Honorable President and
Members of the Board of Education
Alexandria Township
County of Hunterdon, New Jersey

Dear Board Members:

The Annual Comprehensive Financial Report (ACFR) of the Alexandria Township Board of Education for the fiscal year ending June 30, 2021 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation rests with the management of the Board of Education.

To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operation of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

Some districts publish a annual comprehensive financial report (ACFR). An ACFR is the District's official annual financial report, containing the basic financial statements as well as introductory material; additional statements and schedules; and other financial, economic, and demographic information.

The ACFR contains three sections: introductory, financial, and the statistical sections. These three sections include:

- Introductory section, including a letter of transmittal
- Financial section, which includes the auditor's report, Management's Discussion and Analysis (MD&A), basic financial statements, required supplemental information (RSI), combining and individual fund financial statements and schedules
- Statistical section

The introductory section is the ACFR's first major section. This section introduces the reader to the ACFR and includes the following:

- Cover
- Title Page
- Table of Contents
- Transmittal Letter
- Listing of Board Members and Administrators
- Organizational Chart

The financial section consists of the MD&A, the auditor's report, the basic financial statements including notes to the financial statements, RSI, and the combining and individual fund statements.

The ACFR's last section is the statistical section, which presents comparative data for several periods of time.

A. REPORTING ENTITY AND ITS SERVICES: The Alexandria Township Board of Education is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board as established by the National Council on Governmental Accounting Statement No. 3. All funds and account groups of the District are included in this report. The Alexandria Township Board of Education and its two schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels pre-kindergarten through 8. These include regular, as well as special education services. Accelerated programs, enrichment opportunities for all students, and self-contained multiple disabilities program in the Alexandria Middle School.

The District also offers an integrated preschool program at the Lester D. Wilson School. This program generated tuition revenue for each regular education preschool student at \$6,250 per student for a full day 10 month program. Transportation for these students is the responsibility of the parents.

The Board of Education authorized the submission of the New Jersey Interdistrict Public School Choice Program application on October 20, 2010. In April 2011, the District received notice that it was chosen to participate in the school choice program commencing with the 2011-12 school year. The District receives Choice Aid for each student received.

District enrollment as of June 30, 2021, was 455 students.

B. QUALITY SINGLE ACCOUNTABILITY CONTINUUM (QSAC): The Quality Single Accountability Continuum is the Department of Education's monitoring and evaluation system for public school districts. The system shifts the monitoring and evaluation focus compliance to assistance, capacity-building and improvement. It is a single comprehensive accountability system that consolidates federally required improvements. The system focuses on monitoring and evaluating school districts in five key components which, based on research, have been identified to be key factors in effective school districts. These components are:

- Instruction and program;
- Personnel;
- Fiscal Management;
- Operations;
- Governance.

Pursuant to the requirements of N.J.A.C. 6A:30, the District submitted the QSAC district performance review (DPR) in November 2016. Based on that performance review, the results, including county office verification of the District's self-assessment, are as follows:

- | | |
|---------------------------|------|
| ● Instruction and program | 100% |
| ● Fiscal management | 100% |
| ● Operations | 100% |
| ● Personnel | 100% |
| ● Governance | 100% |

Since the District satisfied at least 80% of the QSAC indicators in all five DPR areas, it has been designated as high performing.

C. INTERNAL ACCOUNTING CONTROLS: The management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles.

The internal control structure is designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognized that: 1) the cost of a control should not exceed the benefits likely to be derived; and 2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of Federal and State financial assistance, the District is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. Annual evaluations of the District's internal control structures validate the effectiveness of these oversight entities.

D. BUDGETARY CONTROLS: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to insure compliance with legal provisions embodied in the annual appropriate budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the General Fund, the Special Revenue Fund, and for the Debt Service Fund.

E. ACCOUNTING SYSTEM AND REPORT: The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standard Board. The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements."

F. FINANCIAL INFORMATION AT FISCAL YEAR-END: As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

G. CASH MANAGEMENT: The investment policy of the District is guided in large part by State statute as detailed in "Notes to the Financial Statements". The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUPA). GUPA was enacted in 1970 to protect Governmental Units from loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

H. RISK MANAGEMENT: The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and content, and fidelity bonds.

I. OTHER INFORMATION: Independent audit – State statutes require an annual audit by an independent certified public accountant or registered municipal accountant. Cannone and Company, CPA's, was appointed by the Board of Education to conduct the annual audit. In addition to meeting the requirements set forth in State statutes, the audit is also designed to meet the requirements of the Single Audit Act of 1984 and the related OMB Circular A-133 and State Treasury Circulate letter 04-04 OMB, and GASB Statement No. 34. The auditor's report on the general-purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

