Honorable President and  
 Members of the Board of Education  
 Monmouth Regional High School District  
 County of Monmouth  
 Tinton Falls, New Jersey

Dear Board Members/Citizens:

The Annual Comprehensive Financial Report of the Monmouth Regional High School District (District) for the fiscal year ended June 30, 2022, is hereby submitted in accordance with Governmental Accounting Standards Board Statement 34 and 44. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Monmouth Regional High School Board of Education (Board.). To the best of our knowledge and belief, data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The Annual Comprehensive Financial Report is presented in four sections as follows:

- The Introductory Section includes this transmittal letter, the District's organizational chart, a list of principal officials, and a list of consultants and advisors.
- The Financial Section includes the basic financial statements, Management's Discussion and Analysis Report, and schedules, as well as the auditor's report thereon.
- The Statistical Section includes selected financial and demographic information, generally presented on a multi-year basis.

- The Single Audit Section which states that the District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and the U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations", and the state Treasury Circular Letter 04-04 OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid". Information related to this single audit, including the independent auditor's report on the internal control and compliance with applicable laws, regulations, contracts and grants, along with findings and questioned costs, if any, is included in the single audit section of this report.

## **SCHOOL DISTRICT ORGANIZATION**

The Monmouth Regional High School District is an independent reporting entity within the criteria adopted by the GASB as established by Statement No. 14 and Statement 34. All funds and account groups of the district as included in this report. The Monmouth Regional High School Board of Education constitutes the district's reporting entity.

The district provides a full range of educational services appropriate to grade levels 9 through 12. These include regular and vocational as well as special education for handicapped students. The district completed the 2021-2022 fiscal year with an average daily enrollment of 891.29 students. Enrollment is defined as students on roll and students placed out of district. Established in 1960, the district is one building encompassing over 79 acres, 9 wings, 2 floors, 2 gymnasiums, full service cafeteria, state of the art fitness and performing arts centers which comprise the district's school facilities.

The district receives students from three towns: Shrewsbury Township, Eatontown and Tinton Falls. Shrewsbury Township is the smallest of the three sending towns, spanning only about a few blocks in length. Eatontown is the next largest township and Tinton Falls has the largest square miles of the sending towns.

The Board of Education is comprised of members from all three sending districts. In January 2013, due to reapportionment as directed by statute, the make-up of the board of education changed to: five members from Tinton Falls (was 4); three from Eatontown (was four); and one from Shrewsbury Township (unchanged). All receive equal weight votes and three are elected to three-year terms each November. The Board of Education meets on the first and third Tuesday of the month for regular board meetings. The meetings held on the third Tuesday are more financial in nature than on the first Tuesday of the month. The Board of Education also has two student representatives with non-voting rights on the board. A Junior Class Representative and a Senior Class Representative are selected from the membership of the Student Council to sit on the board and give reports at each meeting. During its meetings the board determines district goals and priorities and conducts the business of the Board of Education. All Board meetings are open to the public and begin at 7:30 p.m. and are held in the Schleig Conference Room, unless a time change is needed which is then properly advertised. The Board members hold a board retreat during the summer to discuss goals for the upcoming year.

In early 2012, the State of New Jersey gave school districts the option to continue to vote on tax levies in April or waive the vote on the tax levy (move the election of board members to November) as long as the district did not go over the 2% cap. This decision was a four year decision of the Board of Education. The Board of Education is continuing with this option for the future.

The Monmouth Regional PTSA is active in the District and provides community support for a variety of programs and activities for the students. The PTSA created grants for teachers to offset costs for items such as supplies and field trips.

There are active booster/parent clubs for the band, football, and cheerleading activities of the school.

At the annual June Academic Awards night, thousands of dollars in scholarship money are awarded to graduating students from thirty organizations including over fifteen private scholarship funds. All associations/clubs and scholarships are very supportive to the students and the district.

The current district website of [www.monmouthregional.net](http://www.monmouthregional.net) was expanded to include public information and continues to be a source of all information for any individual who has internet access.

The district continues to utilize an instant alert system entitled Blackboard. Messages are now received through many platforms – phone call, text message, and email. This on-line-real-time communications between administration and parents/guardians allows updates to be received in a timely manner. The student software program, Genesis, allows for faculty and administration to send out alerts to parents regarding student events such as bus passes being uploaded to their student accounts or being reminded about an upcoming meeting. These advancements in technology not only save the district dollars from sending communication through the post office, but also empowers all users to communicate effectively towards the common goal- student success.

The district opened the 2021-2022 academic year in a better position than June 2021. The district re-opened in September with full session days. All school activities returned. Graduation was held at Brookdale. Everyone has celebrated these milestones.

## EDUCATIONAL PROGRAM/REPORTING ENTITY AND ITS SERVICES

As stated earlier, the district completed the 2021-2022 fiscal year with an average daily enrollment of 891.29 students. Enrollment is defined as students on roll and students placed out of district. The following details the changes in the student enrollment of the District over the past ten years.

Average Daily Enrollment		
Fiscal Year	Student Enrollment	Percent Change
2021-2022	891.29	(3.00)%
2020-2021	918.90	.004%
2019-2020	914.93	(2.45)%
2018-2019	937.94	(2.43)%
2017-2018	961.32	(.0146)%
2016-2017	975.52	(.84)%
2015-2016	983.76	3.78%
2014-2015	947.90	.0077%
2013-2014	940.60	(5.1)%
2012-2013	991.10	1.2%

The District provides a full range of educational services appropriate to grade levels 9 through 12. The school follows the district-wide goals and educational approaches to the teaching of children, while maintaining a unique personality that make up that particular school. All curricula in the district have been aligned to the New Jersey Student Learning Standards (the former New Jersey Core Curriculum Content Standards.)

**High School:** The building has one Principal, two Assistant-Principals, and two school nurses. The rest of the administrative team is made up of the following individuals:

- A. Supervisors:
  - a. Applied Technology (supervised by Assistant Principal)
  - b. English/Social Studies/World Language/ESL
  - c. Math/Science
  - d. Music/Media Center (supervised by Assistant Principal)
- B. Director of Athletics/Supervisor of Physical Education
- C. Director of Guidance/Health Services
- D. Director of Child Study Team
  - a. Child Study Team
  - b. Special Education Instructional Supervisor
  - c. Basic Skills Instruction

The district continues to work to combine supervisor positions to create future savings, while maintaining effective and efficient educational leadership. The Administrative Team was restructured in the 2019-2020 school year.

*Why Monmouth? This is why!*

The school can be best described as a warm, friendly and a full of school spirit environment.

Monmouth Regional High School offers a comprehensive educational program that was developed to meet the needs of all students, whether they are in the need of advanced placement courses, remedial instruction, or something in between.

In 2011-2012 the district implemented Professional Learning Communities (PLC) to foster professional dialogue and writing portions of curriculum. This change in direction continues to save the district dollars spent in curriculum writing. All curriculum is now written in the Understanding by Design format. This is a living document which is updated constantly through the PLC environment. All teachers continue to maintain their own websites through the Monmouth Regional High School website. In 2012-2013 the new teacher evaluation system EE4NJ was embraced by the staff and administration. The staff and administration spent the year training to get ready for its implementation for the 2013-2014 school year. The district is currently utilizing the evaluation system quite smoothly.

For the academic year 2018-2019, the Administration chose to cease the AP Academy, which had been in existence since 2008-2009. The final graduating class will be the Class of 2022. The district now offers "AP for All" – more access to the AP curriculum.

Monmouth Regional has the distinction of being one of two districts in the county to offer AP Capstone Diploma Program. This program is a two-year intense course of study for students. Students must take a combination of AP Classes along with AP Seminar and AP Research. They must receive a score of 3 or higher on their exams in order to earn the diploma. This program also allows students to obtain college credit through the AP Test.

Additionally, in 2019-2020 the second phase of the MRHS Academies commenced. In addition to the Performing Arts Academy, STEM and Business Academies opened during 2019-2020. These academies will continue to keep Monmouth Regional HS Students competitive in all aspects of education – career, college and life ready.

**The English Department** presents a variety of activities within its course content. Every member of the English Department is committed to providing instruction that strengthens our curriculum and is aligned to the New Jersey Student Learning Standards. Students have access to courses that both meet them where they are at and push them to excel in all aspects of the subject area. The study of classics is balanced alongside modern literature and non-fiction. Students are immersed in all aspects of the writing process that prepare them for both college and career readiness. Each course equally helps promote the growth of reading and writing skills found on the various standardized tests that students will be exposed to over the course of their high school career. All levels of English equally expose their students to the valuable skills associated with Socratic Seminar. A dual enrollment program with Brookdale Community College allows senior students the opportunity to capture six Brookdale credits while attending Monmouth Regional. Three of the department's AP courses are also linked to Seton Hall's Project Acceleration program for credit. The English Department's website can be found at the following web address: <https://www.monmouthregional.net/Page/80>

**The Mathematics Department** offers a wide variety of courses in both in mathematics and computer science. The mathematics courses range from Algebra 1 to AP Calculus BC. AP Calculus BC is one of three Advanced Placement math courses offered at the school. The other two are AP Calculus AB and AP Statistics. There are 4 levels of Computer Science courses, two of which are at an Advanced Placement level, AP Computer Science Principles and AP Computer Science A. Mathematics instruction is varied and personalized to student needs and interests. When relevant, mathematics instruction is connected to real-world applications and explored through the lens of the content's application to real-life problem solving or ensuing mathematical learning. Students are offered an array of options for additional support both within and outside of the school. That support is provided through varied extra help opportunities, with teachers or peers, built into the school day as well as technological support tools that can be used as the student's convenience 24 hours a day. The department is committed to excellence in mathematics education and focuses on student learning and mastery of mathematical thinking. The Math Department's website can be located at the following web address: <https://www.monmouthregional.net/domain/30>

