January 5, 2021

Honorable President and Members of the Board of Education East Rutherford Board of Education County of Bergen, New Jersey

Dear Board Members:

State Department of Education statutes require that all School District's prepare a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report (CAFR) of the East Rutherford Board of Education for the fiscal year ended June 30, 2020.

This report consists of management's representations concerning the finances of the East Rutherford Board of Education. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the East Rutherford Board of Education has established a comprehensive internal control framework that is designed both to protect the school district's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of the East Rutherford Board of Education's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the East Rutherford Board of Education's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The East Rutherford Board of Education's financial statements have been audited by Lerch, Vinci & Higgins, LLP, a firm of licensed certified public accountants and public school accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the East Rutherford Board of Education for the fiscal year ended June 30, 2020, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors' concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the East Rutherford Board of Education's financial statements for the fiscal year ended June 30, 2020 are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the East Rutherford Board of Education was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal and state grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with grant requirements, with special emphasis on internal controls and compliance requirements involving the administration of federal awards and state financial assistance. These reports are available in the Single Audit Section of the East Rutherford Board of Education's CAFR.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The East Rutherford Board of Education's MD&A can be found immediately following the report of the independent auditors'.

1. REPORTING ENTITY AND ITS SERVICES: East Rutherford Board of Education is an independent reporting entity with in the criteria adopted by the GASB as established by NCGA statement No. 14. All funds of the District are included in this report. The East Rutherford Board of Education and all its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre Kindergarten through Grade 8. These include both regular and special education programs. The District completed the 2019-2020 school year with an enrollment of 773 students. The following details the changes in the student enrollment of the District over the last several years.

Fiscal Year	Student Enrollment	Percent Change
2019-2020	773	-3.86%
2018-2019	804	-1.71%
2017-2018	818	0.37%
2016-2017	815	0.74%
2015-2016	809	5.34%
2014-2015	768	3.22%
2013-2014	744	-3.13%
2012-2013	768	-1.41%
2011-2012	779	1.70%
2010-2011	766	8.65%

2. ECONOMIC CONDITION AND OUTLOOK: The economy of East Rutherford employs approximately 5,000 people. The most common jobs held by residents of East Rutherford are Office and Administrative Support Occupation (733), Management Occupations (443), and Sales and Related Occupation (398). The most common employment sectors for those who live in East Rutherford are Health Care & Social Assistance (815), Educational Services (560) and Retail Trade (476). The highest paid jobs held by residents by median earnings, are Health Technologists & Technicians (\$133,299), Community & Social Occupations (\$105,556) and Computer & Mathematical Occupations (\$105,182).

Median household income in East Rutherford, NJ is \$78,429. In 2018 the population of East Rutherford grew from 9,433 to 9,466, a 0.35% increase and its median household income grew from \$77,400 to \$78,429, a 1.33% The income inequality of East Rutherford (measured using the Gini index) is 0.433 which is lower than the national average.

The median property value in East Rutherford was \$389,300 in 2018, which is 1.69 times larger than the national average of \$229,700. Between 2017 and 2018 the median property value increased from \$380,600 to \$389,300, a 2.29% increase. The homeownership rate of East Rutherford is 36.3% which is lower than the national average of 64%. People in East Rutherford have an average commute time of 28 minutes, and they commute by Drove Alone. Car ownership in East Rutherford is approximately the same as the national average, with an average of 2 cars per household.

3. MAJOR INITIATIVES:

NJSLS

Mathematics

During the 2020-2021 school year, at the middle school level, the teachers will continue implementation of the Envision Math series for grades 5-8 and Algebra. At the elementary level, the majority of teachers will continue to use the Go Math series for an additional year while some will pilot the use of the Envision series. The teachers will continue working with the district's Math coaches to increase basic math fact recall amongst students at all grade levels. This initiative, "The Math Fact Challenge," which serves as an internal competition amongst grade levels have been a motivating factor in getting parents, teachers and students buy in, in order to tackle the lack of foundational skills in this subject area.

Teachers will continue to assess their assessments using Webb's Depth of Knowledge and Bloom's Taxonomy in order to ensure that they are aligned with the standards and are reflecting appropriate grade level rigor. Departmental/grade level team meetings will allow for the development of rigorous benchmark assessments aligned to the NJSLS and cross content area lessons. Articulation and coaching sessions will be scheduled to promote further dialogue centered around the use of the mathematics coherence maps, student centered learning and co-teaching. Additionally, teachers will receive professional development in the use of: Intervention Lessons, MathXL and using Reports and Data to inform instruction. Training in the use of the district's newly developed Mathematics curriculum will also become a central focus district wide.

Student achievement data will be analyzed and instruction will be reviewed to meet the needs of all students, but more specifically, our white, black, economically disadvantaged and students with disabilities who did not meet the academic target in the area of Math. As is practiced, students will be screened in order to determine the levels of support they need based on their tier. Those students who meet the criteria will be admitted into our Basic Skills and Intensive programs. Students will receive extra small group instruction in Math during Center time. More students with disabilities will be integrated into the general education setting. The district will continue with its after school academic intervention program district wide. Finally, the district will continue to host parent academies to garner parent involvement as well as to provide useful and meaningful strategies to parents to assist their children at home

NJSLS

Science

The East Rutherford School District will continue to explore ways to enhance the implementation of the NGSS for the 2020-2021 school year. Teachers will continue to receive professional development regarding Grade-band analysis of the Science and Engineering Practices (SEPs). Teachers will learn how to collectively examine the grade 6-8 SEP bands and assign newly introduced middle school SEP "components" to a particular course (s) i.e. assign the component to Science 6, Science 7, and/or Science 8. Analysis of assessments (tests, quizzes, labs, activities, etc.) to ensure NGSS alignment will be a major focus as well.

Teachers K-5 will continue to implement "Mystery Science." Teachers will also utilize "Freckle" to track the progress of their students in this subject area. Professional development will be provided through PRISM. A PRISM coach will be assigned to the elementary school as well as the middle school. The district has allotted substantial dollar amounts to purchase science kits needed for labs. Departmental/grade level team meetings will allow for the development of rigorous benchmark assessments and infusing the ELA and Mathematics standards

NJSLS

ELA

During the 2020-2021 school year, the district will continue to provide instructional coaches in English Language Arts, both at the elementary and middle school level. The instructional coaches will continue working with teachers to revise the curriculum, implement balanced literacy, conduct reading assessments, host lunch and learn sessions as well as conduct demo lessons as requested by teachers. The district hopes to increase additional small group reading instruction for our tier 2 and three students.

Teachers will continue to assess their assessments using Webb's Depth of Knowledge and Bloom's Taxonomy in order to ensure that they are aligned with the standards and are reflecting appropriate grade level rigor. Departmental/grade level team meetings will allow for the development of rigorous benchmark assessments aligned to the NJSLS and cross content area lessons. Articulation and coaching sessions will be scheduled to promote further dialogue centered around: vocabulary development, reading intervention strategies, implementation of the district's newly revised curriculum, student centered learning and co-teaching. Additionally, teachers will receive professional development in the use of: Intervention Lessons, Guided Reading and using Reports and Data to inform instruction.

In addition to the above, the East Rutherford School district will analyze student performance data to determine areas of weakness in order to meet the needs of all students, but more specifically the white, black, economically disadvantaged and students with disabilities subgroups who did not meet the academic target in the area of English Language Arts. At the beginning of September 2020, all students K-4 will be screened and will receive levels of support based on their tier. Those students who meet the criteria will be admitted into our Basic Skills program at the elementary level. Our cusp students will also receive additional reading intervention. At the middle school level, Students with Disabilities will receive an extra period of ELA to target and remediate deficit areas after disaggregating the NJSLA data. The district will continue with its after school academic intervention program district wide. In addition to the after school academic program and the basic skills program, the district is hoping to integrate more special education students into general education classes. The ELA department at the middle school level is seeking to integrate on a wider scale, more culturally diverse reading literature into its curriculum in order to expose students to diversity and hopefully more materials with which Black/African American students can identify. Finally, the district will continue to host parent academies to garner parent involvement as well as to provide useful and meaningful strategies to parents to assist their children with reading and writing at home.

NJSLS

Social Studies

Departmental/grade level team meetings will continue to allow for the development of rigorous benchmark assessments aligned to the NJSLS while infusing the ELA standards. Scoring these assessments and analyzing the results will be used to monitor and revise instruction. The library/media center continues to facilitate implementation of the NJSLS. Revisions made to the district's curriculum will be implemented. Project based learning addressing the Holocaust, Genocides, and the Amistad will be incorporated into the curriculum. Document Based Questions will be a central focus in this subject area.

The district will continue to ensure that the Amistad and Holocaust mandates are met across all grade levels. All grade levels participate in Black History Month activities to specifically study the contributions of African Americans throughout our nation. As students move into middle school, there are specific units on slavery and abolition that are addressed in the 6th and 7th grade social studies curricula. With regards to the Holocaust mandate, elementary students gain exposure to the ideas of good citizenship, which includes preventing prejudice and discrimination. This ties in with our social-emotional learning program and our district wide stigma free activities. At the middle school level, students in grade 6 read the *Diary of Anne Frank* and discuss the Holocaust. Students in the 7th grade discuss several sensitive topics, including the Native American removal and genocide. In the 8th grade, honors ELA, students read *Night* by Elie Wiesel. All 8th graders also study the Holocaust in social studies class. The District was able to participate in the Bergen County initiative to develop curriculum centered around diversity and equity. The district will continue to work closely with the South Bergen Jointure Commission and our curriculum consultants to revise our curriculum by adding a disciplinary approach to the new requirement to provide instruction and adapt instructional materials to accurately portray political, economic, and social contributions of person with disabilities, lesbians, gay, bisexual and transgender people.

NJSLS

21st Century Life & Careers

The Career Education program will continue to be offered grades 6 through 8. These students will continue to receive personal finance as a cycle course. The district will also be participating in the TREP\$ program for the 2020-2021 school year. This program focuses primarily on finance and entrepreneurship. Benchmark assessments are administered throughout the duration of the course to ensure that students are meeting standard 9.1. At the elementary level, within the Math curriculum, students are afforded opportunities to work on projects targeting financial literacy. Financial literacy is also embedded in science projects wherein students need to "purchase"materials to conduct experiments. It is also embedded in behavior management systems where students earn "class dollars/money" in order to purchase

rewards at class stores. These activities will continue to be infused into the curriculum moving into the 2020-2021 school year. Professional Development opportunities will be provided through the South Bergen Jointure Commission. The 21st Century Life Standards and Career Ready Practices will continue to be infused into all content areas across all grade levels.

NJSLS

Visual & Performing Arts

The district's curriculum will continue to be revised and updated. Technology will continue to be infused into the visual and performing arts programs. Writing will be encouraged and infused into the visual and performing arts curriculum. With the implementation of "Innovation Time" at the middle school level, students are encouraged to engage in problem-based learning that promotes generalization and real world application of skills learned in visual arts classes. For the 2020-2021 school year, in grades K-4 Dance and Theatre will continue to be infused and taught by homeroom teachers. At the middle school level 5-8, Dance and Theatre will continue to be offered as a cycle.

NJSLS

Health and Physical Education

The integration of the Sanford Harmony Social and Emotional program into the curriculum along with the addition of Dance, and Yoga provides for diversity. Physical education teachers will meet with content area teachers to discuss how content area skills such as English Language Arts and Mathematics can be infused in Health and Physical Education lessons. Revision of lesson plans will be a central focus with the integration of Language Objectives for ESL students. The 150 minutes of CHPE is met and provided on a weekly basis for all grade levels K-8. Brain Power Wellness will continue to work with students by teaching them strategies to assist with focusing and dealing with stress.

NJSLS

World Languages

The World Language K-6 curriculum will continue to be monitored and revised. Additional online materials will be purchased for these classes as needed. The 7th & 8th grade program will lead to the completion of Spanish I and will enable students the opportunity to test into Spanish II in 9th grade. The district will apply for the Teachers of Critical Language Program in order to expand our World Language offering at the middle school for the 2020-2021 school year. The district met success with this program in the 2019-2020 school year and was able to bring a Mandarin teacher on staff to expose our 5th-8th grade students to this subject which is also offered at the high school level.

NJSLS

Technology

During the 2020-2021 school year the District will continue to implement upgrades to Technology as well as ensure that Technology standards continue to be consistently infused into all content areas. Technology continues to be a central focus in East Rutherford. The three (3) year Technology Plan reflects the following:

- Technology will be used to provide opportunities for collaboration with other classes, schools and the global community.
- Provide integrated learning opportunities for students to demonstrate proficiency with productivity tools that include, but are not limited to, email, word processing, spreadsheets, presentations, the creation of digital portfolios and professional documents.
- Incorporate learning opportunities on the ethical uses of technology, cyber-safety, cyber-bullying, and digital citizenship.
- Incorporate project & problem based learning and research skills using digital tools.
- Provide various formats of sustained professional development based on staff and/or curriculum needs for any
 district initiative, software and devices to support a technology integrated curriculum. Time, follow up, and
 support are necessary components for success.
- Raise and assess the level of technology integration to improve student academic achievement through rigorous subject-specific, sustained professional development that assists with the correlation of standards (NJSLS, NGSS, ISTE-NETS*S/NETS*T).
- Increase the number of devices available to students in grades K-8.
- Deploy a device to each student in grades 7-8.

- Transition all staff to Google Suite for Education for mail and professional documents.
- Add switching, wireless access point, and battery backup capacity where needed.
- Investigate the need for rewiring at McKenzie school.
- Establish a formal process for identification of software and websites that should be whitelisted.
- Replace projectors currently on carts with mounted interactive projectors.
- Purchase software to allow teachers to monitor student's screen.
- Investigate modern firewall/web filtering solutions and replace if deemed necessary.

