Honorable President and
Members of the Board of Education
City of Northfield School District
County of Atlantic

Dear Board Members:

The Comprehensive Annual Financial Report of the City of Northfield School District for the fiscal year ending June 30, 2021 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The Comprehensive Annual Financial Report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of the principal officials. The financial section includes the basic financial statements and schedules, management's discussion and analysis, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996 and the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations* and the New Jersey OMB Circular Letter 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments*. Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section report.

"Children First"

1) **REPORTING ENTITY AND ITS SERVICES:** The City of Northfield School District is an independent reporting entity within the criteria set forth in Section 2100 of the *GASB Codification of Governmental Accounting and Financial Reporting Standards*. All funds and account groups of the District are included in this report. The City of Northfield Board of Education and all its schools constitute the District’s reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre-K through 8. These include regular, vocational, and special education for handicapped youngsters. The District October 15, 2020 enrollment was 887 K - 8 students, which is 32 fewer students than the previous year’s enrollment. However, in January of 2019, the District began offering preschool under the Preschool Education Expansion Aid initiative and enrolled 22 additional students in the Northfield Community School and an additional 45 students that were placed with three private preschool providers in Northfield City in the 2020-2021 school year. This did not result in an increase in the October 2019 ASSA count, because the program is fully funded by the State of New Jersey and Pre-K students are not a part of our official October 15th count. The following details the October 15th official count changes in the student enrollment of the District over the last ten years, excluding Pre-K students.

Year	Enrollment	Change
2020-21	887	(3.48%)
2019-20	919	0.44%
2018-19	915	0.55%
2017-18	910	(1.09%)
2016-17	920	0.88%
2015-16	912	(2.15%)
2014-15	932	(5.28%)
2013-14	984	(3.46%)
2012-13	1,018	(2.77%)
2011-12	1,047	(0.76%)

2) **ECONOMIC CONDITION AND OUTLOOK:** After significant declining enrollments the 2016-17 school year was the first year in seven that saw an increase in enrollments. However, enrollments have leveled to around 910-920. A new apartment complex is under construction in the municipality consisting of 216 one and two bedroom apartments, and enrollments are predicted to rise even further in the coming years as a result. However, the decline in enrollments in 2020 is most likely due to COVID 19, with an increase in students being sent to private schools or home schooled. In a recent Standard & Poor’s Rating for bonds sold, the county’s high unemployment rate and participation in the Atlantic City region caused economic pressures given recent casino closures. However, the District received a bond rating of A+/Stable due to the fact that Northfield had a mature, primary residential local economy with good incomes, moderate debt burden, and the District maintained a strong total general fund balance on a GAAP basis of accounting, despite two consecutive drawdowns. Furthermore, the consequences of a previous economic downturn and closures in the hospitality industry due to COVID 19 was higher unemployment rates in the region, which includes Northfield. The recent increase in housing requirements in the area and nationwide are causing economic conditions to continue to improve.

3) **MAJOR INITIATIVES:** The 2021-22 school year started with a complete in-person academic program even though the Coronavirus pandemic continues. Our full day preschool program, which was made available through the Preschool Expansion Aide initiative from the New Jersey Department of Education, was expanded from six classrooms to a potential of 12 classrooms. Currently our enrollments include 10 classrooms, but has the potential to accommodate all 3 and 4 year olds in Northfield. However, enrollments continue to be lower than expected.

The quality of our staff is impressive, with one hundred percent of our teachers deemed highly qualified. Goals identified through the 5 Year Strategic Plan will continue to be pursued throughout the 2021-2022 school year through implementation of the action plans that accompanied the Strategic Plan.

In response to social gathering restrictions, after-school clubs, sports and other programs were not offered for the 2020-21 school year.

The 2021-22 budget was developed by the Administration, Board Finance Committee, and full Board of Education, and it was reviewed by the Atlantic County Superintendent of Schools' office. The 2021-22 general fund budget was increased by 2.61% due to a large State Aid increase and resulted in no tax levy increase. However, due to a slight decrease in debt service the District had a slight decrease in tax levy of 0.31%. Nonetheless due to another decrease in net valuations there was a slight increase in the tax rate of 1 cent. The declining net valuation of taxable property in the City has been declining since 2010 following the housing and subprime mortgage crisis, and fell another \$2.6 million in 2021. The rate of decline has been slowing in recent years and due to the most recent increase in real estate sales causing the prices of homes to rise this trend may be reversing.

Professional development activities were aligned to the District Professional Development Plan and the New Jersey Student Learning Standards in math and language arts. All curriculum in grades Pre-school through eight is continuously revised as appropriate. The Professional Development committee continued professional learning communities, focusing on development of benchmark testing and differentiated instruction, and social emotional learning among other topics. Continued professional development specifically to increase teacher efficacy with remote distance learning was included to the professional development plan for the 2021-2022 school year. We continue to schedule regular and meaningful articulation within and between districts. The Student Information System (SIS) that was implemented three years ago continues to provide improved communication avenues with families. In addition we provide intervention supports for students who demonstrate a need through the New Jersey Tiered System of Supports (NJTSS). Our Elementary School participated in year three of a three-year School Climate Transformation Project (SCTP) grant that is led by Rutgers University. Our Middle School participated in year two of the SCTP. Our Technology and School Safety and Emergency Management Committees continue to meet to achieve our goals.

Hazardous Materials Handling, Anti Bullying, Emergency Management Procedures, and Crisis Prevention workshops continue to help teachers and other staff gain knowledge in these areas to be better prepared to handle situations in their classroom and in the school building.

In an effort to improve our ability to differentiate instruction, our district is committed to assessing the efficacy of the staff to utilize data and provide supports as needed based on results of the assessment.

Technology integration and developing 21st century skill is a high priority as well as preparing for NJSLA-ELA and Math testing. This budget provided funds for the continuation of technology infrastructure, continued development of a STEAM (Science, Technology, Engineering, Art, and Mathematics) programming, curriculum upgrades, and distance learning professional development.

In an effort to provide all students with the maximum opportunity to receive in-person instruction throughout the Coronavirus pandemic during the 2020-21 school year, the District developed an AM PM schedule which enabled our students to receive four days of in-person instruction each week in the core subjects of English Language Arts, Mathematics, Science, and Social Studies. The students also received a full menu of virtual related arts classes to fulfill the four-hour instructional school day requirement.

