This report is filed in conjunction with the District's Comprehensive Annual Financial Report (CAFR).

Administrative Practices and Procedures

Insurance

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under audit was made as to affidavit or signed declaration, proper itemization and proper authorization by officials. The Board's voucher system is in accordance with R.S. 18:6-34, which requires a signed declaration by the vendor in place of an affidavit. In addition, all vouchers are signed by the Board Secretary. The actual signature for receipt of goods or services rendered is on the receiving copy of the purchase order set, which is attached to the purchase order and filed alphabetically. All claims approved for payment are listed by fund total in the Minutes.

Financial Planning, Accounting and Reporting (Continued)

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/School Business Administrator.

Compensation records were tested, and for those individuals examined; it was determined that salaries paid were in accordance with the amounts authorized by the Board.

Salary withholdings were promptly remitted to the proper agencies, including required health benefits withholdings.

Tuition Charges

The Board made billings to the sending districts for the charge in per pupil costs and was consistently applied.

Unemployment Compensation Insurance Trust Fund

The Board has adopted the direct reimbursement method and has established an Unemployment Compensation Insurance Trust Fund.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, 2019 for proper classification of orders as reserved for encumbrances and accounts payable. The reserve for encumbrances and accounts payable have been determined to be proper.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23-2.2(g) as part of our test of transactions of randomly selected expenditure items. We also examined the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classification to determine overall reliability and compliance with N.J.A.C. 6A:23A-2.4. As a result of the procedures performed, no transaction error rate was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on the Schedules of Federal and State Financial Assistance located in the CAFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

T.P.A.F. Reimbursement

Our Audit procedures included a test of the bi-monthly reimbursement forms filed with the Department of Education for District employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

Expendable and Nonexpendable Trust Funds

The accounts within this fund have been properly administered.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

Effective July 1, 2015 and thereafter the bid thresholds in accordance with N.J.S.A. 18A:18A-3 and 18A:39-3 are \$29,000 and \$18,200, respectively.

The board of education has elected to utilize the Qualified Purchasing Agent (QPA) higher bid threshold of \$40,000 since the School Business Administrator/Board Secretary is qualified as such.

The board of education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Attorney's opinion should be sought before a commitment is made.

ADMINISTRATIVE FINDINGS - FINANCIAL
COMPLIANCE AND PERFORMANCE (CONTINUED)

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids (Continued)

Inasmuch as the system of records is not designed to provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination indicated that no individual payments, contracts or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The minutes indicate that bids were advertised for the following:

District-Wide Improvements	Cosmetology Kits
Printer and Equipment	Custodial Supplies
Office Supplies	Roof Replacement

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination revealed the following purchases were made through the use of State contracts.

Computer and Computer Related Products	Custodial Supplies
Copy Machines	Maintenance Supplies
Office Equipment and Supplies	Science Supplies

Purchases were made through various other cooperative and governmental agency purchasing arrangements as well.

ADMINISTRATIVE FINDINGS - FINANCIAL
COMPLIANCE AND PERFORMANCE (CONTINUED)
JUNE 30, 2019

School Food Service

The financial transactions and statistical records of the school food services were maintained properly. The financial accounts, meal count record and eligibility applications were reviewed on a test-check basis. No exceptions were noted.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served did not exceed the number of valid applications on file, times the number of operating days, on a school by school basis. The free and reduced price meals and free milk policy is uniformly administered. The required verification procedures for free and reduced price applications were completed and available for review. No exceptions were noted.

All vendor discounts, rebates and credits vendors were tracked and credited to the Food Service account and reconciled to supporting documentation at least annually. Provision of NJSA 18A:17-34, 19-1 and 19-4.1 were complied with.

We examined on a test basis, expenditures for separate recording of food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

Exhibits reflecting child nutrition program operations are included in Section G of the CAFR.

The District is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34 and 19-1 through 19-4.1. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service. Due to the nature of the District, the Food Service operation is not a district-wide function but merely an accommodation to one of the district schools and therefore, the results of operation may be misleading.

Cash receipts and bank records were reviewed for timely deposit.

Net cash resources did not exceed three months average expenditures.

USDA Food Distribution Program (food and/or commodities) were received and a single inventory was maintained on a first-in, first-out basis. No exceptions were noted.

Application for State School Aid (ASSA)

Our audit procedures included a test of information reported in the October 15, 2018 Application for State School Aid (ASSA) for on-roll. We also performed a review of the district procedures related to its completion. The information on the ASSA was compared to the district workpapers. The information that was included on the workpapers was verified with a minor exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district maintained workpapers on the prescribed state forms or their equivalent.

The district has adequate written procedures for the recording of student enrollment data.

Capital Assets

The District authorized a complete capital (fixed) asset inventory as of June 30, 2019 in order to obtain an accurate detail. Due to their nature the capital (fixed) assets should be monitored on an ongoing basis for accuracy.
