563 CHESTNUT AVENUE  
TEANECK, NEW JERSEY 07666

October 8, 2019

Honorable President and  
Members of the Board of Education  
Teaneck Community Charter School.  
County of Bergen, New Jersey

Dear Board Members:

The comprehensive annual financial report of the Teaneck Community Charter School for the fiscal year ended June 30, 2019, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections; introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes the general-purpose financial statements and schedules, as well as the auditors' report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and amendments of 1996 and the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*; and New Jersey OMB's Circular Letter 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, and are not a required part of the general-purpose financial statements. Information related to this single audit, including the auditors' report on the internal control structure and compliance with applicable laws, regulations, findings and recommendations, are included in the single audit section of this report.

**1.) REPORTING ENTITY AND ITS SERVICES:** The Teaneck Community Charter School is an independent reporting entity within the criteria adopted by the GASB as established by NCGA ST. No. 3. All funds and account groups of the District are included in this report. The Teaneck Community Charter School and all its schools constitute the School's reporting entity. The School provides a full range of educational services appropriate to grade levels K through 8. These include regular and vocational, as well as special education for handicapped youngsters. The District completed the 2018-2019 fiscal year with an enrollment of 323 students, which is 1 students above the previous year's enrollment. The following details the changes in the student enrollment of the District over the last ten years.

Fiscal Year	AVERAGE DAILY ENROLLMENT	
	Student Enrollment	Percent Change
2018 - 2019	323	0.31%
2017 - 2018	322	0.63%
2016 - 2017	320	4.57%
2015 - 2016	306	0.00%
2014 - 2015	306	0.00%
2013 - 2014	306	0.00%
2012 - 2013	306	0.00%
2011 - 2012	306	0.33%
2010 - 2011	305	0.99%
2009 - 2010	302	5.23%

**2.) MAJOR INITIATIVES:** Teaneck Community Charter School plans to deliver learning along three broad themes:

Student-centered learning: teaching children in accordance with their development and interests Rather than age groupings;

Expeditionary learning beyond the school walls: learning that takes place through extended classroom

Experiences: hands-on projects and community service; and

Nurturing of diverse populations: promoting academic and personal growth through cooperation, compassion and enthusiasm for fellow students and members of the community.

Partnerships with community-based organizations are planned to help the school provide students with access to mentors, career education, support and experiential "extended classroom" activities.

**3.) INTERNAL ACCOUNTING CONTROLS:** Management of the School is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the School are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgements by management.

As a recipient of federal and state financial assistance, the School also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the School’s single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the School has complied with applicable laws and regulations.

**4.) BUDGETARY CONTROLS:** In addition to internal accounting controls, the School maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either cancelled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reserves of fund balance at June 30, 2019.

**5.) ACCOUNTING SYSTEMS AND REPORTS:** The School’s accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in “Notes to the Basic Financial Statements”, Note 2.

**6.) FINANCIAL INFORMATION AT FISCAL YEAR-END:** As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedule presents a summary of the general fund, special revenue fund and debt service fund revenues for the fiscal year ended June 30, 2019 and the amount and percentage of increases in relation to prior year revenues.

<u>Revenue</u>	<u>Amount</u>	<u>Percentage of Total</u>	<u>Increase (Decrease) from 2018</u>	<u>Percent of Increase (Decrease)</u>
Local Sources	\$ 5,179,430	80.41%	\$ 321,478	6.62%
State Sources	1,146,334	17.80%	159,391	16.15%
Federal Sources	115,552	1.79%	6,462	5.92%
<b>TOTALS</b>	<b>\$ 6,441,316</b>	<b>100.00%</b>	<b>\$ 487,331</b>	<b>8.18%</b>

The increase in local sources is attributed to an increase from the local tax levy of \$328,959 offset by a decrease in miscellaneous revenues of \$7,481.

The increase in State sources is due to an increase in mandate aid and other aid.

The increase in Federal sources is due to an increase in federal grants.

The following schedule presents a summary of general fund, special revenue fund and debt service fund expenditures for the fiscal year ended June 30, 2019 and the percentage of increases and decreases in relation to prior year amounts.

<u>Expenditures</u>	<u>Amount</u>	<u>Percentage of Total</u>	<u>Increase (Decrease) from 2018</u>	<u>Percent of Increase (Decrease)</u>
Current Expense:				
Instruction	\$ 2,517,675	40.27%	\$ 105,837	4.39%
Undistributed expenditures	3,665,716	58.64%	318,347	9.51%
Capital Outlay	68,288	1.09%	23,669	53.05%
Special Schools	<u>0</u>	<u>0.00%</u>	<u>0</u>	0.00%
 TOTALS	 <u>\$ 6,251,679</u>	 <u>100.00%</u>	 <u>\$ 447,853</u>	 7.72%

The increase in current expenditures is attributed to an increase in salaries of \$104,915 and in general supplies and other costs of \$922.

