INTRODUCTORY SECTION

TOWNSHIP OF OCEAN SCHOOL DISTRICT

KENNETH JANNARONE

ISCHOOL BUSINESS ADMINISTRATOR

February 4, 2021

Honorable President and Members of the Board of Education Township of Ocean School District Monmouth County Oakhurst, New Jersey

Dear Board Members:

The comprehensive annual financial report (CAFR) of the Township of Ocean School District (District) for the fiscal year ended June 30, 2020, is hereby submitted. This CAFR includes the District's Basic Financial Statements prepared in accordance with Governmental Accounting Standards (GASB), Board Statement 34. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the Districts organizational chart and a list of principal officials. The financial section includes Management's Discussion and Analysis, the Basic Financial Statements and notes providing an overview of the School District's financial position and operating results, and other schedules providing detailed budgetary information, as well as the auditor's report hereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis, as the information was available to us. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996, as amended, Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance)* and New Jersey OMB's Circular 15-08, *Single audit*, including the auditor's report on the internal control and compliance with applicable laws, regulation, contracts and grants along with findings and questioned costs, is included in the single audit section of this report.

1

1) REPORTING ENTITY AND ITS SERVICES: Township of Ocean School District is an independent reporting entity within the criteria adopted by the GASB as established by Statement No. 14. All funds of the District are included in this report. The Township of Ocean Board of Education and all its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre-K through 12. These include regular, vocational as well as special education for handicapped youngsters. The District completed the 2019-2020 fiscal year with an enrollment of 3,305 students, which is 121 students less than the previous year's enrollment. The following details the changes in the student enrollment of the District over the last five years.

*Note: Below enrollments do not include 'out of district' tuition students.

Fiscal Year	Student Enrollment	Percent Change
2019-2020	3305	<3.53>%
2018-2019	3426	<2.50>%
2017-2018	3514	<1.95>%
2016-2017	3584	<1.94>%
2015-2016	3655	<2.53>%

ACTUAL STUDENT ENROLLMENT

PROJECTED STUDENT ENROLLMENT

Fiscal Year	Student Enrollment	Percent Change
2020-2021	3,300	<3.68>%
2021-2022	3,300	<0.00>%
2022-2023	3,300	<0.00>%
2023-2024	3,300	<0.00>%

2) ECONOMIC CONDITION AND OUTLOOK: Typically, housing in Ocean Township experiences the conversion of former year round residences to summer living and winter rentals which have contributed to student enrollment decreases. The real estate market continues to slowly rebound from the economic downturn. However, since March 2020, the Global Pandemic has turned the local economy upside down. Enrollments are projected to plateau and be steady over the next several years.

3) MAJOR INITIATIVES: The Township of Ocean Schools strives to meet the educational needs of all students. The District has increased the instructional technology available to students by providing all students in grades kindergarten through twelve with Chromebook computers. With these devices, students conduct research, develop 21st century skills and take assessments. In addition, the District is in the beginning stages of major programmatic advances in the areas of 1) visual and performing arts with the implementation of the Spartan School of Visual and Performing Arts Academy, 2) science, technology, engineering and math (STEM) education, 3) career and technical education, and 4) elementary literacy. Major facility upgrades have been completed to address growth in these areas. Finally, the Township of Ocean School District has been successful in applying for state funds for an early childhood preschool program. For the 2021-2022 school year, we will add another 6 full day preschool classes for a total of 13 preschool classes with approximately 200 preschool students ages 3-4. As always, we encourage our students and staff to be innovative and creative. We foster a climate of discovery. We are proud of our diversity and the rich culture of our schools.

 FACILITIES: The Township of Ocean School District operates 6 buildings as follow 	4)	FACILITIES: The	e Township of Ocean	School District operates	6 buildings as follows
--	----	-----------------	---------------------	--------------------------	------------------------

Building	Address	Year Built	Approximate Square Footage
Ocean Twp. High School	550 West Avenue	1964	224,295
Twp. of Ocean Intermediate School	1200 West Park Ave	1974	231,031
Wayside Elementary School	733 Bowne Road	1969	96,987

Wanamassa Elementary School	901 Bendermere Ave	1930	80,529
Administration Office Bldg.	163 Monmouth Road	1900	46,850

4) **INTERNAL ACCOUNTING CONTROLS:** Management of the Township of Ocean School District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws regulations, contracts and grants.

5) BUDGETARY CONTROLS: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the BOE and/or voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section. An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriation of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balances at June 30, 2020.

6) ACCOUNTING SYSTEM AND REPORTS: The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds are explained in "Notes to Financial Statements", Note 1.

7) CASH MANAGEMENT: The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial statements", Note 2. The District has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

RISK MANAGEMENT: The Board carries various forms of insurance, including but not 8) limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds. A schedule of insurance coverage is found in Exhibit J-20.

9) OTHER INFORMATION: Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The Board selected the accounting firm of Smolin, Lupin & Co., P.A. In addition to meeting the requirements set forth in state statutes, the audit was also designed to meet the requirements of the Uniform Guidance and New Jersey OMB's Circular 15-08. The auditor's report on the general-purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

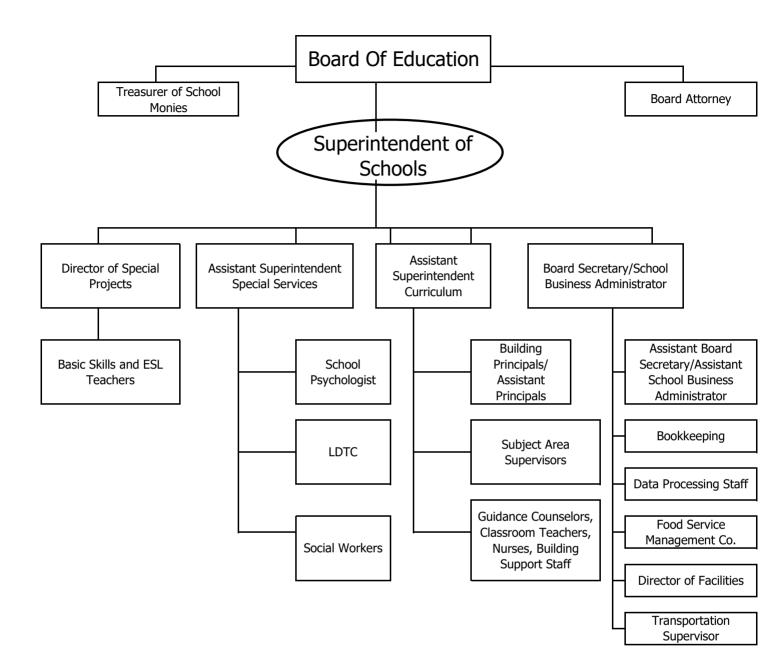

10) ACKNOWLEDGEMENTS:

We would like to express our appreciation to the members of the Township of Ocean School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

espectfully submitted, James Stefankiewicz

FINANCIAL SECTION

Independent Auditor's Report

The Honorable President and Members of the Board of Education Township of Ocean School District County of Monmouth Oakhurst, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Ocean Township School District (the "District"), in the County of Monmouth, State of New Jersey, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Ocean Township School District, in the County of Monmouth, State of New Jersey, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and pension and other postemployment benefits information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Ocean Township School District's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, long-term debt schedules, statistical section, schedule of expenditures of federal awards as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and schedule of expenditures of state financial assistance as required by New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid,* are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules, long-term debt schedules, schedule of expenditures of federal awards, and schedule of expenditures of state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules, long-term debt schedules, schedule of expenditures of federal awards, and schedule of expenditures of state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 4, 2021 on our consideration of the Ocean Township School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Ocean Township School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Ocean Township School District's internal control over financial reporting and compliance.

Laura DiTommaso Public School Accountant License #20CS-00164

Red Bank, New Jersey February 4, 2021 **REQUIRED SUPPLEMENTARY INFORMATION - PART I**

The management's discussion and analysis of the Township of Ocean School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2020. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the basic annual financial statements and notes to enhance their understanding of the School District's financial performance.

Financial Highlights

Key financial highlights for 2020 are as follows:

- In total, net position increased \$5,399,864, which represents an 85.09 percent increase from 2019.
- General revenues accounted for \$77,158,622 in revenue or 81 percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for \$17,564,028 or 19 percent of total revenues of \$94,722,650.
- Total assets of governmental activities increased by \$2,576,958 as cash and cash equivalents increased by \$3,223,182 receivables increased by \$151,094, and net capital assets decreased by \$797,318.
- The School District had \$90,287,416 in expenses; only \$18,528,658 of these expenses were offset by program specific charges for services, grants or contributions. General revenues (primarily property taxes) of \$77,158,622 were adequate to provide for these programs.
- Among major funds, the General Fund had \$86,234,999 in revenues and \$83,245,031 in expenditures. The General Fund's balance increased \$3,171,404 from 2019.
- Fund Balance for the General Fund as of the fiscal year end was \$10,124,400. The undesignated portion of surplus was \$5,425,570. Based on our calculation of excess surplus, the maximum of undesignated fund balance (2%) is \$1,796,103. The excess \$3,629,467 must be utilized for tax relief in the succeeding year budget.
- The revenues for operating grants and contributions were recorded as an offset to expenses in this current year rather than as a general revenue on Schedule A-2.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Township of Ocean School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other non-major funds presented in total in one column. In the case of the Township of Ocean School District, the General Fund is by far the most significant fund.

Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, how did we do financially during 2020? The Statement of Net Position and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector businesses. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net position and changes in net position. This change in net position is important because it tells the reader that, for the school district as a whole, the financial position of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Non-financial factors include the School District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School District reports two types of activities:

Governmental activities - All of the School District's programs and services are reported here including instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.

Business Type activities - This service is provided on a charge for goods or services basis to recover the expense of the goods or services provided. The Food Service fund is reported as a business activity.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The analysis of the School District's major funds begins on page 25. Fund financial reports provide detailed information about the School District's funds. The School District uses many funds to account for a multitude of financial transactions. The School District's governmental funds are the General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund.

