## **INTRODUCTORY SECTION**

Patrick Madden

Business Administrator/Board Secretary

March 2, 2022

Honorable President and Members of the  
Camden County Educational Services Commission  
County of Camden  
State of New Jersey

Dear Board of Directors:

The annual comprehensive financial report of the Camden County Educational Services Commission for the fiscal year ended June 30, 2021 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Camden County Educational Services Commission. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the Commission. All disclosures necessary to enable the reader to gain an understanding of the Commission's financial activities have been included.

The annual comprehensive financial report is presented in four sections: introductory, financial, statistical, and single audit. The introductory section includes this transmittal letter, the Commission's organizational chart and a list of principal officials. The financial section includes the financial statements and schedules, as well as the auditor's report therein. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The Commission is required to undergo an annual single audit in conformity with the provisions of the State of New Jersey Circular 15-08 OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and questioned costs are included in the single audit section of this report.

1. REPORTING ENTITY AND ITS SERVICE: Camden County Educational Services Commission is an independent reporting entity within the criteria adopted by the GASB as established by NCGA statement No. 3. All funds of the Commission are included in this report. The Camden County Educational Services Commission and all of its programs and services constitute the Commissions reported entity.

The Commission provides specific educational services appropriate to member districts requests for private and public students in grade levels K through 12. These services include transportation, special education and non-public services. Students transported attend summer, vocational, public, private, and special education schools. Non-Public and special services were provided in the following areas: compensatory education, ESL, speech, child study evaluations, home instruction, supplemental instruction, occupational therapy, and physical therapy. The Commission also provides the educational program at the Camden County Juvenile Detention Center.

<u>YEAR</u>	<u>TRANSPORTATION</u>	<u>PL 192/193 NON-PUBLIC AND SPECIAL SERVICES</u>
2020-2021	6,122 students	5,200 students
2019-2020	7,178 students	5,000 students
2018-2019	11,666 students	4,000 students

2. ECONOMIC CONDITION AND OUTLOOK: The uncertainty of state funding for public education, imposed rate caps by the state, and increased restrictions on fund balance have forced school districts to find creative and more cost effective ways to meet their obligations. In response, the Camden County Educational Services Commission continues to expand and seek opportunities to assist member districts. By coordinating and providing efficient programs and services at the county-level, school districts are relieved of the associated administrative burdens and realize cost savings that reduce local property taxes. The Commission continues to form partnerships and build relationships where stakeholders routinely look to the Commission for assistance in fulfilling their mission to educate the youth of Camden County.
3. MAJOR INITIATIVES: Since its inception in 1979, coordinated transportation services and non-public school programs have dominated the Commission's activities.

On July 1, 2013, the Commission embarked on a shared services plan with the Camden City School District to coordinate all of its transportation services. The impact on revenue and operations at the Commission was significant. The revenue growth to the Commission from 2013 to 2014 for transportation grew from \$13.6 million to \$24.3 million. In the 2014-2015 school year transportation revenue grew to \$27.3 million. In the 2015-2016 school year transportation revenue grew to \$30.03 million.

In the 2016-2017 school year transportation revenue grew to \$34.78 million. In the 2017-2018 school year transportation revenue grew to \$36.66 million. In the 2018-2019 school year transportation revenue grew to \$41.49 million and in the 2019-2020 school year transportation revenue fell to \$34.18 million. This shared service agreement continued to be a main source of revenue for the Commission in the 2020-2021 school year, with transportation revenue for the year ending June 30, 2021 of \$19.38 million. The large decrease in revenue is attributable to the COVID-19 emergency. Moving forward, the Commission and the Camden City School District have restructured their transportation services arrangement to align that with all the other public-school districts the Commission serves. This restructuring may result in more consistent transportation revenue numbers closer to what was experienced in this most recent fiscal year end June 30, 2021.

The Commission continually looks to improve efficiencies and processes through the use of information technologies. In order to increase productivity, limit customer service disruptions and provide for disaster recovery, the Commission analyzes and upgrades its network infrastructure on a regular basis. These upgrades are necessary to meet the growing customer demands and the added staff necessary for scaling to operational efficiency.

Future growth is important to the viability of the Commission. As such, the growth plan must include strategies to decrease exposure to revenue concentration by developing alternative service offers. In order to execute on these strategies, new service offers may be fulfilled by direct services, purchased services, or strategic partnerships. The current growth plan targets expansion in Purchased Services, expansion of the Commission's Cooperative Pricing System and maintaining the comprehensive Transition Program for county students. Additionally, the Commission has launched and will be working to establish a School Based Mental Health Services program.

4. INTERNAL ACCOUNTING CONTROLS: The management of the Commission is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the Commission are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the Commission is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the Commission management.

As part of the Commission's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to state financial assistance programs, as well as to determine that the Commission has complied with applicable laws and regulations.

5. BUDGETARY CONTROLS: In addition to internal accounting controls, the Commission maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of Directors. Annual appropriated budgets are adopted for the general fund and special revenue fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either cancelled or are included as reappropriation of fund balance in the subsequent year. Those amounts to be reappropriated are reported as assignments of fund balance on June 30, 2021.

6. ACCOUNTING SYSTEM AND REPORTS: The Commission's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standard Board (GASB). The accounting system of the Commission is organized on the basis of funds. These funds are explained in "Notes to the Financial Statements", Note 1.
7. CASH MANAGEMENT: The investment policy of the Commission is guided in large part by state statute as detailed in "Notes to Financial Statements", Note 2. The Commission has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.
8. RISK MANAGEMENT: The Commission carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.
9. INDEPENDENT AUDIT: State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Bowman & Company LLP has been selected by the Board of Directors to conduct our audit. In addition to meeting the requirements of the State of New Jersey Circular 15-08 OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, the auditor's report on the financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

10. ACKNOWLEDGEMENTS: We would like to express our appreciation to the members of the Board of Directors of the Camden County Educational Services Commission for their concern in providing fiscal accountability to the citizens and taxpayers of our member districts and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

