Honorable President and Members of the Board of Education Penns Grove-Carneys Point Regional School District County of Salem Penns Grove, New Jersey 08069-2057

Dear Board Members/Citizens:

The Comprehensive Annual Financial Report (CAFR) of the Penns Grove-Carneys Point Regional School District for the fiscal year ended June 30, 2021, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Penns Grove-Carneys Point Regional School District To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the district as of June 30, 2021, and the respective changes in financial position and cash flows, where applicable, thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America. All disclosures necessary to enable the reader to gain an understanding of the district's financial activities have been included.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the report of the independent auditors.

The Comprehensive Annual Financial Report is presented in four sections as follows:

Introductory Section:

Section contains a Letter of Transmittal, Roster of Officials, Consultants and Advisors, and an Organizational Chart.

Financial Section:

Section contains the Independent Auditors' Report and includes the Management's Discussion and Analysis, the Basic Financial Statements, Required Supplementary Information (RSI) and Other Supplementary Information.

Statistical Section:

Section contains selected financial trends, revenue and debt capacity, demographic, economic and other operating information, generally presented on a multi-year basis.

Single Audit Section:

The School District is required to undergo an annual Single Audit in conformity with the provisions of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)* and New Jersey OMB's Circular 15-08 OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid". Information related to this Single Audit, including the independent auditor's report on the internal control and compliance with applicable laws, regulations, contracts and grants, along with findings and questioned costs, if any, are included in the Single Audit Section of this report.

REPORTING ENTITY AND ITS SERVICES

Penns Grove-Carneys Point Regional School District is an independent reporting entity within the criteria adopted by the GASB Statement No. 14. All funds of the District are included in this report. The Penns Grove-Carneys Point Regional School District Board of Education and all its schools constitute the District's reporting entity.

General

The School District, serving Penns Grove and Carneys Point, was formed pursuant to Chapter 13 of Title 18A of New Jersey Statutes, which authorizes two or more municipalities to create a regional school district upon the approval of the voters of each of said municipalities. The School District is one of "all purpose" in that it was organized for all of the school purposes of the municipalities included within such regional districts.

The School District is geographically conterminous with Penns Grove and Carneys Point, which are located in Salem County in the southwestern part of the State, approximately 10 miles from Wilmington and 30 miles from Philadelphia.

Facilities |

The School District operates five schools: Lafayette-Pershing Schools (Pre-school through Kindergarten), Field Street School (Grades 1 through 3), Paul W. Carleton (Grades 4 through 5), Penns Grove Middle School (Grades 6 through 8), Penns Grove High School (Grades 9 through 12), and an administrative office building.

Staff

The faculty and staff for the School District consists of a superintendent, a business administrator, six directors, five principals, three assistant principals and a staff of 191 teachers/professional positions serving a total enrollment of 2,188 students, as of June, 2021. The School District has had full academic accreditation. The business of the School District by the Board, consisting of nine members: five members from the Township of Carneys Point, the more populace of the constituent municipalities, and four members from the Borough of Penns Grove.

In addition to the teaching/professional staff, the School District employs 46 instructional and non-instructional aides, 23 cafeteria workers, 20 full-time secretaries, 24 maintenance/custodial staff, and 4 technology staff.

ECONOMIC CONDITION AND OUTLOOK

Within the District are several large industries which provide tax ratable properties and jobs to the municipalities. We are not aware of any major changes at this time that would significantly impact School District enrollment.

MAJOR INITIATIVES

1. District Statement of Priorities

Maintaining Our School System

(11-190-100-610, \$344k) Replacement of Chromebooks with Google Chrome Management Centers district wide. Replacement of Promethean Boards and computer parts district wide. (11-190-100-500, \$283k) Cover the Internet connectivity, district-wide licensing, repair and replacement of major appliances and servers in the district to serve the computers used in district for assessment and instruction. DW licenses on curricular programs and student data software.

Raising Standards and Expanding Opportunities

(11-000-266-100, \$340k) Four new teaching staff members in the areas of special education, bilingual and world languages. Expanding the technology department including a Chief Informational Office and two computer technicians. (11-000-266-100, \$150k) Three new security guards at the elementary schools. KDNF Security Services to oversee the hallways and facilities in the high school. Adding three facilities crew members and one night shift foreman. (20-231-200-103, \$86k) Continuation of the ACHIEVE BEYOND Program for at-risk High School students to complete the NJDOE mandated requirements for graduation.

Building Professionalism

(11-000-223-590 and 11-000-223-320, \$13k) Contracted services providers to provide professional development to teachers in the areas of data analysis, NJ Learning Standards, assessment, and best practices in classroom instruction.

Protecting Our Investment (Capital & Maintenance Projects/Capital Reserve)

During the 2021-2022 fiscal year, Penns Grove - Carneys Point Regional School District will complete several facility renovations, which will provide students and stakeholders with a safe, secure and clean learning environment. Some of the accounts and descriptions of the items included in the budget are as follows: 12-000-261-730 - includes items for the maintenance department to efficiently and effectively maintain the building, such as the purchase of a new 15-foot lawn mower and various grounds maintenance equipment to replace aging items.

Also, included in the budget is a replacement score board and the high school marquee, which will support PGCPRSD athletic program and community. 12-000-400-450 - includes the cost of facility upgrades to address safety and indoor air quality issues within the district schools. Some of the construction projects planned for FY 21-22 include carpet and floors replacement throughout the district school buildings, security vestibules for the high school and the middle school, replacement of deteriorated

parking lots and sidewalks and the replacement of exterior bleachers at the middle school.

CARES Act - Response to Pandemic and Reopening Schools

The CARES Act monies received from the Department were used to support student technology at the home including Chromebooks and hotspots for internet access. Additionally, monies were used for PPE such as facemasks, gloves and other supplies for custodial and professional staff. Dividers, signage, and other social distancing measures were supported with purchases during the FY21. FY22 monies continue to support the same, plus HVAC, plumbing, and other improvements to facilitate a safer and cleaner education environment.

Planning for the Future

Continuation of the early College Program for the incoming Ninth Grade students. The program will offer students the opportunity to take college coursework that will allow the student to graduate with a high school diploma and a Associates degree in the School of Studies area. Students will have the choice of five (5) School of Studies: School of Medicine, School of Criminal Justice, School of Music and Performing Arts, School of Computer Science, and School of Liberal Arts. Expanding the Environmental Center at the Penns Grove High School with the creation of an Aquaponics Laboratory.

2. Core Curriculum Content Standards

Briefly describe new programs or enhancements to existing programs that will ensure the implementation of the New Jersey Student Learning Standards in the 2020-2021 school year.

Content Standards

New Programs/Enhancements

Math

(11-190-100-640, \$34k) Third payment of a three year deferred option to McGraw Hill for the Reveal for Middle School and High School. Math learning thrives on exploration, conversation, and reflection. Reveal Math is a complete K-12 core math program built on contemporary academic research and designed so all students can succeed in mathematics.

<u>Science</u>

(11-190-100-640, \$2500) Use of online text for LabAids at the Penns Grove Middle School. LabAids is the school adopted science program for teaching and learning.

Language Arts Literacy

(11-190-100-640, \$285k) Kindergarten to Grade 5 - Implementation of the selected program will take place for the 2021-2022 school year and will be implemented in phases, depending on the approved, TBD.

Social Studies

A new Financial Literacy Program is being utilized to enhance student engagement in Financial Literacy standards.

21st Century Life and Careers

The Early College High School Program through the Carver Foundation continues to expand access for all students at the Penns Grove High School, with first steps established at the middle school, to create a pathway to college.

Visual and Performing Arts

As a component of the Early College High School program, more students will be engaged in electives in the arts.

Comprehensive Health and Physical Education

To promote Health and Wellness, technology enhancements have been added to middle school Physical education to provide 21st century skills into health.

World Languages

Students at the elementary and middle school level have access to Spanish instruction. In 2020-2021 high school students were introduced to Latin, along with Spanish and French. Latin will be expanded as students can take additional years of the language.

Technological Literacy

Technology literacy is integrated throughout the curriculum. As a result of the pandemic, the school district is at a student to device ratio of 1:1. With this added technology, priority goals per grade level continue to shift with the New Jersey Student Learning standards.

INTERNAL ACCOUNTING CONTROLS

Management of the School District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the district are protected from loss, theft and misuse and to ensure that adequate accounting data are completed to allow for the preparation of financial statements in conformity with general accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable

assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be delivered; and (2) the valuation of costs and benefits require estimates and judgments by management.

As a recipient of federal and state financial assistance, the district also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluations by the district management.

As part of the School District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the district has complied with applicable laws and regulations.

BUDGETARY CONTROLS

In addition to internal accounting controls, the School District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section. An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either cancelled or included as re-appropriations of fund balance in the subsequent year.

ACCOUNTING SYSTEM AND REPORTS

The School District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The School District's accounting system is organized on the basis of funds. The funds are explained in "Notes to Financial Statements", Note 1.

OTHER INFORMATION

INDEPENDENT AUDIT

State statutes require an annual audit by independent certified public accountants. The accounting firm of Holt McNally & Associates, Inc., Certified Public Accounts & Advisors, was appointed by the Board of Education. In addition to meeting the requirements set forth in the State statutes, the audit was also designed to meet the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. The auditor's report on the basic financial statements and combining statements and related major fund supporting statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the Single Audit section of this report.

