March 8, 2023

Honorable President and Members of the Board of Education Pennsauken Township School District 1695 Hylton Road Pennsauken, NJ 08110

#### Dear Board Members:

The annual comprehensive financial report of the Pennsauken School System for the fiscal year ended June 30, 2022, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation including all disclosures rests with the management of the Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included:

Our annual comprehensive financial report is presented in four sections: introductory, financial, statistical and single audit.

The introductory section includes the following:

Transmittal Letter, District's Organizational Chart and List of Principal Officials

The financial section includes:

Basic Financial Statements, Fund Statements, Schedules and Auditor's Reports

The statistical section includes:

Selected Financial and Demographic Information presented on a multi-year basis

The District is required to undergo an annual single audit in conformity with provisions of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Requirements of Federal Grants, State Grants and State Aid.* Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and questioned costs, are included in the single audit section of this report.

#### 1) REPORT ENTITY AND ITS SERVICES:

The Pennsauken School District is an independent reporting entity within the criteria adopted by GASB Statement No. 14. All funds of the District are included in this report.

The District provides a range of educational services appropriate to grade levels Pre-K through 12. These include regular and classified students Pre-K through 12. Student enrollment counts for the past ten years are detailed below.

YEAR	STUDENT ENROLLMENT	PERCENT CHANGE
2021-22	4652	-1.19%
2020-21	4708	-0.15%
2019-20	4715	1.90%
2018-19	4627	-0.17%
2017-18	4635	-7.71%
2016-17	5022	1.23%
2015-16	4961	-1.74%
2014-15	5049	-0.92%
2013-14	5096	-2.84%
2012-13	5245	-2.56%

#### 2) ECONOMIC CONDITION AND OUTLOOK:

In March 2018, Pennsauken residents overwhelmingly passed an almost \$36 million bond referendum, proposed by the Pennsauken School District to make significant capital improvements to every public school in the Township.

The referendum addressed a variety of projects in every part of the District, including new security vestibules at all schools; capital improvement to elementary schools with new windows and doors; the establishment of all-day pre-school; the demolition of an aging Longfellow Elementary and the erection of a comprehensive community park and playground in the school's old footprint; new science labs and additional classrooms at Phifer Middle School; the transformation of Roosevelt Elementary School into a STEM Elementary and Middle School.

The transfer of the elementary into a high-tech magnet high school, with the addition of a brand new gymnasium; extensive renovations at Pennsauken High School, with improvement being made to the auditorium, library, locker rooms, and gymnasium; construction of a plumbing lab, a new field house, new tennis courts at the high school; and more.

Several projects outlined in the referendum have gone out to bid and are continually going out to bid; work on these items are ongoing. All bids are based on the same specifications and sealed until a set deadline has passed. The District goes with the lowest bidder and has the ability to reject all bids if the cost goes above what was anticipated for each individual project.

Most of the projects have been started at completed, with priorities given to outdoor projects, as well as work for the STEM elementary/middle school and the security vestibules.

Residential real estate sales in Pennsauken have remained constant in the past year which has been the trend throughout the nation. Pennsauken's residential community has reflected a moderate change and the minority populations are increasing.

#### 3) MAJOR INITIATIVES:

The Pennsauken School District is continually evolving. Our community and our student population are greatly diverse. The District's initiatives reflect a renewed vision and articulate the next chapter in the laudable history of the Pennsauken School District. This direction aims at embracing and uplifting the assets of its diverse school community and taking advantage of new opportunities as they appear.

The Pennsauken Board of Education laid the foundation for progress by adopting a Vision, Mission and Belief Statements in the spring of 2012. This has been updated to include new changes and the new vision for Pennsauken Public Schools. All efforts toward improvement are undergirded and guided by these statements. They keep all focused on our one true purpose: student success.

The initiatives detailed in this document are ambitious, but achievable. We seek input from all stakeholders to review, revise, and commit to full realization of them. We owe our students and ourselves our most dedicated work.

The Pennsauken Schools' vision is to foster diversity and talent as well as prepare students with the knowledge, higher-order thinking skills, and communication readiness for college, career, and workforce success, especially in vocational education and high performance academic college readiness. In partnership with parents and community stakeholders, our mission is to provide continuous student academic improvement for pursuit of lifelong learning and happiness. The Pennsauken Public Schools' Belief Statements are the following:

**Potential**: The District believes that all students have great potential to become innovators of the next generation. It is our responsibility to educate all students to their fullest potential and to foster an expectation for high performance. This requires adopting a positive attitude that drives the belief that with a high-quality education and appropriate supports, students can be successful regardless of circumstances.

