Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, detailing proper classification of orders as reserve for encumbrances and accounts payable.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with *N.J.A.C. 6A:23-2.2(g)* as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with *N.J.A.C. 6A:23A-2.4*. As a result of the procedures performed, a transaction error rate of 0% overall was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Classification of Expenditures (Continued)

A. General Classification Findings:

Finding 2019-01:

During our test of transactions, it was noted that expenses were misclassified between required maintenance and custodial services and between supplies and capital outlay. The expenditures and related appropriations were reclassified for financial statement presentation purposes.

Recommendation:

Districts should reference *The Uniform Minimum Chart of Accounts for New Jersey Public Schools*, and other available reference materials, such as the Budget Guidelines for the proper classifications required to be in compliance with *N.J.A.C. 6A:23A-16.2(f)*.

B. Administrative Classification Findings:

None

Finding 2019-02 (CAFR Finding: 2019-1):

Four line-accounts were over-expended at June 30th.

Treasurer's Records

The following items were noted during our review of the records of the Treasurer.

The Treasurer performed cash reconciliations for the general operating account, payroll account or payroll agency account (N.J.S.A. 18A:17-36).

Cash receipts were promptly deposited.

The Treasurer's records were in agreement in total with the records of the Board Secretary.

Elementary and Secondary Education Act (E.S.E.A.), as amended by the Every Student Succeeds Act (ESSA)

The study of compliance for the E.S.E.A. indicated no areas of noncompliance and/or questioned costs.

Other Special Federal and/or State Projects

The district's Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the federal and state funds on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the school district (or charter school or renaissance school project) to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district (or charter school or renaissance school project) for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

SCHOOL PURCHASING PROGRAM

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-3 states:

- a. Any purchase, contract or agreement for the performance of any work or the furnishing or hiring of materials or supplies, the cost or price of which, together with any other sums expended or foreseeably to be expended for the performance of any work or services in connection with the same project or the furnishing of similar materials or supplies during the same fiscal year paid with or out of school funds, does not exceed the total sum of \$7,500 or the amount determined pursuant to subsection b. of this section, in the fiscal year or, in the case of purchases that are not annually recurring, in a period of one year may be made, negotiated and awarded by a contracting agent when so authorized by resolution of the board of education without public advertising for bids and bidding therefore.
- b. Commencing January 1, 1983 and every two years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount set forth in subsection a. of this section in direct proportion to the rise or fall of the consumer price index for all urban consumers in the New York City and Philadelphia area as reported by the United States Department of Labor. The Governor shall notify all local school districts of the adjustment. The adjustment shall become effective on July 1 of the year in which is it reported.

N.J.S.A. 18A:18A-4 states, "Every contract or agreement for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price thereof is to be paid with or out of school funds, not included within the terms of N.J.S.A. 18A:18A-3, shall be made and awarded only by the board of education after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in, or calculated by the Governor pursuant to N.J.S.A. 18A:18A-3 except by contract or agreement."

Effective April 17, 2000, N.J.S.A. 18A:18A (Public School Contracts Law) was revised by P.L. 1999, c.440 (originally known as Assembly bill No. 3519). The associated rules were drafted by the Division of Local Government Services, with consultation from the Commissioner of Education.

Effective July 1, 2015 and thereafter the bid thresholds in accordance with *N.J.S.A. 18A:18A-2* and *18A:18A-3(a)* are \$40,000 (with a Qualified Purchasing Agent) and \$29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under *N.J.S.A. 18A:39-3* is currently \$19,000 for 2018-19.

SCHOOL PURCHASING PROGRAM (Continued)

Contracts and Agreements Requiring Advertisement for Bids (Continued)

N.J.S.A. 18A:18A-4 states: (Continued)

The district board of education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of my examination indicated that no individual payments, contracts, or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not be reasonably be ascertained.

School Food Service

The school food service program was not selected as a major federal and/or State program. The program expenditures did not exceed \$100,000 in federal and/or State support.

Student Body Activities

All cash receipts were promptly deposited and all cash disbursements had proper supporting documentation.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2018 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, and low-income. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers with exception. The information that was included on the workpapers was verified, with exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district has adequate written procedures for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on roll status reported in the 2018-2019 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. The bid specifications for the purchase of buses were in compliance with applicable statutes. No exceptions were noted in our review of transportation related purchases of goods and services.

Miscellaneous

Testing for Lead of All Drinking Water in Educational Facilities

The school district submitted the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

Follow-Up on Prior Years' Findings

In accordance with government auditing standards, our procedures included a review of all prior year recommendations. Corrective action had been taken on all prior year findings, except for the following, which is repeated in this year's recommendations noted as current year finding "2019-02". Approved budgetary line accounts should not be over expended (2018-03).

Acknowledgment

We received the complete cooperation of all the officials of the school district and we greatly appreciate the courtesies extended to the members of the audit team.

During our test of transactions, it was noted that expenses were misclassified between required maintenance and custodial services and between supplies and capital outlay. The expenditures and related appropriations were reclassified for financial statement presentation purposes.

Recommendation:

Districts should reference *The Uniform Minimum Chart of Accounts for New Jersey Public Schools*, and other available reference materials, such as the Budget Guidelines for the proper classifications required to be in compliance with *N.J.A.C. 6A:23A-16.2(f)*.

Finding: 2019-02 (CAFR Finding: 2019-1)

Four line-accounts were over-expended at June 30th.

Recommendation:

Procedures to identify all accounts payable and to record all expenditures and to make necessary transfer resolutions should be reviewed and revised, in order to assure all expenditures are recorded and all transfers are reflected in the Board Minutes.
