Honorable President and
Members of the Board of Education
Westville School District
101 Birch Avenue
Westville, New Jersey 08093

Dear Members of the Board:

The comprehensive annual financial report of the Westville School District (District) for the fiscal year ended June 30, 2019, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the Management of the Board of Education (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical, and single audit. The introductory section includes this transmittal letter, the District's organizational chart, and a list of principal officials. The financial section includes the general purpose financial statements and schedules, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984, and the *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*, "Audits of State and Local Governments," and the New Jersey OMB's Circular Letter 15-08, "Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid Payments," for the fiscal year ended

June 30, 2019. Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1. **Reporting Entity and its Services:** Westville School District is an independent reporting entity within the criteria adopted by the GASB as established by GASB Statement No. 14. All Funds and account groups of the District are included in this report. The Westville Board of Education and all its schools constitute the District's reporting entity. The District provides a full range of educational services appropriate to the grade levels pre-kindergarten through six. These include regular as well as special education for Handicapped youngsters. The District completed the 2018-2019 fiscal year with an enrollment of 395, which is 34 students more than the previous year's enrollment. The following details the changes in the student enrollment of the District over the last ten years:

1. **Reporting Entity and its Services (Continued)**

<u>Fiscal Year</u>	<u>Average Daily Enrollment</u>	<u>Percent Change</u>
2018-2019	395	9.00%
2017-2018	361.1	-5.00%
2016-2017	378.4	4.79%
2015-2016	361.1	1.66%
2014-2015	355.2	-3.79%
2013-2014	369.3	6.88%
2012-2013	345.5	-1.45%
2011-2012	350.6	5.09%
2010-2011	333.6	-6.00%
2009-2010	354.9	5.41%

2. **Major Initiatives:** The Board of Education continues to support initiatives which link to student achievement. The shift to the New Jersey Core Standards and the New Generation Science Standards continues to be a focus of the school level and district level professional development through professional learning communities.

The District continues to track individual student growth through the use of local and state assessments. Staff members working in grade level meetings and professional learning communities review the data, determine trends in order to make adjustments to curriculum, and unit planning as well as set individual goals with students. This year a new math resource was purchased to support our students and staff with the teaching and learning through math instruction.

3. **Economic Condition and Outlook:** The Borough of Westville is one square mile, which is fully developed with no room for additional growth in either business or housing. The population of the town is expected to remain relatively stable, however, one-third of the residential properties are rental units, which can result in fluctuating enrollments.
4. **Internal Accounting Controls:** Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived, and (2) the valuation of costs and benefits requires estimates and judgments by Management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District Management. As part of the District's single audit described earlier, tests are made determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5. **Budgetary Controls:** In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget. Annual appropriated budgets are adopted for the General Fund, the Special Revenue Fund, and the Debt Service Fund. Project-length budgets are approved for the capital improvements accounted for in the Capital Projects Fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either cancelled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance on June 30, 2019.

6. **Accounting System and Reports:** The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements," Note 1.
7. **Debt Administration:** The District has no outstanding debt as of June 30, 2019.
8. **Cash Management:** The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements," Note 2. The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.
9. **Risk Management:** The Board carries various forms of insurance, including but not limited to, general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds through the Gloucester, Salem, and Cumberland School Districts Joint Insurance Fund.
10. **Other Information:** *Independent Audit* – State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Petroni & Associates LLC was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1984, and the revised *Uniform Administrative Requirements, Cost Principles, Audit Requirements for Federal Awards (Uniform Guidance)*, and New Jersey OMB's Circular 15-08.

The auditor's report on the general purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

11. **Acknowledgments:** We would like to express our appreciation to the members of the Westville Board of Education for their concern in providing fiscal accountability to the citizens and tax payers of the School District, and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

INDEPENDENT AUDITOR'S REPORT

Honorable President and
Members of the Board of Education
Westville School District
101 Birch Avenue
Westville, New Jersey 08093

Report on the Financial Statements

We have audited the accompanying financial statements of the Governmental Activities, each major fund, and the aggregate remaining fund information of the Board of Education of the Westville School District, in the County of Gloucester, State of New Jersey, as of and for the fiscal year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments; the auditor considers internal control relevant to the District's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control.

Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Governmental Activities, each major fund, and the aggregate remaining fund information of the Westville Board of Education as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Westville Board of Education's basic financial statements. The combining and individual non-major fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, Audit Requirements for Federal Awards*, (Uniform Guidance), and the schedule of state financial assistance as required by NJ OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid*, and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements, schedules of expenditures of Federal and State Awards, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in

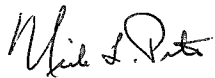

the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements, schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, Audit Requirements for Federal Awards* (Uniform Guidance), and the schedule of state financial assistance as required by New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid*, is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2019, on our consideration of the Westville Board of Education's internal control over financial reporting and our test of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of our audit performed in accordance with *Government Auditing Standards* in considering Westville Board of Education's internal control over financial reporting and compliance.

REQUIRED SUPPLEMENTARY INFORMATION – PART 1

Westville School District
Management's Discussion and Analysis
Fiscal Year Ended June 30, 2019
Unaudited

The discussion and analysis of Westville School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2019. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the School District's financial performance.

Financial Highlights

Key financial highlights for 2019 are as follows:

- General revenues accounted for \$8,203,581 in revenue or 95 percent of all revenues. Program specific revenues in the form of charges for services and operating grants accounted for \$497,300 or 5 percent to total revenues of \$8,700,881.
- The School District had \$8,311,924 in expenses; only \$497,300 of these expenses were offset by program specific charges for services and grants.
- Among major funds, the General Fund had \$6,517,951 in revenues and \$6,020,233 in expenditures. The General Fund's balance increased \$491,500 over 2018.