**Diversity:** The District believes that our strength is in our diversity. Diversity enhances learning. The individuality and uniqueness of all school community members will be fostered and celebrated.

Accountability: The District will make all decisions in the best interest of all students by aligning our vision and mission with policies, budgets, guidelines, curriculum, and district performance data. Students should be afforded a highly effective educator in each classroom, differentiated instruction, and alternative ways of learning. We believe that the current disparity in academic performance between different groups of students can and must be eliminated.

Our major educational initiatives will continue to be:

- 1. Developing a highly qualified staff
- 2. Creating a positive school climate and culture for educators and students
- 3. Sustaining school safety and security
- 4. Differentiating instruction at all levels for all learners
- 5. Implementing 21st Century technology
- 6. Providing College and Career Awareness Programs to all students through dual credit classes, advanced placement classes, and traditional career and technical education programs
- 7. Offering a gateway to post-secondary education through dual credit course offered through local colleges and universities and career and technical education programs mention in item 6; this provides students a jump-start to their future endeavors

Each school has developed a set of objectives and a plan of action to implement these initiatives. Teachers are encouraged to participate in our comprehensive staff development courses that focus on strategies that will help them improve student academic learning outcomes. All professional development is aligned with the District's initiatives. This year, the administration is working with school administration to implement educational technology, adapt to remote learning data more effectively and assess student progress and instructional programs. Professional development includes the following data: ed tech integration, NJSLA, New Jersey State Science Exams, benchmarks, student enrollment, violence and vandalism trend data, attendance, report cards, special education inclusion, student progress, supports for English Language Learners and afterschool programs.

The administrative staff and Board of Education continue to have discussed student achievement data analysis, including NJSLA and New Jersey State Science Exams analysis (even though the state exam is being changed to encompass a deeper breath of the sciences), SAT and PSAT analysis. Benchmarks analysis, which tests student knowledge on NJCCCs and NGSS, and Reading Levels. During the summer of 2012, the Administration presented the School Board with the graduation dropout rate and the need for credit recovery programs. Data shared were Pennsauken Gap; local and national demographic and economic data; comparison of NJSLA and New Jersey State Science Exams Performance Results.

The District continues to collaborate with partners on several strategies. The administration is working with NJDOE Office on Safety and Security in the Tier 1 District, Making Our Schools Safe (M.O.S.S). Together with local emergency responders, the District developed a more comprehensive school safety emergency plan to further sustain a positive school climate and culture.

In an effort to increase and communicate high expectations for greater positive student behavior, the District revamped the Code of Conduct in collaboration with District Staff, parents, student, and community at large. This was adopted by the board in October of 2016 and was further revised and adopted in July of 2017. As the district grows and changes, the Code of Conduct will change as it is a living document.

The staff continues to grow in the Masonic Model for Intervention and Referral Services, a state mandated system of clearly defined steps that are taken to assist a struggling student in improving educational outcomes and overall academic performance. We want to provide additional resources and support for students' social wellbeing. Therefore, we have also expanded character education from only elementary level to K through 12<sup>th</sup> grades and adding high school programs.

In addition, the District is working with the department of education to further align the Career and Technology Education Programs with the NJ State's Plan. The Pennsauken High School has a variety of related arts programs. Additionally, the District has expanded the Middle and High School STEM (Science, Technology, Engineering and Math) programs through partnerships with Rowan University, Camden County College, Rowan College of Burlington County (RCBC) and other community organizations. The high school has put in nine (9) Career and Technical Education Programs that include Culinary Arts, Cosmetology, Carpentry, HVACR, Welding, Electrical Construction, Health Occupations, EMT/Fire Safety, and Automotive Technology. This district will be adding Diesel Technology with the first class beginning in September of 2020. This will be in addition to our Academy programs that are also housed in the high school (i.e. Criminal Justice, Information Technology, and Business & Finance).

The high school has housed multiple academies including a Health Science Academy, Engineering Academy, Music and Fine Arts Academy, Criminal Justice Academy, Mathematics and Engineering Academy, and a Communication Academy encompassing Television and Journalism. Additionally, an Air Force Junior ROTC program began in September of 2018. Through the expansion and improvement of technology, teachers at school levels are integrating the use of chromebooks, smart boards, and promethean boards in their classroom instruction. Ultimately, it is our aim to strengthen and support our teaching staff with the state of the art equipment that will help prepare and engage students in  $21^{st}$  Century learning and College and Career Readiness.

#### 4) <u>INTERNAL ACCOUNTING CONTROLS:</u>

Management of the Pennsauken Township School District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the district are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statement in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the Pennsauken Township School District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the district management.

