WEEHAWKEN TOWNSHIP SCHOOL DISTRICT

53 Liberty Place Wechawken, NJ 07086 201.422.6126 | WechawkenSchools.net | @WechawkenTSD

Mr. Eric Crespo Superintendent of Schools Mr. Matthew Whitford Board Secretary/Business Administrator

December 16, 2019

Honorable President and Members of the Board of Education Weehawken Board of Education County of Hudson, New Jersey

Dear Board Members and Constituents of Weehawken:

The comprehensive annual financial report of the Weehawken School District (the "District") for the fiscal year ended June 30, 2019, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the District. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this letter of transmittal, the District's organizational chart, roster of officials and consultants and advisors. The financial section includes under the new Governmental Accounting Standard District Statement No. 34, the Report of Independent Accountants, the Management Discussion and Analysis, the basic financial statements, required supplementary information, the combining and individual fund financial statements, and related notes to the financial statements. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards ("Uniform Guidance")*, and N.J. OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* Information related to this single audit, including the auditor's reports covering compliance with applicable laws, regulations and requirements, and internal control over compliance and financial reporting, as well as a schedule of related findings, are included in the single audit section of this report.

1.) **REPORTING ENTITY AND ITS SERVICES:** The District is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board (GASB) as established by Statement No. 14. All funds and account groups of the District are included in this report. The District and all its schools constitute the Board's reporting entity.

The District provides a full range of educational services appropriate to grade levels K through 12. These include regular and special education for handicapped youngsters. The District also provides preschool educational services. The District completed the 2018-2019 fiscal year with an enrollment of 1,404 students, which are 60 students more than the previous year's enrollment. The following details the changes in the student enrollment of the District over the last five years.

Average Daily Enrollment					
Fiscal	Student	Percent			
<u>Year</u>	<u>Enrollment</u>	<u>Change</u>			
2018-2019	1,404	4.46%			
2017-2018	1,344	(2.22%)			
2016-2017	1,347	(1.75%)			
2015-2016	1,371	3.24%			
2014-2015	1,328	1.50%			

2.) <u>ECONOMIC CONDITION AND OUTLOOK:</u> The Township of Weehawken area is experiencing a period of economic stability. Its proximity to employment centers in New York City and northern New Jersey contribute towards maintaining a stable outlook.

3.) <u>MAJOR INITIATIVES</u>: Initiatives during the 2017-2018 school year were implemented throughout the 2018-2019 school year with the teachers instructed to reflect on what they were involved with as well as evaluate the impact these initiatives have had on the Weehawken School District. A simple administrative survey was given to ascertain the effectiveness of Chromebook/iPads usage and was found that this technology is effective and positive. The PLC-based curriculum mapping put in place has proven to be effective as well. The one initiative started in 2018-2019, was a duel credit program with St. Peter's University, Hudson Community College and Weehawken High School. This college experience is designed to enrich the educational development of academically talented high school students. Students earn academic credit for advanced coursework completed at the college. Thus far this new program has excited our students and provided a new and refreshed appreciation for college attendance.

4.) **INTERNAL ACCOUNTING CONTROLS:** Management of the District is responsible for establishing and maintaining internal controls designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statement in conformity with accounting principles generally accepted in the United States of America. Internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and, (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal awards and state financial assistance, the District also is responsible for ensuring that adequate internal controls are in place to ensure compliance with applicable laws and regulations related to those programs. Internal control is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of internal controls, including that portion related to federal awards and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5.) <u>BUDGETARY CONTROLS</u>: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of Township of Weehawken. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements, accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.</u>

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at June 30, 2019.

6.) <u>ACCOUNTING SYSTEM AND REPORTS:</u> The District's accounting records reflect accounting principles generally accepted in the United States of America, as promulgated by GASB. The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to Financial Statements", Note 1.

7.) **DEBT ADMINISTRATION:** At June 30, 2019, the District's outstanding debt issues included \$23,525,000 of general obligation bonds, obligations under capital leases of \$115,159 and compensated absences payable of \$206,443. The District approved \$16,000,000 School Bonds, Series 2018 dated July 27, 2018. The new project includes (a) building improvements and upgrades to the Daniel Webster Elementary School, Theodore Roosevelt Elementary School and Weehawken High School, including life safety system upgrades, sound system upgrades, and interior renovations; (b) to undertake improvements and upgrades to the science classrooms/laboratories at Weehawken High School. The approved State Aid for school facilities projects is in the form of annual debt service aid, with the amount of such annual State Aid to be 40% of the annual principal and interest payable on the \$15,775,363 bonds, being the final project costs approved by the State for school facilities projects pursuant to the Educational Facilities Construction and Financing Act, P.L. 2000,c.72.

8.) <u>CASH MANAGEMENT:</u> The investment policy of the District is guided in large part by New Jersey Statutes as detailed in "Notes to the Financial Statements", Note 2. The District has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

9.) <u>**RISK MANAGEMENT:**</u> The District carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

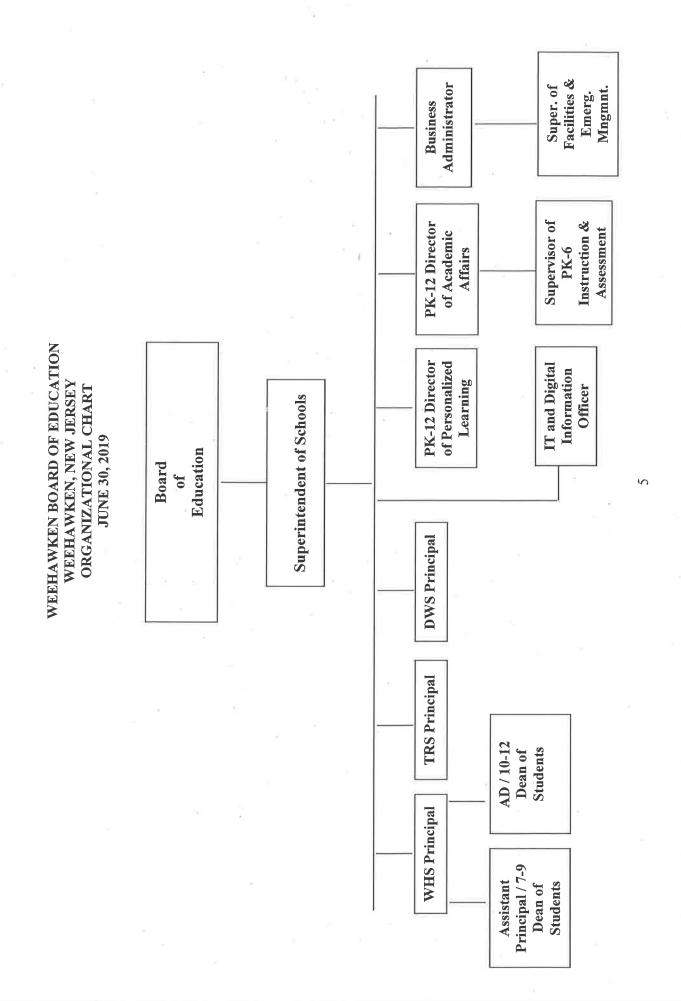

10.) OTHER INFORMATION:

Independent Audit – State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Garbarini & Co. P.C., CPAs, RMAs, PSAs, was selected by the District. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards ("Uniform Guidance"), and N.J. OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. The auditor's report on the general - purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

11.) <u>ACKNOWLEDGMENT:</u> We would like to express our appreciation to the members of the Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation.

Respectfully submitted,

Eric Crespo Superintendent

Independent Auditor's Report

Honorable President and Members of the Board of Education Weehawken School District County of Hudson Weehawken, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund and the aggregate remaining fund information of the Board of Education of the Weehawken School District, in the County of Hudson, State of New Jersey (the "District"), as of and for the fiscal year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements (the "financial statements") as listed in the table of contents.

Management's Responsibility for Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, and State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluation the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2019, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in accordance with accounting principles generally accepted in United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Budgetary Comparison Information on pages 11 through 19 and 65 through 68 be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statement as listed in the table of contents. The accompanying supplementary (schedules/statements/information) and schedules of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards,* ("Uniform Guidance") and N.J. OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid* respectively, and are presented for the purpose of additional analysis and is not a required part of the financial statements.

Such information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements, in accordance with the accounting principles generally accepted in the United States of America.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 16, 2019 on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Required Supplementary Information

Part I

The discussion and analysis of the Weehawken School District's (the "District") financial performance provides an overall review of the Weehawken Board of Education's (the "Board") financial activities for the fiscal year ended June 30, 2019. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the District's financial performance.

Financial Highlights

Key financial highlights for fiscal year 2019 are as follows:

- In total, net position is \$(6,620,596). Net position of governmental activities is \$(6,747,017), a decrease of \$(1,775,877), compared to fiscal year 2018. Net position of the business-type activity, which represents food service, and Latchkey Program, are \$126,421.
- Governmental Funds Revenues total \$31,695,031 and the Local Tax Levy is \$21,971,851. Local PILOT revenue totaled \$757,000. State Revenue is \$7,412,728 and the Federal Revenue is \$856,350.
- The District has experienced a slight increase in student enrollment. Actual enrollment for the year ended June 30, 2019 was 1,404, which reflects a 4.46% increase from the previous year.

Using the Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. This report is organized to show the reader the District as a financial whole, or an entire operating entity.

The statement of net position and statement of changes in net position provides information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds. For the District, the General Fund is the most significant fund.

Reporting the Weehawken School District as a Whole

Statement of Net Assets and Statement of Activities

While this report contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole look at all financial transactions and asks the question, "How did we do financially during the fiscal year 2019?" The statement of net position and liabilities uses the accrual basis of accounting similar to the accounting system used by most private sector companies. This basis of accounting takes into consideration all of the current year's revenues and expenses regardless of when cash was received or paid.

These two statements report the District's net position and changes in net position. This change in net position is important because it identifies whether the financial position of the District has improved or diminished for the District as a whole. The cause of this change may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, current property tax laws in New Jersey, facility conditions, required educational programs, and other factors.

In the statement of net position and the statement of changes in net position, the District is divided into two distinct kinds of activities:

Governmental Activities - Most of the District's programs and services are reported here including instruction, support services, operation and maintenance of plant, pupil transportation, and extracurricular activities.

Business-Type Activity - This service is provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided. The Food Service enterprise fund and the Latchkey Program are reported as a business activity.

Reporting the Weehawken District's Most Significant Funds

Fund Financial Statements

Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds. The District's major governmental funds are the General Fund, Special Revenue Fund, and Capital Project Fund.

Governmental Fund

Most of the District's activities are reported in governmental funds, which focus on how monies flow into and out of those funds and the balances left at fiscal year end for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance educational programs. The relationship, or differences, between governmental activities reported in the statement of net position and the statement of changes in net position and the governmental funds is reconciled in the financial statements.

Enterprise Fund

The enterprise fund uses the same basis of accounting as business-type activities; therefore, their statements are essentially the same.

The Weehawken School District as a Whole

The perspective of the statement of net position is of the District as a whole. Table 1 provides a summary of the District's net position for 2019 with comparative totals for 2018 and 2017.

Total assets equal \$28,166,966. Total assets for Governmental Activities is \$28,013,240. Total assets for Business Type Activities is \$153,726.

	15				

The total decrease in Net Position for Governmental Activities is (1,599,313). The total decrease in Net Position for Business Type Activities is (176,564) The net decrease in Net Position is (1,775,877).

Governmental Activities

The statement of activities reflects the cost of the program services and the charges for services and sales, grants, and contributions offsetting those services. Table 3a, for Governmental Activities, indicates the total cost of services and the percentage cost of services. It identifies the cost of these services supported by tax revenues and unrestricted state entitlements.