Using this Generally Accepted Accounting Principles Report (GAAP)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Westville School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For Governmental Funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other non-major funds presented in total in one column. In the case of Westville School District, the General Fund is by far the most significant fund.

Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2019?" The Statement of Net Position and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account, all of the current year's revenues and expenses, regardless of when cash is received or paid.

These two statements report the School District's net position and changes in those assets. This change in net position is important because it tells the reader that, for the School District as a whole, the financial position of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial

Statement of Net Position and the Statement of Activities (Continued)

factors include the School District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs, and other factors.

In the Statement of Net Position and the Statement of Activities, the School District reports Governmental Activities. Governmental Activities are the activities where most of the School District's programs and services are reported including, but not limited to, instruction, support services, operation and maintenance of plant facilities, pupil transportation, and extracurricular activities. The School District does not have any business like activities.

Reporting the School District's Most Significant Funds

Fund Financial Statements

Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's major Governmental Funds are the General Fund, Special Revenue Fund, Capital Projects Fund, and Debt Service Fund.

Governmental Funds

The School District's activities are reported in Governmental Funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The Governmental Fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental Fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between Governmental Activities (reported in the Statement of Net Assets and the Statement of Activities) and Governmental Funds is reconciled in the financial statements.

The School District as a Whole

Recall that the Statement of Net Position provides the perspective of the School District as a whole.

Table 1 provides a summary of the School District's net position for 2019 compared to 2018.

Governmental Activities

The unique nature of property taxes in New Jersey creates the need to routinely seek voter approval for the School District operations. Property taxes made up 32 percent of revenues for Governmental Activities for the Westville School District for fiscal year 2019.

Instruction comprises 32 percent of the District expenses. Support services expenses make up 66 percent of the expenses.

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services for the fiscal year 2019 with comparative data from 2018. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements.

Instruction expenses included activities directly dealing with the teaching of pupils and the interaction between teacher and student.

Pupils and instructional staff expenses include the activities involved with assisting staff with the content and process of teaching to students.

General administration, school administration, and business administration expenses include expenses associated with administrative and financial supervision of the District.

Operation and maintenance of facilities activities involve keeping the school grounds, buildings and, equipment in an effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law.

Employee benefits include the board share of health benefits and the state on-behalf payments for the TPAF pension and social security.

Interest and fiscal charges involve the transactions associated with the payment of interest and other related charges to debt of the School District.

The School District's Funds

The School District's major funds are accounted for using the modified accrual basis of accounting. All Governmental Funds had total revenues of \$6,847,717 and expenditures of \$6,349,009.

General Fund Budgeting Highlights

The School District's budget is prepared according to New Jersey law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During the course of the fiscal 2019 year, the School District amended its General Fund budget as needed. The School District uses program based budgeting and the budgeting systems are designed to tightly control total program budgets but provide flexibility for program management.

The General Fund revenues exceeded the expenditures and other financing sources of the School District for the year by \$491,500.

Capital Assets

At the end of the fiscal year 2019, the School District had \$3,434,867 invested in land, buildings, furniture and equipment, and vehicles. Table 4 shows fiscal 2019 balances compared to 2018.

Table 4 - Capital Assets (Net of Depreciation) at June 30, 2019

Machinery and equipment	37,511	18,765
	<u>\$ 3,434,867</u>	<u>\$ 3,552,641</u>

Capital assets decreased by \$117,774 from fiscal year 2018 to fiscal year 2019.

Debt Administration

At June 30, 2019, the School District had \$114,182 as outstanding debt. Of this amount \$114,182 is for compensated absences.

NOTES TO THE FINANCIAL STATEMENTS

**WESTVILLE SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Introduction

The Westville School District is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials who are responsible for the fiscal control of the District. A Superintendent is appointed by the Board and is responsible for the administrative control of the District.

The financial statements of the Board of Education of Westville School District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to Governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. In its accounting and financial reporting, the District follows the pronouncements of the Governmental Accounting Standards Board (GASB). The more significant accounting policies established in (GAAP) and used by the District are discussed below.

A. Reporting Entity

The Westville School District is a Type II District located in the County of Gloucester, State of New Jersey. As a Type II District, the School District functions independently through a Board of Education. The Board is comprised of nine members elected to three-year terms. The purpose of the District is to educate students in grades K-6.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is whether:

- the organization is legally separate (can sue or be sued in their own name)
- the District holds the corporate powers of the organization
- the District appoints a voting majority of the organization's Board
- the District is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the District
- there is a fiscal dependency by the organization on the District

Based on the aforementioned criteria, the District has no component units.

B. Basic Financial Statements – District-Wide Statements

The District's basic financial statements include both District-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds.) Both the District-wide and fund financial statements categorize primary activities as either governmental or business-type. The District's general, special revenue, capital projects, and debt service are classified as Governmental Activities. The District does not have a Business-type Activity. Fiduciary Funds are excluded from the Government-wide financial statements.

**WESTVILLE SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basic Financial Statements – District-Wide Statements (Continued)

In the District-wide Statement of Net Position, both the Governmental Activities columns (a) are presented on a consolidated basis by column; (b) and are reported on a full accrual, economic resource basis which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position is reported in three parts: invested in capital assets, net of related debt; restricted net position; and unrestricted net position. The District first utilizes restricted resources to finance qualifying activities.

The District-wide Statement of Activities reports both the gross and net costs of each of the District's functions. The functions are also supported by general government revenues (property taxes, tuition, certain intergovernmental revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenue, operating, and capital grants. Program revenues must be directly associated with the function (regular instruction, special education, student and instruction related services, etc.). Operating grants include operating specific and discretionary (either operating or capital) grants while the capital grants column reflects capital specific grants.