ACKNOWLEDGEMENTS

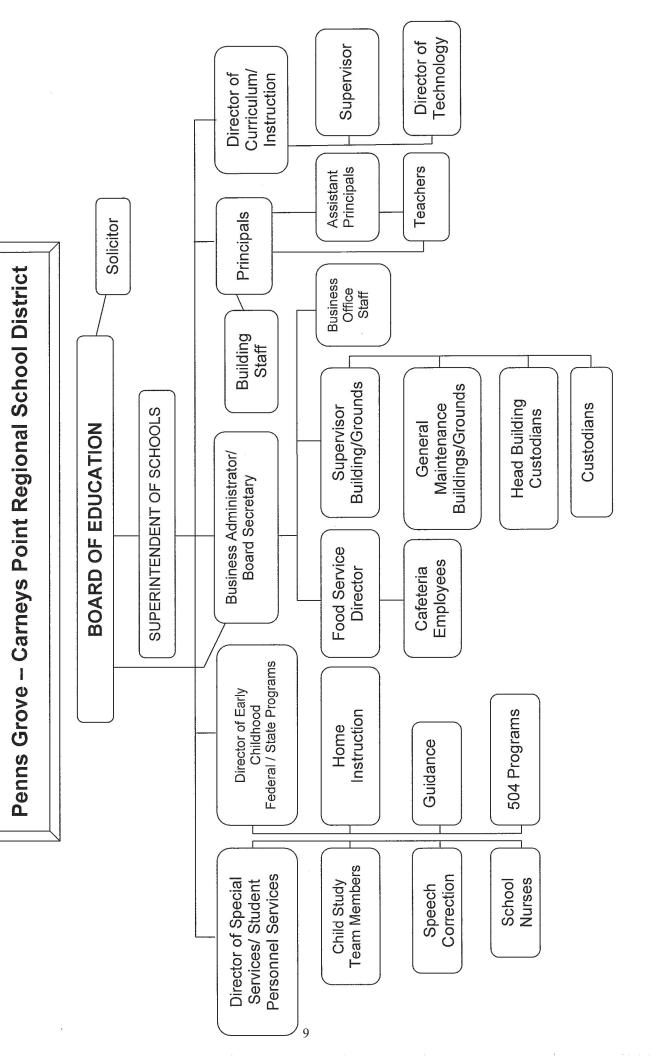

We would like to express our appreciation to the members of the Penns Grove-Carneys Point Regional School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

Zenaida Cobian, Superintendent

INDEPENDENT AUDITOR'S REPORT

Honorable President and Members of the Board of Education Penns Grove-Carneys Point Regional School District County of Salem Penns Grove, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Penns Grove-Carneys Point Regional School District, County of Salem, State of New Jersey, as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards and requirements require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

618 Stokes Road, Medford, NJ 08055 **P:** 609.953.0612 • **F:** 609.257.0008

Opinions

Basis for Qualified Opinion

As discussed in Note 5 to the financial statement, audit evidence could not be obtained for capital asset balances other than machinery and equipment. Due to the material nature of capital assets to the district-wide financial statements, the final balances may be materially misstated.

Qualified Opinion

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinoin, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Penns Grove-Carney's Point Regional School District, County of Salem, State of New Jersey, as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Change in Accounting Principle

As discussed in Note 1 to the financial statements, during the fiscal year ended June 30, 2021 the District adopted new accounting guidance, *GASB Statement No. 84, Fiduciary Activities*. Our opinion is not modified with respect to this matter.

Prior Period Restatement

Due to the implementation of GASB Statement No. 84, fund balance as of June 30, 2020 on the statement of activities and the statement of revenues, expenditures, and changes in fund balances has been restated, as discussed in note 21 to the financial statements. Our opinion is not modified with respect to this matter.

Due to a correction for GASB Statement No. 68, fund balance as of July 1, 2020, on the statement of activities and the statement of revenues, expenditures, and changes in fund balances has been restated, as discussed in Note 21 to the financial statements. Our opinion is not modified with respect to this matter.

Due to a revaluation of machinery and equipment capital assets, fund balance as of July 1, 2020 on the statement of activities and the statement of revenues, expenditures, and changes in fund balances has been restated, as discussed in Note 21 to the financial statements. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and the schedules related to accounting and reporting for pensions & other post-employment benefits, as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate

operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Penns Grove-Carneys Point Regional School District's basic financial statements. The introductory section, combining and individual fund statements long-term debt schedules and statistical section, are presented for purposes of additional analysis, as required by the Division of Administration and Finance, Department of Education, State of New Jersey, and are not a required part of the basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid are also not a required part of the basic financial statements.

The combining and individual fund financial statements and long-term debt schedules and the schedules of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and long-term debt schedules and the schedules of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical section listed in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 18, 2022 on our consideration of the School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

Respectfully Submitted,

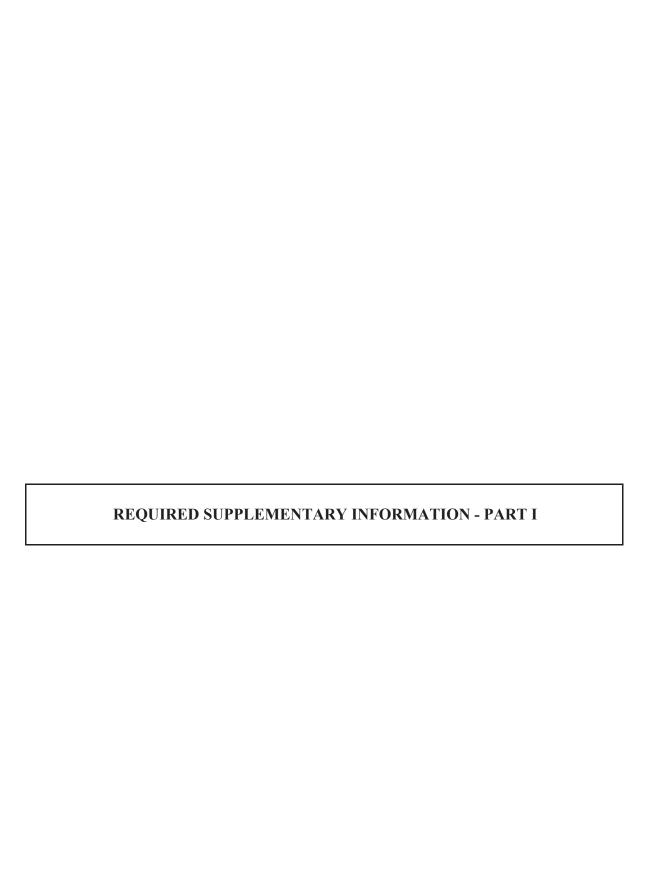

HOLT MCNALLY & ASSOCIATES, INC. *Certified Public Accountants & Advisors*

PENNS GROVE-CARNEYS POINT REGIONAL SCHOOL DISTRICT

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2021 (Unaudited)

As management of the Penns Grove Carneys Point Regional School District, New Jersey (School District), we offer readers of the School District's financial statements this narrative overview and analysis of the School District for the fiscal year ended June 30, 2021. We encourage readers to consider the information presented in conjunction with additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

Overview of the Basic Financial Statements

This discussion and analysis is intended to serve as an introduction to the School District's basic financial statements. Comparison to the prior year's activity is provided in this document. The basic financial statements are comprised of three components:

1) Government-Wide financial statements, 2) Fund financial statements, and 3) Notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The *government-wide financial statements* are designed to provide the reader with a broad overview of the financial activities in a manner similar to a private-sector business. The government-wide financial statements include the statement of net position and the statement of net activities.

The *statement of net position* presents information about all of the School District's assets and liabilities. The difference between the assets plus deferred outflows or resources and liabilities plus deferred inflows of resources is reported as net position. Over time, changes in net position may serve as a useful indicator of whether the financial position of the School District is improving or deteriorating.

The statement of activities presents information showing how the net position of the School District changed during the current fiscal year. Changes in net position are recorded in the statement of activities when the underlying event occurs, regardless of the timing of related cash flows. Thus, revenues and expenditures are reported in this statement even though the resulting cash flows may be recorded in a future period.

Both of the government-wide financial statements distinguish functions of the School District that are supported from taxes and intergovernmental revenues (governmental activities) and other functions that are intended to recover most of their costs from user fees and charges (business-type activities). Governmental activities consolidate governmental funds including the General Fund, Special Revenue Fund, and Debt Service Fun. Business-type activities reflect the Food Service Fund and Academy Program.

Fund Financial Statements

Fund financial statements are designed to demonstrate compliance with financial-related requirements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific objectives. All of the funds of the School District are divided into two categories: governmental funds and proprietary funds.

PENNS GROVE CARNEYS POINT REGIONAL SCHOOL DISTRICT

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2021 (Unaudited) (Continued)

Overview of the Basic Financial Statements (continued)

Fund Financial Statements (continued)

Governmental funds account for essentially the same information reported in the governmental activities of the government-wide financial statements. However, unlike the government-wide financial statements, the governmental fund financial statements focus on near-term financial resources and fund balances. Such information may be useful in evaluating the financial requirements in the near term.

Since the governmental funds and the governmental activities report information using the same functions, it is useful to compare the information presented. Because the focus of each report differs, a reconciliation is provided on the fund financial statements to assist the reader in comparing the near-term requirements with the long-term needs.

The School District maintains three individual governmental funds. The major funds are the General Fund, the Special Revenue Fund, and the Debt Service Fund. They are presented separately in the fund financial statements.

The School District adopts an annual appropriated budget for the General Fund, Special Revenue Fund and the Debt Service Fund. A budgetary comparison statement has been provided for each of these funds to demonstrate compliance with budgetary requirements.

Proprietary funds are used to present the same functions as the business-type activities presented in the government-wide financial statements. The fund financial statements of the enterprise funds provide the same information as the government-wide financial statements, only in more detail.

The School District's two enterprise funds (Food Service Fund and Academy Program) are listed individually and are considered to be major funds.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

Financial Analysis of the School District as a Whole

Recall that the Statement of Net Position provides the perspective of the School District as a whole (governmental and business-type activities). Net position may serve over time as a useful indicator of a government's financial position.

The School District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt and other long-term liabilities, the acquisition and disposal of capital assets, and the depreciation of capital assets.

As described in Note 1 to the financial statements "Adopted Accounting Pronouncements", the School District has adopted the provisions of GASB Statement No. 84, *Fiduciary Activities*, for the year ended June 30, 2021. The School District also has a restatement of deferred inflows/outflows related to pension (GASB 68) and a restatement of capital assets. These resulted in a restatement of the School District's opening net position as of July 1, 2020 in the amount of \$888,985, as indicated in Note 21 to the Financial Statements.

Governmental Activities

During the fiscal year 2021, the net position of governmental activities increased by \$3,039,609 or 15.5%. The primary reason for the increase was an increase in grant revenue.

The assets and deferred outflows of the primary government activities exceeded liabilities and deferred inflows by \$22,649,102, with an unrestricted deficit balance of \$(13,998,377). The deficit in unrestricted net position is primarily due to accounting treatment for compensated absences payable, GASB 68 net pension liability, and the last 2 state aid payments. In addition, state statutes prohibit school districts from maintaining more than 2% of its adopted budget as unassigned fund balance.

PENNS GROVE CARNEYS POINT REGIONAL SCHOOL DISTRICT

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2021 (Unaudited) (Continued)

The School District's governmental activities unrestricted net positon had GASB 68 pension not been implemented would have been as follows:

Table 3
GASB 68 Effect on Unrestricted Net Position

Unrestricted Net Position (With GASB 68)	\$ (13,998,377)
Add back: PERS Pension Liability	8,638,125
Less: Deferred Outflows related to pensions	(1,408,868)
Add back: Deferred Inflows related to pensions	 5,027,651
Unrestricted Net Position (Without GASB 68)	\$ (1,741,469)

Business-type Activities

During the fiscal year 2021, the net position of business-type activities increased by \$103,590.