The 2021-2022 budget also provided funds for District maintenance of building and grounds. In addition to annual and routine maintenance performed on a regular basis, larger projects are planned for each summer to continue to maintain the taxpayers' investment to the facility. During the summer of 2020 a new irrigation system was installed at the site of the Mill Road parking lot along with sod to improve the appearance of the grounds. Inside the building new grease traps were installed in the kitchen which are safer and more efficient, and the gym floor was completely refinished and restriped. Throughout the summer of 2021, upgrades to our HVAC controls were made and paid for using ESSER II funding. Additionally new LED lighting was installed in the cafeteria and library/media center with an estimated 10 year life. New carpet was installed in the library/media center, and the addition of a sensory room was installed in a smaller room off the library/media center. The exterior received a new vinyl fence at the kindergarten blue top play area.

4) INTERNAL ACCOUNTING CONTROLS: Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse, and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management. District management has developed a standard operating procedures and internal controls manual in accordance with N.J.A.C. 6A:23A-6, which was

adopted by the Board of Education in December 2009, and will be revised as needed and re-adopted annually at the Board's Reorganization meeting.

5) **BUDGETARY CONTROLS**: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of Education and Executive County Superintendent of Schools. Annual appropriated budgets are adopted for the general fund and the special revenue fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations to fund balance at June 30, 2021.

6) **ACCOUNTING SYSTEM AND REPORTS**: The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements," Note 1.

7) **DEBT ADMINISTRATION**: At June 30, 2021, the District's outstanding debt issues included \$2,798,000 in bonds, and \$-0- for capital leases.

8) **CASH MANAGEMENT**: The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 1. The District has adopted a cash management plan which requires it to deposit public funds in Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

9) **RISK MANAGEMENT**: The Board carries various forms of insurance, including, but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft on property and contents, and fidelity bonds.

10) **OTHER INFORMATION**: Independent Audit – State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The Accounting firm of Ford ~ Scott & Associates, L.L.C. was selected by the Board of Education. In addition to meeting the requirements set forth in the state statutes, the audit is designed to meet the requirements of the Single Audit Act of 1996 and the related OMB Circular A-133 and New Jersey

OMB Circular Letter 04-04. The auditor's report on the basic financial statements and combining and individual fund statements and schedules are included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

11) **ACKNOWLEDGEMENTS:** We would like to express our appreciation to the members of the City of Northfield School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

Independent Auditor's Report

Honorable President and
Members of the Board of Education
City of Northfield School District
County of Atlantic, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the City of Northfield School District in the County of Atlantic, State of New Jersey, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Northfield School District, in the County of Atlantic, State of New Jersey, as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Required Supplementary Information identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Northfield School District's basic financial statements. The combining and individual non-major fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), the schedule of state financial assistance as required by NJ OMB 15-08, and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements, schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), the schedule of state financial assistance as required by NJ OMB 15-08 is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements, schedule of expenditures of federal awards, as required by the Uniform Guidance, the schedule of state financial assistance as required by NJ OMB 15-08 is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 10, 2022 on our consideration of the City of Northfield School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Northfield School District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the City of Northfield School District ("District") annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2021. Please read it in conjunction with the transmittal letter at the front of this report and the District's financial statement.

FINANCIAL HIGHLIGHTS

- The net position of the District increased \$302,956.27. The increase is due mainly to an increase in property taxes levied.
- The State of New Jersey reimbursed the District \$548,428.03 during the fiscal year ended June 30, 2021 for the employer's share of social security contributions and pension contributions for TPAF members as calculated on their base salaries. Also, the State of New Jersey paid \$2,607,236.00 on behalf of the District for TPAF Pension Contributions. These amounts, which are not budgeted, are included as both a revenue and appropriation in the financial statements.
- As indicated by New Jersey State Statutes, the unreserved fund balance of the general fund is limited to 4% of the total general fund expenditures. Any excess is required to be designated as Reserved Fund Balance – Excess Surplus and included in the next year's budget as budgeted fund balance. As of June 30, 2021, the District had excess fund balance in the amount of \$848,694.19, of which \$510,937.90 has been included in the 2021-2022 budget and the remaining \$337,756.29 will be included in the 2022-2023 budget.
- During the fiscal year ended June 30, 2021, the District's revenues exceeded expenditures by \$297,043.91. This was mainly a result of a increase in local tax levy and state sources. During the prior fiscal year, revenues exceeded expenditures by \$161,926.87.
- In the District's business-type activities, net assets decreased \$108,175.99 due to the cost of operations exceeding revenues.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of four parts – *management's discussion and analysis* (this section), the basic *financial statements*, *required supplementary information*, and an optional section that presents *combining statements for special revenue, proprietary, and fiduciary funds*. The basic financial statements include two kinds of statements that present different views of the District.

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the District’s *overall* financial status.
- The remaining statements are *fund financial statements* that focus on individual parts of the District’s government, reporting on the District’s operations in *more detail* than the government-wide statements.
 - The *governmental funds* statements tell how *general government* services like instruction were financed in the *short term* as well as what remains for future spending.
 - *Proprietary fund* statements offer *short-* and *long-term* financial information about the activities the District operates like businesses, such as the food service and after school program.
 - *Fiduciary fund* statements provide information about the financial relationships – like the unemployment trust fund – in which the District acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and relate to one another.

Figure A-1 summarizes the major features of the District’s financial statements, including the portion of the District’s government they cover and the types of information they contain. The remainder of this overview section of management’s discussion and analysis explains the structure and contents of each of the statements.

Government-wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes *all* of the government’s assets and liabilities. All of the current year’s revenues and expenses are accounted for in the statement of changes in net position regardless of when cash is received or paid.

The two government-wide statements report the District’s *net position* and how they have changed. Net position – the difference between the District’s assets and liabilities – is one way to measure the District’s financial health, or *position*.

- Over time, increases or decreases in the District’s net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the District you need to consider additional non-financial factors such as changes in the Township’s property tax base and the condition of the District’s facilities.

The government-wide financial statements of the District are divided into two categories:

- *Governmental activities* – most of the District’s basic services are included here, such as instruction, transportation, administration, and plant operations. Property taxes and state and federal grants finance most of these activities.
- *Business-type activities* – the District charges fees to customers to help it cover the costs of certain services it provides. The District’s food program and after school program are included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant *funds* – not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes.

