Ocean Gate School District 126 West Arverne Avenue P.O. Box 478 Ocean Gate, New Jersey 08740 (732) 269-3023

Melanie Patterson, Superintendent Mr. John Failla Business Administrator/ Board Secretary

March 8, 2023

Honorable President and Members of the Board of Education Ocean Gate School District County of Ocean, New Jersey 08740

#### Dear Board Members/Citizens:

The Annual Comprehensive Financial Report (ACFR) of the Ocean Gate School District for the fiscal year ended June 30, 2022, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Ocean Gate School District. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the district as of June 30, 2022, and the respective changes in financial position and cash flows, where applicable, thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America. All disclosures necessary to enable the reader to gain an understanding of the district's financial activities have been included.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the report of the independent auditors.

The Annual Comprehensive Financial Report is presented in four sections as follows:

# **Introductory Section:**

Section contains a Letter of Transmittal, Roster of Officials, Consultants and Advisors, and an Organizational Chart.

#### Financial Section:

Section contains the Independent Auditors' Report and includes the Management's Discussion and Analysis, the Basic Financial Statements, Required Supplementary Information (RSI) and Other Supplementary Information.

# Statistical Section:

Section contains selected financial trends, revenue and debt capacity, demographic, economic and other operating information, generally presented on a multi-year basis.

# Single Audit Section:

The School District is required to undergo an annual Single Audit in conformity with the provisions of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)* and New Jersey OMB's Circular 15-08 OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid". Information related to this Single Audit, including the independent auditor's report on the internal control and compliance with applicable laws, regulations, contracts and grants, along with findings and questioned costs, if any, are included in the Single Audit Section of this report.

# **REPORTING ENTITY AND ITS SERVICES**

The Ocean Gate School District is an independent reporting entity within the criteria adopted by the Governmental Accounting Standard Board (GASB) as established by NCGA Statement No. 3. All funds of the School District are included in this report. The School District has no component units.

The School District provides a full range of educational services appropriate to grade levels Pre-K through 6. These include regular and special education for children with special needs. The School District's enrollment, as of October 15<sup>th</sup>, for the current and past nine fiscal years are detailed below:

	Student	Percent
Fiscal Year	Enrollment	Change
2021-2022	134	1.52%
2020-2021	132	-7.04%
2019-2020	142	-8.97%
2018-2019	156	3.31%
2017-2018	151	1.34%
2016-2017	149	-6.29%
2015-2016	159	0.63%
2014-2015	158	15.33%
2013-2014	137	-15.43%
2012-2013	162	0.00%

#### ECONOMIC CONDITION AND OUTLOOK

The economic environment for the past fiscal year continued to be challenging under the Covid-19 Pandemic. While the economy and employment today are showing signs of positive economic growth, there are still many uncertainties for the near future.

The Ocean Gate School District has no charter school expenditures.

The major funding source for the operating budget continues to be the local tax levy. The local tax levy funded about 66.85.% of the 2021-2022 budget. The reliance on the local taxpayers to fund the majority of the district's budget will likely continue under the provisions of the School Funding Reform Act of 2008. According to the NJ Department of Education, Office of School Funding, the District's tax levy exceeds the Local Fair Share and the district's total budget exceeds the "adequacy model' used to calculate state aid.

# **MAJOR INITIATIVES**

The Ocean Gate School District's major initiatives in 2021-22 centered around professional development and support for virtual instruction and in-class teaching. Teachers took part in professional development webinars from Simple K12, which is an online, subscription-based professional learning platform. They also learned to utilize Zoom as the synchronous instructional platform for direct instruction and student engagement through video conferencing. Heading into the 2021-22 school year, the focus was on precautionary measures to ensure the safety of staff and students.

Future initiatives for the 2022-23 school year included the continued expansion of the Ocean Gate School District's Preschool Program to include a free of cost, full day program for our universe of 3- and 4-year-old children in the Ocean Gate School District. This program features the continued use of the High Scope curriculum, including its online COR advantage assessment program. Other initiatives include building a Multi-Tiered System of Support, in which individual students are supported through a tiered model of academic and behavioral intervention strategies. Programs that help support this initiative include: Edmark online, ThinkCentral, Seesaw, Mystery Science, RAZ-Kids, and Generation Genius.

One of the district goals for 2022-23 involves creating an Ocean Gate specific Positive Behavioral Supports Plan, Gator Goals. Professional development in this area and a deeper understanding of the NJ Anti-Bullying Bill of Rights Law was enhanced through the purchase of HIBSTER. Social-Emotional Learning and Mindfulness is being introduced and fostered through resources from MindUp as well as The Leader in Me.

The district is taking steps towards certification for Sustainable Jersey for Schools through NJSBA. We are working toward the creation of a school garden area as well as an outdoor learning space for design-based learning and more outdoor classroom time.

The Ocean Gate District will continue to make a commitment to decreasing operating costs by converting all florescent lighting to LED type lighting as needed and upgrading boilers. This process will be made over a period of several years. Also, the District will be updating its Long-Range Facility Plan "LRFP" for future projects and referendum consideration.

# **INTERNAL ACCOUNTING CONTROLS**

Management of the School District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the district are protected from loss, theft and misuse and to ensure that adequate accounting data are completed to allow for the preparation of financial statement in conformity with general accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be delivered; and (2) the valuation of costs and benefits require estimates and judgments by management.

As a recipient of federal and state financial assistance, the district also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluations by the district management.

As part of the School District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the district has complied with applicable laws and regulations.

# **BUDGETARY CONTROLS**

In addition to internal accounting controls, the School District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section. An encumbrance accounting system is used to record outstanding purchase commitments on a line-item basis. Open encumbrances at year-end are either cancelled or included as re-appropriations of fund balance in the subsequent year.

# **ACCOUNTING SYSTEM AND REPORTS**

The School District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The School District's accounting system is organized on the basis of funds. The funds are explained in "Notes to Financial Statements", Note 1.

# **FINANCIAL POLICIES**

The intent of the School Board is to ensure that the School District manages its budget and finance in a fiscally prudent and responsible way by establishing financial policies for the Budget, Fund Balance and the maintenance of adequate reserves. The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when the liability is incurred. Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues except for certain grant revenues, are recognized when susceptible to accrual that is when they become measurable and available. Property taxes, interest and certain General Fund revenues are the significant revenue sources considered susceptible to accrual.

# **OTHER INFORMATION**

# INDEPENDENT AUDIT

State statutes require an annual audit by independent certified public accountants. The accounting firm of Holman Frenia Allison, P.C., Certified Public Accounts, was appointed by the Board of Education. In addition to meeting the requirements set forth in the State statutes, the audit was also designed to meet the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. The auditor's report on the basic financial statements and combining statements and related major fund supporting statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the Single Audit section of this report.

# **ACKNOWLEDGEMENTS**

We would like to express our appreciation to the members of the Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the School District and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have accomplished without the efficient and dedicated services of our business office staff.

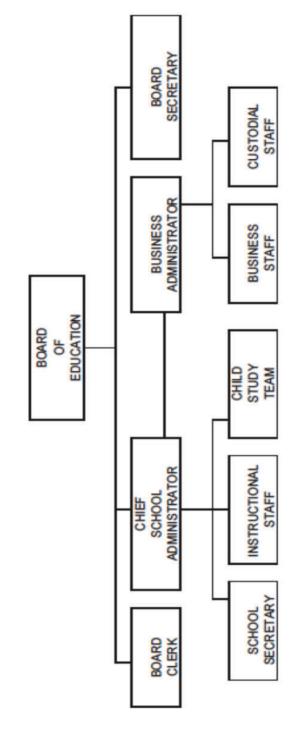

Respectfully submitted,

Melanie Patterson Superintendent of Schools

John Failla, CPA, CITP, PMP, QPA, SSS

Business Administrator/Board Secretary

#### INDEPENDENT AUDITOR'S REPORT

Honorable President and Members of the Board of Education Ocean Gate School District County of Ocean Ocean Gate, New Jersey

#### Report on the Financial Statements

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Ocean Gate School District ("School District"), County of Ocean, New Jersey, as of and for the fiscal year ended, June 30, 2022, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the School District as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirement prescribed by the Office of School Finance, Department of Education, State of New Jersey. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and audit requirements prescribed by the Office of School Finance Department of Education, State of New Jersey will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards* and audit requirements presecribed by the Office of school Finance, Department of Education, State of New Jersey, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

# Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and the schedules related to accounting and reporting for pensions and other post employment benefits, as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School District's basic financial statements. The introductory section, combining statements and related major fund supporting statements and schedules, statistical section and schedule of expenditures of federal awards are presented for purposes of additional analysis, as required by the Division of Administration and Finance, Department of Education, State of New Jersey, and are not a required part of the basic financial statements. The accompanying schedule of expenditures of state financial assistance, as required by New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, is also presented for purposes of additional analysis and is not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying combining statements and related major fund supporting statements and schedules and schedule of state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

# Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

# Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March 08, 2023 on our consideration of the School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the School District's internal control over financial reporting and compliance.

Respectfully Submitted,
HOLMAN FRENIA ALLISON, P.C.

# OCEAN GATE SCHOOL DISTRICT

# MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED JUNE 30, 2022 UNAUDITED

This section of the Ocean Gate School Districts Board of Education's (School District) Annual Comprehensive Financial Report (ACFR) presents our discussion and analysis of the School District's financial performance during the fiscal year that ended on June 30, 2022. Please read it in conjunction with the transmittal letter at the front of this report and the School District's financial statements, which immediately follow this section.