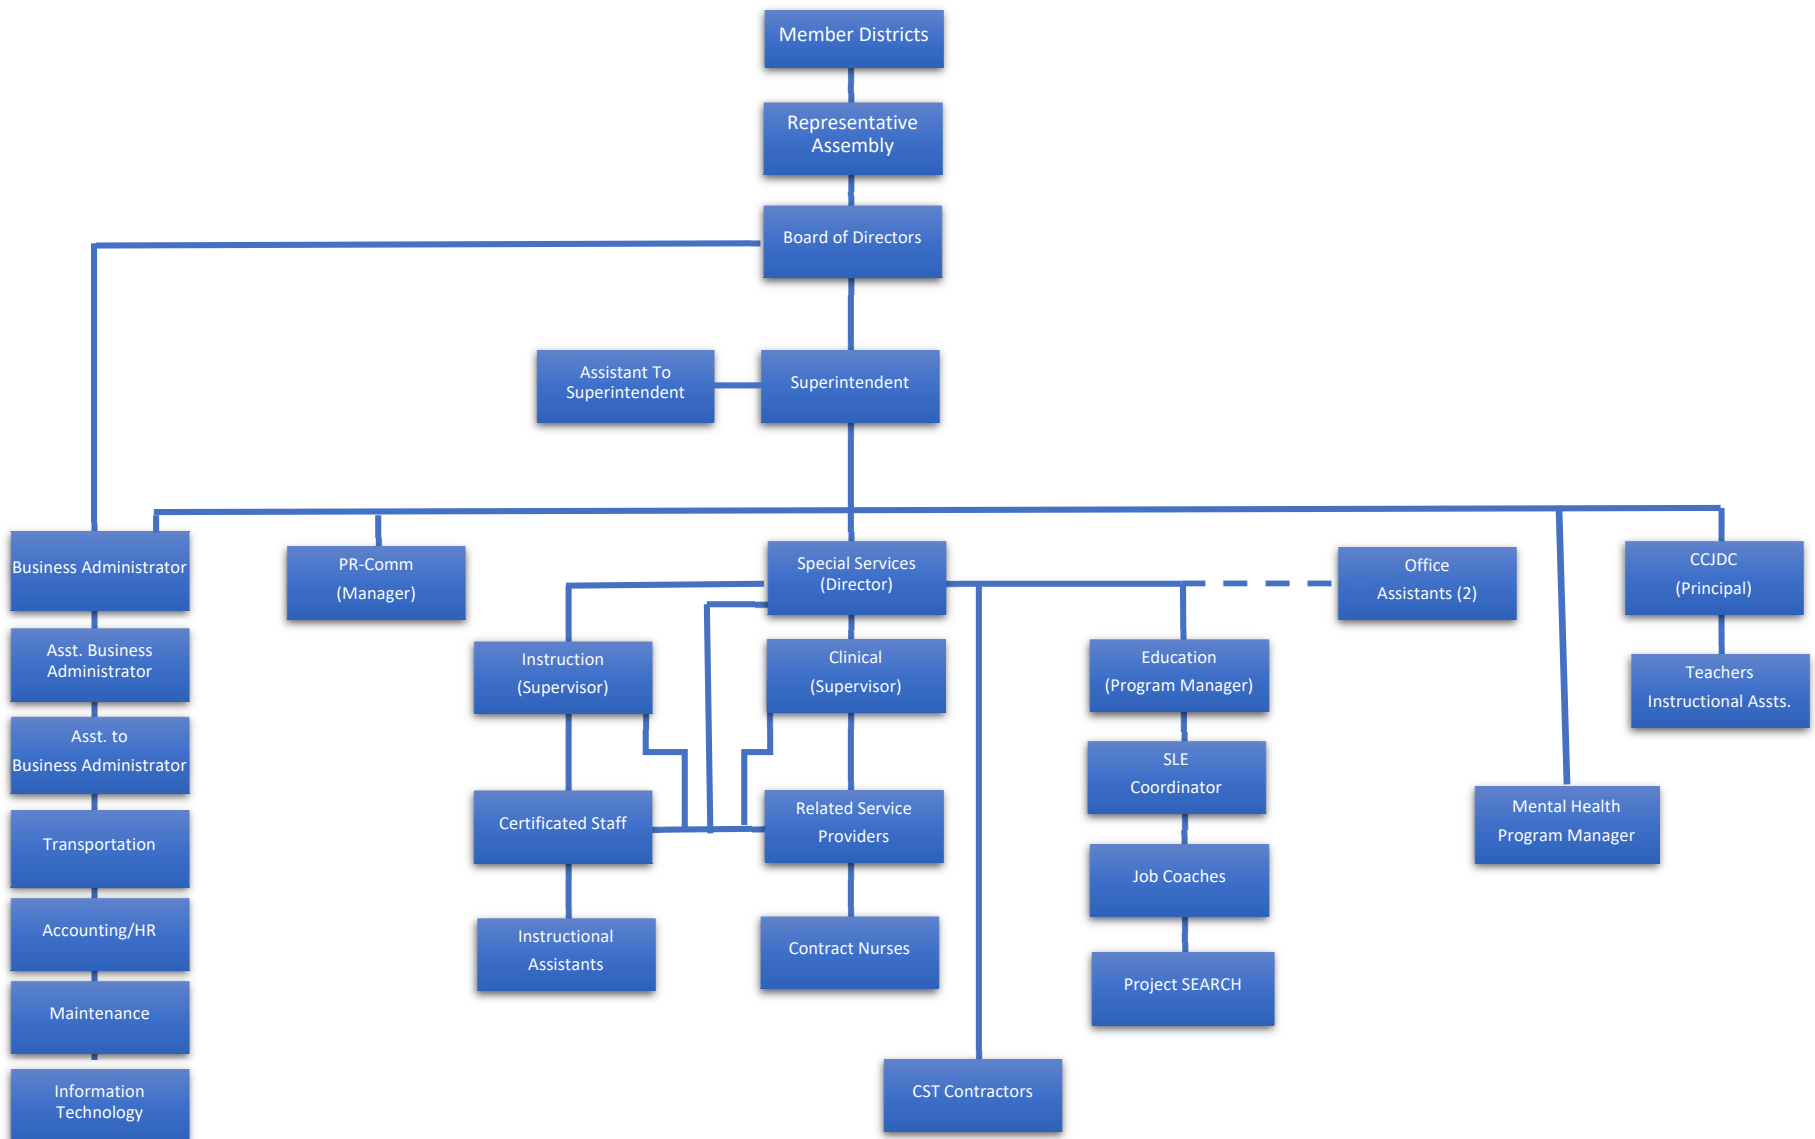

Daniel Del Vecchio  
Superintendent

W. Patrick Madden  
Business Administrator /  
Board Secretary

## **FINANCIAL SECTION**

## **INDEPENDENT AUDITOR'S REPORT**

The Honorable President and  
Members of the Board of Directors  
Camden County Educational Services Commission  
Clementon, New Jersey 08021

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the Camden County Educational Services Commission, in the County of Camden, State of New Jersey, as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of Camden County Educational Services Commission, in the County of Camden, State of New Jersey, as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

**Emphasis of Matter***Adoption of New Accounting Principle*

As discussed in note 1 to the financial statements, during the fiscal year ended June 30, 2021, the Commission adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*. Our opinion is not modified with respect to this matter.

*Consistency of Financial Statements*

Because of the implementation of GASB Statement No. 84, several funds of the Commission that were reported as fiduciary fund types in the prior fiscal year are now reported in business-type activities and proprietary fund types. Our opinion is not modified with respect to this matter.

**Other Matters***Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of the Commission's proportionate share of the net pension liability, schedule of the Commission's pension contributions, and schedule of changes in the Commission's total OPEB liability and related ratios, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

*Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Camden County Educational Services Commission's basic financial statements. The introductory section, combining statements and related major fund supporting statements and schedules, statistical section, and schedule of expenditures of federal awards are presented for purposes of additional analysis, as required by the Office of School Finance, Department of Education, State of New Jersey, and are not a required part of the basic financial statements. The accompanying schedule of expenditures of state financial assistance, as required by State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, is also presented for purposes of additional analysis and is not a required part of the basic financial statements.

The accompanying combining statements and related major fund supporting statements and schedules and schedules of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying combining statements and related major fund supporting statements and schedules and schedules of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical section listed in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 2, 2022 on our consideration of the Camden County Educational Services Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Camden County Educational Services Commission's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Camden County Educational Services Commission's internal control over financial reporting and compliance.

**Exhibit K-1**

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**INDEPENDENT AUDITOR'S REPORT**

The Honorable President and  
Members of the Board of Directors  
Camden County Educational Services Commission  
Clementon, New Jersey 08021

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial statement audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and in compliance with audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, and each major of the Camden County Educational Services Commission, in the County of Camden, State of New Jersey, as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements, and have issued our report thereon dated March 2, 2022. Our report on the financial statements included an emphasis of matter paragraph describing the adoption of a new accounting principle, and an additional paragraph on the consistency of financial statements.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Camden County Educational Services Commission's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Camden County Educational Services Commission's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Camden County Educational Services Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, and state awarding agencies and pass-through entities, in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REQUIRED SUPPLEMENTARY INFORMATION**  
**PART I**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**

## CAMDEN COUNTY EDUCATIONAL SERVICES COMMISSION

Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2021  
(Unaudited)

---

As management of the Camden County Educational Services Commission (hereafter referred to as the "Commission"), we offer readers of the Commission's financial statements this narrative overview and analysis of the financial activities for the fiscal year ended June 30, 2021. The intent of this discussion and analysis is to look at the Commission's financial performance as a whole; readers should also review the information furnished in our letter of transmittal, notes to the basic financial statements, and financial statements to enhance their understanding of the Commission's financial performance.

### FINANCIAL HIGHLIGHTS

- The net position of the Commission, which represents the difference between the summation of assets and deferred outflows of resources, and the summation of liabilities and deferred inflows of resources, totaled \$9,509,072.14 at the close of the current fiscal year. Of this amount, \$6,024.64 represents net position of governmental activities and \$9,503,047.50 for business-type activities.
- The Commission's total lease purchase agreement decreased by \$190,981.62 as a result of payments in the enterprise fund.
- The Commission's total charges for service revenues decreased by \$12,903,034.40 which is largely due to the modified in-person school schedules during the pandemic. Likewise, costs for other purchased services in the enterprise fund, which include costs for providing such services, decreased by \$14,169,313.35.

### USING THIS ANNUAL COMPREHENSIVE FINANCIAL REPORT

This annual comprehensive financial report consists of a series of financial statements. The statement of net position and the statement of activities provide information about the activities of the Commission as a whole and present a longer-term view of the Commission's finances. Fund financial statements for the governmental activities tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Commission's operations in more detail than the government-wide statements by providing information about the Commission's most significant funds.

#### Reporting the Commission as a Whole

One of the most important questions asked about the Commission's finances is, "Is the Commission as a whole better off or worse off as a result of the fiscal year's activities?" The statement of net position and the statement of activities report information about the Commission as a whole and about its activities in a way that helps answer this question. These statements include *all* assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current fiscal year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Commission's *net position* and changes in it. You can think of the Commission's net position as one way to measure the Commission's financial health, or *financial position*. Over time, *increases or decreases* in the Commission's net position is one indicator of whether its *financial health* is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as the condition of the Commission's capital assets, to assess the *overall health* of the Commission.

Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2021  
(Unaudited)

---

### USING THIS ANNUAL COMPREHENSIVE FINANCIAL REPORT (CONT'D)

#### Reporting the Commission as a Whole (Cont'd)

In the statement of net position and the statement of activities, we divide the Commission into two kinds of activities, those being governmental activities and business-type activities. In the governmental activities, this is where the Commission's basic services are reported that are supported from intergovernmental revenues. The business-type activities of the Commission include an enterprise fund and is supported from user fees and charges.

#### Reporting the Commission's Most Significant Funds

The fund financial statements provide detailed information about the most significant funds, not the Commission as a whole. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Commission, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Commission can be divided into two categories: governmental funds and proprietary funds.

*Governmental funds* - governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Commission maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, special revenue fund, capital projects fund, and debt service fund, which are all considered to be major funds.

The Commission adopts an annual budget for its general fund, special revenue fund, and debt service fund, if required. Budgetary comparison schedules have been provided to demonstrate compliance with these budgets.

*Proprietary Funds* - the Commission maintains one type of proprietary fund; that being an enterprise fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The Commission uses an enterprise fund to account for its user fees and charges related to transportation services, nonpublic auxiliary and handicapped services, related services, etc.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

*Notes to the Financial Statements* - the notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2021  
(Unaudited)

**THE COMMISSION AS A WHOLE**

During fiscal year 2021, the Commission's net position increased by \$657,647.58, increasing from \$8,851,424.56 in fiscal year 2020 to \$9,509,072.14 in fiscal year 2021. Our analyses that follow focus on the net position (Table 1) and changes in net position (Table 2) of the Commission's governmental-type activities and business-type activities.

<b>Total Net Position</b>	<b>\$ 6,024.64</b>	<b>\$ 16,772.70</b>	<b>\$ 9,503,047.50</b>	<b>\$ 8,834,651.86</b>	<b>\$ 9,509,072.14</b>	<b>\$ 8,851,424.56</b>	<b>\$ 657,647.58</b>	<b>7.4%</b>

At the end of fiscal year 2021, the Commission experienced a net increase in current and other assets of \$831,947.69, and a decrease in other liabilities of \$162,797.89. These net changes primarily resulted from an increase in current and other assets of \$725,185.99, which was caused by the increase (\$3,833,230.85) in the Commission's cash balances and by the decrease (\$3,107,695.91) in the Commission's accounts receivables. The decrease in the Commission's long-term liabilities, which includes a lease purchase agreement, net pension liability, and compensated absences, resulted from the scheduled pay down of principal of \$190,981.62 on the lease purchase agreement and a reduction in the Commission's actuarially determined proportionate share of net pension liabilities of \$144,173.00. The changes in the deferred outflows and inflows of resources (\$212,267.00 and \$124,831.00, respectively) also relate to the actuarial estimations and calculations related to the Commission's net pension liabilities. See notes 5 and 6 in the notes to financial statements for further detail regarding the Commission's long-term liabilities and related balances.

In regard to net position, thirty-eight percent (38%), or \$3,645,263.92, of the Commission's fiscal year end balance reflects its net investment in capital assets (i.e., land, buildings, equipment, etc.). This component represents capital assets, net of accumulated depreciation, and net of outstanding balances of borrowings used for the acquisition, construction, or improvement of those assets. The Commission uses these assets to provide educational services to students and other services to local school districts; consequently, these assets are not available for future spending. Although the Commission's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from sources since the capital assets themselves cannot be used to liquidate these liabilities.

**CAMDEN COUNTY EDUCATIONAL SERVICES COMMISSION**  
 Management's Discussion and Analysis  
 For the Fiscal Year Ended June 30, 2021  
 (Unaudited)

**THE COMMISSION AS A WHOLE (CONT'D)**

The final component of net position is unrestricted. This component represents resources and uses that do not meet the criteria of the aforementioned component of net position. At the end of the current fiscal year, the Commission's unrestricted net position was \$5,863,808.22. Unrestricted net position is decreased by the recording of long-term liabilities for lease purchase agreement, compensated absences, and net pension liability. Such long-term liabilities are funded by the Commission on a pay-as-you-go basis.

