of increases in supplies, tuition, special education costs and repairs. Additionally, on-behalf TPAF pension contributions, post-retirement medical, long-term disability insurance, and reimbursed TPAF social security contributions increased by a total amount of \$743,033, (which is off-set by an equal increase in revenues). Capital outlay decreased \$1,483,608 in the current year largely as a result of projects completed in the prior year. Debt service increased \$18,200 due to the change in current year principal and interest charges.

The \$46,611 increase in special revenue fund expenditures is primarily due to increased state funding of Nonpublic Services and the award of Title 1 funds.

#### **General Fund Budgeting Highlights**

The District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the general fund.

# **General Fund Budgeting Highlights** (Continued)

The District had numerous budget transfers during the 2018-2019 school year. Key highlights include:

- The District received an additional \$172,328 in state aid after the original 2018-2019 budget was certified for taxes.
- General Supplies Regular Programs Undistributed Instruction increased \$113,658 due to breakage from salaries that was used for infrastructure upgrades.
- Undistributed Expenditures Instruction Tuition to Private Schools for the Disabled within the state increased \$141,882 due to students changing classification.
- Support Services Central Services Supplies and Materials increased \$123,025 for additional upgrades to infrastructural needs.
- Custodial Services Energy (Natural Gas) Energy (Electricity) decreased \$136,054 due to much warmer winter than anticipated. Funds were used for necessary repairs.
- Student Transportation Services Contracted Services (Special Education Students) Vendors increased \$100,635 due to more outgoing special education students.
- Unallocated Employee Benefits Health Benefits decreased \$1,075,671 due to new employees not taking benefits and more "opt outs".
- Capital Outlay Equipment Grades 9-12 increased \$162,679 due to breakage from medical benefits was used to improve IT infrastructure.
- Capital Outlay Equipment Required Maintenance for School Facilities increased \$297,416, due
  to funds from various accounts were used for improvements in the following areas:
  new clocks/PA system, upgraded art room, and new IT switches.

#### **Capital Assets**

At June 30, 2019, the District had \$29,258,627 invested in land, building, improvements, and machinery and equipment. Table 4 shows fiscal year 2019 balances compared to 2018.

Table 4
Capital Assets (Net of Depreciation) at June 30,

	2019		_	2018	
Land	\$	216,520	\$	216,520	
Site Improvements		3,343,389		3,633,828	
Building and Improvements		24,551,499		25,010,059	
Machinery and Equipment		1,147,219		1,206,370	
Total	\$	29,258,627	\$	30,066,777	

# <u>Capital Assets</u> (Continued)

Overall, net capital assets decreased \$808,150 from fiscal year 2018 to fiscal year 2019. The decrease in capital assets is due primarily to depreciation greater than current year additions.

## **Debt Administration**

At June 30, 2019, the District had \$14,229,203 of outstanding debt. Of this amount, \$427,712 is for compensated absences; \$6,125,000 is serial bonds for school construction projects; and \$7,676,491 is the net pension liability for PERS.

# Table 5 Outstanding Serial Bonds at June 30,

	 2019	2018			
2004 General Obligation Refunded Bonds	\$ 6,125,000	\$	7,360,000		

At June 30, 2019, the District's available borrowing margin was \$119,097,522.

#### For the Future

The River Dell Regional School District is in good financial condition presently. The District is proud of its community support of the public schools. A concern is the student enrollment. Over the past several years, the student population has been decreasing, and this trend is projected to continue for several more years.

The River Dell Regional School District's budget for 2019-2020 was approved by the County Superintendent.

In conclusion, the River Dell Regional School District has committed itself to financial excellence for many years. In addition, the District's system for financial planning, budgeting and internal financial controls are well regarded. The District plans to continue its sound fiscal management to meet the challenge of the future.

#### **Contacting the School District's Financial Management**

The financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the District's accountability for the money it receives. If you have questions about this report or need additional information, contact the District's Business Administrator, Mr. Thomas L. Bonfiglio, at 230 Woodland Avenue, River Edge, NJ 07661.

# **DISTRICT-WIDE FINANCIAL STATEMENTS**

The statement of net position and the statement of activities display information about the District. These statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activities of the District.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Fiscal Year Ended June 30, 2019

Total net change in fund balances - governmental funds (from B-2)			\$ 257,576
Amounts reported for governmental activities in the Statement of Activities (A-2) are different because:			
Capital outlays are reported in governmental funds as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the period.			
Depreciation Capital outlays	\$	(1,400,491)	
· · · · ·	_	595,148	(805,343)
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position and is not reported in the Statement of Activities.			1,235,000
Governmental funds report District pension contributions as expenditures. However, in the Statement of Activities, the cost of pension benefits earned is reported as pension expense. This is the amount by which pension benefits earned exceeded the District's pension contributions in the current period.			(91,637)
In the Statement of Activities, interest on long-term debt is accrued regardless of when due. In the governmental funds, interest is reported when due. The accrued interest is an increase in the reconciliation.			 16,243

Sub-total

# RIVER DELL REGIONAL SCHOOL DISTRICT Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds

to the Statement of Activities For the Fiscal Year Ended June 30, 2019

Balance forward \$ 611,839

Proceeds from debt issues are a financing source in the governmental funds. Proceeds are not revenue in the Statement of Activities; issuing debt increases long-term liabilities in the Statement of Net Position.

Amortization of deferred amounts on refunding

137,520

In the Statement of Activities, certain operating expenses, e.g., compensated absences (vacations and sick days) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation; when the paid amount exceeds the amount earned, the difference is an addition to the reconciliation.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Board of Education of the River Dell Regional School District (the "District" or "School District") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

# A. Reporting Entity:

The River Dell Regional School District is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board of Education (the "Board") consists of nine members elected to three-year terms and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District. The purpose of the District is to educate students in grades 7 - 12. The Board also has broad financial responsibilities, including the approval of the annual budget and the establishment of a system of accounting and budgetary controls.

The reporting entity is composed of the primary government, component units, and other organizations that are included to ensure that the financial statements of the District are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the River Dell Regional School District, this includes general operations, food service, and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; or (3) the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Based on the foregoing criteria, the District has no component units. Furthermore, the District is not includable in any other reporting entity as a component unit.

#### B. Recent Accounting Standards:

During fiscal year 2019 the District adopted the following GASB statement:

• GASB No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements - was effective with the fiscal year ended June 30, 2019. The primary objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. The Statement will improve financial reporting by providing users of financial statements with essential information that currently is not consistently provided. In addition, information about resources to liquidate debt and the risks associated in changes in terms associated with debt will be disclosed.

# NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# B. Recent Accounting Standards (Continued):

Other accounting standards that the District is currently reviewing for applicability and potential impact on the financial statements include:

- GASB No. 84, Fiduciary Activities will be effective with the fiscal year ending June 30, 2020. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom the fiduciary relationship exists.
- GASB No. 87, Leases will be effective with the fiscal year ending June 30, 2021. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract.
- GASB No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period-will be effective with the fiscal year ended June 30, 2021. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. The requirements of this Statement will improve financial reporting by providing users of financial statements with more relevant information about capital assets and the cost of borrowing for a reporting period. The resulting information also will enhance the comparability of information about capital assets and the cost of borrowing for a reporting period for both governmental activities and business-type activities.

GASB No. 90, Majority Equity Interests-an amendment of GASB Statements No. 14 and No. 61 - will be effective with the fiscal year ending June 30, 2020. The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest, and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. The requirements of this Statement improve financial reporting by providing users with essential information related to presentation of majority equity interest in legally separate organizations that previously was reported inconsistently.

# NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# B. Recent Accounting Standards (Continued):

GASB No. 91, Conduit Debt Obligations - will be effective with the fiscal year ending June 30, 2022. The requirements of this Statement will improve financial reporting by providing a single method of reporting conduit debt obligations for government issuers and eliminate diversity in practice. The Statement achieves these objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures.

Management has not yet determined the impact of implementing these pronouncements.

### C. Basis of Presentation:

The District's basic financial statements consist of District-Wide statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements, which provide a more detailed level of financial information.

District-Wide Statements: The Statement of Net Position and the Statement of Activities display information about the District as a whole. These statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activities of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The Statement of Net Position presents the financial condition of the governmental and business-type activities of the District at fiscal year end. The Statement of Activities presents a comparison between direct expenses and program revenues for the business-type activities of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the District.

Fund Financial Statements: During the fiscal year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category - *governmental*, *proprietary*, and *fiduciary* are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# C. Basis of Presentation (Continued):

The District reports the following governmental funds:

<u>General Fund</u> - The general fund is the general operating fund of the District. It is used to account for all expendable financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment, which are classified in the capital outlay sub fund.

