### WOOD-RIDGE PUBLIC SCHOOLS 540 WINDSOR ROAD WOOD-RIDGE, NEW JERSEY 07075

Anthony Albro Superintendent of Schools 201-933-6777

February 2, 2022

The Honorable President and Members of the Board of Education Wood-Ridge Board of Education Wood-Ridge, New Jersey

#### Dear Board Members:

The comprehensive annual financial report of the Wood-Ridge Board of Education (the "Board") for the fiscal year ended June 30, 2021 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical, and single audit. The introductory section includes this transmittal letter, the District's organizational chart, a roster of officials and a list of consultants and advisors. The financial section includes the Independent Auditors' Report, the Management's Discussion and Analysis, and basic financial statements including the district-wide financial statements presented in accordance with the provisions of the Governmental Accounting Standards Board (GASB). The basic financial statements also include fund financial statements, notes to financial statements and Required Supplementary Information (RSI). The statistical section includes selected economic and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the U.S. Uniform Guidance and New Jersey OMB Circular 15-08. Information related to this single audit, including the auditors' reports on the internal control structure and compliance with applicable laws and regulations, and findings and recommendation, are included in the single audit section of this report.

#### 1) REPORTING ENTITY AND ITS SERVICES:

The Wood-Ridge Board of Education is an independent reporting entity. All funds of the District are included in this report. The Wood-Ridge Board of Education and all its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre-K through 12 for the students residing in the Borough of Wood-Ridge. These include regular, vocational as well as special education for handicapped children. The District completed the 2020-2021 fiscal year with an enrollment of 1,174 students.

#### 2) ECONOMIC CONDITION AND OUTLOOK:

The Wood-Ridge area is experiencing normal growth and expansion consistent with surrounding areas. The student population remains consistent with the previous year. The Borough's unemployment rate for 2021 is estimated to be 9.1% as reported by the New Jersey Department of Labor and Workforce Development. The significant increase in the unemployment rate is directly attributable to the outbreak of the COVID-19 pandemic.

#### 3) MAJOR INITIATIVES:

The Wood-Ridge School District has a long tradition of excellence in the classroom as well as on the athletic field and in co-curricular activities. The three schools that make up our District serve students in grades Pre-k through 12. As we continue to ensure that we meet the expectations of our 21st century community, the District is transforming education through the use of technology, partnerships with institutes of higher education and community service learning.

- The Catherine E. Doyle Elementary School and the Wood-Ridge Intermediate School operate on an 8 period school day; the Wood-Ridge Junior/Senior High School uses a rotating block schedule. Programs offered for students include integrated classes, self-contained classes and regular education classes.
- Wood-Ridge Junior/Senior High School has participated in the Middle College Program and Advanced Placement options; students at Wood-Ridge Intermediate School who are identified as high performing are placed in advanced math and language arts classes; Catherine E. Doyle Elementary School students are utilizing Tools of the Mind curriculum in Pre-K and Kindergarten programs. Readers and Writers workshop model is used in all literacy instruction.
- Almost 40% of our student body participates in athletics. Our teams are regular qualifiers for local State and County tournaments. In response to student interest additional athletic offerings, such as a Co-ed Cross County program, have been put into place.
- In response to the COVID-19 Pandemic, the Wood-Ridge School District successfully implemented a hybrid learning program at the start of the school year. By March of 2021, students had the option to either attend school daily or continue to work remotely.
- Two fully staffed Child Study Teams serve the district's schools for special education students in designated grades both in and out of the district. Services offered include: occupational therapy, physical therapy, speech therapy, counseling, and in-home services.
- The Wood-Ridge Junior/Senior High School Performing Arts program successfully offered a Spring Musical Performance to a live audience while adhering to all Pandemic related guidance.
- The Wood-Ridge Intermediate School and Wood-Ridge Junior/Senior High School conducted outdoor end of year/graduation ceremonies for the first time in recent history.
- District connectivity was improved upon in response to the COVID-19 Pandemic.
- All students were supplied with personal technology devices during the Pandemic in order to allow students to participate in their learning remotely, as necessary.
- Extended school day and extended school year programs were offered at all three schools, remotely, during the COVID-19 Pandemic.
- Distance Learning Plans and Hybrid Reopening Plans have been created and implemented for each school building due to the COVID-19 Pandemic.

#### 4) INTERNAL ACCOUNTING CONTROLS:

Management of the District is responsible for establishing and maintaining an internal control system designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control system is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control system is in place to ensure compliance with applicable laws and regulations related to those programs.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws, regulations, contracts, and grants.

#### 5) **BUDGETARY CONTROLS**:

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements which are accounted for in the capital projects fund. The final budget amounts as amended for the fiscal year 2020/21 are reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as assigned fund balance at June 30, 2021.

#### 6) ACCOUNTING SYSTEM AND REPORTS:

The District's accounting records reflect generally accepted accounting principles, as promulgated by the GASB. The accounting system of the District is organized on the basis of funds. These funds are explained in "Notes to the Basic Financial Statements", Note 1.

#### 7) CASH MANAGEMENT:

The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 4. The District has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

#### 8) RISK MANAGEMENT:

The Board carries various forms of insurance, including, but not limited to, general liability, excess liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

#### 9) OTHER INFORMATION:

Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Lerch, Vinci & Higgins, LLP, was selected by the Board of Trustees. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the U.S. Uniform Guidance and State Treasury OMB Circular 15-08. The auditors' report on the basic financial statements is included in the financial section of this report. The auditors' reports related specifically to the single audit are included in the single audit section of this report.

10) <u>ACKNOWLEDGMENTS</u>: We would like to express our appreciation to the members of the Wood-Ridge School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the School District and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of the financial and accounting staff.

Respectfully submitted,

Anthony Albro

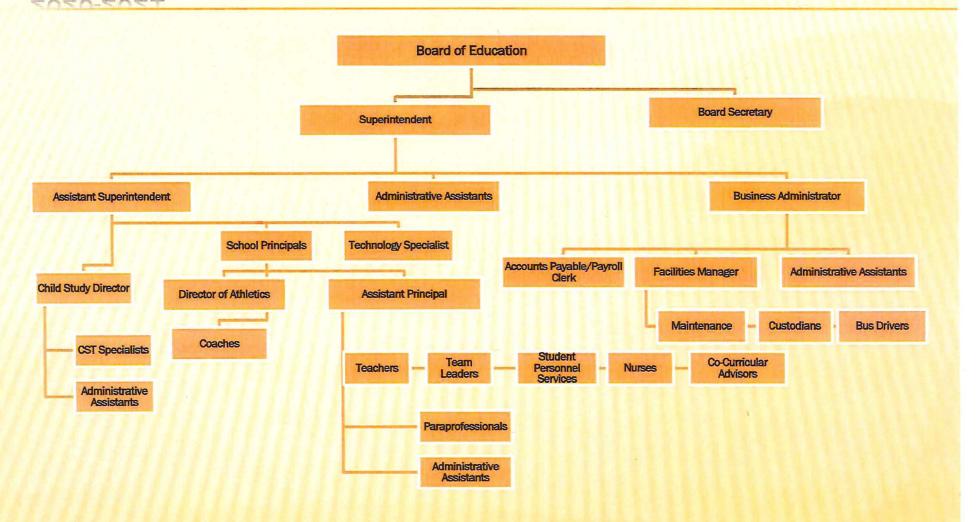

Superintendent of Schools

Jeffine Murray

Board Secretary/Business Administrator

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund of the Wood-Ridge Board of Education, as of and for the fiscal year ended June 30, 2021 and the related notes to the financial statements, which collectively comprise the Board of Education's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in the <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

17-17 ROUTE 208 • FAIR LAWN, NJ 07410 • TELEPHONE (201) 791-7100 • FACSIMILE (201) 791-3035

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund of the Wood-Ridge Board of Education as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Emphasis of Matter**

Adoption of New Accounting Pronouncement

As discussed in Note 1 to the financial statements, in the fiscal year ended June 30, 2021, the Wood-Ridge Board of Education adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 84, <u>Fiduciary Activities</u> which provided guidance on identifying fiduciary activities and how they should be reported. The adoption of this standard resulted in a change to how previously reported fiduciary fund activities are currently reported in the financial statements. Our opinion is not modified with respect to this matter.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, pension information and other postemployment benefits information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Wood-Ridge Board of Education's basic financial statements. The introductory section, financial schedules, statistical section, schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and schedule of expenditures of state financial assistance as required by New Jersey OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, are presented for purposes of additional analysis and are not a required part of the basic financial statements of the Wood-Ridge Board of Education.

The schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules of expenditures of federal awards and state financial assistance are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section, financial schedules and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated February 2, 2022 on our consideration of the Wood-Ridge Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to solely describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Wood-Ridge Board of Education's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the Wood-Ridge Board of Education's internal control over financial reporting and compliance.

Fair Lawn, New Jersey February 22, 2022 MANAGEMENT'S DISCUSSION AND ANALYSIS

The discussion and analysis of the Wood-Ridge Board of Education's financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2021. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the transmittal letter, notes to the financial statements as well as the financial statements themselves to enhance their understanding of the District's financial performance.

Management's Discussion and Analysis (MD&A) is an element of the Required Supplementary Information specified in the Governmental Accounting Standards Board's (GASB) Statement No. 34 – Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments. Certain comparative information between the current year (2020-2021) and the prior year (2019-2020) is required to be presented in the MD&A.

#### **Financial Highlights**

- > The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflow of resources at the close of the most recent fiscal year by \$8,576,534 (net position).
- > Total School District's net position increased \$1,019,884.
- ➤ District-Wide general revenues accounted for \$20,122,062 or 67 percent of all revenues. Program specific revenues in the form of charges for services and operating grants and contributions accounted for \$9,979,935 or 33 percent of total revenues of \$30,101,997.
- Total net position of governmental activities was \$8,396,939 as of June 30, 2021 an increase of \$955,341 from the previous year.
- > The District had \$28,881,975 in expenses related to governmental activities; only \$9,715,254 were offset by program specific charges for services, grants or contributions. General revenues (primarily taxes) of \$20,122,062 were adequate to provide for these programs.
- Among governmental funds, the General Fund had \$25,317,956 in revenues and \$24,272,559 in expenditures. The General Fund's fund balance increased \$1,045,397 from the previous year to \$4,042,677 at June 30, 2021.
- The General Fund unassigned <u>budgetary</u> fund balance increased \$1,180,038 to \$4,513,318 June 30, 2021.

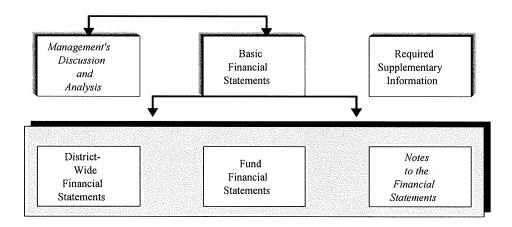

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2021

#### OVERVIEW OF THE FINANCIAL STATEMENTS

The financial section of the annual report consists of four parts – Independent Auditor's Report, required supplementary information which includes the management's discussion and analysis (this section), the basic financial statements, and supplemental information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are district-wide financial statements that provide both short-term and long-term information about the District's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the District, reporting the District's operations in more detail than the district-wide statements.
  - The district governmental funds statements tell how basic services were financed in the short term as well as what remains for future spending.
  - Proprietary funds statements offer short-term and long-term financial information about the activities the district operated like businesses.
  - Fiduciary funds statements provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others to whom the resources belong.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The table below shows how the various parts of this annual report are arranged and related to one another.

#### Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2021

The major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain are detailed below. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements.

Major Features of the District-Wide and Fund Financial Statements

	paid	services have been received and the	or paid.	cash is received or paid
		related liability is due and payable.		

#### District-wide financial statements

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the District's assets, deferred outflows/inflows of resources and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two district-wide statements report the District's net position and how they have changed. Net position – the difference between the District's assets and deferred outflows of resources and liabilities and deferred inflows of resources – is one way to measure the District's financial health or position.

#### **District-wide financial statements (continued)**

- Over time, increases or decreases in the District's net position are an indicator of whether its financial position is improving or deteriorating.
- To assess the overall health of the District you need to consider additional non-financial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

In the district-wide financial statements the District's activities are shown in two categories:

- Governmental activities Most of the District's basic services are included here, such as regular and special education, transportation, administration and plant operations and maintenance. Property taxes and state aids finance most of these activities.
- Business type activities These funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. The District's Food Service Fund is included under this category.

#### **Fund financial statements**

The fund financial statements provide more detailed information about the District's funds – focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by State law and bond covenants.
- The District establishes other funds to control and manage money for particular purposes or to show that it is properly using certain revenues (federal and state grants).

The District has two kinds of funds:

- Governmental funds Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, we provide additional information at the bottom of the governmental funds statements that explains the relationship (or differences) between them.
- *Proprietary funds* Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way in the fund financial statements as district-wide statements.

#### Fund financial statements (continued)

Enterprise Funds — This fund is established to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that costs of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges. The District currently has one enterprise fund, the food service fund.