Management's Discussion and Analysis (MD&A) is an element of Required Supplementary Information specified in the Governmental Accounting Standards Board's (GASB) Statement No. 34, Basic Financial Statements MD&A for State and Local Governments issued in June 1999 that is also required by the New Jersey State Department of Education. Certain comparative information between the current fiscal year 2021 - 2022 and the prior fiscal year 2020 - 2021 is required to be presented in the MD&A.

#### FINANCIAL HIGHLIGHTS

Key financial highlights for 2022 are as follows:

- In total, net position of governmental activities increased \$209,896.34, which represents a 7.4% increase from 2021. Total net position of business-type activities increased \$6,048.68, which represents a 13.05% increase from 2021.
- General revenues accounted for \$2,894,901.50 in revenue or 64.49% of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for \$1,593,758.13 or 35.51% of total revenues of \$4,488,659.63.
- Total assets of governmental activities increased by \$64,908.28 as cash and cash equivalents increased by \$82,420.54, receivables increased by \$68,522.65, restricted cash and cash equivalents decreased by \$28,206.18, and total capital assets decreased by \$57,828.73.
- Total liabilities of governmental activities decreased by \$231,623.06 as non-current liabilities due beyond one year decreased by \$175,944.
- The School District had \$4,165,290.54 in governmental activity expenses; only \$1,480,285.38 of these expenses were offset by program specific charges for services, grants, or contributions. General revenues from governmental activities (primarily property taxes) of \$2,894,901.50 were adequate to provide for these programs, resulting in a increase in net position for governmental activities of \$209,896.34.
- In the governmental funds, the general fund had \$3,361,652.02 in revenues and \$3,295,495.76 in expenditures. The general fund's fund balance increased by \$53,656.26 over 2021.

# **USING THIS ACFR**

This annual report consists of a series of financial statements and notes to these financial statements. These statements are organized in a way to allow the reader to understand the School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

This MD&A is intended to serve as an introduction to the School District's basic financial statements. The School District's basic financial statements are comprised of three components: 1) Government-wide financial statements, 2) Fund financial statements, and 3) Notes to the financial statements. This report also contains required supplementary information and other supplementary information in addition to the basic financial statements themselves.

**Government-Wide Financial Statements.** The government-wide financial statements are designed to provide readers with an overview of the School District's finances, in a manner similar to a private–sector business.

The Statement of Net Position (A-1) presents information on the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the School District is improving or deteriorating.

The Statement of Changes in Net Position (A-2) presents information showing how the net position of the School District changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods of the School District.

The government-wide financial statements can be found as Exhibits A-1 and A-2 in this report.

**Fund Financial Statements**. A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the SchoolDistrict can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

#### Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the School District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the School District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The School District maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balance for the general fund, special revenue fund, capital projects fund, and debt service fund, all of which are considered to be major funds.

The general and special revenue funds utilize a legally adopted annual budget. A budgetary comparison statement has been provided for the general fund and special revenue fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found as Exhibits B-1 through B-3 in this report.

# **Proprietary Funds**

The School District maintains one proprietary fund type, an enterprise fund. The enterprise fund is used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the District is that the costs of providing goods or services be financed through user charges. The food services enterprise fund provides for the operation of food services in all schools within the School District. The proprietary fund has been included within business-type activities in the district-wide financial statements.

The food services fund detail financial statements can be found as Exhibits B-4 through B-6 in this report.

#### Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the governmental entity. Fiduciary funds are not reflected in the district-wide financial statement because the resources of those funds are not available to support the School District's own programs.

Under the guidance of the *Governmental Accounting Standards Board* Statement No. 84, the District has reclassified the Fiduciary Funds maintained in the preceding period and now maintains no Fiduciary Funds.

**Notes to the Financial Statements.** The notes provide additional information that is essential for a full understanding of the data provided in the district-wide and fund financial statements. The notes to the financial statements can be found after the fund financial statements in this report.

# **Government-Wide Financial Analysis**

The School District's financial position is the result of several types of financial transactions, including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

As noted earlier, net position may serve over time as a useful indicator of the School District's financial position. The following table provides a summary of net position for June 30, 2022 and 2021, respectively:

Net Position June 30, 2022

	<b>Governmental Activities</b>		<b>Business-Type Activities</b>			
		2022	2021	2022		2021
Assets

<b>Net Position</b>						
Net Investment in						
Capital Assets		2,051,081.37	1,974,027.39	14,035.64		12,091.00
Restricted		1,217,347.24	954,447.41	-		-
Unrestricted		(221,383.57)	(388,452.15)	38,377.20		6,101.66
Total Net Position	\$	3,047,045.04	\$ 2,540,022.65	\$ 52,412.84	\$	18,192.66

The School District's largest net position component is the Restricted portion as shown above. Restricted balances represent resources that are subject to external restrictions on how they may be used.

Restricted net position increased \$262,899.83 from the prior year to \$1,217,347.24 at June 30, 2022.

Unrestricted net position may be used to meet the School District's ongoing operating obligations to vendors, debtors and employees. The unrestricted net position includes the unassigned General Fund balance netted with the amount of long-term obligations that are not invested in capital assets. The \$(221,383.57) is shown as unrestricted net position for Governmental Activities.

The following table provides a summary of revenues and expenses for the School District's governmental and business-type activities and the change in net position for June 30, 2022 and 2021. Significant variances in revenues and expenditures from year to year, and explanations thereof, are detailed in the 'Financial Analysis of the School District's Funds' section later in this report.

# Financial Analysis of the School District's Funds

As noted earlier, the School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the School District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the School District's financing requirements. The unassigned fund balance is divided between designated balances and undesignated balances. The capital projects fund is restricted by state law to be spent for the purpose of the fund and is not available for spending at the School District's discretion.

#### Financial Information at Fiscal Year-End

The following schedule presents a summary of the general fund, special revenue fund, and debt service fund revenues for the fiscal year ended Jun 30, 2022 and 2021 and the amount and percentage of increases and (decreases) in relation to prior year revenues.

	June 30, 2022					
				Increase	Percent of	
			Percent	(Decrease)	Increase	
		Amount	Of Total	From 2021	(Decrease)	
Current Expenditures:						
Instruction	\$	1,567,396.10	39.13% \$	211,115.67	15.57%	
Undistributed		2,188,327.61	54.62%	137,563.95	6.71%	
Capital Outlay		61,750.00	1.54%	46,703.62	310.40%	
Special Schools		63,008.05	1.57%	8,999.63	16.66%	
Debt Service:						
Principal		121,000.00	3.02%	(5,580.38)	-4.41%	
Interest		4,991.26	0.12%	(5,224.98)	-51.14%	
Total	\$	4,006,473.02	100.00% \$	393,577.51	10.89%	

	 June 30, 2021					
			Increase	Percent of		
		Percent	(Decrease)	Increase		
	Amount	Of Total	From 2020	(Decrease)		
Current Expenditures:				_		
Instruction	\$ 1,356,280.43	37.55% \$	(18,327.16)	-1.33%		
Undistributed	2,050,763.66	56.76%	136,079.84	7.11%		
Capital Outlay	15,046.38	0.42%	15,046.38	100.00%		
Special Schools	54,008.42	1.49%	(2,253.28)	-4.00%		
Debt Service:						
Principal	126,580.38	3.50%	(6,340.93)	-4.77%		
Interest	10,216.24	0.28%	(5,493.71)	-34.97%		
Total	\$ 3,612,895.51	100.00% \$	118,711.14	3.40%		

Instruction costs increased primarily due to negotiated salary increases and additional instructional positions being added.

# General Fund Budgetary Highlights

Throughout the year, as necessary, budget transfers were effectuated between budget accounts to re-align the 2021-2022 budget. Budget transfers were effectuated based on expected positive and negative budget variances. The budget is continually managed and revised with budget transfers as necessary or practical to do so.

Significant Budget Transfers and Variations:

- Teachers' Pension and Annuity Fund (TPAF), which is the state's contribution to the pension fund, is an "on-behalf" revenue and expenditure item to the district and is required to be reflected in the financial statements.
- Reallocations were made among the various salary budget accounts to reflect changes in the personnel budget for the 2021-2022 year.
- Transfers were made into purchased services for special education programs to provide funds for required additional services.

Based on the financial results of 2021-2022 unassigned fund balance decreased by \$607.79 to \$163,905.70 (4% required per S-1701, net of allowable adjustments).

**Proprietary Funds.** The School District's proprietary fund provides the same type of information found in the district-wide financial statements, but in more detail.

The Food Services Enterprise Fund showed an increase in net position of \$6,048.68 in 2021-2022 as compared to a increase in net position of \$28,171.50 in 2020-2021.

#### **Capital Assets**

At June 30, 2022 the School District has capital assets of \$2,065,117.01, net of depreciation, which includes land, construction in progress, land improvements, buildings/construction, machinery and equipment.

	<u> </u>	June 30, 2022			
	Governmental		Bus	Business-Type	
	Activities		Activities

Total	2	2,108,910.10	\$	10,465.47	

Additional information on the School District's capital assets can be found in Note 5 to the basic financial statements.

# **Debt Administration and Other Obligations**

At June 30, 2022, the School District's outstanding compensated absences payable is \$106,780.47.

Additional information on the School District's debt administration and other obligations can be found in Note 7 to the basic financial statements.

# **Economic Factors and Subsequent Year's Budgets**

One of the goals of the School District is to prepare staff and facilities to meet the needs of all children. As such, the School District has been able to meet its educational and facility past budgets. The School District is preparing for Quality Single Accountability Continuum (QSAC) to be presented to the New Jersey Department of Education. This preparation ensures that the School District is educationally and financially meeting goals as set forth by the Department of Education and the School District's Board of Education and administration.

