December 21, 2020

Honorable President and Members of the Board of Education Manville School District Somerset County, New Jersey

Dear Board Members and Constituents:

The comprehensive annual financial report of the Manville School District for the fiscal year ended **June 30**, **2020**, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information at June 30, 2020 and the government-wide financial statements of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter (designed to complement Management's Discussion and Analysis and should be read in conjunction with it), the Districts organizational chart and a list of principal officials. The financial section includes the basic financial statements and schedules, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis and is unaudited. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Amendment of 1996 and the provisions of the Uniform Guidance and New Jersey OMB Circular 15-08, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments". Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations are included in the single audit section of this report.

1. <u>**REPORTING ENTITY AND ITS SERVICES:**</u> Manville School District is an independent reporting entity within the criteria adopted by the GASB. All funds and the government-wide statements of the District are included in this report. The Manville Board of Education and all its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels K through 12. These include regular, vocational, as well as special education students. The District completed the **2019-2020** fiscal year with an enrollment of approximately 1607 students. The following details the changes in the student enrollment of the District over the last 5 years.

<u>Fiscal Year</u>	Student Enrollment	Percent Change
2015-2016	1,423	.009%
2016-2017	1,448	.009%
2017-2018	1,489	.009%
2018-2019	1,506	.011%
2019-2020	1,607	.063%

2. ECONOMIC CONDITIONS AND OUTLOOK: With the full financial ramifications of the COVID pandemic still undetermined, it is difficult to pinpoint the current economic conditions of the community and the district. The 2020-21 school year state aid was reduced to 2019-20 levels. Although we were able to maintain programs, we were unable to expand programs as planned. Another year of flat state aid or cuts would be a setback for the district after making such great strides with the funds received through S2 legislation. We are hopeful that this will be considered when determining state aid for the 2021-22 school year so that the district is able to move forward with their initiatives.

We are also uncertain of the ramifications of the Chapter 44 healthcare legislation and the impact that will have on our budget. Depending on the number of employees that transition to the EHP for January 2021, it could be a significant financial burden for the district.

There are many unknowns at this point, but the current financial circumstances of the district have allowed us to navigate these difficult times without having to make staffing or program cuts from what we were achieving in the 2019-20 school year. We also continue to plan for future facility projects that are needed to maintain the district buildings and grounds. We are looking forward to all that we can achieve in the coming years.

- 3. <u>MAJOR INITIATIVES:</u> The Manville School District has planned the following projects for the future school years:
 - 1) To continue to implement improvements which will improve the safety and security for all students and employees;
 - 2) To continue to upgrade the technological infrastructure for instruction, security and management;

- 3) To continue to implement new instructional programs which will raise the performance of all students in the Manville Public Schools;
- 4) To allow for continuous school improvement as evidenced by assessment data;
- 5) To continue to maintain and complete repairs/replacements of all facilities.
- 6) To continue to seek options for expansion of facilities due to increased student enrollment within the district.
- 4. INTERNAL ACCOUNTING CONTROLS: Management of the District is responsible for establishing and maintaining internal control designed to ensure that the assets of the District are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting with generally accepted accounting by the preparation of financial statements in conformity with generally accepted accounting by the general by the general

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that adequate internal control is in place to ensure compliance with applicable laws and regulations, related to those programs. This internal control structure is also subject to periodic evaluation by the district Management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5. <u>BUDGETARY CONTROLS</u>: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the county office of the New Jersey Department of Education. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at **June 30, 2020**.

- 6. <u>ACCOUNTING SYSTEM AND REPORTS:</u> The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and the government-wide statements. These funds and the government-wide statements are explained in "Notes to the Financial Statement", Note 1.
- FINANCIAL INFORMATION AT FISCAL YEAR-END: As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. You should review in detail the management's discussion and analysis for the fiscal year ended June 30, 2020, for Financial Summaries.
- 8. <u>DEBT ADMINISTRATION:</u> At June 30, 2020, the District had no outstanding general obligation bond debt.
- 9. CASH MANAGEMENT: The investment policy of the District is guided in large part by State statute as detailed in "Notes to the Financial Statement" Note 2. The District has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.
- 10. **<u>RISK MANAGEMENT</u>**: The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive collision, hazard and the insurance on property and contents, and fidelity bonds.

11. OTHER INFORMATION:

A) Independent Audit – State statutes require an annual audit by independent certified public accountants or certified municipal accountants. The accounting firm of Suplee, Clooney and Company, CPAs was selected by the Board of Education at the annual Reorganization Meeting. In addition to meeting the requirements set forth in State statutes, the audit also was designed to meet the requirements of the Single Audit Act Amendments of 1996 and the Uniform Guidance and State Treasury Circular Letter 15-08 OMB. The auditor's report on the basic financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's report related specifically to the single audit is included in the single audit section of this report.

12. <u>ACKNOWLEDGEMENTS:</u> We would like to express our appreciation to the Members of the Manville School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted:

INDEPENDENT AUDITOR REPORT

Honorable President and Members of the Board of Education Borough of Manville School District County of Somerset Manville, New Jersey 08835

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Borough of Manville School District, County of Somerset, New Jersey (the "District") as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, audit requirements prescribed by the Division of Finance, Department of Education, State of New Jersey, and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and State of New Jersey *OMB Circular 15-08* "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid." Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

SUPLEE, CLOONEY & COMPANY

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Borough of Manville School District, County of Somerset, New Jersey as of June 30, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, budgetary comparison information in Exhibit C-1 through C-3, the schedules related to accounting and reporting for pensions in Exhibit L-1 through L-4 and the schedules related to accounting and reporting for postretirement benefits other than pensions (OPEB) in Exhibit M-1 and M-2 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

SUPLEE, CLOONEY & COMPANY

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough of Manville School District's basic financial statements. The accompanying supplementary schedules such as the combining and individual fund financial statements, long-term debt schedules and the Schedules of Expenditures of Federal Awards and State Financial Assistance, as listed in the table of contents, as required by the Uniform Guidance, New Jersey's OMB Circular 15-08, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid," and the State of New Jersey, Department of Education, Division of Finance, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying supplementary information schedules such as the combining and individual fund financial statements, long-term debt schedules and the Schedules of Expenditures of Federal Awards and State Financial Assistance, as listed in the table of contents, as required by the Uniform Guidance, New Jersey's OMB Circular 15-08, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid," and the State of New Jersey, Department of Education, Division of Finance is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements, and the schedule of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The other information, such as the introductory and statistical sections, has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express on opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 21, 2020 on our consideration of the Borough of Manville School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Borough of Manville School District's internal control over financial reporting and compliance.

REQUIRED SUPPLEMENTARY INFORMATION – PART I

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020 UNAUDITED

This section of The Borough of Manville School District's ("The District") annual financial report presents its discussion and analysis of the District's financial performance during the fiscal year ended June 30, 2020. Please read it in conjunction with the transmittal letter at the front of this report and the District's financial statements, which immediately follow this section.

Management's Discussion and Analysis (MD&A) is Required Supplementary Information specified in the Governmental Accounting Standard Board's (GASB) Statement No. 34, *Basic Financial Statements-and Management's Discussion and Analysis – for State and Local Governments*. Certain comparative information between the current fiscal year and the prior year is presented in the MD&A.

Financial Highlights

• At the government-wide financial statements, revenue from governmental activities accounted for \$31,933,928.59 or 98.00 percent of total school district revenue. The other 2.00 percent of revenue was generated by the business type activities.

Fund Level Schedules

- The fund balance in the General Fund increased by \$333,715.39 in 2019-2020.
- The Board of Education increased its capital reserve balance to \$2,275,239.59 at year end for future projects.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This document also contains required and supplementary information and other information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020 UNAUDITED

The statement of net position presents information on all of the assets, deferred inflows and outflows and liabilities of the District, with the difference between the four reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the net position of the District changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation leave).