As required by the New Jersey State Department of Education, the District includes budgeted capital outlay in this fund. Accounting principles generally accepted in the United States of America as they pertain to governmental entities states that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to, or remodeling of buildings and the purchase of built-in equipment. These resources cannot be transferred from and to current expense without Board resolution and NJDOE approval.

<u>Special Revenue Fund</u> - The special revenue fund is used to account for the proceeds of specific revenue from State and Federal Governments, (other than major capital projects, debt service or the enterprise funds) and local appropriations that are legally restricted to expenditures for specified purposes.

<u>Capital Projects Fund</u> - The capital projects fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the District's voters as a separate question on the ballot either during the annual election or at a special election and from state aid through economic development grants other than those financed by the proprietary fund.

<u>Debt Service Fund</u> - The debt service fund is used to account for the accumulation of resources for and the payment of, principal and interest on bonds issued to finance major property acquisition, construction, and improvement programs of the government funds.

The District reports the following proprietary funds:

<u>Enterprise Fund:</u> The enterprise fund accounts for all revenues and expenses pertaining to the District's food service (cafeteria) operations. The food service fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the District is that the costs (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis be financed or recovered primarily through user charges.

# NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# C. Basis of Presentation (Continued):

The District reports the following fiduciary funds:

<u>Private Purpose Scholarship Funds:</u> The District maintains funds from donations to provide scholarship awards.

<u>Unemployment Compensation Insurance Trust Fund:</u> The District maintains a fund to pay for employees' unemployment claims.

<u>Agency Funds:</u> The agency funds are used to account for assets held by the District in a trustee capacity or as an agent for outside parties including other governments on behalf of other funds within the District. Agency funds include payroll, payroll agency and student activity funds.

#### D. Measurement Focus and Basis of Accounting:

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

District-Wide, Proprietary, and Fiduciary Fund Financial Statements: The District-Wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements with the exception of the agency fund which does not have a measurement focus. All assets, all liabilities and all deferred outflows/inflows of resources associated with these operations (with the exception of the fiduciary funds) are included on the Statement of Net Position. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows. Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey State Statute a municipality is required to remit to its district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable". Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Fund Financial Statements: Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, claims and judgments, and compensated absences, which are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

# NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# E. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office for approval and are no longer voted on by the electorate. Budgets are prepared using the modified accrual basis of accounting, except for the special revenue fund. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23A-16.2(f) 1.

On January 17, 2012, Chapter 202 of the Laws of P.L. 2011 was approved which established procedures for moving the date of a school district's annual school election from April to the general election in November. Under this new law, districts that have their school board members elected in November no longer have to submit their budgets that meet levy cap requirements for voter approval beginning with the 2012/2013 budget year and going forward. Only a school board decision to exceed the tax levy cap would require voter approval for the additional amount on the November ballot. The Board adopted a resolution to move its annual election to the date of the general election in accordance with the law.

All budget amendments/transfers must be approved by School Board resolution and may be made at any time during the fiscal year, as long as the "transfer from" does not exceed 10% of the original line item budget, is not going to an administrative account, and is not going to or from capital outlay construction of facilities. If a transfer is anticipated to exceed 10%, the District must obtain NJDOE approval prior to making the transfer. All budget amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year).

Appropriations, except remaining capital project appropriations, encumbrances, and unexpended grant appropriations, lapse at the end of each fiscal year. The capital projects fund presents the remaining project appropriations compared to current year expenditures.

Formal budgetary integration into the accounting system is employed as a management control device during the fiscal year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America with the exception of the legally mandated revenue recognition of the one or more June state aid payments for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

# NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# F. Encumbrance Accounting:

Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Encumbrances are a component of fund balance at fiscal year end, as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services. Open encumbrances in governmental funds, other than the special revenue fund, which have not been previously restricted, committed, or assigned, should be included within committed or assigned fund balance, as appropriate.

Open encumbrances in the special revenue fund for which the District has received advances are reflected in the balance sheet as unearned revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year-end.

# G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance:

#### Cash:

Cash includes cash in banks and money market accounts.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts. Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of New Jersey's Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The District's deposits are insured through the Federal Deposit Insurance Corporation (FDIC), or GUDPA. The District is required to deposit their funds in a depository which is protecting such funds pursuant to GUDPA. The New Jersey Governmental Unit Deposit Protection Act requires all banks doing business in the State of New Jersey to pledge collateral equal to 5% of the average amount of its public deposits and 100% of the average amount of its public funds in excess of 75% of its capital funds for all deposits not covered by the FDIC. Bank balances are insured up to \$250,000 in aggregate by FDIC for each bank.

# Receivables and Allowance for Uncollectible Accounts:

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. No allowance for uncollectible accounts has been recorded, as all amounts are considered collectible.

# NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance</u> (Continued):

#### Inventories:

The cost of inventories of the governmental fund types are recorded as expenditures at the time individual inventory items are purchased.

Inventories in the proprietary funds are valued at cost, which approximates market, using the first-in first-out (FIFO) method.

#### Short-Term Interfund Receivables/Payables:

Short-term interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year.

#### Capital Assets:

Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business-type activities columns in the District-Wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of \$2,000 and an estimated useful life in excess of two years.

The District was able to estimate the historical cost for the initial reporting of these capital assets through back trending. As the District constructs or acquires additional capital assets each period, they are capitalized and reported at historical cost. Donated capital assets are recorded at acquisition value. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. The District does not possess any infrastructure.

All reported capital assets, except for land, are depreciated. Depreciation is computed using the straight-line method over the following estimated useful lives:

	Estimated
Asset Class	Useful Lives
Site improvements	20
School buildings and building improvements	45-50
Vehicles	8
Office, computer, instructional, and grounds equipment	5-15

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures in the governmental fund upon acquisition. Capital assets are not capitalized and related depreciation is not reported in the fund financial statements.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued):

# <u>Deferred Outflows</u>/Inflows of Resources:

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has one item which arises only under the accrual basis of accounting that qualifies for reporting in this category. The one item that qualifies for reporting in this category is the deferred amounts on net pension liability. Deferred amounts on net pension liability are reported in the District-Wide Statement of Net Position and results from: (1) differences between expected and actual experience; (2) changes in assumptions; (3) net difference between projected and actual investment earnings on pension plan investments; (4) changes in proportion and differences between employer contributions and proportionate share of contributions; and (5) contributions made subsequent to the measurement date. These amounts are deferred and amortized over future years.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has two items which arose only under the accrual basis of accounting that qualifies for reporting in this category. One item that qualifies for reporting in this category is the deferred amounts on net pension liability. Deferred amounts on net pension liability are reported in the District-Wide Statement of Net Position and result from: (1) differences between expected and actual experience; (2) changes in assumptions; (3) net difference between projected and actual investment earnings on pension plan investments; and (4) changes in proportion and differences between employer contributions and proportionate share of contributions. The amount is deferred and amortized over future years. The other item that qualifies for reporting in this category is the deferred amounts on refunding of debt which results from the gain on a debt refunding reported in the District-Wide Statement of Net Position. Deferred amounts on debt refunding result from the gain on the transaction when the carrying value of the refunded debt is greater than the debt's reacquisition price. These amounts are deferred and amortized over the shorter of the life of the refunded or refunding debt.

#### **Unearned Revenue:**

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before the eligibility requirements are met are recorded as unearned revenue.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance</u> (Continued):

#### Accrued Liabilities and Long-term Obligations:

All payables, accrued liabilities, and long-term obligations are reported on the District-Wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

#### Accrued Salaries and Wages:

Certain School District employees who provide services to the School District over the ten-month academic year have the option to have their salaries evenly disbursed during the entire twelve-month year. New Jersey statutes require that these earned but undisbursed amounts be retained in a separate bank account. As of June 30, 2019, the amounts earned by these employees were disbursed to the employees' own individual accounts.

#### **Compensated Absences:**

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that is attributable to services already rendered, and that is not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place. The entire compensated absence liability is reported on the District-Wide financial statements.

For governmental fund financial statements, the current portion of unpaid compensated absences is the amount that is normally expected to be paid with expendable available financial resources. In the proprietary funds, the entire amount of compensated absences is recorded as a fund liability.

#### Pensions:

In the District-Wide financial statements, for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the retirement systems sponsored and administered by the State of New Jersey and additions to/deductions from these retirement systems' fiduciary net position have been determined on the same basis as they are reported by the retirement systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. In the governmental fund financial statements, net pension liabilities represent amounts normally expected to be liquidated with expendable available financial resources for required pension contributions that are due and payable at year end. Pension expenditures are recognized based on contractual pension contributions that are required to be made to the pension plan during the fiscal year.

# NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance</u> (Continued):

#### District-Wide Net Position:

Net position represents the difference between assets and liabilities. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

#### Fund Balance:

Fund balance categories are designed to make the nature and extent of the constraints placed on a government's fund balance more transparent. These categories are comprised of a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

<u>Restricted Fund Balance</u> - Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

<u>Reserved Excess Surplus - Designated for Subsequent Year's Expenditures</u> - This restriction was created in accordance with <u>N.J.S.A.</u> 18A:7F-7 to represent the June 30, 2018 audited excess surplus that was appropriated in the 2019/2020 original budget certified for taxes.

<u>Reserved Excess Surplus</u> - This restriction was created in accordance with <u>N.J.S.A.</u> 18A:7F-7 to represent the June 30, 2019 audited excess surplus that is required to be appropriated in the 2020/2021 original budget certified for taxes.

<u>Capital Reserve</u> - This restriction was created by the District in accordance with <u>N.J.A.C.</u> 6A:23A 14.I to fund future capital expenditures (See Note 13).

<u>Capital Projects</u> - Represents fund balance restricted specifically for capital acquisitions and improvements in the Capital Projects Fund.

<u>Debt Service</u> - Represents fund balance restricted specifically for the repayment of long-term debt principal and interest in the Debt Service Fund.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance</u> (Continued):

<u>Committed Fund Balance</u> - Amounts constrained to specific purposes by an entity itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the entity takes the same highest level action to remove or change the constraint.

<u>Year-End Encumbrances</u> - Represents outstanding purchase orders at year-end for contracts awarded by formal action of the Board of Education for specific purposes from available resources of the current year for which the goods and materials have not yet been received or the services have not yet been rendered at June 30, 2019.

<u>Assigned Fund Balance</u> - Amounts the entity intends to use for a specific purpose; intent can be expressed by the Board of Education or by an official or body to which the Board of Education delegates the authority.

<u>Year-End Encumbrances</u> - Represent outstanding purchase orders for goods or services approved by management for specific purposes from available resources of the current year for which the goods and materials have not yet been received or the services have not yet been rendered at June 30, 2019.

<u>Unassigned Fund Balance</u> - Represents fund balance that has not been assigned to other funds and that has not been restricted, committed or assigned to specific purposes within the general fund.

#### H. Revenues and Expenditures/Expenses:

#### Revenues - Exchange and Nonexchange Transactions:

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means within sixty days of the fiscal year-end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes, interest, and tuition.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# H. Revenues and Expenditures/Expenses (Continued):

#### Interfund Transactions:

Transfers between governmental and business-type activities on the District-Wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in the enterprise fund. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

#### Tuition:

<u>Tuition Revenues</u> - Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs are determined.

<u>Tuition Expenditures</u> - Tuition charges for the fiscal year 2018-2019 were based on rates established by the receiving district or private school for the disabled. These rates are subject to change when the actual costs have been certified by the state.

#### Proprietary Funds, Operating and Nonoperating Revenues and Expenses:

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the food service enterprise fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

#### I. Allocation of Indirect Expenses:

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, pension, postemployment benefits, workers compensation, compensated absences, and medical and dental benefits, were allocated based on salaries of that program. Depreciation expense, where practicable, is specifically identified by function and is included in the indirect expense column of the Statement of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

# NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# J. Extraordinary and Special Items:

Extraordinary items are transactions or events that are unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

#### K. Management Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

# NOTE 2. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN GOVERNMENTAL FUND STATEMENTS AND DISTRICT-WIDE STATEMENTS

Due to differences in the measurement focus and basis of accounting used on the governmental fund statements and District-Wide statements, certain financial transactions are treated differently. The basic financial statements contain a full reconciliation of these items.

# NOTE 3. CASH

As of June 30, 2019, cash and restricted cash of the District consisted of \$4,349,599 in checking and money market accounts. The District has no bank deposits that are uninsured, unregistered or uncollateralized, including any deposits that are collateralized with securities held by the pledging public depository or by its trust department or agent but not in the District's name.

#### Custodial Credit Risk - Deposits:

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District has a deposit policy for custodial credit risk. As of June 30, 2019, the District's bank balances of \$4,316,264 was not exposed to custodial credit risk, as the District's deposits are primarily in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act. See Note 1.

# NOTE 4. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The following interfund balances remained on the fund financial statements at June 30, 2019:

In	Interfund		Interfund		
Re	ceivable	P	ayable		
\$	•		17,540		
\$	17,540	\$	17,540		
	**************************************	Receivable \$ - 17,540	Receivable F \$ - \$ 17,540		

The receivable/payable between the general fund and the enterprise fund resulted from a deposit belonging to the enterprise fund being deposited in the general fund. All interunds are expected to be repaid within one year.

There were no interfund transfers during the year ended June 30, 2019.

# NOTE 5. RECEIVABLES

Receivables at June 30, 2019, consisted of accounts (fees for service), reimbursements, and intergovernmental State activities. All receivables are considered collectible in full. A summary of the principal items of receivables follows:

	Amount		
Governmental activities General fund:			
State Other	\$	191,565 17,599	
Special Revenue fund: State		2,154	
Total governmental activities		211,318	
Business-type activities: Other		40,716	
Total receivables	\$	252,034	

#### NOTE 6. INVENTORIES

Inventories in the food service fund at June 30, 2019, consisted of the following:

Food and supplies \$ 1,364

# NOTE 7. CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2019, was as follows:

	Beginning Balance	Additions	Transfers/ Retirements	Ending Balance
Governmental activities: Capital assets not being depreciated: Land	\$ 216,520	<u>\$</u>	\$ -	\$ 216,520
Total capital assets not being depreciated	216,520			216,520
Capital assets being depreciated: Site improvements Building and building	7,009,195	71,561	654,940	7,735,696
improvements  Machinery and equipment	36,853,705 3,595,488	361,441 162,146	(607,249) (47,691)	36,607,897 3,709,943
Totals at historical cost	47,458,388	595,148		48,053,536
Less accumulated depreciation for: Site improvements Building and improvements Equipment	4,030,307 11,236,397 2,364,804	362,000 820,001 218,490		4,392,307 12,056,398 2,583,294
Total accumulated depreciation	17,631,508	1,400,491		19,031,999
Total capital assets being depreciated, net of accumulated depreciation	29,826,880	(805,343)		29,021,537
Government activitity capital assets, net	\$ 30,043,400	\$ (805,343)	<u>\$</u> -	\$ 29,238,057
Business-type activities:  Equipment  Less accumulated depreciation	\$ 177,006 153,629	\$ - 2,807	\$ - 	\$ 177,006 156,436
Business-type activities capital assets, net	\$ 23,377	\$ (2,807)	\$ -	\$ 20,570

Depreciation expense was charged to functions as follows:

Governmental activities:	
unallocated	\$ 1,400,491
Business type activities:	
Food services	2,807
Total	\$ 1,403,298

#### NOTE 8. LONG-TERM OBLIGATIONS

During the fiscal year ended June 30, 2019, the following changes occurred in long-term obligations:

									Amounts Due
		Balance,					Balance	٧	Vithin One
	Ju	ıne 30, 2018	In	creases	 Decreases	Ju	une 30, 2019		Year
Bonds payable Net pension liability Compensated absences	\$	7,360,000 9,105,555	\$	-	\$ (1,235,000) (1,429,064)	\$	6,125,000 7,676,491	\$	1,235,000
payable		388,888		55,704	(16,880)		427,712		324,000
	\$	16,854,443	\$	55,704	\$ (2,680,944)	\$	14,229,203	\$	1,559,000

For the governmental activities, the liabilities for compensated absences and net pension liability are generally liquidated in the general fund.

A. <u>General Obligation Bonds</u> - Bonds are authorized in accordance with State law by the voters of the municipality through referendums, to provide funds for the acquisition and construction of major capital facilities. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the District are general obligation bonds.

On March 1, 2004, the District issued \$21,982,000 general obligation bonds at interest rates varying from 3.25% to 4.25% for various construction and renovation projects, however, these bonds were refunded on March 1, 2013 at an interest rate of 4%. The final maturity of these bonds is March 1, 2024.

Interest paid on debt issued by the District is exempt from federal income tax.

B. <u>Debt Service Requirements</u> - Debt service requirements on general obligation serial bonds payable at June 30, 2019, are as follows:

,000
,600
,400
,400
,600
,000
, 6 , 2 , 4 , 6

C. <u>Bonds Authorized But Not Issued</u> - The District has no authorized but not issued bonds at June 30, 2019.

# NOTE 9. PENSION PLANS

The State of New Jersey sponsors and administers the following contributory defined benefit public employee retirement systems covering substantially all eligible District employees: The Teachers' Pension and Annuity Fund (TPAF) or the Public Employees' Retirement System (PERS). TPAF is considered a cost-sharing multiple-employer plan, with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. PERS is considered a cost-sharing multiple-employer plan.