The current school year's financial situations is dramatically influenced by the inclusion and out-of-District placement for our Special Education population. In addition, the passage of Legislation S-1701, and newly-presented accountability regulations present new challenges for the School District.

The School District continues to maintain sound fiscal management that coincides with relevant legislation and enables the School District to continue to provide the high level of educational programs currently implemented. In addition, we will continue to seek discretionary funds to enable our school to continue to provide high-quality, sustained professional development for all of our teachers and support staff, Preschool through Grade 6, as well as continued funding to implement our full-day research-based Preschool and Kindergarten curricula, Early Literacy curricula, and all of the core curriculum content standards.

The School District continues to maintain health benefits in the State Health Care Program "SEHBP", but this may change in the near future because of double digit projected cost increase.

# **Requests for Information**

This financial report is designed to provide a general overview of the School District's finances for all those with an interest in the School District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Business Administrator/Board Secretary's Office, Ocean Gate Board of Education, 126 West Arverne Avenue, PO Box 478, Ocean Gate, NJ 08740.

# OCEAN GATE SCHOOL DISTRICT RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES YEAR ENDED JUNE 30, 2022

Total Net Changes in Fund Balances - Governmental Funds (B-2)	5	\$ 65,104.15
Amounts reported for governmental activities in the statement of activities (A-2) are different because:		
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the period.		
Depreciation Expense Capital Outlays	\$ (119,578.73) 61,750.00	
Governmental funds report School District pension contributions as expenditures. However in the statement of activities, the cost of pension benefits earned is reported as pension expense. This is the amount by which pension benefits earned exceeded the School District's pension contributions in		(57,828.73)
the current period.		72,799.50
Repayment of long-term debt principal and obligation of lease purchase agreements are an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position and is not reported in the statement of activities.		134,433.02
In the statement of activities, interest on long-term debt in the statement of activities is accrued, regardless of when due. In the governmental funds, interest is reported when due. The accrued interest is an addition in the reconciliation (+).		(6.58)
In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation (-); when the paid amount		(4.605.02)
exceeds the earned amount the difference is an addition to the reconciliation (+).	_	(4,605.02)
Change in Net Position of Governmental Activities	=	\$ 209,896.34

Fiduciary Fund Not Applicable

OCEAN GATE SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

# Note 1. Summary of Significant Accounting Policies

# **Basis of Presentation**

The financial statements of the Ocean Gate School District (hereafter referred to as the School District) have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). GASB is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

#### **Reporting Entity**

The School District is a Type II district located in the County of Ocean, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education (the Board). The Board is comprised of five members appointed to three-year terms. These terms are staggered so that three members' terms expire each year. The School District provides a full range of educational services appropriate to grades levels Preschool through 6th grade. These include regular, vocational, as well as special education for handicapped youngsters. The School District has an approximate enrollment at June 30, 2022 of 133 students.

The primary criterion for including activities within the School District's reporting entity, as set forth in Section 2100 of the GASB *Codification of Governmental Accounting and Financial Reporting Standards*, is whether:

- the organization is legally separate (can sue or be sued in their own name);
- the School District holds the corporate powers of the organization;
- the School District appoints a voting majority of the organization's board
- the School District is able to impose its will on the organization;
- the organization has the potential to impose a financial benefit/burden on the School District
- there is a fiscal dependency by the organization on the School District.

There were no additional entities required to be included in the reporting entity under the criteria as described above. Furthermore, the School District is not includable in any other reporting entity on the basis of such criteria.

#### **Component Units**

GASB Statement No.14. The Financial Reporting Entity, provides guidance that all entities associated with a primary government are potential component units and should be evaluated for inclusion in the financial reporting entity. A primary government is financially accountable not only for the organizations that make up its legal entity but also for legally separate organizations that meet the criteria established by GASB Statement No. 14, as amended by GASB Statement No. 39, Determining Whether Certain Organizations are Component Units, and GASB Statement No. 61, The Financial Reporting Entity: Omnis – an Amendment of GASB Statements No. 14 and No. 34, GASB Statement No. 80, Blending Requirements for certain component Units - an Amendment of GASB Statement No. 14 and GASB Statement No. 97, Certain Component Unit Criteria and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plan- an Amendment of GASB Statements No. 14 and No. 84. The School District had no component units as of for the year ended June 30, 2022.

# Note 1. Summary of Significant Accounting Policies (Continued)

#### Basis of Accounting, Measurement Focus and Financial Statement Presentation

The accounts of the School District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues, and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

#### A. Government-Wide Financial Statements

The School District's Government-Wide Financial Statements include a Statement of Net Position and a Statement of Activities. These statements present summaries of Governmental and Business-Type Activities for the School District accompanied by a total column. Fiduciary activities of the School District are not included in these statements.

These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the School District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, including capital assets and long-term liabilities, are included in the Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows. The types of transactions reported as program revenues for the School District are reported in three categories: 1) charges for services, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all property taxes.

Certain eliminations have been made to interfund activities, payables, and receivables. All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total primary government column. In the Statement of Activities, internal service fund transactions have been eliminated; however, those transactions between governmental and business-type activities have not been eliminated.

#### **B.** Governmental Fund Financial Statements

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and non-major funds aggregated. The School District has presented all major funds that met those qualifications.

# Note 1. Summary of Significant Accounting Policies (Continued)

All governmental funds are accounted for on a spending or "current financial resources" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the Balance Sheets. (The School District's deferred outflows of resources and deferred inflows of resources are noncurrent.) The Statement of Revenues, Expenditures and Changes in Fund Balances present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except that revenues subject to accrual (generally 60 days after year-end) are recognized when due. The primary revenue sources, which have been treated as susceptible to accrual by the School District, are property tax and intergovernmental revenues. Expenditures are recorded in the accounting period in which the related fund liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Interest on invested funds is recognized when earned. Intergovernmental revenues that are reimbursements for specific purposes or projects are recognized in the period in which the expenditures are recorded. All other revenue items are considered to be measurable and available only when cash is received by the School District. Transfers between governmental funds are recorded when the related liability is incurred. These transfers do not represent revenues (expenditures) to the School District and are, therefore, reported as other financing sources (uses) in the governmental fund financial statements.

Since the fund level statements are presented using a different measurement focus and basis of accounting than the government-wide statements, a reconciliation is presented on the page following each fund level statement that summarizes the adjustments necessary to convert the fund level statements into the government-wide presentations.

The School District funds outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted resources are available for use, it is the School District's policy to use restricted resources first, then unrestricted resources as they are needed. In order to calculate the amounts to report as restricted, committed, assigned and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the School District's policy to consider restricted fund balance to have been depleted before any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

# Note 1. Summary of Significant Accounting Policies (Continued)

The School District reports the following major governmental funds:

General Fund – The general fund is the general operating fund of the School District and is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment which are classified in the capital outlay sub-fund.

As required by the New Jersey Department of Education (DOE) the School District includes budgeted capital outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, interest earnings and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment.

**Special Revenue Fund** – The special revenue fund is used to account for the proceeds of specific revenue from state and federal government, other than major capital projects, debt service or proprietary funds, and local appropriations that are restricted or committed to expenditures for specified purposes.

Capital Projects Fund – The capital projects fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for the acquisition of construction of major capital facilities, other than those financed by proprietary funds. The financial resources are derived from New Jersey School Development Authority grants, temporary notes, capital leases, or serial bonds that are specially authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

**Debt Service Fund** – The debt service fund is used to account for the accumulation of financial resources that are restricted, committed, or assigned to an expenditure for the payment of general long-term debt principal, interest and related costs of governmental funds.

# C. Proprietary Fund Financial Statements

Proprietary fund financial statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position, and a Statement of Cash Flows for each major proprietary fund and for the non-major funds aggregated.

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets, deferred outflows of resources, liabilities (whether current or noncurrent), and deferred inflows of resources are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows.

#### **Note 1. Summary of Significant Accounting Policies (Continued)**

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

The School District reports the following major proprietary funds:

**Food Service Fund** – The food service fund accounts for the financial transactions related to the food service operations of the School District.

#### **D.** Fiduciary Fund Financial Statements

Fiduciary fund financial statements include a Statement of Net Position. The School District's fiduciary funds include Agency and Private-Purpose Trust Funds. Private Purpose Trust and Agency Funds are used to account for and report assets held by the School District in a trustee capacity or as an agent for individuals, private organizations, and other governments. Private Purpose Trust and Agency Funds are accounted for on a spending or "economic resources" measurement focus and the accrual basis of accounting as are the proprietary funds explained above.

The School District reports no fiduciary funds.

# **Budgets/Budgetary Control**

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue and debt service funds. The budgets are submitted to the county office. In accordance with *P.L.2011 c.202*, which became effective January 17, 2012, the School District eliminated the April annual voter referendum on budgets which met the statutory tax levy cap limitations and the board of education members are elected at the November general election. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in *N.J.A.C.* 6A:23-2-2(f)1. Transfers of appropriations may be made by School Board resolution at any time during the fiscal year in accordance with *N.J.A.C.* 6A:23-2-11.

# Note 1. Summary of Significant Accounting Policies (Continued)

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the one or more June state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The budget, as detailed on Exhibit C-1, Exhibit C-2, and Exhibit I-3, includes all amendments to the adopted budget, if any.