Fund Financial Statements

A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

The District maintains three funds types:

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balance for the general fund, special revenue fund, capital projects fund and debt service fund, all of which are considered to be major funds.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020 UNAUDITED

The District adopts an annual appropriated budget for its general fund, special revenue fund and debt service fund. Budgetary comparison statements have been provided as required supplementary information for the general fund, special revenue fund and debt service fund to demonstrate compliance with this budget.

Proprietary funds. The District maintains one proprietary fund type. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The District uses an enterprise fund to account for the operations of its food service program.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the governmental entity. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs.

The District utilizes trust funds to account for its unemployment compensation insurance fund and private purpose scholarship fund. The District uses agency funds to account for resources held for student activities and groups, and payroll related liabilities.

Notes to the basic financial statements. The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements.

Other information. The combining statements referred to earlier in connection with governmental funds and enterprise funds are presented immediately following the notes to the basic financial statements.

Financial Highlights Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows exceeded liabilities and deferred outflows by \$7,323,541.39 at the close of fiscal year 2020 for governmental activities. The following table provides a summary of net position at June 30, 2020 and 2019 relating to the District's governmental and business-type activities:

Key financial Highlights for the 2019-2020 fiscal year include the following:

- The State withheld both of the June fiscal year state aid payments until July 2020.
- The State aid awarded in 2019-2020 increased by \$960,390.00 from 2018-2019.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020 UNAUDITED

Financial Analysis of the District as a Whole

The District's statement of net position shown in Table 1 below reflects the District's net position as a whole. Table 2 reflects the changes in net position from operating results.

Total assets increased in fiscal year 2020 while total liabilities decreased. Net investment in capital assets increased due the increase of multiple capital projects at year end offset the depreciation expense.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020 UNAUDITED

The largest portion of the District's net position is its net investment in capital assets. Restricted net position includes those items that are subject to external restrictions (e.g. for capital projects, for debt service, capital reserve and excess fund balance in the general fund).

Restricted net position increased due to the replenishing of the capital reserve funds. The unrestricted net position deficit decreased slightly.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020 UNAUDITED

Sources of Revenue

The District's total government-wide revenue for the 2019-2020 school year was \$32,585,296.64 as reflected in Table 3. Property taxes and state formula aid accounted for 79.64 percent of the total revenue with the other 20.36 percent consisting of other state and federal aid including pension liabilities, federal and state grants, charges for services, and miscellaneous sources.

Table 3Sources of Revenue

	FY 20)20	FY 20)19
Sources of Revenue	<u>Amount</u>	Percentage	<u>Amount</u>	Percentage
Property Taxes	\$15,656,016.00	48.05%	\$15,779,678.00	47.60%
State Formula Aid	10,295,422.00	31.60%	9,335,032.00	28.16%
Other State and Federal Aid	5,547,199.53	17.02%	6,895,718.15	20.80%
Federal and State Programs	778,260.80	2.39%	710,232.92	2.14%
Charges for Services	210,983.23	0.65%	286,473.45	0.86%
Other	97,415.08	0.29%	142,750.02	0.44%
	\$32,585,296.64	100.00%	\$33,149,884.54	100.00%

The property taxes decreased in 2019-2020 due to no debt service and no tax increase.

The state aid increased for a second year, after years of being underfunded. This increase was \$960,390.00 in 2019-2020.

There was a decrease in other State and Federal Aid. Federal and state programs increased slightly as the new Cares Act grant became available in 2019-2020. The on-behalf and actuarial pensions and post retirement benefits paid on behalf of the District decreased.

Charges for services and other miscellaneous revenues decreased in 2019-2020 due to the closing of school for the last quarter of the school year as a result of the COVID-19 pandemic.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020 UNAUDITED

Expenses for the Fiscal Year 2020 and 2019

The total expenses for the 2019-2020 fiscal year for all programs and services were \$30,270,756.09. Table 4 below summarizes these costs. The District's expenses are predominantly related to instructing, providing services and transporting students, grades kindergarten through twelve, which accounts for 78.07 percent of the total District costs. Administrative and business expenses account for the costs of the Office of the Superintendent of Schools, the Business Office, and the Principal's Offices in all four school buildings. Maintenance and operations account for the costs of keeping the school buildings and grounds safe, clean and in good operating condition, and includes all the utility costs related to the school facilities. Other costs include interest on long-term debt, depreciation expense and the costs of the business-type activities of the proprietary fund. It is important to note that depreciation expense on capital assets is included in expenses for the year; expenses therefore include \$429,825.37 for depreciation.

Governmental Activities

Table 5 presents the net cost (total cost less fees generated by the activities and intergovernmental aid provided for specific programs) of seven major District activities: instruction, tuition, student and instructional services, administration and business, maintenance and operations, transportation, and other. The net cost shows the financial burden placed on the District's taxpayers and the state by each of these functions.

Financial Analysis of the District's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with financerelated legal requirements.

Governmental funds. The focus of the District's governmental funds is to provide information on nearterm inflows, outflows and balances of spendable resources. Such information is useful in assessing the District's financing requirements.

General Fund. The general fund is the main operating fund of the District. At the end of the current fiscal year, restricted fund balance was \$2,786,876.09 and assigned fund balance was \$232,114.56. The net change in total fund balance for the General Fund was an increase of \$210,889.29.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020 UNAUDITED

Special Revenue Fund. The special revenue fund is used to tract the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes, other than debt service or capital projects. Revenue and expenditures for the current fiscal year were comparable to the prior fiscal year, with an increase in federal grants of \$58,663.65. IDEA Basic and Title I continue to be the largest grants in the special revenue fund with expenditures in the current fiscal year of \$369,266.27 and \$318,351.00 respectively.

Capital Projects Fund. The capital projects fund is used to account for and report financial resources that are restricted, committed or assigned to an expenditure for capital outlays, including the acquisition or construction of major capital facilities and other assets (other than those financed by the proprietary funds). There was an SDA receivable that was collected the amount of \$265,087.81. There were no new capital projects or capital state grants awarded in the 2019-2020 year.

Debt Service Fund. The debt service fund accounts for resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds. The fund balance in the debt service fund is \$2,225.03.

General Fund Budgeting Highlights

The District's budget is prepared according to New Jersey Statutes and is based on accounting for certain transactions on a basis of modified accrual and encumbrance accounting. The most significant budgeted fund is the general fund. During the fiscal year there were differences between the original budget and the final amended budget as a result of transfers being applied to certain line items. These transfers were made between line items as part of the normal process as permitted by State guidelines. Readers should refer to Section C of the financial report for comparisons between actual and budgeted amounts.

Described below are explanations for variations in revenues and expenditures for certain lines where the modified budgeted amounts differ from the original budget by significant amounts. All other fluctuations were considered immaterial and no explanations were deemed required.

Expenditures

The budget for regular program instruction increased by \$665,905.72 while special education program instruction decreased slightly by \$106,255.56 due to increased hiring of vacant positions to support the increase in the number of students in regular programs while special education saw a slight decrease in the number of students from the prior year.

The modified budget for instruction-tuition increased from the prior year budget by \$47,010.71 as a result of increased costs of tuition to other lea's-special as well as other tuitions.

The modified budget for general administration increased from the prior year by \$160,984.53 mainly due to the addition of an assistant superintendent position.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020 UNAUDITED

The modified budget for required maintenance for school facilities decreased from the prior year by \$340,724.20 as a result of schools being shut down during the last quarter of 2019-2020 due to the COVID-19 pandemic.

There was relatively no change in unallocated benefits including health benefit costs between the 2019-2020 school year and the 2018-2019 school year.

<u>Revenues</u>

The state aid increased \$960,390.00 over prior fiscal year after years of being underfunded.

Extraordinary aid was at \$168,147.00 as a result of the fact that the final award amount is calculated by the State of New Jersey. This was a slight increase of the amount in the prior year.