Table 2 below illustrates the changes in net position of the Commission's governmental-type activities and business-type activities.

	TABLE 2 CHANGES IN NET POSITION

Net Position, July 1	<u>16,772.70</u>	<u>24,879.17</u>	<u>8,834,651.86</u>	<u>8,492,648.20</u>	<u>8,851,424.56</u>	<u>8,517,527.37</u>		
Net Position, June 30	<u>\$ 6,024.64</u>	<u>\$ 16,772.70</u>	<u>\$ 9,503,047.50</u>	<u>\$ 8,834,651.86</u>	<u>\$ 9,509,072.14</u>	<u>\$ 8,851,424.56</u>		

During fiscal year 2021, the Commission's total revenues decreased by \$11,320,345.32, decreasing from \$48,853,432.04 in fiscal year 2020 to \$37,533,086.72 in fiscal year 2021. The reason for the decrease in revenues during the fiscal year was entirely related to the Covid-19 pandemic and schools being on modified in-person schedules. Some schools operated on multiple schedules unless an outbreak occurred at which point the school would be completely remote. This caused a reduction in the revenues collected for student transportation services and aid-in-lieu of transportation services.

Regarding expenses, the Commission's total expenses decreased by \$11,644,095.71, decreasing from \$48,519,534.85 in fiscal year 2020 to \$36,875,439.14 in fiscal year 2021. As with the decrease in revenues from transportation services realized by the Covid-19 pandemic, there was a corresponding decrease in expenses incurred associated with the providing of those services.

**THE COMMISSION'S FUNDS**

**Governmental Funds**

*General fund* - The general fund is the general operating fund of the Commission and is used to account for the inflows and outflows of its financial resources. The acquisition of certain capital assets, such as equipment, is accounted for in the general fund when it is responsible for the financing of such expenditures. At the end of the current fiscal year, the general fund did not have any fund balance.

**CAMDEN COUNTY EDUCATIONAL SERVICES COMMISSION**  
Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2021  
(Unaudited)

---

**THE COMMISSION'S FUNDS (CONT'D)**

Governmental Funds (Cont'd)

*General fund (cont'd)* - During the current fiscal year, the Commission's revenue increased by \$39,225.85. The primary factor affecting the increase in revenue of the general fund is as follows:

- tuition revenues increased in fiscal year 2021 by \$6,593.74, or 1%
- state sources revenues increased in fiscal year 2021 by \$32,632.11, or 12%

*Special revenue fund* - The special revenue fund is used to account for and report the proceeds of specific revenue sources, such as state or federal government grants, that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. During the fiscal year ended June 30, 2021, the Commission administered and operated activities funded by Title I, Part D, which is federal funds passed through the New Jersey Department of Education. The Commission also administered and operated activities funded by Coronavirus Relief Funds administered by the United States Department of Treasury. In addition, the Commission administered and operated activities funded by the United States Department of Education for the Coronavirus Response and Relief Supplemental Appropriations Act through the Elementary and Secondary School Emergency Relief II grant. Total revenues and expenditures related to these activities totaled \$219,682.47.

*Capital projects fund* - The capital projects fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of major capital facilities, other than those financed by the proprietary funds. Generally, the financial resources of the capital projects fund are derived from the issuance of debt. There was no activity in the capital projects fund during the fiscal year ended June 30, 2021.

*Debt service fund* - The debt service fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest. There was no activity in the debt service fund during the fiscal year ended June 30, 2021.

Proprietary Funds

*Enterprise fund* - As the Commission completed the fiscal year, the Commission's total net position of the enterprise fund was \$9,503,047.50, which was comprised of \$3,627,468.49 of net investment in capital assets and unrestricted net position in the amount of \$5,875,579.01.

During the current fiscal year, the net position of the Commission's enterprise fund increased by \$668,395.64. This increase is primarily due to the aforementioned reductions in revenues and expenses related to transportation services. The reduction in expenses for transportation services was marginally higher than the reduction in revenue for transportation services, which ties to the increase in net position.

General Fund Budgetary Highlights

The Commission had no budget modifications during the fiscal year ended June 30, 2021.

The final budgetary basis revenue estimate was \$1,257,299.00, which remained unchanged from the original budgeted estimate. Total budgeted revenues realized equaled \$1,324,542.69, which was \$67,243.69 in excess of the budget estimate. This excess was directly attributable to the increase in the Commission's reimbursed T.P.A.F. pension contributions and reimbursed T.P.A.F. social security contributions which totaled \$243,375.00, and \$61,511.90, respectively. In addition, the amount realized for tuition from other LEAs within the State was less than the amount anticipated by \$237,643.21.

**CAMDEN COUNTY EDUCATIONAL SERVICES COMMISSION**  
 Management's Discussion and Analysis  
 For the Fiscal Year Ended June 30, 2021  
 (Unaudited)

**THE COMMISSION'S FUNDS (CONT'D)**

General Fund Budgetary Highlights (Cont'd)

The final budgetary basis expenditure appropriation estimate was \$1,257,299.00, which remained unchanged from the original budgeted estimate. Actual expenditures incurred of \$1,324,542.69 were over the final budget estimate by \$67,243.69, which is directly a result of the expenditures related to the aforementioned reimbursed T.P.A.F. pension contributions and reimbursed T.P.A.F. social security contributions, which totaled \$243,375.00, and \$61,511.90, respectively. It is also due to the Commission budgeting for Child Study Team salaries of professional staff of \$92,700.00, but the Commission did not end up hiring any personnel to fill this position in fiscal year 2021. Lastly, the Commission spent \$126,674.32 less in employee benefit expenditures than what was originally budgeted.

Special Revenue Fund Budgetary Highlights

The final budgetary basis revenue estimate was \$299,103.00, which was \$93,287.00 more than the original budgeted estimate. The final budget amount is more than the original because the Commission received additional funding after the budget was adopted for Title I, Part D, Coronavirus Response and Relief Supplemental Appropriations Act - Elementary and Secondary School Emergency Relief II grant program, and Coronavirus Relief funds. Likewise, this was the same for the final budgetary basis appropriation estimate.

**CAPITAL ASSET AND DEBT ADMINISTRATION**

Capital Assets

The Commission's capital assets for its governmental and business-type activities as of June 30, 2021 amounts to a historical cost of \$6,832,401.51, or \$4,051,922.28 net of accumulated depreciation (see Table 3). Capital assets include land, construction in progress, land improvements, buildings and building improvements, machinery and equipment, and vehicles. Net capital assets increased by \$106,761.70 in fiscal year 2021 from fiscal year 2020. The primary factors affecting the net change in net capital assets are as follows:

- current year depreciation expense was \$169,618.29 and;
- there were capital asset additions in the amount of \$279,979.99, which mainly comprised of five portable classroom ramps with a combined historical cost of \$254,700.00, and a door temperature scanner with a historical cost of \$21,640.00.

**CAPITAL ASSET AND DEBT ADMINISTRATION (CONT'D)**

Debt

*Lease Purchase Agreement.* At the end of the current fiscal year, the Commission had a lease purchase agreement outstanding in the amount of \$406,658.36. The annual principal payment during the fiscal year 2021 was \$190,981.62 (refer to audit exhibit I-2, schedule of lease purchase agreement payable - business-type activities, for more detail).

*Net Pension Liability.* The Commission's annual required contribution to the Public Employees' Retirement System is paid on an annual basis. For additional details on the net pension liability, see note 6 to the financial statements.

*Compensated Absences.* At the end of the current fiscal year, the liability for compensated absences was \$179,746.16 (\$11,770.79 governmental activities and \$167,975.37 business-type activities). Compensated absences are those absences for which employees will be paid, such as sick leave. Additional information on compensated absences can be found in note 11 to the financial statements.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

For the fiscal year 2021, the Commission was able to sustain its budget through transportation fees, tuition, federal and state sources, and other various revenue sources. The Commission will continue to grow and develop services based upon the needs of its member districts. Any future programs offered will be the direct result of cooperation between its member districts and the Commission.

**CONTACTING THE COMMISSION'S FINANCIAL MANAGEMENT**

This financial report is designed to provide a general overview of the Camden County Educational Services Commission's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Patrick Madden, Business Administrator, at the Camden County Educational Services Commission, 225 White Horse Avenue, Clementon, New Jersey 08021.

 Reconciliation of the Statement of Revenues, Expenditures,  
 and Changes in Fund Balances of Governmental Funds  
 to the Statement of Activities  
 For the Fiscal Year Ended June 30, 2021

Amounts reported for governmental activities in the statement of activities are different because:

Net Change in Fund Balances - Governmental Funds	-
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the period.</p>	
Depreciation Expense	\$ (7,257.67)
<p>In the statement of activities, certain operating expenses, (e.g., compensated absences) are measured by the amounts incurred during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). This amount is the net effect of these differences in the treatment of these items.</p>	
	<u>(3,490.39)</u>
Change in Net Position of Governmental Activities	<u>\$ (10,748.06)</u>

**CAMDEN COUNTY EDUCATIONAL SERVICES COMMISSION**

Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Camden County Educational Services Commission (the "Commission") have been prepared to conform with accounting principles generally accepted in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant of these policies.

**Description of the Financial Reporting Entity**

The Commission is a local educational agency organized pursuant to the rules and regulations of the Department of Education of the State of New Jersey. The Commission is located in the Borough of Clementon, County of Camden, State of New Jersey. The purpose of the Commission is to provide educational and administrative services and programs for local school districts located within Camden County. The Commission functions independently through a Board of Directors. The Board is comprised of fifteen members selected to a one-year term at the annual reorganization meeting of the Member Districts. The Superintendent is appointed by the Board to act as executive officer of the Commission.

The primary criterion for including activities within the Commission's reporting entity, as set forth in Section 2100 of the Governmental Accounting Standards Board *Codification of Governmental Accounting and Financial Reporting Standards*, is the degree of oversight responsibility maintained by the Commission. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. The financial statements include all funds of the Commission over which the Board exercises operating control.

**Government-wide and Fund Financial Statements**

The Commission's basic financial statements consist of government-wide statements, and fund financial statements which provide a more detailed level of financial information.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. It is the policy of the Commission to not allocate indirect expenses to functions in the statement of activities. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as general revenues.

In regard to the fund financial statements, the Commission segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Fund financial statements report detailed information about the Commission. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a single column.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are deemed both available and measurable. Available means when revenues are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Commission considers revenues to be available if they are collected within sixty (60) days of the end of the current fiscal year. Measurable means that the amount of revenue can be determined. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Tuition, reimbursable-type grants, and interest associated with the current fiscal year are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal year. All other revenue items are considered to be measurable and available only when cash is received by the Commission.