Exhibit C-3 presents a reconciliation of the general fund revenues and special revenue fund revenues and expenditures from the budgetary basis of accounts as presented in the general fund budgetary comparison schedules and the special revenue fund budgetary comparison schedule to the GAAP basis of accounting as presented in the Statement of Revenues, Expenditures and Changes in Fund Balance – Governmental Funds. Note that the School District does not report encumbrances outstanding at fiscal year-end as expenditures in the general fund since the general fund budget follows modified accrual basis with the exception of the revenue recognition policy for the last state aid payments.

# **Encumbrances**

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as assigned fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the School District has received advances are reflected in the balance sheet as a reduction of the accounts receivables or as unearned revenue at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year-end.

# Note 1. Summary of Significant Accounting Policies (Continued)

# **Cash, Cash Equivalents and Investments**

Cash and Cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are considered cash equivalents and stated at cost.

Investments are stated at fair value in accordance with GASB. New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. *N.J.S.18A:20-37* provides a list of permissible investments that may be purchased by New Jersey school districts.

*N.J.S.A.17:9-41* et. Seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect governmental units from loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the governmental units.

For purposes of the statement of cash flows, the School District considers all highly liquid investments (including restricted assets) with a maturity when purchased of twelve months or less and all local government investment pools to be cash equivalents.

# **Tuition Receivable/Payable**

Tuition rates were established by the receiving School District based on estimated costs. The charges are subject to adjustment when the actual costs are determined.

#### **Inventories**

Inventories are valued at cost, using the first-in/first-out (FIFO) method. The costs of inventories are recorded as expenditures when consumed rather when purchased.

# **Interfund Receivables/Payables**

Interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the School District and that are due within one year. As previously mentioned, these amounts are eliminated in the governmental and business-type columns of the Statement of Net Position, except for the net residual amounts due between governmental and business-type activities, which are presented as Internal Balances in the Statement of Net Position.

# Note 1. Summary of Significant Accounting Policies (Continued)

#### **Capital Assets**

Capital assets are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Purchased or constructed assets are recorded at actual cost or estimated historical cost if actual cost is unavailable. Donated capital assets are recorded at estimated fair market value at the date of donation. All reported capital assets except land and construction in progress are depreciated. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. The School District does not possess any infrastructure. The School District has established a threshold of \$2,000 for capitalization of depreciable assets.

Capital assets of the School District are depreciated or amortized using the straight-line method over the following estimated useful lives:

	Governmental	<b>Business-Type</b>
	Activities	Activities
<b>Description:</b>	<b>Estimated Lives</b>	<b>Estimated Lives</b>
Building and Improvements	10-50 Years	N/A
Equipment	5-20 Years	5-12 Years

# **Compensated Absences**

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the School District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the School District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

The entire compensated absences liability is reported on the government-wide financial statements and proprietary fund financial statements. Compensated absences liability is not recorded in the governmental funds. Instead expenditures are recognized in the governmental funds as payments come due each period, for example, as a result of resignations or retirements.

# **Unearned Revenue**

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied and is recorded as a liability until the revenue is both measureable and the School District is eligible to realize the revenue.

# Note 1. Summary of Significant Accounting Policies (Continued)

# **Accrued Liabilities and Long-Term Obligations**

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements. In general, government fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, special termination benefits and contractually required pension contributions that will be paid from governmental funds, are reported as a liability in the fund financial statements only to the extent that they are normally expected to be paid with expendable available financial resources.

# **Accounting Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumption that affect certain reported amounts reported in the financial statements and accompanying note disclosures. Actual results could differ from those estimates.

# **Interfund Activity**

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Reimbursements from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements. As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

# **Deferred Outflows and Deferred Inflows of Resources**

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future periods and so will not be recognized as an inflow of resources (revenue) until that time.

# Note 1. Summary of Significant Accounting Policies (Continued)

#### **Deferred Loss on Refunding Debt**

Deferred loss on refunding debt arising from the issuance of the refunding bonds is recorded as deferred outflows of resources. It is amortized in a systematic and rational manner over the shorter of the duration of the related debt or the new debt issues as a component of interest expense.

#### **Bond Premiums, Discounts and Issuance Costs**

In the government-wide financial statements and in the proprietary fund financial statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed when bonds are issued.

In governmental fund financial statements, bond premiums and discounts, as well as debt issuance costs are recognized in the current period. The face amount of the debt is reported as other financing sources. Premiums received on debt issuance are also reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds, are reported as debt service expenditures.

#### **Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the pension plan's fiduciary net position of the Public Employees' Retirement System (PERS) and Teacher's Pension and Annuity Fund (TPAF) and additions to/deductions from the PERS's and TPAF's fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

# **Fund Balance**

In accordance with GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, fund balances in the governmental funds financial statements are classified into the following five categories, as defined below:

<u>Non-spendable</u> – This classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. Non-spendable items are not expected to be converted to cash or are not expected to be converted to cash within the next year.

<u>Restricted</u> – This classification includes amounts for which constraints have been placed on the use of the resources either externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

#### **Note 1. Summary of Significant Accounting Policies (Continued)**

<u>Committed</u> – This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board. These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

<u>Assigned</u> – This classification includes amounts that are constrained by the School District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board or through the Board delegating this responsibility to the business administrator through the budgetary process.

<u>Unassigned</u> – This classification includes the residual fund balance for the General Fund. The Unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of Assigned fund balance amounts.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, it is the School District's policy to consider restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, it is the School District's policy to consider amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board has provided otherwise in its commitment or assignment actions.

# **Net Position**

Net position represents the difference between summation of assets and deferred outflows of resources, and the summation of liabilities and deferred inflows of resources. Net position is classified into the following three components:

<u>Net Investment in Capital Assets</u> – This components represents capital assets, net of accumulated depreciation, net of outstanding balances of borrowings used for acquisition, construction, or improvement of those assets.

<u>Restricted</u> – This component of net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

<u>Unrestricted</u> – This component of net position is reported as unrestricted when it does not meet the criteria of the other two components of net position.

#### **Subsequent Events**

Management has reviewed and evaluated all events and transactions that occurred between June 30, 2022 and March 08, 2023, the date that the financial statements were available for issuance, for possible disclosure and recognition in the financial statements. No items have come to the attention of the School District that would require recognition in the financial statements. See Note 21 for additional information on items required to be disclosed.

# **Note 1. Summary of Significant Accounting Policies (Continued)**

# **Impact of Recently Issued Accounting Principles**

#### Adopted Accounting Pronouncements

The following GASB Statements became effective for the fiscal year ended June 30, 2022:

Statement No. 87, Leases. This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows or resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about government's leasing activities. Management has determined that they had no leases that qualified.

Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements. This Statement requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses. Management has determined the implementation of these statements did not have a significant impact on the District's financial statements.

Statement No. 93, Replacement of Interbank Offered Rates. This Statement establishes accounting and financial reporting requirements related to the replacement of interbank offered rates in hedging derivative instruments and leases in addition to identifying appropriate benchmark interest rates for hedging derivative instruments. Requirements of this pronouncement related to paragraph 11b will be effective for reporting periods ending after December 31, 2021, and requirements related to paragraphs 13 and 14 will be effective for fiscal years beginning after June 15, 2021. Management has determined the implementation of these statements did not have a significant impact on the District's financial statements.

Statement No. 98, The Annual Comprehensive Report. This Statement establishes the term annual comprehensive financial report and its acronym ACFR. That new term and acronym replace instances of comprehensive annual financial report and its acronym in generally accepted accounting principles for state and local governments. Management has implemented this in the District's financial statements.

# Accounting Pronouncements Effective in Future Reporting Periods

Statement No. 96, Subscription-Based Information Technology Arrangements. This statement establishes a single approach to accounting and financial reporting for subscription-based information technology arrangements for government end users. This statement is effective for reporting periods beginning after June 15, 2022.

Statement No. 99, Omnibus 2022. The requirements related to the extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, clarification of certain provisions in Statement 34, as amended, and terminology updates related to Statement 53 and Statement 63 are effective upon issuance. The requirements related to leases, PPPs, and SBITA are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter.

# Note 1. Summary of Significant Accounting Policies (Continued)

# **Accounting Pronouncements Effective in Future Reporting Periods (Continued)**

Statement No. 100, Accounting Changes and Error Corrections- an amendment of GASB Statement No. 62. This Statement defines accounting changes as changes in accounting principles, changes in accounting estimates, and changes to or within the financial reporting entity and describes the transactions or other events that constitute those changes. This Statement also addresses corrections of errors in previously issued financial statements. The effective date is for fiscal years beginning after June 15, 2023, and all reporting periods thereafter. Earlier application is encouraged.

Statement No. 101, Compensated Absences. This Statement amends the existing requirement to disclose the gross increases and decreases in a liability for compensated absences to allow governments to disclose only the net change in the liability (as long as they identify it as a net change). In addition, governments are no longer required to disclose which governmental funds typically have been used to liquidate the liability for compensated absences. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter. Earlier application is encouraged.

Management has not yet determined the potential impact on the District's financial statements.

# Note 2. Deposits and Investments

# **Deposits**

<u>Custodial Credit Risk</u> – Custodial credit risk is the risk that, in the event of a bank failure, the Board's deposits may not be recovered. Although the Board does not have a formal policy regarding custodial credit risk, *NJSA 17:9-41* et seq. requires that the governmental units shall deposit public funds in public depositories protected from loss under the provisions of GUDPA. Under the Act, the first \$250,000 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public fund owned by the Board in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, student activity fund or other funds that may pass to the Board relative to the happening of a future condition. Such funds are shown as Uninsured and Uncollateralized in the schedule below. As of June 30, 2022, the School District's bank balance of \$1,425,166.68 was exposed to custodial credit risk as follows:

Insured under FDIC and GUDPA	\$ 1,269,708.46
Uninsured and Uncollateralized	 155,458.22
Total	\$ 1,425,166.68

# **Investments**

The School District had no investments at June 30, 2022.