Governmental Funds

The School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Proprietary Funds

Proprietary funds include enterprise funds and fiduciary funds. The enterprise fund uses the same basis of accounting as business-type activities. Our school district uses the enterprise fund to report the Board's cafeteria operations. Fiduciary funds are used to account for assets held by the district on behalf of others and include the Student Activities Fund, Payroll and Agency Funds, and the Unemployment Trust Fund.

Long Term Debt

A separate section is used to account for all long-term Debt including detail of serial bonds payable and obligations under capital leases.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the Districtwide and fund financial statements. The notes to the financial statements can be found on pages 33 to 65 of this report.

The School District as a Whole

Recall that the Statement of Net Position provides the perspective of the School District as a whole. Net position may serve over time as a useful indicator of a government's financial position.

The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

Table 1 provides a summary of the School District's net position for 2020 and 2019.

Table 1 Net Position

Governmental Activities

The unique nature of property taxes in New Jersey creates the legal requirements to annually seek voter approval only if the District exceeds the state mandated tax levy cap for School District operations. Property taxes made up 72 percent of revenues for governmental activities for the Township of Ocean School District for fiscal year 2020 and 69 percent for fiscal year 2019. Property tax revenues increased by \$1,253,935 which is a 2 percent increase over the prior year. The increase was needed to fund the additional expenditures associated with higher operating costs and a decrease in state aid.

Federal and state grants accounted for another 18 percent of revenues.

Total expenses for the fiscal year was \$89,445,536.

Program expenses includes instruction which comprises 59 percent of total expenses. Support services comprises 41 percent of total expenses.

Business-Type Activities are not shown above. Revenues for the Food Service Fund totaled \$964,630 which were comprised of charges for services in the amount of \$394,145 and federal and state reimbursements in the amount of \$570,485. Total operating expenses totaled \$841,880.

Governmental Activities (continued)

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the District's taxpayers by each of these functions.

	Table 3			
	Total Cost of Services 2020	Net Cost of Services 2020	Total Cost of Services 2019	Net Cost of Services 2019
Instruction Support Services:	\$ 52,724,263	\$ 40,715,858	\$ 56,698,893	\$ 41,855,013
Pupils and Instructional Staff General and School Administration,	17,379,169	14,496,402	17,131,114	13,796,049
and Business Services	6,603,210	5,341,553	6,560,956	5,124,743
Operation and Maintenance of Facilities	7,150,169	6,363,583	7,534,832	6,548,308
Pupil Transportation	4,239,783	3,615,170	4,613,008	4,022,990
Interest and Fiscal Charges	791,717	791,717	854,701	854,701
Other	557,225	557,225	420,888	420,88
Total Expenses	<u>\$ 89,445,536</u>	<u>\$ 71,881,508</u>	<u>\$ 93,814,392</u>	<u>\$ 72,622,692</u>

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration and business include expenses associated with administrative and financial supervision of the district.

Operation and Maintenance of Facilities activities involve keeping the school grounds, buildings and equipment in an effective working condition.

Pupil Transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law.

Interest and Fiscal Charges involve the transactions associated with the payment of interest and other related charges to debt of the School District.

Other includes special schools.

The dependence upon tax revenues is apparent. Over 99 percent of instruction activities are supported through taxes and other general revenues; for all activities general revenue support is 99.9 percent. The community, as a whole, is the primary support for the Township of Ocean School District.

The School District's Funds

Information about the School District's governmental funds starts on page 23. These funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$92,639,401 and expenditures of \$89,751,341. The net change in fund balance for the year was most significant in the General Fund, an increase of \$3,069,214. As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

As the graph and table below illustrates, the largest portion of General fund expenditures is for salaries. The district is a service entity and such is labor intensive.

 Table 4

 Expenditures by Object for the Fiscal Year Ended June 30,

	<u>2020</u>	<u>2019 9</u>	<u>% Change</u>
Salaries & Wages	\$ 44,026,349	\$ 43,810,854	.49%
Fringe Benefits	26,588,577	26,509,581	.30%
Purchased Services	4,247,367	6,271,517	-32.28%
Tuition	4,106,604	3,868,873	6.14%
Supplies	3,013,872	1,848,772	63.02%
Capital Outlay	1,095,912	744,773	47.15%
Special Revenue Fund	3,122,160	2,448,104	2.75%
Capital Projects Fund	36,986	263,402	-85.96%
Debt Service Fund	3,347,164	3,379,923	97%
Other	<u>166,350</u>	143,460	.69%
Total	<u>\$89,751,341</u>	<u>\$89,289,259</u>	.51%

Expenditures are up \$462,082 or 0.51 percent from the prior year mostly due to Covid-19 activity that cause a decrease in Purchased Services and an increase in Supplies.

General Fund Budgeting Highlights

The School District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During the course of the fiscal 2020 year, the School District amended its General Fund budget as needed. The School District uses program based budgeting and the budgeting systems are designed to tightly control total program budgets but provide flexibility for program management. Revisions in the budget were made to recognize revenues and expenditures that were not anticipated and to prevent over-expenditures in specific expense accounts. Significant revisions are noted below.

Salaries overall increased due to experienced staff and wage increases that are based on the negotiated contracts.

Additional funds were transferred into Charter School as a new Charter School was opened in the area.

There was an increase in custodial services and personal protective equipment supplies for students and staff due to the Covid-19 Pandemic.

Capital Assets

At the end of the fiscal year 2020, the School District had \$44,338,150 invested in land, construction in progress, buildings, furniture and equipment, and vehicles. Table 5 shows fiscal 2019 balances compared to 2020.

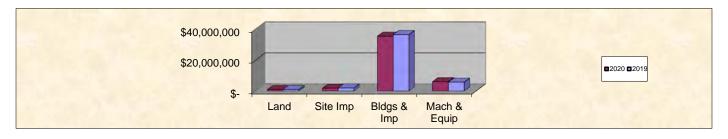

Table 5Capital Assets (Net Depreciation) at June 30,

	<u>2020</u>	<u>2019</u>
Land and Construction in Progress Site Improvements Buildings and Improvements Machinery and Equipment	\$ 984,971 1,867,764 35,389,181 <u>6,096,234</u>	\$ 984,971 1,983,537 36,384,657 <u>5,782,304</u>
Totals	<u>\$44,338,150</u>	<u>\$45,135,469</u>

Capital assets decreased \$797,319 from fiscal year 2019 to fiscal year 2020. The decrease in capital assets is due to depreciation expense.

For more detailed information, please refer to the Notes to Financial Statements.

Capital Assets (continued)

Debt Administration

At June 30, 2020, the School District had \$31,916,333 as outstanding debt. Of this amount \$2,149,293 is for compensated absences, \$2,207,040 is for capital leases payable, and the \$27,560,000 is for bonds for school construction.

At June 30, 2020, the School District's overall legal debt margin was over \$130 million. For more detailed information, please refer to the Notes to Financial Statements.

For the Future

The Township of Ocean School District is in very good financial condition presently. There are no major concerns other than budgeting limits with S1701 and the increased reliance on local property taxes. However, future finances are not without challenges as the community continues to grow and state funding is decreased.

The Township of Ocean School District's budget for 2019-2020 was below the 2% cap on the tax levy. Therefore, there was no election or vote for the budget in April 2020 as the district optioned to move the election of the board to November.

The Township of Ocean is primarily a residential community, with very few commercial ratables; thus, the burden is focused on homeowners to foot the tax burden.

The labor agreement for teachers, administrators, and several other employee groups has been negotiated through June 30, 2021. Each year of this contract will need to be re-negotiated and have an impact on the District's future operating budgets.

For the Future (continued)

The District routinely monitors the rules and regulations of the No Child Left Behind federal legislation to assess and ensure financial compliance.

The District has completed the Construction Referendum project for all school buildings in the amount of \$28,944,000. It is one of the District's goals to continue to upgrade and maintain the school facilities.

In conclusion, the Township of Ocean School District has committed itself to financial excellence for many years. In addition, the School District's system for financial planning, budgeting, and internal financial controls are well regarded. The School District plans to continue its sound fiscal management to meet the challenge of the future.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional information, contact Kenneth Jannarone, School Business Administrator/Board Secretary at the Township of Ocean Board of Education, 163 Monmouth Road, Oakhurst, NJ 07755 or email kjannarone@oceanschools.org.

BASIC FINANCIAL STATEMENTS

DISTRICT-WIDE FINANCIAL STATEMENTS

The statement of net position and the statement of activities display information about the District. These statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activities of the District.

OCEAN TOWNSHIP SCHOOL DISTRICT Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Fiscal Year Ended June 30, 2020

Amounts reported for governmental activities in the Statement of Activities (A-2) are different because: Capital outlays are reported in governmental funds as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period. Depreciation expense Capital outlays \$ (1,979,735) 1,182,416 Repayment of long-term debt, i.e. bond principal, is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of of activities. \$ (1,979,735) 1,182,416 Repayment of capital lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of Activities. \$ (2,470,000 Repayment of capital lease principal is an expenditure in the government funds. \$ (2,470,000 Bond premium is amortized over the lives of the bonds in the Statement of Activities but are recorded as an addition from the proceeds from sales of bonds in the government funds. \$ (0,624 Interest on long-term debt in the Statement of Activities is accrued, regardless of when due. The accompanying Notes to Basic Financial Statements are an integral part of this statement.

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Board of Education (Board) of the Ocean Township School District (District) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standardsetting body for establishing governmental accounting and financial reporting principles. The District also applies Financial Accounting Standards Board (FASB) Statements and interpretations issued on or before November 30, 1989, to its governmental activities provided they do not conflict with or contradict GASB pronouncements. The District's Proprietary Funds have elected not to apply the standards issued by FASB after November 30, 1989. The more significant of the Board's accounting policies are described below.

A. Reporting Entity

The Board is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District. The operations of the District include the elementary schools, intermediate school and high school located in Ocean Township, New Jersey. The Board also has broad financial responsibilities, including the approval of the annual budget and the establishment of a system of accounting and budgetary controls.

The financial reporting entity consists of a) the primary government, b) organizations for which the primary government is financially accountable and c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

The District, as the primary government for financial reporting entity purposes, has oversight responsibility and control over all activities related to the Township of Ocean Board of Education in Ocean Township, New Jersey. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding entities.

