Honorable President and  
Members of the Board of Education  
Clinton Public School  
Clinton, NJ 08809

Dear Board Members:

The Comprehensive Annual Financial Report of the Clinton-Glen Gardner School District for the fiscal year ending June 30, 2022, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the Management of the Board of Education (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: Introductory, Financial, Statistical and Single Audit. The Introductory Section includes this transmittal letter, the District's organizational chart and a list of principal officials. The Financial Section includes the general-purpose financial schedules, as well as the auditor's report thereon. The Statistical Section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the State Treasury OMB Circular Letter 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments*. Information related to this single audit, including the auditor's report of the internal control structure and compliance with applicable laws and regulations and findings and recommendations are included in the single audit section of this report.

- 1) REPORTING ENTITY AND ITS SERVICES:** The Clinton-Glen Gardner School District is an independent reporting entity within the criteria adopted by the GASB as established by Statement No. 14. All funds and account groups of the District are included in this report. The Clinton-Glen Gardner Board of Education and one school constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels, preschool through grade eight. These include regular, as well as special education programs for disabled students. The District completed the 2021-2022 fiscal year with an enrollment of 440.0. The following depicts district enrollment variations over the past 10 years:

<u>Fiscal Year</u>	<u>Student Enrollment</u>	<u>Percent Change</u>
2012-2013	480.0	(3.2%)
2013-2014	475.4	(0.9%)
2014-2015	483.9	1.8%
2015-2016	455.8	(5.81%)
2016-2017	442.3	(2.96%)
2017-2018	443.9	0.36%
2018-2019	425.0	(4.26%)
2019-2020	438.0	3.10%
2020-2021	426.0	(2.70%)
2021-2022	440.0	3.29%

**2) INTERNAL ACCOUNT CONTROLS:** Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by Management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District Management.

As part of the District’s single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

**3) BUDGETARY CONTROLS:** In addition to internal account controls, the District maintains budgetary control. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line-item basis. Open encumbrances at year-end are either canceled or are included as re-

appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance on June 30, 2022.

**4) ACCOUNTING SYSTEM AND REPORTS:** The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Account Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in Notes to the Financial Statements, Note 1.

**5) DEBT ADMINISTRATION:** On March 11, 2014, the District successfully passed a Bond Referendum in the amount of \$2,104,000. The bonds were issued in August 2014, at an interest rate of 2.1 % payable over 10 years. The District received an AA Rating from Standard and Poor's Rating agency. The Debt from the 1994 referendum will be paid off as these new bonds come on. As a result of this timing, we are able to minimize the tax impact to the community. Projects included in the Referendum include replacement of the 1996 Roof, HVAC equipment and controls and installation of a new fire alarm system.

In June 1994, the District issued general obligation bonds in the amount of \$4,985,000 at an interest rate of 5.625%. The proceeds of this bond issue were placed in the District's debt service fund for use to provide funds for a third addition and building improvements to the District's present buildings. In 2002, the District refunded these bonds and issued \$3,335,000 in new debt at an interest rate range of 3.75-5.0% which were paid off in 2014-15. The building renovations included installation of fire doors, a sprinkler system, three new classrooms, a health suite, and a child study team office, while the addition contained four classrooms, plus computer and science rooms, a gymnasium, and a physical education office. Another building project was completed in September 2001. This project was financed from bonds totaling \$2,070,000 at an interest rate range of 4.8-4.25%, a state grant of \$1,580,000, and interest on invested principal. In January 2010, the District refunded these bonds and issued \$1,505,000 in new debt at an interest rate range of 3.0-4.0%. This project added a wing of 5 new classrooms, updated heating and air conditioning, and renovated and expanded school office areas.

**6) CASH MANAGEMENT:** The investment policy of the District is guided in large part by State statute as detailed in Notes to the Financial Statements, Notes 1 and 3. The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

**7) RISK MANAGEMENT:** The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

**8) OTHER INFORMATION:**

Elimination of Glen-Gardner Non-Operating District

On June 30, 2009, pursuant to P.L. 2007, Chapter 63, and A-4141, the State eliminated thirteen Non-Operating Districts including Glen Gardner. The Sending/Receiving Agreement between Clinton and Glen Gardner was dissolved, and the two districts were merged as one entity. A report filed on June 30, 2009, by Assistant Commissioner of Field Services Dr. Gerald Vernotica provided the details of the merger.

Independent Audit

State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of BKC, CPAs, PC, was appointed by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the State Treasury OMB Circular Letter 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments*. The auditor's report on the general-purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to single audit are included in the single audit section of this report.

Awards

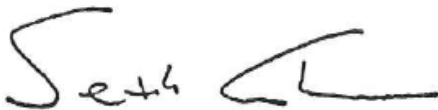

Clinton Public School has a long history of grant awards and academic achievements. The COVID 19 pandemic has allowed the District to benefit from the additional ESSER and ARP grants from the Federal government over the next 3 years. The grants will enable the District to maintain operations and ensure continuity of services that will benefit the community.

Technology

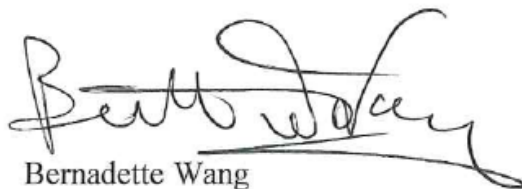

As the pandemic began in February and March of 2020 our technology readiness was challenged and tested. Without much delay we were able to pivot to virtual learning and 1:1 technology for all students. In addition, we were able to provide internet access for all in need as well.

**9) ACKNOWLEDGEMENTS:** We would like to express our appreciation to the members of the Clinton-Glen Gardner School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

Dr. Seth Cohen  
Superintendent

## Independent Auditors' Report

Honorable President and  
Members of the Board of Education  
Clinton-Glen Gardner School District  
Clinton, New Jersey

### Report on the Financial Statements

#### Opinion

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Clinton-Glen Gardner School District (the District) in the County of Hunterdon, as of and for the year ended June 30, 2022, and the related Notes to the Financial Statements, which collectively comprise the District's Basic Financial Statements as listed in the Table of Contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Budgetary Comparison Schedules, Schedules Related to Accounting and Reporting for Pensions, and Schedules Related to Accounting and Reporting for Other Postemployment Employee Benefits listed in the Table of Contents be presented to supplement the Basic Financial Statements. Such information is the responsibility of Management and, although not a part of the Basic Financial Statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the Basic Financial Statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of Management about the methods of preparing the information and comparing the information for consistency with Management's responses to our inquiries, the Basic Financial Statements, and other knowledge we obtained during our audit of the Basic Financial Statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's Basic Financial Statements. The Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* and Schedule of Expenditures of State Financial Assistance required by New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid* are also presented for purposes of additional analysis not a required part of the Basic Financial Statements.

Such information is the responsibility of Management and were derived from and relates directly to the underlying accounting and other records used to prepare the Basic Financial Statements. The information has been subjected to the auditing procedures applied in the audit of the Basic Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the Basic Financial Statements or to the Basic Financial Statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards, and Schedule of Expenditures of State Financial Assistance are fairly stated, in all material respects, in relation to the Basic Financial Statements as a whole.

### Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Introductory, Combining and Individual Non-Major Fund Financial Schedules and Statistical Sections but does not include the Basic Financial Statements and our auditor's report thereon. Our opinion on the Basic Financial Statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the Basic Financial Statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the Basic Financial Statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 28, 2023, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to solely describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**REQUIRED SUPPLEMENTARY INFORMATION - PART I**

**CLINTON-GLEN GARDNER SCHOOL DISTRICT**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2022**  
**Unaudited**

The discussion and analysis of the Clinton-Glen Gardner School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2022. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the School District's financial performance.

**Financial Highlights**

- Pursuant to P.L. 2009, c.78, signed into law on June 30, 2009, the non-operating Glen Gardner Borough School District was merged with the Town of Clinton School District effective July 1, 2009. A report was issued by the Assistant Commissioner that provided guidance on the implementation. The budgets were merged, and Surplus of \$226,510 was returned to the Borough of Glen Gardner. Final accumulated tuition adjustments were settled through an agreement to reallocate taxes of \$50,710 for 5 years to Clinton Town from the Borough of Glen Gardner utilizing the "Other" line on the Tax Certification. Equalized Values were phased to 100% over a 5-year period for the purpose of calculating the tax apportionment among the two communities. The Clinton-Glen Gardner Board of Education was reduced to 5 members, eliminating the former Glen Gardner Representative position. Elections will now be held at large between the two communities, with no guaranteed representation.

Key financial highlights for 2022 are as follows:

- In total, net position increased \$924,891 which represents a 11.63% increase from fiscal year 2021.
- General revenues accounted for \$13,343,972, or 93.33% of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for \$954,312 or 6.67% to total revenues of \$14,298,284.
- Total assets of governmental activities increased by \$1,188,867 as cash and cash equivalents increased by \$1,087,614, receivables and other assets increased by \$142,724 and capital assets decreased by \$41,471.
- The School District had \$13,373,393 in expenses; only \$954,312 of these expenses was offset by program specific charges for services, grants or contributions. General revenues (primarily property taxes) of \$13,343,972 were adequate to provide for these programs.
- The general fund had \$11,505,599 in revenues, and \$11,046,285 in expenditures and other financing. The general fund's balance increased \$459,314 over 2021.

**Using this Annual Comprehensive Financial Report (ACFR)**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Clinton-Glen Gardner School District as a financially whole operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. In the case of the Clinton-Glen Gardner School District, the general fund is by far the most significant fund.

**Reporting the School District as a Whole**

**Statement of Net Position and the Statement of Activities**

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during fiscal year 2022?" The Statement of Net Position and the Statement of Activities helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies.

This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net position and changes in position. This change in net position is important because it tells the reader that, for the School District as a whole, the financial positions of the School District have improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include the School District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School District is divided into two distinct kinds of activities:

- Governmental Activities - All of the School District's programs and services are reported here including, but not limited to, instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.

**CLINTON-GLEN GARDNER SCHOOL DISTRICT**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2022**  
**Unaudited**

- Business-Type Activities - This service is provided on a charge for goods or services basis to recover all the expenses of the goods or services provided. The food service and child care enterprise funds are reported as a business activity.

## **Reporting the School District's Most Significant Funds**

### **Fund Financial Statements**

Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's major governmental funds are the general fund, special revenue fund, capital projects fund and debt service fund.

### **Governmental Funds**

The School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs.

The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

### **Enterprise Fund**

The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

### **The School District as a Whole**

Recall that the Statement of Net Position provides the perspective of the School District as a whole.

Total assets increased by \$1,290,306. Cash and cash equivalents increased by \$1,157,813, receivables and other assets increased by \$178,727 and capital assets decreased by \$46,234. Unrestricted net position, the part of net position that can be used to finance day to day activities without constraints established by grants or legal requirements of the School District, increased by \$479,163. This is primarily due to decreases in amounts considered for the PERS pension liability.

The negative balance in unrestricted net position is the result of reporting required by GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, which allocates the proportionate share of the State's net pension liability for PERS to each contributing entity throughout the State.

**Governmental Activities**

Property taxes made up 55.68% of revenues for district-wide activities for the Clinton-Glen Gardner School District for fiscal year 2022.

Instruction comprises 61.74% of district expenses. Support services expenses make up 38.26% of district expenses.

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the district's taxpayers by each of these functions.

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Pupils and instructional related services include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration and business include expenses associated with administrative and financial supervision of the District.

Operation and maintenance of facilities activities involve keeping the school grounds, buildings and equipment in an effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law.

Interest and fiscal charges involve the transactions associated with the payment of interest and other related charges to debt of the School District.

The dependence upon tax revenue is apparent. For all activities general revenue support is 93.33%. The communities, as a whole, are the primary support for the Clinton-Glen Gardner School District.

**The School District's Funds**

These funds are accounted for using the modified accrual basis of accounting. All governmental funds (i.e., general fund, special revenue fund, capital projects and debt service fund presented in the fund-based statements) had total revenues of \$12,273,134 and expenditures of \$11,984,976.

**General Fund Budgeting Highlights**

The School District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of modified accrual and encumbrance accounting. The most significant budgeted fund is the general fund.

The School District uses program-based budgeting and the budgeting systems are designed to tightly control total program budgets but provide flexibility for program management. During the course of the fiscal year 2022, the School District amended its General Fund budget as needed for tuition revenue and expenditures of specific special education programs as allowed by law.

For the general fund, budget revenue was \$9,373,697, \$528,894 over original budgeted estimates of \$8,844,803. This difference was due primarily to additional state revenues.

Overall capital assets decreased \$46,234 from fiscal year 2021 to fiscal year 2022. Increases in capital assets of \$257,471 were offset by depreciation expenses of \$303,705.

**Long-term liabilities**

At June 30, 2022, the School District had \$2,927,297 of long-term liabilities. This amount is detailed in Table 5 below for June 30, 2022 compared to June 30, 2021.

At June 30, 2022, the legal debt limit is \$17,807,643. General obligation debt at June 30, 2022 is \$1,699,000 resulting in a legal debt margin of \$16,108,643.

**For the Future**

The 2021-2022 school year brought continued challenges directly related to the COVID-19 pandemic. We started the school year open 5 days a week with a focus on a layered approach to student and staff safety. We began with student and staff masking, social distancing, and virtual instruction as needed. We ended the year mask free and almost back to normal. The return to normalcy was not without challenges identified as needing immediate attention but also included the identification of foundational issues that will require long term focus.

It is the opinion of the Superintendent and Business Administrator that the Clinton-Glen Gardner School District is presently in good financial condition. However, future finances are not without challenges as the state continues to impose unfunded mandates on schools while simultaneously restricting the ability to fiscally manage school budgets.

The Town of Clinton and Borough of Glen Gardner are primarily residential communities, with very few ratables; thus, the tax burden is focused on homeowners.

In conclusion, the Clinton-Glen Gardner School District has committed itself to an excellent system for financial planning, budgeting and internal financial controls. The School District plans to continue its sound fiscal management to meet the challenges of the future and to continue to search for revenue opportunities to remain an independent school district.

**Contacting the School District's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional information, please contact Bernadette Wang, School Business Administrator at the Clinton-Glen Gardner Board of Education, 10 School Street, Clinton, NJ 08809 or email at [bwang@cpsnj.org](mailto:bwang@cpsnj.org).