#### Descriptions of Systems

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund was established in January 1955, under the provisions of N.J.S.A. 18A:66 to provide coverage, including post-retirement health care, to substantially all full time certified teachers or professional staff of the public school systems and charter schools in the State. Membership is mandatory for such employees and vesting occurs after 10 years of service for pension benefits and 25 years for health care coverage. Age eligibility and benefit provisions were affected by Chapters 92 and 103, P.L. 2007, Chapter 89, P.L. 2008, Chapter 1, P.L. 2010, and Chapter 78, P.L. 2011. Members are classified into one of five tiers dependent upon the date of their enrollment. Tier 1, 2 and 3 members are eligible to retire at age 60, 60 and 62, respectively, with an annual benefit generally determined to be 1/55<sup>th</sup> of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of credited service. Tier 4 and 5 members are eligible to retire at age 62 and 65, respectively, with an annual benefit generally determined to be 1/60th of the average annual compensation for the highest five fiscal years' compensation for each year of membership during years of credited service. Anyone who retires early and is under their respective tier's retirement age receives retirement benefits as calculated in the above mentioned formulas but at a reduced rate in accordance with applicable New Jersey Statute based upon their tier.

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide coverage. including post-retirement health care, to substantially all full time employees of the State, and to any county, municipality, school board, charter school, or public agency, provided the employee is not required to be a member of another state-administered retirement system. Age eligibility and benefit provisions were affected by Chapters 92 and 103, P.L. 2007, Chapter 89, P.L. 2008, Chapter 1, P.L. 2010, and Chapter 78, P.L. 2011. Members are classified into one of five tiers dependent upon the date of their enrollment. Tier 1, 2 and 3 members are eligible to retire at age 60, 60 and 62, respectively, with an annual benefit generally determined to be 1/55th of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of credited service. Tier 4 and 5 members are eligible to retire at age 62 and 65, respectively, with an annual benefit generally determined to be 1/60th of the average annual compensation for the highest five fiscal years' compensation for each year of membership during years of credited service. Anyone who retires early and is under their respective tier's retirement age receives retirement benefits as calculated in the above mentioned formulas but at a reduced rate in accordance with applicable New Jersey Statute based upon their tier.

# NOTE 9. PENSION PLANS (CONTINUED)

# Descriptions of Systems (Continued)

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issued publicly available financial reports that include the financial statements and required supplementary information for TPAF and PERS. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295 or at <a href="www.state.nj.us/treasury/pensions">www.state.nj.us/treasury/pensions</a>. According to state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement system be terminated.

The State of New Jersey also sponsors and administers the following defined contribution public employee retirement program covering certain state and local government employees, which include those District employees who are eligible for pension coverage.

#### <u>Defined Contribution Retirement Program (DCRP)</u>

Established under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2008 to provide coverage to elected, certain appointed officials, and certain Board employees not eligible for enrollment in PERS or TPAF. Effective July 1, 2007 membership is mandatory for such individuals with vesting occurring after one (1) year of membership. DCRP is a defined contribution pension plan.

# Supplemental Annuity Collective Trust Fund (SACT)

The State established and administers a SACT, which is available to active members of the State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The state or local government employers do not appropriate funds to SACT.

#### Funding Policy

# Employer and Employee Pension Contributions

The contribution policy is set by laws of the State of New Jersey and contributions are required by active members and participating employers. Plan member and employer contributions may be amended by State of New Jersey legislation with the amount of contributions by the State of New Jersey contingent upon the Annual Appropriations Act. As defined, the retirement systems require employee contributions based on 7.5% for PERS and 7.5% for TPAF effective July 1, 2018. In the DCRP, employee contributions are 5.5% of employees' annual compensation.

#### Annual Pension Costs

For the fiscal year ended June 30, 2019, the TPAF annual pension cost differs from the annual required contribution. For PERS, the annual pension cost equals contributions made. TPAF employer contributions are made annually by the State of New Jersey to the pension system on behalf of the District. PERS employer contributions are made annually by the District to the pension system in accordance with Chapter 114, P.L. 1997. In the DCRP, member contributions are matched by a 3% employer contribution.

#### NOTE 9. PENSION PLANS (CONTINUED)

Annual Pension Costs (Continued)

During the fiscal years ended June 30, 2019, 2018 and 2017, the District was required to contribute for PERS and DCRP, and the State of New Jersey was required to contribute for TPAF, for normal pension costs and accrued liability contributions (including non-contributory group life insurance (NCGI)) the following amounts:

Fiscal						
Year Ended			On-Behalf			
June 30,	 PERS TPAF			DCRP		
	 		<u>.</u>			
2019	\$ 387,802	\$	2,891,952	\$	2,643	
2018	362,367		2,119,440		2,186	
2017	346,052		1,655,848		2,072	

In addition, for fiscal year ended June 30, 2019, the District contributed \$1,341 for PERS and the State contributed \$2,090 for TPAF for Long-Term Disability Insurance Premium (LTDI). The PERS contributions are recognized in the governmental fund financial statements (modified accrual basis) as an expenditure. The on-behalf TPAF contributions are recognized in the governmental fund financial statements (modified accrual basis) and the District-Wide financial statements (accrual basis) as both a revenue and expenditure in accordance with GASB No. 85. The DCRP contributions are recognized in the governmental fund financial statements (modified accrual basis) as an expenditure, as well as, the District-Wide financial statements (accrual basis) as an expense.

Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the Board \$1,087,115 during the fiscal year ended June 30, 2019, for the employer's share of social security contributions for TPAF members as calculated on their base salaries. This amount has been recognized in the District-Wide financial statements (accrual basis) and the governmental fund financial statements (modified accrual basis) as a revenue and expense/expenditure in accordance with GASB No. 85.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of PERS and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

# Public Employee's Retirement System

At June 30, 2019, the District reported a liability of \$7,676,491 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation July 1, 2017, which was rolled forward to June 30, 2018. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

# NOTE 9. PENSION PLANS (CONTINUED)

# <u>Public Employee's Retirement System</u> (Continued)

At June 30, 2018, the District's proportion was .01769029%, which was a decrease of .00092133% from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the District recognized full accrual pension expense of \$486,395 in the District-Wide financial statements. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

Deferred Outflows		Deferred Inflows	
\$	146,392 1,264,959	\$	39,582 2,454,534
			72,006
	142,365		23,772
\$	1,937,480	\$	2,589,894
	\$	\$ 146,392 1,264,959 142,365 383,764	\$ 146,392 \$ 1,264,959 \$ 142,365 383,764

\$383,764 is reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending		
2019	\$	41,809
2020		(71,655)
2021		(459,589)
2022		(411,760)
2023		(134,984)
	_	
Total	<u>\$</u>	(1,036,179)

#### Actuarial Assumptions

The total pension liability for the June 30, 2018 measurement date was determined by an actuarial valuation as of July 1, 2017, which was rolled forward to June 30, 2018. This actuarial valuation used the following key actuarial assumptions, applied to all periods included in the measurement:

# NOTE 9. PENSION PLANS (CONTINUED)

# <u>Public Employee's Retirement System</u> (Continued)

Inflation rate 2.25%

Salary increases:

Through 2026 1.65% - 4.15%

Thereafter Based on age 2.65% - 5.15%

Based on age

Investment rate of return 7.00%

The actuarial assumptions used in the July 1, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that the future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

#### Mortality Rates

Preretirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the Conduent modified 2014 projection scale.

Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Tables (setback 3 years for males and set forward 1 year for females).