As part of the Pennsauken Township School District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

#### 5) **BUDGETARY CONTROLS:**

In addition to internal controls, the district maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget. Annual budgets are adopted for the general fund, the special revenue fund and the debt service fund. The final budget amounts, as amended for the fiscal year, are reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as assignments of fund balance at June 30, 2022.

#### 6) ACCOUNTING SYSTEM AND REPORTS:

The District's accounting records reflect accounting principles generally accepted in the United States of America, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds are explained in "Notes to the Financial Statements", Note 1.

#### 7) <u>CASH MANAGEMENT:</u>

The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 1. The District has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

#### 8) RISK MANAGEMENT:

The Board carries various forms of insurance, including but not limited to, general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents and fidelity bonds.

#### 9) OTHER INFORMATION:

Independent Audit – State statues require an annual audit by independent certified public accountants. The accounting firm of Bowman & Company LLP was selected by the Board. In addition, to meeting the requirements set forth in state statutes, the audit also was designed to meet the provisions of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Requirements of Federal Grants, State Grants and State Aid.* The auditor's report on the general purpose financial statements and combined and individual fund statements and schedules are included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

#### 10) ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the Pennsauken Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the School District and thereby contributing their full support to the development and maintenance of our financial operation.

Respectfully submitted,

Ronnie Tarchichi

#### **INDEPENDENT AUDITOR'S REPORT**

The Honorable President and Members of the Board of Education Township of Pennsauken County of Camden Pennsauken, New Jersey 08110

#### Report on the Audit of the Financial Statements

#### **Opinions**

We have audited the financial statements of the governmental activities, the business-type activities, and each major fund of the Township of Pennsauken School District, in the County of Camden, State of New Jersey, as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the Township of Pennsauken School District, in the County of Camden, State of New Jersey, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Emphasis of Matter

#### Change in Accounting Principle

As described in note 1 to the financial statements, during the fiscal year ended June 30, 2022, the School District adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

#### Consistency of Financial Statements

Because of the implementation of GASB Statement No. 87, the School District has determined that certain disclosures of long-term liabilities relating to capital leases in the prior fiscal year are now disclosed as financed purchases (note 7). In addition, the School District has recorded leases receivable and deferred inflows of resources related to lease agreements (note 1 and note 4). Our opinion is not modified with respect to this matter.

#### 24000

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
  error, and design and perform audit procedures responsive to those risks. Such procedures include
  examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of the School District's proportionate share of the net pension liability, schedule of the School District's pension contributions, and schedule of changes in the School District's total OPEB liability and related ratios, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township of Pennsauken School District's basic financial statements. The combining statements and related major fund supporting statements and schedules, are presented for purposes of additional analysis, as required by the Office of School Finance, Department of Education, State of New Jersey, and are not a required part of the basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and State of New Jersey Circular 15-08-OMB, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, respectively, are also presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements and related major fund supporting statements and schedules, and schedules of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 8, 2023 on our consideration of the Township of Pennsauken School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township of Pennsauken School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township of Pennsauken School District's internal control over financial reporting and compliance.

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

#### **INDEPENDENT AUDITOR'S REPORT**

The Honorable President and Members of the Board of Education Township of Pennsauken School District County of Camden Pennsauken, New Jersey 08110

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial statement audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and in compliance with audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, and each major fund of the Township of Pennsauken School District, in the County of Camden, State of New Jersey, as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements, and have issued our report thereon dated March 8, 2023. Our report on the financial statements included an emphasis of matter paragraph describing the adoption of a new accounting principle and an additional paragraph on the consistency of financial statements resulting from the new accounting principle.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Township of Pennsauken School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township of Pennsauken School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

24000 Exhibit K-1

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Township of Pennsauken School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, and federal and state awarding agencies and pass-through entities, in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2022 (Unaudited)

The management's discussion and analysis of the Township of Pennsauken School District (School District) financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2022 and 2021. The intent of the discussion and analysis is to look at the School District's financial performance and review the notes to the basic financial statements to enhance the understanding of the School District's financial performance. It is recommended that the discussion and analysis be read in conjunction with a transmittal letter at the front of this financial report.