Maintain Our School System

The 2020-2021 budget fulfills the district's obligation to align itself with the NJ Student Learning Standards and Services mandated by the state of New Jersey. The following will be the priority and major focus district wide for the upcoming school year: conducting curriculum revisions, providing professional development aligned to individual teacher needs through various mediums inclusive of but not limited to the coaching model as well as refining the district's I&R System. The district will continue to offer ongoing professional development via its coaching model. During the 2020-2021 school year the district will continue to refine its I&RS process. The district will continue to hold I&RS meetings with our interdisciplinary teams. Team members along with key stakeholders will continue to develop action plans to meet the behavioral, emotional and academic needs. Teachers will continue to receive training in using universal screening, progress monitoring and other classroom data to inform decisions when developing action plans for students. Money is allocated for professional development and as such, team members will continue to attend I&RS and Tiered systems of support workshops. To further meet the needs of our tier two and tier three students, two reading interventionists per building will be assigned to conduct small groups as well as individualized reading instruction. The district is also seeking to partner with community partners to strengthen our reading program.

Included in the 2020-2021 budget is an allotment of funds to address curriculum needs as well as acquiring more technology to be infused in instruction across all content areas. Currently, the district continues to foster communication with the South Bergen Jointure and the Bergen County Curriculum Consortium to facilitate our immediate needs in our STEM and Robotics Programs. The District's library program includes a media specialist salary of \$74,826, which is in budget line 11-000-222-100-040-00-000 and 11-000-222-100-080-00-000.

Raising Standards and Expanding Opportunities

In order to address the academic advancement of different subgroups within district, (Gender, Economically Disadvantaged, Students w/Disabilities, Hispanic/Latino, Asian, Black/African-American and White), in the areas of Mathematics and ELA across grade levels during the 2020-2021 school year, the district will take the following action steps: Expand upon its co teaching model, continue to improve upon lesson planning by delving further into Webb's Depth of Knowledge in conjunction with Blooms' Taxonomy and increase the rigor of educators' SGOs by showing one-year growth in eight months. Teachers will continue to assess their assessments to ensure that they are aligned with the standards and are reflecting the appropriate rigor. Through a scheduling committee, the district will examine the feedback regarding schedule changes that were implemented in 2019-2020 and what adjustments if any, needs to be done for the 2020-2021 school year. The District will promote student-centered learning by continuing to provide Instructional Coaches in English Language Arts, Mathematics and Science at both the elementary and middle school level. For the 2020-2021 school year, two English Language Arts instructional coaches will be working with the elementary school teachers with a focus on balanced literacy and one at the middle school. An additional special education teacher will be assigned to the elementary school to further expand co-teaching and small group instruction for all students. Implementation of Walk-Throughs will be expanded and a closer look at walk through data to gain further insight on instructional needs of the district. District Administration will continue to implement a program or incentive to address the Chronic Absenteeism at Faust and McKenzie Schools in the following demographic areas; Two or More Races, Economically Disadvantaged Students, & Students w/Disabilities. Finally, as indicated, the budget will provide new formative assessment tools, teaching materials and supplies to support the implementation of the New Jersey Student Learning Standards and NGSS, to promote problem -based learning as well as acquiring more technology to be infused in instruction across all content areas. Current and prior year assessments will be reviewed by grade level to determine strengths and weaknesses. Teachers will be required to develop and integrate cross-content area lessons. The district will assess the implementation of its three-year technology plan. The plan will continue to be a working document with possible revisions throughout the next year.

To increase participation by all subgroups of students in state mandated assessments the district has taken the following action steps:

- 1. Worked on aggressively increasing staff awareness regarding the importance of the data derived from such assessments. Staff have been exposed to data trends and their implications in instruction and learning. This increase in exposure has led to more teacher buy in regarding the importance of state assessments.
- 2. Special education staff received training regarding the Essential Elements and the Dynamic Learning Maps. This exposure has afforded these staff members increased opportunities to scaffold instruction within their classrooms.
- 3. Child study team members have been encouraged to approach conversations with parents in Individualized Education Meetings regarding state testing participation from the perspective of growth mindset. By using this approach, parents will develop a greater understanding of how data derived from these assessments can actually show growth and gains that their child is making relative to their peers.
- 4. The district has also worked on bringing together like-minded administrators, teachers and board of education members to review our district/school(s) participation rate data and other anecdotal data. This was done through our DEAC, SCIP, PLC and department meetings.
- 5. Finally, the district has conducted public presentations regarding state assessments, the importance of the data and the district's participation rate.
- 6. Future action steps by the district will be inclusive of but not limited to, conducting more informational sessions with parents and community members regarding the assessments.
- 7. The child study team, school counselors and other key stakeholders will continue to target specific subgroups with information regarding accommodations for English Learners and students with disabilities or alternate assessments (Dynamic Learning Maps and ACCESS for ELLs);
- 8. Conduct a meeting with the Special Education Parent Advisory Group on the NJSLA and DLM and the accommodations and accessibility features available to students during testing.

Building Professionalism

In regards to professional development, the district will be giving high priority to subject areas such as: Science, Visual and Performing Arts, World Languages, and 21st Century Life and Careers in order to be prepared for full implementation September 2021. Additionally, preliminary preparatory work will begin in areas such as Comprehensive Health and Physical Education, Social Studies and Technology in order to meet the implementation deadline of September 2022. Learning coaches will be utilized to facilitate in house professional development. PRISM institute will be utilized to provide in house coaching professional development for our teachers in the area of Science, William Paterson University will be utilized for instructional coaches in Mathematics and English Language Arts. District Administration will continue to provide in house training on our social emotional curriculum for the 2020-2021 school year. The district will continue to expand its offerings for the parent and teacher academies. The mandated teacher evaluation system provides for professional development review and recommendation and finally the SCIP and DEAC Committees continue to meet and discuss professional development opportunities for all staff

Protecting Our Investment

Our five(5) year Security Plan will continue to improve district security which are; maintaining our cameras, possible camera upgrades, door contacts, etc. The East Rutherford Board of Education have been working collaboratively with the East Rutherford Police Department in reviewing our current security plan and started the opening dialogue to address the Active Shooter protocol in continuing to keep our students, staff, and all who visit our schools, safe.

Planning for the Future

During the 2020-2021 school year the District will be moving forward with the plans for renovations and the expansion of District Schools since the passing of our school bond referendum. Logistical plans and educational specs are being developed with the hopes to be completed by 2024.

During the 2020-2021 school year, the District will continue to maintain a safe school environment as it pertains to the McKenzie School Floor Plan due to evidence of mercury. The school district has plans to maintain the gym floor with permanent removal summer 2021.

The District this year has successfully launched its Stigma Free initiative. The district has been progressive in implementing a Gay-Straight Alliance to support lesbian, gay, bisexual, and transgender students. Meetings are currently being held on a monthly basis and will continue to be facilitated by the school counselor where students are provided a safe space to express themselves. The District was able to participate in the county initiative to develop curriculum centered around diversity and equity. The district will continue to work closely with the South Bergen Jointure Commission and our curriculum consultants to revise our curriculum by adding a disciplinary approach to the new requirement to provide instruction and adapt instructional materials to accurately portray political, economic, and social contributions of person with disabilities, lesbians, gay, bisexual and transgender people.

4. INTERNAL ACCOUNTING CONTROLS: Management of the District is responsible for establishing and maintaining an internal controls designed to ensure that the assets of the district are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept should not exceed the benefits likely to be derived; and the valuation of costs and benefits requires estimates and judgments by management.

As recipient of federal and state financial assistance, the District also is responsible for ensuring compliance with applicable laws and regulations related to federal and state financial assistance programs, as well as to determine that the District complied with applicable laws and regulations.

<u>5. BUDGETARY CONTROLS:</u> In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount is amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either cancelled or are included as reappropriation of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at June 30.

6. ACCOUNTING SYSTEM AND REPORTS: The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds are explained in "Notes to the Financial Statements".

- 7. CASH MANAGEMENT: The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements". The District has adopted a cash management plan which is to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental units from a loss of funds on deposit with a failed banking institution in New Jersey, where the funds are secured in accordance with the Act.
- **8. RISK MANAGEMENT:** The Board carries various forms of insurance including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, fidelity bonds, school board errors and omissions, boiler and machinery, and worker's compensation.
- 9. OTHER INFORMATION: Independent Audit State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Lerch, Vinci and Higgins, LLP was selected by the Board of Education. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of U.S. Uniform Guidance and State Treasury OMB Circular Letter 15-08. The auditors' report on the basic financial statements and schedules are included in the financial section of the report. The auditors' reports relating specifically to the Single Audit are included in the Single Audit Section of this report.

10. ACKNOWLEDGEMENTS: We would like to express our appreciation to the members of the East Rutherford School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT

Honorable President and Members of the Board of Education East Rutherford Board of Education East Rutherford, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the East Rutherford Board of Education, as of and for the fiscal year ended June 30, 2020 and the related notes to the financial statements, which collectively comprise the Board of Education's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in the <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the East Rutherford Board of Education as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, pension information and other postemployment benefits information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the East Rutherford Board of Education's basic financial statements. The introductory section, combining fund financial statements, financial schedules, statistical section, schedule of expenditures of federal awards and schedule of expenditures of state financial assistance as required by New Jersey OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, are presented for purposes of additional analysis and are not a required part of the basic financial statements of the East Rutherford Board of Education.

The combining fund financial statements, schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund financial statements, schedules of expenditures of federal awards and state financial assistance are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section, financial schedules and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated January 5, 2021 on our consideration of the East Rutherford Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the East Rutherford Board of Education's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the East Rutherford Board of Education's internal control over financial reporting and compliance.

Fair Lawn, New Jersey January 5, 2021 MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2020

The discussion and analysis of the East Rutherford Board of Education's financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2020. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the transmittal letter, notes to the financial statements as well as the financial statements themselves to enhance their understanding of the District's financial performance.

Financial Highlights

- The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflow of resources at the close of the most recent fiscal year by \$3,381,944 (net position).
- > Total School District's net position increased \$1,572,904.
- ➤ District-Wide general revenues accounted for \$16,908,634 or 75 percent of all revenues. Program specific revenues in the form of charges for services and operating grants and contributions accounted for \$5,556,020 or 25 percent of total revenues of \$22,464,654.
- Total net position of governmental activities amounted to \$3,272,780 as of June 30, 2020 an increase of \$1,573,218 from the previous year.
- ➤ The District had \$20,675,824 in expenses related to governmental activities; only \$5,340,408 were offset by program specific charges for services, grants or contributions. General revenues (primarily taxes) of \$16,908,634 were adequate to provide for these programs.
- Among governmental funds, the General Fund had \$20,080,450 in revenues and \$18,688,314 in expenditures. The General Fund's fund balance increased \$1,392,136 from the previous year to \$3,667,813 at June 30, 2020.
- ➤ The General Fund unassigned <u>budgetary</u> fund balance decreased \$3,084 from the previous year to \$319,628 at June 30, 2020.
- ➤ The District's total outstanding long-term liabilities decreased by \$1,086,890 during the current fiscal year.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2020

Using the Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand East Rutherford Board of Education as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the district's most significant funds. In the case of the East Rutherford Board of Education, the General Fund is by far the most significant fund.

Reporting the District as a Whole

One of the most important questions asked about the District is "How did we do financially during the fiscal year ended June 30, 2020?" The Statement of Net Position and the Statement of Activities, which appear first in the District's financial statements, report information on the District as a whole and its activities in such a way as to answer this question. These statements include all assets, deferred outflows/inflows of resources and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the District's net position and changes in those assets. This change in net position is important because it tells the reader that, for the District as a whole, if the financial position of the District has improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Non-financial factors include the District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the District is divided into two distinct kinds of activities:

- ➤ Governmental Activities most of the District's programs and services are reported here including instruction, support services, operation and maintenance of plant, pupil transportation and extra-curricular activities.
- ➤ Business-Type Activities These services are provided on a charge for goods or services basis to recover all of the expenses of the goods and

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2020

services provided. The District's food service program is reported as a business-type activity.

Reporting the School District's Most Significant Funds

Fund Financial Statements

Fund financial statements provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. The District's governmental funds are the General, Special Revenue, Capital Projects and Debt Service Funds.

Governmental Funds

The District's activities are reported in governmental funds, which focus on how money flows into and out of these funds and the balances left at year-end available for spending in the future years. These funds are reported using the *modified accrual accounting method*, which measures cash and all other financial assets that can be readily converted into cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Enterprise Fund

The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements will essentially match the information provided in statements for the District as a whole.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the District-wide and fund financial statements.

The District as a Whole

The Statement of Net Position provides the perspectives of the District as a whole, showing assets, deferred outflows of resources, liabilities, deferred inflows of resources and the difference between them (net position). Net position may serve over time as a useful indicator of a government's financial position.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2020

The following provides a summary of the District's net position as of June 30, 2020 and 2019.

The District's combined net position was \$3,381,944 and \$1,809,040 at June 30, 2020 and 2019, respectively. This was an increase of \$1,572,904 or 87 percent from the prior year. The increase is mainly attributable to an increase in the District general revenues from governmental activities earned for the current fiscal year.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2020

The following schedule shows changes in net position for fiscal years ended June 30, 2020 and 2019.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2020

Governmental Activities

The District's total revenues were \$22,249,042 and \$22,372,734 for the fiscal years ended June 30, 2020 and 2019, respectively. Property taxes made up 76 percent and 74 percent of revenues for governmental activities for the East Rutherford Board of Education for fiscal years ended June 30, 2020 and 2019, respectively. Federal, state and local grants of \$5,117,421 and \$5,660,750 accounted for another 23 percent and 25 percent of revenues for the fiscal years ended June 30, 2020 and 2019, respectively. The decrease in federal, state and local grants for the current year is largely due to the decrease in on-behalf contributions for TPAF pension and post-retirement medical benefits, revenue realized during the current fiscal year.