	Т	otal Cost of	
		Services	Percent of
		2018-19	Total
Instruction	\$	19,887,537	54.50%
Support services:			
Pupil and instructional staff		7,587,251	20.79%
Administrative and fiscal		3,492,709	9.57%
Operation and maintenance of plant		2,567,957	7.04%
Pupil transportation		1,784,338	4.89%
Unallocated depreciation		82,408	0.23%
Capital outlay		1,895	0.01%
Interest on long-term debt		966,964	2.65%
Charter Schools		120,360	0.33%
Total expenses	\$	36,491,419	100.00%

Table 3aGovernmental Activities

The Governmental Activities in the above chart demonstrate that \$19,887,537 are allocated to School Based Budgets and are identified as instruction. Additionally, pupil and instructional staff activities are \$7,587,251. The combined resources from instruction and pupil and instructional staff total \$27,474,788.

Together the aforementioned categories account for 75.29% of the Governmental Activities.

Pupil transportation costs reflect the cost for salaries, overtime, maintenance of fleet and contracted transportation services. The District is a participant of the North Hudson Transportation Consortium with the Hudson County School of Technology.

To date District has not been adversely impacted by Charter Schools. Currently, the contribution to Charter Schools by the District is \$120,360 The District sends a total of 7 students to four Charter Schools.

Business-Type Activity

	Total Cost of			
	Services		Percent of	
		2018-19	Total	
Revenue				
Charges for services	\$	371,836	61.19%

Fixed Asset Retirements/ OtherAdjustments		(11,559)	-1%	
Latchkey program		383,654	48.92%	
Total expenses		784,272	100.00%	
Increase in net position	\$	(176,564)		

The business-type activities of the District are the food service operation and Latchkey Program. These programs had revenues and transfers of \$607,708 and expenses of \$784,272 in fiscal year 2019. The District suggests that efforts continue to increase sales and reduce costs. The District and school administrators are committed and have concentrated efforts to ensure that all students who are eligible for free/reduced lunch submit the proper forms for eligibility in a timely manner.

The District continues to examine the food service operation in effort to be self-operating without assistance from the General Fund. The business activity receives limited support from tax revenues.

Sources of Revenue

The local tax revenue has been relatively stable for several years. The dependence upon state revenue for governmental activities is apparent. For all governmental activities, state revenues support over 23%. The community, as a whole, is 74% of the support and Federal revenue accounts for 3% of the total cost of programs for District students.

Table 4 Sources of Revenue

Fiscal Year		Local Tax	0	Other Local		State]	Federal			
Ended June 30	Levy			Revenue		Revenue	F	Revenue	Total		
2019	\$	21,971,851	\$	1,531,282	\$	7,412,728	\$	856,350	\$	31,772,211	

The total revenue from all sources is \$31,772,211.

The Weehawken School District's Funds

The District's governmental funds are accounted for using standards established by the Governmental Accounting Standard Board Memo No. 34. Total governmental funds had revenues and other financing sources of \$31,772,211 and expenditures and other financing uses of \$37,046,754. The positive fund balance for the year-end reflects what District was able to meet current costs. Negative fund balance for general fund and special revenue funds are as a result of the last state aid payment, which is delayed for budget purposes only, and is not considered a violation of New Jersey statute and regulation nor in need of corrective action.

General Fund Budgeting Highlights

The District's budget is prepared according to New Jersey law. Instruction, Early Childhood Program, Special Education and District Central Office account for the majority of programs budgeted within the General Fund.

The District's budget is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is General Fund.

For the General and Special Revenue Fund, final actual revenues and other financing sources, in the amount of \$26,493,653 were above original budgeted revenues and other financing sources not taking into account TPAF on be-behalf payments and TPAF social security reimbursements. This was due to increase in Miscellaneous revenue, Extra-ordinary aid over budgeted amounts, and amendment to budget to include PILOT payments from the Township of Weehawken net with decrease in state aid.

General Fund Budgeting Highlights (Continued)

General Fund revenues and other financing sources were less than expenditures and other financing uses. This was partly due to the utilization of surplus as a budgeted revenue in the amount of \$1,062,880, which was actually only able to be realized in the amount of \$585,685 due to prior year deficiency of revenue over expenditures. There were also current year over-all budget over-expenditures of \$310,055. The budget was amended to include \$757,000 from the Township for PILOT payments, which absorbed the shortfall.

For the 2019-2020 District School Budget, \$0 of surplus was designated for subsequent years' expenditures and \$54,250 was committed surplus reserve for encumbrances. The allocation and projection of allocation of surplus are in compliance with New Jersey Department of Education Budgetary Guidelines.

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal year 2019, the District had \$15,092,055 invested in capital assets, for governmental activities, representing a net increase of \$3,212,725 compared to the prior year. This increase was mainly attributable to fixed asset additions totaling \$4,651,951 as a result of new capital project for various school improvements and the decrease was due to depreciation expense in the amount of \$1,472,119. More detailed information about the District's capital assets and depreciation is presented in Note 3 to the financial statements.

Debt

At June 30, 2019, the District's outstanding debt issues included \$23,525,000 of general obligation bonds, obligations under capital leases of \$115,159 and compensated absences payable (presented in Note 7) of \$206,443. More detailed information about the District's long-term liabilities is presented in Note 4 of the financial statements.

Current Issues

The District has been able to provide a quality education for the students in our community. We are currently faced with the dilemma of increased academic requirements and decreases in state aid. Approximately seventy-five percent of our school budget is funded by local taxes, which during tough economic times makes it difficult to increase educational programs within budgeted guidelines.

As always we will continue to meet the core curriculum content standards and help our children reach their maximum potential.

Contacting the Weehawken School District's Financial Management

The Management Discussion and Analysis of this financial report is designed to provide citizens, taxpayers and investors with a snapshot of the District's finances. Also, to reflect the District's accountability for the monies it receives. Questions about this report or additional financial information needs should be directed to Mr. Terrance R. Brennan, Superintendent of Schools, Weehawken Board of Education, 53 Liberty Place, Weehawken, NJ 07086.

RECONCILIATION OF STATEMENT OF REVENUES, EXPENDITURES,	AND		Exhibit B-3
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS		•	
TO THE STATEMENT OF NET POSITION			
Total net change in fund balances - governmental funds (from B-2)			\$ (5,274,543)
Amounts reported for governmental activities in the statement of activities (A-2) are different because:			
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the period.			
Depreciation expense State of NJ payment of debt service charged to capital outlay Equipment not capitalized Adjustments to Fixed Assets -donated equipment/retirements Capitalized Leases Capital outlay	\$	(1,427,119) (30,709) (1,895) (5,908) 67,530 4,610,826	3,212,725
Pension contributions are reported in governmental funds as expenditures. However, in the statement of activities, the contributions are adjusted for actuarial valuation adjustments, including service and interest costs, administrative costs, investment returns, and experience/assumption. This is the amount by which net pension liability and deferred inflows/outflows related to pension changed during the period			(317,380)
Repayment of bond principal and capital leases are an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of activities.			(317,300)
Repayment of bond principal		785,000	
Repayment of capital leases		50,469	
			835,469
Proceeds from debt issues are a financing source in the governmental funds. They are not revenue in the statement of activities; issuing debt increases long-term liabilities in the statement of net assets.			
Capital lease proceeds		(67,530)	(67,530)
In the statement of activities, certain operating expenses, e.g. compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation's (-); when the paid amount exceeds the earned amount the difference is an additional to the reconciliation (+).			
Compensated absences earned/(retired)		_	11,946
Change in net position of governmental activities			\$ (1,599,313)

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Weehawken School District (the "District") is a Type II district located in the County of Hudson, State of New Jersey. As a Type II district, the District functions independently through the Weehawken Board of Education (the "Board"). The Board is comprised of nine members elected to three-year terms. The purpose of the District is to educate students in grades K-12. The District had an approximate enrollment at June 30, 2019 of 1,404 students.

Governmental Accounting Standard Board (GASB) Statement 14 establishes criteria to be used to determine which component units should be included in the General Purpose Financial Statements of the oversight entity. The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB *Codification of Governmental Accounting and Financial Reporting Standards* is whether:

- The organization is legally separate (can sue or be sued in their own name)
- The Board holds the corporate powers of the organization
- The Board appoints a voting majority of the organization's board
- The Board is able to impose its will on the organization
- The organization has the potential to impose a financial benefit/burden on the Board
- There is a fiscal dependency by the organization on the Board

Based on the aforementioned criteria, the District has no component units. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

B. Accounting Standards

- GASB 62, *Codification of Accounting and Financial Reporting Guidance Contained in pre-November 30, 1989 FASB and AICPA Pronouncements.* The objective of this statement is to incorporate into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in following pronouncements issued on or before November 30, 1989, which does not conflict with or contradict GASB pronouncements.
- GASB 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position.* The objective of this Statement is to improve financial reporting by standardizing the presentation of deferred outflows of resources and deferred inflows of resources and their effect on a government's net position. It alleviates uncertainty about reporting those financial statement elements by providing guidance where none previously existed.
- GASB 65, *Items Previously Reported as Assets and Liabilities*. This Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. The District does not expect this Statement to impact its financial statements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Accounting Standards (Continued)

- GASB 66, *Technical Corrections 2012, an Amendment of GASB Statements 10 and 62, was* effective beginning with the year ending June 30, 2014. The objective of this Statement is to improve accounting and financial reporting for a government financial reporting entity by resolving conflicting guidance that resulted from the issuance of two pronouncements, Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions and No. 62 Codification of accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA pronouncements.
- GASB 75, Accounting for Financial Reporting of Postemployment Benefits Other Than Pension was effective for fiscal years beginning after June 15, 2017. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. The adoption of this Statement required the District to recognize a revenue and expense on the government-wide statement of activities for the State's proportionate share of the postemployment expense associated with the District. In addition, the District was required to include additional note disclosures (See Note 7) and required supplementary information related to the postemployment benefits.
- GASB 77, *Tax Abatement Disclosures*, provides financial statement users with essential information about the nature and magnitude of the reduction in tax revenues through tax abatement programs in order to better assess (a) whether current-year revenues were sufficient to pay for current-year services, (b) compliance with finance-related legal or contractual requirements, (c) where a government's financial resources come from and how it uses them, and (d) financial position and economic condition and how they have changed over time. The adoption if this statement had no impact on the basic financial statements of the School District.
- GASB 80, Blending Requirements for Certain Component Units an amendment of GASB Statement No. 14, amends the blending requirements for the financial statement presentation of component units of all state and local governments. The additional criterion requires blending of a component unit incorporated as a not-for-profit corporation in which the primary government is the sole corporate member. The additional criterion does not apply to component units included in the financial reporting entity pursuant to the provisions of Statement No. 39, Determining Whether Certain Organizations are Component Units. The adoption of this Statement had no impact on the basic financial statements of the School District.
- GASB 82, Pension Issues and amendment of GASB Statements 67, 68 and 73, addresses issues regarding (1) the presentation of payroll-related measures in requires supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. The adoption of this Statement did not have a significant impact on the basic financial statements of the School District.

C. Basic Financial Statements – District-Wide Statements

The District's basic financial statements include both District-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the District-wide and fund financial statements categorize primary activities as either governmental or business type. The District's general operating services, special revenue, capital projects, debt service and non-expendable trust funds are classified as governmental activities. The District's Food Service and Latchkey Program are classified as business-type activities.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basic Financial Statements – District-Wide Statements (Continued)

The Statement of Net Position and Statement of Changes in Net Position display information about the reporting district as a whole. They include all funds of the reporting entity except for fiduciary funds and component units that are fiduciary in nature.

The district-wide Statement of Changes in Net Position reports both the gross and net cost of each of the District's functions and business-type activities. The functions are also supported by general government revenues (property and certain intergovernmental revenues). The Statement of Changes in Net Position reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property, taxes, intergovernmental revenues, interest income, etc.)

The District does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating funds that is eliminated like a reimbursement (reducing the revenue and expense in the General Fund) to recover the direct costs of General Fund services provided (finance, personnel, purchasing, legal, technology management, etc.)