The District has three kinds of funds:

- *Governmental funds* – Most of the District's basic services are included in governmental funds, which focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement that explains the relationship (or differences) between them.
- *Proprietary funds* – Services for which the District charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long- and short-term financial information. In fact, the District's *enterprise funds* (one type of proprietary fund) are the same as its business-type activities, but provide more detail and additional information, such as cash flows.
- *Fiduciary funds* – The District is the trustee, or *fiduciary*, for other assets that - because of a trust arrangement – can be used only for the trust beneficiaries. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District's fiduciary activities are reported in separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. We exclude these activities from the District's government-wide financial statements because the District cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net position: The District's governmental activities net position increased \$302,956.27 between fiscal years 2020 and 2021. The business-type activities net assets decreased \$108,175.99 due to operating cost exceeding revenue.

	Governmental Activities		Business Type Activities		Total

Changes in net position. The total general fund revenue of the District increased approximately \$888,000 due to an increase in State aid and operating grants. The local tax levy is 48.28% of total general fund revenues. The municipality levies this tax on properties located in the Township and remits the collections on a monthly basis to the District.

Approximately 19.77% of the District's revenue comes from the State of New Jersey in the form of non-restricted state aid. This aid is based on the District's enrollment as well as other factors such as legislative funding of the SFRA formula. The District expenses are primarily related to instruction, administration, and plant operations.

	2021		2020	
	2021 Amount	Percentage	2020 Amount	Percentage

Business-type Activities

Operating revenues of the District's business-type activities decreased by \$243,533.67 from the previous year, miscellaneous revenues increased by \$456.89 and expenditures decreased by \$153,814.57.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As of the year end, the governmental funds reported a combined fund balance of \$2,432,140.46 which is \$259,692.87 higher than the beginning of the year. This is mainly a result of the increase in instructional expenses and student and instruction related services.

General Fund Budgetary Highlights

As further explained in the notes to the Financial Statements, annual appropriated budgets are prepared in the spring of each year for the general and special revenue funds. The budgets are submitted to the County office annually. Transfers of appropriations that do not exceed 10% on a cumulative basis may be made by Board resolution at any time during the fiscal year. Transfers of appropriations that exceed 10% on a cumulative basis must be approved by the Commissioner of Education. The District is permitted to encumber funds throughout the year for purchases ordered but not yet received. Any open encumbrances as of June 30th carry over to the next fiscal year and are added to the appropriation reflected in the certified budget.

After adjusting total revenue reported on Exhibit C-1 for the Reimbursed TPAF Social Security Contribution and on-behalf contributions, which are not budgeted, the District's actual revenue was more than the budget by \$49,520.41. This is a result of additional extraordinary aid and non-public transportation. Again, after adjusting for the Reimbursed TPAF Social Security Contribution, on-behalf contributions, actual expenditures were \$504,875.30 less than the budgeted appropriations. This is result of lower instructional costs, transportation costs and benefits costs.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of 2021, the District had invested over \$13 million, net of depreciation, in a broad range of capital assets, including land, buildings and equipment. Refer to Note 4 for more detailed information.

FUND FINANCIAL STATEMENTS

The combining and individual fund statements and schedules present more detailed information for the individual funds in a format that segregates information by fund type. The statements are segregated as follows:

Governmental Funds - This section consists of the general, special revenue, capital projects funds.

Proprietary Funds - This section consists of the food service fund and internal service funds. This fund is operated in a manner similar to a private business enterprise.

**CITY OF NORTHFIELD SCHOOL DISTRICT
 Reconciliation of the Statement of Revenues, Expenditures,
 and Changes in Fund Balances of Governmental Funds
 to the Statement of Activities
 For the Year Ended June 30, 2021**

Total net change in fund balances - governmental funds (from B-2) 259,692.87

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period.

	Depreciation expense	(774,644.00)	
	Disposal of Assets/Adjustments	(6,324.00)	
	Capital Outlays	<u>19,294.00</u>	(761,674.00)

Repayment of long term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position and is not reported in the Statement of Activities.

	Bond Principle	600,000.00	
	Capital Leases	<u>10,983.33</u>	610,983.33

District pension contributions - PERS
 Cost of benefits earned net of employee contributions

	196,501.00		
	<u>(161,031.00)</u>		35,470.00

In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+).

154,234.07

In the Statement of Activities, interest on long-term debt is accrued, regardless of when due. In the governmental funds, interest is reported when due. The (decrease)/increase in accrued interest from the previous year is an increase/(decrease) in the reconciliation.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Northfield School District is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of appointed officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District.

The financial statements of the Board of Education (Board) of the City of Northfield School District (District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. In its accounting and financial reporting, the District follows the pronouncements of the Governmental Accounting Standards Board (GASB). The more significant accounting policies established in GAAP and used by the District are discussed below.

A. REPORTING ENTITY:

The City of Northfield School District is a Type II district located in the County of Atlantic, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. A Superintendent is appointed by the Board and is responsible for the administrative control of the District. The purpose of the district is to educate students in grades Pre-K-8. Students in grades 9-12 attend Mainland Regional High School. The City of Northfield School District had an approximate enrollment at June 30, 2021 of 887 students.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is whether:

- the organization is legally separate (can sue or be sued in their own name)
- the District holds the corporate powers of the organization
- the District appoints a voting majority of the organization's board
- the District is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the District
- there is a fiscal dependency by the organization on the District

Based on the aforementioned criteria, the District has no component units.

B. BASIC FINANCIAL STATEMENTS – GOVERNMENT-WIDE STATEMENTS:

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The District's general, special revenue, capital project, and debt service activities are classified as governmental activities. The District's food service is classified as business-type activities.

In the governmental-wide Statement of Net Position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, (b) and are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position are reported in three parts—invested in capital assets, net of related debt; restricted net position; and unrestricted net position. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions and business-type activities (food service and latch-key program). The functions are also supported by general government revenues (property taxes, certain intergovernmental revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (regular instruction, special education, student & instruction related services, etc.) or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property taxes, interest income, etc.).

- a. The District does allocate indirect costs such as depreciation expense, compensated absences, On-behalf TPAF Pension Contributions, On-behalf TPAF Post Retirement Medical Contributions and Reimbursed TPAF Social Security Contributions.

The government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities. Fiduciary funds are not included in the government-wide statements.

C. BASIC FINANCIAL STATEMENTS – FUND FINANCIAL STATEMENTS

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

City of Northfield School District
Notes to Financial Statements
June 30, 2021

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements. The State of New Jersey Department of Education has mandated that all New Jersey School Districts must report all governmental funds as major, regardless of the fund meeting the GASB definition of a major fund. However, the criteria is applied to proprietary funds.