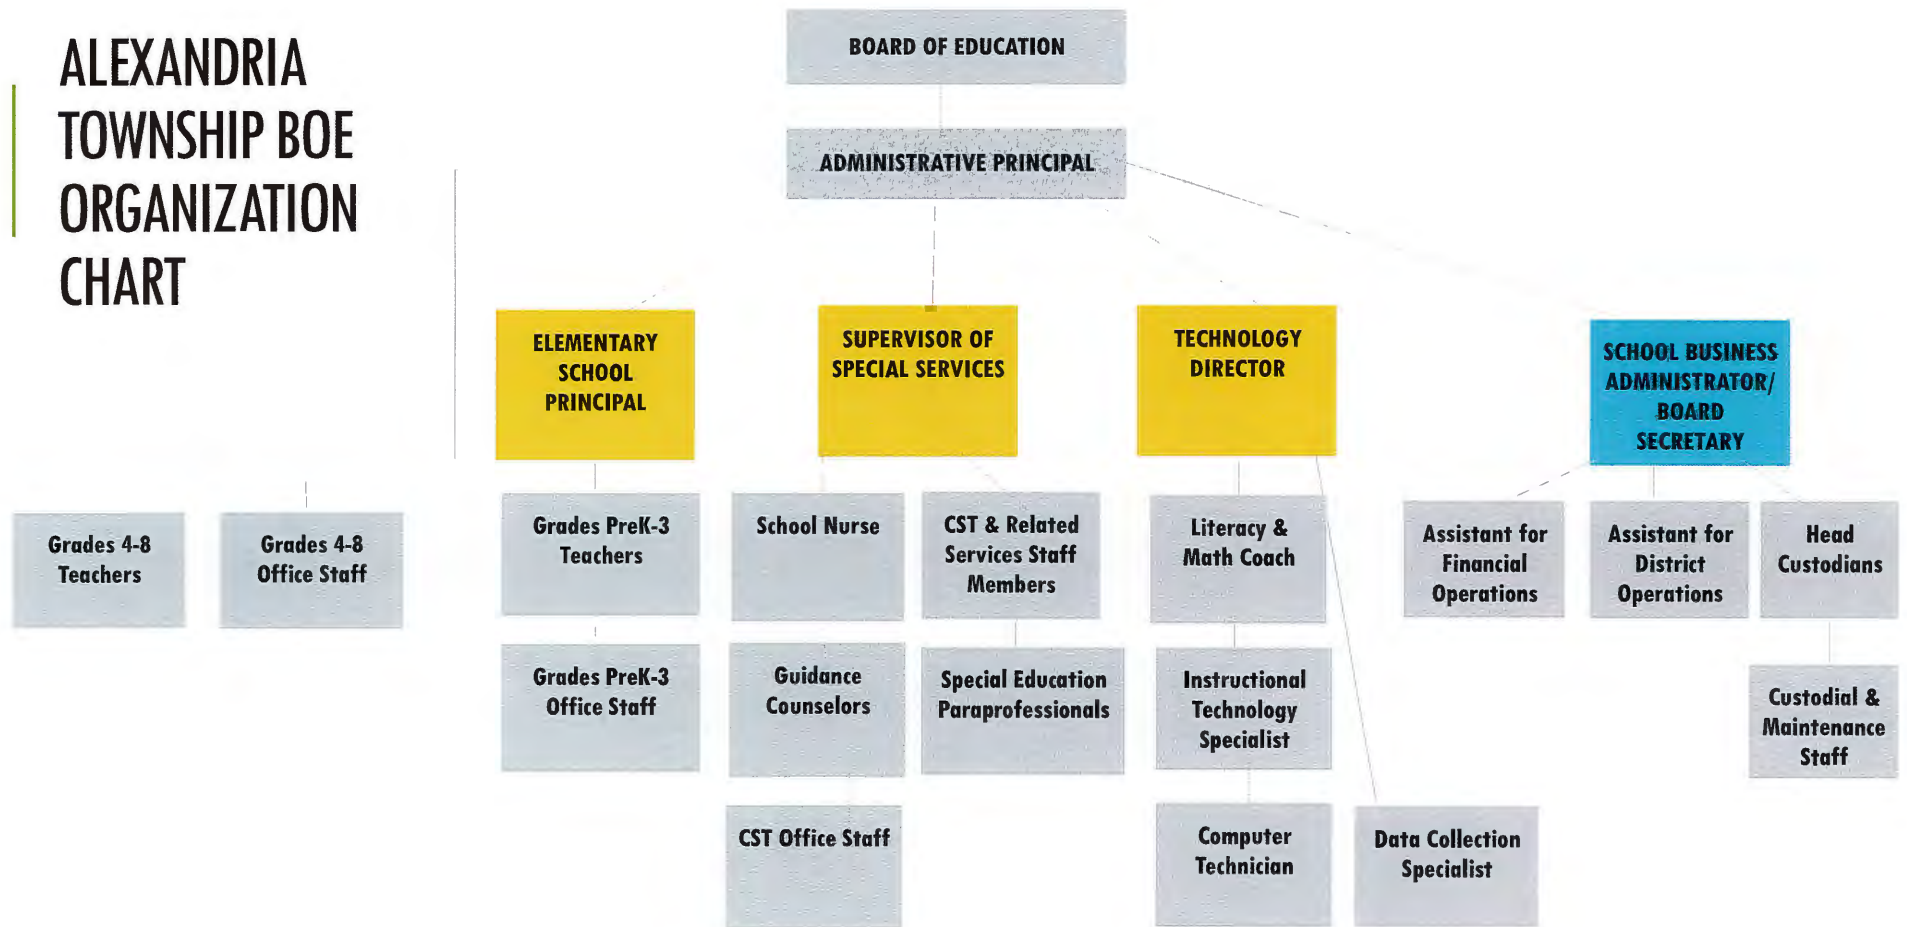

J. ACKNOWLEDGEMENTS: We would like to express our appreciation to the members of the Alexandria Township Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school District and thereby contributing their full support to the development and maintenance of our financial operation.

Respectfully Submitted,

Independent Auditor's Report

The Honorable President and
Members of the Board of Education
Alexandria Township School District
County of Hunterdon
Pittstown, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Alexandria Township School District Board of Education, in the County of Hunterdon, State of New Jersey, as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles general accepted in the United States of America, this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Alexandria Township School District Board of Education, in the County of Hunterdon, State of New Jersey, as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Accounting principles generally accepted in the United States of America require that the Management Discussion and Analysis and Budgetary Comparison Information on pages 12 through 20 and 70 through 83 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

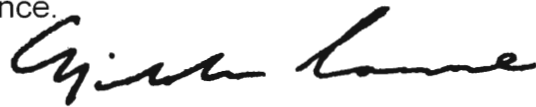

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Alexandria Township School District Board of Education's basic financial statements. The accompanying introductory section, combining fund financial statements, financial schedules and statistical information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying introductory section, combining fund financial statements, financial schedules and statistical information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying introductory section, combining fund financial statements, financial schedules and statistical information are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section, financial schedules and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 15, 2022 on our consideration of Alexandria Township School District Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Alexandria Township School District Board of Education's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**Alexandria Township School District
Alexandria Township**

**Management's Discussion and Analysis
For The Fiscal Year Ended June 30, 2021
Unaudited**

This section of the Alexandria Township School District's annual financial report presents its discussion and analysis of the District's financial performance during the fiscal year ending June 30, 2021. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the School District's financial performance.

Financial Highlights

- In total, net position increased \$880,310, which represents a 14.39 percent increase from 2021.
- General revenues accounted for \$10,470,154 in revenue or 80.89 percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions for \$2,474,106 or 19.11 percent to total revenues of \$12,944,260.
- The School District had \$12,022,689 in expenses; only \$2,474,106 of these expenses were offset by program specific charges for services, grants or contributions. General revenues (primarily property taxes) of \$10,470,154 were adequate to provide for these programs.

Overview of the Financial Statements

This annual report consists of three parts: management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the district.