Capital Assets

During the fiscal year 2019-2020, there were some capital projects started by the District that went into the summer months in governmental activities. There were no capital acquisitions in business-type activities. Table 6 reflects the comparative balances of capital assets net of depreciation as of June 30, 2020 and 2019, respectively. The detail of the changes in capital assets is reflected in Note 3 to the financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020 UNAUDITED

Debt Administration

At June 30, 2020 the District had \$5,470,584.71 of outstanding long-term liabilities, consisting of capital leases, compensated absences and net pension liability. The District had no bonds payable. Table 7 reflects the comparison of outstanding long-term liabilities for the past two fiscal years. More information of the District's long-term liabilities is presented in Note 4 to the financial statements.

Table 7 Outstanding Long-term Liabilities

	Total School Debt		Total
	<u>FY 2020</u>	<u>FY 2019</u>	Percentage Change

	\$5,470,584.71	\$5,962,668.96	-9.25%

The District's Future

The District is presently in stable financial position. However, with the full financial ramifications of the COVID pandemic still undetermined, it is difficult to pinpoint the current economic conditions of the community and the district. The 2020-21 school year state aid was reduced to 2019-20 levels. Although we were able to maintain programs, we were unable to expand programs as planned. Another year of flat state aid or cuts would be a setback for the district after making such great strides with the funds received through S2 legislation. We are hopeful that this will be considered when determining state aid for the 2021-22 school year so that the district is able to move forward with their initiatives.

We are also uncertain of the ramifications of the Chapter 44 healthcare legislation and the impact that will have on our budget. Depending on the number of employees that transition to the EHP for January 2021, it could be a significant financial burden for the district.

There are many unknowns at this point, but the current financial circumstances of the district have allowed us to navigate these difficult times without having to make staffing or program cuts from what we were achieving in the 2019-20 school year. We also continue to plan for future facility projects that are needed to maintain the district buildings and grounds. We are looking forward to all that we can achieve in the coming years. Despite the concerns stated above, the Manville Borough Board of Education is committed to maintaining fiscal responsibility as well as achieving educational excellence for all of the students of the District.

Contacting the District's Financial Management

This financial report is designed to provide the District's citizens, taxpayers, customers and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Allison Bogart, School Business Administrator/Board Secretary at the Manville Board of Education, 410 Brooks Blvd., Manville, New Jersey 08835. Please visit our website at www.manvilleschools.org.

BASIC FINANCIAL STATEMENTS

The basic financial statements provide a financial overview of the District's operations. These financial statements present the financial position and operating results of all funds as of June 30, 2020.

DISTRICT-WIDE FINANCIAL STATEMENTS

The statement of net position and the statement of activities display information about the District. These statements include the financial activities of the overall district, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the District.

EXHIBIT "B-3"

BOROUGH OF MANVILLE SCHOOL DISTRICT RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2020

Total net change in fund balances - governmental funds (from B-2)		\$333,715.39
Amounts reported for governmental activities in the statement of activities (A-2) are different because:		
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the period.		
Depreciation expense Capital outlays Capital outlays not capitalized	(\$428,405.30) 2,297,551.95 (121,257.43)	1,747,889.22
Repayment of long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of activities.		
Payment of capital leases payable		72,186.43
District pension contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the reported net pension liability is measured a year before the District's report date. Pension expense, which is the change in the net pension liability adjusted for changes in deferred outflows and inflows of resources related to pensions, is reported in the Statement of Activities.		
District pension contributions Less: Pension expense	252,812.00 (123,573.00)	129,239.00
In the statement of activities, certain expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation (-); when the paid amount the difference is an addition to the reconciliation (+).		(4,085.18)
paid amount exceeds the earned amount the difference is an addition to the reconciliation (+).		(4,003.10)
Change in net position of governmental activities		\$2,278,944.86

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Borough of Manville School District have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

Reporting Entity

The Manville School District is a Type II District located in Somerset County, New Jersey. The School District is an instrumentality of the State of New Jersey, established to function as an educational institution. The District is governed by a 9 member board elected to three-year terms and is responsible for the fiscal control of the District. A Superintendent is appointed by the Board and is responsible for the administrative control of the District.

The primary criterion for including activities within the District's reporting entity, are set forth in Statement No. 39 of the Governmental Accounting Standards Board entitled *"Determining Whether Certain Organizations are Component Units" (GASB 39)* as codified in Section 2100 of the GASB <u>Codification of Governmental Accounting and Financial Reporting Standards</u>.

Organizations that are legally separate, tax-exempt entities and that meet *all* of the following criteria should be discretely presented as component units. These criteria are:

- 1. The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government.
- 2. The primary government, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources of the organization.
- 3. The economic resources received or held by an *individual organization* that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government.

The combined financial statements include all funds of the District over which the Board exercises operating control. The operations of the District include elementary, middle and high schools located in the Borough of Manville. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Basis of Presentation

The District's basic financial statements consist of District-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

District-Wide Statements: The statement of net position and the statement of activities display information about the District as a whole. These statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish generally between the governmental and business-type activity of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of net position presents the financial condition of the governmental and business-type activity of the District at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for the business-type activity of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirement of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the District.

Fund Financial Statements: The District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category - governmental, proprietary, and fiduciary - are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Governmental Fund Types

General Fund - The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment which are classified in the capital outlay subfund.

As required by the New Jersey State Department of Education, the District includes budgeted Capital outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues. Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to current expense by board resolution.

Special Revenue Fund - The District accounts for the proceeds of specific revenue sources from State and Federal Governments (other than major capital projects or the enterprise funds) and local appropriations that are restricted or committed to expenditures for specified purposes, other than debt service or capital projects.

<u>Capital Projects Fund</u> - The capital projects fund is used to account for and report all financial resources that are restricted, committed, or assigned to an expenditure for capital outlay, including the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from temporary notes or serial bonds and state grants that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

Debt Service Fund - The debt service fund accounts for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Proprietary Fund

Enterprise Fund - The enterprise fund accounts for all revenues and expenses pertaining to cafeteria operations. The food service fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges.

Fiduciary Fund Types

<u>Agency Funds</u> – The agency funds are used to account for assets held by the district on behalf of others and are custodial in nature. The agency funds included in this category are as follows:

Unemployment Compensation Insurance Trust Fund - A trust fund used to account for assets to finance the costs of unemployment benefits. Since the Board has adopted the direct reimbursement method, the District is under obligation to appropriate sufficient funds out of its general fund and hold them in trust for this purpose.

Payroll and Student Activities Funds (Agency) - These are agency funds used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations.

<u>**Private Purpose Scholarship Funds</u></u> - A trust fund used to account for assets donated by individuals that will provide for the payment of awards to district students.</u>**

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Basis of Accounting – Measurement Focus

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

District-Wide, Proprietary, and Fiduciary Fund Financial Statements: The District-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of unearned revenue, and in the presentation of expenses versus expenditures. Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable". Revenue from grants, entitlements. and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transactions can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

As a general rule the effect of interfund activity has been eliminated from the district-wide financial statements.

The County Board of Taxation is responsible for the assessment of properties, and the Township Tax Collector is responsible for collection of taxes. Assessments are certified and taxes are levied on January 1; taxes are due February 1, May 1, August 1 and November 1. Unpaid taxes are considered delinquent the following January 1 and are then subject to lien.

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office for approval. In accordance with P.L. 2011, c. 202, which became effective January 17, 2012, the District elected to move the April 2013 school Board election to the date of the November general election thereby eliminating the vote on the annual base budget. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23. All budget amendments and transfers must be approved by School Board resolution. The over-expenditures related to on-behalf payments in the general fund are due to the inclusion of the non-budgeted on-behalf payments made by the State of New Jersey as District expenditures. These amounts are offset by related revenues and as such do not represent budgetary over-expenditures.

All budget amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year).

Appropriations, except remaining project appropriations, encumbrances, and unexpended grant appropriations, lapse at the end of each fiscal year. The capital projects fund presents the remaining project appropriations compared to current year expenditures. Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial records.

