Board Secretary

Transmittal Letter

February 15, 2023

Honorable President and
Members of the Board of Education
and residents of Lawrence Township
2565 Princeton Pike
Lawrenceville, NJ 08648-3698

Dear Board Members and members of the public:

Please accept this submission of the Annual Comprehensive Financial Report (ACFR) for the school year ending June 30, 2022. This report is meant to be reviewed within the context of the district's mission and statutory charge. The ACFR is the financial document that is the official financial conclusion to the district's education plan for the audit year. As such, this document must be read in the context of the district's educational goals as stated and impacted by varying environmental conditions.

Of special note to the reader is that this audit was conducted during the third year of the COVID-19 world-wide pandemic. The school district provided in-person during the school year. This is notable as it impacts finances in the areas where in-person resources are consumed such as substitutes, energy, transportation, cafeteria, and social security costs and costs for technology and direct instructional costs. Also notable are the federal grants received which are reportable in the Special Revenue section of the audit.

Introduction

The Annual Comprehensive Financial Report (ACFR) summarizes the financial activity of the district as a financial reporting entity. The primary purpose of the reporting entity is to provide a full range of educational services appropriate to grade levels Pre-K through 12 including both special and regular educational programs. The budget, upon which the audit is based, is primarily driven by Board Goals, federal laws, state laws, and student enrollment as well as a myriad of other compliance requirements complementing educational mandates. The Annual Comprehensive Financial Report reflects the health of the school district's finances from the perspective of financial accounting and financial compliance, and does not reflect, or give an opinion as to the educational efficacy of any program.

Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the district. All disclosures necessary to

enable the reader to gain an understanding of the District's financial activities have been included.

The ACFR is presented in four sections: Introductory, Financial, Statistical and Single Audit. The Introductory section includes this transmittal letter, the district's organizational chart and a list of principal officials. The Financial section includes the general-purpose financial statements and schedules, The Management Discussion and Analysis (MD&A), and the auditor's report. The Statistical section includes selected financial and demographic information, generally presented on a multi-year basis.

The District is required to undergo an annual single audit in conformity with the provisions of state Treasury Circular Letter 15-08 OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments." Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

It is our hope that you will find the enclosed information helpful. While presented in four sections, this document is intended to be read as a whole. A narrative on the status of the major funds within the school district's budget is included within the Management Discussion and Analysis section of this report.

District Profile

The Board of Education is responsible for educating students located within the boundaries of Lawrence Township. Lawrence Township is located in Mercer County, New Jersey. The municipality has a population of approximately 28,000 persons. On average the school district serves a diverse population of approximately 3,800 students between the ages of 3 and 21.

Governance of the Lawrence Township Public Schools is the responsibility of The Lawrence Township Board of Education. The Board of Education is comprised of nine members who are generally elected to three-year terms. The nine-member board is statutorily charged with making prescribed decisions and ratifying recommendations of the superintendent. Boards of education derive their authority from the State of New Jersey. Within the boundary of the Township of Lawrence, The Board of Education is a co-equal government with the municipality and county.

The budget process used to manage resources is a modified zero-based budgeting approach. The contents of the budget are guided by the district's strategic plan, state requirements, and federal requirements. Each section of the budget was developed by the district leadership ranging from supervisors to the superintendent. All aspects were guided by input from students, staff, the board of education and the general public. The Lawrence Township Board of Education adopts budgets on an annual basis in accordance with state law.

The programs supported by the district's budget range from those prescribed by the State of New Jersey through its Student Learning Standards (NJSLs) for students in preschool, grades K-12 and through Transition to Adulthood to those programs and enhancements that the district offers. In addition to typical classroom programs, the district also offers services in Basic Skills, English as a Second Language, Special Education, Guidance, Child Study Team Services, Occupational Therapy, Physical Therapy, Speech, Health, Library/Technology, Counseling, Co-Curricular and Athletic programs. The Lawrence Township Board of Education augments and

complements the NJSLs through programs designed to serve local needs. The Board of Education consistently exceeds the State of New Jersey's "Adequacy" criteria by millions of dollars each year.

Budget management is a function of the district's administrative team. Authority to manage the budget is granted by the Board of Education at its Reorganization Meeting and through administrative delegation. Budget authority is also designated by state law. The superintendent and school business administrator are responsible to develop and maintain internal controls and to create a budget process and management system that leverages the best educational ideas of all educational contributors and recipients.

Internal controls over resources are developed internally and reviewed on a regular basis by the school business administrator and evaluated independently each year by the district's independent auditor. The school business administrator holds the primary responsibility regarding budget deployment and monitoring. Additionally, the Board of Education is also charged with budget oversight through monthly approvals of the Board Secretary's and Treasurer's Reports.

Local Economy and Financial Outlook

The overall economic outlook for the school district and township were strained during the pandemic. There are readily identifiable short-term threats including: feeding students, providing technology for instruction, and learning how to teach and learn using remote instruction. Long-term challenges remain. The state imposed local property cap will continue to be a challenge into the future as salary and benefit costs are projected to exceed the 2% cap. Adding to the issues in the audit year was the increase in inflation and tight job market.

Many criteria are used to measure the economic position of the community and the financial outlook. Criteria used to measure the local economy are geared towards the municipality's ability to support the educational program. The four main indicators are number of students eligible for free and reduced priced meals, the unemployment rate, and the total Net Valuation Taxable (ratable base) of the township, and for the first time in over a dozen years, inflation is impacting the district's finances.

Free and reduced priced lunch eligibility is a measure of poverty/affluence based on income and number of persons in a household. The criteria for this means-based metric is determined by the State of New Jersey. During the audit year, all lunches were served free of charge to any interested students and students therefore did not have to apply for free or reduced priced lunch. Lunches were paid for by the federal and state government. Prior to the pandemic, the percentage of students participating in free or reduced priced lunches was 25% of the school population. Updated numbers will be available in the year ending June 2023.

Another metric we use regarding financial health is the Net Valuation Taxable of property in Lawrence Township. The majority of the district's educational program is funded through property taxes. The Net Valuation Taxable represents the land value upon which the school tax burden is distributed. During the audit year, the tax base increased by \$43,336,285. This represents an increase of approximately 1%. There have been 4 consecutive years of favorable growth in the Net Valuation Taxable.

In addition to the previous financial indicators, unemployment is a significant impact on the economy. From June of 2021 to June of 2022, unemployment fell from 5.9% to 3.6% nationally.

Overall, however, the most significant financial metric for the audit year was inflation. The Consumer Price Index, year over year (June to June), increased by 9.1% according to the Bureau of Labor statistic.

The previous discussion focused on the ability of a community to support education. The demand for educational dollars; however, is driven by the types of education demanded and the cost of providing the services. Programmatically, "Regular Education" consumes the greatest amount of economic resources. In the audit year, however, and post audit year, the district has realized a trend toward increasing costs for "Special Education." Special Education costs are being driven by the types of student classifications and not the quantity of students.

Within both of the previously noted programs, the main "Object" cost drivers are direct compensation in the form of salary and benefits. Salaries are negotiated with various collective bargaining units and are expected to increase at a rate of approximately 3%. Benefits, comprised mainly of health benefits, are expected to increase between 5-12%. Salaries and benefits normally comprise 75-80% of the school district's Total Operating Budget.

The meeting point between demand for resources, and the taxpayer's ability to support the educational program is largely set equal by the statutory cap on property tax growth. This cap fixed at 2% of the district's Total Operating Account tax levy. Property taxes, with few exceptions, may not increase between school years by more than 2%. The problem presented by the supply and demand conflict is that anticipated expenditures are projected to be greater than the anticipated growth in revenue. To reconcile the conflict, the district exercises long term financial planning and practices.

Financial Planning is a perpetual exercise beginning with assessing need, budgeting for needs, managing the deployment of the budget, projecting interim budget needs, and reassessing need and progress. Once needs are identified and funded, the district is charged with deploying limited resources effectively and efficiently. This deployment is often contingent on cost savings initiatives and revenue enhancements.

Broadly, the district strives to save resources and then reinvest those resources in educational programs. Notable initiatives of the district that are basic to our strategic financial planning are those designed to reduce non-instruction costs including: Installing over 6,000 solar panels which offset electrical demand by 25% and retrofitting lighting in 2012, 2015, and 2018 through grant funding thereby decreasing expenditures. The district has also installed its own private fiber optic lines between all buildings. The fiber optic lines eliminate the need to lease individual high-speed lines for each school from the telephone company. The lines make the entire district virtually one campus. The only exceptions are the remote buildings. As required by law, as of the conclusion of the audit year, all long-term debt eligible to be refinanced has been refinanced for the purpose of reducing the cost of interest. The district also participates in more common cost savings practices.

As a matter of daily function, the district also shares resources to create efficiencies. A long-standing relationship of shared services exists with the local municipal government. The local municipality and school district assist one another to provide the residents of Lawrence Township with services that make Lawrence Township unique. The district maintains an indoor swimming pool at Lawrence High School and the municipal government staffs the facility with life guards for after school hours use by the community. The district also houses both adult and student aged, "Night Programs" and the "Summer Programs" operated by the Township's Recreation Department.

Throughout the year, the District also provides facilities to the residents of Lawrence Township for special community wide functions. The district's Facilities Department and municipality's Public Works Department (PWD) also work closely with one another throughout the school year. The two units share equipment and resources. The PWD provides the district with salt during snow storms while the district plows often assists with plowing municipal parking lots. Both organizations share grounds and maintenance tools.

The district also participates in a joint purchasing agreement with over 200 New Jersey School districts for supplies and minor construction services. The use of cooperative pricing systems has greatly increased over the years and now includes: Mercer County Cooperative Pricing System, The Educational Services Commission of New Jersey, Morris County Educational Services Cooperative Pricing System, Mercer County Special Services School District Cooperative Pricing System, Camden County Educational Services Commission, and The State of New Jersey's cooperative pricing system, "State Contract".

The district also participates in separate state-wide consortiums for the purchase of electricity, natural gas, and long-distance telephone. Locally, the district participates in transportation consortiums organized by Mercer County Coordinated Transportation Services. Transportation joint ventures are also undertaken directly between LTPS and other school districts. Joint ventures help to provide basic services while reducing costs through cost sharing. Finally, the district is always seeking areas in which to save money. In the school year ending June 2018, the district completed an energy audit via a third-party entity sponsored by the State of New Jersey. The report showed no systematic deficiencies; however, it did recommend upgrades to systems and equipment as they become obsolete.

In addition to cost savings, the district also seeks to enhance revenue. During the past audit year, the district received in excess of \$200,000 in local grants. The majority of the grants were awarded to the Board by the Lawrence Township Education Foundation. These grants were used as seed money to fund novel educational ideas. Grant ideas and applications are generated several times a year and submitted directly by staff members to the foundation.