**The Science Department** offers a variety of both traditional science courses at different levels as well as some unique electives allowing students of diverse abilities to enroll in science classes. Of those courses, four Advanced Placement offerings currently exist: AP Biology, AP Chemistry, AP Physics 1, and AP Environmental Science. Additionally, two of our elective courses, Anatomy & Physiology and Dynamics of Healthcare are offered in partnership with Rutgers University with the potential to earn up to 11 college credits. Instruction in the Science Department was driven by the Next Generation Science Standards which place a significant portion of the focus on exploration, discovery, and the general practices of science. The students are engaged in cooperative learning activities as well as research projects as part of their science experience. A schoolwide transition to Block scheduling has helped provide the large chunks of time often necessary to allow for the aforementioned exploration and discovery that lies at the heart of good scientific work. Our recently renovated science classrooms have provided teachers and students with the tools necessary for expansion of student interests into various fields of the sciences. The Science Department is dedicated to helping students become 21<sup>st</sup> century thinkers, problem solvers, and citizens for the ever-changing world in which we now live. The Science Department's website can be located at the following web internet address: <https://www.monmouthregional.net/domain/38>

**The Social Studies Department** offers a wide variety of courses beyond the state mandated requirement of World History and United States History I & II. The Social Studies program at Monmouth Regional High School gives students a window to the world. Authentic learning experiences are embedded into the curricula and are designed to infuse global studies into all content areas. The Social Studies department is a part of a broader Professional Learning Community alongside the World Languages department. Teachers periodically engage in collegial exchanges including peer coaching, team teaching, action-research, and other activities designed to maximize student learning. Opportunities for students extend beyond the state requirements of World History, United States History I and United States History II including Holocaust which is linked to Kean University for college credits. Students, at all levels, can focus and earn accolades in The Government and Social Sciences Academy at MRHS. Academy recognition can be earned as Distinction and Honors and with connections to the AP Capstone Diploma. Students may choose from the following electives and advanced placement options:

- African Studies
- Economics
- Holocaust, Genocide and Modern Humanity
- Introduction to Psychology
- Sociology/Minorities in the United States
- Advance Placement:
  - American Government English Literature and Humanities
  - European History
  - Psychology
  - United States History
  - World History

Additional clubs and programs provide students opportunities to become involved in service learning and leadership development outside of the classroom. The Social Studies Department website can be located at the following web address: <https://www.monmouthregional.net/Page/587>

**The Special Education Department** at Monmouth Regional High School is all-inclusive and consists of two separate child study teams. It offers a curriculum, which has established priorities, objectives, and goals for all courses and units within the program that are based on clearly defined expectations for all students. The mission of the Monmouth Regional Special Services Department is to provide educational, emotional, and behavioral services to special education students. Monmouth Regional special educators develop active partnerships with all school personnel, students, and the community. We will nurture and support individuals, while providing an educational foundation that enables students to have the ability to think, communicate, create, and apply their learning experiences throughout their lifetime.

The department personnel include a psychologist, learning disability teacher consultants (LDTC), a social worker and related services providers. The personnel are responsible for the identification, evaluation and the classification of students requiring a specialized educational plan. This plan is called an individualized educational plan or IEP. A student's IEP outlines the specific and individual supports the student needs in order to make educational progress. It is the responsibility of the child study team or CST, which consists of a psychologist, social worker, and an LDTC to ensure that special education students receive the educational supports as outlined in their IEP. These plans are updated annually or whenever it is deemed that a change in the educational program is required. Our department is here to assist parents, students, school personnel and community members.

The learning expectations of the special education curriculum address the diverse learning needs of the students without compromising the essential knowledge and skills students are expected to learn. The district continued the two in-house programs – Autism and LLD in 2021-2022. The Autism and LLD programs have expanded to include more students and extended school year.

The Special Education Department website is at <https://www.monmouthregional.net/domain/39>

**The World Language Department** offers courses in Spanish, French, and American Sign Language. Our diverse population presents us with teachers and students who have lived and studied. These rich experiences serve to enhance our language program. Students have opportunities to expand their study of world languages beyond the state mandated one- year requirement. AP Spanish and Latin America are connected to Seton Hall's Project Acceleration program and can earn student college credit. French, Spanish, and Latin students have the opportunity to be recognized in each language for their prospective World Language National Honor Society. Students are also given the opportunity to earn the New Jersey State Seal of Biliteracy. The department offers the following sequence of courses, including French and Spanish honors tracks:

- o French II, III, IV, and Advanced Placement French
- o Foundations of Spanish, Spanish I, II, III, IV, and Advanced Placement Spanish
- o AP Spanish and Latin America, Project Acceleration for college credit with Seton Hall University
- o English as a Second Language Program (Beginner, Intermediate and Advanced)
  - American Sign Language I and II

The world language website is at: <https://www.monmouthregional.net/Domain/41>

**The ESL Department** epitomizes Monmouth Regional High School's diversity is comprised of students who speak over ten different languages. The primary goal is to build on students' existing academic, social, and cultural background to assist them in becoming proficient in English. Student enrolled in the program receive English language instruction in either beginning, intermediate, or advanced classes. In addition, MRHS offers Sheltered Instruction across all subject areas and an Immersion program currently aligned with our English/ELA courses. Students are also given the opportunity to earn the New Jersey State Seal of Biliteracy. The ESL website is at:

<https://www.monmouthregional.net/Domain/608>

Clubs and programs like the ones listed below offer student's opportunities for involvement in service learning, authentic learning, interdisciplinary learning, and leadership development:

- o French Club
- o Hispanic Heritage Month
- o Spanish Club
- o American Sign Language Club

**The Physical Education Department** offers a wide variety of activities that allow students to develop socially, emotionally, cognitively, and physically. Students are involved in many activities including the use of the fitness center and the Adventure Training course. The low elements course was built in 2005 while the high elements course was built in 2006. In 2018, the district passed a bond referendum. Part of the referendum work was the construction of a third gymnasium. This gymnasium has been incorporated into the curriculum and athletic schedules. Students are taught teamwork, problem-solving, and motivational techniques throughout these activities. Included as part of the Physical Education Department are drivers' education and health. Additional equipment has been purchased to enhance and expand the healthy lifestyle program. The Health curriculum was designed to teach students life skills. Activities in the classes foster communication skills and cooperative learning that teach, among other things, respect. The Physical Education Department website can be located at the following address: <https://www.monmouthregional.net/domain/42>

**The Business Department** offers both elective and required financial literacy courses that provide students with the need to develop into lifelong learners who have the knowledge and skills to adapt to an evolving workplace and world. Electives in the department enable students to make informed decisions that prepare them to engage as active citizens, as well as learn: career ready practices, personal financial literacy, career awareness and preparation for career and technical education. All courses are infused with 21<sup>st</sup> century life and career skills. Students are afforded the opportunity to express themselves creatively and develop their own imagination while gaining a broad appreciation of the business world. Some courses that are offered are: Introduction to Business, Business Ethics, Marketing Education, Accounting, Business Finance Seminar and Sports & Entertainment Marketing. The department also offers a Business Academy which further enhances the above offerings and provides more advanced study for students wishing to pursue a Business degree in college.

**The Family and Consumer Science Department** offers courses that meet the Visual and Performing Arts or Practical Arts graduation requirement. Course offerings include: Fashion & Apparel I-III, Interior Design, Foods I, Food Service, Gourmet Foods, Independent Living, Child Development as well as Child Development Lab & Field Experience. These highly accomplished programs have received accolades at the Regional, State and National Levels.

**The Industrial Arts Department** offers courses that emphasize and meet the New Jersey Career and Technical Education Standards as well as the 21 Century Life and Career Skills. There are courses such as: Introduction to Graphic Arts, Robotics, Engineering Graphics, Pre-Engineering, Architectural Design and Photography I-IV. In addition to these offerings, there are expanded courses in the STEM Academy that further support those future career paths.

**The Music Department** offers students the opportunity to take courses in Orchestra, Chorus, Band, Marching Band, Basic Drama, Music Theory and Advanced Placement Music Theory, Music Appreciation and the History of American Popular Music. In addition to these offerings, students wishing to combine a college preparatory academic schedule with advanced arts training have the opportunity to audition for the Performing Arts Program. These students will take classes in Musical Theater Performance, Dance and Acting. The Performing Arts website can be found at the following address: <https://www.monmouthregional.net/domain/37>

### **Student Activities and Athletics**

Monmouth Regional High School is home to 22 sports teams and over 40 student activities clubs/organizations. Combined, these teams/clubs have brought distinction to Monmouth Regional High School by being the recipient of countless awards and recognition. A few examples of such honors are:

- **Count Basie Awards for drama productions**
- **Jazz and Marching Band Competition awards of 1<sup>st</sup> place**
- **Local, county and state champion sports teams**
- **Sportsmanship Awards for sports teams voted on by other coaches**
- **Winning the Physics Olympics**
- **DECA national and state awards**
- **FCCLA national and state awards**
- **FBLA national and state awards**

### **Hall of Fame**

In 2010 the district restarted the Hall of Fame. There are two categories- Academic and Athletic. In 2012, 2014, 2016 and 2018 the honorees were included to be former employees of the district. Due to the Pandemic, there was no induction for 2020. The next celebration will be Fall 2023. This program runs every 2 years and has been very successful. It is one of the many unique programs about Monmouth Regional High School.

### **New Jersey Student Learning Standards**

Our district is in line with the New Jersey Student Learning Standards (formerly the New Jersey Core Curriculum Contents Standards). All district curricula have been aligned with the Standards.

## **Staff Development**

The Monmouth Regional High School District provides its teaching staff with many opportunities for professional development. New teachers/staff have an additional day dedicated to new teacher training. A teacher's manual is given to all new teachers as well as an assigned mentor to provide support throughout the school year.