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Encumbrance Accounting

Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as assigned fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the District has received advances are reflected in the balance sheet as unearned revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

Interfunds

Interfund receivables and payables arise from transactions between particular funds and are considered short term in duration. The Interfund transactions are recorded by all funds affected in the period in which the transactions are executed and are part of the district's available spendable resources.

Inventories

Inventories of materials and supplies held for consumption in the governmental funds are recorded as expenditures at the time of purchase and year end balances are not reported in the financial statements.

Inventories of food and/or supplies in the food service fund are recorded at cost on a first-in, first-out basis or, in the case of Food Donation Commodities, at stated value which approximates market.

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Capital Assets

The District has an established formal system of accounting for its capital assets. Purchased or constructed capital assets are reported at cost. Donated capital assets are valued at their estimated fair market value on the date received. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Capital assets are defined by the District as assets with an initial, individual cost of more than \$2,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or through estimation procedures performed by an independent appraisal company. Donated capital assets are valued at their acquisition value on the date of donation.

Capital assets are depreciated in the government-wide statements using the straight-line method over the following estimated useful lives:

- -----

Asset Class	Estimated <u>Useful Lives</u>
School Buildings	50
Building Improvements	20
Electrical/Plumbing	30
Vehicles	8
Office & Computer Equipment	5-10
Instructional Equipment	10
Grounds Equipment	15

Compensated Absences

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences." A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Compensated Absences (Continued)

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement, employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions and contracts.

The liability for compensated absences was accrued using the termination payment method, whereby the liability is calculated based on the amount of sick leave that is expected to become eligible for payment upon termination. The District estimates its accrued compensated absences liability based on the accumulated sick and vacation days at the balance sheet date by those employees who are currently eligible to receive termination payments.

For the District-wide statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the governmental funds, in the fund financial statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

Fund Balance and Net Position

Fund balance restrictions are used to indicate that portion of the fund balance that is not available for expenditures or is legally segregated for a specific future use. Designation of portions of the fund balances are established to indicate tentative plans for financial utilization in a future period. The unassigned fund balances represent the amount available for future budgetary operations.

Unassigned net position represents the remains of the District's equity in the cumulative earnings of the proprietary fund.

Unearned Revenue

Unearned revenue in the special revenue and capital projects funds represents funds which have been received but not yet earned. A corresponding accounts receivable has also been established for any open encumbrances at year end which is allowable under generally accepted accounting principles.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the Government-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

Net Position

GASB 63 provides guidance for reporting net position in the statement of financial position and related disclosures. Net Position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

Fund Balances

Under GASB 54, in the fund financial statements, governmental funds report the following classifications of fund balance:

<u>Nonspendable</u> – includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.

<u>Restricted</u> – includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation. The District reports the Capital Reserve, and Excess Surplus as Restricted Fund Balance.

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Fund Balances (Continued)

<u>Committed</u> – includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to resolutions passed by the Board of Education, the District's highest level of decision making authority. Commitments may be modified or rescinded only through resolutions approved by the Board of Education.

<u>Assigned</u> – includes amounts that the District intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Under the District's policy, amounts may be assigned by the Business Administrator. The District reports Year End Encumbrances as Assigned Fund Balance. The District also reports amounts Designated for Subsequent Year's Expenditures as Assigned Fund Balance.

<u>Unassigned</u> -is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balance are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed.

Revenues – Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means within sixty days of the fiscal year end.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenues – Exchange and Non-Exchange Transactions (Continued)

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from property taxes is recognized in the period in which the revenue is earned. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at fiscal year end: property taxes available as an advance, interest, and tuition.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise fund. For the District, these revenues are sales in the Enterprise Funds. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the enterprise fund.

Allocation of Indirect Expenses

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, were allocated based on salaries of the program. Depreciation expense, where practicable, is specifically identified by function and is included in the indirect expense column of the Statement of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities.

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Extraordinary and Special Items

Extraordinary items are transactions or events that are unusual in nature and infrequent of occurrence. Special items are transactions or events that are within control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Accounting and Financial Reporting for Pensions

In the district-wide financial statements for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the District's proportionate share of the New Jersey Public Employees Retirement System ("PERS") and the Teachers' Pension and Annuity Fund ("TPAF") and the additions to/deductions from these retirement systems' fiduciary net position have been determined on the same basis as they were reported by PERS and TPAF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

In the governmental fund financial statements, the year end pension liability is not required to be reflected. Pension related revenues and expenditures are reflected based on amounts that are normally expected to be liquidated with available financial resources for required pension contributions. Expenditures for PERS are recognized based upon billings made by the State of New Jersey due April 1st of each fiscal year. TPAF contributions are paid on the District's behalf by the State of New Jersey. The governmental fund financial statements reflect both a revenue and expense for this pension contribution.

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED</u>)

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. Currently, the District has only on item that qualifies for reporting in this category, deferred amounts related to pensions.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Currently, the District has one item that qualifies in this category, deferred amounts related to pensions.

NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS

The Board considers petty cash, change funds, cash in banks, deposits in the government money market account, and short-term investments with original maturities of three months or less as cash and cash equivalents. Investments are stated at cost, which approximates market.

Deposits

New Jersey statutes permit the deposit of public funds in public depositories which are located in New Jersey and which meet the requirements of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA requires a bank that accepts public funds to be a public depository. A public depository is defined as a state bank, a national bank, or a savings bank, which is located in the State of New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation. The statutes also require public depositories to maintain collateral for deposits of public funds that exceed certain insurance limits. All collateral must be deposited with the Federal Reserve Bank or a Banking Institution that is a member of the Federal Reserve System, and has capital funds of not less than \$25,000,000. Under (GUDPA), if a public depositories, is available to pay the full amount of the deposits to the governmental unit.

NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

Deposits (Continued)

The Borough of Manville School District had the following cash and cash equivalents at June 30, 2020.

	Cash in <u>Bank</u>	Additions	Reductions	Reconciled <u>Balance</u>
Governmental Funds	\$3,230,648.56	\$0.01	\$408,336.18	\$2,822,312.39
Proprietary Fund	100,230.11		1,166.00	99,064.11
Fiduciary Fund	852,769.24	1,365.78	16,608.35	837,526.67
	\$4,183,647.91	\$1,365.79	\$426,110.53	\$3,758,903.17

<u>Custodial Credit Risk – Deposits</u> – Custodial credit risk is the risk that in the event of a bank failure, the deposits may not be returned. The District does not have a specific deposit policy for custodial credit risk other than those policies that adhere to the requirements of statute. As of June 30, 2020, based upon the coverage provided by FDIC and NJGUDPA, no amount of the bank balance was exposed to custodial credit risk. Of the cash on balance in the bank, \$250,000.00 was covered by Federal Depository Insurance and \$3,920,564.67 was covered by NJGUDPA. The New Jersey Asset and Rebate Management (NJARM) Fund is an investment pool and is not insured by either FDIC or GUDPA. The amount in NJARM is \$13,083.24.

Investments

The purchase of investments by the Board is strictly limited by the express authority of the N.J.S.A. 18A:20-37 Education, Administration of School Districts. Permitted investments include any of the following type of securities:

- 1. Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- 2. Government money market mutual funds which are purchased from an investment company or investment trust which is registered with the Securities and Exchange Commission under the "Investment Company Act of 1940," 15 U.S.C. 80a-1 et seq., and operated in accordance with 17 C.F.R. § 270.2a-7 and which portfolio is limited to U.S. Government securities that meet the definition of an eligible security pursuant to 17 C.F.R. § 270.2a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 18A:20-37. These funds are also required to be rated by a nationally recognized statistical rating organization.

NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

Investments (Continued)

- 3. Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor.
- 4. Bonds or other obligations of the Local Unit or bonds or other obligations of school districts of which the Local Unit is a part or within which the school district is located.
- 5. Bonds or other obligations, having a maturity date not more than 397 days from date of purchase, approved by the Division of Investment of the Department of Treasury for investment by School Districts.
- 6. Local government investment pools that are fully invested in U.S. Government securities that meet the definition of eligible security pursuant to 17 C.F.R. § 270a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 18A:20-37. This type of investment is also required to be rated in the highest category by a nationally recognized statistical rating organization.
- 7. Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 (C. 52:18A-90.4); or
- 8. Agreements for the repurchase of fully collateralized securities if:
 - a. the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this subsection;
 - b. the custody of collateral is transferred to a third party;
 - c. the maturity of the agreement is not more than 30 days;
 - d. the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 (C. 17:19-41); and;
 - e. a master repurchase agreement providing for the custody and security of collateral is executed.

As of June 30, 2020, the Board had \$13,083.24 on deposit with the NJARM. Based upon the limitations set forth by New Jersey Statutes 40A:5-15.1 and existing investment practices, the District is generally not exposed to credit risks and interest rate risks for its investments, nor is it exposed to foreign currency risk for its deposits and investments.

NOTE 3: CHANGE IN CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2020 was as follows:

	Beginning <u>Balance</u>	Additions	Transfers/ <u>Deletions</u>	Ending <u>Balance</u>
Governmental activities:				
Capital assets that are not depreciated:				
Land and improvements	\$5,360,200.00			\$5,360,200.00
Construction in progress	1,459,449.23	\$740,057.31	(\$1,459,449.23)	740,057.31
Total capital assets that are not				
depreciated	6,819,649.23	740,057.31	(1,459,449.23)	6,100,257.31
Capital assets being depreciated:				
Site improvements	561,542.04	307,332.05		868,874.09
Building and building improvements	30,327,937.74	1,128,905.16	1,459,449.23	32,916,292.13
Machinery and equipment	1,782,894.15			1,782,894.15
Total capital assets being depreciated	32,672,373.93	1,436,237.21	1,459,449.23	35,568,060.37
Total capital assets	39,492,023.16	2,176,294.52		41,668,317.68
Less: accumulated depreciation for:				
Site improvements	(437,876.29)	(35,252.34)		(473,128.63)
Building and building improvements	(27,883,550.14)	(285,666.67)		(28,169,216.81)
Machinery and equipment	(1,740,324.53)	(107,486.29)		(1,847,810.82)
	(30,061,750.96)	(428,405.30)		(30,490,156.26)
Total Capital Assets being depreciated, net	2,610,622.97	1,007,831.91	1,459,449.23	5,077,904.11
Governmental activities capital assets, net	9,430,272.20	1,747,889.22		11,178,161.42
Business type activities:				
Machinery and equipment	121,037.00	5,430.00		126,467.00
Less: accumulated depreciation	(109,122.69)	(1,420.07)		(110,542.76)
Business type activities capital assets, net	\$11,914.31	\$4,009.93		\$15,924.24

NOTE 3: CHANGE IN CAPITAL ASSETS (CONTINUED)

Depreciation Expense was charged to governmental expenses as follows:

Instruction:	
Regular	(\$64,082.53)
Special	(25,295.73)
Other	(8,431.91)
Support Services:	
Student and instruction related services	(28,668.50)
General administration	(5,059.15)
School administration	(8,431.91)
Central services	(3,372.76)
Administration Info Technology	(1,686.38)
Plant operations and maintenance	(23,609.36)
Direct Expense of Various Functions	(259,767.07)
	(\$428,405.30)

NOTE 4: LONG-TERM LIABILITIES

Bonds are issued by the District pursuant to the provisions of Title 18A, Education, of the New Jersey Statutes and are required to be approved by the voters of the municipality through referendum. The proceeds of bonds are recorded in the Capital Projects Fund and are restricted to the use for which they were approved in the bond referendum. All bonds are retired in annual installments within the statutory period of usefulness.

School Bonds issued by the District are entitled to and benefit from the provision of the New Jersey School Board Reserve Act P.L. 1980 c.72. Basically, funds are held by the State of New Jersey within its State Fund for the Support of Free Public Schools as a school bond reserve pledged by law to secure payment of principal and interest due on such bonds in the event of the inability of the issuer to make payments.

At June 30, 2020, the District had no bonds or notes authorized but not issued.

Bonds Payable

At June 30, 2020, the District had no Bonds outstanding.

NOTE 4: LONG-TERM LIABILITIES (CONTINUED)

The following is a summary of changes in governmental activities long-term liabilities that effect other long-term obligations for the year ended June 30, 2020.

	Net Pension <u>Liability</u>	Capital Leases <u>Payable</u>	Compensated Absences Payable	<u>Total</u>
Balance, July 1, 2019	\$5,107,077.00	\$302,167.88	\$553,424.08	\$5,962,668.96
Additions/Issued			4,085.18	4,085.18
Reductions	423,983.00	72,186.43		496,169.43
Balance, June 30, 2020	\$4,683,094.00	\$229,981.45	\$557,509.26	\$5,470,584.71
Amounts Due Within One Year		\$74,378.73		\$74,378.73

Compensated absences and capital leases are liquidated by expenditures charged to the general fund.

Under New Jersey Statutes, the District may incur debt in an amount not to exceed 4% of the averaged equalized valuation basis of real property. For the calendar year ended December 31, 2019, the District's borrowing capacity under N.J.S. 18A:24-19 would be as follows:

Year	Equalized Valuation <u>of Real Property</u>
2019	\$924,813,448.00
2018	924,017,958.00
2017	892,989,671.00
	2,741,821,077.00
Average equalized valuation of property	913,940,359.00
School borrowing margin (4% of average equalized valuation of property)	36,557,614.36
Net bonded school debt as of December 31, 2019	
School borrowing power available	\$36,557,614.36

NOTE 5: PENSION PLANS

Description of Plans - All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related noncontributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provision of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

Defined Contribution Retirement Program (DCRP) - The Defined Contribution Retirement Program (DCRP) was established under the provision of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 to provide coverage to elected and certain appointed officials, effective July 1, 2007. Membership is mandatory for such individuals with vesting occurring after one year of membership.

NOTE 5: <u>PENSION PLANS (CONTINUED)</u>

Significant Legislation

Effective June 28, 2011, P.L. 2011, c. 78 enacted certain changes in the operations and benefit provisions of the TPAF and the PERS systems.

Pension Plan Design Changes

Effective June 28, 2011, P.L. 2011, c. 78, new members of TPAF and PERS, hired on or after June 28, 2011, will need 30 years of creditable service and have attained the age of 65 for receipt of the early retirement benefit without a reduction of 1/4 of 1% for each month that the member is under age 65. New members will be eligible for a service retirement benefit at age 65.

Funding Changes

Under the new legislation, the methodology for calculating the unfunded accrued liability payment portion of the employer's annual pension contribution to the PERS, and TPAF. The unfunded actuarial accrued liability (UAAL) will be amortized for each plan over an open-ended 30 year period and paid in level dollars. Beginning with the July 1, 2019 actuarial valuation (July 1, 2018 for PFRS), the UAAL will be amortized over a closed 30 year period until the remaining period reaches 20, when the amortization period will revert to an open-ended 20 year period.

COLA Suspension

The payment of automatic cost-of-living adjustment to current and future retirees and beneficiaries are suspended until reactivated as permitted by this law.

<u>Vesting and Benefit Provisions</u> - The vesting and benefit provisions of PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after ten years of service, except for post-retirement healthcare benefits that vest after 25 years of service.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

NOTE 5: <u>PENSION PLANS (CONTINUED)</u>

<u>Contribution Requirements</u> - The contribution policy is set by N.J.S.A. 43:15A and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation.

Effective June 28, 2011, P.L. 2011, c. 78 provides for increases in the employee contribution rates: from 5.5% to 6.5% plus an additional 1% phased-in over 7 years beginning in the first year, meaning after 12 months, after the law's effective date for TPAF and PERS.

Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of TPAF (*i.e.* the State of New Jersey makes the employer contribution on behalf of public school districts.

PERS Contribution Requirements

Three-Year Trend Information for PERS

Year <u>Funding</u>	Annual Pension <u>Cost (APC)</u>	Percentage of APC Contributed	Net Pension Obligation
6/30/2020	\$252,812.00	100%	\$252,812.00
6/30/2019	258,000.00	100%	258,000.00
6/30/2018	253,763.00	100%	253,763.00

During the fiscal years ended June 30, 2020, 2019 and 2018, the State of New Jersey contributed \$1,958,369.00, \$1,687,809.00 and \$1,269,219.00 respectively to the TPAF pension system on behalf of the District.

Also, in accordance with N.J.S.A. 18A:66-66, during the years ended June 30, 2020, 2019 and 2018, the State of New Jersey reimbursed the District \$822,371.92, \$727,510.60 and \$674,105.82, respectively for the employer's share of social security contributions for TPAF members, as calculated on their base salaries.

NOTE 6: ACCOUNTING AND FINANCIAL REPORTING FOR PENSION - GASB 68

Public Employees Retirement System (PERS)

At June 30, 2020, the District reported a liability of \$4,683,094.00 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2018 which was rolled forward to June 30, 2019. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2019, the District's proportion was 0.0259904993 percent, which was an increase of 0.0000524293 percent from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the District recognized pension expense of \$123,573.00 in the government-wide financial statements. This pension expense was based on the pension plans June 30, 2019 measurement date.

At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

Differences between expected and actual experience	Deferred Outflow of <u>Resources</u> \$84,055	Deferred Inflow of <u>Resources</u> \$20,688
Changes of assumptions	467,624	1,625,487
Net difference between projected and actual earnings on pension plan investments		73,924
Changes in proportion and differences between District contributions and proportionate share of contributions	9,597	246,428
District contributions subsequent to the measurement date	299,599	
	\$860,835	\$1,966,527

The \$299,599 reported as deferred outflows of resources related to pensions resulting from school district contributions subsequent to the measurement date (i.e. for the school year ending June 30, 2020, the plan measurement date is June 30, 2019) will be recognized as a reduction of the net pension liability in the year ended June 30, 2021.

NOTE 6: <u>ACCOUNTING AND FINANCIAL REPORTING FOR PENSION – GASB 68</u> (CONTINUED)

Public Employees Retirement System (PERS) (Continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended	
<u>June 30</u>	<u>Amount</u>
2020	(\$182,592)
2021	(486,038)
2022	(439,074)
2023	(231,293)
2024	(66,254)

<u>(\$1,405,251)</u>

Actuarial Assumptions

The total pension liability for the June 30, 2019 measurement date was determined by an actuarial valuation as of July 1, 2018, which rolled forward to June 30, 2019. These actuarial valuations used the following assumptions:

	<u>June 30, 2019</u>	<u>June 30, 2018</u>
Inflation	2.75%	2.25%
Salary Increases		
Through 2026	2.00-6.00%	1.65-4.15%
Thereafter	3.00-7.00%	2.65-5.15%
	Based on	Based on
	Years of Service	Age
Investment Rate of Return	7.00%	7.00%
Investment Rate of Return	Years of Service	Age

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2019

NOTE 6: <u>ACCOUNTING AND FINANCIAL REPORTING FOR PENSION - GASB 68</u> (CONTINUED)

Public Employees Retirement System (PERS) (Continued)

Actuarial Assumptions(Continued)

The actuarial assumptions used in the July 1, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at both June 30, 2019 and June 30, 2018) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2019 are summarized in the following table:

Long Torm

		Long-Term
	Target	Expected Real
<u>Assets Class</u>	<u>Allocation</u>	Rate of Return
Risk Mitigation Strategies	3.00%	4.67%
Cash Equivalents	5.00%	2.00%
U.S. Treasuries	5.00%	2.68%
Investment Grade Credit	10.00%	4.25%
High Yield	2.00%	5.37%
Private Credit	6.00%	7.92%
Real Assets	2.50%	9.31%
Real Estate	7.50%	8.33%
U.S. Equity	28.00%	8.26%
Non-U.S. Developed Market Equity	12.50%	9.00%
Emerging Market Equity	6.50%	11.37%
Private Equity	12.00%	10.85%

NOTE 6: <u>ACCOUNTING AND FINANCIAL REPORTING FOR PENSION - GASB 68</u> (CONTINUED)

Public Employees Retirement System (PERS) (Continued)

Actuarial Assumptions (Continued)

Discount Rate

The discount rate used to measure the total pension liability was 6.28% and 5.66% as of June 30, 2019 and June 30, 2018, respectively. These single blended discount rates were based on the long-term expected rate of return on pension plan investments of 7.00% for both June 30, 2019 and June 30, 2018 and a municipal bond rate of 3.50% and 3.87% for June 30, 2019 and June 30, 2018 respectively based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 70% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2057. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2057 and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

<u>Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate</u>

The following presents the District's proportionate share of the net pension liability as of June 30, 2019, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	1%	At Current	1%
	Decrease	Discount Rate	Increase
	<u>5.28%</u>	<u>6.28%</u>	<u>7.28%</u>
District's proportionate share			
of the net pension liability	\$6,434,541	\$4,683,094	\$4,012,403

NOTE 6: <u>ACCOUNTING AND FINANCIAL REPORTING FOR PENSION - GASB 68</u> (CONTINUED)

Public Employees Retirement System (PERS) (Continued)

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Public Employees Retirement System (PERS). The report may be obtained at State of New Jersey Division of Pensions and Benefits P.O. Box 295 Trenton, New Jersey 08625-0295 http://www.state.nj.us/treasury/pensions.

Teachers Pensions and Annuity Fund (TPAF)

The employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the net pension liability that is associated with the local participating employer.

The portion of the TPAF Net Pension Liability that was associated with the District recognized at June 30, 2020 was as follows:

Net Pension Liability:	
Districts proportionate share	-0-
State's proportionate share	
associated with the District	\$51,586,737
	\$51,586,737

The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018. The net pension liability associated with the District was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. At June 30, 2019, the proportion of the TPAF net pension liability associated with the District was .0840572651% which was a decrease of .0000869832 percent from its proportion measured as of June 30, 2018.

NOTE 6: <u>ACCOUNTING AND FINANCIAL REPORTING FOR PENSION - GASB 68</u> (CONTINUED)

Teachers Pensions and Annuity Fund (TPAF) (Continued)

For the year ended June 30, 2020, the District recognized on-behalf pension expense and revenue of \$3,042,724.00 for contributions provided by the State. This pension expense and revenue was based on the pension plan's June 30, 2019 measurement date.

Actuarial Assumptions

The total pension liability for the June 30, 2019 measurement date was determined by an actuarial valuation as of July 1, 2018, which was rolled forward to June 30, 2019. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

	<u>June 30, 2019</u>	<u>June 30, 2018</u>
Inflation rate:		2.25%
Price	2.75%	
Wage	3.25%	
Salary Increases:		
Through 2026	1.55%-4.45%	1.55%-4.55%
Thereafter	2.75%-5.65%	2.00%-5.45%
	Based on Years of	Based on Years of
	Service	Service
Investment Rate of Return	7.00%	7.00%

Mortality Rate

Pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2019.

NOTE 6: <u>ACCOUNTING AND FINANCIAL REPORTING FOR PENSION - GASB 68</u> (CONTINUED)

Teachers Pensions and Annuity Fund (TPAF) (Continued)

Actuarial Assumptions (Continued)

The actuarial assumptions used in the July 1, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2015 to June 30, 2018.

Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% and 7.00% at June 30, 2019 and June 30, 2018 respectively) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries.