#### **FINANCIAL HIGHLIGHTS**

Financial Highlights for fiscal year 2022:

- The assets of the Township of Pennsauken School District exceeded its liabilities at the close of the most recent fiscal year by \$76,393,246 (net position).
- The School District's total net position increased by \$22,166,459. This increase is primarily attributable to the Township of Pennsauken School District's increase in revenues over expenditures and decrease in long term liabilities.
- As of the close of the current fiscal year, the School District's governmental funds reported combined ending fund balances of \$46,832,823 an increase of \$1,745,599 in comparison with the prior year.
- At the end of the current fiscal year, unassigned fund balance for the general fund had a balance of \$119,656, which is an increase of \$276,164 in comparison with the prior year.
- The Township of Pennsauken School District's total bonded debt decreased \$1,350,000.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of three parts – management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the School District:

- The first two statements are government-wide financial statements that provide both short-term and long-term information about the School District's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the School District, reporting the School District's operations in more detail than the government-wide statements.
- Governmental funds statements tell how basic services like regular and special education were financed in the short term as well as what remains for future spending.
- Proprietary funds statements offer short and long-term financial information about the activities the School District operates like businesses, such as food services.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2022 (Unaudited) (Cont'd)

#### **OVERVIEW OF THE FINANCIAL STATEMENTS (CONT'D)**

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the School District's budget for the year.

#### **Government-Wide Statements**

The government-wide statements report information about the School District as a whole using accounting methods similar to those used by the private-sector companies. The statement of net position includes all of the School District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the School District's net position and how they have changed. Net position is the difference between the School District's assets and deferred outflows of resources and liabilities and deferred inflows of resources and is one way to measure the School District's financial health or position. An increase or decrease in the School District's net position is an indicator of whether its financial position is improving or deteriorating, respectively. To assess the overall health or position of the School District, you need to consider additional nonfinancial factors such as changes in the School District's property tax base and the condition of school buildings and other facilities.

In the government-wide financial statements, the School District's activities are divided in two categories:

- Governmental activities The basic services, such as instruction for regular and special education, maintenance and operations, transportation and administration are included as government activities. Property taxes, state aid and fund balance appropriated finance most of these activities.
- Business-type activities The School District charges fees to cover the costs of certain services such as food services.

#### **Fund Financial Statements**

The fund financial statements provide more detailed information about the School District's funds, focusing on the significant funds, not the School District as a whole. Funds are used by the School District to keep track of specific sources of funding and spending on particular programs.

The School District has two kinds of funds:

- Governmental funds The School District's basic services are included in governmental funds, which detail
  cash and other financial assets and also identify balances that remain at year-end. Governmental funds
  statements provide a short-term view to determine whether more or less financial resources can be spent in
  subsequent years.
- Proprietary funds These funds represent charges or fees for such activities as food services.

#### FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (CONT'D)

#### **Governmental Activities**

In 2021-2022, Governmental Activities Revenues were \$141,842,117 or 97.53% of total revenues.

In 2020-2021, Governmental Activities Revenues were \$139,854,167 or 98.06% of total revenues.

The \$1,987,950 increase in Governmental Activities Revenues from FY 2020-2021 to FY 2021-2022 was mainly related to the increase in OPEB and pension revenue and increase in restricted grants and contributions.

In 2021-2022, General Revenues - Property Taxes of \$42,987,068 made up 29.56%, and General Revenues - Federal and State Aid Restricted and not Restricted of \$70,444,264 made up 48.44% of total revenues.

In 2020-2021, General Revenues - Property Taxes of \$42,896,628 made up 30.08%, and General Revenues - Federal and State Aid Restricted and not Restricted of \$56,510,658 made up 39.62% of total revenues.

In 2021-2022, the School District's Governmental Activities expenditures decreased by \$7,199,778 or -5.66%. This increase was mainly the result of increases in OPEB and pension expenses.

#### **Business-Type Activities**

In 2021-2022 Business-Type Activities Revenues were \$3,598,458 or 2.47% of total revenues. In 2020-2021 Business-Type Activities Revenues were \$2,767,289 or 1.94% of total revenues.

Charges for Services for Business-Type Activities were \$325,792 in 2021-2022 compared to \$74,260 in 2020-2021, a 338.72% increase.

Expenses for Business-Type Activities were \$3,347,598 in 2021-2022 compared to \$2,349,467 in 2020-2021, a 42.48% increase.

#### **General Fund Budgeting Highlights**

The final budgetary basis revenue estimate was \$102,717,768.

The 2021-2022 General Fund Tax Levy was \$41,145,911 as compared to \$41,090,161 in 2020-2021, a 0.14% increase.

During fiscal year 2022, the School District budgeted \$41.145,911 for property taxes (local tax levy) and \$60,664,697 for state aid revenues.

The School District also received \$2,781,460 and \$17,253,404 reimbursed T.P.A.F. Social Security Aid and On-behalf T.P.A.F. Medical, Pension Contributions, Long-term Disability Insurance and Non-Contributory Insurance, respectively. The Pennsauken Township School District's expenditures also include the reimbursed TPAF Social Security Aid and On-behalf T.P.A.F. Pension, Medical, Pension Contributions, Long-term Disability Insurance and Non-Contributory Insurance of \$2,781,460 and \$17,253,404 respectively, which contributes to an unfavorable expenditure variance for the fiscal year.