Amounts reported for governmental activities in the Statement of Activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures.

However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expenses. This is the amount by which depreciation exceeds capital outlays in the period:

In the Statement of Activities, compensated absences and early retirement benefits are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). ## **NOTES TO THE FINANCIAL STATEMENTS**

**CLINTON-GLEN GARDNER SCHOOL DISTRICT**  
**Notes to the Financial Statements**

Note 1 - Summary of significant accounting policies

The financial statements of the Clinton-Glen Gardner School District (the District) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to local Governmental Units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the District are described below.

The basic financial statements include:

A Management's Discussion and Analysis (MD&A) providing an analysis of the Districts over-all financial position and results of operations.

Basic financial statements prepared using full-accrual accounting for all of the District's activities.

A. Reporting entity

The District is a Type II District located in the County of Hunterdon, State of New Jersey. As a Type II District, the school district functions independently through a Board of Education. The Board is comprised of nine members elected to three-year-terms. The purpose of the District is to educate students in Grades K-8. The District had an approximate enrollment at June 30, 2022 of 440 students.

The primary criterion for including activities within the District's reporting entity as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is whether:

1. The organization is legally separate (can sue or be sued in their own name).
2. The District holds the corporate powers of the organization.
3. The District appoints a voting majority of the organization's Board.
4. The District is able to impose its will on the organization.
5. The organization has the potential to impose a financial benefit/burden on the District.
6. There is a fiscal dependency by the organization on the District.

Based on the aforementioned criteria, the District has no component units.

**CLINTON-GLEN GARDNER SCHOOL DISTRICT**  
**Notes to the Financial Statements**

Note 1 - Summary of significant accounting policies (continued)

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include 1) charges to students or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function.

Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. The District has elected to treat all of its governmental funds as major funds and they are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, early retirement, arbitrage rebates, and postemployment healthcare benefits, are recorded only when payment is due.

**CLINTON-GLEN GARDNER SCHOOL DISTRICT**  
**Notes to the Financial Statements**

Note 1 - Summary of significant accounting policies (continued)

C. Measurement focus, basis of accounting, and financial statement presentation (continued)

Property taxes, tuition and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. As under New Jersey State Statute, a municipality is required to remit to its school district the entire property tax balance, in the amount voted upon or certified prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive moneys under the established payment schedule and the unpaid amount is considered to be accounts receivable. All other revenue items are considered to be measurable and available only when the District receives cash.

Amounts reported as program revenues include 1) charges to students for tuition, fees, rental, material, supplies, or services, provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all property taxes, and unrestricted state aids.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted, as they are needed.

The District reports the following major governmental funds:

*General Fund* - The general fund is the general operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment, which are classified in the capital outlay sub-fund.

As required by the New Jersey State Department of Education, the District includes budgeted capital outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to current expense by Board Resolution.

**CLINTON-GLEN GARDNER SCHOOL DISTRICT**  
**Notes to the Financial Statements**

Note 1 - Summary of significant accounting policies (continued)

C. Measurement focus, basis of accounting, and financial statement presentation (continued)

As a result of implementing GASB Statement No. 84, *Fiduciary Activities*, amounts maintained for unemployment claims and payroll withholdings for employee salary deductions are included in the general fund. Amounts maintained for unemployment claims are used to account for the portion of employee deductions for unemployment compensation required to be deposited and accumulated for future unemployment claims under the Benefit Reimbursement Method.

*Special Revenue Fund* - The District accounts for the proceeds of specific revenue sources from State and Federal Government (other than major capital projects, debt service or the enterprise funds) and local appropriations that are legally restricted to expenditures for specified purposes in the special revenue fund. As a result of implementing GASB Statement No. 84, *Fiduciary Activities*, amounts maintained for student activities and private purpose scholarships are included in the special revenue fund. The amounts are considered to be restricted and available to use for specific expenditures. Amounts maintained for student activities are derived from athletic events or other activities of pupil organizations and accumulated for payment of student group activities. Amounts maintained for private purpose scholarship accounts are utilized for scholarship awards to qualifying students.

*Capital Projects Fund* - The capital projects fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

*Debt Service Fund* - The debt service fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

**CLINTON-GLEN GARDNER SCHOOL DISTRICT**  
**Notes to the Financial Statements**

Note 1 - Summary of significant accounting policies (continued)

C. Measurement focus, basis of accounting, and financial statement presentation (continued)

Additionally, the District reports the following fund types:

Proprietary fund types

*Proprietary Fund* - The focus of proprietary fund measurement is upon determination of net income, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the District.

*Enterprise Fund* - The enterprise fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e., expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges; or, where the District has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The District's enterprise fund is comprised of the food service fund and the childcare program.

All proprietary funds are accounted for on a current financial resource's measurement focus. This means that all assets and liabilities, whether current or noncurrent, associated with their activity are included on their balance sheets. Their reported fund equity (total net position) segregated into contributed capital and unreserved retained earnings, if applicable. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in total net position.

Depreciation of all exhaustive fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Equipment	12 Years
-----------	----------

Fiduciary fund types

The district does not have funds that meet the criteria of a fiduciary fund as defined by GASB Statement No. 84, *Fiduciary Activities*.

**CLINTON-GLEN GARDNER SCHOOL DISTRICT**  
**Notes to the Financial Statements**

Note 1 - Summary of significant accounting policies (continued)

D. Budgets/budgetary control

Annual appropriated budgets are prepared in the Spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the County office and, if necessary, are voted upon at the annual school election in November. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line-item accounts within each fund. Line-item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum Chart of Accounts referenced in N.J.A.C. 6:23-16.2(f)1. All budget amendments must be approved by School Board Resolution.

Formal budgetary integration into the accounting system is employed as a Management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

E. Encumbrances

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the District has received advances are reflected in the balance sheet as unearned revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year-end.

F. Tuition receivable

Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

**CLINTON-GLEN GARDNER SCHOOL DISTRICT**  
**Notes to the Financial Statements**

Note 1 - Summary of significant accounting policies (continued)

G. Tuition payable

Tuition charges for the fiscal year 2021-2022 are based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined.

H. Short-term interfund receivable and payables

Short-term interfund receivables and payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year.

I. Inventories and prepaid items

Inventories and prepaid items, which benefit future periods, other than those recorded in the enterprise fund are recorded as expenditures during the year of purchase.

Enterprise fund inventories are valued at cost, which approximates market, using the first-in-first-out (FIFO) method. The commodities inventory value at balance sheet date is reported as unearned revenue as title does not pass to the School District until the commodities are used. Prepaid items in the enterprise fund represent payments made to vendors for services that will benefit periods beyond June 30, 2022.

J. Capital assets

Capital assets, which include land, land improvements, buildings and improvements, vehicles and furniture and equipment, are reported in the government-wide financial statements. The District defines capital assets as assets with an initial, individual cost of more than \$2,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

All reported capital assets, except for land and construction in progress, of the District are depreciated using the straight-line method over the following estimated lives:

Assets	Years
Buildings	50
Building improvements & portable classroom	50
Land improvements	20
Furniture	20
Maintenance equipment	15
Musical instruments	10
Athletic equipment	10
Audio visual equipment	10
Office equipment	5 - 10
Computer equipment	5 - 10

Note 1 - Summary of significant accounting policies (continued)

K. Compensated absences

The District accounts for compensated absences (e.g., unused vacation and sick leave) as directed by GASB Statement No. 16, *Accounting for Compensated Absences*. A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the District for the unused sick leave in accordance with the Districts' agreements with the various employee unions.

The liability for compensated absences was accrued using the vesting method, whereby the liability is calculated by vesting balances as of the balance sheet date for which a payment is probable. Salary related payments for the employer's share of Social Security and Medicare taxes are included.

For the government-wide statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, in the fund financial statements, all of the compensated absences are considered long-term and therefore are not a fund liability. This represents a reconciling item between the fund and government-wide presentations.

L. Unearned revenue

Unearned revenue in the general fund and special revenue fund represents cash, which has been received but not yet earned. See Note 1 (E) regarding the special revenue fund.

Unearned revenue in the enterprise fund includes United States government commodity inventories at year-end. The aid revenue associated with this commodity inventory is deferred until it is used in the operations of the food service fund. Prepaid lunch debit card revenue balances at year-end are also included in unearned revenue.

M. Long-term obligations

In the government-wide financial statements and in internal service fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method which approximates the effective interest method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuance are reported as other financing uses.

**CLINTON-GLEN GARDNER SCHOOL DISTRICT**  
**Notes to the Financial Statements**

Note 1 - Summary of significant accounting policies (continued)

N. Net position

Net position represents the difference between the sum of assets and deferred outflows of resources, and the sum of liabilities and deferred inflows of resources. Net position is classified into the following three components:

- Net investment in capital assets - This component represents capital assets, net of accumulated depreciation, net of outstanding balances of borrowings used for the acquisition, construction, or improvement of those assets.
- Restricted - Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by credits, grantors, or laws or regulations of their governments.
- Unrestricted - Net position is reported as unrestricted when it does not meet the criteria of the other two components of net position.

The School District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

O. Fund balances - governmental funds

In the fund financial statements, governmental funds report the following classifications of fund balance:

- Non-spendable - includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.
- Restricted - includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.
- Committed - includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to resolutions passed by the Board of Education, the District's highest level of decision-making authority. Commitments may be modified or rescinded only through resolutions approved by the Board of Education.
- Assigned - includes amounts that the District intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Under the District's policy, amounts may be assigned by the Business Administrator.

**CLINTON-GLEN GARDNER SCHOOL DISTRICT**  
**Notes to the Financial Statements**

Note 1 - Summary of significant accounting policies (continued)

O. Fund balances - governmental funds (continued)

- Unassigned - includes amounts that have not been assigned to other funds or restricted, committed or assigned to a specific purpose within the general fund. The District reports all amounts that meet the unrestricted General Fund Balance Policy described below as unassigned:

When expenditure is incurred for purposes which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When expenditure is incurred for which committed, assigned, or unassigned fund balance are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed.

P. Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Q. Allocation of indirect expenses

Certain expenses, which have not been charged to a specific function in the District's fund financial statements, have been allocated to the functions for the government-wide statements. Employee benefits, on-behalf TPAF Pension Contributions, reimbursed TPAF Social Security Contributions and compensated absences accruals have been allocated based on salaries by function. Depreciation expense which was not specifically identified by function has been allocated based on the current year expenses by function.

R. Deferred outflows/inflows of resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. Currently, the District has one item that qualifies for reporting in this category, deferred amount on pension activity. In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category, deferred amount on pension activity.

**CLINTON-GLEN GARDNER SCHOOL DISTRICT**  
**Notes to the Financial Statements**

Note 2 - Tax assessments and property taxes

Property valuations (assessments) are determined on true values as arrived at by a cost approach, market data approach and capitalization of net income where appropriate. Current assessments are the results of new assessments on a like basis with established comparable properties for newly assessed or purchased properties. This method assures equitable treatment to like property owners.

Upon the filing of certified adopted budgets by the municipality, the municipality's local school districts, and the County, the tax rate is struck by the County Board of Taxation based on the certified amounts in each of the taxing districts for collection to fund the budgets. The statutory provision for the assessment of property, levying of taxes and the collection thereof are set forth in N.J.S.A. 54:4 et. seq. Special taxing districts are permitted in New Jersey for various special services rendered to the properties located within the special districts.

Tax bills are mailed annually in June. The taxes are due August 1 and November 1 respectively, and are adjusted to reflect the current fiscal year's total tax liability. The preliminary taxes due February 1 and May 1 of the succeeding fiscal year are based upon one-half of the current year's total tax.

School taxes are guaranteed, as to amount of collection, by the municipality (the collection agency) and are transmitted to the School District in accordance with the Schedule of Tax Installments as certified by the School District's Board of Education on an annual basis.

Note 3 - Deposits, cash equivalents, and investments

Cash and cash equivalents include petty cash, change funds, cash and certificates of deposit in banks. As of June 30, 2022, the District had no investments.

New Jersey Governmental Units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey Governmental Units. In addition, other state statutes permit investments in obligations issued by local authorities and other state agencies. The State of New Jersey does not place any limit on the amount that the District may invest with any one issuer.

New Jersey School Districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey Statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey School Districts.

**CLINTON-GLEN GARDNER SCHOOL DISTRICT**  
**Notes to the Financial Statements**

Note 3 - Deposits, cash equivalents, and investments (continued)

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of Governmental Units. The statute requires that no Governmental Unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include savings and loan institutions, banks (both state and national banks) and saving banks the deposits of which are federally insured.

Custodial credit risk is the risk that, in the event of a bank failure, the District's deposits might not be recovered. The District does not have a policy for custodial credit risk. New Jersey statutes require cash be deposited only in New Jersey based banking institutions that participate in the New Jersey Governmental Unit Deposit Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 40A:5-15.1(a) that are treated as cash equivalents. Under the act, the first \$250,000 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the District in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds, employee salary withholdings, or funds that may pass to the District relative to the happening of a future condition.

As of June 30, 2022, the District's bank balances were exposed to custodial credit risk as follows:

Insured by the FDIC	\$ 250,000
Insured by GUDPA	3,847,759
Total bank balances	\$ 4,097,759

Deposits at June 30, 2022 appear in the financial statements as summarized below:

Total	<u>\$ 1,699,000</u>

The general obligation bonded debt of the District is limited by state law to 3% of the average equalized assessed values of the total taxable property in the District for the past three years. The legal debt limit at June 30, 2022 is \$17,807,643. General obligation debt at June 30, 2022 is \$1,699,000, resulting in a legal debt margin of \$16,108,643.

Note 6 - Pension plans

A. Public employees' retirement systems (PERS)

Description of systems

Substantially all of the Board's employees participate in one of the following defined benefit public employee retirement systems which have been established by state statute: The Teachers' Pension and Annuity Fund (TPAF), Public Employees' Retirement System (PERS) and the Defined Contribution Retirement Program (DCRP). The PERS and TPAF systems are sponsored and administered by the State of New Jersey. The DCRP system is administered by Prudential Financial for the Division of Pensions and Benefits. The Teachers' Pension and Annuity Fund retirement system is considered a multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the Board and the system's other related non-contributing employers.

**CLINTON-GLEN GARDNER SCHOOL DISTRICT**  
**Notes to the Financial Statements**

Note 6 - Pension plans (continued)

A. Public employees' retirement systems (PERS) (continued)

Plan description (continued)

The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PERS, please refer to the Division's annual financial statement which can be found at [www.state.nj.us/treasury/pensions/annual-reports.shtml](http://www.state.nj.us/treasury/pensions/annual-reports.shtml).

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after 10 years of service.

The following represents the membership tiers for PERS:

Tier	Member Eligibility
1	Enrolled prior to July 1, 2007
2	Enrolled on or after July 1, 2007 and prior to November 2, 2008
3	Enrolled on or after November 2, 2008 and prior to May 22, 2010
4	Enrolled on or after May 22, 2010 and prior to June 28, 2011
5	Enrolled on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, Tiers 3 and 4 before age 62 with 25 or more years of service credit and Tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective Tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective Tier.

Allocation methodology and reconciliation to financial statements

Although the Division administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense excluding that attributable to employer-paid member contributions are determined separately for each individual employer of the state and local groups of the Plan.

**CLINTON-GLEN GARDNER SCHOOL DISTRICT**  
**Notes to the Financial Statements**

Note 6 - Pension plan (continued)

A. Public employees' retirement systems (PERS) (continued)

Allocation methodology and reconciliation to financial statements (continued)

To facilitate the separate (sub) actuarial valuations, the Division maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages presented for each group in the schedule of employer and nonemployer allocations are applied to amounts presented in the schedule of pension amounts by employer and nonemployer. The allocation percentages for each group as of June 30, 2021 measurement date are based on the ratio of each employer's contributions to total employer contributions of the group for the fiscal year ended June 30, 2021 measurement date.

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, requires participating employers in PERS to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources, and collective pension expense. The employer and nonemployer allocation percentages presented in the schedule of employer and nonemployer allocations and applied to amounts presented in the schedule of pension amounts by employer and nonemployer are based on the ratio of the contributions of an individual employer to the total contributions to PERS during the measurement period July 1, 2020 through June 30, 2021. Employer and nonemployer allocation percentages have been rounded for presentation purposes; therefore, amounts presented in the schedule of pension amounts by employer and nonemployer may result in immaterial differences. Contributions from employers are recognized when due, based on statutory requirements.

Contributions

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for non-contributory group insurance benefits is based on actual claims paid. For fiscal year 2021, the State's pension contribution was less than the actuarial determined amount.

The employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, PL 2009 provided an option for employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The Actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15-years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

Contributions

The District's contractually required contribution rate for the year ended June 30, 2022 was 15.34% of the District's covered payroll. This amount was actuarially determined as the amount that, when combined with employee contributions is expected to finance the costs of benefits earned by employees during the year, including an additional amount to finance any unfunded accrued liability.

The contribution rate was 7.50% of base salary effective July 1, 2018.

Collective net pension liability and actuarial information

The District's proportionate share of the net pension liability for PERS as of the measurement date of June 30, 2021:

Net pension liability	\$	1,049,914
Proportionate share		0.008862655%
 Plan fiduciary net position as a percentage of the total pension liability		 70.33%

The total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. This actuarial valuation used the following actuarial assumptions:

<u>Inflation rate</u>		
Price		2.75%
Wage		3.25%
<u>Salary increases (based on age)</u>		
Through 2026		2.00% - 6.00%
Thereafter		3.00% - 7.00%
 Investment rate of return		 7.00%

Preretirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

Long-term expected rate of return

In accordance with state statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021 measurement date) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the Board of Trustees, and the Actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2021 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocations</u>	<u>Long-Term Expected Rate of Return</u>
U.S. equity	27.00%	8.09%
Non-U.S. developed markets equity	13.50%	8.71%

Discount rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 100% of actuarially determined contributions for the local employers. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

B. Teacher's pension and annuity fund (TPAF)

Plan description

The State of New Jersey, Teachers' Pension and Annuity Fund (TPAF) is a cost sharing multiple-employer defined benefit pension plan with a special-funding situation, by which the State of New Jersey (the State) is responsible to fund 100% of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. TPAF is administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about TPAF, please refer to Division's annual financial statements which can be found at [www.state.nj.us/treasury/pensions/annual-reports.shtml](http://www.state.nj.us/treasury/pensions/annual-reports.shtml).

The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Plan description (continued)

The following represents the membership tiers for TPAF:

Tier	Member Eligibility
1	Enrolled prior to July 1, 2007
2	Enrolled on or after July 1, 2007 and prior to November 2, 2008
3	Enrolled on or after November 2, 2008 and prior to May 22, 2010
4	Enrolled on or after May 22, 2010 and prior to June 28, 2011
5	Enrolled on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 before age 65 with 30 years or more of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Contributions

The State's pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For the State fiscal year 2021, the State's pension contribution was less than the actuarial determined amount.

Special funding situation

The employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A. 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a non-employer contributing entity. Since the local participating employers do not contribute directly to the Plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers. However, the Notes to the Financial Statements of the local participating employers must disclose the portion of the non-employer contributing entities' total proportionate share of the net pension liability that is associated with the local participating employer. In addition, each local participating employer must recognize pension expense associated with the employer as well as revenue in an amount equal to the non-employer contributing entities' total proportionate share of the collective pension expense associated with the local participating employer.

Actuarial assumptions

The total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate	
Price	2.75%
Wage	3.25%
Salary increases (based on age)	
Through 2026	1.55 - 4.55%
Thereafter	2.75 - 5.65%
Investment rate of return	7.00%

Pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

Actuarial assumptions (continued)

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2015 to June 30, 2018.

Long-term expected rate of return

In accordance with state statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021 measurement date) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the Board of Trustees, and the Actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2021 measurement date are summarized in the following table:

Asset Class	Target Allocations	Long-Term Expected Rate of Return
U.S. equity	27.00%	8.09%
Non-U.S. developed markets equity	13.50%	8.71%
Emerging markets equity	5.50%	10.96%
Private equity	13.00%	11.30%
Real assets	3.00%	7.40%
Real estate	8.00%	9.15%
High yield	2.00%	3.75%
Private credit	8.00%	7.60%
Investment grade credit	8.00%	1.68%
Cash equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	0.95%
Risk mitigation strategies	3.00%	3.35%

Discount rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 100% of the actuarially determined contributions for the State. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments after that date in determining the total pension liability.

C. Defined contribution retirement program

The Defined Contribution Retirement Program (DCRP) was established under the provisions Ch. 92, PL 2007 and expanded under the provisions of Ch. 89, PL 2008 and Ch. 1, PL 2010 to provide eligible members with a tax sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Employees eligible to enroll in the program include the following: First, employees enrolled in the Public Employees Retirement System (PERS) or Teachers Pension and Annuity Fund (TPAF) on or after July 1, 2007 who earn salary in excess of maximum compensation limits. Also, employees otherwise eligible to enroll in the TPAF and PERS who do not earn the minimum salary (\$8,400 in 2022) but who earn salary of at least \$5,000 annually are eligible to participate. The Program Administrator, Prudential Financial, makes information regarding the program available on its New Jersey Defined Contribution Program Web Site: [www.prudential.com/njdcrp](http://www.prudential.com/njdcrp).

Contribution rates for DCRP provide for employee contributions of 5.50% of annual contractual compensation as defined. The District's contribution to the DCRP for fiscal year ended 2022 was \$6,513.

D. Other pension plan information

During the fiscal year ended June 30, 2022, the State of New Jersey contributed \$343,362 to the TPAF for postretirement medical benefits, \$20,446 for non-contributory insurance premiums, \$520 for long-term disability insurance, and \$1,449,170 for normal costs and accrued liability costs on behalf of the Board. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the Board \$308,688 during the year ended June 30, 2022 for the employer's share of Social Security contributions for TPAF members calculated on their base salaries. These amounts have been included in the financial statements and the combining and individual fund and account group statements and schedules as revenues and expenditures in accordance with GASB Statement No. 68.

Note 7 - Postretirement benefits

The State Health Benefit State Retired Employees Plan (State Retired OPEB Plan) is a single employer defined benefit OPEB plan with a special funding situation. The State Retired OPEB Plan is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The State Retired OPEB Plan covers the State, State colleges and universities, the Palisades Interstate Park Commission, and the New Jersey Building Authority (referred to collectively as the employers) for which the State is legally obligated to pay for benefits. The State Retired OPEB Plan is treated as a cost-sharing multiple employer plan with a special funding situation for allocating the total OPEB liability and related OPEB amounts since each employer mentioned above is required to issue stand-alone financial statements. The State Retired OPEB Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and the covered dependents of the employees. The State also offers dental care to retirees, however, since dental benefits are completely paid for by the retirees, there is no OPEB liability for these benefits.

**CLINTON-GLEN GARDNER SCHOOL DISTRICT**  
**Notes to the Financial Statements**

Note 7 - Postretirement benefits (continued)

In accordance with N.J.S.A. 52:14-17.32, the State is required to pay the premiums or periodic charges for health benefits of State employees who retire with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Judicial Retirement System (JRS), the State Police Retirement System (SPRS), the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen's Retirement System (PFRS), and the Alternate Benefit Program (ABP). In addition, N.J.S.A. 52:14-17.26 provides that for purposes of the State Retired OPEB Plan, an employee of Rutgers, the State University of New Jersey, and New Jersey Institute of Technology shall be deemed to be an employee of the State. Further, P.L.1966, c.302, addresses the other State colleges and universities, whereas while these institutions were provided autonomy from the State, their employees retained any and all rights to health benefits within the State Retired OPEB Plan and are therefore classified as State employees.

The State Health Benefit Local Education Retired Employees Plan (Local Education Retired OPEB Plan) is a multiple employer defined benefit OPEB plan with a special funding situation. The Local Education Retired OPEB Plan is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The Local Education Retired OPEB Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and the covered dependents of local education employees. The State also offers dental care to retirees, however, since dental benefits are completely paid for by the retirees, there is no OPEB liability for these benefits.

The employer contributions for the participating local education employers are legally required to be funded by the State in accordance with N.J.S.A. 52:14-17.32f. According to this law, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: TPAF, PERS, PFRS, or ABP.

Pursuant to P.L.2011, c.78, future retirees eligible for postemployment medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

The State is legally required to pay for the OPEB benefit coverage for the participating local education employers. Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a non-employer contributing entity. The State, as a non-employer contributing entity, reported a Fiscal Year 2021 total OPEB liability of \$60,007,650,970 for this special funding situation.

Total OPEB liability

The State, a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The District's proportionate share percentage determined under Paragraphs 193 and 203 through 205 of GASB Statement No. 75 is zero percent. Accordingly, the District did not recognize any portion of the collective net OPEB liability on the Statement of Net Position. Accordingly, the following OPEB liability note information is reported at the State's level and is not specific to the District.

Under a special funding situation, the State, a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. Accordingly, the District did not recognize any portion of the collective net OPEB liability on the Statement of Net Position. Therefore, the following OPEB liability note information is reported at the State's level and is not accrued by the District.

Changes in the total OPEB liability (continued)

There were no changes of the benefit terms from June 30, 2020 to June 30, 2021.

Changes of assumptions and other inputs reflect a change in the discount rate from 2.21% as of the June 30, 2020 plan measurement date to 2.16% as of the June 30, 2021 plan measurement date.

The total non-employer OPEB liability as of June 30, 2021 was determined by an actuarial valuation as of June 30, 2020, which was rolled forward to June 30, 2021. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate		2.50%
	TPAF	PERS
	(based on years of service)	(based on years of service)
Salary increases		
Through 2026	1.55% - 4.45%	2.00% - 6.00%
Thereafter	2.75% - 5.65%	3.00% - 7.00%

Preretirement mortality rates were based on the Pub-2010 Healthy Teachers (TPAF/ABP) and General (PERS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Postretirement mortality rates were based on the Pub-2010 General classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 General classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021 for current disabled retirees. Future disabled retirees was based on the Pub-2010 Safety (PFRS), General (PERS), and Teachers (TPAF/ABP) classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of actuarial experience studies for the periods July 1, 2015 - June 30, 2018 and July 1, 2013 - June 30, 2018 for TPAF and PERS, respectively.

Health care trend assumptions

For pre-Medicare medical benefits, the trend rate is initially 5.65% and decreases to a 4.50% long-term trend rate after seven years. For post-65 medical benefits, the actual fully insured Medicare Advantage trend rates for fiscal year 2022 through 2023 are reflected. For PPO the trend is initially 5.74% in fiscal year 2024, increasing to 12.93% in fiscal year 2025 and decreases to 4.50% after 11 years. For HMO the trend is initially 6.01% in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreases to 4.5% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to a 4.50% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

Discount rate

The discount rate for June 30, 2021 was 2.16%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Sensitivity of the total OPEB liability to changes in the discount rates

The following presents the total non-employer OPEB liability as of June 30, 2021 measurement date, using the District's allocable proportionate percentage, calculated using the discount rate as disclosed above as well as what the total non-employer OPEB liability would be if it was calculated using a discount rate that is 1% point lower or 1% point higher than the current rate:

Note 7 - Postretirement benefits (continued)

OPEB expense and deferred outflows of resources and deferred inflows of resources related to OPEB

For the fiscal year ended June 30, 2021, the District recognized OPEB expense of \$1,282,116 determined by the State as the total OPEB liability for benefits provided through a defined benefit OPEB plan that is not administered through a trust that meets the criteria in Paragraph 4 of GASB Statement No. 75 and in which there is a special funding situation.

In accordance with GASB Statement No. 75, the District's proportionate share of school retirees OPEB is zero, there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources.

Note 8 - Deferred compensation

The Board offers its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The Plans, which are administered by the entities listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the Plans are not available to employees until termination, retirement, death or unforeseeable emergency. The Plan Administrators are as follows:

- Equitable Life Insurance Company
- Ameriprise Financial Services Inc.
- Lincoln Investment Planning
- Security Benefit
- Aspire

Note 9 - Interfund receivables and payables

The composition of interfund balances as of June 30, 2022 is as follows:

	Receivable	Payable
General fund	\$ 56,499	\$ 1,380
Proprietary Fund	1,380	-
Special revenue	-	56,486
Capital project fund	-	13
	\$ 57,879	\$ 57,879

The special revenue fund had an interfund payable for \$56,486 due to the general fund for a loan as a result of cash flow issues relating to the delayed receipt of grant revenues. The balance due from the capital projects fund to the general fund represents \$13 of interest income not yet transferred to the general fund. The balance due from the general fund to the proprietary fund represents \$1,380 of subsidy income not yet transferred to the proprietary fund.

Note 10 - Inventory

Inventory in the food service fund as of June 30, 2022 consisted of the following:

Food	\$	2,727
Supplies		1,306
Total	\$	4,033

Note 11 - Contingent liabilities

Amounts received, or are receivables, from grantor agencies could be subject to audit and adjusted by grantor agencies. Any disallowed claims, including amounts already collected, may result in a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the Grantor cannot be determined at this time, although the District expects such amount, if any, to be immaterial.

Note 12 - Risk management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

*Property and Liability Insurance* - The District maintains commercial insurance coverage for property, liability, and student accident and surety bonds. There was no significant reduction in insurance coverage from coverage of the prior year. The District did not have any insurance settlements which exceeded insurance coverage for the past three years. A complete Schedule of Insurance Coverage can be found in the Statistical Section of the Annual Comprehensive Financial Report.

*New Jersey Unemployment Compensation Insurance* - The District has elected to fund its NJ Unemployment Compensation Insurance under the Benefit Reimbursement Method. Under this plan, the District is required to reimburse the NJ unemployment trust fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, and interest earnings, employee contributions, reimbursements to the State for benefits paid and the ending balance available for claims of the District's unemployment compensation insurance fund:

Fiscal Year	Other	Interest Earnings	Employee Contrib.	Amount Reimbursed	Ending Balance Available for Claims
2021 - 2022	\$ -	\$ 42	\$ 9,453	\$ -	\$ 95,606
2020 - 2021	2,443	66	8,152	189	86,111
2019 - 2020	-	329	8,225	9,856	75,639

Note 13 - Reserve accounts

A capital reserve account was established by the District for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the District’s approved Long-Range Facilities Plan (LRFP) and updated annually in the Quality Single Accountability Continuum (QSAC). Upon submission of the LRFP to the Department of Education, a District may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes. A District may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to NJAC 6A:26-9.1(d)1, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

Districts are allowed as per N.J.S.A. 18A:7F-41(a) and 41(b) to deposit to the reserves by Board resolution during the month of June for any unanticipated revenue and/or unexpended line-item appropriation amounts. Pursuant to this state statute, the District deposited \$390,333 to their capital reserve account and \$95,567 to their maintenance reserve account by Board Resolution in June 2022 as summarized in the following schedule. The following schedule is a summarization of the reserve accounts for the current year:

Reserve Type	Beginning Balance	District Contrib.	Interest Earnings	Return Unused Withdrawal	Withdrawal	Ending Balance
Capital	\$ 1,409,268	\$ 390,333	\$ 634	\$ -	\$ 205	\$ 1,800,030

Note 14 - Fund balance

As described in Note 1 (O), fund balance may be restricted, committed or assigned. An analysis of the general fund balance on June 30, 2022 is as follows:

Restricted

Capital reserve account - Represents funds restricted to capital projects in the District's long-range facilities plan. \$ 1,800,030

Emergency reserve account - Represents funds accumulated to finance unanticipated general fund expenditures required for a thorough and efficient education. 110,578

Maintenance reserve account - Represents funds accumulated for the required maintenance of a facility in accordance with the EFCFA (N.J.S.A.18A:76-9). 432,788

Unemployment - Represents funds accumulated for future unemployment claims. 78,190

Committed

Year-end encumbrance - Represents fund balance committed for purchase orders that have been issued but goods or services were not received as of June 30. 299,609

Unassigned

Undesignated - Represents fund balance which has not been restricted or designated. 688,059

Total fund balance - Budgetary basis (Exhibit C-1) 3,409,254

Last state aid payments not recognized on GAAP basis (96,461)

Total fund balance - GAAP basis (Exhibit B-1) \$ 3,312,793

Note 15 - Calculation of excess surplus

In accordance with N.J.S.A. 18A:7F-7, as amended by PL 2004, Ch. 73 (S1701), the designation for Reserved Fund Balance - Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve general fund balance at the fiscal year end of June 30, if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2022 is \$0.

**CLINTON-GLEN GARDNER SCHOOL DISTRICT**  
**Notes to the Financial Statements**

- Note 16 - Recent accounting pronouncements not yet effective  
The following is of recent accounting pronouncements which are not yet effective as of the year-end date of this report.
- In June 2022, GASB issued Statement No. 101, *Compensated Absences*. This statement is effective for reporting periods beginning after December 15, 2023. The District is evaluating the effect of the pronouncement on financial reporting.
- In May 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 96, *Subscription-Based Information Technology Arrangements*. This statement is effective for reporting periods beginning after June 15, 2022. The District is evaluating the effect of the pronouncement on financial reporting.
- Note 17 - Deficit balance in unrestricted net position  
The District is reporting a deficit balance in unrestricted net position for governmental activities as of June 30, 2022 of (\$1,126,377) on Schedule A-1, Statement of Net Position. The deficit balance is the result of reporting required by GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, which allocates the proportionate share of the State's net pension liability for PERS to each contributing entity throughout the State.
- Note 18 - Risks and uncertainties  
On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (The COVID-19 outbreak) and the risks to the international community as a virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.
- The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the District's financial condition, liquidity, and future results of operations.
- Note 19 - Subsequent events  
The District has evaluated subsequent events through February 28, 2023, which is the date the financial statements were available to be issued and no additional items were noted for disclosure.

**For the Fiscal Year Ended June 30, 2022**

Explanation of Differences Between Budgetary Inflows and  
Outflows and GAAP Revenues and Expenditures

<u>Sources/Inflows of Resources</u>	<u>General Fund</u>	<u>Special Revenue Fund</u>
Actual amounts (budgetary basis) "revenues" from the budgetary comparison schedules	\$ 11,495,883	\$ 436,307
Differences - budget to GAAP		
Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures and the related revenue is recognized:		
Outstanding encumbrances - prior	-	3,489
Outstanding encumbrances - current year	-	(54,883)
The last state aid payment is recognized as revenue for budgetary purposes, and differs from GAAP which does not recognize this revenue until the subsequent year when the State recognizes the related expenses (GASB 33):		
State aid receivable prior year	106,177	-
State aid receivable current year	(96,461)	-
Total revenues (GAAP basis)	<u>\$ 11,505,599</u>	<u>\$ 384,913</u>
<u>Uses/Outflows of Resources</u>		
Actual amounts (budgetary basis) "total outflows" from the budgetary comparison schedule	\$ 11,046,080	\$ 447,166
Differences - budget to GAAP		
Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for budgetary purposes, but in the year the supplies are received for financial reporting purposes:		
Outstanding encumbrances - prior	-	3,489
Outstanding encumbrances - current year	-	(54,883)
Total expenditures (GAAP basis)	<u>\$ 11,046,080</u>	<u>\$ 395,772</u>

