Financial Planning, Accounting and Reporting (Continued)

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the designee in the Charter School and were certified by the President of the Board, the Board Secretary/Business Administrator, and the Chief School Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits withholding due to the general fund.

Payrolls were delivered to the secretary of the board who then deposited with warrants in separate bank accounts for net payroll and withholdings.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30 for proper classification of orders as reserve for encumbrances and accounts payable.

No exceptions were noted during our review.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with *N.J.A.C. 6A:23A-16.2(f)* as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of the all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with *N.J.A.C. 6A:23A-8.3*. As a result of the procedures performed, a transaction error rate of 1.90% overall was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

A. General Classification Findings

Business Office's Records

Our review of the financial and accounting records maintained by the business office disclosed no exceptions or discrepancies.

Board Secretary's Records (in lieu of Treasurer's Records)

There were no items noted during our review of the records of the Board Secretary.

Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Titles I and VI of the Elementary and Secondary Education Act as amended and reauthorized

The study of compliance for E.S.E.A. did not indicate any areas of noncompliance and/or questionable cost.

Other Special Federal and/or State Projects

The Charter School's Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the federal and state funds on a test basis, indicated the obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for the special projects did not indicate any areas of noncompliance.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursements (electronic, but Charter Schools can print out the DOENET screen for an auditor) filed with the Department of Education for Charter School employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

Administrative Findings – Financial, Compliance and Performance

Financial Planning, Accounting and Reporting (Continued)

TPAF Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the Charter School to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the Charter School for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-1 et seq. (Public School Contracts Law), the associated rules and related information on the statute, and school contracts in general is available on the NJ Local Agency Procurement Laws webpage:
<http://www.state.nj.us/dca/divisions/dlgs/programs/lpcl.html>.

Current statute is posted on the New Jersey Legislature (<http://www.njleg.state.nj.us/>) website.

Auditors should refer to Section I, Chapter 5, Bids & Contracts/Purchasing for highlights of *N.J.S.A. 18A:18A-3 and 4*.

The bid thresholds in accordance with *N.J.S.A. 18A:18A-2 and 18A:18A-3(a)* are \$40,000 (with a Qualified Purchasing Agent) and \$29,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under *N.J.S.A. 18A:39-3* is \$19,000.

The Charter School board of trustees has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Based on the results of our examination, we did not note any individual payments, contracts, or agreements made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance of *N.J.S.A. 18A:18A-4*, amended.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per *N.J.S.A. 18A:18A-5*.

Administrative Findings – Financial, Compliance and Performance

School Food Service

The school food service program was not selected as a major federal and/or state program. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the SFA has any Child Nutrition Program reimbursement overclaims or underclaims. No exceptions were noted.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions were noted.

The Statement of Revenues, Expenses, and Changes in Fund Net Assets (CAFR Schedule B-5) does separate programs and non-program revenue and program and non-program cost of goods sold. For school year 2019-2020, there were no non-program revenue and cost of goods sold.

The financial transactions and statistical records of the school food service fund were reviewed. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

Cash receipts and bank records were reviewed for timely deposit.

Expenditures are summarized and recorded as cost of sales. Vendor invoices were reviewed and costs verified.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

Net cash resources did not exceed three months average expenditures.

The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process that Edit Check Worksheet was completed. Reimbursement claims were submitted/certified in a timely manner.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications and/or to the list of directly certified students on file, times the number of operating days, on a school by school basis. The free and reduced price meal and free milk policy was reviewed for uniform administration throughout the school system. Sites approved to participate in Provisions I and II were examined for compliance with all counting and claiming requirements. The required verification procedures for free and reduced price applications were completed and available for review.

Administrative Findings – Financial, Compliance and Performance

School Food Service (Continued)

The school food service program was not selected as a major federal and/or State program. However, the program expenditures exceeded \$100,000 in federal and/or State support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the School Food Authority (SFA) had any Child Nutrition Program reimbursement overclaims or underclaims. There were no exceptions noted.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. Exceptions were not noted.

The Statement of Revenues, Expenses, and Changes in Fund Net Assets (CAFR Schedule B-5) does separate program and non-program revenue and program and nonprogram cost of goods sold.

We also inquired of management about the emergency COVID-19 procedures/practices that the SFA instituted to provide meals to eligible students, maintenance of all applicable production records; meal counts; noncompetitive procurements; modification of existing contracts and applicable financial records to document the specific costs applicable to the emergency operations.

The Charter School did provide the detailed revenue and expenditure information necessary in order to execute the USDA mandated Non-Program Food Revenue Tool at least annually.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the CAFR.

No Exceptions Noted.

Student Body Activities

During our review of the student activity funds, there were no items noted.

