President and Members of the Board of Education
New Brunswick School District
New Brunswick, NJ 08901

Dear Board Members:

The comprehensive annual financial report of the New Brunswick School District for the fiscal year ended June 30, 2020 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organization chart, and a list of principal officials. The financial section includes the general purpose financial statements and schedules, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

- 1) **REPORTING ENTITY AND ITS SERVICES:** The New Brunswick School District is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board (GASB) as established by NCGA Statement No. 3. All funds and account groups of the District are included in this report. The New Brunswick Board of Education and all its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre-K through 12. These include regular and vocational, as well as special education for handicapped youngsters. The District completed the 2019-2020 fiscal year with an enrollment of 9,603 students, which is an increase of 6 students above the previous year's enrollment. The following details the changes in the student enrollment of the District over the last three years:

AVERAGE DAILY ENROLLMENT

Fiscal Year	Student Enrollment	Percent Change
2019-2020	9,603	0.5%
2018-2019	9,597	-1.0%
2017-2018	9,652	2.00%
2016-2017	9,466	4.00%

2) **ECONOMIC CONDITION AND OUTLOOK:** Despite the Covid -19 Pandemic, The City of New Brunswick is experiencing a period of normalization after considerable development and expansion with its revitalization program. The City of New Brunswick continues to be a leader in municipal regrowth and revitalization. The City has supported the school district at a high funding level for many years, and the taxation level continues to be above the state averages. Due to the state's dire economic condition there may continue to be increases in the near future concerning local funding.

3) **MAJOR INITIATIVES:** In addition to after-school programs in elementary and secondary education, we continue to operate after-school programs for students with major emphasis on the areas of the New Jersey Student Learning Standards. We have expanded our career education program in the Career Center at the High School. We also continue to offer full-day preschool programs for New Brunswick residents as well as full-day kindergarten programs.

At the high school level, we've implemented a 4x4 schedule as a result of the pandemic. New Brunswick Public Schools also continues to participate in the P-TECH (Pathways in Technology Early College High School) public-private partnership, which provides select students an opportunity to simultaneously earn both a high school diploma and an associate degree in Engineering or an Engineering-related field. In addition, our Adult Learning Center continues to serve the needs of our adult learners and has provided an education to more than 4,000 graduates.

The District's curriculum is comprehensive and research-based, encouraging students to become accountable to a lifelong journey of learning and leading. Through integrating complementary technology, students and staff are empowered with the tools and skills necessary to thrive in a rapidly evolving world. In addition, the District has provided all students in grades Pre-K - 12 with 1:1 Chromebook devices to support instruction.

The New Brunswick Board of Education has established linkages with many community, state and private agencies/groups to assist in the schools' efforts to provide its students with an effective school program. The agencies and groups that cooperate in this endeavor are:

- New Brunswick School Youth Services System
- New Brunswick Tomorrow
- Johnson and Johnson
- New Brunswick Police Department
- Rutgers University of Medicine and Dentistry (UMDNJ)
- Middlesex County College
- Civic League of Greater New Brunswick
- Puerto Rican Action Board

This partial listing is not reflective of all district partnerships, rather those where contacts are made on a regular basis.

The New Brunswick School District actively involves its parents in the education process. The need for parental involvement is ever present and we enjoy active involvement of our parents at all levels. Below is a sampling of activities involving parents at our schools:

- Back-to-School Nights
- Parent-Teacher Conferences
- Academic Fair
- Open House at each Building
- High School Orientation
- Gifted and Talented Council
- College Fairs/Career Workshops K-12
- Principals; Meeting Monthly with PTA's/PTO's
- Parent University
- Bilingual Parent Advisory Committee

There are many more special events taking place throughout the District involving parents and community members.

4) **INTERNAL ACCOUNTING CONTROLS:** Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgements by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5) **BUDGETARY CONTROLS:** In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund and the special revenue fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

6) **ACCOUNTING SYSTEM AND REPORTS:** The District's accounting records reflect generally accepted accounting principles, as promulgated by the GASB. The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note 1.

7) **FINANCIAL INFORMATION AT FISCAL YEAR-END:** As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. Local Sources supporting education had an increase. State and Federal Aid also saw an increase.

8) **CASH MANAGEMENT:** The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 2. The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

9) **RISK MANAGEMENT:** The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

10) **OTHER INFORMATION:** State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Samuel Klein and Company was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the *Uniform Guidance and State Treasury Circular Letter 15-08 OMB*. The auditor's report on the general purpose financial statements and combining the individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

11) **ACKNOWLEDGEMENTS:** We would like to express our appreciation to the members of the New Brunswick School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

The Honorable President and Members
of the Board of Education
New Brunswick Board of Education
County of Middlesex
New Brunswick, New Jersey 08903

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the New Brunswick Board of Education, County of Middlesex, State of New Jersey, as of and for the year ended June 30, 2020 and the related notes to the financial statements, which collectively comprise the Board's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Board's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the New Brunswick Board of Education, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Budgetary Comparison Information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the New Brunswick Board of Education's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, the schedule of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 21, 2021, on our consideration of the New Brunswick Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the New Brunswick Board of Education's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the New Brunswick Board of Education's internal control over financial reporting and compliance.

Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we manage financially during Fiscal Year 2019-2020" The Statement of Net Position and the Statement of Activities answers this question. These statements include all assets and liabilities using the actual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received.

These two statements report the School District's Net Position and changes in those assets. This change in Net Position is important because it tells the reader that, for the School District as a whole, the financial position of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include facility condition, required educational programs, etc.

In the Statement of Net Position and the Statement of Activities, the School District reports governmental activities. Governmental activities are the activities where most of the School District's programs and services are reported including, but not limited to, instruction, support services, operation and maintenance of plant, pupil transportation and extracurricular activities.

Reporting the School District's Most Significant Funds

Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's major governmental funds are the General Fund, the Special Revenue Fund, Capital Projects Fund and the Permanent Fund.

Governmental Funds

The School District's activities are reported in governmental funds, which focuses on how money flows into and out of those funds and the balances left at year-end available for spending in the future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

The School District as a Whole

Recall that the Statement of Net Position provides the perspective of the School District as a whole.

Table 1 provides a summary of the School District's Net Position for 2020.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020
(Continued)**

A majority of all revenue for the New Brunswick City School District comes from the State Department of Education through state/federal aid. This amount represents 59.45% for governmental activities for the New Brunswick City School District.

Instruction comprises 49.12% of District expense, support services 50.88%.

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 provides a comparison schedule of the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements.

A description of each service provided by the School District is detailed as follows:

Instruction expenditures include activities directly dealing with the teaching of pupils and the interaction between teacher and pupils.

Tuition expenditures are for Education Services for pupils residing in the School District and include placements in private, County and State Facilities.

Student and Instructional Related Services expenditures include the activities involved with assisting staff with the content and process of teaching to pupils. Also included are Attendance and Social Work Services, Health Services and Guidance, Child Study and Educational Media Services.

(Continued)**

Board of Education, Administration, Fiscal and Business Expenditures are associated with administration and financial supervision of the District.

Operation and Maintenance of Plant Expenditures involves keeping the school grounds, buildings and equipment in an effective working condition.

Transportation expenditures facilitate the transport of approximately 198 special education students to over 35 specialized educational centers throughout the State. The expenditures reflect salaries, contracted services, vehicle repairs and maintenance, gasoline, road-tolls, guard-dog services and contracted special medical transports.