In the beginning of the year, two full days are dedicated to staff development. The teachers meet in the morning for sessions, have lunch, and then in the afternoon have breakout sessions regarding the training.

During the year there are three additional days dedicated to staff development. The topics can range from bullying, character education, technology diversification and assessment. The teachers spend the morning in workshops, have lunch and then in the afternoon have breakout sessions to work on their assessments. Throughout the school year teachers are afforded the opportunity for professional days as well as after school programs taught in-district. Technology has been rapidly changing in Monmouth Regional.

## **Technology**

The district technology plan, originally written in 1997, was re-approved for a three year period of July 1, 2013 to June 30, 2016. Currently, the district is not required to update the plan. The plan can be found at this link:

<https://www.monmouthregional.net/cms/lib/NJ01912813/Centricity/Domain/260/District%20Technology%20Plan%202013%20-%202016.pdf>

Due to the Pandemic, the technology department has pivoted from having laptop carts in classrooms available to going 1:1 for all students in the district. This conversion has been monumental regarding coordination of logistics and inventory. In addition to this change of course, the department has continued to keep up with the ever changing software/program options for in classroom and remote learning.

## **Middlestates:**

During 2016-2017, the district underwent evaluation for accreditation with Middlestates. In October 2017, the district received notification that it is renewed for accreditation from December 1, 2017 to December 1 2024. Congratulations to everyone who worked so hard to achieve this certification.

## MONMOUTH REGIONAL HIGH SCHOOL

### Mission Statement

Monmouth Regional High School creates an environment that values collaboration and emphasizes the equality of our diverse community. We have established and embraced a learning environment that readies students for a global, information-based society through academics, extracurricular opportunities, and community outreach.

### Belief Statements

All members of the Monmouth Regional Learning Community will commit to:

- Educating all children with respect, recognition, and appreciation of their individuality
- Developing partnerships between administration, faculty, staff, parents, and students through effective communication among all stakeholders
- Promoting student respect through valuing diversity; cultural backgrounds and customs; various ways of communicating; and acceptance of traditions and values.
- Transforming students into critical thinkers who succeed individually, and as members of a team through use of diverse critical analysis.
- Developing our students as lifelong learners with an emphasis on college, work, and life
- Providing challenges through rigorous academics that provide students with opportunities for post-high school success
- Effectively integrating technology as a tool of personal and communal betterment, and the development of 21st century competencies and digital citizenship

### **Business Office**

The business office is comprised of the following individuals: School Business Administrator, Part Time Clerk, Secretary to the Business Administrator, Accounts Payable, and Transportation Supervisor. This office is responsible for financially running the school district. Increased workload due to challenges faced from State and Federal mandates, while maintaining current staff levels, continues to be a challenge. In 2019-2020, the district changed business office software to Genesis. This conversion has enabled the offices to be more productive. The office is continually looking to streamline costs and find new opportunities for the district. The office continues to be a hard working component of the entire district.

### **ECONOMIC CONDITION AND OUTLOOK**

With the closing of Fort Monmouth on September 15, 2011, all three towns did struggle regarding business development and retaining a positive economic turn. The Fort Monmouth Economic Revitalization Authority <https://www.fortmonmouthnj.com/> has been very active in bringing to new life this beautiful historic area. Retail, Entertainment, Housing, and Industrial structures are on the horizon. The news has been on fire with rumors that Netflix may purchase/build a building on the property. The end result is nothing short of a success for everyone within the boundaries of the fort. These changes will help the economics of the three towns and help Monmouth Regional with families moving within the district boundaries. Eatontown has seen plans for a renovated Monmouth Mall along with updates to existing structures in assisting it to be a shopping go-to destination.

One outcome of the Pandemic has been the “sellers’ market” for real estate. There has been much activity in all three receiving districts regarding transactions.

In Tinton Falls, residential housing will increase for the next several years due to new communities being built and opened over the next few years. There has been increased development in Tinton Falls with new housing along Wyckoff Road and commencement of a townhome development across the street from the High School (Fort Monmouth property). These new town homes will have an effect on the future enrollment of Monmouth Regional. The percent of share, the calculation based upon current enrollments for determining how Monmouth Regional High School’s tax levy is split for the past few years is listed below:

2012-2013	57.2909531
2013-2014	55.5697071
2014-2015	57.3717316
2015-2016	57.989
2016-2017	59.1637102
2017-2018	57.7859514
2018-2019	55.9975273
2019-2020	57.8152982
2020-2021	59.0445221
2021-2022	58.9751146

While smaller geographically than Tinton Falls, Eatontown has a larger population and is more densely populated. Eatontown is 90% developed and has fewer than fifty lots available for residential development. The percent of share for Eatontown over the past few years is listed below:

2012-2013	41.3552031
2013-2014	43.2261970
2014-2015	41.3758119
2015-2016	40.63
2016-2017	39.403898
2017-2018	41.0396359
2018-2019	43.0812119
2019-2020	41.3694041
2020-2021	40.2956963
2021-2022	40.2834560

Shrewsbury Township has no development planned and all shifts in enrollment are a result of family dynamics. Shrewsbury's percent of share is the final percentage to total 100% for the district. For 2021-2022, the percentage is .7414294, up from 0.6597816 in the prior year.

Enrollment has been unsteady over the past few years. At the October 15, 2022, Application for State School Aid- enrollment was 940.00 students, up from 915.5 students in the prior year. The increased real estate market, additional building at the former Fort Monmouth Property and the local closing of a private school during last year have assisted in the increase in enrollment. The district hopes to continue seeing the numbers improve in the coming years.

The Board of Education, Administration, Faculty and Staff would like to thank the voters of Tinton Falls, Shrewsbury Township and Eatontown for their support of this recent referendum. These projects are expected to commence in early summer 2023.

## **INTERNAL CONTROLS**

Management of the district is responsible for establishing and maintaining an internal control system designed to ensure that the assets of the district are protected from loss, theft, or misuse; and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally-accepted accounting principles (GAAP). The internal control system is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of state and federal awards, the district is also responsible for ensuring that an adequate internal control system is in place to ensure compliance with applicable laws, regulations, contracts and grants related to those programs. This internal control system is also subject to periodic evaluation by the district management.

As part of the district's single audit, described earlier, tests are made to determine adequacy of the internal control system, including that portion related to federal and state financial assistance programs, as well as to determine that the district has complied with applicable laws and regulations.

The district has an approved Standard Operating Procedure manual which is posted on the district website and also is in the process of finishing a Purchasing Manual for additional guidance on strong internal controls in the area of purchasing and cash receipts/disbursements.

## **BUDGETARY CONTROLS**

In addition to internal accounting controls, the district maintains budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the county. Annual appropriated budgets are adopted for the general fund, the special revenue funds, and the debt service fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

The Budget is developed first by presenting a budget timeline to the Board of Education. Working around the due dates to the County Office, the Business Administrator works with the Superintendent, Administrators and Supervisors to compile a thorough and efficient budget. The tentative budget is presented to the Board of Education for approval and then submitted to the county office for approval. Upon county approval, the budget is advertised, and a public hearing is held before final adoption.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance at fiscal year-end. Those amounts to be re-appropriated are reported as reservations of fund balance on June 30, 2022.

## **ACCOUNTING SYSTEM AND REPORTS**

The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds are explained in "Notes to the Financial Statements", Note 1.

## **DEBT ADMINISTRATION**

On November 6, 2012, the voters approved a referendum in the amount of \$6,149,000. This is the new amount outstanding in general obligation bonds which will be paid off over 11 years. Current balance as of June 30, 2022, was \$1,214,000.

On April 11, 2019, the bonds were sold for the recently passed referendum. These bond monies are eligible for debt service aid. Current balance as of June 30, 2022, was \$20,585,000.

## **CASH MANAGEMENT**

The investment policy of the district is guided in large part by state statute as detailed in "Notes to the Basic Financial Statements", Note 3. The district has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provision of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institute in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

## **RISK MANAGEMENT**

The Board carried various forms of insurance, including but not limited to general liability, automobile liability and comprehensive collision, hazard and theft insurance on property and contents, and fidelity bonds.

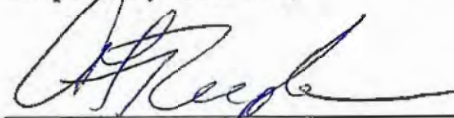

## INDEPENDENT AUDIT

State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Cannone and Company was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet requirements of the Single Audit Act of 1984, as amended and the related OMB Circular A-133 and state Treasury Circular Letter 04-04 OMB. The auditor's report on the basic financial statements, combining, individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

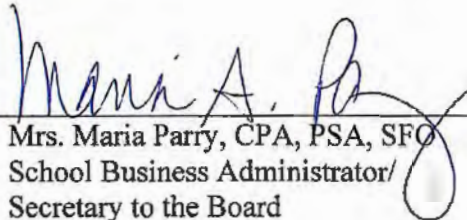

## ACKNOWLEDGEMENTS

We would like to express our appreciation to the members of the Monmouth Regional High School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our district staff.