• Fiduciary funds – The District is the trustee, or fiduciary, for assets that belong to others. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong.

#### Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found following the basic financial statements.

#### Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. The first part of required supplementary information is concerning the District's budget process. The District adopts an annual expenditure budget for the general, special revenue and debt service funds. A budgetary comparison statement has been provided for the general and special revenue funds as required supplementary information. The required supplementary information can be found following the notes to the financial statements.

The District also presents required supplementary information regarding the accounting and reporting for pensions as required under GASB Statement No. 68 and post-retirement medical benefits as required under GASB Statement No.75. The required supplementary information can be found following the notes to the financial statements.

Combining schedules are presented immediately following the required supplementary information.

#### DISTRICT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. In the case of the Wood-Ridge Board of Education, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$8,576,534 as of June 30, 2021.

#### Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2021

The following provides a summary of the District's net position as of June 30, 2021 and 2020.

#### Net Position

#### **Governmental Activities**

The District's total revenues were \$29,837,316 and \$27,492,394 for the fiscal years ended June 30, 2021 and 2020, respectively. Property taxes comprised 66 and 70 percent of revenues for governmental activities for fiscal years ended June 30, 2021 and 2020, respectively. Federal, state and local grants of \$8,325,208 and \$5,917,629 accounted for another 28 percent and 22 percent of revenues for the fiscal years ended June 30, 2021 and 2020, respectively.

The total cost of all programs and services was \$28,881,975 and \$27,190,292 for the fiscal years ended June 30, 2021 and 2020, respectively. Instruction comprises 64 percent and 63 percent of governmental program expenses for the fiscal years ended June 30, 2021 and 2020, respectively. Support services expenses make up 35 and 36 percent of governmental expenses for the fiscal years ended June 30, 2021 and 2020, respectively. The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. The schedule below shows, for government activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue.

### Total and Net Cost of Services for the Fiscal Years Ended June 30, 2021 and 2020

		Total Cost <u>f Services</u>		Net Cost of Services		
	<u>2021</u>	2020	2021	2020

The dependence of tax revenues to support governmental activities is apparent.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2021

#### **Business-Type Activities**

The only business-type activity is the food service operation. The program had revenues of \$264,681 and expenses of \$200,138 during the fiscal year ended June 30, 2021. Of the revenues, \$1,337 were charges for services paid by patrons for daily food service, and \$263,344 were from State and Federal reimbursements for the fiscal year ended June 30, 2021.

#### FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

#### **Governmental Funds**

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

The financial performance of the District as a whole is reflected in its governmental funds as well. As the District completed the year, its governmental funds reported a combined fund balance of \$4,952,158. At June 30, 2020, the fund balance as restated was \$3,902,296. On July 1, 2020, the District implemented GASB No. 84, "Fiduciary Activities". The required financial statement adjustments are detailed in the Notes to the Financial Statements. This increase is predominately attributable to a minimal increase in spending due to careful monitoring of the District's expenditures and the Covid pandemic and the reserving of funds needed to fund future anticipated costs.

Revenues for the District's governmental funds were \$27,090,694, while total expenses were \$26,040,832, thereby increasing fund balance by \$1,049,862.

**General Fund** - The General Fund is the chief operating fund of the District and includes the primary operations in providing educational services to students from grades Pre K-12 including pupil transportation activities and other support services.

The following schedules present a summary of the revenues of the governmental funds for the fiscal years ended June 30, 2021 and 2020.

		Fiscal Year Ended June 30,			Amount of Increase/		Percent	
Revenue		<u>2021</u>		2020	(	Decrease)	Change	
Local Sources State Sources Federal Sources	\$	21,567,219 4,944,171 579,304	\$	21,111,124 4,222,835 386,328	\$	456,095 721,336 192,976	2% 17% 50%	
Total	<u>\$</u>	27,090,694	<u>\$</u>	25,720,287	\$	1,370,407	<u>5%</u>	

For fiscal year 2021 total governmental revenues increased \$1,370,407 or 5% from the previous year. The increase in local sources of \$456,095 was attributable to an increase in property taxes to support escalating operating costs. As noted above state sources increased \$721,336 because the District's on-behalf pension contribution was greater in 2020/21.

The following schedule represents a summary of the governmental funds expenditures for the fiscal years ended June 30, 2021 and 2020.

	Fiscal	l Year	Amount of	
	Year Ende	ed June 30,	Increase/	Percent
<u>Expenditure</u>	<u>2021</u>	<u>2020</u>	(Decrease)	<b>Change</b>
Current				
Instruction	\$ 16,659,286	\$ 15,804,045	\$ 855,241	5%
Support Services	8,244,119	8,334,457	(90,338)	-1%
Debt Service	1,055,547	1,032,145	23,402	2%
Capital Outlay	81,880	4,810	77,070	1602%
Total	\$ 26,040,832	\$ 25,175,457	\$ 865,375	<u>3%</u>
		E-0-2		

For fiscal year 2021, total governmental funds expenditures increased \$865,375 or 3%. Increases in instruction costs were attributable to special education programs and increases in debt service were attributable to paydown of serial bonds payable. Capital outlay increased slightly.

Of the governmental funds, the General Fund had \$25,317,956 in revenues (predominately property taxes) and \$24,272,559 in expenditures. As a result the General Fund's fund balance increased \$1,045,397 from \$2,997,280 at June 30, 2020 to \$4,042,677 at June 30, 2021.

#### **General Fund Budgetary Highlights**

The District's budget is prepared according to New Jersey Law, and is based on accounting for certain transactions on the budgetary basis of accounting for revenues, expenditures and encumbrances. The most significant budget fund is the General Fund.

During the course of the year, the District revised the annual operating budget several times. Revisions in the budget were made to prevent over-expenditures in specific line item accounts.

For the fiscal year 2021 General Fund budgetary revenues were more than budgetary expenditures increasing budgetary fund balance \$1,180,038. After deducting restricted and assigned fund balances, the unassigned budgetary fund balance increased \$534,474 from an unassigned fund balance of \$534,010 at June 30, 2020 to \$1,068,484 at June 30, 2021. In addition, restricted fund balance for capital reserve increased \$553,833 from \$1,757,110 at June 30, 2020 to \$2,310,943 at June 30, 2021. Restricted fund balance for maintenance reserve remained at \$400,000 from June 30, 2020 to June 30, 2021. Restricted fund balance for emergency reserve remained at \$96,281 from June 30, 2020 to June 30, 2021.

#### Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2021

#### **Capital Assets**

At the end of fiscal years 2021 and 2020, the District had \$19,821,440 and \$20,793,963 invested in construction in progress, buildings, land improvements, furniture and equipment and vehicles net of depreciation. Overall capital assets net of accumulated depreciation decreased \$972,523 from fiscal year 2020 to fiscal year 2021. The following schedule is a comparison of capital assets net of depreciation at June 30, 2021 and 2020.

### Capital Assets, Net of Depreciation As of June 30, 2021 and 2020

	Governmental Activities 2021 2020		Business-Typ 2021	e Activities 2020
Land	\$ 1,602,000	\$ 1,602,000		
Land Improvements	702,026	750,389		
Building and Building Improvements Machinery and Equipment	17,306,293 204,763	18,197,099 233,876	\$ 6,358	\$ 10,599
Total	\$ 19,815,082	\$ 20,783,364	\$ 6,358	\$ 10,599

Additional information on Wood-Ridge Board of Education's capital assets can be found in Note 4 of this report.

#### **Long-Term Liabilities**

At June 30, 2021 and 2020, the District had \$14,945,273 and \$16,398,474 of long-term liabilities, respectively. The schedule below details the Board's outstanding long-term liabilities as of June 30, 2021 and 2020.

#### Long-Term Liabilities As of June 30, 2021 and 2020

	Government	Governmental Activities		
	<u>2021</u>	<u>2020</u>		
Serial Bonds Payable (including premium) Capital Leases	\$ 11,042,153 86,323	\$ 11,776,250 115,148		
Compensated Absences Net Pension Liability	322,264 3,494,533	332,024 4,175,052		
Total	\$ 14,945,273	\$ 16,398,474		

Additional information on Wood-Ridge Board of Education's long-term liabilities can be found in Note 4 of this report.

#### For the Future

The Wood-Ridge Board of Education is in sound financial condition. The School District is proud of its community support of the public schools. A major concern is the continued enrollment growth of the District with the increased reliance on local property taxes.

Wood-Ridge Board of Education's budget for 2021-2022 was approved by the Board in April, 2021. Budgeted expenditures in the General Fund increased 3.6% to \$24,480,626 for fiscal year 2021-2022.

In conclusion, the Wood-Ridge Board of Education has committed itself to financial excellence for many years. In addition, the School District's system for financial planning, budgeting and internal financial controls are well regarded. The School District plans to continue its sound fiscal management to meet the challenge of the future.

#### Contacting the District's Financial Management

This financial report is designed to provide the citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional information, contact the School Business Administrator/Board Secretary at Wood-Ridge Board of Education, 540 Windsor Road, New Jersey 07075.

# WOOD-RIDGE BOARD OF EDUCATION RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES WITH THE DISTRICT-WIDE STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2021

activities are different because: Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement and allocated over their estimated useful lives as annual depreciation expense. Capital Outlay 81,880 Depreciation Expense (1,050,162)(968, 282)The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources. Neither transaction, however, has any effect on Statement of Activities. Principal Repayments: **Bonds Payable** 710,000 Capital Leases Payable 28,825 738,825 In the statement of activities, costs related to the issuance of long term debt are deferred and amortized over the term of the debt. In the governmental funds, the issuance costs are reported upon the issuance of debt. This amount represents the current year amortization of the costs related

Deferred Amount on Refunding (18,683)
Original Issue Premium 24,097

In the statement of activities, certain operating expenses-compensated absences, pension expenses are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (paid):

 Net Decrease in Compensated Absences
 9,760

 Net Decrease in Pension Expense
 112,970

 122,730

Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.

Total Net Change in Fund Balances - Governmental Funds (Exhibit B-2)

Amounts reported for governmental activities in the statement of

to the issuance of long term debt in previous years.

Decrease in Accrued Interest 6,792

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

# A. Reporting Entity

The Wood-Ridge Board of Education (the "Board" or the "District") is an instrumentality of the State of New Jersey, established to function as an education institution. The Board consists of five elected officials from the Borough of Wood-Ridge and one representative appointed by the Moonachie Board of Education. The Board is responsible for the fiscal control of the District. A Superintendent of Schools is appointed by the Board and is responsible for the administrative control of the District. A School Business Administrator/Board Secretary is also appointed by the Board and oversees the business functions of the District. Under existing statutes, the Board's duties and powers include, but are not limited to, the development and adoption of a school program; the establishment, organization and operation of schools; and the acquisition, maintenance and disposition of school property. The Board currently operates a Pre-Kindergarten through grade twelve (12) school district.

The Board also has broad financial responsibilities, including the approval of the annual budget and the establishment of a system of accounting and budgetary controls. The Superintendent of Schools is the Chief Administrative Officer of the District who is responsible for planning and operational functions of the District. The School Business Administrator/Board Secretary is the Chief Financial Officer and is responsible for budgeting, financial accounting and reporting and reports through the Superintendent to the Board.

The reporting entity is composed of the primary government, component units, and other organizations that are included to ensure that the financial statements of the District are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the Wood-Ridge Board of Education this includes general operations, food service and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Based on the foregoing criteria, the District has no component units. Furthermore, the District is not includable in any other reporting entity as a component unit.

# **B.** New Accounting Standards

During fiscal year 2021, the District adopted the following GASB statement:

• GASB No. 84, *Fiduciary Activities*. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement established criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities.

# NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

# B. New Accounting Standards (Continued)

Other accounting standards that the District is currently reviewing for applicability and potential impact on the financial statements include:

- GASB No. 87, Leases, implementation postponed will be effective beginning with the fiscal year ending June 30, 2022. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract.
- GASB No. 89, Accounting for Interest Costs Incurred Before the End of a Construction Period, implementation postponed will be effective beginning with the fiscal year ending June 30, 2022. The objectives of this Statement is to improve financial reporting by providing users of financial statements with more relevant information about capital assets and the cost of borrowing for a reporting period. The resulting information also will enhance the comparability of information about capital assets and the cost of borrowing for a reporting period for both governmental activities and business-type activities.
- GASB No. 92, *Omnibus 2020*, implementation postponed will be effective beginning with the fiscal year ending June 30, 2022 except requirements related to GASB No. 87 and Implementation Guide No. 2019-3 are effective upon issuance. The objective of this Statement is to enhance comparability in the application of accounting and financial reporting requirements and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics.
- GASB No. 96, Subscription Based Information Technology Arrangements, will be effective beginning with the fiscal year ending June 30, 2023. The objective of this Statement will be to improve financial reporting by establishing a definition for subscription-based information technology arrangements (SBITAs) and providing uniform guidance for accounting and financial reporting for transactions that meet that definition. That definition and uniform guidance will result in greater consistency in practice. Establishing the capitalization criteria for implementation costs also will reduce diversity and improve comparability in financial reporting by governments. This Statement also will enhance the relevance and reliability or a government's financial statements by requiring a government to report a subscription asset and subscription liability for a SBITA and to disclose essential information about the arrangement. The disclosures will allow users to understand the scale and important aspects of a government's SBITA activities and evaluate a government's obligations and assets resulting from SBITAs.
- GASB No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans An Amendment of GASB Statements No. 14 and No.84, and a Supersession of GASB Statement No. 32, the section that maybe applicable to the District will be effective beginning with the fiscal year ending June 30, 2022. The objective of this Statement is to provide more consistent financial reporting of defined contribution pension plans, defined contribution OPEB plans, and other employee benefit plans, while mitigating the costs associated with reporting those plans. The requirements also will enhance the relevance, consistency, and comparability of (1) the information related to Section 457 plans that meet the definition of a pension plan and the benefits provided through those plans and (2) investment information for all Section 457 plans.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

# C. Basis of Presentation - Financial Statements

The financial statements include both district-wide financial statements (based on the District as a whole) and fund financial statements (based on specific District activities or objectives). Both the district-wide and fund financial statements categorize activities as either governmental activities or business-type activities. While separate district-wide and fund financial statements are presented, they are interrelated. In the district-wide financial statements, the governmental activities column incorporates data from governmental funds while business-type activities incorporate data from the District's enterprise funds. Fiduciary funds are excluded from the district-wide financial statements. Currently, the District has no fiduciary funds.