- The first two statements are **district-wide financial statements** that provide both short-term and long-term information about the District's overall financial status.
- The remaining statements are **fund financial statements** that focus on individual parts of the District, reporting the District's operations in more detail than the district-wide statements.
- The **governmental funds statements** tell how basic services such as regular and special education were financed in the short term as well as what remains for future spending.
- **Proprietary funds** statements offer short- and long-term financial information about the activities the District operates like businesses such as food services.
- **Fiduciary funds** statements provide information about the financial relationships in which the District acts as a trustee or agent for the benefit of others, such as student activities.

District-Wide Statements

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two district-wide statements report the District's net position and how they have changed. Net position – the difference between the district's assets and liabilities – is one way to measure the District's financial health or position.

Over time, increases or decreases in the District's net position are an indicator of whether its financial position is improving or deteriorating. To assess the District's overall health, you need to consider additional non-financial factors such as changes in the District's property tax base, the condition of school buildings and other facilities, current laws in New Jersey restricting revenue growth, and required educational programs.

In the district-wide financial statements, the District's activities are divided into two categories:

- **Governmental activities:** Most of the District's basic services are included here, such as instruction, special education, support services, operation and maintenance of plant facilities, pupil transportation, administration, and extracurricular activities.
- **Business-type activities:** This service is provided on a charge for goods and services basis to cover the costs of certain services it provides. The food service is reported as business activity.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The fund financial statements provide more detailed information about the District's fund, focusing on its most significant funds. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs. The School District uses many funds to account for a multitude of financial transactions. Some funds are required by State law while the District establishes other funds to control and manage money for particular purposes such as repaying long-term debts and to show that it is properly using certain revenues such as federal grants.

The District has three kinds of funds:

Governmental funds: Most of the District's basic services are included in governmental funds, which focus on how money flows into and out of those funds and the balances left at the year-end that are available for spending. The governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer resources that can be spent in the future to finance the District's programs. The relationship (or difference) between governmental activities (reported in the Statement of Net Assets and Statement of Activities) and governmental funds is reconciled in the financial statements.

Enterprise funds: The District's enterprise funds are the same as its business-type activities but provide more detail and additional information.

Fiduciary funds: The District is the trustee, or fiduciary, for assets that belong to others, such as the student activities funds. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the district-wide financial statements because it cannot use assets to finance its operations.

Financial Analysis of the District as a Whole

The Statement of Net Position provides the perspectives of the District as a whole, showing assets, liabilities, and the difference between them (net position). Net position may serve over time as a useful indicator of a district's financial position.

The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

The School District's Funds

The School District uses funds to control and manage money for particular purposes. The Fund's basic financial statement allows the School District to demonstrate its stewardship over and accountability for resources received from the Alexandria Township's taxpayer's and other entities, including the State of New Jersey and the Federal Government. These statements also allow the reader to obtain more insight into the financial workings of the School District, and assess further the School District's overall financial health.

The School District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund. This past year, the district implemented a zero-based budgeting approach whereby every expenditure is supported by rationale.

Over the course of the year, the School District revises its budget as it attempts to take into consideration unexpected changes in revenue and expenditures.

A schedule showing the School District's original and final budget compared with actual operating results provided in the section of the CAFR, entitled Budgetary Comparison Schedules.

Factors Bearing on the District's Future

The Alexandria Township School District is in good financial condition although at the time these financial statements were prepared and audited, the District was not aware of existing circumstances that could affect its financial health in the future.

A concern is with the increased reliance on local property taxes to support the District's programs. Additionally, health benefit costs are rising in the double digits. Future finances are not without challenges.

Alexandria Township is primarily a residential community, with very few ratables; thus the burden is focused on homeowners to bear the tax burden.

New Jersey school districts have no taxing authority. Municipalities collect all property taxes for their respective communities and pay over to the other government agencies what is collected on their behalf. The municipalities pay over to the school districts the exact amount approved by the voters or, in the case of a budget defeat, the amount agreed to by the municipalities and Board of Education.

As of June 30, 2021, the Alexandria Township Board of Education has no outstanding bond payments and therefore, has no long-term debt.

In conclusion, the Alexandria Township School District has committed itself to financial excellence for many years. In addition, the District's system for financial planning, budgeting, and internal financial controls are well regarded. The District plans to continue its sound fiscal management to meet the challenge of the future.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the School Business Administrator/Board Secretary, Jack Trent, at Alexandria Township Board of Education, 557 County Road 513, Pittstown, NJ 08867.

NOTES TO THE FINANCIAL STATEMENTS

**ALEXANDRIA TOWNSHIP BOARD OF EDUCATION
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2021**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Alexandria Township School District Board of Education have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The accompanying financial statements present the financial position of the District and the various funds and fund types, the result of operations of the District and the various fund and fund types, and the cash flows of the proprietary funds. The financial statements are presented as of June 30, 2021.

A. Reporting Entity:

Alexandria Township School District Board of Education is a Type II district located in the County of Hunterdon, State of New Jersey. As a Type II district, the District functions independently through a Board of Education (Board). The Board is comprised of nine members appointed to three-year terms.

The District provides a full range of educational services appropriate to grade levels Pre-K through 8. These include regular, vocational, as well as special education for handicapped youngsters.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is the degree of oversight responsibility maintained by the District. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. The combined financial statements include all funds of the District over which the Board exercises operating control. The operations of the District include educational services to grade levels Pre-K through 8. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

B. Basis of Presentation, Basis of Accounting:

The School District's basic financial statements consist of District-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

**ALEXANDRIA TOWNSHIP BOARD OF EDUCATION
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2021**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation

District-wide Statements: The statement of net assets and the statement of activities display information about the District as a whole. These statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activity of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of net assets presents the financial condition of the governmental and business-type activity of the School District at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for the business-type activity of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the School District.

Fund Financial Statements: During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category – *governmental*, *proprietary*, and *fiduciary* – are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types."

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation (Continued):

Governmental Fund Types

General Fund: The general fund is the general operating fund of the District and is used to account for all expendable financial resources except those required to be accounted for in another fund.

Special Revenue Fund: The District accounts for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes in the special revenue funds.

Capital Projects Fund: The capital projects fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

Debt Service Fund: The debt service fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

Proprietary Fund Type

Enterprise (Food Service) Fund: The enterprise fund accounts for all revenues and expenses pertaining to cafeteria operations. The Food Service Fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges.

Fiduciary Fund Types

Trust and Agency Funds: This fund is used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds. Agency funds are custodial in nature and do not involve measurement of results of operations. The following is a description of the trust and agency funds of the District.