The net costs (by function) are normally covered by general revenue (property taxes, tuition, interest income, etc.).

The District does not allocate indirect costs such as depreciation expense, on-behalf the TPAF Pension contributions and reimbursed the TPAF Social Security Contributions.

The District-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

C. Basic Financial Statements - Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues, and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The emphasis in fund financial statements is on the major funds in either the Governmental or Business-type Activities categories. Non-major funds by category are summarized into a single column. GASBS No. 34 sets forth minimum criteria (percentage of assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The non-major funds are combined in a column in the fund financial statements. The State of New Jersey Department of Education (NJDOE) has elected to require New Jersey Districts to treat each Governmental Fund as a major fund in accordance with the option in GASBS No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

The District's Fiduciary Funds are presented in the fiduciary fund financial statement by type. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the District-wide statements.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basic Financial Statements - Fund Financial Statements (Continued)

The District reports the following Governmental Funds:

GOVERNMENTAL FUNDS

The focus of the Governmental Funds' measurement (in the fund statements) is upon determination of financial position and change in financial position (sources, uses and balances of financial resources) rather than upon net income. The following is a description of the Governmental Funds of the District:

General Fund - The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the Capital Outlay Subfund.

As required by the New Jersey State Department of Education, the District included budgeted capital outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, District taxes, and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings, and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by Board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue from state and federal governments, (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction, and improvement programs.

PROPRIETARY FUNDS

The focus of the Proprietary Funds measurement is upon the determination of operating income, changes in net assets, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to business in the private sector. The following are descriptions of the Proprietary Funds of the District:

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basic Financial Statements - Fund Financial Statements (Continued)

Internal Service Fund - The Internal Service Fund accounts for the financing of services provided by one department to other departments of the School District, or to other governments on a cost-reimbursement basis.

FIDUCIARY FUNDS

The Fiduciary Fund category is comprised of Trust and Agency Funds. Trust Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and, therefore, are not available to support District's programs. Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

D. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported on the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Both Governmental and Business-type Activities in the District-wide financial statements and the Proprietary and Fiduciary Fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

The Governmental Funds financial statements are reported on the modified accrual basis of accounting. Under this method, revenues are recorded when they become both susceptible to accrual; i.e. both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Revenue from federal, state, or other grants designated for payment of specific school district expenditures is recognized when the related expenditures are incurred; accordingly, when such funds are received, they are recorded as deferred revenues until earned. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. The exception to this general rule is that principal and interest on general long-term debt, claims and judgments, and compensated absences, are recorded when due.

E. Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the General, Special Revenue, and Debt Service Funds. The budgets are submitted to the county office for approval and are approved as long as the District budget is within State mandated CAP's, there is no public vote on the budget. If the budget exceeds State mandated CAP's, the voters have an opportunity to approve or reject the budget at the regular election held in November. Budgets are prepared using the modified accrual basis of accounting, except for the Special Revenue Fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in NJAC 6:23-2(g). Budget amendments/transfers of appropriations may be made by School Board resolution at any time during the fiscal year and are subject to two-thirds majority vote by the School Board and, under certain circumstances, require approval by the County Superintendent of Schools. All budget amounts presented in the accompanying supplementary information reflect the

E. Budgets/Budgetary Control (Continued)

original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year).

Formal budgetary integration into the accounting system is employed as a management control device during the year. For Governmental Funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the one or more June state aid payments for budgetary purposes only and the Special Revenue Fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the Special Revenue Fund are maintained on the grant accounting budgetary basis. The grants accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

F. Encumbrances

Under encumbrance accounting purchase orders, contracts, and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds, other than Special Revenue Fund, are reported as reservations of fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the Special Revenue Fund, for which the District has received advances are reflected in the balance sheet as deferred revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year-end.

G. Cash and Cash Equivalents

Cash and cash equivalents include petty cash, change funds, cash in banks, money market accounts, and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

For purposes of determining cash equivalents the District considers all investments with an original maturity of three months or less as cash equivalents.

New Jersey School Districts are limited to the types of investments and types of financial institutions they may invest in. New Jersey statute (NJSA 18A:20-37) provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of Governmental Unit

**WESTVILLE SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Cash and Cash Equivalents (Continued)

Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey.

NJSA 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks), and savings banks, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value of at least 5% of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the governmental units.

H. Inventories

Inventories are recorded as expenditures during the year of purchase.

I. Interfund Transactions

Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in Governmental Funds. Repayment from funds responsible for particular expenditures/expenses, to the funds that initially paid for them, are not presented on the financial statements.

On fund financial statements, short-term interfund loans are classified as interfund receivables/payables. These amounts are eliminated in the Statement of Net Position, except for amounts due between Governmental and Agency Funds, which are presented as internal balances.

J. Capital Assets

The District has established a formal system of accounting for its capital assets. Purchased or constructed capital assets are reported at cost. Donated capital assets are valued at their estimated fair market value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the assets' lives are not capitalized. The capitalization threshold used by school districts in the State of New Jersey is \$2,000.

All reported capital assets, except for land and construction in progress, are depreciated. Depreciation is computed using the straight-line method over the estimated useful lives;

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Site improvements	20
Building & improvements	20-50
Machinery & equipment	7-20

The District does not possess any material amounts of infrastructure capital assets, such as sidewalks and underground pipes. Such items are considered to be part of the cost of buildings or other improvable property.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Compensated Absences

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Government Accounting Standards Board Statement No. 16 (GASBS 16), "Accounting for Compensated Absences." A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy and negotiated agreement with the various employee unions.

The liability for compensated absences was accrued using the termination payment method, whereby the liability is calculated based on the amount of sick leave that is expected to become eligible for payment upon termination. The District estimates its accrued compensated absences liability based on the Scholl District's past experience of making termination payments. Salary-based payments for the employer's share of social security and Medicare taxes are included.