The following fund types are used by the District:

1. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District.

- a. **General fund** is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.
- b. **Special revenue** funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for a specific purpose. The special revenue fund is specifically used to account for state and federal grant monies that have been allocated to the District.
- c. **Capital projects** funds are used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds). The financial resources are derived from temporary notes or serial bonds.
- d. **Debt Service** funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal and interest.

Fund Balances – Governmental Funds

In the fund financial statements, governmental funds report the following classifications of fund balance:

Nonspendable – includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.

Restricted – includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.

Committed – includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to resolutions passed by the Board of Education, the District's highest level of decision making authority. Commitments may be modified or rescinded only through resolutions approved by the Board of Education.

City of Northfield School District
Notes to Financial Statements
June 30, 2021

Assigned – includes amounts that the District intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Under the District’s policy, amounts may be assigned by the Business Administrator.

Unassigned – includes amounts that have not been assigned to other funds or restricted, committed or assigned to a specific purpose within the General Fund. The District reports all amounts that meet the unrestricted General Fund Balance Policy described below as unassigned:

The details of the fund balances are included in the Governmental Funds Balance Sheet. When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balance are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed.

2. Proprietary Funds:

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the District:

- a. **Enterprise funds** are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designated to recover similar costs. The District’s enterprise funds consist of a food service fund and after school care fund.

3. Fiduciary Funds:

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support District programs. The reporting focus is on net position and changes in net position, and are reported using accounting principles similar to proprietary funds.

The District’s fiduciary funds are presented in the fiduciary fund financial statements by type (pension, private purpose and agency). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

D. BASIS OF ACCOUNTING

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

1. Accrual:

Both governmental and business-type activities in the government-wide financial statements and the proprietary and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

2. Modified Accrual:

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

E. FINANCIAL STATEMENT AMOUNTS

1. Cash and Cash Equivalents:

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

City of Northfield School District
Notes to Financial Statements
June 30, 2021

NJSA 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental units.

2. Investments:

Investments, including deferred compensation and pension funds, are stated at fair value, (quoted market price or the best available estimate). Interest earned on investments in the Capital Projects Fund is recognized as a reserve to pay future debt service or transferred to the general fund.

3. Inventories:

Inventories in the general fund consist of expendable supplies held for the District’s use and are carried at cost using the first-in, first-out method. Inventories in the enterprise fund are valued at cost, which approximates market, using the first-in, first –out method. As of June 30, 2021, the District did not have inventory in the general fund and had the following inventory in the enterprise fund:

Food	\$ 9,547.52
Supplies	1,676.00
Total	<u>\$ 11,223.52</u>

The value of Federal donated commodities is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of non-operating revenue in the financial statements. The value of commodities included in the food inventory on June 30, 2021 is \$8,414.52.

4. Capital:

Capital assets purchased or acquired with an original cost of \$2,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	10-50 years
Equipment & Vehicles	5-10 years
Improvements	10-50 years
Furniture & Equipment	5-20 years

5. Revenues:

Substantially all governmental fund revenues are accrued. Property taxes are susceptible to accrual and under New Jersey State Statutes a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. Subsidies and grants to proprietary funds, which finance either capital or current operations, are reported as non-operating revenue. In respect to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenue when the applicable eligibility requirements, including time requirements are met. Resources transmitted before eligibility requirements are met are reported as advances by the provider and deferred revenue by the recipient. Program revenues, including tuition revenue are reported as reductions to expenses in the statement of activities.

6. Expenditures:

Expenses are recognized when the related fund liability is incurred. Inventory costs are reported in the period when inventory items are used, rather than in the period purchased.

7. Compensated absences:

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

In governmental and similar trust funds, compensated absences that are expected to be liquidated with expendable available financial resources are reported as an expenditure and fund liability in the fund that will pay for the compensated absences. The remainder of the compensated absences liability is reported in the District-wide Financial Statements as a Governmental Activity.

In proprietary and similar trust funds, compensated absences are recorded as an expense and liability of the fund that will pay for them.

8. Interfund Activity:

Interfund activity is reported as either loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related costs as reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

9. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue and debt service funds. The budgets are submitted to the county office for approval and, as long as the District budget is within State mandated CAPs, there is no public vote on the budget. If the budget exceeds State mandated CAPS, the voters have an opportunity to approve or reject the budget at the regular election held in November. Budgets are prepared using the modified accrual basis of accounting, except for the special revenue fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:23-2(g). Transfers of appropriations may be made by School Board resolution at any time during the fiscal year and are subject to two-thirds majority vote by the School Board and under certain circumstances require approval by the County Superintendent of Schools. The following are the major transfers made during the year.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

10. Encumbrances

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds, other than the special revenue fund, are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

**City of Northfield School District
Notes to Financial Statements
June 30, 2021**

Open encumbrances in the special revenue fund, for which the District has received advances, are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

11. Tuition Payable

Tuition charges for the fiscal years 2020/21 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined.

12. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those results.

13. Allocation of Costs

In the government-wide statement of activities, the District has allocated unallocated benefits to various programs based on the actual expenditures by program.

14. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers Pension and Annuity Fund (TPAF) and Public Employee Retirement System (PERS) and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by the TPAF and PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

F. RECENT ACCOUNTING PRONOUNCEMENTS NOT YET EFFECTIVE

In May 2019, the Governmental Accounting Standards Board (GASB) issued Statement No. 91, "Conduit Debt Obligations". This statement is effective for fiscal periods beginning after December 31, 2022, will not have any effect on the District's financial reporting.

In March 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 93, "Replacement of Interbank Offered Rates". This statement, which is effective for fiscal periods beginning after December 31, 2022, and all reporting periods thereafter, will not have any effect on the District's financial reporting.

In March 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 94, "Public-Private and Public-Public Partnerships and Availability Payment Arrangements". This

City of Northfield School District
Notes to Financial Statements

statement, which is effective for fiscal years beginning after December 31, 2023, and all reporting periods thereafter, will not have any effect on the District's financial reporting.

In May 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 96, "Subscription Based Information Technology Arrangements". This statement, which is effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter, will not have any effect on the District's financial reporting.

In June 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 97, "Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32". This statement, which is effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter, will not have any effect on the District's financial reporting.