**ALEXANDRIA TOWNSHIP BOARD OF EDUCATION
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2021**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation (Continued):

Unemployment Compensation Trust Fund: This fund is used to account for the portion of employee deductions for unemployment compensation required to be deposited and accumulated for future unemployment claims under the Benefit Reimbursement Method.

Student Activities Fund: This fund is used to account for funds derived from athletic events or other activities of pupil organizations and accumulated for payment of student group activities.

Payroll Agency Fund: This fund accounts for the withholding and remittance of employee salary deductions.

C. Basis of Accounting:

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

District-wide, Proprietary, and Fiduciary Fund Financial Statements: The District-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the enterprise fund and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures. Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable". Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

**ALEXANDRIA TOWNSHIP BOARD OF EDUCATION
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2021**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting (Continued):

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

It is the District's policy, that when an expenditure is incurred for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, to apply restricted resources first followed by unrestricted resources. Similarly, within unrestricted fund balance, it is the District's policy to apply committed resources first followed by assigned resources and then unassigned resources when an expenditure is incurred for which amounts in any of those unrestricted fund balance classifications could be used.

Under the terms of grant agreements, the District may fund certain programs by a combination of specific cost reimbursement grants, categorical block grants and general revenue. Therefore, when program expenses are incurred, both restricted and unrestricted net position may be available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs followed by general revenue.

D. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office and are voted upon at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1.

**ALEXANDRIA TOWNSHIP BOARD OF EDUCATION
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2021**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Budgets/Budgetary Control (Continued):

All budget amendments must be approved by School Board resolution. Budget amendments were made during the year ended June 30, 2021.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

**ALEXANDRIA TOWNSHIP BOARD OF EDUCATION
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2021**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Budgets/Budgetary Control (Continued):

Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

Less Current Year Encumbrances	<u> </u>	<u> </u>
Total Expenditures (GAAP Basis)	<u>\$ 11,800,592</u>	<u>\$ 273,670</u>

E. Encumbrances:

Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the District has received advances are reflected in the balance sheet as unearned revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Short-term Interfund Receivables/Payables:

Short-term interfund receivables/payables represents amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District, and that are due within one year.

G. Inventories and Prepaid Expenses:

19Morris\$

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the enterprise fund are recorded as expenditures during the year of purchase.

H. Fixed Assets:

The District has established a formal system of accounting for its capital assets. Purchased or constructed capital assets are reported at cost. Donated capital assets are valued at their estimated fair market value on the date received. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. The School District does not possess any infrastructure. The capitalization threshold used by school districts in the State of New Jersey is \$2,000.

All reported capital assets except for land and construction in progress are depreciated. Depreciation is computed using the straight-line method under the half-year convention over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
School Buildings	50
Building Improvements	20
Electrical/Plumbing	30
Vehicles	8
Office & computer equipment	5-10
Instructional equipment	10
Grounds equipment	15

**ALEXANDRIA TOWNSHIP BOARD OF EDUCATION
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2021**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Fixed Assets (continued):

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Fixed assets are not capitalized and related depreciation is not reported in the fund financial statements.

I. Accrued Salaries and Wages:

Certain District employees, who provide services to the District over the ten month academic year, have the option to have their salaries evenly disbursed during the entire twelve-month year. New Jersey statutes require that these earned but undisbursed amounts be retained in a separate bank account.

J. Compensated Absences:

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policies. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions.

**ALEXANDRIA TOWNSHIP BOARD OF EDUCATION
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2021**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Compensated Absences (Continued):

The liability for compensated absences was accrued using the termination payment method, whereby the liability is calculated based on the amount of sick leave that is expected to become eligible for payment upon termination. The District estimates its accrued compensated absences liability based on the accumulated sick and vacation days at the balance sheet date by those employees who are currently eligible to receive termination payments. Salary-related payments for the employer's share of social security and medicare taxes, as well as pension contributions, are included.

For the District-wide Statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the governmental funds, in the Fund Financial Statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

K. Deferred Revenue:

Deferred revenue in the special revenue fund represents cash which has been received but not yet earned.

L. Accrued Liabilities and Long-Term Obligations:

All payables, accrued liabilities, and long-term obligations are reported on the District-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

**ALEXANDRIA TOWNSHIP BOARD OF EDUCATION
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2021**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

M. Net Assets:

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The School District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

N. Fund Balance Reserves:

The School District reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unreserved fund balance indicates that portion which is available for appropriation in future periods. A fund balance reserve has been established for encumbrances.

O. Memorandum Only - Total Columns:

Total columns are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles. Neither are such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

**ALEXANDRIA TOWNSHIP BOARD OF EDUCATION
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2021**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

New Jersey School Districts are limited as to the types of investments and types of financial institutions they may invest in. *N.J.S.J8A:20-37* provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A.17:9-41 et. Seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, pins the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

P. Tuition Receivable/Payable:

Tuition charges are established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined. These adjustments are recorded upon certification by the State Board of Education, which is normally three years following the contract year.

Accordingly, the tuition rate adjustments for the years 2018-2019 have been certified and finalized. Tuition charges for the years subsequent to the years 2018-2019 have been estimated and projected based on calculated tuition costs per pupil and number of students.

**ALEXANDRIA TOWNSHIP BOARD OF EDUCATION
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2021**

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents includes petty cash, change funds, amounts in deposits, and short term investments with original maturities of three months or less.

Investments are stated at cost, which approximates market. The Board classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB Statement No. 40, *Governmental Accounting Standards Board Deposit and Investment Risk Disclosures*, requires disclosure of the level of custodial credit risk assumed by the District in its cash, cash equivalents, and investments, if those items are uninsured or unregistered. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned.

Interest Rate Risk - In accordance with its cash management plan, the District ensures that any deposit or investment matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk - The District limits its investments to those authorized in its cash management plan which are those permitted under state statute as detailed below and on the following page.

A. Deposits:

New Jersey statutes require that school districts deposit public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation (FDIC), the Savings Association Insurance Fund, or by any other agency of the United States that insure deposits. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds; or

If the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

**ALEXANDRIA TOWNSHIP BOARD OF EDUCATION
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2021**

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS (Continued)

A. Deposits (Continued):

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

The State of New Jersey Cash Management Fund is authorized by statute and regulations of the State Investment Council to invest in fixed income and debt securities which mature or are to be redeemed within one year, except that up to 25% of the Fund may be invested in eligible securities which mature within two years; provided, however, that the average maturity of all investments in the Fund shall not exceed one year. Collateralization of Fund investments is generally not required. "Other Than State" participants contribute one tenth of one percent per year of the value of the aggregate units owned by them to establish a Reserve Fund, which is supplemented by the proportional interest of "Other Than State" participants in gains on investment transactions realized.