#### **Note 3. Reserve Accounts**

#### Capital Reserve

A capital reserve account was established by the School District for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the School District's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a School District may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year-end (June 1 to June 30) of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A School District may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant N.J.S.A.19:60-2. Pursuant to N.J.A.C.6:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2021 to June 30, 2022 fiscal year is as follows:

Beginning Balance, July 1, 2021	\$ 130,000.00
Increased by:	
Transfers Approved by Board	44,857.84
	174,857.84
Decreased by:	
Board Approved Withdrawals	(47,852.00)
Ending Balance, June 30, 2022	\$ 127,005.84

# Emergency Reserve

The School District established an emergency reserve account for the accumulation of funds for use in accordance with  $N.J.S.A.\ 18A:\ 7F-41c(1)$  to finance unanticipated general fund expenditures.

The activity of the emergency reserve for the July 1, 2021 to June 30, 2022 fiscal year is as follows:

Ending Balance, June 30, 2021 and 2022	\$	156,515.00
--	----	------------

#### Maintenance Reserve

The School District established a maintenance reserve account for the accumulation of funds for use as required maintenance of a facility in subsequent fiscal years.

Funds placed in the maintenance reserve account are restricted to maintenance projects in the School District's approved Maintenance Plan (M-1). A School District may increase the balance in the maintenance reserve account by appropriating funds in the annual general fund budget certified for taxes or by transfer by Board resolution at year-end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. The balance in the account cannot at any time exceed four percent of the replacement cost of the School District's school facilities for the current year.

#### **Note 3. Reserve Accounts (Continued)**

The activity of the maintenance reserve for the July 1, 2021 to June 30, 2022 fiscal year is as follows:

Beginning Balance, July 1, 2021	\$ 179,356.00
Decreased by:	
Budget Withdrawals	(76,165.00)
Ending Balance, June 30, 2022	\$ 103,191.00

Unemployment Claim Reserve funds are restricted pursuant to N.J.S.A. 43:21-7.3(g), which requires that employer and employee contributsion be held in a trust fund maintained by the governmental entity or instrumentality for unemployment benefit cost purposes and any surplus remaining in this trust fund must be retained in reserve for payment of benefit costs in subsequent years.

The activity of the unemployment claim reserve for the July 1, 2021 to June 30, 2022 fiscal year is as follows: Ending Balance, June 30, 2021 and 2022 \$ 190.35

#### Note 4. Accounts Receivable

Accounts receivable at June 30, 2021 consisted of accounts and intergovernmental grants. All receivables are considered collectible in full due to the stable condition of state and federal programs, the current fiscal year guarantee of federal funds and the budgetary control of New Jersey governmental entities. Accounts receivable in the School District's governmental and business-type activities as of June 30, 2022, consisted of the following:

**Governmental Funds** 

			Special			Total		
	(	General	Revenue			Governmental		
<b>Description:</b>		Fund		Fund		Activities		
Federal Awards	\$	-	\$	228,357.73	\$	228,357.73

#### **Note 5. Capital Assets (Continued)**

Depreciation expense was charged to functions/programs of the School District as follows:

#### **Governmental Activities:**

Instruction:	
Regular Instruction	\$ 56,357.09
Special Education Instruction	9,530.42
Other Instruction	3,910.22
Support Services:	
Tuition	36.00
Student & Instruction Related Services	24,717.00
General Administrative	3,862.00
School Administrative Services	1,770.00
Central Services	4,018.00
Administrative Info. Technology	383.00
Plant Operations & Maintenance	11,300.00
Pupil Transportation	885.00
Special Schools	2,810.00
Total Depreciation Expense - Governmental Activities	\$ 119,578.73

#### Note 6. Interfund Receivables, Payables and Transfers

Individual fund receivables/payables balances at June 30, 2022 are as follows:

Fund:	Interfund Receivables		 Interfund Payables
General Fund	\$	-	\$ 90,741.94
Special Revenue Fund		78,071.44	-
Debt Service Fund		9,577.57	-
Enterprise Fund		3,092.93	 -
Total	\$	90,741.94	\$ 90,741.94

The interfund receivables and payables above predominately resulted from payment made by certain funds on behalf of other funds. All interfund balances are expected to be repaid within one year.

A summary of interfund transfers is as follows:

Fund:	Transfers In		Tr	ansfers Out
General Fund Enterprise Fund	\$	12,500.00	\$	12,500.00
Total	\$	12,500.00	\$	12,500.00

#### Note 7. Long-Term Obligations

During the fiscal year-ended June 30, 2022 the following changes occurred in long-term obligations for the governmental and business-type activities:

		Balance					Balance	Balance Due Within
	т.		A J.J.4		Dada4'aa	т		
		ine 30, 2021	Additions	- 1	Reductions	Ju	ne 30, 2022	One Year
Governmental Activities:								
General Obligation Bonds	\$	121,000.00	\$ -	\$	121,000.00	\$	-	\$ -
Loans Payable		13,433.02	-		13,433.02		-	-
Compensated Absences		102,175.45	4,605.02		-		106,780.47	-
Net Pension Liability		297,020.00	352,988.00		520,104.00		129,904.00	-
Total	\$	533,628.47	\$ 357,593.02	\$	654,537.02	\$	236,684.47	\$ 

For governmental activities, the bonds payable are liquidated from the School District's debt service fund. Compensated absences, capital leases, unamortized bond premiums and the net pension liability are liquidated by the general fund.

#### **Bonds Payable**

As of June 30, 2022, the School District had no bonds payable.

#### **Bonds Authorized but not Issued**

As of June 30, 2022, the School District had no bonds authorized but not issued.

#### Note 8. Pension Plans

#### A. PERS

**Plan Description** – PERS is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey (the State), Division of Pensions and Benefits (the Division). For additional information about PERS, please refer to Division's Annual Comprehensive Financial Report (ACFR) which can be found at http://www.nj.gov/treasury/pensions/financial-reports.shtml.

The vesting and benefit provisions are set by *N.J.S.A.* 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service.

The following represents the membership tiers for PERS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more years of service credit and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

**Contributions** – The contribution policy for PERS is set by *N.J.S.A.* 43:15A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For the fiscal year 2021, the State's pension contribution was less than the actuarial determined amount.

The local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

#### Note 8. Pension Plans (Continued)

Components of Net Pension Liability – At June 30, 2021, the School District's proportionate share of the PERS net pension liability was \$129,904.00. The net pension liability was measured as of June 30, 2021. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. The School District's proportion of the net pension liability was based on the School District's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2021. The School District's proportion measured as of June 30, 2021, was 0.0010965607% which was an decrease of 0.0007248213% from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the School District recognized full accrual pension credit of \$59,950.00 in the government-wide financial statements. This pension credit was based on the pension plans June 30, 2021 measurement date. At June 30, 2022 the School District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources		
Differences between Expected and Actual Experience	\$	2,049.00	\$	930.00	
Changes of Assumptions		677.00		46,247.00	
Net Difference between Projected and Actual Earnings on Pension Plan Investments		-		34,220.00	
Changes in Proportion and Differences between School District Contributions and Proportionate Share of Contributions		126,947.00		231,236.00	
School District contributions subsequent to measurement date		20,530.00			
	\$	150,203.00	\$	312,633.00	

\$20,530 reported as deferred outflows of resources resulting from school district contributions subsequent to the measurement date is estimated based on unadjusted 2020-2021 total salaries for PERS employees multiplied by an employer pension contribution rate of 15.11%. The payable is due on April 1, 2022 and will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. The other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	
2023 2024 2025	\$ (85,266.00) (61,064.00) (14,931.00)
2026	(18,882.00)
2027	(2,813.00)
	\$ (182,956.00)

#### Note 8. Pension Plans (Continued)

The amortization of the above other deferred outflows of resources and deferred inflows of resources related to pensions will be over the following number of years:

	Deferred Outflow of Resources	Deferred Inflow of Resources
Differences between Expected		
and Actual Experience		
Year of Pension Plan Deferral:		
June 30, 2015	5.72	-
June 30, 2016	5.57	-
June 30, 2017	5.48	-
June 30, 2018	5.63	-
June 30, 2019	5.21	-
June 30, 2020	5.16	-
June 30, 2021	5.13	-
Changes of Assumptions		
Year of Pension Plan Deferral:

June 30, 2018	5.63	5.63
June 30, 2019	5.21	5.21
June 30, 2020	5.16	5.16
June 30, 2021	5.13	5.13

#### **Note 8. Pension Plans (Continued)**

**Actuarial Assumptions** – The total pension asset/(liability) as of the measurement date was determined by using an actuarial valuation as noted in the table below, with update procedures used to roll forward the total pension liability to the measurement date. The actuarial valuations used the following actuarial assumptions:

Inflation

Price 2.75% Wage 3.25%

Salary Increases:

Through 2026 2.00% - 6.00% Based on Age
Thereafter 3.00% - 7.00% Based on Age

Investment Rate of Return 7.00%

Mortality Rate Table Pub-2010 General classification headcount

weighted mortality with fully generational improvement projections from the central year using Scale MP-2021

Period of Actuarial Experience Study upon which Actuarial

Assumptions were Based July 1, 20114- June 30, 2018

Pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2015 to June 30, 2018.