#### Long-Term Rate of Return

In accordance with State statue, the long-term expected rate of return on plan investments (7.00% at June 30, 2018) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2018 are summarized in the following table:

# NOTE 9. PENSION PLANS (CONTINUED)

<u>Public Employee's Retirement System</u> (Continued)

Asset Class	Target <u>Allocation</u>	Long-Term Expected Real Rate of Return
Risk mitigation strategies	5.00%	5.51%
Cash equivalents	5.50%	1.00%
US treasuries	3.00%	1.87%
Investment grade credit	10.00%	3.78%
High yield	2.50%	6.82%
Global diversified credit	5.00%	7.10%
Credit oriented hedge funds	1.00%	6.60%
Debt related private equity	2.00%	10.63%
Debt related real estate	1.00%	6.61%
Private real asset	2.50%	11.83%
Equity related real estate	6.25%	9.23%
U.S. equity	30.00%	8.19%
Non-U.S. developed markets equity	11.50%	9.00%
Emerging markets equity	6.50%	11.64%
Buyouts/Venture capital	<u>8.25%</u>	13.08%
	<u>100.00%</u>	

#### Discount Rate

The discount rate used to measure the total pension liability for PERS was 5.66% as of June 30, 2018. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.87% as of June 30, 2018, based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal year. The State employer contributed 50% of the actuarially determined contributions and the local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2046. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2046, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

#### NOTE 9. PENSION PLANS (CONTINUED)

# <u>Public Employee's Retirement System</u> (Continued)

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability as of June 30, 2018, calculated using the discount rate as disclosed above as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (4.66%) or 1-percentage-point higher (6.66%) than the current rate:

	At 1% Decrease (4.66%)		At Current unt Rate (5.66%)	At 1% Increase (6.66%)	
District's proportionate share of the PERS net pension liability	\$	9,229,084	\$ 7,676,491	\$	6,374,748

# Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report for the State of New Jersey Public Employees Retirement System.

#### Additional Information

Collective balances at June 30, 2018 are as follows:

Collective deferred outflows of resources	\$ 6,415,820,851
Collective deferred inflows of resources	11,550,501,197
Collective net pension liability - local group	19,689,501,539
District's proportion	0.01769029%

The components of the net pension liability of the participating employers for PERS as of June 30, 2018, are as follows:

		State		Local	 Total
Total pension liability Plan fiduciary net postion	\$	30,434,600,657 6,730,302,564	\$	42,431,573,511 22,742,071,972	\$ 72,866,174,168 29,472,374,536
	\$	23,704,298,093	\$	19,689,501,539	\$ 43,393,799,632
District's net pension liability (a	as re	ported on June 30, 2	2018)		\$ 7,676,491

# NOTE 9. PENSION PLANS (CONTINUED)

# <u>Public Employee's Retirement System</u> (Continued)

Collective pension expense for the Local Group for the measurement period ended June 30, 2018 is \$1,099,708,157.

The average of the expected remaining service lives of all employees that are provided with pension benefits through the pension plan (active and inactive employees) is 5.63, 5.48, 5.57, 5.72, and 6.44 years for 2018, 2017, 2016, 2015 and 2014, respectively.

#### Teachers' Pensions and Annuity Fund

The employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A. 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the net pension liability that is associated with the local participating employer.

The State's proportionate share of the TPAF net pension liability associated with the District as of June 30, 2018 was \$89,389,810. The District's proportionate share was \$0.

The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation July 1, 2017, which was rolled forward to June 30, 2018. The State's proportionate share of the net pension liability associated with the District was based on a projection of the State's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and charter schools, actuarially determined. At June 30, 2018, the State's proportionate share of the TPAF net pension liability associated with the District was .14051058%, which was a decrease of .00670172% from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the District recognized on-behalf pension expense and revenue in the District-Wide financial statements of \$5,211,113 for contributions incurred by the State.

#### Actuarial Assumptions

The actuarial valuation used the following assumptions, applied to all periods included in the measurement.

Inflation rate 2.25%

Salary increases:

2011-2026 1.55% – 4.55% Thereafter 2.00% - 5.45%

Investment rate of return 7.00%

# NOTE 9. PENSION PLANS (CONTINUED)

# <u>Teachers' Pensions and Annuity Fund</u> (Continued)

#### Mortality Rates

Pre-retirement mortality rates were based on the RP-2006 Employee White Collar Mortality Tables, set back 3 years for males and 5 years for females, projected on a generational basis from a base year of 2006 using a 60-year average of improvement rates based on Social Security data from 1953-2013. Post-retirement mortality rates were based on the RP-2006 Healthy Annuitant White Collar Mortality Tables, with adjustments as described in the latest experience study, projected on a generational basis from a base year of 2006 using a 60-year average of improvement rates based on Social Security data from 1953-2013. Disability mortality rates were based on the RP-2006 disabled Retiree Mortality Tables with rates adjusted by 90%, with no improvement in mortality assumed.

The actuarial assumptions used in the July 1, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2012 to June 30, 2015.

#### Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2018) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the Board of Trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2018, are summarized in the following table:

Long-Torm

		Long-Term
		<b>Expected Real</b>
	Target	Rate of
Asset Class	Allocation	Return
Risk mitigation strategies	5.00%	5.51%
Cash equivalents	5.50%	1.00%
US treasuries	3.00%	1.87%
Investment grade credit	10.00%	3.78%
High yield	2.50%	6.82%
Global diversified credit	5.00%	7.10%
Credit oriented hedge funds	1.00%	6.60%
Debt related private equity	2.00%	10.63%

Buyouts/Venture capital	<u>8.25%</u>	13.08%
	<u>100.00%</u>	

#### NOTE 9. PENSION PLANS (CONTINUED)

Teachers' Pensions and Annuity Fund (Continued)

#### Discount Rate

The discount rate used to measure the total pension liability was 4.86% as of June 30, 2018. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.87% as of June 30, 2018, based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate of the most recent fiscal year. The State contributed 50% of the actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2040. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2040, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the State's proportionate share of the net pension liability associated with the District as of June 30, 2018, calculated using the discount rate as disclosed above as well as what the State's proportionate share of the net pension liability associated with the District would be if it were calculated using a discount rate that is 1-percentage point lower (3.86%) or 1-percentage point higher (5.86%) than the current rate:

	At 1% Decrease (3.86%)		Disco	At Current ount Rate (4.86%)	At 1% Increase (5.86%)		
State's proportionate share of the net pension liability associated with the District	\$	105,657,058	\$	89,389,810	\$	75,904,658	

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

#### Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued TPAF financial report.

#### Additional Information

Collective deferred outflows of resources	\$ 12,473,998,870
Collective deferred inflows of resources	16,180,773,643
Collective net pension liability, nonemployer	63,617,852,031
District's proportion	0.14051058%

Collective pension expense for the plan measurement period ended June 30, 2018 is \$3,720,032,991.

#### NOTE 10. POST-RETIRMENT BENEFITS OTHER THAN PENSIONS (OPEB)

General Information about the OPEB Plan

#### Plan Description and Benefits Provided

The State provides post-retirement medical (PRM) benefits for certain State and other retired employees meeting the service credit eligibility requirements. In fiscal year 2018, the State paid PRM benefits for 148,401 State and local retirees.

The State funds post-retirement medical benefits on a "pay-as-you-go" basis, which means that the State does not pre-fund, or otherwise establish a reserve or other pool of assets against the PRM expenses that the State may incur in future years. For Fiscal Year 2018, the State contributed \$1.909 billion to pay for pay-as-you-go PRM benefit costs incurred by covered retirees. The increase in the State's pay-as-you-go contribution between Fiscal Year 2017 and Fiscal Year 2018 is attributable to rising health care costs, an increase in the number of participants qualifying for State-paid PRM benefits at retirement and larger fund balance utilization in Fiscal Year 2017 than in Fiscal Year 2018. The Fiscal Year 2019 Appropriations Act includes \$1.921 billion as the State's contribution to fund pay-as-you-go PRM costs.

In accordance with the provisions of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, the State is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to retired plan members. This new standard supersedes the previously issued guidance, GASB Statement No. 45, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, effective for Fiscal Year 2018. The State is now required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments. As such, the Fiscal Year 2017 total State OPEB liability to provide these benefits has been re-measured to \$97.1 billion, an increase of \$60.6 billion or 166 percent from the previous year's \$36.5 billion liability booked in accordance with GASB Statement No. 45. For Fiscal Year 2018, the total OPEB liability for the State is \$90.5 billion, a decrease of \$6.6 billion or 7 percent from the re-measured total OPEB liability in Fiscal Year 2017.

The School Employees Health Benefits Program (SEHBP) Act is found in New Jersey Statutes Annotated, Title 52, Article 17.25 et. seq. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB No. 75.

#### Plan Membership

Membership of the defined benefit OPEB plan consisted of the following at June 30, 2017:

Inactive plan members or beneficiaries currently receiving benefits Inactive plan members entitled to but not yet receiving benefits	217,131 145,050 
Total plan members	362,181

#### NOTE 10. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

#### Total OPEB Liability

The State, a nonemployer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The District's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASB No. 75 is zero percent. Accordingly, the District did not recognize any portion of the collective net OPEB liability on the Statement of Net Position. Accordingly, the following OPEB liability note information is reported at the State's level and is not specific to the District. Note that actual numbers will be published in the NJ State's CAFR at https://www.nj.gov/treasury/omb/cafr.shtml.