The Reserve Fund is available to cover losses of "Other Than State" participants occasioned by the bankruptcy of an issuer of an investment held by the Fund and losses on sales of securities

B. Investments:

New Jersey statutes permit the Board to purchase the following types of securities:

- Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America. This includes instruments such as Treasury bills, notes and bonds.
- Government money market mutual funds.
- Any federal agency or instrumentality obligation authorized by Congress that matures within 397 days from the date of purchase, and has a fixed rate of interest not dependent on any index or external factors.
- Bonds or other obligations of the school district or local unit of which the school district is a part.
- Any other obligations with maturities not exceeding 397 days, as permitted by the Division of Investments, New Jersey State Department of Treasury.

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS (Continued)

B. Investments (Continued):

- Local government investment pools.
- New Jersey State Cash Management Fund.
- Repurchase agreements of fully collateralized securities, subject to special conditions.

As of June 30, 2021, cash and cash equivalents of the District consist of the following:

	<u>Cash and Cash Equivalents</u>
Checking, Savings and Money Management	\$ 3,356,054
NJ Cash Management Account	\$ <u>0</u>
	\$ 3,356,054
	=====

All of the balances were covered by the either federal depository insurance or by a collateral pool maintained by the banks as required by New Jersey statutes.

Risk Category

All bank deposits, as of the balance sheet date, are entirely insured or collateralized by a collateral pool maintained by public depositories as required by the Governmental Unit Deposit Program Act. In general, bank deposits are classified as to credit risk by three categories described below:

Category 1 – Insured or collateralized with securities held by the Board or by its agent in the Board’s name.

Category 2 – Collateralized with securities held by the pledging public depository’s trust department or agent in the Board’s name.

Category 3 – Uncollateralized including any deposits that are collateralized with securities held by the pledging public depository, or by its trust department or agent, but not in the Board’s name.

NOTE 3. GOVERNMENTAL UNIT DEPOSIT PROTECTION ACT (GUDPA)

The District has deposited cash in 2021 with an approved public fund depository qualified under the provisions of the 2021 Government Unit Deposit Protection Act. In addition to savings and checking accounts the District invests monies in certificates of deposits.

The Governmental Unit Deposit Protection Act P.L. 1970, Chapter 236, was passed to afford protection against bankruptcy or default by a depository. C.17:9-42 provides that no governmental unit shall deposit funds in a public depository unless such funds are secured in accordance with this act. C.17:9-42 provides that every public depository having public funds on deposit shall, as security for such deposits, maintain eligible collateral having a market value at least equal to either (1) 5% of the average daily balance of collected public funds on deposit during the 6 month period ending on the next preceding valuation date (June 30 or December 31) or (2) at the election of the depository, at least equal to 5% of the average balance of collected public funds on deposit on the first, eighth, fifteenth, and twenty-second days of each month in the 6 month period ending on the next preceding valuation date (June 30 or December 31). No public depository shall be required to maintain any eligible collateral pursuant to this act as security for any deposit or deposits of any governmental unit to the extent such deposits are insured by F.D.L.C. or any other U.S. agency which insures public depository funds.

NOTE 3. GOVERNMENTAL UNIT DEPOSIT PROTECTION ACT (GUDPA)

(Continued)

No public depository shall at any time receive and hold on deposit for any period in excess of 15 days public funds of a governmental unit(s) which, in the aggregate, exceed 75% of the capital funds of the depository, unless such depository shall, in addition to the security required to be maintained under the paragraph above, secure such excess by eligible collateral with a market value at least equal to 100% of such excess.

In the event of a default, the Commissioner of Banking within 20 days after the default occurrence shall ascertain the amount of public funds on deposit in the defaulting depository and the amounts covered by federal deposit insurance and certify the amounts to each affected governmental unit. Within 10 days after receipt of the certification, each unit shall furnish to the Commissioner verified statements of its public deposits. The Commissioner shall ascertain the amount derived or to be derived from the liquidation of the collateral maintained by the defaulting depository and shall distribute such proceeds pro rata among the governmental units to satisfy the net deposit liabilities to such units.

If the proceeds of the sale of the collateral are insufficient to pay in full the liability to all affected governmental units, the Commissioner shall assess the deficiency against all other public depositories having public funds on deposit determined by a formula determined by law. All sums collected by the Commissioner shall be paid to the governmental units having deposits in the defaulting depository in the proportion that the net deposit liability to each such governmental unit bears to the aggregate of the net deposit liabilities to all such governmental units.

All public depositories are required to furnish information and reports dealing with public funds on deposit every six months, June 30th and December 31st, with the Commissioner of Banking. Any public depository which refuses or neglects to give any information so requested may be excluded by the Commissioner from the right to receive public funds for deposit until such time as the Commissioner shall acknowledge that such depository has furnished the information requested.

Upon review and approval of the Certification Statement that the public depository complies with statutory requirements, the Commissioner issues forms approving the bank as a municipal depository. The District should request copies of these approval forms semiannually to assure that all depositories are complying with requirements.

NOTE 4. CAPITAL ASSETS (Continued)

On January 11, 2001, the NJ State Department of Education announced that effective July 1, 2001, the capitalization threshold used by school districts in the State of New Jersey is increased to \$2,000. The previous threshold was \$500. Applying the higher capitalization threshold retroactively (removal of old assets from the General Fixed Assets Account Group) will be permitted by the State regulations in situations where (1) the assets have been fully depreciated, or (2) the assets have exceeded their useful lives. The retirement of machinery and equipment is due to the retroactive application of the higher threshold of equipment capitalization. That is, the District has removed from their records assets with a historical cost greater than \$500 but not greater than \$2,000 that were fully depreciated or had exceeded their useful lives.

Depreciation expense was charged to functions as follows:

NOTE 6. PENSION PLANS

Plan Descriptions

All required employees of the District are covered by either the Public Employees' Retirement System (PERS) or the Teachers' Pension and Annuity Fund (TPAF) which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

Teachers' Pension and Annuity Fund (TPAF)

The TPAF was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The TPAF is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related noncontributing employers.

Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the DOE who have titles that are unclassified, professional and certified.

Public Employees' Retirement System (PERS)

The PERS was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The PERS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another State-administered retirement system or other state or local jurisdiction.

Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and 3N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members accounts.

Significant Legislation

During the year ended June 30, 1997, legislation was enacted (Chapter 114, P.L. 1997) authorizing the New Jersey Economic Development Authority to issue bonds, notes or other obligations for the purpose of financing, in full or in part, the State of New Jersey's portion of the unfunded accrued liability under the State of New Jersey retirement systems. Additional legislation enacted during the year ended June 30, 1997 (Chapter 115, P.L. 1997) changed the asset valuation method from market related value to full-market value. This legislation also contained a provision to reduce the employee contribution rate by $\frac{1}{2}$ of 1% to 4.5% for calendar years 1998 and 1999, and to allow for a reduction in the employee's rate after calendar year 1999, providing excess valuation assets are available. The legislation also provided that the Districts' normal contributions to the Fund may be reduced based on the revaluation of assets. Due to recognition of the bond proceeds and the change in asset valuation method as a result of enactment of Chapters 114 and 115, all unfunded accrued liabilities were eliminated, except for the unfunded liability for local early retirement incentive benefits, accordingly, the pension costs for TPAF and PERS were reduced.

Contribution Requirements

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for both cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

During the fiscal year ended June 30, 2021, the State of New Jersey contributed \$1,820,610 to the TPAF for normal and post-retirement benefits on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$330,467 during the year ended June 30, 2021 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the general-purpose financial statements, and the combining and individual fund and account group statements and schedules as a revenue and expenditure in accordance with GASB 27.

NOTE 7. POST-RETIREMENT BENEFITS

General Information about the OPEB Plan

Plan description and benefits provided

The State provides post-retirement medical (PRM) benefits for certain State and other retired employees meeting the service credit eligibility requirements. In Fiscal Year 2020, the State paid PRM benefits for 143,053 State and local retirees.

The State funds post-retirement medical benefits on a “pay-as-you-go” basis, which means that the State does not pre-fund, or otherwise establish a reserve or other pool of assets against the PRM expenses that the State may incur in future years. For Fiscal Year 2020, the State contributed \$1.578 billion to pay for pay-as-you-go PRM benefit costs incurred by covered retirees. The State’s “pay as-you-go” contributions have decreased from Fiscal Year 2019 amounts. Reductions are attributable to various cost savings initiatives implemented by the State, including new Medicare Advantage contracts. The State has appropriated \$1.775 billion in Fiscal Year 2021 as the State’s contribution to fund pay-as-you-go PRM costs.

In accordance with the provisions of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the State is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to retired plan members. This new standard supersedes the previously issued guidance, GASB Statement No. 45, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, effective for Fiscal Year 2018. The State is now required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments. The Fiscal Year 2020 total State OPEB liability to provide these benefits in \$65.5 billion, a decrease of \$10.5 billion or 13.8 percent from the \$76.0 billion liability recorded in Fiscal Year 2019.

The School Employees Health Benefits Program (SEHBP) Act is found in New Jersey Statutes Annotated, Title 52, Article 17.25 et. seq. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB No. 75.

NOTE 7. POST-RETIREMENT BENEFITS (Continued)

Total OPEB Liability

The State, a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The LEA's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASB No. 75 is zero percent. Accordingly, the LEA did not recognize any portion of the collective net OPEB liability on the Statement of Net Position. Accordingly, the following OPEB liability note information is reported at the State's level and is not specific to the board of education/board of trustees. Note that actual numbers are published in the [NJ State's ACFR](https://www.nj.gov/treasury/omb/publications/archives.shtml)

(<https://www.nj.gov/treasury/omb/publications/archives.shtml>)

Actuarial assumptions and other inputs. The total OPEB liability in the June 30, 2020 actuarial valuation reported by the State in the State's most recently issued ACFR was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation rate	2.50%	
Salary Increases	<u>TPAF</u>	<u>PERS</u>
Through 2026	1.55 – 4.45% Based on service years	2.00 - 6.00% Based on service years
Thereafter	1.55 – 4.45% Based on service years	3.00 - 7.00% Based on service years

Preretirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP), "General" (PERS), and "Safety" (PERS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2020. Postretirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2020. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generation mortality improvement projections from the central year using Scale MP-2020.

NOTE 7. POST-RETIREMENT BENEFITS (Continued)

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of actuarial experience studies for the periods July 1, 2015 – June 30, 2018, July 1, 2014 – June 30, 2018, and July 1, 2013 – June 30, 2018 for TPAF, PERS and PFRS and PFRS, respectively.

Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend rate is initially 5.6% and decreases to a 4.5% long-term trend rate after eight years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rate for fiscal year 2021 through 2022 are reflected. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.0% and decreases to a 4.5% long-term trend rate seven years. For the Medicare Part B reimbursement, the trend rate is 5.0%.

Discount rate

The discount rate for June 30, 2020 was 2.21%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

NOTE 8. INTERFUND RECEIVABLES AND PAYABLES

There were no interfund balances on the balance sheet at June 30, 2021.

NOTE 9. CONTINGENCIES

The District receives financial assistance from the State of New Jersey and the U.S. Government in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of the funds for eligible purposes. The State and Federal grants received and expended in the 2019-2020 fiscal year were subject to the Single Audit Act of 1984 and New Jersey OMB Circular 04-04 which mandates that grant revenues and expenditures be audited in conjunction with the Board's annual audit. Substantially, all grants and cost reimbursements are subject to financial and compliance audits by the grantors. Further, the School Child Nutrition Program is a recipient of federal (USDA) reimbursements and is subject to certain related federal regulations. The federal reimbursements are subject to subsequent audit and interpretation by the New Jersey Department of Education. The Board and management do not believe such an audit would result in material amounts of disallowed costs.

NOTE 10. LITIGATION

There is no litigation, pending litigation, claims, contingent liabilities, unasserted claims or assessments or statutory violations which involve the Board of Education and which might materially affect the financial position of the District, as of the date of this report.

NOTE 11. COMPENSATED ABSENCES

The District accounts for compensated absences (e.g. unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement, employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions.

**ALEXANDRIA TOWNSHIP BOARD OF EDUCATION
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2021**

NOTE 11. COMPENSATED ABSENCES (Continued)

The liability for vested compensated absences of the governmental fund types is recorded in the general long-term account group. The current portion of the compensated absences balance of the governmental funds is not considered material to the applicable funds total liabilities, and therefore, is not shown separately from the long-term liability balance of compensated absences.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees.