Respectfully submitted,

**Independent Auditor's Report**

The Honorable President and  
Members of the Board of Education  
Monmouth Regional High School District  
County of Monmouth  
Tinton Falls, New Jersey

**Report on the Financial Statements*****Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Monmouth Regional High School District Board of Education, in the County of Monmouth, State of New Jersey, as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively compromise the School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Monmouth Regional High School District Board of Education, in the County of Monmouth, State of New Jersey, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Finance, Department of Education, State of New Jersey, the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (the "Uniform Guidance"), the audit requirements of State of New Jersey OMB Circular 15-08 "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid," and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards

and provisions are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles general accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibility for the Audit of Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, the Uniform Guidance, the State of New Jersey OMB Circular 15-08 and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements,

In performing an audit in accordance with generally accepted auditing standards, the Uniform Guidance, the State of New Jersey OMB Circular 15-08 and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matters***

Accounting principles generally accepted in the United States of America require that the Management Discussion and Analysis and Budgetary Comparison Information on pages 31 through 41 and 97 through 109 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Monmouth Regional High School District Board of Education's basic financial statements. The accompanying introductory section, combining fund financial statements, financial schedules and statistical information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying introductory section, combining fund financial statements, financial schedules and statistical information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling

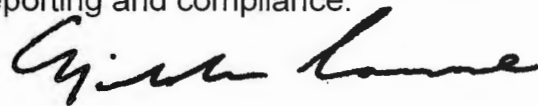

such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying introductory section, combining fund financial statements, financial schedules and statistical information are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section, financial schedules and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 15, 2023, on our consideration of Monmouth Regional High School District Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Monmouth Regional High School District Board of Education's internal control over financial reporting and compliance.

***MANAGEMENT'S DISCUSSION AND ANALYSIS***

**MONMOUTH REGIONAL HIGH SCHOOL DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2022  
UNAUDITED**

The discussion and analysis of Monmouth Regional High School District's financial performance provides an overall review of Monmouth Regional's financial activities for the fiscal year ended June 30, 2022. The intent of this discussion and analysis is to look at Monmouth Regional High School's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the Monmouth Regional High School's financial performance.

The Management's Discussion and Analysis (MD&A) is a new element of Required Supplementary Information specified in the Governmental Accounting Standards Board's (GASB) Statement No. 34 – *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments* issued in June 1999.

### **Financial Highlights**

Key financial highlights for 2022 are as follows:

In total, net assets increased **\$1,696,078**, which represents an approximate 24 percent increase from 2021.

Program specific revenues in the form of charges for services and operating grants and contributions including business type activities accounted for **\$8,337,389** or 22 percent of total revenues of **\$37,213,212**.

Breaking down the detail of the statement of net assets, for governmental activities one will see that total assets of such governmental activities decreased by \$2,699,031 as cash and cash equivalents and investments decreased by \$1,621,238, receivables increased \$392,273, restricted assets decreased \$92,774, deferred outflows of resources related to pensions decreased by \$510,776 and capital assets decreased \$866,516.

Monmouth Regional High School had **\$35,517,134** in expenses; only **\$8,337,389** of these expenses was offset by program specific charges for services, grants, or contributions. General revenues (primarily taxes) of **\$28,725,823** and fund balance were adequate to provide for these programs.

Among governmental funds, the General Fund had **\$32,883,786** in revenues and **\$32,938,873** in expenditures. The General Fund's fund balance decreased **\$55,087** before other financing sources/uses in 2022.

### **Using this Annual Comprehensive Financial Report (ACFR)**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Monmouth Regional High School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

This annual report consists of three parts—management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of Monmouth Regional High School:

**District-Wide Financial Statements (Statement of Net Assets and Statement of Activities)**

- The first two statements are district-wide financial statements that provide both short-term and long-term information about the Monmouth Regional’s overall financial status.

**Fund Financial Statements**

- The remaining statements are fund financial statements that focus on individual parts of Monmouth Regional, reporting Monmouth Regional’s operations in more detail than the district-wide statements.
- The governmental funds statements tell how basic services like regular and special education were financed in the short term as well as what remains for future spending.
- Proprietary funds statements offer short and long-term financial information about the activities Monmouth Regional operates like businesses, such as food services.
- Fiduciary funds statements provide information about the financial relationships in which Monmouth Regional High School acts solely as a trustee or agent for the benefit of others.

The financial statements also include notes that explain some of the information in the statements and provide data that are more detailed. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of Monmouth Regional High School Board of Education’s budget for the year.

## **Fund Financial Statements (Continued)**

The Statement of Net Assets and Statement of Activities provide information about the activities of the whole School District, Monmouth Regional High School, presenting both an aggregate view of Monmouth Regional's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental fund, these statements tell how services were financed in the short-term as well as what remains for future spending. In the case of Monmouth Regional High School District, the General Fund is by far the most significant fund.

### **Reporting the School District as a Whole Statement of Net Assets and the Statement of Activities**

While this document contains the large number of funds used by Monmouth Regional to provide programs and activities, the view of Monmouth Regional High School, as a whole looks at all financial transactions and asks the question, "How did we do financially during 2020-2021?" The Statement of Net Assets and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector businesses. These bases of accounting consider all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the district's net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the district as a whole, the financial position of Monmouth Regional High School has improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Non-financial factors include the Percent of Share property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Assets and the Statement of Activities, Monmouth Regional High School is divided into two district kinds of activities:

Governmental activities – All of Monmouth Regional High School's programs and services are reported here including instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.

Business-Type Activity – This service is provided on a charge for goods or services basis to recover all the expenses of the goods or services provided. The Food Service enterprise fund is reported as a business activity.

### **Reporting Monmouth Regional High School's Most Significant Funds Fund Financial Statements**

Fund financial reports provide detailed information about Monmouth Regional High School's funds. The district uses many funds to account for a multitude of financial transactions. Monmouth Regional High School's governmental funds are the General Fund, Special Revenue Fund, Capital Projects Fund, and Debt Service Fund.

#### **Governmental Funds**

The district's activities are reported in governmental funds, which focus on how money flows in and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of Monmouth Regional

**Governmental Funds (Continued)**

District's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

**Enterprise Fund**

The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

**Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the district-wide and fund financial statements.

### The School District as a Whole

Recall that the Statement of Net Assets provides the perspective of Monmouth Regional High School as a whole. Net assets may serve over time as a useful indicator of a government's financial position. Monmouth Regional's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

Table 1 provides a summary of Monmouth Regional High School's net assets for 2022 with comparative amounts for 2021.

### Governmental Activities

The unique nature of property taxes in New Jersey creates the legal requirements to annually seek over approval for Monmouth Regional High School District operations. Property taxes made up approximately 68 percent of revenues for governmental activities for Monmouth Regional High School District for fiscal year 2022. Monmouth Regional's total revenues (per exhibit B-2) were \$36,369,492 for the year ended June 30, 2022. Federal, state, local grants, other and state aid accounted for another 32 percent of revenue.

### Business-Type Activities

Revenues for Monmouth Regional's business-type activities (food service program) were comprised of charges for services and federal and state reimbursements.

Food service revenues exceed expenditures by **\$81,428**.

Charges for services represent **\$65,975** of revenue. This represents amounts paid by patrons for daily food service. It is to be noted in the 2021-2022 school year, the district resumed full day operations.

Federal and state reimbursement for meals, including payments for free and reduced lunches and breakfast, and donated commodities was **\$418,425**. The district provided a subsidy of \$150,000 during the 2021-2022 year.

## Governmental Activities-

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the Regional District's taxpayers by each of these functions.

**Table A-3  
Cost of Services vs Net Cost of Services**

	<b>Total Cost of Services 2022</b>	<b>Net Cost of Services 2022</b>	<b>Total Cost of Services 2021</b>	<b>Net Cost of Services 2021</b>

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration, and business include expenses associated with administrative and financial supervision of Monmouth Regional High School District.

Operation and maintenance of facilities involve keeping the school grounds, buildings, and equipment in an effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by State law.

Interest on debt involves the transactions associated with the payment of interest and other related charges to debt of Monmouth Regional High School District.

### The School District's Funds

All governmental funds (i.e., general fund, special revenue fund, capital projects fund and debt service fund presented in the fund-based statements) are accounted for using the modified accrual basis of accounting. Total revenues amounted to **\$36,369,492** and expenditures were **\$36,725,335**. The most significant change was a decrease of \$1,102,957 in the capital projects fund.

As demonstrated by the various statements and schedules included in the financial section of this report, Monmouth Regional High School continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds for the fiscal year ended June 30, 2022, and the amount and percentage of increases and decreases in relation to prior year revenues.

**The School District's Funds (Continued)**

**Table A-4  
Summary of Revenues-Governmental Funds**

<u>Revenue</u>	<u>Amount</u>	<u>Percent of Total</u>	<u>Increase (Decrease) from 2021</u>	<u>Percent of Increase (Decrease)</u>
Local Sources	\$ 26,285,248	72.27%	\$ 747,016	2.93%
State Sources	9,114,778	25.06%	\$ 1,185,282	14.95%

<b>Total</b>	<b>\$ 36,369,492</b>	<b>100.00%</b>	<b>\$ 2,292,818</b>	<b>6.73%</b>

The increase in Local Sources is mostly attributed to an increase in tax levy, capital leases, miscellaneous revenue, and rental fees.

The increase in state sources is mostly attributed to an increase in state grants.

The increase in Federal Sources is mostly due to an increase in federal special revenue grants.

The following schedule presents a summary of General Fund, Special Revenue Fund and Debt Service Fund expenditures for the fiscal year ended June 30, 2022, and the percentage of increases and decreases in relation to prior year amounts.

**Table A-5  
Summary of Expenditures-Governmental Funds**

<u>Expenditures</u>	<u>Amount</u>	<u>Percent of Total</u>	<u>Increase (Decrease) from 2021</u>	<u>Percent of Increase (Decrease)</u>
Current Expense:				
Instruction	\$ 10,254,080	27.92%	\$ 896,652	9.58%
Undistributed Expenditures	23,441,814	63.83%	2,141,269	10.05%
Capital Outlay	983,736	2.68%	(2,652,833)	-72.95%
Debt Service	2,045,705	5.57%	(12,571)	-0.61%
<b>Total</b>	<b>\$ 36,725,335</b>	<b>100.00%</b>	<b>\$ 372,517</b>	<b>1.02%</b>

Changes in expenditures were the results of varying factors. Current expense instructional increased due to additional faculty being hired as a result of scheduling and returning to full time in-person learning. Current expense undistributed increased due to a contribution to food service, benefits (the addition of the EHP plan bearing a larger percentage of employer share contributions), maintenance, and transportation costs. The decrease in capital outlay was due to the winding down of projects approved under the 2018 referendum.