The District has no component units that are required to be included within the reporting entity, as set forth in Section 2100 of the GASB Codification of <u>Governmental Accounting and Financial Reporting Standards.</u>

B. District-Wide and Fund Financial Statements

The District-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Eliminations have been made to minimize the double counting of internal activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Net Position demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, service, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

B. District-Wide and Fund Financial Statements (continued)

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the District-wide financial statements. Major individual governmental funds and the major individual enterprise fund are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The District-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and capital leases, are recorded only when payment is due.

Property taxes, interest and state equalization monies associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal year.

The District has reported the following major government funds:

General Fund: The general fund is the general operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Fund: The District maintains one special revenue fund, primarily consisting of government grants, for which the proceeds of specific revenue sources (other than fiduciary funds or major capital projects) are legally restricted to expenditures for specified purposes.

Capital Projects Fund: The capital projects fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

Debt Service Fund: The debt service fund accounts for the resources accumulated and payment made for principal and interest on long-term general obligation debt of governmental funds.

The District reports the following major proprietary funds:

Enterprise (Food Service) Fund: The enterprise fund accounts for all revenues and expenses pertaining to cafeteria operations. This fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e., expenses including depreciation and indirect costs) of providing goods and services to the students or other entities on a continuing basis are financed or recovered primarily through user charges.

Internal Service Fund: The internal service fund may be used to report any activity that provides goods or services to other funds, departments or agencies of the primary entity on a cost–reimbursement basis. The District accounts for risk management and health insurance costs provided to the Board of Education employees through the internal service fund.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued) Additionally, the District reports the following fiduciary fund types:

Trust and Agency Funds: The trust and agency funds are used to account for assets held by the District on behalf of outside parties, including other governments, or on behalf of other funds within the District.

Trust Funds: The unemployment compensation and private purpose scholarship funds are accounted for in essentially the same manner as governmental funds. The unemployment compensation fund is used to account for contribution from employees and interest earned on the balance as well as payments to the State for reimbursement of unemployment claims. The private purpose scholarship fund is an expendable trust whereby principal and interest may be spent.

Agency Funds (Payroll and Student Activity Fund): Agency funds are used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations.

As a general rule, the effect of interfund activity has been eliminated from the District-wide financial statements.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

The proprietary fund distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues for the enterprise fund includes the cost of sales, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

The District reports unearned revenue on its balance sheet. Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Unearned revenue also arises when resources are received by the District before it has legal claim to them, as when federal assistance is received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and revenue is recognized.

Ad Valorem (Property) Taxes are susceptible to accrual as, under New Jersey State Statute, a municipality is required to remit to its District the entire balance of taxes in the amount voted upon or certified prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive moneys under the established payments schedule and the unpaid amount is considered to be an "accounts receivable."

The following statutory dates are applicable to property taxes collected by the respective municipalities:

Levy date:	January 1
Lien Date:	January 1
Due Dates:	August 1, November 1, February 1, and May 1

D. Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office for approval and are voted upon at the annual school election on the third Tuesday in April. Budgets, except for the special revenue fund, are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of details as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23. The over-expenditure in the general fund is due to the inclusion of the non-budgeted on-behalf payments made by the State of New Jersey as District expenditures. These amounts are offset by related revenues and as such do not represent budgetary over-expenditures. All budget amendments/transfers must be approved by School Board resolution. Budgetary transfers were made during the current year and were within allowable limits permitted by the State. The District did not deem them to be significant or unusual in nature. Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary-basis of accounting and GAAP with the exception of the legally mandated revenue recognition of the one or more June state aid payments for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

E. Cash and Cash Equivalents

Cash and cash equivalents consist of petty cash, amounts on deposit, money market accounts and short-term investments with original maturities of three months or less from date of acquisition. Restricted cash is related to capital projects.

F. Interfund Receivable/Payable

Interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year.

G. Inventories

Inventories that benefit future periods are recorded as expenditures during the year of purchase.

H. Capital Assets

Capital assets, which include land, property, plant,machinery, and equipment, are reported in the applicable governmental or business-type activities columns in the District-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$2,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or through estimation procedures performed by an independent appraisal company. Donated capital assets are valued at their estimated fair market value on the date of donation. Capital assets are restated when the District engages an independent appraisal company to perform a new inventory of the District's capital assets and provide an updated accounting cost record to reflect the updated capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

H. Capital Assets (continued)

Property, plant and equipment of the District is depreciated using the straight-line method. The following estimated useful lives are used to compute depreciation:

Asset Class	Estimated Useful Lives
School building	50
Building improvements	20
Electrical/plumbing	30
Vehicles	8
Office and computer equipment	5 - 10
Instructional equipment	10
Grounds equipment	15

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Fixed assets are not capitalized and related depreciation is not reported in the fund financial statements.

I. Compensated Absences

The District accounts for compensated absences (e.g. unused vacation, sick leave) as directed by Governmental Accounting Standards Board No. 16 (GASB 16), "Accounting for Compensated Absences." A liability for compensated absences attributable to service already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the right to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policies. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement, employees shall be paid by the District for the unused sick leave in accordance with the District's agreement with the various employee unions.

For the District-wide *Statement of Net Position*, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the governmental funds, in the Fund Financial Statements, all of the compensated absences are considered long-term and, therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2020, no material liability existed for compensated absences in the food service fund.

J. Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before the eligibility requirements are met are also recorded as unearned revenue.

K. Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the District-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

L. Unamortized Bond Premiums, Discounts and Bond Issuance Costs

Bond premiums are amortized using the effective interest method, over the life of the related issue. Bond issuance costs are treated as an expense.

M. Fund Balance Reporting

The District has adopted GASB 54 as part of its fiscal year reporting. The intention of the GASB is to provide a more structured classification of fund balance and to improve the usefulness of fund balance reporting to the users of the District's financial statements. The reporting standard establishes a hierarchy for fund balance classifications and the constraints imposed on the users of those resources.

GASB 54 provides for two major types of fund balances, which are nonspendable and spendable. Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact. Examples of this classification are prepaid items and principal (corpus) of an endowment fund. The District does not have any prepaid item or nonspendable funds related to endowments.

In addition to the nonspendable fund balance, GASB 54 has provided a hierarchy of spendable fund balances, based on a hierarchy of spending constraints.

- <u>Restricted</u>: fund balances that are constrained by external parties, constitutional provisions, or enabling legislation.
- <u>Committed</u>: fund balances that contain self-imposed constraints for the government from its highest level of decision making authority.
- <u>Assigned</u>: fund balances that contain self-imposed constraints of the government to the used for a particular purpose.
- <u>Unassigned</u>: fund balance of the general fund that is not constrained for any particular purpose.

M. Fund Balance Reporting (continued)

The District has classified its fund balances with the following hierarchy:

- <u>Spendable</u>: The District has classified the spendable fund balances as *Restricted, Committed, Assigned and Unassigned* and considered each to have been spent when expenditures are incurred.
 - Restricted for Excess Surplus, Capital Reserve and Capital Projects:

New Jersey School Districts are required to reserve fund balance of the general fund if they did not appropriate a required minimum amount as budgeted fund balance. The capital reserve account is used to accumulate funds for use as capital outlay expenditures in subsequent fiscal years. The funds have been included in restricted category of fund balance. The restricted fund balances totaled \$9,793,689 and represented \$6,884,901 in excess surplus, \$1,908,788 in capital reserve, and \$1,000,000 in maintenance reserve.

• Assigned for District Operations and Capital Projects:

The District has set aside certain spendable fund balance for school operations and capital projects. At year-end, the assigned fund balance is \$406,706, of which \$406,705 is for school operations, and \$1 is for debt service. The assigned fund balance for District operations includes \$306,705 for outstanding encumbrances. See Note 17.

• Unassigned:

The unassigned fund balance deficit for the General Fund is \$75,994 and \$65,204 for the Special Revenue Fund.

N. Calculation of Excess Surplus

In accordance with N.J.S.A. 18A:7F-7, as amended, the designation for reserve fund balance - excess surplus is a required calculation pursuant to the New Jersey Comprehensive Education Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve fund balance of the general fund at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in the subsequent years' budget. The District has an excess fund balance generated during the 2020 fiscal year in the amount of \$3,629,467 which will be designated for tax relief in 2021-2022.

O. Net Position

Net position represents the difference between assets and liabilities in the District-wide financial statements. Net position investment in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on the use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

P. Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Q. Allocation of Indirect Expenses

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, pension, workers compensation, compensated absences, and medical and dental benefits, were allocated based on salaries of that program. Depreciation expense, where practicable, is specifically identified by function and is included in the indirect expense column of the Statement of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

R. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The District has one item that qualifies for reporting in this category which relates to differences in experience, earnings, and contributions of the net pension liability.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will *not* be recognized as an inflow of resources (revenue) until that time. The District has items that qualify for reporting in this category, deferred commodities revenue, unamortized bond issuance premium and differences related to experience, earnings, and contributions of the net pension liability.

S. Public Employees Retirement System (PERS) and Teachers Pensions and Annuity Fund (TPAF)

In the government-wide financial statements, for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position of the PERS/TPAF and additions to/deductions from PERS/TPAF fiduciary net position have been determined on the same basis as they are reported by PERS/TPAF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

In the governmental fund financial statements, net pension liabilities represent amounts normally expected to be liquidated with expendable available resources for required pension contributions that are due and payable at year end. Pension expenditures are recognized based on contractual pension contributions that are required to be made to the pension plan during the fiscal year.

T. Recent Accounting Pronouncements

During fiscal year 2020, the District adopted the following GASB statement:

GASB No. 90, *Majority Equity Interests-an amendment of GASB Statements No. 14 and No. 61-* will be effective with the fiscal year ending June 30, 2020. The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. The requirements of this Statement improve financial reporting by providing users with essential information related to presentation of majority equity interest in legally separate organizations that previously was reported inconsistently.

T. Recent Accounting Pronouncements (continued)

Accounting standards not yet adopted that the District is currently reviewing for applicability and potential impact include:

GASB No. 84, *Fiduciary activities*- will be effective with the fiscal year ending June 30, 2021. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom the fiduciary relationship exists.