The district consistently utilizes its Capital Reserve and Maintenance Reserve Funds as savings vehicles designed to set aside funds for building improvements and maintenance. These reserves are strategically important because they provide a tool to set funding aside for the future and thereby decrease spikes in tax collections. The funds also insulate the operational budget from the effects of emergency building needs. Instead of transferring funds away from operational budget lines and into the area of need, the Board may use its reserves and not affect the instructional program.

Over the course of the audit year, reserve funds were used to address various building needs ranging from fixing boilers, installing fences, and doors to addressing lighting problems and building office spaces.

One of the most critical aspects of financial planning is the management of fund balance (surplus). Managing fund balance requires routine monitoring of current revenue and expenditures. In addition to balancing the budget, managing surplus is necessary because it is used as a revenue source in subsequent years. Surplus also provides an opportunity to make strategic deposits into the reserve accounts. Finally, surplus is also important as a mechanism allowing for "float." When tax collections or state aid are not received in a timely manner, or when large expenditures are required in the current budget without operational revenue having been collected, the district's surplus cash can be used for short term cash needs.

Included within the Management Discussion and Analysis (MD&A) is an analysis of ending surplus. The district's internal controls require that surplus and the overall budget be reviewed once a month via an analysis of the Board Secretary's Report. The Board Secretary's Report is simply a collection of unaudited expenditures and revenues that either add to or diminish fund balance (surplus). While the interim reports are unaudited, the final report is audited. If the district realizes more revenue than expected, the additional revenue is added to surplus. Conversely, revenue shortfalls diminish surplus. Similarly, if the district over-expends its appropriations, surplus is decreased and if it underspends, surplus is increased. Surplus, also known as fund balance, is equal to retained earnings in traditional accounting.

LTPS strives to achieve its educational goals while maintaining positive retained earnings. "Excess" retained earnings (surplus) is used by the district to offset the amount of taxes requested in the following year's budget.

Finally, and most fundamentally, decisions made by the district that require resources are analyzed on the ability of the district to sustain the funded service. Staffing considerations are made with respect to enrollment changes and program changes. These decisions are also made through the lens of educational opportunity; doing things better or more efficiently, and discontinuing obsolescent or less effective practices.

Relevant Financial Policies

Policy, code, and statute appoint the school business administrator of the district responsible for establishing and maintaining an internal control structure designed to ensure that assets of the district are protected from loss, theft or misuse, and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the district management.

As part of the district's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the district has complied with applicable laws and regulations.

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual budget. Annual appropriated budgets are adopted for the General Fund, the Special Revenue Fund, and the Debt Service Fund. Each fund has its own separately balanced budget. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section

In accordance with statute, code, and policy, a double entry encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either cancelled or are included as reappropriations of fund balance

in the subsequent year. Those amounts to be reappropriated are reported as reservations in the fund balance at June 30.

Accounting Systems & Reports:

The district accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The district presents financial records in a Fund Accounting format and uses a Double Entry accounting system. Each district fund has its budget and is presented separately on discrete financial reports. The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements," Note 1.

Cash Management:

The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements," Note 2. The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act. Investment income is accrued monthly and presented in "month-end" format on the district's Board Secretary's Reports.

Risk Management:

Risk management encompasses both insurance decisions as well as loss prevention associated with non-insurance events. As cyber intrusions become more commonplace globally and security threats become more commonplace, the district has expanded its risk management thinking to include building projects, emergency response plans, data transmission and security, and a host of other formerly less conventional topics. Part of the district's referendum, discussed under "Initiatives" addresses these issues.

To prevent loss, the district practices a review of internal controls on a regular basis. The district also reviews its emergency plans and practices drills regularly. In addition to monthly fire drills, each school in the district also has one security drill per month.

The Board carries various forms of insurance, including but not limited to, general liability; automobile liability and comprehensive/collision; hazard and theft insurance on property and contents; worker's compensation and fidelity bonds. The Insurance schedule for the fiscal year is prepared by Arthur J. Gallagher & Co., Mt. Laurel, NJ. The insurance schedule for the reportable year is listed in the Statistical Section of the ACFR.

Independent Audit:

State statutes require that an annual audit be conducted by independent certified public accountants or registered municipal accountants. The accounting firm of Robert A. Hulsart and Company was selected by the Board of Education. In addition to meeting the requirements set forth in state statutes, the audit was also designed to meet the requirements of the Single Audit Act of 1984 and other related OMB Circular A-133 and state Treasury Circular Letter 04-04 OMB. The auditor's report on the general-purpose financial statements that combines individual fund

statements and schedules is included in the Financial Section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

Major Initiatives

In addition to mandated functions, the district also focuses on yearly initiatives. For the audit year, with respect to each subject the district focused on the following:

The major initiatives this year were continuity of operations and addressing equitable educational experiences for all students, mental health for students, and completing components of our building maintenance initiatives. With respect to equity, the district continued its mission to create a climate of "belonging" for the purpose of student fostering student engagement. As a byproduct of the pandemic, many students, locally and nationally, have needed mental health services. The district has invested in providing mental health counseling at its three largest schools for grades 4-12. Finally, during the audit year we continued with our capital maintenance plans by installing emergency notification systems in half of the district. This initiative will be completed in the following year.

Projected enrollment:

The Average Daily Enrollment for Lawrence Township has been declining and is expected to continue to decline. In 2022, resident enrollment was 3,633, a decrease of 23 students from the previous year. According to the enrollment projections within the district's Long-Range Facilities Plan, by the 2023/2024 school year, enrollments are projected to decline to as low as 3,374.

Please note that enrollment projections are influenced by many factors. While the number of students is currently in decline, the overall needs of students, educationally, has shifted in the last two years as special education is becoming more dynamic and is therefore demanding more resources. Enrollment, in addition to influencing the need for overall resources, also affects building capacity.

Year	ADE
2015	3,982
2016	3,918
2017	3,893
2018	3,836
2019	3,762
2020	3,797
2021	3,656
2022	3,633

Buildings:

Educational services take place within the district's seven schools ranging in ages from their original construction in the early 1900's through their renovated conditions as recent as 2022. Each building is comprised of many additions which are each separate structures joined to the original structure.

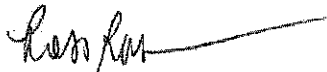

The district is configured into four elementary schools housing students grades PK-3, one intermediate school with grades 4-6, a middle school serving grades 7-8, and a high school

servicing students in grades 9-12 and through Transition to Adulthood, one administration building and one warehouse/facilities department building. The buildings are currently undergoing renovations funded through a \$25,000,000 bond sale. More on current renovations financed through bonded projects may be found under "Initiatives." Building details may be found in the Statistical Section of the ACFR.

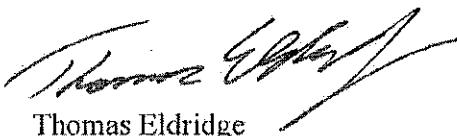

In addition to capital improvements, the district is also required to maintain its buildings. Building maintenance is measured in the ACFR in the form of a type of expenditure named "Required Maintenance." "Required maintenance" means, those maintenance activities necessary to keep the building open and safe, in its original condition, and preserve the warranty of the systems. NJAC 6A:26 requires that to be eligible for state aid, the school district must spend at least 2% of the replacement cost of each building in the form of "Required Maintenance" over the course of 10 years. The Lawrence Township Public Schools spends significantly more than 2% of each building's replacement cost. A ten-year history of Required Maintenance Expenditures may be found in the Statistical Section of the ACFR. The district consistently spends in magnitudes several times greater than required to meet the minimum required maintenance expenditure.

For more information on district practices, programs, and services, please contact Thomas Eldridge, School Business Administrator, at Teldridge@ltps.org.

INDEPENDENT AUDITOR'S REPORT

Honorable President and Members
of the Board of Education
Lawrence Township Board of Education
County of Mercer
Lawrence Township, New Jersey

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the government activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Lawrence Township Board of Education, as of and for the year ended June 30, 2022, and the related Notes to the Financial Statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Lawrence Township Board of Education, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section in our report. We are required to be independent of the Lawrence Township Board of Education, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error; a fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States require that the management's discussion and analysis, budgetary comparison information and pension and post-employment benefit trend information as noted in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Lawrence Township Board of Education's basic financial statements. The combining and individual non-major fund financial statements, and the schedule of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*; and New Jersey OMB's Circulars 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements, and the schedule of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

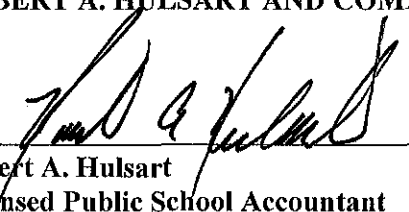

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists; we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with ***Government Auditing Standards***, we have also issued our report dated February 15, 2023, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with ***Government Auditing Standards*** the District's internal control over financial reporting and compliance.

Respectfully submitted,

ROBERT A. HULSART AND COMPANY

Robert A. Hulsart

REQUIRED SUPPLEMENTARY INFORMATION
PART I

LAWRENCE TOWNSHIP PUBLIC SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

MD & A Format and Purpose:

The Management's Discussion and Analysis Report of Lawrence Township Public School District's financial performance provides a review of the school district's financial activities for the fiscal year ended June 30, 2022. The intent of this discussion and analysis is to review and explain the school district's financial performance for the major fund categories. The MD&A should be read in conjunction with the Comprehensive Annual Financial Report (the audit/CAFR). For information about the deployment of resources relative to the instructional program, the reader is referred to the district's official budget and related information available in the Board Secretary's office located at the Administration Building, 2565 Princeton Pike, Lawrenceville, NJ 08648, or at the district's website at www.ltps.org.

Governmental Funds

The school district's activities are reported in categories known as Governmental Funds. Governmental Fund reports focus on the flow of money into and out of these funds and the remaining balances left at year-end available for use in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The school district meets its obligation to provide a thorough and efficient public education through funding accounted for in its governmental funds. The majority of all governmental funds expended by the Lawrence Township Board of Education are raised through tax levy (*Ad Valorem taxes*). The categories of Governmental Funds change over time depending on need. The basic funds contained in most budget years are the: General Fund, Special Revenue Fund, Capital Projects Fund, and Debt Service Fund.

The Governmental Fund statements provide a detailed, short-term, view of the School District's general operations and basic services. Included in the Comprehensive Annual Financial Report are the Governmental Fund Statements of Revenues, Expenditures, and Changes in Fund Balances which include information to assist in comparing budgeted to actual expenditures.

Enterprise Funds

The Enterprise Fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same. Enterprise funds, however, are subject to greater volatility due to uncertain revenue streams. Enterprise funds at their most basic are funds that are operated on a fee for service basis. An example this type of fund is the Cafeteria Fund.

