Honorable President and Members of the Board of Directors Educational Services Commission of Morris County Morristown, New Jersey

#### Dear Board Members:

The comprehensive annual financial report (CAFR) of the Educational Services Commission of Morris County for the fiscal year ended June 30, 2021 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of presentation, including all disclosures, rests with the management of the Commission. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in the manner designed to present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Educational Services Commission of Morris County as of June 30, 2021, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Comprehensive Annual Financial Report is presented in four sections as follows:

- •The Introductory Section contains a table of contents, Letter of Transmittal, List of Principal Officials, and an Organizational Chart of the School Commission;
- •The Financial Section begins with the Independent Auditor's Report and includes the Management's Discussion and Analysis, the Basic Financial Statements and Notes providing an overview of the Commission's financial position and operating results, and other schedules providing detailed budgetary information;
- •The Statistical Section includes selected economic and demographic information, financial trends, and the fiscal capacity of the Commission, generally presented on a multi-year basis; The Single Audit Section The Commission is required to undergo an annual single audit in conformity with the provisions of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (U.S. Uniform Guidance) and New Jersey OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Information related to this single audit, including the independent auditor's report on the internal control and compliance with applicable laws, regulations, contracts and grants, along with findings and questioned costs, are included in the single audit section of this report single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

### **Educational Services Commission Organization**

An elected fifteen-member Board of Directors (the "Board") serves as the policy maker for the Commission. The Board adopts an annual budget and directly approves all expenditures, which, serve as the basis for control over, and authorization for all expenditures of the Commission tax money. The Superintendent is the chief executive officer of the Commission, responsible to the Board for total educational and support operations. The Board Secretary is the chief financial officer of the Commission, responsible to the Board for maintaining all financial records, issuing warrants in payment of liabilities incurred by the Commission, acting as s custodian of all Commission funds, and investing idle funds as permitted by New Jersey law.

### 1) Reporting Entity and Its Services

The Educational Services Commission of Morris County is an independent reporting agency formed by the constituent districts of Morris County within the criteria adopted by the GASB, Statement No. 14. The Commission, its school, and programs located throughout the County of Morris, constitute the reporting entity.

The Commission provides educational services to districts in Morris County either on a cooperative or a direct service basis. These services include: Cooperative Bid Purchasing; Coordinated Public, Special and Private School Transportation; a Special Education School; Child Study Team Services; Shared Business Services; Professional Support Services; Health and Environmental Safety Services; Nonpublic Services which include Chapters 192/193 Handicapped and Auxiliary Services, Nursing Services, Textbook Purchase and Processing, Technology Support Services; Security Aide Services; and Emergency Aid to Nonpublic Schools.

#### 2) Economic Condition and Outlook

The need to develop economies of scale and cost effective measures to control spending amid sparse resources continues to create the demand for the Commission's services and cooperative activities. Our programs and requests for additional types of programs are increasing. Budgeting estimates based on the amount of business we expect to do are increasing each year. As we continue to be receptive to the needs of the districts, we expect to increase our economic condition. A sound infrastructure will enable us to take the lead in developing new and innovative strategies for cost effective programming, which relieves districts of many administrative burdens, and redirect saved resources to needed programs to enhance the quality of education for the children in the community.

#### 3) Major Initiatives

The Central Park School has undergone upgrades to its environmental control of the climate in the building to accommodate the extensive health issues of our students, and to address the impact of the COVID-19 virus in creating a safe school. All major ventilations systems and exterior upgrades have been completed. The pandemic issues continue to be a major focus of our initiatives, which have expanded to include the Emergency Aid to Nonpublic Schools initiated by the Department of Education with funding from the CARES Act.

#### 4) Internal Accounting Controls

The Administration of the Commission is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the Commission are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles

(GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that:

1) the cost of a control should not exceed the benefits likely to be derived; and 2) the valuation of costs and benefits requires estimates and judgments by the Administration.

As a recipient of federal and state financial assistance, the Commission is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the Commission Administration.

As part of the Commission's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the Commission has complied with applicable laws and regulations.

### 5) Budgetary Controls

In addition to internal accounting controls, the Commission maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by Representative Assembly of the Educational Services Commission. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriation of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at June 30, 2021.

#### 6) Accounting System and Reports

The Commission's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the ESC is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note 1.

#### 7) Debt Administration

The Commission's facility funding agreement with the Morris County Improvement Authority for the issuance of \$4.9 million in bonds to finance old debt and new construction at the Park Lake School has been significantly reduced with a final indebtedness of approximately \$500,000 to be paid off in 2024. The Commission through its fees for services, funds these projects. The ESC has retired its funding agreement with the Morris County Improvement Authority for \$1.7 million in bonds to finance busses for use by member districts to meet their transportation needs.

#### 8) Cash Management

The investment policy of the Commission is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 2. The Commission has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

### 9) Risk Management

The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/ collision, hazard and theft insurance on property and contents, and fidelity bonds.

#### 10) Other Information

Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of VM Associates, Inc., was selected. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of Single Audit Act Amendments of 1996 and the related Federal Uniform Guidance and State Treasury Circular Letter 15-08 OMB. The auditor's report on the basic financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

### 11) Acknowledgment

We would like to express our appreciation to the members of the Educational Services Commission of Morris County Board of Directors for their commitment in providing fiscal accountability to the citizens and taxpayers of Morris County and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

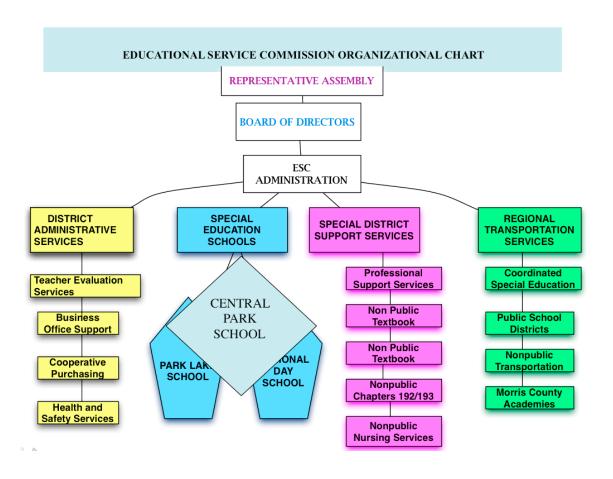

Angelo A. Vilardi

Superintendent

Catarina Bilotta

Catarina Bilatta

## **Independent Auditor's Report**

Honorable President
Members of the Board of Education
Educational Services Commission of Morris County
County of Morris
Morristown, New Jersey

## **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Educational Services Commission of Morris County (School Commission), in the County of Morris, State of New Jersey, as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the School Commission's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

The School Commission's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audit contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Educational Services Commission of Morris County, in the County of Morris, State of New Jersey, as of June 30, 2021, and the respective changes in the financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

### Emphasis of Matter

### Adoption of New Accounting Principle

As discussed in Note 1 to the financial statements, during the fiscal year ended June 30, 2021, the School District adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*. Our opinion is not modified with respect to this matter.

#### Consistency of Financial Statements

Because of the implementation of GASB Statement No. 84, several funds of the School District that were reported as fiduciary fund types in the prior fiscal year are now reported in governmental activities and governmental fund types. Our opinion is not modified with respect to this matter.

### Prior Period Restatement

In addition, because of the implementation of GASB Statement No. 84, net position and fund balance as of July 1, 2020 on the statement of activities and statement of revenues, expenditures, and changes in fund balances, have been restated, as discussed in Note 1 to the financial statements. Our opinion is not modified with respect to this matter.

#### Other Matters

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, following this report, and pension and post-employment benefit schedules in Exhibits L-1 through L-3, M-1 and the related notes be presented to supplement the basic financial statements and budgetary comparison information in Exhibits C-1 through C-3 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's response to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Foundation Academy Charter School's basic financial statements. The introductory section, combining statements and related major fund supporting statements and schedules, and statistical section are presented for purposes of additional analysis, as required by the Office of School Finance, Department of Education, State of New Jersey, and are not a required part of the basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and State of New Jersey Circular 15-08-OMB, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, respectively, are also presented for purposes of additional analysis and are not a required part of the basic financial statements..

The accompanying combining statements and related major fund supporting statements and schedules and schedules of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance

with auditing standards generally accepted in the United States of America. In our opinion, the accompanying combining statements and related major fund supporting statements and schedules and schedules of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

## Other Reporting Required by *Government Auditing Standards* and the Office of School Finance, Department of Education, State of New Jersey

In accordance with *Government Auditing Standards*, we have also issued our report dated March 15, 2022 on our consideration of the Educational Services Commission of Morris County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal controls over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2021 UNAUDITED

The Management's Discussion and Analysis (MD&A) of Educational Services Commission of Morris County's financial performance provides an overall review of the School Commission's financial activities for the fiscal year ended June 30, 2021. The intent of this discussion and analysis is to look at the School Commission's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the School Commission's financial performance. Certain comparative information between the current year (2020-2021) and the prior year (2019-2020) is required to be presented in the MD&A.

### **Financial Highlights**

Key financial highlights for 2021 are as follows:

- ❖ The assets of the ESC were exceeded by its liabilities at the close of the most recent fiscal year by (\$2,413,672) (net position) as a result of showing net pension liability of \$2,822,858.
- ❖ The ESC's total net position increased \$1,885,797. The increase is attributable to the Central Park School and the transportation programs.
- Governmental funds general revenues accounted for \$750,957 in revenue or 2% of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions and capital grants accounted for \$30,169,339 or 98% of total revenues of \$30,920,296.
- ❖ The ESC had \$29,034,499 in expenses and \$30,169,339 was offset by program specific charges for services, grants or contributions. General revenues (primarily tuition) of \$750,957 were not adequate to provide for these programs.
- ❖ Among governmental funds, the General Fund had \$22,110,085 in revenues and \$21,189,966 in expenditures and other financing sources General Fund's fund balance increased \$920,119 from the June 30, 2020.

## **Using this Annual Comprehensive Financial Report (ACFR)**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Educational Services Commission of Morris County as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2021 UNAUDITED (CONTINUED)

## **Using this Annual Comprehensive Financial Report (ACFR) (Continued)**

The Statement of Net Position and Statement of Activities provide information about the activities of the whole School district, presenting both an aggregate view of the School Commission's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School commission's most significant funds. In the case of Educational Services Commission of Morris County, the General Fund is by far the most significant fund.