The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2019 are summarized in the following table:

		Long-Term
	Target	Expected Real
<u>Assets Class</u>	<u>Allocation</u>	Rate of Return
Risk Mitigation Strategies	3.00%	4.67%
Cash Equivalents	5.00%	2.00%
U.S. Treasuries	5.00%	2.68%
Investment Grade Credit	10.00%	4.25%
High Yield	2.00%	5.37%
Private Credit	6.00%	7.92%
Real Assets	2.50%	9.31%
Real Estate	7.50%	8.33%
U.S. Equity	28.00%	8.26%
Non-U.S. Developed Market Equity	12.50%	9.00%
Emerging Market Equity	6.50%	11.37%
Private Equity	12.00%	10.85%
· ·		

NOTE 6: <u>ACCOUNTING AND FINANCIAL REPORTING FOR PENSION - GASB 68</u> (CONTINUED)

Teachers Pensions and Annuity Fund (TPAF) (Continued)

Actuarial Assumptions (Continued)

Discount Rate

The discount rate used to measure the total pension liability was 5.60% and 4.86% as of June 30, 2019 and 2018, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and 7.00, and a municipal bond rate of 3.50% and 3.87% as of June 30, 2019 and 2018, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal year. The State contributed 50% of the actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2054. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2054, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

Because the District's proportionate share of the net pension liability is zero, consideration of potential changes in the discount rate is not applicable to the District.

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Teachers Public and Annuity Fund (TPAF). The report may be obtained at State of New Jersey Division of Pensions and Benefits P.O. Box 295 Trenton, New Jersey 08625-0295 <u>http://www.state.nj.us/treasury/pensions</u>.

NOTE 7: ACCOUNTING AND FINANCIAL REPORTING FOR POST-RETIREMENT BENEFITS OTHER THAN PENSIONS - GASB 75

Plan Description and Benefits Provided

The State Health Benefit Local Education Retired Employees Plan is a multipleemployer defined benefit OPEB plan, which is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The State Health Benefit Local Education Retired Employees Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey in accordance with N.J.S.A 52:14-17.32f. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. According to N.J.S.A 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L, 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

Employees Covered by Benefit Terms

The State Health Benefit Local Education Retired Employees Plan Membership covered by the benefit terms consisted of the following:

Active Plan Members	216,892
Inactive Plan Members or Beneficiaries	
Currently Receiving Benefits	148,051
Inactive Plan Members or Beneficiaries	
Not Yet Receiving Benefits	<u>-0-</u>
Total Plan Members	<u>364,943</u>

NOTE 7: <u>ACCOUNTING AND FINANCIAL REPORTING FOR POST-RETIREMENT</u> BENEFITS OTHER THAN PENSIONS - GASB 75 (CONTINUED)

Total Non-Employer OPEB Liability

The portion of the total Non-Employer OPEB Liability that was associated with the District at June 30, 2020 was as follows:

Total OPEB Liability:	
District's Proportionate Share	\$-0-
State's Proportionate Share associated	
with the District	33,786,494
	\$33,786,494

The total Non-Employer OPEB liability as of June 30, 2019 was determined by an actuarial valuation as of June 30, 2018, which was rolled forward to June 30, 2019.

The total Non-Employer OPEB Liability was determined separately based on actual data of the District.

For the year ended June 30, 2020, the District recognized on-behalf postemployment expense and revenue of \$1,097,000.00 in the government-wide financial statements for contributions provided by the State. This expense and revenue was based on the plans June 30, 2019 measurement date.

At June 30, 2019, the District's proportion was 0.0809663025 percent, which was an increase of .0043140958 from its proportion measured as of June 30, 2018.

The State, a nonemployer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS, TPAF/ABP and PFRS participants. The District's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Consequently, the District did not recognize any portion of the collective Non-Employer OPEB liability on the Statement of Net Position.

NOTE 7: <u>ACCOUNTING AND FINANCIAL REPORTING FOR POST-RETIREMENT</u> BENEFITS OTHER THAN PENSIONS - GASB 75 (CONTINUED)

Actuarial Assumptions and Other Inputs

The total Non-Employer OPEB liability as of June 30, 2019 was determined by an actuarial valuation as of June 30, 2018, which was rolled forward to June 30, 2019.The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

June 30, 2019

Inflation 2.5 percent	<u>TPAF/ABP</u>	PERS	<u>PFRS</u>
Salary Increases Through 2026	1.55-3.55%*	2.00-6.00%*	3.25-15.25%*
Thereafter	1.55-3.05%*	3.00-7.00%*	Applied to All Future Years

*Based on Years of Service

Preretirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP), "General" (PERS), and "Safety" (PFRS) classification headcountweighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2019. Postretirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2019. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central MP-2019.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of actuarial experience studies for the periods July 1, 2015 - June 30, 2018, July 1, 2014 - June 30, 2018, and July 1, 2013 - June 30, 2018 for TPAF, PERS and PFRS, respectively.

NOTE 7: <u>ACCOUNTING AND FINANCIAL REPORTING FOR POST-RETIREMENT</u> <u>BENEFITS OTHER THAN PENSIONS - GASB 75 (CONTINUED)</u>

Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend rate is initially 5.7% and decreases to a 4.5% long-term trend rate after eight years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rate for fiscal year 2020 is reflected. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.5% and decreases to a 4.5% long-term trend rate after eight years. For the Medicare Part B reimbursement, the trend rate is 5.0%.

Discount Rate

The discount rate for June 30, 2020 and June 30, 2019 was 3.50% and 3.87% respectively. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Changes in the Total Non-Employer OPEB Liability

Shown below are details regarding The Total OPEB non-employer Liability associated with the District for the measurement period from June 30, 2018 to June 30, 2019.

Balance at 6/30/18		\$35,344,971
Changes for the year:		
Service cost	\$1,455,608	
Interest	1,404,893	
Differences between expected

NOTE 7: <u>ACCOUNTING AND FINANCIAL REPORTING FOR POST-RETIREMENT</u> <u>BENEFITS OTHER THAN PENSIONS - GASB 75 (CONTINUED)</u>

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Non-Employer OPEB Liability (Continued)

In accordance with GASBS No. 75, the District's proportionate share of school retirees OPEB is zero. There is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources in the financial statements.

State Health Benefit Local Education Retired Employee Plan Information

The New Jersey Division of Pension and Benefits issues publicly available reports on the OPEB plan. Those reports may be obtained by writing to the Division of Pension and Benefits, PO Box 295, Trenton, NJ 08625-0295 or on their website at:

http://www.state.nj.us/treasury/pensions/gasb-notices-opeb.shtml

NOTE 8: LITIGATION

The Board attorney's letter advises that there is no litigation, pending litigation, claims, contingent liabilities, unasserted claims or assessments or statutory violations which involve the Board of Education and which might materially affect the Board's financial position.

NOTE 9: <u>CONTINGENCIES</u>

The District receives financial assistance from the State of New Jersey and the U.S. Government in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of the funds for eligible purposes. The State and Federal grants received and expended in the 2019-2020 fiscal year were subject to the Uniform Guidance and New Jersey OMB Circular 15-08 which mandates that grant revenues and expenditures be audited in conjunction with the District's annual audit if expenditures for federal or state programs exceed \$750,000. Findings and questioned costs, if any, relative to federal and state financial assistance programs are discussed in the Single Audit Section, Schedule of Findings and Questioned Costs. In addition, all grants and cost reimbursements are subject to financial and compliance audits by the grantors. The District's management does not believe any such audit would result in material amounts of disallowed costs.

NOTE 10: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. There have been no significant reductions in insurance coverage from the prior year and no settlements have exceeded insurance coverage over the past three years.