Compensated absences will be paid from the fund from which the employees' salaries are paid.

NOTE 12. DEFERRED COMPENSATION

The Board offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 403(b). The plan, which is administered by a benefits management company, permits participants to defer a portion of their salary until future years. Amounts deferred under the plan are not available to employees until termination, retirement, death or unforeseeable emergency. The Board has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor. The Board offers several plan administrators for its employees to utilize.

NOTE 13. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance – The District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Annual Comprehensive Financial Report.

New Jersey Unemployment Compensation Insurance – The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Contributory Method". Under this plan, the District and its employees contribute to the New Jersey Unemployment Trust Fund for benefits paid to its former employees. The District remits quarterly the amounts due to the State.

**ALEXANDRIA TOWNSHIP BOARD OF EDUCATION
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2021**

NOTE 13. RISK MANAGEMENT (Continued)

Joint Insurance Pool – The School District is a member of the Hunterdon and Camden County Educator’s Insurance Consortium, a sub-fund of the New Jersey School Boards Association Insurance Group. The Fund provides its members with the following coverages:

Property – Blanket Building & Grounds	Electronic Data Processing
Equipment Breakdown	Crime
Comprehensive General Liability	Automotive Liability
Worker’s Comprehensive & Employer’s Liability	
School Leaders Errors & Omissions Liability	

Annual contributions to the Fund are determined by the Fund’s Board of Trustees. The School District is jointly and personally liable for claims insured by the Fund and its members during the period of its membership, including liability for supplemental assessments, if necessary. The Fund’s Board of Trustees may authorize refunds to its members in any fund year for which contributions exceed the amount necessary to fund all obligations for that year.

NOTE 14. CALCULATION OF EXCESS SURPLUS

The designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to N.J.S.A. 18A:7F-7, as amended. New Jersey school districts are required to reserve General Fund fund balance at the end of the fiscal year of June 30 if a required minimum amount is not appropriated as budgeted fund balance in their subsequent year’s budget. The Excess Fund Balance at June 30, 2021 is \$0.

NOTE 15. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 16. OTHER

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions respectively. The amount reported as TPAF Pension Contributions represents the amount paid by the state on behalf of the district for the year ended June 30, 2021 TPAF Social Security Contributions represents the amount reimbursed by the state for the employer’s share of social security contributions for TPAF members for the year ended June 30, 2021.

NOTE 17. SUBSEQUENT EVENTS

The Alexandria Township Board of Education has evaluated subsequent events occurring after June 30, 2021 through the date of February 15, 2022, which is the date the financial statements were available to be issued. The District has determined there are no material subsequent events needed to be disclosed, except for the following:

- On November 3, 2020, the voters of the School District approved a referendum authorizing the following actions:
 1. Addition of a 10 classroom wing onto AMS
 2. Razing, removal and abatement of LDW
 3. Fix all “end of life” mechanicals at AMS and install brownout protection for electricals
 4. Remove and replace the roof at AMS, with the exception of the old gym done in 2019
 5. New parking for 50 vehicles at AMS
 6. Door lockset replacement with security locks and safety film on all doors
 7. Update the locker rooms in the old gym at AMS
 8. Update the 4th grade bathrooms at AMS
 9. Level the soccer field and move the filed hockey field to ground level
 10. Underground water reservoir for fire emergencies

- To facilitate and finance the expenditures associated with the above referendum project, temporary notes totaling \$12,994,000 were issued on July 27, 2021. These notes were issued with a coupon interest rate of 1% and a maturity date of July 27, 2022.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2021**

NOTE 18. CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the Alexandria Township Board of Education by inclusion of \$1 on October 19, 2000 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund, and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by Board resolution at year-end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A district may also appropriated additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A.19:60-2. Pursuant to N.J.A.C.6:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2020 to June 30, 2021 fiscal year is as follows:

Beginning Balance, July 1, 2020	\$ 2,216,805
Increased by:	
Appropriation	400,000
Interest Earnings	586
Transfers - Out	<u>(2,000,000)</u>
Ending Balance, June 30, 2021	<u><u>\$ 617,391</u></u>

NOTE 19. ECONOMIC DEPENDENCY

The District receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, could have an effect on the District's programs and activities.

NOTE 20. GASB #54 – FUND BALANCE DISCLOSURES

In accordance with Government Accounting Standards Board 54, Fund Balance Reporting and Governmental Fund Type Definitions, the Alexandria Board of Education classifies governmental fund balances as follows:

- Non-spendable - includes fund balance amounts that cannot be spent either because it is not in spendable form or because legal or contractual constraints.
- Restricted - includes fund balance amounts that are constrained for specific purposes which are externally imposed by external parties, constitutional provision or enabling legislation.
- Committed - includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year-end.
- Assigned - includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund Balance may be assigned by the Business Administrator.
- Unassigned - includes balance within the General Fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

General Fund – Of the \$2,472,345 General Fund fund balance at June 30, 2021, \$0 is restricted for excess surplus – current year; \$1,864,449 is restricted for other purposes. \$175,979 is committed for other purposes; \$0 is assigned as designated for subsequent year’s expenditures and \$431,917 is unassigned.

NOTE 21. ESTIMATES

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 22. DEFICIT BALANCE IN UNRESTRICTED NET POSITION

The District is reporting a deficit balance in unrestricted net position for governmental activities as of June 30, 2021 of (\$1,785,698) on Schedule A-1 Statement of Net Position. The deficit balance is not a negative reflection on the District’s financial condition, but is the result of reporting required by GASB Statement No. 68 Accounting and Financial Reporting for Pensions which allocates the proportionate share of the State’s net pension liability for PERS to each contributing entity throughout the State.