#### Actuarial Assumptions and Other Imputes

The total OPEB liability in the June 30, 2018 actuarial valuation reported by the State in the State's most recently issued CAFR was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%		
Salary increases: Through 2026	TPAF/ABP 1.55%-4.55%	PERS 2.15%-4.15% based on age	PFRS 2.10%-8.98% based on age
Thereafter	2.00%-5.45%	3.15%-5.15% based on age	3.10%-9.98% based on age
Discount rate	3.87%		

The discount rate was based on the Bond Buyer Go 20-Bond Municipal Bond Index.

Health Care Trend Assumptions - For pre-Medicare preferred provider organization (PPO) and health maintenance organization (HMO) medical benefits, the trend is initially 5.8% and decreases to a 5.0% long-term trend rate after eight years. For self-insured post-65 PPO and HMO medical benefits, the trend rate is 4.5%. For prescription drug benefits, the initial trend rate is 8.0% decreasing to a 5.0% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.0%. The Medicare Advantage trend rate is 4.5% and will continue in all future years.

Preretirement mortality rates were based on the RP-2006 Headcount-Weighted Healthy Employee Male/Female mortality table with fully generational mortality improvement projections from the central year using the MP-2017 scale. Post-retirement mortality rates were based on the RP-2006 Headcount-Weighted Healthy Annuitant Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale. Disability mortality was based on the RP-2006 Headcount-Weighted Disabled Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale.

#### NOTE 10. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of actuarial experience studies for the periods July 1, 2012 - June 30, 2015 and July 1, 2011 - June 30, 2014 for TPAF and PERS, respectively.

100% of all retirees who currently have healthcare coverage are assumed to continue with that coverage. 100% of active members are considered to participate in the Plan upon retirement, having a coverage blend of 85% and 15% in PPO and HMO, respectively.

Retirees' share of benefit related cost are based on 1.5% of projected health insurance premiums for retirees.

Changes in the Total OPEB Liability reported by the State of New Jersey:

	Total OPEB Liability		
Balance at June 30, 2017	\$	53,639,841,858	
Changes for the year:			
Service cost		1,984,642,729	
Interest on the total OPEB liability		1,970,236,232	
Changes of benefit terms		-	
Differences between expected and actual experience		(5,002,065,740)	
Changes of assumptions		(5,291,448,855)	
Gross benefit payments		(1,232,987,247)	
Contributions from the members		42,614,005	
Balance at June 30, 2018	\$	46,110,832,982	

Changes of assumptions and other inputs reflect a change in the discount rate from 3.58% in 2017 to 3.87% in 2018.

There were no changes in assumptions in benefit terms.

Sensitivity of the Total Nonemployer OPEB Liability to Changes in the Discount Rate
The following presents the total nonemployer OPEB liability of the state for school retirees as of
June 30, 2018, calculated using the discount rate as disclosed above as well as what the total
nonemployer OPEB liability for school retirees would be if it was calculated using a discount rate that
is 1-percentage point lower or 1-percentage point higher than the current discount rate:

	At 1% Decrease (2.87%)	At Current Discount Rate (3.87%)	At 1% Increase (4.87%)	
Total OBEB liability (school retirees)	\$ 54,512,391,175	\$ 46,110,832,982	\$ 39,432,461,816	

#### NOTE 10. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

Sensitivity of the Total Nonemployer OPEB Liability to Changes in the Healthcare Trend Rate
The following presents the total nonemployer OPEB liability for school retirees as of June 30, 2018,
calculated using the healthcare trend rate as disclosed above as well as what the total nonemployer
OPEB liability for school retirees would be if it was calculated using a heathcare trend rate that is 1percentage point lower or 1-percentage point higher than the current rate:

	1	% Decrease	 Trend Rates	1% Increase		
Total OBEB liability (school retirees)	\$ :	38,113,289,045	\$ 46,110,832,982	\$	56,687,891,003	

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB For the year ended June 30, 2019, the District recognized OPEB revenue and expense of \$2,271,292 determined by the State as the total OPEB liability for benefits provided through a defined benefit OPEB plan that is not administered through a trust that meets the criteria in paragraph 4 of GASBS No. 75 and in which there is a special funding situation.

In accordance with GASBS No. 75 the District's proportionate share of school retirees OPEB is zero, and there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources. At June 30, 2018, the State reported deferred outflows of resources and deferred inflows of resources related to retired school employee's OPEB from the following sources:

	Deferred Outflows	Deferred Inflows		
Difference between expected and actual experience Net difference between expected and actual earnings	\$ -	\$ (4,476,086,167)		
on OPEB plan investments Assumption changes Contributions made in fiscal year ending 2019 after	-	- (10,335,978,867)		
June 30, 2018 measurement date	To be determined			
Total	\$ -	\$ (14,812,065,034)		

Amounts reported as deferred outflows of resources and deferred inflows of resources related to retired school employee's OPEB will be recognized in OPEB expense as follows:

Year Ending June 30,	
2019	\$ (1,825,218,593)

#### NOTE 11. COMPENSATED ABSENCES

The District accounts for compensated absences (e.g. unused vacation, sick leave) as directed by GASB Statement No. 16, Accounting for Compensated Absences. A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees who are employed under a ten-month contract are entitled to ten paid sick leave days per fiscal school year. District employees who are employed under a twelve-month contract are entitled to twelve paid sick leave days per fiscal school year. Unused sick leave may be accumulated and carried forward to the subsequent years. For employees who have not less than ten (10) years of service in the District, the District shall pay, with certain limitations, the employee for unused sick leave in accordance with the District's agreements with the various employee unions. Vacation days not used during the year may only be carried forward with approval from the Superintendent. See Note 1(G) for additional information.

The liability for vested compensated absences of the governmental fund types is recorded in the current and long-term liabilities.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2019, a liability did not exist for compensated absences in the enterprise funds.

#### NOTE 12. DEFERRED COMPENSATION

The District offers its employees a choice of various deferred compensation plans created in accordance with Internal Revenue Code Section 403(b) and 457. The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows: AXA Equitable Life Insurance Company, Lincoln Investment Planning, Oppenheimer Shareholder Services, Aspire Financial Services, and Vanguard Fiduciary Trust Co.

#### NOTE 13. CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the Board of Education on September 25, 2000, for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity will be included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the District's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year-end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2.

#### NOTE 13. CAPITAL RESERVE ACCOUNT (CONTINUED)

Pursuant to N.J.A.C. 6A:23-2.13(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the fiscal year July 1, 2018 to June 30, 2019 is as follows:

Beginning balance, July 1, 2018	\$ 1,412,054
Increased by:	
Interest earnings	7,000
Deposit approved by board resolution June 3, 2019	 269,738
Decreased by: Withdrawals through 2018-19 budget Withdrawals through board resolution	 - -
Ending balance, June 30, 2019	\$ 1,688,792

The June 30, 2019 LRFP balance of local support costs of uncompleted capital projects is approximately \$17,585,000.

#### NOTE 14. NET POSITION - UNRESTRICTED (DEFICIT)

As reflected on Exhibit A-1, Statement of Net Position, a deficit in unrestricted net position of \$8,634,672 existed as of June 30, 2019, for governmental activities. The primary cause of this deficit is the recognition of the net pension liability, as well as the District not recognizing the receivable for state aid payments and the recording of the long-term liability for compensated absences. In accordance with full accrual accounting, which is the basis of accounting for Exhibit A-1, Statement of Net Position, such liabilities are required to be recorded in the period in which they are incurred.

However, in accordance with the rules and regulations that govern the District in the formulation of their annual budget (see Note 1), compensated absences that relate to future services, or that are contingent on a specific event outside the control of the District and its employees, are funded in the period in which such services are rendered or in which such events take place, and pension costs are recorded when due. Therefore, this deficit in unrestricted net position for governmental activities does not indicate that the District is facing financial difficulties.

The deficit is a result of the following:

Unassigned fund balance (Exhibit C-1)	\$ 654,277
Unrecognized state aid payments for 2018-2019	(68,011)
Compensated absences payable	(427,712)
Accrued interest payable	(80,557)
State net pension liability and related deferred outflows and inflows	 (8,712,669)
Unrestricted net position (deficit) (Exhibit A-1)	\$ (8,634,672)

#### NOTE 15. TRANSFERS FOR CAPITAL OUTLAY AND GENERAL FUND

During the year ending June 30, 2019, the District transferred \$559,863 to Capital Outlay equipment to cover costs for equipment.