The assets and deferred outflows of the business-type activities exceeded liabilities and deferred inflows by \$1,660,801.

General Fund Budgeting Highlights

Final budgeted revenues were \$36,969,355, which was a decrease of \$1,297,798 from the original budget. Excluding non-budgeted revenues, the School District's budgeted revenues exceeded actual revenues by \$403,154.

Final budgeted appropriations were \$39,361,310, which was a decrease of \$705,843 from the original budget. Excluding non-budgeted revenues, the School District's budget appropriations exceeded actual expenditures by \$4,809,313.

The School District's general fund balance – budgetary basis (Exhibit C-1) was \$7,934,054 at June 30, 2021, an increase of \$2,014,123 from the prior year.

Governmental Funds

At the end of the current fiscal year, the School District's governmental funds reported a combined ending fund balance of \$5,889,982, an increase of \$1,966,560 from the prior year.

General fund - During the current fiscal year, the fund balance of the School District's general fund increased by \$1,953,186 to \$5,593,186 at June 30, 2021, compared to an increase of \$1,846,842 in fund balance in the prior fiscal year. The primary factor(s) affecting the change in fund balance of the general fund were as follows:

• Unspent budget appropriations

Special revenue fund – During the current fiscal year, the fund balance of the School District's special revenue fund increased by \$13,374 to \$1,431 at June 30, 2021, compared to an increase of \$7,542 in the prior year

PENNS GROVE CARNEYS POINT REGIONAL SCHOOL DISTRICT

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2021 (Unaudited) (Continued)

Capital projects fund – There was no change in the fund balance for the capital projects fund balance of \$295,365.

Proprietary Funds

Food service fund - During the current fiscal year, the net position of the School District's food service fund decreased by \$156,631 to \$679,319 at June 30, 2021, compared to a increase of \$175,175 in fund balance in the prior fiscal year.

Academy program fund - During the current fiscal year, the net position of the School District's academy program fund increased by \$260,221 to \$981,482 at June 30, 2021, compared to an increase of \$346,000 in fund balance in the prior fiscal year.

Capital Assets

The School District's capital assets for its governmental and business-type activities as of June 30, 2021, totaled \$35,598,095 (net of accumulated depreciation). This investment in capital assets includes land, land improvements, buildings and improvements and equipment. There was a net increase in the School District's investment in capital assets for the current fiscal year in the amount of \$935,886. This increase is primarily due to the current year additions in Equipment. Table 4 shows fiscal 2021 balances compared to 2020.

Table 4
Summary of Capital Assets

	June 30,	June 30,	Increase/	Percentage
Capital Assest (Net of Depreciation):	<u>2021</u>	<u>2020</u>	(Decrease)	<u>Change</u>

Construction in Progress	14,643,240	14,643,240	-	0.0%
Land Improvements	119,076	121,917	(2,841)	-2.3%
Building and Improvements	17,547,383	18,184,560	(637,177)	-3.5%
Equipment	2,007,796	431,892	1,575,904	364.9%
	\$ 35,598,095	\$ 34,662,209	\$ 935,886	2.7%

Net depreciation expense for the year was \$710,380. Additional information on the School District's capital assets can be found in the notes to the basic financial statements (Note 5) of this report.

Debt Administration

Long-term debt – At the end of the current fiscal year, the School District had total bonded debt outstanding of \$4,920,000.00, which is a decrease of \$360,000 from the prior year.

Additional information on the School District's long-term obligations can be found in the notes to the basic financial statements (Note 7) of this report.

PENNS GROVE CARNEYS POINT REGIONAL SCHOOL DISTRICT

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2021 (Unaudited) (Continued)

Factors on the School District's Future

For the 2020-21 school year, the Penns Grove-Carneys Point Reginal School District was able to sustain its budget through the municipal tax levy, federal aid, state aid and miscellaneous revenue sources. Approximately 25% of total revenue is from local tax levy and 74% of the District's revenue is from federal and state aid. One of the most important factors affecting the Penns Grove-Caneys Point Regional School District's budget is its enrollment. The 2021-22 budget was adopted in March of 2021 based in part on the state education aid the School District anticipated receiving. The aid was based on the States projected enrollment for the District on October 15, 2020. The Penns Grove-Carneys Point Regional School District anticipates a slight increase in enrollment for the 2021-22 fiscal year.

Contacting the School Districts Financial Management

This financial report is designed to provide a general overview of the School District's finances for all those with an interest in the School District. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Mr. Christopher DeStratis, Business Administrator at the address below or visit our website at www.pgcpshools.org

PENNS GROVE-CARNEYS POINT REGIONAL SCHOOL DISTRICT RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2021

Total Net Change in Fund Balances - Governmental Funds (From B-2)	\$	1,966,560
Amounts reported for governmental activities in the statement of activities (A-2) are different because:		
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period.		
Depreciation Expense \$ Capital Outlays	(679,916) 505,820	(174,096)
Repayment of long-term debt principal and obligation of lease purchase agreements are an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position and is not reported in the statement of activities.		360,000
In the statement of activities, interest on long-term debt in the statement of activities is accrued, regardless of when due. In the governmental funds, interest is reported when due. The accrued interest is an addition in the reconciliation (+).		3,600
Governmental funds report School District pension contributions as expenditures. However in the statement of activities, the cost of pension benefits earned is reported as pension expense. This is the amount by which pension benefits earned exceeded the School District's pension contributions in the current period.		707,463
In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+).		176,082
Change in Net Position of Governmental Activities	\$	3,039,609

PENNS GROVE-CARNEYS POINT REGIONAL SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Note 1. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Penns Grove-Carneys Point Regional School District (hereafter referred to as the "School District") have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

Reporting Entity

The School District is a Type II district located in the County of Salem, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The Board is comprised of nine members elected to three-year terms. These terms are staggered so that three members' terms expire each year. The purpose of the School District is to educate students in grades kindergarten through twelfth at its five schools. The School District has an approximate enrollment at June 30, 2021 of 2,188 students.

The primary criterion for including activities within the School District's reporting entity, as set forth in Section 2100 of the GASB *Codification of Governmental Accounting and Financial Reporting Standards*, is whether:

- the organization is legally separate (can sue or be sued in their own name);
- the School District holds the corporate powers of the organization;
- the School District appoints a voting majority of the organization's board
- the School District is able to impose its will on the organization;
- the organization has the potential to impose a financial benefit/burden on the School District
- there is a fiscal dependency by the organization on the School District.

There were no additional entities required to be included in the reporting entity under the criteria as described above. Furthermore, the School District is not includable in any other reporting entity on the basis of such criteria.

Component Units

GASB Statement No.14. The Financial Reporting Entity, provides guidance that all entities associated with a primary government are potential component units and should be evaluated for inclusion in the financial reporting entity. A primary government is financially accountable not only for the organizations that make up its legal entity but also for legally separate organizations that meet the criteria established by GASB Statement No. 14, as amended by GASB Statement No. 39, Determining Whether Certain Organizations are Component Units, GASB Statement No. 61, The Financial Reporting Entity: Omnisan amendment of GASB Statements No. 14 and No. 34, GASB Statement No. 80, Blending Requirements for certain component units—and Amendment of GASB Statement No. 14 and GASB Statement No. 90, Majority Equity Interests—An amendment of GASB Statements No. 14 and No. 61. The District had no component units as of or for the year ended June 30, 2021.

Basis of Accounting, Measurement Focus and Financial Statement Presentation

The accounts of the School District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues, and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Note 1. Summary of Significant Accounting Policies (continued):

Government-Wide Financial Statements

The School District's Government-Wide Financial Statements include a Statement of Net Position and a Statement of Activities. These statements present summaries of Governmental and Business-Type Activities for the School District accompanied by a total column.

These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the School District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, including capital assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows. The types of transactions reported as program revenues for the School District are reported in three categories: 1) charges for services, 2) operating grants and contributions, and 3) capital grants and contributions.

Certain eliminations have been made to interfund activities, payables, and receivables. All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total primary government column. In the Statement of Activities, internal service fund transactions have been eliminated; however, those transactions between governmental and business-type activities have not been eliminated.

Governmental Fund Financial Statements

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and non-major funds aggregated. An accompanying schedule (Exhibit B-3) is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net position and changes in net position presented in the Government-Wide financial statements. The School District has presented all major funds that met those qualifications.

All governmental funds are accounted for on a spending or "current financial resources" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the Balance Sheets. (The School District's deferred outflows of resources and deferred inflows of resources are noncurrent.) The Statement of Revenues, Expenditures and Changes in Fund Balances present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except that revenues subject to accrual (generally 60 days after year-end) are recognized when due. The primary revenue sources, which have been treated as susceptible to accrual by the School District, are property tax and intergovernmental revenues and other taxes. Expenditures are recorded in the accounting period in which the related fund liability is incurred.

Proprietary Fund Financial Statements

Proprietary fund financial statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position, and a Statement of Cash Flows for each major proprietary fund and for the non-major funds aggregated. A column representing internal service funds is also presented in these statements. However, internal service funds balances and activities have been combined with the governmental activities in the Government-Wide financial statements.

Note 1. Summary of Significant Accounting Policies (continued):

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets, deferred outflows of resources, liabilities (whether current or noncurrent), and deferred inflows of resources are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year in which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

While government-wide and fund financial statements are presented separately, they are interrelated. The governmental activities column of the government wide statements incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the School District's enterprise funds. Separate financial statements are provided for governmental funds and proprietary funds.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year-end. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital assets acquisitions are reported as expenditures in the governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, charges for services, licenses, and interest on notes receivable associated with the current fiscal period are all considered to be susceptible to accrual and accordingly have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all eligibility requirements have been met, and the amount is received during the period or within the availability period

Note 1. Summary of Significant Accounting Policies (continued):

for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available when cash is received.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Food Service Fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, employee salaries and benefits, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. When both restricted and unrestricted resources are available for use, it is the School District's policy to use restricted resources first, then unrestricted resources as they are needed.

Internal service funds are used to account for those operations which provide benefits to other funds, departments, or agencies of the primary government and its component unit. Although internal service funds are reported as a proprietary fund in the fund financial statements, it is incorporated into governmental activities in the government-wide financial statements.

