EAST ORANGE COMMUNITY CHARTER SCHOOL
Auditors' Management Report On Administrative Findings
Financial, Compliance and Performance
For the Year Ended June 30, 2019

Scope of Audit

The audit covered the financial transactions of the Business Office, the activities of the Board of Trustees, and the records of the various funds under the auspices of the Board of Trustees.

Administrative Practices and Procedures

Insurance

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-4, Insurance Schedule contained in the charter school's CAFR.

Official Bonds

<u>Name</u>	<u>Position</u>	<u>Amount</u>
Joel Julien, CPA	Board Secretary/School Business Administrator	\$168,000
Raymond L. Scott, CPA	Treasurer of School Monies	\$168,000

School Leaders Errors and Omissions Liability insurance was carried for all members of the Board of Trustees with coverage for each wrongful act of \$1,000,000.

There is an Employee's Faithful Performance Blanket Position Bond Policy covering for all other employees with coverage of \$25,000.

Tuition Charges

A review of the financial statements indicated that the charter school charged no tuition for any student attending the Charter School and all proceeds for a before/after school program were accounted for in an Enterprise Fund.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

Payroll Account

The net salaries of all employees of the Charter School were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the designee in the Charter School and were certified by the Chairman of the Board of Trustees and the Comptroller.

Salary withholdings were promptly remitted to the proper agencies.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchased orders was made as of June 30 for proper classification of orders as reserve for encumbrances and accounts payable. No exceptions were noted.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with NJAC 6A:23-2.2(g) and line item details as described in the Budget Summary Key as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. As a result of the procedures performed, no transaction error rate was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Instructional Expense

Observation

We performed the percentage test for instructional expenses in relation to the general fund expenditures; we noted that the instructional expenses accounted for 49.696% of the total general fund expenditures, which is below the required percentage of 60%.

Management Response:

The Charter School budget for 2018-2019 was prepared to ensure that restricted funds (including the No Child Left Behind grant) which were available for a defined period of time were fully expended during the year. Therefore, the portion of instructional expenses that would have pulled the percentage above 60% was charged to the restricted funds. Further, the original Charter of the school was uniquely written to include certain specialized services like Social Service, Mental Health and Child Study Team. The expenses for these services are not instructional and tend to pull down the percentage.

Board Secretary's Records

We reviewed the financial and accounting records maintained by the Business Office and no material findings noted.

Observation

We noted a good faith deposit on the Charter School's balance sheet that has been outstanding for several years. Management represented that it was made to one of the Charter School's current landlords pursuant to a proposed purchase of a building and the proposal fell through.

Recommendation:

We recommend that the amount should be recouped from the landlord either by a refund from the landlord or a reduction of rent payable to the landlord.

Management Response:

Management agrees.

Treasurer's Records

Our review of the treasurer's records disclosed that the Charter School is in compliance with the State requirements. All cash accounts were reconciled monthly and reporting requirements were met on time.

Elementary and Secondary Education Act (E.S.E.A) as amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the Comprehensive Annual Financial Report (CAFR). This section of the CAFR documents the financial position pertaining to the projects under Titles I through VI of the Elementary and Secondary Education Act as amended and reauthorized.

The study of compliance for E.S.E.A. indicated no areas of noncompliance and/or questionable costs.

Other Special Federal and/or State Projects

The Charter School's Special Projects were approved as listed on Schedule A (K-3) and Schedule B (K-4) located in the CAFR. Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for Charter School employees who are members of the Teachers' Pension and Annuity Fund. No exceptions noted.

TPAF Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the charter school to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the charter school for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90-day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

School Purchasing Programs

Contracts and Agreements Requiring Advertising for Bids

Effective July 1, 2015 and thereafter the bid thresholds in accordance with N.J.S.A 18A:18A-3 (as amended) and 18A:39-3 is \$40,000 (with a Qualified Purchasing Agent) and \$29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public student transportation contract under N.J.S.A. 18A:39-3 is currently \$19,000 for 2018-2019.

The Charter School Board of Trustees has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Based on the results of our examination, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A 18A:18A-4, amended.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A 18A:A8A-5.

School Food Service

The financial transactions and statistical records of the Charter School food services were reviewed. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

Cash receipts and bank records were reviewed for timely deposit.

The Charter School utilizes a food service management company (FSMC) and is depositing and expending program monies in accordance with *N.J.S.A. 18A:17-34*, and 19-1 through 19-4.1. Provisions of the FSMC contract/addendum were reviewed and audited. The FSMC contract includes an operating results provision which guarantees that the food service program will break even. The operating results provision has been met. All vendor discounts, rebates, and credits from vendors and/or the FSMC were tracked and credited to the Food Service Account and reconciled to supporting documentation at least annually.

Expenditures should be separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

Net cash resources did not exceed three-month average expenditures.

Time sheets were reviewed and labor costs verified. Payroll records were maintained on all School Food Services employees authorized by the board of education/board of trustees. No exceptions were noted.

The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process the Edit Check Worksheet was completed. Reimbursement claims were submitted/certified in a timely manner.

Applications for free and reduced-price meals were reviewed for completeness and accuracy. The number of free and reduced-price meals claimed as served was compared to the number of valid applications /or to the list of directly certified students on file, times the number of operating days, on a school-by-school basis. The free and reduced-price meal and free milk policy was reviewed for uniform administration throughout the school system. Sites approved to participate in Provisions I and II were examined for compliance with all counting and claiming requirements.