The district-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

D. Fund Financial Statements

The District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category – *government, proprietary,* and *fiduciary* – are presented. The New Jersey Department of Education (NJDOE) requires New Jersey Districts to treat each governmental fund as a major fund in accordance with GASB No. 34. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models. The various funds of the District are grouped into the categories governmental, proprietary and fiduciary, as follows:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

General Fund: The general fund is the general operating fund of the District and is used to account for all expendable financial resources except those required is to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the Capital Outlay sub-fund.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Fund Accounting (Continued):

Governmental Funds (Continued)

General Fund (Continued):

As required by the NJDOE, the District includes budgeted Capital Outlay in this fund. Accounting principles generally accepted in the United States of America (GAAP) as they pertain to governmental entities, states that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution.

Special Revenue Fund: The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government (other than major capital project, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund: The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

Debt Service Fund: The Debt Service Fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

Proprietary Fund

The focus of Proprietary Fund measurement is upon determination of net income, financial position and cash flows. The GAAP applicable are those similar to businesses in the private sector. The following is a description of the Proprietary Fund of the District:

Enterprise Funds: The Enterprise Funds are utilized to account for operations that are financed and operated in manner similar to private business enterprises – where the intent of the District is that the costs (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis be financed or recovered primarily through user charges; or, where the District has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The District's Enterprise Fund is comprised of the Food Service Fund and the Extended Care Latchkey Program.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Fund Accounting (Continued)

Proprietary Fund (Continued)

Internal Service Funds: Internal service funds are used to account for the financing of goods or services provided by an activity to other departments or funds on a cost-reimbursement basis. The district does not have internal service funds.

All proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities, whether current or non-current, associated with their activity are included on their balance sheets. Their reported net position (net total position) is segregated into invested capital assets, net of related debt, restricted for capital projects or unrestricted, if applicable. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total position.

Depreciation of all exhaustive fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives for the Food Service Fund fixed assets are: electronic equipment - 10 years, light furniture - 15 years, and heavy furniture - 20 years.

Fiduciary Funds

Fiduciary Funds are used to report assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds and therefore are not available to support District programs. The reporting focus is on net position and changes in net position and are reported using accounting principles similar to proprietary funds.

Expendable Trust Fund: An Expendable Trust Fund is accounted for in essentially the same manner as the governmental fund types, using the same measurement focus and basis of accounting. Expendable Trust Funds account for assets where both the principal and interest may be spent. The Expendable Trust Fund includes the Louis Ferullo Scholarship Fund.

Non-expendable Trust Fund: A Non-Expendable Trust Fund is used to account for assets held under the terms of a formal trust agreement, whereby the District is under obligation to maintain the trust principal. The District maintains a McGowan Award Scholarship Fund as a Nonexpendable Trust Fund.

Agency Funds: Agency Funds are used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations. Agency Funds include Payroll and Student Activity Funds.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The District considers all governmental and business-type activities to be major.

The District's fiduciary funds are presented in the fiduciary fund financial statements by type (agency and expendable trust). Since by definition these assets are being held for the benefit of a third party (other local governments, students, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the district-wide statements

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the district-wide Statement of Net Position and the Statement of Changes in Net Position, both governmental and business-like activities are presented using the economic resources measurement focus as defined in item b below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate:

- a. All governmental funds and expendable trust funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The proprietary funds utilize "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.
- c. Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

Basis of Accounting

The financial statements of the District have been prepared in conformity with GAAP as applied to governmental units. GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

In the district-wide Statement of Net Position and Statement of Changes in Net Position, both governmental and business-like activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds, expendable trust funds and agency funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after the year-end. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for principal and interest on long-term debt which are reported when due.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Measurement Focus and Basis of Accounting (Continued)

Ad Valorem (Property) Taxes are susceptible to accrual, and under New Jersey Statute, a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be "accounts receivable".

All proprietary funds and non-expendable trust funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

F. Budgets / Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue and debt service funds. The budgets are submitted to the county office for approval and are voted upon at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting, except for the Special Revenue Fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2 (m)l. Transfers of appropriations may be made by School Board resolution at any time during the fiscal year.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and GAAP with the exception of the legally mandated revenue recognition of the one or more June state aid payments for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

G. Encumbrances

Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds, other than the special revenue fund are reported as reservation of fund balances at fiscal yearend as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the District has received advances are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Cash, Cash Equivalents, and Investments

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity date of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

I. Tuition Receivable

Tuition charges for the fiscal year 2018-2019 were established by the Board based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

J. Tuition Payable

Tuition charges for the fiscal years 2018-2019 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined.

K. Inventories and Prepaid Expenses

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the enterprise fund, are recorded as expenditures during the year of purchase.

Enterprise fund inventories are valued at cost, which approximates market, using the first-in-first-out (FIFO) method. Prepaid expenses in the Enterprise Fund represent payments made to vendors that will benefit periods beyond June 30, 2019. The District did not have any prepaid expenses at June 30, 2019.

L. Short-Term Interfund Receivables/Payables

Short-Term Interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District, and that are due within one year.

For the purpose of the Statement of Changes in Net Position, all interfund transfers between individual funds have been eliminated.

M. General Fixed Assets

The District established a formal system of accounting for its general fixed assets. General fixed assets acquired or constructed subsequent to June 30, 1991 are recorded at original cost. General fixed assets acquired or constructed prior to the establishment of the formal system are evaluated at cost based on historical records or estimation procedures performed by an independent appraisal company. Donated fixed assets are valued at their estimated fair market value on the date received.

The accounting treatment over property, plant, and equipment (fixed assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the district-wide or fund financial statements.

District-Wide Statements

In the district-wide financial statements, fixed assets are accounted for as capital assets. All fixed assets are valued at historical cost or estimated historical cost if actual is unavailable, except for donated fixed assets, which are recorded at their estimated fair value at the date of donation. Estimated historical cost was used to value the majority of the assets acquired prior to June 30, 2002.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

M. General Fixed Assets (Continued)

District-Wide Statements (Continued)

Depreciation of all exhaustible fixed assets is recorded as an allocated expense in the Statement of Changes in Net Position, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Building	50 years
Improvements	20 years
Machinery and Equipment	5-10 years

Fund Financial Statements

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Fixed assets used in proprietary fund operations are accounted for the same as in the district-wide statements.

Deferred Outflows and Deferred Inflows of Resources N.

District-Wide Statements

The statement of net position reports separate sections for deferred outflows and resources and deferred inflows of resources. Deferred outflows of resources, reported after total assets, represents a reduction of net position that applies to a future period(s) and will be recognized as an outflow of resources (expense) at that time. Deferred inflows of resources, reported after total liabilities, represents an acquisition of net position that applies to a future period(s) and will be recognized as an inflow of resources (revenue) at that time.

Transactions are classified as deferred outflows of resources and deferred inflows of resources only when specifically prescribed by Governmental Accounting Standards Board (GASB) standards. The District is required to report the following as deferred outflows of resources and deferred inflows of resources: defined benefit pension plans, and postemployment benefit plans.

О. **Compensated Absences**

In accordance with GAAP, the District accounts for compensated absences (e.g., unused vacation, sick leave). A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the right to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. Upon termination, employees are paid for accrued sick leave up to \$7,000. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement, employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions.

The liability for these compensated absences is recorded as long-term debt in the district-wide statements. The current portion of this debt is estimated based on historical trends. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

P. Deferred Revenue

Deferred revenue in the General Fund represents unspent special revenue state grants, which are unspent from prior years. Deferred revenue in the special revenue fund represents cash, which has been received but not yet earned.

Q. Long-Term Obligations

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the district-wide or fund financial statements.

All long-term debt to be paid from governmental and business-type resources is reported as liabilities in the districtwide statement. The long-term debt consists primarily of bonds, loans accrued, compensated absences, early retirement incentives and obligations under capital lease.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The accounting for proprietary funds is the same in the fund statements as it is in the district-wide statements.

R. Equity Classifications

District-Wide Statements

Equity is classified as net position and displayed in three components:

- a) *Invested in capital assets, net of related debt* Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b) *Restricted net position* Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c) Unrestricted net position All other net position that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Governmental fund equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned and unassigned. Proprietary fund equity is classified the same as in the district-wide statements.

S. Net Position

Net position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through enabling legislation adopted by the Board or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The Board applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

T. Fund Balance

The District reports fund balance in classifications that comprise a hierarchy based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The District's classifications, and policies for determining such classifications, are as follows:

Nonspendable – The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, such as inventories and prepaid amounts.

Restricted – The restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources either by being (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation.

Committed – The committed fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the District's highest level of decision-making authority, which, for the District, is the Board. Such formal action consists of an affirmative vote by the Board, memorialized by the adoption of a resolution. Once committed, amounts cannot be used for any other purpose unless the Board removes, or changes, the specified use by taking the same type of action (resolution) it employed to previously commit those amounts.

Assigned – The assigned fund balance classification includes amounts that are constrained by the District's *intent* to be used for specific purposes but are neither restricted nor committed. *Intent* is expressed by either the Board or by the business administrator, to which the Board has delegated the authority to assign amounts to be used for specific purposes. Such authority of the business administrator is established by way of a formal job description for the position and standard operating procedures, approved by the Board.

Unassigned – The unassigned fund balance classification is the residual classification for the general fund. This classification represents fund balance that has not be assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balances are available, it is the policy of the District to spend restricted fund balances first. Moreover, when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used, it is the policy of the District to spend fund balances, if appropriate, in the following order: committed, assigned, then unassigned.

U. Operating and Nonoperating Revenue

Operating revenues for proprietary funds are those that result from providing services and producing and delivering goods and/or services. It also includes all revenue not related to capital and related financing, noncapital financing, or investing activities. Nonoperating revenues include reimbursements by the State for school breakfast, lunch and food distribution programs.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

V. Expenditures/Expenses

In the district-wide financial statements, expenses are classified by function for both governmental and business-type activities.

In the fund financial statements, expenditures are classified as follows:

Governmental Funds – By Character:	Current (further classified by function)
	Debt Service
	Capital Outlay
Proprietary Fund – By Operating and Nonoperating	

In the fund financial statements, governmental funds report expenditures of financial resources. Proprietary funds report expenses relating to use of economic resources.

W. Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A: 20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with GUDPA. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

As of June 30, 2019, the District's deposits and investments are summarized as follows:

Reconciliation to District-Wide statement of net position:	
Unrestricted cash	\$ 4,398,827
Restricted cash	7,792,104
Trust and Agency Fund cash (not included in District-Wide statements)	142,470
	\$ 12,333,401

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS (Continued)

The District maintains its cash balances reflected in the balance sheets in three different financial institutions. The accounts are insured by the Federal Deposit Insurance Corporation up to \$250,000 in each financial institution. The remaining cash bank balance is covered by the State of New Jersey, Governmental Unit Deposit Act. All investments are available on demand.

<u>New Jersey Cash Management Fund</u> - All investments in the Fund are governed by the regulations of the Investment Council, which prescribe specific standards designed to insure the quality of investments and to maximize the risks related to investments. In all the years of the Division of Investment's existence, the Division has never suffered a default of principal or interest on any short-term security held by it due to the bankruptcy of a securities issuer; nevertheless, the possibility always exists, and for this reason a reserve is being accumulated as additional protection for "Other-than-State" participants. In addition to the Council regulations, the Division sets further standards for specific investments and monitors the credit of all eligible securities issuers on a regular basis. Securities in the Fund are insured, registered or held by the Division or its agent in the Fund's name. As of June 30, 2019, the District had \$15,148 on deposit with the New Jersey Cash Management Fund.

As of June 30, 2019, the District implemented disclosure requirements of GASB No. 40 *Deposits and Investment Risk Disclosures* and, accordingly, the Authority has assessed the Custodial Credit Risk, the Concentration of Credit Risk, Credit Risk and Interest Rate Risk of its Cash and Cash Equivalents and Investments.

(a) *Custodial Credit Risk* - The District deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are: uncollateralized, collateralized with securities held by the pledging financial institution, collateralized with securities held by the financial institution's trust department or agent but not in the depository government's name. The deposit risk is that, in the event of the failure of the financial institution, the District will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's investment securities are exposed to custodial risk if the securities are uninsured, are not registered in the name of the District and are held by either: the counterparty or the counterparty's trust department or agent but not in the District's name. The investment risk is that, in the event of the failure of the counterparty to a transaction, the District will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. As of June 30, 2019, the District's bank balance was not exposed to custodial credit risk since the full amount was covered by either FDIC insurance or GUDPA. The New Jersey Cash Management Fund which is administered by the State of New Jersey Department of the Treasury invests pooled monies from various State and non-State agencies in primarily short-term investments. The investments include: US Treasuries, Short-Term Commercial Paper, US Government Agency Bonds, Corporate Bonds, and Certificated of Deposits. Agencies that are part of the Fund typically earn returns that mirror short-term interest rates. The Fund is considered an investment pool and as such is not exposed to custodial credit risk. The District does not have a formal policy for deposit custodial credit risk other than to maintain sufficient funds in the checking account to cover checks that have not cleared the account as of a specific date.

As of June 30, 2019, there were no investments in the District's portfolio. The District does not have a formal policy for investment securities custodial risk other than to maintain a safekeeping account for the securities at a financial institution.

(b) Concentration of Credit Risk - This is the risk associated with the amount of investments the District has with any one issuer that exceed 5 percent or more of its total investments. Investments issued or explicitly guaranteed by the US government and investments in mutual funds, external investment pools, and other pooled investments were excluded from this requirement. The District places no limit on the amount it may invest in any one issuer. As of June 30, 2019, the District was not exposed to a concentration of credit risk.

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS (Continued)

- (c) Credit Risk GASB 40 requires that disclosure be made as to the credit rating of all debt security investments except for obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government. This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. In general, the District does not have an investment policy regarding Credit Risk except to the extent previously outlined under the District's investment policy. The New Jersey Cash Management Fund is not rated.
- (d) Interest Rate Risk This is the risk that changes in the interest rates will adversely affect the fair value of investment. The District does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from interest rate fluctuations, but the District does from time to time evaluate its investment portfolio to determine if, based on the interest rate environment, other investments would provide higher yields that lower the cost and risk.

NOTE 3. CAPITAL ASSETS AND DEPRECIATION

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement cost.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation basis for proprietary fund capital assets are the same as those used for the general capital assets.

Donated capital assets are capitalized at estimated fair market value on the date donated. Capital outlay of \$4,610,826 (Exhibit B-2) reconciles to additions in the fixed assets schedule of \$4,651,951, except for (\$30,709) which was debt service aid withheld from the District's State aid payments, (\$1,895) for purchased charged to capital outlay but not capitalized, \$6,199 for asset addition adjustments, and \$67,530 capitalized lease of new vehicles.

Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: building - 50 years, improvements - 20 years, equipment 5 to 10 years. Capital asset activity for the year ended June 30, 2019, was as follows:

		Balance			Ad	justment/	Balance		
	Ju	July 1, 2018		Additions		isposals	June 30, 2019

Total depreciation expense	\$ 1,427,119

NOTE 4. ACCOUNTS RECEIVABLES

Accounts receivable at June 30, 2019 consisted of accounts (fees for services), intergovernmental awards/grants. All receivables are considered collectible in full due to the stable condition of federal and state programs, the current fiscal year guarantee of federal funds, and the regulated budgetary control of governmental entities in New Jersey.

Accounts receivable as of fiscal year end for the District's individual major and fiduciary funds in the aggregate, are as follows:

	 Governmental Funds					Proprietary Funds				
Description	General Fund		Special Revenue Fund	:	Debt Service Fund	 Total ernmental activities		Food Service Fund		Total
Federal Awards State Awards Other	484,227	\$	212,753 5,784	\$	18,866	\$ 212,753 490,011 18,866	\$	51,117 1,236 11,997	\$	263,870 491,247 30,863
	\$ 484,227	\$	218,537	\$	18,866	\$ 721,630	\$	64,350	\$	785,980

NOTE 5. LONG-TERM DEBT

The Board's long-term debt is summarized as follows:

As of June 30, 2019, the governmental long-term debt of the District consisted of the following:

Bonds payable:	
Current portion	\$ 1,410,000
Non current portion	22,115,000
Accrued compensated absences:	
Current portion	133,470
Non current portion	72,973
Obligations under capital leases	
Current portion	32,266
Non current portion	 82,893
Total governmental activity debt	\$ 23,846,602

As of June 30, 2019, there was no long-term debt payable from proprietary fund resources. During the fiscal year ended June 30, 2019, the following changes occurred in liabilities reported in the general long-term debt account group:

	Balance June 30, 2018	Issued	Retired/ Adjustments	Balance June 30, 2019	Amounts Due Within One Year	Long Term Portion
Bonds payable Obigations under	\$ 24,310,000		\$ (785,000)	\$ 23,525,000	\$ 1,410,000	\$ 22,115,000
Capital leases Compensated Absences	98,098	67,530	(50,469)	115,159	32,266	82,893
Payable	218,389	27,696	(39,642)	206,443	133,470	72,973
June 30;	\$ 24,626,487	\$ 95,226	\$ (875,111)	\$ 23,846,602	\$ 1,575,736	\$ 22,270,866

A. Bonds Payable

Bonds are authorized in accordance with State law by the voters of the District through referendum. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the District are general obligation bonds.

In October 1993, the District issued serial bonds for general improvements to the District's property and in July, 2003, the District issued pension serial bonds for early retirement incentives payable. On July 27, 2017 the District issued serial bonds in the amount of \$16,000,000. The new project includes (a) building improvements and upgrades to the Daniel Webster Elementary School, Theodore Roosevelt Elementary School and Weehawken High School, including life safety system upgrades, sound system upgrades, and interior renovations; (b) to undertake improvements and upgrades to the science classrooms/laboratories at Weehawken High School. The approved State Aid for school facilities projects is in the form of annual debt service aid, with the amount of such annual State Aid to be 40% of the annual principal and interest payable on the \$15,775,363 bonds, being the final project costs approved by the State for school facilities projects pursuant to the Educational Facilities Construction and Financing Act, P.L. 2000,c.72. On December 20, 2017 the District issued refunding bonds in the amount of \$4,795,000 to refund its Series 2008 Bonds.

NOTE 5. LONG-TERM DEBT (Continued)

Principal and interest due on those serial bonds outstanding are as follows:

<u>Year Ending June 30,</u>	<u>Principal</u>	Interest	<u>Total</u>
2020	1,410,000	853,021	2,263,021
2021	1,590,000	801,296	2,391,296
2022	1,505,000	743,786	2,248,786
2023	1,575,000	689,426	2,264,426
2024	1,590,000	518,783	2,108,783
Thereafter	15,855,000	3,435,556	19,290,556
	\$ 23,525,000	\$ 7,041,869	\$ 30,566,869

B. Capital Leases

On December 1, 2018, September 19, 2014 and August 10, 2017, respectively, the Board signed three five-year leases for two school buses, one pick-up truck and one van. Principal and interest due on the capital lease obligations outstanding are as follows:

<u>Year Ending June 30,</u>	<u>Principal</u>	Interest	<u>Total</u>
2020	32,266	5,047	37,313
2021	33,646	3,667	37,313
2022	35,086	2,227	37,313
2023	14,161	724	14,885
	\$ 115,159	\$ 11,665	\$ 126,824

NOTE 6. PENSION PLANS

<u>Description of Plans</u> - All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (the "Division"). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625-0295.

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund was established as of January 1, 1995, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

NOTE 5. PENSION PLANS (Continued)

Summary of Significant Accounting Policies TPAF- For the purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers Pension and Annuity Fund (TPAF) and additions to/deductions from the TPAF's fiduciary net position have been determined on the same basis as they are reported by the TPAF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions-TPAF:

The employer contributions for the district are legally required to be funded by the State in accordance with N.J.S.A. 18:66-33. Therefore, the district (employer) is considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the district (employer) does not contribute directly to the plan (except for employer specified financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the district. However, the state's portion of the net pension liability that was associated with the district was \$57,197,704 as measured on June 30, 2018 and \$57,080,301 as measured on June 30, 2017.

For the year ended June 30, 2019, the District recognized pension expense of \$3,334,426 and revenue of \$3,334,426 for support provided by the State. The measurement period for the pension expense and revenue reported in the district's financial statements (A-2) at June 30, 2019 is based upon changes in the collective net pension liability with a measurement period of June 30, 2017 through June 30, 2018. Accordingly, the pension expense and the related revenue associated with the support provided by the State is based upon changes in the collective net pension liability between July 1, 2017 and June 30, 2018.

Although the district does not report net pension liability or deferred outflows or inflows related to TPAF, the following schedule illustrates the collective net pension liability and deferred items and the State's portion of the net pension liability associated with the district. The collective amounts are the total of all New Jersey local governments participating in the TPAF plan.

	06/30/18	06/30/17
Collective deferred outflows of resources	\$12,473,998,870	\$14,160,879,257
Collective deferred inflows of resources	16,180,773,643	11,800,239,661
Collective net pension liability (Nonemployer- State of New Jersey)	63,806,350,446	67,670,209,171
State's portion of the net pension liability that was associated with the district	57,197,704	57,080,301
State's portion of the net pension liabilities that was associated	, ,	, ,
with the district as a percentage of the collective net pension		
liability	.0899082600%	.0846592237%

Actuarial Assumptions- The total pension liability for the June 30, 2018 measurement date was determined by an actuarial valuation as of July 1, 2017, which was rolled forward to June 30, 2018. The total pension liability for June 30, 2017 measurement date was determined by an actuarial valuation of July 1, 2017. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation:	2.25%
Salary Increases 2011-2026:	1.55-4.55%
Thereafter:	2.00-5.45%
Investment Rate of Return:	7.00%
	See independent auditor's report

NOTE 6. PENSION PLANS (Continued)

Preretirement, post retirement and disabled mortality rates were based on the experience of TPAF members reflecting mortality improvement on a generational basis based on a 60-year average Social Security data from 1953 to 2013.

Long-Term Expected Rate of Return – In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2018) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2018 are summarized in the following table:

	Long- Term Expected Real
Target Allocation	Rate of Return
5.00%	5.51%
5.50%	1.00%
3.00%	1.87%
10.00%	3.78%
2.50%	6.82%
5.00%	7.10%
1.00%	6.60%
2.00%	10.63%
1.00%	6.61%
2.50%	11.83%
6.25%	9.23%
30.00%	8.19%
11.50%	9.00%
6.50%	11.64%
8.25%	13.08%
	5.00% 5.50% 3.00% 10.00% 2.50% 5.00% 1.00% 2.00% 1.00% 2.50% 6.25% 30.00% 11.50% 6.50%

Discount Rate: The discount rate used to measure the State's total pension liability was 4.86% and 4.25% as of June 30, 2018 and 2017, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and 7.00%, and a municipal bond rate of 3.87% and 3.58% as of June 30, 2018 and 2017, respectively, based on the Bond Buyer G.O. 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributed 50% of the actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2040. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2040, and the municipal bond rate was applied to projected benefit payments through 2040, and the municipal bond rate was applied to projected benefit payments through 2040.

NOTE 6. PENSION PLANS (Continued)

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate. Since the District's has no proportionate share of the net pension liability because of the special funding situation, the district would not be sensitive to any changes in the discount rate. Detailed information about the pension plan's sensitivity of the collective net pension liability to changes in the discount rate is available in the separately issued State of New Jersey Divisions of Pensions and Benefits financial report at http://www.nj.gov/treasury/pensions/pdf/financial/gasb68-tpaf18.pdf

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Divisions of Pensions and Benefits financial report at http://www.nj.gov/treasury/pensions/financial-rprts-home.shtml

<u>Public Employees' Retirement System (PERS)</u> - The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multipleemployer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

Summary of Significant Accounting Policies - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the PERS and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The statement of net position reports separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources, reported after total assets, represents a reduction of net position that applies to a future period(s) and will be recognized as an outflow of resources (expense) at that time. Deferred inflows of resources, reported after total liabilities, represents an acquisition of net position that applies to a future period(s) and will be recognized as an inflow of resources (revenue) at that time.

Transactions are classified as deferred outflows of resources and deferred inflows of resources only when specifically prescribed by the Governmental Accounting Standards Board (GASB) standards. The School District is required to report the following as deferred outflows of resources and deferred inflows of resources:

Defined Benefit Pension Plans – The difference between expected (actuarial and actual experience, changes in actuarial assumptions, net difference between projected (actuarial) and actual earnings on pension plan investments, changes in the District's proportion of expenses and liabilities to the pension as a whole, differences between the District's pension contribution and its proportionate share of contributions, and the District's pension contributions subsequent to the pension valuation measurement date.

At June 30, 2018, the District reported a liability of \$4,859,304 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017 which was rolled forward to June 30, 2018. The total pension liability for the June 30, 2017 measurement date was determined by an actuarial valuation as of July 1, 2016. The District's proportion of the net pension liability is based on the ratio of the contributions as an individual employer to total contributions to the PERS during the years ended June 30, 2018 and 2017. At June 30, 2018, the District's proportion was 0.024680%, which was a decrease of 0.000158% from its proportion measured as of June 30, 2017.

NOTE 6. PENSION PLANS (Continued)

For the year ended June 30, 2019, the District recognized pension expense of \$330,379. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

Pension Reports Dated:	June 30, 2018		3	June 30, 2017			7	
]	Deferred		Deferred]	Deferred		<u>Deferred</u>
	<u>0</u>	utflows of		Inflow of	0	utflows of		Inflow of
	F	Resources		Resources	R	lesources	1	Resources

Collective deferred inflows of resources	6,581,869,368	4,672,602,040
Collective net pension liability (Non-State-Local Group)	19,689,501,539	23,278,401,588
District's portion of net pension liability	4,859,304	5,781,775
District's proportion %	0.0246796719%	0.0248375096%

NOTE 6. PENSION PLANS (Continued)

Actuarial assumptions. The collective total pension liability for June 30, 2018 measurement date was determined by an actuarial valuation as of July 1, 2017, which was rolled forward to June 30, 2018. The actuarial valuation used the following actuarial assumptions:

Inflation:	2.25%
Salary Increases:	
Through 2026	1.65% - 4.15% based on age
Thereafter	2.65% - 5.15% based on age
Investment Rate of Return:	7.00%

Pre-retirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Postretirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members and beneficiaries of former members 2013 using generational approach based on the Conduent 2014 projection scale thereafter. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disability Mortality Table (set back 3 years for males and set forward 1 year for females).

The actuarial assumptions used in the July 1, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30,2014. It is likely that future experience will not conform to these assumptions. To the extent the actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments (7.00 % at June 30, 2018) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2018 are summarized in the following table:

		Long-Term Expected Real
Asset Class	Target Allocations	Rate of Return
Risk mitigation strategies	5.00%	5.51%
Cash equivalents	5.50%	1.00%
U.S. treasuries	3.00%	1.87%
Investment grade credit	10.00%	3.78%
High yield	2.50%	6.82%
Global diversified credit	5.00%	7.10%
Credit oriented hedge funds	1.00%	6.60%
Debt related private equity	2.00%	10.63%
Debt related real estate	1.00%	6.61%
Private real estate	2.50%	11.83%
Equity related real estate	6.25%	9.23%
U.S. equity	30.00%	8.19%
Non- U.S. developed markets equity	11.50%	9.00%
Emerging markets equity	6.50%	11.64%
Buy-outs/venture capital	8.25%	13.08%

NOTE 6. PENSION PLANS (Continued)

Discount rate. The discount rate used to measure the total pension liability was 5.66% and 5.00% as of June 30, 2018 and 2017, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and 7.00%, and a municipal bond rate of 3.87% and 3.58% as of June 30, 2018 and 2017, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contributions and the local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through June 30, 2046. Therefore, the long-term expected rate of return on plan investments was applied to projected payments through June 30, 2046 and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate. The following presents the District's proportionate share of the net pension liability measured as of June 30, 2018 and 2017, calculated using the discount rate of 5.66% and 5.00% respectively, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

June 30, 2018	<u>1%</u>	6 Decrease	Rate	<u>1</u>	% Increase
		<u>4.66%</u>	<u>5.66%</u>		<u>6.66%</u>
District's proportionate share of the net pension					
liability	\$	6,110,015	\$ 4,859,304	\$	3,810,038
June 30, 2017	<u>1</u>	% Decrease	Rate	<u>1</u>	% Increase
		<u>(4.00%)</u>	<u>5.00%</u>		<u>6.00%</u>
District's proportionate share of the net pension					
liability	\$	7,172,684	\$ 5,781,775	\$	4,622,975

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Divisions of Pensions and Benefits financial report at http://www.nj.gov/treasury/pensions/financial-rprts-home.shtml.

PERS and TPAF Vesting and Benefit Provisions - The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B. All benefits vest after ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/55 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest cerdited to the members' accounts.

See independent auditor's report

NOTE 6. PENSION PLANS (Continued)

<u>Significant Legislation</u> - Two pieces of legislation passed during the year ending June 30, 2002 had a significant impact on the benefit provisions under the PERS and TPAF. Chapter 133, P.L. 2002, increases retirement benefits for service, deferred and early retirement by changing the formula from 1/60 to 1/55 of final compensation for each year of service. This legislation also increases the retirement benefit for veteran members with 35 or more years of service and reduces the age qualification from 60 to 55. The legislation further provides that existing retirees and beneficiaries would also receive a comparable percentage increase in their retirement allowance. The benefit enhancements were effective with the November 1, 2002 benefit checks. Chapter 120, P.L.2002, establishes an additional retirement option for plan members. Under the new option, a retiree's actuarially reduced allowance (to provide a benefit to the retiree's beneficiary upon the death of the retiree) would "pop-up" to the maximum retirement allowance if the beneficiary predeceases the retiree.

Chapter 4, P.L. 2002 provides increased benefits to certain members of the PERS, who retired prior to December 29, 1989 with at least 25 years of creditable service. The maximum amount of the increase is 5 percent of the retiree's final compensation. For those with 30 or more years of service, the total pension would increase from 65 percent to 70 percent of final compensation.

Due to the enactment of 1997 legislation, Chapter 114, P.L. 1997 and Chapter 115, P.L. 1997, the State of New Jersey's portion of the unfounded accrued liability under each retirement system was eliminated. In addition, excess valuation assets were available to fund, in full or in part, the State of New Jersey's normal contribution from 1997 to 2001, excluding the contribution for post-retirement medical benefits in the PERS and TPAF.

<u>Contribution Requirements</u> - The contribution policy is set by laws of the State of New Jersey and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The various pension funds provide for employee contributions based on percentages ranging from 3.00 percent to 8.50 percent of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in all Funds except the SACT, CPF, and PAF. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the JRS, PFRS, PERS, SPRS, and TPAF. In the PERS and TPAF, the employer contribution includes funding for post-retirement medical premiums.

Three – Year Trend Information for PERS

	Annu	al Pension	Percentage of	Net Pension
Year Funding	Cos	st (APC)	APC Contributed	Obligation
06/30/19	\$	246,404	100%	0
06/30/18		230,093	100%	0
06/30/17		219,075	100%	0
	Three	– Year Trend I	nformation for TPAF	
	Annu	al Pension	Percentage of	Net Pension

06/30/19	\$	2,654,775	100%	0
06/30/18		2,235,185	100%	0
06/30/17		1,748,661	100%	0

NOTE 5. PENSION PLANS (Continued)

During the fiscal year ended June 30, 2019, the State of New Jersey contributed \$2,654,775 to the TPAF for normal, post-retirement benefits, and long term disability benefits on behalf of the District. Also, in accordance with N.J.S.A. 18A: 66-66, the State of New Jersey reimbursed the District \$759,583 during the year ended June 30, 2019 for employer's share of social security contributions for TPAF members, as calculated on their base salaries. The PERS amounts have been included in the fund-based statements as pension expense and the TPAF on-behalf amounts have been included in fund-based statements as a revenue and an expenditure. The PERS and TPAF amounts have been modified and included in the District-wide financial statements in accordance with GASB Statement No. 68.

NOTE 7. POST-RETIREMENT BENEFITS

Plan description and benefits provided

The State provides post-retirement medical (PRM) benefits for certain State and other retired employees meeting the service credit eligibility requirements. In Fiscal Year 2018, the State paid PRM benefits for 148,401 State and local retirees.

The State funds post-retirement medical benefits on a "pay-as-you-go" basis, which means that the State does not prefund, or otherwise establish a reserve or other pool of assets against the PRM expenses that the State may incur in future years. For Fiscal Year 2018, the State contributed \$1.909 billion to pay for pay-as-you-go PRM benefit costs incurred by covered retirees. The increase in the State's pay-as-you-go contribution between Fiscal Year 2017 and Fiscal Year 2018 is attributed to rising health care costs, an increase in the number of participants qualifying for State-paid PRM benefits at retirement and larger fund balance utilization in Fiscal Year 2017 than in Fiscal Year 2018. The Fiscal Year 2019 Appropriations Act includes \$1.921 billion as the State's contribution to fund pay-asyou-go PRM costs.

In accordance with the provisions of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the State is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to retired plan members. This new standard supersedes the previously issued guidance, GASB Statement No. 45, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, effective for Fiscal Year 2018. The State is now required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments. As such, the Fiscal Year 2017 total State OPEB liability to provide these benefits has been re-measured to \$97.1 billion, an increase of \$60.6 billion or 166 percent from the previous year's \$36.5 billion liability booked in accordance with GASB Statement No. 45. For Fiscal Year 2018, the total OPEB liability for the State is \$90.5 billion, a decrease of \$6.6 billion or 7 percent from the re-measured total OPEB liability in Fiscal Year 2017.

The School Employees Health Benefits Program (SEHBP) Act is found in New Jersey Statutes Annotated, Title 52, Article 17.25 et. seq. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASBS No. 75.

NOTE 7. POST-RETIREMENT BENEFITS (continued):

Total OPEB Liability:

The State, a nonemployer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The District's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Accordingly, the District did not recognize any portion of the collective net OPEB liability on the Statement of Net Position. The State's proportionate share of the collective net OPEB liability associated with the District as of June 30, 2018 was \$38,878,361. Accordingly, the following OPEB liability note information is reported at the State's level for the State Health Benefit Local Education Retired Employee's Plan and is not specific to the board of education/board of Note that the actual numbers will be published in the NJ State CAFR trustees. at https://www.nj.gov/treasury/omb/cafr.shtml.

The net OPEB Liability from the New Jersey's plan is \$46,110,832,982.

Actuarial assumptions and other imputes. The total OPEB liability in the June 30, 2018 actuarial valuation reported by the State in the State's most recently issued CAFR was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%	
Salary increases: Through 2026	1.55-4.55% Based on years of service	average, including inflation
Thereafter	2.00-5.45% Based on years of service	
Discount rate	3.87%	
Healthcare cost trend rate: Pre-Medicare preferred provider organization (PPO) and health maintenance organization (HMO) medical benefits Self insured post-65 PPO and HMO	5.80%	decreases to 5% long-term trend rate after 8 years
medical benefits	4.50%	decreasing to 5% long-term trend rate
Prescription drug benefits Medicare Part B reimbursement Medicare Advantage	8.00% 5.00% 4.50%	after 7 years
Retirees' share of benefit related Costs	Varies	of projected health insurance premiums for retirees varies determined based on the retiree's annual retirement benefit and level of coverage

NOTE 7. POST-RETIREMENT BENEFITS (continued):

Discount Rate

The discount rate for June 30, 2018 and 2017 was 3.87% and 3.58%, respectively. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

Preretirement mortality rates were based on the RP-2006 Headcount-Weighted Healthy Employee Male/Female mortality table with fully generational mortality improvement projections from the central year using the MP-2017 scale. Postretirement mortality rates were based on the RP-2006 Headcount-Weighted Heathy Annuitant Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale. Disability mortality was based on the RP-2006 Headcount-Weighted Disabled Male/Female table with fully generational improvement projections from the central year using the MP-2017 scale.

The actuarial assumptions used in the June 30, 2017 valuation based on the results of an actuarial experience studies for the period July 1, 2012 – June 30, 2015, July 1, 2011- June 30, 2014, and July 1, 2010- June 30, 2013 for TPAF, PERS and PFRS, respectively.

Changes in the Total OPEB Liability reported by the State of New Jersey

Below represents the changes in the State's portion of the OPEB liability associated with the District for the year ended June 30, 2018:

	Total OPEB Liability	
Total OPEB Liability Balance at 6/30/17	\$	45,333,148
Changes for the year:		
Service cost		1,702,128
Interest		1,666,055
Changes of benefit terms		
Differences between expected and actual experience		(4,357,820)
Changes in assumptions or other inputs		(4,461,486)
Contributions-employee		35,930
Benefit payments		(1,039,594)
Net changes		(6,454,787)
Balance at 6/30/18	\$	38,878,361

There were no changes in benefit terms that would reflect an increase in retirees' share of health insurance premiums.

Changes of assumptions and other inputs reflect a change in the discount rate from 3.58% in 2017 to 3.87% percent in 2018.

NOTE 7. POST-RETIREMENT BENEFITS (continued):

Sensitivity of Total Nonemployer OPEB Liability to Changes in the Discount Rate

The following presents State's proportionate share of the net OPEB liability of the State for school board retirees, as well as what the State's total OBEB liability for the District would be using a discount rate that is 1-percentage -point lower or 1- percentage-point higher than the current discount rate:

June 30, 2018	<u>1% Decrease</u> <u>Rate</u>		1% Increase		
		<u>(2.87%)</u>	<u>3.87%</u>		<u>4.87%</u>
Total OPEB Liability (Allocable to the District	\$	45,962,137	\$ 38,878,361	\$	33,247,491
and the responsibility of the State)					
June 30, 2017	<u>1</u>	% Decrease	Rate	<u>1</u>	% Increase
		<u>(2.58%)</u>	<u>3.58%</u>		<u>4.58%</u>
Total OPEB Liability (Allocable to the District	\$	53,813,717	\$ 45,333,148	\$	38,606,280
and the responsibility of the State)					

Sensitivity of the Total Nonemployer OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following represents the total OPEB liability of the State, as well as what the State's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rate:

	Trend Rates					
Total OPEB Liability (Allocable to the District	\$	32,227,976	\$	38,878,361	\$	47,796,410
and the responsibility of the State)						
June 30, 2017	<u>1</u>	% Decrease		Health Cost	<u>1</u>	% Increase
				Trend Rates		-
Total OPEB Liability (Allocable to the District	\$	37,282,132	\$	45,333,148	\$	56,024,803
and the responsibility of the State)						

NOTE 7. POST-RETIREMENT BENEFITS (continued):

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2019, the District recognized OPEB expense of \$ 1,848,794 determined by the State as the total OPEB liability for benefits provided through a defined benefit OPEB plan that is not administered through a trust that meets the criteria in paragraph 4 of GASBS No. 75 and in which there is a special funding situation.

In accordance with GASBS No. 75, the District's proportionate share of school retirees OPEB is zero, there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources. At June 30, 2018, the State reported deferred outflows of resources and deferred inflows of resources related to retired employee's OPEB from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources		
Changes in proportion Difference between expected and actual experience	\$	278,541	\$ \$	(106,773) (3,774,013)	
Changes of assumptions or other inputs				(8,714,783)	
Total	\$	278,541	\$	(12,595,569)	
District's Proportion		0.08%			

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (continued):

Amounts reported as deferred outflows of resources and deferred inflows of resources related to retired school employee's OPEB will be recognized in OPEB expense as follows:

	Year Ended June 30:		
2019	\$	(1,460,175)	
2020		(1,460,175)	
2021		(1,460,175)	
2022		(1,460,175)	
2023		(1,460,175)	
Total Thereafter		(4,548,778)	
Total	\$	(11,849,652)	

NOTE 8. COMPENSATED ABSENCES

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by GASB No. 16, "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. Upon termination, employees are paid for accrued sick leave up to \$7,000. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid in accordance with District agreements with the various employee unions.

In the district-wide *Statement of Net Position*, the liabilities whose average maturities are greater than one year should be reported in two components – the amount due within one year and the amount due in more than one year. The liability for vested compensated absences of the governmental fund types is recorded as a current and long-term liability. The current portion of the compensated absence balance is \$133,470 and long-term liability balance of compensated absences is \$72,973. The total balance of compensated absences payable was \$206,443 as of June 30, 2019.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2019, a liability existed for compensated absences in the Food Service Fund in the amount of \$0.

NOTE 9. DEFERRED COMPENSATION

The Board offers its employees a choice of various deferred compensation plans created in accordance with Internal Revenue Code Sections 403(b) and 457. The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows: 1) Equitable, 2) Met Life, 3) Valic, and 4) Lincoln Investment.

NOTE 10. RISK MANAGEMENT

The District is exposed to various risk of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

<u>Property and Liability Insurance</u> - The District maintains commercial insurance coverage through North Jersey Educational Insurance Fund for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

NOTE 11. INTERFUND RECEIVABLES AND PAYABLES

The following Interfund balances remained on the balance sheet at June 30, 2019:

	Interfund	Interfund
<u>Fund</u>	Receivable	Payable
General fund	\$ 243,915	
Special revenue fund		154,376
Capital project fund		165,164
Debt Service Fund	165,164	61,116
Enterprise Funds		10,947
Fiduciary funds	3,959	21,435
Total	\$ 413,038	\$ 413,038

The payroll agency interfund receivable and or payable in the General Fund and Enterprise Funds was not eliminated, since Trust and Agency Funds are not included on The Statement of Net Position.

NOTE 12. INVENTORY

Ending inventory in the Food Service Fund at June 30, 2019 was \$8,189.

The value of Federal donated commodities as reflected on Schedule A (required by the Single Audit Law of 1984 as amended by the single audit act amendments of 1996) is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of non-operating revenue in the financial statements.

NOTE 13. FUND BALANCE APPROPRIATED

<u>General Fund</u> (Exhibit B-1) - Of the (\$131,329) General Fund balance at June 30, 2019, \$54,250 is committed and reserved for encumbrances; \$0 is restricted and reserved as excess surplus designated for subsequent year's expenditures in accordance with N.J.S.A. 18A:7F-7; \$0 of the total is reserve for excess surplus and \$0 assigned fund balance has been appropriated and included as anticipated revenue for the year ending June 30, 2020; and (\$185,579) is unassigned and undesignated.

<u>*Capital Projects Fund*</u> - Of the \$7,471,277 Capital Project Fund balance at June 30, 2019, \$6,659,205 is committed and reserved for encumbrances; \$812,072 is unassigned and undesignated.

<u>Debt Service Fund</u> - Of the \$276,248 Debt service Fund balance at June 30, 2019, \$176,718 has been assigned and appropriated and included as anticipated revenue for the year ending June 30, 2020; and \$99,530 is unassigned and undesignated.

NOTE 13. FUND BALANCE APPROPRIATED (continued):

The following is a summary of adjustments made to the fund statements to arrive at the total net position per the District-wide Statement of Net Assets:

	 vernmental <u>Activities</u>	ness-Type <u>etivities</u>	<u>Total</u>
Fund balance/net position Add: Capital assets, net of A/D Add: Deferred Inflows net With Deferred Outflows	\$ 7,567,517 15,092,055 (700,683)	\$ 126,421	\$ 7,693,938 15,092,055 (700,683)
Less: Long-term liabilities	(28,705,906)		(28,705,906)
Total net position	\$ (6,747,017)	\$ 126,421	\$ (6,620,596)

NOTE 14. DEFICIT FUND BALANCES

The District has a deficit fund balance of (\$185,579) in General Fund and (\$48,679) in the Special Revenue Fund as of June 30, 2019 as reported in the fund statements (modified accrual basis). N.J.S.A. 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, districts must record the delayed one or more June state aid payments as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditures, asset, liability) should be in symmetry, i.e., if one government recognizes an asset, the other government recognizes a liability. Since the State is recording the June state aid payment(s) in the subsequent fiscal year, the school district cannot recognize the June state aid payment(s) (on the GAAP financial statements) until the year the State records the payable. Due to the timing difference of recording the June state aid payment(s), the General and Special Revenue Fund balance deficit does not alone indicate that the district is facing financial difficulties.

Pursuant to N.J.S.A. 18A:22-44.2 any negative unreserved, undesignated general fund balance that is reported as a direct result from a delay in the June payment(s) of state aid until the following fiscal year, is not considered in violation of New Jersey statute and regulation nor in need of corrective action. The District does not have a deficit in the GAAP funds statements, and therefore is less than the last state aid payment.

NOTE 15. CONCENTRATIONS

The District depends on financial resources flowing from, or associated with, both the federal government and the State of New Jersey. As a result of this dependency, the District is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations.

NOTE 16. BUDGETS / BUDGETARY CONTROLS

The Following presents a reconciliation of the general fund revenues and special revenue funds revenue and expenditures from the budgetary basis of accounting as presented in the Budgetary Comparison Schedules to the GAAP basis of accounting as presented in the Statement of Revenues, Expenditures and Changes in Fund Balances – Governmental funds. Note that the district does not report encumbrances outstanding at year end as expenditures in the general fund since the general fund budget follows modified accrual basis with the exception of the revenue recognitions policy for the last state aid payment.

Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures.

	General Fund	Re	Special evenue Fund
Sources/inflows of resources Actual amounts (budgetary) "revenues" from the budgetary comparison schedules	\$ 28,557,962	\$	1,350,049
Difference - budget to GAAP: Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized. Prior year encumbrances expended			
State aid payment recognized for GAAP statements in the current year, previously recognized for budgetary purposes.	(194,716)		(48,679)
State aid payment recognized for budgetary purposes, not recognized for GAAP statements until the subsequent year.	 202,122		54,255
Total revenues as reported on the statement of revenues, expenditures and changes in fund balances - governmental funds.	\$ 28,565,368	\$	1,355,625
Uses/outflows of resources Actual amounts (budgetary basis) "total outflows" from the budgetary comparison schedule Difference - budget to GAAP:	\$ 29,379,467	\$	1,350,049
Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for budgetary purposes, but in the year the supplies are received for financial reporting purposes. Prior year encumbrances expended			
Transfers to and from other funds are presented as outflows of budgetary resources but are not expenditures for financial reporting purposes. Net transfers (outflows) to general fund.			
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds.	\$ 29,379,467	\$	1,350,049

NOTE 17. CALCULATION OF EXCESS SURPLUS

Pursuant to N.J.S.A. 18A:7F-7, as amended, the designation for Reserved Fund Balance – Excess Surplus is a required calculation. New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. Reserved excess surplus-designated for subsequent year expenditures was \$0. The excess fund balance at June 30, 2019 was \$0.

NOTE 18. CONTINGENT LIABILITIES

Litigation

The District is involved in several claims and lawsuits incidental to its operations. In the opinion of the District's management and of the District's attorney, the ultimate resolution of these matters will not have a material adverse effect on the financial position of the District.

<u>Grants</u>

The District received and continued to participate in several federal and state financial assistance grant programs. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditures of funds for eligible purposes and effective internal control for the proper administration of the funds. The District is subject to the provisions of the Single Audit Act of 1984 and as amended by the Single Audit Act of 1996 and other related Federal requirements, and State of New Jersey requirements which require that financial assistance programs received by the District be audited in conjunction with the audit of the general-purpose financial statements. In addition, substantially all grants, entitlements and costs reimbursements are subject to financial and compliance audits by the grantors. As of June 30, 2019, the District estimates that no material liabilities will result from such audits.