Business-Type Activities

The School District operates business-type activities for the Food Service Program. During 2019-2020, the School established a Supermarket Careers Fund within the Enterprise Fund. This was initiated to provide students with actual experience as it relates to interaction with other individuals and also with responsibilities dealing with making change. For the current school year the food service had a decrease in Net Position of \$(99,378.64). Ending net position for the food service shows a surplus of \$2,417,043.25. These programs are self-supporting and do not require any board contribution.

General Fund Budgetary Highlights

Over the course of the 2019-2020 school year, the District operated with an approved budget in a timely manner. The budget was implemented and the students received a quality education during the school year.

The District has enough cash flow to go forward in the future to fund the needs of the District on an ongoing basis.

NOTES TO FINANCIAL STATEMENTS

NEW BRUNSWICK BOARD OF EDUCATION

**NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2020**

1. DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY

The New Brunswick Board of Education (the "Board") is a Type II District located in the County of Middlesex, State of New Jersey. As a Type II School District, the members are elected on the first Tuesday in November each year to varying terms.

The New Brunswick Board of Education had an approximate enrollment at June 30, 2020 of 9,603 students.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to insure that the financial statements of the School District are not misleading. The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the Board of Education. For New Brunswick Board of Education, this includes general operations, food service, and student related activities of the School District.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is whether:

- . the organization is legally separate (can sue or be sued in their own name)
- . the District holds the corporate powers of the organization
- . the District appoints a voting majority of the organization's board
- . the District is able to impose its will on the organization
- . the organization has the potential to impose a financial benefit/burden on the District
- . there is a fiscal dependency by the organization on the District

Based on the aforementioned criteria, the District has no component units.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the New Brunswick Board of Education have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School District also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or before November 30, 1989, to its governmental activities provided they do not conflict with or contradict GASB pronouncements. The most significant of the School District's accounting policies are described below.

A. Basis of Presentation

The School District's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

A. **Basis of Presentation (Continued)**

1. **Government-Wide Financial Statements**

The statement of net position and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

The statement of net position presents the financial condition of the governmental activities of the School District at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the School District.

2. **Fund Financial Statements**

During the year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance.

Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column.

B. **Fund Accounting**

The School District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts.

1. **Governmental Funds**

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the School District's major governmental funds:

General Fund - The General Fund is the General Operating Fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment which are classified in the Capital Outlay subfund.

As required by the New Jersey State Department of Education, the District includes budgeted Capital Outlay in this fund. Accounting principles generally accepted in the United States of America (GAAP) as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Fund Accounting (Continued)

1. Governmental Funds (Continued)

General Fund (Continued)

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for and the payment of principal and interest on bonds issued to finance major property acquisitions, construction and improvement programs.

Permanent Fund - The Permanent Fund is used to account for assets held under the terms of a formal trust agreement, whereby the District is under obligation to maintain the trust principal. Resources are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting entity's programs - that is, for the benefit of the school district. The District presently has resources that are considered permanent funds.

2. Proprietary Fund Type

The focus of Proprietary Fund measurement is upon determination of net income, financial position and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the Proprietary Fund of the District:

Enterprise Fund - The Enterprise Fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the District is that the costs (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis be financed or recovered primarily through user charges; or, where the District has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The District's Enterprise Fund is comprised of the Food Service Fund.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Fund Accounting (Continued)

2. Proprietary Fund Type (Continued)

Enterprise Fund (Continued)

All Proprietary Funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities, whether current or noncurrent, associated with their activity are included on their balance sheets. Their reported fund equity (net total position) is segregated into contributed capital and unreserved retained earnings, if applicable. Proprietary Fund type operating statements present increases (revenues) and decreases (expenses) in net total position.

Depreciation of all exhaustive fixed assets used by Proprietary Funds is charged as an expense against their operations. Accumulated depreciation is reported on Proprietary Fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives in the operation of the Enterprise Funds are approximately 10 years.

Internal Service Funds - These funds may be used to report any activity that provides goods or services to other funds, departments or agencies of the primary entity and its component units, or to other governments, on a cost-reimbursement basis. In addition, internal service funds are used only if the reporting school district is the predominant participant in the activity. The District does not currently utilize any internal service funds.

3. Fiduciary Funds

Trust and Agency Funds - The Trust and Agency Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds.

Private Purpose Scholarship Funds

Expendable Trust Fund - An Expendable Trust Fund is accounted for in essentially the same manner as the Governmental Fund types, using the same measurement focus and basis of accounting. Expendable Trust Funds account for assets where both the principal and interest may be spent. The Expendable Trust Fund includes the Unemployment Compensation Insurance Fund and Scholarship Funds.

Nonexpendable Trust Fund - A Nonexpendable Trust Fund is used to account for assets held under the terms of a formal trust agreement, whereby the District is under obligation to maintain the trust principal.

Unemployment Insurance Trust - The SUI Fund is an employee benefit trust fund which accounts for resources held and administered while acting in a fiduciary capacity for individuals or other government agencies. Assets are held in trust for members of the defined contribution plan.

Agency Funds - Agency Funds are used to account for the assets that the District holds on behalf of others as their agent. These funds are custodial in nature and do not involve measurement of results of operations. Agency Funds include payroll and student activities funds.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Fund Accounting (Continued)

4. Long-Term Debt

Long-term liabilities expected to be financed from Governmental Funds are accounted for in the General Long-Term Debt, not in the Governmental Funds. This includes serial bonds outstanding that are expected to be financed from Governmental Funds, the outstanding principal balance on capital leases and the outstanding principal on outstanding bonds. Because the District is a Type I District, all serial bonds are issued by the municipality. Effective November 6, 2012, any new debt will be issued by the School District because of a voter change from a Type I to a Type II School District.

C. Measurement Focus

1. Government-Wide Financial Statements

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and liabilities associated with the operation of the School District are included on the Statement of Net Position.

2. Fund Financial Statements

All Governmental Funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

All Proprietary Funds are accounted for on a flow of economic resources measurement focus. With this measurement, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Fund equity (i.e., net total position) is segregated into contributed capital and retained earnings components. Proprietary Fund-type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total position.

Fiduciary Funds are reported using the economic resources measurement focus.

D. Basis of Accounting

The modified accrual basis of accounting is used for measuring financial position and operating results of all Governmental Fund types, Expendable Trust Funds and Agency Funds. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. State equalization monies are recognized as revenue during the period in which they are appropriated. A one-year availability period is used for revenue recognition for all other governmental fund revenues. Expenditures are recognized in the accounting period in which the fund liability is incurred, except for principal and interest on general long-term debt which are recorded when due.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Basis of Accounting (Continued)

Ad Valorem (Property) Taxes are susceptible to accrual and under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive moneys under the established payment schedule and the unpaid amount is considered to be an "accounts receivable".

In its accounting and financial reporting, the District follows the pronouncements of the Governmental Accounting Standards Board (GASB) and the pronouncements of the Financial Accounting Standards Board (FASB) and its predecessor organizations issued on or before November 30, 1989, unless they conflict with or contradict GASB pronouncements. The District's Proprietary Funds have elected not to apply the standards issued by FASB after November 30, 1989.

The accrual basis of accounting is used for measuring financial position and operating results of proprietary fund types and nonexpendable trust funds. Under this method, revenues are recognized in the accounting period in which they are earned and expenses are recognized when they are incurred.

E. Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the General, Special Revenue, and Debt Service Funds. The budgets are submitted to the county office for approval. Budgets which meet the tax levy cap requirements do not require voter approval. Budgets which exceed the tax levy cap require voter approval for the excess amount at the November election. Budgets are prepared using the modified accrual basis of accounting, except for the Special Revenue Fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. Transfers of appropriations may be made by School Board resolution at any time during the fiscal year subject to the limitation of N.J.A.C. 6A:23A-2.3 (et seq.).

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the Special Revenue Fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the Special Revenue Fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The overexpenditures related to on-behalf payments in the general fund are due to the inclusion of the nonbudgeted on-behalf payments made by the State of New Jersey as district expenditures. These amounts are offset by related revenues and as such do not represent budgetary overexpenditures.

The following presents a reconciliation of the General Fund Revenue and Special Revenue Fund Revenue from the budgetary basis of accounting as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual - General, Special Revenue and Debt Service Funds to the GAAP basis of accounting as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - All Governmental Fund Types.

F. **Encumbrances**

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds, other than the Special Revenue Fund, are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities, but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the Special Revenue Fund, for which the District has received advances, are reflected in the balance sheet as deferred inflows at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Assets, Liabilities and Equity

1. Cash, Cash Equivalents and Investments

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited to the types of investments and types of financial institutions they may invest in. New Jersey Statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include savings and loan institutions, banks, (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

2. Inventories and Prepaid Expenses

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the Enterprise Fund are recorded as an expenditure during the year of purchase.

Inventories in the Proprietary Funds are valued at cost, which approximates market, using the first-in-first-out (FIFO) method. Deferred Outflows in the Enterprise Fund represent payments made to vendors for services that will benefit periods beyond June 30, 2020.

3. Allowance for Uncollectible Accounts

No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

4. Tuition Receivable

Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

5. Tuition Payable

Tuition charges for the fiscal years 2018-19 and 2019-20 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Assets, Liabilities and Equity (Continued)

6. Short-Term Interfund Receivables/Payables

Short-term interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year.

7. Capital Assets

General capital assets result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the date received. The District maintains a capitalization threshold of \$2,000.00. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets except for land are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method under the half year convention over the following useful lives:

<u>Asset Class</u>	<u>Estimated Lives</u>
School Buildings	50 - 100 years
Building Improvements	50 - 100 years
Vehicles	18 years
Furniture and Equipment	20 years

8. Compensated Absences

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

The entire sick leave and vacation leave liabilities are reported on the government-wide financial statements.

For Governmental Fund financial statements, the current portion of unpaid compensated absences is in the amount expected to be paid using expendable available resources. These amounts are recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated unpaid leave are paid. The noncurrent portion of the liability is not reported.

In proprietary and similar trust funds, compensated absences are recorded as an expense and liability of the fund that will pay for them.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Assets, Liabilities and Equity (Continued)

9. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the governmental funds. However, the noncurrent portion of capital leases, compensated absences and loans payable that will be paid from Governmental Funds are reported as a liability in the fund financial statements only to the extent that they are normally expected to be paid with expendable, available financial resources.

10. Net Position

The District has implemented GASB Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position. This statement defines net position as the residual of all other elements presented in a statement of financial position. It is the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources. This Statement provides guidance for reporting net position within a framework that includes deferred outflows of resources and deferred inflows of resources, in addition to assets and liabilities.

The District has implemented GASB No. 65, *Items Previously Reported as Assets and Liabilities*. This statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

A deferred outflow of resources is a consumption of net position by the District that is applicable to a future reporting period. A deferred inflow of resources is an acquisition of net position by the District that is applicable to a future reporting period.

Net position is displayed in three components - net investment in capital assets; restricted and unrestricted.

The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also would be included in this component of net position.

The restricted component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

The unrestricted component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

11. Deferred Inflows

Deferred inflows in the special revenue fund represents cash that has been received but not yet earned. Deferred inflows in the General Fund represents prepaid fees collected for future programs.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Assets, Liabilities and Equity (Continued)

12. Fund Equity

Contributed capital represents the amount of fund capital contributed to the Proprietary Funds from other funds. Reserves represent those portions of fund equity not available for appropriation for expenditure or legally segregated for a specific future use. Designated fund balances represent plans for future use of financial resources.

13. Fund Balance

GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* ("GASB 54") established fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Under GASB 54, fund balances in the governmental funds financial statements are reported under the modified accrual basis of accounting and classified into the following five (5) categories, as defined below:

- a. Nonspendable - includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Assets included in this fund balance category include prepaid assets, inventories, noncurrent receivables and corpus of any permanent funds.
- b. Restricted - includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers or through enabling legislation.
- c. Committed - includes amounts that can be used only for the specific purposes imposed by a formal action of the government's highest level of decision-making authority. The District's highest level of decision-making authority is the Board of Education (the "Board") and formal action is taken by resolution of the Board at publicly held meetings. Once committed, amounts cannot be used for other purposes unless the Board revised or changes the specified use by taking the same action (resolution) taken to originally commit these funds.
- d. Assigned - amounts intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed. Intent is expressed by either the Board or by the Business Administrator, to whom the Board has delegated the authority to assign amounts to be used for specific purposes, including the encumbering of funds.
- e. Unassigned - includes all spendable amounts not contained in the other classifications in the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed or assigned to specific purposes within the general fund. The general fund is the only fund that reports a position unassigned fund balance amount. In the other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed. For the unrestricted fund balance, the District first spends committed funds, then assigned funds, and finally, unassigned funds.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Assets, Liabilities and Equity (Continued)

14. Proprietary Funds Revenues and Expenses

Proprietary Funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with a Proprietary Fund's principal ongoing operations. The principal operating revenues of the School District Enterprise Fund, (the Food Service) are charges to customers for sales of food service. Operating expenses for Enterprise Funds include the cost of sales and services, administrative expense and depreciation on Capital Assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

15. Rebatable Arbitrage

Rebatable arbitrage results from investing the proceeds of borrowed funds either directly or indirectly into investments that are higher in yield than the bond yield incurred on the borrowed funds. In accordance with GASB 34, rebatable arbitrage is treated like a claim or judgment. All interest income is reported as revenue of the Capital Projects Fund. The liability, if any, is recorded in the "Statement of Net Position".

16. Non-Monetary Transactions

Commodities received under the Federal Food Distribution Program are received by the District and are recorded as nonoperating revenue when received in the Food Service Enterprise Fund at market value. The use of the commodities is included in cost of sales.

17. Allocation of Expenses

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Employee benefits, including the employer's share of social security, workers' compensation, and medical and dental benefits, were allocated based on salaries of that program. Depreciation expense, where practicable, is specifically identified by function and is included in the direct expense column of the Statement of Activities. Depreciation expense that could not be attributed to a specific function is reported separately on the Statement of Activities. No expenses were allocated as "Indirect Expenses".

18. Extraordinary and Special Items

Extraordinary items are transactions or events that are unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

19. Accounting and Financial Reporting for Pensions

In fiscal year 2015, the District implemented GASB 68. This Statement amends GASB Statement No. 27. It improves accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local government employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. This Statement replaces the requirement of Statement No. 27, *Accounting for Pension by State and Local Governmental Employers*, as well as the requirements of Statement No. 50, *Pension Disclosures*, as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements that meet certain criteria. The requirements of Statements 27 and 50 remain applicable for pensions that are not covered by the scope of this Statement. This statement is effective for periods beginning after June 15, 2014.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Assets, Liabilities and Equity (Continued)

19. Accounting and Financial Reporting for Pensions (Continued)

The District has also implemented GASB Statement 71, *Pension Transition for Contributions made Subsequent to the Measurement Date-an amendment to GASB No. 68*. The objective of this Statement is to address an issue regarding application of the transition provisions of Statement No. 68, *Accounting and Financial Reporting for Pensions*. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or nonemployer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability.

Statement 68 requires a state or local government employer (or nonemployer contributing entity in a special funding situation) to recognize a net pension liability measured as of a date (the measurement date) no earlier than the end of its prior fiscal year. If a state or local government employer or nonemployer contributing entity makes a contribution to a defined benefit pension plan between the measurement date of the reported net pension liability and the end of the government's reporting period, Statement 68 requires that the government recognize its contribution as a deferred outflow of resources.

In addition, Statement 68 requires recognition of deferred outflows of resources and deferred inflows of resources for changes in the net pension liability of a state or local government employer or nonemployer contributing entity that arise from other types of events. At transition to Statement 68, if it is not practical for an employer or nonemployer contributing entity to determine the amounts of all deferred outflows of resources and deferred inflows of resources related to pensions, paragraph 137 of Statement 68 required that beginning balances for deferred outflows of resources and deferred inflows of resources not be reported. Consequently, if it is not practical to determine the amounts of all deferred outflows of resources and deferred inflows of resources related to pensions, contributions made after the measurement date of the beginning net pension liability could not have been reported as deferred outflows of resources at transition. This could have resulted in a significant understatement of an employer or nonemployer contributing entity's beginning net position and expense in the initial period of implementation.

This Statement amends paragraph 137 of Statement 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability. Statement 68, as amended, continues to require that beginning balances for other deferred outflows of resources and deferred inflows of resources related to pensions be reported at transition only if it is practical to determine all such amounts.

20. Other Accounting Standards

The District is currently reviewing the following for applicability and potential impact on the financial statements:

- *GASB Statement No. 87. Leases.* The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract.

Effective Date: The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged. The District does not expect this Statement to impact its financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Assets, Liabilities and Equity (Continued)

20. Other Accounting Standards (Continued)

- *GASB Statement No. 89. Accounting for Interest Cost Incurred Before the End of a Construction Period.* The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period.

Effective Date: The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged. The requirements of this Statement should be applied prospectively. The District does not expect this Statement to impact its financial statements.

- *GASB Statement No. 91. Conduit Debt Obligations.* The objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issues, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures.

Effective Date: The requirements of this Statement are effective for reporting periods beginning after December 15, 2020. Earlier application is encouraged. The District does not expect this Statement to impact its financial statements.

- *GASB Statement No. 92. Omnibus 2020.* The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB statements.

Effective Date: The requirements of this Statement are effective for reporting periods beginning after June 15, 2020. Earlier application is encouraged. The District does not expect this Statement to impact its financial statements.

- *GASB Statement No. 93. Replacement of Interbank Offered Rates.* The objective of this Statement is to address accounting and financial reporting implications that result from the replacement of an IBOR.

Effective Date: The requirements of this Statement are effective for reporting periods beginning after June 15, 2020. The District does not expect this Statement to impact its financial statements.

- *GASB Statement No. 94. Public-Private and Public-Public Partnerships and Availability Payment Arrangements.* The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs).

Effective Date: The requirements of this Statement are effective for reporting periods beginning after June 15, 2022. Earlier application is encouraged. The District does not expect this Statement to impact its financial statements.

- *GASB Statement No. 96. Subscription-Based Information Technology Arrangements.* The primary objective of this Statement is to provide guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITA's) for government end users (governments).

Effective Date: The requirements of this Statement are effective for reporting periods beginning after June 15, 2022. Earlier application is encouraged. The District does not expect this Statement to impact its financial statements.

- *GASB Statement No. 97. Certain Component Unit Criteria and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans. An Amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32.* The primary objectives of this Statement increase consistency and comparability, mitigate cost and to enhance the relevance, consistency and comparability of the accounting and financial reporting for Internal Revenue Code Section 457.

Effective Date: The requirements of this Statement are effective for reporting periods beginning after June 15, 2021. Earlier application is encouraged. The District does not expect this Statement to impact its financial statements.

3. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and Cash Equivalents include petty cash, change funds, amounts in deposits, and short-term investments with original maturities of three months or less.

Investments are stated at cost, which approximates market. The District classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments. The District is in compliance with GASB No. 3 as amended by GASB No. 40.

New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey that are insured by the Federal Deposit Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey Statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

3. CASH AND CASH EQUIVALENTS AND INVESTMENTS (Continued)

Custodial Credit Risk - This is the risk that in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, the Board will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The Board does not have a policy for custodial credit risk. Federal depository insurance and New Jersey's Governmental Unit Deposit Protection Act mitigate this risk.

Interest Rate Risk - This is the risk that changes in market interest rates that will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to change in market interest rates. The Board's investment policy does not include limits on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

As of June 30, 2020, the Board's cash, cash equivalents and investments consisting of the following are:

	<u>2020</u>

New Jersey Cash Management Fund - All investments in the Fund are governed by the regulations of the Investment Council, which prescribe specific standards designed to insure the quality of investments and to minimize the risks related to investments. In all the years of the Division of Investment's existence, the Division has never suffered a default of principal or interest on any short-term security held by it due to the bankruptcy of a securities issuer; nevertheless, the possibility always exists, and for this reason a reserve is being accumulated as additional protection for the "Other-than-State" participants. In addition to the Council regulations, the Division sets further standards for specific investments and monitors the credit of all eligible securities issuers on a regular basis.

New Brunswick is a Type II School District.

B. Debt Service Requirements

New Brunswick was a Type I School District until November 6, 2012 when the voters approved switching from a Type I to a Type II School District. All outstanding bonds were issued for the School District by the Municipality. There is no Type II debt as of June 30, 2020.

C. Bonds Authorized but Not Issued

As of June 30, 2020, there were no Bonds authorized but not issued.

7. LEASE PURCHASE AGREEMENT

On April 22, 2014, the Board approved a resolution appointing a lessor relating to a lease purchase agreement for the Energy Savings Plan to execute certain agreements on its behalf including a lease purchase agreement and an escrow agreement in an amount not to exceed \$17,000,000.00. In an effort to generate reduced Board energy expenses for the benefit of School District property taxpayers through energy efficiency improvements, energy audits were conducted for the School District's facilities consisting of: Roosevelt Elementary, Livingston Elementary, Lincoln Elementary, Middle, Woodrow Wilson Elementary, McKinley, Paul Robeson Elementary, New Brunswick High and Lord Stirling Community Schools, the School District Office (St. Peters) and the Adult Learning Center to develop and implement an Energy Savings Plan.

The Board (Lessee) entered into an agreement with TD Equipment Finance, Inc. (Lessor) for the Lease Purchase Agreement to rent certain agreed upon equipment. During the term of this agreement, pursuant to the provisions of N.J.A.C. 5:34-3.3 title to the equipment and any and all repairs, replacements, substitutions and modifications thereto shall be the Lessor. Upon termination of this lease through exercise of the Board's option to early purchase or through payment by the Board of all rental payments, TD Equipment Finance shall deliver to the Board such documents of ownership.

Proceeds shall be deposited into an escrow account and the Board will draw upon this account to pay for the cost of the equipment.

8. PENSION PLANS

Description of Plan

All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both systems will be assumed by the State of New Jersey should the systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees' Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, P. O. Box 295, Trenton, New Jersey 08625.

Teachers' Pension and Annuity Fund (TPAF)

The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related noncontributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System (PERS)

The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another State-administered retirement system or other state or local jurisdiction.

8. *PENSION PLANS (Continued)*

Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6 for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/55 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Pension benefits for members enrolled in PERS after May 21, 2010 would be based on 1/60th of the average annual compensation for the last five years of service or any five fiscal years of membership that provide the largest benefit to the member of the member's beneficiary. Early retirement is available to those under age 60 with 25 or more years of credited service. Anyone who retires early and is under age 55 receives retirement benefits as calculated in the above-mentioned formula but at a reduced rate (one quarter of one percent for each month the member lacks of attaining age 55). The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the system.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Significant Legislation

P.L. 2011, c. 78, effective June 28, 2011, made various changes to the manner in which TPAF and PERS operates and to the benefit provisions of those systems.

This new legislation's provisions impacting employee pension and health benefits include:

- New members of TPAF and PERS hired on or after June 28, 2011 (Tier 5 members), will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of ¼ to 1 percent for each month that the member is under age 65.
- The eligibility age to qualify for a service retirement in the TPAF and PERS is increased from age 62 to 65 for Tier 5 members.
- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by this law.

In addition, this new legislation changes the method for amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay).

Contribution Requirements

The contribution policy is set by New Jersey State Statutes and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation.

In accordance with the provisions of Chapter 78, P.L. 2011, employee pension contribution rates for TPAF and PERS is currently 7.50% of employees' annual compensation, as defined.

Employers are required to contribute at an actuarially determined rate in both PERS and TPAF. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the TPAF and PERS. In the PERS and TPAF, the employer contribution includes funding for post-retirement medical premium. Under current statute, the school is a noncontributing employer of the TPAF.

June 30, 2018	9,334,742.00	100%	16,689.00	6,029,111.00

During the fiscal year ended June 30, 2020, the State of New Jersey contributed \$14,922,087.00 to the TPAF for normal pension, \$15,031.00 for Long-Term Disability Insurance and \$5,535,821.00 for Post-Retirement Medical Benefits On-Behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$5,389,365.35 during the year ended June 30, 2020 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the basic financial statements and the individual fund and account group statements and schedules as a revenue and expenditure in accordance with GASB 27.

Legislation enacted during 1993 provided early retirement incentives for certain members for TPAF and PERS who met certain age and service requirements and who applied for retirement between certain dates in the 1994 fiscal year. The early retirement incentives included: (a) an additional five years of service credit for employees at least age 50 with a minimum of 25 years of service; (b) free health benefits for employees at least 60 years old with at least 20 years of service; and (c) an additional \$500 per month for two years for employees at least age 60 with 10 but less than 20 years of service. The Board assumed the increased cost for the early retirement as it affected their District.

Teachers' Pension and Annuity Fund (TPAF)

Summary of Significant Accounting Policies

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers' Pension and Annuity Fund (TPAF) and additions to/deductions from the TPAF's fiduciary net position have been determined on the same basis as they are reported by the TPAF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

8. **PENSION PLANS (Continued)**

Teachers' Pension and Annuity Fund (TPAF) (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The employer contributions for the district are legally required to be funded by the State in accordance with N.J.S.A. 18:66-33. Therefore, the district (employer) is considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the district (employer) does not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the district. However, the State's portion of the net pension liability that was associated with the district was \$398,253,716, as measured on June 30, 2019 and \$393,703,487 as measured on June 30, 2018.

For the year ended June 30, 2020, the district recognized pension expense of \$23,490,069 and revenue of \$23,490,069 for support provided by the State. The measurement period for the pension expense and revenue reported in the district's financial statements (A-2) at June 30, 2020 is based upon changes in the collective net pension liability with a measurement period of June 30, 2018 through June 30, 2019. Accordingly, the pension expense and the related revenue associated with the support provided by the State is based upon the changes in the collective net pension liability between July 1, 2018 and June 30, 2019.

Although the district does not report net pension liability or deferred outflows or inflows related to the TPAF, the following schedule illustrates the collective net pension liability and deferred items and the State's portion of the net pension liability associated with the district. The collective amounts are the total of all New Jersey local governments participating in the TPAF plan.

	<u>June 30, 2019</u>	<u>June 30, 2018</u>
Collective Deferred Outflows of Resources	\$ 10,077,460,797	\$ 12,599,296,329

State's Portion of the Net Pension Liability that was Associated with the District as a Percentage of the Collective Net Pension Liability	0.6489287776%	0.6188569319%

Actuarial Assumptions

The total pension liability for the June 30, 2019 measurement date was determined by an actuarial valuation as of July 1, 2018, which was rolled forward to June 30, 2019. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases:	
Through 2026	1.55% - 4.45%
	Based on Years of Service
Thereafter	2.75% - 5.65%
	Based on Years of Service
Investment Rate of Return	7.00%

Teachers' Pension and Annuity Fund (TPAF) (Continued)

Actuarial Assumptions (Continued)

Pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2019.

The actuarial assumptions used in the July 1, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2015 to June 30, 2018.

Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2019) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the TPAF's target asset allocation as of June 30, 2019 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Risk Mitigation Strategies	3.00%	4.67%
Cash Equivalents	5.00%	2.00%

Discount Rate

The discount rate used to measure the total pension liability was 5.60% as of June 30, 2019. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.50% as of June 30, 2019, based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal year. The State contributed 50% of the actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2054. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2054 and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

Since the District has no proportionate share of the net pension liability because of the special funding situation, the District would not be sensitive to any changes in the discount rate. Detailed information about the pension plan's sensitivity of the collective net pension liability to changes in the discount rate is available in the separately issued State of New Jersey Division of Pensions and Benefits financial report at <http://www.nj.gov/treasury/pensions/documents/financial/qasb/qasb68-tpaf19.pdf>.

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Division of Pensions and Benefits financial report at <http://www.nj.gov/treasury/pensions/financial-rpts-home.shtml>.

Summary of Significant Accounting Policies

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the PERS and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the District reported a liability of \$50,795,907.00 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2018, which was rolled forward to June 30, 2019. The total pension liability for the June 30, 2018 measurement date was determined by an actuarial valuation as of July 1, 2018. The District's proportion of the net pension liability is based on the ratio of the contributions as an individual employer to total contributions to the PERS during the years ended June 30, 2019 and 2018. At June 30, 2019, the District's proportion was 0.2819100108%, which was an increase of 0.0044748007% from its proportion measured as of June 30, 2018.

Changes in Proportion and Differences Between District Contributions and Proportionate Share of Contributions	2,673,388	174,225
District Contributions Subsequent to the Measurement Date	<u>2,742,154</u>	
	<u>\$ 11,399,420</u>	<u>\$ 12,831,551</u>

The \$2,742,154 reported as deferred outflows of resources related to pensions resulting from school district contributions subsequent to the measurement date (i.e. for the school year ending June 30, 2020 the plan measurement date is June 30, 2019) will be recognized as a reduction of the net pension liability measured as of June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended June 30</u>	<u>Amount</u>
2020	\$ (1,466,753.98)
2021	(4,758,123.20)

District's Proportion Percentage	0.2819100108%	0.2774352101%

Actuarial Assumptions

The collective total pension liability for the June 30, 2019 measurement date was determined by an actuarial valuation as of July 1, 2018, which was rolled forward to June 30, 2019. This actuarial valuation used the following actuarial assumptions:

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases:	
Through 2026	2.00% - 6.00%
	Based on Years of Service
Thereafter	3.00% - 7.00%
	Based on Years of Service
Investment Rate of Return	7.00%

Preretirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality Improvement is based on Scale MP-2019.

The actuarial assumptions used in the July 1, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2019) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2019 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Risk Mitigation Strategies	3.00%	4.67%
Cash Equivalents	5.00%	2.00%
U.S. Treasuries	5.00%	2.68%
Investment Grade Credit	10.00%	4.25%
High Yield	2.00%	5.37%
Private Credit	6.00%	7.92%
Real Assets	2.50%	9.31%
Real Estate	7.50%	8.33%
U.S. Equity	28.00%	8.26%
Non-U.S. Developed Markets Equity	12.50%	9.00%
Emerging Markets Equity	6.50%	11.37%
Private Equity	12.00%	10.85%

Discount Rate

The discount rate used to measure the total pension liability was 6.28% as of June 30, 2019. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 3.50% as of June 30, 2019, based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on 70% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2057. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2057 and the municipal bond rate was applied to projected benefit payments through 2057 and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

9. POST-RETIREMENT BENEFITS

General Information about the OPEB Plan

Plan Description and Benefits Provided

The State of New Jersey provides employer-paid coverage to members of the TPAF who retire from a board of education or county college with 25 years of service or on a disability retirement. Under the provision of Chapter 126, P.L. 1992, the State also provides employer-paid coverage to members of PERS and Alternate Benefits Program (ABP) who retire from a board of education or county college with 25 years of service or on a disability retirement if the member's employer does not provide this coverage. Certain local participating employers also provide post-retirement medical coverage to their employees. Retirees who are not eligible for employer paid health coverage at retirement can continue in the program if their employer participates in this program or if they are participating in the health benefits plan of their former employer and are enrolled in Medicare Parts A and B by paying the cost of the insurance for themselves and their covered dependents. In Fiscal Year 2019, the State paid PRM benefits for 153,893 State and local retirees.

The State funds post-retirement medical benefits on a "pay-as-you-go" basis, which means that the State does not pre-fund, or otherwise establish a reserve or other pool of assets against the PRM expenses that the State may incur in future years. For Fiscal Year 2019, the State contributed \$1.908 billion to pay for pay-as-you-go PRM benefit costs incurred by covered retirees. The State's "pay-as-you-go" contributions have remained consistent with Fiscal Year 2018 amounts. The State has appropriated \$1.612 billion in Fiscal Year 2020 as the State's contribution to fund pay-as-you-go PRM costs.

In accordance with the provisions of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, the State is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to retired plan members. This new standard supersedes the previously issued guidance GASB Statement No. 45, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, effective for Fiscal Year 2018. The State is now required to accrue a liability in all instances where statutory language names the State as the legal obligator for benefit payments. The Fiscal Year 2019 total State OPEB liability to provide these benefits is \$76.0 billion, a decrease of \$14.5 billion or 16 percent from the \$90.5 billion liability recorded in Fiscal Year 2018.

General Information about the OPEB Plan (Continued)

Plan Description and Benefits Provided (Continued)

The School Employees Health Benefits Program (SEHBP) Act is found in New Jersey Statutes Annotated, Title 52, Article 17.25 et seq. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB's No. 75.

Total OPEB Liability

The State, a nonemployer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The LEA's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASB's No. 75 is zero percent. Accordingly, the LEA did not recognize any portion of the collective net OPEB liability on the Statement of Net Position. Accordingly, the following OPEB liability note information is reported at the State's level and is not specific to the board of education/board of trustees. Note that actual numbers will be published in the NJ State's CAFR (<https://www.nj.gov/treasury/omb/cafr.shtml>).

Actual assumptions and other imputes. The total OPEB liability in the June 30, 2019 actuarial valuation reported by the State in the State's most recently issued CAFR was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Total Nonemployer OPEB Liability

The total nonemployer OPEB liability as of June 30, 2019 was determined by an actuarial valuation as of June 30, 2018, which was rolled forward to June 30, 2019. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Total Nonemployer OPEB Liability	\$41,729,081,045		
Inflation Rate	2.50%		
		<u>TPAF/ABP</u>	<u>PERS</u>
Salary Increases:			
Through 2026	1.55% - 3.05%		2.00% - 6.00%

	Service Years		Service Years
Thereafter	1.55% - 3.05%		3.00% - 7.00%
	Based on		Based on
	Service Years		Service Years

Preretirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP), "General" (PERS), and "Safety" (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2019. Postretirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2019. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2019.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of actuarial experience studies for the periods July 1, 2015 - June 30, 2018, July 1, 2014 - June 30, 2018 and July 1, 2013 - June 30, 2018 for TPAF, PERS and PFRS, respectively.

9. POST-RETIREMENT BENEFITS (Continued)

Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend rate is initially 5.7% and decreases to a 4.5% long-term trend rate after eight years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rate for fiscal year 2020 are reflected. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.5% and decreases to a 4.5% long-term trend rate after eight years. For the Medicare Part B reimbursement, the trend rate is 5.0%.

Discount Rate

The discount rate for June 30, 2019 was 3.50%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

At June 30, 2020, the State's proportionate share of the OPEB liability attributable to the District is \$233,193,368. The nonemployer allocation percentages are based on the ratio of the State's proportionate share of the OPEB liability attributable to the District at June 30, 2019 to the total OPEB liability of the State Health Benefit Program Fund - Local Education Retired Employees Plan at June 30, 2019. At June 30, 2019, the State's share of the OPEB liability attributable to the District was .5588 percent, which was an increase of .0160 percent from its proportionate share measured as of June 30, 2018 of .5428 percent.

There were no changes of benefit term.

Changes of assumptions and other inputs reflect a change in the discount rate from 3.87 percent in 2018 to 3.50 percent in 2019.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2020, the board of education recognized OPEB expense of \$9,636,315 determined by the State as the total OPEB liability for benefits provided through a defined benefit OPEB plan that is not administered through a trust that meets the criteria in paragraph 4 of GASB's No. 75 and in which there is a special funding situation. This amount has been included in the District-Wide Statement of Activities (accrual basis) as a Revenue and Expense in accordance with GASB No. 85.

10. DEFINED CONTRIBUTION RETIREMENT PROGRAM

Description of System

The Defined Contribution Retirement Program (DCRP) was established on July 1, 2007 for certain public employees under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007. The program provides eligible members, with a minimum base salary of \$1,500.00 or more, with a tax-sheltered, defined contribution retirement benefit, in addition to life insurance and disability coverage. The DCRP is jointly administered by the Division of Pensions and Benefits and Prudential Financial.

If the eligible elected or appointed official will earn less than \$5,000.00 annually, the official may choose to waive participation in the DCRP for that office or position. This waiver is irrevocable.

10. DEFINED CONTRIBUTION RETIREMENT PROGRAM (Continued)

Description of System (Continued)

As of May 21, 2010, the municipal base salary required for eligibility in the DCRP was increased to \$5,000.00.

This retirement program is a new pension system where the value of the pension is based on the amount of the contribution made by the employee and employer and through investment earnings. It is similar to a Deferred Compensation Program where the employee has a portion of tax deferred salary placed into an account that the employee manages through investment options provided by the employer.

The law required that three classes of employees enroll in the DCRP, detailed as follows:

- All elected officials taking office on or after July 1, 2007, except that a person who is reelected to an elected office held prior to that date without a break in service may remain in the Public Employees' Retirement System (PERS).
- A Governor appointee with the advice and consent of the Legislature or who serves at the pleasure of the Governor only during that Governor's term of office.
- Employees enrolled in the PERS on or after July 1, 2007 who earn salary in excess of established "maximum compensation" limits.
- Employees otherwise eligible to enroll in the PERS on or after November 2, 2008 who do not earn the minimum salary for PERS Tier 3, but who earn salary of at least \$5,000.00.
- Employees otherwise eligible to enroll in the PERS after May 21, 2010, who do not work the minimum number of hours per week required for PERS Tier 4 or Tier 5 enrollment (32 hours per week) but who earn salary of at least \$5,000.00 annually.

Notwithstanding the foregoing requirements, other employees who hold a professional license or certificate or meet other exceptions are permitted to remain to join or remain in PERS.

11. COMPENSATED ABSENCES

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions.

The liability for vested compensated absences of the Governmental Fund types is recorded in the current and long-term liabilities. The current portion of the compensated absence balance of the Governmental Funds is not considered material to the applicable funds total liabilities, and therefore is not shown separately from the long-term liability balance of compensated absences.

The liability for vested compensated absences of the Proprietary Fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2020, \$33,976.25 existed for compensated absences in the Proprietary Fund types.

12. DEFERRED COMPENSATION

The District offers its employees a choice of various deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

Travelers Life and Annuity Company
The Equitable Financial Companies
American Express Financial
VALIC

13. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Property and Liability Insurance - The District maintains commercial insurance coverage for property, liability and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

New Jersey Unemployment Compensation Insurance - The Board of Education maintains self-insurance funds for workmen's compensation and unemployment compensation. Workmen's compensation claims are administered by the Berkeley Risk Managers; and unemployment compensation claims are administered by the State of New Jersey Employment Security Agency.

The Board of Education finances its employee medical insurance program, which includes prescription, drug and vision, under a Minimum Premium Payment Plan (the "Plan"). The Plan requires the Board to establish a Premium Stabilization Fund (the "Fund"), the purpose of which is to stabilize premium rates and provide a resource for the payment of excess claims. The Fund can be used to mitigate the effect on premiums of excess charges for claims against the Fund or to cover the cost of run-out health claims in the event the Board of Education severs its relationship with the insurer.

14. INTERFUND BALANCES AND TRANSFERS

The interfund receivable/payable as of June 30, 2020 will be liquidated in the normal course of business in the succeeding year:

	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
General Fund	\$ 348,913.01	\$ 28,715.91
Trust Fund	28,715.91	
Proprietary Fund		348,913.01
	<u>\$ 377,628.92</u>	<u>\$ 377,628.92</u>

15. INVENTORY

Inventory in the Enterprise Fund for regular food and supplies at June 30, 2020 of \$85,574.75 is stated at lower of cost or market.

The value of Federal donated commodities as reflected on Schedule A (required by the Single Audit Law of 1984) is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of nonoperating revenue in the financial statements. There was no ending inventory for donated commodities as of June 30, 2020.

16. CAPITAL RESERVE ACCOUNT

A Capital Reserve Account was established by the Board by inclusion of \$75.00 on October 17, 2000 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The Capital Reserve Account is maintained in the General Fund and its activity is included in the General Fund Annual Budget.

Funds placed in the Capital Reserve Account are restricted to capital projects in the District's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual General Fund budget certified for taxes, or by transfer by board resolution at year end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6:23A-14.1(G), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

17. DEFICIT FUND BALANCES

The District has a deficit fund balance of \$12,451,153.17 in the General Fund and a deficit fund balance of \$2,159,421.75 in the Special Revenue Fund as of June 30, 2020 as reported in the fund statements (modified accrual basis). P.L. 2003, c. 97 provides that in the event a state school aid payment is not made until the following school budget year, districts must record the last state aid payment as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry, i.e., if one government recognizes an asset, the other government recognizes a liability. Since the State is recording the last state aid payment in the subsequent fiscal year, the school district cannot recognize the last state aid payment on the GAAP financial statements until the year the State records the payable. Due to the timing difference of recording the last state aid payment, Special Revenue Fund balance deficit does not alone indicate that the District is facing financial difficulties.

Pursuant to P.L. 2003, c. 97 any negative unreserved, undesignated General Fund balance that is reported as a direct result from a delay in the payment of state aid until the following fiscal year, is not considered in violation of New Jersey statute and regulation nor in need of corrective action. The District deficit in the GAAP funds statements of \$12,451,153.17 is less than the last state aid payment.

18. FUND BALANCE APPROPRIATED

General Fund - Of the \$9,828,582.13 General Fund fund balance at June 30, 2020, \$3,079,660.30 is reserved for encumbrances; \$75.00 is reserved for Capital Reserve Account; \$19,200,000.00 is reserved and has been designated for subsequent years expenditures and appropriated and included as anticipated revenue for the year ended June 30, 2021 and \$(12,451,153.17) is unreserved and undesignated.

19. SECONDARY MARKET DISCLOSURE

Solely for purposes of complying with Rule 15c2-12 of the Securities and Exchange Commission, as amended and interpreted from time to time (the "Rule"), and provided that the Bonds are not exempt from the Rule and provided that the Bonds are not exempt from the requirements in accordance with Paragraph (d) of the Rule, for so long as the Bonds remain outstanding (unless the Bonds have been wholly defeased), the municipality shall provide for the benefit of the holders of the Bonds and the beneficial owners thereof various financial documents relating to the financial conditions of the Municipal Securities Rulemaking Board through the Electronic Municipal Access Data Port (the "MSRB").

20. CONTINGENT LIABILITIES AND COMMITMENTS

A. **Federal and State Awards** - The School District participates in several federal and state grant and aid programs which are governed by various rules and regulations of the grantor agencies, therefore, to the extent that the School District has not complied with the rules and regulations governing the grants or aid, refunds of any money received may be required and the collectability of any related receivable at June 30, 2020 may be impaired. In the opinion of the management, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants, therefore, no provisions have been recorded in the accompanying general purpose financial statements for such contingencies.

B. **Litigation**

The School Board's Attorney letter indicated that there is one (1) case involving a U.S. Equal Employment Opportunity Commission (EEOC) complaint and one (1) case in which a Notice of Claim was filed for sexual contact. Both cases were turned over to the Board's insurance carrier and the outcome is unknown at this time. There are several other cases involving hostile work environment/racial discrimination litigation and personal injury litigation that was turned over to the insurance carrier.

21. CALCULATION OF EXCESS SURPLUS

In accordance with N.J.S.A. 18A:7F-7, the designation for Reserved Fund Balance - Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. There was no excess surplus as of June 30, 2020.

22. RECONCILIATION OF FUND BALANCE - GENERAL FUND

The Surpluses are Presented on a GAAP Basis and a Reconciliation from the budget basis to the GAAP Basis is as follows:	Unreserved and <u>Designated</u>
Balance on a Budget Basis on the General Fund Budgetary Basis Comparison	\$23,531,311.38
Less: Allocation of State Aid Payment Not Recognized on a GAAP Basis	<u>13,702,729.25</u>
Balances on a GAAP Basis on the Governmental Fund Balance Sheet	<u>\$ 9,828,582.13</u>

23. TAX ABATEMENTS

As defined by the Governmental Accounting Standards Board (GASB), a tax abatement is an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. School districts are not authorized by New Jersey statute to enter into tax abatement agreements. However, the county or municipality in which the school district is situated may have entered into tax abatement agreements, and that potential must be disclosed in these financial statements. If the county or municipality entered into tax abatement agreements, those agreements will not directly affect the school district's local tax revenue because N.J.S.A. 54:4-75 and N.J.S.A. 54:4-76 require that amounts so forgiven must effectively be recouped from other taxpayers and remitted to the school district.