The increase in undistributed expenditures is attributed to an increase in salaries of \$833, in employee benefits of \$190,495 and in rent of \$142,684; offset by a decrease in general supplies and other costs of \$15,665.

The increase in capital outlay is attributed to an increases in instructional equipment of \$23,669.

7.) **CASH MANAGEMENT:** The investment policy of the School is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 4. The School has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units for a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

8.) **RISK MANAGEMENT:** The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

9.) **OTHER INFORMATION:** Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Cullari Carrico, LLC was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1984 and amendments of 1996 and the related OMB Circular A-133 and state Treasury Circular Letter 04-04 OMB. The auditors' report on the general purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

10.) **ACKNOWLEDGMENTS:** We would like to express our appreciation to the members of the Teaneck Community Charter School for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of the financial and accounting staff.

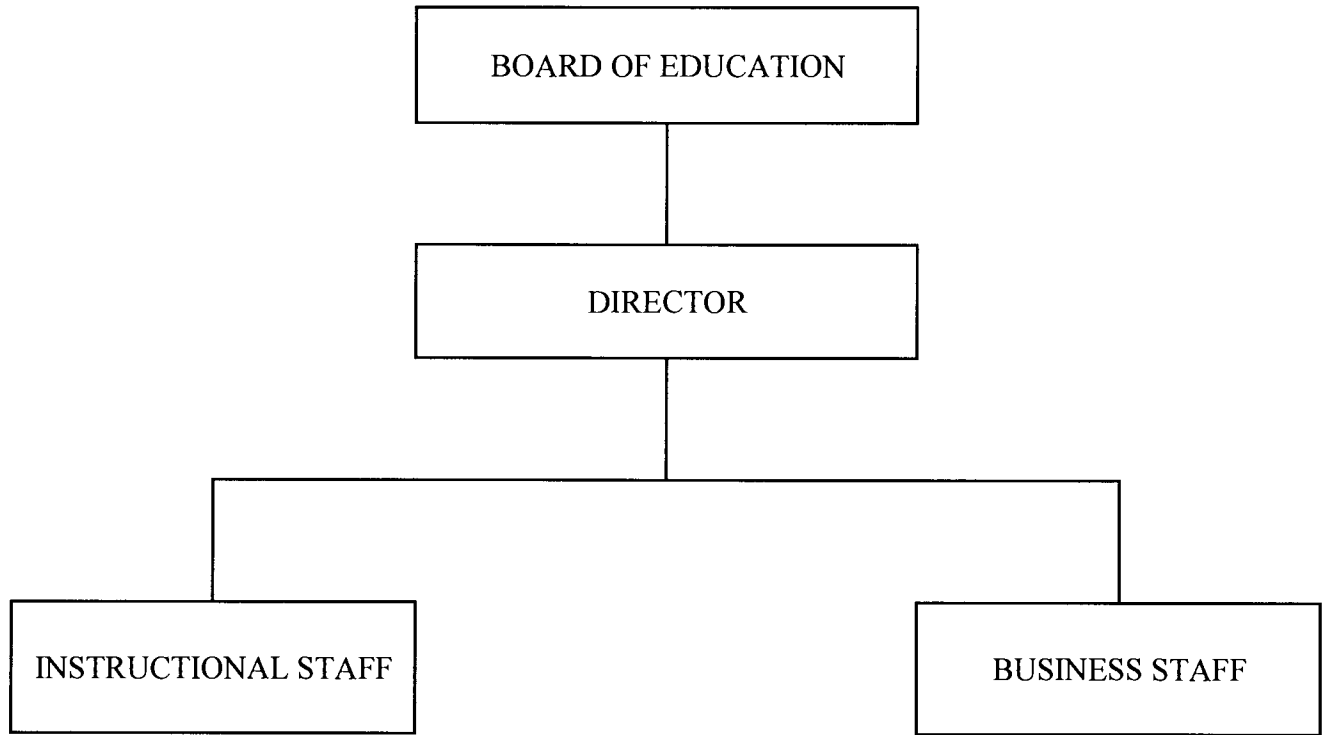

Respectfully submitted,

---

## Independent Auditors' Report

Honorable President and  
Members of the Board of Trustees  
Teaneck Community Charter School  
County of Bergen  
Teaneck, New Jersey

We have audited the accompanying financial statements of the governmental activities, the business type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the Board of Trustees of the Teaneck Community Charter School, in the County of Bergen, State of New Jersey, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Teaneck Community Charter School's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United State of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the Teaneck Community Charter School, in the County of Bergen, State of New Jersey, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management discussion and analysis and budgetary comparison information on pages 13 through 19 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with the sufficient evidence to express an opinion or provide any assurance.