In October 2021, the Governmental Accounting Standards Board (GASB) issued Statement No. 98, "The Annual Comprehensive Financial Report". This statement, which is effective for fiscal years ending after December 15, 2021, will have an effect on the District's financial statements.

NOTE 2. INVESTMENTS

As of June 30, 2021, the District had no investments.

Interest Rate Risk. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 18A:20-37 limits the length of time for most investments to 397 days.

Credit Risk. New Jersey Statutes 18A:20-37 limits District investments to those specified in the Statutes. The type of allowable investments are Bonds of the United States of America or of the District or the local units in which the District is located; obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

Concentration of Credit Risk. The District places no limit on the amount the District may invest in any one issuer.

NOTE 3. CASH

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in the New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 18A:20-37 that are treated as cash equivalents. As of June 30, 2021, \$778,637.59 of the District's bank balance of \$2,166,323.78 was exposed to custodial credit risk.

	\$ 2,798,000.00	160,196.89	2,958,196.89

NOTE 6. PENSION PLANS

Description of Plans

All required employees of the District are covered by either the Public Employees' Retirement System or the Teacher's Pension and Annuity Fund cost-sharing multiple-employer defined benefit pension plans which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate.

The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625 or the reports can be accessed on the internet at http://www.state.nj.us/treasury/pensions/annrpts_archive.htm.

Teachers' Pension and Annuity Fund

The Teachers' Pension and Annuity Fund was established in January, 1955 under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System

The Public Employees' Retirement System was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full time employees of the State or any county, municipality, school district or public agency provided the employee is not required to be a member of

City of Northfield School District
Notes to Financial Statements
June 30, 2021

another State-administered retirement system or other state or local jurisdiction.

Funding Policy

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 7.5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The current TPAF rate is 7.5% and the PERS rate is 7.5% of covered payroll. The School District's contributions to TPAF for the years ending June 30, 2021, 2020, and 2019 were \$1,984,527.00, \$1,457,339.00, and \$964,150.00, respectively, and paid by the State of New Jersey on behalf of the board. The School District's contributions to PERS for the years ending June 30, 2021, 2020, and 2019 \$196,501.00, \$153,515.00, and \$160,582.00, respectively, equal to the required contributions for each year.

During the fiscal years ended June 30, 2021, 2020, and 2019 the State of New Jersey contributed \$622,709.00, \$540,646.00, and \$562,235.00, respectively, to the TPAF for post-retirement medical benefits on behalf of the Board. Also, in accordance with NJSA 18A:66-66 the State of New Jersey reimbursed the Board \$548,428.03, \$534,602.90, and \$517,017.16, during the same fiscal years for the employer's share of social security contributions for TPAF members as calculated on their base salaries. These amounts, which are not required to be budgeted, have been included in the financial statements, and the combining and individual fund and account group statements and schedules as revenues and expenditures in accordance in GASB 27.

Significant Legislation

Chapter 78, P.L. 2011, effective June 28, 2011 made various changes to the manner in which the Public Employees' Retirement System (PERS) and the Teachers' Pension and Annuity Fund (TPAF) operate and to the benefit provisions of those systems.

Chapter 78's provisions impacting employee pension and health benefits include:

- New members of the PERS hired on or after June 28, 2011 (Tier 5 members) will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of $\frac{1}{4}$ of 1% for each month that the member is under age 65.
- The eligibility age to qualify for a service retirement in the PERS is increased from age 63 to 65 for Tier 5 members.
- The annual benefit under special retirement for new PERS members enrolled after June 28, 2011 (Tier 3 members), will be 60% instead of 65% of the member's final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years.
- Increases in active member contribution rates. PERS active member rates increase from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years; PERS active member rate increase from 8.5% to 10%. For fiscal year 2012, the member contribution rates increased in October 2011. The phase-in of the additional incremental member contribution rates for PERS members will take place in July of each subsequent fiscal year.

City of Northfield School District
Notes to Financial Statements
June 30, 2021

- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by this law.
- New employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary.
- In addition, this new legislation changes the method for amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay).

Chapter 1, P.L. 2010, effective May 21, 2010, made a number of changes to the State-administered retirement systems concerning eligibility, the retirement allowance formula, the definition of compensation, the positions eligible for service credit, the non-forfeitable right to a pension, the prosecutor's part of the PERS, and employer contributions to the retirement systems.

Also, Chapter 1, P.L. 2010 changed the membership eligibility criteria for new members of PERS from the amount of annual compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of PERS to 1/60th from 1/55th, and it provided that new members of PERS have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of PERS will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. This law also closed the Prosecutors Part of the PERS to new members and repealed the law for new members that provided a non-forfeitable right to receive a pension based on the laws of the retirement system in place at the time 5 years of pension service credit is attained. The law also requires the State to make its full pension contribution, defined a 1/7th of the required amount, beginning in fiscal years 2012.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of the PERS with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Chapter 92, P.L. 2007 implemented certain recommendations contained in the December 1, 2006 report of the Joint Legislative Committee on Public Employee Benefits Reform; established a DCRP for elected and certain appointed officials, effective July 1, 2007; the new pension loan interest rate became 4.69% per year, and an \$8.00 processing fee per loan was charged, effective January 1, 2008. The legislation also removed language from existing law that permits the State Treasurer to reduce employer pension contributions needed to fund the Funds and Systems when excess assets are available.

City of Northfield School District
Notes to Financial Statements
June 30, 2021

NOTE 7: PUBLIC EMPLOYEES' RETIREMENT SYSTEM

At June 30, 2021, the District reported a liability of \$2,929,219.00 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2020, the District's proportion was .01796252830%, which was an increase of 14.47% from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the District recognized pension expense of \$161,031.00. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 53,336.00	10,359.00
Changes of assumptions	95,027.00	1,226,492.00
Net difference between projected and actual earnings on pension plan investments	100,123.00	
Changes in proportion and differences between District contributions and proportionate share of contributions	488,945.00	118,576.00
District contributions subsequent to the measurement date	<u>196,501.00</u>	
Total	<u>\$ 933,932.00</u>	<u>1,355,427.00</u>

\$196,501.00 reported as deferred outflows of resources related to pensions resulting from school district contributions subsequent to the measurement date (June 30, 2020) will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	
2021	\$ (226,959.00)
2022	(211,408.00)
2023	(121,416.00)
2024	(48,626.00)
2025	<u>(9,587.00)</u>
Total	<u>\$ (617,996.00)</u>

