School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-1 et seq. (Public School Contracts Law), the associated rules and related information on the statute, and school contracts in general is available on the website <http://www.state.nj.us/njded/pscl/index.html>.

Effective July 1, 2010 and thereafter the bid in accordance with N.J.S.A 18A:18A-3 (as amended) and 18A:39-3 are \$40,000 (with a qualified purchasing agent) and \$29,000 (without a qualified purchasing agent) respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A: 39-3 is currently \$19,000.

The current SBA is a qualified purchasing agent as he has satisfied the requirements of such position; hence, he is conferred with the authority to procure goods and services up to \$40,000 before implementing bids advertisement requirement. The charter school board of trustees and the qualified purchasing agent has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where questions arise as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made. Based on the results of our examination, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4, amended.

No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in, or calculated pursuant to N.J.S.A. 18A:18A-3 except by contract or agreement.”

In as much as the system of records did not provide for an accumulation of payments in categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained.

Disbursements were reviewed, however, to determine whether any clear-cut violations existed. Resolutions were adopted authorizing the awarding of contracts or agreements for “Professional Services” per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained.

School Food Service

The Charter school maintained the financial transactions and statistical records of the food service; accordingly, the school is responsible for the reporting requirements of the Charter School's food program as integral part of its Comprehensive Annual Financial Report (CAFR).

We reviewed cash receipts and bank records for timely deposits as well as the bank reconciliation for the periods and noted no exceptions. In addition, we reviewed the eligibility applications on a test basis and noted no exceptions.

Finding

A few exceptions were noted regarding free and reduced lunch applications. Some students were classified as free or reduced on charter School's record while they were reflected as paid in full on NJDOE and vice versa.

Recommendation:

We recommend a better coordination of food program application process to facilitate better compliance with the statutory process. The lunch applications should be properly reviewed and approved, and lunch status should be properly reported to the SNEARS.