The final budgetary basis expenditure appropriation estimate was \$114,730,570.

## TOWNSHIP OF PENNSAUKEN SCHOOL DISTRICT

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Fiscal Year Ended June 30, 2022

Total Net Change in Fund Balances - Governmental Funds		\$	1,745,559.04
Amounts reported for governmental activities in the statement of activities (A-2) are different because:			
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period.  Depreciation Expense Capital Outlays	\$ (4,118,941.87) 17,845,000.57		
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces			13,726,058.70
long-term liabilities in the statement of net position and is not reported in the statement of activities.			1,350,000.00
Governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.			
This amount is the net effect of the difference in the treatment of the long-term debt related items.  Amortization of Bond Premiums			13,548.67
In the statement of activities, interest on long-term debt in the statement of activities is accrued, regardless of when due. In the governmental funds, interest is reported when due. The increase in accrued interest is a reduction in the reconciliation. (-)			26,152.98
In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+). However in the statement of activities, the cost of OPEB benefits earned is reported as OPEB expense. This is the amount by which the School District's OPEB contributions exceeded pension benefits

## TOWNSHIP OF PENNSAUKEN SCHOOL DISTRICT

Notes to Financial Statements For the Fiscal Year Ended June 30, 2022

## Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Township of Pennsauken School District (the "School District") have been prepared to conform with accounting principles generally accepted in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant of these policies.

## **Description of the Financial Reporting Entity**

The School District is a Type II district located in the County of Camden, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education (the "Board"). The Board is comprised of nine members elected to three-year terms. These terms are staggered so that three member's terms expire each year. The Superintendent is appointed by the Board to act as executive officer of the School District. The purpose of the School District is to educate students in grades Pre-K through 12 at its nine schools. The School District has an approximate enrollment at June 30, 2022 of 4,652.

The primary criterion for including activities within the School District's reporting entity, as set forth in Section 2100 of the Governmental Accounting Standards Board Codification of Governmental Accounting and Financial Reporting Standards, is the degree of oversight responsibility maintained by the School District. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. The financial statements include all funds of the School District over which the Board exercises operating control.

## **Component Units**

In evaluating how to define the School District for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statement No. 14, *The Financial Reporting Entity*, as amended. Blended component units, although legally separate entities, are in-substance part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and / or its citizens.

A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity.

## Component Units (Cont'd)

Based upon the application of these criteria, the School District has no component units.

Complete financial statements of the individual component units can be obtained from their administrative offices.

## **Government-wide and Fund Financial Statements**

The School District's basic financial statements consist of government-wide statements, and fund financial statements which provide a more detailed level of financial information.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by property taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. It is the policy of the School District to not allocate indirect expenses to functions in the statement of activities. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Property taxes and other items not properly included among program revenues are reported instead as general revenues.

In regards to the fund financial statements, the School District segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Fund financial statements report detailed information about the School District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a single column.

#### Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Property taxes are recognized as revenues in the year for which they are levied. The Camden County Board of Taxation is responsible for the assessment of properties, and the respective municipal tax collector is responsible for the collection of property taxes. Assessments are certified and property taxes are levied on January 1. Property tax payments are due February 1, May 1, August 1 and November 1. Unpaid property taxes are considered delinquent the following January 1 and are then subject to municipal lien. In accordance with New Jersey State Statute, the School District is entitled to receive moneys under an established payment schedule, and any unpaid amount is considered as an accounts receivable. The governing body of each municipality is required to pay over to the School District, within forty (40) days after the beginning of the school year, twenty percent (20%) of the moneys from school tax due. Thereafter, but prior to the last day of the school year, the municipality must pay the balance of moneys from school tax due for school purposes in such amounts as requested, with certain limitations, from time to time by the School District, within thirty days after each request.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are deemed both available and measurable. Available means when revenues are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School District considers revenues to be available if they are collected within sixty (60) days of the end of the current fiscal year. Measurable means that the amount of revenue can be determined. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, tuition, reimbursable-type grants, and interest associated with the current fiscal year are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal year. All other revenue items are considered to be measurable and available only when cash is received by the School District.

The School District reports the following major governmental funds:

**General Fund** - The general fund is the primary operating fund of the School District. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment classified in the capital outlay sub-fund.

As required by the New Jersey State Department of Education, the School District includes budgeted capital outlay in this fund. Accounting principles generally accepted in the United States of America, as they pertain to governmental entities, state that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey aid, ad valorem tax revenues, and appropriated fund balance. Expenditures are those which result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to, or remodeling of buildings, and the purchase of built-in equipment.

## Measurement Focus, Basis of Accounting and Financial Statement Presentation (Cont'd)

The School District reports the following major governmental funds (cont'd):

**Special Revenue Fund** - The special revenue fund is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

**Capital Projects Fund** - The capital projects fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets, other than those financed by proprietary funds. The financial resources are derived from New Jersey Economic Development Authority grants, temporary notes, serial bonds which are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election, or from the general fund by way of transfers from capital outlay or the capital reserve account.

**Debt Service Fund** - The debt service fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal and interest.

**Permanent Fund** - The permanent fund is used to account for and report resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the School District's programs, that is, for the benefit of the School District or its students as a whole. The School District maintains a permanent fund for the purpose of scholarships.

Proprietary funds are used to account for the School District's ongoing organizations and activities, which are operated and financed in a manner similar to those found in the private sector. The measurement focus is upon the determination of net income. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All items not meeting this definition are reported as nonoperating revenues and expenses.

The School District reports the following major proprietary funds:

## **Enterprise Funds**

**Food Service Fund** - This fund accounts for the financial transactions related to the food service operations of the School District.

As a rule, the effect of internal/interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all property taxes.

## **Budgets / Budgetary Control**

Annual appropriated budgets are prepared in the spring of each fiscal year for the general, special revenue, and debt service funds, and are submitted to the county office of education. In accordance with P.L. 2011, c. 202, the School District passed a resolution to move the school board election to the first Tuesday after the first Monday in November, starting in November of 2012, to be held simultaneously with the general election. As a result, a vote is not required on the School District's general fund tax levy for the budget year, other than the general fund tax levy required to support a proposal for additional funds, if any. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23A-16.2(f)1. Transfers of appropriations may be made by school board resolution at any time during the fiscal year in accordance with N.J.A.C. 6A:23A-13.3.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles, with the exception of the legally mandated revenue recognition of the one or more June state aid payments for budgetary purposes only, and the special revenue fund. N.J.S.A. 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, school districts must record the delayed one or more June state aid payments as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the budgetary basis. The budgetary basis differs from GAAP in that the budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The budget, as detailed on exhibit C-1, exhibit C-2, and exhibit I-3, includes all amendments to the adopted budget, if any.

Exhibit C-3 presents a reconciliation of the general fund revenues and special revenue fund revenues and expenditures from the budgetary basis of accounting, as presented in the general fund budgetary comparison schedule and the special revenue fund budgetary comparison schedule, to the GAAP basis of accounting as presented in the statement of revenues, expenditures and changes in fund balances governmental funds. Note that the School District does not report encumbrances outstanding at fiscal year-end as expenditures in the general fund since the general fund budget follows the modified accrual basis of accounting, with the exception of the aforementioned revenue recognition policy for the one or more June state aid payments.

#### **Encumbrances**

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded to assign a portion of the applicable appropriation, is utilized for budgetary control purposes. Encumbrances are a component of fund balance at fiscal year-end as they do not constitute expenditures or liabilities, but rather commitments related to unperformed contracts for goods and services. Open encumbrances in the governmental funds, other than the special revenue fund, which have not been previously restricted, committed, or assigned, should be included within committed or assigned fund balance, as appropriate.

Open encumbrances in the special revenue fund, however, for which the School District has received advances of grant awards, are reflected on the balance sheet as unearned revenues at fiscal year-end.

## Encumbrances (Cont'd)

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

## Cash, Cash Equivalents and Investments

Cash and cash equivalents, for all funds, include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. Such is the definition of cash and cash equivalents used in the statement of cash flows for the proprietary funds. U.S. treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions in which they may invest. N.J.S.A. 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

#### **Inventories**

Inventories are valued at cost, which approximates market. The costs are determined on a first-in, first-out method.

The cost of inventories in the governmental fund financial statements is recorded as expenditures when purchased rather than when consumed.

Inventories recorded on the government-wide financial statements and in the proprietary fund types are recorded as expenses when consumed rather than when purchased.

#### **Tuition Receivable**

Tuition charges were established by the School District based on estimated costs. The charges are subject to adjustment when the final costs are determined.

## Lease Receivable

Lease receivables recorded on the government-wide financial statement, in the governmental funds, and in the proprietary fund types represents a contract that conveys control of the right to use the School District's (lessor) nonfinancial asset. At the commencement of the lease term, the lessor recognizes a lease receivable and a deferred inflow of resources. The lease receivable is measured at the present value of lease payments expected to be received during the lease term.

