Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under audit was made as to affidavit or signed declaration, proper itemization and proper authorization by officials. The Board's voucher system is in accordance with R.S. 18:6-34, which requires a signed declaration by the vendor in place of an affidavit. In addition, all vouchers are signed by the Board Secretary. The actual signature for receipt of goods or services rendered is on the receiving copy of the purchase order set, which is attached to the purchase order filed by appropriation number. All claims approved for payment are listed by fund total in the Minutes.

Financial Planning, Accounting and Reporting (Continued)

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/School Business Administrator.

Compensation records were tested, and for those individuals examined; it was determined that salaries paid were in accordance with the amounts authorized by the Board.

Salary withholdings were promptly remitted to the proper agencies, including required health insurance withholdings.

The Board utilizes a payroll service bureau for all of its payroll transactions, inclusive of the net pay and the payroll agency (withholdings) fund. The payroll service bureau has provided the required report on their internal controls on Internal Control of Service Organizations in accordance with the AICPA Statement on Standards for Attesting Engagements Number 16 (SSAE#16).

Unemployment Compensation Insurance Trust Fund

The Board has adopted the direct reimbursement method and has established an Unemployment Compensation Insurance Trust Fund.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, 2021 for goods not yet received or services not yet rendered and it was determined that no blanket purchase orders existed for proper classification of orders as reserved for encumbrances and accounts payable.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with <u>N.J.A.C.</u> 6A:23-2.2(g) as part of our test of transactions of randomly selected expenditure items. We also examined the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with *N.J.A.C.* 6A:23A-2.4. As a result of the procedures performed, no transaction error rate was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Financial Planning, Accounting and Reporting (Continued)

Travel Expenditures

Travel expenditures were tested and found to be in compliance with N.J.A.C. 6A:23A-7.1.

Student Body Activities Funds

High School and Middle School

Cash receipts and cash disbursements records were maintained in satisfactory condition.

All receipts were promptly deposited in the bank.

A test check of bills and invoices was made to the cash disbursements record, no exceptions were noted.

Our review of the financial and accounting records maintained by the Board Secretary revealed that the records were maintained properly.

Acknowledgment of the Board's receipt of the Board Secretary's report was included in the minutes.

Acknowledgment of the Board's receipt of the Treasurer's report was included in the minutes.

Elementary and Secondary Education Act of 1965 (E.S.E.A.) as Amended by Every Student Succeeds Act (E.S.E.A.)

The NCLB financial exhibits are contained within the Special Revenue Section of the <u>ACFR</u>. This section of the <u>ACFR</u> documents the financial position pertaining to the project under Title I, II, III and IV of the Elementary and Secondary Education Act.

The study of compliance for ESEA indicated no matters of noncompliance and/or questioned costs.

Financial Planning, Accounting and Reporting (Continued)

Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on the Schedules of Federal and State Financial Assistance located in the <u>ACFR</u>.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the <u>ACFR</u>. This section of the <u>ACFR</u> documents the financial position pertaining to the aforementioned special projects.

T.P.A.F. Reimbursement

Our Audit procedures included a test of the semi-monthly reimbursement forms filed with the Department of Education for District employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's final report(s) for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement or state that no exceptions were noted.

Expendable and Nonexpendable Trust Fund

The accounts within this fund appear to have been properly administered.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

Effective July 1, 2015 and thereafter the bid thresholds in accordance with <u>N.J.S.A.</u> 18A:18A-3 and 18A:39-3 are \$32,000 and \$19,600, respectively. The bid threshold was increased as allowable by statute to \$44,000 by resolution of the Board of Education, as the District has a qualified purchasing agent (QPA).

School Purchasing Programs (Continued)

Contracts and Agreements Requiring Advertisement for Bids (Continued)

The board of education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Attorney's opinion should be sought before a commitment is made.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination indicated that no individual payments, contracts or agreements were made "for the performance of any work or the furnishing or hiring of any materials of supplies," in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of <u>N.J.S.A.</u> 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per <u>N.J.S.A.</u> 18A:18A-5.

The minutes indicate that bids were advertised for the following:

Copier Paper	Athletic Supplies
School Supplies	Athletic Trainer Equipment
Custodial Supplies	High School Weight Room Project
HVAC & Tracer Services	

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal however, that the following purchases were made through the use of State contracts.

Copier Services	Desk Shields and Barriers
School Supplies	Bio-Decontamination Services
Computer Equipment	Generators
Technology Equipment	Vape Detectors
Custodial Equipment	Track Resurfacing Project
	Building Roof Replacement Project

School Food Service

The financial transactions and statistical records of the school food services were maintained in satisfactory condition. The financial accounts, meal count record and eligibility applications were reviewed on a test-check basis. No exceptions were noted.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served did not exceed the number of valid applications on file, times the number of operating days, on a school by school basis. The free and reduced price meals and free milk policy is uniformly administered throughout the School System. The required verification procedures for free and reduced price applications were completed and available for review. No exceptions were noted.

The Board employs Chartwells, a management company ("the Management Company"), to handle their food service program. We examined, on a test basis, their expenditures for separate recording of food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used. Provisions of the management company contract were reviewed and audited. All vendor discounts, rebates and credits vendors and/or the Management Company were tracked and credited to the Food Service Account and reconciled to supporting documentation at least annually.

All employees of the Cafeteria are hired and paid by the Management Company.

Exhibits reflecting child nutrition program operations are included in Section B (4, 5 & 6) of the <u>ACFR</u>.

The food service company has provided the required study of their internal controls in accordance with the Report on Internal Control of Service Organizations in accordance with the AICPA Statement on Standards for Attesting Engagements Number 16 (SSAE#16).

The District is depositing and expending program monies in accordance with <u>N.J.S.A.</u> 18A:17-34 and 19-1 through 19-4.1. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

Net cash resources exceeded three months average expenditures. This may have been caused by the COVID situation; however, the 2021-2022 school year operating results may change the condition to be within the three (3) month limit. Additionally, the District has invested funds for various renovations and improvements to the food service program since July 1, 2021.

Food Distribution Program commodities were received during the period of audit. Inventory records on commodities are being maintained. The value of U.S.D.A. Commodities received during 2020-2021 was \$71,406.25.

School Food Service (Continued)

USDA Food Distribution Program (food and/or commodities) were received and a single inventory was maintained on a first-in first-out basis. No exceptions were noted.

The school district project remains the detailed revenue and expenditure information necessary in order to execute the USDA mandated Non-Program Food Revenue Tool at least annually.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2020 Application for State School Aid (ASSA) for on-roll, private schools for the handicapped, low-income and bilingual. We also performed a review of the district procedures related to its completion. The information on the ASSA was compared to the district workpapers. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district maintained workpapers on the prescribed state forms or their equivalent.

The district has written procedures for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on-roll status reported in the 2020-2021 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

RECOMMENDATIONS JUNE 30, 2021

None.

FOLLOW-UP ON PRIOR YEAR'S FINDINGS
