#### SCHEDULE OF AUDITED ENROLLMENTS

#### **Enrollment Counts and Submissions to the Department**

Our audit procedures included tests of information reported on the October 15, 2018, and the last day of school for on-roll, special education, bilingual and low income. We also performed a review of the School's procedures related to its completion.

#### Finding 2019-01

Our audit of the enrollment counts noted the following exceptions:

 A number of students were missing valid verification and documentation in which the school was unable to locate and resubmit valid documents to the district. These invalid documents included missing signatures and incorrect dates, as well as instances in which the student's residency had rendered them ineligible for funding. These discrepancies resulted in an audit adjustment of \$473,176 as the district deemed these billings to be unallowable.

#### Recommendation:

We recommend that enrollment counts procedures should be thoroughly reviewed to ensure that all requirements are met.

## Management Response:

Efforts will be made to review and reconcile the information following the manual updates in NJ Smart portal prior to the close of the system.
