## Financial Planning, Accounting and Reporting (Cont'd)

## Payroll Account and Position Control Roster (Cont'd)

### Recommendation:

It is recommended that all employees be paid in accordance with their approved contracts.

### Management Response:

All employees will be paid in accordance with their approved contracts.

### Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made on a test basis as of June 30, for proper classification of orders as reserve for encumbrances and accounts payable.

## Classification of Expenditures – General and Administrative

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, we also reviewed administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.2. As a result of the procedures performed, no errors were noted and no additional procedures were deemed necessary to test the propriety of expenditure classifications.

## Transfer Approvals

## Finding:

The District did not obtain County Superintendent approval for all required transfers as per State guidelines.

#### Recommendation:

It is recommended that the District obtain County Superintendent approval for all transfers as per State guidelines.

#### Management's Response:

The District will ensure to obtain County Superintendent approval for all required transfers as per State guidelines.

### Financial Planning, Accounting and Reporting (Cont'd)

#### Board Secretary's Records

In planning and performing our audit of the financial statements of the Board, we considered the condition of the Board Secretary's records for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments except as noted below.

#### Finding:

Not all transactions that occurred during the school year were posted to the District's general ledger. This resulted in inaccurate cash balances reported on the Treasurer's records for the Capital Reserve, Maintenance Reserve and the General Fund. These amounts were recorded by administration at a later date to correct the financial records.

#### Recommendation:

It is recommended that the District general ledger be properly maintained and cash balances per the District records be properly allocated on the Treasurer's report.

#### Management Response:

Administration will ensure that the District general ledger will be properly maintained and cash balances per the District records will be properly allocated on the Treasurer's report.

#### Finding:

During our review of the various balance sheets it was noted that prior year interfund balances in the Food Service and Fiduciary Funds were still outstanding in the current year.

#### Recommendation:

It is recommended that all necessary cash transfers be made to ensure interfund balances are cleared in a timely manner.

#### Management Response:

All necessary cash transfers will be made to ensure interfund balances are cleared in a timely manner.

During our review of the Board Secretary's records it was also noted that the June 2019 Board Secretary's report was not submitted to County Superintendent before the August 1<sup>st</sup> deadline. As the December 2018 Board Secretary's report was submitted timely and the June 2019 relatively timely, no formal recommendation is deemed necessary at this time.

## Treasurer's Records

In planning and performing our audit of the financial statements of the Board, we considered the condition of the Treasurer's records for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments except as noted below.

### Finding:

The Food Service Fund cash balance reported on the Treasurer's Report is not in agreement with the Food Service Fund bank reconciliation.

#### Recommendation:

It is recommended that all necessary adjustments to the Treasurer's Report be made for the Food Service Fund to ensure agreement with the District's records.

#### Management Response:

All necessary adjustments to the Treasurer's Report will be made to ensure agreement with the District's records.

## Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the District's CAFR. This section of the CAFR documents the financial position pertaining to projects under Titles I, II, III and IV of the Elementary and Secondary Education Act as amended and reauthorized.

#### Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

## T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

#### T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The T.P.A.F. Reimbursement to the State for Federal Salary Expenditures was remitted to the State of New Jersey prior to the required deadline of October 1, 2019. The reimbursement form was reviewed and no exceptions were noted.

School Purchasing Programs

#### Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-3 states:

a. "When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by resolution of the Board of Education without public advertising for bids and bidding therefore, except that the Board of Education may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L.1971, c. 198 the Board of Education may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Commencing in the fifth year after the year in which P.L.1999, c. 440 takes effect and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the Board of Education is permitted to establish as set forth in subsection a. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in N.J.S.A. 18A:18A-2, and shall round the adjustment to the nearest \$1,000. The Governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of the year in which it is made . . . ."

N.J.S.A. 18A:18A-4 states, "Every contract for the provision or performance of any goods or services the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the Board of Education to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law ....."

Effective July 1, 2015 and thereafter the bid thresholds in accordance with *N.J.S.A.* 18A:18A-2 and 18A:18A-3(a) are \$40,000 (with a Qualified Purchasing Agent) and \$29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under *N.J.S.A.* 18A:39-3 is \$19,000 for 2018-2019.

As per N.J.S.A. 18A:18A-3(a), the Board passed a resolution authorizing the Business Administrator as a qualified purchasing agent and increasing the bid threshold to \$40,000.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Attorney's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. General compliance was noted.

The results of our examination indicated that no individual payments, contracts, or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies", in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

#### School Purchasing Programs (Cont'd)

#### Contracts and Agreements Requiring Advertisement for Bids (Cont'd)

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained.

#### School Food Service - Milk Program

The school food service program was not selected as a major federal and/or state program. We inquired of school management, or the appropriate school food service personnel, as to whether the SFA had any Child Nutrition Program reimbursement overclaims or underclaims. No exceptions were noted.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions were noted.