The total cost of all programs and services was \$20,675,824 and \$21,866,899 for the fiscal years ended June 30, 2020 and 2019, respectively. The decrease in expenses for the current year is also due to the decrease in on-behalf TPAF pension contribution expenses and on-behalf OPEB post-retirement expenses reported for the District. Instruction comprises 69 percent and 69 percent of governmental program expenses for the fiscal years ended June 30, 2020 and 2019, respectively. Support services expenses make up 31 percent and 31 percent of governmental expenses for the fiscal years ended June 30, 2020 and 2019, respectively. The *Statement of Activities* shows the cost of program services and the charges for services and grants offsetting those services. The schedule below shows, for government activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue.

Total and Net Cost of Services for the Fiscal Years Ended June 30, 2020 and 2019

The dependence of tax revenues to support governmental activities is apparent.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2020

Business-Type Activities

The only business-type activity is the food service operation. The program had revenues of \$215,612 and \$320,212 compared to expenses of \$215,926 and \$328,939 in the fiscal years ended June 30, 2020 and 2019, respectively. Of the revenues, \$84,767 and \$141,821 were charges for services paid by patrons for daily food served, \$130,845 and \$178,391 were from State and Federal reimbursements for the fiscal years ended June 30, 2020 and 2019, respectively.

The School District's Funds

All governmental funds (i.e., general fund, special revenue fund, capital projects fund and debt service fund presented in the fund-based statements) are accounted for using the modified accrual basis of accounting. Total revenues amounted to \$21,179,443 and \$20,598,610 and expenditures were \$20,846,845 and \$20,142,427 for the fiscal years ended June 30, 2020 and 2019, respectively.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds for the fiscal years ending June 30, 2020 and 2019.

	Fisca Year			Amount of Increase/		Percent	
Revenue	2020		2019	<u>(I</u>	Decrease)	Change	
Local Sources State Sources Federal Sources	\$ 17,131,710 3,606,202 441,531	\$	16,714,084 3,437,906 446,620	\$	417,626 168,296 (5,089)	2% 5% -1%	
Total	\$ 21,179,443	<u>\$</u>	20,598,610	\$	580,833	3%	

For fiscal year 2020 total governmental revenues increased \$580,833 or 3% from the previous year. The increase in local sources of \$417,626 or 2% was attributable to an increase in property taxes to support increases in budgeted operating costs. As indicated state sources increased \$168,296 or 5% mainly due to an increase in on-behalf pension contributions made by the State for the District's professional teaching staff. The decrease in federal sources of \$5,089 or 1% was a result of decreased grant funds earned from ESEA grant programs.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2020

The following schedule represents a summary of the governmental funds expenditures for the fiscal years ending June 30, 2020 and 2019.

		Fiscal Year <u>Year Ended</u>				Amount of Increase/	Percent	
Expenditure		<u>2020</u> <u>2019</u> (Decr		Decrease)	Change			
Current								
Instruction	\$	12,735,777	\$	13,014,713	\$	(278,936)	-2%	
Support Services		6,173,726		6,198,353		(24,627)	0%	
Debt Service		788,437		789,514		(1,077)	0%	
Capital Outlay		1,148,905		139,847		1,009,058	722%	
Total	\$	20,846,845	\$	20,142,427	\$	704,418	3%	

For fiscal year 2020, total governmental funds expenditures increased \$704,418 or 3%. Decreases in instruction costs were mainly attributable to regular education programs and decreases in support services costs were attributable to plant operations and maintenance, as well as pupil transportation costs. Capital outlay increased significantly as a result of additional activity related to budgeted capital projects while debt service remained relatively unchanged from the prior year.

Of the governmental funds, the General Fund had \$20,080,450 in revenues (predominately property taxes) and \$18,688,314 in expenditures. As a result, the General Fund's fund balance increased \$1,392,136 from \$2,275,677 at June 30, 2019 to \$3,667,813 at June 30, 2020.

General Fund Budgetary Highlights

The District's budget is prepared according to New Jersey Law, and is based on accounting for certain transactions on the budgetary basis of accounting for revenues, expenditures and encumbrances. The most significant budget fund is the General Fund.

During the course of the year, the District revised the annual operating budget several times. Revisions in the budget were made to prevent over-expenditures in specific line item accounts.

For the fiscal year 2020 General Fund budgetary revenues and other financing sources were more than budgetary expenditures increasing budgetary fund balance \$1,352,481. After deducting fund balances restricted and assigned, the unassigned budgetary fund balance decreased \$3,084 from an unassigned fund balance of \$322,712 at June 30, 2019 to \$319,678 at June 30, 2020. Conversely, restricted fund balance for capital reserve increased \$364,655 from \$1,658,534 at June 30, 2019 to \$2,023,189 at June 30, 2020 while maintenance reserve increased \$375,696 from \$364,386 at June 30, 2019 to \$740,082 at June 30, 2020. In addition, the District end the year with restricted excess surplus of \$375,000 at June 30, 2020.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2020

Capital Assets

At the end of fiscal years 2020 and 2019, the District had \$7,769,995 and \$7,299,168 invested in land, construction in progress, buildings, site improvements, furniture and equipment and vehicles net of depreciation. For 2020 depreciation expenses for governmental activities was \$675,593 and for business-type activities was \$4,890. The following schedule is a comparison of capital assets net of depreciation at June 30, 2020 and 2019.

Capital Assets, Net of Depreciation As of June 30, 2020 and 2019

	Governmen	tal Activities	Business-Type Activities			
	<u>2020</u>	<u>2019</u>	<u>2019</u>	<u>2019</u>		
Land	\$ 984,211	\$ 984,211				
Construction in Progress	1,377,515	238,410				
Building and Building Improvements	5,301,759	5,935,735				
Machinery and Equipment	48,266	80,083	\$ 58,244	\$ 60,729		
Total	\$ 7,711,751	\$ 7,238,439	\$ 58,244	\$ 60,729		

Additional information on East Rutherford Board of Education's capital assets can be found in Note 3 of this report.

Long-Term Liabilities

At June 30, 2020 and 2019, the District had \$6,094,678 and \$7,181,568 of long-term liabilities, respectively. Of this amount, \$2,524,396 and \$3,159,478 is for bonds payable for school construction, \$228,804 and \$305,889 is for lease-purchase agreements, \$62,214 and \$63,137 is for compensated absences and \$3,279,264 and \$3,653,064 is for the District's net pension liability at June 30, 2020 and 2019, respectively. For fiscal year 2020 total outstanding long-term liabilities decreased by \$1,086,890 from the prior year.

Long-Term Liabilities As of June 30, 2020 and 2019

Total	<u>\$</u>	6,094,678	\$	7,181,568		

Additional information on East Rutherford Board of Education's long-term liabilities can be found in Note 3 of this report.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2020

For the Future

The East Rutherford Board of Education is in good financial condition presently. The School District is proud of its community support of the public schools. A major concern is the continued enrollment growth of the District with the increased reliance on local property taxes.

East Rutherford Board of Education's budget for 2020-2021 was approved by the Board in April of 2020. Budgeted expenditures in the General Fund increased 7% to \$18,980,293 for fiscal year 2020-2021. A significant portion of this increase was attributable to capital outlay cost for the replacement of the gymnasium floor at McKenzie school, which was funded by the District's capital reserves.

In conclusion, the East Rutherford Board of Education has committed itself to financial excellence for many years. In addition, the School District's system for financial planning, budgeting and internal financial controls are well regarded. The School District plans to continue its sound fiscal management to meet the challenge of the future.

Contacting the District's Financial Management

This financial report is designed to provide the citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional information, contact the School Business Administrator/Board Secretary at East Rutherford Board of Education Board of Education, Administration Office, Uhland and Grove Streets, East Rutherford, New Jersey 07073.

EAST RUTHERFORD BOARD OF EDUCATION

BALANCE SHEET GOVERNMENTAL FUNDS AS OF JUNE 30, 2020

\$ 2,608,277

Amounts reported for *governmental activities* in the statement of net position (A-1) are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. The cost of the assets is \$15,208,024 and the accumulated depreciation is \$7,496,273.

7,711,751

Amounts resulting from the refunding of debt are reported as deferred outflows of resources on the statement of net position and amortized over the life of the debt.

15,786

Certain amounts resulting from the measurement of the net pension liability are reported as either deferred inflows of resources or deferred outflows of resources on the statement of net position and deferred over future years.

Deferred Outflows of Resources \$ 551,676 Deferred Inflows of Resources (1,484,837)

(933,161)

The District has financed capital assets through the issuance of serial bonds and long-term lease obligations. The interest accrual at year end is:

(35,195)

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds. These Items are as follows:

Bonds Payable, Net (2,524,396) Lease-Purchase Agreements (228,804)

Lease-Purchase Agreements (228,804) Compensated Absences Payable (62,214)

Net Pension Liability (3,279,264)

EAST RUTHERFORD BOARD OF EDUCATION FIDUCIARY FUNDS STATEMENT OF CHANGES IN FIDUCIARY NET POSITION FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOT APPLICABLE

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The East Rutherford Board of Education (the "Board" or the "District") is an instrumentality of the State of New Jersey, established to function as an education institution. The Board consists of seven elected officials and is responsible for the fiscal control of the District. A Superintendent is appointed by the Board and is responsible for the administrative control of the District. A Business Administrator/Board Secretary is also appointed by the Board and oversees the business functions of the District. Under existing statutes, the Board's duties and powers include, but are not limited to, the development and adoption of a school program; the establishment, organization and operation of schools; and the acquisition, maintenance and disposition of school property. The Board currently operates a Pre-Kindergarten through grade eight (8) school district.

The Board also has broad financial responsibilities, including the approval of the annual budget and the establishment of a system of accounting and budgetary controls. The Superintendent is the Chief Administrative Officer of the District who is responsible for general supervision of all schools, planning and operational functions of the District. The Business Administrator/Board Secretary is the Chief Financial Officer and is responsible for budgeting, financial accounting and reporting and reports through the Superintendent to the Board.

The reporting entity is composed of the primary government, component units, and other organizations that are included to ensure that the financial statements of the District are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the East Rutherford Board of Education this includes general operations, food service and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Based on the foregoing criteria, the District has no component units. Furthermore, the District is not includable in any other reporting entity as a component unit.

B. New Accounting Standards

For fiscal year 2020, there were no GASB statements required to be adopted and implemented by the District.

Accounting standards that the District is currently reviewing for applicability and potential impact on the financial statements include:

• GASB No. 84, *Fiduciary Activities*, implementation postponed will be effective beginning with the fiscal year ending June 30, 2021. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement established criteria for identifying fiduciary activities of all state and local governments.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. New Accounting Standards (Continued)

- GASB No. 87, Leases, implementation postponed will be effective beginning with the fiscal year ending June 30, 2022. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract.
- GASB No. 89, Accounting for Interest Costs Incurred Before the End of a Construction Period, implementation postponed will be effective beginning with the fiscal year ending June 30, 2022. The objectives of this Statement is to improve financial reporting by providing users of financial statements with more relevant information about capital assets and the cost of borrowing for a reporting period. The resulting information also will enhance the comparability of information about capital assets and the cost of borrowing for a reporting period for both governmental activities and business-type activities.
- GASB No. 92, *Omnibus 2020*, implementation postponed will be effective beginning with the fiscal year ending June 30, 2022 except requirements related to GASB No. 87 and Implementation Guide No. 2019-3 are effective upon issuance. The objective of this Statement is to enhance comparability in the application of accounting and financial reporting requirements and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics.
- GASB No. 96, Subscription Based Information Technology Arrangements, will be effective beginning with the fiscal year ending June 30, 2023. The objective of this Statement will be to improve financial reporting by establishing a definition for subscription-based information technology arrangements (SBITAs) and providing uniform guidance for accounting and financial reporting for transactions that meet that definition. That definition and uniform guidance will result in greater consistency in practice. Establishing the capitalization criteria for implementation costs also will reduce diversity and improve comparability in financial reporting by governments. This Statement also will enhance the relevance and reliability or a government's financial statements by requiring a government to report a subscription asset and subscription liability for a SBITA and to disclose essential information about the arrangement. The disclosures will allow users to understand the scale and important aspects of a government's SBITA activities and evaluate a government's obligations and assets resulting from SBITAs.
- GASB No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans An Amendment of GASB Statements No. 14 and No.84, and a Supersession of GASB Statement No. 32, the section that maybe applicable to the District will be effective beginning with the fiscal year ending June 30, 2022. The objective of this Statement is to provide more consistent financial reporting of defined contribution pension plans, defined contribution OPEB plans, and other employee benefit plans, while mitigating the costs associated with reporting those plans. The requirements also will enhance the relevance, consistency, and comparability of (1) the information related to Section 457 plans that meet the definition of a pension plan and the benefits provided through those plans and (2) investment information for all Section 457 plans.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation - Financial Statements

The financial statements include both district-wide financial statements (based on the District as a whole) and fund financial statements (based on specific District activities or objectives). Both the district-wide and fund financial statements categorize activities as either governmental activities or business-type activities. While separate district-wide and fund financial statements are presented, they are interrelated. In the district-wide financial statements, the governmental activities column incorporates data from governmental funds while business-type activities incorporate data from the District's enterprise funds. Fiduciary funds are excluded from the district-wide financial statements.

District-Wide Financial Statements

The district-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Board of Education. All fiduciary activities are reported only in the fund financial statements. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by property taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. In the statement of net position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, and (b) reflect on a full accrual economic resource basis, which incorporates long-term assets and receivables as well as long-term debt and obligations.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or other governmental entities, including other school districts, who purchase, use, or directly benefit from goods or services provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Property taxes, unrestricted state aid and other items not properly included among program revenues are reported instead as general revenues.