Other Information

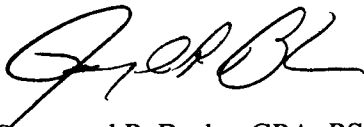

Our audit was conducted for the purpose of forming opinion on the financial statements that collectively comprise the Teaneck Community Charter School's basic financial statements. The introductory section, combining and individual fund financial statements, long-term debt schedules, and the Schedule of Expenditures of Federal Awards and State Financial Assistance as required by New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, respectively, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 8, 2019, on our consideration of the Teaneck Community Charter School's internal control over financial reporting and our test of its compliance with certain provision of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Teaneck Community Charter School's internal control over financial reporting and compliance.

REQUIRED SUPPLEMENTARY INFORMATION

PART I

TEANECK COMMUNITY CHARTER SCHOOL  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2019  
UNAUDITED

The discussion and analysis of Teaneck Community Charter School's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2019. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the School District's financial performance.

**Financial Highlights**

Key financial highlights for fiscal year 2019 are as follows:

- In total, net assets increased \$928,270. Net assets of governmental activities increased \$918,415. That represents a 19.45 percent increase from fiscal year 2018. Net assets of the business-type activity increased \$9,855 or 9.83 percent from fiscal year 2018.
- General revenues accounted for \$6,324,764 in revenue or 91 percent of all revenues. Program specific revenues in the form of charges for services and sales, grants, and contributions, accounted for \$616,767 or 9 percent of total revenues of \$6,941,531.
- Total assets of governmental activities increased \$209,088 primarily from increases in cash.
- The School District had \$6,013,261 in expenses related to governmental activities. General revenues (primarily income taxes, property taxes, and grants and entitlements) of \$6,324,764 were substantially adequate to provide for these programs.

**Using the Basic Financial Statements**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Teaneck Community Charter School as a financial whole, or as an entire operating entity.

The statement of net assets and statement of activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other non-major funds presented in total in a single column. For Teaneck Community Charter School, the General Fund is the most significant fund.

**Reporting the School District as a Whole**

**Statement of Net Assets and Statement of Activities**

While this report contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during fiscal year 2019?" The statement of net assets and the statement of activities answer this question.

TEANECK COMMUNITY CHARTER SCHOOL  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2019  
UNAUDITED

These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting system used by most private sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash was received or paid.

These two statements report the School District's net assets and changes in those assets. This change in net assets is important because it identifies whether the financial position of the School District has improved or diminished for the School District as a whole. The cause of this change may be the result of many factors, some financial, some not. Non-financial factors include the School District's enrollment, current property tax laws in New Jersey restricting revenue growth, facility conditions, required educational programs, and other factors.

In the statement of net assets and the statement of activities, the School District is divided into two distinct kinds of activities:

**Governmental Activities** – Most of the School District's programs and services are reported here including instruction, support services, operation and maintenance of plant, pupil transportation.

**Business-Type Activity** – This service is provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided. The lunch and after school programs are reported as a business activity.

### **Reporting the School District's Most Significant Funds**

#### **Fund Financial Statements**

Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's only major governmental fund is the General Fund.

#### **Governmental Funds**

Most of the School District's activities are reported in governmental funds, which focus on how monies flow into and out of those funds and the balances left at fiscal year end for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance educational programs. The relationship, or differences, between governmental activities reported in the statement of net assets and the statement of activities and the governmental funds is reconciled in the financial statements.

**Enterprise Fund**

The enterprise fund uses the same basis of accounting as business-type activities: therefore, these statements are essentially the same.

**The School District as a Whole**

The perspective of the statement of net assets is of the School District as a whole. Table 1 provides a summary of the School District's net assets for 2019 compared to 2018:

**Governmental Activities**

The statement of activities reflects the cost of program services and the charges for services and sales, grants, and contributions offsetting those services. Table 3, for government activities, indicates the total cost of services and the net cost of services. It identifies the cost of these services supported by tax revenues and unrestricted state entitlements.

The dependence upon tax revenues for governmental activities is apparent. Over 97 percent of instruction activities are supported through taxes and other general revenues. For all governmental activities general revenues support is 97 percent. The community, as a whole, is the primary support for Teaneck Community Charter School students.

**Business-Type Activity**

The business-type activities of the School District are the food and after school programs. These programs had revenues and transfers of \$500,215 and expenses of \$490,360 for fiscal year 2019. Total revenues decreased \$1,850 and expenses increased \$25,521 from the prior fiscal year.

The School District continues to operate the enterprise fund in a self-operating manner without assistance from the General Fund. The business activities receive no support from tax revenues.