For the District-wide statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the Governmental Funds, in the fund financial statements, all of the compensated absences are considered long-term and, therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

L. Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

M. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the District-wide financial statements. In general, Governmental Fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources; are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from Governmental Funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

N. Net Position

Net position represents the difference between assets and liabilities. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Funds are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

The School District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted funds are available.

**WESTVILLE SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Fund Balance

The School District reports fund balance in classifications that comprise a hierarchy based primarily on the extent to which the School District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The School District's classifications, and policies for determining such classifications, are as follows:

Non-spendable - The non-spendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, such as inventories and prepaid amounts.

Restricted - The restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources either by being (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the School District's highest level of decision-making authority, which, for the School District, is the Board of Education. Such formal action consists of an affirmative vote by the Board of Education, memorialized by the adoption of a resolution. Once committed, amounts cannot be used for any other purpose unless the Board of Education removes, or changes, the specified use by taking the same type of action (resolution) it employed to previously commit those amounts.

Assigned - The assigned fund balance classification includes amounts that are constrained by the School District's *intent* to be used for specific purposes but are neither restricted nor committed. *Intent* is expressed by either the Board of Education or by the business administrator, to which the Board of Education has delegated the authority to assign amounts to be used for specific purposes.

Unassigned - The unassigned fund balance classification is the residual classification for the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund is the only fund that reports a positive unassigned fund balance amount. In other funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, the District considers Restricted Funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of Committed Funds, then Assigned Funds, and finally Unassigned Funds, as needed.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

P. Revenues

Substantially all Governmental Fund revenue is accrued. Property taxes are susceptible to accrual and under New Jersey State statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive moneys under the established payment schedule and the unpaid amount is considered to be an "accounts receivable." Subsidies and grants, which finance either capital or current operations, are reported as non-operating revenue based on GASBS No. 33. In applying GASBS No. 33 to grant revenues, the provider recognizes liabilities and expenses and recipient recognizes receivables and revenue when the applicable eligibility requirements are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and deferred revenue by the recipient.

Q. Expenditures

Expenses are recognized when the related fund liability is incurred.

R. Accrued Salaries and Wages

Certain school district employees who provide services to the School District over the ten-month academic year have the option to have their salaries evenly disbursed during the entire twelve-month year. New Jersey statutes require that these earned but undisbursed amounts be retained in a separate bank account.

S. Allocation of Indirect Expenses

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, were allocated based on salaries of that program. Depreciation expense, where practicable, is specifically identified by function and is included in the indirect expense column of the Statement of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

T. Extraordinary and Special Items

Extraordinary items are transactions or events that are unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence.

U. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

V. Recent Accounting Pronouncements Not Yet Effective

In January 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 84, "Fiduciary Activities." This Statement, which is effective for fiscal periods beginning after December 31, 2018, will not have any effect on the District's financial reporting.

In June 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 87, "Leases." This Statement, which is effective for fiscal periods beginning after December 15, 2019, will not have any effect on the District's financial reporting.

In June 2018, the Governmental Accounting Standards Board (GASB) issued Statement No. 89, "Accounting for Interest Costs Incurred Before the End of a Construction Period." This Statement is effective for fiscal periods beginning after December 15, 2019. Management has not yet determined the impact of this Statement on the financial statements.

In August 2018, the Governmental Accounting Standards Board (GASB) issued Statement No. 90, "Majority Equity Interests-an Amendment of GASB Statements No. 14 and No. 61." This Statement, which is effective for fiscal periods beginning after December 15, 2018, will not have any effect on the District's financial reporting.

In May 2019, the Governmental Accounting Standards Board (GASB) issued Statement No. 91, "Conduit Debt Obligations." This Statement, which is effective for fiscal periods beginning after December 15, 2020, will not have any effect on the District's financial reporting.

NOTE 2: CASH AND CASH EQUIVALENTS

Custodial Credit Risk is the risk that, in the event of a bank failure, the District's deposits may not be returned to it. The District's policy is based on New Jersey statutes requiring cash to be deposited only in New Jersey banking institutions that participate in the New Jersey

Governmental Unit Deposit Protection Act (GUDPA), or in qualified investments established in NJSA 18A:20-37 that are treated as cash equivalents. The carrying amount of the District's cash and cash equivalents at June 30, 2019 and 2018, was \$1,497,737 and \$1,085,069. As of June 30, 2019 and 2018, \$0 of the District's bank balance of \$1,697,969 and \$1,405,367, respectively, was exposed to Custodial Credit Risk.

NOTE 3: INVESTMENTS

As of June 30, 2019, the District did not have any investments.

Interest Rate Risk - The District does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, NJSA 18A:20-37 limits the length of time for most investments to 397 days.

**WESTVILLE SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 3: INVESTMENTS (CONTINUED)

Credit Risk - NJSA 18A:20-37 limits District investments to those specified in the Statutes. The type of allowable investments are: Bonds of the United States of America or of the District or the local units in which the District is located; obligations of federal agencies not exceeding 397 days; Government Money Market Mutual Funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

Concentration of Credit Risk - The District places no limit on the amount the District may invest in any one issuer.

NOTE 4: RECEIVABLES

Receivables at June 30, 2019, consisted of Intergovernmental and other receivables. All receivables are considered collectible in full. A summary of the principal items of the receivables are as follows:

Bonds Authorized but Not Issued

As of June 30, 2019, the Board had no authorized but not issued debt.

NOTE 8: PENSION FUNDS

Description of Plans - All required employees of the District are covered by either the Public Employees' Retirement System, (PERS) or the Teachers' Pension and Annuity Fund (TPAF), cost-sharing, multiple-employer defined benefit pension plans, which have been established by state statute and is administered by the New Jersey Division of Pension and Benefits (Division).