### Reporting the School Commission as a Whole

#### Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School Commission to provide programs and activities, the view of the School Commission as a whole looks at all financial transactions and ask the question, "How did we do financially during 2021?" The Statement of Net Position and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector businesses. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School Commission's net position and changes in that position. This change in net position is important because it tells the reader that, for the school commission as a whole, the financial position of the School Commission have improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Non-financial factors include the School Commission's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School Commission is divided into two distinct kinds of activities:

- ❖ Governmental activities All of the School Commission's programs and services are reported here including instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.
- Business-Type Activity This service is provided on a charge for goods or services basis to recover all the expenses of the goods or services provided. The Food Service enterprise fund is reported as a business activity.

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2021 UNAUDITED (CONTINUED)

## **Reporting the School Commission's Most Significant Funds**

#### **Fund Financial Statements**

The fund financial statements provide detailed information about the most significant funds-not the ESC as a whole. Some funds are required to be established by State law. The ESC's two kinds of funds, governmental and proprietary, use different accounting approaches.

#### **Governmental Funds**

The School Commission's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School district's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the *Statement of Net Position* and the *Statement of Activities*) and governmental funds is reconciled in the financial statements.

### **Proprietary Funds**

When the ESC charges customers for the full cost of the services it provides, these services are reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the ESC's enterprise funds (a component of business type funds) are the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows, for proprietary funds. The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

#### The ESC as Trustee

### Reporting the ESC's Fiduciary Responsibilities

The ESC is the trustee, or *fiduciary*, for the Student Activity and Agency Funds. All of the ESC's fiduciary activities are reported in separate Statements of Fiduciary Net

Position and Changes in Fiduciary Net Position. We exclude these activities from the ESC's other financial statements because the ESC cannot use these assets to finance its operations. The ESC is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

Figure A-1 summarizes the major features of the ESC's financial statements, including the portion of the ESC's government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

#### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the District -wide and fund financial statements. The notes to the financial statements can be found starting on page 40 of this report.

#### Other Information

The combining statements referred to earlier in connection with governmental funds and enterprise funds are presented immediately following the notes to the basic financial statements.

#### The School Commission as a Whole

Recall that the *Statement of Net Position* provides the perspective of the School Commission as a whole. Net position may serve over time as a useful indicator of a government's financial position. The Commission's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets. Our analysis focuses on the net position and changes in net position of

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2021 UNAUDITED (CONTINUED)

## The School Commission as a Whole (Continued)

the ESC's governmental and business-type activities as of June 30, 2021. But since the ESC does not receive state aid, nor ad valorem taxes, the true measure of the success of the ESC operation of programs of shared services needs to be constructed using a cost efficiency business model, not available through this mandated reporting mechanism.

Table 1 provides a summary of the School District's net position for 2021 and 2020.

Table 1

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2021 UNAUDITED (CONTINUED)

### **Governmental Activities**

The ESC's total revenue were \$22,110,085 for 2021 and \$26,997,224 for 2020. This includes \$1,155,888 for 2021 and \$1,731,789 for 2020 of state reimbursed TPAF Pension, Social Security, Post-Retirement Medical, and Long-Term Disability Insurance Contributions.

The total cost of all program and services were \$20,466,577 for 2021 and \$27,264,753 for 2020. Instruction comprises 1% for 2021 and 5% for 2020. The ESC primarily conducts its operations from the revenue it receives from its pupil transportation services. Revenues generated from enterprise funds which include the operation of the Central Park School, and direct transportation with ESC vehicles is not included in this report.

The total cost of all programs and services was \$20,466,577. The ESC's expenses are predominantly related to instructing, caring for (pupil and instruction services) and transporting students. The ESC's administrative and maintenance activities accounted for 8.26 percent of total costs. It is important to note that depreciation of \$279,544 is included in expenses for the year.

The *Statement of Activities* shows the cost of program services and the charges for services and grants offsetting those services. The statement shows the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the Commission's taxpayers by each of these functions.

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Tuition and Students and Instruction Related expenses include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General and Business Administration and School Administration expenses include expenses associated with administrative and financial supervision of the Commission.

Plant Operations and Maintenance expenses involve keeping the school grounds, buildings, and equipment in an effective working condition.

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2021 UNAUDITED (CONTINUED)

### **Governmental Activities (Continued)**

Pupil Transportation expenses includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by State law.

- The cost of all governmental activities this year was \$20,466,577.
- The federal and state governments subsidized certain programs with grants and contributions.
- Most of the ESC's costs, however, were financed by pupil transportation charges \$18,107,847.
- The remainder of governmental activities funding came from charges for services, local grants and miscellaneous

## **Business-Type Activities**

The ESC's major Enterprise Funds consist of the Services for Special Revenue, Food Services, DOSS, Transportation Leasing and the Central Park School. Revenues for the Food Service Program were comprised of charges for services. Food Service revenues exceeded expenses by \$881. Charges for food service represent \$3,160 of revenue, this is the amount paid by patrons for daily food service and special functions. Central Park School revenues exceeded expenses by \$118,050, and charges for services represent \$3,463,275 of revenues. DOSS revenues exceeded expenditures by \$14,149 and transportation leasing revenues exceeded expenditures by \$109,209. Charges for DOSS, transportation leasing, and services for special revenue represent \$354,106, \$1,555,028, and \$4,390,798, respectively. The ESC receives no Federal and State reimbursements for its business-type activities.

The basic financial statements for the major funds are included in this report. Because the focus on business-type funds is a cost of service measurement or capital maintenance, we have included these funds in the statements, which demonstrates return on ending assets and return on ending net position.

#### THE ESC'S FUNDS

The ESC uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental Funds: The ESC's governmental fund is comprised of the general fund, special revenue fund, and capital projects fund and is accounted for using the modified accrual basis of accounting.

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2021 UNAUDITED (CONTINUED)

### THE ESC'S FUNDS (CONTINUED)

The focus of the ESC's governmental funds is to provide information on short-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the ESC's financing requirements. The unrestricted fund balance is divided between assigned to and unassigned balances. The ESC has assigned portions of the unrestricted fund balance to earmark resources for the payment of certain government-wide liabilities that are not recognized in the governmental funds.

General Fund: The general fund is the main operating fund of the ESC. At the end of the current fiscal year, unassigned and total fund balance was \$1,274,574.

As demonstrated by the various statements, the ESC maintains a sound financial position.

The increase in Local Government Units is mainly attributable to an increase in member participation.

The increase in Miscellaneous is the result of prior year refunds.

The decrease in State and Federal Sources is a result of moving services for special revenue to business-type activities.

The Special Education Instruction expenditures decreased due to moving services for special revenue to business-type activities.

The Student and Instruction Related Services decreased due to declined responsibilities assigned to teaching personnel.

Employee Benefits increased because of an increase in health care premiums.

All other fluctuations are within the normal range of plus or minus 10% and therefore further explanation is not provided

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2021 UNAUDITED (CONTINUED)

## **General Fund Budgeting Highlights**

The School Commission's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

Over the course of the year, the Commission revised the annual operating budget several times. Revisions in the budget were made to recognize revenues that were not anticipated and to prevent over-expenditures in specific line item accounts. Several of these revisions bear notation:

- \* TPAF, which is the state's contribution to the pension fund, is neither a revenue item nor an expenditure item to the district but is required to be reflected in the financial statements.
- Tuition for special education students is budgeted based on the existing and known incoming students at the time the budget is submitted. Students move into the Commission during the summer as well as the school year which necessitates transferring funds to the appropriate account to pay these special education costs.

#### **Capital Assets**

The School Commission had \$1,368,319 at June 30, 2021 invested in building, furniture and equipment, and vehicles.

For more detailed information, please refer to the Notes to the Financial Statements.

#### **Debt Administration**

At June 30, 2021, the School Commission had \$3,939,020 of outstanding debt. Of this amount, \$151,162 is for compensated absences; \$965,000 is for bonds payable, and \$2,822,858 is for net pension liability.

For more detailed information, please refer to the Notes to the Financial Statements.

## For the Future

In preparing the 2020-2021 budget, the primary goal of the Board was to develop a budget that would meet the ESC's educational priorities, provide accountability to the

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2021 UNAUDITED (CONTINUED)

## For the Future (Continued)

taxpaying community, and comply with the stringent restrictions placed on ESC budgets by the new legislation. This legislation put a "2% cap" on the local tax levy for the local participating districts. Being mindful of our district limitations, the ESC prepares it budgets with cost containment to recognize district limitations on revenues. During the preparation of the 2020-2021 budget, the ESC continued to exercise restraint in budgeting to assist districts in sharing services, which keep district costs contained within their budgetary guidelines.

Looking ahead to the development of the 2021-2022 budget, the new budget law put into effect by the State of New Jersey Department of Education will have a significant impact on the Commission and its members. The law goes beyond the capping of revenues for the budget, but it also authorizes the Executive County Superintendent to look into the budget and challenge the ESC in their expenditure decisions.

## **Contacting the School District's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the School Commission's finances and to show the School Commission's accountability for the money it receives. If you have questions about this report or need additional information, contact the School Business Official, Catarina Bilotta at Educational Services Commission of Morris County, PO Box 1944, Morristown, New Jersey 07962-1944.

**BASIC FINANCIAL STATEMENTS** 

# SECTION A - DISTRICT-WIDE FINANCIAL STATEMENTS

The statement of net position and the statement of activities display information about the District. These statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activities of the District.

# BOARD OF EDUCATION EDUCATIONAL SERVICES COMMISSION OF MORRIS COUNTY RECONCILIATION OF THE STATEMENTS OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2021

Total net change in fund balances - governmental funds (B-2)

920,119

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, on the statement of activities, the cost of those assets which are capitalized are allocated over their estimated useful lives as depreciation expense in the current fiscal year.

 Depreciation Expense
 \$ (186,333)

 Capital Outlay
 7,985
 (178,348)

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of activities.

230,000

In the statement of activities, certain expenses, e.g., compensated absences (vacations & sick pay) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation; when the paid amount exceeds the earned amount, the difference is an addition to the reconciliation.

18,562

Pension costs associated with the PERS pension plan are reported in the governmental funds as expenditures in the year the school pension contribution is paid. However, on the statement of activities, the net difference between the current and prior year net pension liability is recognized.

653,175

Change in net position of governmental activities

NOTES TO THE FINANCIAL STATEMENTS

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Board of Education (the "Board") of Educational Services Commission of Morris County (the "Commission") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

# A. Reporting Entity

The Board is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials and is responsible for the fiscal control of the Commission. A superintendent is appointed by the Board and is responsible for the administrative control of the Commission.