**The School District's Funds**

The School District's governmental funds are accounted for using the modified accrual basis of accounting. Total governmental funds had revenues and other financing sources of \$6,441,316 and expenditures and other financing used of \$6,251,679. The increase in fund balance for the year reflects that the School District was able to meet current costs without the use of its prior net assets.

**General Fund Budgeting Highlights**

The School District's budget is prepared according to New Jersey law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During the course of fiscal 2019, the School District amended its General Fund budget as needed. The budgeting systems are designed to tightly control total budgets, but provide flexibility for individual line items.

For the General Fund, final budgeted revenues and other financing sources, in the amount of \$6,342,097, were the same as original budgeted revenues and other financing sources, in the amount of \$6,342,097. Of this amount, most was due an increase in miscellaneous revenues.

Expenditures and other financing uses were originally budgeted at \$6,342,097 while final budget expenditures were \$6,135,127. The major difference comes from decreased instructional costs throughout the year.

General Fund revenues and other financing sources were more than expenditures and other financing uses by \$189,637. These revenues exceeded expenditures, the School Board feels the financial position of the School District is stable and that there will be a need for additional tax dollars in the future as enrollment rises.

**Capital Assets and Debt Administration**

**Capital Assets**

At the end of fiscal year 2019, the School District had \$487,458 invested in capital assets, \$487,458 in governmental activities.

Table 4 reflects fiscal year 2019 balances compared to fiscal year 2018:

The primary increase in capital assets for governmental activities is a result of additional investment offset by depreciation of assets.

**Debt**

At June 30, 2019 the School District had no outstanding bonds or long-term debt.

**Current Issues**

Teaneck Community Charter School currently has no issues.

**Contacting the School District's Financial Management**

Teaneck Community Charter School  
Notes to the Basic Financial Statements  
June 30, 2019

**1. DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY**

Teaneck Community Charter School (the “School District”) is organized under the laws of the State of New Jersey. The School District operates under an elected Board form of government consisting of nine members elected for staggered terms. The School District provides educational services as authorized by state and federal guidelines.

The School District was established in 1998. It is located in Bergen County and includes all of Teaneck Borough. The School District currently operates one instructional/support facility.

**A. Reporting Entity**

A reporting entity is composed of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the School District consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For Teaneck Community Charter School, this includes general operations, food service, and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the Organization’s governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the Organization; or (2) the School District is legally entitled to or can otherwise access the Organization’s resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the Organization; or the School District is obligated for the debt of the Organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt, or the levying of taxes. There are no component units of the Teaneck Community Charter School.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of Teaneck Community Charter School have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Following are the more significant of the School District’s accounting policies.

Teaneck Community Charter School  
Notes to the Basic Financial Statements  
June 30, 2019

**A. Basis of Presentation**

The School District's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

**1. Government-Wide Financial Statements**

The statement of net assets and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the School District that are governmental in nature and those that are considered business-type activities.

The statement of net assets presents the financial condition of the government and business-type activities of the School District at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities and business-type activity. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the School District.

**2. Fund Financial Statements**

During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

**B. Fund Accounting**

The School District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds; governmental, proprietary, and fiduciary.

Teaneck Community Charter School  
Notes to the Basic Financial Statements  
June 30, 2019

**1. Governmental Funds**

Governmental funds are those through which most governmental functions of the School District are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The General Fund is the School District's only major governmental fund.

**General Fund**

The General Fund is used to account for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of New Jersey.

The other governmental funds of the School District account for grants and other resources, debt service, and capital projects of the School District whose use are restricted to a particular purpose.

**2. Proprietary Fund**

Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position, and cash flows. The following are the School District's proprietary funds:

**Enterprise Fund**

The enterprise fund may be used to account for any activity for which a fee is charged to external users for goods or services.

**Food Service**

The Food Service enterprise fund accounts for the financial transactions related to the food service operations of the School District.

**Childcare**

The childcare or latchkey program enterprise fund accounts for the financial transactions related to the latchkey program operations of the School District.

Teaneck Community Charter School  
Notes to the Basic Financial Statements  
June 30, 2019

**3. Fiduciary Funds**

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into two classifications: non-expendable trust funds and agency funds. Trust funds are used to account for assets held by the School District under a trust agreement for scholarships and are not available to support the School District's own programs. The School District's only trust fund is a scholarship trust which accounts for a program that provides assistance to needy students. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The School District's agency fund accounts for various student-managed activities and salary related funds (tax withholdings).

**C. Measurement Focus**

**1. Government-Wide Financial Statements**

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the School District are included on the statement of net assets.

**2. Fund Financial Statements**

All governmental funds are accounted for using a flow of current financial resources measurement focus. With the measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reflects the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the fund financial statements for governmental funds.