The Commission reports the following major governmental funds:

**General Fund** - The general fund is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment classified in the capital outlay sub-fund.

As required by the New Jersey State Department of Education, the Commission includes budgeted capital outlay in this fund. Accounting principles generally accepted in the United States of America, as they pertain to governmental entities, state that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from tuition fees, other revenues, and appropriated fund balance. Expenditures are those which result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to, or remodeling of buildings, and the purchase of built-in equipment.

**Special Revenue Fund** - The special revenue fund is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

**Capital Projects Fund** - The capital projects fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets, other than those financed by proprietary funds. The financial resources are derived from New Jersey Economic Development Authority grants, temporary notes, serial bonds, or from the general fund by way of transfers from capital outlay or the capital reserve account.

**Debt Service Fund** - The debt service fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal and interest.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Measurement Focus, Basis of Accounting and Financial Statement Presentation (Cont'd)**

Proprietary funds are used to account for the Commission's ongoing organizations and activities, which are operated and financed in a manner similar to those found in the private sector. The measurement focus is upon the determination of net income. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All items not meeting this definition are reported as nonoperating revenues and expenses.

The Commission reports the following major proprietary fund:

**Enterprise Funds**

This fund accounts for the financial activity related to contracting with private schools to provide services under Chapters 192 and 193 of the Laws of 1977, Auxiliary and Handicapped Services for Non-Public Pupils. Students from various Camden County districts, as well as some districts from adjacent counties, receive one or more of the following services as needed: compensatory education, English as a second language, examination and classification, speech correction, home instruction, and supplemental instruction. In addition, this fund accounts for the financial activity related to contracting with schools for other various services, such as transportation.

As a rule, the effect of internal/interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues.

**Budgets / Budgetary Control**

Annual appropriated budgets are prepared in the spring of each fiscal year for the general, special revenue, and debt service funds (if necessary), and are submitted to the county office of education. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23A-16.2(f)1. Transfers of appropriations may be made by resolution at any time during the fiscal year in accordance with N.J.A.C. 6A:23A-13.3.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the budgetary basis. The budgetary basis differs from GAAP in that the budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The budget, as detailed on exhibits C-1 and C-2, includes all amendments to the adopted budget, if any.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Budgets / Budgetary Control (Cont'd)**

Exhibit C-3 presents a reconciliation of the general fund revenues and special revenue fund revenues and expenditures from the budgetary basis of accounting, as presented in the general fund budgetary comparison schedule and the special revenue fund budgetary comparison schedule, to the GAAP basis of accounting as presented in the statement of revenues, expenditures and changes in fund balances - governmental funds. Note that the Commission does not report encumbrances outstanding at fiscal year-end as expenditures in the general fund since the general fund budget follows the modified accrual basis of accounting.

**Encumbrances**

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded to assign a portion of the applicable appropriation, is utilized for budgetary control purposes. Encumbrances are a component of fund balance at fiscal year-end as they do not constitute expenditures or liabilities, but rather commitments related to unperformed contracts for goods and services. Open encumbrances in the governmental funds, other than the special revenue fund, which have not been previously restricted, committed, or assigned, should be included within committed or assigned fund balance, as appropriate.

Open encumbrances in the special revenue fund, however, for which the Commission has received advances of grant awards, are reflected on the balance sheet as unearned revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

**Cash, Cash Equivalents and Investments**

Cash and cash equivalents, for all funds, include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. Such is the definition of cash and cash equivalents used in the statement of cash flows for the proprietary funds. U.S. treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey educational institutions are limited as to the types of investments and types of financial institutions in which they may invest. N.J.S.A. 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey educational institutions.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Transportation Fees from Other LEAs Receivable**

Transportation fees from other LEAs (“local education agency”) were established by the Commission based on actual costs plus an administrative fee approved by the Board of Directors.

**Tuition Receivable**

Tuition charges for the fiscal year ended June 30, 2021 were based on the number of students serviced times the state allotments awarded to the sending school district for students.

**Prepaid Expenses**

Prepaid expenses recorded on the government-wide financial statements and in the proprietary fund types represent payments made to vendors for services that will benefit periods beyond June 30, 2021. The Commission had no prepaid expenses for the fiscal year ended June 30, 2021.

In the governmental fund financial statements, however, payments for prepaid items are fully recognized as expenditures in the fiscal year of payment. No asset for the prepayment is created, and no expenditure allocation to future accounting periods is required (*non-allocation method*). This is consistent with the basic governmental concept that only expendable financial resources are reported by a specific fund.

**Short-Term Interfund Receivables / Payables**

Short-term interfund receivables / payables (internal balances) represent amounts that are owed, other than charges for goods or services rendered to / from a particular fund within the Commission, and that are due within one year. Such balances are eliminated in the statement of net position to minimize the grossing up of internal balances, thus leaving a net amount due between the governmental and business-type activities that are eliminated in the total government column.

**Capital Assets**

Capital assets represent the cumulative amount of capital assets owned by the Commission. Purchased capital assets are recorded as expenditures in the governmental fund financial statements and are capitalized at cost on the government-wide statement of net position and proprietary fund statement of net position. In the case of gifts or contributions, such capital assets are recorded at acquisition value at the time received.

The Commission’s capitalization threshold is \$2,000.00. Other costs incurred for repairs and maintenance is expensed as incurred. All reported capital assets, except land and construction in progress, are depreciated. Depreciation is computed using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Land Improvements	20 Years
Buildings and Building Improvements	7 - 50 Years
Machinery and Equipment	5 - 20 Years
Vehicles	8 Years

The Commission does not possess any infrastructure assets.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Deferred Outflows of Resources and Deferred Inflows of Resources**

The statement of net position reports separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources, reported after total assets, represents a reduction of net position that applies to a future period(s) and will be recognized as an outflow of resources (expense) at that time. Deferred inflows of resources, reported after total liabilities, represents an acquisition of net position that applies to a future period(s) and will be recognized as an inflow of resources (revenue) at that time.

Transactions are classified as deferred outflows of resources and deferred inflows of resources only when specifically prescribed by the Governmental Accounting Standards Board (GASB) standards. The Commission is required to report the following as deferred outflows of resources and deferred inflows of resources: defined benefit pension plans.

**Unearned Revenue**

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied and is recorded as a liability until the revenue is both measurable and the Commission is eligible to realize the revenue.

**Accrued Salaries and Wages**

Accrued salaries and wages represent the amount of liability remaining at the end of the fiscal year for salaries that have been earned by employees but not yet paid to them. As of June 30, 2021, the Commission did not have any accrued salaries and wages.

**Compensated Absences**

Compensated absences are payments to employees for accumulated time such as paid vacation, paid holidays, sick pay, and sabbatical leave. A liability for compensated absences that is attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the Commission and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the Commission and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

The Commission uses the vesting method to calculate the compensated absences amount. The entire compensated absence liability, including the employer's share of applicable taxes, is reported on the government-wide financial statements. The portion related to employees in the proprietary funds is recorded at the fund level. The current portion is the amount estimated to be used in the following fiscal year. Expenditures are recognized in the governmental funds as payments come due each period, for example, as a result of employee resignations and retirements. Compensated absences not recorded at the fund level represent a reconciling item between the fund level and government-wide presentations.

**Accrued Liabilities and Long-Term Obligations**

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities, and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner, and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, special termination benefits, and contractually required pension contributions that will be paid from governmental funds, are reported as a liability in the fund financial statements only to the extent that they are normally expected to be paid with expendable available financial resources. Long-term debt is recognized as a liability on the governmental fund financial statements when due.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Net Position**

Net position represents the difference between the summation of assets and deferred outflows of resources, and the summation of liabilities and deferred inflows of resources. Net position is classified into the following three components:

***Net Investment in Capital Assets*** - This component represents capital assets, net of accumulated depreciation, net of outstanding balances of borrowings used for the acquisition, construction, or improvement of those assets.

***Restricted*** - Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Commission or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

***Unrestricted*** - Net position is reported as unrestricted when it does not meet the criteria of the other two components of net position.

The Commission applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

**Fund Balance**

The Commission reports fund balance in classifications that comprise a hierarchy based primarily on the extent to which the Commission is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The Commission's classifications, and policies for determining such classifications, are as follows:

***Nonspendable*** - The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, such as inventories and prepaid amounts.

***Restricted*** - The restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources either by being (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation.

***Committed*** - The committed fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Commission's highest level of decision-making authority, which, for the Commission, is the Board of Directors. Such formal action consists of an affirmative vote by the Board of Directors, memorialized by the adoption of a resolution. Once committed, amounts cannot be used for any other purpose unless the Board of Directors removes, or changes, the specified use by taking the same type of action (resolution) it employed to previously commit those amounts.

***Assigned*** - The assigned fund balance classification includes amounts that are constrained by the Commission's *intent* to be used for specific purposes, but are neither restricted nor committed. *Intent* is expressed by either the Board of Directors or by the business administrator, to which the Board of Directors has delegated the authority to assign amounts to be used for specific purposes. Such authority of the business administrator is established by way of a formal job description for the position and standard operating procedures, approved by the Board of Directors.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Fund Balance (Cont'd)**

The Commission's classifications, and policies for determining such classifications, are as follows (cont'd):

***Unassigned*** - The unassigned fund balance classification is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balances are available, it is the policy of the Commission to spend restricted fund balances first. Moreover, when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used, it is the policy of the Commission to spend fund balances, if appropriate, in the following order: committed, assigned, then unassigned.

**Interfund Activity**

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditures / expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources / uses in governmental funds and after non-operating revenues / expenses in proprietary funds. Reimbursements from funds responsible for particular expenditures / expenses to the funds that initially paid for them are not presented on the financial statements.

**Accounting Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**Impact of Recently Issued Accounting Principles****Recently Issued and Adopted Accounting Pronouncements**

The Commission implemented the following GASB Statement for the fiscal year ended June 30, 2021:

Statement No. 84, *Fiduciary Activities*. The primary objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities.

Because of the implementation of Statement No. 84, the Commission has determined that certain activities that were previously reported in the fiduciary fund now meet the criteria for reporting as business-type activities and enterprise fund. As a note, the prior year fiscal comparative information has not been restated for the implementation of GASBS No. 84.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Impact of Recently Issued Accounting Principles (Cont'd)****Recently Issued Accounting Pronouncements**

The GASB has issued the following Statement that will become effective for the Commission for fiscal years ending after June 30, 2021:

Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement will become effective for the Commission in the fiscal year ending June 30, 2022. Management is currently evaluating whether or not this Statement will have an impact on the basic financial statements of the Commission.

