**ADMINISTRATIVE FINDINGS -
FINANCIAL, COMPLIANCE AND PERFORMANCE REPORTING**

GENERAL COMMENTS

Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator and Treasurer of School Moneys, the activities of the Board of Education, the records of the various funds under the auspices of the Board of Education.

Administrative Practices and Procedures

Insurance

Fire insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule contained in the District's CAFR.

Officials Bonds

<u>Name</u>	<u>Position</u>	<u>Amount</u>
Vincent Daniels	Board Secretary/School Business Administrator	\$250,000

There is a Public Employees' Faithful Performance Blanket Position Bond covering all other employees with multiple coverage of \$250,000.

Tuition Charges

A comparison of tentative tuition charges and actual certified tuition charges was made. The actual costs were more than estimated. The Board made a proper adjustment to the billings to sending districts for the increase in per pupil costs in accordance with N.J.A.C. 6A:23A-3.1(f)3.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims submitted for payment during the period under review did not reveal any material discrepancies with respect to signatures, certification or supporting documentation.

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

Financial Planning, Accounting and Reporting, (continued)

Payroll Account, (continued)

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/School Business Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits withholding due to the General Fund.

The required certification (E-CERT1) of compliance with requirements for income tax on compensation of administrators (superintendent, assistant superintendents, and business administrator) to the NJ Department of Treasury was filed by the March 15 due date.

Reporting of employee compensation for income tax related purposes did comply with federal and state regulations regarding the compensation which is required to be reported.

Position Control Roster

The Position Control Roster was reviewed and compared to payroll records, employee benefit records and charges made to the general ledger to ensure proper and consistent financial reporting and that employee benefits are only offered to current employees.

Reserve for Encumbrances, Liability for Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, for goods not yet received or services not yet rendered and it was determined that no blanket purchase orders were included in the balance of the reserves for encumbrances. Also, unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received and services were rendered, as of June 30.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. As a result of the procedures performed, a transaction error rate of 0.00% was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Board Secretary's Records

Our review of the financial and accounting records maintained by the Board Secretary were found to be in good order.

Treasurer's Records

The Treasurer's records were in good order.

Financial Planning, Accounting and Reporting, (continued)

Elementary and Secondary Education Act (E.S.E.A.) as Amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Title I, Title II and Title III of the Elementary and Secondary Education Act as amended and reauthorized.

The study of compliance for E.S.E.A. indicated no areas of noncompliance and/or questionable costs.

Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the federal and state funds on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for the special projects indicated no noncompliance:

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for the district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

TPAF Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of 90 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

Nonpublic School Aid

Project completion reports were finalized and transmitted to the State Department of Education by the due date.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-2 contains definitions for terms used throughout N.J.S.A. 18A:18A-1 et seq. It includes as subsection (p) the term ‘competitive contracting’, which is defined as “the method described in N.J.S.A. 18A:18A-4.1 through 18A:18A-4.5 and in rules promulgated by DCA at N.J.A.C. 5:34-4 of contracting for specialized goods and services in which formal proposals are solicited from vendors; formal proposals are evaluated by the purchasing agent or counsel or school business administrator; and the board of education awards a contract to a vendor or vendors from among the formal proposals received.” Also, subsection (aa) defines the term ‘concession’ to exclude vending machines.

N.J.S.A. 18A:18A-3(a) sets forth the bid threshold and requires award by board resolution. There is a higher threshold when there is a “Qualified Purchasing Agent” (QPA) in the district as defined at N.J.A.C. 5:34-1.1 and certified upon approval of an application submitted to DCA. Pursuant to N.J.S.A. 18A:18A-3(b), the bid threshold may be adjusted by the Governor, in consultation with the Department of Treasury, every five years.

N.J.S.A. 18A:18A-4.4 provides boards of education the authority to pass a resolution authorizing the use of competitive contracting. “In order to initiate competitive contracting, the board of education shall pass a resolution authorizing the use of competitive contracting each time specialized goods or services enumerated in sections 45 of L. 1999, c.440 are desired to be contracted.”

Effective July 1, 2015 and thereafter, the bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$40,000 (with a Qualified Purchasing Agency) and \$29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently \$19,000.

The district board of education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor’s opinion should be sought before a commitment is made.

The results of our examination indicated that no individual payments, contracts, or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4, amended.

Resolutions were adopted authorizing the awarding of contract or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

School Food Service

COVID-19 Emergency

In accordance with the Governor's Declaration of Emergency pertaining to the COVID-19 virus, all Public, Charter, Non-Public schools were ordered to close effective as of March 18, 2020 for an undetermined period to limit the spread of the virus. As a result, School Food Authorities (SFA) were required to institute alternative procedures to provide meals to Free and Reduced Price eligible students during the period of school closures.

Therefore, SFAs were authorized to solicit and award emergency noncompetitive procurements and contracts with Food Service Management Companies in accordance with 2 CFR 200.320 and N.J.S.A. 18A:18A-7. The SFAs were also authorized to submit contract modifications to their existing Cost Reimbursable or Fixed Price contracts as necessary to ensure the feeding of Free and Reduced Price meal eligible students.

SFAs were notified of the requirement to maintain and report separate meal count records and financial records of all applicable costs incurred in providing meals to all Free and Reduced Price meal eligible students during the emergency.

The school food service program was not selected as a major federal program. However, the program expenditures exceeded \$100,000 in federal support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the SFA had any Child Nutrition Program reimbursement overclaims or underclaims. No exceptions were noted.

The District utilizes a food service management company (FSMC) and is depositing and expending program monies in accordance with *N.J.S.A.* 18A:17-34, and 19-1 through 19-4.1. Provisions of the FSMC contract/addendum were reviewed and audited. The FSMC contract includes an operating results provision which guarantees that the food service program will return a profit of at least \$12,819. The operating results provision has been met.

We also inquired of school management personnel as to whether the SFA's expenditures of school food service revenues were limited to direct and indirect costs. No exceptions were noted.

The Statement of Revenues, Expenses, and Changes in Fund Net Assets (CAFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

We also inquired of management about the emergency COVID-19 procedures/practices that the SFA instituted to provide meals to eligible students, maintenance of all applicable production records; meal counts; noncompetitive procurements; modifications of existing contracts and applicable financial records to document the specific costs applicable to the emergency operations.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Exhibit G of the CAFR.

Student Body Activities

A cash receipts and disbursements record was maintained in good order.

All cash receipts were promptly deposited in the bank.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2019 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, bilingual and low-income. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers without exception. The information that was included on the workpapers was verified without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed state forms or their equivalent.

The District has adequate written procedures for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on roll status reported in the 2019-2020 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

Facilities and Capital Assets

Our procedures included a review of the School Development Authority (“SDA”) grant agreement for consistency with recording SDA revenue, transfer of local funds from the general fund or from the capital reserve account, and awarding of contracts for eligible facilities construction. No exceptions were noted.

Testing for Lead of All Drinking Water in Educational Facilities

The school district adhered to all the requirements of N.J.A.C. 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The school district did submit the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

Follow-up on Prior Years' Findings

In accordance with government auditing standards, our procedures included a review of all prior year recommendations. Corrective action has been taken on all prior year findings.

Acknowledgment

We received the complete cooperation of all the officials of the school district and we greatly appreciate the courtesies extended to the members of the audit team.