The primary criterion for including activities within the Commission's reporting entity, as set forth in Section 2100 of the GASB <u>Codification of</u> Governmental Accounting and Financial Reporting Standards, is whether:

- the organization is legally separate (can sue or be sued in their own name)
- the Commission holds the corporate powers of the organization
- the Commission appoints a voting majority of the organization's board
- > the Commission is able to impose its will on the organization
- ➤ the organization has the potential to impose a financial benefit/burden on the Commission
- there is a fiscal dependency by the organization on the Commission

Based on the aforementioned criteria, the Commission has no component units.

#### B. Basis of Presentation, Basis of Accounting

The School Commission's basic financial statements consist of District-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Basis of Presentation, Basis of Accounting (Continued)**

#### **Basis of Presentation**

District-Wide Statements: The statement of net position and the statement of activities display information about the Commission as a whole.

These statements include the financial activities of the overall Commission, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activity of the Commission. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of net position presents the financial condition of the governmental and business-type activity of the School Commission at fiscal year-end. The statement of activities presents a comparison between direct expenses and program revenues for the business-type activity of the Commission and for each function of the Commission's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function.

Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the Commission.

Fund Financial Statements: During the fiscal year, the School Commission segregates transactions related to certain Commission functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the Commission's funds, including its fiduciary funds. Separate statements for each fund category — governmental, proprietary, and fiduciary — are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Basis of Presentation, Basis of Accounting (Continued)**

NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

The Commission reports the following governmental funds:

General Fund: The general fund is the general operating fund of the Commission and is used to account for all expendable financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the capital outlay sub-fund.

As required by the New Jersey State Department of Education, the Commission includes budgeted capital outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues. Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes, and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by Board resolution.

<u>Special Revenue Fund</u>: The special revenue fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major capital projects, debt service or the enterprise funds) and local appropriations that are legally restricted to expenditures for specified purposes.

<u>Capital Projects Fund</u> - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from sale of bonds, lease purchases and other revenues.

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# Basis of Presentation, Basis of Accounting (Continued)

The Commission reports the following proprietary funds:

<u>Enterprise Fund (Food Service)</u>: The enterprise fund accounts for all revenues and expenses pertaining to the Board's operations. The funds are utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges.

The Enterprise Funds: Utilized to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the Board is that the costs (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis be financed or recovered primarily through user charges; or, where the Commission has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The Commission's Enterprise Funds are comprised of the Services for Special Revenue, Food Service Fund, Central Park School, DOSS and Transportation Leasing operations.

Depreciation of all exhaustive fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Food Service Fund:
Equipment 12 Years

Transportation Leasing: Vehicles 12 Years

In its accounting and financial reporting, the Commission follows the pronouncements of the GASB and the pronouncements of the Financial Accounting Standards Board (FASB) and its predecessor organizations issued on or before November 30, 1989, unless they

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Basis of Presentation, Basis of Accounting (Continued)**

conflict with or contradict GASB pronouncements. The Commission's business-type activities and enterprise funds have elected not to apply the standards issued by the FASB after November 30, 1989.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements, however, interfund services provided and used are not eliminated in the process of consolidation.

Additionally, the Commission reports the following fund type:

<u>Fiduciary Funds</u>: The Fiduciary Funds are used to account for assets held by the District on behalf of others and include the Student Activities Fund, Payroll Agency Fund and Scholarship Funds.

In January 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 84 - Fiduciary Activities. objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local government, including New Jersey school districts and their charter schools. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020, or fiscal year 2020-2021. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. After considering the criteria and guidance, it was determined that payroll, payroll agency, and unemployment compensation insurance, previously reported as fiduciary funds, that such activities are more appropriately reported in a general fund. Additionally, the School District previously reported the activity of the student activity fund as a fiduciary fund. Beginning in fiscal year 2020-2021, such activity are more appropriately reported in a special revenue fund.

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Basis of Presentation, Basis of Accounting (Continued)**

#### **Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

District-Wide, Proprietary, and Fiduciary Fund Financial Statements: The District-wide financial statements are prepared using the accrual basis of Governmental funds use the modified accrual basis of accounting; the enterprise fund and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures. Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable". Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means theamount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

All governmental and business-type activities and enterprise funds of the Commission follow FASB Statements and Interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. <u>Budgets/Budgetary Control</u>

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office and are voted upon at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting except for the special revenue fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. All budget amendments/transfers must be approved by School Board resolution. All budget amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year).

Appropriations, except remaining project appropriations, encumbrances, and unexpended grant appropriations, lapse at the end of each fiscal The capital projects fund presents the remaining project appropriations compared to current year expenditures. Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no appropriations compared to current year expenditures. Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles (GAAP) with the exception of thelegally mandated revenue recognition of the last two state aid payments for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. <u>Encumbrances Accounting</u>

Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds, other than the special revenue fund, are reported as reservations of fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund, for which the Commission has received advances, are reflected in the balance sheet as deferred revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

# E. Assets, Liabilities, and Equity

#### **Interfund Transactions:**

Transfers between governmental and business-type activities on the District-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in the enterprise fund. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# Assets, Liabilities, and Equity (Continued)

#### Inventories:

Inventory purchases, other than those recorded in the enterprise fund, are recorded as expenditures during the year of purchase. Enterprise fund inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method.

The United States Department of Agriculture (USDA) commodity portion of the Food Service Fund inventory consists of food donated by USDA. It is valued at estimated market prices by USDA. The amount of unused commodities at year end is reported on Schedule A as unearned revenue

#### Allowance for Uncollectible Accounts:

No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

#### Capital Assets:

The Commission has established a formal system of accounting for its capital assets. Purchased or constructed capital assets are reported at cost. Donated capital assets are valued at their estimated fair market value on the date received. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. The Commission does not possess any infrastructure. The capitalization threshold used by school districts in the State of New Jersey is \$2,000.

All reported capital assets except for land and construction in progress are depreciated. Depreciation is computed using the straight-line method under the half-year convention over the following estimated useful lives:

	<b>Estimated</b>
	<u>Useful</u>
Asset Class	<u>Lives</u>
School Buildings	50
Building Improvements	20
Electrical/Plumbing	30
Vehicles	8
Office & Computer Equipment	5-10
Instructional Equipment	10
Grounds Equipment	15

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Assets, Liabilities, and Equity (Continued)

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Fixed assets are not capitalized and related depreciation is not reported in the fund financial statements.

#### Compensated Absences:

The Commission accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the liability based on the accumulated sick and vacation days at the balance sheet date by those employees who are currently eligible to receive termination payments. Salary-related payments for the employer's share of social security and Medicare taxes, as well as pension contributions, are included.

For the District-wide Statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the governmental funds, in the Fund Financial Statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

#### Deferred Revenue:

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Property taxes for which there is an enforceable legal claim as of June 30, 2021, but which were levied to finance fiscal year 2022 operations, have been recorded as deferred revenue. Grants and entitlement received before the eligibility requirements are met are also recorded as deferred revenue.

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Assets, Liabilities, and Equity (Continued)

#### Accrued Liabilities and Long-Term Obligations:

All payables, accrued liabilities, and long-term obligations are reported on the District-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

#### **Net Position:**

Net position represent the difference between assets and liabilities. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Commission or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The Commission's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

#### Fund Balance Reserves:

The Commission reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unreserved fund balance indicates that portion which is available for appropriation in future periods. A fund balance reserve has been established for encumbrances.

#### Revenues — Exchange and Non-exchange Transactions:

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# Assets, Liabilities, and Equity (Continued)

#### Revenues — Exchange and Non-exchange Transactions (Continued)

the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Commission, available means within sixty days of the fiscal year end.

Non-exchange transactions, in which the Commission receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from income taxes is recognized in the period in which the income is earned. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the Commission must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Commission on a reimbursement basis. On the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized. Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, interest, and tuition.

# Operating Revenues and Expenses:

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise fund. For the Commission, these revenues are sales for food service. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the enterprise fund.

#### Allocation of Indirect Expenses:

The Commission reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, were allocated based on salaries of that program. Depreciation expense, where practicable, is specifically identified by function and is included in the indirect expense column of the Statement

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Assets, Liabilities, and Equity (Continued)

#### Allocation of Indirect Expenses (Continued)

of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities.

#### Extraordinary and Special Items:

Extraordinary items are transactions or events that are unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

#### Management Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

#### F. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net pension of the State of New Jersey Public Employees' Retirement System (PERS) and the State of New Jersey Teachers' Pension and Annuity Fund (TPAF) and additions to/deductions from the PERS's and TPAF's net position have been determined on the same basis as they are reported by the PERS and the TPAF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Pension Plan investments are reported at fair value.

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### G. <u>Impact of Recently Issued Accounting Principles</u>

During fiscal years 2021 through 2022, the School District has adopted the following GASB statements.

Statement No. 84, *Fiduciary Activities*, will be effective with the fiscal yearending June 30, 2021. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement established criteria for identifying fiduciary activities of all state and local governments.

#### Recently Issued Accounting Pronouncements

Other GASB Statements that the School District is currently reviewing for applicability and potential impact on the financial statements include:

Statement No. 87, *Leases*, implementation postponed will be effective with the fiscal year-ending June 30, 2022. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract.

GASB No. 89, Accounting for Interest Costs Incurred Before the End of a Construction Period, implementation postponed will be effective beginning with the fiscal year ending June 30, 2022. The objectives of this Statement is to improve financial reporting by providing users of financial statements with more relevant information about capital assets and the cost of borrowing for a reporting period. The resulting information also will enhance the comparability of information about capital assets and the cost of borrowing for a reporting period for both governmental activities and business-type activities.

GASB No. 92, Omnibus 2020, implementation postponed will be effective beginning with the fiscal year ending June 30, 2022 except requirements related to GASB No. 87 and Implementation Guide No. 2019-3 are effective upon issuance. The objective of this Statement is to enhance comparability in the application of accounting and financial reporting requirements and to improve the consistency of authoritative literature by practice addressing issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics.

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### <u>Impact of Recently Issued Accounting Principles (Continued)</u>

Recently Issued Accounting Pronouncements (Continued)

GASB No. 96, Subscription Based Information Technology Arrangements, will be effective beginning with the fiscal year ending June 30, 2023. The objective of this Statement will be to improve financial reporting by establishing a definition for subscription-based information technology arrangements (SBITAs) and providing uniform guidance for accounting and financial reporting for transactions that meet that definition. definition and uniform guidance will result in greater consistency in practice. Establishing the capitalization criteria for implementation costs also will reduce diversity and improve comparability in financial reporting by governments. This Statement also will enhance the relevance and reliability or a government's financial statements by requiring a government to report a subscription asset and subscription liability for a SBIT A and to disclose essential information about the arrangement. The disclosures will allow users to understand the scale and important aspects of a government's SBITA activities and evaluate a government's obligations and assets resulting from SBITAs.