**Note 2: CASH AND CASH EQUIVALENTS**

**Custodial Credit Risk Related to Deposits** - Custodial credit risk is the risk that, in the event of a bank failure, the Commission's deposits might not be recovered. Although the Commission does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the Commission in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds, and salary withholdings, or funds that may pass to the Commission relative to the happening of a future condition. Such funds are classified as uninsured and uncollateralized.

As of June 30, 2021, the Commission's bank balances of \$6,987,341.35 were insured by FDIC and GUDPA.

**Note 3: ACCOUNTS RECEIVABLE**

Accounts receivable at June 30, 2021 consisted of reimbursements and intergovernmental awards / grants as well as charges for transportation, tuition, nonpublic auxiliary and handicapped services, and other various services. All receivables are considered collectible in full due to the stable condition of federal and state programs, the current fiscal year guarantee of federal funds, and the regulated budgetary control of governmental entities in New Jersey.

Accounts receivable as of fiscal year end for the Commission's individual major funds, in the aggregate, are as follows:

<u>Description</u>	<u>Governmental Funds</u>			<u>Proprietary Funds</u>		<u>Total</u>
	<u>General Fund</u>	<u>Special Revenue Fund</u>	<u>Total Governmental Activities</u>	<u>Enterprise Fund</u>	<u>Total Business-Type Activities</u>	
Federal Awards		\$ 31,129.47	\$ 31,129.47			\$ 31,129.47
State Awards	\$ 2,922.98	237.50	3,160.48	\$ 22,993.42	\$ 22,993.42	26,153.90
Intergovernmental	336,355.63		336,355.63	5,322,511.64	5,322,511.64	5,658,867.27
Other				343,518.38	343,518.38	343,518.38
<b>Total</b>	<b>\$ 339,278.61</b>	<b>\$ 31,366.97</b>	<b>\$ 370,645.58</b>	<b>\$ 5,689,023.44</b>	<b>\$ 5,689,023.44</b>	<b>\$ 6,059,669.02</b>

**Note 4: CAPITAL ASSETS**

Capital asset activity for the fiscal year ended June 30, 2021 is as follows:

	<u>Balance</u> <u>July 1, 2020</u>	<u>Increases</u>	<u>Decreases</u>	<u>Balance</u> <u>June 30, 2021</u>
<b>Governmental Activities:</b>

**Note 4: CAPITAL ASSETS (CONT'D)**

Depreciation expense was charged to functions / programs of the Commission as follows:

<b>Governmental Activities:</b>		
Student and Instruction Related Services		<u>\$ 7,257.67</u>
<b>Business-Type Activities:</b>		
Enterprise Services		<u>\$ 162,360.62</u>

**Note 5: LONG-TERM LIABILITIES**

During the fiscal year ended June 30, 2021, the following changes occurred in long-term obligations for governmental activities:

	<u>Balance</u> <u>July 1, 2020</u>	<u>Additions</u>	<u>Deductions</u>	<u>Balance</u> <u>June 30, 2021</u>	<u>Due within</u> <u>One Year</u>
<b>Governmental Activities:</b>					
Other Liabilities:					
Compensated Absences	\$ 8,280.40	\$ 6,494.79	\$ (3,004.40)	\$ 11,770.79	\$ 2,055.36
Governmental Activities Long-Term Liabilities	<u>\$ 8,280.40</u>	<u>\$ 6,494.79</u>	<u>\$ (3,004.40)</u>	<u>\$ 11,770.79</u>	<u>\$ 2,055.36</u>

Compensated absences are liquidated by the general fund.

During the fiscal year ended June 30, 2021, the following changes occurred in long-term obligations for business-type activities:

	<u>Balance</u> <u>July 1, 2020</u>	<u>Additions</u>	<u>Deductions</u>	<u>Balance</u> <u>June 30, 2021</u>	<u>Due within</u> <u>One Year</u>
<b>Business-Type Activities:</b>					
Other Liabilities:					
Compensated Absences Payable	\$ 165,118.31	\$ 123,083.51	\$ (120,226.45)	\$ 167,975.37	\$ 44,757.56
Net Pension Liability	3,594,581.00	2,523,838.00	(2,668,011.00)	3,450,408.00	
Lease Purchase Agreement	597,639.98		(190,981.62)	406,658.36	199,098.34
Business-Type Activities Long-Term Liabilities	<u>\$ 4,357,339.29</u>	<u>\$ 2,646,921.51</u>	<u>\$ (2,979,219.07)</u>	<u>\$ 4,025,041.73</u>	<u>\$ 243,855.90</u>

Compensated absences, net pension liability and lease purchase agreement balances are liquidated by the enterprise fund.

**Lease Purchase Agreement** - On July 26, 2006, the Commission entered into a lease purchase agreement with the Camden County Improvement Authority ("CCIA") to finance the addition and renovation to the Commission's administrative building. The lease purchase agreement was subsequently amended on January 9, 2008 to allow for the Commission to prepay all or a portion of the outstanding balance any time upon compliance with the condition contained therein. Under the lease purchase agreement, the CCIA sold revenue bonds, which are guaranteed by the County of Camden, State of New Jersey, to finance the project. Under this agreement, the Commission is required to repay principal on January 15, and interest on January 15 and July 15 until maturity to the CCIA. The revenue bonds mature on January 15, 2023 and bear an interest rate of 4.25%.

**Note 5: LONG-TERM LIABILITIES (CONT'D)**

**Lease Purchase Agreement (Cont'd)** - Principal and interest due on the lease purchase agreement is as follows:

<b>Fiscal Year</b>			
<b><u>Ending June 30,</u></b>	<b><u>Principal</u></b>	<b><u>Interest</u></b>	<b><u>Total</u></b>
2022	\$ 199,098.34	\$ 17,282.66	\$ 216,381.00
2023	207,560.02	8,820.98	216,381.00
Total	<u>\$ 406,658.36</u>	<u>\$ 26,103.64</u>	<u>\$ 432,762.00</u>

**Debt Authorized but not Issued** - As of June 30, 2021, the Commission had no authorizations to issue additional debt.

**Compensated Absences** - As previously stated, compensated absences will be paid from the fund from which the employees' salaries are paid. Refer to note 11 for a description of the Commission's policy.

**Net Pension Liability** - For details on the net pension liability, refer to note 6. The Commission's annual required contribution to the Public Employees' Retirement System is budgeted and paid from the enterprise fund on an annual basis.

**Postemployment Benefits** - For details on other postemployment benefits, refer to note 7. The Commission's contributions to the postemployment benefits plan are budgeted and paid from the enterprise fund.

**Note 6: PENSION PLANS**

A substantial number of the Commission's employees participate in one of the following defined benefit pension plans: the Teachers' Pension and Annuity Fund ("TPAF") and the Public Employees' Retirement System ("PERS"), which are administered by the New Jersey Division of Pensions and Benefits (the "Division"). In addition, several Commission employees participate in the Defined Contribution Retirement Program, which is a defined contribution pension plan. The DCRP is administered by Prudential Financial for the Division.

Each of the aforementioned plans have a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements, required supplementary information, and detailed information about the PERS and TPAF plans' fiduciary net position that can be obtained by writing to or at the following website:

State of New Jersey, Department of the Treasury  
Division of Pensions and Benefits  
P.O. Box 295  
Trenton, New Jersey 08625-0295  
<https://www.state.nj.us/treasury/pensions/financial-reports.shtml>

**Note 6: PENSION PLANS (CONT'D)****General Information about the Pension Plans****Plan Descriptions**

**Teachers' Pension and Annuity Fund** - The Teachers' Pension and Annuity Fund is a cost-sharing multiple-employer defined benefit pension plan, with a special funding situation, which was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66. The State of New Jersey ("State") is responsible to fund 100% of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. The TPAF's designated purpose is to provide retirement benefits, death, disability and medical benefits to certain qualified members. Membership in the TPAF is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, who have titles that are unclassified, professional and certified. The TPAF Board of Trustees is primarily responsible for the administration of the Plan.

**Public Employees' Retirement System** - The Public Employees' Retirement System is a cost-sharing multiple-employer defined benefit pension plan that was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A. The PERS' designated purpose is to provide retirement, death, disability, and medical benefits to certain qualified members. Membership in the PERS is mandatory for substantially all full-time employees of the Commission, provided the employee is not required to be a member of another state-administered retirement system or other state pensions fund or local jurisdiction's pension fund. The PERS' Board of Trustees is primarily responsible for the administration of the PERS.

**Defined Contribution Retirement Program** - The Defined Contribution Retirement Program is a multiple-employer defined contribution pension fund established on July 1, 2007 under the provisions of Chapter 92, P.L. 2007, and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et. seq.). The DCRP is a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) § 401(a) et seq., and is a "governmental plan" within the meaning of IRC § 414(d). The DCRP provides retirement benefits for eligible employees and their beneficiaries. Individuals covered under DCRP are employees enrolled in TPAF or PERS on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits; employees enrolled in New Jersey State Police Retirement System (SPRS) or the Police and Firemen's Retirement System (PFRS) after May 21, 2010, who earn salary in excess of established "maximum compensation" limits; employees otherwise eligible to enroll in TPAF or PERS on or after November 2, 2008, who do not earn the minimum annual salary for tier 3 enrollment but who earn salary of at least \$5,000.00 annually; and employees otherwise eligible to enroll in TPAF or PERS after May 21, 2010 who do not work the minimum number of hours per week required for tiers 4 or 5 enrollment, but who earn salary of at least \$5,000.00 annually.

**Vesting and Benefit Provisions**

**Teachers' Pension and Annuity Fund** - The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

**Note 6: PENSION PLANS (CONT'D)****General Information about the Pension Plans (Cont'd)****Vesting and Benefit Provisions (Cont'd)**

**Teachers' Pension and Annuity Fund (Cont'd)** - The following represents the membership tiers for TPAF:

**Tier Definition**

- 1 Members who were enrolled prior to July 1, 2007
- 2 Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
- 3 Members who were eligible to enroll on or after November 2, 2008 and prior to May 21, 2010
- 4 Members who were eligible to enroll after May 21, 2010 and prior to June 28, 2011
- 5 Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 before age 65 with 30 years or more of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier.

Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

**Public Employees' Retirement System** - The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after 10 years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of the PERS.

The membership tiers for PERS are the same as previously noted for TPAF.

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more service credit before age 62 and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

**Defined Contribution Retirement Program** - Eligible members are provided with a defined contribution retirement plan intended to qualify for favorable Federal income tax treatment under IRC Section 401(a), a noncontributory group life insurance plan and a noncontributory group disability benefit plan. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employee contributions shall immediately become and shall at all times remain fully vested and nonforfeitable. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employer contributions shall be vested and nonforfeitable on the date the participant commences the second year of employment or upon his or her attainment of age 65, while employed by an employer, whichever occurs first.