Schedules Contained in the Comprehensive Annual Financial Report

The Financial Statements presented in this Comprehensive Annual Financial Report are end of year, closing statements, and are distinguished from the monthly Board Secretary's and Treasurer's Reports. The most significant distinctions are that the Board Secretary's/Treasurer's Reports are: "interim" reports, used for ongoing monitoring and internal controls, and more closely align to cash accounting than do the final reports presented in this report. Another significant and material difference between the interim reports on file in the Board Secretary's Office and this report is that the schedules found in this report have been materially modified to reflect accruals of a non-cash basis such as: payments made by the State of New Jersey to the Teacher's Pension and Annuity fund and payments made by the State of New Jersey to the Federal Government for social security. Both of these payments are not made by the school district but must be shown in the audit schedules as expenditures.

A. A brief discussion of basic financial statements:

Statement A-1 Statement of Net Position (A consolidated balance sheet statement, See Notes 1, 3 & 4)

The Statement of Net Position is the consolidated balance sheet of the board of education. The "Net" description refers to the collapsing of all Governmental Fund Groups (General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund), along with Enterprise Funds (Cafeteria Fund, Driver's Education Fund) into one consolidated total statement. The statement is divided into two "activities": Governmental Activities and Business Activities. Within each activity current and long-term assets are listed and followed by a listing of short- and long-term liabilities. The difference between the assets and liabilities is the "Net Position."

The Net Position is influenced by short term and long-term assets and liabilities. The most notable item on this exhibit is the long-term liabilities item entitled "Due beyond One Year." This section includes total debt associated with bonds, sick leave payment, and pensions. It is very important to note that this statement contains transactions that occur at the state level and are not represented on district Board Secretary's Reports and may not be the actual liability to the school district. For example, the district is not responsible for long term teacher pension costs however listed under the section "Non-current Liabilities."

Statement A-2 Statement of Activities (A consolidated statement, See Notes 1, 3 & 4)

The Statement of Activities is the consolidated activities report (Similar to an income statement) of the board of education. The "Net" description refers to the collapsing of all Governmental Fund Groups (General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund), along with Enterprise Funds (Cafeteria Fund, Driver's Education Fund) into one consolidated total statement. The first section is a list of all expenditures followed by the second section listing all Revenues. The intent of the exhibit is to match expenses to revenues by program; however, this is not possible due to the fact that the majority of revenue collected by the district is not restricted to a certain program. The change in "Net Position" is the difference between the expenditures and revenues combined with changes in the district's net assets. This schedule is similar to an income statement.

The Net Position is influenced by changes in total actual revenues and total actual expenditures. The purpose of this statement is to identify the net result of the audit year's expenditures and revenues, combine the result with changes in fixed assets, and then add this to the beginning net position to arrive at a new "Net Position."

Statement B-1 Balance Sheet (A consolidated statement, See Notes 1, 3, 4, & 11)

The Balance Sheet in "Exhibit B-1" provides a listing of all assets and liabilities within the "Governmental Fund" types separated by fund type. The first section of the exhibit lists current assets by fund. The second section lists current liabilities by fund. The difference between current assets and current liabilities is Fund Balance. Fund balance is analogous to "retained earnings." In most cases a material portion of fund balance is "restricted" and assigned for use in the following year. For a listing of restrictions please refer to Note 11.

The end of this statement addresses Long Term Assets and Liabilities and adds these to the current assets and liabilities in the top section to arrive at the Net Position.

There were no significant changes or reasons for notes in the balance sheet for the audit year.

Statement B-2 Statement of Revenues, Expenditures and Changes in Fund Balances (A consolidated statement, See Notes 1, 3, 4, & 11)

The Statement of Revenues, Expenditures and Changes in Fund Balances in "Exhibit B-2" is similar to an income statement. The first section is a list of all revenue by source, by fund followed by the second section listing all expenditures by category by fund. The change in "Net Position" is the difference between the expenditures and revenues. The difference between revenues and expenditures is Fund Balance.

Statements B-3 through B-7

Whereas Statements B-1 and B-2 (concerning governmental funds) were the detailed (unconsolidated) versions of A-1 and A-2, B-3 through B-7 are the detailed (unconsolidated) versions of A-1 and A-2 regarding Proprietary (business) funds. Schedules B-2 through B-7 include enterprise funds (example: Food Service) and trust/agency funds (example: payroll withholdings and unemployment reserve).

Statements C-1 and C-2 Budgetary Comparison Schedule-General Fund(C-1), Special Revenue Fund (C-2)

The most financially informative schedules in the CAFR are the Budgetary Comparison Schedules Exhibit C-1 and C-2. These schedules are aligned in form and presentation with the district's official budget and the district's official interim (monthly) financial reports (Board Secretary's Report). The exhibits illustrate the changes and ending balances in the General Fund and Special Revenue Fund respectively.

The "C" exhibits list expenditure by program and function type. For example, unlike Exhibits A and B, Exhibit C reports expenditure by the separate educational purposes, such as Regular Education, Special Education, Administration, Athletics, and Maintenance. By reporting expenditures according to program or function, the reason for the expenditure is made clearer. Similarly, revenues are attributed to their source so that the reader may understand the various funding sources and the proportion of funding received from each source.

Another purpose of Exhibits C-1 & C-2 is to provide the reader with comparative numbers concerning budgeted appropriations and expenditures and actual appropriations and expenditures. Similarly, the exhibits also show comparative budgeted and actual revenue figures. The significance of favorable expenditure and revenue performance results in additional fund balance. Unfavorable expenditure and revenue figures result in diminished fund balance.

Finally, the reader should refer to "Note 11" when analyzing the last section of the "C" schedules concerning Fund Balance.

B. Condensed financial information:

Condensed Financial information derived from district-wide financial Statements

The most significant district-wide, and perpetual, financial statements prepared by the school district are the Board Secretary's Reports. These reports are developed in a State of New Jersey prescribed format and presented to the Board of Education on a monthly basis for their approval. Four Board Secretary's Reports are approved each month, one for each of the following funds (or Budgets): General Operating Fund, Special Revenue Fund, Capital Projects Fund, and Repayment of Debt Fund. Each Board Secretary's Report for each of the above funds contains the following sections: Balance Sheet, Revenue Schedule, and Appropriations Schedule. The reports are designed to provide operating information and do not include long-term asset values such as property and equipment nor do the reports contain long term liabilities beyond the current year for items such as bonded debt or pension costs; all of these items are included in the audit.

The prescribed Board Secretary's Reports are also more informative than the formal audit to the average reader. The formal audit contains adjustments that are required to be made by the state of New Jersey. These can overstate or understate revenue and overstate or understate liabilities giving a less than adequate level of information needed to confidently assess the school district's performance and overall financial position.

Fund Balance June 30		\$ 14,956,777	\$ 238,102	\$ 7,069,765	\$ 119,750	\$ 22,384,394	\$ 22,364,593

C. Analysis of the District's Financial Position.

Financial Position

The Lawrence Township Board of Education separates its comprehensive budget into fund groupings. Major fund groupings are separated into discrete fund types. Each fund has its own budget and separate balance sheet. **This analysis focuses on the district's General Fund also known as the Operating Budget.** The other funds within the total budget are the Special Revenue Fund, Capital Projects Fund, and Debt Service Fund. Each of these funds, the Student Activities Fund, the Food Service Fund, Payroll Account, and the Payroll Agency Account are audited. The specific focus of this overview is on the district's Fund Balance. Fund Balance for governmental entities is analogous to the Equity section of a corporate balance sheet.

The variances in the Revenues and Expenditures sections of the CAFR are combined at year end closing into the district's fund balance (surplus) to determine the new level of fund balance. The district strives to maintain a surplus that protects cash flow, maintains tax rate stability, and provides adequate funds in the case of emergencies.

Surplus /Fund balance is used to protect cash flow in times when revenue collections are untimely. Untimely revenue collections can occur due to late tax payments or late state aid payments. In times of late revenue payments to the district, the district uses its surplus on a temporary basis to pay obligations until it receives its current revenue.

The district's undesignated surplus approximates one of the district's 24 annual payroll obligations. For example, a typical payroll in the audit year amounted to \$1,900,000. At the conclusion of the school year, the district's Undesignated/Unreserved Surplus was \$4,882,468. Excess surplus to be used for subsequent year's tax relief was \$865,648.

In summary, the ending surplus within the audit year allowed for investments in the physical plant through deposits into reserve accounts. The surplus was also used to offset tax levy in the future budget. Furthermore, the undesignated, unreserved, surplus remains at a level sufficient to offset negative cash flow associated with delayed tax collections and delayed state aid payments.

D. Analysis of Balances and Transactions of Individual Funds.

Below is a condensed five-year history of actual expenditures by Program within the General Operating Budget. The General Operating Budget represents the operating expenditures of the district. The below schedule is presented in the budgetary format and is condensed to make the information more meaningful to the reader. The two other significant funds are the Special Revenue Fund and the Debt Service Fund. The below analysis focuses on the General Fund and corresponds to Schedule C of the audit. Debt Service Administration is addressed in a separate section of the MD&A. As noted in Section C of this discussion the district completed the year with favorable balances in both the Revenue and Appropriations sides of the ledger. Section C discussed Budgeted to Actual with respect to overall appropriation variances. The illustration below shows a Historical expenditure trend and variance between audit and pre-audit years.

The favorable balances above were not derived via material variances in any single budget line item. It is therefore more advantageous to review the trends over time as follows:

PROGRAM PURCHASED CONDENSED SUMMARY	ACTUAL 17/18	ACTUAL 18/19	ACTUAL 19/20	ACTUAL 20/21	ACTUAL 21/22	VARIANCE DOLLAR	CHANGE PERCENT
Regular Education	26,616,143	26,462,187	26,825,422	26,679,308	28,166,076	1,486,768	6%
Special Education	13,635,016	14,368,787	14,954,675	15,126,081	15,313,085	187,004	1%
Health/Media/Attendance	1,994,492	2,089,085	2,076,622	1,982,683	2,111,206	128,523	6%
Admin., Tech., Legal, Ins.	4,339,299	4,560,250	4,806,120	4,869,580	5,128,138	258,558	5%
Security, Maint., Utilities	6,942,110	7,334,261	7,115,018	6,943,676	7,390,927	447,251	6%

Transportation	3,698,806	3,933,797	3,403,113	3,227,028	4,461,922	1,234,894	38%
Capital	996,309	1,032,673	331,749	1,248,304	558,957	(689,347)	-55%
TOTAL PROGRAMS	\$ 69,401,719	\$ 70,990,792	\$ 72,545,117	\$ 72,928,050	\$ 75,733,735	\$ 2,805,685	4%

NOTE: The reader may reconcile the district records (Expenditure table above) to Schedule C of the audit.

Regular Instruction, typically driven by salaries, increased by 6% in the audit year, the increase was significantly influenced by the cost of substitute teachers and substitute classroom assistants. This change may be found by analyzing the "C Schedules".

Special Education and Out of District Tuition (Also a form of Special Education) decreased slightly. The increase in special education costs were primarily due to staffing costs. This category also includes direct instruction as well as support services such as 1:1 student assistants, child study team services, occupational therapy, physical therapy, speech, nursing services (IEP driven). Not included are employee health benefits and transportation cost.

Health/Media and Attendance is primarily driven by salaries. Health services costs and Attendance services costs showed slight decreases during the pandemic. The primary cost driver in this area for the audit year were health services provided to students. Health "services" are typically services provided by third party nursing agencies.

Administration includes General Administration, School Administration, Central Services (Business and Personnel), and District-wide Technology. The variance for these areas combined, year over year, was 5%. Within this area there was a one-time cost of \$50,000 for strategic planning. This change is detailed in Schedule C of the audit. Direct compensation accounted for the majority of the year over year increases. Also notable were increases in legal and insurance costs.

Grounds Care/Maintenance/Security has a 6% change in expenditure year over year. This increase is primarily due to energy costs. Please see "Required Maintenance" in Schedule C of the audit.

Employee Benefits expenditures representing health insurance, social security, pension costs, sick leave payout, workers compensation, and other miscellaneous costs had a decrease of 2%. This decrease was directly attributable to decreases in the premium for medical benefits.

Transportation had an increase of 38%. This change is the combined result of a low comparative base year (Pandemic Year) coupled with having to rebid all routes for the audit year. The district, like many districts is experiencing significant cost increases due to cost increases for drivers and fuel; the two cost drivers of the transportation industry.

Capital Outlay represents non-recurring expenditures and the reader should not evaluate this item for trends. These expenditures are primarily funded through withdrawals from the district's Capital Reserve account and therefore do not impact tax levy or the budget cap.

CONDENSED REVENUES:

Below is a comparison of revenue between the audit year and pre-audit year. The focus of the comparison is on the General Operating Account (General Fund). The General Fund supports the majority of district initiatives and the revenue contained within supports the General Operating Budget. The other significant funds, not analyzed below, but

contained in the CAFR, are the Special Revenue Fund and Debt Service Fund. Details for these funds can be found within the CAFR in the audit section. It is very important to focus attention on the General Fund and particularly on how the revenue is presented below. The revenue schedule below is an actual revenue schedule available for spending and not modified for accounting purposes. The purpose of the presentation is to represent revenue for the purpose of the typical reader.

GENERAL OPERATING ACCOUNT REVENUE ANALYSIS	ACTUAL 17/18	ACTUAL 18/19	ACTUAL 19/20	ACTUAL 20/21	ACTUAL 21/22	VARIANCE DOLLARS	PERCENT CHANGE
Local Revenue in General Fund:

SEMI	33,656	34,467	30,335	24,029	53,349	\$ - 29,320	122%
State and Federal Revenue	\$ 4,120,286	\$ 4,649,667	\$ 4,938,975	\$ 5,617,728	\$ 6,135,638	\$ 517,910	9%
TOTAL GENERAL OPERATING REVENUE	\$ 69,525,450	\$ 72,083,996	\$ 74,043,352	\$ 75,705,029	\$ 77,809,015	\$ 2,103,986	3%

Local Revenue in the General Operating Account is primarily made up of tax levy. Tax levy is the major funding source within the General Operating Account. Tax levy receipts increased by \$1,586,076 representing a 2% increase. The other local revenues include interest, prior year refunds, and tuition.

State and Federal Revenue in the General Operating Account is primarily made up of state aid. Due to changes in the funding formula and distribution of state aid, Lawrence Township Public Schools is experiencing an increase in aid. Overall, the district received an additional \$488,590 in the audit year. \$630,445 of this aid, was received in the form of Special Education Aid. \$-222,996 was Extraordinary Aid, \$103,090 in SDA Maintenance Aid, and \$-21,949 in Supplemental Transportation Aid was received after the year was completed and was not available for budget purposes in the audit year. The reader should note that the State of New Jersey changed aid categories during the audit year.

The additional aid was used to close the gap that existed between the district's budgeted expenditures and the restrictions on tax levy growth. Tax levy, representing 92% of the district's funding source, is capped at 2% growth (subject to adjustments). Salaries and benefits, representing approximately 80% of the budgeted expenditures are increasing in excess of the tax levy cap.

NOTE: Please note that the State of New Jersey changed the funding formula thereby making some forms of aid obsolete. These categories show no revenue.

E. Analysis of significant variations within the General Fund

This analysis references schedule C-1 of the audit section of the CAFR. Specific attention is paid to the ending balances in the General Fund revenue and appropriations schedules.

Audit Schedule C-1 compares Original Budgeted Revenue to Final Budgeted Revenue compared with Actual Revenue. The Budget to Actual variance was a positive due to additional unexpected Extraordinary Aid and

Transportation Aid. The Final Budget to Actual variance is primarily the result of non-cash transactions expended by the State of New Jersey but recorded on the district's financial statement. These types of transactions include the Teacher's Pension and Annuity Fund and Social Security for TPAF participants.

Detailed variances for both Revenue and Expenditures are discussed in Section D.

F. Capital Asset and Debt Administration

The district has a separate fund (budget) entitled Repayment of Debt for the purpose of tracking long term debt liabilities. On June 30, 2022, the School District had \$30,212,000 in outstanding. The following issues remain open until their respective maturity dates:

Referendum	Balance Remaining	Maturity
Technology Paid off (retired)	Paid off (retired)	2013
Early Retirement	Paid off (retired)	2016
Windows, Roofs, Asbestos	Paid off (retired)	2017
Alterations and Additions	\$2,367,000.00	2023 (Debt has been refinanced)
Photovoltaic Installation	\$4,740,000.00*	2028 (Debt has been refinanced)
HVAC/Safety/Elevator	\$23,105,000.00*	2034

* The district receives Debt Service Aid on these projects in the amount of 40% of the principal and interest.

Note: Readers are referred to the Financial Notes and Introduction Letter for more detail.

H. A description of currently known facts that effect financial position

Grants and Cooperative Relationships-

In addition to the financial concerns of the district, the district also endeavors to cooperate with partners for the sharing of expertise in all areas of education. Lawrence Township Public Schools has partnerships with Rider University, The College of New Jersey, Educational Testing Services, Carolina Biological, All Mercer County School Districts, DuPont, Clemson University, Princeton University, Bristol Meyers Squibb, Eggerts Crossing Village, and the Lawrence Neighborhood Service Center.

Coupled with the endeavors undertaken with the partners listed, are the variety of grants issued to the school district by the Lawrence Township Education Foundation. Annually the Lawrence Township Education Foundation provides seed money for special projects. Annually the district receives in excess of \$100,000.00 from the foundation. The foundation continues to contribute to the effectiveness of our district by funding opportunities for our teachers to explore instructional and affective skills projects for the benefit of Lawrence Township Public Schools and the community of Lawrence Township.

Business-Type Activities: Enterprise Funds

The Lawrence Township Public Schools aggressively pursues the use of Enterprise Funds to offset increasing reliance on local taxes to underwrite district programs. Enterprise funds are business ventures conducted by the school district. Each enterprise is a fee-based program/service provided by the district. The intent of each program is to provide a service for a given fee. Each enterprise undertaken provides a primary service to the customer and supports the district's mission. As such, the district channels all profits from enterprise funds back into each specific program in a manner which will benefit the program and the schools as a whole. Enterprise funds may not report a material profit. Given this constraint to "breakeven", the school district makes the reinvestment of anticipated profit at year end thereby showing little profit or net assets for the reportable period ending June 30.

The reader of this schedule is encouraged to read more deeply into the Board Secretary's Reports, specifically the Budget Reports with Purchase Order detail, to appreciate the full measure of service these enterprises provide.

As reported in Exhibit B-5, the District's business-type activities were comprised of charges for services and federal and state reimbursements. Revenue of Business Type activities directly offsets the need to raise property taxes. The reader of this section of the audit (Exhibit B-5) should be careful to note that while the audit contains a line for "Operating Income (Loss)", it does not contain a line for "Budgeted Fund Balance" which, in all cases for Lawrence Township Public Schools, offsets any loss.

The most reliable method of reading Exhibit B is to focus on the bottom line, Net Position.

Source: Audit Exhibit B-5

Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services.

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration and business include expenses associated with administrative and financial supervision of the District. This figure includes secretarial staff.

Operation and maintenance of facilities activities involve keeping the school grounds, buildings and equipment in an effective working condition.

Curriculum and staff development include expenses related to planning, research, development and evaluation of support services, as well as the reporting of this information internally and to the public.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law.

Extracurricular activities include expenses related to student activities provided by the School District which are designed to provide opportunities for students to participate in school events, public events, or a combination of these for the purposes of motivation, enjoyment and skill improvement.

Interest and fiscal charges involve the transactions associated with the payment of interest and other related charges to debt of the School District.

Other includes unallocated depreciation and amortization.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report, or need additional information, please contact Thomas Eldridge, Business Administrator, 2565 Princeton Pike, Lawrenceville, NJ 08648 or via email to TEldridge@ltps.org. Telephone calls are welcome at 609-671-5420.

Notes to Financial Statements

The Notes to Financial Statements section of the CAFR provides critical information necessary to understand the entire report. The notes explain the board of education's fund structure, controls on expenditures, form of accounting, and definitions of terms found with the report.

The Notes to Financial Statements also provide detailed information concerning key figures within the audit, for example, to learn more about outstanding debt, the reader may refer to Note 3. To learn more about Fund Balance, the reader should refer to Note 10 and Note 11.

The Notes to Financial Statements also provide the reader with explanations of how assets and liabilities are calculated, for example, the reader should refer to Note 4 to understand the how pension liabilities are reported.

It is crucial that the reader of these audit documents refer to the interim financial reports presented in the form of the Board Secretary's Report which can be found online at www.ltps.org.

Statistical Section

The Statistical Section of the Comprehensive Annual Financial Report is dedicated to providing the reader with contextual information necessary to interpret the Financial and Notes sections. The Statistical Section's format and contents are prescribed. The data contained in the Statistical Section is unaudited. The sources of the information for each "schedule" in the Statistical Section is noted on the respective schedule.

Financial Trends: These schedules show changes in net position from the perspective of balance sheets and budgetary activities. Users of these data are cautioned to read Exhibits B and C as compliments to the J Schedules. The "basis" of accounting used within these schedules and exhibits requires inclusion of some items that are never transacted during the course of business such as the State of New Jersey's share of Social Security and Pension Costs.

J-1 Net Assets by Component

J-2 Changes in Net Assets

J-3 Fund Balances-Governmental Funds

J-4 Changes in Fund Balances-Governmental Funds

J-5 General Fund Other Local Revenue by Source

Revenue Capacity: These schedules analyze the district's largest source of revenue, property taxes. The schedules identify the base of taxable property upon which levies are made. The schedules also identify the entities that levy taxes and how the levies, and ratable base, have changed over time.

J-6 Assessed Value and Estimated Actual Value of Taxable Property

J-7 Direct and Overlapping Property Tax Rates

J-8 Principal Property Taxpayers

J-9 Property Tax Levies and Collections

Debt Capacity: These schedules provide a ten-year history of long-term debt balances (principal), the district's ability to issue debt, and the history of other taxing entities that issue debt within Lawrence Township.

J-10 Ratios of Outstanding Debt by Type

J-11 Ratios of General Bonded Debt Outstanding

J-12 Direct and Overlapping Governmental Activities Debt

J-13 Legal Debt Margin Information

Demographic and Economic Information: These schedules provide information concerning income, employment, and unemployment.

J-14 Demographic and Economic Status

J-15 Principal Employers

Operating Information: These schedules provide information concerning trends in number of employees and types of positions, student attendance, building size and maintenance expenditures, and different types of insurance coverages.

J-16 Full-time Equivalent District Employees by Function/Program

J-17 Operating Statistics

J-18 School Building Information

J-19 Schedule of Allowable Maintenance Expenditures by School Facility

J-20 Insurance Schedule

Questions: Readers are encouraged to contact Thomas Eldridge, School Business Administrator, with any questions they may have. Mr. Eldridge may be reached at 609-671-5420 or via email at TEldridge@ltps.org.

NOTES TO FINANCIAL STATEMENTS

BOARD OF EDUCATION
LAWRENCE TOWNSHIP SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2022

NOTE 1: Summary of Significant Accounting Policies

The financial statements of the Board of Education (Board) of the Lawrence Township School District (District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

A. Reporting Entity:

The Lawrence Township School District is a Type II district located in the County of Mercer, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The board is comprised of nine members elected to three-year terms. The purpose of the district is to educate students in grades PreK-12.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Government Accounting and Financial Reporting Standards, is whether:

- The organization is legally separate (can sue or be sued in their own name)
- The District holds the corporate powers of the organization
- The District appoints a voting majority of the organization's board
- The District is able to impose its will on the organization
- The organization has the potential to impose a financial/benefit/burden on the District
- There is a fiscal dependency by the organization on the District

B. Government-Wide Financial Statements

The School District's basic financial statements consist of government-wide statements, and fund financial statements which provide a more detailed level of financial information.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by property taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

NOTE 1: Summary of Significant Accounting Policies (Continued)

B. Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. It is the policy of the School District to not allocate indirect expenses to functions in the statement of activities. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Property taxes and other items not properly included among program revenues are reported instead as general revenues.

In regards to the fund financial statements, the School District segregates transaction related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Fund financial statements report detailed information about the School District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a single column. Fiduciary funds are reported by fund type.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide statements report using the economic resources measurement focus and the accrual basis of accounting generally including the reclassification or elimination of internal activity (between or within funds). Proprietary and fiduciary fund financial statements also report using this same focus and basis of accounting although internal activity is not eliminated in these statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of related cash flows. County tax revenues are recognized in the year for which they are levied while grants are recognized when grantor eligibility requirements are met. The Unemployment Trust Fund recognizes employer and employee contributions in the period in which contributions are due.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to apply current liabilities. The District considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for long-term pension and compensated absences, which are reported as expenditures in the year due.

Major revenue sources susceptible to accrual includes Intergovernmental revenues, and the local tax levy. In general, other revenues are recognized when cash is received.

Operating income reported in proprietary fund financial statements includes revenues and expenses related to the primary continuing operations of the fund. Principal operating revenues for proprietary funds are charges to customers for food sales and for services provided to other governmental entities. Principles operating expenses are the costs of providing goods or services and include administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements.

NOTE 1: Summary of Significant Accounting Policies (Continued)

D. Fund Accounting:

The accounts of the District are maintained in accordance with the principles of fund accounting to ensure observance of limitations and restrictions on the resources available. The principles of fund accounting require that resources be classified for accounting and reporting purposes into funds or account groups in accordance with activities or objectives specified for the resources. Each fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources. Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types".

Governmental Fund Types

General Fund: The general fund is the general operating fund of the District and is used to account for all expendable financial resources except those required to be accounted for in another fund.

Special Revenue Fund: The District accounts for the proceeds of specific revenue sources (other than expendable trust or major capital projects) that are legally restricted to expenditures for specified purposes in the special revenue funds.

Capital Projects Fund: the capital projects fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

Debt Service Fund: The debt service fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

Proprietary Fund Type

Enterprise Fund: To account for operations that are financed and operated in a manner similar to private business enterprises, in which the intent of the District is that the costs of providing goods or services to the District on a continuing basis be financed or recovered primarily through user charges.

Proprietary Fund Type

Enterprise (Food Service) Fund: The enterprise fund accounts for all revenues and expenses pertaining to cafeteria operations. The food service fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges.

NOTE 1: Summary of Significant Accounting Policies (Continued)

D. Fund Accounting (Continued):

Fiduciary Fund Types

Trust and Agency Funds: The trust and agency funds are used to account for assets held by the District on behalf of outside parties, including other governments, or on behalf of other funds within the District.

Nonexpendable Trust Fund: A nonexpendable trust fund is used to account for assets held under the terms of a formal trust agreement, whereby the District is under obligation to maintain the trust principal.

Expendable Trust Fund: An Expendable Trust Fund is accounted for in essentially the same manner as the governmental fund types, using the same measurement focus and basis of accounting. Expendable Trust Funds account for assets where both the principal and interest may be spent. Expendable Trust Funds include Unemployment Compensation Insurance and scholarship funds.

Agency Funds (Payroll and Student Activities Fund): Agency funds are used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations.

E. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the County office. Budgets are prepared using the modified accrual basis of accounting; the legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23-2.2(g)1. All budget amendments must be approved by School Board resolution. Budget amendments during the year ended June 30, 2022 are shown on Exhibit C-1.

The Public School Education Act of 1975, limits the annual increase of any district's net current expense budget. The Commissioner of Education certifies the allowable amount for each district but may grant a higher level of increase if he determines that the sums so provided would be insufficient to meet the identified goals and needs of the district or that an anticipated enrollment increase requires additional funds.

The Commissioner must also review every proposed local school district budget for the next school year. He examines every item of appropriations for current expenses and budgeted capital outlay to determine their adequacy in relation to the identified needs and goals of the district. If, in his view, they are insufficient, the Commissioner must order remedial action. If necessary, he is authorized to order changes in the local district budget.

Once a budget is approved, it can be amended by transfers or additional appropriation of fund balances by approval of a majority of the members of the Board. Amendments are presented to the Board at their regular meetings. Each amendment must have Board approval. Such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year-end as dictated by law. Individual transfers were not material in relation to the original appropriations. All uncommitted budget appropriations lapse at year-end.

NOTE 1: Summary of Significant Accounting Policies (Continued)**E. Budgets/Budgetary Control (Continued):**

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

F. Encumbrances:

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the District has received advances are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

G. Short-Term Interfund Receivables/Payables:

Short-Term interfund receivables/payables represents amounts that are owed, other than charges for good or services rendered to/from a particular fund in the District and that are due within one year.

H. Inventories and Prepaid Expenses

Inventories and prepaid expenses, which benefit future periods, are recorded as an expenditure during the year of purchase. The value of inventories remaining at the end of the fiscal year is not included on the balance sheet.

Enterprise fund inventories are valued at cost, which approximates market, using the first-in-first-out (FIFO) method. Prepaid expenses in the enterprise fund represent payments made to vendors for services that will benefit periods beyond June 30, 2022.

NOTE 1: Summary of Significant Accounting Policies (Continued)**I. Capital Assets and Depreciation**

The District's property, buildings and improvements, equipment, vehicles, furniture and fixtures with useful lives of five years or more are stated at historical or estimated historical cost and are reported in the government-wide financial statements. Proprietary Fund capital assets are reported in its respective fund.

The District performed an in-house asset valuation during the 2004 fiscal year to provide a report with a comprehensive detail of capital assets and depreciation. The report included capital assets purchased during the 2002-2003 fiscal year and prior with a historical cost of \$2,000 or more. Accumulated depreciation prior to fiscal year 2003, fiscal year 2003 depreciation expense, total accumulated depreciation and book values were also provided. The records have updated annually through June 30, 2022. The costs of normal maintenance and repairs that do not add to the asset value or materially extend the useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts. Estimated useful lives, in years, for depreciable assets are as follows:

Buildings and Improvements	20 – 50
Equipment and Vehicles	5 – 20
Furniture and Fixtures	5 – 20

Capital asset activity for the year ended June 30, 2022 was as follows:

	<u>Balance</u> <u>July 1, 2021</u>	<u>Additions</u>	<u>Adj.</u>	<u>Retirements</u>	<u>Balance</u> <u>June 30, 2022</u>

J. Compensated Absences

District employees are permitted, within certain limitations, to accrue vacation and sick leave in varying amounts under the Districts personnel policies and may be paid at a later date according to contractual agreements.

The liability for vested compensated absences of the governmental fund types is recorded in the government-wide financial statements as a non-current liability. Governmental funds report only matured compensated absences payable to currently terminating employees and are included in wages and benefits payable

K. Deferred Revenue

Deferred revenue in the general and special revenue funds represent cash which has been received but not yet earned. See Note 1(F) regarding the special revenue fund.

L. Fund Equity

The governmental fund financial statements report reserved fund balance for amounts not available for appropriation or legally restricted for specified purposes. The general fund reserve for restricted purposes includes net assets relating to capital reserve (See Note 9).

NOTE 1: Summary of Significant Accounting Policies (Continued)

M. Net Position

Net position represents the difference between the summation of assets and deferred outflows of resources, and the summation of liabilities and deferred inflows of resources. Net position is classified into the following three components:

Net Investment in Capital Assets – This component represents capital assets, net of accumulated depreciation, net of outstanding balances of borrowings used for the acquisition, construction, or improvement of those assets.

Restricted – Net Position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Unrestricted – Net position is reported as unrestricted when it does not meet the criteria of the other two components of net position.

The School District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Fund Balance

The School District reports fund balance in classifications that comprise a hierarchy based primarily on the extent to which the School District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The School District's classifications, and policies for determining such classifications, are as follows:

Nonspendable – The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, such as inventories and prepaid amounts.

Restricted – The restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources either by being (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation.

Committed – The committed fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the School District's highest level of decision-making authority, which, for the School District, is the Board of Education. Such formal action consists of an affirmative vote by the Board of Education, memorialized by the adoption of a resolution. Once committed, amounts cannot be used for any other purpose unless the Board of Education removes, or changes, the specified use by taking the same type of action (resolution) if employed to previously commit those amounts.

NOTE 1: Summary of Significant Accounting Policies (Continued)**M. Net Position (Continued)**

Assigned – The assigned fund balance classification includes amounts that are constrained by the School District's *intent* to be used for specific purposes, but are neither restricted nor committed. *Intent* is expressed by either the Board of Education or by the business administrator, to which the Board of Education has delegated the authority to assign amounts to be used for specific purposes. Such authority of the business administrator is established by way of a formal job description for the position and standard operating procedures, approved by the Board of Education.

Unassigned – The unassigned fund balance classification is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balances are available, it is the policy of the School District to spend restricted fund balances first. Moreover, when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used, it is the policy of the School District to spend fund balances, if appropriate, in the following order; committed, assigned, then unassigned.

NOTE 2: Cash and Cash Equivalents and Investments

Cash and cash equivalents for all funds, include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. Such is the definition of cash and cash equivalents used in the statement of cash flows for the proprietary funds. U.S. treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

Investments are stated at cost, which approximates market. The District classifies certificates of deposit, which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

Deposits

New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

NOTE 2: Cash and Cash Equivalents and Investments (Continued)**Deposits (Continued)**

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Investments

New Jersey statutes permit the District to purchase the following types of securities:

- a. Bonds or other obligations of the United States or obligations guaranteed by the United States.
- b. Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage Agency or any United States Bank for cooperatives which have a maturity date not greater than twelve months from the date of purchase.
- c. Bonds or other obligations of the school district.

As of June 30, 2022, cash and cash equivalents and investments of the District consisted of the following:

	Cash and Cash Equivalents
Checking, Money Market Accounts And Certificate of Deposit	<u>\$ 23,963,241</u>

During the period ended June 30, 2022, the District did not hold any investments. The carrying amount of the District's cash and cash equivalents at June 30, 2022 was \$23,963,241 and the bank balance was \$26,337,203. Of the bank balance, \$500,000 was covered by federal depository insurance and \$25,837,203 was covered by a collateral pool maintained by the banks as required by New Jersey statutes.

Credit Risk Categories

All bank deposits and investments as of the balance sheet date are classified as to credit risk by the following two categories described below:

FDIC	\$ 500,000
GUPDA	<u>25,837,203</u>
	<u>\$ 26,337,203</u>

As of June 30, 2022, the District did not hold any long-term investments.

NOTE 2: Cash and Cash Equivalents and Investments (Continued)**Custodial Credit Risk – Deposits**

Custodial credit risk is the risk that, in the event of a bank failure, the government's deposits may not be returned to it. The District does not have a formal policy for custodial credit risk.

The District had no uninsured deposits.

NOTE 3: General Long-Term Debt

During the fiscal year ended June 30, 2022, the following changes occurred in liabilities reported in the general long-term debt account group:

	<u>Balance</u> <u>July 1, 2021</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u> <u>June 30, 2022</u>	<u>Long-Term</u> <u>Portion</u>	<u>2022-23</u> <u>Payment</u>
Pension Liability	\$ 18,399,468		(5,195,594)	13,203,874	13,203,874	
Compensated Absences Payable	1,118,730	91,165		1,209,895	1,209,895	
Bonds Payable	<u>34,136,000</u>	<u> </u>	(3,924,000)	<u>30,212,000</u>	<u>26,050,000</u>	<u>4,162,000</u>
Total	<u>\$ 53,654,198</u>	<u>91,165</u>	<u>(9,119,594)</u>	<u>44,625,769</u>	<u>40,463,769</u>	<u>4,162,000</u>

*Includes refunding of \$4,580,000.

A. Bonds Payable

Bonds are authorized in accordance with State law by the voters of the municipality through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Board are of general obligation bonds.

1. Refunding issue of 11-17-15 for \$6,435,000 at 2.0% to 5.0% interest with a balance of \$4,740,000 maturing 7-15-28.
2. Bond issue of 8-15-18 for \$25,105,000 at 2.0% to 3.0% interest with a balance of \$23,105,000 maturing 9-1-33.
3. Refunding issue of 12-3-2020 for \$4,730,000 at .0696% with a balance of \$2,367,000 maturing 3-1-2023.

NOTE 3: General Long-Term Debt (Continued)

Principal and interest due on serial bonds outstanding is as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Year Ending June 30,			
2022-2023	\$ 4,162,000	862,387	5,024,387
2023-2024	2,520,000	785,788	3,305,788
2024-2025	2,650,000	700,350	3,350,350
2025-2026	2,675,000	607,225	3,282,225
2026-2027	2,710,000	512,600	3,222,600
2027/28-2031/32	11,495,000	1,395,075	12,890,075
2032/33-2033/34	<u>4,000,000</u>	<u>120,000</u>	<u>4,120,000</u>
	<u>\$ 30,212,000</u>	<u>4,983,425</u>	<u>35,195,425</u>

NOTE 4: Pension Plans

Description of Plans – All required employees of the District are covered by either the Public Employees’ Retirement System or the Teachers’ Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teacher’s Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

Teachers’ Pension and Annuity Fund (TPAF) – The Teachers’ Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers’ Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system’s other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees’ Retirement System (PERS) – The Public Employees’ Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

NOTE 4: Pension Plans (Continued)

Vesting and Benefit Provisions – The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provide for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provision of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contribution. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Significant Legislation - During the year ended June 30, 1997, legislation was enacted Chapter 114, P.L. 1997) authorizing the New Jersey Economic Development Authority to issue bonds, notes or other obligations for the purpose of financing, in full or in part, the State of New Jersey's portion of the unfunded accrued liability under the State of New Jersey retirement systems. Additional legislation enacted during the year ended June 30, 1997 (Chapter 115, P.L. 1997), changed the asset valuation method from market related value to full-market value. This legislation also contains a provision to reduce the employee contribution rate by ½ of 1% to 4.5% for calendar years 1998 and 1999, and to allow for a reduction in the employee's rate after calendar year 1999, providing excess valuation assets are available. The legislation also provided that the Districts' normal contributions to the Fund may be reduced based on the revaluation of assets. Due to recognition of the bond proceeds and the change in asset valuation method as a result of enactment of Chapters 114 and 115, all unfunded accrued liabilities were eliminated, except for the unfunded liability for local early retirement incentive benefits, accordingly, the pension costs for TPAF and PERS were reduced.

Funding Policy – The contribution policy is set by New Jersey State Statutes and contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 7.06% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

Legislation enacted during 1993 provides early retirement incentives for certain members of TPAF and PERS who met certain age and service requirements and who applied for retirement between certain dates in the 1994 fiscal year. The early retirement incentives included: (a) an additional five years of service credit for employees at least age 50 with a minimum of 25 years of service; (b) free health benefits for employees at least 60 years old with at least 20 years of service; and (c) an additional \$500 per month for two years for employees at least age 60 with 10 years but less than 20 years of service. The Board will assume the increased cost for the early retirement as it affects their districts.

NOTE 4: Pension Plans (Continued)**Three-Year Trend Information for PERS**

Year	Annual	Percentage	Net
<u>Funding</u>	<u>Pension</u>	<u>of APC</u>	<u>Pension</u>
	<u>Cost (APC)</u>	<u>Contributed</u>	<u>Obligation</u>
6/30/22	\$ 1,284,353	100%	0
6/30/21	1,220,553	100%	0
6/30/20	970,535	100%	0

Three-Year Trend Information for TPAF (Paid On-Behalf of the District)

Year	Annual	Percentage	Net
<u>Funding</u>	<u>Pension</u>	<u>of APC</u>	<u>Pension</u>
	<u>Cost (APC)</u>	<u>Contributed</u>	<u>Obligation</u>
6/30/22	\$ 14,760,541	100%	0
6/30/21	11,201,069	100%	0
6/30/20	8,666,465	100%	0

During the fiscal year ended June 30, 2022, the State of New Jersey contributed \$14,760,541 to the TPAF for normal and post-retirement benefits on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$2,475,641 during the year ended June 30, 2022 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the general-purpose financial statements, and the combining and individual fund and account group statements and schedules as revenues and expenditures in accordance with GASB 24.

Public Employees' Retirement System (PERS)**Plan Description**

The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division).

The vesting and benefit provisions are set by N.J.S.A. 43:15A, PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

The following represents the membership tiers for PERS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

NOTE 4: Pension Plans (Continued)

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 with 30 years or more of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Basis of Presentation

The schedule of employer allocations and the schedule of pension amounts by employer (collectively, the Schedules) present amounts that are considered elements of the financial statements of PERS or its participating employers. Accordingly, they do not purport to be a complete presentation of the financial position or changes in financial position of PERS or the participating employers. The accompanying Schedules were prepared in accordance with U.S. generally accepted accounting principles. Such preparation requires management of PERS to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

Allocation Methodology and Reconciliation to Financial Statements

GASB Statement No. 68, *Accounting and Financial Reporting for Pension*, requires participating employers in PERS to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources and collective pension expense. The employer allocation percentages presented in the schedule of employer allocations and applied to amounts presented in the schedule of pension amounts by employer based on the ratio of the contributions of an individual employer to the total contributions to PERS during the measurement period July 1, 2020 through June 30, 2021. Employer allocation percentages have been rounded for presentation purposes; therefore, amounts presented in the schedule of pension amounts by employer may result in immaterial differences. Contributions from employers are recognized when due, based on statutory requirements.

Although the Division administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarially determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense are determined separately for each individual employer of the State and local groups of the plan.

To facilitate the separate (sub) actuarial valuations, the Division maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages presented for each group in the schedule of employer allocations are applied to amounts presented in the schedule of pension amount by employer. The allocation percentages for each group of June 30, 2021 are based on the ratio of each employer's contributions to total employer contributions of the group for the fiscal year ended June 30, 2021.

NOTE 4: Pension Plans (Continued)

A special funding situation exists for certain Local employers of the Public Employees' Retirement System. The State of New Jersey, as a nonemployer, is required to pay the additional costs incurred by Local employers under Chapter 366, P.L. 2001. This legislation established the Prosecutors Part of the PERS which provides enhanced retirement benefits for Prosecutors enrolled in the PERS. The State is liable for the increased pension costs to a County that resulted from the enrollment of Prosecutors in the Prosecutors Part. The June 30, 2021 State special funding situation net pension liability amount of \$126.3 million is the accumulated difference between the annual actuarially determined State obligation under the special funding situation and the actual State contribution through the valuation date. The State special funding situation pension expense of \$11.1 million, for the fiscal year ending June 30, 2021, is the actuarially determined contribution amount that the State owes for the fiscal year ending June 30, 2021. The pension expense is deemed to be a State administrative expense due to the special funding situation.

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2021, the State's pension contribution was less than the actuarial determined amount.

The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

For the year ended June 30, 2022, the District recognized pension expense of \$1,284,353. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference Between Expected and Actual Experience	\$ 208,242	94,524
Changes of Assumptions	68,766	4,700,665
Net Difference Between Projected and Actual Earnings on Pension Plan Investments		3,478,247
Changes in Proportion and Differences Between District Contributions and Proportionate Share of Contributions	777,250	410,091
District Contributions Subsequent to the Measurement Date	<u>1,284,353</u>	<u> </u>
Total	<u>\$ 2,338,611</u>	<u>8,683,527</u>

NOTE 4: Pension Plans (Continued)

\$1,284,353 reported as deferred outflows of resources related to pensions resulting from school district, project contributions subsequent to the measurement date (i.e. for the school year ending June 30, 2022, the plan measurement date is June 30, 2021) will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	
2022	\$ (3,081,508)
2023	(2,200,976)
2024	(1,500,691)
2025	(1,128,073)
2026	<u>438</u>
	<u>\$ (7,910,810)</u>

Additional Information

Collective balances at December 31, 2021 and 2020 are as follows:

	<u>Dec. 31, 2021</u>	<u>Dec. 31, 2020</u>
Collective Deferred Outflows of Resources	\$ 2,338,611	3,904,946
Collective Deferred Inflows of Resources	8,683,527	8,103,370
Collective Net Pension Liability	13,203,874	18,399,468
District's Proportion	.11028%	.11195%

Components of Net Pension Liability

The components of the collective net pension liability of the participating employers as of June 30, 2021 were as follows:

	2021		
	<u>State</u>	<u>Local</u>	<u>Total</u>
Total Pension Liability	\$ 28,950,516,944	40,359,568,055	69,310,084,999
Plan Fiduciary Net Position	<u>7,321,019,459</u>	<u>28,386,785,177</u>	<u>35,707,804,636</u>
Net Pension Liability	<u>\$ 21,629,497,485</u>	<u>11,972,782,878</u>	<u>33,602,280,363</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	25.29%	70.33%	42.90%

NOTE 4: Pension Plans (Continued)

The collective total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. This actuarial valuation used the following actuarial assumptions:

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases:	
Through 2026	2.00% - 6.00%
	Based on years of service
Thereafter	3.00% - 7.00%
	Based on years of service
Investment Rate of Return	7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Medial Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2021 are summarized in the following table:

NOTE 4: Pension Plans (Continued)

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
U.S. Equity	27.00%	8.09%
Non-U.S. Developed Market Equity	13.50%	8.71%
Emerging Market Equity	5.50%	10.96%
Private Equity	13.00%	11.30%
Real Assets	3.00%	7.40%
Real Estate	8.00%	9.15%
High Yield	2.00%	3.75%
Private Credit	8.00%	7.60%
Investment Grade Credit	8.00%	1.68%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	0.95%
Risk Mitigation Strategies	3.00%	3.35%

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the collective net pension liability of the participating employers as of June 30, 2020, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	<u>2021</u>		
	<u>At 1% Decrease (6.00%)</u>	<u>At Current Discount Rate (7.00%)</u>	<u>At 1% Increase (8.00%)</u>
School District's Proportionate Share Of the Net Pension Liability	<u>\$ 17,980,999</u>	<u>13,203,874</u>	<u>9,149,807</u>

NOTE 4: Pension Plans (Continued)**Teachers Pensions and Annuity Fund (TPAF)****Plan Description**

The State of New Jersey, Teacher's Pension and Annuity Fund (TPAF) is a cost sharing multiple-employer defined benefit pension plan with a special-funding situation, by which the State of New Jersey (the State) is responsible to fund 100% of the employer contribution, excluding any local employer early retirement incentive (ERI) contributions. TPAF is administered by the State of New Jersey, Division of Pensions and Benefits (the Division).

The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death, and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, member's beneficiaries are entitled to full interest credited to the members' accounts.

The following represents the membership tiers for TPAF:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 with 30 years or more of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Basis of Presentation

The Schedule of employers and nonemployer allocations and the schedule of pension amounts by employer and nonemployer (collectively, the Schedules) present amounts that are considered elements of the financial statements of TPAF and the State as an employer/nonemployer entity. Accordingly, they do not purport to be a complete presentation of the financial position or changes in financial position of TPAF or the State. The accompanying Schedules were prepared in accordance with U.S. generally accepted accounting principles. Such preparation requires management of TPAF to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

NOTE 4: Pension Plans (Continued)**Allocation Methodology**

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, requires participating employers in TPAF to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources, and collective pension expense. The employer and nonemployer allocation percentages presented in the schedule of employer and nonemployer allocation and applied to, presented in the schedule of pension amount by employer and nonemployer are based on the ratio of the State's actual contributions made as an employer and nonemployer adjusted for unpaid early retirement incentives to total contributions to TPAF during the year ended June 30, 2021. Employer and nonemployer allocation percentages have been rounded for presentation purposes, therefore amounts presented in the schedule of pension amounts by employer and nonemployer may result in immaterial differences.

The contribution policy for TPAF is set by N.J.S.A. 18A:66 and requires contributions by active members and contributing employers. State legislation had modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2021, State's pension contribution was less than the actuarial determined amount.

Special Funding Situation

The employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A. 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the net pension liability that is associated with the local participating employer.

Components of Net Pension Liability

The components of the net pension liability of the State as of June 30, 2021 and 2020 are as follows:

	<u>2021</u>	<u>2020</u>
Total Pension Liability	\$ 74,699,133,697	87,522,678,686
Plan Fiduciary Net Position	<u>26,533,142,515</u>	<u>21,529,179,998</u>
Net Pension Liability	<u>\$ 48,165,991,182</u>	<u>65,993,498,688</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	35.52%	24.60%

NOTE 4: Pension Plans (Continued)**State Proportionate Share of Net Pension Liability Attributable to District**

	<u>2021</u>	<u>2020</u>
District's Liability	\$ 138,344,400	186,297,733
District's Proportion	.28722%	.28230%

The total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases:	
Through 2026	1.55 - 4.45%
	Based on years of service
Thereafter	2.75 - 5.65%
	Based on years of service
Investment Rate of Return	7.00%

Pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2015 to June 30, 2018.

Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2021 are summarized in the following table:

NOTE 4: Pension Plans (Continued)

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
U.S. Equity	27.00%	8.09%
Non-U.S. Developed Market Equity	13.50%	8.71%
Emerging Market Equity	5.50%	10.96%
Private Equity	13.00%	11.30%
Real Assets	3.00%	7.40%
Real Estate	8.00%	9.15%
High Yield	2.00%	3.75%
Private Credit	8.00%	7.60%
Investment Grade Credit	8.00%	1.68%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	0.95%
Risk Mitigation Strategies	3.00%	3.35%

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 100% of the actuarially determined contributions for the State. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments in determining the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the State as of June 30, 2021 calculated using the discount rate as disclosed above as well as what the State's net pension liability would be if it was calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	<u>2021</u>		
	<u>At 1% Decrease (6.00%)</u>	<u>At Current Discount Rate (7.00%)</u>	<u>At 1% Increase (8.00%)</u>
School District's Proportionate Share Of the Net Pension Liability	\$ 0	0	0
State of New Jersey's Proportionate Share Of the District's Net Pension Liability	<u>163,684,534</u>	<u>138,344,400</u>	<u>117,060,280</u>
	<u>\$ 163,684,534</u>	<u>138,344,400</u>	<u>117,060,280</u>

NOTE 5: Post-Retirement Benefits**General Information about the OPEB Plan****Plan description and benefits provided**

The State of New Jersey reports a liability as a result of its statutory requirements to pay other post-employment (health) benefit for State Health Benefit Local Education Retired Employees Plan. The State Health Benefit Local Education Retired Employees Plan is a multiple-employer defined benefit OPEB plan that is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other than Pension*. The State Health Benefit Local Education Retired Employees Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey in accordance with N.J.S.A. 52:14-17.32f. According to N.J.S.A. 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L., 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

The total nonemployer OPEB liability does not include certain other postemployment benefit obligations that are provided by the local education employers. The reporting of these benefits are the responsibility of the individual local education employers.

The School Employees Health Benefits Program (SEHBP) Act is found in New Jersey Statutes Annotated, Title 52, Article 17.25 et. seq. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASBS No. 75.

NOTE 5: Post-Retirement Benefits (Continued)**Total Nonemployer OPEB Liability**

The total nonemployer OPEB liability as of June 30, 2021 was determined by an actuarial valuation as of June 20, 2020, with was rolled forward to June 30, 2021. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Total Nonemployer OPEB Liability \$60,007,650,970

Inflation rate 2.50%

	<u>TPAF/ABP</u>	<u>PERS</u>	<u>PFRS</u>
Salary Increases:			
Through 2026	1.55 – 4.45% based on service years	2.00% - 6.00% based on service years	3.25% - 15.25% based on service years
Thereafter	2.75 – 5.65% based on service years	3.00% - 7.00% based on service years	Not applicable

Preretirement mortality rates were based on the Pub-2010 Healthy “Teachers” (TPAF/ABP), “General” (PERS), and “Safety” (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Postretirement mortality rates were based on the Pub-2010 “General” classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 “General” classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021 for current disables retirees. Future disabled retirees was based on the Pub-2010 “Safety” (PFRS), “General” (PERS), and “Teachers” (TPAF/ABP) classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of actuarial experience studies for the periods July 1, 2015 – June 30, 2018, July 1, 2014 – June 30, 2018, and July 1, 2013 – June 30, 2018 for TPAF, PERS and PFRS, respectively.

(a) Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend rate is initially 5.65% and decreases to a 4.50% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2022 through 2023 are reflected. For PPO the trend is initially 5.74% in fiscal year 2024, increasing to 12.93% in fiscal year 2025 and decreases to 4.50% after 11 years. For HMO the trend is initially 6.01% in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreases to 4.5% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to a 4.50% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

NOTE 5: Post-Retirement Benefits (Continued)**(b) Discount Rate**

The discount rate for June 30, 2021 was 2.16%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Changes in the State of New Jersey's proportionate share of the total Non-Employer OPEB Liability associated with the School District:

	Total <u>OPEB Liability</u>
Balances at June 30, 2020	\$ 191,923,749
Changes for the Year:	
Service Cost	9,228,845
Interest	4,439,053
Change of Benefit	(182,137)
Difference Between Expected and Actual Experience	(31,074,339)
Changes in Assumptions or Other Inputs	168,824
Benefit Payments	(3,496,730)
Member Contributions	<u>113,485</u>
Balance at June 30, 2021	<u>\$ 171,120,750</u>

There were no changes in benefit terms between the June 30, 2020 measurement date and the June 30, 2021 measurement date.

Changes of assumptions and other inputs reflect a change in the discount rate from 2.21% percent in 2020 to 2.16% percent in 2021.

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the State for school board retirees, as well as what the State's total OPEB liability for school board would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

	1% Decrease <u>(1.16%)</u>	Discount Rate <u>(2.16%)</u>	1% Increase <u>(3.16%)</u>
State of New Jersey's Proportionate Share Of the Total Non-Employer OPEB Liability Associated with the School District	<u>\$ 204,975,795</u>	<u>171,120,750</u>	<u>144,461,934</u>

NOTE 5: Post-Retirement Benefits (Continued)

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the State, as well as what the State's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	<u>1% Decrease</u>	<u>Healthcare Cost Trend Rates</u>	<u>1% Increase</u>
State of New Jersey's Proportionate Share Of the Total Non-Employer OPEB Liability Associated with the School District	<u>\$ 138,522,803</u>	<u>171,120,750</u>	<u>214,897,384</u>

OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB.