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2021 are summarized in the following table

**Note 8. Pension Plans (Continued)** 

		Long-Term
	Target	<b>Expected Real</b>
<b>Asset Class:</b>	Allocation	Rate of Return
U.S. Equity	27.00%	8.09%
Non-U.S. Developed Market Equity	13.50%	8.71%
<b>Emerging Market Equity</b>	5.50%	10.96%
Private Equity	13.00%	11.30%
Real Assets	3.00%	9.15%
Real Estate	8.00%	7.40%
High Yield	2.00%	3.75%
Private Credit	8.00%	7.60%
Investment Grade Credit	8.00%	1.68%
Cash Equivalents	4.00%	50.00%
U.S. Treasuries	5.00%	0.95%
Risk Mitigation Strategies	3.00%	3.35%
	100.00%	<del>-</del> =

**Discount Rate** - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on 100% of actuarially determined contributions for the State. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments in determining the total pension liability.

Sensitivity of the School District's proportionate share of the Net Pension Liability to Changes in the Discount Rate – As previously mentioned, TPAF has a special funding situation where the State pays 100% of the School District's annual required contribution. The following represents the State's proportionate share of the net pension liability, attributable to the School District calculated using the discount rate of 5.40% as well as what the State's proportionate share of the net pension liability, attributable to the School District's would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	At 1% Decrease (6.00%)	]	At Current Discount Rate (7.00%)	At 1% Increase (8.00%)
School District's Proportionate Share of the Net Pension Liability	\$ 178,789.00	\$	129,904.00	\$ 90,978.00

#### **Note 8. Pension Plans (Continued)**

**Additional Information** – The following is a summary of the collective balances of the local group at June 30, 2021 and 2020:

	6/30/2021	6/30/2020
Collective Deferred Outflows of Resources	\$1,164,738,169.00	\$ 2,347,583,337.00
Collective Deferred Inflows of Resources	8,339,123,762.00	7,849,949,467.00
Collective Net Pension Liability	11,972,782,878.00	16,435,616,426.00
School District's portion	0.00110%	0.00182%

#### **B.** TPAF

Plan Description – TPAF is a cost sharing multiple-employer defined benefit pension plan with a special-funding situation, by which the State is responsible to fund 100% of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. TPAF is administered by the the Division. For additional information about TPAF, please refer to Division's ACFR which can be found at www.nj.gov/treasury/pensions/financial-reports.shtml.

The vesting and benefit provisions are set by *N.J.S.A. 18A:66*. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

The following represents the membership tiers for TPAF:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

#### **Note 8. Pension Plans (Continued)**

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more years of service credit, and tier 5 before age 65 with 30 or more years of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Contributions - The contribution policy for TPAF is set by N.J.S.A 18A:66 and requires contributions by active members and contributing employers. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years beginning in July 2012. The member contribution rate was 7.5% in State fiscal year 2018. The State's pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2020, the State's pension contribution was less than the actuarial determined amount.

As mentioned previously, the employer contributions for local participating employers are legally required to be funded by the State in accordance with *N.J.S.A 18:66-33*. Therefore, the School District is considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the School District does not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers.

**Pension Liability and Pension Expense** – The State's proportionate share of the TPAF net pension liability, attributable to the School District as of June 30, 2021 was \$5,644,449. The School District's proportionate share was \$0.

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2021. The State's proportionate share of the net pension liability associated with the District was based on projection of the State's long-term contributions to the pension plan associated with the District relative to the projected contributions by the State associated with all participating school districts, actuarially determined. At June 30, 2021, the State proportionate share of the TPAF net pension liability attributable to the School District was 0.0117408771%, which was a decrease of 0.0003110843% from its proportion measured as of June 30, 2020.

For the fiscal year ended June 30, 2022, the State recognized a pension expense in the amount of \$132,816.00 for the State's proportionate share of the TPAF pension expense attributable to the School District. This pension expense was based on the pension plans June 30, 2021 measurement date.

#### **Note 8. Pension Plans (Continued)**

**Actuarial Assumptions** – The total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation Rate

Price 2.75% Wage 3.25%

Salary Increases:

Through 2026 1.55% - 4.45% Based on Years of Service Thereafter 2.75% - 5.65% Based on Years of Service

Investment Rate of Return 7.00%

Pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2015 to June 30, 2018.

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2021 are summarized in the following table

**Note 8. Pension Plans (Continued)** 

Asset Class:	Target Allocation	Long-Term Expected Real Rate of Return
U.S. Equity	27.00%	8.09%
Non-U.S. Developed Markets Equity	13.50%	8.71%
Emerging Markets Equity	5.50%	10.96%
Private Equity	13.00%	11.30%
Real Assets	3.00%	9.15%
Real Estate	8.00%	7.40%
High Yield	2.00%	3.75%
Private Credit	8.00%	7.60%
Investment Grade Credit	8.00%	1.68%
Cash Equivalents	4.00%	50.00%
U.S. Treasuries	5.00%	0.95%
Risk Mitigation Strategies	3.00%	3.35%
	100.00%	_

Discount Rate – The discount rate used to measure the total pension liability was 5.40% as of June 30, 2020. The single blended discount rate was based on long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 2.21% as of June 30, 2020 based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipals bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal year. The State contributed 40% of the actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2062. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2062, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the School District's proportionate share of the Net Pension Liability to Changes in the Discount Rate – As previously mentioned, TPAF has a special funding situation where the State pays 100% of the School District's annual required contribution. The following represents the State's proportionate share of the net pension liability, attributable to the School District calculated using the discount rate of 5.40% as well as what the State's proportionate share of the net pension liability, attributable to the School District's would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

#### **Note 8. Pension Plans (Continued)**

	 At 1% Decrease (6.00%)	At Current Discount Rate (7.00%)	At 1% Increase (8.00%)
State's Proportionate Share of Net Pension Liability associated with the School District	\$ 6,678,326.00	\$ 5,644,449.00	\$ 4,776,057.00

**Pension Plan Fiduciary Net Position** – For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of TPAF and additions to/deductions from the TPAF's fiduciary net position have been determined on the same basis as they are reported by the TPAF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Additional Information** – The following is a summary of the collective balances of the local group at June 30, 2021 and 2020:

	6/30/2021	6/30/2020
Collective Deferred Outflows of Resources	\$ 6,373,530,834.00	\$ 9,626,548,228.00
Collective Deferred Inflows of Resources	27,363,906.00	14,591,988,841.00
Collective Net Pension Liability	48,165,991,182.00	65,993,498,688.00
School District's portion	0.01174%	0.00000%

#### C. Defined Contribution Retirement Plan (DCRP)

**Plan Description** – The Defined Contribution Retirement Program (DCRP) was established July 1, 2007, under the provisions of *N.J.S.A.* 43:15C-1 et seq. The DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage.

Individuals eligible for membership in the DCRP include:

- State or local officials who are elected or appointed on or after July 1, 2007;
- Employees enrolled in PERS or TPAF on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits;
- Employees enrolled in the Police and Firemen's Retirement System (PFRS) or State Police Retirement System (SPRS) after May 21, 2010, who earn salary in excess of established "maximum compensation" limits;
- Employees otherwise eligible to enroll in the PERS or TPAF on or after November 2, 2008, who do not earn the minimum annual salary for PERS or TPAF Tier 3 enrollment but who earn salary of at least \$5,000 annually. The minimum salary in 2019 is \$8,300 and is subject to adjustment in future years.
- Employees otherwise eligible to enroll in the PERS or TPAF after May 21, 2010, who do not work the minimum number of hours per week required for PERS or TPAF Tier 4 or Tier 5 enrollment but who earn salary of at least \$5,000 annually. The minimum number is 35 hours per week for State employees, or 32 hours per week for local government or local educations employees.

#### **Note 8. Pension Plans (Continued)**

**Contributions** – The contribution policy is set by *N.J.S.A.* 43:15C-3 and requires active members and contribution employers. When enrolled in the DCRP, members are required to contribute 5.5% of their base salary to a tax-deferred investment account established with Prudential Financial, which jointly administers the DCRP investments with the Division. Member contributions are matched by a 3% contribution from the School District.

For the year ended June 30, 2022, employee contributions totaled \$21,404.28, and the School District recognized an expense for payments made to the Defined Contribution Retirement program in the amount of \$11,773.75.

#### Note 9. Other Post-Retirement Benefits (OPEB)

#### General Information about the OPEB Plan

The State of New Jersey reports a liability as a result of its statutory requirements to pay other postemployment (health) benefits for State Health Benefit Local Education Retired Employees Plan. The State Health Benefit Local Education Retired Employees Plan is a multiple-employer defined benefit OPEB plan that is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions. The State Health Benefit Local Education Retired Employees Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey in accordance with *N.J.S.A* 52:14-17.32f. According to *N.J.S.A* 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L, 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

The total nonemployer OPEB liability does not include certain other postemployment benefit obligations that are provided by the local education employers. The reporting of these benefits are the responsibility of the individual local education employers.

#### **Basis of Presentation**

The Schedule presents the State's obligation under *NJSA* 52:14-17.32f. The Schedule does not purport to be a complete presentation of the financial position or changes in financial position of the State Health Benefit Local Education Retired Employees Plan or the State. The accompanying schedule was prepared in accordance with U.S.GAAP. Such preparation requires management of the State to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

#### Note 9. OPEB (continued)

#### **Total Nonemployer OPEB Liability**

The total nonemployer OPEB liability as of June 30, 2021 was determined by an actuarial valuation as of June 30, 2020, which was rolled forward to June 30, 2021. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation Rate	2.50%		
	TPAF/ABP	PERS	PFRS
Salary Increases: Through 2026	1.55 - 4.45%	2.00 - 6.00%	3.25 - 15.25%
	based on years of service	based on years of service	based on years of service
Thereafter	1.55 - 4.45%	3.00 - 7.00%	Applied to
	based on years	based on years	all future
	of service	of service	years

Preretirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP), "General" (PERS), and "Safety" (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using the Scale MP-2021. Postretirement mortality rates were based on the PUB-2010 Healthy "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using the Scale MP-2021. Disability mortality was based on the PUB-2010 Healthy "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using the Scale MP-2021 for current disables retirees. Future disabled retirees were based on Pub-2010 "Safety" (PFRS), "General" (PERS), and "Teachers" (TPAF/ABP) classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of actuarial experience studies for the periods July 1, 2015 – June 30, 2018, July 1, 2014 – June 30, 2018, and July 1, 2013 – June 30, 2018 for TPAF, PERS and PFRS, respectively.

