Financial Planning, Accounting and Reporting

Tuition Charges

A comparison of tentative tuition charges and actual certified tuition charges was made. The actual costs were less than estimated costs. The board made a proper adjustment to the billings to sending districts for the decrease in per pupil costs in accordance with N.J.A.C. 6A:23A-17.1(f) 3.

Examination of Claims

Our audit of claims paid during the period under review did not indicate any discrepancies with respect to signatures, certification or supporting documentation.

Payroll Accounts

The net salaries of all employees of the Board were deposited in the Net Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/Business Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefit premiums amounts withheld due to the general fund.

Position Control Roster

The Position Control Roster was reviewed and compared to payroll records, employee benefit records and charges made to the general ledger to ensure proper and consistent financial reporting and that employee benefits are only offered to current employees.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, 2021 for proper classification of orders as reserve for encumbrances and accounts payable.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23-2.2 (g) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to selecting a test sample our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23 A-2.4 As a result of the procedures performed, no exceptions were noted.

Board Secretary's Records

The records maintained by the Board Secretary were in satisfactory condition.

Elementary and Secondary Education Act (E.S.E.A.) as amended by Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the projects under Titles I and VI of the Elementary and Secondary Education Act as amended and reauthorized.

Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the ACFR.

Our audit of the federal and state funds, on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the aforementioned special projects.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for district/charter school/renaissance school project employees who are members of the Teacher's Pension and Annuity Fund. No exceptions were noted.

The amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 60 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement. No exceptions were noted.

SCHOOL PURCHASING PROGRAMS

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A.18A:18A-3 states "a. When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of \$32,000.00, the contract may be awarded by a purchasing agent when so authorized by resolution of the board of education without public advertising for bids and bidding therefor, except that the board of education may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. (pending before the Legislature as section 15 of this bill) of section 9 of P.L. 1971 c. 198 (C.40A:11-9) the board of education may establish that the bid threshold may be up to \$44,000.00. Such authorization may be granted for each contract for by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Commencing in the fifth year after the year in which P.L. 1999 c. 440 takes effect, and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the board of education is permitted to establish as set forth in subsection a. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in N.J.S.A. 18A:18A-2 and shall round the adjustment to the nearest \$1,000.00. The Governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of every year in which it is made. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to paragraph (1) of subsection a. of N.J.S.A. 18A:18A-5 may be awarded for a period not exceeding 12 consecutive months."

N.J.S.A.18A:18A-4 states, "Every contract for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the board of education to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this chapter or specifically by any other law.

The Board of Education may, by resolution, approve by the majority of the board of education and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the board of education finds that it has had negative prior experience with the bidder."

School Purchasing Programs (Continued)

Contracts and Agreements Requiring Advertisement for Bids (Continued)

Effective July 1, 2020, the bid threshold in accordance with N.J.S.A. 18A:18A-3(a) and (c) is \$32,000.00. In accordance with N.J.S.A. 40A:11-9 (b) the bid threshold for all purchases made by the District's qualified purchasing agent is \$44,000.00. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18:39-3 is currently \$19,600.00.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination indicated that no individual payments, contracts or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provisions of N.J.S.A.18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A.18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the School Board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal however, that the district made purchases through the use of state contracts.

School Food Service Funds

COVID - 19 Emergency

In accordance with the Governor's Declaration of Emergency pertaining to the COVID 19 Virus all Public, Charter, Non-Public schools were ordered to close effective as of March 18, 2020 for an undetermined period to limit the spread of the virus. As a result, School Food Authorities (SFA) were required to institute alternate procedures to provide meals to Free and Reduced Price eligible students during the period of school closures.

During 2020-2021 the public health emergency was still applicable. As a result, School Food Authorities (SFAs) were required to provide meals in accordance with the regulations governing the National School Nutrition Seamless Summer Option (SSO) or the Summer Food Service Program (SFSP) option.

SFAs were authorized to solicit and award emergency noncompetitive procurements and contracts with Food Service Management Companies in accordance with 2 CFR 200.320 and N.J.S.A. 18A:18A-7. The SFAs were also authorized to submit contract modifications to their existing Cost Reimbursable or Fixed Price contracts as necessary to ensure the feeding of all children throughout the age of 18, as well as persons over 18 with disabilities as defined in the regulations.

School Food Service Funds (Continued)

SFAs were notified of the requirement to maintain and report separate meal count records and financial records of all applicable costs incurred in providing meals to all students during the emergency.

The school food service program was not selected as a major federal and/or State program. However, the program expenditures exceeded \$100,000 in federal and/or State support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the SFA had any Child Nutrition Program reimbursement overclaims or underclaims. No exceptions were noted.

In addition, we inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions were noted.

The financial transactions and statistical records of the School Food Services were reviewed. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

Cash receipts and bank records were reviewed for timely deposit.

The number of meals claimed for reimbursement was verified against sales and meal count records. As part of the claims review process the edit check worksheet was completed. Reimbursement vouchers were properly computed and timely filed. Meals claimed agreed with the meal count records tested.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served did not exceed the number of valid applications on file, times the number of operating days, on a school by school basis. The free and reduced priced meal policy is uniformly administered throughout the School system. The required verification procedures for free and reduced price applications were completed and available for review. No exceptions were noted.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The District is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34 and 19-1 through 19-4.1. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

The SFA recorded and maintained separate supporting documentation for additional costs (food, supplies, transportation, etc.) applicable to the implementation of the COVID-19 meal service under SSO or SFSP program requirements.

The FSMC did apply for and receive a loan in accordance with the Payroll Protection Plan and did use the funds to pay for costs applicable to the Food Service Programs. The FSMC has told the District that the PPP loan has not been subsequently forgiven as of the date of this report.

School Food Service Funds (Continued)

USDA Food Distribution Program (food and/or commodities) were received and a single inventory was maintained on a first-in, first-out basis. No exceptions were noted.

The school district maintains the detailed revenue and expenditure information necessary in order to execute the USDA mandated Non-Program Food Revenue Tool at least annually.

Net cash resources did not exceed three months average expenditures.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G.

Student Body Activities

The records for the Student Body Activities were maintained in satisfactory condition.

Pupil Transportation

Our audit procedures included a test of on roll status reported in the 2020-2021 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report with no exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

Facilities and Capital Assets

Our procedures included a review of the SDA grant agreements for consistency with recording SDA revenue, transfer of local funds from the general or capital reserve account, and awarding of contracts for eligible facilities construction. No exceptions were noted.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2020 Application for State School Aid (A.S.S.A.) for onroll, private schools for the disabled, and low income. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers without exception. The information that was included on the workpapers was verified with no exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district maintained workpapers on the prescribed state forms or their equivalent.

The district has adequate written procedures for the recording of student enrollment data.

Testing for Lead of Drinking Water In Educational Facilities

The school district submitted the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g)