**Note 6: PENSION PLANS (CONT'D)****General Information About the Pension Plans (Cont'd)****Contributions**

**Teachers' Pension and Annuity Fund** - The contribution policy is set by N.J.S.A. 18A:66 and requires contributions by active members and contributing employers. Pursuant to the provisions of P.L. 2011, C. 78, the member contribution rate was 7.50% in State fiscal year 2020. The State's contribution is based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability. For fiscal year 2020, the State's pension contribution was less than the actuarial determined amount.

Under current statute, all employer contributions are made by the State of New Jersey on-behalf of the Commission and all other related non-contributing employers. No normal or accrued liability contribution by the Commission has been required over several preceding fiscal years. These on-behalf contributions by the State of New Jersey are considered a special funding situation, under the definition of GASB 68, *Accounting and Financial Reporting for Pensions*.

The Commission's contractually required contribution rate for the fiscal year ended June 30, 2021 was 16.54% of the Commission's covered payroll, of which 0.00% of payroll was required from the Commission and 100.00% of payroll was required from the State of New Jersey. The Commission was not required to contribute to the pension plan during the fiscal year ended June 30, 2021 because of the 100.00% special funding situation with the State of New Jersey.

Based on the most recent TPAF measurement date of June 30, 2020, the State's contractually required contribution, on-behalf of the Commission, to the pension plan for the fiscal year ended June 30, 2021 was \$1,213,704.00 and was paid by April 1, 2021. Commission employee contributions to the Plan during the fiscal year ended June 30, 2021 were \$561,301.21.

**Public Employees' Retirement System** - The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Pursuant to the provisions of P.L. 2011, C. 78, the member contribution rate was 7.50% in State fiscal year 2020. Employers' contributions are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability.

The Commission's contractually required contribution rate for the fiscal year ended June 30, 2021 was 17.37% of the Commission's covered payroll. This amount was actuarially determined as the amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, including an additional amount to finance any unfunded accrued liability.

Based on the most recent PERS measurement date of June 30, 2020, the Commission's contractually required contribution to the pension plan for the fiscal year ended June 30, 2021 was \$231,464.00 and was paid by April 1, 2021. Commission employee contributions to the Plan during the fiscal year ended June 30, 2021 were \$83,724.82.

**Defined Contribution Retirement Program** - The contribution policy is set by N.J.S.A. 43:15C-3 and requires contributions by active members and contributing employers. In accordance with P.L. 2007, C. 92, and P.L. 2007, C. 103, Plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the Commission contributes 3% of the employees' base salary, for each pay period, to Prudential Financial no later than the fifth business day after the date on which the employee is paid for that pay period.

**Note 6: PENSION PLANS (CONT'D)****General Information About the Pension Plans (Cont'd)****Contributions (Cont'd)**

**Defined Contribution Retirement Program (cont'd)** - For the fiscal year ended June 30, 2021, employee contributions totaled \$37,854.34, and the Commission recognized pension expense, which equaled the required contributions, of \$27,872.14. There were no forfeitures during the fiscal year.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions****Teachers' Pension and Annuity Fund**

**Pension Liability** - At June 30, 2021, the Commission was not required to report a liability for its proportionate share of the net pension liability for TPAF because of the 100% special funding situation by the State of New Jersey.

The State's proportionate share of net pension liability, however, attributable to the Commission is as follows:

Commission's Proportionate Share of Net Pension Liability	-
State of New Jersey's Proportionate Share of Net Pension Liability associated with the Commission	\$ 35,269,186.00
	<u>\$ 35,269,186.00</u>

The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. The total pension liability was calculated using updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2020. For the June 30, 2020 measurement date, the Commission's proportion of the net pension liability was based on a projection of the Commission's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State of New Jersey, actuarially determined. At the June 30, 2020 measurement date, the Commission proportion was 0.00% due to the 100% special funding situation with the State of New Jersey; however, the State's proportionate share of the TPAF net pension liability associated with the Commission was 0.0535608664%, which was an increase of 0.0059827230% from its proportion measured as of June 30, 2019.

**Pension Expense** - For the fiscal year ended June 30, 2021, the Commission recognized \$2,193,188.00 in pension expense and revenue, in the government-wide financial statements, for the State of New Jersey on-behalf TPAF pension contributions. This pension expense and revenue was based on the pension plan's June 30, 2020 measurement date.

**Public Employees' Retirement System**

**Pension Liability** - At June 30, 2021, the Commission reported a liability of \$3,450,408.00 for its proportionate share of the net pension liability for PERS. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. The total pension liability was calculated using updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2020. The Commission's proportion of the net pension liability was based on a projection of the Commission's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. For the June 30, 2020 measurement date, the Commission's proportion was .0211585623%, which was an increase of .0012091518% from its proportion measured as of June 30, 2019.

**Note 6: PENSION PLANS (CONT'D)****Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Cont'd)****Public Employees' Retirement System (Cont'd)**

**Pension Expense** - For the fiscal year ended June 30, 2021, the Commission recognized pension expense of \$386,838.00, in the government-wide financial statements. This pension expense was based on the pension plan's June 30, 2020 measurement date.

**Deferred Outflows and Inflows of Resources** - At June 30, 2021, the Commission reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	<b><u>Deferred Outflows of Resources</u></b>	<b><u>Deferred Inflows of Resources</u></b>
Differences between Expected and Actual Experience	\$ 62,826.00	\$ 12,202.00
Changes of Assumptions	111,935.00	1,444,719.00
Net Difference between Projected and Actual Earnings on Pension Plan Investments	117,938.00	-
Changes in Proportion and Differences between Commission Contributions and Proportionate Share of Contributions	474,331.00	37,880.00
Commission Contributions Subsequent to the Measurement Date	193,913.00	-
	<u>\$ 960,943.00</u>	<u>\$ 1,494,801.00</u>

Deferred outflows of resources in the amount of \$193,913.00 will be included as a reduction of the net pension liability in the subsequent fiscal year, June 30, 2022. The other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<b><u>Fiscal Year Ending June 30,</u></b>	
2022	\$ (230,060.00)
2023	(282,002.00)
2024	(163,481.00)
2025	(40,941.00)
2026	(11,287.00)
	<u>\$ (727,771.00)</u>

**Note 6: PENSION PLANS (CONT'D)****Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Cont'd)****Public Employees' Retirement System (Cont'd)**

**Deferred Outflows and Inflows of Resources (Cont'd)** - The other deferred outflows of resources and deferred inflows of resources related to pensions will be amortized over the following number of years:

	<b><u>Deferred Outflows of Resources</u></b>	<b><u>Deferred Inflows of Resources</u></b>

**Note 6: PENSION PLANS (CONT'D)****Actuarial Assumptions**

The net pension liabilities were measured as of June 30, 2020 and the total pension liabilities used to calculate the net pension liability were determined by an actuarial valuation as of July 1, 2019. The total pension liabilities were calculated using updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2020. The actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

	<u>TPAF</u>	<u>PERS</u>
Inflation Rate:		
Price	2.75%	2.75%
Wage	3.25%	3.25%
Salary Increases: <sup>(1)</sup>		
Through 2026	1.55% - 4.45%	2.00% - 6.00%
Thereafter	2.75% - 5.65%	3.00% - 7.00%
Investment Rate of Return	7.00%	7.00%
Period of Actuarial Experience		
Study upon which Actuarial		
Assumptions were Based	July 1, 2015 - June 30, 2018	July 1, 2014 - June 30, 2018

<sup>(1)</sup> based on years of service

For TPAF, pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

For PERS, pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

For TPAF and PERS, in accordance with State statute, the long-term expected rate of return on Plan investments (7.00% at the June 30, 2020 measurement date) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

**Note 6: PENSION PLANS (CONT'D)****Actuarial Assumptions (Cont'd)**

Best estimates of arithmetic rates of return for each major asset class included in TPAF's and PERS' target asset allocation as of the June 30, 2020 measurement date are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
U.S. Equity	27.00%	7.71%
Non-US Developed Markets Equity	13.50%	8.57%
Emerging Market Equity	5.50%	10.23%
Private Equity	13.00%	11.42%
Real Assets	3.00%	9.73%
Real Estate	8.00%	9.56%
High Yield	2.00%	5.95%
Private Credit	8.00%	7.59%
Investment Grade Credit	8.00%	2.67%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	1.94%
Risk Mitigation Strategies	3.00%	3.40%
	100.00%	

**Discount Rate -**

**Teachers' Pension and Annuity Fund** - The discount rate used to measure the total pension liability was 5.40% as of June 30, 2020. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 2.21% as of the June 30, 2020 measurement date based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers would be based on 78% of the actuarially determined contributions for the State. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2062. Therefore, the long-term expected rate of return on Plan investments was applied to projected benefit payments through 2062 and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

**Public Employees' Retirement System** - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2020. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 2.21% as of the June 30, 2020 measurement date based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers would be based on 78% of the actuarially determined contributions for the State. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all projected benefit payments to determine the total pension liability.