The School District reports the following major governmental funds:

General Fund - The general fund is the general operating fund of the School District and is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the Capital Outlay sub-fund.

As required by the New Jersey Department of Education the School District includes budgeted capital outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, interest earnings and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund - The capital projects fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

Note 1. Summary of Significant Accounting Policies (continued):

Debt Service Fund - The debt service fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

The School District reports the following major proprietary funds:

Food Service Fund – This fund accounts for the revenues and expenses pertaining to the School District's cafeteria operations.

Academy Program – This fund accounts for the financial transactions related to providing academic and technical needs for high school students.

During the course of operations, the School District has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental funds and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue and debt service funds. The budgets are submitted to the county office. In accordance with P.L.2011 c.202, which became effective January 17, 2012, the School District eliminated the April annual voter referendum on budgets which met the statutory tax levy cap limitations and the board of education members are elected at the November general election. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23-2-2(f)1. Transfers of appropriations may be made by School Board resolution at any time during the fiscal year in accordance with N.J.A.C. 6A:23-2-11.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

Note 1. Summary of Significant Accounting Policies (continued):

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The budget, as detailed on Exhibit C-1, Exhibit C-2, and Exhibit I-3, includes all amendments to the adopted budget, if any.

Exhibit C-3 presents a reconciliation of the general fund revenues and special revenue fund revenues and expenditures from the budgetary basis of accounts as presented in the General Fund Budgetary Comparison Schedules and the Special Revenue Fund Budgetary Comparison Schedule to the GAAP basis of accounting as presented in the Statement of Revenues, Expenditures and Changes in Fund Balance – Governmental Funds. Note that the School District does not report encumbrances outstanding at fiscal year-end as expenditures in the general fund since the general fund budget follows modified accrual basis with the exception of the revenue recognition policy for the last state aid payments.

Encumbrances

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as assigned fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the School District has received advances are reflected in the balance sheet as a reduction of the accounts receivables or as unearned revenue at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year-end.

Cash and Cash Equivalents

Cash and Cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost.

New Jersey School Districts are limited as to the types of investments and types of financial institutions they may invest in. *N.J.S.18A:20-37* provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the School District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from loss of funds on deposit with a failed banking institution in New Jersey.

Note 1. Summary of Significant Accounting Policies (continued):

N.J.S.A.17:9-41 et. Seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

Tuition Payable/Receivable

Tuition rates for the fiscal year end June 30, 2021 were established by the receiving district based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

Inventories

Inventories are valued at cost, using the first-in/first-out (FIFO) method. The costs of inventories are recorded as expenditures when consumed rather when purchased.

Interfund Receivables/Payables

Interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the School District and that are due within one year. The amounts are eliminated in the governmental and business-type activities, which are presented as Internal Balances.

Capital Assets

Capital assets are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Purchased or constructed assets are recorded at actual cost or estimated historical cost if actual cost is unavailable. Donated capital assets are recorded at estimated fair value at the date of donation. The School District has established a threshold of \$2,000 for capitalization of depreciable assets.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets of the School District are depreciated or amortized using the straight-line method over the following estimated lives:

Site improvements20 YearsBuildings & improvements20 - 50 YearsMachinery & equipment5 - 20 Years

Note 1. Summary of Significant Accounting Policies (continued):

Compensated Absences

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the School District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the School District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

The entire compensated absences liability is reported on the government-wide financial statements and proprietary fund financial statements. Compensated absences liability is not recorded in the governmental funds. Instead expenditures are recognized in the governmental funds as payments come due each period, for example, as a result of resignations or retirements.

Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied and is recorded as a liability until the revenue is both measureable and the School District is eligible to realize the revenue.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements. In general, government fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, special termination benefits and contractually required pension contributions that will be paid from governmental funds, are reported as a liability in the fund financial statements only to the extent that they are normally expected to be paid with expendable available financial resources.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumption that affect certain reported amounts reported in the financial statements and accompanying note disclosures. Actual results could differ from those estimates.

Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Reimbursements from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements. As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Note 1. Summary of Significant Accounting Policies (continued):

Deferred Outflows and Deferred Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future periods and so will not be recognized as an inflow of resources (revenue) until that time.

Bond Premiums, Discounts and Issuance Costs

In the government-wide financial statements and in the proprietary fund financial statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed when bonds are issued.

In governmental fund financial statements, bond premiums and discounts, as well as debt issuance costs are recognized in the current period. The face amount of the debt is reported as other financing sources. Premiums received on debt issuance are also reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds, are reported as debt service expenditures.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the pension plan's fiduciary net position of the Public Employees' Retirement System (PERS) and Teacher's Pension and Annuity Fund (TPAF) and additions to/deductions from the PERS's and TPAF's fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Fund Balance

In accordance with Government Accounting Standards Board 54, Fund Balance Reporting and Governmental Fund Type Definitions, the School District classifies governmental fund balances as follows:

- <u>Non-spendable</u> This classification includes amounts that cannot be spent because they are either
 not in spendable form or are legally or contractually required to be maintained intact. Nonspendable items are not expected to be converted to cash or are not expected to be converted to
 cash within the next year.
- Restricted This classification includes amounts for which constraints have been placed on the use of the resources either externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Note 1. Summary of Significant Accounting Policies (continued):

- Committed This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Education. These amounts cannot be used for any other purpose unless the Board of Education removes or changes the specified use by taking the same type of action (resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The School Board did not have any committed resources as of June 30, 2021.
- <u>Assigned</u> This classification includes amounts that are constrained by the School District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Education or through the Board of Education delegating this responsibility to the business administrator through the budgetary process. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund.
- <u>Unassigned</u> This classification includes the residual fund balance for the General Fund. The Unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of Assigned fund balance amounts.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, it is the School District's policy to consider restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, it is the School District's policy to consider amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board has provided otherwise in its commitment or assignment actions.

Net Position

Net position, represents the difference between summation of assets and deferred outflows of resources, and the summation of liabilities and deferred inflows of resources. Net position is classified in the following three components:

- <u>Net Investment in Capital Assets</u> This components represents capital assets, net of accumulated depreciation, net of outstanding balances of borrowings used for acquisition, construction, or improvement of those assets.
- <u>Restricted</u> Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- <u>Unrestricted</u> Net position is reported as unrestricted when it does not meet the criteria of the other two components of net position.

Impact of Recently Issued Accounting Principles

Adopted Accounting Pronouncements

The following GASB Statements became effective for the fiscal year ended June 30, 2021:

Note 1. Summary of Significant Accounting Policies (continued):

Statement No. 84, *Fiduciary Activities*. The Statement intends to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. To that end, Statement No. 84 establishes criteria for identifying fiduciary activities of all state and local governments and clarifies whether and how business-type activities should report their fiduciary activities. Statement No. 84 is effective for reporting periods beginning after December 15, 2019. Management has implemented this Statement in the School District's financial statements for year end June 30, 2021 with a prior period restatement to beginning net position. See Note 21 for further details.

Recently Issued Accounting Pronouncements

The GASB has issued the following Statements which will become effective in future years as shown below:

Statement No. 87, *Leases*. Statement No. 87 establishes a single approach to accounting for and reporting leases by state and local governments. The GASB based the new standard on the principle that leases are financing of the right to use an underlying asset. Statement No. 87 is effective for reporting periods beginning after June 15, 2021. Management has not yet determined the potential impact on the School District's financial statements.

Note 2. Deposits and Investments

Deposits

<u>Custodial Credit Risk</u> – Custodial credit risk is the risk that, in the event of a bank failure, the Board's deposits may not be recovered. Although the Board does not have a formal policy regarding custodial credit risk, NJSA 17:9-41 et seq. requires that the governmental units shall deposit public funds in public depositories protected from loss under the provisions of GUDPA. Under the Act, the first \$250,000 of governmental deposits in each insured depository is protected by FDIC. Public fund owned by the Board in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, student activity fund or other funds that may pass to the Board relative to the happening of a future condition. Such funds are shown as Uninsured and Uncollateralized in the schedule below. As of June 30, 2021, the School District's bank balance of \$7,548,286 was exposed to custodial credit risk as follows:

Insured under FDIC and GUDPA	\$ 6,677,196
Uninsured and Uncollateralized	 871,090
	 _
	\$ 7,548,286

Investments

The School District had no investments at June 30, 2021.

Note 3. Reserve Accounts

Capital Reserve

A capital reserve account was established by the District on October 2, 2000 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the General Fund and its activity is included in the General Fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the District's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a District may increase the balance in the capital reserve by appropriating funds in the annual General Fund budget certified for taxes or by transfer by board resolution at year-end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A District may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to NJSA 19:60-2. Pursuant to NJAC 6A-23-2.13(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2020 to June 30, 2021 fiscal year is as follows:

Beginning Balance, July 1, 2020	\$ 773,888
Increased by: Deposits approved by Board (approved June 7, 2021 and amended March 21, 2022)	 2,100,000
	2,873,888
Decreased by: Withdrawls from Original Budget	 (600,000)
Ending Balance, June 30, 2021	\$ 2,273,888

Maintenance Reserve

The School District established a Maintenance Reserve Account for the accumulation of Funds for use as maintenance expenditures in subsequent fiscal years. The maintenance reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Beginning Balance, July 1, 2020	\$ 18,877
Increased by: Deposits approved by Board (approved June 7, 2021 and amended March 21, 2022)	300,000
Ending Balance, June 30, 2021	\$ 318,877

Note 4. Accounts Receivable

Accounts receivable at June 30, 2021 consisted of accounts and intergovernmental grants. All state and federal receivables are considered collectible in full due to the stable condition of state programs and the current fiscal year guarantee of federal funds. Accounts receivable as of fiscal year end for the School District's individual major funds, in the aggregate, are as follows:

		Gove	ernmental Fur	nds		_					
			Special		Capital		Total	Pro	prietary Funds	_	Total
	General		Revenue		Projects	G	overnmental	F	ood Service	Bus	siness-Type

Furniture and Equipment	(2,628,0	01)	(39,898)	-		(2,667,899)
Total Accumulated Depreciation	(19,414,8	19)	(679,916)	_		(20,094,735)
Total Capital Assets being depreciated, net	19,627,0	70	(174,096)	-		19,452,974
Total Governmental Activities Capital						
Assets, net	\$ 35,550,9	10 \$	(174,096)	\$ -	\$	35,376,814

Note 5. Capital Assets (continued):

	Balance July 1, <u>2020</u>	<u> </u>	Additions	Retirements and Transfers	Balance June 30, <u>2021</u>
Business-Type Activities:					
Equipment	\$ 963,583	\$	16,989	\$ -	\$ 980,572
	 963,583		16,989	-	980,572
Less: Accumulated Depreciation:					
Equipment	(728,827)		(30,464)	-	(759,291)
	(728,827)		(30,464)	-	(759,291)
Total Business-Type Activities Capital					
Assets, net	\$ 234,756	\$	(13,475)	\$ -	\$ 221,281

Depreciation was charged as an unallocated expense since it could not be specifically identified to one program/function for Governmental Activities.