### **General Fund Budgeting Highlights**

Monmouth Regional High School District's budget is prepared according to New Jersey law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

Over the course of the year, Monmouth Regional High School revised the annual operating budget several times. Revisions in the budget were made to recognize revenues that were not anticipated and to prevent over-expenditures in specific line-item accounts. Several of these revisions bear notation:

- Personnel changes that took place after the budget was approved and contracts settled.
- Facilities maintenance and upkeep items that needed repair and not planned.
- Purchases for Technology to bring the district in line with testing requirements and curriculum standards.
- Extraordinary aid, which is state aid for special education students whose individual program cost exceeds \$40,000 per year, was not anticipated as there is no guarantee from the Department of Education that these funds would be available.
- TPAF, which is the state's contribution to the pension fund, is neither a revenue item nor an expenditure item to the district but is required to be reflected in the financial statements.
- Tuition for special education students over or under what has been estimated during budget preparation.
- Student transportation is provided using a blend of in-house and vendor services. Depending on the type of service, transfers to various accounts were needed to pay these costs.
- An increase in capital outlay purchases for the instructional programs and the operations/maintenance department.

### **Capital Assets**

At the end of the fiscal year 2022 the School District had \$30,513,684 invested in land, building, furniture and equipment, and vehicles. Table A-6 shows fiscal year 2022 balances compared to 2021.

### Debt Administration

On June 30, 2022, Monmouth Regional High School had **\$23,769,745** of outstanding debt. Of this amount, **\$1,493,668** is for compensated absences; **\$477,077** for various capital leases; and **\$21,799,000** of serial bonds for school construction dated 2013 (\$1,214,000) and serial bonds for school construction dated 2018 (\$20,585,000).

### For the Future

The Monmouth Regional High School District is in good financial condition presently. The School District is proud of its community support of the public schools, especially over this past school year. As the district returned to 'back to normal', the business office also returned to regular operations. While most departments are returning, mental health has presented itself as another important factor in development of school budgets to support the whole student. The continued low inventory, high sales price real estate market has impacted enrollment in the district. The former Fort Monmouth has initiated a renaissance in Tinton Falls, Eatontown, and Shrewsbury Township – new housing, retail, business, and dining opportunities await residents of the three home districts. A personnel shortage in the transportation industry has forced districts to spend more budget dollars on contracted transportation and employing drivers. These challenges, along with reduced state aid while providing a quality education is on the top priority list for the Administration and Board.

Continued

With the completion of the \$22.386 referendum and completion of the of the six-million-dollar referendum, the district is excited to continue moving forward in making the school more competitive amongst other school districts. In November 2022 a \$15,025,000 referendum, planned for a year, was approved. These projects to improve and maintain the structure and the surrounding landscaping will bring the building and outside facilities up to date and even ahead of some districts. Additionally, the recent move to non-voting on the tax levy will allow the administration to plan accordingly in light of changing economic times. The district is focused on bringing students back from choosing a private school to choosing Monmouth Regional High School. Future challenges are tuition, transportation, the continued loss in state aid for 2023-2024 [and future years] and how to balance it all. In conclusion, the Monmouth Regional High School District has committed itself to financial excellence for many years. Additionally, the School District's system for financial planning, budgeting, and internal financial controls are well regarded. Monmouth Regional High School District plans to continue its sound fiscal management to meet the challenge of the future.

**Reconciliation of the Statement of Revenues, Expenditures,**  
**and Changes in Fund Balances of Governmental Funds**  
**to the Statement of Activities**  
**For the Year Ended June 30, 2022**

**Total net change in fund balances - governmental funds (from B-2)** \$ 209,930

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

This is the amount by which capital outlays exceeded depreciation in the period.

Depreciation expense	(1,934,545)	
Fixed assets adjustments	84,693	
Capital outlays	983,736	(866,116)

Right to use assets are reported in the governmental funds as expenditures. However, in the statement of activities, the cost of those assets are allocated over their term as amortization expense.

Recording of Right to Use Assets	603,183	
Amortization expense	(122,899)	480,284

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of activities.

1,485,000

Proceeds from debt issues are a financing source in the governmental funds. They are not revenue in the statement of activities; issuing debt increases long-term liabilities in the statement of net assets.

Proceeds of long-term debt

Bond Premium

Accrued interest received on bond insurance

Capital lease proceeds

	(565,773)	(565,773)

The net pension liability reported in the statement of activities does not require the use of current financial resources and is not reported as an expenditure in the governmental funds:

Change in pension liability(net)	1,844,325	
Change in deferred outflows	(510,776)	
Change in deferred inflows	(248,388)	1,085,161

In the statement of activities, interest on long-term debt in the statement of activities is accrued, regardless of when due. In the governmental funds, interest is reported when due. The accrued interest is a deduction in the reconciliation.

In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+).

Prior year accrued interest on long term debt which was paid in the current year	280,493	
Current year accrued interest on long term debt which was not paid in the current year	(222,242)	
Decrease in compensated absences payable	83,571	
Prior period adjustment to special revenue beginning balance	(1,300)	
Capital lease payments	125,926	266,448

Revenues in the statement of activities which do not provide current financial resources are not reported as revenues in the funds. (+)

***NOTES TO THE FINANCIAL STATEMENTS***

**MONMOUTH REGIONAL HIGH SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2022**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Monmouth Regional High School Board of Education have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The accompanying financial statements present the financial position of the District and the various funds and fund types, the result of operations of the District and the various fund and fund types, and the cash flows of the proprietary funds. The financial statements are presented as of June 30, 2022.

A. Reporting Entity:

The Monmouth Regional High School District is a Type II district located in the County of Monmouth, State of New Jersey. As a Type II district, the District functions independently through a Board of Education (Board). The Board consists of elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is the degree of oversight responsibility maintained by the District. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. The combined financial statements include all funds of the District over which the Board exercises operating control. The operations are a senior high school. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

B. Basis of Presentation, Basis of Accounting:

The School District's basic financial statements consist of District-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

**MONMOUTH REGIONAL HIGH SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2022**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation, Basis of Accounting (Continued):

Basis of Presentation

*District-wide Statements:* The statement of net assets and the statement of activities display information about the District as a whole. These statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activity of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of net assets presents the financial condition of the governmental and business-type activity of the School District at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for the business-type activity of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the School District.

*Fund Financial Statements:* During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category – *governmental*, *proprietary*, and *fiduciary* – are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

**MONMOUTH REGIONAL HIGH SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2022**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation, Basis of Accounting (Continued):

Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types."

Governmental Fund Types

General Fund: The general fund is the general operating fund of the District and is used to account for all expendable financial resources except those required to be accounted for in another fund.

Special Revenue Fund: The District accounts for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes in the special revenue funds.

Capital Projects Fund: The capital projects fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

Debt Service Fund: The debt service fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

Proprietary Fund Type

Enterprise (Food Service) Fund: The enterprise fund accounts for all revenues and expenses pertaining to cafeteria operations. The Food Service Fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges.

**MONMOUTH REGIONAL HIGH SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2022**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation, Basis of Accounting (Continued):

Fiduciary Fund Types

Trust and Agency Funds: The trust and agency funds are used to account for assets held by the District on behalf of outside parties, including other governments, or on behalf of other funds within the District.

Nonexpendable Trust Fund: A nonexpendable trust fund is used to account for assets held under the terms of a formal trust agreement, whereby the District is under obligation to maintain the trust principal.

Agency Funds (Payroll and Student Activities Fund): Agency funds are used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations.

Expendable Trust Funds: Expendable trust funds are used to account for the assets that the District holds whose principal and income may be expended in the course of their designated operations so that they are depleted by the end of their designated life.

C. Basis of Accounting:

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

*District-wide, Proprietary, and Fiduciary Fund Financial Statements:* The District-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the enterprise fund and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures. Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable". Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

**MONMOUTH REGIONAL HIGH SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2022**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting (Continued):

*Governmental Fund Financial Statements:* Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

It is the District's policy, that when an expenditure is incurred for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, to apply restricted resources first followed by unrestricted resources. Similarly, within unrestricted fund balance, it is the District's policy to apply committed resources first followed by assigned resources and then unassigned resources when an expenditure is incurred for which amounts in any of those unrestricted fund balance classifications could be used.

Under the terms of grant agreements, the District may fund certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenue. Therefore, when program expenses are incurred, both restricted and unrestricted net position may be available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs followed by general revenue.

D. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office and are voted upon at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. All budget amendments must be approved by School Board resolution. Budget amendments were made during the year ended June 30, 2022.

**MONMOUTH REGIONAL HIGH SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2022**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Budgets/Budgetary Control (Continued):

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the one or more June state aid payments for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

**MONMOUTH REGIONAL HIGH SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2022**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Budgets/Budgetary Control (Continued):

**Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures**

	<u>General Fund</u>	<u>Special Revenue Fund</u>
<b>Sources/inflows of resources</b>		
Actual amounts (budgetary) "revenues"	\$ 32,849,548	\$ 1,440,497
Adjust for State Aid Payment:		
Add: Prior Year Payment	263,238	
Less: Current Year Payment	(229,000)	
Adjust for Encumbrances:		
Add: Prior Year Encumbrances		2,000
Less: Current Year Encumbrances		(2,586)
Total Revenues (GAAP Basis)	<u>\$ 32,883,786</u>	<u>\$ 1,439,911</u>
<b>Uses/outflows of resources</b>		
Actual amounts (budgetary) "total outflows"	\$ 32,938,873	1,465,471
Adjustments:		
Add: Prior Year Encumbrances		2,000
Less: Current Year Encumbrances		(2,586)
Total Expenditures (GAAP Basis)	<u>\$ 32,938,873</u>	<u>\$ 1,464,885</u>

E. Encumbrances:

Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2022**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Short-term Interfund Receivables/Payables:

Short-term interfund receivables/payables represents amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year.