**WESTVILLE SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 8: PENSION FUNDS (CONTINUED)

Description of Plans (Continued) - According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees' Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295 or can be accessed on the internet at: <http://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of NJSA 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing, multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners and employees of the Department of Education who have titles that are unclassified, professional, and certified.

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established as of January 1, 1955, under the provisions of NJSA 43:15A to provide retirement, death, disability, and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing, multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

Funding Policy - The contribution policy is set by NJSA 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997, and NJSA 18:66 and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Effective with the first payroll to be paid on or after October 1, 2011, the employee contributions for the TPAF and the PERS increased from 5.5% of employee's annual compensation, as defined, to 6.5%. Subsequent increases will be phased in over 7 years (each July 1) to bring the total pension contribution rate to 7.5% as of July 1, 2018. Employers are required to contribute at an actuarially determined rate in both the TPAF and the PERS. The actuarially determined contribution includes funding for, cost-of-living adjustments, non-contributory death benefits, and post-retirement medical premiums. The current TPAF and PERS rate is 7.5% of covered payroll. The District's contributions to the PERS for the years ending June 30, 2019, 2018, and 2017, were \$50,364, \$49,984, and \$52,058, respectively, equal to the required contributions for each year.

During the fiscal year ended June 30, 2019, the State of New Jersey contributed \$714,187 to the TPAF for normal and post-retirement benefits on behalf of the District. Also, in accordance with NJSA 18A:66-66 the State of New Jersey reimbursed the District \$196,466 for the TPAF members, as calculated on their base salaries. These amounts have been included in the financial statements, and the combining and individual fund and account group statements, and schedules, as revenues and expenditures, in accordance with GASB 27.

NOTE 8: PENSION FUNDS (CONTINUED)

Funding Policy (Continued) - The District's total payroll for the years ended June 30, 2019, 2018, and 2017, was \$3,350,177, \$3,166,429, and \$3,279,571, respectively. Covered payroll was \$317,319, \$355,578, and \$367,422, for the PERS and \$2,854,865, \$2,589,541, and \$2,692,827 for the TPAF for the same years.

For the year ended June 30, 2019, the District recognized pension expense of \$10,982. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to the PERS from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of assumptions		\$ 262,724
Net difference between expected and actual experience		5,810
Net difference between projected and actual earning on pension plan investments		7,505
Changes in proportion and differences between District contributions and proportionate share of contributions		94,806
Employer contributions subsequent to the measurement date	\$ 50,364	
	\$ 50,364	\$ 370,845

\$50,364 reported as deferred outflows of resources related to pensions resulting from School District project contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended	Amount
June 30,	
2020	\$ (45,872)
2021	(63,427)
2022	(134,714)

NOTE 8: PENSION FUNDS (CONTINUED)

Defined Contribution Retirement Program - The Defined Contribution Retirement Program (DCRP) is a cost-sharing, multiple-employer defined contribution pension fund which was established on July 1, 2007, under provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (NJAC 43:15C-1 et seq.). The DCRP provides eligible members, and their beneficiaries, with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provision are established by NJSA 43:15C-1 et seq.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. The State Treasurer has the right, under the current law, to make temporary reductions in member rates based on the existence of surplus normal rate when such surplus pension assets no longer exist. In addition to the employee contributions, the School District's contributes amounts for each pay period to Prudential Financial, not later than the fifth business day after the date on which the employee is paid for that pay period. The School District's contributions for the years ending June 30, 2019, 2018, and 2017, were \$4,122, \$2,338, and \$4,604 for covered employees.

NOTE 9: POSTEMPLOYMENT BENEFITS

The State provides post-retirement medical (PRM) benefits for certain State and other retired employees meeting the service credit eligibility requirements. In Fiscal Year 2018, the State paid PRM benefits for 148,401 State and local retirees.

The State funds post-retirement medical benefits on a "pay-as-you-go" basis, which means that the State does not pre-fund, or otherwise establish a reserve or other pool of assets against the PRM expenses that the State may incur in future years. For Fiscal Year 2018, the State contributed \$1.909 billion to pay for pay-as-you-go PRM benefit costs incurred by covered retirees. The increase in the State's pay-as-you-go contribution between Fiscal Year 2017 and Fiscal Year 2018 is attributed to rising health care costs, an increase in the number of participants qualifying for State-paid PRM benefits at retirement and larger fund balance utilization in Fiscal Year 2017 than in Fiscal Year 2018. The Fiscal Year 2019 Appropriations Act includes \$1.921 billion as the State's contribution to fund pay-as-you-go PRM costs.

In accordance with the provisions of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the State is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to retired plan members. This new standard supersedes the previously issued guidance, GASB Statement No. 45, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, effective for Fiscal Year 2018. The State is now required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments. As such, the Fiscal Year 2017 total State OPEB liability to provide these benefits has been re-measured to \$97.1 billion, an increase of \$60.6 billion or 166 percent from the previous year's \$36.5 billion liability booked in accordance with GASB Statement No. 45. For Fiscal Year 2018, the total OPEB liability for the State is \$90.5 billion, a decrease of \$6.6 billion or 7 percent from the remeasured total OPEB liability in Fiscal Year 2017.

NOTE 9: POSTEMPLOYMENT BENEFITS (CONTINUED)

The School Employees Health Benefits Program (SEHBP) Act is found in New Jersey Statutes Annotated, Title 52, Article 17.25 et seq. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASBS No. 75.