As a general rule the effect of interfund activity has been eliminated from the district-wide financial statements. Exceptions to this general rule are charges between the Board's proprietary and fiduciary funds since elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Fund Financial Statements

Separate fund financial statements are provided for governmental, proprietary, and fiduciary activities, even though the latter are excluded from the district-wide financial statements. The emphasis of fund financial statements is on major individual governmental and enterprise funds, each reported as separate columns in the fund financial statements. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. The District considers all of its governmental and enterprise funds to be major funds.

The District reports the following major governmental funds:

The *general fund* is the School District's primary operating fund. It accounts for all financial resources of the District, except those to be accounted for in another fund.

The *special revenue fund* accounts for the proceeds of specific revenue sources legally restricted to expenditures for specified purposes. This fund accounts for federal, state and local financial programs, with the exception of grants for major capital projects and the child nutrition programs.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. <u>Basis of Presentation - Financial Statements</u>

Fund Financial Statements (Continued)

The *capital projects fund* accounts for the proceeds from the sale of bonds, lease purchases and other revenues used for the acquisition or construction of capital facilities and other capital assets, other than those financed by the proprietary funds.

The *debt service fund* accounts for the accumulation of resources that are restricted, committed or assigned for the payment of principal and interest on long-term general obligation debt of governmental funds.

The District reports the following major proprietary fund which is organized to be self-supporting through user charges:

The *food service fund* accounts for the activities of the school cafeteria, which provides food service to students as well as a la carte and catering services for administrators, teachers and special events.

Additionally, the District reports the following fund types:

The *fiduciary agency funds* account for assets held by the District as an agent for student activities and for payroll deductions and withholdings. The funds for the student activities fund are solely for noninstructional student activities that are supported and controlled by student organizations and clubs for which school administration does not have management involvement. The payroll funds are held to remit employee withholdings to respective state, federal and other agencies.

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the district-wide financial statements as "internal balances".

Reclassifications

Certain amounts presented in the prior year data may have been reclassified in order to be consistent with the current year's presentation.

D. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The district-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements with the exception of the agency fund which does not have a measurement focus. All assets, all liabilities and all deferred outflows/inflows of resources associated with these operations (with the exception of the fiduciary funds) are included on the Statement of Net Position. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Measurement Focus and Basis of Accounting (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when susceptible to accrual (i.e. when they are both measurable and available). Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Board considers revenues to be available if they are collected within 60 days after year-end. Expenditures are recorded when a liability is incurred, as under accrual basis of accounting, with the exception of debt service expenditures as well as expenditures related to compensated absences and claims and judgments which are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, tuition, unrestricted state aid, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements (formula-type grants and aid) are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source. Expenditure-driven grants and similar awards (reimbursement-type grants and awards) are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements imposed by the grantor or provider have been met, and the amount is received during the period or within the availability period for this revenue source. All other revenue items are considered to be measurable and available only when cash is received by the District.

When both restricted and unrestricted resources are available for use, it is the Board's policy to use restricted resources first, then unrestricted resources as they are needed.

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Cash, Cash Equivalents and Investments

Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments are reported at fair value and are limited by N.J.S.A. 18A:20-37.

2. Receivables

All receivables are reported at their gross value, and where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

3. Inventories

The cost of inventories of the governmental fund types are recorded as expenditures at the time individual inventory items are purchased.

Food Service Fund inventories, exclusive of the federal commodities, are valued at cost, using the first-in first-out (FIFO) method and consist of food and expendable supplies. The cost of such inventories is recorded as expenses when consumed rather than when purchased. The United States Department of Agriculture (USDA) commodity portion of the Food Service Fund inventory consists of food donated by the USDA. It is valued at estimated market prices by the USDA. The amount of unused commodities inventory at year-end is reported as deferred inflows of resources.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

4. Capital Assets

Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business-type activities columns in the district-wide financial statements. Capital assets are defined by the Board as assets with an initial, individual cost of \$2,000 and an estimated useful life in excess of two years. The District was able to estimate the historical cost for the initial reporting of these capital assets through back trending. As the District constructs or acquires additional capital assets each period, they are capitalized and reported at historical cost. Donated capital assets are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Land and construction in progress are not depreciated. The other property, plant, and equipment of the District is depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	Years
Land Improvements Buildings and Building Improvements Machinery and Equipment	20 20-50 5

5. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Board has two items which arise only under the accrual basis of accounting that qualify for reporting in this category. One item is the deferred amount on refunding of debt which results from the loss on a debt refunding reported in the district-wide statement of net position. Deferred amounts on debt refunding result from the loss on the transaction when the debt's reacquisition price is greater than the carrying value of the refunded debt. These amounts are deferred and amortized over the shorter of the life of the refunded or refunding debt. The other item that qualifies for reporting in this category is the deferred amounts on net pension liability. Deferred amounts on net pension liability are reported in the district-wide statement of net position and result from: (1) differences between expected and actual experience; (2) changes in assumptions; (3) net difference between projected and actual investment earnings on pension plan investments; (4) changes in proportion and differences between employer contributions and proportionate share of contributions; and (5) contributions made subsequent to the measurement date. These amounts are deferred and amortized over future years.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The Board has two items which arise only under the accrual basis of accounting that qualify for reporting in this category. One item is the deferred commodities revenue, reported in both the district-wide and the proprietary funds statements of net position. The deferred commodities revenue represents the estimated market value of the donated and unused Federal commodities inventory at year end. This amount is deferred and recognized as an inflow of resources in the period the commodities are consumed. The other item that qualifies for reporting in this category are the deferred amounts on net pension liability. Deferred amounts on net pension liability are reported in the district-wide statement of net position and result from: (1) differences between expected and actual experience; (2) changes in assumptions; (3) net difference between projected and actual investment earnings on pension plan investments; and (4) changes in proportion and differences between employer contributions and proportionate share of contributions. These amounts are deferred and amortized over future years.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

6. Compensated Absences

It is the District's policy to permit employees to accumulate (with certain restrictions) earned but unused sick leave benefits. A long-term liability of accumulated sick leave and salary related payments has been recorded in the governmental activities in the district-wide financial statements, representing the Board's commitment to fund such costs from future operations. Proprietary Funds accrue accumulated sick leave and salary related payments in the period earned. A liability is reported in the governmental funds only to the amount actually due at year end as a result of employee resignations and retirements.

7. Pensions

In the district-wide financial statements, and proprietary fund types in the fund financial statements for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the retirement systems sponsored and administered by the State of New Jersey and additions to/deductions from these retirement systems' fiduciary net position have been determined on the same basis as they are reported by the retirement systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

In the governmental fund financial statements, net pension liabilities represent amounts normally expected to be liquidated with expendable available financial resources for required pension contributions that are due and payable at year end. Pension expenditures are recognized based on contractual pension contributions that are required to be made to the pension plan during the fiscal year.

8. Long-Term Obligations

In the district-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Losses resulting from debt refundings are reported as deferred outflows of resources. Bond premiums are deferred and amortized over the life of the bonds using the effective interest method. Losses resulting from debt refundings are also deferred and amortized over the life of the refunded bonds or new bonds whichever is less using the effective interest method. Bonds payable are reported with the unamortized bond premium. Bond issuance costs (other than for prepaid insurance) are treated as an expense.

In the fund financial statements, governmental fund types recognize bond premiums, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

9. Net Position/Fund Balance

District-Wide Statements

In the district-wide statements, there are three classes of net position:

- Net Investment in Capital Assets consists of net capital assets (cost less accumulated depreciation) reduced by outstanding balances of related debt obligations from the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources attributable to the acquisition, construction or improvement of those assets or related debt also should be included.
- Restricted Net Position reports net position when constraints placed on the residual amount of noncapital assets are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position any portion of net position not already classified as either net investment in capital assets or net position restricted is classified as net position unrestricted.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)
- 9. Net Position/Fund Balance (Continued)

Governmental Fund Statements

Fund balance categories are designed to make the nature and extent of the constraints placed on the District's fund balance more transparent. These categories are comprised of a hierarchy based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

<u>Restricted Fund Balance</u> – Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

<u>Capital Reserve</u> – This restriction was created by the District in accordance with NJAC 6A:23A-14.1 to fund future capital expenditures (See Note 2C).

<u>Capital Reserve - Designated for Subsequent Year's Expenditures</u> – This designation was created to dedicate the portion of capital reserve fund balance appropriated in the adopted 2020/2021 District budget certified for taxes.

<u>Maintenance Reserve</u> – This restriction was created by the Board in accordance with NJAC 6A:23A-14.2 to accumulate funds for the required maintenance of school facilities in accordance with the EFCA (NJSA 18A:7G-9) for a thorough and efficient education. (See Note 2D).

<u>Maintenance Reserve - Designated for Subsequent Year's Expenditures</u> – This designation was created to dedicate the portion of maintenance reserve fund balance appropriated in the adopted 2020/2021 District budget certified for taxes

<u>Excess Surplus</u> – This restriction was created in accordance with NJSA 18A:7F-7 to represent the June 30, 2020 audited excess surplus that is required to be appropriated in the 2021/2022 original budget certified for taxes.

<u>Debt Service</u> – Represents fund balance restricted specifically for the repayment of long-term debt principal and interest in the Debt Service Fund.

<u>Assigned Fund Balance</u> – Amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority.

<u>Year-End Encumbrances</u> — Represent outstanding purchase orders for goods or services approved by management for specific purposes from available resources of the current year for which the goods and materials have not yet been received or the services have not yet been rendered at June 30.

<u>Designated for Subsequent Year's Expenditures</u> – This designation was created to dedicate the portion of fund balance appropriated in the adopted 2020/2021 District budget certified for taxes.

<u>Unassigned Fund Balance</u> – Represents fund balance that has not been restricted, committed or assigned to specific purposes within the governmental funds.

In the general operating fund and other governmental funds (debt service fund type), it is the District's policy to consider restricted resources to have been spent first when an expenditure is incurred for purposes for which both restricted and unrestricted (i.e., committed, assigned or unassigned) fund balances are available, followed by committed and then assigned fund balances. Unassigned amounts are used only after the other resources have been used.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

10. Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The government itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority. The Board of Trustees is the highest level of decision-making authority for the government that can, by adoption of a resolution or formal Board action prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation. The District has no committed fund balances at year end.

Amounts in the assigned fund balance classification are intended to be used by the government for specific purposed but do not meet the criteria to be classified as committed. The Board has authorized the School Business Administrator/Board Secretary to assign fund balance. The Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

F. Revenues and Expenditures/Expenses

1. Program Revenues

Amounts reported as program revenues in the district-wide statement of activities include 1) charges to customers or applicants for goods or services, provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all property taxes, unrestricted state aid and miscellaneous revenues.

2. Property Taxes

Property taxes are levied pursuant to law and are collected by the municipality and are transferred to the District as requested. Property tax revenues are recognized in the year they are levied and become available. Property taxes collected in advance of the year-end for which they are levied and transferred to the District are reported as deferred inflows of resources. The tax bills are mailed annually in June by the municipal tax collector and are levied and due in four quarterly installments on August 1, November 1, February 1 and May 1 of the fiscal year. When unpaid, taxes or any other municipal lien, or part thereof, on real property, remains in arrears on April 1st in the year following the calendar year levy when the same became in arrears, the tax collector of the municipality shall, subject to the provisions of New Jersey Statute, enforce the lien by placing the property on a tax sale. The municipality may institute annual "in rem" tax foreclosure proceedings to enforce the tax collection or acquisition of title to the property.

3. Tuition Revenues and Expenditures

<u>Tuition Revenues</u> - Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs are determined and certified by the State Department of Education.

<u>Tuition Expenditures</u> - Tuition charges for the fiscal years 2018-2019 and 2019/2020 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been certified by the State Department of Education.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Revenues and Expenditures/Expenses (Continued)

4. Proprietary Funds, Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the food service enterprise fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. Federal and State subsidies for the food service operation are considered nonoperating revenues.

NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

In accordance with the requirements of the New Jersey Department of Education ("the Department"), the District annually prepares its operating budget for the forthcoming year. The budget, except for the general fund and special revenue fund, which is more fully explained below and in the notes to the required supplementary information, is prepared in accordance with accounting principles generally accepted in the United States of America and serves as a formal plan for expenditures and the proposed means for financing them. Capital lease transactions are accounted for on the GAAP basis.

The annual budget is adopted in the spring of the preceding year for the general, special revenue and debt service funds. The budget is submitted to the county superintendent for review and approval prior to adoption. Prior to the 2012/2013 budget year, the annual budget was required to be voted upon at the annual school election held on the third Tuesday in April. On January 17, 2012, Chapter 202 of the Laws of P.L. 2011 was approved which established procedures for moving the date of a school district's annual school election from April to the general election in November. Under the new law, districts that have their school board members elected in November no longer have to submit their budgets that meet levy cap requirements for voter approval beginning with the 2012/2013 budget year. Only a school board decision to exceed the tax levy cap would require voter approval for the additional amount on the November ballot. The Board adopted a resolution to move its annual election to the date of the general elections in accordance with the law; therefore voter approval of the annual budget is not required.

Budget adoptions and amendments are recorded in the District's board minutes. The budget is amended by the Board of Trustees as needed throughout the year. The budget for revenues, other resources, other uses, and fund balances is prepared by fund source and amount. The budget for expenditures is prepared by fund, program, function, object and amount. The legal level of budgetary control is established at the line item account within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. The Board approved several budget transfers during 2019/2020. Also, during 2019/2020 the Board increased the original budget by \$238,441. The increase was funded by additional grant awards and the reappropriation of prior year general fund encumbrances.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America, with the exception of the legally mandated revenue recognition of certain state aid payments for budgetary purposes only and the treatment of encumbrances in the special revenue fund as described in the Notes to Required Supplementary Information (RSI). Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

A. Budgetary Information (Continued)

Encumbrance accounting is employed in the governmental funds. Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as assigned fund balance at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services which are reappropriated and honored during the subsequent fiscal year.

