Honorable President and Members of the Board of Trustees Ridge and Valley Charter School Blairstown, New Jersey

Dear Board Members:

The annual comprehensive financial report of the Ridge and Valley Charter School (Charter School) for the fiscal year ended June 30, 2021, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Trustees (the "Board"). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the basic financial statements and results of operations of the various funds of the Charter School. All disclosures necessary to enable the reader to gain an understanding of the Charter School's financial activities have been included.

The Annual Comprehensive Financial Report is presented in four sections as follows:

- The Introductory Section contains a table of contents, Letter of Transmittal, List of Principal Officials, and an Organizational Chart of the Charter School;
- The Financial Section begins with the Independent Auditors' Report and includes the Management's Discussion and Analysis, the Basic Financial Statements and Notes providing an overview of the Charter School's financial position and operating results, and other schedules providing detailed budgetary information;
- The Statistical Section includes selected economic and demographic information, financial trends, and the fiscal capacity of the Charter School, generally presented on a multi-year basis;
- The Single Audit Section The Charter School is required to undergo an annual single audit in conformity with the provisions of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (U.S. Uniform Guidance) and New Jersey Circular 15-08-OMB, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Information related to this single audit, including the independent auditor's report on the internal control and compliance with applicable laws, regulations, contracts and grants, along with findings and questioned costs, are included in the single audit section of this report.

#### **Charter School Organization**

An elected eight-member Board of Trustees (the "Board") serves as the policy maker for the Charter School. The Board adopts an annual budget and directly approves all expenditures which serve as the basis for control over and authorization for all expenditures of the Charter School funds.

The Chief Executive Officer of the Charter School is responsible to the Board for total educational and support operations. The Chief Academic Officer is responsible to the Chief Executive Officer for the educational programs of all campuses. The Primary School Principal, the Intermediate School Principal, the Middle School Principal and the High School Principal are responsible to the Chief Academic Officer for the instructional program of each campus. The Business Administrator is the Chief Financial Officer of the Charter School, responsible to the Board for maintaining all financial records, issuing warrants in payment of liabilities incurred by the Charter School, acting as custodian of all Charter School funds, and investing idle funds as permitted by New Jersey law.

 <u>REPORTING ENTITY AND ITS SERVICES</u>: The Ridge and Valley Charter School is an independent reporting entity within the criteria adopted by the GASB as established by NCGA ST. No. 3. All funds and account groups of the Charter School are included in this report. The Charter School and all its schools constitute the school's reporting entity. The Charter School provides a full range of educational services appropriate to grade levels K through 8. These include regular special education services. The Charter School completed the 2020 -2021 fiscal year with an enrollment of 130 students, which is the same number of students as the previous year's enrollment. The following details the changes in the student enrollment of the Charter School over the last 10 years.

2. <u>MAJOR INITIATIVES</u>: The Ridge and Valley Charter School is based on several assumptions. Human beings are merely a thread in the miraculous web of life supported by this living universe. We have a profound responsibility to respect the Earth. Hence, the school's primary focus is on ecological literacy and sustainability; in other words, children will learn to construct lives that promote the long-term health of the planet. The curriculum will use the universe as a context for learning. The program will be highly experiential, allowing children to learn by doing, often out-of-doors, and in multi-aged groups. They will be encouraged to develop critical thinking skills, to challenge traditional assumptions about consumer culture and to derive new models for honoring the world around them. Using this

encouraged to develop critical thinking skills, to challenge traditional assumptions about consumer culture and to derive new models for honoring the world around them. Using this experiential approach, the school will meet the New Jersey Core Curriculum Content Standards set by the state Department of Education. Beyond all mandated state tests, learner assessment will primarily consist of projects, work portfolios and rubrics, rather than traditional letter grades. Each and every child will be cherished and respected, and his or her creativity and potential nurtured and supported. Children will be encouraged to his or her creativity and potential nurtured and supported. Children will be encouraged to cherish each other as well, and respect and honor differences and boundaries. Conflict resolution will be in integral part of the program. The Charter School will encourage active participation of all students and parents in shaping the educational experience and will strive to build a stronger community both inside the school and beyond school walls.

3. <u>INTERNAL ACCOUNTING CONTROLS</u>: Management of the Charter School is responsible for establishing and maintaining an internal control designed to ensure that the assets of the Charter School are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). Internal control is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the Charter School is responsible for ensuring that adequate internal controls are in place to ensure compliance with applicable laws and regulations related to those programs. Internal control is also subject to periodic evaluation by the Charter School's management.

As part of the Charter School's single audit described earlier, tests are made to determine the adequacy of internal controls, including that portion related to federal and state financial assistance programs, as well as to determine that the Charter School has complied with applicable laws and regulations.

4. <u>BUDGETARY CONTROLS</u>: In addition to internal accounting controls, the Charter School maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget. Annual appropriated budgets are adopted for the general fund and the special revenue fund. The final budget amount, as amended for the fiscal year, is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either cancelled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as assignments of fund balance at June 30, 2021.

5. <u>ACCOUNTING SYSTEMS AND REPORTS</u>: The Charter School's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the Charter School is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note. 2. presents a summary of the general fund, special revenue fund and debt service fund revenues for the fiscal year ended June 30, 2021 and the amount and percentage of increases in relation to prior year revenues.

- 7. <u>CASH MANAGEMENT</u>: The investment policy of the Charter School is guided in large part by state statute as detailed in "Notes to the Basic Financial Statement" Note 3. The Charter School had adopted a cash management plan which requires it to deposit funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Government Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.
- 8. <u>RISK MANAGEMENT</u>: The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

#### 9. OTHER INFORMATION:

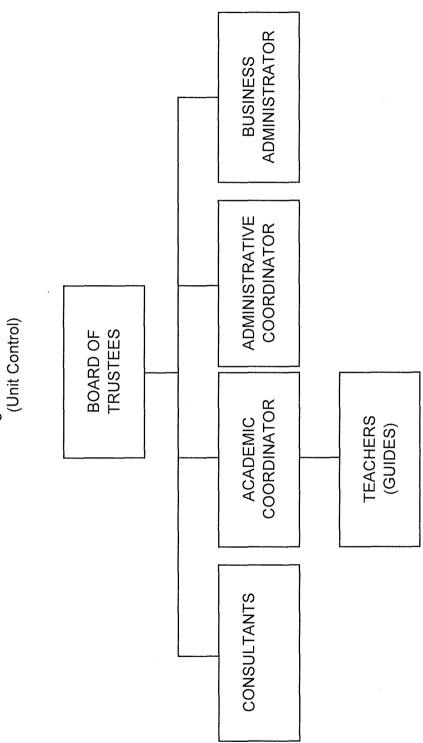

**Independent Audit** - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Barre & Company, LLC Certified Public Accountants, was selected by the Board of Trustees. In addition to meeting the requirements set forth in State statutes, the audit also was designed to meet the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and New Jersey's Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid.* The auditors' report on the basic financial statements and specific required supplemental information is included in the financial section of this report. The auditors' reports, related specifically to the single audit, are included in the single audit section of this report.

**10.** <u>ACKNOWLEDGEMENTS:</u> We would like to express our appreciation to the members of the Ridge and Valley Charter School Board of Trustees for their concern in providing fiscal accountability to the citizens and taxpayers of the Charter School and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our staff.

Respectfully submitted,

Theresa Radline School Business Administrator

Independent Auditor's Report

Honorable President Members of the Board of Trustees Ridge and Valley Charter School County of Warren Blairstown, New Jersey

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the Ridge and Valley Charter School (Charter School), in the , State of New Jersey, as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

The Charter School's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audit contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating

the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the Ridge and Valley Charter School, in the , State of New Jersey, as of June 30, 2021, and the respective changes in the financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Emphasis of Matter

#### Adoption of New Accounting Principle

As discussed in note 1 to the financial statements, during the fiscal year ended June 30, 2021, the Charter School adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 84 Fiduciary Activities. Our opinion is not modified with respect to this matter.

#### Consistency of Financial Statement

Because of the implementation of GASB Statement No. 84, several funds of the Charter School that were reported as fiduciary fund types in the prior fiscal year are now reported in governmental activities and governmental fund types. Our opinion is not modified with respect to this matter

#### Prior Period Restatement

In addition, because of the implementation of GASB Statement No. 84, net position and fund balance as of July 1, 2020 on the statement of activities and statement of revenues, expenditures, and changes in fund balances, have been restated, as discussed in note 1 to the financial statements. Our opinion is not modified with respect to this matter.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, following this report, and pension and post-employment benefit schedules in Exhibits L-1 through L-3, M-1 and the related notes be presented to supplement the basic financial statements and budgetary comparison information in Exhibits C-1 through C-3 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's response to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Ridge and Valley Charter School's basic financial statements. The introductory section, combining statements and related major fund supporting statements and schedules, and statistical section are presented for purposes of additional analysis, as required by the Office of School Finance, Department of Education, State of New Jersey, and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, respectively, are also presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying combining statements and related major fund supporting statements and schedules and schedules of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying combining statements and related major fund supporting statements and schedules and schedules of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

# Other Reporting Required by *Government Auditing Standards* and the Office of School Finance, Department of Education, State of New Jersey

In accordance with *Government Auditing Standards* and the Office of School Finance, Department of Education, State of New Jersey, we have also issued our report dated February 25, 2022 on our consideration of the Ridge and Valley Charter School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal controls over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Ridge and Valley Charter School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Charter School's internal control over financial reporting and compliance.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR FISCAL YEAR ENDED JUNE 30, 2021 UNAUDITED

The discussion and analysis of Ridge and Valley Charter School's financial performance provides an overall review of the Charter School's financial activities for the fiscal year ended June 30, 2021. The intent of this discussion and analysis is to look at the Charter School's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the Charter School's financial performance.

#### **Financial Highlights**

Key financial highlights for 2021 are as follows:

- General revenues accounted for \$3,272,440 or 97% of all revenues. Program specific revenues in the form of charges for services and operating grants and contributions accounted for \$107,358 or 3% of total revenues of \$3,379,798.
- The Charter School had \$2,754,088 in expenses; only \$107,358 of these expenses were offset by program specific charges for services, grants or contributions. General revenues of \$3,272,440 were adequate to provide for these programs.
- Among governmental funds, the General Fund had \$3,011,074 in revenues and \$2,644,149 in expenditures. The General Fund's fund balance increased \$645,658 over 2020. This increase was anticipated by the Board of Trustees.

#### Using this Annual Comprehensive Financial Report (ACFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Ridge and Valley Charter School as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole Charter School, presenting both an aggregate view of the Charter School's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the Charter School's most significant funds. In the case of Ridge and Valley Charter School, the General Fund is by far the most significant fund.

#### Reporting the Charter School as a Whole

#### Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the Charter School to provide programs and activities, the view of the Charter School as a whole look at all financial transactions and ask the question, "How did we do financially during 2021?" The *Statement of Net Position* and the *Statement of Activities* answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector businesses. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the Charter School's net position and changes in that position. This change in net position is important because it tells the reader that, for the Charter School as a whole, the financial position of the Charter School has improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Non-financial factors include current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the *Statement of Net Position* and the *Statement of Activities*, the Charter School is divided into two kinds of activities:

- Governmental activities All of the Charter School's programs and services are reported here including instruction, administration, support services, and capital outlay.
- Business-Type Activity This service is provided on a charge for goods or services basis to recover all the expenses of the goods or services provided. The Food Service enterprise fund is reported as a business activity.

#### **Reporting the Charter School's Most Significant Funds**

#### Fund Financial Statements

Fund financial reports provide detailed information about the Charter School's funds. The Charter School uses many funds to account for a multitude of financial transactions. The Charter School's governmental funds are the General Fund and Special Revenue Fund.

The Charter School's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Charter School's general government operations and the basic

#### Fund Financial Statements (Continued)

services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the *Statement of Net Position* and the *Statement of Activities*) and governmental funds is reconciled in the financial statements.

#### Enterprise Fund

The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

#### Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the Charter School-wide and fund financial statements. The notes to the financial statements can be found starting on page 30 of this report.

#### The Charter School as a Whole

Recall that the *Statement of Net Position* provides the perspective of the Charter School as a whole. Net position may serve over time as a useful indicator of a government's financial position.

The Charter School's financial position is the product of several financial transactions including the net results of activities.

The Charter School's combined Net Position were \$1,706,904 for 2021 and (\$1,155,471) for 2020.

#### **Governmental Activities**

The Charter School's total revenues were \$3,100,951 for 2021 and \$2,820,350 for 2020, this includes \$77,649 for 2021 and \$87,055 for 2020 of state reimbursed TPAF social security contributions.

The total cost of all program and services were \$2,734,140 for 2021 and \$2,473,063 for 2020. Instruction comprises \$1,680,346 for 2021 and \$1,133,855 for 2020 of Charter School expenses.

The *Statement of Activities* shows the cost of program services and the charges for services and grants offsetting those services.

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR FISCAL YEAR ENDED JUNE 30, 2021 UNAUDITED (CONTINUED)

#### **Governmental Activities (Continued)**

Administration includes expenses associated with administrative and financial supervision of the Charter School.

Support services include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development and the costs associated with operating the facility.

Capital Outlay represents instructional and/or non-instructional equipment purchased and is capitalized when such equipment is over the \$2,000 threshold.

#### **Business-Type Activities**

The enterprise fund uses the same basis of accounting as business-type activity: therefore, these statements are essential the same.

#### The Charter School's Funds

All governmental funds (i.e., general fund and special revenue fund presented in the fund-based statements) are accounted for using the modified accrual basis of accounting. Total revenues amounted to \$3,100,951 for 2021 and \$2,869,308 for 2020 and expenditures were \$2,734,140 for 2021 and \$2,473,063 for 2020. The net change in fund balance was most significant in the general fund, a increase of \$645,658 in 2021 and an increase of \$396,245 in 2020.

As demonstrated by the various statements and schedules included in the financial section of this report, the Charter School continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds for the fiscal year ended June 30, 2021, and the amount and percentage of increases and decreases in relation to prior year revenues.

#### **General Fund Budgeting Highlights**

The Charter School's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

Over the course of the year, the Charter School revised the annual operating budget in accordance with state regulations. Revisions in the budget were made to recognize revenues that were not anticipated and to prevent over-expenditures in specific line item accounts.

#### Capital Assets (Net of Depreciation) and Debt Administration

The Charter School had \$1,493,348 for 2021 and \$1,864,176 for 2020 invested in a newly purchased building, building improvements, and equipment.

#### For the Future

The Ridge and Valley Charter School is in stable financial condition presently. The Charter School is proud of its community support. A major concern is the continued enrollment growth of the Charter School with the increased reliance on federal and state funding.

In conclusion, Ridge and Valley Charter School has committed itself to financial stability for many years. In addition, the Charter School's system for financial planning, budgeting, and internal financial controls are well regarded. The Charter School plans to continue its sound fiscal management to meet the challenge of the future.

#### RIDGE AND VALLEY CHARTER SCHOOL

Reconciliation of the Statement of Revenues, Expenditures And Changes in Fund Balances of Governmental Funds

The accompanying Notes to Basic Financial Statements are integral part of this statement.

B-3

NOTES TO THE FINANCIAL STATEMENTS

## NOTE 1: DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY

Ridge and Valley Charter School (the "Charter School") is organized under the laws of the State of New Jersey. The Charter School operates under an elected Board form of government consisting of seven members elected for staggered terms. The Charter School provides educational services as authorized by state and federal guidelines.

The Charter School was established in 2000 and opened for classes in 2004. It is located in Warren County. The Charter School currently operates on instructional/support facility.

## A. <u>Reporting Entity</u>

A reporting entity is composed of the primary government, component units, and other organizations that are included to insure the financial statements are not misleading. The primary government of the Charter School consists of all funds, departments, boards, and agencies that are not legally separate from the Charter School. For Ridge and Valley Charter School, this includes general operations, food service, and student related activities of the Charter School.

Component units are legally separate organizations for which the Charter School is financially accountable. The Charter School is financially accountable for an organization if the Charter School appoints a voting majority of the organization's governing board and (1) the Charter School is able to significantly influence the programs or services performed or provided by the organization; or (2) the Charter School is legally entitled to or can otherwise access the organization's resources; the Charter School is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization. Component units may also include organizations that are fiscally dependent on the Charter School in that Charter School approves the budget, the issuance of debt, or the levying of taxes. There are no component units of the Ridge and Valley Charter School.

Based on attorney's recommendation, the school has decided to not file Federal form 990 on a yearly basis/

## NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Ridge and Valley Charter School have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Following are in the more significant of the Charter School's accounting policies.

## A. Basis of Presentation

The Charter School's basic financial statements consist of government-wide statements. Including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

## NOTE 2: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

#### **Basis of Presentation (Continued)**

#### 1. Government-Wide Financial Statements

The statement of net assets and the statement of activities display information about the Charter School as whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the Charter School that are governmental in nature and those that are considered business-type activities.

The statement of net assets presents the financial condition of the government and business-type activities of the Charter School at fiscal year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the Charter School's governmental activities and business-type activities.

The Statement of net assets presents the financial condition of the government and business-type activities presents a comparison between direct expenses and program revenues for each program or function of the Charter School's governmental activities and business-type activity. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Charter School, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent of which each governmental function or business segment is self-financing or draws from the general revenues of the Charter School.

## 2. Fund Financial Statements

During the fiscal year, the Charter District segregates transactions related to certain Charter School functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Charter School at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

## NOTE 2: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

#### B. Fund Accounting

The Charter School uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds; governmental, proprietary, and fiduciary.

# 1. Governmental Funds

Governmental funds are those through which most governmental functions of the Charter School are financed. Governmental fund reporting focuses on the sources, uses and balance of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The General Fund is the Charter School's only major governmental fund.

<u>General Fund</u> – The General fund is used to account for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the Charter School for any purpose provided it is expended or transferred according to the general laws of New Jersey.

The other governmental funds of the Charter School account for grants and other resources, debt service, and capital projects of the Charter School whose use are restricted to a particular purpose.

## 2. Proprietary Fund

Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position and cash flows. The following are the Charter School's proprietary funds:

**<u>Enterprise Fund</u>** – The Enterprise fund may be used to account for nay activity for which a fee is charged to external users for goods or services.

**<u>Food Service</u>** – The Food Service enterprise fund accounts for the financial transactions related to the food service operations of the Charter School.

<u>Childcare</u> – The childcare or latchkey program enterprise fund accounts for the financial transactions related to the latchkey program operations of the Charter School.

## NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Fund Accounting (Continued)

## 3. Fiduciary Fund, Trust and Agency Fund Types

In January 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 84 - Fiduciary Activities. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local government, including New Jersey school districts and their charter schools. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020, or FY2020-2021. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. After considering the criteria and guidance, it was determined that Payroll and Payroll Agency (Fund 60), previously reported as fiduciary funds, that such activities are more appropriately reported in a general fund (Fund 10).

## C. <u>Measurement Focus and Basis of Accounting</u>

## 1. Government-Wide Financial Statements

The government-wide and proprietary financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the Charter School are included on the statement of net assets.

## 2. Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With the measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reflects the sources (i.e. revenues and other financing sources) and uses (i.e. expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the fund financial statements for governmental funds.

Like the government-wide financial statements, the enterprise fund is accounted for using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of this fund are included on the statement of net assets.

## NOTE 2: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

#### Fund Accounting (Continued)

The statement of changes in revenues, expenses, and changes in net assets present increases (e.g. revenues) and decreases (e.g. expenses) total net assets. The statement of cash flows reflects how the Charter School finances and meets the cash flow need of its enterprise fund.

The private purpose trust fund is accounted for using a flow of economic resources measurement focus.

## D. Basic of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the enterprise fund and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual bases of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

## 1. Revenues – Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Charter School, available means expected to be received within sixty days of fiscal year-end.

Non-exchange transactions, in which the Charter School receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from income taxes is recognized in the period in which the income is earned. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirement include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the Charter School must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at fiscal year-end; property taxes available as an advance, income taxes, grants, interest tuition, and student fees.

## 2. Unearned Revenues

Unearned revenues arise when assets are recognized before revenue recognition criteria has been satisfied. Property taxes for which there is an enforceable legal claim as of June 30, 2021, but which were levied to finance fiscal year 2021 operations, are recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

## 3. EXPENSES/EXPENDITURES

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is uncured, if measurable. Allocations of cost, such as depreciation and amortization are not recognized in governmental funds.

# E. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis in accounting. Tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the Board of Education may appropriate. The appropriations resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at level of control selected by the Board. The legal level of control has been established by the Board at the object level within each fund and function. Any budgetary modifications at this level may only be made by resolution of the Board of Education.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Treasurer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources issued during the fiscal year 2021.

## NOTE 2: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire fiscal year, including amounts automatically carried forward from prior fiscal years. The amounts reported as the final budgets amounts represent the final appropriation amounts passed by the Board during the fiscal year.

## F. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2021, are recorded as prepaid items using the consumption method. The current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year which services are consumed.

## G. <u>Restricted Assets</u>

Assets are reported as restricted when limitations on their use change the nature of normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors laws or other governments, or imposed by enabling legislation. Restricted assets in the General Fund include amounts required by Sate statute to be set aside to create a reserve for budget stabilization as well as unexpected revenues restricted for the purchase of school buses.

## H. Inventory

On government-wide financial statement and in the enterprise fund, inventory is presented at the lower of cost or market. Cost is determined on a first-in, first-out basis and is expensed when used. Inventory consists of donated and purchase food.

## I. Capital Assets

General capital assets are those assets not specifically related to activities reported in the enterprise fund. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column on the government-Owide statement of net assets but are not reported on the fund financial statements. Capital assets used by the enterprise fund are reported in both the business-type activities column on the government-wide statement of net assets and in the fund.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and reductions during the year. Donated fixed assets are recorded at their fair market value on the date donated. The Charter School maintains a capitalization threshold of two thousand dollars.

#### L. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' right to receive compensation are attributable to services already rendered and it is probable the Charter School will compensate the employees for the benefits through paid time off or some other means. The Charter School records a liability for accumulated unused vacation time when earned for all employees with more than ten years of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the Charter School has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees eligible rates fiscal year end, taking into consideration any limits specified in the Charter School's termination policy. The Charter School records a liability for Charter School's termination policy The Charter School records a liability accumulated unused sick leave for all employees after five years of service.

The entire compensated absence liability is reported on the government-wide financial statements. On governmental fund financial statements, compensated absences are absences are recognized as liabilities and expenditures to the extent payments come due each period upon the occurrence of employee resignations and retirements.

Those amounts are recorded in the account "Matured Compensated Absences Payable" in the fund from which the employees who have accumulated unpaid leave are paid. For the enterprise fund, the entire amount of compensated absences is reported as a fund liability.

## M. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements. All payables, accrued liabilities, and long-term obligations payable from the enterprise fund are reported on the enterprise fund financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

## NOTE 2: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

#### N. <u>Net Assets</u>

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District of through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The Charter School's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted an unrestricted net asset are available.

## O. Fund Balance Reserves

The Charter School reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unreserved fund balance indicates that portion which is available for appropriation in future periods.

# P. Operating Revenues and Expenses.

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise fund. For the Charter School, these revenues are sales for food service and fees for the latchkey program. Operating expenses are necessary costs incurred to provide the services which are the primary activity of the enterprise fund.

## Q. Capital Contributions

Contributions of capital on enterprise fund financial statements arise from outside contributions of capital assets, contributions from other funds, or from grants or outside constructions or resources restricted to capital acquisition and construction.

## R. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

## S. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported it the financial statements and accompanying notes> Actual results may differ from those estimates.

## NOTE 3: CHANGE IN ACCOUNTING PRINCIPLES

For fiscal year 2005, the School District has implemented Governmental Accounting Standards Board (GASB) Statement No. 37, "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments: Omnibus" and Statement No. 38, "Certain Financial Statement Note Disclosures." The implementation of these statements had no effect on equity balances as previously reported for the fiscal year ended June 30, 2021.

## NOTE 4: CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents includes petty cash, change funds, amounts in deposits, and short term investments with original maturities of three months or less.

Investments are stated at cost, which approximate market. The Board classifies certificates of deposit which have original maturity dates of more than three months or less than twelve months form the date of purchase, as investments.

## A. Deposits and Investments

#### **Deposits**

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC), the Savings Association Insurance Fund or by any other agencies of the United States that insure deposits or the State of New Jersey Cash Management Fund.

N.J.S.A. 17:9-41 et. Seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act. Public depositories include savings and loan institutions, banks (both state and national banks) and savings banks of which the deposits are federally insured.

All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

As of June 30, 2021, cash and cash equivalents of the Charter School consisted of the following:

|                      | General<br>Fund | Special<br>Revenue |        | Capital<br>Projects |     | Total        |  |

The Charter School had no investments at June 30, 2021.

#### NOTE 4: CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

#### Deposits and Investments (Continued)

#### Deposits (Continued)

The carrying amount of the Board's cash and cash equivalents at June 30, 2021 was \$1,534,163 and the bank balance was \$1,551,120. All bank balances were covered by federal depository insurance (FDIC) and/or by a collateral pool maintained by the banks as required by GUDPA.

Pursuant to GASB Statement No. 40, *Deposit and Investment Risk Disclosures* ("GASB 40"), the Charter School's operating cash accounts are profiled in order to determine exposure, if any, to Custodial Credit Risk (risk that in the event of failure of the counterparty the Charter School would not be able to recover the value of its deposits and investments).

Deposits are considered to be exposed to Custodial Credit Risk if they are: uncollaterized (securities not pledged to the depositor), collateralized with securities held by a pledging financial institution, or collateralized with securities held by the financial institution's trust department or agent but not in the government's name.

As of June 30, 2021, none of the cash and cash equivalents for Ridge and Valley Charter School were exposed to custodial credit risk.

The Charter School does not have a policy for the management of custodial credit risk, except as noted above, other than depositing all of its funds in banks covered by GUDPA.

#### Investments

New Jersey statutes (N.J.S.A.18A:20-37) permit the Charter School to purchase the following types of securities:

- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- (2) Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage or of any United States Bank for Cooperatives, which have a maturity date not greater than twelve months from the date of purchase.
- (3) Bond or other obligations of the School District

## NOTE 5: CAPITAL RESERVE ACCOUNT

Capital reserve accounts maybe established by New Jersey School Districts for the accumulation funds place in the capital reserve are restricted to capital outlay expenditures and transfers of such funds for other uses prohibited pursuant to N.J.S.A. 18A:22-8.2. Fund withdrawn from the account must be included in the annual budget certified for taxes as revenue labeled withdrawal from capital reserve account.

Increases in the account from sources other than investment income cannot exceed the amount appropriated in the annual budget certified for taxes as in increase in the capital reserve account.

The governmental fund balance sheet includes a reconciliation between fund balance-total governmental funds and net position-governmental activities as reported in the District-wide statement of net position. One item of that reconciliation explains that capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. An addition to the fund balance-total governmental funds is made to reflect the carrying value of the Commission's capital assets at year-end in the District-wide financial statements.

At the end of the fiscal year 2021, the depreciation expense was charged to governmental function as follows:

## Plan Description

The State of New Jersey, Public Employees; Retirement System (PERS) is a costsharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about the PERS, please refer to the Division's Annual Comprehensive Financial Report (ACFR), which can be found at www.state.nj.us/treasury/pensions/annrpts.shtml.

## **Benefits Provided**

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS. The following represents the membership tiers for PERS:

| Tier | Descriptions   |
|------|--|
| 1    | Members who were enrolled prior to July 1, 2007  |
| 2    | Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008       |
| 3    | Members who were eligible to enroll on or after November 2, 2008, 2010 and prior to May 22, 2010 |
| 4    | Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011          |
| 5    | Members who were eligible to enroll on or after June 28, 2011                                    |

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and to tier 5 members upon 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 before age 62 with 25 or more years of service credit and Tier 5 with 30 more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a members retires prior to the age of which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 50 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

#### Basis of Presentation

The schedule of employer allocations and the schedule of pension amounts by employer (collectively, the Schedules) present amounts that are considered elements of the financial statements of PERS or its participating employers. Accordingly, they do not purport to be a complete presentation of the financial position or changes in financial position of PERS or the participating employers. The accompanying Schedules were prepared in accordance with U.S. generally accepted accounting principles. Such preparation requires management of PERS to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

#### Allocation Methodology and Reconciliation to Financial Statements

GASB Statement No. 68, Accounting and Financial Reporting for Pensions, requires participating employers in PERS to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources and collective pension expense. The employer allocation percentages presented in the schedule of employer allocations and applied to amounts presented in the schedule of pension amounts by employer are based on the ration of the contributions of an individual employer to the total contributions to PERS during the measurement period July 1, 2019 through June 30, 2020.Employer allocation percentages have been rounded for presentation purposes, therefore amounts presented in the schedule of pension amounts by employer may result in immaterial differences. Contributions from employers are recognized when due, based on statutory requirements.

Although the Division administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarially determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense are determined separately for each individual employer of the State and local groups of the plan.

To facilitate the separate (sub) actuarial valuations, the Division maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages presented for each group in the schedule of employer allocations are applied to amounts presented in the schedule of pension amounts by employer. The allocation percentages for each group as of June 30, 2020 are based on the ratio of each employer's contributions to total employer contributions of the group for the fiscal year ended June 30, 2021.

## **Contributions**

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The state's pension contributions is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2020 measurement date, the State's pension contribution was less than the actuarial determined amount.

The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment amounts certified for payments due not be included in their unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets. Charter School contributions to PERS amounted to \$ 28,737 for fiscal year 2021

# Pension Liabilities Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the Charter School reported a liability of \$ 425,055 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020 which was rolled forward to June 30, 2021. The Charter School's proportion of the net pension liability was based on a projection of the Charter School's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2020 measurement date, the Charter School's proportion was 0.0026065187%, which was an decrease of -0.00030721% from its proportion measured as of June 30, 2019.

For the fiscal year ended June 30, 2021, the Charter School recognized pension expense of \$ 28,342 . At June 30, 2021, the Charter School reported deferred outflows of resources and deferred related to pensions from the following sources.

# Changes in Proportion

The previous amounts do not include employer specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is 5.16, 5.21, 5.63, 5.48, 5.57, 5.72 and 6.44 years for the 2020, 2019, 2018, 2017, 2016, 2015, and 2014 amounts, respectively.

Amounts reported as deferred outflows of resources and deferred inflows resources (excluding employer specific amounts including changes in proportion) related to pensions will be recognized in pension expense as follows:

## Actuarial Assumptions

The total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1, 2019 which was rolled forward to June 30, 2020. The total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuations as of July 1, 2019. This actuarial valuations used the following actuarial assumptions, applied to all periods in the measurement.

| Inflation Rate            |                                      |
|---------------------------|--------------------------------------|
| Price                     | 2.75%                                |
| Wage                      | 3.25%                                |
| Salary Increases:         |                                      |
| through 2026              | 2.00-6.00% based on years of service |
| Thereafter                | 3.00-7.00% based on years of service |
| Investment Rate of Return | 7.00%                                |

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020,

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is like that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

# Long Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long term expected future real rates of return (expected returns, net of pension plan investments expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

## **Discount Rate**

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pens ion liability.

## B. <u>Teacher's Pension Annuity Fund (TPAF)</u>

## Pension Description

The State of New Jersey, Teacher's Pension and Annuity Fund (TPAF), is a costsharing multiple-employer defined benefit pension plan with a special funding situation, by which the State of New Jersey (the State) is responsible fund 100% of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. The TPAF is administered by the State of New Jersey Division of Pensions and Benefits (the Division). For additional information about the TPAF, please refer to the Division's Comprehensive Annual Financial Report (CAFR) which can be found at <u>www.state.nj.us/treasury/pensions/annrpts.shtml</u>.

## Benefit Provided

The vesting and benefit provision are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested of 2% of related interest earned on the contributions.

## NOTE 9: PENSION PLANS (CONTINUED)

#### **Teacher's Pension Annuity Fund (TPAF)**

#### **Benefit Provided (Continued)**

In the case of death before retirement, member's beneficiaries are entitled to full interest credited to the member's accounts. The following represents the membership tiers for TPAF:

| Tier | Descriptions   |
|------|--|
| 1    | Members who were enrolled prior to July 1, 2007  |
| 2    | Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008       |
| 3    | Members who were eligible to enroll on or after November 2, 2008, 2010 and prior to May 22, 2010 |
| 4    | Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011          |
| 5    | Members who were eligible to enroll on or after June 28, 2011                                    |

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to Tier 4 members upon reach age 62 and to Tier 5 members upon 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 before age 62 with 25 or more years of service credit and Tier 5 with 30 more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age of which a member can receive full early retirement benefits in accordance with their respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

## **Allocation Methodology**

GASB Statement No. 68, Accounting and Financial Reporting for Pensions, requires participating employers in TPAF to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows in resources and collective pension expense excluding that attributable to employer-paid member contributions.

The employer and nonemployer allocation percentages presented in the schedule of employer and nonemployer allocations and applied to amounts presented in the schedule of pension amounts by employer and nonemployer are based on the ratio of the State's actual contributions made as an employer and nonemployer adjusted for unpaid early retirement incentives to total contributions to TPAF during the year ended June 30, 2020 measurement date. Employer and nonemployer allocation percentages have been rounded for presentation purposes, therefore amounts presented in the schedule of pension amounts by employer and nonemployer may result in immaterial differences.

## NOTE 9: PENSION PLANS (CONTINUED)

#### **Teacher's Pension Annuity Fund (TPAF)**

#### Contributions

The contributions policy for TPAF is set by N.J.S.A. 18A:66 and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2020 measurement date, the State's pension contribution was less than the actuarial determined amount.

## **Special Funding Situation**

The Employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A. 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers, such as the Charter School. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contribution was less than the actuarial determined amount.

This note discloses the portion of the Charter School's total proportionate share of the net pension liability that is associated with the Charter School. During the fiscal year ended 2021, the State of New Jersey contributed \$ 27,059 to the TPAF for normal pension benefits on behalf of the Charter School, which is less than the contractually required contribution of \$ 211,435 .

The employee contribution rate was 6.92% effective July 1, 2020. Subsequent increases after October 1, 2011 are being phased in over 7 years effective on each July 1st to bring the total pension contribution rate to 7.5% of base salary as of July 1, 2020.

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

As June 30, 2020, the State's proportionate share of the net pension liability associated with the Charter School was \$ 6,144,124 . The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019 which was rolled forward to June 30, 2020.

The Charter School's proportion of the net pension liability was based on a projection of the Charter School's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined.

#### **Actuarial Assumptions**

The total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 01, 2019 which was rolled forward to June 30, 2020. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

| Inflation Rate            |                           |
|---------------------------|---------------------------|
| Price                     | 2.75%                     |
| Wages                     | 3.25%                     |
| Salary Increases:         |                           |
| Through 2026              | 1.55 - 4.45%              |
|                           | based on years of service |
| Thereafter                | 2.75 - 5.65%              |
|                           | based on years of service |
| Investment Rate of Return | 7.00%                     |

Pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2019.

## Actuarial Assumptions

The actuarial assumptions used in the July 01, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2015 to June 30, 2018.

## Long Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on pension investments (7.00% at June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pension and Benefits, the Board of Trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF' target asset allocation as of June 30, 2020 is summarized in the following table:

|                                   |            | Expected Real |

# Discount Rate – TPAF

The discount rate used to measure the total pension liability was 5.40% as of June 30, 2020. The single blended discount rate was based on the long-term expected rate of return on pension plan investment of 7.00% and a municipal bond rate of 2.21% as of June 30, 2020 based on the Bond Buyer Go 20-Bond Municipal Bond index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount

rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contributions rate in the most recent fiscal year. The State employer contributed 78% of the actuarially determined contributions.

Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2054. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2054 and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

## Pension Plan Fiduciary Net Position – TPAF

Detailed information about the TPAF's fiduciary net position is available in the separately issued TPAF financial statements.

## C. Defined Contribution Retirement Program (DCRP)

Prudential Financial jointly administers the DCRP investments with the NJ Division of Pensions and Benefits. If an employee is ineligible to enroll in the PERS or TPAF, the employee may be eligible to enroll in the DCRP, which is a defined contribution plan. DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting is immediate upon enrollment for members of the DCRP.

defined contribution plan. DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting is immediate upon enrollment for members of the DCRP.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the DCRP. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey 08625-0295.

The contribution policy is set by the New Jersey Statutes and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by the State of New Jersey regulation. Employers are required to contribute at an actuarially determined rate. Employee contributions are based on percentages of 5.50% for DCRP of employees' annual compensation, as defined. The expanded under the provisions of Chapter 89, P.L. 2008. Employee contributions for DCRP are matched by a 3% employer contribution.

The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits, and post-retirement medical premiums.

For DCRP, the Charter School recognized no pension expense for the fiscal year ended June 30, 2021. There were no employee contributions to DCRP for the fiscal year ended June 30, 2021.

#### General Information about the OPEB Plan

#### Plan Description and Benefits Provided

The school is in a "special funding situation, as described in GASB Statement No. 75 in that OPEB contributions and expense are legally required to be made by and are the sole responsibility of the State of New Jersey.

The State of New Jersey reports a liability as a result of its statutory requirements to pay other postemployment (health) benefits for State Health Benefit Local Education Retired Employees Plan. The State Health Benefit Local Education Retired Employees Plan is a multiple-employer defined benefit OPEB plan that is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions*. The State Health Benefit Local Education Retired Employees Plan and their covered dependents of local education employers.

## General Information about the OPEB Plan (Continued)

#### Plan Description and Benefits Provided (continued)

The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey in accordance with N.J.S.A 52:14-17.32f. According to N.J.S.A 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L, 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

The total nonemployer OPEB liability does not include certain other postemployment benefit obligations that are provided by the local education employers. The reporting of these benefits are the responsibility of the individual local education employers.

#### Employees covered by benefit terms:

At June 30, 2020, the following employees were covered by the benefit terms:

#### Actuarial Assumptions and Other Inputs

The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

| Inflation Rate   | 2.50% |                  |                  |                  |

Preretirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP), "General" (PERS), and "Safety" (PFRS) classification headcountweighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2020. Postretirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2020. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2020.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of actuarial experience studies for the periods July 1, 2015- June 30, 2018, July 1, 2014 - June 30, 2018, and July 1, 2013- June 30, 2018 for TPAF, PERS and PFRS, respectively.

#### Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend rate is initially 5.6% and decreases to a 4.5% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2021 through 2022 are reflected. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.0% and decreases to a 4.5% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.0%.

#### Discount rate

The discount rate for June 30, 2020 was 2.21%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

# <u>OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB</u>

For the fiscal year ended June 30, 2021 the Charter School recognized OPEB expense of \$ 475,874 as determined by the State of New Jersey Division of Pensions and Benefits. This expense and the related offsetting revenue are for benefits provided by the State through a defined benefit OPEB plan that meets the criteria in GASB Statement 75, in which there is a special funding situation.

In accordance with GASB Statement 75, as the Charter School's proportionate share of the OPEB liability is \$-0, there is no recognition of the allocation of the proportionate share of the deferred inflows and outflows of resources. At June 30, 2020 the State had deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

## NOTE 11: INTERFUND RECEIVABLES AND PAYABLES

New Jersey statute required that interest earned on the investments in capital project fund be credited to the general fund or debt service based on Board resolution. In accordance with Board resolution, accrued interest as of June 30, 2021 in the amount of \$0 was transferred to debt service fund and \$0 was transferred to general fund to offset future interest payment to bondholders.

## NOTE 12 CONTINGENT LIABILITIES

The Board is involved in several claims and lawsuits incidental to it to its operations. In the opinion of the administration and legal counsel, the ultimate resolution of these matters will not have a material adverse effect on the financial position of the Charter School.

## NOTE 13 DEFERRED COMPENSATION

The Board offers its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by various financial institutions, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency.

## NOTE 14: RISK MANAGEMENT

The Charter School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance

The Charter School maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

## NOTE 15: FUND BALANCE APPROPRIATED

### General Fund

The General Fund Balance of \$1,622,670 at June 30, 2021, of which \$1,566,802 was unreserved and unassigned, \$30,260 is assigned for maintenance, and \$25,608 is restricted for student activities.

## NOTE 16: CALCULATION OF EXCESS SURPLUS

In accordance with N.J.S.A. 18A:7-F-7, the designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financial Act of 1996 (CEIFA). New Jersey Charter Schools are required to reserve General Fund, fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2021 is \$0.

## NOTE 17: <u>DETAIL DISCLOSURES REGARDING LIABILITIES AND EXPENSES/</u> <u>EXPENDITURES</u>

On May 3, 2020 the charter school (the "Borrower"), was granted a loan (the "Loan") from Santander Bank in the aggregate amount of \$278,847 pursuant to the Paycheck Protection Program (the "PPP") under Division A, Title I of the CARES Act, which was enacted March 27, 2020.

Funds from the Loan may only be used for maintain payroll or make mortgage payments, lease payments, and utility payments incurred before February 15, 2020. The Charter School used the entire Loan amount for qualifying expenses. Under the terms of the PPP, certain amounts of the Loan may be forgiven if they are used for qualifying expenses as described in the CARES Act. On May 1, 2021, the entire loan was forgiven and the proceeds are recognized as special item.

## RIDGE AND VALLEY CHARTER SCHOOL NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

## NOTE 18: CURRENT VUNERABILITY DUE TO CERTAIN CONCENTRATIONS

The Board operates in a heavily regulated environment. The operations of the Board are subject to the administrative directives, rules and regulations of federal, state, and local regulatory agencies, including but not limited to the New Jersey Board of Education. Such administrative directives, rules and regulations are subject to change by an act of congress or an administrative change mandated by the New Jersey Board of Education. Such Changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change.

## NOTE 19: PRIOR PERIOD ADJUSTMENTS

The charter school previously reported the activity of the Payroll and Payroll Agency (Fund 60) as a fiduciary fund. Beginning in fiscal year 2020-2021, such activities have been more appropriately reported in a general fund (Fund 10). Neither Payroll or Payroll Agency carries a fund balance, accordingly, the general fund does not report a restated beginning balance for payroll and payroll agency. All remaining assets and liabilities, if any, previously reported in the agency fund are not recognized at the fund level under the modified accrual basis of accounting, and have been reclassified as assets and liabilities of the governmental activities as of July 1, 2020.

Additionally, the charter school previously reported the activity of the Student Activity (Fund 90) as a fiduciary fund. Beginning in fiscal year 2020-2021, such activity have been more appropriately reported in a special revenue fund (Fund 20). Accordingly, the newly established special revenue fund reports a restated beginning balance as follows:

|                            | NET POSITION         | PRIOR PERIOD ADJU | JSTMENT | RESTAT         | ED      |

Prior period adjustments were also made in the Charter school financial statements as a whole. Due to an error in recording the liability associate with GASB 75 and other amounts related to GASB 68. In addition school used an outside company to create a fixed asset report in which it was found that fixed assets were overstated in prior years resulting in an adjustment. Accordingly, governmental activities fund reports a restate beginning balance as follows

## NOTE 19: SUBSEQUENT EVENTS

Subsequent events were evaluated through February 25, 2022, the date the financial statements were available to be issued.

## NOTE 18: IMPACT OF COVID-19

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Company's financial condition, liquidity, and future results of operations. Management is Actively monitoring the global situation on its financial condition, liquidity, operations, Suppliers, industry, and workforce. Given the daily evolution of the covid-19 outbreak And the global responses to curb its spread, the company is not able to estimate the Effects of the COVID-19 outbreak on its results of operations, financial condition, or Liquidity for fiscal year 2022

Although the Charter School cannot estimate the length or gravity of the impact of the COVID-19 outbreak at this time, if the pandemic continues, it may have a material effect on the Charter School's results of future operations, financial position, and liquidity in fiscal year 2022.

#### Notes to Schedule:

#### Changes in benefit terms:

None

Differences Between Expected and Actual Experiences: The decrease in the Total OPEB Liability from June 30, 2017 to June 30, 2018 is due to changes in the census claims and premium experiences. The decrease in liability from June 30, 2018 to June 30, 2019 is due to changes in the census, claims and premiums experience.

#### Changes in Assumptions:

The decrease in the liability from June 30, 2017 to June 30, 2018 is due to the increase in the assumed discount rate from 3.58% as of June 30, 2017 to 3.87% as of June 30, 2018; and a decrease in the assumed health care cost trend and excise tax assumptions. The decrease in the liability from June 30, 2018 to June 30, 2019 is due to the combined effect of the decrease in the assumed discount rate from 3.87% as of June 30, 2018 to 3.50% a s of June 30, 2019; and changes in the trend, excise tax, updated decrements, future spouse election,

PPO/HMO future retiree elections, salary scale and mortality assumptions

# STATISTICAL SECTION (UNAUDITED)

Ridge and Valley Charter School has been in operation for ten (10) years. GASB requires that ten years of statistical data be presented. State law usually grants charters for less than ten years. Therefore, only statistical data for ten (10) years is available and has been presented.

## **Contents**

## **Financial Trends**

These schedules contain trend information to help the reader understand how the charter school's financial performance and well-being have changed over time.

## **Revenue Capacity (Not Applicable to Charter School)**

These schedules contain information to help the reader assess the district's most significant local revenue source, the property tax.

## **Debt Capacity**

These schedules present information to help the reader assess the affordability of the charter school's current levels of outstanding debt and the charter school's ability to issue additional debt in the future.

### **Demographic and Economic Information**

These schedules offer demographic and economic indicators to help the reader understand the environment within which the charter school's financial activities take place.

## **Operating Information**

These schedules contain service and infrastructure data to help the reader understand how the information in the charter school's financial report relates to the services the district provides and the activities it performs.

**Sources:** Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports (ACFR) for the relevant year. The charter school implemented GASB Statement 34 in the fiscal year ending June 30, 2008; schedules presenting charter school-wide information include information beginning in that year.

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable President and Members of the Board of Trustees Ridge and Valley Charter School County of Warren Blairstown, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, and each major fund of Ridge and Valley Charter School (Charter School), in the , State of New Jersey, as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements and have issued our report thereon February 25, 2022 which contains an emphasis of matter paragraph describing the adoption of a new accounting principle, consistency of financial statements, and prior period adjustment.

### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Charter School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Charter School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matter that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, and federal and state awarding agencies and pass-through entities, in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR STATE PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH UNIFORM GUIDANCE AND NEW JERSEY CIRCULAR 15-08 OMB

The Honorable President and Members of the Board of Trustees Ridge and Valley Charter School

Blairstown, New Jersey

#### Report on Compliance for Each Major State Program

We have audited the Ridge and Valley Charter School's (Charter School) compliance with the types of compliance requirements described in the U.S. *Office of Management and Budget (OMB) Compliance Supplement* and the New Jersey Circular 15-08-OMB *State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of its major state programs for the fiscal year ended June 30, 2021. The Charter School's major state programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

#### Management's Responsibility

The Charter School's management is responsible for compliance with Federal and State statutes, regulations and the terms and conditions of its federal and state awards applicable to its federal and state programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Charter School's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and* 

Audit Requirements for Federal Awards (Uniform Guidance) and the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; New Jersey Circular 15-08 OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* Those standards, Uniform Guidance and New Jersey Circular 15-08-OMB require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Charter School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Charter School's compliance.

#### **Opinion on Each Major State Program**

In our opinion, the Ridge and Valley Charter School, in the , State of New Jersey, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the fiscal year ended June 30, 2021.

#### Report on Internal Control over Compliance

Management of the Ridge and Valley Charter School is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Charter School's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with Uniform Guidance and New Jersey Circular 15-08-OMB, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Charter School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and New Jersey Circular 15-08 OMB. Accordingly, this report is not suitable for any other purpose.

## RIDGE AND VALLEY CHARTER SCHOOL Notes to the Schedules of Expenditures of Federal Awards and State Financial Assistance June 30, 2021

## NOTE 1. GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Board of Trustees, Ridge and Valley Charter School. The Board of Trustees is defined in Note 1 to the board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedules of expenditures of federal awards and state financial assistance.

## NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of federal and state awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These basis of accounting are described in Note 1 to the board's basic financial statements. The information in these schedules is presented in accordance with the requirements of Title 2 CFR 200 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the New Jersey OMB Circular 15-08, "Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid". Therefore, some amounts presented in these schedules may differ from amounts presented in, or used in the preparation of, the basic financial statements.

### NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to *N.J.S.A.* 18A:22-44.2. For GAAP purposes payments are not recognized until the subsequent budget year due to the state deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more June state aid payment with *N.J.S.A.* 18A:22-44.2.

#### NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (CONTINUED)

The net adjustment to reconcile from the budgetary basis to the GAAP basis is none for the general fund and none for the special revenue fund. See Notes to the Required Supplementary Information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the board's basic financial statements on a GAAP basis as presented below:

|                                     | F  | ederal | <br>State       | <br>Total       |

#### NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

### NOTE 5. FEDERAL AND STATE LOANS OUTSTANDING

Ridge and Valley Charter School has no loan balances outstanding at June 30, 2021.

#### NOTE 6. OTHER INFORMATION

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions respectively. The amount reported as TPAF Pension Contributions, TPAF Post-Retirement Medical Benefits Contributions and TPAF Long-Term Disability Insurance represents the amount paid by the state on behalf of the charter school for the year ended June 30, 2021. TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2021.

### NOTE 7. ON-BEHALF PROGRAMS NOT SUBJECT TO STATE SINGLE AUDIT

On-behalf State Programs for TPAF Pension and Post-Retirement Medical Benefits Contributions payments are not subject to a State single audit and, therefore, are excluded from major program determination. The Schedule of State Financial Assistance provides a reconciliation of State financial assistance reported in the Charter School's basic financial statements and the amount subject to State single audit and major program determination.

## NOTE 8. SCHOOLWIDE PROGRAM FUNDS

School-wide programs are not separate federal programs as defined in *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards;* amounts used in school-wide programs are included in the total expenditures of the program contributing the funds in the Schedule of Expenditures of Federal Awards. The Charter School does not have a schoolwide program.

### NOTE 9. DE MINIMIS INDIRECT COST RATE

The School has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

### NOTE 10. MAJOR PROGRAMS

Major programs are identified in the Summary of Auditors Results section of the Schedule of Findings and Questioned Costs.