The balance of capital assets as of June 30, 2020 could not be supported by corroborating evidence for all balances other than machinery and equipment. No detail listing could be provided for any other category of capital assets and as such we were unable to audit these balances. The amounts reported above are estimates based off of the prior year audit report.

Note 6. Interfund Receivables, Payables and Transfers

Individual fund receivables/payables balances at June 30, 2021 are as follows:

<u>Fund</u>	Interfund <u>Receivables</u>	Interfund <u>Payables</u>
General Fund	\$ 1,294,407	\$ 1,379,239
Special Revenue Fund	-	966,637
Capital Projects Fund	-	327,770
Food Service Fund	406,872	-
Academy Program	972,367	
	\$ 2,673,646	\$ 2,673,646

The interfund receivables and payables above predominately resulted from payment made by certain funds on behalf of other funds. All interfund balances are expected to be repaid within one year.

Note 7. Long-Term Obligations

During the fiscal year-ended June 30, 2021 the following changes occurred in long-term obligations for the governmental and business-type activities:

	Jı	Balance	Additions	Reductions	J	Balance une 30, 2021	Balance Due Within One Year
Governmental Activities:	<u> </u>	<u> </u>	1100000		_		<u> </u>
General Obligation Bonds	\$	5,280,000	\$ -	\$ 360,000	\$	4,920,000	\$ 360,000
Compensated Absences		966,088	-	176,082		790,006	-
Net Pension Liability		10,017,568	-	1,379,443		8,638,125	-
	\$	16,263,656	\$ -	\$ 1,915,525	\$	14,348,131	\$ 360,000
Business-Type Activities: Compensated Absences	\$	25,255	\$ -	\$ 22,707	\$	2,548	\$
	\$	25,255	\$ -	\$ 22,707	\$	2,548	\$ _

For governmental activities, the bonds payable are liquidated from the School District's debt service fund. Capital leases, compensated absences and net pension liability are liquidated by the general fund.

Bonds Payable

The voters of the municipality through referendums authorize bonds in accordance with State Law. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the School District are general obligation bonds. At June 30, 2021, bonds payable consisted of the following individual issues:

On February 18, 2016, the School District issued \$6,000,000 refunding school bonds at interest rates varying from 2.00% to 3.25%. The final maturity of the refunding bonds is March 1, 2035. Annual payments regarding bonds payable will be funded by the combination of both property taxes and state aid. The balance in this bond issue as of June 30, 2021 is \$4,920,000.

Principal and interest due on the outstanding bonds is as follows:

<u>Principal</u>		<u>Interest</u>		<u>Total</u>
360,000	\$	152,624	\$	512,624.00
360,000		141,824		501,824.00
360,000		131,024		491,024.00
360,000		120,224		480,224.00
360,000		109,424		469,424.00
1,800,000		385,120		2,185,120.00
1,320,000		110,548		1,430,548.00
4,920,000	\$	1,150,788	\$	6,070,788
	360,000 360,000 360,000 360,000 1,800,000 1,320,000	360,000 \$ 360,000 360,000 360,000 360,000 1,800,000 1,320,000	360,000 \$ 152,624 360,000 141,824 360,000 131,024 360,000 120,224 360,000 109,424 1,800,000 385,120 1,320,000 110,548	360,000 \$ 152,624 \$ 360,000 141,824 360,000 120,224 360,000 109,424 1,800,000 385,120 1,320,000 110,548

Note 7. Long-Term Obligations (continued)

Grant Anticipation Note Payable

The District entered into a short-term Grant Anticipation Note on July 9, 2020 in the amount of \$7,158,000. The interest rate on the note is 2.00% and there is a note premium of \$91,440.

Bonds Authorized But Not Issued:

As of June 30, 2021, the School District had no authorized but not issued bonds.

Note 8. Pension Plans

A. Public Employees' Retirement System (PERS)

Plan Description - The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PERS, please refer to Division's annual financial statements, which can be found at www.state.nj.us/treasury/pensions/annual-reports.shtml.

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service.

The following represents the membership tiers for PERS:

Tier Definition Members who were enrolled prior to July 1, 2007 Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008 Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010 Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011 Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more years of service credit and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Contributions - The contribution policy for PERS is set by *N.J.S.A. 15A* and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability.

Note 8. Pension Plans (continued)

A. Public Employees' Retirement System (PERS) (continued)

Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2020, the State's pension contribution was less than the actuarial determined amount.

The local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

Pension Liability, Pension Expense and Deferred Outflows/Inflows of Resources - At June 30, 2021, the School District reported a liability of \$8,638,125 for its proportionate share of the PERS net pension liability. The net pension liability was measured as of June 30, 2020. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of July 1, 2019, to the measurement date of June 30, 2020. The School District's proportion of the net pension liability was based on the School District's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2020. The School District's proportion measured as of June 30, 2020, was 0.05297%, which was a decrease of 0.00263% from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the School District recognized full accrual pension expense of (\$127,992) in the government-wide financial statements. This pension expense was based on the pension plans June 30, 2020 measurement date. At June 30, 2021 the School District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflows of Resources					rred Inflows Resources
Differences between Expected and Actual Experience	\$	157,286	\$	30,548		
Changes of Assumptions		280,231		3,616,865		
Net Difference between Projected and Actual Earnings on Pension Plan Investments		295,258		-		
Changes in Proportion and Differences between District Contributions and Proportionate Share of Contributions		76,188		1,380,238		
School District Contributions Subsequent to Measurement Date		599,905				
	\$	1,408,868	\$	5,027,651		

Note 8. Pension Plans (continued)

A. Public Employees' Retirement System (PERS) (continued)

\$599,905 reported as deferred outflows of resources resulting from school district contributions subsequent to the measurement date is based on the amount payable to the State due April 1, 2022 and will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. The other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending Dec 31,	<u>Amou</u>	<u>nt</u>
2021	\$ (1,58	2,612)
2022	(1,51	0,721)
2023	(96	9,659)
2024	(39	1,727)
2025	23	6,031
	\$ (4,21	8,688)

The amortization of the above other deferred outflows of resources and deferred inflows of resources related to pensions will be over the following number of years:

Note 8. Pension Plans (continued)

A. Public Employees' Retirement System (PERS) (continued)

Actuarial Assumptions – The collective total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. This actuarial valuation used the following assumptions:

Inflation

Price 2.75% Wage 3.25%

Salary Increases:

Through 2026 2.00 - 6.00% Based on Years of Service
Thereafter 3.00 - 7.00% Based on Years of Service

Investment Rate of Return 7.00%

Mortality Rate Table

Pub-2010 General classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2020

Period of Actuarial Experience Study upon which Actuarial Assumptions were Based

July 1, 2014 - June 30, 2018

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2020 are summarized in the following table:

Note 8. Pension Plans (continued)

A. Public Employees' Retirement System (PERS) (continued)

Asset Class	Target <u>Allocation</u>	Long-Term Expected Real Rate of Return
Risk Mitigation Strategies	3.00%	3.40%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	1.94%
Investment Grade Credit	8.00%	2.67%
High Yield	2.00%	5.95%
Private Credit	8.00%	7.59%
Real Assets	3.00%	9.73%
Real Estate	8.00%	9.56%
U.S. Equity	27.00%	7.71%
Non-U.S. Developed Markets Equity	13.50%	8.57%
Emerging Markets Equity	5.50%	10.23%
Private Equity	13.00%	11.42%

Discount Rate - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2020. The single blended discount rate was based on long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.50% as of June 30, 2019 based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipals bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on 70% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2057. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2057 and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the School District's proportionate share of the Net Pension Liability to Changes in the Discount Rate - The following presents the School District's proportionate share of the net pension liability as of June 30, 2020, calculated using the discount rate of 7.00% as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	1%	Current			1%
	Decrease (6.00%)	Discount Rate (7.00%)			
District's Proportionate Share					
of the Net Pension Liability	\$ 10,959,464	\$	8,638,125	\$	6,793,966

Note 8. Pension Plans (continued)

A. Public Employees' Retirement System (PERS) (continued)

Additional Information - The following is a summary of the collective balances of the local group at June 30, 2021 and 2020:

Balances at June 30, 2021 and June 30, 2020

	6/30/2021	6/29/2020
Actuarial valuation date (including roll forward)	June 30, 2020	June 30, 2019
Collective Deferred Outflows of Resources	\$ 1,383,360,202	\$ 2,122,619,897
Collective Deferred Inflows of Resources	6,885,723,332	6,618,184,855
Collective Net Pension Liability	16,435,616,426	18,143,832,135
District's portion of the Plan's total Net Pension Liability	0.05297%	0.05560%

B. Teachers' Pension and Annuity Fund (TPAF)

Plan Description - The State of New Jersey, Teachers' Pension and Annuity Fund (TPAF) is a cost sharing multiple-employer defined benefit pension plan with a special-funding situation, by which the State of New Jersey (the State) is responsible to fund 100% of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. TPAF is administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about TPAF, please refer to Division's Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions/annrprts.shtml.

The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

The following represents the membership tiers for TPAF:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more

Note 8. Pension Plans (continued)

B. Teachers' Pension and Annuity Fund (TPAF) (continued)

years of service credit, and tier 5 before age 65 with 30 or more years of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Contributions - The contribution policy for TPAF is set by *N.J.S.A 18A:66* and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. For fiscal year 2020, the State's pension contribution was less than the actuarial determined amount.

As mentioned previously, the employer contributions for local participating employers are legally required to be funded by the State in accordance with *N.J.S.A 18:66-33*. Therefore, the School District is considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the School District does not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers.

Pension Liability and Pension Expense - The State's proportionate share of the TPAF net pension liability, attributable to the School District as of June 30, 2020 was \$95,456,351. The School District's proportionate share was \$-0-.

The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. The State's proportionate share of the net pension liability associated with the District was based on projection of the State's long-term contributions to the pension plan associated with the District relative to the projected contributions by the State associated with all participating school districts, actuarially determined. At June 30, 2020, the State proportionate share of the TPAF net pension liability attributable to the School District was 0.14496%, which was a decrease of 0.00094% from its proportion measured as of June 30, 2019.