GASB No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans - An Amendment of GASE Statements No. 14 and No.84, and a Supersession of GASB Statement No. 32, the section that maybe applicable to the District will be effective beginning with the fiscal year ending June 30, 2022. The objective of this Statement is to provide more consistent financial reporting of defined contribution pension plans, defined contribution OPEB plans, and other employee benefit plans, while mitigating the costs associated with reporting those plans. The requirements also will enhance the relevance, consistency, and comparability of (1) the information related to Section 457 plans that meet the definition of a pension plan and the benefits provided through those plans and (2) investment information for all Section 457 plans.

#### H. <u>Unearned Revenue</u>

Control of the employer and employee is accrued as employees earn the rights to the benefits. Commission employees are granted varying amounts of vacation and sick leave in accordance with the Commission's personnel policies. Upon retirement and/or termination, employees are paid for accrued vacation. The Commission's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the Commission for the unused sick leave in accordance with the Commission's agreements with the various employee unions.

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Unearned Revenue (Continued)**

The liability for compensated absences was accrued using the termination payment method, whereby the liability is calculated based on the amount of sick leave that is expected to become eligible for payment upon termination. The Commission estimates its accrued compensated absences.

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Unearned revenue in the special revenue fund represents cash that has been received but not yet earned. See Note 2(E) regarding the special revenue fund.

#### NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents includes petty cash, change funds, amounts in deposits, money mark1 or less.

Investments are stated at cost, or amortized cost, which approximates market. The amortized cost method involves valuing a security at its cost on the date of purchase and thereafter assuming a constant amortization to maturity of any discount or premium. The Board classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB Statement No. 3 requires disclosure of the level of custodial credit risk assumed by the Board in its cash, cash equivalents and investments. Category 1 includes deposits/investments held by the Board's custodial bank trust department or agent in the Board's name. Category 2 includes uninsured and unregistered deposits/investments held by the Board's custodial bank trust department or agent in the Board's name. Category 3 includes uninsured or unregistered deposits/investments held by a broker or dealer, or held by the Board's custodial bank trust department or agent but not in the Board's name. These categories are not broad representations that deposits or investments are "safe" or "unsafe".

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

# NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

New Jersey School Commissions are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey School Commissions Deposits New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least five percent of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home LoanBank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Additionally, the Commission has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

*N.J.S.A.* 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

#### NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

#### A. Tuition Revenues/Receivable

Tuition charges were established by the Board of Education based on estimated costs. The charges are not subject to adjustment when the final costs have been determined.

## B. Tuition Payable

The Commission has no Tuitions Payable.

#### Investments

#### C. Investment Rate Risk

The Commission does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 18A:20-37 limits the length of time for most investment to 397 days.

New Jersey statutes permit the Board to purchase the following types of securities:

- a. Bonds or other obligations of the United States or obligations guaranteed by the United States.
- b. Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage Agency or of any United States Bank for Cooperatives which have a maturity date not greater than twelve months from the date of purchase
- c. Bonds or other obligations of the Commission.

The investments recorded in the District-wide statements have been recorded at amortized cost. In accordance with GASB 31, participating interest earning investment contracts that have a remaining maturity at the time of purchase of one year or less may be reported at amortized cost. For those securities purchased more than one year from the maturity date, the difference between the carrying amount and market value is not material to the District-wide statements. The carrying amount of the Board's cash and cash equivalents at June 30, 2021 was \$973,723 and the bank balance was \$3,182,467. All bank balances were covered by federal depository insurance and/or covered by a collateral pool maintained by the banks as required by New Jersey statutes.

# NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

#### D. Risk Category

All bank deposits, as of the balance sheet date, are entirely insured or collateralized by a collateral pool maintained by public depositories as required by the Governmental Unit Deposit Protection Act. In general, bank deposits are classified as to credit risk by three categories described below:

<u>Category 1</u> — Insured or collateralized with securities held by the Board or by its agent in the Board's name.

<u>Category 2</u> — Collateralized with securities held by the pledging public depository's trust department or agent in the Board's name.

<u>Category 3</u> — Uncollateralized, including any deposits that are collateralized with securities held by the pledging public depository, or by its trust department or agent, but not in the Board's name.

As of June 30, 2021, the Board has no funds invested and on deposit in checking accounts and New Jersey ARM. These funds constitute "deposits with financial institutions" as defined by GASB Statement No. 3 and are classified as Category 1, both at year-end and throughout the year.

#### A. Credit Risk

New Jersey Statutes 18A:20-37 limits school district investments to those specified in the Statues. The type of allowance investments are Bonds of the United States of America, bonds or other obligations of the school districts or bonds or other obligations of the local unit or units within which the school district is located: obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

#### B. Concentration of Credit Risk

The Commission places no limit on the amount they may invest in any one issuer.

#### **New Jersey Cash Management Fund**

All investments in the Fund are governed by the regulations of the Investment Council, which prescribe specific standards designed to insure the quality of investments and to minimize the risks related to

#### NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

# **Risk Category (Continued)**

# **Concentration of Credit Risk (Continued)**

#### **New Jersey Cash Management Fund (Continued)**

investments. In all the years of the Division of Investment's existence, the Division has never suffered a default of principal or interest on any short-term security held by it due to the bankruptcy of a securities issuer; nevertheless, the possibility always exists, and for this reason a reserve is being accumulated as additional protection for the "Other-than-State" participants. In addition to the Council regulations, the Division sets further standards for specific investments and monitors the credit of all eligible securities issuers on a regular basis.

As of June 30, 2021, the Commission had no funds on deposit with the New Jersey Cash Management Fund.

# C. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2021, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year in which services are consumed.

#### NOTE 3: RECEIVABLES

Receivables at June 30, 2021, consisted of accounts (tuition), intergovernmental, grants, and miscellaneous.

All receivables are considered collectible in full. A summary of the principal items of intergovernmental receivables follows:

							FIUP	iiiciai y						
		Governme	ntal l	Funds			F	und						
				Special		Total	F	ood		Total				
	G	Seneral		Revenue	Gove	ernmental	Se	rvice	В	usiness	Fid	uciary		
		Fund		Fund	Ad	ctivities	F	und	Тур	e Activities	Fu	inds		Total
State Aid	\$	8,614	\$	\$ -		8,614	\$	-	\$	-	\$	-	\$	8,614
Federal Aid		-		-		-		-		-		-		-
Other	1	,862,619			1	,862,619	72	6,461		726,461		-	2,	589,080
Gross Receivables	1	,871,233		-	1	,871,233	72	6,461		726,461		-	2,	597,694
Less: Allowance for Uncollectibles								-				-		
Total Receivables, Net	\$ 1	,871,233	\$		\$ 1	,871,233	\$72	6,461	\$	726,461	\$		\$2,	597,694

#### NOTE 4: INTERFUND TRANSFERS AND BALANCES

Transfers between funds are used to repay expenses paid by another fund.

The following interfund balances remained on the fund financial statements at June 30, 2021:

	Ir	nterfund	Ir	nterfund
Fund	Re	ceivable	F	ayable
General Fund	\$	12,649	\$	-
Capital Projects Fund				12,649
Total	\$	12,649	\$	12,649

#### NOTE 5: CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2021, was as follows:

	В	eginning						Ending
		Balance	Α	dditions	Retir	ements		Balance
Governmental Activities:								
Capital Assets Being Depreciated:								
Building and Building Improvements	\$	4,940,000	\$	-	\$	-	\$	4,940,000
Machinery and Equipment		212,331		7,985		-		220,316
Totals at Historical Cost		5,152,331		7,985		-		5,160,316
Less Accumulated Depreciation For:								
Building and Building Improvements		3,412,900		182,600		-		3,595,500
Machinery and Equipment		192,764		3,733		-		196,497
Total Accumulated Depreciation		3,605,664		186,333		-		3,791,997
Total Capital Assets Being Depreciated,								
Net of Accumulated Depreciation		1,546,667		(178,348)		-		1,368,319
Government Activity Capital Assets, Net	\$	1,546,667	\$	(178,348)	\$	-	\$	1,368,319
Business-Type Activities:			•					
Capital Assets Being Depreciated:								
Machinery and Equipment	\$	1,339,067	\$	-	\$	-	\$	1,339,067
Less Accumulated Depreciation		(957,117)		(93,211)		-	(	1,050,328)
Enterprise Fund Capital Assets, Net	\$	381,950	\$	(93,211)	\$	-	\$	288,739
	_		_					

The governmental fund balance sheet includes a reconciliation between fund balance-total governmental funds and net position-governmental activities as reported in the District-wide statement of net position. One item of that reconciliation explains that capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. An addition to the fund balance-total governmental funds is made to reflect the carrying value of the Commission's capital assets at year-end in the District-wide financial statements.

# NOTE 5: CAPITAL ASSETS (CONTINUED)

At the end of the fiscal year 2021, the depreciation expense was charged to governmental function as follows:

Instruction Services	\$183,407
General and Business Administrative Services	2,926
Total	\$186,333

# NOTE 6: LONG-TERM OBLIGATIONS

Changes in long-term obligations for the year ended June 30, 2021, are as follows:

	Balance July 1, 2020	lno	crease	Decrease	-	Balance e 30, 2021	Dı	Amounts ue Within One Year
Morris County Improvement								
Authority Bonds	\$1,195,000	\$	-	\$ 230,000	\$	965,000	\$	235,000
Compensated Absences								
Payable	169,724		9,783	28,345		151,162		-
Net Pension								
Liability	3,791,547		-	968,689		2,822,858		-
Total	\$5,156,271	\$	9,783	\$1,227,034	\$	3,939,020	\$	235,000

<sup>(1)</sup> Paid by General Fund

Compensated absences, capital leases, and net pension liability have been liquidated in the General Fund.

## A. Bonds Payable

The Board issued General Obligation Bonds to provide funds for the acquisition and construction of major capital facilities and other capital assets.

Bonds are authorized in accordance with State Law by the voters of the District through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the District are General Obligation Bonds.