# **District-Wide Financial Statements**

The district-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Board of Education. All fiduciary activities are reported only in the fund financial statements. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by property taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. In the statement of net position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, and (b) reflect on a full accrual economic resource basis, which incorporates long-term assets and receivables as well as long-term debt and obligations.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or other governmental entities, including other school districts, who purchase, use, or directly benefit from goods or services provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Property taxes, unrestricted state aid and other items not properly included among program revenues are reported instead as general revenues.

As a general rule the effect of interfund activity has been eliminated from the district-wide financial statements. Exceptions to this general rule are charges between the Board's proprietary funds since elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

#### **Fund Financial Statements**

Separate fund financial statements are provided for governmental, proprietary, and fiduciary activities, even though the latter are excluded from the district-wide financial statements. The emphasis of fund financial statements is on major individual governmental and enterprise funds, each reported as separate columns in the fund financial statements. The District considers all of its governmental and enterprise funds to be major funds.

The District reports the following major governmental funds:

The *general fund* is the School District's primary operating fund. It accounts for all financial resources of the District, except those to be accounted for in another fund.

The *special revenue fund* accounts for the proceeds of specific revenue sources legally restricted to expenditures for specified purposes. This fund accounts for federal, state and local financial programs, with the exception of grants for major capital projects and the child nutrition programs, student activity funds derived from athletic events or other activities of pupil organizations and private donations for scholarship awards.

The *capital projects fund* accounts for the proceeds from the sale of bonds, lease purchases and other revenues used for the acquisition or construction of capital facilities and other capital assets, other than those financed by the proprietary funds.

The *debt service fund* accounts for the accumulation of resources that are restricted, committed or assigned for the payment of principal and interest on long-term general obligation debt of governmental funds.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

# C. Basis of Presentation - Financial Statements (Continued)

The District reports the following major proprietary funds which are organized to be self-supporting through user charges:

The *food service fund* accounts for the activities of the school cafeteria, which provides food service to students as well as a la carte and catering services for administrators, teachers and special events.

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the district-wide financial statements as "internal balances".

## Reclassifications

Certain amounts presented in the prior year data may have been reclassified in order to be consistent with the current year's presentation.

# D. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The district-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. All assets, all liabilities and all deferred outflows/inflows of resources associated with these operations are included on the Statement of Net Position. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when susceptible to accrual (i.e. when they are both measurable and available). Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Board considers revenues to be available if they are collected within 60 days after year-end. Expenditures are recorded when a liability is incurred, as under accrual basis of accounting, with the exception of debt service expenditures as well as expenditures related to compensated absences and claims and judgments which are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

# NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## D. Measurement Focus and Basis of Accounting (Continued)

Property taxes, tuition, unrestricted state aid, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements (formula-type grants and aid) are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source. Expenditure-driven grants and similar awards (reimbursement-type grants and awards) are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements imposed by the grantor or provider have been met, and the amount is received during the period or within the availability period for this revenue source. All other revenue items are considered to be measurable and available only when cash is received by the District.

When both restricted and unrestricted resources are available for use, it is the Board's policy to use restricted resources first, then unrestricted resources as they are needed.

# E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

# 1. Cash, Cash Equivalents and Investments

Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments are reported at fair value and are limited by N.J.S.A. 18A:20-37.

#### 2. Receivables

All receivables are reported at their gross value, and where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

#### 3. Inventories

The cost of inventories of the governmental fund types are recorded as expenditures at the time individual inventory items are purchased.

Food Service Fund inventories, exclusive of the federal commodities, are valued at cost, using the first-in first-out (FIFO) method and consist of food and expendable supplies. The cost of such inventories is recorded as expenses when consumed rather than when purchased. The United States Department of Agriculture (USDA) commodity portion of the Food Service Fund inventory consists of food donated by the USDA. It is valued at estimated market prices by the USDA.

# 4. Capital Assets

Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business-type activities columns in the district-wide financial statements. Capital assets are defined by the Board as assets with an initial, individual cost of \$2,000 and an estimated useful life in excess of two years. The District was able to estimate the historical cost for the initial reporting of these capital assets through back trending. As the District constructs or acquires additional capital assets each period, they are capitalized and reported at historical cost. Donated capital assets are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

# NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

# 4. Capital Assets (Continued)

Land and construction in progress are not depreciated. The other property, plant, and equipment of the District is depreciated using the straight line method over the following estimated useful lives:

Assets	Years
Land Improvements Buildings and Building Improvements	20 10-50
Machinery and Equipment	5-20

## 5. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Board has two items which arise only under the accrual basis of accounting that qualify for reporting in this category. One item is the deferred amount on refunding of debt which results from a debt refunding reported in the district-wide statement of net position. Deferred amounts on debt refunding result from the difference on the transaction when the debt's reacquisition price is greater than the carrying value of the refunded debt. These amounts are deferred and amortized over the shorter of the life of the refunded or refunding debt. The other item that qualifies for reporting in this category is the deferred amounts on net pension liability. Deferred amounts on net pension liability are reported in the district-wide statement of net position and result from: (1) differences between expected and actual experience; (2) changes in assumptions; (3) net difference between projected and actual investment earnings on pension plan investments; (4) changes in proportion and differences between employer contributions and proportionate share of contributions; and (5) contributions made subsequent to the measurement date. These amounts are deferred and amortized over future years.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The Board has one type which arises only under the accrual basis of accounting that qualify for reporting in this category. The item that qualifies for reporting in this category are the deferred amounts on net pension liability. Deferred amounts on net pension liability are reported in the district-wide statement of net position and result from: (1) differences between expected and actual experience; (2) changes in assumptions; (3) net difference between projected and actual investment earnings on pension plan investments; and (4) changes in proportion and differences between employer contributions and proportionate share of contributions. These amounts are deferred and amortized over future years.

# 6. Compensated Absences

It is the District's policy to permit employees to accumulate (with certain restrictions) earned but unused vacation and sick leave benefits. A long-term liability of accumulated vacation and sick leave and salary related payments has been recorded in the governmental activities in the district-wide financial statements, representing the Board's commitment to fund such costs from future operations. A liability is reported in the governmental funds only to the amount actually due at year end as a result of employee resignations and retirements.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

# E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

#### 7. Pensions

In the district-wide financial statements, and proprietary fund types in the fund financial statements for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the retirement systems sponsored and administered by the State of New Jersey and additions to/deductions from these retirement systems' fiduciary net position have been determined on the same basis as they are reported by the retirement systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

In the governmental fund financial statements, net pension liabilities represent amounts normally expected to be liquidated with expendable available financial resources for required pension contributions that are due and payable at year end. Pension expenditures are recognized based on contractual pension contributions that are required to be made to the pension plan during the fiscal year.

# 8. Long-Term Obligations

In the district-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Differences resulting from debt refundings are reported as deferred outflows of resources. Bond premiums are deferred and amortized over the life of the bonds using the effective interest method. Differences resulting from debt refundings are also deferred and amortized over the life of the refunded bonds or new bonds whichever is less using the effective interest method. Bonds payable are reported with the unamortized bond premium. Bond issuance costs (other than for prepaid insurance) are treated as an expense.

In the fund financial statements, governmental fund types recognize bond premiums, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### 9. Net Position/Fund Balance

#### **District-Wide Statements**

In the district-wide statements, there are three classes of net position:

- Net Investment in Capital Assets consists of net capital assets (cost less accumulated depreciation) reduced by outstanding balances of related debt obligations from the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources attributable to the acquisition, construction or improvement of those assets or related debt also should be included.
- Restricted Net Position reports net position when constraints placed on the residual amount of noncapital assets are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position any portion of net position not already classified as either net investment in capital assets or net position restricted is classified as net position unrestricted.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

#### 9. Net Position/Fund Balance (Continued)

# **Governmental Fund Statements**

Fund balance categories are designed to make the nature and extent of the constraints placed on the District's fund balance more transparent. These categories are comprised of a hierarchy based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

<u>Restricted Fund Balance</u> – Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

<u>Capital Reserve</u> – This restriction was created by the District in accordance with NJAC 6A:23A-14.1 to fund future capital expenditures (See Note 3b).

<u>Capital Reserve – Designated for Subsequent Year's Budget</u> – This designation was created to dedicated the portion of capital reserve fund balance appropriated in the adopted 2021/2022 District budget certified for taxes.

<u>Maintenance Reserve</u> – This restriction was created by the Board in accordance with NJAC 6A:23A-14.2 to accumulate funds for the required maintenance of school facilities. (See Note 3C)

<u>Maintenance Reserve - Designated for Subsequent Year's Budget</u> – This designation was created to dedicate the portion of maintenance reserve fund balance appropriated in the adopted 2021/2022 District budget certified for taxes.

<u>Emergency Reserve</u> – This restriction was created in accordance with NJAC 6A:23A-14.4(A)1 to accumulate funds in accordance with State statute to finance unanticipated general fund expenditures required for a thorough and efficient education. (See Note 3d).

<u>Unemployment Compensation Reserve</u> – This restriction was created in accordance with R.S. 43:21-7.3 to reserve funds for unemployment compensation claims reimbursable to the State under the District's election for payment in lieu of contributions (benefit reimbursement method). (See Note 5A).

<u>Scholarships</u> – This restriction was created to represents the accumulation of donor restricted funds specifically earmarked for student scholarship awards.

<u>Student Activities</u> – This restriction was created in accordance with NJAC 6A:23A-16.12 to represent the accumulation of funds derived from athletic events and other student organizations reserved for the payment of student group activities.

<u>Capital Projects</u> – Represents fund balance restricted specifically for capital acquisitions and improvements in the Capital Projects Fund.

<u>Assigned Fund Balance</u> – Amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority.

<u>Designated for Subsequent Year's Budget</u> – This designation was created to dedicate the portion of fund balance appropriated in the adopted 2020/2021 District budget certified for taxes.

<u>Encumbrances</u> – Represent outstanding purchase orders for goods or services approved by management for specific purposes from available resources of the current year for which the goods and materials have not yet been received or the services have not yet been rendered at June 30.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

# E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

# 9. Net Position/Fund Balance (Continued)

<u>Unassigned Fund Balance</u> – Represents fund balance that has not been restricted, committed or assigned to specific purposes within the governmental funds.

In the general operating fund and other governmental funds (special revenue, capital projects and debt service fund types), it is the District's policy to consider restricted resources to have been spent first when an expenditure is incurred for purposes for which both restricted and unrestricted (i.e., committed, assigned or unassigned) fund balances are available, followed by committed and then assigned fund balances. Unassigned amounts are used only after the other resources have been used.

## 10. Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The Board of Education itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the Board's highest level of decision-making authority. The Board of Trustees is the highest level of decision-making authority for the school district that can, by adoption of a resolution or formal Board action prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation. The District has no committed fund balances at year end.

Amounts in the assigned fund balance classification are intended to be used by the Board for specific purposes but do not meet the criteria to be classified as committed. The Board has authorized the School Business Administrator/Board Secretary to assign fund balance. The Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

# F. Revenues and Expenditures/Expenses

# 1. Program Revenues

Amounts that are permitted to be reported as program revenues in the district-wide statement of activities include 1) charges to customers or applicants for goods or services, provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all property taxes, unrestricted state aid, investment earnings and miscellaneous revenues.

#### 2. Property Taxes

Property taxes are levied pursuant to law and are collected by the municipality and are transferred to the District as requested. Property tax revenues are recognized in the year they are levied and become available. Property taxes collected in advance of the year-end for which they are levied and transferred to the District are reported as deferred inflows of resources. The tax bills are mailed annually in June by the municipal tax collector and are levied and due in four quarterly installments on August 1, November 1, February 1 and May 1 of the fiscal year. When unpaid, taxes or any other municipal lien, or part thereof, on real property, remains in arrears on April 1st in the year following the calendar year levy when the same became in arrears, the tax collector of the municipality shall, subject to the provisions of New Jersey Statute, enforce the lien by placing the property on a tax sale. The municipality may institute annual "in rem" tax foreclosure proceedings to enforce the tax collection or acquisition of title to the property.

# NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

# 3. Tuition Revenues and Expenditures

<u>Tuition Revenues</u> - Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs are determined and certified by the State Department of Education.

Tuition Expenditures - Tuition charges for the fiscal years 2019-2020 and 2020-2021 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been certified by the State Department of Education.

## 4. Proprietary Funds, Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the food service enterprise fund, are charges to customers for sales and services. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. Federal and State subsidies for the food service operation are considered nonoperating revenues.

#### NOTE 2 RECONCILIATION OF DISTRICT-WIDE AND FUND FINANCIAL STATEMENTS

# Explanation of certain differences between the governmental fund balance sheet and the district-wide statement of net position

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net position- governmental activities as reported in the district-wide statement of net position. One element of that reconciliation explains that "long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds." The details are as follows:

Bonds Payable	\$ (10,970,000)
Issuance Premium (to be amortized over	
life of debt)	(72,153)
Capital Leases Payable	(86,323)
Compensated Absences	(322,264)
Net Pension Liability	(3,494,533)
Net Adjustment to Reduce Fund Balance - Total Governmental	
Funds to Arrive at Net Position - Governmental Activities	\$ (14,945,273)

#### NOTE 3 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### A. Budgetary Information

In accordance with the requirements of the New Jersey Department of Education ("the Department"), the District annually prepares its operating budget for the forthcoming year. The budget, except for the general fund and special revenue fund, which is more fully explained below and in the notes to the required supplementary information, is prepared in accordance with accounting principles generally accepted in the United States of America and serves as a formal plan for expenditures and the proposed means for financing them. Capital lease transactions are accounted for on the GAAP basis.

The annual budget is adopted in the spring of the preceding year for the general, special revenue and debt service funds. The District is not required to adopt an annual budget for the capital projects fund. The budget is submitted to the county superintendent for review and approval prior to adoption. Districts that have their school board members elected in November no longer have to submit their budgets that meet levy cap requirements for voter approval. Only a school board decision to exceed the tax levy cap would require voter approval for the additional amount on the November ballot.

Budget adoptions and amendments are recorded in the District's board minutes. The budget is amended by the Board of Trustees as needed throughout the year. The budget for revenues, other resources, other uses, and fund balances is prepared by fund source and amount. The budget for expenditures is prepared by fund, program, function, object and amount. The legal level of budgetary control is established at the line item account within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. The Board approved several budget transfers during 2020/2021. Also, during 2020/2021 the Board decreased the original General Fund budget by \$46,906 due to the net amount for the reduction of state aid and reappropriation of prior year encumbrances and increased the Special Revenue Fund budget by \$555,622 due to the additional grant awards and inclusion of the student activity and scholarship funds.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America, with the exception of the legally mandated revenue recognition of certain state aid payments for budgetary purposes only and the treatment of encumbrances in the special revenue fund as described in the Notes to Required Supplementary Information (RSI). Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

Encumbrance accounting is employed in the governmental funds. Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as committed and/or assigned fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services which are reappropriated and honored during the subsequent fiscal year.

# NOTE 3 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

# B. Capital Reserve

Dolongo July 1 2020

A capital reserve account was established by the District. The accumulation of funds will be used for capital outlay expenditures in subsequent fiscal years. The capital reserve is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the Department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line-item appropriation amounts or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6:23A-14.1(g), the balance in the reserve cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

¢ 1 757 110

The activity of the capital reserve for the fiscal year ended June 30, 2021 is as follows:

Balance, July 1, 2020		\$ 1,757,110
Increased by:		
Interest Earnings	\$ 4,393	
Transfers from Unexpended General Fund -		
Capital Outlay Budget Appropriations	5,205	
Deposits Approved by Board Resolution	 574,235	
Total Increases		 583,833
		2,340,943
Decreased by:		, ,
Withdrawals Approved in District Budget		 30,000
Balance, June 30, 2021		\$ 2,310,943

The withdrawals from the capital reserve were for use in a department approved facilities project, consistent with the district's Long Range Facilities Plan. \$60,000 of the capital reserve balance at June 30, 2021 was designated and appropriated for use in the 2021/22 original budget certified for taxes.

# NOTE 3 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

#### C. Maintenance Reserve

A maintenance reserve account was established by the District. The accumulation of funds will be used for required maintenance of school facilities expenditures in subsequent fiscal years. The maintenance reserve is maintained in the General Fund and its activity is included in the General Fund annual budget.

Funds placed in the maintenance reserve are restricted to required maintenance activities for a school facility as reported in the comprehensive maintenance plan. A District may appropriate funds into the maintenance reserve in the annual General Fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line item appropriation amounts or both. Pursuant to N.J.A.C. 6A:23A-14.2(g), the balance in the reserve cannot at any time exceed four percent of the replacement cost of the school district's school facilities for the current year.

The activity of the maintenance reserve for the fiscal year ended June 30, 2021 is as follows:

Balance, July 1, 2020	\$ 400,000
Balance, June 30, 2021	\$ 400,000

The June 30, 2021 comprehensive maintenance plan indicated a maximum maintenance reserve amount of \$1,058,320. \$60,000 of the maintenance reserve balance at June 30, 2021 was designated and appropriated for use in the 2021/22 original budget certified for taxes.

#### D. Emergency Reserve

An emergency reserve account was established by the District. The accumulation of funds will be used to finance unanticipated General Fund current expenditures required for a thorough and efficient education in subsequent fiscal years.

Funds placed in the emergency reserve are restricted to finance reasonably unforeseeable costs and shall not include additional costs due to poor planning. A District may appropriate funds into the emergency reserve in the annual General Fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line item appropriation amounts or both. Withdrawals from the reserve require the approval of the Commissioner unless the withdrawal is necessary to meet an increase in total health care costs in excess of four percent or the withdrawal is included in the original budget certified for taxes to finance school security improvements to school facilities pursuant to 18A:7G-6(c)1. Pursuant to NJAC 6A:23A-14.4(A), the balance in the reserve cannot at any time exceed the greater of \$250,000 or one percent of the school district's General Fund budget as certified for taxes up to a maximum of \$1,000,000.

The activity of the emergency reserve for the fiscal year ended June 30, 2021 is as follows:

Balance, July 1, 2020 \$ 96,281

Balance, June 30, 2021 \$ 96,281

## NOTE 4 DETAILED NOTES ON ALL FUNDS

#### A. Cash Deposits and Investments

## **Cash Deposits**

The Board's deposits are insured through either the Federal Deposit Insurance Corporation (FDIC), National Credit Union Share Insurance Fund (NCUSIF), Securities Investor Protection Corporation (SIPC) or New Jersey's Governmental Unit Deposit Protection Act (GUDPA). The Board is required to deposit their funds in a depository which is protecting such funds pursuant to GUDPA. The New Jersey Governmental Unit Deposit Protection Act requires all banks doing business in the State of New Jersey to pledge collateral equal to at least 5% of the average amount of its public deposits and 100% of the average amount of its public funds in excess of the lesser of 75% of its capital funds or \$200 million for all deposits not covered by the FDIC and NCUSIF.

Bank balances are insured up to \$250,000 in the aggregate by the FDIC for each bank. NCUSIF insures credit union accounts up to \$250,000 in the aggregate for each financial institution. SIPC replaces cash claims up to a maximum of \$250,000 for each failed brokerage firm. At June 30, 2021, the book value of the Board's deposits were \$4,214,947 and bank and brokerage firm balances of the Board's deposits amounted to \$4,703,299. The Board's deposits which are displayed on the various fund balance sheets as "cash and cash equivalents" are categorized as:

	Bank
<b>Depository Account</b>	<u>Balance</u>

Insured \$ 4,703,299

<u>Custodial Credit Risk – Deposits</u> – Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Board does not have a policy for custodial credit risk. As of June 30, 2021 none of Board's bank balances were exposed to custodial credit risk.

#### **Investments**

The Board is permitted to invest public funds in accordance with the types of securities authorized by N.J.S.A. 18A:20-37. Examples of the allowable investments are bonds or other obligations of the United States or obligations guaranteed by the United States of America; Government Money Market Mutual Funds; any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligations bear a fixed rate of interest not dependent on any index or other external factor; bonds or other obligations of the school district or bonds or other obligations of the local unit or units within which the school district is located; Bonds or other obligations, having a maturity date of not more than 397 days from the date of purchase, issued by New Jersey school districts, municipalities, counties, and entities subject to the "Local Authorities Fiscal Control Law," (C.40A:5A-1 et seq.); Other bonds or obligations having a maturity date not more than 397 days from the date of purchase may be approved by the Division of Investment in the Department of the Treasury for investment by school districts; Local Government investment pools; deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 (C.52:18A-90.4); and agreements for the repurchase of fully collateralized securities, if transacted in accordance with the above statute.

#### NOTE 4 DETAILED NOTES ON ALL FUNDS (Continued)

## A. Cash Deposits and Investments (Continued)

# **Investments** (Continued)

As of June 30, 2021, the Board had no outstanding investments.

<u>Interest Rate Risk</u> – Interest rate risk is the risk that changes in the market interest rate will adversely affect the fair value of an investment. The Board does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

<u>Credit Risk</u> – Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. State law limits investments as noted above (N.J.S.A. 18A:20-37). The District does not have an investment policy that would further limit its investment choices.

<u>Concentration of Credit Risk</u> – The concentration of credit risk is the risk of loss that may be caused by the Board's investment in a single issuer. The Board places no limit in the amount the District may invest in any one issuer.

## B. Receivables

Receivables as of June 30, 2021 for the district's individual major funds, including the applicable allowances for uncollectible accounts, are as follows:

		General	Special Revenue	Capital Projects	Food Service		Total
Receivables:	•						***************************************
Accounts	\$	2,200				\$	2,200

# **NOTE 4 DETAILED NOTES ON ALL FUNDS (Continued)**

# C. <u>Unearned Revenue</u>

Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of unearned revenue reported in the governmental funds were as follows:

General Fund	
Prepaid Pre-K Tuition Revenue	\$ 18,606
Special Revenue Fund	
Unencumbered Grant Draw Downs	6,816
Grant Draw Downs Reserved for Encumbrances	10,949
Capital Projects fund	
Unrealized School Facilities Grants	148,868
Total Unearned Revenue for Governmental Funds	\$ 185,239

# D. Capital Assets

Capital asset activity for the fiscal year ended June 30, 2021 was as follows:

	Balance,			Balance,
	July 1, 2020 Increase		<u>Decreases</u>	June 30, 2021
Governmental Activities:				
Capital Assets, Not Being Depreciated:				
Land	\$ 1,602,000	-		\$ 1,602,000
Total Capital Assets, Not Being Depreciated	1,602,000	-	-	1,602,000
Capital Assets, Being Depreciated:				
Land Improvements	1,076,878			\$ 1,076,878
Buildings and Building Improvements	25,755,481	\$ 27,045		25,782,526
Machinery and equipment	1,573,377	54,835	-	1,628,212
Total Capital Assets Being Depreciated	28,405,736	81,880		28,487,616
Less Accumulated Depreciation for:				
Land Improvements	(326,489)	(48,363)		(374,852)
Buildings and Building Improvements	(7,558,382)	(917,851)		(8,476,233)
Machinery and Equipment	(1,339,501)	(83,948)	-	(1,423,449)

Business-Type Activities: Food Service Fund	\$ 4,241

# NOTE 4 DETAILED NOTES ON ALL FUNDS (Continued)

# E. Leases

# **Operating Leases**

The District leases copiers under noncancelable operating leases. Lease payments for the fiscal year ended June 30, 2021 were \$48,780. The future minimum lease payments for these operating leases are as follows:

Fiscal Year		
Ending		
<u>June 30,</u>	<u> </u>	Amount
2022	\$	48,780
2023		48,780
2024		48,780
2025		20,325
Total	\$	166,665

# **Capital Leases**

The District is leasing computer equipment totaling \$124,362 under capital leases. The lease is for a term of 4 years.

The future minimum lease obligations and the net present value of these minimum lease payments as of June 30, 2021 were as follows:

Fiscal Year Ending	Gov	ernmental
June 30,		<u>ctivities</u>
2022	\$	35,247
2023		35,245
2024		23,498
Total minimum lease payments		93,990
Less: amount representing interest		(7,667)
Present value of minimum lease payments	\$	86,323

# NOTE 4 DETAILED NOTES ON ALL FUNDS (Continued)

# F. Long-Term Debt

#### **General Obligation Bonds**

The Board issued general obligation bonds to provide funds for the acquisition and construction of major capital facilities and other capital assets or other purposes permitted by statute. The full faith and credit of the Board are irrevocably pledged for the payment of the principal of the bonds and the interest thereon.

Bonds payable at June 30, 2021 are comprised of the following issues:

\$4,450,000, 2013 Refunding Bonds, due in annual installments of \$415,000 to \$460,000 through July 15, 2025 interest at 3.0%

\$ 2,205,000

\$9,377,000, 2017 School Bonds, due in annual installments of \$325,000 to \$600,000 through September 15, 2037 interest at 2.0% to 3.0%

8,765,000

\$ 10,970,000

The Board's schedule of principal and interest for long-term debt issued and outstanding is as follows:

## **Governmental Activities:**

Fiscal Year Ending		Serial Bonds				
<u>June 30,</u>		Principal		<u>Interest</u>		<u>Total</u>
2022	\$	740.000	\$	201 725	\$	1 021 725
	Ф	740,000	Ф	291,725	Ф	1,031,725
2023		765,000		272,450		1,037,450
2024		795,000		252,475		1,047,475
2025		815,000		231,875		1,046,875
2026		830,000		210,850		1,040,850
2027-2031		3,000,000		819,000		3,819,000
2032-2036		3,000,000		378,750		3,378,750
2037-2038		1,025,000	********	30,375	_	1,055,375
	\$	10,970,000	\$	2,487,500	\$	13,457,500

# **Statutory Borrowing Power**

The Board's remaining borrowing power under N.J.S. 18A:24-19, as amended, at June 30, 2021 was as follows:

4% of Equalized Valuation Basis (Municipal) Less: Bonds Issued and Bonds Authorized But Not Issued \$ 60,835,341 10,970,513

Remaining Borrowing Power

49,864,828

# NOTE 4 DETAILED NOTES ON ALL FUNDS (Continued)

# G. Other Long-Term Liabilities

#### **Changes in Long-Term Liabilities**

Long-term liability activity for the fiscal year ended June 30, 2021, was as follows:

						Due
	Balance,				Balance,	Within
	July 1, 2020	<b>Additions</b>	E	Reductions	June 30, 2021	One Year
Governmental Activities:						
Bonds Payable	\$ 11,680,000		\$	710,000	\$ 10,970,000	\$ 740,000
Add: Premium on Refunding	96,250		***************************************	24,097	72,153	
Bonds Payable, Net	11,776,250	-		734,097	11,042,153	740,000
Capital Leases	115,148			28,825	86,323	30,691
Compensated Absences	332,024			9,760	322,264	32,226
Net Pension Liability	4,175,052			680,519	3,494,533	PR
Governmental Activity	0 16 200 474	Φ.	Ф	1 452 201	Ф. 14.045.072	Φ 000.017
Long-Term Liabilities	\$ 16,398,474	<u> </u>	\$	1,453,201	\$ 14,945,273	\$ 802,917

For the governmental activities, the liabilities for compensated absences, capital leases and net pension liability are generally liquidated by the general fund.

## H. Interfund Receivables, Payables, and Transfers

The composition of interfund balances as of June 30, 2021, is as follows:

## **Due To/From Other Funds**

Receivable Fund	Payable Fund	Amount
	,	
General Fund	Special Revenue Fund	\$ 23,494

The above balances are the result of expenditures paid by one fund on behalf of another fund to cover cash balances which were in an overdraft position.

The District expects all interfund balances to be liquidated within one year.

## NOTE 5 OTHER INFORMATION

# A. Risk Management

The District is exposed to various risks of loss related to property, general liability, automobile coverage, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; student accident; termination of employees and natural disasters. The Board has obtained commercial insurance coverage to guard against these events to minimize the exposure to the District should they occur. A complete schedule of insurance coverage can be found in the statistical section of this Comprehensive Annual Financial Report.

# NOTE 5 OTHER INFORMATION (Continued)

# A. Risk Management (Continued)

The District is a member of the School Alliance Insurance Fund (SAIF). The Group is a risk sharing public entity pool, established for the purpose of insuring against worker's compensation claims.

The relationship between the Board and SAIF is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The Board is contractually obligated to make all annual and supplementary contributions to the funds, to report claims on a timely basis, cooperate with the management of the funds, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by the funds. Members have a contractual obligation to fund any deficit of the funds attributable to a membership year during which they were a member.

SAIF provides its members with risk management services, including the defense of and settlement of claims and to establish reasonable and necessary loss reduction and prevention procedures to be followed by the members. Complete financial statements of the respective insurance funds are on file with the School's Business Administrator.

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverage's in any of the prior three years.

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, interest earnings, reimbursements to the State for benefits paid and the ending balance of the District's restricted fund balance for unemployment compensation claims in the General Fund for the current and previous two years:

Fiscal Year Ended June 30,	_	Board tribution	nployee tributions	 nterest ncome	amount imbursed	Ending Balance
2021	\$	-	\$ 54,055	\$ 2,312	\$ 63,981	\$ 168,561
2020		120,000	46,674		59,144	176,175
2019		5,000	42,947		25,565	67,019

#### **B.** Contingent Liabilities

The District is a party defendant in some lawsuits, none of a kind unusual for a school district of its size and scope of operation. In the opinion of the Board's Attorney the potential claims against the District not covered by insurance policies would not materially affect the financial condition of the District.

<u>Federal and State Awards</u> – The Board participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the Board may be required to reimburse the grantor government. As of June 30, 2021, significant amounts of grant expenditures have not been audited by the various grantor agencies but the Board believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the District.

#### C. Federal Arbitrage Regulations

The District is subject to Section 148 of the Internal Revenue Code as it pertains to the arbitrage rebate on all tax-exempt obligations, both long and short-term debt. Under the 1986 Tax Reform Act, the Internal Revenue Service (IRS) required that all excess earnings from investment proceeds be rebated to the IRS. Arbitrage, for purposes of these regulations, is defined as the difference between the yield on the investment and the yield on the obligations issued. If there are excess earnings, this amount may be required to be rebated to the IRS. At June 30, 2021, the District has not estimated its arbitrage earnings due to the IRS, if any.

#### NOTE 5 OTHER INFORMATION (Continued)

#### D. Employee Retirement Systems and Pension Plans

#### Plan Descriptions and Benefits Provided

The State of New Jersey sponsors and administers the following contributory defined benefit public employee retirement systems (retirement systems) covering substantially all Board employees who are eligible for pension coverage:

**Public Employees' Retirement System (PERS)** – Established in January 1955, under the provisions of N.J.S.A. 43:15A to provide coverage to substantially all full time employees of the State or any county, municipality, school district, or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees. PERS is a cost sharing multiple employer defined benefit pension plan. For additional information about PERS, please refer to the State Division of Pension and Benefits (Division's) Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions.

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death, and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

The following represents the membership tiers for PERS:

Tier	Definition
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tier 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reached age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tier 1 and 2 members before reaching age 60, tier 3 and 4 members with 25 or more years of service credit before age 62, and tier 5 members with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least ten years of service credit and have not reached the service retirement age for the respective tier.

Teachers' Pension and Annuity Fund (TPAF) – Established in January 1955, under the provisions of N.J.S.A. 18A:66 to provide coverage to substantially all full time certified teachers or professional staff of the public school systems in the State. Membership is mandatory for such employees. TPAF is a cost sharing multiple- employer defined benefit pension plan with a special funding situation, by which the State is responsible to fund 100% of local employer contributions, excluding any local employer early retirement incentive (ERI) contributions. For additional information about TPAF, please refer to the State Division of Pension and Benefits (Division's) Comprehensive Annual Financial Report (CAFR) which can be found at <a href="https://www.state.nj.us/treasury/pensions">www.state.nj.us/treasury/pensions</a>.

#### NOTE 5 OTHER INFORMATION (Continued)

# D. Employee Retirement Systems and Pension Plans (Continued)

# **Teachers' Pension and Annuity Fund (TPAF) (Continued)**

The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death, and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

The following represent the membership tiers for TPAF:

Tier	Definition
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tier 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reached age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tier 1 and 2 members before reaching age 60, tier 3 and 4 members with 25 or more years of service credit before age 62, and tier 5 members with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement for his/her respective tier. Deferred retirement is available to members who have at least ten years of service credit and have not reached the service retirement age for the respective tier.

The State of New Jersey sponsors and administers the following defined contribution public employee retirement program covering certain state and local government employees which include those Board employees who are eligible for pension coverage.

Defined Contribution Retirement Program (DCRP) – established under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2008 to provide coverage to elected and certain appointed officials, effective July 1, 2007 and employees enrolled in PERS or TPAF on or after July 1, 2007 who earn in excess of established annual maximum compensation limits (equivalent to annual maximum wage for social security deductions). This provision was extended by Chapter 1, P.L. 2010, effective May 21, 2010, to new employees (Tier 2) of the PFRS and new employees who would otherwise be eligible to participate in PERS or TPAF on or after November 2, 2008 and do not earn the minimum salary required or do not work the minimum required hours but earn a base salary of at least \$5,000 are eligible for participation in the DCRP. Membership is mandatory for such individuals with vesting occurring after one (1) year of membership. DCRP is a defined contribution pension plan.

# **NOTE 5 OTHER INFORMATION (Continued)**

# D. Employee Retirement Systems and Pension Plans (Continued)

#### **Other Pension Funds**

The State established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of the State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The state or local government employers do not appropriate funds to SACT.

The cost of living increase for PERS and TPAF, are funded directly by each of the respective systems but are currently suspended as a result of reform legislation.

According to state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement system be terminated.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits ("Division"), issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits, website at <a href="https://www.state.nj.us/treasury/pensions">www.state.nj.us/treasury/pensions</a>.

#### **Plan Amendments**

The authority to amend the provisions of the above plans rests with new legislation passed by the State of New Jersey. Pension reforms enacted pursuant to Chapter 78, P.L. 2011 included provisions creating special Pension Plan Design Committees for TPAF and PERS, once a Target Funded Ratio (TFR) is met. The Pension Plan Design Committees will have the discretionary authority to modify certain plan design features, including member contribution rate; formula for calculation of final compensation of final salary; fraction used to calculate a retirement allowance; age at which a member may be eligible and the benefits for service or early retirement; and benefits provided for disability retirement. The committees will also have the authority to reactivate the cost of living adjustment (COLA) on pensions. However, modifications can only be made to the extent that the resulting impact does not cause the funded ratio to drop below the TFR in any one year of a 30-year projection period.

# **Measurement Focus and Basis of Accounting**

The financial statements of the retirement systems are prepared in accordance with U.S. generally accepted accounting principles as applicable to governmental organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB).

The accrual basis of accounting is used for measuring financial position and changes in net position of the pension trust funds. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan. The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

# **NOTE 5 OTHER INFORMATION (Continued)**

# D. Employee Retirement Systems and Pension Plans (Continued)

#### **Investment Valuation**

The Division of Investment, Department of the Treasury, State of New Jersey (Division of Investment) manages and invests certain assets of the retirement systems. Prudential Retirement is the third-party administrator for the DCRP and provides record keeping, administrative services and investment options. Investment transactions are accounted for on a trade or investment date basis. Interest and dividend income is recorded on the accrual basis, with dividends accruing on the exdividend date. The net increase or decrease in the fair value of investments includes the net realized and unrealized gains or losses on investments.

The State of New Jersey, Department of the Treasury, Division of Investment issues publicly available financial reports that include the financial statements of the State of New Jersey Cash Management Fund. The financial reports may be obtained in writing to the State of New Jersey, Department of the Treasury, Division of Investment, P.O. Box 290, Trenton, New Jersey 08625-0290 or at <a href="https://www.state.nj.us/treasury/doinvest.">www.state.nj.us/treasury/doinvest.</a>

# **Collective Net Pension Liability**

The collective net pension liability of the participating employers for local PERS at June 30, 2020 is \$16.4 billion and the plan fiduciary net position as a percentage of the total pension liability is 58.32%. The collective net pension liability of the State funded TPAF at June 30, 2020 is \$66.0 billion and the plan fiduciary net position as a percentage of total pension liability is 24.60%.

The total pension liabilities were determined based on actuarial valuations as of July 1, 2019 which were rolled forward to June 30, 2020.

#### **Actuarial Methods and Assumptions**

In the July 1, 2018 PERS and TPAF actuarial valuation, the actuarial assumptions and methods used in these valuations were described in the Actuarial Assumptions and Methods section of the Actuary's report and are included here in this note to the financial statements. The pension systems selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 68. The Actuary provided guidance with respect to these assumptions, and it is their belief that the assumptions represent reasonable expectations of anticipated plan experience.

## **Employer and Employee Pension Contributions**

The contribution policy is set by laws of the State of New Jersey and contributions are required by active members and participating employers. Plan members and employer contributions may be amended by State of New Jersey legislation with the amount of contributions by the State of New Jersey contingent upon the Annual Appropriations Act. As defined, the retirement systems require employee contributions based on 7.50% for PERS, 7.50% for TPAF and 5.50% for DCRP of the employee's annual compensation for fiscal year 2021.

PERS employers' and TPAF State's nonemployer contributions are based on actuarially determined amounts, which include the normal cost and unfunded accrued liability. For the fiscal year ended June 30, 2020 for TPAF, which is a cost sharing multiple employer defined benefit pension plan with a special funding situation, the State's annual pension contribution was less than the actuarial determined amount. For local PERS, which is a cost sharing multiple employer defined benefit pension plan, the annual pension contributions were equal to the actuarial determined amounts. TPAF nonemployer contributions are made annually by the State of New Jersey to the pension system on behalf of the Board. PERS employer contributions are made annually by the Board to the pension system in accordance with Chapter 114, P.L. 1997. In the DCRP, which is a defined contribution plan, member contributions are matched by a 3% employer contribution. All PERS and DCRP contributions made by the Board for fiscal years 2021, 2020 and 2019 were equal to the required contributions.

#### NOTE 5 OTHER INFORMATION (Continued)

#### D. Employee Retirement Systems and Pension Plans (Continued)

# **Employer and Employee Pension Contributions (Continued)**

During the fiscal years ended June 30, 2021, 2020 and 2019 the Board was required to contribute for PERS and DCRP and the State of New Jersey, as a nonemployer contributing entity, contributed for TPAF, respectively for normal cost pension and unfunded accrued liability contributions (including non-contributory group life insurance (NCGI)) the following amounts:

Fiscal Year Ended			(	On-behalf			
<u>June 30,</u>		<u>PERS</u>		<u>TPAF</u>	]	<u>DCRP</u>	
2021	\$	234,424	\$	2,281,113	\$	16,859	
2020		225,385		1,661,693		18,139	
2019		224,338		1,420,858		15,427	

In addition for fiscal years 2021, 2020 and 2019 the District contributed \$-0-, \$571 and \$562, respectively for PERS and the State contributed \$1,716 and \$1,915 and \$2,165, respectively for TPAF for Long Term Disability Insurance Premium (LTDI).

The PERS contributions are recognized in the governmental fund financial statements (modified accrual basis) as an expenditure. The on-behalf TPAF contributions are recognized in the governmental fund financial statements (modified accrual basis) as both a revenue and expenditure in accordance with GASB Statement No. 85, *Omnibus 2017* (GASB No. 85). The DCRP contributions are recognized in the governmental fund financial statements (modified accrual basis) as an expenditure, as well as, the district-wide financial statements (accrual basis) as an expense.

Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the Board \$632,120 during the fiscal year ended June 30, 2021 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. This amount has been recognized in the district-wide financial statements (accrual basis) and the governmental fund financial statements (modified accrual basis) as a revenue and expense/expenditure in accordance with GASB No. 85.

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

# **Public Employees Retirement System (PERS)**

GASB Statement No. 68, Accounting and Financial Reporting for Pensions, (GASB No. 68) requires participating employers in PERS to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources and collective pension expense. The employer allocation percentages presented are based on the ratio of the contributions as an individual employer to total contributions to the PERS during the measurement period July 1, 2019 through June 30, 2020. Employer allocation percentages have been rounded for presentation purposes.

Although the NJ Division of Pensions and Benefits ("Division") administers one cost-sharing multiple employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources and pension expense are determined separately for each individual employer of the State and local groups of the plan.

## NOTE 5 OTHER INFORMATION (Continued)

#### D. Employee Retirement Systems and Pension Plans (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

# Public Employees Retirement System (PERS) (Continued)

To facilitate the separate (sub) actuarial valuations, the Division maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages are presented for each group. The allocation percentages for each group as of June 30, 2020 are based on the ratio of each employer's contribution to total employer contributions of the group for the fiscal year ended June 30, 2020.

At June 30, 2021, the District reported in the statement of net position (accrual basis) a liability of \$3,494,533 for its proportionate share of the PERS net pension liability. The net pension liability was measured as of June 30, 2020 determined by an actuarial valuation as of July 1, 2019. The District's proportionate share of the net pension liability was based on the ratio of the District's share of contributions to the pension plan relative to the total contributions of all participating governmental entities, for the year ended June 30, 2020. At June 30, 2020, the District's proportionate share was .02143 percent, which was a decrease of .00174 percent from its proportionate share measured as of June 30, 2019 of .02317 percent.

For the fiscal year ended June 30, 2021, the District recognized in the district-wide statement of activities (accrual basis) pension expense of \$121,454 for PERS. The pension contribution made by the District during the current 2020/2021 fiscal year is the contribution that is applied to the net pension liability reported at the end of the current fiscal year of June 30, 2021 with a measurement date of the prior fiscal year end of June 30, 2020. Since the State of New Jersey applies the current year pension contribution towards the calculation of the net pension liability reported at the end of the current fiscal year, which has a measurement date of the preceding fiscal year end, there is no deferred outflows of resources reported as of June 30, 2021 for contributions made subsequent to the measurement date. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to PERS pension from the following sources:

	Deferred Outflows of Resources		Deferred Inflows Resources
Difference Between Expected and			
Actual Experience	\$	63,630	\$ 12,358
Changes of Assumptions		113,367	1,463,194
Net Difference Between Projected and Actual			
Earnings on Pension Plan Investments		119,446	
Changes in Proportion and Differences Between			
Board Contributions and Proportionate Share			
of Contributions		188,607	 411,181
Total	\$	485,050	\$ 1,886,733

# **NOTE 5 OTHER INFORMATION (Continued)**

# D. Employee Retirement Systems and Pension Plans (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

## Public Employees Retirement System (PERS) (Continued)

At June 30, 2021, the amounts reported as deferred outflows of resources and deferred inflows of resources related to PERS pension will be recognized in pension expense/(benefit) as follows:

Year	
Ending	
<u>June 30,</u>	<u>Total</u>
2022	\$ (443,531)
2023	(475,306)
2024	(307,623)
2025	(145,777)
2026	(29,446)
Thereafter	 **
	\$ (1,401,683)

# **Actuarial Assumptions**

The District's total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

Inflation Rate: Price Wage	2.75% 3.25%
Salary Increases:	
Through 2026	2.00-6.00% Based on Years of Service
Thereafter	3.00%-7.00% Based on Years of Service
Investment Rate of Return	7.00%
Mortality Rate Table	Pub-2010

Assumptions for mortality improvements are based on Society of Actuaries Scale MP-2020.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

# D. Employee Retirement Systems and Pension Plans (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Public Employees Retirement System (PERS) (Continued)

# Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7% at June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and actuaries. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plans investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the PERS's target asset allocation as of June 30, 2020 are summarized in the following table:

Asset Class	Target <u>Allocation</u>	Long-Term Expected Real Rate of Return
Risk Mitigation Strategies	3.00%	3.40%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	1.94%
Investment Grade Credit	8.00%	2.67%
US Equity	27.00%	7.71%
Non-US Developed Markets Equity	13.50%	8.57%
Emerging Markets Equity	5.50%	10.23%
High Yield	2.00%	5.95%
Real Assets	3.00%	9.73%
Private Credit	8.00%	7.59%
Real Estate	8.00%	9.56%
Private Equity	13.00%	11.42%

#### Discount Rate

The discount rate used to measure the total pension liabilities of the PERS plan was as follows:

Fiscal <u>Year</u>	Measurement Date	Discount Rate
2021	June 30, 2020	7.00%
2020	June 30, 2019	6.28%

# NOTE 5 OTHER INFORMATION (Continued)

# D. Employee Retirement Systems and Pension Plans (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

# Public Employees Retirement System (PERS) (Continued)

# Discount Rate (Continued)

There was no crossover period for the PERS defined benefit plan. Therefore the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

## Sensitivity of Net Pension Liability

The following presents the District's proportionate share of the PERS net pension liability calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the PERS net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate:

	1%	Current	1%
	Decrease	Discount Rate	Increase
	<u>6.00%</u>	<u>7.00%</u>	<u>8.00%</u>
District's Proportionate Share of the PERS Net Pension Liability	\$ 4,399,034	\$ 3,494,533	\$ 2,727,039

The sensitivity analysis was based on the proportionate share of the District's net pension liability as of the measurement date of June 30, 2020. A sensitivity analysis specific to the District's net pension liability at June 30, 2020 was not provided by the pension system.

## Pension Plan Fiduciary Net Position

Detailed information about the PERS pension plan's fiduciary net position is available in the separately issued financial report from the State of New Jersey, Department of the Treasury, Division of Pension and Benefits. The financial report may be accessed via the New Jersey, Division of Pensions and Benefits, website at <a href="https://www.state.nj.us/treasury/pensions">www.state.nj.us/treasury/pensions</a>.

#### NOTE 5 OTHER INFORMATION (Continued)

#### D. Employee Retirement Systems and Pension Plans (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

# **Teachers Pension and Annuity Fund (TPAF)**

GASB No. 68, requires participating employers in TPAF to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources and collective pension expense. The non-employer allocation percentages presented are based on the ratio of the State's contributions made as an employee and non-employer adjusted for unpaid early retirement incentives to total contributions to TPAF during the measurement period July 1, 2019 through June 30, 2020. Non-employer allocation percentages have been rounded for presentation purposes.

The contribution policy for TPAF is set by N.J.S.A. 18A:66 and requires contributions by active members and non-employer contributions by the State. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. For the fiscal year ended June 30, 2020, the State's pension contribution was less than the actuarial determined amount.

In accordance with GASB No. 68, the District is not required to recognize a net pension liability for TPAF. The State of New Jersey, as a nonemployer contributing entity, is the only entity that has a legal obligation to make employer contributions to TPAF on behalf of the District. Accordingly, the District's proportionate share percentage determined under Statement No. 68 is zero percent and the State's proportionate share is 100% of the net pension liability attributable to the District for TPAF. Therefore, in addition, the District does not recognize any portion of the TPAF collective deferred outflows of resources and deferred inflows of resources.

For the fiscal year ended June 30, 2021, the District recognized in the district-wide statement of activities (accrual basis) pension expense of \$3,047,540 for TPAF. This amount has been included in the district-wide statement of activities (accrual basis) as both a revenue and expense in accordance with GASB No. 85.

At June 30, 2021 the State's proportionate share of the net pension liability attributable to the District is \$49,008,217. The net pension liability was measured as of June 30, 2020 and was determined by an actuarial valuation as of July 1, 2019. The nonemployer allocation percentages are based on the ratio of the State's contributions made as a nonemployer attributable to the District adjusted for unpaid early retirement incentives relative to total contributions to TPAF during the year ended June 30, 2020. At June 30, 2020, the State's share of the net pension liability attributable to the District was .07443 percent, which was an increase of .00367 percent from its proportionate share measured as of June 30, 2019 of .07076 percent.

#### Pension Plan Fiduciary Net Position

Detailed information about the TPAF pension plan's fiduciary net position is available in the separately issued financial report from the State of New Jersey, Department of the Treasury, Division of Pension and Benefits. The financial report may be accessed via the New Jersey, Division of Pensions and Benefits, website at <a href="https://www.state.nj.us/treasury/pensions">www.state.nj.us/treasury/pensions</a>.

#### E. Post-Retirement Medical Benefits

The State of New Jersey sponsors and administers the post-retirement health benefit program plan for school districts.

As a result of implementing GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other than Pension Plans, the post-retirement health benefit program plan is reported in an Agency Fund in the New Jersey Comprehensive Annual Financial Report for the fiscal year ended June 30, 2020. In addition, the plan is administered on a pay-as-you-go basis. Therefore, the plan has no assets accumulated in a trust. In accordance with GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pension (GASB No. 75), the plan is classified as a multiple employer defined benefit OPEB plan with a special funding situation that is not administered through a trust that meets the criteria in paragraph 4 of GASB No. 75.

#### Plan Description and Benefits Provided

The State of New Jersey sponsors and administers the following post-retirement health benefit program plan covering certain local school district employees, including those Board employees and retirees eligible for coverage.

State Health Benefit Program Fund – Local Education Retired Employees Plan (including Prescription Drug Program Fund) – N.J.S.A. 52:14-17.32f provides medical coverage, prescription drug benefits and Medicare Part B reimbursement to qualified retired education employees and their covered dependents. The State of New Jersey provides employer-paid coverage to members of the TPAF who retire from a board of education or county college with 25 years of service or on a disability retirement. Under the provisions of Chapter 126, P.L. 1992, the State also provides employer-paid coverage to members of the PERS and Alternate Benefits Program (ABP) who retire from a board of education or county college with 25 years of service or on a disability retirement if the member's employer does not provide this coverage. Certain local participating employers also provide post-retirement medical coverage to their employees. Retirees who are not eligible for employer paid health coverage at retirement can continue in the program if their employer participates in this program or if they are participating in the health benefits plan of their former employer and are enrolled in Medicare Parts A and B by paying the cost of the insurance for themselves and their covered dependents.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

#### **NOTE 5 OTHER INFORMATION (Continued)**

#### E. Post-Retirement Medical Benefits (Continued)

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above Fund. The financial reports may be accessed via the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, website at <a href="https://www.state.nj.us/treasury/pensions">www.state.nj.us/treasury/pensions</a>.

#### Plan Membership

Membership of the defined benefit OPEB plan consisted of the following at June 30, 2019:

Active Plan Members	216,804
Inactive Plan Members or Beneficiaries Currently Receiving Benefits	<u>149,304</u>
Total	366,108

#### **Measurement Focus and Basis of Accounting**

The financial statements of the post-employment health benefit plans are prepared in accordance with U.S. generally accepted accounting principles as applicable to governmental organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB).

The accrual basis of accounting is used for measuring financial position and changes in net position of the post-employment health benefit plans. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan. The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

#### **Investment Valuation**

Investments are reported at fair value. Investments that do not have an established market are reported at estimated fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

#### **Collective Net OPEB Liability**

The collective net OPEB liability of the State, as the non-employer contributing entity, of the plan at June 30, 2020 is \$67.8 billion, and the plan fiduciary net position as a percentage of the total OPEB liability is zero percent.

The total OPEB liabilities were determined based on actuarial valuations as of June 30, 2019 which were rolled forward to June 30, 2020.

#### NOTE 5 OTHER INFORMATION (Continued)

#### E. Post-Retirement Medical Benefits (Continued)

#### **Actuarial Methods and Assumptions**

In the June 30, 2019 OPEB actuarial valuation, the actuarial assumptions and methods used in these valuations were described in the Actuarial Assumptions and Methods section of the Actuary's report and are included here in this note to the financial statements. The Plan selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 75. The Actuary provided guidance with respect to these assumptions, and it is their belief that the assumptions represent reasonable expectations of anticipated plan experience.

#### **Post-Retirement Medical Benefits Contributions**

The funding policy of the OPEB plan is pay as you go basis; therefore, there is no prefunding of the liability. Contributions to pay for the health benefit premiums of participating employees in the OPEB plan are made by the State, as a non-employer contributing entity, under a special funding situation in accordance with State statutes as previously disclosed. The State as a non-employer contributing entity made contributions of \$1.18 billion to the OPEB plan in fiscal year 2020.

The State sets the contribution rate based on a pay as you go basis rather than the actuarial determined contribution an amount actuarially determined in accordance with the parameters of GASB Statement 75. The actuarial determined contribution represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and any unfunded actuarial liabilities (or funding excess) of the plan using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with OPEB through the Plan. The State's contributions, as a nonemployer contributing entity, to the State Health Benefits Program Fund – Local Education Retired Employees Plan for retirees' post-retirement benefits on behalf of the School District for the fiscal years ended June 30, 2021, 2020 and 2019 were \$714,865, \$616,457 and \$644,499, respectively, which equaled the required contributions for each year. The State's contributions to the State Health Benefits Program Fund – Local Education Retired Employees Plan for PERS retirees' post-retirement benefits on behalf of the School District was not determined or made available by the State of New Jersey. The on-behalf OPEB contributions are recognized in the governmental fund financial statements (modified accrual basis) as both a revenue and expenditure in accordance with GASB No. 85.

#### OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

GASB Statement No. 75 requires participating employers in the State Health Benefit Program Fund – Local Education Retired Employees Plan to recognize their proportionate share of the collective OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources and collective OPEB expense. The nonemployer allocation percentages presented are based on the ratio of the State's contributions made as a nonemployer toward the actuarially determined contribution amount to total contributions to the plan during the measurement period July 1, 2019 through June 30, 2020. Nonemployer allocation percentages have been rounded for presentation purposes.

In accordance with GASB No. 75, the District is not required to recognize an OPEB liability for the post-employment health benefit plan. The State of New Jersey, as a nonemployer contributing entity, is the only entity that has a legal obligation to make employer contributions to the plan on behalf of the District. Accordingly, the District's proportionate share percentage determined under Statement No. 75 is zero percent and the State's proportionate share is 100% of the OPEB liability attributable to the District. Therefore, in addition, the District does not recognize any portion of the collective deferred outflows of resources and deferred inflows of resources related to the plan.

For the fiscal year ended June 30, 2021, the District recognized in the district-wide statement of activities (accrual basis) OPEB expense of \$2,695,060. This amount has been included in the district-wide statement of activities (accrual basis) as both a revenue and expense in accordance with GASB No. 85.

At June 30, 2021 the State's proportionate share of the OPEB liability attributable to the District is \$45,913,057. The nonemployer allocation percentages are based on the ratio of the State's proportionate share of the OPEB liability attributable to the District at June 30, 2020 to the total OPEB liability of the State Health Benefit Program Fund – Local Education Retired Employees Plan at June 30, 2020. At June 30, 2020, the state's share of the OPEB liability attributable to the District was .06771 percent, which a decrease of .00013 percent from its proportionate share measured as of June 30, 2019 of .06784 percent.

#### NOTE 5 OTHER INFORMATION (Continued)

#### E. Post-Retirement Medical Benefits (Continued)

#### OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

#### **Actuarial Assumptions**

The OPEB liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of June 30, 2019, which was rolled forward to June 30, 2020. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

Inflation Rate 2.50%

Salary Increases\*

PERS:

Initial Fiscal Year Applied Through 2026

Rate 2.00% to 6.00% Rate Thereafter 3.00% to 7.00%

TPAF:

Initial Fiscal Year Applied Through 2026

Rate 1.55% to 4.45%
Rate Thereafter 1.55% to 4.45%

Mortality:

PERS Pre-retirement and Post-retirement based on Pub-2010

Healthy "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using

Scale MP-2020.

TPAF Pre-retirement and Post-retirement based on Pub-2010

Healthy "Teachers" and "General" classifications respectively, headcount-weighted mortality tables with fully generational mortality improvement projections from the central year using Scale MP-

2020.

For the June 30, 2020 measurement date healthcare cost trend rates for pre-Medicare medical benefits, the trend is initially 5.6% and decreases to a 4.5% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2021 are reflected. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.0% and decreases to a 4.5% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.0%.

<sup>\*</sup>Salary increases are based on the defined benefit pension plan that the member is enrolled in and the members years of service.

### OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

#### **Actuarial Assumptions (Continued)**

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of the TPAF and PERS actuarial experience studies for the period July 1, 2015 to June 30, 2018 and July 1, 2014 to June 30, 2018, respectively.

100% of active members are considered to participate in the plan upon retirement.

#### **Discount Rate**

The discount rate used to measure the total OPEB liabilities of the plan was as follows:

Fiscal <u>Year</u>	Measurement Date	Discount Rate		
2021	June 30, 2020	2.21 %		
2020	June 30, 2019	3.50%		

The discount rate represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

#### E. Post-Retirement Medical Benefits (Continued)

OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

#### **Changes in the Total OPEB Liability**

The change in the State's proportionate share of the OPEB liability attributable to the District for the fiscal year ended June 30, 2021 (measurement date June 30, 2020) is as follows:

	Total OPEB Liability (State Share 100%)			
Balance, June 30, 2019 Measurement Date	\$	28,309,647		
Changes Recognized for the Fiscal Year:				
Service Cost		1,394,646		
Interest on the Total OPEB Liability		1,026,203		
Differences Between Expected and Actual Experience		7,570,905		
Changes of Assumptions		8,386,738		
Gross Benefit Payments		(799,309)		
Contributions from the Member		24,227		
Net Changes	\$	17,603,410		
Balance, June 30, 2020 Measurement Date	\$	45,913,057		

Changes of assumptions and other inputs reflect a change in the discount rate from 3.50 % percent in 2019 to 2.21% percent in 2020.

The change in the total OPEB liability was based on the State's proportionate share of the OPEB liability attributable to the District at June 30, 2020.

#### NOTE 5 OTHER INFORMATION (Continued)

#### E. Post-Retirement Medical Benefits (Continued)

### OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

#### Sensitivity of OPEB Liability

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the State's proportionate share of the OPEB liability attributable to the District calculated using the discount rate of 2.21%, as well as what the State's proportionate share of the OPEB liability attributable to the District that would be if it were calculated using a discount rate that is 1-percentage-point lower (1.21 percent) or 1-percentage-point higher (3.21 percent) than the current rate:

	1%	Current	1%
	Decrease (1.21%)	Discount Rate (2.21%)	Increase (3.21%)
State's Proportionate Share of the OPEB Liability	(112170)	(2021 70)	(012170)
Attributable to the District	\$ 55,350,560	\$ 45,913,057	\$ 38,533,839

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the State's proportionate share of the OPEB liability attributable to the District calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% <u>Decrease</u>		Healthcare Cost Trend <u>Rates</u>	1% <u>Increase</u>	
Total OPEB Liability (School Retirees)	\$ 37,062,568	\$	45,913,057	\$	56,452,022

The sensitivity analyses were based on the State's proportionate share of the OPEB liability attributable to the District at June 30, 2020. Sensitivity analyses specific to the State's proportionate share of the OPEB liability attributable to the District at June 30, 2020 were not provided by the pension system.

#### F. Tax Abatements

As defined by the Governmental Accounting Standards Board (GASB), a tax abatement is an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. School districts are not authorized by New Jersey statute to enter into tax abatement agreements. However, the county or municipality in which the school district is situated may have entered into tax abatement agreements, and that potential school tax revenue must be disclosed in these financial statements. If the county or municipality entered into tax abatement agreements, those agreements will not directly affect the school district's local tax revenue because N.J.S.A. 54:4-75 and N.J.S.A. 54:4-76 require that amounts so forgiven must effectively be recouped from other taxpayers and remitted to the school district.

For Wood-Ridge Board of Education, the District's share of abated taxes resulting from the municipality having entered into a tax abatement agreement is indeterminate.

#### **NOTE 6 RESTATEMENT**

On July 1, 2020, the Wood-Ridge Board of Education implemented GASB Statement No. 84 "Fiduciary Activities". The Wood-Ridge Board of Education has determined that the effect of implementing this accounting change on the financial statements previously reported as of and for the fiscal year ended June 30, 2020 are as follows:

#### **Governmental Activities**

The financial statements of the governmental activities as of June 30, 2020 have been restated to reflect the reclassification of certain activities related to unemployment compensation, student activities, scholarships and payroll related activities which were previously reported as fiduciary activities to governmental activities. The effect of this restatement is to increase net position of governmental activities by \$342,016 from \$7,099,582 as previously reported to \$7,441,598 as of June 30, 2020.

#### **Governmental Funds**

The financial statements of the governmental funds as of June 30, 2020 have been restated to reflect the reclassification of certain activities related to unemployment compensation, student activities, scholarships and payroll activities previously reported as fiduciary funds to governmental funds. The effect of this restatement is to increase fund balances of governmental funds by \$342,016 from \$3,560,280 as previously reported to \$3,902,296 as of June 30, 2020. General Fund fund balance increased \$176,175 as previously reported to \$2,997,280 as of June 30, 2020. Special Revenue Fund fund balance increased \$165,841 from \$-0- as previously reported to \$165,841 as of June 30, 2020.

#### **Fiduciary Funds**

The financial statements of the fiduciary funds as of June 30, 2020 have been restated to reflect the reclassification of certain activities to governmental funds as noted above. The effect of this restatement is to decrease total fiduciary net position by \$188,614 from \$188,614 as previously reported to \$-0- as of June 30, 2020.

#### NOTE 7 INFECTIOUS DISEASE OUTBREAK – COVID-19 PANDEMIC

The outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus, has been characterized as a pandemic (the "Pandemic") by the World Health Organization and has been affecting many parts of the world, including the United States and the State of New Jersey. On January 31, 2020, the Secretary of the United States Health and Human Services Department declared a public health emergency for the United States and on March 13, 2020, the President of the United States declared the outbreak of COVID-19 in the United States a national emergency. Subsequently, the President's Coronavirus Guidelines for America and the United States Centers for Disease Control and Prevention called upon Americans to take actions to slow the spread of COVID-19 in the United States.

Governor Phil Murphy (the "Governor") of the State of New Jersey (the "State") declared a state of emergency and a public health emergency on March 9, 2020 due to the outbreak of COVID-19, which spread to the State and to all counties within the State. The Governor also instituted mandatory measures via various executive orders to contain the spread of the virus. These measure, which altered the behaviors of businesses and people, had negative impacts on regional, state and local economies. The Governor, pursuant to various executive orders, then implemented a multi-stage approach to restarting New Jersey's economy. The declaration of the state of emergency and of a public health emergency was terminated by the Governor, by executive order, on June 4, 2021. Also, on June 4, 2021, the Governor signed into law Assembly Bill No. 5820 which terminates most of the governor's pandemic-related executive orders in early July. The remaining executive orders (dealing with coronavirus testing and vaccinations, moratoriums on evictions and utility shutoffs and various other matters) will terminate on January 1, 2022. In the event of substantial increases in COVID-19 hospitalizations, spot positivity or rates of transmission, the Governor is empowered to impose more restrictive measures than currently in place.

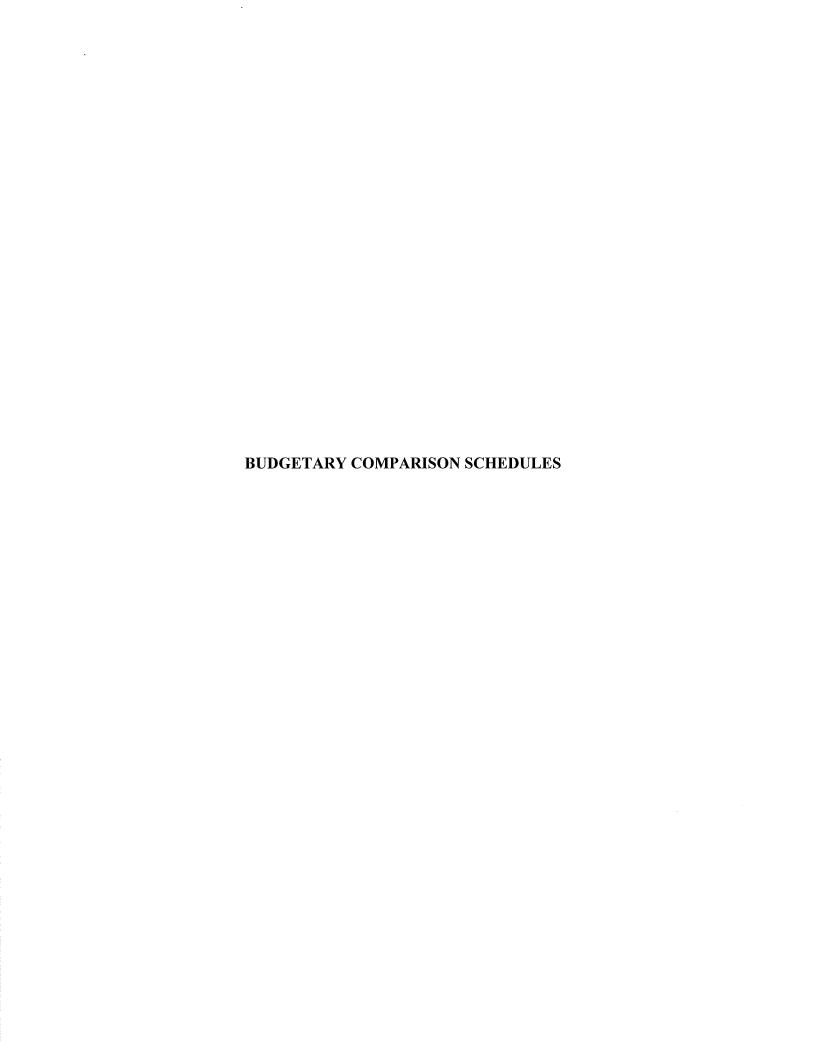

#### NOTE 7 INFECTIOUS DISEASE OUTBREAK – COVID-19 PANDEMIC (Continued)

Recently, the United States Congress has passed relief and stimulus legislations including the American Rescue Plan Act signed into law by President Biden on March 12, 2021, comprising of \$1.9 trillion in funding to address the COVID-19 Pandemic. This legislation is intended to address the financial impact of the pandemic on the U.S. economy and alleviate the health effects of the COVID-19 pandemic. The Plan provides funding for state and local governments to offset costs to safely reopen schools during the COVID-19 pandemic and to subsidize COVID-19 testing and vaccination programs. In addition, the Plan includes \$350 billion in relief funds to public entities, such as the School District. It is too early to predict if the legislation will have its intended affect.

The largest portion of the School District's revenues is derived from local tax revenues levied by the Borough. In that regard, under applicable State statutes, the Borough annually is required to pay 100% of the amount levied for operations and debt service to the School District regardless of delinquencies in applicable property tax collections. The ability of the Borough to fully collect property taxes on a timely basis may be affected by the economic impact of the Pandemic; however, the District does not anticipate an interruption in the timely collection of property taxes from the Borough.

Because of the evolving nature of the outbreak and federal, state and local responses thereto, the Board cannot predict how the outbreak will impact the financial condition or operations of the School District, or if there will be any impact on the assessed values of property within the School District or deferral of tax payments to municipalities. The Board cannot predict costs associated with this or any other potential infectious disease outbreak, including whether there will be any reduction in State funding or an increase in operational costs incurred to clean, sanitize and maintain it facilities either before or after an outbreak of an infectious disease.

# WOOD-RIDGE BOARD OF EDUCATION NOTES TO REQUIRED SUPPLEMENTARY INFORMATION BUDGETARY COMPARISON SCHEDULE FOR THE FISCAL YEAR ENDED JUNE 30, 2021

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America, with the exception of the legally mandated revenue recognition of certain state aid payments for budgetary purposes only and the treatment of encumbrances in the special revenue fund as described below. Encumbrance accounting is also employed as an extension of formal budgetary integration of the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the Special Revenue Fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The following presents a reconciliation of the General and Special Revenue Funds from the budgetary basis of accounting as presented in the Budgetary Comparison Schedule - General Fund and Special Revenue Fund to the GAAP basis of accounting as presented in the Statement of Revenues, Expenditures and Changes in Fund Balance - Governmental Funds.

	General <u>Fund</u>	Special Revenue <u>Fund</u>
Sources/Inflows of Resources Actual Revenues (budgetary basis)	\$ 25,452,597	\$ 763,387
Difference - Budget to GAAP Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized Encumbrances, June 30, 2021		(10,949)
State Aid Payments Recognized for Budgetary Purposes, not Recognized for GAAP Statements. (2019/2020) State Aid Payments Recognized for Budgetary Purposes, not Recognized for GAAP Statements. (2020/2021)	336,000 (470,641)	
Total Revenues as Reported on the Statement of Revenues, Expenditures and Changes in Fund Balances - Governmental Funds	\$ 25,317,956	\$ 752,438
Uses/Outflows of Resources Actual Expenditures (budgetary basis)	\$ 24,272,559	\$ 758,922
Difference - Budget to GAAP  Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for budgetary purposes, but in the year the supplies are received for financial reporting purposes.  Encumbrances, June 30, 2021		(10,949)
Total Expenditures as Reported on the Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds	\$ 24,272,559	\$ 747,973

## STATISTICAL SECTION (UNAUDITED)

This part of the Wood-Ridge Board of Education's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents	<b>Exhibits</b>
Financial Trends	
These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.	J-1 to J-5
Revenue Capacity	
These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.	J-6 to J-9
Debt Capacity	
These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.	J-10 to J-13
Demographic and Economic Information	
These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.	J-14 and J-15
Operating Information	
These schedules contain service and infrastructure data to help the reader	

J-16 to J-20

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

relates to the services the government provides and the activities it performs.

understand how the information in the government's financial report

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

#### INDEPENDENT AUDITOR'S REPORT

Honorable President and Members of the Board of Trustees Wood-Ridge Board of Education 540 Windsor Road Wood-Ridge, New Jersey 07075

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in <u>Government Auditing Standards</u> issued by the Comptroller General of the United States and audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities and the business-type activities of the Wood-Ridge Board of Education as of and for the fiscal year ended June 30, 2021 and the related notes to the financial statements, which collectively comprise the Wood-Ridge Board of Education's basic financial statements and have issued our report thereon dated February 2, 2022.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Wood-Ridge Board of Education's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Wood-Ridge Board of Education's internal control. Accordingly, we do not express an opinion on the effectiveness of the Wood-Ridge Board of Education's internal control.

A <u>deficiency in internal control</u> exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A <u>material weakness</u> is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. -A <u>significant deficiency</u> is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Wood-Ridge Board of Education's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under <u>Government Auditing Standards</u> and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

However, we noted certain matters that are not required to be reported under <u>Government Auditing Standards</u> that we reported to management of the Wood-Ridge Board of Education in a separate report entitled, "Auditor's Management Report on Administrative Findings – Financial, Compliance and Performance" dated February 2, 2022

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Wood-Ridge Board of Education's internal control or on compliance. This report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the Wood-Ridge Board of Education's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE U.S. UNIFORM GUIDANCE AND SCHEDULE OF EXPENDITURES OF STATE FINANCIAL ASSISTANCE AS **REQUIRED BY NEW JERSEY OMB CIRCULAR 15-08** 

#### INDEPENDENT AUDITOR'S REPORT

Honorable President and Members of the Board of Trustees Wood-Ridge Board of Education Wood-Ridge, New Jersey

#### Report on Compliance for Each Major Federal and State Program

We have audited the Wood-Ridge Board of Education's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Compliance Supplement and the New Jersey OMB Circular 15-08 State Aid/Grant Compliance Supplement that could have a direct and material effect on each of the Wood-Ridge Board of Education's major federal and state programs for the fiscal year ended June 30, 2021. The Wood-Ridge Board of Education's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal awards and state financial assistance applicable to its federal and state programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Wood-Ridge Board of Education's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and New Jersey OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards, U.S. Uniform Guidance and New Jersey Circular require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Wood-Ridge Board of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Wood-Ridge Board of Education's compliance.

#### Opinion on Each Major Federal and State Program

In our opinion, the Wood-Ridge Board of Education complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2021.

#### **Report on Internal Control Over Compliance**

Management of the Wood-Ridge Board of Education is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Wood-Ridge Board of Education's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the U.S. Uniform Guidance and New Jersey OMB Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Wood-Ridge Board of Education's internal control over compliance.

A <u>deficiency in internal control over compliance</u> exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A <u>material weakness in internal control over compliance</u> is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. <u>A significant deficiency in internal control over compliance</u> is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the U.S. Uniform Guidance and New Jersey OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

## Report on Schedule of Expenditures of Federal Awards Required by the U.S. Uniform Guidance and Schedule of Expenditures of State Financial Assistance Required by New Jersey OMB Circular 15-08

We have audited the financial statements of the governmental activities, the business-type activities and each major fund of the Wood-Ridge Board of Education, as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Board of Education's basic financial statements. We have issued our report thereon dated February 2, 2022, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards as required by the U.S. Uniform Guidance and schedule of expenditures of state financial assistance as required by New Jersey OMB Circular 15-08 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and schedule of expenditures of state financial statements as a whole.

WOOD-RIDGE BOARD OF EDUCATION NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE FOR THE FISCAL YEAR ENDED JUNE 30, 2021

#### NOTE 1 GENERAL

The accompanying schedules present the activity of all federal and state financial assistance programs of the Wood-Ridge Board of Education. The Board of Education is defined in Note 1(A) to the Board's financial statements. All federal financial assistance received directly from federal agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

#### NOTE 2 BASIS OF ACCOUNTING

The accompanying schedules are prepared and presented using the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These basis of accounting are described in Notes 1(C) to the Board's financial statements. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. <u>Code of Federal Regulations</u> Part 200, <u>Uniform Administrative Requirements</u>, Cost Principles, and Audit Requirements for Federal Awards (U.S. Uniform Guidance) and New Jersey OMB Circular 15-08, "<u>Single Audit Policy for Recipients of Federal Grants</u>, State Grants, and State Aid". Therefore, some amounts presented in these schedules may differ from the amounts presented in, or used in the preparation of, the financial statements.

#### NOTE 3 RELATIONSHIP TO FINANCIAL STATEMENTS

The financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on a modified accrual basis with the exception of the revenue recognition of the delayed state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes, those payments are not recognized until the subsequent year due to the state deferral and recording of certain state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, which may include the delayed state aid payments, whereas the GAAP basis does not. The special revenue fund also recognizes the delayed state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is a decrease of \$134,641 for the general fund and a decrease of \$10,949 for the Special Revenue Fund. See the Notes to Required Supplementary Information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's financial statements on a GAAP basis as presented as follows:

		<u>Federal</u>	<u>State</u>		<u>Total</u>		
General Fund	\$	2,636	\$ 4,890,232	\$	4,892,868		
Special Revenue Fund		576,668			576,668		
Debt Service Fund			53,939		53,939		
Food Service Fund		255,233	 5,760		260,993		
Total Awards Financial Assistance	\$	834,537	\$ 4,949,931	<u>\$</u>	5,784,468		

WOOD-RIDGE BOARD OF EDUCATION NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE FOR THE FISCAL YEAR ENDED JUNE 30, 2021

#### NOTE 4 RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules may not necessarily agree with the amounts reported in the related federal and state financial reports due to timing differences between the District's fiscal year and grant program years.

#### NOTE 5 OTHER INFORMATION

Revenues and expenditures reported under the Food Distribution Program as non-cash assistance represent current year value received and current year distributions, respectively. TPAF Social Security contributions in the amount of \$632,120 represents the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the fiscal year ended June 30, 2021. The amount reported as TPAF Pension System Contributions in the amount of \$2,281,113, TPAF Post-Retirement Medical Benefits Contributions in the amount of \$714,865 and TPAF Long-Term Disability Insurance in the amount of \$1,716 represents the amount paid by the State on behalf of the District for the fiscal year ended June 30, 2021.

#### NOTE 6 ON-BEHALF PROGRAMS NOT SUBJECT TO STATE SINGLE AUDIT

On-behalf State Programs for TPAF Pension, Post-Retirement Medical Benefits and Long-Term Disability Insurance Contributions payments are not subject to a State single audit and, therefore, are excluded from major program determination. The Schedule of State Financial Assistance provides a reconciliation of State financial assistance reported in the District's financial statements and the amount subject to State single audit and major program determination.

#### NOTE 7 DE MINIMIS INDIRECT COST RATE

The District has not elected to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.