Like the government-wide financial statements, the enterprise fund is accounted for using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of this fund are included on the statement of net assets. The statement of changes in revenues, expenses, and changes in net assets presents increases (e.g., revenues) and decreases (e.g., expenses) in total net assets. The statement of cash flows reflects how the School District finances and meets the cash flow need of its enterprise fund.

The private purpose trust fund is accounted for using a flow of economic resources measurement focus.

Teaneck Community Charter School  
Notes to the Basic Financial Statements  
June 30, 2019

**D. Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the Enterprise Fund and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual bases of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

**1. Revenues – Exchange and Non-exchange Transactions**

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within sixty days of fiscal year end.

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from income taxes is recognized in the period in which the income is earned. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at fiscal year end: property taxes available as an advance, income taxes, grants, interest, tuition, and student fees.

**2. Deferred Revenues**

Deferred revenues arise when assets are recognized before revenue recognition criteria has been satisfied.

Teaneck Community Charter School  
Notes to the Basic Financial Statements  
June 30, 2019

Property taxes for which there is an enforceable legal claim as of June 30, 2019, but which were levied to finance fiscal year 2019 operations, are recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period are reported as deferred revenue.

**3. Expenses/Expenditures**

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

**E. Budgetary Process**

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the Board of Education may appropriate. The appropriations resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Board. The legal level of control has been established by the Board at the object level within each fund and function. Any budgetary modifications at this level may only be made by resolution of the Board of Education.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Treasurer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources issued during the fiscal year 2018.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire fiscal year, including amounts automatically

Teaneck Community Charter School  
Notes to the Basic Financial Statements  
June 30, 2019

carried forward from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

**F. Prepaid Items**

Payments made to vendors for services that will benefit periods beyond June 30, 2018, are recorded as prepaid items using the consumption method. Current assets for the prepaid amount are recorded at the time of purchase and an expenditure/expense is reported in the year which services are consumed.

**G. Restricted Assets**

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, laws or other governments, or imposed by enabling legislation. Restricted assets in the General Fund include amounts required by State statute to be set aside to create a reserve for budget stabilization as well as unexpected revenues restricted for the purchase of school buses.

**H. Inventory**

On government-wide financial statements and in the enterprise fund, inventory is presented at the lower of cost or market. Cost is determined on a first-in, first-out basis and is expensed when used. Inventory consists of donated and purchased food.

**I. Capital Assets**

General capital assets are those assets not specifically related to activities reported in the Enterprise Fund. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column on the government-wide statement of net assets but are not reported on the fund financial statements. Capital assets used by the Enterprise Fund are reported in both the business-type activities column on the government-wide statement of net assets and in the fund.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and reductions during the year. Donated fixed assets are recorded at their fair market value on the date donated. The School District maintains a capitalization threshold of two thousand dollars. The School District does not have any infrastructure. Improvements are capitalized. Interest incurred during the construction of capital assets by the Enterprise Fund is also capitalized.

Teaneck Community Charter School  
Notes to the Basic Financial Statements  
June 30, 2019

All capital assets, except land, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Land Improvements	15 – 50 years
Buildings and Building Improve.	15 – 50 years
Furniture and Fixtures	5 – 20 years
Vehicles	5 – 15 years
Equipment	5 – 20 years

**J. Inter-fund Assets/Liabilities**

On fund financial statements, receivables and payables resulting from short-term inter-fund loans are classified as “Inter-fund Receivables/Payables”. Inter-fund balances within governmental activities and within business-type activities are eliminated on the government-wide statement of net assets.

**K. Compensated Absences**

Vacation benefits are accrued as a liability as the benefits are earned if the employees’ right to receive compensation are attributable to services already rendered and it is probable the School District will compensate the employees for the benefits through paid time off or some other means. The School District records a liability for accumulated unused vacation time when earned for all employees with more than ten years of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the School District has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees’ wage rates at fiscal year end, taking into consideration any limits specified in the School District’s termination policy. The School District records a liability for accumulated unused sick leave for all employees after ten years of service.

The entire compensated absence liability is reported on the government-wide financial statements. On governmental fund financial statements, compensated absences are recognized as liabilities and expenditures to the extent payments come due each period upon the occurrence of employee resignations and retirements.

Teaneck Community Charter School  
Notes to the Basic Financial Statements  
June 30, 2019

These amounts are recorded in the account "Matured Compensated Absences Payable" in the fund from which the employees who have accumulated unpaid leave are paid. For the Enterprise Fund, the entire amount of compensated absences is reported as a fund liability.