# NOTE 6: LONG-TERM OBLIGATIONS (CONTINUED)

Bonds Payable (Continued)

Outstanding Bonds Payable at June 30, 2018 consisted of the following:

	Interest	Due	Maturity	Amount	Amount
Description	Rate	Date	Date	Issued	Outstanding
Morris County ESC Project					
(Refunding)	2.09%	10/1/20	10/1/24	\$2,075,000	\$965,000

Principal and interest due on Serial Bonds Outstanding is as follows:

Year				
Ending				
June 30,	F	Principal	Interest	Total
2022		235,000	17,713	252,713
2023		240,000	12,749	252,749
2024		240,000	7,733	247,733
2025		250,000	2,613	252,613
	\$	965,000	\$ 40,808	\$ 1,005,808

# NOTE 7: PENSION PLANS

A substantial number of the District's employees participate in one of the following defined benefit pension plans: the Teachers' Pension and Annuity Fund ("TPAF") and the Public Employees' Retirement System ("PERS"), which are administered by the New Jersey Division of Pensions and Benefits (the "Division"). In addition, several School District employees participate in the Defined Contribution Retirement Program ("DCRP"), which is a defined contribution pension plan. This plan is administered by Prudential Financial for the Division. Each plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to:

# NOTE 7: PENSION PLANS (CONTINUED)

State of New Jersey
Division of Pensions and Benefits
P.O. Box 295
Trenton, New Jersey 08625-0295
http://www.nj.gov/treasury/pensions.

### A. <u>Public Employees' Retirement System (PERS)</u>

#### **Plan Description**

The State of New Jersey, Public Employees; Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about the PERS, please refer to the Division's Annual Comprehensive Financial Report (ACFR) which can be found at www.state.nj.us/treasury/pensions/annrpts.shtml.

### **Vesting and Benefit Provisions**

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS. The following represents the membership tiers for PERS:

Tier	Descriptions
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008, and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and to Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 with 25 or more years of service credit before age 62 and Tier 5 with 30 more years of service

# NOTE 7: PENSION PLANS (CONTINUED)

# Public Employees' Retirement System (PERS) (Continued)

#### **Vesting and Benefit Provisions (Continued)**

credit before age 65. Benefits are reduced by a fraction of a percent for each month that a members retires prior to the age of which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

#### **Contributions**

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2020, the State's pension contribution was less than actuarial determined amount.

The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets. The Commission contributions to PERS amounted to \$189,366 for fiscal year 2021.

The employee contribution rate was 7.50% effective July 1, 2018.

# NOTE 7: PENSION PLANS (CONTINUED)

#### Public Employees' Retirement System (PERS) (Continued)

# <u>Pension Liabilities, Pension Expense, and Deferred Outflows of</u> Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the Commission reported a liability of \$2,822,858 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 01, 2019 which was rolled forward to June 30, 2020. The Commission's proportion of the net pension liability was based on a projection of the Commission's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. For the June 30, 2020 measurement date, the Commission's proportion was 0.0173103045%, which was a decrease of 0.0030831253% from its proportion measured as of June 30, 2019 of 0.0203934298%.

For the fiscal year ended June 30, 2021, the Commission recognized pension expense of (\$346,847), in the government-wide financial statements. This pension expense was based on the pension plans June 30, 2020 measurement date.

At June 30, 2021, the Commission reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Difference Between Expected and Actual Experience	\$	51,400	\$	9,983
Changes in Assumptions		91,577		1,181,957
Net Difference Between Projected and Actual Investment Earnings on Pension Plan Investments		96,488		
Changes in Proportion and Differences between School District Contributions and Proportionate Share of Contributions		289,919		778,122
School District Contributions Subsequent to the Measurement Date		189,366		<u>-</u>
	\$	718,750	\$	1,970,062

# NOTE 7: PENSION PLANS (CONTINUED)

#### Public Employees' Retirement System (PERS) (Continued)

# <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u> (Continued)

\$189,366, included in deferred outflows of resources, will be included as a reduction of the net pension liability in the fiscal year ending June 30, 2022.

Other amounts reported as deferred outflows of resources and deferred inflows of resources (excluding employer specific amounts) related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending June 30,	 Total
2021 2022 2023 2024 2025	\$ (354,217) (322,938) (184,551) (74,629) (16,140)
	\$ (952,475)

#### Changes in Proportion

The previous amounts do not include employer specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is 5.16, 5.21, 5.63, 5.48, 5.57, 5.72 and 6.44 years for the 2020, 2019, 2018, 2017, 2016, 2015, and 2014 amounts, respectively.

The amortization of the other deferred outflows of resources and deferred inflows of resources related to pensions will be over the following number of years:

#### **Actuarial Assumptions**

The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 01, 2019. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2020. This actuarial valuations used the following actuarial assumptions, applied to all periods in the measurement.

Inflation Rate:

Price 2.75% Wage 3.25%

Salary Increases:

Through 2026 2.00 - 6.00%

based on years of service

Thereafter 3.00 - 7.00%

based on years of service

Investment Rate of Return 7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020. The actuarial assumptions used in the July 01, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

# NOTE 7: PENSION PLANS (CONTINUED)

# Public Employees' Retirement System (PERS) (Continued)

#### **Long-Term Expected Rate of Return**

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2020 are summarized in the following table:

		Long-Term Expected
	Target	Real Rate
Asset Class	Allocation	of Return
U.S. Equity	27.00%	7.71%
Non-U.S. Developed Markets Equity	13.50%	8.57%
Emerging Markets Equity	5.50%	10.23%
Private Equity	13.00%	11.42%
Real Assets	3.00%	9.73%
Real Estate	8.00%	9.56%
High Yield	2.00%	5.95%
Private Credit	8.00%	7.59%
Investment Grade Credit	8.00%	2.67%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	1.94%
Risk Mitigation Strategies	3.00%	3.40%

# NOTE 7: PENSION PLANS (CONTINUED)

#### Public Employees' Retirement System (PERS) (Continued)

#### **Discount Rate**

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2020. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 2.21% as of June 30, 2020, based on the Bond Buyer Go 20-Bond Municipal Bond Index. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2057. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments to determine the total pension liability.

# <u>Sensitivity of the Commission's Proportionate Share of the Net</u> Pension Liability to Changes in the Discount Rate

The following presents the Commission's proportionate share of the collective net pension liability of the participating employers as of June 30, 2020, calculated using the discount rate as disclosed above as well as what the Commission's proportionate share of the collective net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

Modedie Ment Bate Gane Co, 2020			
	10/ Degrades	Current	10/ Ingrana
	1% Decrease	Discount	1% Increase
	(6.00%)	Rate (7.00%)	(8.00%)
School District's			
Proportionate Share of the Net Pension Liability	\$ 3,581,450	\$ 2,845,055	\$ 2,220,204

Measurement Date June 30, 2020.

# NOTE 7: PENSION PLANS (CONTINUED)

# Public Employees' Retirement System (PERS) (Continued)

#### **Pension Plan Fiduciary Net Position**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the respective fiduciary net position of the PERS and additions to/deductions from PERS's fiduciary net position have been determined on the same basis as they are reported by TPAF and PERS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. For additional information about PERS, please refer to the plan's Annual Comprehensive Financial Report (ACFR) which can be found at www.nj.gov/treasury/pensions.

# A. <u>Teacher's Pension Annuity Fund (TPAF)</u>

#### **Plan Description**

The State of New Jersey, Teacher's Pension and Annuity Fund (TPAF), is a cost-sharing multiple-employer defined benefit pension plan with a special funding situation, by which the State of New Jersey (the State) is responsible to fund 100% of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. TPAF is administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about TPAF, please refer to the Division's Annual Comprehensive Financial Report (ACFR) which can be found at www.state.nj.us/treasury/pensions/annrpts.shtml.

#### **Vesting and Benefit Provisions**

The vesting and benefit provision are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested of 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

# NOTE 7: PENSION PLANS (CONTINUED)

# <u>Teacher's Pension Annuity Fund (TPAF) (Continued)</u>

#### **Vesting and Benefit Provisions (Continued)**

The following represents the membership tiers for TPAF:

Tier	Descriptions
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, Tiers 3 and 4 with 25 or more years of service credit before age 62, and Tier 5 before age 65 with 30 or more years of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

# **Contributions**

The contribution policy for TPAF is set by N.J.S.A 18A:66 and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For Fiscal year 2020, the State's pension contribution was less than the actuarially determined amount.

The employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A. 18:66-33. Therefore, these local participating employers are considered to be in a

# NOTE 7: PENSION PLANS (CONTINUED)

#### **Teacher's Pension Annuity Fund (TPAF) (Continued)**

#### **Contributions (Continued)**

special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers, such as the Commission. However, the notes to the financial statements of the Commission must disclose the portion of the Commission's total proportionate share of the net pension liability that is associated with the Commission. During the fiscal year ended June 30, 2021, the State of New Jersey contributed \$68,167 to the TPAF for normal pension benefits on behalf of the Commission, which is less than the contractually required contribution of \$601,560.

The employee contribution rate was 7.50% effective July 1, 2018.

# <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

At June 30, 2021, the Commission was not required to report a liability for its proportionate share of the net pension liability because of a 100% special funding situation by the State of New Jersey.

The State's proportionate share of the net pension liability, attributable to the Commission is as follows:

School District's Proportionate Share of the Net Pension Liability	\$ -
State of New Jersey's Proportionate Share of the Net Pension Liability Associated with the School District	17,480,800
Total	\$ 17,480,800

The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 01, 2019. The total pension liability was calculated through the use of updated procedures to roll forward from

# NOTE 7: PENSION PLANS (CONTINUED)

# Teacher's Pension Annuity Fund (TPAF) (Continued)

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

the actuarial valuation date to the measurement date of June 30, 2020. For the June 30, 2020 measurement date, the Commission's proportion of the net pension liability was based on a projection of the Commission's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State of New Jersey, actuarially determined. At June 30, 2020, Commission's proportion was 0.00% due to the 100% special funding situation with the State of New Jersey. For the June 30, 2020 measurement date, the State's proportionate share of the TPAF net pension liability associated with the Commission was 0.0265468790%, which was a decrease of 0.0011716702% from its proportion measured as of June 30, 2019.

For the fiscal year ended June 30, 2021, the Commission recognized \$1,087,031 in pension expense and revenue, in the government-wide financial statements, for the State of New Jersey on behalf TPAF pension contributions. This pension expense and revenue was based on the pension plans June 30, 2020 measurement date.

