<u>ADMINISTRATIVE FINDINGS -</u> FINANCIAL, COMPLIANCE AND PERFORMANCE REPORTING

GENERAL COMMENTS

Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator and Treasurer of School Moneys, the activities of the Board of Education, the records of the various funds under the auspices of the Board of Education.

Administrative Practices and Procedures

Insurance

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-20 of the District's <u>CAFR</u>.

Officials Bonds

Name	<u>Position</u>	<u>Amount</u>
Paul Stabile	Business Administrator through August 31, 2018	\$250,000
Angela Spasevski	Business Administrator effective August 1, 2018	
Diane Montemurro	Board Secretary	\$125,000

Tuition Charges

A comparison of tentative tuition charges and actual certified tuition charges was made. The actual costs were different than estimated costs. The Board made proper adjustments to the billings to sending districts for the changes in per pupil costs in accordance with N.J.A.C. 6A:23-3.1(f)3.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims submitted for payment for the period under review did indicate the following discrepancies with respect to signatures, certification or supporting documentation:

Financial Planning, Accounting and Reporting, (continued)

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were not approved by the Superintendent and were not certified by the President of the Board and the Board Secretary/School Business Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefit premiums amounts withheld due to the General Fund.

<u>Finding 2019-01:</u> The required certification (E-CERT1) of compliance with requirements for income tax on compensation of administrators (superintendent, assistant superintendents, and business administrator) to the NJ Department of Treasury was not filed by the March 15 due date.

Recommendation: The Board of Education should designate someone to prepare and submit the certification as required by N.J.S.A. 18A:14.4 and submit the E-CERT1 if not yet submitted.

*Finding 2019-02: Payroll for the pay periods between 12/24/18, 1/15/19 & 5/30/19 were not approved by the school board in the meeting minutes.

*Recommendation: All payrolls must be approved by the Superintendent and certified by the President of the Board and the Board Secretary or Business Administrator.

Reporting of employee compensation for income tax related purposes did comply with federal and state regulations regarding the compensation which is required to be reported.

Position Control Roster

The Position Control Roster was reviewed and compared to payroll records, employee benefit records and charges made to the general ledger to ensure proper and consistent financial reporting and that employee benefits are only offered to current employees.

*Finding 2019-03: An inquiry and subsequent review of the Position Control Roster found inconsistencies between the payroll records and the general ledger accounts to which wages are posted (salary versus stipend) and the Position Control Roster.

*Recommendation: The Board should establish internal control procedures to ensure that an annual or more frequent review of the Position Control Roster is performed to ensure proper and consistent financial reporting.

Financial Planning, Accounting and Reporting, (continued)

Reserve for Encumbrances, Liability for Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, for proper classification of orders as reserve for encumbrances and accounts payable.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.2. As a result of the procedures performed, a transaction error rate of 0.00% was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Board Secretary's Records

Our review of the financial and accounting records maintained by the Board Secretary disclosed the following items:

<u>Finding 2019-04:</u> A review of the minutes of board meetings revealed that the following subject matters were not recorded or memorialized:

- 1. Results of the School Board Election
- 2. A list of all employees, salaries and wages approved by the board.

Recommendation: All of these subject matters must be approved in the minutes of the board meetings in accordance with their respective state statutes.

Fixed Assets

The general fixed asset records were updated for the additions and disposals of general fixed assets made during the year.

Elementary and Secondary Education Act (E.S.E.A.) as Amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Titles I, II, III and VI of the Elementary and Secondary School Improvement Act as amended.

The study of compliance for E.S.E.A. indicated no areas of noncompliance and/or questionable costs.

Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the Federal and State funds on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue section of the CAFR. This section of the CAFR documents the financial position of the aforementioned special projects.

The study of compliance for the special projects indicated no areas of noncompliance.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for the district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-2 contains definitions for terms used throughout N.J.S.A. 18A:18A-1 et seq. It includes as subsection (p) the term 'competitive contracting', which is defined as "the method described in N.J.S.A. 18A:18A-4.1 through 18A:18A-4.5 and in rules promulgated by DCA at N.J.A.C. 5:34-4 of contracting for specialized goods and services in which formal proposals are solicited from vendors; formal proposals are evaluated by the purchasing agent or counsel or school business administrator; and the board of education awards a contract to a vendor or vendors from among the formal proposals received." Also, subsection (aa) defines the term 'concession' to exclude vending machines.

N.J.S.A. 18A:18A-3(a) sets forth the bid threshold and requires award by board resolution. There is a higher threshold when there is a "Qualified Purchasing Agent" (QPA) in the district as defined at N.J.A.C. 5:34-1.1 and certified upon approval of an application submitted to DCA. Pursuant to N.J.S.A. 18A:18A-3(b), the bid threshold may be adjusted by the Governor, in consultation with the Department of Treasury, every five years.