**L. Accrued Liabilities and Long-Term Obligations**

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements. All payables, accrued liabilities, and long-term obligations payable from the Enterprise Fund are reported on the Enterprise Fund financial statements. In general, Governmental Fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

**M. Net Assets**

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors, or laws or regulations or other governments. The School District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

**N. Fund Balance Reserves**

The School District reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unreserved fund balance indicates that portion which is available for appropriation in future periods.

**O. Operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the primary activity of the Enterprise Fund. For the School District, these revenues are sales for food service and fees for the latchkey program. Operating expenses are necessary costs incurred to provide the services and are the primary activity of the Enterprise Fund.

Teaneck Community Charter School  
Notes to the Basic Financial Statements  
June 30, 2019

**P. Capital Contributions**

Contributions of capital on Enterprise Fund financial statements arise from outside contributions of capital assets, contributions from other funds, or from grants or outside contributions or resources restricted to capital acquisition and construction.

**Q. Inter-fund Transactions**

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as inter-fund transfers. Inter-fund transfers are reported as other financing sources/uses in Governmental Fund and after non-operating revenues/expenses in the Enterprise Fund. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them not presented on the financial statements.

**R. Extraordinary and Special Items**

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

**S. Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**3. CHANGE IN ACCOUNTING PRINCIPLES**

For fiscal year 2014, the School District has implemented Governmental Accounting Standards Board Statement No. 37, "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments: Omnibus" and Statement No. 38, "Certain Financial Statement Note Disclosures". The implementation of these statements had no effect on equity balances as previously reported for the fiscal year ended June 30, 2019.

Teaneck Community Charter School  
Notes to the Basic Financial Statements  
June 30, 2019

**4. CASH AND CASH EQUIVALENTS AND INVESTMENTS**

Cash and cash equivalents includes petty cash, change funds, amounts in deposits, and short term investments with original maturities of three months or less.

Investments are stated at cost, which approximate market. The Board classifies certificates of deposit which have original maturity dates of more than three months or less than twelve months from the date of purchase, as investments.

DEPOSITS

New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value of at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Teaneck Community Charter School  
Notes to the Basic Financial Statements  
June 30, 2019

**INVESTMENTS**

New Jersey statutes permit the Board to purchase the following types of securities:

- a. Bonds or other obligations of the United States or obligations guaranteed by the United States.
- b. Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage or of any United States Bank for Cooperatives, which have a maturity date not greater than twelve months from the date of purchase.
- c. Bonds or other obligations of the School District.

**5. CAPITAL RESERVE ACCOUNT**

Capital reserve accounts may be established by New Jersey school districts for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. A capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Teaneck Community Charter School  
Notes to the Basic Financial Statements  
June 30, 2019

Funds placed in the Capital Reserve account are restricted to capital outlay expenditures and transfers of such funds for other uses are prohibited pursuant to N.J.S.A. 18A:22-8.2. Funds withdrawn from the account must be included in the annual budget certified for taxes as a revenue labeled withdrawal from Capital Reserve account.

Increases in the account from sources other than investment income cannot exceed the amount appropriated in the annual budget certified for taxes as an increase in the capital reserve account.

**9. PENSION PLANS**

**DESCRIPTION OF PLANS**

All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pension and Benefits, P.O. Box 295, Trenton, New Jersey 08625 or on the internet at <http://www.state.nj.us/treasury/pensions/annrpts.shtml>.

TEACHERS' PENSION AND ANNUITY FUND (TPAF)

The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The TPAF is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, 100% of employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

*Summary of Significant Accounting Policies* – For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the fiduciary net position of the TPAF and additions to / deductions from the TPAF's fiduciary net position have been determined on the same basis as they are reported by the TPAF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The employer contributions for the District are legally required to be funded by the State in accordance with N.J.S.A. 18:66-33. Therefore, the District (employer) is considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a non-employer contributing entity. Since the District (employer) does not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the District. However, the State's portion of the net pension liability that was associated with the District was \$11,974,950 as measured on June 30, 2018 and \$13,741,961 as measured on June 30, 2017.

For the year ended June 30, 2019, the District recognized pension expense of \$603,638 and revenues of \$603,638 for support provided by the State. The measurement period for the pension expense and revenue reported in the District's financial statements (A-2) at June 30, 2019 is based on changes in the collective net pension liability with a measurement period of June 30, 2017 through June 30, 2018. Accordingly, the pension expense and the related revenue associated with the support provided by the State is based upon the changes in the collective net pension liability between July 1, 2017 and June 30, 2018.

Although the District does not report net pension liability or deferred outflows or inflows related to the TPAF, the following schedule illustrates the collective net pension liability and deferred items and the State's portion of the net pension liability associated with the District. The collective amounts are the total of all New Jersey local governments participating in the TPAF plan.

PUBLIC EMPLOYEES' RETIREMENT SYSTEM (PERS)

The Public Employees' Retirement System (PERS) was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The PERS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state administered retirement system or other state or local jurisdiction.

