# Payroll Account, Human Resources and Position Control Roster

The net salaries of all employees of the Board were deposited in the payroll account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the payroll agency account.

All payrolls tested were approved by the Superintendent and were certified by the President of the Board, the Board Secretary/Business Administrator, and the Chief School Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits withholding due to the general fund, where applicable.

Payrolls were delivered to the Treasurer of school monies with a warrant made to his order for the full amount of each payroll.

Our review of the payroll accounts did not reveal any exceptions.

#### Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30 for proper classification of orders as reserve for encumbrances and accounts payable and no exceptions were noted.

#### Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with *N.J.A.C.* 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection targeted administrative coding classifications to determine overall reliability and compliance with *N.J.A.C.* 6A:23A-8.3. As a result of the procedures performed, a transaction error rate of 0% overall was noted and no additional procedures were deemed necessary to test the propriety of expenditure classifications.

#### Board Secretary's Records

Our review of the financial and accounting records maintained by the Board Secretary disclosed no exceptions.

# Treasurer's Records

Our review of the financial and accounting records maintained by the Treasurer did not disclose any exceptions.

# Elementary and Secondary Education Act (E.S.E.A) as amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Titles I and VI of the Elementary and Secondary Education Act as amended and reauthorized.

The study of compliance for E.S.E.A. indicated no areas of noncompliance and/or questionable costs.

# Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Schedule A (K-3) and Schedule B (K-4) located in the CAFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects. The study of compliance for the special projects indicated no areas of noncompliance.

# T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for District employees who are members of the Teachers' Pension and Annuity Fund. No exceptions were noted.

### TPAF Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

#### **School Purchasing Programs**

### Contracts and Agreements Requiring Advertisement for Bids

Effective July 1, 2015 and thereafter, the bid thresholds in accordance with *N.J.S.A. 18A:18A-2* and 18A:18A-3(a) are \$40,000 with a Qualified Purchasing Agent and \$29,000 without a Qualified Purchasing Agent, respectively. The law regulating bidding for public school transportation contracts under N.J.S.A. 18A:39-3 is currently \$19,000 for 2019-20.

The District Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Based on the results of examination, no individual payments, contracts, or agreements were made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of *N.J.S.A.* 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per *N.J.S.A. 18A:18A-5*.

#### **School Food Service**

#### **COVID – 19 EMERGENCY**

In accordance with the Governor's Declaration of Emergency pertaining to the COVID 19 Virus all Public, Charter, Non-Public schools were ordered to close effective as of March 18, 2020 for an undetermined period to limit the spread of the virus. As a result, School Food Authorities (SFA) were required to institute alternate procedures to provide meals to Free and Reduced Price eligible students during the period of school closures.

Therefore, SFAs were authorized to solicit and award emergency noncompetitive procurements and contracts with Food Service Management Companies in accordance with 2 CFR 200.320 and N.J.S.A.18A:18A-7. The SFAs were also authorized to submit contract modifications to their existing Cost Reimbursable or Fixed Price contracts as necessary to ensure the feeding of Free and Reduced Price meal eligible students.

SFAs were notified of the requirement to maintain and report separate meal count records and financial records of all applicable costs incurred in providing meals to all free and reduced price meal eligible students during the emergency.

The school food service program was not selected as a major federal and/or State program. However, the program expenditures exceeded \$100,000 in federal and/or State support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the School Food Authority (SFA) had any Child Nutrition Program reimbursement overclaims or underclaims. No exceptions were noted.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions were noted.

The Statement of Revenues, Expenses, and Changes in Fund Net Position (CAFR Schedule B-5) does not separate program and non-program revenue and program and non-program cost of goods sold and is not required to, as the District is a part of the Community Eligibility Provision Schools program.

We also inquired of management about the emergency COVID-19 procedures/practices that the SFA instituted to provide meals to eligible students, maintenance of all applicable production records; meal counts; noncompetitive procurements; modification of existing contracts and applicable financial records to document the specific costs applicable to the emergency operations.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section B of the CAFR.

# **Student Body Activities**

During our audit of the student activity funds, we did not note any exceptions.

# Application for State School Aid (ASSA)

Our audit procedures included a test of information reported in the October 15, 2019 Application for State School Aid (ASSA) for on-roll, private schools for the handicapped, low-income and bilingual. We also performed a review of the District procedures related to its completion. The information on the A.S.S.A. was compared to the District work papers without material exceptions. The information that was included on the work papers was verified with immaterial exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed state forms or their equivalent. The District has adequate written procedures for the recording of student enrollment data.

#### **Pupil Transportation**

Our audit procedures included a test of on-roll status reported in the 2019-2020 District Report of Transported Resident Students ("DRTRS"). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. The bid specifications for the purchase of buses were in compliance with applicable statutes. No exceptions were noted in our review of transportation related purchases of goods and services.

Transportation Aid was not tested as a major program for purposes of the State single audit and therefore limited procedures were performed over the DRTRS.

## Facilities and Capital Assets

The facilities projects of the District are fully administered by the New Jersey Schools Development Authority and therefore this section is not applicable.

# **Testing for Lead of All Drinking Water in Educational Facilities**

The school district adhered to all the requirements of N.J.A.C. 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The school district submitted the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g)

# **Other Suggestions to Management**

### **Human Resources:**

During our testing of the health benefit enrollment and removal process, it was noted that the District has a process in place for the removal of terminated employees from being enrolled in the health benefits and significant improvement has been noted compared to prior audits. However, we did note some instances in which the time taken to remove certain terminated employees from health benefits could have been shorter and the District should continue to review the process for additional improvement.

### **Special Services:**

During our testing over private school contracts, we reviewed the enrollment and attendance records of a number of students from September through February to ensure that the students that were enrolled in a private school were attending the school on a regular basis. Our testing revealed that most students were attending school on a regular basis and the District's staff followed up with those students and schools if the student was absent too often. We noted some instances in which the time it took to follow up on significant absenteeism took several months and the District should continue to look for improvement in this area.

# Follow-up on Prior Year's Findings

In accordance with *Government Auditing Standards*, our procedures included a review of all prior year recommendations. Corrective action has been taken on all prior year findings.

#### **Acknowledgment**

We received the complete cooperation of all the officials of the School District and we greatly appreciate the courtesies extended to the members of the audit team.