GASB No. 87, *Leases*- will be effective with the fiscal year ending June 30, 2021. The objective of this Statement is to better meet the information needs of financial statement user by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments" financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract.

GASB No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period-* will be effective with the fiscal year ending June 30, 2021. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. The requirements of this Statement will improve financial reporting by providing users of financial statements with more relevant information about capital assets and the cost of borrowing for a reporting period. The resulting information also will enhance the comparability of information about capital assets and the cost of borrowing for a reporting period for both governmental activities and business-type activities.

GASB No. 91, *Conduit Debt Obligations*- will be effective with the fiscal year ending June 30, 2022. The requirements of this Statement will improve financial reporting by providing a single method of reporting conduit debt obligations for government issuers and eliminate diversity in practice. The Statement achieves these objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures.

Management has not yet determined the impact of implementing these pronouncements.

NOTE 2. RECONCILIATION OF DISTRICT-WIDE AND FUND FINANCIAL STATEMENTS

Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The governmental fund balance sheet includes reconciliation between fund balance - total governmental funds and net position - governmental activities as reported in the District-wide statement of net position. One element of that reconciliation explains that long-term liabilities, including bonds payable, capital leases and compensated absences, are not due and payable in the current period and therefore are not reported in the funds.

The details of this \$32,196,839 difference are as follows:

Bonds payable	\$27,560,000
Capital leases payable	2,207,040
Accrued interest payable	280,506
Compensated absences	<u>2,149,293</u>
Net adjustments to reduce fund balance - total governmental funds to arrive at net position - governmental activities	<u>\$32,196,839</u>

NOTE 3. DEPOSITS AND INVESTMENTS

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey Statue 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts. Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. Seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks that deposits of which are federally insured. GUDPA requires that all public depositories must pledge collateral, having a market value of at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

Deposits

New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation (FDIC), or by any other agency of the United States that insures deposits made in public depositories. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund (NJCMF), New Jersey Arbitrage Rebate Management Fund (NJARM) and M.B.I.A. Class.

New Jersey statutes (GUDPA) require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

NOTE 3. DEPOSITS AND INVESTMENTS (continued)

In addition to the above collateral requirements, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Operating cash, in the form of Negotiable Order of Withdrawal ("NOW") accounts, is held in the District's name by a commercial banking institution. At June 30, 2020, the carrying amount of the District's deposits was \$7,114,633 and the bank balance was \$7,494,417. The District also held \$1,400 in petty cash at June 30, 2020.

Based on levels of risk, \$250,000 of the District's cash deposits on June 30, 2020 were secured by federal depository insurance. The remaining bank balance of \$7,244,417 was covered by the New Jersey Governmental Unit Deposit Protection Act (GUDPA).

Pursuant to GASB No. 40, *Deposit and Investment Risk Disclosures*, the District's NOW accounts are profiled in order to determine exposure, if any, to Custodial Credit Risk (risk that, in the event of failure of the counterparty, the District would not be able to recover the value of its deposits or investment). Deposits are considered to be exposed to Custodial Credit Risk if they are: uncollateralized (securities not pledged to the depositor), collateralized with securities held by the pledging financial institution, or collateralized with securities held by the financial institution's trust department or agent but not in the government's name.

At June 30, 2020, all of the District's deposits were collateralized by securities held in its name and, accordingly, not exposed to custodial credit risk. The District does not have a policy for the management of custodial credit risk, other than depositing all its funds in banks covered by GUDPA. At least five percent of the District's deposits were fully collateralized by funds held by financial institutions, but not in the name of the District. Due to the nature of GUDPA, further information is not available regarding the full amount that is collateralized.

Investments

New Jersey statutes permit the District to purchase the following types of securities:

- a. Bonds or other obligations of the United States or obligations guaranteed by the United States.
- b. Bond of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage Agency or of any United States Bank for Cooperatives which have a maturity date not greater than twelve months from the date of purchase.
- c. Bonds or other obligations of the District.
- d. New Jersey Cash Management Fund, New Jersey Arbitrage Rebate Management Fund and M.B.I.A. Class.

NOTE 3. DEPOSITS AND INVESTMENTS (continued)

The District participates in the New Jersey Asset and Rebate Management Program which is a joint investment trust for local government units in the State of New Jersey. It was formed to make available comprehensive investment management, accounting and rebate calculation services for the issuers of tax exempt bonds and complies with all New Jersey statutes and regulations for the allowable investment of public funds. The District participates in the joint investment account which provides a convenient method for local governments to pool funds for temporary investing. These investments consist of United States Treasury Bills and notes and other obligations guaranteed by the United States of America, Federal agency bonds and notes with a maturity not greater than 397 days, and fully collateralized repurchase agreements. The carrying amount and fair value as of June 30, 2020 was \$3,452,577.

Custodial Credit Risk: Pursuant to GASB No. 40, the NJARM, a pooled investment, is exempt from custodial credit risk disclosure. The District does not have a policy for custodial credit risk.

Credit Risk: The District does not have an investment policy regarding the management of credit risk. GASB 40 requires that disclosure be made as to the credit rating of all debt security investments except for obligations of the U.S. government or investments guaranteed by the U.S. government. The NJARM was comprised of investments rated by Standard and Poor's (S&P) as follows:

<u>S&P Rating</u>	Percentage of Portfolio		
AA+	63.0%		
A-1+	9.3%		
Exempt*	27.7%		
*Represents U.S, Treasury Securities, which are not considered to be			
exposed to overall credit risk per GASB.			

Interest Rate Risk: The District does not have a policy to limit interest rate risk. The weighted average maturity of the NJARM portfolio at December 31, 2019, was 26 days.

NOTE 4. RECEIVABLES

Receivables at June 30, 2020, consisted of accounts (rent and tuition), accrued interest, interfund, intergovernmental, and property taxes. All receivables are considered collectible in full. A summary of the principal items of intergovernmental receivables are as follows:

	Governmental Fund Financial Statements	Governmental Wide Financial Statements
State Aid Federal Aid Other	\$ 202,205 458,309 100,630	\$ 203,216 562,747 <u>130,816</u>
Gross Receivables Less: Allowance for Uncollectibles	761,140	896,779
Total Receivables, net	<u>\$ 761,140</u>	<u>\$ 896,779</u>

NOTE 5. CAPITAL ASSETS

The following schedule is a summarization of the governmental activities changes in capital assets for the year ended June 30, 2020:

	Beginning <u>Balance</u>	Additions	<u>Retirements</u>	Ending <u>Balance</u>
Governmental activities Capital assets not being depreciated: Land Total capital assets not being depreciated	<u>\$ 984,971</u> 	<u>\$</u>	<u>\$</u>	<u>\$ 984,971</u>
Capital assets being depreciated: Site improvements Building and building improvements Vehicles Capital lease Furniture and equipment	3,713,615 62,308,728 4,675,003 3,618,358 6,805,409	39,868 252,602 378,643 137,725 373,578	- - - -	3,753,483 62,561,330 5,053,646 3,756,083 7,178,987
Totals at historical cost	81,121,113	1,182,416	<u>-</u>	82,303,529
Less accumulated depreciation for: Site improvements Building and building improvements Vehicles Capital lease Furniture and equipment	1,730,078 25,924,071 3,458,827 313,312 5,544,327	155,641 1,248,078 223,923 111,657 240,436	- - - -	1,885,719 27,172,149 3,682,750 424,969 5,784,763
Total capital assets being depreciated, Net of accumulated depreciation	<u>36,970,615</u> <u>44,150,498</u>	<u>1,979,735</u> <u>(797,319</u>)		<u>38,950,350</u> <u>43,353,179</u>
Governmental Activity Capital Assets, Net	<u>\$ 45,135,469</u>	<u>\$ (797,319)</u>	<u>\$ -</u>	<u>\$ 44,338,150</u>

Depreciation expense was charged to functions/programs of the District as follows:

Instruction	\$ 1,191,707
Student and instruction related services	305,526
General and business administrative services	123,001
Plant operations and maintenance	71,068
Pupil transportation	228,444
Support services - students and staff	59,989
Total	<u>\$ 1,979,735</u>

NOTE 5. CAPITAL ASSETS (continued)

The following is a summary of the business-type capital assets for the year ended June 30, 2020:

	Beginning <u>Balance</u>	g Transfers or <u>Additions</u>	Transfers or <u>Retirements</u>	Ending <u>Balance</u>
Business-type activities Capital assets being depreciated: Equipment Less accumulated depreciation	\$ 497,07 		\$ - 	\$ 497,070 <u>484,592</u>
Enterprise fund capital assets, net	<u>\$ 17,86</u>	<u>8 \$ 5,390</u>	<u>\$ -</u>	<u>\$ 12,478</u>

NOTE 6. LONG-TERM LIABILITIES

Bonds Payable

Bonds are authorized in accordance with State law by the voters of the municipality through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Board are general obligation bonds.

Principal and interest due on all serial bonds outstanding is as follows:

Fiscal Year Ending June 30,	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2021	\$ 2,515,000	\$ 813,896	\$ 3,328,896
2022	2,535,000	750,029	3,285,029
2023	1,745,000	677,956	2,422,956
2024	1,290,000	636,981	1,926,981
2025	1,335,000	598,281	1,933,281
Thereafter	18,140,000	3,589,863	21,729,863
	<u>\$27,560,000</u>	<u>\$ 7,067,006</u>	<u>\$34,627,006</u>

Bonds Authorized But Not Issued

As of June 30, 2020, the District had no authorized but not issued bonds.

Capital Lease Payable

The District is leasing equipment totaling \$3,571,659 under capital leases. Capital leases are for terms of no more than five years except for the lease related to the Energy Savings Improvement Program, which cannot exceed fifteen years.

OCEAN TOWNSHIP SCHOOL DISTRICT Notes to the Basic Financial Statements June 30, 2020

NOTE 6. LONG-TERM LIABILITIES (continued)

Capital Lease Payable (continued)

The following is a schedule of minimum lease payments under the capital leases and the present value of the net minimum lease payments at June 30, 2020.