*Summary of Significant Accounting Policies* – For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the fiduciary net position of the PERS and additions to / deductions from the PERS's fiduciary net position have been determined on the same basis as they are reported by the PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

At June 30, 2019, the District reported a liability of \$1,327,325 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017, which was rolled forward to June 30, 2018. The total pension liability for the June 30, 2018 measurement date was determined by an actuarial valuation as of July 1, 2017. The District's proportion of the net pension liability is based on the ratio of the contributions as an individual employer to total contributions to the PERS during the years ended June 30, 2018 and 2017. At June 30, 2019, the District's proportion was 0.0067% which was an increase of 0.0006% from its proportion measured as of June 30, 2018.

Teaneck Community Charter School  
Notes to the Basic Financial Statements  
June 30, 2019

For the year ended June 30, 2019, the District recognized pension expense of \$67,024. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

Notes to the Basic Financial Statements  
June 30, 2019

**10. POST-RETIREMENT BENEFITS**

The State provides post-retirement medical (PRM) benefits for certain State and other retired employees meeting the service credit eligibility requirements. In Fiscal Year 2018, the State paid PRM benefits for 148,401 State and local retirees.

The State funds post-retirement medical benefits on a “pay-as-you-go” basis, which means that the State does not pre-fund, or otherwise establish a reserve or other pool of assets against the PRM expenses that the State may incur in future years. For Fiscal Year 2018, the State contributed \$1.909 billion to pay for pay-as-you-go PRM benefit costs incurred by covered securities. The increase in the State’s pay-as-you-go contribution between Fiscal Year 2017 and Fiscal Year 2018 is attributed to rising health care costs, an increase in the number of participants qualifying for State-paid PRM benefits at retirement and larger fund balance utilization in Fiscal Year 2017 than in Fiscal Year 2018. The Fiscal Year 2019 Appropriations Act includes \$1.921 billion as the State’s contribution to fund pay-as-you-go PRM costs.

In accordance with the provisions of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the State is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to retired plan members. This new standard supersedes the previously issued guidance, GASB Statement No. 45, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, effective for Fiscal Year 2018. The State is now required to accrue a liability on all instances where statutory language names the State as the legal obligor for benefit payments. As such, the Fiscal Year 2017 total State OPEB liability to provide these benefits has been re-measured to \$97.1 billion, an increase of \$60.6 billion or 166 percent from the previous year’s \$46.5 billion liability booked in accordance with GASB Statement No. 45. For Fiscal Year 2018, the total OPEB liability for the State is \$90.5 billion, a decrease of \$6.6 billion or 7 percent from the re-measured total OPEB liability in Fiscal Year 2017.

**11. INTERFUND RECEIVABLES AND PAYABLES**

New Jersey statute requires that interest earned on the investments in capital projects fund be credited to the general fund or debt service based on Board resolution. In accordance with Board resolution, accrued interest as of June 30, 2019 in the amount of \$0 was transferred to debt service fund and \$0 was transferred to general fund to offset future interest payment to bondholders.

**12. CONTINGENT LIABILITIES**

The Board is involved in several claims and lawsuits incidental to its operations. In the opinion of the administration and legal counsel, the ultimate resolution of these matters will not have a material adverse effect on the financial position of the District.

**13. DEFERRED COMPENSATION**

The Board offers its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by third party entities, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency.

**14. RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance

The District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

**15. FUND BALANCE APPROPRIATED**

General Fund

The General Fund, fund balance of \$1,296,324 at June 30, 2019, of which \$1,171,324 was unreserved and undesignated, \$50,000 is reserved for maintenance reserve and \$75,000 is reserved for a school closing escrow.

Debt Service Fund

The Debt Service Fund, fund balance at June 30, 2019 of \$0 is unreserved and undesignated.

**16. CALCULATION OF EXCESS SURPLUS**

In accordance with N.J.S.A. 18A:7-F-7, the designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund, fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2019 is \$0.

**17. CURRENT VULNERABILITY DUE TO CERTAIN CONCENTRATIONS**

The Board operates in a heavily regulated environment. The operations of the Board are subject to the administrative directives, rules and regulations of federal, state and local regulatory agencies, including but not limited to, The New Jersey State Board of Education. Such administrative directives, rules and regulations are subject to change by an act of congress or an administrative change mandated by The New Jersey State Board of Education. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION

PART III

TEANECK COMMUNITY CHARTER SCHOOL  
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - PART III  
JUNE 30, 2019

**PUBLIC EMPLOYEES' RETIREMENT SYSTEM (PERS)**

Changes of benefit terms:

The vesting and benefit provisions are set by N.J.S.A. 43:15A, PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

Changes of assumptions:

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for females) with adjustments for mortality improvements from the base year of 2012 based on projection Scale AA.