## **Prepaid Expenses**

Prepaid expenses recorded on the government-wide financial statements and in the proprietary fund types represent payments made to vendors for services that will benefit periods beyond June 30, 2022.

In the governmental fund financial statements, however, payments for prepaid items are fully recognized as expenditures in the fiscal year of payment. No asset for the prepayment is created, and no expenditure allocation to future accounting periods is required (non-allocation method). This is consistent with the basic governmental concept that only expendable financial resources are reported by a specific fund.

## Short-Term Interfund Receivables / Payables

Short-term interfund receivables / payables (internal balances) represent amounts that are owed, other than charges for goods or services rendered to / from a particular fund within the School District, and that are due within one year. Such balances are eliminated in the statement of net position to minimize the grossing up of internal balances, thus leaving a net amount due between the governmental and business-type activities that are eliminated in the total government column.

## Capital Assets

Capital assets represent the cumulative amount of capital assets used by the School District. Purchased capital assets are recorded as expenditures in the governmental fund financial statements and are capitalized at cost on the government-wide statement of net position and proprietary fund statement of net position. Intangible right to use assets (lease assets) are recorded as expenditures in the governmental fund financial statements. Lease assets are measured on the government-wide statement of net position and proprietary fund statement of net position at the amount of the initial measurement of the related lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs. In the case of gifts or contributions, such capital assets are recorded at acquisition value at the time received.

The School District's capitalization threshold is \$2,000.00. Other costs incurred for repairs and maintenance are expensed as incurred. All reported capital assets, except land and construction in progress, are depreciated. Amortization on lease assets and depreciation on other capital assets is computed using the straight-line method over the shorter of the lease term or the following useful lives:

	Governmental Activities	Business-Type Activities
<u>Description</u>	Estimated Lives	Estimated Lives
Land Improvements	10 to 20 Years	N/A
Buildings and Improvements	10 to 50 Years	N/A
Equipment	5 to 20 Years	5 to 12 Years

The School District does not possess any infrastructure assets.

## **Deferred Outflows of Resources and Deferred Inflows of Resources**

The statement of net position and the balance sheet for the governmental funds reports separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources, reported after total assets, represents a reduction of net position that applies to a future period(s) and will be recognized as an outflow of resources (expense) at that time. Deferred inflows of resources, reported after total liabilities, represents an acquisition of net position that applies to a future period(s) and will be recognized as an inflow of resources (revenue) at that time.

## <u>Deferred Outflows of Resources and Deferred Inflows of Resources (Cont'd)</u>

Transactions are classified as deferred outflows of resources and deferred inflows of resources only when specifically prescribed by the Governmental Accounting Standards Board (GASB) standards. The School District is required to report the following as deferred outflows of resources and deferred inflows of resources: leases, defined benefit pension plans, and postemployment benefit plans.

## **Tuition Payable**

Tuition charges for the fiscal years ended June 30, 2022 and 2021 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined.

## **Unearned Revenue**

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied and is recorded as a liability until the revenue is both measurable and the School District is eligible to realize the revenue.

## **Accrued Salaries and Wages**

Certain School District employees who provide services to the School District over the ten-month academic year have the option to have their salaries evenly disbursed during the entire twelve-month year. New Jersey statutes require that these earned but undisbursed amounts be retained in a separate bank account. As of June 30, 2022, the amounts earned by these employees were disbursed to the employees' own individual credit union accounts.

## **Compensated Absences**

Compensated absences are payments to employees for accumulated time such as paid vacation, paid holidays, sick pay, and sabbatical leave. A liability for compensated absences that is attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the School District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the School District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

The School District uses the vesting method to calculate the compensated absences amount. The entire compensated absence liability, including the employer's share of applicable taxes, is reported on the government-wide financial statements. The portion related to employees in the proprietary funds is recorded at the fund level. The current portion is the amount estimated to be used in the following fiscal year. Expenditures are recognized in the governmental funds as payments come due each period, for example, as a result of employee resignations and retirements. Compensated absences not recorded at the fund level represent a reconciling item between the fund level and government-wide presentations.

## **Accrued Liabilities and Long-Term Obligations**

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities, and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner, and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, special termination benefits, and contractually required pension contributions that will be paid from governmental funds, are reported as a liability in the fund financial statements only to the extent that they are normally expected to be paid with expendable available financial resources. Bonds are recognized as a liability on the governmental fund financial statements when due.

