#### **Administrative Practices and Procedures**

#### Insurance

Fire insurance coverage was carried in the amounts as detailed on the insurance schedule (Exhibit J-20) contained in the District's Comprehensive Annual Financial Report (the "CAFR").

#### Official Bonds

An examination of claims paid during the period under review did not indicate any significant discrepancies with respect to signatures, certification or supporting documentation.

#### Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of payroll taxes were deposited in the Payroll Agency Account.

All payrolls tested were certified by the President of the Board, the Board Secretary/School Business Administrator and Chief School Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits withholdings due to the General Fund.

The required certification (E-CERT1) of compliance with requirements for income tax on compensation of administrators (superintendent, assistant superintendents and business administrator) to the NJ Department of Treasury was filed.

#### Financial Planning, Accounting and Reporting (Continued)

#### Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, for goods not yet received or services not yet rendered. Also, unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received and services were rendered, as of June 30.

#### Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23-2.2(f) as part of our test of transactions of randomly selected expenditure items. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.2. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. As a result of the procedures performed, no additional procedures were deemed necessary to test the propriety of expenditure classification.

#### Board Secretary's Records

The financial records, books of account and minutes maintained by the Board Secretary were in satisfactory condition.

Acknowledgment of the Board's receipt of the Board Secretary's was included in the minutes.

**Recommendation** – Efforts be made to collect all taxes due by year end.

**Finding** – There exist excess funds in the payroll accounts as of June 30.

**Recommendation** – Excess funds in the payroll accounts be transferred to the general operating account.

#### Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A./ESSA financial exhibits are contained within the Special Revenue section of the CAFR. This section of the CAFR documents the financial position pertaining to projects under Titles I and II of the Elementary and Secondary Education Act, as amended.

Our examination of the E.S.E.A./ESSA funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

#### Financial Planning, Accounting and Reporting (Continued)

#### Other Special Federal and/or State Projects

The district's Special Projects were approved as listed on Exhibit K-3 (Schedule A) and Exhibit K-4 (Schedule B) located in the CAFR.

Our examination of the Federal and State funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits contained herein represent a true statement of the financial position pertaining to the aforementioned special projects.

#### I.D.E.A. Part B

Separate accounting records were maintained for each approved project. Grant application approvals and acceptance of grant funds were made by Board resolution.

#### T.P.A.F. Reimbursements

Our audit procedures included a test of the semi-monthly reimbursement forms filed with the Department of Education for district employees who are members of the Teachers' Pension and Annuity Fund. No exceptions were noted.

#### T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

#### **School Purchasing Programs**

#### Contracts and Agreements Requiring Advertisement for Bids

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$44,000 (with a qualified purchasing agent) and \$32,000 (without a qualified purchasing agent), respectively. The law regulating bidding for public school transportation contracts under N.J.S.A. 18A:39-3 is currently \$19,600. The Board has designated the business administrator as the qualified purchasing agent and approved increasing the bid threshold to \$44,000.

The district board of education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Board attorney's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination indicated that no individual payments, contracts, or agreements were made" for the performance of any work or the furnishing or hiring of any materials or supplies", in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

#### **School Purchasing Programs (Continued)**

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to N.J.S.A. 18A:18A-10,, therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal, however, that purchases were made through the use of State contracts.

#### **School Food Service**

#### **COVID 19 Emergency**

In accordance with the Governor's Declaration of Emergency pertaining to the COVID 19 Virus all Public, Charter, Non-Public schools were ordered to close effective as of March 18, 2020 for an undetermined period to limit the spread of the virus. As a result, School Food Authorities (SFA) were required to institute alternate procedures to provide meals to Free and Reduced Price eligible students during the period of school closures.

Therefore, SFAs were authorized to solicit and award emergency noncompetitive procurements and contracts with Food Service Management Companies in accordance with 2 CFR 200.320 and N.J.S.A.18A:18A-7. The SFAs were also authorized to submit contract modifications to their existing Cost Reimbursable or Fixed Price contracts as necessary to ensure the feeding of Free and Reduced Price meal eligible students.

SFAs were notified of the requirement to maintain and report separate meal count records and financial records of all applicable costs incurred in providing meals to all free and reduced price meal eligible students during the emergency.

The school food service program was not selected as a major federal and/or state program. However, program expenditures exceeded \$100,000 in federal and/or state support. Accordingly, we inquired of school management, or appropriate personnel, as to whether the SFA had any Child Nutrition Program reimbursement overclaims or underclaims and as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions were noted.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions were noted.

The financial transactions and statistical records of the school food services were maintained in satisfactory condition. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

The Statement of Revenues, Expenditures and Changes in Net Position (CAFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

USDA Food Distribution Program commodities were received and a single inventory was maintained on a first-in, first-out basis.

Cash receipts and bank records were reviewed for timely deposit.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursement records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

#### **School Food Service (Continued)**

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds (Exhibits B4-B6).

Net cash resources do not exceed three months average expenditures.

The District contracted with Pomptonian, Inc. to manage the operations of the school food service program and deposited funds in accordance with applicable state statutes.

The Food Service Management Contract includes an operating results provision which guarantees that the food services program will return a profit of at least \$5,000. The operating results have been met.

#### **Student Body Activities**

The Board has a policy, which clearly established the regulation of student activity funds.

Cash receipts and disbursements records were maintained in good condition.

#### **Application for State School Aid**

Our audit procedures included a test of information reported in the October 15, 2020 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the disabled related services and low-income. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers isolated exceptions. The information that was included on the workpapers was verified without exceptions noted. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed state forms or their equivalent.

The District had adequate written procedures for the recording of student enrollment data.

#### **Pupil Transportation**

Our audit procedures included a test of on roll status reported in the 2020-21 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

#### **Facilities and Capital Assets**

Our procedures included a review of the SDA grant agreement for consistency with recording SDA revenue, transfer of local funds from the general fund or from the capital reserve account, and awarding of contracts for eligible facilities construction.

#### **Miscellaneous**

#### Testing for Lead of all Drinking Water in Educational Facilities

The school district submitted the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

#### Follow-up Prior Year Findings

In accordance with government standards, our procedures included a review of all prior year recommendations. Corrective action was taken on all prior year recommendations.