**Note 6: PENSION PLANS (CONT'D)****Sensitivity of Commission's Proportionate Share of Net Pension Liability to Changes in the Discount Rate**

**Teachers' Pension and Annuity Fund (TPAF)** - As previously mentioned TPAF has a special funding situation where the State pays 100% of the Commission's annual required contribution. As such, the proportionate share of the net pension liability as of June 30, 2020, the Plan's measurement date, attributable to the Commission is \$0.00. The following, however, presents the net pension liability of the State as of June 30, 2020 (Plan's measurement date), attributable to the Commission, calculated using the discount rate of 5.40% as well as what the State's net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage-point higher than the current rate:

	<b>1% Decrease (4.40%)</b>	<b>Current Discount Rate (5.40%)</b>	<b>1% Increase (6.40%)</b>
Commission's Proportionate Share of the Net Pension Liability	\$ -	\$ -	\$ -
State of New Jersey's Proportionate Share of Net Pension Liability associated with the Commission	41,427,790.00	35,269,186.00	30,155,499.00
	<u>\$ 41,427,790.00</u>	<u>\$ 35,269,186.00</u>	<u>\$ 30,155,499.00</u>

**Public Employees' Retirement System (PERS)** - The following presents the Commission's proportionate share of the net pension liability at June 30, 2020, the Plan's measurement date, calculated using a discount rate of 7.00%, as well as what the Commission's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rates used:

	<b>1% Decrease (6.00%)</b>	<b>Current Discount Rate (7.00%)</b>	<b>1% Increase (8.00%)</b>
Commission's Proportionate Share of the Net Pension Liability	<u>\$ 4,377,643.00</u>	<u>\$ 3,450,408.00</u>	<u>\$ 2,713,778.00</u>

**Pension Plan Fiduciary Net Position**

For purposes of measuring the net pension liability, deferred outflows of resources, deferred inflows of resources related to pensions, and pension expense, information about the respective fiduciary net position of the TPAF and PERS and additions to/deductions from TPAF and PERS' respective fiduciary net position have been determined on the same basis as they are reported by TPAF and PERS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Note 7: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)****STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN****General Information about the OPEB Plan**

**Plan Description and Benefits Provided** - The State Health Benefit Local Education Retired Employees Plan (the "OPEB Plan") is a multiple-employer defined benefit OPEB plan, with a special funding situation, that is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75 - *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions*. The OPEB Plan is administered by the State of New Jersey Division of Pensions and Benefits (the "Division") and is part of the New Jersey State Health Benefits Program (SHBP). The Division issues a publicly available financial report that includes financial statements and required supplementary information which can be obtained by writing to or at the following website:

State of New Jersey  
Division of Pensions and Benefits  
P.O. Box 295  
Trenton, New Jersey 08625-0295  
<https://www.nj.gov/treasury/pensions/financial-reports.shtml>

The OPEB Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

**Contributions** - The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey (the "State") in accordance with N.J.S.A 52:14-17.32f. According to N.J.S.A 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

**Employees Covered by Benefit Terms** - At June 30, 2020, the OPEB Plan's measurement date, the entire State Health Benefit Local Education Retired Employees OPEB Plan consisted of the following members.

Active Plan Members	216,804
Inactive Plan Members or Beneficiaries Currently Receiving Benefits	149,304
Inactive Plan Members Entitled to but Not Yet Receiving Benefit Payments	-
	<u>366,108</u>

**Total Non-Employer OPEB Liability**

The State of New Jersey, a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to the OPEB Plan for qualified retired TPAF, PERS, PFRS and ABP pension participants. The Commission's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Accordingly, the Commission did not recognize any portion of the collective net OPEB liability on the statement of net position.

**Note 7: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)****STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****Total Non-Employer OPEB Liability (Cont'd)**

The State's proportionate share of the net OPEB liability associated with the Commission as of June 30, 2021 was \$25,109,286.00. Since the OPEB liability associated with the Commission is 100% attributable to the State, the OPEB liability will be referred to as the total non-employer OPEB liability.

The total non-employer OPEB liability was measured as of June 30, 2020, and was determined by an actuarial valuation as of June 30, 2019, which was rolled forward to June 30, 2020. For the June 30, 2020 measurement date, the State's proportionate share of the non-employer OPEB liability associated with the Commission was .0370289041%, which was an increase of .0005910516% from its proportion measured as of June 30, 2019.

**Actuarial Assumptions and Other Inputs** - The actuarial assumptions and other inputs vary for each plan member depending on the pension plan in which the member is enrolled. The actuarial valuation at June 30, 2019 used the following actuarial assumptions, applied to all periods in the measurement:

**Salary Increases -**

	<u>TPAF/ABP</u> *	<u>PERS</u> *	<u>PFRS</u>
Salary Increases:			
Through 2026	1.55 - 4.45%	2.00 - 6.00%	3.25 - 15.25% *
Thereafter	1.55 - 4.45%	3.00 - 7.00%	Applied to all Future Years

\* based on service years

**Inflation Rate** - 2.50%.

**Mortality Rates** - Current and future retiree healthy mortality rates were based on the PUB-2010 Healthy classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2020.

Disabled mortality was based on the PUB-2010 headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2020.

**Experience Studies** - The actuarial assumptions used in the June 30, 2019 valuation were based on the results of actuarial experience studies for the periods July 1, 2015 - June 30, 2018, July 1, 2014 - June 30, 2018, and July 1, 2013 - June 30, 2018 for TPAF, PERS, and PFRS, respectively.

**Health Care Trend Assumptions** - For pre-Medicare medical benefits, the trend rate is initially 5.6% and decreases to a 4.5% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2021 through 2022 are reflected. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.0% and decreases to a 4.5% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.0%.

**Note 7: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)****STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****Total Non-Employer OPEB Liability (Cont'd)**

**Discount Rate** - The discount rate for June 30, 2020 measurement date was 2.21%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

**Changes in the Total Non-Employer OPEB Liability**

The below table summarizes the State's proportionate share of the change in the total non-employer OPEB liability associated with the Commission:

Balance at June 30, 2020		\$ 15,205,181.00
Changes for the Year:		
Service Cost	\$ 887,225.00	
Interest Cost	555,880.00	
Difference between Expected and Actual Experience	4,298,279.00	
Changes in Assumptions	4,586,604.00	
Member Contributions	13,249.00	
Gross Benefit Payments	<u>(437,132.00)</u>	
Net Changes		<u>9,904,105.00</u>
Balance at June 30, 2021		<u>\$ 25,109,286.00</u>

There were no changes in benefit terms between the June 30, 2019 measurement date and the June 30, 2020 measurement date.

Differences between expected and actual experience reflect an increase in liability from June 30, 2019 to June 30, 2020 due to changes in the census, claims, and premiums experience.

Changes in assumptions reflect an increase in the liability from June 30, 2019 to June 30, 2020 is due to the combined effect of the decrease in the assumed discount rate from 3.50% as of June 30, 2019 to 2.21% as of June 30, 2020; and changes in the trend, repeal of the excise tax, and updated mortality improvement assumptions.

**Sensitivity of the Total Non-Employer OPEB Liability to Changes in the Discount Rate** - The State's proportionate share of the total non-employer OPEB liability as of June 30, 2020, associated with the Commission, using a discount rate of 2.21%, as well as using a discount rate that is 1% lower or 1% higher than the current rate used is as follows:

	1% Decrease <u>(1.21%)</u>	Current Discount Rate <u>(2.21%)</u>	1% Increase <u>(3.21%)</u>
State of New Jersey's Proportionate Share of the Total Non-Employer OPEB Liability Associated with the Commission	<u>\$ 30,270,540.00</u>	<u>\$ 25,109,286.00</u>	<u>\$ 21,073,682.00</u>

**Note 7: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)****STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****Changes in the Total Non-Employer OPEB Liability (Cont'd)**

**Sensitivity of the Total Non-Employer OPEB Liability to Changes in the Healthcare Cost Trend Rates** - The State's proportionate share of the total non-employer OPEB liability as of June 30, 2020, associated with the Commission, using a healthcare cost trend rates that are 1% lower or 1% higher than the current healthcare cost trend rate used is as follows:

	<u>1% Decrease</u>	<u>Healthcare Cost Trend Rates</u>	<u>1% Increase</u>
State of New Jersey's Proportionate Share of the Total Non-Employer OPEB Liability Associated with the Commission	\$ 20,269,062.00	\$ 25,109,286.00	\$ 30,872,917.00

**OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Total Non-Employer OPEB Liability**

**OPEB Expense** - For the fiscal year ended June 30, 2021, the Commission recognized \$1,618,923.00 in OPEB expense and revenue, in the government-wide financial statements, for the State's proportionate share of the OPEB Plan's OPEB expense, associated with the Commission. This expense and revenue was based on the OPEB Plan's June 30, 2020 measurement date.

**Deferred Outflows and Inflows of Resources** - In accordance with GASBS No. 75, the Commission's proportionate share of the OPEB liability is zero. As such, there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources by the Commission; however, at June 30, 2021, the State's proportionate share of the total non-employer OPEB liability's deferred outflows of resources and deferred inflows of resources, associated with Commission, from the following sources are as follows:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between Expected and Actual Experience	\$ 3,812,244.00	\$ 3,395,811.00
Changes of Assumptions	4,271,007.00	2,865,112.00
Changes in Proportion	1,145,527.00	-
	<u>\$ 9,228,778.00</u>	<u>\$ 6,260,923.00</u>

**Note 7: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)****STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Total Non-Employer OPEB Liability (Cont'd)**

**Deferred Outflows and Inflows of Resources (Cont'd)** - Amounts reported as deferred outflows of resources and deferred inflows of resources related to the State's proportionate share of the total non-employer OPEB liability, associated with the Commission, will be recognized in OPEB expense as follows:

<b>Fiscal Year Ending June 30,</b>	
2022	\$ 175,261.00
2023	175,261.00
2024	175,261.00
2025	175,261.00
2026	175,261.00
Thereafter	<u>2,091,550.00</u>
	<u>\$ 2,967,855.00</u>

**Note 8: ON-BEHALF PAYMENTS**

For the fiscal year ended June 30, 2021, the Commission has recognized as revenues and expenditures on-behalf payments made by the State for normal costs and post-retirement medical costs related to TPAF, in the fund financial statements. The amounts recognized as revenues and expenditures in the fund financial statements for normal costs, non-contributory insurance, post-retirement medical costs, and long-term disability insurance were \$181,693.60, \$3,456.97, \$58,023.35, and \$201.08, respectively, in the general fund and \$1,923,967.29, \$27,970.03, \$1,440,841.47, and \$1,626.92, respectively, in the enterprise fund.

**Note 9: RISK MANAGEMENT**

The Commission is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

**Joint Insurance Fund** - The Commission is a member of and maintains insurance coverage for property, liability, and surety bonds through the New Jersey Schools Insurance Group ("NJSIG"). The NJSIG provides its members with the following coverage:

General Liability  
Boiler & Machinery  
Errors & Omissions  
Worker's Compensation  
Umbrella Liability  
Automobile Liability  
Public Official Bonds  
Property Damage  
Crime

**Note 9: RISK MANAGEMENT (CONT'D)**

**Joint Insurance Fund (cont'd)** - Contributions to the NJSIG are determined by the NJSIG Board of Trustees, based on actuarial assumptions determined by an actuary. The Commission is jointly and personally liable for claims insured by the NJSIG and its members during the period of its membership, including liability for supplemental assessments, if necessary. The NJSIG's Board of Trustees may authorize refunds to its members in any fund year for which contributions exceed the amount necessary to fund all obligations for that year.

The NJSIG provides the Commission with the coverage as identified in the statistic section of this Annual Comprehensive Financial Report, specifically exhibit J-20.

The NJSIG publishes its own financial report which can be obtained at [www.njsig.org](http://www.njsig.org)

**Note 10: DEFERRED COMPENSATION**

The Commission offers its employees a choice of four deferred compensation plans created in accordance with Internal Revenue Code Sections 403(b) and 457. The plans, which are administered by the Omni Financial Group, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death, or unforeseeable emergency.