#### NOTE 16. FUND BALANCE APPROPRIATED

General Fund - Of the \$2,864,238 general fund balance in the fund financial statements at June 30, 2019, \$39,180 is reserved for encumbrances; \$550,000 is reserved as excess surplus in accordance with N.J.S.A. 18A:7F-7 (\$275,000 of the total reserve for excess surplus has been appropriated and included as anticipated revenue for the year ending June 30, 2020); \$1,688,792 has been reserved in the Capital Reserve Account; and \$586,266 is unassigned. At the March 18, 2019 meeting, the Board authorized and approved appropriations of \$25,038 from general fund balance from 2018 additional nonpublic school transportation aid.

<u>Debt Service Fund</u> - There is no balance at June 30, 2019.

#### NOTE 17. CALCULATION OF EXCESS SURPLUS

The designation for Reserved Fund Balance - Excess Surplus is a required calculation pursuant to N.J.S.A. 18A:7F-7, as amended. New Jersey school districts are required to reserve general fund balance at the fiscal year end of June 30, if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2019 is \$275,000.

#### NOTE 18. CONTINGENCIES

The District is involved in several claims and lawsuits incidental to its operations. In the opinion of the administration and legal counsel, the ultimate resolution of these matters will not have a material effect on the financial position of the District or will be covered under the District's insurance policies.

The District is a participant, together with other school districts, in a joint insurance workers' compensation trust. In the event that claims against the trust exceed annual revenues, the District would be obligated to contribute its ratable share of the losses to pay the liability.

#### NOTE 19. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

#### Property, Liability, and Workers' Compensation Insurance

The District also participates, together with other school districts, in a joint insurance workers compensation trust (See Note 18). A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

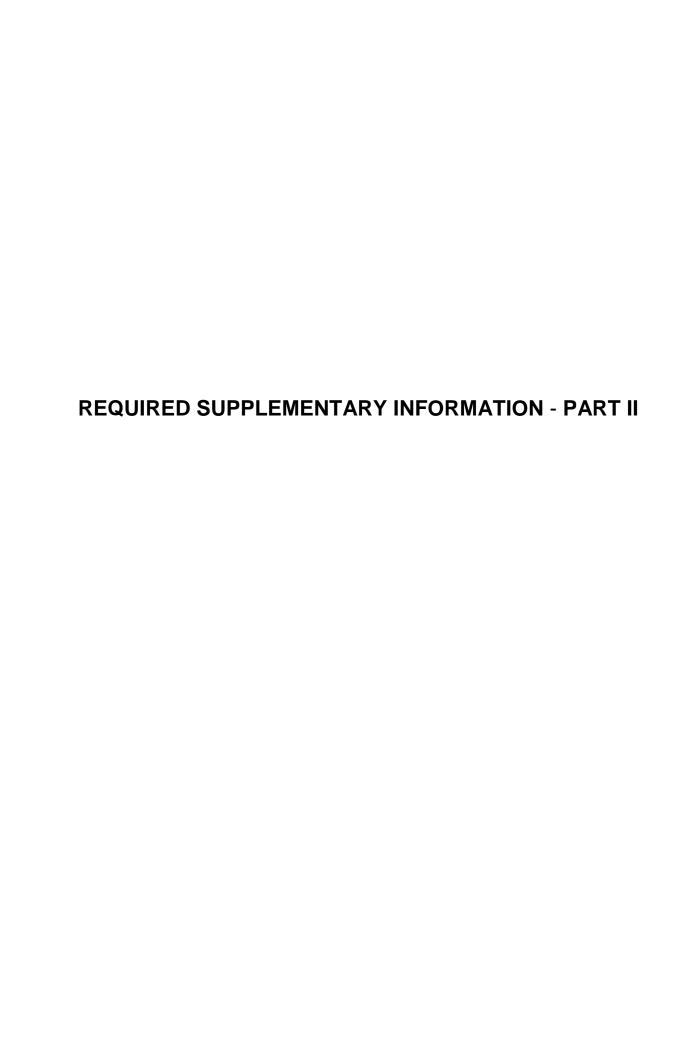

#### New Jersey Unemployment Compensation Insurance

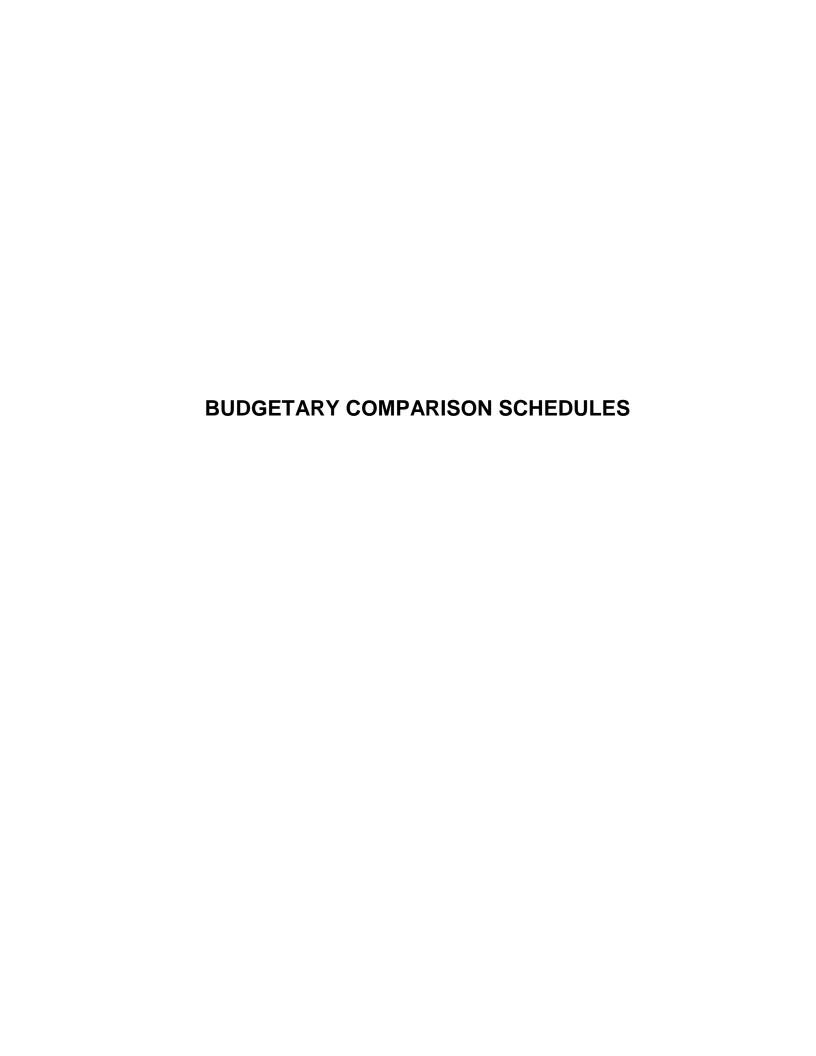

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid, and the ending balance of the District's expendable trust fund for the current and previous two years:

Fiscal Year	Co			Employee Contributions		Amount Reimbursed		Ending Balance	
2018-2019	\$	-	\$	25,293 24.861	\$	15,354	\$	204,032	
2017-2016		30,000		24,564		28,832 39,106		192,608 196,096	

#### NOTE 20. OTHER MATTERS

The District participates in federal and state financial assistance grant programs. Expenditures financed by such assistance are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the District may be required to reimburse the grantor government. As of June 30, 2019, significant amounts of grant expenditures have not been audited, but the District believes that disallowed expenditures discovered in subsequent audits, if any, will not have a material effect on any of the individual funds or the overall financial position of the District. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

#### CAPITAL PROJECTS FUND DETAIL STATEMENTS

The Capital Projects Fund is used to account for the acquisition and construction of major capital facilities and equipment purchases other than those financed by proprietary funds.

At June 30, 2019, there was no Capital Projects Fund.

#### PROPRIETARY FUNDS DETAIL STATEMENTS

Proprietary Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the District's board is that the costs of providing goods or services be financed through user charges.

**Food Services Fund** - This fund provides for the operation of food services in all schools within the District.

THIS SECTION HAS ALREADY BEEN INCLUDED IN STATEMENTS B-4, B-5, AND B-6.

#### FIDUCIARY FUNDS DETAIL STATEMENTS

Fiduciary Funds are used to account for funds received by the District for a specific purpose.

**Private Purpose Scholarship Trust** - These are funds used to account for assets held by the District for scholarships or awards to students.

**Unemployment Compensation Insurance Trust** - This fund is used to pay employees unemployment compensation claims.

Agency Funds are used to account for assets held by the District as an agent for individuals, private organizations, other governments and/or other funds.

**Student Activity Fund** - This agency fund is used to account for student funds held at the schools.

**Payroll and Payroll Agency Funds** - These agency funds are used to account for the payroll transactions of the District.