For the year ended June 30, 2021, the Board of Education recognized OPEB expense of \$9,654,901 determined by the State as the total OPEB liability for benefits provided through a defined benefit OPEB plan that is not administered through a trust that meets the criteria in paragraph 4 of GASBS No. 75 and in which there is a special funding situation.

In accordance with GASBS No. 75, the Lawrence Township Board of Education proportionate share of school retirees OPEB is zero; there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows or resources. At June 30, 2020, the State reported deferred outflows of resources and deferred inflows of resources related to retired school employee's OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference Between Expected and Actual Experience	\$ 25,795,693	51,356,380
Changes in Proportion	2,213,312	2,319,128
Changes of Assumptions or Other Inputs	<u>29,028,465</u>	<u>18,359,662</u>
Total	<u>\$ 57,037,470</u>	<u>72,035,170</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to retired school employee's OPEB will be recognized in OPEB expense as follows:

Year Ended June 30:	
2023	\$ (1,764,435)
2024	(1,764,435)
2025	(1,764,435)
2026	(1,764,435)
2027	(1,764,435)
Thereafter	<u>(6,175,525)</u>
	<u>\$ (14,997,700)</u>

NOTE 6: Deferred Compensation

The Board offers its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

Equitable
Lincoln
Met Life
Valic
Legend

NOTE 7: Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance – The District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Annual Comprehensive Financial Report.

New Jersey Unemployment Compensation Insurance – The District has elected to fund its New Jersey Unemployment Compensation Insurance under the “Benefit Reimbursement Method”. Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District’s expendable trust fund for the current year and previous year:

<u>Fiscal Year</u>	<u>Employer Contributions</u>	<u>Employee Contributions</u>	<u>Reimbursed</u>	<u>Balance</u>
2021-2022	\$ 0	0	0	612,424
2020-2021	0	0	0	612,424
2019-2020	100,000	0	0	612,424

NOTE 8: Capital Reserve Account

A capital reserve account was established by the Township of Lawrence Board of Education for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

NOTE 8: Capital Reserve Account (Continued)

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to *N.J.S.A. 19:60-2*. Pursuant to *N.J.A.C. 6:23A-5.1(d) 7*, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2021 to June 30, 2022 fiscal year is as follows:

Beginning Balance, July 1, 2021		\$ 3,770,990
Deposits:		
Interest	2,750	
Budgeted Deposit	1,000,000	
Return of Funds From Various Projects	585,135	
Deposit by Resolution June, 2022	<u>600,000</u>	
		<u>2,187,885</u>
		5,958,875
Withdrawals:		
Budgeted		<u>(2,981,357)</u>
Ending Balance, June 30, 2022		<u>\$ 2,977,518</u>

NOTE 9: Interfund Receivables and Payables

The following interfund balances remained on the balance sheet at June 30, 2022.

<u>Fund</u>	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
General Fund	\$ 1,187,103	
Special Revenue Fund		1,187,103
Capital Projects Fund		12,658
Debt Service Fund	<u>12,658</u>	
	<u>\$ 1,199,761</u>	<u>1,199,761</u>

The interfund due to the Debt Service Fund was due to interest earned in the Capital Projects Fund. It is expected this loan will be paid within one year.

NOTE 10: Fund Balance Appropriated

General Fund – Of the \$15,238,253 General Fund fund balance at June 30, 2022 \$4,112,817 is reserved for encumbrances; \$1,000,000 has been appropriated and included as anticipated revenue for the year ending June 30, 2023; \$2,977,518 is in Capital Reserve, \$485,572 is in Emergency Reserve, \$1,252,620 is in Maintenance Reserve; \$4,016,820 is unreserved and undesignated; \$612,424 is unemployment; and \$780,482 is excess surplus – current year.

NOTE 11: Calculation of Excess Surplus

In accordance with N.J.S.A. 18A:7F-7, the designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget.

Reserved for encumbrances represents outstanding purchase orders which will be rolled into the 2021-2022 budget and expended there from.

Reserved excess surplus represents a calculation under N.J.S.A. 18A:7F-7 which identifies an amount of surplus under the statute which must be restricted for use in the next succeeding budget. Lawrence Township at June 30, 2022 had excess surplus of \$780,482 (see calculation below).

Unreserved is surplus not previously committed or reserved for any other purpose.

The calculation of reserved excess surplus is as follows:

4% Calculation of Excess Surplus

2021-22 Total General Fund Expenditures Per the ACFR	\$ 92,969,917
Decreased by:	
On-Behalf TPAF Pension & Social Security	<u>(17,236,182)</u>
Adjusted 2021-22 General Fund Expenditures	<u>\$ 75,733,735</u>
4% of Adjusted 2021-22 General Fund Expenditures	\$ 3,029,349
Increased by: Allowable Adjustment	<u>987,471</u>
Maximum Unassigned Fund Balance	<u>\$ 4,016,820</u>

Section 2

Total General Fund – Fund Balance @ 6-30-22	\$ 15,323,419
Decreased by:	
Reserved for Encumbrances	(4,112,817)
Designated for Subsequent Year's Expenditures – BOE	(1,000,000)
Unemployment	(612,424)
Other Reserves	<u>(4,715,710)</u>
Total Unassigned Fund Balance	<u>\$ 4,882,468</u>
Excess Surplus	<u>\$ 865,648</u>

NOTE 11: Calculation of Excess Surplus (Continued)**Section 3**

Designated for Subsequent Years Expenditures – Excess Surplus	<u>0</u>
	<u>\$ 865,648</u>

Detail of Allowable Adjustments

Extraordinary Aid	\$ 888,780
Non-Public Transportation Aid	<u>98,691</u>
	<u>\$ 987,471</u>

Detail of Other Restricted Fund Balance

Maintenance Reserve	\$ 1,252,620
Emergency Reserve	485,572
Capital Reserve	<u>2,977,518</u>
Total Other Restricted Fund Balance	<u>\$ 4,715,710</u>

NOTE 12: Section 125 IRS Code (Cafeteria Plan)

Effective 10/1/99 the Board, according to negotiated agreements with the various approved implementation of the IRS Code Section 125 “Cafeteria Plan”, each year each employee makes an election to either receive Health Benefits under the Board’s coverage or on electing not to receive benefits to receive a cash payment equal to 25% of the premium cost for the plan last in effect for the participant.

NOTE 13: Contingent Liabilities

The Board is not involved in any claims and lawsuits incidental to its operations, in the opinion of the administration and its legal counsel.

NOTE 14: Economic Dependency

The District receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the District’s programs and activities.

NOTE 15: Current Expense Emergency Reserve Account

The reserve account is to be used to finance future unanticipated general fund expenditures required for a thorough and efficient education. Unanticipated means reasonably unforeseeable. The emergency reserve balance may not exceed \$250,000 or 1% of the district’s general fund budget up to a maximum of \$1,000,000 whichever is greater. Withdrawals require the approval of the commissioner unless the withdrawal is necessary to meet an increase in total health costs greater than four percent.

NOTE 16: Subsequent Event

Subsequent events have been evaluated through February 15, 2023, which is the date the financial statements were available to be issued. No additional subsequent event disclosures are required.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND REPORTING ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

K-1

Honorable President and Members
of the Board of Education
Lawrence Township Board of Education
County of Mercer
Lawrence Township, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Lawrence Township Board of Education, County of Mercer, State of New Jersey as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Lawrence Township Board of Education, County of Mercer, State of New Jersey's basic financial statements, and have issued our report thereon dated February 15, 2023.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Lawrence Township Board of Education, County of Mercer, State of New Jersey's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions of the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Lawrence Township Board of Education, County of Mercer, State of New Jersey's internal control. Accordingly, we do not express an opinion on the effectiveness of the Lawrence Township Board of Education, County of Mercer, and State of New Jersey's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purposes described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Lawrence Township Board of Education, County of Mercer, State of New Jersey's financial statements are free from material misstatement, we performed tests of it compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

ROBERT A. HULSART AND COMPANY

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM;
REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE
OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE
REQUIRED BY UNIFORM ADMINISTRATIVE AWARDS (UNIFORM GUIDANCE), AND
NEW JERSEY OMB'S CIRCULAR 15-08

K-2

Honorable President and Members
of the Board of Education
Lawrence Township Board of Education
County of Mercer
Lawrence Township, New Jersey

Report on Compliance for Each Major Federal & State Program

Opinion on Each Major Federal & State Program

We have audited the Lawrence Township Board of Education's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the Lawrence Township Board of Education's major federal and state programs for the year ended June 30, 2022. The Lawrence Township Board of Education's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Lawrence Township Board of Education complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal and State Program

We conducted our audit in accordance with the auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey, and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and NJ OMB 15-08. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Lawrence Township Board of Education and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Lawrence Township Board of Education's compliance with the requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to its Federal and State programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above have occurred, whether due to fraud or error, and express an opinion on the Lawrence Township Board of Education's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance and NJ OMB 15-08 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Lawrence Township Board of Education's compliance with the requirements of each major federal or state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Lawrence Township Board of Education's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of the Lawrence Township Board of Education's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and NJ OMB 15-08, but not for the purpose of expressing an opinion on the effectiveness of the Lawrence Township Board of Education's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed no instances of noncompliance which are required to be reported in accordance with the Uniform Guidance or NJ OMB 15-08.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purposes described in the Auditor's Responsibilities for the Audit of Compliance paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and NJ OMB 15-08. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

LAWRENCE TOWNSHIP SCHOOL DISTRICT**NOTES TO SCHEDULES OF AWARDS AND FINANCIAL ASSISTANCE****JUNE 30, 2022****NOTE 1: General**

The accompanying schedules of financial assistance present the activity of all federal and state financial assistance programs of the Board of Education, Lawrence Township School District. The Board of Education is defined in Note 1(A) to the Board's general-purpose financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed other government agencies is included on the schedule of federal awards and state financial assistance.

NOTE 2: Basis of Accounting

The accompanying schedules of expenditures of awards and financial assistance are presented using the modified accrual basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting and those recorded in the special revenue fund, which are presented using the budgetary basis of accounting. These bases of accounting are described in the Note 1(C) to the Board's general-purpose financial statements.

NOTE 3: Relationship to General Purpose Financial Statements

The general-purpose financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to P.L. 2003, c.97.(A3521). For GAAP purposes, that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is as stated in the accompanying analysis. See Note 1 for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's general purpose financial statements on a GAAP basis as presented below:

NOTE 3: Relationship to General Purpose Financial Statements (Continued)

	<u>General Fund</u>	<u>Special Revenue Fund</u>	<u>Debt Service Fund</u>	<u>Food Service</u>	<u>Total</u>
<u>State Assistance</u>

NOTE 4: Relationship to Federal and State Financial Reports

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5: Other

The amount reported as TPAF Pension Contributions represents the amount paid by the state on behalf of the District for the year ended June 30, 2022. TPAF Social Security Contributions represents the amount reimbursed by the state for the employer’s share of social security contributions for TPAF members for the year ended June 30, 2022. Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions respectively.