OPEB Obligation and OPEB Expense – The State's proportionate share of the total Other Post Employment Benefits Obligations, attributable to the School District as of June 30, 2021 was \$6,334,537.00. The School District's proportionate share was \$0.

The OPEB Obligation was measured as of June 30, 2021, and the total OPEB Obligation used to calculate the OPEB Obligation was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. The State's proportionate share of the OPEB Obligation associated with the District was based on projection of the State's long-term contributions to the OPEB plan associated with the District relative to the projected contributions by the State associated with all participating school districts, actuarially determined. At June 30, 2021, the State proportionate share of the OPEB Obligation attributable to the School District was 0.01055621558%, which was an increase of 0.00002523% from its proportion measured as of June 30, 2020.

For the fiscal year ended June 30, 2021, the State of New Jersey recognized an OPEB expense in the amount of \$293,154.00 for the State's proportionate share of the OPEB expense attributable to the School District. This OPEB expense was based on the OPEB plans June 30, 2021 measurement date.

#### Note 9. OPEB (continued)

#### **Health Care Trend Assumptions**

For pre-Medicare medical benefits, the trend rate is initially 5.6% and decreases to a 4.5% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2021 through 2022 are reflected. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.0% and decreases to a 4.5% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.0%.

#### **Discount Rate**

The discount rate for June 30, 2021 was 2.16%, respectively. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

#### Sensitivity of Total Nonemployer OPEB Liability to changes in discount rate:

The following presents the total nonemployer OPEB liability as of June 30, 2021, calculated using the discount rate as disclosed above as well as what the total nonemployer OPEB liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	June 30, 2021					
	1	At 1% Decrease (1.16%)		At Discount Rate (2.16%)		At 1% Increase (3.16%)
State of New Jersey's						
Proportionate Share of Total OPEB						
Obligations Associated with						
the School District	\$	7,587,780.90	\$	6,334,537.00	\$	5,347,682.66
State of New Jersey's						
Total Nonemployer OPEB						
Liability	\$	71,879,745,555.00	\$	60,007,650,970.00	\$	50,659,089,138.00

#### Note 9. OPEB (continued)

#### Sensitivity of Total Nonemployer OPEB Liability to changes in the healthcare trend rate:

The following presents the total nonemployer OPEB liability as of June 30, 2021 calculated using the discount rate as disclosed above as well as what the total nonemployer OPEB liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

		June 30, 2021	
	1% Decrease	Healthcare Cost Trend Rate*	1% Increase
State of New Jersey's Proportionate Share of Total OPEB Obligations Associated with the School District	\$ 5,127,823.00	\$ 6,334,537.00	\$ 7,955,057.63
State of New Jersey's Total Nonemployer OPEB Liability	\$ 48,576,338,417.00	\$ 60,007,650,970.00	\$ 75,358,991,782.00

<sup>\*</sup> See Healthcare Cost Trend Assumptions for details of rates.

#### **Additional Information**

Collective balances of the Local Group at June 30, 2021 are as follows:

	Deferred Outflows of Resources		I	Deferred Inflows of Resources
Differences between Expected				
& Actual Experience	\$	9,045,886,863.00	\$	(18,009,362,976.00)
Change in Assumptions		10,179,536,966.00		(6,438,261,807.00)
Contributions Made in Fiscal Year				
Year Ending 2022 After June 30,				
2021 Measurement Date **		TBD		N/A
	\$	19,225,423,829.00	\$	(24,447,624,783.00)

#### Note 9. OPEB (continued)

#### **Additional Information (continued):**

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal Year Ending June 30,	
2022	\$ (1,182,303,041.00)
2023	(1,182,303,041.00)
2024	(1,182,303,041.00)
2025	(1,182,303,041.00)
2026	(840,601,200.00)
Thereafter	 347,612,410.00
	\$ (5,222,200,954.00)

<sup>\*\*</sup> Employer Contributions made after June 30, 2021 are reported as a deferred outflow of resources, but are not amortized in expense.

#### Plan Membership

At June 30, 2020, the Program membership consisted of the following:

	June 30, 2020
Active Plan Members	213,901
Inactive Plan Members or Beneficiaries	
Currently Receiving Benefits	150,427
	364,328

#### **Changes in the Total OPEB Liability**

The change in the State's Total OPEB liability for the fiscal year ended June 30, 2022 (measurement date June 30, 2021) is as follows:

#### **Total OPEB Liability**

Service Cost	\$ 3,217,184,264.00
Interest Cost	1,556,661,679.00
Differences Between Expected & Actual Experiences	(63,870,842.00)
Changes of Benefit Terms	(11,385,071,658.00)
Changes of Assumptions	59,202,105.00
Contributions: Member	39,796,196.00
Gross Benefit Payments	 (1,226,213,382.00)
Net Change in Total OPEB Liability	(7,802,311,638.00)
Total OPEB Liability (Beginning)	 67,809,962,608.00
Total OPEB Liability (Ending)	\$ 60,007,650,970.00
Total Covered Employee Payroll	14,425,669,769.00
Net OPEB Liability as a Percentage of Payroll	416%

#### Note 10. On-Behalf Payments for Fringe Benefits and Salaries

As previously mentioned, the School District receives on-behalf payments from the State of New Jersey for normal costs and post-retirement medical costs related to the Teachers' Pension and Annuity Fund (TPAF) pension plan. The School District is not legally responsible for these contributions. The on-behalf payments are recorded as revenues and expenditures in the government-wide and general fund financial statements. For the fiscal year ended June 30, 2022, the on-behalf payments for pension, social security, post-retirement medical costs, and long-term disability were \$445,502.00, \$96,360.73, \$104,087.00 and \$112.00, respectively.

#### Note 11. Risk Management

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

New Jersey Unemployment Compensation Insurance – The School District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the School District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The School District is billed quarterly for amounts due to the State. The following is a summary of School District contributions, employee contributions, reimbursements to the State for benefits paid and the ending unemployment claims fund balance and/or unemployment trust liability of the School District for the current year and previous two years.

#### **Ending Balance**

	Sch	ool District		Employee		Amount	1	Restricted		
Fiscal Year Ended June 30,	Coi	ntributions	(	Contributions		Reimbursed		employment and Balance		mployment st Liability
2022	\$	_	\$	5,842.25	\$	<u>-</u>	\$	190.35	\$	5,842.25
2021	Ψ	-	Ψ	4,320.89	Ψ	6,552.88	Ψ	190.35	Ψ	-
2020		-		4,624.15		11,716.50		2,422.34		-

**Property and Liability Insurance** – The School District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

**Joint Insurance Pool** – The School District also participates in the School Alliance Insurance Fund and, public entity risk pool. The Pool provides its members with the following coverage:

Property - Blanket Building & Grounds

General & Automobile Liability

Boiler & Machinery

Workers' Compensation

School Board Legal Liability

Comprehensive Crime Coverage

#### **Note 12. Contingencies**

State and Federal Grantor Agencies – The School District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies; therefore, to the extent that the School District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at June 30, 2022 may be impaired. In the opinion of the School District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provisions have been recorded in the accompanying combined financial statements for such contingencies.

**Litigation** – The School District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the School Districts' attorney that resolution of these matters will not have a material adverse effect on the financial condition of the School District.

#### **Note 12. Contingencies (Continued)**

**Economic Dependency** – The School District receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, could have an effect on the School District's programs and activities.

#### **Note 13. Deferred Compensation**

The School District offers its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Code Section 403(b) and 457. The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

AXA Equitable Siracusa Lincoln Financial

#### Note 14. Compensated Absences

The School District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by GASB Statement No. 16, *Accounting for Compensated Absences*. A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

School District employees are granted varying amount of vacation and sick leave in accordance with the School District's personnel policies. Upon termination, employees are paid for accrued vacation. The School District policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the School District for the unused sick leave in accordance with School Districts' agreements with the various employee unions.

The liability for vested compensated absences of the governmental fund types is recorded in the Statement of Net Position. At June 30, 2022, the liability for compensated absences reported was \$106,780.47.

#### Note 15. Tax Abatements

As defined by GASB Statement No. 77, *Tax Abatement*, a tax abatement is an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. School districts are not authorized by the State of New Jersey statute to enter into tax abatement agreements. However, the county or municipality in which the School District is situated may have entered into tax abatement agreements, and that potential must be disclosed in these financial statements. If the county or municipality entered into tax abatement agreements, those agreements will not directly affect the School District's local tax revenue because *N.J.S.A.* 54:4-75 and *N.J.S.A.* 54:4-76 require that amounts so forgiven must effectively be recouped from other taxpayers and remitted to the School District.

#### **Note 15. Tax Abatements (Continued)**

For a local School District Board of Education or Board of School estimate that has elected to raise their minimum tax levy using the required local share provisions at N.J.S.A. 18A:7F-5(b), the loss of revenue resulting from the municipality or county having entered into a tax abatement agreement is indeterminate due to the complex nature of the calculation of required local share performed by the DOE based upon district property value and wealth.