B. Deficit Fund Equity

The District has an accumulated deficit in fund balance of \$1,059,539 in the Capital Projects Fund as of June 30, 2020. This deficit is the result of the Board incurring expenditures for the 2020 bond referendum prior to the sale of school bonds which were approved by the voters for an amount of \$35,553,000 but were unissued at year end. As the Board permanently finances these appropriations, the District will realize as other financing sources the proceeds of the bond financing. This deficit does not indicate that the District is facing financial difficulties and is permitted practice under accounting principles generally accepted in the United States of America.

C. Capital Reserve

A capital reserve account was established by the District. The accumulation of funds will be used for capital outlay expenditures in subsequent fiscal years. The capital reserve is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the Department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line-item appropriation amounts or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6:23A-14.1(g), the balance in the reserve cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the fiscal year ended June 30, 2020 is as follows:

Balance, July 1, 2019		\$	1,658,534
Increased by:			
Return of Unexpended			
Budget Appropriations Funded from Reserve	\$ 104,324		
Deposits Approved by Board Resolution	 444,221		
Total Increases		_	548,545
			2,207,079
Decreased by:			
Approved in District Budget	 183,890		
Total Decreases		_	183,890
Balance, June 30, 2020		\$	2,023,189

The withdrawals from the capital reserve were for use in a department approved facilities project, consistent with the district's Long Range Facilities Plan. \$1,000,000 of the capital reserve balance at June 30, 2020 was designated and appropriated for use in the 2020/2021 original budget certified for taxes.

NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

D. Maintenance Reserve

A maintenance reserve account was established by the District. The accumulation of funds will be used for required maintenance of school facilities expenditures in subsequent fiscal years. The maintenance reserve is maintained in the General Fund and its activity is included in the General Fund annual budget.

Funds placed in the maintenance reserve are restricted to required maintenance activities for a school facility as reported in the comprehensive maintenance plan. A District may appropriate funds into the maintenance reserve in the annual General Fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line item appropriation amounts or both. Pursuant to N.J.A.C. 6A:23A-14.2(g), the balance in the reserve cannot at any time exceed four percent of the replacement cost of the school district's school facilities for the current year.

The activity of the maintenance reserve for the fiscal year ended June 30, 2020 is as follows:

Balance, July 1, 2019		\$ 364,386
Increased by:		
Return of Unexpended Budget Appropriations Funded from Reserve	75,000	
Deposits Approved by Board Resolution	375,696	
Total Increases		450,696
		815,082
Decreased by:		
Approved in District Budget	75,000	
Total Decreases		 75,000
Balance, June 30, 2020		\$ 740,082

The June 30, 2020 comprehensive maintenance plan indicated a maximum maintenance reserve amount of \$740,082. The withdrawals from the maintenance reserve were for use in required maintenance activities for school facilities. \$75,000 of the maintenance reserve balance at June 30, 2020 was designated and appropriated for use in the 2020/2021 original budget certified for taxes.

E. Calculation of Excess Surplus

In accordance with N.J.S.A. 18A:7F-7, as amended, the restricted fund balance for Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to restrict General Fund fund balance in excess of 2% of budget expenditures at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent year's budget. The excess fund balance at June 30, 2020 is \$375,000 and will be appropriated in the 2021/2022 original budget certified for taxes.

NOTE 3 DETAILED NOTES ON ALL FUNDS

A. Cash Deposits and Investments

Cash Deposits

The Board's deposits are insured through either the Federal Deposit Insurance Corporation (FDIC), National Credit Union Share Insurance Fund (NCUSIF), Securities Investor Protection Corporation (SIPC) or New Jersey's Governmental Unit Deposit Protection Act (GUDPA). The Board is required to deposit their funds in a depository which is protecting such funds pursuant to GUDPA. The New Jersey Governmental Unit Deposit Protection Act requires all banks doing business in the State of New Jersey to pledge collateral equal to at least 5% of the average amount of its public deposits and 100% of the average amount of its public funds in excess of the lesser of 75% of its capital funds or \$200 million for all deposits not covered by the FDIC and NCUSIF.

Bank balances are insured up to \$250,000 in the aggregate by the FDIC for each bank. NCUSIF insures credit union accounts up to \$250,000 in the aggregate for each financial institution. SIPC replaces cash claims up to a maximum of \$250,000 for each failed brokerage firm. At June 30, 2020, the book value of the Board's deposits were \$3,082,330 and bank and brokerage firm balances of the Board's deposits amounted to \$3,302,570. The Board's deposits which are displayed on the various fund balance sheets as "cash and cash equivalents" are categorized as:

	Bank
Depository Account	Balance

Insured \$ 3,302,570

<u>Custodial Credit Risk – Deposits</u> – Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Board does not have a policy for custodial credit risk. As of June 30, 2019 none of the Board's bank balances were exposed to custodial credit risk.

Investments

The Board is permitted to invest public funds in accordance with the types of securities authorized by N.J.S.A. 18A:20-37. Examples of the allowable investments are bonds or other obligations of the United States or obligations guaranteed by the United States of America; Government Money Market Mutual Funds; any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligations bear a fixed rate of interest not dependent on any index or other external factor; bonds or other obligations of the school district or bonds or other obligations of the local unit or units within which the school district is located; Bonds or other obligations, having a maturity date of not more than 397 days from the date of purchase, issued by New Jersey school districts, municipalities, counties, and entities subject to the "Local Authorities Fiscal Control Law," (C.40A:5A-1 et seq.); Other bonds or obligations having a maturity date not more than 397 days from the date of purchase may be approved by the Division of Investment in the Department of the Treasury for investment by school districts; Local Government investment pools; deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 (C.52:18A-90.4); and agreements for the repurchase of fully collateralized securities, if transacted in accordance with the above statute.

As of June 30, 2020, the Board had no outstanding investments.

<u>Interest Rate Risk</u> – The Board does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

<u>Credit Risk</u> – State law limits investments as noted above (N.J.S.A. 18A:20-37). The District does not have an investment policy that would further limit its investment choices.

Concentration of Credit Risk – The Board places no limit in the amount the District may invest in any one issuer.

NOTE 3 DETAILED NOTES ON ALL FUNDS (Continued)

B. Receivables

Receivables as of June 30, 2020 for the district's individual major funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	(General		Special Revenue		Food Service	Total
Receivables:	2	<u> </u>	2	xe venue	-	, 01 + 10 0	10111

C. <u>Unearned Revenue</u>

Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of unearned revenue reported in the governmental funds were as follows:

General Fund	
Prepaid Tuition Revenue	\$ 4,600
Special Revenue Fund	
Unencumbered Grant Draw Downs	18,948
Total Unearned Revenue for Governmental Funds	\$ 23,548

NOTE 3 DETAILED NOTES ON ALL FUNDS (Continued)

D. Capital Assets

Capital asset activity for the fiscal year ended June 30, 2020 was as follows:

	Balance,			Balance,
	July 1, 2019	<u>Increases</u>	<u>Decreases</u>	June 30, 2020

Construction and Other Significant Commitments

The District has the following active construction projects as of June 30, 2020:

Project	Commitments
Various Renovations and Upgrades to Faust and McKenzie Schools	\$ 2,823,963

NOTE 3 DETAILED NOTES ON ALL FUNDS (Continued)

E. Interfund Receivables, Payables, and Transfers

The composition of interfund balances as of June 30, 2020, is as follows:

Due To/From Other Funds

Receivable Fund	Payable Fund	<u>Amount</u>		
General Fund	Special Revenue Fund	\$	85,106	
General Fund	Capital Projects Fund		623,866	
General Fund	Payroll Agency Fund		10,000	
		\$	718,972	

The above balances are the results of amounts deposited or expenditures incurred in one fund that are due to another fund or to cover cash balances which were in an overdraft position.

The District expects all interfund balances to be liquidated within one year.

F. Leases

Operating Leases

The District leases copiers under noncancelable operating leases. Lease payments for the fiscal year ended June 30, 2020 were \$14,580. The future minimum lease payments for these operating leases are as follows:

Fiscal Year		
Ending		
<u>June 30,</u>	A	<u>mount</u>
2021	\$	14,580
2022		14,580
2023		14,580
2024		10,935
Total	\$	54,675
	· · · · · · · · · · · · · · · · · · ·	

NOTE 3 DETAILED NOTES ON ALL FUNDS (Continued)

F. Leases (Continued)

Lease Purchase Agreement

The District is leasing computer equipment (supplies) totaling \$305,889 under a lease purchase agreement. The lease is for a term of 4 to 5 years.

The future minimum lease obligations and the net present value of these minimum lease payments as of June 30, 2020 were as follows:

Fiscal Year				
Ending		Governmental		
<u>June 30,</u>	<u>A</u>	ctivities		
2021	\$	77,085		
2022		77,085		
2023		77,085		
2024		24,594		
Total minimum lease payments		255,849		
Less: amount representing interest		(27,045)		
Present value of minimum lease payments	\$	228,804		

G. Long-Term Debt

General Obligation Bonds

The Board issued general obligation bonds to provide funds for the acquisition and construction of major capital facilities and other capital assets. The full faith and credit of the Board are irrevocably pledged for the payment of the principal of the bonds and the interest thereon.

Bonds payable at June 30, 2020 are comprised of the following issues:

\$4,575,000, 2010 Refunding Bonds, due in annual	
installments of \$455,000 to \$460,000	
through July 15, 2021 interest at 4.25% to 5.00%	\$ 915,000
\$2,491,000, 2012 School Bonds, due in annual	
installments of \$175,000 to \$210,000	
through July 15, 2027 interest at 2.00% to 2.75%	 1,596,000
	\$ 2,511,000

NOTE 3 DETAILED NOTES ON ALL FUNDS (Continued)

G. Long-Term Debt (Continued)

The Board's schedule of principal and interest for long-term debt issued and outstanding is as follows:

Governmental Activities:

Fiscal Year Ending		Serial	Bor	<u>ıds</u>	
<u>June 30.</u>		<u>Principal</u>		<u>Interest</u>	<u>Total</u>
2021	\$	635,000	\$	64,978	\$ 699,978
2022		645,000		41,991	686,991

3,653,064		373,800	3,279,264	-
\$ 7,181,568	\$ -	\$ 1,086,890	\$ 6,094,678	\$ 706,247
	July 1, 2019 \$ 3,136,000 23,478 3,159,478 305,889 63,137 3,653,064	July 1, 2019 Additions \$ 3,136,000 23,478 - 3,159,478 - 305,889 63,137 3,653,064 -	July 1, 2019 Additions Reductions \$ 3,136,000 \$ 625,000 23,478 - 10,082 3,159,478 - 635,082 305,889 77,085 63,137 923 3,653,064 - 373,800	July 1, 2019 Additions Reductions June 30, 2020 \$ 3,136,000 \$ 625,000 \$ 2,511,000 23,478 - 10,082 13,396 3,159,478 - 635,082 2,524,396 305,889 77,085 228,804 63,137 923 62,214 3,653,064 - 373,800 3,279,264

For the governmental activities, the liabilities for compensated absences, lease purchase agreements and net pension liability are generally liquidated by the general fund.

NOTE 4 OTHER INFORMATION

A. Risk Management

The District is exposed to various risks of loss related to property, general liability, automobile coverage, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; student accident; termination of employees and natural disasters. The Board has obtained commercial insurance coverage to guard against these events to minimize the exposure to the District should they occur. A complete schedule of insurance coverage can be found in the statistical section of this Comprehensive Annual Financial Report.

The District is a member of the Northeast Bergen County School Board Insurance Group (NESBIG or Group). The Group is a risk sharing public entity pool, established for the purpose of insuring against worker's compensation claims.

The relationship between the Board and the Group is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The Board is contractually obligated to make all annual and supplementary contributions to the Group, to report claims on a timely basis, cooperate with the management of the Group, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by the Group. Members have a contractual obligation to fund any deficit of the Group attributable to a membership year during which they were a member.

NESBIG provides its members with risk management services, including the defense of and settlement of claims and to establish reasonable and necessary loss reduction and prevention procedures to be followed by the members. Complete financial statements of the respective insurance fund is on file with the School's Business Administrator.

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverage's in any of the prior three years.

B. Contingent Liabilities

The District is a party defendant in some lawsuits, none of a kind unusual for a school district of its size and scope of operation. In the opinion of the Board's Attorney the potential claims against the District not covered by insurance policies would not materially affect the financial condition of the District.

<u>Federal and State Awards</u> – The Board participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the Board may be required to reimburse the grantor government. As of June 30, 2020, significant amounts of grant expenditures have not been audited by the various grantor agencies but the Board believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the District.

C. Federal Arbitrage Regulations

The District is subject to Section 148 of the Internal Revenue Code as it pertains to the arbitrage rebate on all tax-exempt obligations, both long and short-term debt. Under the 1986 Tax Reform Act, the Internal Revenue Service (IRS) required that all excess earnings from investment proceeds be rebated to the IRS. Arbitrage, for purposes of these regulations, is defined as the difference between the yield on the investment and the yield on the obligations issued. If there are excess earnings, this amount may be required to be rebated to the IRS. At June 30, 2020, the District has not estimated its arbitrage earnings due to the IRS, if any.

NOTE 4 OTHER INFORMATION (Continued)

D. Employee Retirement Systems and Pension Plans

Plan Descriptions and Benefits Provided

The State of New Jersey sponsors and administers the following contributory defined benefit public employee retirement systems (retirement systems) covering substantially all Board employees who are eligible for pension coverage:

Public Employees' Retirement System (PERS) – Established in January 1955, under the provisions of N.J.S.A. 43:15A to provide coverage, to substantially all full time employees of the State or any county, municipality, school district, or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees. PERS is a cost sharing multiple employer defined benefit pension plan. For additional information about PERS, please refer to the State Division of Pension and Benefits (Division's) Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions.