Non-program foods were not purchased, prepared or offered for sale.

#### Finding:

During our review of the school District records it was noted that net cash resources of the Food Service Fund exceeded three months average expenditures.

#### Recommendation:

It is recommended that the Food Service Fund net cash resources do not exceed three months average expenditures.

#### Management Response:

The District will review the Food Service Fund expenditures and ensure net cash resources do not exceed three months average expenditures.

#### Student Body Activities

In planning and performing our audit of the financial statements of the Board, we considered the condition of the records of the Student Activities Fund for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments except as noted on the next page.

#### Student Body Activities (Cont'd)

## Finding:

Receipt journals which indicate the date of receipt were not maintained for the Bayberry and Valley View student activity accounts, therefore, the date of turnover to the Board Office could not be determined.

### Recommendation:

It is recommended that receipt journals indicating the date of receipt are maintained for the Bayberry and Valley View student activity accounts.

### Management Response:

Administration will ensure that receipt journals indicating the date of receipt will be maintained for the Bayberry and Valley View student activity accounts.

### Application for State School Aid

Our audit procedures included a test of enrollments and related services reported in the October 15, 2018 Application for State School Aid (A.S.S.A.) for on-roll, bilingual education, private schools for the handicapped, and low income. We also performed a review of the District procedures related to its completion. The results of our procedures are presented in the Schedule of Audited Enrollments.

#### Finding:

During our review of enrollment reported on the October 15, 2018 Application for State School Aid it was noted that 10 preschool students were double counted. Minor errors were also noted in the number of low income resident students and resident LEP not low income students reported on the Application for State School Aid.

#### Recommendation:

It is recommended that student enrollment data is accurately reflected on the Application for State School Aid.

#### Management Response:

Administration will ensure that the District student enrollment data is accurately reported on the Application for State School Aid.

The District has adequate written procedures for the recording of student enrollment data.

#### Pupil Transportation:

Our audit procedures included a test of on-roll status reported in the 2018-2019 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

#### Travel Expense and Reimbursement Policy

Travel regulations require each District to adopt a formal policy and procedure pertaining to travel and travel expense reimbursement for its employees and board members. The regulations require the District to establish a maximum travel amount for the year and to account for these expenses within a separate account in the budget to ensure that the maximum is not exceeded. The regulations also require that all travel be approved by the Board prior to the event and that the approval list the event, total event cost and the individuals attending. Employees and board members attending an event are then required to complete a post event report to be submitted to a designated person within the District.

During our testing of the District's travel expenditures, we noted the following.

Finding:

Prior Board approval and post event reports were not obtained for three of four travel reimbursement expenditures tested.

#### Recommendation:

It is recommended that prior Board approval and post event reports for travel events be obtained as per State travel regulations.

#### Management Response:

Administration will ensure that prior Board approval and post event reports for travel events will be obtained in order to ensure compliance with State travel regulations.

#### Testing for Lead of All Drinking Water in Educational Facilities

The District did submit the annual Statement of Assurance to the NJ Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

#### Management Suggestions

## Payroll Agency Activity Summary

During our review of the Payroll Agency bank account activity it was noted that a summary of Payroll Agency deposits, payment and balances owed to various agencies is not prepared. It is suggested that a summary of Payroll Agency bank account deposits, payments and balances owed to various agencies is prepared on a monthly basis.

### New Jersey Earned Sick Leave Law

The New Jersey Earned Sick Leave Law was effective October 29, 2018. This law allows employees to accrue 1 hour of earned sick leave for every 30 hours worked, up to 40 hours each calendar year. We suggest that Districts perform a review each year to determine if there are any employees not previously eligible to receive earned sick leave who are now entitled to under this law and that adequate records are maintained for the accrual of the earned sick leave.

### Governmental Accounting Standards Board (GASB) Statements

The next GASB Statement which will have an impact on the District's financial statements is GASB Statement No. 84, *Fiduciary Activities*, which is effective for the fiscal year ended June 30, 2020. This Statement establishes criteria for identifying fiduciary activities. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. The Statement will likely have an impact on the financial statement presentation of the Payroll Agency Fund and may have an impact on the presentation of the Student Activities Agency Fund and Trust Funds such as the Private Purpose Scholarship Trust and Unemployment Trust Fund.

#### Status of Prior Year's Findings/Recommendations

The District prior year recommendations with regard to Student Body Activities deposits and enrollment reported on the District Report of Transported Students have been resolved. The District prior year recommendations with regard to reconciling items on the General Fund bank reconciliation and Treasurer's Report adjustments have been partially resolved. The prior year recommendations with regard to School Food Service Net Cash Resources and the Application for State School Aid have not been resolved and are included as current year recommendations.
