#### Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made on a test basis as of June 30, for proper classification of orders as reserve for encumbrances and accounts payable.

#### Classification of Expenditures – General and Administrative Classifications

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A23-2.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23-8.3. As a result of the procedures performed, no errors were noted and no additional procedures were deemed necessary to test the propriety of expenditure classifications.

#### Board Secretary's Records

In planning and performing our audit of the financial statements of the Board, we considered the condition of the Board Secretary's records for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments.

#### Treasurer's Records

In planning and performing our audit of the financial statements of the Board, we considered the condition of the Treasurer's records for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments.

#### Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the District's CAFR. This section of the CAFR documents the financial position pertaining to projects under Title I, Title III and Title IV of the Elementary and Secondary Education Act as emended and reauthorized.

The study of compliance for the E.S.E.A. did not indicate any area of noncompliance.

(Continued)

Financial Planning, Accounting and Reporting (Cont'd)

Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

#### T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

#### T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The T.P.A.F. Reimbursement to the State for Federal Salary Expenditures was remitted to the State of New Jersey prior to the required deadline of October 1, 2020. The reimbursement form was reviewed and no exceptions were noted.

#### **School Purchasing Programs**

#### Contracts and Agreements Requiring Advertisement for Bids

#### N.J.S.A. 18A:18A-3 states:

a. "When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by resolution of the Board of Education without public advertising for bids and bidding therefore, except that the Board of Education may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L. 1971, c. 198 the Board of Education may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

(Continued)

School Purchasing Programs (Cont'd)

#### Contracts and Agreements Requiring Advertisement for Bids (Cont'd)

b. Commencing in the fifth year after the year in which P.L. 1999, c. 440 takes effect and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the Board of Education is permitted to establish as set forth in subsection a. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in N.J.S.A. 18A:18A-2, and shall round the adjustment to the nearest \$1,000. The Governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of the year in which it is made . . . . "

N.J.S.A. 18A:18A-4 states, "Every contract for the provision or performance of any goods or services the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the Board of Education to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law . . . ."

Effective July 1, 2015, the bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$40,000 (with a Qualified Purchasing Agent) and \$29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is \$19,000 for 2019-20.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Attorney's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. General compliance was noted.

The results of our examination indicated that no individual payments, contracts, or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies", in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained.

#### School Food Service

The financial transactions and statistical records of the School Food Service Fund were reviewed. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis. No exceptions were noted.

#### School Food Service (Cont'd)

Cash receipts and bank records were reviewed for timely deposit. No exceptions were noted.

The District utilizes a food service management company (FMSC) and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. Provisions of the FMSC contract/addendum were reviewed and audited. The FMSC contract includes an operating results provision which guarantees that the food service program will return a profit of at least \$11,000. Operating results provision has been met. No exceptions were noted. All vendor discounts, rebates and credits from vendors and/or the FSMC were tracked and credited to the Food Service account and reconciled to supporting documentation at least annually. No exceptions were noted.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified on a test basis. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used. No exceptions were noted.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the nonprofit status of the School Food Service Fund. No exceptions were noted.

#### Finding:

During our review of the school District records it was noted that net cash resources of the Food Service Fund exceeded three months average expenditures. With the closure of schools due to COVID-19 the District was unable to estimate food and other expense costs through the end of the school year. The District saw maintaining current cash balance as the prudent way to handle the COVID-19 situation to avoid running into a negative cash balance in the Food Service Fund. However, as the District is in the process of resolving this excess, a formal recommendation is not deemed necessary.

Time sheets and payroll records provided to the District from the Food Service contractor were reviewed on a test basis. Payroll records were maintained on all School Food Service employees authorized by the Board of Education.

The number of meals claimed for reimbursement was compared to sales and meal count records on a test basis. As part of the claims review process, the Edit Check Worksheet was completed. Reimbursement claims were submitted/certified in a timely manner. No exceptions were noted.

(Continued)

#### School Food Service (Cont'd)

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications/or to the list of directly certified students on file, times the number of operating days, on a school-by-school basis.