**CLINTON-GLEN GARDNER SCHOOL DISTRICT**  
**Notes to the Required Supplementary Information - Part III**  
**(Unaudited)**  
**June 30, 2022**

- Note 1 - Special funding situation - TPAF and other postretirement benefits  
The participating employer allocations included in the supplemental Schedule of Employer Special Funding Allocations and the supplemental Schedule of Special Funding Amounts by Employer for each local employer are provided as each local employer is required to record in their financial statements, as an expense and corresponding revenue, their proportionate share of the pension expense and other postretirement benefits (OPEB) expense allocated to the State of New Jersey (the State) under the special-funding situation and include their proportionate share of the net pension liability and OPEB liability in their respective notes to their financial statements. For this purpose, the proportionate share was developed based on actual contributions made to the Teachers' Pension and Annuity Fund and for OPEB allocated to employers based upon covered payroll and adjusted by expected State Early Retirement Incentive contributions for the respective fiscal year.
- Note 2 - Changes in assumptions - TPAF  
The discount rate was 5.40% in State fiscal year 2020 and 7.00% in State fiscal year 2021. The inflation rate was 2.75% in State fiscal year 2020 and 2.75% in State fiscal year 2021.
- Note 3 - Changes in assumptions - PERS  
The discount rate was 7.00% in State fiscal year 2020 and 7.00% in State fiscal year 2021. The inflation rate was 2.75% for State fiscal year 2020 and 2.75% for State fiscal year 2021.
- Note 4 - Changes in assumptions - other postretirement employee benefits  
The other postretirement employee benefits discount rate decreased from 2.21% in State fiscal year 2020 to 2.16% in State fiscal year 2021. The inflation rate was 2.50% for State fiscal year 2020 and 2021.
- Note 5 - Changes in healthcare trend assumptions - other postretirement employee benefits  
For pre-Medicare medical benefits, the trend rate is initially 5.65% and decreases to a 4.50% long-term trend rate after seven years. For post-65 medical benefits, the actual fully insured Medicare Advantage trend rates for fiscal year 2022 through 2023 are reflected. For PPO the trend is initially 5.74% in fiscal year 2024, increasing to 12.93% in fiscal year 2025 and decreases to 4.50% after 11 years. For HMO the trend is initially 6.01% in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreases to 4.5% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to a 4.50% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.00%.
- Note 6 - Changes in benefit term assumptions - other postretirement employee benefits  
There was a decrease in liability from June 30, 2021 to June 30, 2022 due to employers adopting Chapter 44 provisions.

## **PROPRIETARY FUNDS**

Proprietary Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the District's Board is that the costs of providing goods or services be financed through user charges.

**See Statements B-4, B-5, and B-6.**

## **FIDUCIARY FUNDS**

Fiduciary Funds are used to account for funds received by the School District as an agent for individuals, private organizations, other government and/or other funds.

(NOT APPLICABLE TO THIS REPORT)

## **LONG-TERM DEBT**

The Long-term Debt Schedules are used to reflect the outstanding principal balances of the general long-term liabilities of the School District. This includes serial bonds outstanding, obligations under leases, and early retirement program.

Note: N.J.S.A. 18A:7F-5d limits the amount that the District can submit for a general fund tax levy. The levy when added to other components of the District's net budget may not exceed the pre-budget by more than the spending growth limitation calculated as follows: the pre-budget year net budget increased by the cost of living or 2.5 percent, whichever is greater, plus any spending growth adjustments.

Sources: Assessed value data used to estimate applicable percentages provided by the county Board of Taxation. Debt outstanding data provided by each Governmental Unit.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the municipality. This process recognizes that when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and, therefore, responsible for repaying the debt of each overlapping payment.

- (a) For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the District's boundaries and dividing it by each unit's total taxable value.

GOVERNMENT AUDITING STANDARDS - PART I**

**Independent Auditors' Report on Internal Control Over Financial Reporting and  
on Compliance and Other Matters Based on an Audit of Financial Statements Performed  
in Accordance with *Government Auditing Standards***

Honorable President and  
Members of the Board of Education  
Clinton-Glen Gardner School District  
Clinton, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, and the aggregate remaining fund information of the Clinton-Glen Gardner School District (the District) in the County of Hunterdon, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated February 28, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Clinton-Glen Gardner School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow Management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditors' Report on Compliance for Each Major Program  
and on Internal Control Over Compliance Required by the  
New Jersey OMB Circular 15-08**

Honorable President and  
Members of the Board of Education  
Clinton-Glen Gardner School District  
Clinton, New Jersey

Report on Compliance for Each Major State Program

Opinion on Each Major State Program

We have audited the Clinton-Glen Gardner School District's (the District) compliance with the types of compliance requirements as subject to audit in the New Jersey State Aid/Grant Compliance Supplement that could have a direct and material effect on each of the District's major state programs for the year ended June 30, 2022. The District's major state programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2022.

Basis for Opinion on Each Major State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, and New Jersey OMB's Circulars 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major state program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's state programs.

### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the New Jersey OMB's Circulars 15-08 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey, and New Jersey OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the New Jersey OMB's Circulars 15-08, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the New Jersey OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

**CLINTON-GLEN GARDNER SCHOOL DISTRICT**  
**Notes to the Schedules of Expenditures of Federal Awards and State Financial Assistance**  
**For the Fiscal Year Ended June 30, 2022**

Note 1 - General

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance present the activity of all federal awards and state financial assistance programs of the Clinton-Glen Gardner School District. The District is defined in Note 1 (A) to the District's basic financial statements. All federal awards and state financial assistance received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies, are included on the Schedules of Expenditures of Federal Awards and State Financial Assistance.

Note 2 - Basis of accounting

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance are presented using the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Notes 1 (C) and 1 (D) to the District's basic financial statements.

Note 3 - Relationship of financial statements

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes payments are not recognized until the subsequent budget year due to the state deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$9,716 for the general fund and (\$51,394) for the special revenue fund. See Exhibit C-3 for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds.

**CLINTON-GLEN GARDNER SCHOOL DISTRICT**  
**Notes to the Schedules of Expenditures of Federal Awards and State Financial Assistance**  
**For the Fiscal Year Ended June 30, 2022**

Note 3 - Relationship of financial statements (continued)

Financial assistance revenues are reported in the District's basic financial statements on a GAAP basis as follows:

	Federal	State	Total
General fund	\$ -	\$ 3,593,411	\$ 3,593,411
Special revenue fund	340,759	-	340,759
Debt service fund	-	81,669	81,669
Food service fund	206,707	4,377	211,084
Total awards and financial assistance	<u>\$ 547,466</u>	<u>\$ 3,679,457</u>	<u>\$ 4,226,923</u>

Note 4 - Relationship to federal and state financial reports

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

Note 5 - Other

Revenues and expenditures reported under the USDA Commodities Program represent current year distributions, respectively. The amount reported as TPAF Pension Contributions represents the amount paid by the State on behalf of the District for the fiscal year ended June 30, 2022. TPAF Social Security Contribution represents the amount reimbursed by the State for the employer's share of Social Security Contributions for TPAF members for the fiscal year ended June 30, 2022.

Note 6 - Indirect costs

The District has elected not to utilize the 10% de minimis indirect cost rate.