Source: District Records

In accordance with GASB 65, effective for the fiscal year ended June 30, 2013, the method to expense debt issuance costs was changed. Notes:

For the fiscal year ended June 30, 2015, the District adopted GASB No.'s 68 and 71, which require the District to record its proportionate share of the net pension liability and related deferred outflows and inflows of resources in the government-wide financial statements. Balances prior to June 30, 2015, are shown as originally reported and have not been restated for this adoption.

RIVER DELL REGIONAL SCHOOL DISTRICT Last Ten Years (accrual basis of accounting) Unaudited Changes in Net Position

Source: District Records

In accordance with GASB 65, effective for the fiscal year ended June 30, 2013, the method to expense debt issuance costs was changed. Notes:

For the fiscal year ended June 30, 2015, the District adopted GASB No.'s 68 and 71, which require the District to record its proportionate share of the net pension liability and related deferred outflows and inflows of resources in the government-wide financial statements. Balances prior to June 30, 2015, are shown as originally reported and have not been restated for this adoption.

For the fiscal year ended June 30, 2018, the District adopted GASB No. 75, which required the District to record its proportionate share of the net OPEB expenses and related revenue in the government-wide financial statements.

Balances prior to June 30, 2018, are shown as originally reported and have not been restated for this adoption.

Notes: N.J.S.A. 18A:7F-5d limits the amount that the district can submit for a general fund tax levy. The levy when added to other components of the district's net budget may not exceed the prebudget year net budget by more than the spending growth limitation.

- a The district's basic tax rate is calculated from the A4F form which is submitted with the budget and the net valuation taxable.
- b Rates for debt service are based on each year's requirements.
- c Borough undertook a revaluation of real property.
- d Borough performed a reassessment of real property.

River Dell Regional School District Direct Debt				7,360,000
Total direct and overlapping debt				\$ 58,084,454

Sources: (1) Municipal Chief Financial Officer

(A) The debt for this entity was apportioned to the Boroughs of Oradell and River Edge by applying the Municipality-to-County Net Valuation on which County taxes are apportioned for Bergen County.

Note:

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Oradell and River Edge. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

N/A At the time of CAFR completion, this data was not yet available.

District Records Sources:

Enrollment based on annual October district count. Note:

a - Operating expenditures equal total expenditures less debt service and capital outlay.
b - Teaching staff includes only full-time equivalents of certificated staff.
c - Average daily enrollment and average daily attendance are obtained from the School Register Summary (SRS).

### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable President and
Members of the Board of Education
River Dell Regional School District
County of Bergen
River Edge, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of River Dell Regional School District, in the County of Bergen, State of New Jersey, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise River Dell Regional School District's basic financial statements, and have issued our report thereon dated November 25, 2019.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered River Dell Regional School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of River Dell Regional School District's internal control. Accordingly, we do not express an opinion on the effectiveness of River Dell Regional School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether River Dell Regional School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR STATE PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY NEW JERSEY OMB'S CIRCULAR 15-08

The Honorable President and
Members of the Board of Education
River Dell Regional School District
County of Bergen
River Edge, New Jersey

### Report on Compliance for each Major State Program

We have audited River Dell Regional School District's compliance with the types of compliance requirements described in the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of River Dell Regional School District's major state programs for the year ended June 30, 2019. River Dell Regional School District's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

### Management's Responsibility

Management is responsible for compliance with state statutes, regulations, and the terms and conditions of its state financial assistance applicable to its state programs.

### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of River Dell Regional School District's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; and New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* Those standards and New Jersey OMB's Circular 15-08, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about River Dell Regional School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of River Dell Regional School District's compliance.

### Opinion on Each Major State Program

In our opinion, River Dell Regional School District, in the County of Bergen, State of New Jersey, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2019.

### **Report on Internal Control Over Compliance**

Management of River Dell Regional School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered River Dell Regional School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with New Jersey OMB's Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of River Dell Regional School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of New Jersey OMB's Circular 15-08. Accordingly, this report is not suitable for any other purpose.

# RIVER DELL REGIONAL SCHOOL DISTRICT Notes to Schedules of Expenditures of Federal Awards and State Financial Assistance June 30, 2019

### NOTE 1. GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Board of Education of the River Dell Regional School District (the "District"). The Board of Education (the "Board") is defined in Note 1 to the District's financial statements. All federal awards and state financial assistance received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies are included on the schedules of expenditures of federal awards and state financial assistance.

### NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of federal awards and state financial assistance are presented on the budgetary basis of accounting. This basis of accounting is described in Note 1 to the District's financial statements. The information in these schedules are presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Therefore, some amounts presented in these schedules may differ from amounts presented in, or used in the preparation of, the financial statements.

### NOTE 3. RELATIONSHIP TO FINANCIAL STATEMENTS

The financial statements present the General Fund, Special Revenue Fund, and Debt Service Fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the General Fund and Special Revenue Fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The General Fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes, payments are not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payments in the subsequent year. The Special Revenue Fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The District did not have one or more June state aid payments in the Special Revenue Fund, however, if it did, the Special Revenue Fund would recognize the one or more June state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-4.2.

# RIVER DELL REGIONAL SCHOOL DISTRICT Notes to Schedules` of Expenditures of Federal Awards and State Financial Assistance June 30, 2019

### NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (CONTINUED)

The net adjustment to reconcile from the budgetary basis to the GAAP basis is a decrease of \$4,596 for the General Fund. There are no adjustments for the Special Revenue Fund and Debt Service Fund. See Exhibit C-3, Notes to Required Supplementary Information - Part II, for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the General and Special Revenue Funds. Federal awards and state financial assistance revenues are reported in the District's basic financial statements on a GAAP basis as follows:

	Federal	 State
General Fund Special Revenue Fund	\$ - 478,854	\$ 6,415,322 421,849
Total federal awards and state financial assistance - GAAP Basis	478,854	6,837,171
Less: TPAF Pension Contributions - Normal Costs, Post-Retirement Medical, Disability Insurance, and Non-Contributory Insurance		 4,205,827
Total per schedules of expenditures of federal awards and state financial assistance	\$ 478,854	\$ 2,631,344

### NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules may not necessarily agree with the amounts reported in the related federal and state financial reports due to timing differences between the District's fiscal year and grant program years.

#### NOTE 5. OTHER

The amount reported as TPAF Pension - Normal Costs, Post-Retirement Medical Contributions, Disability Insurance, and Non-Contributory Insurance, represents the amount paid by the state on behalf of the District for the year ended June 30, 2019. Reimbursed TPAF social security contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2019.

## RIVER DELL REGIONAL SCHOOL DISTRICT Notes to Schedule of Expenditures of Federal Awards and State Financial Assistance June 30, 2019

### NOTE 6. ON-BEHALF PROGRAMS NOT SUBJECT TO STATE SINGLE AUDIT

On-behalf state programs for TPAF Pension - Normal Costs, Post-Retirement Medical Contributions, Disability Insurance, and Non-Contributory Insurance are not subject to a state single audit and, therefore, are excluded from major program determination. The schedule of expenditures of state financial assistance provides a reconciliation of state financial assistance reported in the District's basic financial statements and the amount subject to state single audit and major program determination.

### NOTE 7. DE MINIMIS INDIRECT COST RATE

The District has elected to not use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

### RIVER DELL REGIONAL SCHOOL DISTRICT Schedule of Findings and Questioned Costs (Continued) For the Fiscal Year Ended June 30, 2019

Section II - Financial Statement Findings

This section identifies the significant deficiencies, material weaknesses, fraud, illegal acts, violations of provisions of contracts and grant agreements, and abuse related to the financial statements for which *Government Auditing Standards* requires reporting.

There are none.

### RIVER DELL REGIONAL SCHOOL DISTRICT Schedule of Findings and Questioned Costs (Continued) For the Fiscal Year Ended June 30, 2019

Section III - Federal Awards and State Financial Assistance Findings and Questioned Costs

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance, including questioned costs, related to the audit of major federal awards and state financial assistance programs, as required by the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and New Jersey OMB's Circular 15-08.

### **CURRENT YEAR FEDERAL AWARDS**

Not applicable - not subject to an audit in accordance with the Uniform Guidance.

### **CURRENT YEAR STATE FINANCIAL ASSISTANCE**

There are none.

### RIVER DELL REGIONAL SCHOOL DISTRICT Summary Schedule of Prior-Year Audit Findings For the Fiscal Year Ended June 30, 2019

This section identifies the status of prior-year findings related to the basic financial statements and federal awards and state financial assistance that are required to be reported in accordance with Chapter 6.12 of *Government Auditing Standards*, Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and New Jersey OMB's Circular 15-08.

### **STATUS OF PRIOR YEAR FINDINGS**

There were no prior-year audit findings.