**City of Northfield School District
Notes to Financial Statements
June 30, 2021**

Actuarial Assumptions

The total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation of July 1, 2019, which was rolled forward to June 30, 2020. This actuarial valuation used the following assumptions, applied to all period in the measurement:

Inflation rate:

Price	2.75%
Wage	3.25%

Salary increases:

Through 2026	2.00% - 6.00% (based on years of service)
Thereafter	3.00% - 7.00% (based on years of service)

Investment rate of return: 7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disable Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflations. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2020 are summarized in the following table:

City of Northfield School District
Notes to Financial Statements
June 30, 2021

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
US Equity	27.00%	7.71%
Non-U.S. Developed Markets Equity	13.50%	8.57%
Emerging Markets Equity	5.50%	10.23%
Private Equity	13.00%	11.42%
Real Assets	3.00%	9.73%
Real Estate	8.00%	9.56%
High Yield	2.00%	5.95%
Private Credit	8.00%	7.59%
Investment Grade Credit	8.00%	2.67%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	1.94%
Risk Mitigation Strategies	3.00%	3.40%

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2057 and the municipal bond rate was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate.

The following presents the collective net pension liability of the participated employers as of June 30, 2020, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
District's proportionate share of the net pension liability	\$ 3,488,691.74	2,929,219.00	2,455,101.54

Pension plan fiduciary net position.

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

City of Northfield School District
Notes to Financial Statements
June 30, 2021

Additional Information

Collective balances of the local group at June 30, 2020 are as follows:

Deferred outflows of resources	\$	3,933,096,777.00
Deferred inflows of resources		13,351,735,209.00
Net pension liability		38,659,583,951.00

Collective pension expense for the Local Group for the measurement period ended June 30, 2020 is \$1,302,897,532.

The average of the expected remaining service lives of all employees that are provided with pension through the pension plan (active and inactive employees) determined at June 30, 2020, 2019, 2018, 2017, 2016, 2015, and 2014 is 5.16, 5.21, 5.63, 5.48, 5.57, 5.72 and 6.44 years, respectively

NOTE 8. TEACHERS' PENSION AND ANNUITY FUND (TPAF)

At June 30, 2021, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	\$	-
State's proportionate share of the net position liability associated with the District		<u>42,981,213.00</u>
Total	\$	<u>42,981,213.00</u>

The net pension liability was measured as of June 30, 2020 and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. At June 30, 2020, the District's proportion was 0.00%, which was no change from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the District recognized pension expense of \$2,672,755.00 and revenue of 2,672,755.00 for support provided by the State.

Actuarial assumptions. The total pension liability in the June 30, 2020 actuarial valuation was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. This actuarial valuation used the following assumptions, applied to all period included in the measurement:

**City of Northfield School District
Notes to Financial Statements
June 30, 2021**

Inflation Rate	
Price	2.75%
Wage	3.25%
Salary increases	
Through 2026	1.55% - 4.55% (based on years of service)
Thereafter	2.75% - 5.65% (based on years of service)
Investment rate of return	7.00%

Pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2015 to June 30, 2018.

Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2020 are summarized in the following table:

City of Northfield School District
Notes to Financial Statements
June 30, 2021

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return.
US Equity	27.00%	7.71%
Non-U.S. Developed Markets Equity	13.50%	8.57%
Emerging Markets Equity	5.50%	10.23%
Private Equity	13.00%	11.42%
Real Assets	3.00%	9.73%
Real Estate	8.00%	9.56%
High Yield	2.00%	5.95%
Private Credit	8.00%	7.59%
Investment Grade Credit	8.00%	2.67%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	1.94%
Risk Mitigation Strategies	3.00%	3.40%

Discount rate. The discount rate used to measure the total pension liability was 5.40% as of June 30, 2020. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 2.21% as of June 30, 2020, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 78% of the actuarially determined contributions for the State. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2062. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2062, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate.

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 5.40% as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (4.40%) or 1-percentage point higher (6.40%) than the current rate:

	1% Decrease (4.40%)	Current Discount Rate (5.40%)	1% Increase (6.40%)
District's proportionate share of the net pension liability	\$ -	-	-

City of Northfield School District
Notes to Financial Statements
June 30, 2021

Pension plan fiduciary net position.

Detailed information about the pension plan’s fiduciary net position is available in the separately issued TPAF financial report.

Additional Information

Collective balances of the local group at June 30, 2020 are as follows:

Deferred outflows of resources	\$	9,626,548,228.00
Deferred inflows of resources		14,591,988,841.00
Net pension liability		65,993,498,688.00

Collective pension expense for the plan for the measurement period ended June 30, 2019 is \$4,103,756,770.

The average of the expected remaining service lives of all employees that are provided with pension through the pension plan (active and inactive employees) determined at June 30, 2020, 2019, 2018, 2017, 2016, 2015, and 2014 is 7.99, 8.04, 8.29, 8.30, 8.30, 8.30, and 8.5 years, respectively.

NOTE 9. OTHER POST-RETIREMENT BENEFITS

General Information about the OPEB Plan

The State of New Jersey Provides employer-paid coverage to members of the TPAF who retire from a board of education or county college with 25 year of service or on a disability retirement. Under the provision of Chapter 126, P.L. 1992, the State also provides employer-paid coverage to members of PERS and Alternate Benefits Program (ABP) who retire from a board of education or county college with 25 years of service or on a disability retirement if the member’s employer does not provide this coverage. Certain local participating employers also provide post-retirement medical coverage to their employees. Retirees who are not eligible for employer paid health coverage at retirement can continue in the program if their employer participates in this program or if they are participating in the health benefits plan of their former employer and are enrolled in Medicare Parts A and B by paying the cost of the insurance for themselves and their covered dependents. In Fiscal Year 2020, the State paid PRM benefits for 143,053 State and local retirees.

The State funds post-retirement medical benefits on a “pay-as-you-go” basis, which means that the State does not pre-fund, or otherwise establish a reserve or other pool of assets against the PRM expenses that the State may incur in future years. For Fiscal Year 2020, the State contributed \$1.578 billion to pay for pay-as-you-go PRM benefit costs incurred by covered retirees. The State’s “pay-as-you-go” contributions have decreased from Fiscal Year 2019 amounts. Reductions are attributable to various cost savings initiatives implemented by the State, including new Medicare Advantage contracts. The State has appropriated \$1.775 billion in Fiscal Year 2021 as the State’s contribution to fund pay-as-you-go PRM costs.