Fiscal Year	
Ending June 30,	<u>Amount</u>
2021	\$ 271,648
2022	277,185
2023	282,850
2024	284,411
2025	278,599
Thereafter	1,096,271
Total Less: Amount representing interest	2,490,964 <u>(283,924</u>)
Present value of minimum lease payments	<u>\$ 2,207,040</u>

Unamortized Bond Premium

Unamortized bond premium as of June 30, 2020 and 2019, is \$ 106,091 and \$166,715, respectively.

Changes in Long-Term Liabilities

5 5	Balance July 1, 2019	Additions	Reductions	Balance June 30, 2020	Within <u>One Year</u>
Compensated absences payable Capital leases payable Serial bonds payable with	\$ 2,484,511 2,256,278	\$- 137,725	\$ 335,218 186,963	\$ 2,149,293 2,207,040	\$ 198,296 214,597
Interest rates of 1.45% to 3.25%	30,030,000		2,470,000	27,560,000	2,515,000
Subtotal	34,770,789	137,725	2,992,181	31,916,333	2,927,893
Net pension liability Total governmental activities	<u>20,447,449</u>		<u>1,922,711</u>	18,524,738	
Long-term liabilities	<u>\$55,218,238</u>	<u>\$ 137,725</u>	<u>\$ 4,914,892</u>	<u>\$50,441,071</u>	<u>\$ 2,927,893</u>

Compensated absences and capital lease liabilities are liquidated by expenditures charged to the general fund. Serial bonds payable are liquidated by expenditures charged to the debt service fund.

NOTE 7. PENSION PLANS

Descriptions of Systems

Substantially all of the Board's employees participate in one of the following contributory defined benefit public employees retirement systems which have been established by State statute: The Teachers' Pension and Annuity Fund (TPAF) or the Public Employees' Retirement System (PERS). These systems are sponsored and administered by the State of New Jersey. The Teachers' Pension and Annuity Fund Retirement System is considered a cost-sharing multiple-employer plan, with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the Board and the system's other related non-contributing employers. The Public Employees' Retirement System is considered a cost-sharing multiple-employer plan.

Teachers' Pension and Annuity Fund (TPAF)

The Teachers' Pension and Annuity Fund was established in January 1955, under the provisions of <u>N.J.S.A.</u> 18A:66 to provide retirement, death and disability benefits to substantially all full-time certified teachers or professional staff of the public school systems in the State. Membership is mandatory for such employees and all vesting occurs after 10 years of service. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2 % of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to members accounts.

Members are classified into one of five tiers dependent upon the date of their enrollment. Tier 1, 2 and 3 members are eligible to retire at age 60, 60 and 62, respectively, with an annual benefit generally determined to be 1/55th of final average salary for each year of service credit. Tier 4 and 5 members are eligible to retire at age 62 and 65, respectively, with an annual benefit generally determined to be 1/60th of final average salary for each year of service credit.

Early retirement benefits are available with a reduction by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Public Employees' Retirement System (PERS)

The Public Employees' Retirement System was established as of January 1, 1955 under the provisions of <u>N.J.S.A.</u> 43:15A to provide coverage including post-retirement health care to substantially all full-time employees of the State of any county, municipality, school Board, or public agency, provided the employee is not required to be a member of another state-administered retirement system. Age eligibility and benefit provisions were affected by Chapters 92 and 103, P.L. 2007, Chapter 89, P.L. 2008, Chapter 1, P.L. 2010, and Chapter 78, P.L. 2011. Members are classified into one of five tiers dependent upon the date of their enrollment Members are classified into one of five tiers dependent upon the date of their enrollment. Tier 1, 2 and 3 members are eligible to retire at age 60, 60 and 62, respectively, with an annual benefit generally determined to be 1/55th of final average salary for each year of service credit. Tier 4 and 5 members are eligible to retire at age 62 and 65, respectively, with an annual benefit generally for each year of service credit.

Early retirement benefits are available with a reduction by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issued publicly available financial reports that include the financial statements and required supplementary information for TPAF and PERS. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295 or at www.state.nj.us/treasury/pensions. According to state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement system be terminated.

Public Employees' Retirement System (PERS) (continued)

Funding Policy

The contribution policy is set by New Jersey State statutes and contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Under the provisions of Chapter 78, P.L. 2011, employee contribution rates for TPAF and PERS increased from 5.5% to 6.5% percent of employees' annual compensation. An additional increase will be phased in over the next few years that will bring the total pension contribution rate to 7.5% of employees' annual compensation. Employers are required to contribute at an actuarially determined rate in both the TPAF and PERS. The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute, the Board is a non-contributing employer of the TPAF.

During the year ended June 30, 2020, the State of New Jersey contributed \$9,008,808 to the TPAF for post-retirement medical benefits, disability and normal costs of pension on behalf of the Board. Also, in accordance with <u>N.J.S.A</u>. 18A:66-66 the State of New Jersey reimbursed the Board \$2,307,836 during the fiscal year ended June 30, 2020 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. These amounts have been included in the government-wide and fund financial statements.

The Board's actuarially determined contributions to PERS for each of the years ended June 30, 2020, 2019 and 2018 were \$1,000,040, \$1,036,384, and \$980,468 respectively, equal to the required contributions for each year.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of PERS and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Public Employee's Retirement System (PERS)

At June 30, 2020, the District reported a liability of \$18,524,738 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation July 1, 2018, which was rolled forward to June 30, 2019. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. At June 30, 2019, the District's proportion was .04501075%, which was a decrease of .00210992% from its proportion measured as of June 30, 2018.

Public Employee's Retirement System (PERS) (continued)

For the year ended June 30, 2020, the District recognized full accrual pension expense of \$947,379 in the district financial statements. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred <u>Outflows</u>	Deferred Inflows
Differences between expected and actual experience	\$ 332,495	\$ 81,834
Changes of assumptions	1,849,763	6,429,878
Net difference between projected and actual earnings		
on pension plan investments	-	292,420
Changes in proportion and differences between District		
contributions and proportionate share of contributions	198,600	492,161
District contributions subsequent to the measurement date	<u> </u>	
Total	<u>\$ 3,286,486</u>	<u>\$ 7,296,293</u>

\$905,628 is reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending June 30,

2020	\$	(234,187)
2021		(759,699)
2022		(678,367)
2023		(318,528)
2024		<u>(32,707</u>)
Total	<u>\$(</u>	<u>2,023,488</u>)

Actuarial Assumptions

The collective total pension liability for the June 30, 2019 measurement date was determined by an actuarial valuation as of July 1, 2018, which was rolled forward to June 30, 2019. This actuarial valuation used the following actuarial assumptions:

Inflation rate	
Price	2.75%
Wage	3.25%
Salary increases:	
Through 2026	2.00 - 6.00%
	Based on years of service
Thereafter	3.00 - 7.00%
	Based on years of service
Investment rate of return	7.00%

Public Employee's Retirement System (PERS) (continued)

Mortality Rates

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the PUB-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2019.

The actuarial assumptions used in the July 1, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

Long-Term Rate of Return

In accordance with State statue, the long-term expected rate of return on plan investments (7.00% at June 30, 2019 is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2019 are summarized in the following table:

Asset Class	Target <u>Allocation</u>	Long-Term Expected Real Rate of Return
Risk mitigation strategies	3.00%	4.67%
Cash equivalents	5.00%	2.00%
US Treasuries	5.00%	2.68%
Investment grade credit	10.00%	4.25%
High yield	2.00%	5.37%
Private credit	6.00%	7.92%
Real Assets	2.50%	9.31%
Real Estate	7.50%	8.33%
US Equity	28.00%	8.26%
Non-U.S. developed markets equity	12.50%	9.00%
Emerging markets equity	6.50%	11.37%
Private Equity	12.00%	10.85%

Public Employee's Retirement System (PERS) (continued)

Discount Rate

The discount rate used to measure the total pension liability for PERS was 6.28% as of June 30, 2019. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.50% as of June 30, 2019, based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on 70% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2057. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2057, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate

The following presents the District's proportionate share of the net pension liability as of June 30, 2019 calculated using the discount rate as disclosed above as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage-point higher than the current rate:

	At 1%	Discount	At 1%
	Decrease (5.28%)	<u>Rate (6.28%)</u>	Increase (7.28%)
District's proportionate share of the net pension liability	<u>\$22,232,757</u>	<u>\$18,524,738</u>	<u>\$15,403,837</u>

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report for the State of New Jersey Public Employees Retirement System.

Additional Information

Collective balances for the Local Group at June 30, 2019 are as follows:

Collective deferred outflows of resources	\$ 2,122,619,897
Collective deferred inflows of resources	\$ 6,618,184,855
Collective net pension liability	\$ 18,143,832,135
District's proportion	.04501075%

Public Employee's Retirement System (PERS) (continued)

The components of the net pension liability of the participating employers for PERS as of June 30, 2019, are as follows:

		State	 Local	 Total
Total pension liability Plan fiduciary net postion	\$	29,512,766,255 6,500,345,915	\$ 41,491,463,886 23,347,631,751	\$ 71,004,230,141 29,847,977,666
	\$	23,012,420,340	\$ 18,143,832,135	\$ 41,156,252,475
District's net pension liability (as reported on June 30, 2019)			\$ 18,524,738	

Collective pension expense for the Local Group for the measurement period ended June 30, 2019 is \$967,548,587.

The average of the expected remaining service lives of all employees that are provided with pension through the pension plan (active and inactive employees) is 5.21, 5.63, 5.48, 5.57, 5.72 and 6.44 years for 2019, 2018, 2017, 2016, 2015 and 2014 amounts, respectively.

Teachers' Pensions and Annuity Fund (TPAF)

The employer contributions for local participating employers are legally required to be funded by the State in accordance with <u>N.J.S.A</u>. 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing employer. In addition, each local participating employer must recognize pension expense associated with the employer as well as revenue in an amount equal to the non-employer contributing employer.

The State's proportionate share of the TPAF net pension liability associated with the District as of June 30, 2019 was \$183,125,465. The District's proportionate share was \$0.

The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation July 1, 2018, which was rolled forward to June 30, 2019. The State's proportionate share of the net pension liability associated with the District was based on a projection of the State's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. At June 30, 2019, the State's proportionate share of the TPAF net pension liability associated with the District was a decrease of .0065828504% from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the District recognized on-behalf pension expense and revenue in the government-wide financial statements of \$9,008,808 for contributions incurred by the State.

Teachers' Pensions and Annuity Fund (TPAF) (continued)

Actuarial Assumptions

The actuarial valuation used the following assumptions, applied to all periods included in the measurement:

Inflation rate:	
Price	2.75%
Wage	3.25%
Salary increases:	
Through 2026	1.55 - 4.45% based on years of service
Thereafter	2.75 - 5.65% based on years of service
Investment rate of return	7.00%

Mortality Rates

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates were based on the PUB-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2019.

The actuarial assumptions used in the July 1, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2015 to June 30, 2018.

Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2019) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Teachers' Pensions and Annuity Fund (TPAF) (continued)

Long-Term Expected Rate of Return (continued)

Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2019 are summarized in the following table:

		Long-Term Expected Real
	Target	Rate of
Asset Class	Allocation	Return
Risk mitigation strategies	3.00%	4.67%
Cash equivalents	5.00%	2.00%
US Treasuries	5.00%	2.68%
Investment grade credit	10.00%	4.25%
High yield	2.00%	5.37%
Private credit	6.00%	7.92%
Real Assets	2.50%	9.31%
Real Estate	7.50%	8.33%
US Equity	28.00%	8.26%
Non-U.S. developed markets equity	12.50%	9.00%
Emerging markets equity	6.50%	11.37%
Private Equity	12.00%	10.85%

Discount Rate

The discount rate used to measure the total pension liability was 5.60% as of June 30, 2019. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.50% as of June 30, 2019, based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 70% of the actuarially determined contributions for the State. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2054. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2054, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Teachers' Pensions and Annuity Fund (TPAF) (continued)

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate

The following presents the State's proportionate share of the net pension liability associated with the District as of June 30, 2019 calculated using the discount rate as disclosed above as well as what the State's proportionate share of the net pension liability associated with the District would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	At 1%	At Current	At 1%
	Decrease (4.60%)	Discount Rate (5.60%)	Increase (6.60%)
State's proportionate share of the net pension liability associated with the district	\$209,146,070	<u>\$183,125,465</u>	<u>\$150,986,628</u>

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued TPAF financial report.

Additional Information

Collective balances associated with the Local Group at June 30, 2019 are as follows:

Collective deferred outflows of resources	\$ 10,077,460,797
Collective deferred inflows of resources	\$ 17,525,379,167
Collective net pension liability- Local Group	\$ 61,370,943,870
State's proportionate share associated with	.2983911498%
the District	

Collective pension expense for the plan measurement period ended June 30, 2019 is \$3,720,032,991.

Additional Information

The State of New Jersey sponsors and administers the following defined contribution public employee retirement program covering certain state and local government employees, which include those District employees who are eligible for pension coverage.

Defined Contribution Retirement Program (DCRP)

Established under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2008 as a cost-sharing multiple employer defined contribution pension fund. The DCRP provides eligible members and their beneficiaries with a tax sheltered defined contribution retirement benefit, along with life insurance and disability coverage. In the DCRP, employee contributions are 5.5%. Employee contributions are matched by a 3% employer contribution. The District contributed \$74,795 to the DCRP for the year ended June 30, 2020.

Supplemental Annuity Collective Trust Fund (SACT)

The State established and administers a SACT, which is available to active members of the State-administered retirement system to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The State or local government employers do not appropriate funds to SACT.

NOTE 8. POST-RETIREMENT BENEFITS OTHER THAN PENSIONS (OPEB)

General Information about the OPEB Plan

Plan description and benefits provided

The State of New Jersey provides employer-paid coverage to members of the TPAF who retire from a board of education with 25 years of service or on a disability retirement. Under the provision of Chapter 126, P.L. 1992, the State also provides employer-paid coverage to members of PERS and Alternative Benefits Program ("APB") who retire from a board of education with 25 years of service or on a disability retirement if the member's employer does not provide this coverage. Retirees who are not eligible for employer paid health coverage at retirement can continue in this program if their employer participates in this program or if they are participating in the health benefits plan of their former employer and are enrolled in Medicare Parts A and B by paying the cost of the insurance for themselves and their covered dependents. In fiscal year 2019, the State paid PRM benefits for 153,893 State and local retirees.

The State funds post-retirement medical benefits on a "pay-as-you-go" basis, which means that the State does not pre-fund, or otherwise establish a reserve or other pool of assets against the PRM expenses that the State may incur in future years. For Fiscal Year 2019, the State contributed \$1.908 billion to pay for pay-as-you-go PRM benefit costs incurred by covered retirees. The State's "pay-as-you-go" contributions have remained consistent with Fiscal Year 2018 amounts. The State has appropriated \$1.612 billion in Fiscal Year 2020 as the State's contribution to fund pay-as-you-go PRM costs.

In accordance with GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, the State is required to quantify and disclose its obligation to pay Other Postemployment Benefits (OPEB) to retired plan members. This new standard supersedes the previously issued guidance, GASB Statement No. 45, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, effective for Fiscal Year 2018. The State is now required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments. The Fiscal Year 2019, total State OPEB liability to provide these benefits is \$76.0 billion, a decrease of \$14.5 billion or 16 percent from the \$90.5 billion liability recorded in Fiscal Year 2018.

The School Employees Health Benefits Program ("SEHBP") Act is found in New Jersey Statutes Annotated, Title 52, Article 17.25 et. seq. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB No. 75.

NOTE 8. POST-RETIREMENT BENEFITS OTHER THAN PENSIONS (OPEB) (continued)

General Information about the OPEB Plan (continued)

Total OPEB Liability

The State, a nonemployer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The LEA's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Accordingly, the LEA did not recognize any portion of the collective net OPEB liability on the Statement of Net Position. Accordingly, the following OPEB liability note information is reported at the State's level and is not specific to the board of education. Please reference NJ State's CAFR at https://www.nj.gov/treasury/omb/publications/archives.shtml

Actuarial assumptions and other inputs

The total OPEB liability in the June 30, 2019 actuarial valuation reported by the State in the State's most recently issued CAFR was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%		
Salary increases: Through 2026	TPAF/ABP 1.55%-3.05% based on service years	PERS 2.00%-6.00% based on service years	PFRS 3.25%-15.25% based on service years
Thereafter	1.55%-3.05% based on service years	3.00%-7.00% based on service years	Applied to all future years

Discount rate 3.50%

The discount rate was based on the Bond Buyer General Obligation 20-Bond Municipal Bond index.

Preretirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP), "General" (PERS), and "Safety" (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2019. Postretirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2019. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2019.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of actuarial experience studies for the periods July 1, 2015- June 30, 2018, July 1, 2014- June 30, 2018, and July 1, 2013-June 30, 2018 for TPAF and PERS, and PFRS respectively.

Health Care Trend Assumptions

For pre-Medicare medical benefits, this amount initially is 5.7% and decreases to a 4.5% long-term trend rate after eight years. For post-65 medical benefits, the actual fully insured Medicare Advantage trend rate for fiscal year 2020 are reflected. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.5% and decreases to a 4.5% long-term trend rate after eight years. For Medicare Part B reimbursement, the trend rate is 5.0%.

NOTE 8. POST-RETIREMENT BENEFITS OTHER THAN PENSIONS (OPEB) (continued)

Total OPEB Liability (continued)

Changes in the Total OPEB Liability reported by the State of New Jersey:

	Total OPEB Liability
Balance at 6/30/2018	\$ 46,110,832,982
Changes for the year:	
Service cost	1,734,404,850
Interest	1,827,787,206
Changes of benefit terms	-
Differences between expected and actual experience	(7,323,140,818)
Changes in assumptions or other inputs	622,184,027
Benefit payments	(1,280,958,373)
Contributions from the members	37,971,171
Balance at 6/30/2019	<u>\$ 41,729,081,045</u>

Changes of assumptions and other inputs reflect a change in the discount rate from 3.87% in 2018 to 3.50% in 2019.

There were no changes in assumptions in benefit terms.

Sensitivity of the Total Nonemployer OPEB liability to changes in the discount rate:

The following presents the total OPEB liability of the State for school board retirees, as well as what the State's total OPEB liability for school board retirees would be if it were calculated using a discount rate that is 1-percentage –point lower or 1-percentage-point higher than the current discount rate:

	1% Decrease	Discount Rate	1% Increase
	(2.50%)	(3.50%)	(4.50%)
Total OPEB Liability (School Retirees)	<u>\$49,298,534,898</u>	<u>\$41,729,081,045</u>	<u>\$35,716,321,820</u>

Sensitivity of the Total Nonemployer OPEB liability to changes in the healthcare trend rate:

The following presents the total OPEB liability of the State, as well as what the State's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease	Trend Rates	<u>1% Increase</u>
Total OPEB Liability (School Retirees)	<u>\$34,382,902,820</u>	<u>\$41,729,081,045</u>	<u>\$51,453,912,586</u>

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2020, the District recognized OPEB revenue and expense of \$2,684,029 determined by the State as the total OPEB liability for benefits provided through a defined benefit OPEB plan that is not administered through a trust that meets the criteria in paragraph 4 of GASB No. 75 and in which there is a special funding situation.

OCEAN TOWNSHIP SCHOOL DISTRICT Notes to the Basic Financial Statements June 30, 2020

NOTE 8. POST-RETIREMENT BENEFITS OTHER THAN PENSIONS (OPEB) (continued)

Total OPEB Liability (continued)

In accordance with GASBS No. 75 the District's proportionate share of school retirees OPEB is zero, and there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources. At June 30, 2019, the State reported deferred outflows of resources and deferred inflows of resources related to retired school employee's OPEB from the following sources:

	Deferred Outflows	Deferred Inflows
Difference between expected and actual Experience Changes of assumptions or other inputs Contributions made in fiscal year ending 2019 After the June 30, 2018 measurement date	\$- - <u>To be determined</u>	\$ (10,484,965,300) (8,481,529,343)
Total	To be determined	<u>\$ (18,966,494,643</u>)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to retired school employees OPEB will be recognized in OPEB expense as follows:

Year ending June 30:	
2020	\$ (2,546,527,182)
2020	(2,546,527,182)
2021	(2,546,527,182)
2022	(2,546,527,182)
2023	(2,546,527,182)
Thereafter	(6,233,858,733)
Total	<u>\$ (18,966,494,643</u>)

NOTE 9. RISK MANAGEMENT AND HEALTH INSURANCE

The District is exposed to various risks of loss related to torts; theft, damage, or destruction of assets; errors and omissions; employee health and accident claims; and natural disasters.