For the fiscal year ended June 30, 2021, the School District recognized \$5,935,882 in on-behalf pension expense and revenue in the government-wide financial statements, for the State of New Jersey on-behalf TPAF pension contributions. This pension expense and revenue was based on the pension plans June 30, 2020 measurement date.

Actuarial Assumptions – The total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Note 8. Pension Plans (continued)

B. Teachers' Pension and Annuity Fund (TPAF) (continued)

Inflation

Price 2.75% Wage 3.25%

Salary Increases:

Through 2026 1.55 - 4.45% Based on Years of Service
Thereafter 2.75 - 5.65% Based on Years of Service

Investment Rate of Return 7.00%

Pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2015 to June 30, 2018.

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2020 are summarized in the following table:

Note 8. Pension Plans (continued)

B. Teachers' Pension and Annuity Fund (TPAF) (continued)

Asset Class	Target <u>Allocation</u>	Long-Term Expected Real Rate of Return
Risk Mitigation Strategies	3.00%	3.40%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	1.94%
Investment Grade Credit	8.00%	2.67%
High Yield	2.00%	5.95%
Private Credit	8.00%	7.59%
Real Assets	3.00%	9.73%
Real Estate	8.00%	9.56%
U.S. Equity	27.00%	7.71%
Non-U.S. Developed Markets Equity	13.50%	8.57%
Emerging Markets Equity	5.50%	10.23%
Private Equity	13.00%	11.42%

Discount Rate - The discount rate used to measure the total pension liability was 5.40% as of June 30, 2020. The single blended discount rate was based on long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 2.21% as of June 30, 2020, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipals bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on 78% of the actuarially determined contributions for the State. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2062. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2062 and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the School District's proportionate share of the Net Pension Liability to Changes in the Discount Rate – As previously mentioned, TPAF has a special funding situation where the State pays 100% of the School District's annual required contribution. The following represents the State's proportionate share of the net pension liability, attributable to the School District calculated using the discount rate of 5.40% as well as what the State's proportionate share of the net pension liability, attributable to the School District's would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

Note 8. Pension Plans (continued)

B. Teachers' Pension and Annuity Fund (TPAF) (continued)

School District's Proportionate Share of the Net Pension Liability						
or the river relation Zimently	\$	-	\$	-	\$	_
State of New Jersey's Proportionate Share of Net Pension Liability associated with the School District						
		112,124,649		95,456,351		81,616,115
	\$	112,124,649	\$	95,456,351	\$	81,616,115

Pension Plan Fiduciary Net Position - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers Pension and Annuity Fund (TPAF) and additions to/deductions from the TPAF's fiduciary net position have been determined on the same basis as they are reported by the TPAF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Additional Information – The following is a summary of the collective balances of the local group at June 30, 2020 and 2019:

Balances at June 30, 2021 and June 30, 2020

Actuarial valuation date (including roll forward)	6/30/2020	6/30/2019
Collective Deferred Outflows of Resources		\$ 9,932,767,606
Collective Deferred Inflows of Resources	14,424,322,612	17,539,845,423
Collective Net Pension Liability	65,993,498,688	61,519,112,443
District's portion of the Plan's total Net Pension Liability	0.14496%	0.14590%

C. Defined Contribution Plan (DCRP)

Plan Description - The Defined Contribution Retirement Program (DCRP) was established July 1, 2007, under the provisions of N.J.S.A. 43:15C-1 et seq. The DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage

Individuals eligible for membership in the DCRP include:

- State or local officials who are elected or appointed on or after July 1, 2007;
- Employees enrolled in the Public Employees' Retirement System (PERS) or Teachers' Pension and Annuity Fund (TPAF) on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits;

Note 8. Pension Plans (continued)

C. Defined Contribution Plan (DCRP) (continued)

- Employees enrolled in the Police and Firemen's Retirement System (PFRS) or State Police Retirement System (SPRS) after May 21, 2010, who earn salary in excess of established "maximum compensation" limits;
- Employees otherwise eligible to enroll in the PERS or TPAF on or after November 2, 2008, who do not earn the minimum annual salary for PERS or TPAF Tier 3 enrollment but who earn salary of at least \$5,000 annually. The minimum salary in 2021 is \$8,400 and is subject to adjustment in future years.
- Employees otherwise eligible to enroll in the PERS or TPAF after May 21, 2010, who do not work the minimum number of hours per week required for PERS or TPAF Tier 4 or Tier 5 enrollment but who earn salary of at least \$5,000 annually. The minimum number is 35 hours per week for State employees, or 32 hours per week for local government or local educations employees.

Contributions - The contribution policy is set by N.J.S.A. 43:15C-3 and requires active members and contribution employers. When enrolled in the DCRP, members are required to contribute 5.5% of their base salary to a tax-deferred investment account established with Prudential Financial, which jointly administers the DCRP investments with the Division of Pension and Benefits. Member contributions are matched by a 3% contribution from the School District.

For the year ended June 30, 2021, employee contributions totaled \$26,805 and the School District recognized pension expense of \$15,169.

Note 9. Other Post-Retirement Benefits

General Information about the OPEB Plan

The State of New Jersey reports a liability as a result of its statutory requirements to pay other postemployment (health) benefits for State Health Benefit Local Education Retired Employees Plan. The State Health Benefit Local Education Retired Employees Plan is a multiple-employer defined benefit OPEB plan that is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions. The State Health Benefit Local Education Retired Employees Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey in accordance with N.J.S.A 52:14-17.32f. According to N.J.S.A 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L, 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more

Note 9. Other Post-Retirement Benefits (continued):

years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

The total nonemployer OPEB liability does not include certain other postemployment benefit obligations that are provided by the local education employers. The reporting of these benefits is the responsibility of the individual local education employers.

Basis of Presentation

The Schedule presents the State of New Jersey's obligation under NJSA 52:14-17.32f. The Schedule does not purport to be a complete presentation of the financial position or changes in financial position of the State Health Benefit Local Education Retired Employees Plan or the State of New Jersey. The accompanying Schedule was prepared in accordance with U.S. generally accepted accounting principles.

Such preparation requires management of the State of New Jersey to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

Total Nonemployer OPEB Liability

The total nonemployer OPEB liability as of June 30, 2020, was determined by an actuarial valuation as of June 30, 2019, which was rolled forward to June 30, 2020. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

Total Nonemployer OPEB Liability: \$ 67,809,962,608

Inflation Rate: 2.5%

	TPAF/ABP	PERS	PFRS

Preretirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP), "General" (PERS), and "Safety" (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2019. Postretirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2020. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2020.

Note 9. Other Post-Retirement Benefits (continued):

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of actuarial experience studies for the periods July 1, 2015 – June 30, 2018, July 1, 2014 – June 30, 2018, and July 1, 2013 – June 30, 2018 for TPAF, PERS and PFRS, respectively.

OPEB Obligation and OPEB Expense - The State's proportionate share of the total Other Post Employment Benefits Obligations, attributable to the School District as of June 30, 2020 was \$120,983,129. The School District's proportionate share was \$0.

The OPEB Obligation was measured as of June 30, 2020, and the total OPEB Obligation used to calculate the OPEB Obligation was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. The State's proportionate share of the OPEB Obligation associated with the District was based on projection of the State's long-term contributions to the OPEB plan associated with the District relative to the projected contributions by the State associated with all participating school districts, actuarially determined. At June 30, 2020, the State proportionate share of the OPEB Obligation attributable to the School District was 0.17841%, which was a decrease of 0.00345% from its proportion measured as of June 30, 2019.

For the fiscal year ended June 30, 2021, the State of New Jersey recognized an OPEB expense in the amount of \$5,093,228 for the State's proportionate share of the OPEB expense attributable to the School District. This OPEB expense was based on the OPEB plans June 30, 2020 measurement date.

Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend rate is initially 5.6% and decreases to a 4.5% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2021 through 2022 are reflected. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.0% and decreases to a 4.5% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.0%.

Discount Rate

The discount rate for June 30, 2020 was 2.21%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Sensitivity of Total Nonemployer OPEB Liability to changes in discount rate

The following presents the total nonemployer OPEB liability as of June 30, 2020, calculated using the discount rate as disclosed above as well as what the total nonemployer OPEB liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

Note 9. Other Post-Retirement Benefits (continued):

	June 30, 2020						
	A	At 1% Decrease (1.21%)		At Discount Rate (2.21%)	1	At 1% Increase (3.21%)	
State of New Jersey's Proportionate Share of Total OPEB Obligations Associated with the School District	\$	145,851,407	\$	120,983,129	\$	101,538,531	
State of New Jersey's Total Non- employer Liability	\$	81,748,410,002	\$	67,809,962,608	\$	56,911,439,160	

Sensitivity of Total Nonemployer OPEB Liability to changes in the healthcare trend rate

The following presents the total nonemployer OPEB liability as of June 30, 2020, calculated using the healthcare trend rate as disclosed above as well as what the total nonemployer OPEB liability would be if it was calculated using a healthcare trend rate that is 1- percentage point lower or 1-percentage point higher than the current rate:

				June 30, 2020

Active Plan Members	216,804
Inactive Plan Members or Beneficiaries	
Currently Receiving Benefits	149,304
	366,108

Changes in the Total OPEB Liability

The change in the State's Total OPEB liability for the fiscal year ended June 30, 2021 (measurement date June 30, 2020) is as follows:

Total OPEB Liability

Service Cost	\$ 1,790,973,822
Interest Cost	1,503,341,357
Difference Between Expected & Actual Experience	11,544,750,637
Changes of Assumptions	12,386,549,981
Contributions: Member	35,781,384
Gross Benefit Payments	 (1,180,515,618)
Net Change in Total OPEB Liability	26,080,881,563
Total OPEB Liability (Beginning)	 41,729,081,045
Total OPEB Liability (Ending)	\$ 67,809,962,608
Total Covered Employee Payroll	\$ 14,267,738,658
Net OPEB Liability as a Percentage of Payroll	475%

Note 10. On-Behalf Payments for Fringe Benefits and Salaries

As previously mentioned, the School District receives on-behalf payments from the State of New Jersey for normal costs and post-retirement medical costs related to the Teachers' Pension and Annuity Fund (TPAF) pension plan. The School District is not legally responsible for these contributions. The on-behalf payments are recorded as revenues and expenditures in the government-wide and general fund financial statements. For the fiscal year ended June 30, 2021, the on-behalf payments for pension, social security, post-retirement medical costs, and long-term disability were \$4,219,080, \$1,119,677, \$1,322,194 and \$2,503, respectively.