<u>Property and Liability Insurance</u> - The District maintains commercial insurance coverage for property, liability, and student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

<u>New Jersey Unemployment Compensation Insurance</u> - The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The table below is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid, and the ending balance of the District's expendable trust fund for the current and previous two years:

Fiscal Year	Interest and Contributions	Amount <u>Reimbursed</u>	Ending <u>Balance</u>
2019-2020	\$48,956.69	\$31,631.66	\$28,801.80
2018-2019	40,159.17	47,912.40	11,476.77
2017-2018	33,523.05	54,940.77	19,230.00

NOTE 11: INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances remained on the balance sheet at June 30, 2020:

Fund	Interfund <u>Receivable</u>	Interfund <u>Payable</u>
General Fund Special Revenue Fund	\$154,961.80	\$80,829.29 154,961.80
Enterprise Fund	80,829.29	
	\$235,791.09	\$235,791.09

All balances resulted from the time lag between the dates that short-term loans were disbursed and payments between funds were made.

All interfunds are expected to be repaid within one year.

NOTE 12: FUND BALANCE APPROPRIATED

General Fund – Of the \$3,018,990.65 General Fund fund balance at June 30, 2020, \$473,612.45 is assigned for year-end encumbrances however only \$133,069.06 is reflected on the balance sheet as assigned since the unassigned balance would be negative; \$511,636.50 is restricted for excess surplus of which \$176,636.50 is anticipated in the 2020-2021 budget; \$2,275,239.59 has been restricted in the Capital Reserve Account; and \$99,045.50 is unassigned fund balance designated for subsequent year's expenditures.

NOTE 13: CALCULATION OF EXCESS SURPLUS

. _ . _

In accordance with N.J.S.A.18A:7F-7, as amended by P.L. 2004,c.73 (S1701), the Restricted Fund Balance - Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. Based on this calculation, the Manville School District has \$335,000.00 excess fund balance resulting from the year ended June 30, 2020.

General Fund Expenditures Fiscal Year Ended June 30, 2020	\$29,366,124.40
Less: On-Behalf TPAF Pension and Social Security Reimbursement	3,509,393.92
Adjusted General Fund Expenditures	25,856,730.48
Excess Surplus Percentage 2% of Adjusted 2019-20 General Fund Expenditures	<u>2%</u> 517,134.61
Greater of Line Above of \$250,000.00	517,134.61
Add: Allowable Adjustments	168,147.00
Maximum Unreserved/Undesignated Fund Balance	685,281.61
Actual Unreserved/Undesignated Fund Balance	1,020,281.61
Excess Surplus	\$335,000.00

NOTE 14: CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the Borough of Manville Board of Education for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end (June 1 to June 30) of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6:23A-14.1(g), the balance in the account cannot at any time exceed the local costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the year ending June 30, 2020 year is as follows:

Beginning balance, July 1, 2019		\$1,370,719.19
Add: Interest earnings	\$4,520.40	
Add: Transfer per Board Resolution 6/23/20	900,000.00	
		904,520.40
Ending balance, June 30, 2020		\$2,275,239.59

NOTE 15: DEFERRED COMPENSATION

The District offers its employees a choice of the deferred compensation plans created in accordance with Internal Revenue Code Section 403(b) and 457. The plans permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death, or unforeseeable emergency. Since the District does not have any property or rights to the plan assets and no fiduciary relationship exists between the District and the deferred compensation plan, the plan assets are not included in the District's financial statements as of June 30, 2020.

NOTE 16: INVENTORY

Inventory in the Food Service Fund at June 30, 2020 consisted of the following:

Food and Supplies \$18,002.33

The value of Federal donated commodities as reflected on Schedule A (required by the Single Audit Act Amendments of 1996) is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of non-operating revenue in the financial statements.

NOTE 17: RESTRICTED ASSETS

The funds set aside for the capital reserve are classified as restricted assets (cash and cash equivalents) as they are restricted for use for future capital requirements.

NOTE 18: SUBSEQUENT EVENTS

The Board of Education has evaluated subsequent events occurring after the financial statement date through December 21, 2020 which is the date the financial statements were available to be issued.

The impact of COVID-19 Corona Virus on the District's operations in the 2020-2021 school year cannot reasonably be estimated at this time but it is expected to negatively affect revenues.

Subtotal, overlapping debt			10,716,335.79
Manville Borough School District Direct Debt			-0-
Total direct and overlapping debt			\$10,716,335.79

Source: Borough of Manville Chief Financial Officer, Somerset County Treasurer's Office and Somerset-Raritan Valley Sewage Authority

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Manville. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

(a) For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF BASIC FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH <u>GOVERNMENT AUDITING STANDARDS</u>

Honorable President and Members of the Board of Education Borough of Manville School District County of Somerset Manville, New Jersey 08835

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Borough of Manville School District, in the County of Somerset, State of New Jersey (the "District") as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 21, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough of Manville School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

SUPLEE, CLOONEY & COMPANY

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL AND STATE FINANCIAL ASSISTANCE PROGRAMS AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND NEW JERSEY OMB CIRCULAR 15-08

Honorable President and Members of the Board of Education Borough of Manville School District County of Somerset Manville, New Jersey 08835

Report on Compliance for Each Major Federal and State Program

We have audited the Borough of Manville School District's compliance with the types of compliance requirements described in the federal *OMB Compliance Supplement* and the New Jersey *OMB State Grant Compliance Supplement* that could have a direct and material effect on each of the Borough of Manville School District's major federal and state programs for the year ended June 30, 2020. The District's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Borough of Manville School District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (*Uniform Guidance*) and New Jersey *OMB 15-08*. Those standards, the *Uniform Guidance* and New Jersey *OMB 15-08* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Borough of Manville School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Borough of Manville School District's compliance

SUPLEE, CLOONEY & COMPANY

Opinion on Each Major Federal and State Program

In our opinion, the Borough of Manville School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of the Borough of Manville School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Borough of Manville School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the *Uniform Guidance* and New Jersey *OMB* 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Borough of Manville School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency of deficiencies, in internal control over compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the *Uniform Guidance* and State of New Jersey *OMB 15-08*. Accordingly, this report is not suitable for any other purpose.

Borough of Manville School District Notes to the Schedules of Expenditures of Federal Awards and State Financial Assistance Year Ended June 30, 2020

NOTE 1: <u>GENERAL</u>

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state activity of the Board of Education, Borough of Manville School District. The Board of Education is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from the federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financials assistance.

NOTE 2: BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and federal awards and state financial assistance are presented on the budgetary basis of accounting with the exceptions of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 of the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of the Uniform Guidance, Audits of States, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. The District has elected not to use the 10 percent *de minimis* indirect cost rate as allowed under the Uniform Guidance.

NOTE 3: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedule (RSI) are presented for the general fund and special revenue fund to demonstrate financeregulated legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The General fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes, that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenue, whereas GAAP basis does not.

Borough of Manville School District <u>Notes to the Schedules of Expenditures of Federal Awards</u> <u>and State Financial Assistance</u> <u>Year Ended June 30, 2020</u>

NOTE 3: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (CONTINUED)

The net adjustment to reconcile from the budgetary basis to the GAAP basis is (\$96,678.00) for the general fund and (\$193,362.19) for the special revenue fund. See the notes to the required supplementary information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Federal awards and state financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$70,123.79	\$13,972,962.92	\$14,043,086.71
Special Revenue Fund	962,258.76		962,258.76
Food Service Fund	433,345.31	6,437.48	439,782.79
	1,465,727.86	13,979,400.40	15,445,128.26
GAAP Adjustment - General		(96,678.00)	(96,678.00)
GAAP Adjustment - Special Revenue	(193,362.19)		(193,362.19)
Total Awards and			
Financial Assistance	\$1,272,365.67	\$13,882,722.40	\$15,155,088.07

NOTE 4: RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5: OTHER

Revenues and expenditures reported in the Food Distribution Program represent current year value received and current year distributions respectively. The amount reported as TPAF pension contributions represents the amount paid by the state on behalf of the district for the year ended June 30, 2020. TPAF Social Security contributions represent the amount reimbursed by the state for the employer's share of Social Security contributions for TPAF members for the year ended June 30, 2020.
