Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23-2.2(g) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-2.4. As a result of the procedures performed, no errors were noted.

Travel

The District had an approved board travel policy as required by N.J.A.C. 6A:23A-6.13 and N.J.S.A. 18A:11-12.

Financial Planning, Accounting and Reporting (Continued)

Unemployment Compensation Insurance Trust Fund

The Board has adopted the direct reimbursement method and has established an Unemployment Compensation Insurance Trust Fund. The financial transactions of this fund are reported in the Fiduciary Fund.

Elementary and Secondary Education Act (E.S.E.A.)/as amended by Every Student Succeed Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue section of the CAFR. This section of the CAFR documents the financial position pertaining to projects under Title I and II of the Elementary and Secondary Education Act.

Our audit of the Federal and State funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

Other Special Federal and/or State Projects

The district's Special Projects were approved as listed Exhibits K-3 and K-4 located in the CAFR.

Our examination of the Federal and State funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 (as amended) and 18A:18A-3(a) are \$40,000 (with a qualified purchasing agent) and \$29,000 (without a qualified purchasing agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39.3 is currently \$19,000 for 2018-19. On July 16, 2012, the Board of Education appointed Deborah Muscara as a qualified purchasing agent.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Board Attorney's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or goods or service, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. No such violations were noted.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal, however, that the district purchased items through the use of State contracts.

Food Service Fund

The District does not participate in the National School Lunch Program.

The financial transactions and statistical records of the school's Milk Program were maintained in satisfactory condition.

Expenditures were separately recorded as milk and other costs. Vendor invoices were reviewed and costs verified.

There was no inventory at June 30, 2020.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school's Milk Program.

After School Child Care Program

The records of the after school child care program were in good condition.

Student Activity Funds

The District had a policy and procedures in place for regulating the student activity funds.

Cash disbursements and receipts records were maintained in good condition.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2019 Application for State School Aid (A.S.S.A.) for on-roll, private school for the handicapped, low-income and bilingual education. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers with an isolated exception. The information that was included on the workpapers was verified with isolated exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district maintained workpapers on the prescribed state forms or their equivalent.

The district has adequate written procedures for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on-roll status reported in the 2019-20 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report with isolated exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

Facilities and Capital Assets

Capital asset records were updated for the additions and disposals of capital assets made throughout the year.

The School district adhered to all the requirements of N.J.A.C. 26.1.2 and 12.4 related to testing for lead or all drinking water in educational facilities and submitted the annual Statement of Assurance to the Department of Education pursuant to N.J.A.C. 6A:26-12.4(g).

Follow-up on Prior Year Findings

In accordance with government auditing standards, our procedures include a review of all prior year recommendations including findings.

The District has submitted their corrective action plan to the office of fiscal accountability and compliance and they have issued a letter to the District accepting the District's planned corrective action and have closed their case.
