Financial Planning, Accounting and Reporting (Continued)

Cash Reconciliations

The District has designated the Assistant Business Administrator to prepare monthly bank reconciliations.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, for goods not yet received or services not yet rendered and it was determined that no blanket purchase orders were included in the balance of the reserves for encumbrances. Also, unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received and services were rendered, as of June 30.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. As a result of the procedures performed, no additional procedures were deemed necessary to test the propriety of expenditure classification.

Board Secretary's Records

The financial records, books of account and minutes maintained by the Board Secretary were in good condition.

Bids received were summarized in the minutes (N.J.S.A.18A:18A-21).

Approved budgetary line accounts were not overexpended.

Acknowledgment of the Board's receipt of the Board Secretary's monthly financial reports was included in the minutes.

The prescribed contractual order system was followed.

The capital asset records were updated for the additions and disposals of capital assets made during the year.

Elementary and Secondary Education Act (E.S.E.A.) as Amended by Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Title I, Title II and Title IV of the Elementary and Secondary Education Act as amended.

Financial Planning, Accounting and Reporting (Continued)

Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Exhibits K-3 and K-4 located in the CAFR.

Our audit of the Federal and State funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits contained herein represent a true statement of the financial position pertaining to the aforementioned special projects.

T.P.A.F. Reimbursements

Our audit procedures included a test of the semi-monthly reimbursement forms filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

T.P.A.F. Reimbursement to State for Federal Salary Expenditures

None.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

Effective July 1, 2015 and thereafter the bid thresholds in accordance with N.J.S.A. 18A:18A-3 (as amended) and 18A:39-3 are \$40,000 and \$36,000, respectively. If the District's purchasing agent is qualified pursuant to subsection b. of Section 9 of P.L. 1971, c.198 (C.40A:11-9), the Board of Education may establish the bid threshold up to \$40,000. The law regulating bidding for public school transportation contracts under N.J.S.A. 18A:39-3 is currently \$19,000 for 2018-19. The District's Business Administrator is qualified and the District, by Board resolution has increased the bid threshold to \$40,000.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or goods or service, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination indicated that no individual payments, contracts, or agreements were made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A.18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal that purchases were made through the use of State contracts.

School Food Service

The District did not participate in the National School Lunch Program.

The financial transactions and statistical records of the school food services were maintained in satisfactory condition.

Cash receipts and bank records were reviewed for timely deposit.

The District utilizes a food service management company (FSMC) and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. Provisions of the FSMC cost reimbursable or fixed price contract/addendum were reviewed and audited. The FSMC contract includes an operating results provision, which guarantees that the food service program will return a profit of at least \$37,500. The operating results provision has been met. All vendor discounts, rebates and credits from vendors and/or the FSMC were tracked and credited to the Food Service Account and reconciled to supporting documentation at least annually.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The District's food service management company is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

Exhibits reflecting child nutrition program operations are included in the section Enterprise Funds.

Enterprise Funds

The District maintains the following other enterprise funds:

The *summer enrichment fund* accounts for the activities of the District's summer school program which provides education opportunities beyond the regular school term.