G. Inventories and Prepaid Expenses:

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the enterprise fund are recorded as expenditures during the year of purchase.

H. Fixed Assets:

The District has established a formal system of accounting for its capital assets. Purchased or constructed capital assets are reported at cost. Donated capital assets are valued at their estimated fair market value on the date received. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. The School District does not possess any infrastructure. The capitalization threshold used by school districts in the State of New Jersey is \$2,000.

All reported capital assets except for land and construction in progress are depreciated. Depreciation is computed using the straight-line method under the half-year convention over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
School Buildings	50
Building Improvements	20
Electrical/Plumbing	30
Vehicles	8
Office & computer equipment	5-10
Instructional equipment	10
Grounds equipment	15

**MONMOUTH REGIONAL HIGH SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2022**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Fixed Assets (continued):

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Fixed assets are not capitalized and related depreciation is not reported in the fund financial statements.

I. Accrued Salaries and Wages:

Certain District employees, who provide services to the District over the ten month academic year, have the option to have their salaries evenly disbursed during the entire twelve-month year. New Jersey statutes require that these earned but undisbursed amounts be retained in a separate bank account.

J. Compensated Absences:

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policies. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions.

The liability for compensated absences was accrued using the termination payment method, whereby the liability is calculated based on the amount of sick leave that is expected to become eligible for payment upon termination. The District estimates its accrued compensated absences liability based on the accumulated sick and vacation days at the balance sheet date by those employees who are currently eligible to receive termination payments. Salary-related payments for the employer's share of social security and medicare taxes, as well as pension contributions, are included.

**MONMOUTH REGIONAL HIGH SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2022**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Compensated Absences (Continued):

For the District-wide Statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the governmental funds, in the Fund Financial Statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

K. Deferred Revenue:

Deferred revenue in the special revenue fund represents cash which has been received but not yet earned.

L. Accrued Liabilities and Long-Term Obligations:

All payables, accrued liabilities, and long-term obligations are reported on the District-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

M. Net Assets:

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The School District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

**MONMOUTH REGIONAL HIGH SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2022**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

N. Fund Balance Reserves:

The School District reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unreserved fund balance indicates that portion which is available for appropriation in future periods. A fund balance reserve has been established for encumbrances.

O. Memorandum Only - Total Columns:

Total columns are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles. Neither are such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents includes petty cash, change funds, amounts in deposits, and short term investments with original maturities of three months or less.

Investments are stated at cost, which approximates market. The Board classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB Statement No. 40, *Governmental Accounting Standards Board Deposit and Investment Risk Disclosures*, requires disclosure of the level of custodial credit risk assumed by the District in its cash, cash equivalents, and investments, if those items are uninsured or unregistered. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned.

Interest Rate Risk - In accordance with its cash management plan, the District ensures that any deposit or investment matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk - The District limits its investments to those authorized in its cash management plan which are those permitted under state statute as detailed on the following page.

**MONMOUTH REGIONAL HIGH SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2022**

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS (Continued):

A. Deposits:

New Jersey statutes require that school districts deposit public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation (FDIC), the Savings Association Insurance Fund, or by any other agency of the United States that insure deposits. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds; or

If the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

The State of New Jersey Cash Management Fund is authorized by statute and regulations of the State Investment Council to invest in fixed income and debt securities which mature or are to be redeemed within one year, except that up to 25% of the Fund may be invested in eligible securities which mature within two years; provided, however, that the average maturity of all investments in the Fund shall not exceed one year. Collateralization of Fund investments is generally not required. "Other Than State" participants contribute one tenth of one percent per year of the value of the aggregate units owned by them to establish a Reserve Fund, which is supplemented by the proportional interest of "Other Than State" participants in gains on investment transactions realized.

The Reserve Fund is available to cover losses of "Other Than State" participants occasioned by the bankruptcy of an issuer of an investment held by the Fund and losses on sales of securities

**MONMOUTH REGIONAL HIGH SCHOOL DISTRICT  
 NOTES TO FINANCIAL STATEMENTS  
 YEAR ENDED JUNE 30, 2022**

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS (Continued)

B. Investments:

New Jersey statutes permit the Board to purchase the following types of securities:

- Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America. This includes instruments such as Treasury bills, notes and bonds.
- Government money market mutual funds.
- Any federal agency or instrumentality obligation authorized by Congress that matures within 397 days from the date of purchase, and has a fixed rate of interest not dependent on any index or external factors.
- Bonds or other obligations of the school district or local unit of which the school district is a part.
- Any other obligations with maturities not exceeding 397 days, as permitted by the Division of Investments, New Jersey State Department of Treasury.
- Local government investment pools.
- New Jersey State Cash Management Fund.
- Repurchase agreements of fully collateralized securities, subject to special conditions.

As of June 30, 2022, cash and cash equivalents of the District consisted of the following:

	<u>Cash and Cash Equivalents</u>
Checking, Savings and Money Management	\$ 8,415,737
NJ Cash Management Account	<div style="text-align: right; margin-right: 20px;"> <u>1,556</u>                      \$ 8,417,293                      =====                 </div>

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS (Continued)

B. Investments (Continued):

All of the balances were covered by the either federal depository insurance or by a collateral pool maintained by the banks as required by New Jersey statutes.

Risk Category

All bank deposits, as of the balance sheet date, are entirely insured or collateralized by a collateral pool maintained by public depositories as required by the Governmental Unit Deposit Program Act. In general, bank deposits are classified as to credit risk by three categories described below:

Category 1 – Insured or collateralized with securities held by the Board or by its agent in the Board's name.

Category 2 – Collateralized with securities held by the pledging public depository's trust department or agent in the Board's name.

Category 3 – Uncollateralized including any deposits that are collateralized with securities held by the pledging public depository, or by its trust department or agent, but not in the Board's name.

As of June 30, 2022, the Board has funds invested and on deposit in checking accounts, Money Market/Statement Savings, New Jersey Cash Management Account. These funds constitute "deposits with financial institutions" as defined by GASB Statement No. 3 and are summarized as follows:

<u>Risk Category</u>	<u>Amount</u>
1	\$ 8,417,293

NOTE 3. CAPITAL ASSETS (Continued)

On January 11, 2001, the NJ State Department of Education announced that effective July 1, 2001, the capitalization threshold used by school districts in the State of New Jersey is increased to \$2,000. The previous threshold was \$500. Applying the higher capitalization threshold retroactively (removal of old assets from the General Fixed Assets Account Group) will be permitted by the State regulations in situations where (1) the assets have been fully depreciated, or (2) the assets have exceeded their useful lives. The retirement of machinery and equipment is due to the retroactive application of the higher threshold of equipment capitalization. That is, the District has removed from their records assets with a historical cost greater than \$500 but not greater than \$2,000 that were fully depreciated or had exceeded their useful lives.

Depreciation expense was charged to functions as follows:

NOTE 3. CAPITAL ASSETS (Continued)

On November 6, 2018 the voters of the District voted and approved a Bond Referendum in the amount of \$22,386,000.

The purpose of the Bonds is to:

- undertake various renovations, replacement of the heating ventilation and air conditioning systems, replacement of windows, toilet room upgrades, upgrades to the auditorium, floor replacements, electrical upgrades, roof replacement, an auxiliary gym addition, track upgrades, construct new athletic fields, and acquisition and installation of a new photovoltaic system, as well as acquire any associated equipment and perform the necessary site work
- pay the costs of issuance associated with the Bonds

The financial status of the project is reported as a Capital Project in the report entitled "Summary Statement of Project Expenditures" and appears as Exhibit F-1 in the ACFR.

NOTE 5. PENSION PLANS

Plan Descriptions

All required employees of the District are covered by either the Public Employees' Retirement System (PERS) or the Teachers' Pension and Annuity Fund (TPAF) which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

NOTE 5. PENSION PLANS (Continued)

Plan Descriptions (Continued)

***Teachers' Pension and Annuity Fund (TPAF)***

The TPAF was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The TPAF is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related noncontributing employers.

Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the DOE who have titles that are unclassified, professional and certified.

***Public Employees' Retirement System (PERS)***

The PERS was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The PERS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another State-administered retirement system or other state or local jurisdiction.

*Public Employees' Retirement System (PERS)*

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the PERS and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members accounts.

Significant Legislation

During the year ended June 30, 1997, legislation was enacted (Chapter 114, P.L. 1997) authorizing the New Jersey Economic Development Authority to issue bonds, notes or other obligations for the purpose of financing, in full or in part, the State of New Jersey's portion of the unfunded accrued liability under the State of New Jersey retirement systems. Additional legislation enacted during the year ended June 30, 1997 (Chapter 115, P.L. 1997) changed the asset valuation method from market related value to full-market value. This legislation also contained a provision to reduce the employee contribution rate by  $\frac{1}{2}$  of 1% to 4.5% for calendar years 1998 and 1999, and to allow for a reduction in the employee's rate after calendar year 1999, providing excess valuation assets are available. The legislation also provided that the Districts' normal contributions to the Fund may be reduced based on the revaluation of assets. Due to recognition of the bond proceeds and the change in asset valuation method as a result of enactment of Chapters 114 and 115, all unfunded accrued liabilities were eliminated, except for the unfunded liability for local early retirement incentive benefits, accordingly, the pension costs for TPAF and PERS were reduced.

Contribution Requirements

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for both cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

During the fiscal year ended June 30, 2022, the State of New Jersey contributed \$4,519,101 to the TPAF for normal and post-retirement benefits on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$727,224 during the year ended June 30, 2022 for the employer's share of Social Security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the general-purpose financial statements, and the combining and individual fund and account group statements and schedules as a revenue and expenditure in accordance with GASB 27.