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death, and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

The following represents the membership tiers for PERS:

Tier	Definition					
1	Members who were enrolled prior to July 1, 2007					
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008					
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010					
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011					
5	Members who were eligible to enroll on or after June 28, 2011					

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tier 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reached age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tier 1 and 2 members before reaching age 60, tier 3 and 4 members with 25 or more years of service credit before age 62, and tier 5 members with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least ten years of service credit and have not reached the service retirement age for the respective tier.

Teachers' Pension and Annuity Fund (TPAF) – Established in January 1955, under the provisions of N.J.S.A. 18A:66 to provide coverage to substantially all full time certified teachers or professional staff of the public school systems in the State. Membership is mandatory for such employees. TPAF is a cost sharing multiple- employer defined benefit pension plan with a special funding situation, which the State is responsible to fund 100% of local employer contributions, excluding any local employer early retirement incentive (ERI) contributions. For additional information about TPAF, please refer to the State Division of Pension and Benefits (Division's) Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions.

The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death, and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

NOTE 4 OTHER INFORMATION (Continued)

D. Employee Retirement Systems and Pension Plans (Continued)

Teachers' Pension and Annuity Fund (TPAF) (Continued)

The following represent the membership tiers for TPAF:

Tier	Definition				
1	Members who were enrolled prior to July 1, 2007				
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008				
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010				
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011				
5	Members who were eligible to enroll on or after June 28, 2011				

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tier 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reached age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tier 1 and 2 members before reaching age 60, tier 3 and 4 members with 25 or more years of service credit before age 62, and tier 5 members with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement for his/her respective tier. Deferred retirement is available to members who have at least ten years of service credit and have not reached the service retirement age for the respective tier.

The State of New Jersey sponsors and administers the following defined contribution public employee retirement program covering certain state and local government employees which include those Board employees who are eligible for pension coverage.

Defined Contribution Retirement Program (DCRP) – established under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2008 to provide coverage to elected and certain appointed officials, effective July 1, 2007 and employees enrolled in PERS on or after July 1, 2007 who earn in excess of established annual maximum compensation limits (equivalent to annual maximum wage for social security deductions). This provision was extended by Chapter 1, P.L. 2010, effective May 21, 2010, to new employees (Tier 2) of the PFRS and new employees who would otherwise be eligible to participate in PERS and do not earn the minimum salary required or do not work the minimum required hours but earn a base salary of at least \$5,000 are eligible for participation in the DCRP. Membership is mandatory for such individuals with vesting occurring after one (1) year of membership. DCRP is a defined contribution pension plan.

Other Pension Funds

The State established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of the State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The state or local government employers do not appropriate funds to SACT.

The cost of living increase for PERS and TPAF, are funded directly by each of the respective systems but are currently suspended as a result of reform legislation.

According to state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement system be terminated.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits ("Division"), issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits, website at www.state.nj.us/treasury/pensions.

NOTE 4 OTHER INFORMATION (Continued)

D. Employee Retirement Systems and Pension Plans (Continued)

Plan Amendments

The authority to amend the provisions of the above plans rests with new legislation passed by the State of New Jersey. Pension reforms enacted pursuant to Chapter 78, P.L. 2011 included provisions creating special Pension Plan Design Committees for TPAF and PERS, once a Target Funded Ratio (TFR) is met. The Pension Plan Design Committees will have the discretionary authority to modify certain plan design features, including member contribution rate; formula for calculation of final compensation of final salary; fraction used to calculate a retirement allowance; age at which a member may be eligible and the benefits for service or early retirement; and benefits provided for disability retirement. The committees will also have the authority to reactivate the cost of living adjustment (COLA) on pensions. However, modifications can only be made to the extent that the resulting impact does not cause the funded ratio to drop below the TFR in any one year of a 30-year projection period.

Measurement Focus and Basis of Accounting

The financial statements of the retirement systems are prepared in accordance with U.S. generally accepted accounting principles as applicable to governmental organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB).

The accrual basis of accounting is used for measuring financial position and changes in net position of the pension trust funds. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan. The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

Investment Valuation

The Division of Investment, Department of the Treasury, State of New Jersey (Division of Investment) manages and invests certain assets of the retirement systems. Prudential retirement is the third-party administrator for the DCRP and provides record keeping, administrative services and investment options. Investment transactions are accounted for on a trade or investment date basis. Interest and dividend income is recorded on the accrual basis, with dividends accruing on the exdividend date. The net increase or decrease in the fair value of investments includes the net realized and unrealized gains or losses on investments.

The State of New Jersey, Department of the Treasury, Division of Investment issues publicly available financial reports that include the financial statements of the State of New Jersey Cash Management Fund. The financial reports may be obtained in writing to the State of New Jersey, Department of the Treasury, Division of Investment, P.O. Box 290, Trenton, New Jersey 08625-0290 or at www.state.nj.us/treasury/doinvest.

NOTE 4 OTHER INFORMATION (Continued)

D. <u>Employee Retirement Systems and Pension Plans</u> (Continued)

Collective Net Pension Liability

The collective net pension liability of the participating employers for local PERS at June 30, 2019 is \$18.1 billion and the plan fiduciary net position as a percentage of the total pension liability is 56.27%. The collective net pension liability of the State funded TPAF at June 30, 2019 is \$61.5 billion and the plan fiduciary net position as a percentage of total pension liability is 26.95%.

The total pension liabilities were determined based on actuarial valuations as of July 1, 2018 which were rolled forward to June 30, 2019.

Actuarial Methods and Assumptions

In the July 1, 2018 PERS and TPAF actuarial valuation, the actuarial assumptions and methods used in these valuations were described in the Actuarial Assumptions and Methods section of the Actuary's report and are included here in this note to the financial statements. The pension systems selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 68. The Actuary provided guidance with respect to these assumptions, and it is their belief that the assumptions represent reasonable expectations of anticipated plan experience.

Employer and Employee Pension Contributions

The contribution policy is set by laws of the State of New Jersey and contributions are required by active members and participating employers. Plan members and employer contributions may be amended by State of New Jersey legislation with the amount of contributions by the State of New Jersey contingent upon the Annual Appropriations Act. As defined, the retirement systems require employee contributions based on 7.50% for PERS, 7.50% for TPAF and 5.50% for DCRP of the employee's annual compensation for fiscal year 2020.

PERS employers' and TPAF State's nonemployer contributions are based on actuarially determined amounts, which include the normal cost and unfunded accrued liability. For the fiscal year ended June 30, 2020 for TPAF, which is a cost sharing multiple employer defined benefit pension plan with a special funding situation, the State's annual pension contribution was less than the actuarial determined amount. For PERS, which is a cost sharing multiple employer defined benefit pension plan, the annual pension contributions were equal to the actuarial determined amounts. TPAF nonemployer contributions are made annually by the State of New Jersey to the pension system on behalf of the Board. PERS employer contributions are made annually by the Board to the pension system in accordance with Chapter 114, P.L. 1997. In the DCRP, which is a defined contribution plan, member contributions are matched by a 3% employer contribution. All PERS and DCRP contributions made by the Board for fiscal years 2020, 2019 and 2018 were equal to the required contributions.

During the fiscal years ended June 30, 2020, 2019 and 2018 the Board was required to contribute for PERS and DCRP and the State of New Jersey, as a nonemployer contributing entity, contributed for TPAF, respectively for normal cost pension and unfunded accrued liability contributions (including non-contributory group life insurance (NCGI)) the following amounts:

Fiscal Year Ended		On-behalf				
<u>June 30,</u>	<u>PERS</u>		<u>TPAF</u>		<u>DCRP</u>	
2020	\$	177,027	\$	1,542,948	\$	20,823
2019		184,546		1,411,395		13,252
2018		163,092		1,055,537		10,280

NOTE 4 OTHER INFORMATION (Continued)

D. Employee Retirement Systems and Pension Plans (Continued)

Employer and Employee Pension Contributions (Continued)

In addition for fiscal years 2020, 2019 and 2018 the District contributed \$342. \$316 and \$351, respectively for PERS and the State contributed \$1,091,\$1,451 and \$1,266, respectively for TPAF for Long Term Disability Insurance Premium (LTDI).

The PERS contributions are recognized in the governmental fund financial statements (modified accrual basis) as an expenditure. The on-behalf TPAF contributions are recognized in the governmental fund financial statements (modified accrual basis) as both a revenue and expenditure in accordance with GASB Statement No. 85, *Omnibus 2017* (GASB No. 85). The DCRP contributions are recognized in the governmental fund financial statements (modified accrual basis) as an expenditure, as well as, the district-wide financial statements (accrual basis) as an expense.

Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the Board \$590,454 during the fiscal year ended June 30, 2020 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. This amount has been recognized in the district-wide financial statements (accrual basis) and the governmental fund financial statements (modified accrual basis) as both a revenue and expense/expenditure in accordance with GASB No. 85.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Public Employees Retirement System (PERS)

GASB Statement No. 68, Accounting and Financial Reporting for Pensions, (GASB No. 68) requires participating employers in PERS to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources and collective pension expense. The employer allocation percentages presented are based on the ratio of the contributions as an individual employer to total contributions to the PERS during the measurement period July 1, 2018 through June 30, 2019. Employer allocation percentages have been rounded for presentation purposes.

Although the NJ Division of Pensions and Benefits ("Division") administers one cost-sharing multiple employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources and pension expense are determined separately for each individual employer of the State and local groups of the plan.

To facilitate the separate (sub) actuarial valuations, the Division maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages are presented for each group. The allocation percentages for each group as of June 30, 2019 are based on the ratio of each employer's contribution to total employer contributions of the group for the fiscal year ended June 30, 2019.

At June 30, 2020, the District reported in the statement of net position (accrual basis) a liability of \$3,279,264 for its proportionate share of the PERS net pension liability. The net pension liability was measured as of June 30, 2019 and was determined by an actuarial valuation as of July 1, 2018. The District's proportionate share of the net pension liability was based on the ratio of the District's share of contributions to the pension plan relative to the total contributions of all participating governmental entities, for the year ended June 30, 2019. At June 30, 2019, the District's proportionate share was .01820 percent, which was a decrease of .00035 percent from its proportionate share measured as of June 30, 2018 of .01855 percent.

NOTE 4 OTHER INFORMATION (Continued)

D. Employee Retirement Systems and Pension Plans (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Public Employees Retirement System (PERS) (Continued)

For the fiscal year ended June 30, 2020, the District recognized in the district-wide statement of activities (accrual basis) pension expense of \$121,507 for PERS. The pension contribution made by the District during the current 2019/2020 fiscal year is the contribution that is applied to the net pension liability reported at the end of the current fiscal year of June 30, 2020 with a measurement date of the prior fiscal year end of June 30, 2019. Since the State of New Jersey applies the current year pension contribution towards the calculation of the net pension liability reported at the end of the current fiscal year, which has a measurement date of the preceding fiscal year end, there is no deferred outflows of resources reported as of June 30, 2020 for contributions made subsequent to the measurement date. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to PERS pension from the following sources:

	Deferred Outflows <u>of Resources</u>		Deferred Inflows <u>of Resources</u>	
Difference Between Expected and				
Actual Experience	\$	58,859	\$	14,486
Changes of Assumptions		327,447		1,138,222
Net Difference Between Projected and Actual				
Earnings on Pension Plan Investments				51,764
Changes in Proportion and Differences Between				
District Contributions and Proportionate Share				
of Contributions		165,370		280,365
Total	\$	551,676	\$	1,484,837

At June 30, 2020, the amounts reported as deferred outflows of resources and deferred inflows of resources related to PERS pension will be recognized in pension expense (benefit) as follows:

Year		
Ending		
<u>June 30,</u>		<u>Total</u>
2021	\$	(127,427)
2022		(375,915)
2023		(298,247)
2024		(115,905)
2025		(15,667)
	\$	(933,161)

Actuarial Assumptions

The District's total pension liability for the June 30, 2019 measurement date was determined by an actuarial valuation as of July 1, 2018, which was rolled forward to June 30, 2019. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

	<u>PERS</u>
Inflation Rate: Price Wage	2.75% 3.25%
Salary Increases:	
Through 2026	2.00-6.00% Based on Years of Service
Thereafter	3.00%-7.00% Based on Years of Service
Investment Rate of Return	7.00%
Mortality Rate Table	Pub-2010

Assumptions for mortality improvements are based on Society of Actuaries Scale MP-2019.

The actuarial assumptions used in the July 1, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

D. Employee Retirement Systems and Pension Plans (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Public Employees Retirement System (PERS) (Continued)

Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7% at June 30, 2019) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and actuaries. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plans investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the PERS's target asset allocation as of June 30, 2019 are summarized in the following table:

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
Risk Mitigation Strategies	3.00%	4.67%
Cash Equivalents	5.00%	2.00%
U.S. Treasuries	5.00%	2.68%
Investment Grade Credit	10.00%	4.25%
US Equity	28.00%	8.26%
Non-US Developed Markets Equity	12.50%	9.00%
Emerging Markets Equity	6.50%	11.37%
High Yield	2.00%	5.37%
Real Assets	2.50%	9.31%
Private Credit	6.00%	7.92%
Real Estate	7.50%	8.33%
Private Equity	12.00%	10.85%

Discount Rate

The discount rate used to measure the total pension liabilities of the PERS plan was as follows:

Fiscal <u>Year</u>	Measurement Date	Discount Rate
2020	June 30, 2019	6.28%
2019	June 30, 2018	5.66%

Sensitivity of Net Pension Liability

The following presents the District's proportionate share of the PERS net pension liability calculated using the discount rate of 6.28%, as well as what the District's proportionate share of the PERS net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.28 percent) or 1-percentage-point higher (7.28 percent) than the current rate:

	1%	Current	1%
	Decrease	Discount Rate	Increase
	<u>5.28%</u>	<u>6.28%</u>	<u>7.28%</u>
District's Proportionate Share of			
the PERS Net Pension Liability	\$ 4,142,243	\$ 3,279,264	\$ 2,552,082

The sensitivity analysis was based on the proportionate share of the District's net pension liability as of the measurement date of June 30, 2019. A sensitivity analysis specific to the District's net pension liability at June 30, 2019 was not provided by the pension system.