School Purchasing Programs, (continued)

Contracts and Agreements Requiring Advertisement for Bids, (continued)

N.J.S.A. 18A:18A-4.4 provides boards of education the authority to pass a resolution authorizing the use of competitive contracting. "In order to initiate competitive contracting, the board of education shall pass a resolution authorizing the use of competitive contracting each time specialized goods or services enumerated in sections 45 of L. 1999, c.440 are desired to be contracted."

Effective July 1, 2015 and thereafter, the bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$40,000 (with a Qualified Purchasing Agency) and \$29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently \$19,000.

The board of education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

The results of our examination indicated that no individual payments, contracts, or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A-18A-4, amended.

Resolutions were adopted authorizing the awarding of contract or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

<u>Finding 2019-05:</u> Political Disclosure Forms for professional service contracts were not available during audit.

Recommendation: All documents required prior to award of professional service contracts must be obtained and kept on file.

<u>Finding 2019-06:</u> There was (1) instance where an expenditure exceeded the bid threshold (\$29,000) and was not advertised for bidding.

<u>Recommendation:</u> Expenditures in excess of the bid threshold should be adhering to Public School Contracts Law, N.J.S.A. 18A:18A-1.

School Food Service

The financial transactions and statistical records of the School Food Services were maintained in satisfactory condition. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

School Food Service, (continued)

Cash receipts and bank records were reviewed for timely deposit.

The District utilizes a food service management company (FSMC) and is depositing and expending program monies in accordance with *N.J.S.A.* 18A:17-34, and 19-1 through 19-4.1. Provisions of the FSMC contract/addendum were reviewed and audited. The FSMC contract includes an operating results provision which guarantees that the food service program will break even. The operating results provision has been met. All vendor discounts, rebates and credits from the FSMC were tracked and credited to the Food Service Account and reconciled to supporting documentation at least annually.

The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process the edit check worksheet was completed. Reimbursement claims were submitted/certified in a timely manner.

Applications for free and reduced meals were reviewed for completeness and accuracy. The number of free and reduced meals claimed as served was compared to the number of valid applications or to the list of directly certified students on file, times the number of operating days, on a school by school basis. The free and reduced meal policy is uniformly administered throughout the School System.

Expenditures were separately recorded for food purchases, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service. Net cash resources did not exceed three months average expenditures.

U.S.D.A. commodities were received and a separate inventory was maintained on a first in, first out basis. No exceptions were noted.

The school district maintains the detailed revenue and expenditure information necessary in order to execute the USDA mandated Non-Program Food Revenue Tool at least annually.

The statement of revenues, expenses and changes in net position (CAFR schedule B-5) does separate program and non-program revenues and program and non-program cost of goods sold.

Exhibits reflecting child nutrition program operations are included in the section entitled Enterprise Funds, Section G of the Comprehensive Annual Financial Report.

After School Child Care

The Board operates an After School Child Care program for Palisades Park residents. The operations of the program were reviewed and no exceptions were noted.

Student Body Activities

Cash receipts and disbursement records are maintained in satisfactory condition.

Cash disbursement had proper signatures and supporting documentation.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2018 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, low-income and bilingual. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers with exception. The information that was included on the workpapers was verified with exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed state forms or their equivalent.

The District has adequate written procedures for the recording of student enrollment data.

Finding 2019-7: The District's ASSA Data Listing reported 16 students in the classification ASSA – Low Income Special Education Students that were not supported by the District's workpapers. In addition, the District's ASSA Data Listing included 1 student in the classification ASSA-LEP Not Low Income that was not supported by the District's workpapers.

Recommendation: All students listed on the Application for State School Aid must be supported by the District's on-roll workpapers.

Pupil Transportation

Our audit procedures included a test of on-roll status reported in the 2018-2019 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts.

Testing for Lead of All Drinking Water in Educational Facilities

The school district adhered to all the requirements of N.J.A.C. 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The school district did submit the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

Status of Prior Year Audit Findings/Recommendations

A review was performed on all prior year recommendations and corrective action had been taken on all prior year findings with the exception of those marked with an "*".

Suggestions to Management:

- A review of old, outstanding checks in the District's accounts be performed and a resolution cancelling these checks be approved, if necessary.
- The District is issuing "dummy" checks to record the wire transfers for the payment of health benefits. The District should inquire with the software company as to how to delineate a wire transfer in the system rather than a check number being assigned that is subsequently voided.

Acknowledgment

We received the complete cooperation of all the officials of the school district and we greatly appreciate the courtesies extended to the members of the audit team.

Respectfully submitted,