NOTE 19. TAX ABATEMENTS

As defined by the Governmental Accounting Standards Board (GASB), a tax abatement is an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. School districts are not authorized by New Jersey statute to enter into tax abatement agreements. However, the county or municipality in which the school district is situated may have entered into tax abatement agreements, and that potential must be disclosed in these financial statements. If the county or municipality entered into tax abatement agreements, those agreements will not directly affect the school district's local tax revenue because N.J.S.A. 54:4-75 and N.J.S.A. 54:4-76 require that amounts so forgiven must effectively be recouped from other taxpayers and remitted to the school district. The Township of Weehawken has entered into five payments in lieu of tax (PILOT) exemptions which include: Hartz Estuary, Roseland Building # 13, Roseland Building # 11, XS Hotel Urban Renew and Housing Authority (5 parcels). Total PILOT payments when compared to amount of taxes that would have been assessed for the five properties total \$ 3,966,232 in PILOT payments vs. \$ 2,379,784 of taxes that would have been assessed.

For a local school district board of education or board of school estimate that has elected to raise their minimum tax levy using the required local share provisions at N.J.S.A. 18A:7F-5(b), the loss of revenue resulting from the municipality or county having entered into a tax abatement agreement is indeterminate due to the complex nature of the calculation of required local share performed by the New Jersey Department of Education based upon district property value and wealth.

NOTE 20. SUBSEQUENT EVENTS

Management has reviewed subsequent events through December 16, 2019, which is the date the financial statements were available to be issued. There has been no new debt authorized as of December 16, 2019.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

WEEHAWKEN BOARD OF EDUCATION NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Exhibit C-3

BUDGET-TO-GAAP RECONCILIATION

Note A - Explanation of differences between budgetary inflows and outflows and GAAP revenues and expenditures

			General Fund			Special Revenue Fund
Sources/inflows of resources						
Actual amounts (budgetary basis) "revenue"						
from the budgetary comparison schedule	[C-1]	\$	28,557,962	[C-2]	\$	1,350,049
Difference - budget to GAAP:						
Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized.						
Prior year encumbrances expended						
State aid payment recognized for budgetary purposes,						
not recognized for GAAP statements until the subsequent year.			(194,716)			(48,679)
State aid payment recognized for GAAP Statement in the current year,						
previously recognized for budgetary purposes.			202,122			54,255
Total revenues as reported on the statement of revenues, expenditures	ID 41	¢	29.5(5.2(9	ID 41	¢	1 255 (25
and changes in fund balances - governmental funds.	[B-2]	\$	28,565,368	[B-2]	\$	1,355,625
Uses/outflows of resources						
Actual amounts (budgetary basis) "total outflows" from the budgetary comparison schedule	[C-1]	\$	29,379,467	[C-2]	\$	1,350,049
Difference - budget to GAAP:						
The district budgets for claims and compensated absences						
only to the extent expected to be paid, rather than on the						
modified accrual basis.						
Encumbrances for supplies and equipment ordered but						
not received are reported in the year the order is placed for						
<i>budgetary</i> purposes, but in the year the supplies are received						
for <i>financial reporting</i> purposes. Prior year encumbrances expended						
Transfers to and from other funds are presented as outflows of						
budgetary resources but are not expenditures						
for financial reporting purposes.						
Net transfers (outflows) to general fund						
Total expenditures as reported on the statement of revenues,						
expenditures, and changes in fund balances - governmental funds	[B-2]	\$	29,379,467	[B-2]	\$	1,350,049

Exhibit L-3

Teachers' Pension and Annuity Fund (TPAF)

Changes in Benefit Terms

There were none.

Changes of Assumptions

The discount rate changed from 4.25% as of June 30, 2017 to 4.86% as of June 30, 2018. The long-term expected rate of return changed from 7.00% as of June 30, 2017 to 7.00% as of June 30, 2018. Further, the demographic assumptions were revised to reflect those recommended on the basis of the July1, 2012 -June 30, 2015 experience study.

Public Employees' Retirement System (PERS)

Changes in Benefit Terms

There were none.

Changes of Assumptions

The discount rate changed from 5.66% as of June 30, 2017 to 5.00% as of June 30, 2018. The long-term expected rate of return changed from 7.00% as of June 30, 2017 to 7.00% as of June 30, 2018. Demographic assumptions were revised in accordance with the results of the July 1, 2011-June 30, 2014 experience study and the mortality improvement scale incorporated the plan actuary's modified MP-2014 projection scale. Further, salary increases were assumed to increase between 1.65% and 4.15% (based on age) through fiscal year 2026 and 2.65% and 5.15% (based on age) for each fiscal year thereafter. Social security wage base was set as \$127,200 for 2017, increasing 4.00% per annum, compounded annually and the 401(a)(17) pay limit was set at \$270,000 increasing 3.00% per annum, compounded annually.

PROPRIETARY FUNDS

Proprietary funds are used to account for district activities that are similar to business operations in the private sector. There are two categories of proprietary funds – enterprise and internal service funds.

Enterprise funds are used to account for the operations that are financed and operated in a manner similar to private business enterprises – where the intent of the district's board is that the costs of providing goods or services be financed through user charges.

Food Services Fund -	This fund provides for the operation of food services in all schools within the school district.
Extended Care Latchkey Program -	This fund provides for the operation of an after school program for all children with the school district who require these services.

Internal service funds are used to account for the financing of goods or services provided by one department or office to other departments or offices of the district board of education, or to other district boards of education and governmental units, on a cost-reimbursement basis.

Internal Service Fund - NON APPLICABLE

FIDUCIARY FUNDS

Fiduciary funds report assets that are held in a trustee or agency capacity for the external parties and that cannot be used to support the government's own programs.

Trust and agency funds are used to account for resources held and administered by a school district when it acts in a fiduciary capacity. Trust funds are used to account for assets held by the district as an agent for individuals or other funds.

Scholarship Trust Fund - (Louis Ferullo Scholarship)	This is an expendable trust fund used to account for asset held by the district for grants to students where there are no restrictions regarding the use of principal and income.
Nonexpendable Trust Fund - (McGowan Award)	This is a scholarship fund used to account for assets held by the district under the terms of a formal trust agreement, whereby the district is under the obligation to maintain the trust principal.

Agency funds are used to account for assets held by the school district as an agent for individuals, private organizations, other governments and/or other funds.

Student Activity Fund -	This agency fund is used to account for student funds held at the schools.
Payroll Fund -	This agency fund is used to account for payroll transactions of the school district.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed In Accordance with *Government Auditing Standards*

Independent Auditor's Report

The Honorable President and Members of the Board of Education Weehawken School District County of Hudson Weehawken, New Jersey

We have audited , in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance and Regulatory Compliance, Department of Education, State of New Jersey, the financial statements of governmental activities, the business-type activities and each major fund and the aggregate remaining fund information of the Board of Education of the Weehawken School District, in the County of Hudson, State of New Jersey (the "District"), as of and for the fiscal year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements (the "financial statements"), and have issued our report thereon dated December 16, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Weehawken Board of Education's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs to be material weaknesses as described in Finding 2019-001.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs to be significant deficiencies as describe in Finding 2019-008.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Finance and Regulatory Compliance, Department of Education, and State of New Jersey and which are described in the accompanying schedule of findings and questioned costs as items 2019-002, 2019-003, 2019-004, 2019-005, 2019-006 and 2019-007.

We noted certain matters that we reported to the District in a separate report entitled, *Auditor's Management Report on Administrative Findings – Financial, Compliance and Performance* dated December 16, 2019.

Board of Education of the Weehawken School District Response to Findings

The District response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS REQUIRED BY OMB UNIFORM GUIDANCE AND N.J. OMB CIRCULAR 15-08

Independent Auditor's Report

The Honorable President and Members of the Board of Education Weehawken School District County of Hudson Weehawken, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited the Board of Education of the Weehawken School District, in the County of Hudson, State of New Jersey (the "District") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *N.J. State Office of Management and Budget's (OMB) State Grant Compliance Supplement 15-08* that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2019. The District's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedules of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on the compliance for each of the District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), *and N.J. OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid.* Those standards, *Uniform Guidance and State Circular 15-08* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures, as we consider necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the district's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2019.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and the *N.J. State Office of Management and Budget's (OMB) State Grant Compliance Supplement 15-08,* which are described in the accompanying schedule of findings and questioned costs as items 2019-006 and 2019-007. Our opinion on each major federal program is not modified with respect to these matters.

The District's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

The management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with *Uniform Guidance and N.J. Circular 15-08*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2019-008 to be a significant deficiency.

The District's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the audit procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of *Uniform Guidance* and N.J. Circular 15-08. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance and Schedule of Expenditures of State Financial Assistance Required by New Jersey OMB Circular 15-08

We have audited the financial statements of the District as of and for the year ended June 30, 2019 and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our report dated December 16, 2019 which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards as required by the Uniform Guidance and schedule of state financial assistance as required by New Jersey OMB Circular 15-08 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal and state awards is fairly stated in all material respects in relation to the financial statements as a whole.

WEEHAWKEN BOARD OF EDUCATION NOTES TO SCHEDULES OF EXPENDITURES OF AWARDS AND FINANCIAL ASSISTANCE FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Exhibit K-5

NOTE 1. GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Weehawken School District (the "District"). The District is defined in Note 1 to the basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedules of expenditures of federal awards and state financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These basis of accounting are described in Note 1 to the District's basic financial statements. The information in this schedule is presented in accordance with the requirements of 2 CFR 200-Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. and N.J. OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in preparation of, the basic financial statements.

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes payments are not recognized until the subsequent budget year due to the state deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more June state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-4.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$7,406 for the general fund and \$5,576 for the special revenue fund. See Note 14 for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance expenditures are reported in the Board's basic financial statements on a GAAP basis as presented as follow:

]	Federal	<u>State</u>	<u>Total</u>
General Fund	\$	28,174	\$ 6,505,954	\$ 6,534,128
Special Revenue Fund		828,176	521,873	1,350,049
Debt Service Fund			371,919	371,919
Food Service Fund		230,600	 5,272	 235,872
Total Awards & Financial Assistance	\$	1,086,950	\$ 7,405,018	\$ 8,491,968

WEEHAWKEN BOARD OF EDUCATION NOTES TO SCHEDULES OF EXPENDITURES OF AWARDS AND FINANCIAL ASSISTANCE FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Exhibit K-5

NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5. OTHER

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions respectively. The amount reported as TPAF Pension Contributions represents the amount paid by the state on behalf of the District for the year ended June 30, 2019. TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2019.

NOTE 6. ADJUSTMENTS

Amounts reported in the accompanying financial schedules under the column heading for adjustments, if any, represent fiscal year 2019 encumbrances, which were canceled in fiscal year 2019, canceled receivables, or amounts transferred to General Fund deferred revenue. Canceled encumbrances totaled \$0, canceled receivables totaled \$2,399, state aid deductions not received in cash totaled \$500,752 and amounts transferred to General Fund revenue totaled \$0.

Section II – Financial Statement Findings

[This section identifies the significant deficiencies, material weaknesses, fraud, illegal acts, violations of provisions of contracts and grant agreements, and abuse related to the financial statements for which Government Auditing Standards requires reporting in the Uniform Guidance and NJ OMB Circular 15-08. See paragraphs 13.15 and 13.35. See the AICPA Audit Guide *Government Auditing Standards and Uniform Guidance Audits* for further guidance on this schedule]

Finding 2019-001*:

Criteria:

N.J.A.C. 6A:23A, Fiscal Accountability, Efficiency, And Budgeting Procedures, requires that a district shall implement controls over budgeted appropriations and shall only approve an encumbrance or expenditure (liability or payment) that, when added to the total of existing encumbrances and expenditures, does not exceed the amount appropriated by the district in the applicable line item account established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23A-16.2(f)1.

Condition:

Several budgetary line item accounts were over-expended during the fiscal year ended June 30, 2019 in violation of *N.J.A.C.* 6A:23A-16.10.

Effect:

These over-expenditures totaled \$764,399 individually, however the entire District's budget was not over-expended.

<u>Cause:</u>

The over-expenditures occurred due to incorrect postings which resulted in insufficient budget transfers. Had the correct transfers been made, over-expenditures would not have occurred.

Recommendation:

Approved budgetary line accounts should not be over-expended. The Board Administrator, (the "BA") should not approve the issuance of purchase orders that would cause over-expenditure in the line account to be charged, prior to the board approving the requested transfer of additional appropriations to cover such orders. Monthly certifications filed should be consistent with the actual budgetary records.