The State reported the collective deferred outflows of resources and deferred inflows of resources (excluding employer specific amounts) for the year ended June 30, 2020:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in Assumptions	\$ 7,815,939,253	\$ 14,241,964,752
Difference Between Expected and Actual Experience	986,767,511	182,357,860
Net Difference Between Projected and Actual Investment Earnings on Pension Plan	/	
Investments	656,175,235	
	\$ 9,458,881,999	\$ 14,424,322,612

# **Actuarial Assumptions**

The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 01, 2019. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2020. This actuarial valuations used the following actuarial assumptions, applied to all periods in the measurement.

Inflation Rate:

Price 2.75% Wage 3.25%

Salary Increases:

Through 2026 1.55% - 4.45%

based on years of service

Thereafter 2.75% - 5.65%

based on years of service

Investment Rate of Return 7.00%

# NOTE 7: PENSION PLANS (CONTINUED)

#### **Teacher's Pension Annuity Fund (TPAF) (Continued)**

# **Actuarial Assumptions (Continued)**

Pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 01, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2015 to June 30, 2018.

#### **Long-Term Expected Rate of Return**

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2020 are summarized in the following table:

# NOTE 7: PENSION PLANS (CONTINUED)

# **Actuarial Assumptions (Continued)**

	Target	Long-Term Expected Real Rate
Asset Class	Allocation	of Return
U.S. Equity	27.00%	7.71%
Non-U.S. Developed Markets Equity	13.50%	8.57%
Emerging Markets Equity	5.50%	10.23%
Private Equity	13.00%	11.42%
Real Assets	3.00%	9.73%
Real Estate	8.00%	9.56%
High Yield	2.00%	5.95%
Private Credit	8.00%	7.59%
Investment Grade Credit	8.00%	2.67%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	1.94%
Risk Mitigation Strategies	3.00%	3.40%

#### **Discount Rate**

The discount rate used to measure the total pension liability was 5.40% as of June 30, 2020. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 2.21% as of June 30, 2020, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 78% of the actuarially determined contributions for the State. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2062. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2062, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

# NOTE 7: PENSION PLANS (CONTINUED)

#### **Teacher's Pension Annuity Fund (TPAF) (Continued)**

# <u>Sensitivity of the Commission's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate</u>

As previously mentioned, TPAF has a special funding situation where the State pays 100% of the Commission's annual required contribution. As such, the proportionate share of the net pension liability as of June 30, 2020, the pension plans measurement date, attributable to the Commission is \$0, and the State of New Jersey's proportionate share of the net pension liability, attributable to the Commission, using a discount rate of 5.40%, as well as using a discount rate that is 1% lower or 1% higher than the current rates used is as follows:

Measurement Date June 30, 2020									
	Current								
	1% Decrease Discount Rate 1% Increa								
	(4.40%)	(5.40%)	(6.40%)						
School District's

Associated with the									
School District	20,578,369	17,519,214	14,979,100						
	\$ 20,578,369	\$17,519,214	\$14,979,100						

#### **Pension Plan Fiduciary Net Position**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the respective fiduciary net position of the PERS and additions to/deductions from PERS's fiduciary net position have been determined on the same basis as they are reported by TPAF and PERS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. For additional information about PERS, please refer to the plan's Annual Comprehensive Financial Report (ACFR) which can be found at www.nj.gov/treasury/pensions.

# NOTE 7: PENSION PLANS (CONTINUED)

#### C. <u>Defined Contribution Retirement Program (DCRP)</u>

#### Plan Description

The Defined Contribution Retirement Program (DCRP) is a multipleemployer defined contribution pension fund established on July 1, 2007 under the provisions of Chapter 92, P.L. 2007, and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et. seg.). The DCRP is a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) § 401(a) et seq., and is a "governmental plan" within the meaning of The DCRP provides retirement benefits for eligible IRC § 414(d). employees and their beneficiaries. Individuals covered under DCRP are employees enrolled in TPAF or PERS on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits: employees otherwise eligible to enroll in TPAF or PERS on or after November 2, 2008, who do not earn the minimum annual salary for Tier 3 enrollment but who earn salary of at least \$5,000.00 annually (The minimum salary in 2018 is \$8,300 and is subject to adjustment in future years); and employees otherwise eligible to enroll in TPAF or PERS after May 21, 2010 who do not work the minimum number of hours per week required for Tiers 4 or 5 enrollment, but who earn salary of at least \$5,000.00 annually. The minimum number of hours is 32 hours per week for local education employees.

#### **Vesting and Benefit Provisions**

Eligible members are provided with a defined contribution retirement plan intended to qualify for favorable Federal income tax treatment under IRC Section 401(a), a noncontributory group life insurance plan and a noncontributory group disability benefit plan. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employee contributions shall immediately become and shall at all times remain fully vested and non-forfeitable. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employer contributions shall be vested and non-forfeitable on the date the participant commences the second year of employment or upon his or her attainment of age 65, while employed by an employer, whichever occurs first.

# NOTE 7: PENSION PLANS (CONTINUED)

#### <u>Defined Contribution Retirement Program (DCRP) (Continued)</u>

#### **Contributions**

The contribution policy is set by N.J.S.A. 43:15C-3 and requires contributions by active members and contributing employers. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the Commission contributes 3% of the employees' base salary, for each pay period, to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period. The actuary determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits and post-retirement medical premiums.

For DCRP, the Commission recognized \$44,627 pension expense for the fiscal year ended June 30, 2021. There were \$57,084 employee contributions to DCRP for the fiscal year ended June 30, 2021.

# NOTE 8: POST-RETIREMENT MEDICAL BENEFITS

The State of New Jersey sponsors and administers the post-retirement health benefit program plan for school districts.

As a result of implementing GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other than Pension Plans, the post-retirement health benefit program plan is reported in an Agency Fund in the New Jersey Comprehensive Annual Financial Report effective for the fiscal year ended June 30, 2020. Therefore, the plan has no assets accumulated in a trust. In accordance with GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Oher than Pension (GASB No. 75), the plan is classified as a single employer defined benefit OPEB plan with a special funding situation that is not administered through a trust that meets the criteria in paragraph 4 of GASB No. 75.

#### Plan Description and Benefits Provided

The State of New Jersey sponsors and administers the following postretirement health benefit program plan covering certain local school district employees, including those Board employees and retirees eligible for coverage.

**State Health Benefit Program Fund – Local Education Retired** (including Prescription Drug Program Fund) – N.J.S.A. 52:14-17.32f provides medical coverage and prescription drug benefits to qualified retired education participants. The State of New Jersey provides

# NOTE 8: POST-RETIREMENT MEDICAL BENEFITS (CONTINUED)

#### Plan Description and Benefits Provided (Continued)

employer-paid coverage to members of the TPAF who retire from a board of education or county college with 25 years of service or on a disability retirement. Under the provisions of Chapter 126, P.L. 1992, the State also provides employer-paid coverage to members of the PERS and Alternate Benefits Program (ABP) who retire from a board of education or county college with 25 years of service or on a disability retirement if the member's employer does not provide this coverage. Certain local participating employers also provide post-retirement medical coverage to their employees. Retirees who are not eligible for employer paid health coverage at retirement can continue in the program if their employer participates in this program or if they are participating in the health benefits plan of their former employer and are enrolled in Medicare Parts A and B by paying the cost of the insurance for themselves and their covered dependents.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above Fund. The financial reports may be accessed via the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, website at <a href="https://www.state.nj.us/treasury/pensions">www.state.nj.us/treasury/pensions</a>.

### Plan Membership

Membership of the defined benefit OPEB plan consisted of the following at June 30, 2019:

Active Plan Members	216,804
Inactive Plan Members or Beneficiaries Currently	
Receiving Benefits	149,304
Inactive Plan Members Entitled to but Not Yet	
Receiving Benefits	-
Total Plan Members	366,108

# NOTE 8: POST-RETIREMENT MEDICAL BENEFITS (CONTINUED)

#### **Measurement Focus and Basis of Accounting**

The financial statements of the post-employment health benefit plans are prepared in accordance with U.S. generally accepted accounting principles as applicable to governmental organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB).

The accrual basis of accounting is used for measuring financial position and changes in net position of the post-employment health benefit plans. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan. The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

#### **Investment Valuation**

Investments are reported at fair value. Investments that do not have an established market are reported at estimated fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

#### **Collective Net OPEB Liability**

The collective net OPEB liability of the State, as the non-employer contributing entity, of the plan at June 30, 2020 is \$67,809,962,608, and the plan fiduciary net position as a percentage of the total OPEB liability is zero percent.

The total OPEB liabilities were determined based on actuarial valuation as of June 30, 2019 which were rolled forward to June 30, 2020.

#### **Actuarial Methods and Assumptions**

In the June 30, 2019 OPEB actuarial valuation, the actuarial assumptions and methods used in these valuations were described in the Actuarial Assumptions and Methods section of the Actuary's report and are included here in this note to the financial statements. The Plan selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 75. The Actuary provided guidance with respect to these assumptions, and it is their belief that the assumptions represent reasonable expectations of anticipated plan experience.

# NOTE 8: POST-RETIREMENT MEDICAL BENEFITS (CONTINUED)

#### **Post-Retirement Medical Benefits Contributions**

The State provides post-retirement medical (PRM) benefits for certain State and other retired employees meeting the service credit eligibility requirements. In Fiscal Year 2020, the State paid PRM benefits for 143,053 State and local retirees.

The State funds post-retirement medical benefits on a "pay-as-you-go" basis, which means that the State does not pre-fund, or otherwise establish a reserve or other pool of assets against the PRM expenses that the State may incur in future years. For Fiscal Year 2020, the State contributed \$1.578 billion to pay for pay-as-you-go PRM benefit costs incurred by covered retirees. The State's "pay-as-you-go" contributions have decreased from Fiscal Year 2019 amounts. Reductions are attributable to various cost savings initiatives implemented by the State, including new Medicare Advantage contracts. The State has appropriated \$1.775 billion in Fiscal Year 2021 as the State's contribution to fund pay-as-you-go PRM costs.

In accordance with the provisions of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the State is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to retired plan members. This new standard supersedes the previously issued guidance, GASB Statement No. 45, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, effective for Fiscal Year 2018. The State is now required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments. The Fiscal Year 2020 total State OPEB liability to provide these benefits is \$65.5 billion, a decrease of \$10.5 billion or 13.8 percent from the \$76.0 billion liability recorded in Fiscal Year 2019.

The School Employees Health Benefits Program (SEHBP) Act is found in New Jersey Statutes Annotated, Title 52, Article 17.25 et. seq. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASBS No. 75.