The free and reduced price meal policy was reviewed for uniform administration throughout the school district. Sites approved to participate in Provisions I and II were examined for compliance with all counting and claiming requirements. The required verification procedures for free and reduced price applications were completed and available for review. No exceptions were noted.

U.S.D.A. Food Distribution Program commodities (food and/or commodities) were received and a single inventory was maintained on a first-in, first-out basis. No exceptions were noted.

Non-program foods were purchased, prepared or offered for sale. The Statement of Revenue, Expenses and Changes in Net Position in the CAFR Schedule B-5 does separate program and non-program revenue and program and non-program cost of goods sold.

The school district provided the detailed revenue and expenditure information necessary in order to execute the U.S.D.A. mandated Non-program Food Revenue tool at least annually. No exceptions were noted.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled "Proprietary Funds", Section G of the CAFR.

#### **Student Body Activities**

In planning and performing our audit of the financial statements of the Board, we considered the condition of the records of the Student Activities Fund for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments.

#### Application for State School Aid

Our audit procedures included a test of enrollments and related services reported in the October 15, 2019 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, bilingual and low income. We also performed a review of the District procedures related to its completion. The information on the A.S.S.A. was compared to the District workpapers without exception. The results of our procedures are presented in the Schedule of Audited Enrollments. The information that was included on the workpapers was verified on test basis without exception.

The District maintained workpapers on the prescribed State forms or their equivalent.

The District has adequate written procedures for the recording of student enrollment data.

(Continued)

#### **Pupil Transportation**

Our audit procedures included a test of on-roll status reported in the 2019-2020 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

#### Facilities and Capital Assets

Our procedures included a review of the SDA Grant agreement for consistency with recording SDA revenue, transfers of local funds from the General Fund or from the Capital Reserve Account, and awarding of contracts for eligible facilities construction. Based on these procedures, we have no comments except as noted herein.

#### Travel Expense and Reimbursement Policy

Travel regulations require each District to adopt a formal policy and procedure pertaining to travel and expense reimbursement for its employees and board members. The regulations include requirements for the District to establish a maximum travel amount for the year and to ensure that the maximum amount is not exceeded. The regulations also require that all travel must be preapproved by the Board of Education and Superintendent and that a brief report detailing the key issues addressed at the travel event must be submitted after the travel event has occurred.

#### Testing for Lead of all Drinking Water in Educational Facilities

The District did submit the annual Statement of Assurance to the NJ Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

#### **Management Suggestions**

#### Capital Projects

We have noted that certain projects contained within the Capital Projects Fund are near or fully completed. The District should review the balances remaining in the projects for their completion status and return the remaining funds to the appropriate funding source.

#### **SDA Reimbursement Requests**

As a number of school districts have experienced difficulties in receiving reimbursement from the School Development Authority ("SDA") and as the School Development Authority ("SDA") grant project was completed as of June 30, 2014, we suggest that the District apply for reimbursement for any funds that are available for reimbursement as soon as possible.

Management Suggestions (Cont'd)

#### Governmental Accounting Standards Board (GASB) Statements

Due to COVID-19, the GASB postponed the implementation of GASB Statement No. 84, *Fiduciary Activities*, until the fiscal year ended June 30, 2021. Based on guidance from the NJ Department of Education and GASB, the activity for student activities, payroll agency, unemployment compensation trust, flexible spending trust and private purpose scholarship trust funds will no longer be reported in the Fiduciary Fund financial statements. This activity will now be reported in the General (payroll agency, flexible spending and unemployment compensation) and Special Revenue (student activities and scholarship) Funds.

#### Effect on Internal Controls due to COVID-19

With the increase in employees working remotely due to COVID-19 especially those in the Business Office it is vital that the District routinely reviews the internal controls in place especially with respect to security of passwords as well as access rights to accounting software and bank information including bank wire transfers and the timely back-up of records.

Status of Prior Year's Findings/Recommendations

There were no prior year recommendations.