General Information about the OPEB Plan

State Health Benefit State Retired Employees Plan

The State Health Benefit State Retired Employees Plan (State Retired OPEB Plan) is a single-employer defined benefit OPEB plan with a special funding situation. The State Retired OPEB Plan is administered on a "pay-as-you-go" basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The State Retired OPEB Plan covers the State, State colleges and universities, the Palisades Interstate Park Commission, and the New Jersey Building Authority (referred to collectively as "the employers") for which the State is legally obligated to pay for benefits. The State Retired OPEB Plan is treated as a cost-sharing multiple employer plan with a special funding situation for allocating the total OPEB liability and related OPEB amounts since each employer mentioned above is required to issue stand-alone financial statements. The State Retired OPEB Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and the covered dependents of the employees. The State also offers dental care to retirees, however, since dental benefits are completely paid for by the retirees, there is no OPEB liability for these benefits.

In accordance with N.J.S.A. 52:14-17.32, the State is required to pay the premiums or periodic charges for health benefits of State employees who retire with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Judicial Retirement System (JRS), the State Police Retirement System (SPRS), the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen's Retirement System (PFRS), and the Alternate Benefit Program (ABP). In addition, N.J.S.A. 52:14-17.26 provides that for purposes of the State Retired OPEB Plan, an employee of Rutgers, the State University of New Jersey, and New Jersey Institute of Technology shall be deemed to be an employee of the State. Further, P.L.1966, c.302, addresses the other State colleges and universities, whereas while these institutions were provided autonomy from the State, their employees retained any and all rights to health benefits within the State Retired OPEB Plan and are therefore classified as State employees.

NOTE 6. POST-RETIREMENT BENEFITS (Continued)

General Information about the OPEB Plan (Continued)

State Health Benefit State Retired Employees Plan (Continued)

The State Health Benefit Local Education Retired Employees Plan (Local Education Retired OPEB Plan) is a multiple-employer defined benefit OPEB plan with a special funding situation. The Local Education Retired OPEB Plan is administered on a "pay-as-you-go" basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The Local Education Retired OPEB Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and the covered dependents of local education employees. The State also offers dental care to retirees, however, since dental benefits are completely paid for by the retirees, there is no OPEB liability for these benefits.

The employer contributions for the participating local education employers are legally required to be funded by the State in accordance with N.J.S.A. 52:14-17.32f. According to this law, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: TPAF, PERS, PFRS, or ABP.

Pursuant to P.L.2011, c.78, future retirees eligible for postemployment medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

The State is legally required to pay for the OPEB benefit coverage for the participating local education employers. Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. The State, as a nonemployer contributing entity, reported a Fiscal Year 2021 total OPEB liability of \$67,809,962,608 for this special funding situation.

Total OPEB Liability

The State, a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The LEA's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASB No. 75 is zero percent. Accordingly, the LEA did not recognize any portion of the collective net OPEB liability on the Statement of Net Position. Accordingly, the following OPEB liability note information is reported at the State's level and is not specific to the board of education/board of trustees. Note that actual numbers are published in the NJ State's ACFR on the Office of Management and Budget webpage: <https://www.nj.gov/treasury/omb/fr.shtml>.

Actuarial assumptions and other inputs. The total OPEB liability in the June 30, 2021 actuarial valuation reported by the State in the State's most recently issued ACFR was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation rate	2.50%	
Salary Increases	<u>TPAF/ABP</u>	<u>PERS</u>
Through 2026	1.55 – 4.45% Based on service years	2.00 - 6.00% Based on service years
Thereafter	2.75 – 5.65% Based on service years	3.00 - 7.00% Based on service years

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of actuarial experience studies for the periods July 1, 2015 – June 30, 2018, July 1, 2014 – June 30, 2018, and July 1, 2013 – June 30, 2018 for TPAF, PERS and PFRS and PFRS, respectively.

***Health Care Trend Assumptions***

For pre-Medicare medical benefits, the trend rate is initially 5.65% and decreases to a 4.50% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rate for fiscal year 2022 through 2023 are reflected. For PPO the trend is initially 5.74% in fiscal year 2024, increasing to 12.93% in fiscal year 2025 and decreases to 4.50% after 11 years. For HMO the trend is initially 6.01 % in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreases to 4.5% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to a 4.50% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

***Discount rate***

The discount rate for June 30, 2021 was 2.16%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

These amounts represent temporary advances between the various funds.

**NOTE 8. CONTINGENCIES**

The District receives financial assistance from the State of New Jersey and the U.S. Government in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of the funds for eligible purposes. The State and Federal grants received and expended in the 2019-2021 fiscal year were subject to the Single Audit Act of 1984 and New Jersey OMB Circular 04-04 which mandates that grant revenues and expenditures be audited in conjunction with the Board's annual audit. Substantially, all grants and cost reimbursements are subject to financial and compliance audits by the grantors. Further, the School Child Nutrition Program is a recipient of federal (USDA) reimbursements and is subject to certain related federal regulations. The federal reimbursements are subject to subsequent audit and interpretation by the New Jersey Department of Education. The Board and management do not believe such an audit would result in material amounts of disallowed costs.

**NOTE 9. LITIGATION**

The Board attorneys' report that there is no litigation, pending litigation, claims, contingent liabilities, unasserted claims or assessments or statutory violations which involve the Board of Education and which might materially affect the financial position of the District except for the following:

K.M. o/b/o A.M. v. Monmouth Regional Board of Education, and which bears New Jersey Office of Administrative Law Docket No.: EDS-053211-22 and NJ Department of Education Agency Reference No.: 2022-34591.

The litigation addresses an educational programming/placement dispute between the student's parent, the District, and a residential placement where the student (A.M.) currently attends school since July 1, 2020. The student at the center of the dispute is severely disabled. The student is currently twenty (20) years old, and he attends a residential placement in New York State called Shrub Oak International School ("Shrub Oak").

The parent's counsel (representing the student, too) filed an application for emergency relief/due process petition on June 28, 2022. The District was the Respondent (Defendant) in the dispute. However, the reason for the dispute focused on Shrub Oak's actions, not the District's. As such, there was an unusual fact pattern associated with this matter that is explained as follows:

For the 2020-2021, the student attended Shrub Oak. The District and the parents agreed to that placement. Shrub Oak is an expensive residential placement, and the District entered into a contract with Shrub Oak covering the time periods July 1, 2020 to June 30, 2021. The total cost to the District was \$375,000. For the 2021-2022, the District entered into a contract with Shrub Oak covering the time periods July 1, 2021 to June 30, 2022. The total cost to the District was \$390,000.

This represented a typical standard operating procedure of a 3% to 5% cost increase per year to be charged by Shrub Oak to the District.

For the 2022-2023 schooling year, Shrub Oak, without any advanced notification to the District, sought to increase the cost from \$390,000 to \$535,000. This was unprecedented and completely unfair to the District. This approximately 40% increase was sought without any additional services deemed necessary for this student.

**MONMOUTH REGIONAL HIGH SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2022**

NOTE 9. LITIGATION (Continued)

This office contacted Shrub Oak and indicated the District would gladly pay a 5% increase from the 2021-2022 costs, but it flatly rejected the \$145,000 increase sought year-over-year.

Instead of addressing the District's legitimate concerns, Shrub Oak then notified the student's parent that the student's last day of attendance was to be June 30, 2022. As such, the student's parent was expected to remove the student from Shrub Oak at that time.

As indicated previously, this student is severely impaired, and he required 24 hour supervision and treatment at a facility like Shrub Oak. The District and the parent had not identified any alternative placements since Shrub Oak was the "right fit" for this student.

The parties, including Shrub Oak and its in-house counsel, appeared for oral argument on July 1, 2022 before an administrative law judge in the New Jersey Office of Administrative Law. The District maintained that it would pay a 5% increase for 2022-2023 over 2021-2022. Such amount equaled \$408,000.

Shrub Oak balked at that, and sought a compromise of \$455,000. The District maintained its position of \$408,000.

The administrative law judge then heard oral arguments from the parties. The judge ordered the student's programming/placement to remain in a "stay put" arrangement. This is a Federal/State special education provision that states a student's programming/placement must remain as is, otherwise known as "stay put" during the pendency of the litigation. The Judge also ordered the District to pay the \$408,000 costs as previously offered to Shrub Oak for 2022-2023.

The judge issued a written decision on July 2, 2022 memorializing those terms and conditions. The terms and conditions of the written decision remain in effect unless and until the parties resolve all outstanding litigation.

The student remains at Shrub Oak to this day. However, once an application for emergency relief is filed in New Jersey, an accompanying, underlying due process petition is also opened with the Court.

YEAR ENDED JUNE 30, 2022**

NOTE 9. LITIGATION (Continued)

The District and the parents remain in litigation regarding what compensatory services the student may be entitled to receive in the 2023-2024 schooling year. The student's entitlement to possibly receiving these compensatory services is based upon a new State law commonly referred to as S3434. This law went into effect on July 1, 2021, and it is based upon lost services from the pandemic due to students who are turning age 21, and thus "aging out" of their entitlements to special education and related services. The special education laws entitle students to receive special education and related services from ages 3 to 21. Due to the effects of school closures during the pandemic, S3434 allows students turning 21 to possibly receive compensatory services that "carryover" into the following school year after they turn 21.

However, in order to determine whether a student is eligible for these compensatory services, a meeting is required between the parent, the student, and the District. Such a meeting is currently scheduled to take place on or about February 1, 2023. If the parties are unable to resolve their differences after that meeting, then the litigation will continue. The crux of the dispute will be how much compensatory services the student is entitled to receive in 2023-2024. However, if the parties resolve their differences and mutually agree to the duration and frequency of those compensatory services for 2023-2024, then the due process petition will be withdrawn by the parent's counsel.