**TEACHERS' PENSION AND ANNUITY FUND (TPAF)**

Changes of benefit terms:

The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' account.

Changes of assumptions:

Mortality rates were based on the RP-2000 Health Annuitant Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale AA. Pre-retirement mortality improvements for active members are projected using Scale AA from the base year of 2000 until the valuation date plus 15 years to account for future mortality improvement. Post-retirement mortality improvements for non-disabled annuitants are projected using Scale AA from the base year of 2000 for males and 2003 for females until the valuation date plus 7 years to account for future mortality improvements.

SINGLE AUDIT SECTION

Independent Auditors' Report on Internal Control Over Financial  
Reporting and on Compliance and Other Matters  
Based on an Audit of Financial Statements Performed  
in Accordance with *Government Auditing Standards*

Honorable President and  
Members of the Board of Education  
Teaneck Community Charter School  
County of Bergen, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Board of Trustees of the Teaneck Community Charter School District in the County of Bergen, State of New Jersey, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Teaneck Community Charter School's basic financial statements, and have issued our report thereon dated October 8, 2019.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Teaneck Community Charter School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Teaneck Community Charter School's internal control. Accordingly, we do not express an opinion of the effectiveness of the Teaneck Community Charter School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Teaneck Community Charter School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey, in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended for the information and use of the audit committee, management, the Teaneck Community Charter School Board of Education, the New Jersey State Department of Education, and other State and Federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report on Compliance for Each Major Program  
And on Internal Control Over Compliance Required by  
New Jersey Circular 15-08-OMB

Honorable President and  
Members of the Board of Education  
Teaneck Community Charter School  
County of Bergen, New Jersey

**Report on Compliance for Each Major Program**

We have audited the Teaneck Community Charter School's compliance with the types of compliance requirements described in New Jersey *State Grant Compliance Supplement* that could have a direct and material effect on each of Teaneck Community Charter School's major state programs for the fiscal year ended June 30, 2019. Teaneck Community Charter School's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with the state statutes, regulations and the terms and conditions of its state awards applicable to its state programs.

**Auditors' Responsibility**

Our responsibility is to express an opinion on compliance for each of the Teaneck Community Charter School's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey; and the audit requirements of New Jersey Circular 15-08-OMB. Those standards and the New Jersey Circular 15-08-OMB, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Teaneck Community Charter School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the Teaneck Community Charter School's compliance.

**Opinion on Each Major Federal and State Program**

In our opinion, the Board of Trustees of Teaneck Community Charter School District, in the County of Bergen, State of New Jersey, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2019.

**Report on Internal Control Over Compliance**

Management of the Board of Trustees of the Teaneck Community Charter School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Teaneck Community Charter School's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with New Jersey Circular 15-08-OMB, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Teaneck Community Charter School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions to prevent or detect and correct noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of New Jersey Circular 15-08-OMB. Accordingly, this report is not suitable for any other purpose.

**Report on Schedule of State Financial Assistance Required by  
New Jersey 15-08-OMB**

We have audited the financial statements of the Board of Trustees of the Teaneck Community Charter School District as of and for the year ended June 30, 2019, and have issued our report thereon dated October 8, 2019, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards and of state financial assistance are presented for purposes of additional analysis as required by New Jersey Circular 15-08-OMB and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards and the Schedule of Expenditures of State Financial Assistance are fairly stated in all material respects in relation to the financial statements as a whole.

This report is intended for the information and use of the management of the Teaneck Community Charter School Board of Trustees, the New Jersey State Department of Education and other state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

TEANECK COMMUNITY CHARTER SCHOOL  
Notes for Schedules of Expenditures of Awards and Financial Assistance  
JUNE 30, 2019

**NOTE 1 - GENERAL**

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance include federal and state activity of the Board of Education, Teaneck Community Charter School. The Board of Trustees is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the Schedule of Expenditures of Federal Awards and State Financial Assistance.

**NOTE 2 - BASIS OF ACCOUNTING**

The accompanying Schedules of Expenditures of Awards and Financial Assistance are presented using the budgetary basis of accounting with the exception of programs recorded in the Food Service Fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements. The information in this Schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of State, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in the preparation of, the basic financial statement.

**NOTE 3 - RELATIONSHIP TO BASIC FINANCIAL STATEMENTS**

The basic financial statements present the General Fund and Special Revenue Fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the General Fund and Special Revenue Fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The General Fund is presented in the accompanying schedules on the modified accrual basis.

The Special Revenue Fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$0 for the General Fund and \$0 for the Special Revenue Fund. See Note 1 for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the General and Special Revenue Funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as follows:
