<u>Classification of Expenditures – General and Administrative</u>

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23-2.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting as a test sample, we also reviewed administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23-8.2. As a result of the procedures performed, no transaction errors were noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Board Secretary's Records

In planning and performing our audit of the financial statements of the Board, we considered the condition of the Board Secretary's records for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments except as noted herein.

Treasurer's Records

In planning and performing our audit of the financial statements of the Board, we considered the condition of the Treasurer's records for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments except as noted herein.

Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the District's CAFR. This section of the CAFR documents the financial position pertaining to projects under Title II and Title IV of the Elementary and Secondary Education Act as amended and reauthorized.

Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

T.P.A.F. Reimbursement

Our audit procedures included a test of the bi-weekly reimbursements filed with the Department of Education for district employees who are members of the Teachers' Pension and Annuity Fund. No exceptions were noted.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-3 states:

a. "When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by resolution of the Board of Education without public advertising for bids and bidding therefore, except that the Board of Education may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L.1971, c. 198 the Board of Education may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

N.J.S.A. 18A:18A-3 states: b. Commencing in the fifth year after the year in which P.L.1999, c. 440 takes effect and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the Board of Education is permitted to establish as set forth in subsection a. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in N.J.S.A. 18A:18A-2, and shall round the adjustment to the nearest \$1,000. The Governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of the year in which it is made."

N.J.S.A. 18A:18A-4 states, "Every contract for the provision or performance of any goods or services the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the Board of Education to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law."

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$44,000 (with a Qualified Purchasing Agent) and \$32,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is \$19,600 for 2020-21.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Attorney's opinion should be sought before a commitment is made.

Contracts and Agreements Requiring Advertisement for Bids (Cont'd)

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. General compliance was noted.

The results of our examination indicated that no individual payments, contracts, or agreements were made "for the performance of ant work or the furnishing or hiring of ant material or supplies", in excess of the statutory thresholds where there had been no advertising in accordance with the provisions of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained.

School Food Service

The School District did not participate in the Child Nutrition Program during the current fiscal year.

Student Body Activities

In planning and performing our audit of the financial statements of the Board, we considered the condition of the Student Activities records for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments.

Application for State School Aid

Our audit procedures included a test of enrollments and related services reported in the October 15, 2020 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, bilingual education and low income. We also performed a review of the District procedures related to its completion.

The information on the A.S.S.A. was compared to the District workpapers with no exceptions. The information that was included on the workpapers was verified on a test basis with no exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed State forms or their equivalent.

The District's written procedures appear to be adequate for the recording of student enrollment data.

(Continued)

Pupil Transportation

Our audit procedures included a test of on-roll status reported in the 2020-2021 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. The bid specifications for the purchase of buses were in compliance with applicable statutes. No exceptions were noted in our review of transportation related purchases of goods and services.

Facilities and Capital Assets

The District did not have any facilities projects during the fiscal year.

Travel Expense and Reimbursement Policy

Travel regulations require each District to adopt a formal travel policy and procedure pertaining to travel expenses and reimbursements for its employees and board members. The regulations require the District to establish a maximum travel amount for the year and to account for these expenses within a separate account in the budget to ensure that the maximum is not exceeded. The regulations also require that all travel be approved by the Board prior to the event and that the approval list the event, total event cost and the individuals attending.

Our review of the travel policies and records revealed that the District is in general compliance with the travel regulations.

Testing for Lead of All Drinking Water in Educational Facilities

The District did submit the annual Statement of Assurance to the NJ Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

Management Suggestions

Governmental Accounting Standards Board (GASB) Statements

GASB Statement No. 87, *Leases*, is effective for the fiscal year ended June 30, 2022. Under this statement, the District will be required to recognize a lease liability and an intangible right-to-use asset for each lease agreement with a lease term in excess of 12 months. This statement will enhance the comparability of financial statements among governments by requiring the reporting of leases under a single model. Additionally, certain leases that are currently not reported will be under this statement.

Management Suggestions (Cont'd)

COVID-19 Federal Funding

It is likely that the District will undergo some review of its COVID-19 federal funding if only at a desk review level by state and/or federal agencies. We strongly suggest that the District ensures that these funds are utilized in accordance with the applicable federal requirements especially with respect to procurement. Additionally, we strongly suggest that the District ensures that these funds are accounted for in the state account numbers designated by the NJ Department of Education and that any applicable Board policies are current with respect to federal grant requirements.

Sick and Vacation Leave

It is suggested that the District consult with its attorney to ensure that its negotiated labor contracts, individual employee agreements and employee policies, as applicable, are in accordance with New Jersey statutes regarding unused sick and vacation leave.

Status of Prior Year's Findings/Recommendations

The prior year audit recommendation ensuring federal grant funds are expended in accordance with their requirements was corrected.