Budgetary Comparison Schedule
Note to RSI
For the Fiscal Year Ended June 30, 2021**

**Note A - Explanation of Differences between Budgetary Inflows and Outflows and
GAAP Revenues and Expenditures**

		General Fund		Special Revenue Fund
Sources/inflows of resources				
Actual amounts (budgetary basis) "revenue"				
from the budgetary comparison schedule	[C-1]	\$ 12,656,706	[C-2]	\$ 263,619
Difference - budget to GAAP:				
Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized:				
Current year		(128,359)		-
Prior year		138,036		6,893
State aid payment recognized for budgetary purposes, not recognized for GAAP statements				
Prior year state aid payment recognized for GAAP purposes in current year				
 Total revenues as reported on the statement of revenues, expenditures and changes in fund balances - governmental funds.	 [B-2]	 \$ 12,666,383	 [B-2]	 \$ 270,512
Uses/outflows of resources				
Actual amounts (budgetary basis) "total outflows" from the budgetary comparison schedule	[C-1]	11,800,592	[C-2]	266,777
Differences - budget to GAAP				
The district budgets for claims and compensated absences only to the extent expected to be paid, rather than on the modified accrual basis.				
Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for <i>budgetary</i> purposes, but in the year the supplies are received for <i>financial reporting</i> purposes.				6,893
Transfers to and from other funds are presented as outflows of budgetary resources but are not expenditures for financial reporting purposes.				
Net transfers (outflows) to general fund				-
 Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds	 [B-2]	 \$ 11,800,592	 [B-2]	 \$ 273,670

***PROPRIETARY FUNDS
DETAIL STATEMENTS***

Proprietary Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the district's board is that the costs of providing goods or services be financed through user charges.

Food Services Fund - This fund provides for the operation of food services in all schools within the school district.

THIS SECTION HAS ALREADY BEEN INCLUDED IN STATEMENTS B-4, B-5, AND B-6.

***FIDUCIARY FUNDS
DETAIL STATEMENTS***

Fiduciary Funds are used to account for funds received by the school district for a specific purpose. Agency Funds are used to account for assets held by the school district as an agent for individuals, private organizations, other governments and/or other funds.

Student Activity Fund - This agency fund is used to account for student funds held at the schools.

Payroll Fund - This agency fund is used to account for the payroll transactions of the school district.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

The Honorable President and
Members of the Board of Education
Alexandria Township School District
County of Hunterdon
Pittstown, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Alexandria Township School District, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Alexandria Township School District's basic financial statements, and have issued our report thereon dated February 15, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Alexandria Township School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Alexandria Township School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Alexandria Township School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a

combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

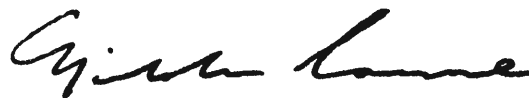

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Alexandria Township School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended for the information of the management of the Alexandria Township School District Board of Education, the New Jersey State Department of Education (the cognizant audit agency) and other state and federal awarding agencies. However, this report is a matter of public record and its distribution is not limited.

Report on Compliance For Each Major Federal and State Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the U.S. Uniform Guidance and Schedule of Expenditures of State Financial Assistance as required by New Jersey OMB Circular 15-08

The Honorable President and
Members of the Board of Education
Alexandria Township Board of Education
County of Hunterdon
Pittstown, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited the Board of Education of the Alexandria Township School District, in the County of Hunterdon, compliance with the types of compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* and the *New Jersey OMB Circular 15-08 State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the District's major federal and state programs for the fiscal year ended June 30, 2021. The Alexandria Township School District Board of Education's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Alexandria Township School District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal

Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and the New Jersey OMB Circular 15-08 State Aid/Grant Compliance Supplement, and the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey and the New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Alexandria Township School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of Alexandria Township School District's compliance.

Opinion on Each Major Federal and State Program

In our opinion, Alexandria Township School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2021.

Other Matters

The results of our auditing procedures did not disclose instances of noncompliance, which are required to be reported in accordance with Uniform Guidance, in the New Jersey State Aid/Grant Compliance Supplement, and the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey and the New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Our opinion on each major federal and state program is not modified with respect to these matters.

Report on Internal Control Over Compliance

Management of Alexandria Township School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Alexandria Township School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with Uniform Guidance, the New Jersey State Aid/Grant Compliance Supplement, and the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey and the New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Alexandria Township School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

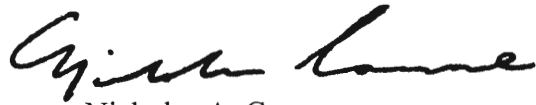

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance and the New Jersey State Aid/Grant Compliance Supplement, and the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey and the New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards and the Schedule of Expenditures of State Financial Assistance Required by Uniform Guidance and State Financial Assistance

We have audited the financial statements of Alexandria Township School District as of and for the year ended June 30, 2021, and have issued our report thereon dated February 15, 2022, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards and the schedule of expenditures of state financial assistance are presented for purposes of additional analysis as required by Uniform Guidance and the New Jersey State Aid/Grant Compliance Supplement, and the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey and the New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards and the schedule of expenditures of state financial assistance are fairly stated in all material respects in relation to the financial statements.

This report is intended solely for the information of the management of the Alexandria Township School Board of Education, the New Jersey State Department of Education (cognizant audit agency), other state and federal awarding agencies and pass-through entities. However, this report is a matter of public record and its distribution is not limited.

ALEXANDRIA TOWNSHIP BOARD OF EDUCATION
 NOTES TO THE SCHEDULES OF AWARDS AND FINANCIAL ASSISTANCE
 JUNE 30, 2021

NOTE 1. GENERAL

The accompanying schedules of financial assistance present the activity of all federal and state financial assistance programs of the Board of Education, Alexandria Township School District. The Board of Education is defined in Note 1(A) to the Board's general purpose financial statements. All federal financial assistance received directly from federal agencies, as well as federal financial assistance passed through other government agencies is included on the schedule of federal financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of financial assistance are presented using the modified accrual basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting and those recorded in the special revenue fund, which are presented using the budgetary basis of accounting. These bases of accounting are described in Notes 1 to the Board's general purpose financial statements.

NOTE 3. RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS

Amounts reported in the accompanying schedules agree with amounts reported in the Board's general purpose financial statements. The general purpose financial statements present the special revenue fund on both a GAAP basis and a budgetary basis. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The net adjustment to reconcile from the budgetary basis to the GAAP basis for the General Fund is \$9,677 and for the Special Revenue Fund is \$6,893. Financial assistance revenues are reported in the Board's general purpose financial statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund		\$ 3,648,241	\$ 3,648,241
Special Revenue Fund	238,161		\$ 238,161
Capital Projects			\$ -
Debt Service			\$ -
Food Service	<u>8,328</u>	<u>315</u>	<u>\$ 8,643</u>
Total Financial Assistance	<u>\$ 246,489</u>	<u>\$ 3,648,556</u>	<u>\$ 3,895,045</u>