Total Non-Employer OPEB Liability

The State of New Jersey, a nonemployer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The School District's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Accordingly, the School District did not recognize any portion of the collective net OPEB liability on the Statement of Net Position. Accordingly, the following OPEB liability note information is reported at the State's level and is not specific to the Board of Education/Board of Trustees. The State's proportionate share of the net OPEB liability associated with the School District as of June 30, 2019, was \$13,536,334. Since the OPEB liability associated with the School District is 100% attributable to the State, the OPEB liability will be referred to as the total non-employer OPEB liability. Note that actual numbers will be published in the NJ State's CAFR at: <https://www.state.nj.us/treasury/pensions/gasb-notices.shtml>.

Actuarial assumptions and other imputes. The total OPEB liability in the June 30, 2018, actuarial valuation reported by the State in the State's most recently issued CAFR was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified.

Inflation	2.50%
Salary increases	Differs by pension group (e.g. - PERS, TPAF). See Actuarial Assumptions in the Notes to Required Supplementary Information - Note 4
Discount rate	3.87%

The discount rate was based on the Bond Buyer General Obligation 20-Bond Municipal Bond index.

Pre-retirement mortality rates were based on the RP-2006 Headcount-Weighted Healthy Employee Male/Female mortality table with fully generational mortality improvement projections from the central year using the MP-2017 scale. Post-retirement mortality rates were based on the RP-2006 Headcount-Weighted Healthy Annuitant Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale. Disability mortality was based on the RP-2006 Headcount-Weighted Disabled Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale.

The actuarial assumptions used in the June 30, 2017, valuation were based on the results of actuarial experience studies for the periods July 1, 2012 – June 30, 2015, July 1, 2011 – June 30, 2014, and July 1, 2010 – June 30, 2013, for the TPAF, PERS and PFRS, respectively.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2019, the Board of Education recognized \$1,691,848 in OPEB expense and revenue, in the Government-wide financial statements, for the State's proportionate share of the OPEB Plan's OPEB expense associated with the School District. This expense and revenue was based on the OPEB Plan's June 30, 2018, measurement date.

In accordance with GASBS No. 75, the School District's proportionate share of the OPEB liability is zero. As such, there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources. At June 30, 2019, the State reported deferred outflows of resources and deferred inflows of resources related to retired school employee's OPEB from the following sources:

NOTE 10: DEFERRED COMPENSATION

The Board offers its employees a choice of various deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

Edward Jones
Life of South West

Lincoln Investment Planning, Inc.
ING/Reliastar

NOTE 11: COMPENSATED ABSENCES

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASBS 16), "Accounting for Compensated Absences." A liability for compensated absences attributable to services already rendered and that are not contingent on a specific event that is outside the control of the employer and employee, is accrued as the employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy and negotiated agreements with the various employee unions.

The liability for vested compensated absences is recorded in the District-wide *Statement of Net Position*. The current portion of the compensated absence balance is not considered material to the Governmental Funds total liabilities and, is therefore, not shown separately from the amount due in more than one year.

NOTE 12: LABOR CONTRACTS

As of June 30, 2019, the District has a total of approximately 75 employees. Of this total, approximately 36 employees are represented by the Westville Education Association whose union agreement expires on June 30, 2020.

NOTE 13: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance:

The District maintains commercial insurance coverage for property, liability, student accidents, and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report. Any potential liability of the District, with respect to loss claims, would be equal to the deductibles associated with policies and events which may exceed coverage limits. There have been no significant reductions in insurance coverage amounts.

New Jersey Unemployment Compensation Insurance:

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method." Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to

2017	15		5,490	15,128	1,656

NOTE 14: CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the Westville Board of Education by inclusion of \$65,713 in the original 2007-2008 annual capital outlay budget, for the accumulation of funds, for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the General Fund and its activity is included in the General Fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the District's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual General Fund Budget certified for taxes or by transfer by Board resolution at year-end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to NJSA 19:60-2. Pursuant to NJAC 6A:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2018 to June 30, 2019, fiscal year is as follows:

Beginning balance - July 1, 2018	\$ 331,990
Interest earnings	1,993
Deposits approved by resolution	<u>70,000</u>
Ending balance - June 30, 2019	<u><u>\$ 403,983</u></u>

The June 30, 2019, LRFP balance of local support costs, of uncompleted capital projects at June 30, 2019, is \$408,216.

NOTE 15: FUND BALANCE APPROPRIATED

Restrictions of fund balances of Governmental Funds are established to either (1) satisfy legal covenants that require a portion of the fund balance to be segregated or (2) identify the portion of the fund balance that is not appropriate for future expenditures.

**WESTVILLE SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 15: FUND BALANCE APPROPRIATED (CONTINUED)

The District follows the State of New Jersey's minimum fund balance policy for New Jersey Public School Districts (NJSA 18A:7F-7). Pursuant to that policy, an undesignated fund balance of 2% of the general fund budget or \$250,000, whichever is greater may be maintained.

Specific classifications of fund balance are summarized below:

Restricted

General Fund - In accordance with NJSA 18A:7F-7, \$1,170,965 is restricted as excess surplus (\$553,144 of the total restricted amount has been appropriated and included as anticipated revenue for the year ending June 30, 2020).

Assigned

General Fund - The District has appropriated and included as an anticipated revenue for the year ending June 30, 2020, \$14,858 of General Fund balance as of June 30, 2019. As of June 30, 2019, the District had \$1,641 of encumbrances outstanding for purchase orders and contracts signed by the District, but not completed, as of the close of the fiscal year.

Unassigned

General Fund - As of June 30, 2019, \$2,627 of fund balance was unassigned.

Special Revenue Fund - As of June 30, 2019, the fund balance was a deficit of \$7,470.