The State sets the contribution rate based on a pay as you go basis rather than the actuarial determined contribution, an amount actuarially determined in accordance with the parameters of GASB Statement 75.

# NOTE 8: POST-RETIREMENT MEDICAL BENEFITS (CONTINUED)

#### **Post-Retirement Medical Benefits Contributions (Continued)**

The actuarial determined contribution represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and any unfunded actuarial liabilities (or funding excess) of the plan using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with OPEB through the Plan. The State's contributions, as a nonemployer contributing entity, to the State Health Benefits Program Fund-Local Education Retired for retirees' post-retirement benefits on behalf of the Commission for the fiscal years ended June 30, 2021, 2020, and 2019 were \$233,236, \$219,885 and \$252,458, respectively, which equaled the required contributions for each year. The State's contributions to the State Health Benefits Program Fund – Local Education Retired for PERS retirees' post-retirement benefits on behalf of the Commission was not determined or made available by the State of New Jersey. The on-behalf OPEB contributions are recognized in the governmental fund financial statements (modified accrual basis) as both a revenue and expenditure in accordance with GASB No. 85.

# OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

GASB Statement No. 75 requires participating employers in the State Health Benefit Program Fund – Local Education Retired to recognize their proportionate share of the collective OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources and collective OPEB expense. The non-employer allocation percentages presented are based on the ratio of the State's contributions made as a non-employer toward the actuarially determined contribution amount to total contributions to the plan during the measurement period July 01, 2019 through June 30, 2020. Non-employer allocation percentages have been rounded for presentation purposes.

In accordance with GASB No. 75, the Commission is not required to recognize an OPEB liability for the post-employment health benefit plan. The State of New Jersey, as a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to the plan on behalf of the Commission. Accordingly, the Commission's proportionate share percentage determined under Statement No. 75 is zero percent and the State's proportionate share is 100% of the OPEB liability attributable to the Commission. Therefore, in addition, the Commission does not recognize any portion of the collective deferred outflows of resources and deferred inflows of resources related to the plan.

# NOTE 8: POST-RETIREMENT MEDICAL BENEFITS (CONTINUED)

OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

At June 30, 2020, the State had deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Actual and Expected Experience	\$10,295,318,750	\$ (9,170,703,615)
Net Difference Between Expected and Actual Earnings on OPEB Plan Investments	-	-
Assumptions Changes	11,534,251,250	(7,737,500,827)
Sub Total	21,829,570,000	(16,908,204,442)
Contributions Made in Fiscal Year Ending 2018 After June 30, 2017 Measurement Date	твр	Not Available
Total	\$21,829,570,000	\$ (16,908,204,442)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in State's OPEB expense as follows:

Measurement					
Period Ending					
June 30,		Total			
2021	\$	43,440,417			
2022		43,440,417			
2023	43,440,417				
2024	43,440,417				
2025		43,440,417			
Total Thereafter	4,	704,163,473			
	\$ 4,	921,365,558			

# NOTE 8: POST-RETIREMENT MEDICAL BENEFITS (CONTINUED)

OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

For the fiscal year ended June 30, 2021, the Commission recognized in the district-wide statement of activities (accrual basis) OPEB expense of \$1,218,466. This amount has been included in the district-wide statement of activities (accrual basis) as a revenue and expense in accordance with GASB No. 85.

At June 30, 2021, the State's proportionate share of the OPEB liability attributable to the Commission is \$26,308,629. The non-employer allocation percentages are based on the ratio of the State's proportionate share of the OPEB liability attributable to the Commission at June 30, 2020 to the total OPEB liability of the State Health Benefit Program Fund – Local Education Retired Employees Plan at June 30, 2020. At June 30, 2020, the state's share of the OPEB liability attributable to the Commission was 0.0387975866%, which was an increase of 0.0004040956% from its proportionate share measured as of June 30, 2019 of 0.0383934911%.

# **Actuarial Assumptions**

The OPEB liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of June 30, 2019, which was rolled forward to June 30, 2020. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

Inflation Rate	2.50%
IIIIalion Rale	2.507

	TPAF/ABP PERS				
Salary Increases:					
Through 2026	1.55 - 4.45% based on service years	2.00 - 6.00% based on service years	3.25 - 15.25% based on service years		
Thereafter	1.55 - 4.45% based on service years	3.00 - 7.00% based on service years	Applied to all future years		

Salary increases are based on the defined benefit plan that the individual is enrolled in and his or her year of service for TPAF or his or her age for PERS.

# NOTE 8: POST-RETIREMENT MEDICAL BENEFITS (CONTINUED)

#### **Actuarial Assumptions (Continued)**

Preretirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP), "General" (PERS), and "Safety" (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2020. Postretirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2020. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2020.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of the TPAF and PERS actuarial experience studies for the period July 1, 2015 to June 30, 2018 and July 1, 2014 to June 30, 2018, respectively.

Health Care Trend Assumption – For pre-Medicare medical benefits, the trend rate is initially 5.6% and decreases to a 4.5% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rate for fiscal year 2021 through 2022 are reflected. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.0% and decreases to a 4.5% long-term trend rate after eight years. For the Medicare Part B reimbursement, the trend rate is 5.0%.

#### Long-Term Expected Rate of Return

As the OPEB plan only invests in the State of New Jersey Cash Management Fund, the long-term expected rate of return on OPEB investments was based off the best-estimate ranges of future real rates of return (expected returns, net of OPEB plan investment expense and inflation) for cash equivalents, which is 1.00% as of June 30, 2020.

#### **Discount Rate**

The discount rate used to measure the total OPEB liabilities of the plan was as follows:

# NOTE 8: POST-RETIREMENT MEDICAL BENEFITS (CONTINUED)

# **Discount Rate (Continued)**

Fiscal Year Measurement Date		Discount Rate
2021	June 30, 2020	2.21%
2020	June 30, 2019	3.50%

The discount rate represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

### **Changes in the Total OPEB Liability**

The change in the State's proportionate share of the OPEB liability attributable to the Commission for the fiscal year ended June 30, 2021 (measurement date June 30, 2020) is as follows:

State Share 10078   ST EB Elability		OF	mission's Total PEB Liability e Share 100%)	State of New Jersey's Total OPEB Liability
Measurement Date         \$ 16,021,251         \$ 41,729,081,045           Changes Recognized for the Fiscal Year:         584,190         1,790,973,822           Interest on Total OPEB         573,485         1,503,341,357           Changes of Benefit Terms         -         -           Differences between         -         -           Expected and Actual         -         -           Experiences         4,768,151         11,544,750,637           Effect of Changes of Assumptions         4,805,682         12,386,549,981           Contributions - Employees         13,882         (1,180,515,618)           Gross Benefits Paid by the State         (458,012)         35,781,384           Net Changes         10,287,378         26,080,881,563		Clair	e onare 10070)	Of LD Liability

#### **Changes in the Total OPEB Liability (Continued)**

Changes of assumptions and other inputs reflect a change in the discount rate from 3.50% in 2019 to 2.21% in 2020.

The change in the total OPEB liability was based on the State's proportionate share of the OPEB liability attributable to the Commission at June 30, 2020. A change in the total OPEB liability specific to the State's proportionate share of the OPEB liability attributable to the Commission for the fiscal year ended June 30, 2020 was not provided by the pension system.

# **Sensitivity of OPEB Liability**

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the State's proportionate share of the OPEB liability attributable to the Commission calculated using the discount rate of 2.21%, as well as what the State's proportionate share of the OPEB liability attributable to the Commission that would be if it were calculated using a discount rate that is 1-percentage-point lower (1.21%) or 1-percentage-point higher (3.21%) than the current rate:

	At 1%	At Current	
	Decrease	Discount Rate	At 1% Increase
	(1.21%)	(2.21%)	(3.21%)

the State)	\$ 21,237,213	\$ 26,308,629	\$ 32,347,559				

# NOTE 8: POST-RETIREMENT MEDICAL BENEFITS (CONTINUED)

#### **Sensitivity of OPEB Liability (Continued)**

The sensitivity analyses were based on the State's proportionate share of the OPEB liability attributable to the Commission at June 30, 2020. Sensitivity analyses specific to the State's proportionate share of the OPEB liability attributable to the Commission at June 30, 2020 were not provided by the pension system.

# NOTE 9: FUND BALANCE APPROPRIATED

**General Fund** – Of the \$1,274,574 General Fund fund balance at June 30, 2021, it is unreserved and undesignated.

- Non-spendable fund balance includes amounts that are not in a spendable form (inventory, for example) or are required to be maintained intact (the principal of an endowment fund, for example).
- Restricted fund balance includes amounts that can be spent only
  for the specific purposes stipulated by external resource providers
  (for example, grant providers), constitutionally, or through enabling
  legislation (that is, legislation that creates a new revenue source
  and restricts its use). Effectively, restrictions may be changed or
  lifted only with the consent of resource providers.
- Committed fund balance includes amounts that can be used only
  for the specific purposes determined by a formal action of the
  Board's highest level of decision-making authority. Commitments
  may be changed or lifted only by the government taking the same
  formal action that imposed the constraint originally.
- Assigned fund balance comprises amounts intended to be used by the Board for specific purposes. Intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.

#### NOTE 9: FUND BALANCE APPROPRIATED (CONTINUED)

#### **General Fund (Continued)**

 Unassigned fund balance is the residual classification for the general fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose. If another governmental fund has a fund balance deficit, then it will be reported as a negative amount in the unassigned classification in that fund. Positive unassigned amounts will be reported only in the general fund.

#### NOTE 10: RESERVED FUND BALANCES – GENERAL FUND

<u>Calculation Of Excess Surplus</u> – In accordance with N.J.S.A. 18A:7F-7, as amended, the designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. At June 30, 2021, there is no excess fund balance.

#### NOTE 11: RISK MANAGEMENT

The Commission is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

<u>Property and Liability Insurance</u> – The Commission maintains commercial insurance coverage for property, liability, student accident, and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

#### NOTE 12 CONTINGENT LIABILITIES

<u>Litigation</u> – The Board's attorney is unaware of any potential claims against the Commission that would materially affect the financial condition of the Commission.

#### NOTE 13: RESTATEMENT

On July 1, 2020, the Educational Services Commission of Morris County implemented GASB Statement No. 84, Fiduciary Activities. The Educational Services Commission of Morris County has determined that the effect of implementing this accounting change on the financial statements previously reported as of and for the fiscal year ended June 30, 2020 are as follows:

#### Fiduciary Funds

The financial statements of the fiduciary funds as of June 30, 2020 have been restated to reflect the reclassification of certain activities to governmental funds as noted above. The effect of this restatement is to decrease total fiduciary net position by \$3,430 from \$3,430 as previously reported to zero as of June 30, 2020.