City of Northfield School District
Notes to Financial Statements
June 30, 2021

In accordance with the provisions of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the State is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to retired plan members. This new standard supersedes the previously issued guidance, GASB Statement No. 45, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, effective for Fiscal Year 2018. The State is now required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments. The Fiscal Year 2020 total State OPEB liability to provide these benefits is \$65.5 billion, a decrease of \$10.5 billion or 13.8 percent from the \$76 billion liability recorded in Fiscal Year 2019.

Additional information on Pensions and OPEB can be accessed at state.nj.us/treasury/pensions/financial-reports.shtml.

Total OPEB Liability

The State, a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The LEA’s proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Accordingly, the LEA did not recognize any portion of the collective net OPEB liability on the Statement of Net Position. Accordingly, the following OPEB liability note information is reported at the State’s level and is not specific to the board of education/board of trustees. Note that actual numbers will be published in the NJ State CAFR on the Office of Management and Budget webpage: <https://www.nj.gov/treasury/omb/cafr.shtml>.

Actuarial assumptions and other imputes:

The total OPEB liability in the June 30, 2020 actuarial valuation reported by the State in the State’s most recently issued CAFR was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation rate – 2.50%

Salary Increases –

	<u>TPAF/ABP</u>	<u>PERS</u>	<u>PFRS</u>
Through 2026	1.55 - 4.45%	2.00 - 6.00%	3.25 - 15.25%
	based on service years	based on service years	based on service years
Thereafter	1.55 - 4.45%	3.00 - 7.00%	Applied to all
	based on service years	based on service years	future years

City of Northfield School District
Notes to Financial Statements
June 30, 2021

Mortality Rates –

Preretirement mortality rates were based on the Pub-2010 Healthy “Teachers” (TPAF/ABP), “General” (PERS), and “Safety” (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2020. Postretirement mortality rates were based on the Pub-2010 “General” classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2020. Disability mortality was based on the Pub-2010 “General” classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-20.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of actuarial experience studies for the period July 1, 2015 – June 30, 2018, July 1, 2014 – June 30, 2018, and July 1, 2013 – June 30, 2018 for TPAF, PERS, and PFRS, respectively.

Health Care Trend Assumptions –

For pre-Medicare medical benefits, the trend rate is initially 5.6% and decreases to a 4.5% long-term trend rate after seven years. For post-65 medical benefits, the actual fully insured Medicare Advantage trend rates for fiscal year 2021 are reflected. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.0% and decreases to a 4.5% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.0%.

Discount Rate –

The discount rate for June 30, 2020 was 2.21%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Notes to Financial Statements
June 30, 2021

Changes in the Total OPEB Liability reported by the State of New Jersey

Balance at 6/30/19	\$ 41,729,081,045.00
Changes for the year:	
Service cost	1,790,973,822.00
Interest	1,503,341,357.00
Differences between Expected & Actual Experiences	11,544,750,637.00
Changes in assumptions or other inputs	12,386,549,981.00
Contributions: Member	35,781,384.00
Benefit payments	<u>(1,180,515,618.00)</u>
Net changes	<u>26,080,881,563.00</u>
Balance at 6/30/20	<u>\$ 67,809,962,608.00</u>

Sensitivity of the total OPEB liability to changes in the discount rate:

The following presents the total OPEB liability as of June 30, 2020, respectively, calculated using a discount rate as disclosed above as well as what the total nonemployer OPEB would be if it was calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current discount rate:

	<u>1% Decrease (1.21%)</u>	<u>Discount Rate (2.21%)</u>	<u>1% Increase (3.21%)</u>
Total OPEB Liability (School Retirees)	81,748,410,002.00	67,809,962,608.00	56,911,439,160.00

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates.

The following presents the total OPEB liability as of June 30, 2020 calculated using the healthcare trend rate as disclosed above as well as what the total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current healthcare cost trend rates:

	<u>1% Decrease</u>	<u>Healthcare Cost Trend Rates</u>	<u>1% Increase</u>
Total OPEB Liability (School Retirees)	54,738,488,540.00	67,809,962,608.00	83,375,182,975.00

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2021, the board of education recognized OPEB expense of \$940,471.00 determined by the State as the total OPEB liability for benefits provided through a defined OPEB plan that is not administered through a trust that meets the criteria in paragraph 4 of GASB 75 and in which there is a special funding situation.

In accordance with GASB 75, the board of education's proportionate share of school retirees OPEB is zero, there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources. At June 30, 2020, the State reported deferred outflows of resources

City of Northfield School District
Notes to Financial Statements
June 30, 2021

and deferred inflows of resources related to retired school employees' OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 10,295,318,750.00	(9,170,703,615.00)
Changes of assumptions	11,534,251,250.00	(7,737,500,827.00)
Total	<u>\$ 21,829,570,000.00</u>	<u>\$ (16,908,204,442.00)</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to retired school employees' OPEB will be recognized in OPEB expense as follows:

Year ended June 30,	
2022	\$ 43,440,417.00
2023	43,440,417.00
2024	43,440,417.00
2025	43,440,417.00
2026	43,440,417.00
Thereafter	<u>4,704,163,473.00</u>
Total	<u>\$ 4,921,365,558.00</u>

(Contributions made after June 30, 2020 are reported as deferred outflow of resources but are not amortized in the expense.)

Detailed information about the plan's fiduciary net position is available in the separately issued OPEB financial report.

NOTE 10. COMPENSATED ABSENCES

The District accounts for compensated absences (e.g. unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policies. In the event of termination, an employee is reimbursed for accumulated vacation. Sick leave benefits provide for ordinary sick pay and begin vesting with the employee and are capped based on the terms stated in the various contracts.

In the District-wide Statement of Net Position, the liabilities whose average maturities are greater than

City of Northfield School District
Notes to Financial Statements
June 30, 2021

one year should be reported in two components – the amount due within one year and the amount due in more than one year.

The liability for vested compensated absences of the governmental fund types is recorded in the general long-term debt account group. The current portion of the compensated absence balance is not considered material to the applicable funds total liabilities, and is therefore not shown separately from the long-term liability balance of compensated absences.

NOTE 11. DEFERRED COMPENSATION

The Board offers its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

TSA Consulting Group

NOTE 12. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The District maintains commercial insurance coverage for property, liability and surety bonds. During the fiscal year ended June 30, 2021 the District did not incur claims in excess of their coverage and the amount of coverage did not significantly decrease.