Pension Plan Fiduciary Net Position

Detailed information about the PERS pension plan's fiduciary net position is available in the separately issued financial report from the State of New Jersey, Department of the Treasury, Division of Pension and Benefits. The financial report may be accessed via the New Jersey, Division of Pensions and Benefits, website at www.state.nj.us/treasury/pensions.

^{*} The municipal bond return rate used is 3.50% as of the measurement date of June 30, 2019. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

NOTE 4 OTHER INFORMATION (Continued)

D. Employee Retirement Systems and Pension Plans (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Teachers Pension and Annuity Fund (TPAF)

GASB No. 68, requires participating employers in TPAF to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources and collective pension expense. The non-employer allocation percentages presented are based on the ratio of the State's contributions made as an employee and non-employer adjusted for unpaid early retirement incentives to total contributions to TPAF during the measurement period July 1, 2018 through June 30, 2019. Non-employer allocation percentages have been rounded for presentation purposes.

The contribution policy for TPAF is set by N.J.S.A. 18A:66 and requires contributions by active members and non-employer contributions by the State. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. For the fiscal year ended June 30, 2019, the State's pension contribution was less than the actuarial determined amount.

In accordance with GASB No. 68, the District is not required to recognize a net pension liability for TPAF. The State of New Jersey, as a nonemployer contributing entity, is the only entity that has a legal obligation to make employer contributions to TPAF on behalf of the District. Accordingly, the District's proportionate share percentage determined under Statement No. 68 is zero percent and the State's proportionate share is 100% of the net pension liability attributable to the District for TPAF. Therefore, in addition, the District does not recognize any portion of the TPAF collective deferred outflows of resources and deferred inflows of resources.

For the fiscal year ended June 30, 2020, the District recognized in the district-wide statement of activities (accrual basis) pension expense of \$2,544,414 for TPAF. This amount has been included in the district-wide statement of activities (accrual basis) as both a revenue and expense in accordance with GASB No. 85.

At June 30, 2020 the State's proportionate share of the net pension liability attributable to the District is \$43,138,324. The nonemployer allocation percentages are based on the ratio of the State's contributions made as a nonemployer attributable to the District adjusted for unpaid early retirement incentives relative to total contributions to TPAF during the year ended June 30, 2019. At June 30, 2019, the State's share of the net pension liability attributable to the District was .07029 percent, which was an increase of .00031 percent from its proportionate share measured as of June 30, 2018 of .06998 percent.

Pension Plan Fiduciary Net Position

Detailed information about the TPAF pension plan's fiduciary net position is available in the separately issued financial report from the State of New Jersey, Department of the Treasury, Division of Pension and Benefits. The financial report may be accessed via the New Jersey, Division of Pensions and Benefits, website at www.state.nj.us/treasury/pensions.

E. Post-Retirement Medical Benefits

The State of New Jersey sponsors and administers the post-retirement health benefit program plan for school districts.

As a result of implementing GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other than Pension Plans, the post-retirement health benefit program plan is reported in an Agency Fund in the New Jersey Comprehensive Annual Financial Report for the fiscal year ended June 30, 2019. Therefore, the plan has no assets accumulated in a trust. In accordance with GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pension (GASB No. 75), the plan is classified as a single employer defined benefit OPEB plan with a special funding situation that is not administered through a trust that meets the criteria in paragraph 4 of GASB No. 75.

Plan Description and Benefits Provided

The State of New Jersey sponsors and administers the following post-retirement health benefit program plan covering certain local school district employees, including those Board employees and retirees eligible for coverage.

State Health Benefit Program Fund – Local Education Retired Employees Plan (including Prescription Drug Program Fund) – N.J.S.A. 52:14-17.32f provides medical coverage, prescription drug benefits and Medicare Part B reimbursement to qualified retired education employees and their covered dependents. The State of New Jersey provides employer-paid coverage to members of the TPAF who retire from a board of education or county college with 25 years of service or on a disability retirement. Under the provisions of Chapter 126, P.L. 1992, the State also provides employer-paid coverage to members of the PERS and Alternate Benefits Program (ABP) who retire from a board of education or county college with 25 years of service or on a disability retirement if the member's employer does not provide this coverage. Certain local participating employers also provide post-retirement medical coverage to their employees. Retirees who are not eligible for employer paid health coverage at retirement can continue in the program if their employer participates in this program or if they are participating in the health benefits plan of their former employer and are enrolled in Medicare Parts A and B by paying the cost of the insurance for themselves and their covered dependents.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

NOTE 4 OTHER INFORMATION (Continued)

E. Post-Retirement Medical Benefits (Continued)

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above Fund. The financial reports may be accessed via the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, website at www.state.nj.us/treasury/pensions.

Plan Membership

Membership of the defined benefit OPEB plan consisted of the following at June 30, 2018:

Active Plan Members	216,892
Inactive Plan Members or Beneficiaries Currently Receiving Benefits	148,051
Inactive Plan Members Entitled to but not yet Receiving Benefits	
Total	364,943

Measurement Focus and Basis of Accounting

The financial statements of the post-employment health benefit plans are prepared in accordance with U.S. generally accepted accounting principles as applicable to governmental organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB).

The accrual basis of accounting is used for measuring financial position and changes in net position of the post-employment health benefit plans. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan. The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

Investment Valuation

Investments are reported at fair value. Investments that do not have an established market are reported at estimated fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Collective Net OPEB Liability

The collective net OPEB liability of the State, as the non-employer contributing entity, of the plan at June 30, 2019 is \$41.7 billion, and the plan fiduciary net position as a percentage of the total OPEB liability is zero percent.

The total OPEB liabilities were determined based on actuarial valuations as of June 30, 2018 which were rolled forward to June 30, 2019.

NOTE 4 OTHER INFORMATION (Continued)

E. Post-Retirement Medical Benefits (Continued)

Actuarial Methods and Assumptions

In the June 30, 2018 OPEB actuarial valuation, the actuarial assumptions and methods used in these valuations were described in the Actuarial Assumptions and Methods section of the Actuary's report and are included here in this note to the financial statements. The Plan selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 75. The Actuary provided guidance with respect to these assumptions, and it is their belief that the assumptions represent reasonable expectations of anticipated plan experience.

Post-Retirement Medical Benefits Contributions

The funding policy of the OPEB plan is pay as you go basis; therefore, there is no prefunding of the liability. Contributions to pay for the health benefit premiums of participating employees in the OPEB plan are made by the State, as a non-employer contributing entity, under a special funding situation in accordance with State statutes as previously disclosed. The State as a non-employer contributing entity made contributions of \$1.28 billion to the OPEB plan in fiscal year 2019.

The State sets the contribution rate based on a pay as you go basis rather than the actuarial determined contribution an amount actuarially determined in accordance with the parameters of GASB Statement 75. The actuarial determined contribution represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and any unfunded actuarial liabilities (or funding excess) of the plan using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with OPEB through the Plan. over a period not to exceed thirty years. The State's contributions, as a nonemployer contributing entity, to the State Health Benefits Program Fund – Local Education Retired Employees Plan for retirees' post-retirement benefits on behalf of the School District for the fiscal years ended June 30, 2020, 2019 and 2018 were \$572,405, \$640,206 and \$681,749, respectively, which equaled the required contributions for each year. The State's contributions to the State Health Benefits Program Fund – Local Education Retired Employees Plan for PERS retirees' post-retirement benefits on behalf of the School District was not determined or made available by the State of New Jersey. The on-behalf OPEB contributions are recognized in the governmental fund financial statements (modified accrual basis) as both a revenue and expenditure in accordance with GASB No. 85.

OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

GASB Statement No. 75 requires participating employers in the State Health Benefit Program Fund – Local Education Retired Employees Plan to recognize their proportionate share of the collective OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources and collective OPEB expense. The nonemployer allocation percentages presented are based on the ratio of the State's contributions made as a nonemployer toward the actuarially determined contribution amount to total contributions to the plan during the measurement period July 1, 2018 through June 30, 2019. Nonemployer allocation percentages have been rounded for presentation purposes.

In accordance with GASB No. 75, the District is not required to recognize an OPEB liability for the post-employment health benefit plan. The State of New Jersey, as a nonemployer contributing entity, is the only entity that has a legal obligation to make employer contributions to the plan on behalf of the District. Accordingly, the District's proportionate share percentage determined under Statement No. 75 is zero percent and the State's proportionate share is 100% of the OPEB liability attributable to the District. Therefore, in addition, the District does not recognize any portion of the collective deferred outflows of resources and deferred inflows of resources related to the plan.

For the fiscal year ended June 30, 2020, the District recognized in the district-wide statement of activities (accrual basis) OPEB expense of \$640,538. This amount has been included in the district-wide statement of activities (accrual basis) as both a revenue and expense in accordance with GASB No. 85.

At June 30, 2020 the State's proportionate share of the OPEB liability attributable to the District is \$22,958,138. The nonemployer allocation percentages are based on the ratio of the State's proportionate share of the OPEB liability attributable to the District at June 30, 2019 to the total OPEB liability of the State Health Benefit Program Fund – Local Education Retired Employees Plan at June 30, 2019. At June 30, 2019, the state's share of the OPEB liability attributable to the District was .05502 percent, which was a decrease of .00071 percent from its proportionate share measured as of June 30, 2018 of .05573 percent.

NOTE 4 OTHER INFORMATION (Continued)

E. Post-Retirement Medical Benefits (Continued)

OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

Actuarial Assumptions

The OPEB liability for the June 30, 2019 measurement date was determined by an actuarial valuation as of June 30, 2018, which was rolled forward to June 30, 2019. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

Inflation Rate 2.50%

Salary Increases*

PERS:

Initial Fiscal Year Applied Through 2026

Rate 2.00% to 6.00% Rate Thereafter 3.00% to 7.00%

TPAF:

Initial Fiscal Year Applied Through 2026

Rate 1.55% to 3.05% Rate Thereafter 1.55% to 3.05%

Mortality:

PERS Pre-retirement and Post-retirement based on Pub-2010

Healthy "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using

Scale MP-2019.

TPAF Pre-retirement and Post-retirement based on Pub-2010

"Teachers" and "General" classifications respectively, headcount-weighted mortality tables with fully generational mortality improvement projections from

the central year using Scale MP-2019.

Long-Term Rate of Return 2.00%

For the June 30, 2019 measurement date healthcare cost trend rates for pre-Medicare medical benefits, the trend is initially 5.7% and decreases to a 4.5% long-term trend rate after eight years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2020 are reflected. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.5% and decreases to a 4.5% long-term trend rate after eight years. For the Medicare Part B reimbursement, the trend rate is 5.0%.

^{*}Salary increases are based on the defined benefit pension plan that the member is enrolled in and the members years of service.

NOTE 4 OTHER INFORMATION (Continued)

E. Post-Retirement Medical Benefits (Continued)

OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

Actuarial Assumptions (Continued)

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of the TPAF and PERS actuarial experience studies for the period July 1, 2015 to June 30, 2018 and July 1, 2014 to June 30, 2018, respectively.

100% of active members are considered to participate in the plan upon retirement.

Long-Term Expected Rate of Return

As the OPEB plan only invests in the State of New Jersey Cash Management Fund, the long-term expected rate of return on OPEB investments was based off the best-estimate ranges of future real rates of return (expected returns, net of OPEB plan investment expense and inflation) for cash equivalents, which is 2.00% as of June 30, 2019.

Discount Rate

The discount rate used to measure the total OPEB liabilities of the plan was as follows:

Fiscal <u>Year</u>	Measurement Date	Discount Rate
2020	June 30, 2019	3.50%
2019	June 30, 2018	3.87%

The discount rate represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

E. Post-Retirement Medical Benefits (Continued)

OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

Changes in the Total OPEB Liability

The change in the State's proportionate share of the OPEB liability attributable to the District for the fiscal year ended June 30, 2020 (measurement date June 30, 2019) is as follows:

	Cotal OPEB Liability See Share 100%)
Balance, June 30, 2018 Measurement Date	\$ 25,699,545
Changes Recognized for the Fiscal Year:	
Service Cost	991,269
Interest on the Total OPEB Liability	1,019,828
Differences Between Expected and Actual Experience	(4,410,957)
Changes of Assumptions	342,308
Gross Benefit Payments	(704,746)
Contributions from the Member	 20,891
Net Changes	\$ (2,741,407)
Balance, June 30, 2019 Measurement Date	\$ 22,958,138

Changes of assumptions and other inputs reflect a change in the discount rate from 3.87% percent in 2018 to 3.50% percent in 2019.

The change in the total OPEB liability was based on the State's proportionate share of the OPEB liability attributable to the District at June 30, 2019.