Note 11. Risk Management

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

New Jersey Unemployment Compensation Insurance – The School District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan the School District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The School District is billed quarterly for amounts due to the State.

The following is a summary of School District contributions, reimbursements to the State for benefits paid and the ending balance of the School District's trust fund for the current and previous two years:

Fiscal Year	School District Contributions		Employee Contributions		Interest <u>Earnings</u>		Amount eimbursed	Ending Balance
2020-2021	\$	28,806	\$ 47,915	\$	617	\$	53,812	\$ 281,492
2019-2020		8,600	49,288		2,160		5,273	257,966
2018-2019		61,248	49,616		1,362		72,718	203,191

Property and Liability Insurance – The School District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

Joint Insurance Pool – The School District also participates in the Gloucester County Joint Insurance Fund and, public entity risk pool. The Pool provides its members with the following coverage:

Property – Blanket Building & Grounds Boiler and Machinery School Board Legal Liability Employers Liability General & Automobile Liability Workers' Compensation Pollution Legal Liability Comprehensive Crime Coverage

Note 12. Contingencies

State and Federal Grantor Agencies - The School District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies; therefore, to the extent that the School District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at June 30, 2021 may be impaired. In the opinion of the School District, there are no significant contingent liabilities

Note 12. Contingencies (continued):

relating to compliance with the rules and regulations governing the respective grants; therefore, no provisions have been recorded in the accompanying combined financial statements for such contingencies.

<u>Litigation</u> — The School District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the School Districts' attorney that resolution of these matters will not have a material adverse effect on the financial condition of the School District.

<u>Economic Dependency</u> – The School District receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, could have an effect on the School District's programs and activities.

Note 13. Deferred Compensation

The School District offers its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Code Section 403(b) and 457. The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

Ameriprise Financial Services, Inc.
Lincoln Investment Planning
AXA Equitable
Fidelity Investments
ING Life Insurance and Annuity Company
MetLife

Note 14. Compensated Absences

The School District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

School District employees are granted varying amount of vacation and sick leave in accordance with the School District's personnel policies. Upon termination, employees are paid for accrued vacation. The School District policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the School District for the unused sick leave in accordance with School Districts' agreements with the various employee unions.

The liability for vested compensated absences of the governmental fund types is recorded in the Statement of Net Position. At June 30, 2021, the liability for compensated absences in the governmental and proprietary fund types was \$790,006 and \$2,548 respectively.

Note 15. Tax Abatements

As defined by the Governmental Accounting Standards Board (GASB) Statement No. 77, a tax abatement is an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. School districts are not authorized by New Jersey statute to enter into tax abatement agreements. However, the county or municipality in which the school district is situated may have entered into tax abatement agreements, and that potential must be disclosed in these financial statements. If the county or municipality entered into tax abatement agreements, those agreements will not directly affect the school district's local tax revenue because N.J.S.A. 54:4-75 and N.J.S.A. 54:4-76 require that amounts so forgiven must effectively be recouped from other taxpayers and remitted to the school district.

For a local school district board of education or board of school estimate that has elected to raise their minimum tax levy using the required local share provisions at N.J.S.A. 18A:7F-5(b), the loss of revenue resulting from the municipality or county having entered into a tax abatement agreement is indeterminate due to the complex nature of the calculation of required local share performed by the New Jersey Department of Education based upon district property value and wealth.

Note 16. Operating Leases

The District has commitments to lease copy machines under non-cancelable operating leases spanning 48 months. Total lease payments made during the year ended June 30, 2021, amounted to \$127,632. Future minimum lease payments are as follows:

June 30,	
2022	\$ 127,632
2023	127,632
2024	 28,838
al Minimum Lease Payments	\$ 284,102

Note 17. Calculation of Excess Surplus

The designation for Restricted Fund Balance – Excess Surplus is a required calculation pursuant to N.J.S.A.18A:7F-7. New Jersey school districts are required to reserve General Fund balance at the fiscal year-end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2021 was \$1,183,246.

Note 18. Fund Balances

General Fund – Of the \$5,593,186 General Fund balance at June 30, 2021, \$2,273,888 has been restricted for the Capital Reserve Account; \$318,877 has been restricted for the Maintenance Reserve Account; \$281,492 has been restricted for Unemployment Compensation, \$1,183,246 is restricted for current year excess surplus; \$1,765,350 is restricted for prior year excess surplus – designated for subsequent year's expenditures, \$710,493 has been assigned for other purposes and (\$940,160) is unassigned.

Special Revenue Fund – Of the \$1,431 Special Revenue Fund balance at June 30, 2021, \$72,447 is restricted for student activities; and (\$71,016) is unassigned.

Capital Projects Fund – Of the \$295,365 Capital Projects Fund balance at June 30, 2021, \$295,365 is restricted for future capital projects approved by the School District.

Note 19. Deficit in Fund Balances

The School District has a deficit fund balance of (\$940,160) in the General Fund and (\$71,016) in the Special Revenue Fund as of June 30, 2021 as reported in the fund statements (modified accrual basis). N.J.S.A. 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, districts must record the delayed one or more June state aid payments as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry, i.e., if one government recognizes an asset, the other government recognizes a liability. Since the State is recording the June state aid payment(s) in the subsequent fiscal year, the school district cannot recognize the June state aid payment(s) (on the GAAP financial statements) until the year the State records the payable. Due to the timing difference of recording the June state aid payment(s), the Special Revenue Fund balance deficit does not alone indicate that the district is facing financial difficulties.

Pursuant to N.J.S.A. 18A:22-44.2 any negative unassigned fund balance that is reported as a direct result from a delay in the June payment(s) of state aid until the following fiscal year, is not considered in violation of New Jersey statute and regulation nor in need of corrective action. The School District's general fund deficit is less than the June state aid payments received in July 2021 and the School District deficit in the special revenue fund statements (modified accrual basis) of \$71,016 is equal to the last state aid payment received in July 2021.

Note 20. Deficit in Net Position

Unrestricted Net Position – The School District's governmental activities had a deficit in unrestricted net position in the amount of \$13,998,377 at June 30, 2021. The deficit the receivable for the last two state aid payments and the recording of the net pension liability for the Public Employees' Retirement System (PERS) as of June 30, 2021. This deficit in unrestricted net position for governmental activities does not indicate that the School District is facing financial difficulties.

Note 21. Prior Period Adjustment/Restatement of Net Position and Fund Balance

During the year ended June 30, 2021 the School District adopted GASB Statement No. 84, *Fiduciary Activities* (See Note 1). The School District adjusted its beginning balances to reflect all newly adopted standards for its Prior Period Adjustment to Net Position and Restricted Fund Balance for New Jersey Unemployment Trust Fund and Student Activities. In addition, the prior year Deferred Inflows and Outflows related to Pension for GASB 68 and balance of Capital Assets required restatement. The beginning balances as of July 1, 2020 were adjusted as follows:

Prior Period Adjustment to Net Position (Exhibit A-2)

Balance, July 1, 2020 prior to Adjustment	\$18,720,508	
Add:		
Restatement of Deferred Inflows/Outflows		
related to Pension (GASB 68)	(542,908)	
Restatement of Capital Assets	1,123,457	
New Jersey Unemployment Trust	257,966	
Student Activities	50,470	
Balance, July 1, 2020 Restated	\$19,609,493	
Prior Period Adjustment to Fund Balance (Exhibit	B-2) (General Fund)	
Balance, July 1, 2020 prior to Adjustment	\$ 3,382,034	
Add: New Jersey Unemployment Trust	257,966	
J 1 J		
Balance, July 1, 2020 Restated \$ 3,640		
Prior Period Adjustment to Fund Balance (Exhibit B-	2) (Special Revenue Fund)	
Balance, July 1, 2020 prior to Adjustment	\$ (62,413)	
Add:		
Student Activities	50,470	
Balance, July 1, 2020 Restated	\$ (11,943)	

Note 22. Subsequent Events

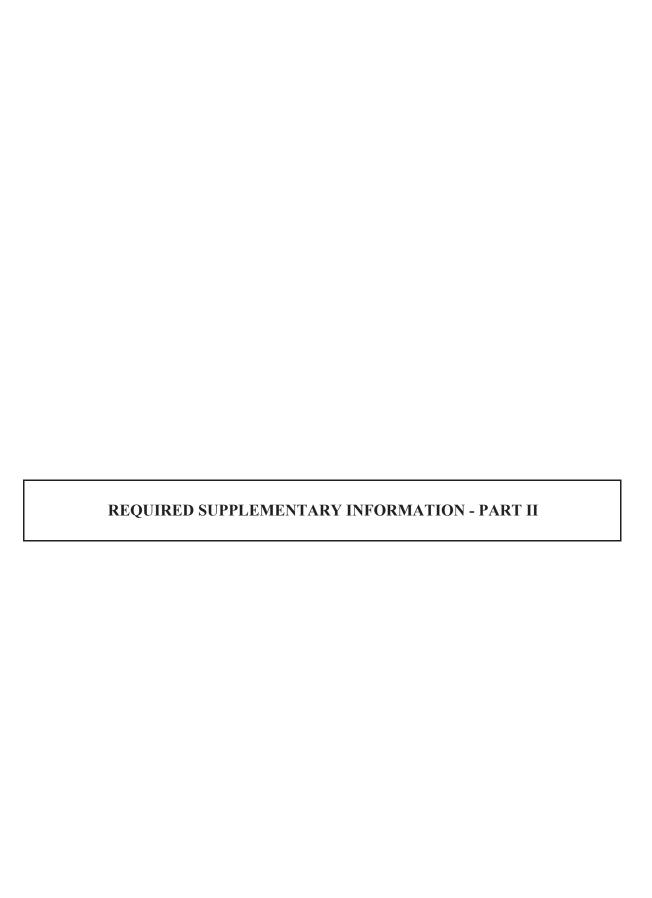

Management has reviewed and evaluated all events and transactions that occurred between June 30, 2021 and May 18, 2022, the date that the financial statements were available for issuance, for possible disclosure and recognition in the financial statements, and no items have come to the attention of the School District that would require disclosure other than the following.

The COVID-19 pandemic is ongoing. Because of the evolving nature of the outbreak and federal, state and local responses, it cannot be predicted how the outbreak will impact the financial condition or operations of the District, or if there will be any impact on the assessed values of property within the School District or deferral of tax payments to municipalities. To date the School District has not been materially and adversely affected financially due to the virus.