New Jersey Unemployment Compensation Insurance – The District has elected to fund its New Jersey Unemployment Compensation Insurance under the “Contributory Method.”

NOTE 13. INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances remained on the balance sheet at June 30, 2021:

<u>Fund</u>	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
General Fund	\$ 9,472.36	
School Aged Child Care		9,472.36
Total	<u>\$ 9,472.36</u>	<u>9,472.36</u>

Interfunds were created throughout the year due to short term borrowings to cover cash flow needs in the various funds. It is anticipated that all interfunds will be liquidated during the fiscal year. All governmental fund interfunds are eliminated in the governmental-wide statements, except for Due From Agency.

NOTE 14. ECONOMIC DEPENDENCY

The District receives support from the federal government and from the state government. A significant reduction in the level of support, if this were to occur, would have an effect on the District's programs and activities.

NOTE 15 – MAINTENANCE RESERVE ACCOUNT

A maintenance reserve account was established by the City of Northfield School District for the accumulation of funds for use as required maintenance expenditures in subsequent fiscal years. The maintenance reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

The activity of the Maintenance reserve for the July 1, 2020 to June 30, 2021 fiscal year is as follows:

Beginning Balance, July 1, 2020	\$	303,440
Budgeted Increase - FY 2021		1,000
		<hr/>
Ending Balance, June 30, 2021	\$	<u>304,440</u>

NOTE 16. FUND BALANCE APPROPRIATED

General Fund – Of the \$2,943,105.99 General Fund fund balance at June 30, 2021, \$127,928.41 is reserved for encumbrances; \$848,694.19 is reserved as excess surplus in accordance with N.J.S.A. 18A:7F-7 (\$510,937.90 of the total reserve for excess surplus has been appropriated and also included as anticipated revenue for the year ending June 30, 2022); \$0 has been legally restricted and included as anticipated revenue for the year ending June 30, 2022; \$304,440.00 has been reserved in the Maintenance Reserve Account; \$941,690.93 has been reserved in the Capital Reserve Account; \$82,840.57 has been reserved for Payroll Liabilities; and \$637,551.89 is unreserved and undesignated.

NOTE 17. CALCULATION OF EXCESS SURPLUS

In accordance with NJSA 18A:7F-7, as amended by P.L. 2004, C.73 (S1701), the designation for Reserved Fund Balance – Excess Surplus is a required calculation. New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2021 is \$848,694.19, of which \$510,937.90 has been appropriated and included as anticipated revenue for the year ended June 30, 2022.

NOTE 18. LITIGATION

From time to time, the District is a defendant in legal proceedings relating to its operations as a school district. In the best judgment of the District's management, the outcome of any legal proceedings will not have any adverse effect on the accompanying financial statements.

City of Northfield School District
Notes to Financial Statements
June 30, 2021

NOTE 19. RESTATEMENT OF PRIOR YEAR BALANCES

Net position has been restated as required by the implementation of GASB 84.

General Fund

Beginning net position as previously reported at June 30, 2020 \$ 8,795,759.94

Implementation GASB 84 - Restated of Prior Year Balances Required

Unemployment \$ 317,973.97

Student Activities \$ 23,442.77

Total: \$ 341,416.74

General Fund Net position as restated, July 1, 2020 \$ 9,137,176.68

NOTE 20. SUBSEQUENT EVENTS

The District has evaluated events through March 10, 2022, the date on which the financial statements were available to be issued and no additional items were noted for disclosure.

PROPRIETARY FUNDS

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the district's board is that the costs of providing goods or services be financed through user charges.

Food Services Fund - This fund provides for the operation of food services in all schools within the school district.

Internal Service Funds- This fund accounts for the operation of internal service agreements with Mullica Township and Washington Township Board of Education.

Note: NJSA 18A:7F-5d limits the amount that the district can submit for a general fund tax levy . The levy when added to other components of the district's net budget may not exceed the prebudget year net budget by more than the spending growth limitation calculation.

- a** The district's basic tax rate is calculated from the form A which is submitted with the budget and the net valuation taxable.
- b** Rates for debt service are based on each year's requirements.

Total direct and overlapping debt			<u>\$ 25,416,738.76</u>

Sources: City of Northfield Finance Officer, Atlantic County Finance Office and Authorities

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of City of Northfield. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable President and
Members of the Board of Education
City of Northfield School District
County of Atlantic, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, and each major of the City of Northfield School District, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements, and have issued our report thereon dated March 10, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered District's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of District's internal control. Accordingly, we do not express an opinion on the effectiveness of District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Northfield School District's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of basic financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements prescribed by the Division of Finance, Department of Education, and State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance with Requirements Applicable to Each Major Program and
on Internal Control Over Compliance in Accordance with the
Uniform Guidance and New Jersey OMB 15-08

Honorable President and
Members of the Board of Education
City of Northfield School District
County of Atlantic, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited the City of Northfield School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the City of Northfield School District's major federal and state programs for the year ended June 30, 2021. The City of Northfield School District's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Northfield School District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Uniform Guidance, and New Jersey 15-08 *State Aid/Grant Compliance Supplement*. Those standards and Circulars require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the City of Northfield School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the City of Northfield School District's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the City of Northfield School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of the City of Northfield School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Northfield School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance and NJ OMB 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Northfield School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and NJ OMB 15-08. Accordingly, this report is not suitable for any other purpose.

The accompanying Notes to Schedules of Expenditures of Awards and Financial Assistance are an integral part of this schedule.

City of Northfield School District
Notes to the Schedules of Financial Assistance
June 30, 2021

NOTE 1. GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Board of Education, City of Northfield School District. The Board of Education is defined in Note 1(A) to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements. The information included in this schedule is presented in accordance with the requirements of OMB Uniform Guidance and NJ OMB 15-08. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. The District has elected not to use the 10% de minimis indirect cost rate.

NOTE 3. RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to P.L. 2003, c.97 (A3521). For GAAP purposes that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not.

See the following schedules and Note 1(D) for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. There are no differences in the reporting of the food service funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as follows:

City of Northfield School District
Notes to the Schedules of Financial Assistance
June 30, 2021

	<u>General fund</u>	<u>Special Revenue Fund</u>	<u>Food Service Fund</u>	<u>Total</u>
State Assistance:

NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5. OTHER

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions, respectively. The amounts reported as TPAF Pension Contributions represents the amount paid by the State on behalf of the district for the year ended June 30, 2021. TPAF Social Security Contributions represents the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the year ended June 30, 2021.