NOTE 16: CALCULATION OF EXCESS SURPLUS

The designation of Reserve Fund Balance - Excess surplus is a required calculation pursuant NJSA 18A:7F-7, as amended. New Jersey School Districts are required to reserve General Fund, fund balance at the fiscal year-end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2019, is \$1,170,965.

NOTE 17: DEFICIT FUND BALANCES

The District has a deficit fund balance of \$7,470 in the Special Revenue Fund as of June 30, 2019, as reported in the fund statements (modified accrual basis). NJSA 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, districts must record the delayed one or more June state aid payments as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry, i.e., if one government recognizes an asset, the other government recognizes a liability. Since the state is recording the June state aid payment(s) in the subsequent fiscal year, the School District cannot recognize the June state aid payment(s) on the GAAP financial statements until the year the State records the payable. Due to the timing difference of recording the June state aid payment(s), the Special Revenue Fund balance deficit does not alone indicate that the District is facing financial difficulties.

**WESTVILLE SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 18: CONTINGENT LIABILITIES

The District participates in federal and state assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The District is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

It is the opinion of the administration and legal counsel, that there exists no litigation or contingent liability that may be pending against the Westville School District that would have a material or adverse effect on the Board or the financial position of the District.

NOTE 19: ECONOMIC DEPENDENCY

The District is heavily reliant on state aid and local tax levy to fund the District's operations. State sources accounted for approximately 55% of the District's 2018-2019 General Fund revenue, while local tax levy accounted for approximately 43%.

NOTE 20: TAX ABATEMENTS

As defined by the Governmental Accounting Standards Board (GASB), a tax abatement is an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. School districts are not authorized by New Jersey statute to enter into tax abatement agreements. However, the county or municipality in which the school district is situated may have entered into tax abatement agreements, and that potential must be disclosed in these financial statements. If the county or municipality entered into tax abatement agreements, those agreements will not directly affect the school district's local tax revenue because NJSA 54:4-75 and NJSA 54:4-76 require that amounts so forgiven must effectively be recouped from other taxpayers and remitted to the school district.

For a local school district Board of Education or board of school estimate that has elected to raise their minimum tax levy using the required local share provisions at NJSA 18A:7F-5(b), the loss of revenue resulting from the municipality or county having entered into a tax abatement agreement is indeterminate due to the complex nature of the calculation of required local share performed by the New Jersey Department of Education based upon district property value and wealth.

The Borough of Westville entered into tax abatement agreements under the provision of NJSA 40A:21-1 et seq. "The Five-Year Exemption and Abatement Law" for the fiscal year ended December 31, 2018, property taxes abated by the Borough under this law totaled \$3,976. The following is a summary of the agreements:

- An abatement of 30% to two entities for home improvement exemptions as defined in the statute. The total of the abatements amounted to \$3,976.

NOTE 21: SUBSEQUENT EVENTS

Management has reviewed and evaluated all events and transactions that occurred between June 30, 2019 and November 15, 2019, the date that the financial statements were available to be issued for possible disclosure and recognition in the financial statements, and no items have come to the attention of the District that would require disclosure.

NOTE 22: CHANGE IN ACCOUNTING ESTIMATE

During the prior year beginning July 1, 2017, the District adopted the Governmental Accounting Standards Board (GASB) Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions" whose primary objective is to improve accounting and financial reporting for postemployment benefits other than pensions (OPEB). These statements establish standards for measuring and recognizing liabilities, deferred outflows of resources and deferred inflows of resources, and expense/expenditures for OPEB.

The State is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The LEA's proportionate share percentage determined under paragraph 193 and 203 through 205 of GASB Statement No. 75 is zero.

The effect of the State being the only entity that has a legal obligation to make employer contributions to OPEB is to eliminate the OPEB liability and deferred inflows related to OPEB by increasing the fiscal year ended June 30, 2018, net position by \$19,015,560 which is the prior period net OPEB liability and deferred inflows related to OPEB. Financial statements for the fiscal year ended June 30, 2018, have not been restated and the cumulative effect of the change totaling \$19,015,560 is shown as a one-time credit to net position in the fiscal year ended June 30, 2019, statement of activities.

The data in the above schedule represents the allocation of the State of New Jersey's obligation *on behalf* of the District.

The Teachers' Pension and Annuity Fund (TPAF) On-behalf Payments is a Cost Sharing, Multi-Employer Defined Benefit Plan with a Special Funding Situation - 100% Legal Obligation of the State of New Jersey (State).

Since the State is the only entity with a legal obligation, the District's proportionate share percentage determined under paragraph 48 of GASB No. 68 is zero percent. Accordingly, the District did not recognize any portion of the TPAF collective net pension liability on the Statement of Net Position (A-1). Also, on the A-1, and for the same reasons, the District did not recognize any portion of TPAF collective deferred outflows of resources and TPAF deferred inflows of resources.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION – PART III

**WESTVILLE SCHOOL DISTRICT
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
JUNE 30, 2019**

NOTES RELATED TO PENSION BENEFITS

NOTE 1: CONTRIBUTIONS

The contribution policy for the PERS is set by NJSA 15A and requires contributions by active members and contributing employers. The District's contribution amount was based on an actuarially determined rate which includes the normal cost and unfunded accrued liability.

NOTE 2: ACTUARIAL ASSUMPTIONS

The total pension liability for the June 30, 2018, measurement date was determined by an actuarial valuation as of July 1, 2017, which was rolled forward to June 30, 2018. The total pension liability for the June 30, 2016, measurement date was determined by an actuarial valuation as of July 1, 2015. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate	2.25%
Salary increases:	
Through 2026	1.65 – 4.15% based on age
Thereafter	2.65 – 5.15% based on age
Investment rate of return	7.00%

Pre-retirement mortality rates were based on the RP-2000 Employee Pre-retirement Mortality Table for male and female active participants. For State employees, mortality tables are set back 4 years for males and females. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the Conduent modified 2014 projection scale. Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from 2012 to 2013 using Projection Scale AA and using a generational approach based on the Conduent 2014 projection scale thereafter. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

The actuarial assumptions used in the July 1, 2017, valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Division of Pension and Benefits financial report at: <http://www.state.nj.us/treasury/pensions/gasb-notices.shtml>.