Enrollment Counts and Submissions to the Department

Our audit procedures included a test of enrollment information reported on October 15, 2019 and the last day of school for on-roll, special education, bilingual and low-income.

Follow-up on Prior Year Findings

Not Applicable.

Administrative Findings – Financial, Compliance and Performance

Acknowledgment

We received the complete cooperation of all the officials of the Charter School and we greatly appreciate the courtesies extended to the members of the audit team.

EXCESS SURPLUS CALCULATION

N.J.S.A. 18A:7F-7 requires that excess surplus for regular school districts and charter schools is calculated using 2% for June 30, 2005 and thereafter. Pursuant to P.L. 2007, c.62, the minimum is \$250,000, effective with the year ending June 30, 2007.

Charter schools are not subject to the excess surplus limitations. Charter school auditors are required to document the calculation of excess surplus pursuant to *N.J.S.A. 18A:7F-7* solely for the purpose of adherence to *N.J.A.C. 6A:23A-22.4(e)*, which provides that a district board of education may petition the Commissioner to pay a lower per-pupil rate if the charter school spends "significantly less than budgeted and has accumulated a sizable surplus."

As communicated in the FY 2019-2020 State Budget Notification broadcast to school districts dated July 13, 2019, applicable to districts that received an increase in state aid that remains unexpended/unencumbered at June 30, 2020, any amount remaining unexpended/unencumbered at June 30, 2020 falls to unreserved general fund surplus and may not be included as an adjustment to the excess surplus calculation. Also, applicable to districts that received an increase in state aid for 2019-2020, and communicated in the July 13 broadcast, was authorization by the Commissioner to designate additional surplus for use in 2020-2021 by board resolution between July 01, 2019 and August 1, 2019 in an amount not to exceed the increase in State Aid.

CALCULATION:

Complete Sections 1 and 2. If the total of Section 2 is **greater** than the applicable portion of Section 1, enter the difference in Section 3. If the difference results in a negative, enter a zero in Section 3. The applicable sections are to be submitted as part of the Auditor's Management Report.

Note that beginning with the excess surplus calculation for the year ending June 30, 2012 the transfer to food services is not an allowable adjustment (increase) to total general fund expenditures.

School Bus Advertising Revenue:

Districts were provided guidance to budget and recognize current year school bus advertising revenue on line 315, 10-1992. Under *N.J.S.A. 18A:7F-7.1* and *N.J.S.A. 18A:39-31*, an adjustment to the audited excess surplus calculation is permitted in the year revenue earned under a school bus advertising contract is recognized by the district. Statute doesn't state that the district is limited to the amount not used to reduce fuel costs; accordingly, the full amount may be used as an adjustment to excess surplus in the year of recognition/receipt only. Refer to illustration on page III-4.39 – Line (J3).

N.J.S.A. 18A:39-31 requires that 50 percent (50%) of recognized school bus advertising revenue be used to offset the fuel costs of providing pupil transportation services. Of the total revenue recognized, any portion of the 50% required by statute to be used as an offset to fuel costs in the year of revenue recognition, but not used for that purpose must be established as a restricted fund balance at year end. Report the restricted year end balances on Audsum lines 90028 (Bus Advertising Revenue Reserved for Fuel Costs – Current Year Adjustment), and Audsum 90029 (Bus Advertising Revenue Reserved for Fuel Costs – Prior Year Adjustment). Include the amount(s) as adjustments in the “Detail of Other Restricted Fund Balance” calculation (refer to illustration on page III-4.34 of this Audit Program). Note that the school district budget software will preload these amounts from Audsum onto the Recapitulation of Balances Line 15 in the columns for the respective years. The prior year balance in this reserve (Audsum line 90029) was budgeted in the subsequent year’s budget (2019-2020) and the current year balance in this reserve (Audsum line 90028) must be budgeted in the 2nd subsequent year’s budget (2020-2021). An edit will verify that the amounts on lines 90028 and 90029 are budgeted as a revenue source. Line 90028 will preload onto Line D-2 of the budgetary calculation of Additional Excess Surplus report in the 2020-2021 budget software.

In the recapitulation of fund balance reported at the end of the Budgetary Comparison Schedule (Exhibit C-1), the reserve for each of two possible years should be reported separately. Separate lines are provided in the Audsum data collection (line 90028 for current year and line 90029 for subsequent year) for each applicable year’s reserve. GASBS No. 54 requires the further categorization of the bus advertising reserve for fuel costs account balance on the Governmental Funds Balance Sheet (Exhibit B-1). Based upon the withdrawal requirements, the bus advertising reserve for fuel costs has significant externally imposed restrictions on its use and should be categorized as “Restricted” fund balance. The same categorization is applicable to the General Fund Budgetary Comparison Schedule (Exhibit C-1).
