In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classification to determine overall reliability and compliance with N.J.A.C. 6A:23A-2.4. As a result of the procedures performed, no transaction error rate was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$26,000 and \$18,800, respectively. N.J.S.A.40A:113a permits an increase in the bid threshold up to \$40,000 if a Qualified Purchasing Agent ("QPA") is appointed as well as granted the authorization to negotiate and award such contracts below the bid threshold. N.J.A.C. 5:34-5 et. Seq. establishes the criteria for qualifying as a Qualified Purchasing Agent. The Board of Education has designated the Business Administrator, Brian Falkowski and Michael Falkowski, as the QPAs on December 16, 2015

The board of education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Attorney's opinion should be sought before a commitment is made.

Inasmuch as the system of records is not designed to provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination indicated that no individual payments, contracts or agreements were made "for the performance of any work or the furnishing or hiring of any materials of supplies," in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

School Purchasing Programs (Continued)

Contracts and Agreements Requiring Advertisement for Bids (Continued)

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The minutes indicate that bids were advertised for the following:

Athletic Transportation

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal however, that the following purchases were made through the use of State contracts.

Computer Equipment and Hardware
Custodial Supplies
Maintenance Supplies
Building Repairs

Vehicle Repairs
General School Supplies
Office Supplies

Purchase of supplies were also made through Educational Data Services Inc. and the New Jersey Educational Services Commission authorized purchasing and bidding cooperative.

Enterprise Fund

School Food Service

The financial transactions and statistical records of the school food services were maintained properly. The financial accounts, meal count record and eligibility applications were reviewed on a test-check basis. No exceptions were noted.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served did not exceed the number of valid applications on file, times the number of operating days, on a school by school basis. The free and reduced price meals and free milk policy is uniformly administered throughout the School System. The required verification procedures for free and reduced price applications were completed and available for review. The number of meals/milk for reimbursement was compared to sales and meal count records. No exceptions were noted. Cash receipts and bank records were reviewed for timely deposit.

Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used. Provisions of the food service management company contract were reviewed and audited. All vendor discounts, rebates and credits vendors and/or the management company were tracked and credited to the Food Service account and reconciled to supporting documentation at least annually. Provision of NJSA 18A:17-34, 19-1 and 19-4.1 were complied with.

The school district project maintains the detailed revenue and expenditure information necessary in order to execute the USDA mandated Non-Program Food Revenue Tool at least annually.

All employees of the cafeteria are hired and paid by Chartwells.

Exhibits reflecting child nutrition program operations are included in Section B (B-4, B-5 and B-6) of the CAFR.

The District is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34 and 19-1 through 19-4.1. Net cash resources did not exceed three months average expenditures.

Food Distribution Program commodities were received during the period of audit. Inventory records on commodities are being maintained on a first in first out basis. The value of U.S.D.A. Commodities received during 2019-2020 was \$292,866.

Application for State School Aid (ASSA)

Our audit procedures included a test of information reported in the October 15, 2018 Application for State School Aid (ASSA) for on-roll, private schools for the handicapped, low-income and bilingual. We also performed a review of the district procedures related to its completion. The information on the ASSA was compared to the district workpapers. The information that was included on the workpapers was verified. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed state forms or their equivalent.

The District has adequate written procedures for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on-roll status reported in the 2019-2020 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report. The results of our procedures are presented in the Schedule of Audited Enrollments. The amount of students reported on the DRTRS by the Department of Education was in agreement with the amount claimed by the District on its summary report.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. The bid specifications for the lease/purchase of buses were in compliance with applicable statutes. No exceptions were noted in our review of transportation related purchases of goods and services.