Property and Liability Insurance

The District maintains commercial insurance coverage for property, liability, student accident, and surety bonds and does not retain risk of loss. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report. There have been no significant reductions in insurance coverage from the prior year and no settlements that have exceeded insurance coverage for the last three years.

New Jersey Unemployment Compensation Insurance

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method." Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State.

The table below is a summary of the district contributions, employee contributions, reimbursements to the state for benefits paid and the ending balance of the district's trust fund for the current and previous two years:

NOTE 9. RISK MANAGEMENT AND HEALTH INSURANCE (continued)

Fiscal Year	<u>Interes</u>		istrict <u>ributions</u>	nployee <u>ntributions</u>	Amount aimbursed	Ending <u>Balance</u>
2019-2020 2018-2020 2017-2018	\$ 7,53 10,44 5,50	12	- -	\$ 148,867 124,608 122,706	\$ (170,211) (93,384) (120,412)	\$ 486,400 500,214 458,548

Health Insurance

Beginning in the fiscal year 2009, the District began to self-insure for employee prescription plans. Costs associated with these risks are reported in the internal service fund.

Liabilities for unpaid claims are based on recommendations by third-party administrators. There have been no significant reductions in insurance coverage from coverage in prior years. The amounts of settlements have not exceeded insurance coverage in any of the past three fiscal years.

The following schedule represents the changes in claims liability for the past three fiscal years for the District's Self Insurance Program:

Fiscal Year	Beginning of	Current year claims	Claims	Balance at Fiscal
	Fiscal Year liability	Changes in estimates	<u>Payments</u>	Year end
2019-2020	\$ 846,916	\$ 2,725,000	\$(2,533,296)	\$ 1,038,620
2018-2020	832,780	2,140,000	(2,125,864)	846,916
2017-2018	609,604	3,085,500	(2,862,324)	832,780

NOTE 10. DEFERRED COMPENSATION

The District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 403(b). The plan, which is administered by various insurance companies, permits participants to defer a portion of their salary until future years. Amounts deferred under the plan are not available to employees until termination, retirement, death or unforeseeable emergency.

The District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan permits participants to defer a portion of their salary until future years. All amounts of compensation deferred are held for the exclusive benefit of plan participants and beneficiaries. Amounts deferred under the plan are distributable upon separation from service, death or unforeseeable emergency.

Participants' rights under the plan are equal to the fair market value of the deferred account for each participant. The District has no liability for losses under the plan and is not the plan trustee.

The plan administrators are AXA- Equitable, Metropolitan Life, Ameriprise, VALIC (Variable Annuity Life Insurance Co.), Aspire, VOYA Annuities, National Life Teachers Pension and Lincoln Investments.

OCEAN TOWNSHIP SCHOOL DISTRICT Notes to the Basic Financial Statements June 30, 2020

NOTE 11. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

As of June 30, 2020, the interfund receivables and payables that resulted from regularly recurring operational transfers are detailed below:

Due to the General Fund from the Special Revenue Fund to cover Cash overdraft \$260,742

The interfund between the capital projects fund and debt service fund represent interest earned on investments in the capital projects fund that must be transferred to the general fund. The interfund between the general fund and the capital projects and special revenue funds represents loans between the funds. All interfunds are expected to be paid within one year.

Interfund transfers during the year were as follows:

	Transfers from other <u>funds</u>	Transfers to other <u>funds</u>
General fund Capital projects	\$ 282	\$-
	<u>\$ 282</u>	<u>\$ 282</u>

NOTE 12. ECONOMIC DEPENDENCY

The District is dependent on the State of New Jersey for a substantial portion of its operating funds. Due to additional funding uncertainties at the State level, funding for school districts was reduced. The ultimate effect of possible reductions in funding on the District's future operations is not yet determinable.

NOTE 13. CONTINGENT LIABILITIES

Litigation

The Board is involved in a few claims incidental to its operations. In the opinion of the administration and legal counsel, the ultimate resolution of these matters will not have a material adverse effect on the financial position of the District.

Grant Programs

The District participates in federal and state grant assistance programs. These programs are subject to program compliance audits by the grantors or their representatives. The District is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

NOTE 14. CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the District by inclusion during the 2000-2001 school year for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the District's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by Board resolution at year end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to *N.J.S.A* 19:60-2. Pursuant to *N.J.A.C.* 6A:26-9.1(d)1, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2019 to June 30, 2020 fiscal year is as follows:

Beginning balance, July 1, 2019 Interest earnings	\$ 1,142,075 16.713
Deposits per board resolution Board resolution June 16, 2020	750,000
Ending balance, June 30, 2020	<u>\$ 1,908,788</u>

The June 30, 2020 LRFP balance of local support costs of uncompleted capital projects is \$4,236,976.

NOTE 15. MAINTENANCE RESERVE ACCOUNT

A maintenance reserve account was established by the District during the 2019-2020 school year for the accumulation of funds for use as maintenance expenditures in subsequent fiscal years. The maintenance reserve is maintained in the general fund and its activity is included in the general fund annual budget.

The maintenance reserve account is used to accumulate funds for the required maintenance of the District's facilities. The District is prohibited for from using the funds for routine or capital maintenance. A District may only increase the balance in the maintenance reserve account by appropriating funds in the annual general fund budget certified for taxes or by deposit of unanticipated revenue or unexpended line-item appropriation by board resolution at year end. The board resolution for deposit at year end into a maintenance reserve account must be made between June 1 and June 30 of the budget year.

The activity of the capital reserve for the July 1, 2019 to June 30, 2020 fiscal year is as follows:

Beginning balance, July 1, 2019	\$	-
Interest earnings Deposits per board resolution Board resolution June 16, 2020	1,000,	- 000
Ending balance, June 30, 2020	<u>\$ 1,000,</u>	000

The balance in the maintenance reserve does not exceed four percent of the replacement cost of the school district's facilities for the current year at June 30, 2020. The District did not budget for withdrawal from maintenance reserve in its 2020-2021 fiscal year budget.

NOTE 16. DEFICIT FUND BALANCES

As reflected on Exhibit B-1, Balance Sheet Governmental Funds, the District has a deficit fund balance of \$75,994 in the General Fund and \$65,204 in the Special Revenue Fund as of June 30, 2020. This deficit is reported in the fund financial statements on a modified accrual basis. *N.J.S.A.* 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, districts must record the delayed on or more June State aid payments as revenue, for budget purposes only, in the current school year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry, i.e., if one government recognizes an asset, the other government recognizes a liability. Since the State is recording the June state aid payments in the subsequent fiscal year, the school district cannot recognize the June state aid payment (on the GAAP financial statements) until the year the State records the payable. Due to the timing difference of recording the June state aid payments, the General and Special Revenue Fund balance deficits do not alone indicate that the district is facing financial difficulties.

Pursuant to *N.J.S.A.* 18A:22-44.2 any negative unreserved, undesignated general fund balance that is reported as a direct result from a delay in the June payments of state aid until the following fiscal year, is not considered in violation of New Jersey stature and regulation nor in need of corrective action. The District deficit in the GAAP funds statements of \$141,198 is less than the last state aid payment.

As reflected on Exhibit A-1, Statement of Net Position, a deficit in unrestricted net position of \$1,345,756 existed as of June 30, 2020 for governmental activities. The primary cause of this deficit is the recognition of the net pension liability as well as the District not recognizing the receivable for state aid payments and the recording of the long-term liability for compensated absences. In accordance with full accrual accounting, which is the basis of accounting for Exhibit A-1, Statement of Net Position, such liabilities are required to be recorded in the period in which they are incurred.

However, in accordance with the rules and regulations that govern the District in the formulation of their annual budget (see Note 1), compensated absences that relate to future services, or that are contingent on a specific event outside the control of the District and its employees, are funded in the period in which such services are rendered or in which such events take place, and pension costs are recorded when due. Therefore, this deficit in unrestricted net position for governmental activities does not indicate that the District is facing financial difficulties.

NOTE 17. FUND BALANCE APPROPRIATED

General Fund (Exhibit B-1)

Of the \$10,124,400 General Fund balance in the fund financial statements at June 30, 2020, \$306,705 is reserved for encumbrances; \$3,629,467 is reserved as excess surplus in accordance with N.J.S.A. 18A:7F-7; \$3,255,434 of the total reserve for excess surplus has been appropriated and included as anticipated revenue for the year ending June 30, 2021; \$1,908,788 has been reserved in the Capital Reserve Account, \$1,000,000 has been reserved in the Maintenance Reserve account and \$100,000 has been appropriated and included as anticipated revenue for the year ending June 30, 2021. The resulting deficit of \$75,994 as described in Note 16 is unreserved and undesignated.

Special Revenue Fund

The \$65,204 deficit in the Special Revenue Fund in the fund financial statements at June 30, 2020 is unreserved and undesignated.

Debt Service Fund

The \$1 Debt Service Fund balance at June 30, 2020, has been appropriated and included as anticipated revenue for the year ending June 30, 2021.

NOTE 18. RELATED PARTIES AND ORGANIZATIONS

Not included in the District's financial statements are certain Parent-Teacher Associations (PTAs), Parent-Teacher-Student Associations (PTSAs), athletic and band booster clubs. These agencies provide services to students and employees of the District but are separate legal entities having sufficient autonomy in the management of their own affairs to distinguish them as separate from the administrative organization of the District. The District does not account for these entities as component units or joint ventures; it does not maintain an ongoing financial interest or have responsibility for these entities.

NOTE 19. TAX ABATEMENTS

As defined by the Governmental Accounting Standards Board (GASB), a tax abatement is an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. School districts are not authorized by New Jersey statute to enter into tax abatement agreements. However, the county or municipality in which the school district is situated may have entered into tax abatement agreements, and that potential must be disclosed in these financial statements. If the county or municipality entered into tax abatement agreements, those agreements will not directly affect the school district's local tax revenue because N.J.S.A. 54:4-75 and N.J.S.A. 54:4-76 require that accounts so forgiven must effectively be recouped from other taxpayers and remitted to the school district.