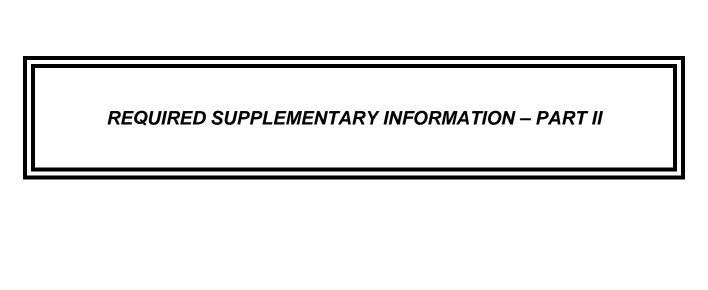

# NOTE 14: SUBSEQUENT EVENTS

Subsequent events were evaluated through March 15, 2022, the date the financial statements were available to be issued.

# NOTE 15: IMPACT OF COVID-19

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Commission's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Commission is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2022.

Although the Commission cannot estimate the length or gravity of the impact of the COVID-19 outbreak at this time, if the pandemic continues, it may have a material effect on the Commission's results of future operations, financial position, and liquidity in fiscal year 2022.

Note: This schedule does not contain ten years of information as GASB No. 75 was implemented during the fiscal year ended June 30, 2018.

#### EDUCATIONAL SERVICES COMMISSION OF MORRIS COUNTY NOTES TO REQUIRED SUPPLEMENTARY INFORMATION PUBLIC EMPLOYEES RETIREMENT SYSTEM FOR FISCAL YEAR ENDED JUNE 30, 2020

#### NET PENSION LIABILITY (SCHEDULES L-1 AND L-2)

#### A. Benefit Changes

There were none.

#### B. Changes in Assumptions

The discount rate changed from 6.28% as of June 30, 2019 to 7.00% as of June 30, 2020. Please see Note 7 for details of assumptions used in calculating the net pension liability and statutorily required employer contribution.

#### **NET OPEB LIABILITY (SCHEDULE M-1)**

#### A. Benefit Changes

There were none.

#### B. Changes in Assumptions

The discount rate changed from 3.50% as of June 30, 2019 to 2.21% as of June 30, 2020. Please see Note 8 for details of assumptions used in calculating the OPEB liability.

#### EDUCATIONAL SERVICES COMMISSION OF MORRIS COUNTY NOTES TO REQUIRED SUPPLEMENTARY INFORMATION TEACHERS PENSION AND ANNUITY FUND FOR FISCAL YEAR ENDED JUNE 30, 2020

#### NET PENSION LIABILITY (SCHEDULES L-3 AND L-4)

#### A. Benefit Changes

There were none.

#### B. Changes in Assumptions

The discount rate changed from 5.60% as of June 30, 2019 to 5.40% as of June 30, 2020. Please see Note 7 for details of assumptions used in calculating the net pension liability and statutorily required employer contribution.

#### **NET OPEB LIABILITY (SCHEDULE M-1)**

#### A. Benefit Changes

There were none.

#### B. Changes in Assumptions

The discount rate changed from 3.50% as of June 30, 2019 to 2.21% as of June 30, 2020. Please see Note 8 for details of assumptions used in calculating the OPEB liability.

OTHER SUPPLEMENTARY INFORMATION

#### SECTION G – PROPRIETARY FUNDS DETAIL STATEMENTS

Proprietary Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the Commission's board is that the costs of providing goods or services be financed through user charges.

Food Services Fund – The fund provides for the operation of food services in all schools within the school district.

THIS SECTION HAS ALREADY BEEN INCLUDED IN STATEMENTS B-4, B-5, AND B-6.

#### SECTION I – LONG-TERM DEBT SCHEDULES

The Long-Term Debt Schedules are used to reflect the outstanding principal balances of the general long-term liabilities of the school district. This includes serial bonds outstanding and obligations under capital leases.

### **Educational Services Commission of Morris County Statistical Section**

J series

#### **Contents**

#### **Financial Trends**

These schedules contain trend information to help the reader understand how the Commission's financial performance and well-being have changed over time.

#### **Revenue Capacity**

These schedules contain information to help the reader assess the Commission's most significant local revenue source, the property tax.

#### **Debt Capacity**

These schedules present information to help the reader assess the affordability of the Commission's current levels of outstanding debt and the Commission's ability to issue additional debt in the future.

#### **Demographic and Economic Information**

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Commission's financial activities take place.

#### **Operating Information**

These schedules contain service and infrastructure data to help the reader understand how the information in the Commission's financial report relates to the services the Commission provides and the activities it performs.

**Sources:** Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports (CAFR) for the relevant year. The Commission implemented GASB Statement 34 in the fiscal year ending June 30, 2004; schedules presenting district-wide information include information beginning that year.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Honorable President and Members of the Board of Education Educational Services Commission of Morris County County of Morris Morristown, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Educational Services Commission of Morris County (Commission), in the County of Morris, State of New Jersey, as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in table of contents and have issued our report thereon dated March 15, 2022.

#### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weakness or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weakness. However, material weakness may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matter that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

We also noted other matters that we reported to the Board of Trustees of the Educational Services Commission of Morris County in a separate report entitled, Auditor's Management Report on Administrative Findings dated March 15, 2022.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and the Office of School Finance, Department of Education, State of New Jersey, and state awarding agencies and pass-through entities, in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major State Program; Report on Internal Control over Compliance; and Report on the Schedule of Expenditures of State Financial Assistance Required by New Jersey OMB Circular 15-08

Honorable President and Members of the Board of Education Educational Services Commission of Morris County County of Morris Morristown, New Jersey

#### Report on Compliance for Each Major State Program

We have audited the compliance of the Educational Services Commission of Morris County (Commission), in the County of Morris, State of New Jersey, with the types of compliance requirements described in the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the School District's major state programs for the year ended June 30, 2021. The School District's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

The School District's management is responsible for compliance with state statutes, regulations, and the terms and conditions of its state awards applicable to its state programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the School District's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*; the audit requirements as prescribed by the Office of School Finance,

Department of Education, State of New Jersey; and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards, the Uniform Guidance, and New Jersey OMB's Circular 15-08 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the School District's compliance.

#### Opinion on Each Major State Program

In our opinion, the Educational Services Commission of Morris County, in the County of Morris, State of New Jersey, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2021.

#### **Report on Internal Control over Compliance**

Management of Educational Services Commission of Morris County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and New Jersey Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results that the testing based on the requirements of the Uniform Guidance and New Jersey OMB's Circular 15-08. Accordingly, this report is not suitable for any other purposes.

### Report on Schedule of Expenditures of State Financial Assistance Required by New Jersey OMB's Circular 15-08

We have audited the financial statements of the governmental activities, the businesstype activities, each major fund, and the aggregate remaining fund information of the Educational Services Commission of Morris County, as of and for the fiscal year ended June 30, 2021 and the related notes to the financial statements, which collectively comprise the School District's basic financial statements. We issued our report thereon dated March 15, 2022, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of state financial assistance as required by the New Jersey OMB's Circular 15-08 are presented for purposed of additional analysis and are not a required part of the basic financial statements. Such information is the responsibilities of management and was derived from and related directly to the underlying accounting and other records used to prepare basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In our opinion, the schedule of expenditures and schedule of expenditures of state financial assistance are fairly stated in all material respects in relation to the basic financial statements as a whole.

EDUCATIONAL SERVICES COMMISSION OF MORRIS COUNTY NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE JUNE 30, 2021

#### **NOTE 1. GENERAL**

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Board of Education, Educational Services Commission of Morris County. The Board of Education is defined in Note 1 to the board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedules of expenditures of federal awards and state financial assistance.

#### **NOTE 2. BASIS OF ACCOUNTING**

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the board's basic financial statements. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)* and New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the presentation of, the basic financial statements. This does not apply to charter schools as districts are not permitted to defer the June payments to charter schools.

#### NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to *N.J.S.A.* 18A:22-44.2. For GAAP purposes payments are not recognized until the subsequent

EDUCATIONAL SERVICES COMMISSION OF MORRIS COUNTY
NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE
FINANCIAL ASSISTANCE
JUNE 30, 2021

#### NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (CONTINUED)

budget year due to the state deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more June state aid payment in the current budget year, consistent with *N.J.S.A.* 18A:22-4.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is none for the general fund and none for the special revenue fund. See Notes to the Required Supplementary Information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the board's basic financial statements on a GAAP basis as presented below:

	F	ederal	State	Total
General Fund	\$	-	\$ 1,155,888	\$ 1,155,888
Special Revenue Fund		-	-	-
Food Service Fund				
Total Awards & Financial Assistance	\$	-	\$ 1,155,888	\$ 1,155,888

#### NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

#### NOTE 5. FEDERAL AND STATE LOANS OUTSTANDING

Educational Services Commission of Morris County has no loan balances outstanding at June 30, 2021.

EDUCATIONAL SERVICES COMMISSION OF MORRIS COUNTY NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE JUNE 30, 2021

#### NOTE 6. OTHER

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions respectively. The amounts reported as TPAF Pension Contributions, TPAF Post-Retirement Medical Contributions, and TPAF Long-Term Disability Insurance Contributions represent the amount paid by the State on behalf of the school district for the year ended June 30, 2021. TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2021.

#### NOTE 7. ON-BEHALF PROGRAMS NOT SUBJECT TO STATE SINGLE AUDIT

On-behalf State Programs for TPAF Pension, Post-Retirement Medical Benefits, and Long-Term Disability Insurance Contributions payments are not subject to a State single audit and, therefore, are excluded from major program determination. The Schedule of State Financial Assistance provides a reconciliation of State financial assistance reported in the School District's basic financial statements and the amount subject to State single audit and major program determination.

#### **NOTE 8. INDIRECT COST RATE**

The Educational Services Commission of Morris County has elected not to use the 10 percent de minimis Indirect Cost Rate as allowed under the Uniform Guidance.

#### NOTE 9. SCHOOLWIDE PROGRAM FUNDS

Schoolwide programs are not separate federal programs as defined in the Uniform Guidance; amounts used in schoolwide programs are included in the total expenditures of the program contributing the funds in the Schedule of Expenditures of Federal Awards.