NOTE 4 OTHER INFORMATION (Continued)

E. Post-Retirement Medical Benefits (Continued)

OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

Sensitivity of OPEB Liability

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the State's proportionate share of the OPEB liability attributable to the District calculated using the discount rate of 3.50%, as well as what the State's proportionate share of the OPEB liability attributable to the District that would be if it were calculated using a discount rate that is 1-percentage-point lower (2.50 percent) or 1-percentage-point higher (4.50 percent) than the current rate:

		1%		Current	1%
	_	Decrease (2.50%)	Di	iscount Rate (3.50%)	Increase (4.50%)
State's Proportionate Share of		(2.50 70)		(3.30 70)	(4.50 /0)
the OPEB Liability					
Attributable to the District	<u>\$</u>	27,122,633	\$	22,958,138	\$ 19,650,091

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the State's proportionate share of the OPEB liability attributable to the District calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

]	Healthcare	
	1% <u>Decrease</u>		Cost Trend <u>Rates</u>		1% Increase
Total OPEB Liability (School Retirees)	\$	18,916,482	\$	22,958,138	\$ 28,308,460

The sensitivity analyses were based on the State's proportionate share of the OPEB liability attributable to the District at June 30, 2019. Sensitivity analyses specific to the State's proportionate share of the OPEB liability attributable to the District at June 30, 2019 were not provided by the pension system.

F. Subsequent Events

Project Notes

On July 23, 2020 the District approved the sale of \$8,000,000 of project notes to temporarily finance expenditures related to the 2020 referendum for various school improvement projects. The District awarded the sale of said notes to BNY Mellon Capital Markets, LLC at an interest rate of 1.25%. These notes dated July 15, 2020 will mature on July 15, 2021.

NOTE 4 OTHER INFORMATION (Continued)

G. Tax Abatements

As defined by the Governmental Accounting Standards Board (GASB), a tax abatement is an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. School districts are not authorized by New Jersey statute to enter into tax abatement agreements. However, the county or municipality in which the school district is situated may have entered into tax abatement agreements, and that potential school tax revenue must be disclosed in these financial statements. If the county or municipality entered into tax abatement agreements, those agreements will not directly affect the school district's local tax revenue because N.J.S.A. 54:4-75 and N.J.S.A. 54:4-76 require that amounts so forgiven must effectively be recouped from other taxpayers and remitted to the school district.

For East Rutherford Board of Education, the District's share of abated taxes resulting from the municipality having entered into a tax abatement agreement is indeterminate.

NOTE 5 INFECTIOUS DISEASE OUTBREAK - COVID-19 PANDEMIC

The outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus, has been characterized as a pandemic (the "Pandemic") by the World Health Organization and is currently affecting many parts of the world, including the United States and the State of New Jersey. On January 31, 2020, the Secretary of the United States Health and Human Services Department declared a public health emergency for the United States and on March 13, 2020, the President of the United States declared the outbreak of COVID-19 in the United States a national emergency. Subsequently, the President's Coronavirus Guidelines for America and the United States Centers for Disease Control and Prevention called upon Americans to take actions to slow the spread of COVID-19 in the United States.

New Jersey Governor Phil Murphy has issued multiple Executive Orders since March 16, 2020 including but not limited to aggressive social distancing measures, restrictions on local elections, restrictions on foreclosure and evictions, suspension of all elective surgeries, closing of all schools and child care centers, the commandeering of property such as medical supplies, the cessation of all non-essential construction projects, extending insurance premium grace periods, the temporary reprieve to certain at-risk inmates and the extension of the permitted statutory grace period from May 11, 2020 to June 1, 2020 for quarterly property taxes due May 1, 2020. The Board expects ongoing actions will be taken by State, federal and local governments and private entities to mitigate the spread and impacts of COVID-19. The Pandemic has negatively affected travel, commerce, and financial markets globally, and is widely expected to continue negatively affecting economic growth and financial markets worldwide. These negative impacts may reduce or negatively affect property values within the School District. The declaration of a public health emergency remains in effect as of the date of audit. As part of a planned multistage approach to restart the State's economy, Governor Murphy has signed a series of Executive Orders permitting the resumption of certain activities.

Because of the evolving nature of the outbreak and federal, state and local responses thereto, the Board cannot predict how the outbreak will impact the financial condition or operations of the School District, or if there will be any impact on the assessed values of property within the School District or deferral of tax payments to municipalities. The Board cannot predict costs associated with this or any other potential infectious disease outbreak, including whether there will be any reduction in State funding or an increase in operational costs incurred to clean, sanitize and maintain it facilities either before or after an outbreak of an infectious disease.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION - PART II	

EAST RUTHERFORD BOARD OF EDUCATION REQUIRED SUPPLEMENTARY INFORMATION BUDGETARY COMPARISON SCHEDULE NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION FOR THE FISCAL YEAR ENDED JUNE 30, 2020

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America, with the exception of the legally mandated revenue recognition of certain state aid payments for budgetary purposes only and the treatment of encumbrances in the special revenue fund as described below. Encumbrance accounting is also employed as an extension of formal budgetary integration of the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the Special Revenue Fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The following presents a reconciliation of the General and Special Revenue Funds from the budgetary basis of accounting as presented in the Budgetary Comparison Schedule - General Fund and Special Revenue Fund to the GAAP basis of accounting as presented in the Statement of Revenues, Expenditures and Changes in Fund Balance - Governmental Funds.

STATISTICAL SECTION

This part of the East Rutherford Board of Education's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

<u>Contents</u> <u>Exhibits</u>

Financial Trends

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

J-1 to J-5

Revenue Capacity

These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.

J-6 to J-9

Debt Capacity

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

J-10 to J-13

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

J-14 and J-15

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs. J-16 to J-20

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

Honorable President and Members of the Board of Education East Rutherford Board of Education East Rutherford, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in <u>Government Auditing Standards</u> issued by the Comptroller General of the United States and audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the East Rutherford Board of Education as of and for the fiscal year ended June 30, 2020 and the related notes to the financial statements, which collectively comprise the East Rutherford Board of Education's basic financial statements and have issued our report thereon dated January 5, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the East Rutherford Board of Education's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the East Rutherford Board of Education's internal control. Accordingly, we do not express an opinion on the effectiveness of the East Rutherford Board of Education's internal control.

A <u>deficiency in internal control</u> exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A <u>material weakness</u> is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A <u>significant deficiency</u> is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2020-001 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the East Rutherford Board of Education's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instancea of noncompliance or other matter that is required to be reported under <u>Government Auditing Standards</u> and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey and which is described in the accompanying schedule of findings and questioned costs as item 2020-001.

We also noted certain matters that are not required to be reported under <u>Government Auditing Standards</u> that we reported to management of the East Rutherford Board of Education in a separate report entitled, "Auditor's Management Report on Administrative Findings – Financial, Compliance and Performance" dated January 5, 2021.

East Rutherford Board of Education's Response to Finding

The East Rutherford Board of Education's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The East Rutherford Board of Education's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the East Rutherford Board of Education's internal control or on compliance. This report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the East Rutherford Board of Education's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR STATE PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF STATE FINANCIAL ASSISTANCE AS REQUIRED BY NEW JERSEY OMB CIRCULAR 15-08

INDEPENDENT AUDITOR'S REPORT

Honorable President and Members of the Board of Education East Rutherford Board of Education East Rutherford, New Jersey

Report on Compliance for Each Major State Program

We have audited the East Rutherford Board of Education's compliance with the types of compliance requirements described in the New Jersey OMB Circular 15-08 State Aid/Grant Compliance Supplement that could have a direct and material effect on each of the East Rutherford Board of Education's major state programs for the fiscal year ended June 30, 2020. The East Rutherford Board of Education's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its state financial assistance applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the East Rutherford Board of Education's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; and New Jersey OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards, U.S. Uniform Guidance and New Jersey Circular require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the East Rutherford Board of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the East Rutherford Board of Education's compliance.

Opinion on Each Major State Program

In our opinion, the East Rutherford Board of Education complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the fiscal year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of the East Rutherford Board of Education is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the East Rutherford Board of Education's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with New Jersey OMB Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the East Rutherford Board of Education's internal control over compliance.

A <u>deficiency in internal control over compliance</u> exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A <u>material weakness in internal control over compliance</u> is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A <u>significant deficiency in internal control over compliance</u> is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the New Jersey OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of State Financial Assistance Required by New Jersey OMB Circular 15-08

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the East Rutherford Board of Education, as of and for the fiscal year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Board of Education's basic financial statements. We have issued our report thereon dated January 5, 2021, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of state financial assistance as required by New Jersey OMB Circular 15-08 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of state financial assistance is fairly stated in all material respects in relation to the basic financial statements as a whole.

EAST RUTHERFORD BOARD OF EDUCATION NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 1 GENERAL

The accompanying schedules present the activity of all federal and state financial assistance programs of the East Rutherford Board of Education. The Board of Education is defined in Note 1(A) to the Board's financial statements. All federal financial assistance received directly from federal agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2 BASIS OF ACCOUNTING

The accompanying schedules are prepared and presented using the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These basis of accounting are described in Notes 1(C) to the Board's financial statements. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (U.S. Uniform Guidance) and New Jersey OMB Circular 15-08, "Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid". Therefore, some amounts presented in these schedules may differ from the amounts presented in, or used in the preparation of, the financial statements.

NOTE 3 RELATIONSHIP TO FINANCIAL STATEMENTS

The financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on a modified accrual basis with the exception of the revenue recognition of the delayed state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes, those payments are not recognized until the subsequent year due to the state deferral and recording of certain state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, which may include the delayed state aid payments, whereas the GAAP basis does not. The special revenue fund also recognizes the delayed state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is an increase of \$39,655 for the general fund and a decrease of \$8,996 for the Special Revenue Fund. See the Notes to Required Supplementary Information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's financial statements on a GAAP basis as presented as follows:

		<u>Federal</u>	<u>State</u>	<u>Total</u>		
General Fund	\$	53,980	\$ 3,606,202	\$	3,660,182	
Special Revenue Fund		387,551			387,551	
Food Service Fund		128,085	 2,760		130,845	
Total Awards Financial Assistance	\$	569,616	\$ 3,608,962	\$	4,178,578	

EAST RUTHERFORD BOARD OF EDUCATION NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 4 RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules may not necessarily agree with the amounts reported in the related federal and state financial reports due to timing differences between the District's fiscal year and grant program years.

NOTE 5 OTHER INFORMATION

Revenues and expenditures reported under the Food Distribution Program as non-cash assistance represent current year value received and current year distributions, respectively. TPAF Social Security contributions in the amount of \$590,454 represents the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the fiscal year ended June 30, 2020. The amount reported as TPAF Pension System Contributions in the amount of \$1,542,948, TPAF Post-Retirement Medical Benefits Contributions in the amount of \$572,405 and TPAF Long-Term Disability Insurance in the amount of \$1,091 represents the amount paid by the State on behalf of the District for the fiscal year ended June 30, 2020.

NOTE 6 ON-BEHALF PROGRAMS NOT SUBJECT TO STATE SINGLE AUDIT

On-behalf State Programs for TPAF Pension, Post-Retirement Medical Benefits and Long-Term Disability Insurance Contributions payments are not subject to a State single audit and, therefore, are excluded from major program determination. The Schedule of State Financial Assistance provides a reconciliation of State financial assistance reported in the District's financial statements and the amount subject to State single audit and major program determination.

NOTE 7 DE MINIMIS INDIRECT COST RATE

The District has not elected to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

EAST RUTHERFORD BOARD OF EDUCATION SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED JUNE 30, 2020

Part 2 – Schedule of Financial Statement Findings

This section identifies the significant deficiencies, material weaknesses, fraud, illegal acts, violations of provisions of contracts and grant agreements and abuse related to the financial statements in accordance with Government Auditing Standards.

Finding 2020-001

Our audit of outstanding purchase orders revealed the following:

- There were several encumbrances that were determined to be invalid and should have been cancelled at year end.
- Certain purchase orders classified as encumbrances should have been classified as accounts payable.

Criteria or specific requirement

Internal controls over year end closing procedures of open purchase orders.

Condition

Certain open purchase orders classified as encumbrances at June 30, 2020 were determined to be invalid and should have been cancelled prior to the financial statement close-out at year end and others which should have been classified as accounts payable. In addition, a contract award in June 2020 for the referendum project was not recorded at year end.

Context

Encumbrances recorded in the various funds at June 30, 2020 totaling \$579,961 were determined to be invalid (\$102,846) or should have been classified as accounts payable (\$477,115).

Effect

Financial statements may not properly reflect expenditures and fund balances at year end.

Cause

Unknown.

Recommendation

Procedures be revised to ensure open purchase orders are reviewed at year end for validity and proper classification as accounts payable or reserve for encumbrance.

View of Responsible Officials and Planned Corrective Action

Management has reviewed this finding and indicated it will revise its procedures to ensure corrective action is taken.

EAST RUTHERFORD BOARD OF EDUCATION SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED JUNE 30, 2020

Part 3 - Schedule of Federal and State Award Findings and Questioned Costs

This section identifies the significant deficiencies, material weaknesses and instances of noncompliance including questioned costs related to the audit of major federal and state programs, as required by U.S. Uniform Guidance and New Jersey OMB's Circular 15-08, as amended.

CURRENT YEAR FEDERAL AWARDS

Not Applicable

EAST RUTHERFORD BOARD OF EDUCATION SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED JUNE 30, 2020

Part 3 - Schedule of Federal and State Award Findings and Questioned Costs

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance, including questioned costs, related to the audit of major state programs, as required by U.S. Uniform Guidance and New Jersey OMB's Circular 15-08, as amended.

CURRENT YEAR STATE AWARDS

There are none.

EAST RUTHERFORD BOARD OF EDUCATION SUMMARY SCHEDULE OF PRIOR-YEAR AUDIT FINDINGS FOR THE FISCAL YEAR ENDED JUNE 30, 2020

This section identifies the status of prior-year findings related to the basic financial statements and federal and state awards that are required to be reported in accordance with Chapter 6.12 of *Government Auditing* Standards, U.S. Uniform Guidance and New Jersey OMB's Circular 15-08.

STATUS OF PRIOR YEAR FINDINGS

There are none.