23. TAX ABATEMENTS (Continued)

For a local school district board of education or board of school estimate that has elected to raise their minimum tax levy using the required local share provisions at N.J.S.A. 18A:7F-5(b), the loss of revenue resulting from the municipality or county having entered into a tax abatement agreement is indeterminate due to the complex nature of the calculation of required local share performed by the New Jersey Department of Education based upon district property value and wealth.

24. SUBSEQUENT EVENT

Management has evaluated subsequent events that occurred after the balance sheet date, but before January 21, 2021. Based upon this evaluation, the District has determined that the following subsequent event needed to be disclosed:

Subsequent to the date of these financial statements, the COVID-19 corona virus continued to spread across the State of New Jersey and the nation as a whole. The impact of this view on the District's operation in fiscal year 2021 cannot be reasonably estimated at this time, but may negatively affect revenues and expenditures.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - PART II

NEW BRUNSWICK BOARD OF EDUCATION
 REQUIRED SUPPLEMENTARY INFORMATION
 BUDGET-TO-GAAP RECONCILIATION
 NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
 FOR THE FISCAL YEAR ENDED JUNE 30, 2020

Note A - Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

	<u>General Fund</u>	<u>Special Revenue Fund</u>
Sources/Inflows of Resources:		
Actual amounts (budgetary basis) "revenue" from the budgetary comparison schedule	[C-1] \$206,010,556.74	[C-2] \$28,893,114.80
Difference - Budget-to-GAAP:		
Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized.		
State aid payment recognized for GAAP statements in current year, previously recognized for budgetary purposes.	13,228,479.92	2,014,327.08
State aid payment recognized for budgetary purposes, not recognized for GAAP statements until the subsequent year.	<u>(13,702,729.25)</u>	<u>(2,159,421.75)</u>
Total revenues as reported on the statement of revenues, expenditures and changes in fund balances - governmental funds	[B-2] <u>\$205,536,307.41</u>	[B-2] <u>\$28,748,020.13</u>
Uses/Outflows of Resources:		
Actual amounts (budgetary basis) "total outflows" from the budgetary comparison schedule.	[C-1] \$202,628,958.50	[C-2] \$29,865,599.80
Differences - Budget-to-GAAP:		
Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for <i>budgetary purposes</i> , but in the year the supplies are received for <i>financial reporting purposes</i> .		
Transfers to and from other funds are presented as outflows of budgetary resources but are not expenditures for financial reporting purposes.		
Net transfers (outflows) to general fund		<u>972,485.00</u>
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds	[B-2] <u>\$202,628,958.50</u>	[B-2] <u>\$30,838,084.80</u>

The general fund budget basis is GAAP, therefore no reconciliation is required.

Sources: Assessed value data used to estimate applicable percentages provided by the Middlesex County Board of Taxation; debt outstanding data provided by each governmental unit.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of New Brunswick. This process recognizes that, when considering the District's ability to issue and repay long-term, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and therefore responsible for repaying the debt, of each overlapping payment.

(a) For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable equalized property values. Applicable percentages were estimated by determining the portion of another governmental unit's equalized property value that is within the District's boundaries and dividing it by each unit's total equalized property value.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable President and Members
of the Board of Education
New Brunswick Board of Education
County of Middlesex
New Brunswick, New Jersey 08903

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the New Brunswick Board of Education, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the New Brunswick Board of Education's basic financial statements, and have issued our report thereon dated January 21, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the New Brunswick Board of Education's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the New Brunswick Board of Education's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the New Brunswick Board of Education's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

AWARDS (UNIFORM GUIDANCE) AND NEW JERSEY OMB CIRCULAR 15-08**

The Honorable President and Members
of the Board of Education
New Brunswick Board of Education
County of Middlesex
New Brunswick, New Jersey 08903

Report on Compliance for Each Major Program

We have audited the New Brunswick Board of Education's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the District's major federal and state programs for the year ended June 30, 2020. The New Brunswick Board of Education's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the New Brunswick Board of Education's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *New Jersey State Aid/Grant Compliance Supplement*, and the audit requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey and New Jersey OMB's Circulars 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid (NJOMB 15-08)*. Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about the New Brunswick Board of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the New Brunswick Board of Education's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the New Brunswick Board of Education complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of the New Brunswick Board of Education is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the New Brunswick Board of Education's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and NJOMB's 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the New Brunswick Board of Education's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and NJOMB's 15-08. Accordingly, this report is not suitable for any other purpose.

Report on Schedules of Expenditures of Federal and State Awards Required by the Uniform Guidance and New Jersey OMB's Circular 15-08

We have audited the financial statements of the New Brunswick Board of Education as of and for the year ended June 30, 2020, and have issued our report thereon dated January 21, 2021, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedules of expenditures of federal and state awards are presented for purposes of additional analysis as required by the Uniform Guidance and New Jersey OMB's Circular 15-08 and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules of expenditures of federal and state awards is fairly stated in all material respects in relation to the financial statements as a whole.

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the New Brunswick Board of Education. The Board of Education is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from federal agencies and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

2. BASIS OF ACCOUNTING

The accompanying Schedules of Expenditures of Awards and Financial Assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 2 to the Board's basic financial statements. The information in these schedules are presented in accordance with the requirements of 2 CFR 200-*Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and New Jersey OMB Circular 15-08, "Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid". Therefore, some amounts presented in these schedules may differ from amounts presented in, or used in the preparation of basic financial statements.

3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes payments are not recognized until the subsequent budget year due to the state deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund and capital projects fund are presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not.

3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (Continued)

The net adjustment to reconcile from budgetary basis to the GAAP basis is \$(424,249.33) for the general fund and \$45,094.67 for the special revenue fund. See Note 2 (the Notes to Required Supplementary Information) for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as presented below:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$ 426,821.45	\$ 165,480,296.02	\$ 165,907,117.47
Special Revenue Fund	8,262,641.11	20,233,925.17	28,496,566.28
Food Service Fund	<u>5,907,457.45</u>	<u>80,654.26</u>	<u>5,988,111.71</u>
Total Awards and Financial Assistance	<u>\$ 14,596,920.01</u>	<u>\$ 185,794,875.45</u>	<u>\$ 200,391,795.46</u>

4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

5. FEDERAL AND STATE LOANS OUTSTANDING

The District had no loans payable outstanding to federal or state entities at June 30, 2020.

6. OTHER

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions, respectively.

The amount reported as TPAF Post-Retirement Medical Benefits Contributions, Teacher's Pension Contributions and Noncontributory Insurance Contributions represents the amounts paid directly by the State On-Behalf of the District for the year ended June 30, 2020. TPAF Social Security Contributions represents the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the year ended June 30, 2020.

7. ON-BEHALF PROGRAMS NOT SUBJECT TO STATE SINGLE AUDIT

On-Behalf State Programs for TPAF Pension, Noncontributory Insurance and Post-Retirement Medical Benefits Contributions are not subject to a State single audit. The Schedule of State Financial Assistance provides a reconciliation of State financial assistance reported in the District's financial statements and the amount subject to State single audit and major program determination.

8. DE MINIMIS INDIRECT COST RATE

The District has elected to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.