#### Note 16. Calculation of Excess Surplus

The designation for Restricted Fund Balance – Excess Surplus is a required calculation pursuant to N.J.S.A.18A:7F-7. New Jersey school districts are required to reserve General Fund fund balance at the fiscal year-end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2022 was \$447,852.00.

#### Note 17. Fund Balances

General Fund – Of the \$1,414,168.97 General Fund fund balance at June 30, 2022, \$127,005.84 has been restricted for the Capital Reserve Account; \$156,515.00 has been restricted for the Emergency Reserve Account; \$103,191.00 has been restricted for the Maintenance Reserve Account; \$190.35 has been restricted for the Unemployment Reserve Account; \$447,852.00 is restricted for current year excess surplus; \$367,428.21 is restricted for excess surplus - designated for subsequent year's expenditures; \$48,080.87 is assigned to other purposes; \$163,905.70 is unassigned.

Special Revenue Fund – Of the \$(9,991.10) Special Revenue Fund fund balance at June 30, 2022, \$1,439.10 is restricted for future expenditures for Student related activities; \$(11,430.20) is unassigned.

#### **Note 18. Deficit in Net Position**

Unrestricted Net Position – The School District governmental activities had a deficit in unrestricted net position in the amount of \$(221,383.57) at June 30, 2022. The primary causes of this deficit is the School District not recognizing the receivable for the last two state aid payments and the recording of the net pension liability for the Public Employee's Retirement System (PERS) as of June 30, 2022. This deficit in unrestricted net position for governmental activities does not indicate that the School District is facing financial difficulties.

#### Note 19. Deficit in Fund Balance

Special Revenue Fund – The School District had a deficit fund balance of \$(9,991.10) in the Special Revenue Fund as of June 30, 2022. The primary cause of this deficit is the School District not recognizing the receivable for the last two state aid payments allocated to Preschool Education Aid. The deficit in Special Revenue fund balance does not indicate that the School District is facing financial difficulties.

#### Note 20. Commitments

The District has contractual commitments at June 30, 2022 to various vendors, which are recorded in the General Fund as Fund Balance Assigned to Other Purposes in the amount of \$48,080.87.

### OCEAN GATE SCHOOL DISTRICT NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - PART III YEAR ENDED JUNE 30, 2022

#### **Teachers Pension and Annuity Fund (TPAF)**

#### **Changes in Benefit Terms**

None.

#### **Changes in Assumptions**

The discount rate used as of June 30, measurement date is as follows:

<b>Year</b>	Rate	<u>Year</u>	Rate	<u>Year</u>	Rate
2021	7.00%	2018	4.86%	2015	4.13%
2020	5.40%	2017	4.25%	2014	4.68%
2019	5.60%	2016	3.22%		

The long-term expected rate of return used as of June 30, measurement date is as follows:

<b>Year</b>	Rate	<u>Year</u>	Rate	<u>Year</u>	Rate
2021	7.00%	2018	7.00%	2015	7.90%
2020	7.30%	2017	7.00%	2014	7.90%
2019	7.00%	2016	7.65%		

The mortality assumption was updated upon the direction from the Division of Pensions and Benefits.

#### Public Employees' Retirement System (PERS)

#### **Changes in Benefit Terms**

The June 30, 2021 measurement date includes one change in plan provisions as Chapter 140, P.L. 2021 reopened the Worker's Compensation Judges (WCJ) Part of PERS and transferred WCJs from the Defined Contribution Retirement Program (DCRP) and regular part of PERS into the WCJ Part of PERS.

#### **Changes in Assumptions**

The discount rate used as of June 30, measurement date is as follows:

<b>Year</b>	Rate	<u>Year</u>	Rate	<u>Year</u>	Rate
2021	7.00%	2018	5.66%	2015	4.90%
2020	7.00%	2017	5.00%	2014	5.39%
2019	6.28%	2016	3.98%		

The long-term expected rate of return used as of June 30, measurement date is as follows:

<b>Year</b>	Rate	<b>Year</b>	Rate	<b>Year</b>	Rate
2021	7.00%	2018	7.00%	2015	7.90%
2020	7.00%	2017	7.00%	2014	7.90%
2019	7.00%	2016	7.65%		

The mortality assumption was updated upon the direction from the Division of Pensions and Benefits.

#### **State Health Benefit Local Education Retired Employees Plan (OPEB)**

#### **Changes in Benefit Terms**

None.

#### **Changes in Assumptions**

The discount rate used as of June 30, measurement date is as follows:

Year	Rate	<b>Year</b>	Rate
2021	2.16%	2018	3.87%
2020	2.21%	2017	3.58%

Other Debt: County of Ocean - Township's Share (%)		498,431,846.66	0.2243%		1,117,982.63
Subtotal, Overlapping Debt					7,029,198.47
Ocean Gate Borough School District Direct Debt	\$	-	100.0000%		
Total Direct & Overlapping Debt				\$	7,029,198.47

Source: Ocean County Office of the Treasurer, Borough of Ocean Gate.

**Note**: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the School District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Ocean Gate. This process recognizes that, when considering the School District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the School District's boundaries and dividing it by each unit's total taxable value.

# SINGLE AUDIT SECTION

Fourth Section

**EXHIBIT K-1** 

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable President and Members of the Board of Education Ocean Gate School District County of Ocean Ocean Gate, NJ 08740

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Ocean Gate School District as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements, and have issued our report thereon dated March 08, 2023.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Ocean Gate School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Ocean Gate School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards*, and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

#### Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, and federal and state awarding agencies and pass-through entities, in considering the School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully Submitted,
HOLMAN FRENIA ALLISON, P.C.

**EXHIBIT K-2** 

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY NEW JERSEY OMB CIRCULAR 15-08

Honorable President and Members of the Board of Education Ocean Gate School District County of Ocean Ocean Gate, New Jersey

#### Report on Compliance for Each Major State Program

#### Opinion on Each Major State Program

We have audited the Ocean Gate School District's compliance with types of compliance requirements identified as subject to audit in the New Jersey State Aid/Grant Compliance Supplement that could have a direct and material effect on each of the School District's major state programs for the fiscal year ended June 30, 2022. The Ocean Gate School District's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Ocean Gate School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2022.

#### Basis for Opinion on Each Major State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*; and the audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey. Our responsibilities under those standards, and New Jersey's OMB Circular 15-08 are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Ocean Gate School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major state program. Our audit does not provide a legal determination of the School District's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts of grant agreements applicable to the Ocean Gate School District's state programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Ocean Gate School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, New Jersey OMB's Circular 15-08 and audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the School District's compliance with the requirements of each major state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and New Jersey OMB's Circular 15-08, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the School District's compliance with compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the New Jersey OMB's Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### **Report on Internal Control Over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the New Jersey OMB's Circular 15-08. Accordingly, this report is not suitable for any other purpose.

Respectfully Submitted,

HOLMAN FRENIA ALLISON, P.C.

The accompanying Notes to Schedules of Expenditures of Awards and Financial Assistance are an integral part of this schedule

# OCEAN GATE SCHOOL DISTRICT NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE YEAR ENDED JUNE 30, 2022

#### Note 1. Basis of Presentation

The accompanying schedules of expenditures of federal awards and state financial assistance present the activity of all federal awards and state financial assistance programs of the Ocean Gate School District (the School District). The School District is defined in Note 1 of the basic financial statements. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

#### Note 2. Summary of Significant Accounting Policies

The accompanying schedules of expenditures of federal awards and state financial assistance are presented using the budgetary basis of accounting with the following exception: programs recorded in the enterprise fund are presented using the accrual basis of accounting and programs recorded in the capital projects fund are presented using the modified accrual basis of accounting. These bases of accounting are described in Note 1 to the School District's basic financial statements. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

The School District did not elect the 10-percent de minimis indirect cost rate as discussed in 2 CFR 200.414.

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions respectively. The amount reported as Teacher's Pension and Annuity Fund (TPAF) Pension Contributions represents the amount paid by the state on behalf of the School District for the year ended June 30, 2022. TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2022.

# OCEAN GATE SCHOOL DISTRICT NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

YEAR ENDED JUNE 30, 2022 (Continued)

#### **Note 3. Relationship to Basic Financial Statements**

The basic financial statements present the general fund and special revenue fund based on auditing standards generally accepted in the United States of America (GAAP). Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to *N.J.S.A.* 18A:22-44.2. For GAAP purposes payments are not recognized until the subsequent budget year due to the state deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more state aid June payments in the current budget year, consistent with *N.J.S.A.* 18A:22-4.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is (\$607.79) for the general fund and (\$26,938.40) for the special revenue fund. See Exhibit C-3 Note A of the basic financial statements, for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance expenditures reported in the School District's basic financial statements on a GAAP basis are presented as follows:

<b>Fund</b>	<b>Federal</b>	<b>State</b>	<b>Total</b>
General Fund	\$ -	\$ 1,477,003.94	\$ 1,477,003.94
Special Revenue Fund	247,270.09	334,745.16	582,015.25
Debt Service Fund	-	60,298.00	60,298.00
Food Service Fund	 94,438.68	1,513.47	95,952.15
Total Awards & Financial Assistance	\$ 341,708.77	\$ 1,873,560.57	\$ 2,215,269.34

#### Note 4. Relationship to Federal and State Financial Reports

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

#### Note 5. Federal and State Loans Outstanding

The School District had no loan balances outstanding at June 30, 2022.

# Section I - Summary of Auditor's Results