Grant Anticipation Note

The District entered into a short-term Grant Anticipation Note on July 8, 2021 in the amount of \$7,158,000. The interest rate on the note is 1.25% and there is a note premium of \$67,070.

PENNS GROVE-CARNEYS POINT REGIONAL SCHOOL DISTRICT REQUIRED SUPPLEMENTARY INFORMATION BUDGETARY COMPARISON SCHEDULE NOTE TO RSI FOR FISCAL YEAR ENDED JUNE 30, 2021

Note A - Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

Sources/Inflows of Resources:	(GENERAL FUND	SPECIAL REVENUE FUND
Actual Amounts (Budgetary Basis) "Revenue" From the Budgetary Comparison Schedule (C-Series)	\$	43,229,574	\$ 3,575,090
Difference - Budget to GAAP: Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized.			
Local Share		-	(19,000)
State aid payment recognized for GAAP statements in the current year, previously recognized for budgetary purposes.		2,279,931	62,413
State aid payment recognized for budgetary purposes, not recognized for GAAP statements until the subsequent year.		(2,340,868)	(71,016)
Total Revenues as Reported on the Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds. (B-2)	\$	43,168,637	\$ 3,547,487
Uses/outflows of resources: Actual amounts (budgetary basis) "total expenditures" from the budgetary comparison schedule	\$	41,138,449	\$ 3,553,113
Differences - budget to GAAP Encumbrances for supplies and equipment ordered but not received is reported in the year the order is placed for budgetary purposes, but in the year the supplies are received for financial reporting purposes.			
General Supplies			(19,000)
Total Expenditures as Reported on the Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds (B-2)	\$	41,138,449	\$ 3,534,113

N-1 The general fund budget uses GAAP basis therefore no reconciliation is necessary.

Total Direct & Overlapping Debt			\$22,927,336
Total Direct & Overlapping Deol		=	\$44,941,330

Sources: Assessed value data used to estimate applicable percentages provided by the Salem County Board of Taxation.

Debt outstanding data provided by each governmental unit.

NOTE - Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District.

This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the above Townships. This process recognizes that, when considering the District's ability to issue and repay Long-Term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

a. For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another government unit's taxable value that is within the District's boundaries and dividing it by each unit's total taxable value.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable President and Members of the Board of Education Penns Grove-Carneys Point Regional School District County of Salem Penns Grove, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Penns Grove-Carneys Point Regional School District, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Penns Grove-Carneys Point Regional School District's basic financial statements, and have issued our report thereon dated May 18, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Penns Grove-Carneys Point Regional School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Penns Grove-Carneys Point Regional School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify deficiencies in internal control that we consider to be a material weakness, described in the accompanying comments and recommendation section as Finding No's. 2021-001 and 2021-002.

618 Stokes Road, Medford, NJ 08055

P: 609.953.0612 • **F:** 609.257.0008

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey as finding no.'s 2021-001, 2021-002, 2021-003 and 2021-004.

The Penns Grove-Carneys Point Regional School District's Response to Findings

The Penns Grove-Carneys Point Regional School District's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The School District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, and federal and state awarding agencies and pass-through entities, in considering the School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

EXHIBIT K-2

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND NEW JERSEY OMB CIRCULAR 15-08

Honorable President and Members of the Board of Education Penns Grove-Carneys Point Regional School District County of Salem Penns Grove, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited the Penns Grove-Carneys Point Regional School District's (the "School District") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the School District's major federal and state programs for the fiscal year ended June 30, 2021. The School District's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the School District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid;* and the audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards, the Uniform Guidance and New Jersey OMB's Circular 15-08 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the School District's compliance.

618 Stokes Road, Medford, NJ 08055

P: 609.953.0612 • **F:** 609.257.0008

Opinion on Each Major Federal and State Program

In our opinion, the School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of the School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal or state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and New Jersey OMB's Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and New Jersey OMB's Circular 15-08. Accordingly, this report is not suitable for any other purpose.

(26,653,970)

PENNS GROVE-CARNEYS POINT REGIONAL SCHOOL DISTRICT NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE FOR THE FISCAL YEAR ENDED JUNE 30, 2021

Note 1. Basis of Presentation

The accompanying schedules of expenditures of federal awards and state financial assistance present the activity of all federal awards and state financial assistance programs of the Penns Grove-Carneys Point Regional School District. The School District is defined in Note 1 of the basic financial statements. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

Note 2. Summary of Significant Accounting Policies

The accompanying schedules of expenditures of federal awards and state financial assistance are presented using the budgetary basis of accounting with the following exception: programs recorded in the enterprise fund are presented using the accrual basis of accounting and programs recorded in the capital projects fund are presented using the modified accrual basis of accounting. These bases of accounting are described in Note 1 to the School District's basic financial statements. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

The School District did not elect the 10-percent de minimis indirect cost rate as discussed in 2 CFR 200.414.

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions respectively. The amount reported as TPAF Pension Contributions represents the amount paid by the state on behalf of the School District for the year ended June 30, 2021. TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2021.

Note 3. Relationship to Basic Financial Statements

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

PENNS GROVE-CARNEYS POINT REGIONAL SCHOOL DISTRICT NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE FOR THE FISCAL YEAR ENDED JUNE 30, 2021

Note 3. Relationship to Basic Financial Statements (continued)

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to *N.J.S.A.* 18A:22-44.2. For GAAP purposes payments are not recognized until the subsequent budget year due to the state deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more state aid June payments in the current budget year, consistent with *N.J.S.A.* 18A:22-4.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is (\$60,937) for the general fund and (\$8,603) for the special revenue fund. See Exhibit C-3 Note A of the basic financial statements, for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance expenditures reported in the School District's basic financial statements on a GAAP basis are presented as follows:

Fund	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund Special Revenue Fund Food Service Fund	\$ 83,384 2,760,182 734,634	\$ 31,422,367 688,705 17,135	\$ 31,505,751 3,448,887 751,769
Total Awards & Financial Assistance	\$ 3,578,200	\$ 32,128,207	\$ 35,706,407

Note 4. Relationship to Federal and State Financial Reports

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

Note 5. Federal and State Loans Outstanding

The School District had no loan balances outstanding at June 30, 2021.

Section II – Financial Statement Findings

This section identifies the significant deficiencies, material weaknesses and instances of noncompliance related to the basic financial statements that are required to be reported in accordance with *Government Auditing Standards* and with audit requirements prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey.

Financial Statement Findings

Finding No. 2021-001

Criteria or Specific Requirement:

The State Department of Education requires districts to maintain a capital assets record that accounts for all assets with a historical value of at least \$2,000.

Condition:

The capital assets records were not properly updated for additions, disposals or depreciation. No detail of land, construction in progress, land improvements and building and building improvements could not be provided.

Context:

The District did not properly track capital asset activity. Due to this oversight, asset additions and depreciation were made by audit adjustment.

Effect:

The District's financial records related to those accounts may not be accurate.

Cause:

Due to high degree of turnover in the business office.

Recommendation:

The district should have adequate internal control procedures over its capital assets, including periodic update of the general ledger for additions, disposals and depreciation.

View of Responsible Officials and Planned Corrective Action:

Responsible officials agree with this recommendation and will address the matter as part of their corrective action plan.

Section II – Financial Statement Findings (continued)

Finding No. 2021-002

Criteria or Specific Requirement:

The maintenance of a general ledger accounting record is required by the State Department of Education. This record summarizes all account balances of the District. It should be reconciled monthly to subsidiary records.

Condition:

The District did not maintain an accurate general ledger for the food service fund and academy program.

Context:

The general ledger was not reconciled to other District records and as a result material audit adjustments were required.

Cause:

Due to high degree of turnover in the business office.

Effect:

By not maintaining an accurate general ledger, the District risks material misstatements within their records.

Recommendation:

That the District properly maintain a general ledger for all funds.

View of Responsible Officials and Planned Corrective Action:

The responsible officials agree with the finding and will address the matter as part of their corrective action.

Section II – Financial Statement Findings (continued)

Finding No. 2021-003

Criteria or Specific Requirement:

The District should evaluate collectability of all accounts receivable.

Condition:

The District has accounts receivable within the Capital Projects Fund of over \$7 million that has been outstanding for over 4 years.

Context:

A review of accounts receivable revealed several material outstanding balances of over 4 years.

Cause:

High amount of turnover in the business office.

Effect:

The District continues the need to issue Grant Anticipation Notes due to the receivables not yet being received

Recommendation:

That the District take all appropriate action to collect outstanding accounts receivable on a timely basis.

View of Responsible Officials and Planned Corrective Action:

The responsible officials agree with the finding and will address the matter as part of their corrective action.

Section II – Financial Statement Findings (continued)

Finding No. 2021-004

Criteria or Specific Requirement:

The New Jersey Department of Agriculture requires a School Food Authority to maintain a nonprofit School Food Service. The nonprofit status of the School Food Service is determined by evaluating new cash resources, which may not exceed three months average expenditures.

Condition:

Net cash resources in the Food Service Fund exceeded three months average expenditures.

Context:

Utilizing the USDA net cash resource calculation form, it was determined the District's net cash resources exceed three months' average expenditures by \$159,550 as of June 30, 2021.

Cause:

Due to large amount of federal funding received compared to the decrease of operating expenditures.

Effect:

The New Jersey Department of Agriculture requirement regarding Net Cash Resources was not met.

Recommendation:

The District should implement a corrective action plan to effectively reduce the net cash resources on hand in the Food Service Fund through capital expenditure or otherwise.

View of Responsible Officials and Planned Corrective Action:

The responsible officials agree with the finding and will address the matter as part of their corrective action.

Section III – Federal Awards & State Financial Assistance Findings & Questioned Costs

This section identifies the significant deficiencies, material weaknesses and instances of noncompliance, including questioned costs, related to the audit of major federal and state programs, as required by Title 2

PENNS GROVE-CARNEYS POINT REGIONAL SCHOOL DISTRICT SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS AND QUESTIONED COSTS AS PREPARED BY MANAGEMENT FOR THE FISCAL YEAR ENDED JUNE 30, 2021

This section identifies the status of prior year findings related to the financial statements, federal awards and state financial assistance that are required to be reported in accordance with *Government Auditing Standards*, Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principals, and Audit Requirements for Federal Awards* (Uniform Guidance), and New Jersey OMB's Circular 15-08.

Financial Statement Findings

Finding No. 2020-001

Condition

The School District's Food Service Fund Net Cash Resources exceeded its three months average.

Current Status:

This finding has not been corrected.