The parties will inform the Court regarding the February 1, 2023 tentatively scheduled meeting and the litigation will be held in abeyance until after that particular date.

**NOTE 10. COMPENSATED ABSENCES**

The District accounts for compensated absences (e.g. unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement, employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions.

The liability for vested compensated absences of the governmental fund types is recorded in the general long-term account group. The current portion of the compensated absences balance of the governmental funds is not considered material to the applicable funds total liabilities, and therefore, is not shown separately from the long-term liability balance of compensated absences.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees.

**NOTE 11. DEFERRED COMPENSATION**

The Board offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 403(b). The plan, which is administered by a benefits management company, permits participants to defer a portion of their salary until future years. Amounts deferred under the plan are not available to employees until termination, retirement, death or unforeseeable emergency. The Board has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor.

The Board offers several plan administrators for its employees to utilize.

NOTE 12. RISK MANAGEMENT

The Board has contracted with a commercial insurance company to provide coverage for various losses caused by the Board on its employees for losses sustained through other acts. The coverages are subject to various deductibles and coverage limits based on the type of policy coverage included. The coverages and its limits are detailed in the statistical section (Exhibit J-20).

The Board also maintains surety bond coverage on key financial employees.

New Jersey Unemployment Compensation Insurance – The District has elected to fund its New Jersey Unemployment Compensation Insurance under the “Benefit Reimbursement Method”. Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of the balance in the Trust Fund for the current and previous two years.

<u>Fiscal Year</u>	<u>Ending Balance</u>
2021-2022	\$ 376,099

**Debt Service Fund** - The Debt Service Fund balance at June 30, 2022 was \$920,001.

**NOTE 15. CALCULATION OF EXCESS SURPLUS**

The designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to N.J.S.A. 18A:7F-7. New Jersey school districts are required to reserve General Fund fund balance at the fiscal of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2022 is \$1,298,973.

**NOTE 16. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS**

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

**NOTE 17. OTHER**

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions respectively. The amount reported as TPAF Pension Contributions represents the amount paid by the state on behalf of the district for the year ended June 30, 2022. TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2022.

NOTE 18. SUBSEQUENT EVENTS

The Monmouth Regional High School Board of Education has evaluated subsequent events occurring after June 30, 2022 through the date of February 6, 2022, which is the date the financial statements were available to be issued. The District has determined that there are no material subsequent events which need to be disclosed except for the following:

On November 8, 2022, the legal voters of the School District approved a Bond Proposal question which authorizes the School District to (a) undertake various improvements, alterations, renovations, and upgrades to Monmouth Regional High School, including the athletic facilities, as well as acquisition and installation of fixtures, furniture, equipment and any site work; and (b) to appropriate \$15,025,000, and to issue bonds in an amount not to exceed \$15,025,000.

A bond sale in the amount of \$15,025,000 to finance the above-listed construction projects took place on January 12, 2023, and the construction bids are expected to be awarded on or about March 7, 2023.

NOTE 19. CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the Monmouth Regional High School Board of Education by inclusion of \$1 on October 19, 2000 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund, and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by Board resolution at year-end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A district may also appropriated additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A.19:60-2. Pursuant to N.J.A.C.6:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

NOTE 20. CONTINGENT LIABILITIES

The District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. To the extent that the District has not complied with the grant rules and regulations, refunds of any money received may be required and the collectability of any related receivable at June 30, 2022 may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provisions have been recorded in the accompanying combined financial statements for such contingencies.

NOTE 21. ECONOMIC DEPENDENCY

The District receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, could affect the District's programs and activities.

PART II***

**Monmouth Regional High School District  
Required Supplementary Information  
Budgetary Comparison Schedule  
Note to RSI  
For the Fiscal Year Ended June 30, 2022**

**Note A - Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures**

		General Fund		Special Revenue Fund
<b>Sources/inflows of resources</b>				
Actual amounts (budgetary basis) "revenue"				
from the budgetary comparison schedule	[C-1]	\$ 32,849,548	[C-2]	\$ 1,440,497
Difference - budget to GAAP:				
Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized.				(586)
State aid payment recognized for budgetary purposes, not recognized for GAAP statements		(229,000)		
Prior year state aid payment recognized for GAAP purposes in current year		263,238		
 Total revenues as reported on the statement of revenues, expenditures and changes in fund balances - governmental funds.	 [B-2]	 \$ 32,883,786	 [B-2]	 \$ 1,439,911
 <b>Uses/outflows of resources</b>				
Actual amounts (budgetary basis) "total outflows" from the budgetary comparison schedule	[C-1]	32,938,873	[C-2]	1,465,471
Differences - budget to GAAP				
The district budgets for claims and compensated absences only to the extent expected to be paid, rather than on the modified accrual basis.				
Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for <i>budgetary</i> purposes, but in the year the supplies are received for <i>financial reporting</i> purposes.				(586)
Transfers to and from other funds are presented as outflows of budgetary resources but are not expenditures for financial reporting purposes.				
Net transfers (outflows) to general fund				-
 Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds	 [B-2]	 \$ 32,938,873	 [B-2]	 \$ 1,464,885

***PROPRIETARY FUNDS  
DETAIL STATEMENTS***

Proprietary Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the district's board is that the costs of providing goods or services be financed through user charges.

**Food Services Fund** - This fund provides for the operation of food services in all schools within the school district.

**THIS SECTION HAS ALREADY BEEN INCLUDED IN STATEMENTS B-4, B-5, AND B-6.**

***FIDUCIARY FUNDS  
DETAIL STATEMENTS***

Fiduciary Funds are used to account for funds received by the school district for a specific purpose. Agency Funds are used to account for assets held by the school district as an agent for individuals, private organizations, other governments and/or other funds.

**Student Activity Fund** - This agency fund is used to account for student funds held at the schools.

**Payroll Fund** - This agency fund is used to account for the payroll transactions of the school district.

**Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards***

The Honorable President and  
Members of the Board of Education  
Monmouth Regional High School District  
County of Monmouth  
Tinton Falls, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Monmouth Regional High School District, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Monmouth Regional High School District's basic financial statements, and have issued our report thereon dated March 15, 2023.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Monmouth Regional High School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Monmouth Regional High School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Monmouth Regional High School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a

combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

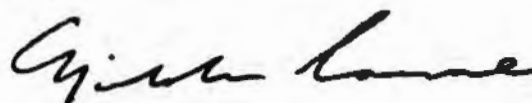

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Monmouth Regional High School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended for the information of the management of the Monmouth Regional High School District Board of Education, the New Jersey State Department of Education (the cognizant audit agency) and other state and federal awarding agencies. However, this report is a matter of public record and its distribution is not limited.

**Report on Compliance For Each Major Federal Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the U.S. Uniform Guidance and Schedule of Expenditures of State Financial Assistance as required by New Jersey OMB Circular 15-08**

The Honorable President and  
 Members of the Board of Education  
 Monmouth Regional High School District  
 County of Monmouth  
 Tinton Falls, New Jersey

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal and State Program***

We have audited the Board of Education of the Monmouth Regional High School District, in the County of Monmouth, compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* and the *New Jersey OMB Circular 15-08 State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the District's major federal and state programs for the fiscal year ended June 30, 2022. The Monmouth Regional High School District Board of Education's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Monmouth Regional High School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2022.

### ***Basis for Opinion of Each Major Federal and State Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)* and the *New Jersey OMB State Grant Compliance Supplement*. Our responsibilities under those standards, the Uniform Guidance and the New Jersey OMB State Grant Compliance Supplement are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

### ***Responsibility of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal and state programs.

### ***Auditor's Responsibility for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, and the New Jersey OMB State Grant Compliance Supplement will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal or state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, the Uniform Guidance and the New Jersey OMB State Grant Compliance Supplement, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and the New Jersey OMB State Grant Compliance Supplement, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

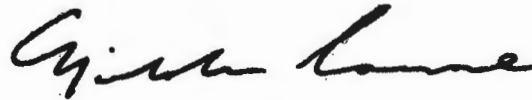

### ***Report on Internal Control Over Compliance***

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibility for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance and the New Jersey State Aid/Grant Compliance Supplement, and the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey and the New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Accordingly, this report is not suitable for any other purpose.

MONMOUTH REGIONAL HIGH SCHOOL DISTRICT  
 NOTES TO THE SCHEDULES OF AWARDS AND FINANCIAL ASSISTANCE  
 JUNE 30, 2022

NOTE 1. GENERAL

The accompanying schedules of financial assistance present the activity of all federal and state financial assistance programs of the Board of Education, Monmouth Regional High School District. The Board of Education is defined in Note 1(A) to the Board's general purpose financial statements. All federal financial assistance received directly from federal agencies, as well as federal financial assistance passed through other government agencies is included on the schedule of federal financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of financial assistance are presented using the modified accrual basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting and those recorded in the special revenue fund, which are presented using the budgetary basis of accounting. These bases of accounting are described in Notes 1 to the Board's general purpose financial statements.

NOTE 3. RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS

Amounts reported in the accompanying schedules agree with amounts reported in the Board's general purpose financial statements. The general purpose financial statements present the special revenue fund on both a GAAP basis and a budgetary basis. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The net adjustment to reconcile from the budgetary basis to the GAAP basis for the General Fund is \$34,239 and for the Special Revenue Fund is (\$586). Financial assistance revenues are reported in the Board's general purpose financial statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$ 66,332	\$ 8,448,511	\$ 8,514,843
Special Revenue Fund	903,134	401,063	1,304,197
Capital Projects	-		
Debt Service	-	265,204	265,204
Food Service	410,818	7,607	418,425
	<u>410,818</u>	<u>7,607</u>	<u>418,425</u>
Total Financial Assistance	<u>\$ 1,380,284</u>	<u>\$ 9,122,385</u>	<u>\$10,502,669</u>