**Note 11: COMPENSATED ABSENCES**

The Commission accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16, *Accounting for Compensated Absences*. A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

Commission employees are granted varying amounts of vacation and sick leave in accordance with the Commission's personnel policy. The Commission's policy permits employees to accumulate unused sick and vacation leave and carry forward the full amount to subsequent years. Upon retirement, employees shall be paid by the Commission for the unused sick and vacation leave in accordance with the Commission's agreements with the various employee unions.

The liability for vested compensated absences is recorded within those funds as the benefits accrue to employees. At June 30, 2021, the liability for compensated absences reported on the government-wide statement of net position and on the proprietary fund statement of net position was \$11,770.79 and \$167,975.37, respectively.

**Note 12: INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS**

**Interfunds** - The composition of interfund balances as of June 30, 2021 is as follows:

<b><u>Fund</u></b>	<b><u>Interfunds Receivable</u></b>	<b><u>Interfunds Payable</u></b>
General		\$ 339,278.61
Special Revenue		31,217.97
Enterprise	<u>\$ 370,496.58</u>	
Totals	<u>\$ 370,496.58</u>	<u>\$ 370,496.58</u>

**Note 12: INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS (CONT'D)**

**Interfunds (cont'd)** - The interfund receivables and payables above predominately resulted from payments made by certain funds on behalf of other funds. During the fiscal year 2022, the Commission expects to liquidate such interfunds, depending upon the availability of cash flow.

**Transfers** - There were no transfers during the fiscal year ended June 30, 2021.

**Note 13: CONTINGENCIES**

**Grantor Agencies** - Amounts received or receivable from grantor agencies could be subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Commission expects such amount, if any, to be immaterial.

**Note 14: CONCENTRATIONS**

The Commission depends on financial resources flowing from, or associated with, both the federal government and the State of New Jersey. As a result of this dependency, the Commission is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations.

**Note 15: SUBSEQUENT EVENTS**

**COVID-19** - On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Commission's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Commission is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2022.

**Grant** - On December 22, 2021, the Commission was awarded a grant entitled 2021 BJA FY 21 Preventing School Violence: BJA's STOP School Violence Program. The amount of the grant awarded is \$873,649.00.

Schedule of Commission's Contributions  
Teachers' Pension and Annuity Fund (TPAF)  
Last Ten Fiscal Years

---

This schedule is not applicable. The Commission is not required to make any contributions towards TPAF.

There is a special funding situation where the State of New Jersey pays 100% of the required contributions.

**CAMDEN COUNTY EDUCATIONAL SERVICES COMMISSION**

Required Supplementary Information - Part III  
Notes to Required Supplementary Information  
For the Fiscal Year Ended June 30, 2021

**Public Employees' Retirement System (PERS)**

***Changes in Benefit Terms:***

The June 30, 2020 measurement date included two changes to the plan provisions. Chapter 157, P.L. 2019 expanded the definition of regular or assigned duties for purposes of accidental disability. The Division of Pension and Benefits (DPB) also adopted a new policy regarding the crediting of interest on member contributions for the purpose of refund of accumulated deductions.

***Changes in Assumptions:***

The discount rate used as of June 30 measurement date is as follows:

<u>Year</u>	<u>Rate</u>	<u>Year</u>	<u>Rate</u>
2020	7.00%	2016	3.98%
2019	6.28%	2015	4.90%
2018	5.66%	2014	5.39%
2017	5.00%		

The long-term expected rate of return used as of June 30 measurement date is as follows:

<u>Year</u>	<u>Rate</u>	<u>Year</u>	<u>Rate</u>
2020	7.00%	2016	7.65%
2019	7.00%	2015	7.90%
2018	7.00%	2014	7.90%
2017	7.00%		

The mortality assumption was updated upon direction from the DPB.

**Teachers' Pension and Annuity Fund (TPAF)**

***Changes in Benefit Terms:***

The June 30, 2020 measurement date included one change to the plan provisions. The Division of Pension and Benefits (DPB) adopted a new policy regarding the crediting of interest on member contributions for the purpose of refund of accumulated deductions.

***Changes in Assumptions:***

The discount rate used as of June 30 measurement date is as follows:

<u>Year</u>	<u>Rate</u>	<u>Year</u>	<u>Rate</u>
2020	5.40%	2016	3.22%
2019	5.60%	2015	4.13%
2018	4.86%	2014	4.68%
2017	4.25%		

The long-term expected rate of return used as of June 30 measurement date is as follows:

<u>Year</u>	<u>Rate</u>	<u>Year</u>	<u>Rate</u>
2020	7.00%	2016	7.65%
2019	7.00%	2015	7.90%
2018	7.00%	2014	7.90%
2017	7.00%		

The mortality assumption was updated upon direction from the DPB.

**CAMDEN COUNTY EDUCATIONAL SERVICES COMMISSION**

Notes to Required Supplementary Information - Part IV

For the Fiscal Year Ended June 30, 2021

***Changes in Benefit Terms:***

There were no changes in benefit terms from the previous valuations.

***Changes in Assumptions:***

The discount rate used as of June 30 measurement date is as follows:

<u>Year</u>	<u>Rate</u>	<u>Year</u>	<u>Rate</u>
2020	2.21%	2018	3.87%
2019	3.50%	2017	3.58%

The mortality assumption was updated upon the direction from the Division of Pension and Benefits (DPB).

The health care trend assumption is used to project the growth of the expected claims over the lifetime of the health care recipients. Medical and prescription drug trend rates are determined by utilizing experience data, industry experience which includes surveys and Aon trend guidance. These rates are adjusted further to be appropriate with respect to the plan provisions. The ultimate trend for medical and prescription drug benefits was lowered from 5.0% to 4.5%. Recent plan experience along with national trend studies indicate a reduction on the expectations of future long-term medical and prescription drug experience. For pre-Medicare medical benefits, the trend is initially 5.6% and decreases to a 4.5% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage rates for Plan Years 2019 through 2022 are reflected. For Plan Year 2023, the Medicare Advantage trend rate includes an assumed increase in the premiums based on recent experience and discussions with the Medicare Advantage vendor. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.0% decreasing to a 4.5% long-term trend rate after seven years.

**SINGLE AUDIT SECTION**

**REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL  
OVER COMPLIANCE REQUIRED BY THE STATE OF NEW JERSEY CIRCULAR 15-08-OMB**

**INDEPENDENT AUDITOR'S REPORT**

The Honorable President and  
Members of the Board of Directors  
Camden County Educational Services Commission  
Clementon, New Jersey 08021

**Report on Compliance for Each Major State Program**

We have audited the Camden County Educational Services Commission's, in the County of Camden, State of New Jersey, compliance with the types of compliance requirements described in the *New Jersey State Grant Compliance Supplement* that could have a direct and material effect on the Commission's major state program for the fiscal year ended June 30, 2021. The Commission's major state program is identified in the *Summary of Auditor's Results* section of the accompanying *Schedule of Findings and Questioned Costs*.

***Management's Responsibility***

Management is responsible for compliance with state statutes, regulations, and the terms and conditions of its state award applicable to its state program.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for the Commission's major state program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Those standards and State of New Jersey Circular 15-08-OMB require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Commission's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major state program. However, our audit does not provide a legal determination of Camden County Educational Services Commission's compliance.

***Opinion on Each Major State Program***

In our opinion, Camden County Educational Services Commission, in the County of Camden, State of New Jersey, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major state program for the fiscal year ended June 30, 2021.

### Report on Internal Control over Compliance

Management of the Camden County Educational Services Commission is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Commission's internal control over compliance with the types of requirements that could have a direct and material effect on its major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for its major state program and to test and report on internal control over compliance in accordance with the State of New Jersey Circular 15-08-OMB, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Camden County Educational Services Commission's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the State of New Jersey Circular 15-08-OMB. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

**CAMDEN COUNTY EDUCATIONAL SERVICES COMMISSION**  
Notes to Schedules of Expenditures of Federal Awards and State Financial Assistance  
For the Fiscal Year Ended June 30, 2021

---

**Note 1: BASIS OF PRESENTATION**

The accompanying schedules of expenditures of federal awards and state financial assistance (“the schedules”) include federal and state award activity of the Camden County Educational Services Commission (hereafter referred to as the “Commission”). The Commission is defined in note 1 to the Commission’s basic financial statements. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies, are included on the schedules. Because these schedules present only a selected portion of the operations of the Commission, it is not intended to and does not present the financial position and changes in operations of the Commission.

**Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accompanying schedules are presented using the budgetary basis of accounting, with the following exceptions: programs recorded in the enterprise fund are presented using the accrual basis of accounting. These bases of accounting are described in note 1 to the Commission’s basic financial statements. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, wherein certain types of expenditures are not allowed or are limited as to reimbursement.

**Note 3: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS**

The basic financial statements present the general fund, special revenue fund and enterprise fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis. The special revenue fund is presented in the accompanying schedules on the budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not.

Net adjustments to reconcile expenditures from the budgetary basis to the GAAP basis for the general fund and special revenue fund were not needed for the fiscal year ended June 30, 2021. See exhibit C-3, notes to required supplementary information, for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds.

**Note 3: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (CONT'D)**

Awards and financial assistance revenues reported in the Commission's basic financial statements on a GAAP basis with a reconciliation to the budgetary basis reported on the schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are presented as follows:

<u>Fund</u>	<u>Federal</u>	<u>State</u>	<u>Total</u>
General		\$ 304,886.90	\$ 304,886.90
Special Revenue	\$ 219,682.47		219,682.47
Enterprise	27,463.31	3,878,284.48	3,905,747.79
Total Awards and Financial Assistance Expended	<u>\$ 247,145.78</u>	<u>\$ 4,183,171.38</u>	<u>\$ 4,430,317.16</u>

**Note 4: RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS**

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

**Note 5: ADJUSTMENTS**

Amounts reported in the column entitled "adjustments" on the schedule of expenditures of federal awards represents a rounding adjustment in the amount of \$0.28 resulting on the collection of an accounts receivable balance during the fiscal year ended June 30, 2021.

**Note 6: REIMBURSED AND ON-BEHALF PAYMENTS**

During the fiscal year ended June 30, 2021, the Commission was the recipient of federal and state assistance that represented either a reimbursement to the Commission or payments made on-behalf of the Commission. TPAF Social Security Contributions represents the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the fiscal year. Lastly, the Commission has recognized as revenues and expenditures on-behalf payments made by the State for normal costs, non-contributory insurance, post-retirement medical costs, and long-term disability insurance related to TPAF members.

**Note 7: MAJOR PROGRAMS**

Major programs are identified in the *Summary of Auditor's Results* section of the *Schedule of Findings and Questioned Costs*.