For a local school district board of education that has elected to raise their minimum tax levy using the required local share provisions at N.J.S.A. 18A:7F-5(b), the loss of revenue resulting from the municipality or county having entered into a tax abatement agreement is indeterminate due to the complex nature of the calculation of required local share performed by the New Jersey Department of Education based upon district property value and wealth.

NOTE 20. SUBSEQUENT EVENTS

Management has evaluated subsequent events through February 4, 2021, the date through which procedures were performed to prepare the financial statements for issuance. The outbreak of COVID-19 continues to cause widespread disruption including the operations of public school systems. The course of the pandemic and its ultimate effect on the United States and its economy is not fully known at this time. Management evaluation is ongoing and it is impossible to predict the effect that the pandemic may have on school operations as the educational environment continues to change.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION - PART II

Note A - Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

GAAP Revenues and Expenditures	u 	General Fund	 Special Revenue Fund
Sources/Inflows of Resources			
Actual amounts (budgetary basis) "revenue" from the budgetary comparison schedule Difference - budget to GAAP: Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the	\$	86,253,098	\$ 3,259,926
related revenue is recognized.		-	(137,766)
State aid payment recognized for budgetary purposes, not recognized for GAAP statements until subsequent year.State aid payment recognized for GAAP statements in the current year, previously recognized for budgetary purposes.		(1,872,097) 1,853,998	 (65,204)
Total revenues as reported on the statement of revenues, expenditures and changes in fund balances - governmental funds.	\$	86,234,999	\$ 3,056,956
Uses/Outflows of Resources Actual amounts (budgetary basis) "total outflows" from the budgetary comparison schedule.	\$	83,245,031	\$ 3,259,926
Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for budgetary purposes, but in the year the supplies are received for financial reporting purposes.			 (137,766)
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds.	\$	83,245,031	\$ 3,122,160

PROPRIETARY FUNDS DETAIL STATEMENTS

Proprietary Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the District's board is that the costs of providing goods or services be financed through user charges.

Food Services Fund - This fund provides for the operation of food services in all schools within the school district.

THIS SECTION HAS ALREADY BEEN INCLUDED IN STATEMENTS B-4, B-5, AND B-6.

FIDUCIARY FUNDS DETAIL STATEMENTS

Fiduciary Funds are used to account for funds received by the school district for a specific purpose:

Private Purpose Scholarship Funds - These are funds used to account for assets held by the district for scholarships or awards to students.

Unemployment Compensation Insurance Trust Fund - This fund is used to pay employees unemployment compensation claims.

Agency Funds are used to account for assets held by the school district as an agent for individuals, private organizations, other governments and/or other funds:

Student Activity Fund - This agency fund is used to account for student funds held at the schools.

Payroll and Payroll Agency Funds - These agency funds are used to account for the payroll transactions of the school district.

Ocean Township School District Statistical Section (Unaudited)

Contents	<u>Page</u>
Financial Trends	101 - 107
These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.	
Revenue Capacity	108 - 111
These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.	
Debt Capacity	112 - 115
These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the district's ability to issue additional debt in the future.	
Demographic and Economic Information	116 - 117
These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	
Operating Information	118 - 123
These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Note:

NJSA 18A:7F-5d limits the amount that the District can submit for a general fund tax levy. The levy, when added to other components of the District's net budget, may not exceed the prebudget year net budget by more than the spending growth limitation calculated as follows: the prebudget year net budget increased by the cost of living or 2.5 percent, whichever is greater, plus any spending growth.

a The district's basic tax rate is calculated from the A4F form which is submitted with the budget and the net valuation taxable.

b Rates for debt service are based on each year's requirements.

OCEAN TOWNSHIP SCHOOL DISTRICT Direct and Overlapping Government Activities Debt For the Year Ended December 31, 2019 Unaudited

	Debt Outstanding	Estimated Percentage Applicable ^a	Estimated Share of Overlapping Debt
Debt repaid with property taxes			
Township of Ocean Monmouth County General Obligation Debt	\$ 32,181,717 512,159,170	100.00% 4.324%	\$ 32,181,717 22,145,763
Other debt			
Subtotal overlapping debt			54,327,480
Ocean Township School District Direct Debt			29,520,000
Total Direct and Overlapping Debt			\$ 83,847,480

- **Sources:** Assessed value data used to estimate applicable percentages provided by the Monmouth County Board of Taxation. Debt outstanding data provided by each governmental unit.
- **Note:** Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the District. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.
 - **a** For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

SINGLE AUDIT SECTION

K-1 Page 1 of 2

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable President and Members of the Board of Education Ocean Township School District County of Monmouth Oakhurst, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Ocean Township School District, in the County of Monmouth, State of New Jersey, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Ocean Township School District's basic financial statements, and have issued our report thereon dated February 4, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Ocean Township School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Ocean Township School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Ocean Township School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

124

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Ocean Township School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND NEW JERSEY OMB'S CIRCULAR 15-08

The Honorable President and Members of the Board of Education Ocean Township School District County of Monmouth Oakhurst, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited the Ocean Township School District's compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the Ocean Township School District's major federal and state programs for the year ended June 30, 2020. The Ocean Township School District's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal awards and state financial assistance applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Ocean Township School District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.*

Smolin, Lupin & Co., PA 165 Passaic Avenue, Suite 411 Fairfield, NJ 07004 973-439-7200 Smolin, Lupin & Co., LLC 331 Newman Springs Road, Suite 145 Red Bank, NJ 07701 732-933-9300

Smolin, Lupin & Co., LLC 14155 U.S. Highway One, Suite 200 Juno Beach, FL 33408 561-747-1040 Smolin, Lupin & Co., PA One Penn Plaza, 36th FLoor New York, NY 10119 212- 786-7587

126

Those standards, the Uniform Guidance, and New Jersey OMB's Circular 15-08, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Ocean Township School District's compliance with those requirements and performing such other procedure, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Ocean Township School District's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the Ocean Township School District, in the County of Monmouth, State of New Jersey, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of the Ocean Township School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Ocean Township School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and New Jersey OMB's Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Ocean Township School District's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control of deficiencies, in internal control over compliance control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and New Jersey OMB's Circular 15-08. Accordingly, this report is not suitable for any other purpose.

The accompanying notes to schedules of expenditures of federal awards and state financial assistance are an integral part of this schedule.

NOTE 1. GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Ocean Township School District. The Ocean Township School District is defined in Note 1 to the District's basic financial statements. All federal awards and state financial assistance received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies, are included on the schedules of expenditures of federal awards and state financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of federal awards and state financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the District's financial statements. The information in these schedules is presented in accordance with the requirements of Title 2 U. S. *Code of Federal Regulation Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and New Jersey Office of Management and Budget Circular 15-08, *Single Audit Policy for Recipients of Federal Grants and State Aid.* Therefore, some amounts presented in these schedules may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to *N.J.S.A.* 18A:22-44.2. For GAAP purposes, payments are not recognized until the subsequent budget year due to the state deferral and recording of the one or more deferred June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes state aid payments in the current budget year, consistent with *N.J.S.A.* 18A:22-44.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$(18,099) for the general fund and \$(202,970) for the special revenue fund. See C-3 (Notes to the Required Supplementary Information) for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the District's basic financial statements on a GAAP basis as presented below:

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (continued)

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$ 50,576	\$19,644,660	\$19,695,236
Special Revenue Fund	1,817,646	1,239,310	3,056,956
Debt Service Fund	-	607,676	607,676
Food Service Fund	562,130	8,355	570,485
Total Awards and Financial Assistance	<u>\$ 2,430,352</u>	<u>\$21,500,001</u>	<u>\$23,930,353</u>

NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5. OTHER

Revenues and expenditures reported under the food distribution program represent current year value received and current year distributions, respectively. The amount reported as TPAF Pension- Non-Contributory Insurance and Post Retirement Medical Contributions and Normal Costs represents the amount paid by the State on behalf of the District for the year ended June 30, 2020. Reimbursed TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2020.

NOTE 6. ON-BEHALF PROGRAMS NOT SUBJECT TO STATE SINGLE AUDIT

On-behalf state programs for TPAF Pension - Non-Contributory Insurance, Post-Retirement Medical Contributions, and Normal Costs are not subject to a state single audit and, therefore, are excluded from major program determination. The schedule of expenditures of state financial assistance provides a reconciliation of state financial assistance reported in the District's basic financial statements and the amount subject to state single audit and major program determination.

NOTE 7. DE MINIMUS INDIRECT COST RATE

The District has not previously received a negotiated indirect cost rate, nor has it elected to use the 10 percent de minimus indirect cost rate allowable under the Uniform Guidance.

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (continued)

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$ 50,576	\$19,644,660	\$19,695,236
Special Revenue Fund	1,817,646	1,239,310	3,056,956
Debt Service Fund	-	607,676	607,676
Food Service Fund	562,130	8,355	570,485
Total Awards and Financial Assistance	<u>\$ 2,430,352</u>	<u>\$21,500,001</u>	<u>\$23,930,353</u>

NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5. OTHER

Revenues and expenditures reported under the food distribution program represent current year value received and current year distributions, respectively. The amount reported as TPAF Pension- Non-Contributory Insurance and Post Retirement Medical Contributions and Normal Costs represents the amount paid by the State on behalf of the District for the year ended June 30, 2020. Reimbursed TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2020.

NOTE 6. ON-BEHALF PROGRAMS NOT SUBJECT TO STATE SINGLE AUDIT

On-behalf state programs for TPAF Pension - Non-Contributory Insurance, Post-Retirement Medical Contributions, and Normal Costs are not subject to a state single audit and, therefore, are excluded from major program determination. The schedule of expenditures of state financial assistance provides a reconciliation of state financial assistance reported in the District's basic financial statements and the amount subject to state single audit and major program determination.

NOTE 7. DE MINIMUS INDIRECT COST RATE

The District has not previously received a negotiated indirect cost rate, nor has it elected to use the 10 percent de minimus indirect cost rate allowable under the Uniform Guidance.