NOTES RELATED TO OTHER POSTEMPLOYMENT BENEFITS

NOTE 3: CONTRIBUTIONS

The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey in accordance with NJSA 52:14-17.32f. According to NJSA 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in or retires on a disability pension from one or more of the following plans: the Teacher's Pension and Annuity Fund (TPAF) or the Public Employees' Retirement System (PERS). Pursuant to Chapter 78, P.L., 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011, will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

NOTE 4: ACTUARIAL ASSUMPTIONS

The total nonemployer OPEB liability as of June 30, 2018, was determined by an actuarial valuation as of June 30, 2017, which was rolled forward to June 30, 2018. The total nonemployer OPEB liability as of June 30, 2017, was determined by an actuarial valuation as of June 30, 2016. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate	2.50%
Salary increases (TPAF):	
Through 2026	1.55 – 4.55% based on years of service
Thereafter	2.00 – 5.45% based on years of service
Salary increases (PERS):	
Through 2026	2.15 – 4.15% based on age
Thereafter	3.15 – 5.15% based on age

Pre-retirement healthy mortality rates were based on the RP-2006 Headcount-Weighted Healthy Employee Male/Female mortality table with fully generational mortality improvement projections from the central year using the MP-2017 scale. Post-retirement mortality rates were based on the RP-2006 Headcount-Weighted Healthy Annuitant Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale. Disability mortality was based on the RP-2006 Headcount-Weighted Disabled Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale.

The actuarial assumptions used in the June 30, 2017, valuation were based on the results of actuarial experience studies for the periods July 1, 2012 - June 30, 2015 and July 1, 2011 - June 30, 2014, for the TPAF and the PERS, respectively.

Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Division of Pensions and Benefits financial report at: <http://www.state.nj.us/treasury/pensions/gasb-notices-opeb.shtml>.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

Honorable President and
Members of the Board of Education
Westville School District
101 Birch Avenue
Westville, New Jersey 08093

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the Governmental Activities, each major fund, and the aggregate remaining fund information of the Westville School District, in the County of Gloucester, State of New Jersey, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise Westville School District's basic financial statements, and have issued our report thereon dated November 15, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Westville School District's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Westville School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

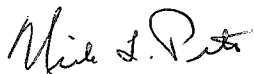

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Westville School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey and are described in the accompanying schedule of findings and questioned costs as items 2019-001 and 2019-002.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report

The Honorable President and
Members of the Board of Education
Westville School District
101 Birch Avenue
Westville, New Jersey 08093

Report on Compliance for Each Major State Program

We have audited the Westville School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the Westville School District's major state programs for the year ended June 30, 2019. Westville School District's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Westville School District's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, Audit Requirements for Federal Awards*,

(Uniform Guidance), New Jersey State Aid/Grant Compliance Supplement, Audits of States, Local Governments, and Non-Profit Organizations, and the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, and New Jersey OMB's Circular 15-08, Single Audit Policy for recipients of Federal Grants, State Grants, and State Aid. Those standards and the Uniform Guidance and New Jersey OMB's Circular 15-08, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Westville School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the Westville School District's compliance.

Opinion on Each Major State Program

In our opinion, the Westville School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of Westville School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Westville School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with New Jersey OMB's Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Westville School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified deficiencies in internal control over compliance,

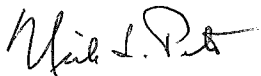

as described in the accompanying schedule of findings and questioned costs as items 2019-001 and 2019-002 that we consider to be significant deficiencies.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance and New Jersey OMB's Circular 15-08. Accordingly, this report is not suitable for any other purpose.

Report on Schedules of Expenditures of Federal Awards and State Financial Assistance Required by Uniform Guidance and New Jersey OMB's Circular 15-08

We have audited the financial statements of Westville School District as of and for the year ended June 30, 2019, and have issued our report thereon dated November 15, 2019, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by Uniform Guidance and New Jersey OMB's Circular 15-08 and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules of expenditure of federal awards and state financial assistance are fairly stated in all material respects in relation to the financial statements as a whole.

WESTVILLE SCHOOL DISTRICT
NOTES TO THE SCHEDULES OF EXPENDITURES OF AWARDS
AND FINANCIAL ASSISTANCE
JUNE 30, 2019

NOTE 1: GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Board of Education, Westville School District. The Board of Education is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2: BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting. These basis of accounting are described in Note 1 to the Board's basic financial statements. The information these schedules are presented in accordance with the requirements of 2 CFR 200 – *Uniform Administrative Requirements, Cost Principles, Audit Requirements for Federal Awards, Audits of States, Local Governments, and Non-Profit Organizations*, and New Jersey OMB's Circular 15-08. Therefore, some amounts presented in these schedules may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the General Fund and Special Revenue Fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the General Fund and Special Revenue Fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The General Fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of one or more deferred June state aid payments in the current budget year, which is mandated pursuant to NJSA 18A:22-44.2. For GAAP purposes that payment is not recognized until the subsequent budget year due to the state deferral and recording of one or more June state aid payments in the subsequent year. The Special Revenue Fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The Special Revenue Fund also recognizes the one or more June state aid payments in the current budget year, consistent with NJSA 18A:22-4.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$9,387 for the General Fund and \$990 for the Special Revenue Fund. See the Notes to Required Supplementary Information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the General and Special Revenue Funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as follows:
