Honorable President and  
Members of the Board of Education  
Alexandria Township  
County of Hunterdon, New Jersey

Dear Board Members:

The Annual Comprehensive Financial Report (ACFR) of the Alexandria Township Board of Education for the fiscal year ending June 30, 2022 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation rests with the management of the Board of Education.

To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operation of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

Some districts publish an annual comprehensive financial report (ACFR). An ACFR is the District's official annual financial report, containing the basic financial statements as well as introductory material; additional statements and schedules; and other financial, economic, and demographic information.

The ACFR contains three sections: introductory, financial, and the statistical sections. These three sections include:

- Introductory section, including a letter of transmittal
- Financial section, which includes the auditor's report, Management's Discussion and Analysis (MD&A), basic financial statements, required supplemental information (RSI), combining and individual fund financial statements and schedules
- Statistical section

The introductory section is the ACFR's first major section. This section introduces the reader to the ACFR and includes the following:

- Cover
- Title Page
- Table of Contents
- Transmittal Letter
- Listing of Board Members and Administrators
- Organizational Chart

The financial section consists of the MD&A, the auditor's report, the basic financial statements including notes to the financial statements, RSI, and the combining and individual fund statements.

The ACFR's last section is the statistical section, which presents comparative data for several periods of time.

A. REPORTING ENTITY AND ITS SERVICES: The Alexandria Township Board of Education is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board as established by the National Council on Governmental Accounting Statement No. 3. All funds and account groups of the District are included in this report. The Alexandria Township Board of Education and its two schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels pre-kindergarten through 8. These include regular, as well as special education services. Accelerated programs, enrichment opportunities for all students, and self-contained multiple disabilities program in the Alexandria Middle School.

The District also offers an integrated preschool program at the Lester D. Wilson School. This program generated tuition revenue for each regular education preschool student at \$6,250 per student for a full day 10-month program. Transportation for these students is the responsibility of the parents.

The Board of Education authorized the submission of the New Jersey Interdistrict Public School Choice Program application on October 20, 2010. In April 2011, the District received notice that it was chosen to participate in the school choice program commencing with the 2011-12 school year. The District receives Choice Aid for each student received.

District enrollment as of June 30, 2022, was 457 students.

B. QUALITY SINGLE ACCOUNTABILITY CONTINUUM (QSAC): The Quality Single Accountability Continuum is the Department of Education’s monitoring and evaluation system for public school districts. The system shifts the monitoring and evaluation focus compliance to assistance, capacity-building and improvement. It is a single comprehensive accountability system that consolidates federally required improvements. The system focuses on monitoring and evaluating school districts in five key components which, based on research, have been identified to be key factors in effective school districts. These components are:

- Instruction and program;
- Personnel;
- Fiscal Management;
- Operations;
- Governance.

Pursuant to the requirements of N.J.A.C. 6A:30, the District submitted the QSAC district performance review (DPR) in March 2022. Based on that performance review, the results, including county office verification of the District’s self-assessment, are as follows:

- |                           |      |
|---------------------------|------|
| ● Instruction and program | 100% |
| ● Fiscal management       | 100% |
| ● Operations              | 100% |
| ● Personnel               | 100% |
| ● Governance              | 100% |

Since the District satisfied at least 80% of the QSAC indicators in all five DPR areas, it has been designated as high performing.

C. INTERNAL ACCOUNTING CONTROLS: The management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles.

The internal control structure is designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognized that: 1) the cost of a control should not exceed the benefits likely to be derived; and 2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of Federal and State financial assistance, the District is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. Annual evaluations of the District’s internal control structures validate the effectiveness of these oversight entities.

D. BUDGETARY CONTROLS: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriate budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the General Fund, the Special Revenue Fund, and for the Debt Service Fund.

E. ACCOUNTING SYSTEM AND REPORT: The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standard Board. The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements."

F. FINANCIAL INFORMATION AT FISCAL YEAR-END: As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

G. CASH MANAGEMENT: The investment policy of the District is guided in large part by State statute as detailed in "Notes to the Financial Statements". The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUPA). GUPA was enacted in 1970 to protect Governmental Units from loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

H. RISK MANAGEMENT: The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and content, and fidelity bonds.

I. OTHER INFORMATION: Independent audit – State statutes require an annual audit by an independent certified public accountant or registered municipal accountant. Cannone and Company, CPA's, was appointed by the Board of Education to conduct the annual audit. In addition to meeting the requirements set forth in State statutes, the audit is also designed to meet the requirements of the Federal Uniform Guidance and State Treasury Circular Letter OMB 15-08. The auditor's report on the basic financial statements and combining of individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

J. ACKNOWLEDGEMENTS: We would like to express our appreciation to the members of the Alexandria Township Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school District and thereby contributing their full support to the development and maintenance of our financial operation.

Respectfully Submitted,

A handwritten signature in black ink, appearing to read 'K. McPeek', with a long horizontal flourish extending to the right.

## INDEPENDENT AUDITOR'S REPORT

Honorable President and Members  
of the Board of Education  
Township of Alexandria School District  
County of Hunterdon  
Pittstown, New Jersey 08867

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund of the Alexandria School District, in the County of Hunterdon, State of New Jersey (the "District") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund of the District as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Finance, Department of Education, State of New Jersey, the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (the "Uniform Guidance") the audit requirements of State of New Jersey OMB Circular 15-08 "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid." and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards and provisions are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

# SUPLEE, CLOONEY & COMPANY

## ***Emphasis of Matter***

As discussed in Note 1 to the basic financial statements, for the year ended June 30, 2022, the District adopted Governmental Accounting Standards Board Statement No. 87, Leases. Our opinions are not modified with respect to this matter.

## ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, the Uniform Guidance, the State of New Jersey OMB Circular 15-08 and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards the Uniform Guidance, the State of New Jersey OMB Circular 15-08 and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

## SUPLEE, CLOONEY & COMPANY

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, budgetary comparison information in Exhibit C-1 through C-3, the schedules related to accounting and reporting for pensions in Exhibit L-1 through L-4 and the schedules related to accounting and reporting for postretirement benefits other than pensions (OPEB) in Exhibits M-1 and M-2 are presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information schedules and data such as the combining statements and individual fund financial statements, and the Schedules of Expenditures of Federal Awards and State Financial Assistance, as listed in the table of contents, as required by the Uniform Guidance, New Jersey's OMB Circular 15-08, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid," and the State of New Jersey, Department of Education, Division of Finance, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and the schedule of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

# SUPLEE, CLOONEY & COMPANY

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

## **Prior Period Financial Statements**

The financial statements of the District as of June 30, 2021, were audited by other auditors whose report dated February 15, 2022, expressed an unmodified opinion on the financial statements as to the conformity of the financial statements with accounting principles generally accepted in the United States of America.

## ***Other Reporting Required by Government Auditing Standards***

In accordance with Government Auditing Standards, we have also issued our report dated March 30, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

(UNAUDITED)**

**ALEXANDRIA TOWNSHIP SCHOOL DISTRICT  
PITTSTOWN, NEW JERSEY**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2022  
UNAUDITED**

The Management's Discussion and Analysis of the Alexandria Township School District (the "District") offers readers of the District's financial statements a narrative overview of the financial activities for the fiscal year ended June 30, 2022. The intent of this discussion is to look at the District's financial performance as a whole; therefore readers should also review the transmittal letter at the front of this report, along with the District's financial statements and notes to the financial statements to enhance their understanding of the District's financial performance.

The Management's Discussion and Analysis (MD&A) is an element of the Required Supplementary Information (RSI) specified in the Governmental Accounting Standards Board's (GASB) Statement Number 34, Basic Financial Statements and Management's Discussion and Analysis of State and Local Governments issued in June 1999. Certain comparative information between the current fiscal year (2021-2022) and the prior fiscal year (2020-2021) is required to be presented in the MD&A. In fiscal year 2022 the District Implemented GASB Statement No. 87 as applicable.

**Financial Highlights**

- Revenue from governmental activities accounted for \$13,496,949.97 or 98 percent of total school district revenue. The other 2 percent of revenue was generated by the business type activities.
- The District's net position increased by \$882,969.79.

**Overview of the Financial Statements**

This Annual Comprehensive Financial Report ("ACFR") consists of three parts: Management's Discussion and Analysis (this section), The Basic Financial Statements, and Required Supplementary Information. The Basic Financial Statements include two kinds of statements that present different views of the District, District-wide Financial Statements and Fund Financial Statements.

- District-wide Financial Statements provide both short-term and long-term information about the District's overall financial status.
- Fund Financial Statements report the District's operations in more detail than the District-wide statements on individual parts of the District, the Governmental Funds and Proprietary Funds.
- Governmental Funds Statements tell how basic services such as regular and special education were financed in the short-term as well as what remains for future spending.
- Proprietary Funds Statements offer short and long-term financial information about the activities the District operates like a business, which include food services.

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2022

The notes to financial statements are also included, which are an integral part of the financial statements. The information in the notes provides detailed data on the District's financial operations.

Required supplementary information further explains and supports the financial statements with a comparison of the District's budget for the year. Exhibit A-1 reflects how the various parts of this annual report are arranged and related to one another.

**District-wide Financial Statements**

The District-wide Financial Statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net positions includes all of the District's assets and liabilities. All current year's revenue and expenses are accounted for in the statement of activities regardless of when cash is received or disbursed.

The District-wide Financial Statements report the District's net positions and how they have changed. Net positions, the difference between the District's assets and liabilities, is one way to measure the District's financial health or position. Over time, increases or decreases in the District's net positions are an indicator of whether its financial position has improved or diminished. The causes of this change may be a result of many factors, some financial and some not. Non-financial factors include the District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the District-wide Financial Statements, the District's activities are divided into two categories, governmental and business-type activities.

- Governmental activities - All of the District's programs and services are reported here including, but not limited to regular and special education instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities. Property taxes and state formula aid finance most of these activities.
- Business-type activities - These services are provided on a charge for goods or services basis to recover all the expenses of the goods or services provided. District charges fees to help it cover the costs of certain services it provided. The food service activities (i.e. food, commodities and supplies) are reported as business activities.

**Fund Financial Statements**

The fund financial statements provide more detailed information about the District's funds, focusing on major funds. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs. Some funds are required by state law and by bond covenants. The District establishes other funds to control and manage money for particular purposes (i.e. long-term debt) or to show that it is properly using certain restricted revenues (i.e. entitlement grants).

The District maintains two financial funds:

- **Governmental Funds:** The District's activities reported in governmental funds focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting that measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the government-wide Statement of Net Position and Statement of Activities) and governmental funds statements is reconciled in the financial statements.
- **Proprietary Funds:** Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the District-wide financial statements. The District's enterprise funds (one type of proprietary fund) are the same as its business-type activities but provide more detail and additional information, such as cash flow.

**Financial Analysis of the District as a Whole**

The District's combined net positions have increased from the 2020-2021 fiscal year. The net positions from governmental funds increased \$804,228.94. Net positions from business-type activities increased \$78,740.85. Table A-1 below reflects the District's net positions as a whole. Table A-2 reflects the changes in net positions from operating results.

**Expenses & Indirect Costs Allocated for the Fiscal Year 2022**

The total expenditures for the 2021-2022 fiscal year for all programs and services were \$12,872,646.33. Table A-4 below summarizes these program costs. The District's expenses are predominantly related to instructing, providing services and transporting students, grades kindergarten through eight, which accounts for 82.2 percent of the total District costs. Administrative and business expenses account for the costs of the Office of the Superintendent of Schools, the Business Office, and the Principal's Offices in both school buildings. Maintenance and operations account for the costs of keeping the school buildings and grounds safe, clean and in good operating condition, and includes all the utility costs related to the school facilities. Other costs may include interest on long-term debt when applicable, unallocated depreciation expense and the costs of the business-type activities of the proprietary funds.

**General Fund Budgeting Highlights**

The District's budget is prepared according to New Jersey Statutes and is based on accounting for certain transactions on a basis of modified accrual and encumbrance accounting.

Over the course of the year, the Board of Education approved revisions to the general fund budget as needed. These budget amendments were necessary for the following reasons:

- Realign budgeted salary accounts as needed to account for staff transfers to various programs.
- Realigned appropriations in accordance with the prescribed chart of accounts as modified by the comprehensive educational improvement and financing act.
- Transferred from unexpended appropriations to purchase teaching materials and equipment to meet various program needs.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

Total net change in fund balances - governmental funds (from B-2) \$ (3,089,904.26)

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the period.

Depreciation expense	\$ (257,394.72)	
Capital outlays (Net, excl. uncaptured outlays)	<u>3,968,864.60</u>	3,711,469.88

Repayment of long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position and is not reported in the statement of activities.

Payment of installment purchase contracts payable		24,582.00
---	--	-----------

In the statement of activities, interest on long-term debt is accrued, regardless of when due. In governmental funds, interest is reported when due. The accrued interest is an addition in the reconciliation.

(119,500.68)

District pension contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the reported net pension liability is measured a year before the District's report date. Pension expense, which is the change in the net pension liability adjusted for changes in deferred outflows and inflows of resources related to pensions, is reported in the Statement of Activities.

District pension contributions	\$ 102,182.00	
Add: Pension benefit	<u>200,853.00</u>	303,035.00

In the statement of activities, certain expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+).

Change in compensated absences payable	\$ <u>(25,453.00)</u>	<u>(25,453.00)</u>

**Alexandria Township School District**  
**Notes to the Financial Statements**  
**June 30, 2022**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Alexandria Township School District have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

**Reporting Entity**

The Alexandria Township School District is a Type II District located in Hunterdon County, New Jersey. The District is an instrumentality of the State of New Jersey, established to function as an educational institution. The District is governed by a nine member board elected to three-year terms and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District.

The primary criterion for including activities within the District's reporting entity are set forth in Statement No. 39 of the Governmental Accounting Standards Board entitled "*Determining Whether Certain Organizations are Component Units*" (GASB 39) as codified in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards.

Organizations that are legally separate, tax-exempt entities and that meet *all* of the following criteria should be discreetly presented as component units. These criteria are:

1. The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government.
2. The primary government, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources of the organization.
3. The economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government.

The combined financial statements include all funds of the District over which the Board exercises operating control. The operations of the District include one elementary school. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

**Notes to the Financial Statements**  
**June 30, 2022**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Basis of Presentation**

The District's basic financial statements consist of District-wide statements, including a Statement of Net Positions and a Statement of Activities, and fund financial statements which provide a more detailed level of financial information.

District-Wide Statements: The Statement of Net Position and the Statement of Activities display information about the District as a whole. These statements include the financial activities of the overall District. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish generally between the governmental and business-type activity of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The Statement of Net Position presents the financial condition of the governmental and business-type activity of the District at fiscal year end. The Statement of Activities presents a comparison between direct expenses and program revenues for the business-type activity of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirement of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as generally revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the District.

Fund Financial Statements: During the fiscal year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds. Separate statements for each fund category – governmental and proprietary - are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Governmental Fund Types**

**General Fund** - The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the Capital Outlay sub-fund.

As required by the New Jersey State Department of Education, the District includes budgeted capital outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues. Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution.

**Special Revenue Fund** – The Special Revenue Fund is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. Thus, the Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Governments (other than major capital projects, debt service or the enterprise funds) and local appropriations that are legally restricted or committed to expenditures for specified purposes.

**Capital Projects Fund** - The Capital Projects Fund is used to account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets (other than those financed by proprietary funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election, funds appropriated from the General Fund, and from aid provided by the State to offset the cost of approved capital projects.

**Debt Service Fund** – Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

**Alexandria Township School District**  
**Notes to the Financial Statements**  
**June 30, 2022**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Proprietary Fund**

**Enterprise Fund** - The enterprise fund accounts for all revenues and expenses pertaining to cafeteria operations. The food service fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges.

**Basis of Accounting - Measurement Focus**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

District-wide and Proprietary Fund Financial Statements: The District-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of unearned revenue, and in the presentation of expenses versus expenditures. Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available.

**Alexandria Township School District**  
**Notes to the Financial Statements**  
**June 30, 2022**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Basis of Accounting - Measurement Focus (Continued)**

The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable". Revenue from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied. Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transactions can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

All governmental and business type activities and enterprise funds of the District follow FASB Statements and Interpretations issued on or before November 30, 1989, Account Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

**Budgets/Budgetary Control**

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office. In accordance with P.L. 2011, c. 202, which became effective January 17, 2012, the District elected to move the School Board election to the date of the November general election thereby eliminating the vote on the annual base budget unless required by the mandated State budget CAP. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23-2.2(f)1. Expenditures may not legally exceed budgeted appropriations at the line item level. All budget amendments and transfers must be approved by School Board resolution. Budget amendments during the year ended June 30, 2022 totaled net \$0.00. All budget amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year).

**Alexandria Township School District**  
**Notes to the Financial Statements**  
**June 30, 2022**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Budgets/Budgetary Control (Continued)**

Appropriations, except remaining project appropriations, encumbrances, and unexpended grant appropriations, lapse at the end of each fiscal year. The capital projects fund presents the remaining project appropriations compared to current year expenditures.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial records.

**Encumbrance Accounting**

Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as assigned fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund and capital projects fund for which the District has received advances are reflected in the balance sheet as unearned revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

**Alexandria Township School District**  
**Notes to the Financial Statements**  
**June 30, 2022**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Interfunds**

Interfund receivables and payables arise from transactions between particular funds and are considered short term in duration. The interfund transactions are recorded by all funds affected in the period in which the transactions are executed and are part of the district's available expendable resources.

**Inventories and Prepaid Expenses**

Inventories of materials and supplies held for consumption in the governmental funds are recorded as expenditures at the time of purchase and year end balances are not reported in the financial statements.

Inventories of food and/or supplies in the food service fund are recorded at cost on a first-in, first-out basis or, in the case of Food Distribution Commodities, at stated value which approximates market.

Prepaid expenses which benefit future periods, other than those recorded in the enterprise fund, are recorded as an expenditure in the year of purchase.

**Capital Assets**

The District has an established formal system of accounting for its capital assets. Capital Assets used for governmental purposes, which include land, buildings and improvements, and furniture and equipment, are only reported in the district-wide financial statements. The District generally defines capital assets as assets with an initial cost of \$2,000.00 or more and an estimated useful life in excess of one year. Purchased or constructed capital assets are reported at cost. Donated capital assets are valued at their acquisition values on the date received. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. In fiscal year 2016, the District implemented GASB 72. The objective of this is to improve financial reporting by clarifying the definition of fair value for financial reporting purposes, establishing general principles for measuring fair value, providing additional fair value application guidance, and enhancing disclosures about fair value measurement. These improvements are based in part on the concepts and definitions established in Concepts Statement No. 6, Measurement of Elements of Financial Statements, and other relevant literature. Capital assets are depreciated in the district-wide statements using the straight-line method over the following estimated useful lives:

<b><u>Asset Class</u></b>	<b><u>Estimated Useful Lives</u></b>
School Buildings	50
Building Improvements	20
Electrical/Plumbing	30
Vehicles	8
Office & Computer Equipment	5-10
Instructional Equipment	10
Ground Equipment	15

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Compensated Absences**

The District accounts for compensated absences (e.g., unused sick days) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences." A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of sick days in accordance with the District's employment contract and personnel policy. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employees unions.

The liability for compensated absences was accrued using the termination payment method, whereby the liability is calculated based on the amount of sick days that are expected to become eligible for payment upon retirement. The District estimates its accrued compensated absences liability based on the accumulated sick days at the balance sheet date by those employees who are currently eligible to receive retirement payments.

For the District-wide Statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the governmental funds, in the Fund Financial Statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

**Fund Equity**

Fund balance restrictions are used to indicate that portion of the fund balance that is not available for expenditures or is legally segregated for a specific future use. Designations of portions of the fund balances are established to indicate tentative plans for financial utilization in a future period. The unassigned fund balances represent the amount available for future budgetary operations.

Unassigned net position represent the remains of the District's equity in the cumulative earnings of the food service fund.

**Unearned Revenue**

Unearned revenue in the special revenue and capital projects funds represents funds which have been received but not yet earned. A corresponding accounts receivable has also been established for any open encumbrances at year end which is an allowable under generally accepted accounting principles.

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Accrued Liabilities and Long-Term Obligations**

All payables, accrued liabilities, and long-term obligations are reported on the District-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

**Net Position**

GASB 63 provides guidance for reporting net position in the statement of financial position and related disclosures. Net Position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

**Fund Balance Reserves**

Under GASB 54, in the fund financial statements, governmental funds report the following classifications of fund balance:

*Non-Spendable* – includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.

*Restricted* – includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation. The District reports the Capital Reserve, Emergency Reserve, Maintenance Reserve, Unemployment, Student Activities, and Excess Surplus as Restricted Fund Balance.

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Fund Balance Reserves (Continued)**

*Committed* – includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to resolutions passed by the Board of Education, the District's highest level of decision making authority. Commitments may be modified or rescinded only through resolutions approved by the Board of Education

*Assigned* – includes amount that the District intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Under the District's policy, amounts may be assigned by the Business Administrator. The District reports Year End Encumbrances and amounts Designated for Subsequent Year's Expenditures as Assigned Fund Balance.

*Unassigned* – is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balance are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed.

**Revenues Exchange and Non-Exchange Transactions**

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means within sixty days of the fiscal year end.

**Alexandria Township School District**  
**Notes to the Financial Statements**  
**June 30, 2022**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Revenues Exchange and Non-Exchange Transactions (Continued)**

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from property taxes is recognized in the period in which the income is earned. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized. Under the modified accrual basis, the following revenue sources are considered both measurable and available at fiscal year end: property taxes available as an advance, interest, and tuition.

**Proprietary Funds Revenues and Expenses**

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the School District enterprise funds are charges to customers for sales of food service. Operating expenses for enterprise funds include the cost of sales and services, administrative expense and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

**Allocation of Indirect Expenses**

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, were allocated based on salaries of the program. Depreciation expense, where practicable, is specifically identified by function in the Statement of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately in the Statement of Activities.

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Extraordinary and Special Items**

Extraordinary items are transactions or events that are unusual in nature and infrequent of occurrence. Special items are transactions or events that are within control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

**Management Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**Accounting and Financial Reporting for Pensions**

In the District-Wide Financial Statements for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the District's proportionate share of the New Jersey Public Employees Retirement System ("PERS") and the Teachers' Pension and Annuity Fund ("TPAF") and the additions to/deductions from these retirement systems' fiduciary net position have been determined on the same basis as they were reported by PERS and TPAF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

In the Governmental Fund Financial Statements the year end Net pension liability is not required to be reflected. Pension related revenues and expenditures are reflected based on amounts that are normally expected to be liquidated with available financial resources for required pension contributions. Expenditures for PERS are recognized based upon billings made by the State of New Jersey due April 1<sup>st</sup> of each fiscal year. TPAF contributions are paid on the District's behalf by the State of New Jersey. The Governmental Fund Financial Statements reflects both a revenue and expenses for this pension contribution.

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. Currently, the District has only one items that qualify for reporting in this category, deferred amounts from refunding debt and deferred amounts related to pensions. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies in this category: deferred amounts related to pension.

**Recently Adopted Accounting Pronouncements**

Beginning with the year ended June 30, 2022, the District has implemented GASB Statement 87.

**NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS**

The Board considers petty cash, change funds, cash in banks, certificates of deposits, deposits in the New Jersey Cash Management Fund, deposits in the governmental money market fund, deposits in the New Jersey Asset and Rebate Management Program and short term investments with original maturities of three months or less as cash and cash equivalents. Investments are stated at cost, which approximates market.

**Deposits**

New Jersey statutes permit the deposit of public funds in public depositories which are located in New Jersey and which meet the requirements of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA requires a bank that accepts public funds to be a public depository. A public depository is defined as a state bank, a national bank, or a savings bank, which is located in the State of New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation. The statutes also require public depositories to maintain collateral for deposits of public funds that exceed certain insurance limits. All collateral must be deposited with the Federal Reserve Bank or a Banking Institution that is a member of the Federal Reserve System, and has capital funds of not less than \$25,000,000.00. Under (GUDPA), if a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of the deposits to the governmental unit.

**Custodial Credit Risk – Deposits** – Custodial credit risk is the risk that in the event of a bank failure, the deposits may not be returned. The District does not have a specific deposit policy for custodial credit risk other than those policies that adhere to the requirements of statute. As of June 30, 2022, based upon the coverage provided by FDIC and NJGUDPA, no amount of the bank balance was exposed to custodial credit risk. Of the cash on balance in the bank, \$250,000.00 was covered by Federal Depository Insurance and \$15,144,570.41 was covered under the provisions of NJGUDPA.

**Investments**

The purchase of investments by the Board is strictly limited by the express authority of the N.J.S.A. 18A:20-37 Education, Administration of School Districts. Permitted investments include any of the following type of securities:

1. Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
2. Government money market mutual funds which are purchased from an investment company or investment trust which is registered with the Securities and Exchange Commission under the "Investment Company Act of 1940," 15 U.S.C. 80a-1 et seq., and operated in accordance with 17 C.F.R. § 270.2a-7 and which portfolio is limited to U.S. Government securities that meet the definition of an eligible security pursuant to 17 C.F.R. § 270.2a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 18A:20-37. **NOTE 4: LONG-TERM LIABILITIES**

Bonds are issued by the District pursuant to the provisions of Title 18A, Education, of the New Jersey Statutes and are required to be approved by the voters of the municipality through referendum. The proceeds of bonds are recorded in the Capital Projects Fund and are restricted to the use for which they were approved in the bond referendum. All bonds are retired in annual installments within the statutory period of usefulness.

School Bonds issued by the District are entitled to and benefit from the provision of the New Jersey School Board Reserve Act P.L. 1980 c.72. Basically, funds are held by the State of New Jersey within its State Fund for the Support of Free Public Schools as a school bond reserve pledged by law to secure payment of principal and interest due on such bonds in the event of the inability of the issuer to make payments.

At June 30, 2022, the District had bonds authorized but not issued of \$12,994,000. The District had a temporary note outstanding at June 30, 2022 for \$12,994,000 maturing on July, 27, 2022 with an interest rate of 1%.

The following is a summary of changes in liabilities that effect other long-term obligations for the year ended June 30, 2022.

**NOTE 5: PENSION PLANS**

**Description of Plans** - All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

**Teachers' Pension and Annuity Fund (TPAF)** - The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

**Public Employees' Retirement System (PERS)** - The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provision of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

**Defined Contribution Retirement Program (DCRP)** - The Defined Contribution Retirement Program (DCRP) was established under the provision of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 to provide coverage to elected and certain appointed officials, effective July 1, 2007. Membership is mandatory for such individuals with vesting occurring after one year of membership.

**Notes to the Financial Statements**  
**June 30, 2022**

**NOTE 5: PENSION PLANS (CONTINUED)**

**Significant Legislation**

Effective June 28, 2011, P.L. 2011, c. 78 enacted certain changes in the operations and benefit provisions of the TPAF and the PERS systems.

**Pension Plan Design Changes**

Effective June 28, 2011, P.L. 2011, c. 78, new members of TPAF and PERS, hired on or after June 28, 2011, will need 30 years of creditable service and have attained the age of 65 for receipt of the early retirement benefit without a reduction of 1/4 of 1% for each month that the member is under age 65. New members will be eligible for a service retirement benefit at age 65.

**Funding Changes**

Under the new legislation, the methodology for calculating the unfunded accrued liability payment portion of the employer's annual pension contribution to the PERS, and TPAF. The unfunded actuarial accrued liability (UAAL) will be amortized for each plan over an open-ended 30 year period and paid in level dollars. Beginning with the July 1, 2019 actuarial valuation (July 1, 2018 for PFRS), the UAAL will be amortized over a closed 30 year period until the remaining period reaches 20, when the amortization period will revert to an open-ended 20 year period.

**COLA Suspension**

The payment of automatic cost-of-living adjustment to current and future retirees and beneficiaries are suspended until reactivated as permitted by this law.

**Vesting and Benefit Provisions** The vesting and benefit provisions of PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after ten years of service, except for post-retirement healthcare benefits that vest after 25 years of service.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

**NOTE 5: PENSION PLANS (CONTINUED)**

**Contribution Requirements** The contribution policy is set by N.J.S.A. 43:15A and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation.

Effective June 28, 2011, P.L. 2011, c. 78 provides for increases in the employee contribution rates: from 5.5% to 6.5% plus an additional 1% phased-in over 7 years beginning in the first year, meaning after 12 months, after the law's effective date for TPAF and PERS.

Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of TPAF (*i.e.* the State of New Jersey makes the employer contribution on behalf of public school districts).

**Public Employees Retirement System (PERS)**

At June 30, 2022, the District reported a liability of \$1,033,628.00 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2021, the District's proportion was 0.0087251801 percent, which was an increase of 0.0001082380 percent from its proportion measured as of June 30, 2020.

For the year ended June 30, 2021, the District recognized pension benefit of \$200,852.00 in the district-wide financial statements. This pension benefit was based on the pension plans June 30, 2021 measurement date. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	<u>Deferred Outflow of Resources</u>	<u>Deferred Inflow of Resources</u>
Differences between expected and actual experience	\$ 16,302.00	\$ 7,400.00
Changes of assumptions		367,978.00
Net difference between projected and actual earnings on pension plan investments	5,383.00	272,285.00
Changes in proportion and differences between District contributions and proportionate share of contributions	75,915.00	132,532.00

**Actuarial Assumptions**

The total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which rolled forward to June 30, 2021. These actuarial valuations used the following assumptions.

Inflation rate:	
Price	2.75%
Wage	3.25%
Salary Increases:	
Through 2026	2.00%-6.00% Based on Year of Service
Thereafter	3.00%-7.00% Based on Years of Service
Investment Rate of Return	7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 17.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

**Long-Term Rate of Return**

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2021 are summarized in the following table:

<u>Assets Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
U.S. Equity	27.00%	8.09%
Non-U.S. Developed Market Equity	13.50%	8.71%

**Discount Rate**

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers.

Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

**Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate**

The following presents the District's proportionate share of the net pension liability as of June 30, 2021, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage-point higher than the current rate:

	1% Decrease <u>6.00%</u>	At Current Discount Rate <u>7.00%</u>	1% Increase <u>8.00%</u>
District's proportionate share of the pension liability	\$1,407,592.00	\$1,033,628.00	\$716,267.00

**Pension Plan Fiduciary Net Position**

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Public Employees Retirement System (PERS). **Teachers Pensions and Annuity Fund (TPAF)**

The employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the net pension liability that is associated with the local participating employer.

The portion of the TPAF Net Pension Liability that was associated with the District recognized at June 30, 2021 was as follows:

Net Pension Liability:	
Districts proportionate share	-0-
State's proportionate share	
associated with the District	<u>\$22,486,635</u>
	<u><u>\$22,486,635</u></u>

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2020 which was rolled forward to June 30, 2021. The net pension liability associated with the District was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. At June 30, 2021, the proportion of the TPAF net pension liability associated with the District was 0.0467738883% which was an increase of 0.0021915697 percent from its proportion measured as of June 30, 2020.

For the year ended June 30, 2021, the District recognized on-behalf pension expense and revenue of \$529,120.00 in the government-wide financial statements for contributions provided by the State. This pension expense and revenue was based on the pension plans June 30, 2021 measurement date.

**Plan Description and Benefits Provided**

The State Health Benefit Local Education Retired Employees Plan is a multiple-employer defined benefit OPEB plan, which is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The State Health Benefit Local Education Retired Employees Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey in accordance with N.J.S.A 52:14-17.32f. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. According to N.J.S.A 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

**Employees Covered by Benefit Terms**

The State Health Benefit Local Education Retired Employees Plan Membership covered by the benefit terms consisted of the following:

Active Plan Members	213,901
Inactive Plan Members or Beneficiaries Currently Receiving Benefits	150,427
Inactive Plan Members or Beneficiaries Not Yet Receiving Benefits	- 0 -
Total Plan Members	<u>364,328</u>

**Total Non-Employer OPEB Liability**

The portion of the total Non-Employer OPEB Liability that was associated with the District at June 30, 2022 was as follows:

Total OPEB Liability:	
District's Proportionate Share	\$-0-
State's Proportionate Share associated with the District	<u>25,771,318</u>
	<u><u>\$25,771,318</u></u>

The total Non-Employer OPEB liability as of June 30, 2021 was determined by an actuarial valuation as of June 30, 2020, which was rolled forward to June 30, 2021.

The total Non-Employer OPEB liability was determined separately based on actual data of the District.

For the year ended June 30, 2022, the District recognized on-behalf post-employment expense and revenue of \$1,483,881 in the government-wide financial statements for contributions provided by the State. This expense and revenue was based on the plans June 30, 2021 measurement date. At June 30, 2021, the District's proportion was 0.0429467203 percent, which was an decrease of 0.0007684167 from its proportion measured as of June 30, 2020. The State, a nonemployer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS, TPAF/ABP and PFRS participants. The District's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Consequently, the District did not recognize any portion of the collective Non-Employer OPEB liability on the Statement of Net Position.

**Actuarial Assumptions and Other Inputs**

The total Non-Employer OPEB liability that was associated with the District as of June 30, 2021 was determined by an actuarial valuation as of June 30, 2020, which was rolled forward to June 30, 2021. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

	<u>June 30, 2021</u>		
	<u>TPAF/ABP</u>	<u>PERS</u>	<u>PFRS</u>
Inflation – 2.5%			
Salary Increases			
Through 2026	1.55-4.45%*	2.00-6.00%*	3.25-15.25%*
Thereafter	2.75-5.65%*	3.00-7.00%*	Not Applicable

\*- Based on Years of Service

Preretirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP), "General" (PERS), and "Safety" (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Postretirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021 for current disabled retirees. Future disabled retirees was based on the Pub-2010 "Safety" (PFRS), "General" (PERS), and "Teachers" (TPAF/ABP) classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of actuarial experience studies for the periods July 1, 2015— June 30, 2018, July 1, 2014 — June 30, 2018, and July 1, 2013 - June 30, 2018 for TPAF, PERS and PFRS, respectively.

**Health Care Trend Assumptions**

For pre-Medicare medical benefits, the trend rate is initially 5.65% and decreases to a 4.50% long-term trend rate after seven years. For post-65 medical benefits, the actual fully insured Medicare Advantage trend rates for fiscal year 2022 through 2023 are reflected. For PPO the trend is initially 5.74% in fiscal year 2024, increasing to 12.93% in fiscal year 2025 and decreases to 4.50% after 11 years. For HMO the trend is initially 6.01% in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreases to 4.5% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to a 4.50% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

**Discount Rate**

The discount rate for June 30, 2021 and June 30, 2020 was 2.16% and 2.21% respectively. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

**NOTE 7: ACCOUNTING AND FINANCIAL REPORTING FOR POST-RETIREMENT BENEFITS OTHER THAN PENSIONS - GASB 75 (CONTINUED)**

In accordance with GASBS No. 75, the District's proportionate share of school retirees OPEB is zero. There is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources in the financial statements.

**State Health Benefit Local Education Retired Employee Plan Information**

The New Jersey Division of Pension and Benefits issues publicly available reports on the OPEB plan. Those reports may be obtained by writing to the Division of Pension and Benefits, PO Box 295, Trenton, NJ 08625-0295 or on their website at <http://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

**NOTE 8: LITIGATION**

The Board attorney's letter advises that there is no litigation, pending litigation, claims, contingent liabilities, unasserted claims or assessments or statutory violations which involve the Board of Education and which might materially affect the Board's financial position.

**NOTE 9: CONTINGENCIES**

The Board receives financial assistance from the State of New Jersey and the U.S. Government in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of the funds for eligible purposes. The State and Federal grants received and expended in the 2021-2022 fiscal year were subject to the U.S. OMB Uniform Guidance and New Jersey OMB Circular 15-08 which mandates that grant revenues and expenditures be audited in conjunction with the Board's annual audit. Findings and questioned costs, if any, relative to federal awards and state financial assistance programs will be discussed in the Single Audit Section, Schedule of Findings and Questioned Costs. In addition, all grants and cost reimbursements are subject to financial and compliance audits by the grantors. Further, the School Child Nutrition Program is a recipient of federal reimbursements and is subject to certain related federal regulations. These federal reimbursements are subject to subsequent audit and interpretation by the New Jersey Department of Education. The Board management does not believe such an audit would result in material amounts of disallowed costs.

**NOTE 10: RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions, injuries to employees; and natural disasters. The District maintains commercial coverage covering each of those risks of loss. The administration believes such coverage is sufficient to preclude any significant uninsured losses to the District. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

**Property and Liability Insurance** - The District maintains insurance coverage covering each of those risks of loss. The administration believes such coverage is sufficient to preclude any significant uninsured losses to the District. Settled claims have not exceeded the insurance coverage in any of the past three fiscal years.

**New Jersey Unemployment Compensation Insurance** - The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method." Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. Charges are applied to the Unemployment Compensation Claims Payable first, and any remaining charges are applied to the Unemployment Compensation budget appropriation. The following table is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the combined ending balance of the District's Unemployment Compensation Claims Payable and Unemployment Restricted Fund Balance for the current and previous two years:

<u>Fiscal Year</u>	<u>Interest Earned</u>	<u>Employee Contributions</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>

**NOTE 12: CALCULATION OF EXCESS SURPLUS - BUDGETARY BASIS**

In accordance with N.J.S.A.18A:7F-7, as amended by P.L. 2004, c73 (S1701), the Restricted Fund Balance Excess Surplus is a required calculation pursuant to the New Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to restricted General Fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance resulting from the year ended June 30, 2022 is \$250,000.00.

**NOTE 13: CAPITAL RESERVE ACCOUNT**

A capital reserve account was originally established by the Alexandria Township School District for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget. The balance remaining in the reserve as of June 30, 2022 is \$1,118,571.14.

**Alexandria Township School District**  
**Notes to the Financial Statements**  
**June 30, 2022**

**NOTE 13: CAPITAL RESERVE ACCOUNT (CONTINUED)**

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6:23A-5.1(d)7, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the year ending June 30, 2022 fiscal year is as follows:

Beginning balance, July 1, 2021		\$617,391.00
Increased by:		
Interest earnings	\$1,180.14	
Board approved transfers	<u>500,000.00</u>

**Notes to the Financial Statements**  
**June 30, 2022**

**NOTE 14: EMERGENCY RESERVE ACCOUNT**

An emergency reserve was established by the District for the accumulation of funds for use as emergency expenditures in subsequent fiscal years. The emergency reserve account is maintained in the general fund and its activity is included in the general fund annual budget. The emergency reserve account is used to fund unanticipated general fund current expense costs and may be established to supplement the reserve in the district's annual budget or through a transfer by board resolution at year end of any unanticipated revenue and unexpended line item appropriation amounts in accordance with N.J.S.A. 18A:7F-41.

The activity of the emergency reserve for the year ending June 30, 2022 is as follows:

Balance, July 1, 2021	
and June 30, 2022	<u><u>\$250,000.00</u></u>

**Alexandria Township School District**

**NOTE 15: MAINTENANCE RESERVE ACCOUNT**

A maintenance reserve was established through a board resolution by the Alexandria Township School District for the accumulation of funds for the required maintenance of a facility in accordance with N.J.S.A. 18A:7G-9 as amended by P.L. 2004, c. 73 (S1701). N.J.S.A. 18A:7G-31(c), 18A:7G-13 and N.J.A.C. 6A:23A-14.2 permits districts, by board resolution, to transfer undesignated general fund balance to the maintenance reserve account if approved in the district's original budget certified for taxes or if the district received voter approval by a separate proposal at budget time or by special question at one of the four special elections authorized pursuant to N.J.S.A.19:60-2. N.J.S.A. 18A:7F-41(a), 18A:7F-41(b) and N.J.A.C.6A:23A-14.3 permit a district board of education to transfer by board resolution (prior to June 30) any unanticipated revenue or unexpended line-item appropriation amounts to the maintenance reserve for withdrawal in subsequent school years.

The activity of the maintenance reserve for the year ending June 30, 2022 is as follows:

Balance, July 1, 2021	\$688,739.00
Add: Appropriations Lapsed	270,000.00
Add: Board Approved Transfer	134,800.64
Less: Withdrawals-Budgeted	<u>(270,000.00)</u>
Balance, June 30, 2022	<u><u>\$823,539.64</u></u>

**NOTE 16: INVENTORY**

Inventory in the Food Service Fund at June 30, 2022 consisted of the following:

Food, Commodities and Supplies	<u>\$2,883.73</u>
--------------------------------	-------------------

**NOTE 17: DEFERRED COMPENSATION**

The District offers its employees a choice of the deferred compensation plans created in accordance with Internal Revenue Code Section 403(b) and 457. The plans permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death, or unforeseeable emergency. Since the District does not have any property or rights to the plan assets and no fiduciary relationship exists between the District and the deferred compensation plan, the plan assets are not included in the District's financial statements as of June 30, 2022.

**Alexandria Township School District**  
**Notes to the Financial Statements**  
**June 30, 2022**

**NOTE 18: COMPENSATED ABSENCES**

The District accounts for compensated absences (e.g. unused vacation and sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the amount to subsequent years. Upon retirement, employees shall be paid by the District for the unused sick leave in accordance with the Districts agreements with the various employee unions.

The liability for vested compensated absences of the governmental fund types are recorded in the district - wide statement of net position. As of June 30, 2022, a liability existed for compensated absences for governmental fund-types in the district-wide Statement of Net Position of \$271,430.00.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2022 no liability existed for compensated absences in the proprietary funds.

For additional descriptive information see Note 1, Summary of Significant Accounting Policies.

**NOTE 19: INTERFUND RECEIVABLES AND PAYABLES**

The following interfund balances remained on the balances sheet at June 30, 2022:

<u>Fund</u>	<u>Receivable</u>	<u>Payable</u>
General Fund	\$7,019.66	\$652.34
Special Revenue Fund		7,019.66
Enterprise Funds	<u>652.34</u>	<u>                    </u>
	<u>\$7,672.00</u>	<u>\$7,672.00</u>

All balances resulted from the time lag between the dates that short-term loans were disbursed and payments between funds were received.

Net Position 6/30/21 (as Restated)	<u>\$7,286,207.75</u>	<u>\$20,138.88</u>

**NOTE 21: DEFICIT FUND BALANCE**

The District has an accumulated deficit of (\$11,356,038.30) in the Capital Projects Fund as of June 30, 2022. This deficit is the result of the approval of a bond referendum on November 3, 2020 for school improvements. The bonds authorized by this referendum were not issued until July 21, 2022 at which point the District will realize the revenue from the proceeds of the financing. This deficit does not indicate that the District is facing financial difficulties and is permitted practice under generally accepted accounting principles.

**NOTE 21: SUBSEQUENT EVENTS**

The Board of Education has evaluated subsequent events occurring after the financial statement date through March 30, 2023 which is the date the financial statements were available to be issued. Based upon this evaluation, the District has determined that no subsequent events needed to be disclosed.

On July 21, 2022 the District issued \$12,994,000 in School Bonds to permanently finance the costs of various school improvements. The bonds will be repaid over 20 years and bear interest of between 3.25 and 4.00%.

NJSA 18A:7F-5d limits the amount that the district can submit for a general fund tax levy. The levy when added to other components of the district's net budget may not exceed the prebudget year net budget by more than the spending growth limitation calculated as follows: the prebudget year net budget increased by the cost of living or 2.5 percent, whichever is greater, plus any spending growth adjustments.

- (a) The district's basic tax rate is calculated from the A4F form which is submitted with the budget and the Net valuation taxable
- (b) Rates for debt service are based on each year's requirements.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the district. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

(a) For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND  
OTHER MATTERS BASED ON AN AUDIT OF BASIC FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

Honorable President and Members  
of the Board of Education  
Township of Alexandria School District  
County of Hunterdon  
Pittstown, New Jersey 08867

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States the financial statements of the governmental activities, the business-type activities and each major fund of the Township of Alexandria School District, in the County of Hunterdon, State of New Jersey (the "District") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated March 30, 2023.

***Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

# SUPLEE, CLOONEY & COMPANY

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. However, we also noted other matters that we have reported to the Alexandria Board of Education of the Alexandria School District in a separate Auditor's Management Report on Administrative Findings – Financial and Compliance dated March 30, 2023.

## ***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted immaterial instances of noncompliance that we have reported to the Board of Education of the Township of Alexandria School District in a separate Auditor's Management Report on Administrative Findings – Financial and Compliance dated March 30, 2023.

## ***Purpose of This Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR STATE FINANCIAL ASSISTANCE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY NEW JERSEY OMB CIRCULAR 15-08**

Honorable President and Members  
of the Board of Education  
Township of Alexandria School District  
County of Hunterdon  
Pittstown, New Jersey 08867

### ***Report on Compliance for Each Major State Program***

#### ***Opinion on Each Major State Program***

We have audited Township of Alexandria School District, County of Hunterdon, State of New Jersey (the "District") compliance with the types of compliance requirements identified as subject to audit in the New Jersey *OMB State Grant Compliance Supplement* that could have a direct and material effect on each of The District's major state programs for the year ended June 30, 2022. The District's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, The District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2022.

#### ***Basis for Opinion on Each Major State Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the New Jersey OMB State Grant Compliance Supplement. Our responsibilities under those standards and the New Jersey OMB State Grant Compliance Supplement are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of The District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major state program. Our audit does not provide a legal determination of The District's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to The District's state programs.

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on The District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards* and the *New Jersey OMB State Grant Compliance Supplement* will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about The District's compliance with the requirements of each major state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and *New Jersey OMB State Grant Compliance Supplement*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding The District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of The District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the *New Jersey OMB State Grant Compliance Supplement*, but not for the purpose of expressing an opinion on the effectiveness of The District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

**Report on Internal Control Over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the New Jersey *OMB State Grant Compliance Supplement*. Accordingly, this report is not suitable for any other purpose.

**Alexandria Township School District**  
**Notes to the Schedules of Expenditures of Federal Awards**  
**and State Financial Assistance**  
**Year Ended June 30, 2022**

**NOTE 1: GENERAL**

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state activity of the Board of Education, Alexandria Township School District. The Board of Education is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from the federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

**NOTE 2: BASIS OF ACCOUNTING**

The accompanying schedules of federal awards and state financial assistance are presented on the budgetary basis of accounting with the exceptions of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These basis of accounting are described in Note 1 of the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of U.S. Uniform Guidance and New Jersey OMB Circular 15-08. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. The District has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

**NOTE 3: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS**

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedule (RSI) are presented for the general fund and special revenue fund to demonstrate finance-regulated legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The General fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes, that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenue, whereas GAAP basis does not. The special revenue fund also recognizes the last state aid payment in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

**Alexandria Township School District**  
**Notes to the Schedules of Expenditures of Federal Awards**  
**and State Financial Assistance**  
**Year Ended June 30, 2022**

**NOTE 3: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (CONTINUED)**

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$13,462.00 for the general fund. See the notes to the required supplementary information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Federal awards and state financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund		\$3,956,750.50	\$3,956,750.50
Special Revenue Fund	\$322,114.68		322,114.68
Food Service Fund	<u>251,423.93</u>	<u>5,584.94</u>	<u>257,008.87</u>
 Total Awards & Financial Assistance	 <u>\$573,538.61</u>	 <u>\$3,962,335.44</u>	 <u>\$4,535,874.05</u>

**NOTE 4: RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS**

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

**NOTE 5: OTHER**

Revenues and expenditures reported in the Food Distribution Program represent current year value received and current year distributions respectively. The amount reported as TPAF pension contributions, post-retirement medical benefits, and long-term disability insurance represents the amount paid by the state on behalf of the district for the year ended June 30, 2022. TPAF Social Security contributions represent the amount reimbursed by the state for the employer's share of Social Security contributions for TPAF members for the year ended June 30, 2022.