Views of responsible officials and planned corrective action:

The BA will monitor budgetary line item amounts and request budgetary transfers to not cause over-expenditure in a line account to be charged.

Exhibit K-6

Section II – Financial Statement Findings (continued):

Finding 2019-002*:

Criteria:

In accordance with *N.J.A.C. 6A:23A-13.3*, budget transfers must be approved by the Board of Education, (the "Board"), recorded in minutes and proof of Executive County Superintendent approval for transfers over 10% in advertised appropriation accounts defined under this section must be retained for audit.

Condition:

Several budget transfers were not always approved and recorded in the minutes and proof of Executive County Superintendent approval was not retained for audit inspection for transfers over 10% in advertised appropriation accounts as defined under *N.J.A.C.* 6A:23A-13.3.

Effect

The District did not comply with N.J.A.C. 6A:23A-13.3

Cause:

The BA did not retain documentation of approval from the Executive County Superintendent and did not submit and receive approval for all budget transfers to the Board.

Recommendation:

All budget transfers should be approved and recorded in minutes of the School Board. Executive County Superintendent approval should be requested and proof of approval retained for audit inspection for any transfers over 10% in advertised appropriation accounts as defined under *N.J.A.C.6A:23A-13.3*.

Views of responsible officials and planned corrective action:

All transfers will be approved by the Board and recorded in the minutes. Any transfer over 10% of the advertised appropriation will be submitted for approval to the Executive County Superintendent when required by *N.J.A.C.* 6A:23A-13.3. Proof of submittal and acceptance will be retained for audit inspection.

Finding 2019-003*:

Criteria:

As per 18A:18A-37, award of purchases, contracts or agreements that in the aggregate are less than the bid threshold but 15 percent or more of that amount, and for those contracts that are for subject matter enumerated in subsection a. of N.J.S.18A:18A-5, except for paragraph (1) of that subsection concerning professional services and paragraph (3) of that subsection concerning work by employees of the District, the purchasing agent shall award the contract after soliciting at least two competitive quotations, if practicable. The award shall be made to a vendor whose response is most advantageous, price and other factors considered. The purchasing agent shall retain the record of the quotation solicitation and shall include a copy of the record with the voucher used to pay the vendor.

Exhibit K-6

Section II – Financial Statement Findings (continued):

Finding 2019-003* (Continued):

Condition:

Our review of vendor payments in excess of the quote threshold revealed that 4 vendors of 5 tested did not have the required documentation that requires that the purchasing agent solicit at least two competitive quotations before award of the contract

Effect:

It could not be ascertained that at least two required quotes were obtained due to lack of documentation.

Cause:

Documentation of the required two quotes for contracts in excess of 15% of the bid threshold was not available for inspection.

Recommendation:

All contracts in excess of the quote threshold should have the required documentation that at least two competitive quotations were received before award of that contract in accordance with N.J.S.A. 18A:18A-37.

Views of responsible officials and planned corrective action:

The District will ensure that the required quotes are attached to the purchase order as required.

Finding 2019-004*:

Criteria:

For public contracting, as proof of valid business registration with the New Jersey Division of Revenue, all contractors and subcontractors must provide this documentation when seeking to do business with the State of New Jersey, and other public agencies in this state. Form W-9 "Request for Taxpayer Identification Number" is required to file information returns with the IRS. The IRS also requires the filling of Form 1099-MISC, Miscellaneous Income, for each person in the course of your business to whom you have paid during the year at least \$600, who is not exempt.

Condition:

Our review of vendors required to have IRS form W-9 and NJ Business Registration Certificates on file revealed that 4 vendors did not have the IRS form W-9 on file

Effect:

Not all required vendors received Form 1099-Misc in accordance with IRS regulations.

Cause:

The district did not request IRS Form W-9 from all required vendors.

Exhibit K-6

Section II – Financial Statement Findings (continued):

Finding 2019-004* (Continued):

Recommendation:

All vendors must have the required IRS form W-9 and NJ Business Registration Certificate on file. IRS form 1099-Misc. must be transmitted to all vendors that are paid in excess of \$600 and are not exempt.

Views of responsible officials and planned corrective action:

The BA will ensure that all W-9's are on file.

Finding 2019-005:

Condition:

The Board Secretary's records were not always in agreement with the records of the Treasurer. Corrections noted by the Treasurer were not always made on a timely basis.

Effect:

The Board is being presented incorrect information at the time of review.

Cause:

The Board Secretary is not comparing records with the Treasurer and making corrections on a timely basis.

Recommendation:

The Board Secretary should reconcile cash records with the reconciled bank statements and cash records of the treasurer in a timely manner.

Views of responsible officials and planned corrective action:

The Board Secretary will ensure that corrections noted are made on a timely basis.

Exhibit K-6

Section III – Federal Awards and State Financial Assistance Findings and Questioned Cost

[This section identifies audit findings required to be reported by 2 CFR section .516 of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and NJOMB Circular 15-08, as applicable.

FEDERAL AWARDS

Finding 2019-006*:

Information on federal program: Title 1A, Grants to Local Education Facilities, CFDA # 84.010

Criteria or Specific requirement:

Upon acceptance of Title 1 grant funds, the Board should formally approve a list of teachers and allocations to the grant by resolution or recorded in the minutes.

Condition:

Upon acceptance of Title 1 grant funds, the allocation of teacher's salaries which were to be charged to the grant was not approved in the minutes or by Board resolution.

Questioned Costs: N/A

Context:

The business administrator was not aware of this requirement.

Effect:

Although teachers charged to Title 1 had supporting documentation for salaries charged to the grant, the allocations should be approved in the minutes or by Board resolution.

Cause:

Upon acceptance of Title 1 grant funds, the Board did not approve allocations of teacher's salaries to Title 1 grant.

Recommendation:

That allocations of teachers' salaries to be charged to Title 1 be board approved and recorded in the minutes.

Views of responsible official and planned corrective actions:

The Board will approve all teacher salary allocations to Title 1 by resolution recorded in the minutes.

Exhibit K-6

Section III – Federal Awards and State Financial Assistance Findings and Questioned Cost

Finding 2019-007:

Information on federal program: Title 1A, Grants to Local Education Facilities, CFDA # 84.010

Criteria or Specific requirement:

The District should amend their budget for all approved transfers made within the Title 1A Grant.

Condition:

An amendment was approved to transfer \$22,344 from title I salaries to purchased professional services. An additional amount of \$5,857 was needed in purchased professional services, and \$2,401 for benefits. These amounts were not included in the amendment. Transfers were not made for reporting purposes.

Questioned Costs: N/A

Context:

The BA was not aware of this requirement.

Effect:

Although the transfers to Title 1 were approved, the transfers should be reflected in accordance with the amendment.

Cause:

The BA did not make the required transfers within the Title 1 grants in accordance with the amendment.

Recommendation:

That amendment to budget line items within the Tile 1 grant be reflected correctly for reporting purposes.

Views of responsible official and planned corrective actions:

The BA will ascertain that any amendments be reported correctly within the Tile 1 grant.

Exhibit K-6

Section III – Federal Awards and State Financial Assistance Findings and Questioned Cost

STATE AWARDS

Finding 2019-008*:

Information on state program: State of N.J. Department of Education Extraordinary Aid #18-495-034-5120-044

Criteria or specific requirement:

Amounts submitted for reimbursement through the program must be net of any off-setting grants/revenues which are specifically attributable to and received in direct relationship to a specific student listed in the application. "Category 3" applications for separate private schools for students with disabilities must not include support costs and only include related services costs billed directly by the private school.

Condition:

- a. Applications for students were not net of all off-setting Medical Assistance Program (SEMI) revenues,
- b. An (one) application for a separate private school student included support costs which are unallowable,
- c. One student eligible for reimbursement under the Extraordinary Aid program was omitted during the application process.

Questioned Costs:

Approximately \$25,000 in support costs was added to student applications without supporting documentation.

Context:

During the testing of the program, we verified 100% of student applications and the associated costs.

Effect:

The District is being reimbursed in excess of actual costs for (one) student.

The District has not taken the initiative to verify all offsetting cost reimbursements for eligible students.

Cause:

The District is not following the required compliance instructions during the application process of the students.

Recommendation:

The District should establish procedures to review and use guidelines provided by the Extraordinary Aid program in order to provide accurate and supported costs for each student covered by the program.

Views of responsible official and planned corrective actions:

The District will review the required compliance instructions and file the application accurately.

WEEHAWKEN BOARD OF EDUCATION SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS AND QUESTIONED COSTS OF PREPARED BY MANAGEMENT FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Exhibit K-7

[This section identifies the status of prior-year findings related to the basic financial statements and federal and state awards that are required to be reported in accordance with Chapter 6.12 of *Government Auditing Standards*, USOMB *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. (section .511(a)(b)) and NJ OMB's Circular Letter 04-04 and or 15-08, as applicable].

Finding 2018-001:

Recommendation:

The full amount of each payroll must be submitted to the payroll agency fund and posted to the General Fund, including amounts owed for NJ employer share of unemployment and social security taxes.

Status:

Corrective action has been taken.

Finding 2018-002:

Recommendation:

The District should designate someone to prepare and submit the certification as required by *N.J.S.A. 18A:14.4* and submit the E-CERT1 if not yet submitted.

<u>Status:</u>

Corrective action has been taken.

Finding 2018-003:

Recommendation:

Purchase orders should be reviewed for proper classification at June 30, as accounts payable or reserve for encumbrances based upon whether the goods have been received or the services rendered. Reconciliation of the adjusted June 30 balances for accounts payable and reserve for encumbrances should be performed and the required schedules be prepared for the year-end audit.

Status:

Corrective action has been taken.

WEEHAWKEN BOARD OF EDUCATION SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS AND QUESTIONED COSTS OF PREPARED BY MANAGEMENT FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Exhibit K-7

Finding 2018-004:

Recommendation:

Approved budgetary line accounts should not be over-expended. The Board Administrator should not approve the issuance of purchase orders that would cause over-expenditure in the line account to be charged, prior to the board approving the requested transfer of additional appropriations to cover such orders. Monthly certifications filed should be consistent with the actual budgetary records.

<u>Status:</u>

Corrective action has not been taken.

Finding 2018-005:

Recommendation:

All budget transfers should be approved and recorded in minutes of the School Board. Executive County Superintendent approval should be requested for any transfers over 10% in advertised appropriation accounts as defined under *N.J.A.C.6A:23A-13.3*.

<u>Status:</u>

Corrective action has not been taken.

Finding 2018-006:

Recommendation:

It is recommended that reimbursements to the State for TPAF/FICA payments should be charged directly to the grant that includes the charges for those specific salaries. Budgeted grant allocations for salaries and benefits for federal grants should be allocated to allow for the allocated amount of the salaries and related benefits to be charged to the grant.

Status:

Corrective action has been taken.

Finding 2018-007:

Recommendation:

All contracts in excess of the quote threshold should have the required documentation that at least two competitive quotations were received before award of that contract in accordance with N.J.S.A. 18A:18A-37.

Status:

Corrective action has not been taken.

WEEHAWKEN BOARD OF EDUCATION SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS AND QUESTIONED COSTS OF PREPARED BY MANAGEMENT FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Exhibit K-7

Finding 2018-008:

Recommendation:

All vendors must have the required IRS form W-9 and NJ Business Registration Certificate on file. IRS form 1099-Misc. must be transmitted to all vendors that are paid in excess of \$600 and are not exempt.

Status:

Partial corrective action has been taken.

[This section identifies audit findings required to be reported by 2 CFR section .516 of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and NJOMB Circular 15-08, as applicable.

FEDERAL AWARDS

Finding 2018-009

Recommendation:

That allocations of teachers' salaries to be charged to Title 1 be board approved and recorded in the minutes.

Status:

Corrective action has *not* been taken.

STATE AWARDS

Finding 2018-010

Recommendation:

The District should establish procedures to review and use guidelines provided by the Extraordinary Aid program in order to provide accurate and supported costs for each student covered by the program.

<u>Status:</u>

Corrective action has not been taken.