#### **Bond Discounts / Premiums**

Bond discounts / premiums arising from the issuance of long-term debt (bonds) are amortized over the life of the bonds, in systematic and rational method, as a component of interest expense. Bond discounts / premiums are presented as an adjustment of the face amount of the bonds on the government-wide statement of net position and on the proprietary fund statement of net position.

## **Net Position**

Net position represents the difference between the summation of assets and deferred outflows of resources, and the summation of liabilities and deferred inflows of resources. Net position is classified into the following three components:

**Net Investment in Capital Assets -** This component represents capital assets, net of accumulated depreciation or amortization of intangible capital assets, net of outstanding balances of borrowings used for the acquisition, construction, or improvement of those assets.

**Restricted** - Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

**Unrestricted** - Net position is reported as unrestricted when it does not meet the criteria of the other two components of net position.

The School District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

## **Fund Balance**

The School District reports fund balance in classifications that comprise a hierarchy based primarily on the extent to which the School District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The School District's classifications, and policies for determining such classifications, are as follows:

**Nonspendable** - The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, such as inventories and prepaid amounts.

**Restricted** - The restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources either by being (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation.

**Committed** - The committed fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the School District's highest level of decision-making authority, which, for the School District, is the Board of Education. Such formal action consists of an affirmative vote by the Board of Education, memorialized by the adoption of a resolution. Once committed, amounts cannot be used for any other purpose unless the Board of Education removes, or changes, the specified use by taking the same type of action (resolution) it employed to previously commit those amounts.

## Fund Balance (Cont'd)

**Assigned** - The assigned fund balance classification includes amounts that are constrained by the School District's *intent* to be used for specific purposes, but are neither restricted nor committed. *Intent* is expressed by either the Board of Education or by the business administrator, to which the Board of Education has delegated the authority to assign amounts to be used for specific purposes. Such authority of the business administrator is established by way of a formal job description for the position and standard operating procedures, approved by the Board of Education.

**Unassigned -** The unassigned fund balance classification is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balances are available, it is the policy of the School District to spend restricted fund balances first. Moreover, when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used, it is the policy of the School District to spend fund balances, if appropriate, in the following order: committed, assigned, then unassigned.

## **Interfund Activity**

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditures / expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources / uses in governmental funds and after non-operating revenues / expenses in proprietary funds. Reimbursements from funds responsible for particular expenditures / expenses to the funds that initially paid for them are not presented on the financial statements.

#### **Accounting Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

## Impact of Recently Issued Accounting Principles

## **Recently Issued and Adopted Accounting Pronouncements**

The School District implemented the following GASB Statement for the fiscal year ended June 30, 2022:

Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

## Impact of Recently Issued Accounting Principles (Cont'd)

## Recently Issued and Adopted Accounting Pronouncements (Cont'd)

Because of the implementation of GASB Statement No. 87, the School District has determined that lease agreements in the prior fiscal year formerly reported and / or disclosed have now been reported and disclosed in accordance with the Statement (notes 4 and 7).

## **Recently Issued Accounting Pronouncements**

The GASB has issued the following Statement that will become effective for the School District for fiscal years ending after June 30, 2024:

Statement No. 101, *Compensated Absences*. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The Statement will become effective for the School District in the fiscal year ending June 30, 2025. Management is currently evaluating whether or not this Statement will have an impact on the basic financial statements of the School District.

#### Note 2: CASH AND CASH EQUIVALENTS

<u>Custodial Credit Risk Related to Deposits</u> - Custodial credit risk is the risk that, in the event of a bank failure, the School District's deposits might not be recovered. Although the School District does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the School District in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds, salary withholdings, and student activity funds, or funds that may pass to the School District relative to the happening of a future condition. Such funds are classified as uninsured and uncollateralized.

As of June 30, 2022, the School District's bank balances of \$41,498,718.13 were exposed to custodial credit risk as follows:

Insured by FDIC and GUDPA	\$ 40,519,647.91
Uninsured and uncollateralized	 979,070.22
	\$ 41,498,718.13

New Jersey Cash Management Fund - During the fiscal year, the School District participated in the New Jersey Cash Management Fund. The Fund is governed by regulations of the State Investment Council, who prescribe standards designed to insure the quality of investments in order to minimize risk to the Funds participants. Deposits with the New Jersey Cash Management Fund are not subject to custodial credit risk as defined above. At June 30, 2022, the School District's deposits with the New Jersey Cash Management Fund were \$497,145.50.

## Note 3: CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the School District by inclusion of \$1,000.00 on September 28, 2000 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the School District's approved Long Range Facilities Plan ("LRFP"). Upon submission of the LRFP to the Department, a school district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at fiscal year-end (June 1 to June 30) of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A school district may also appropriate additional amounts when the express approval of the voters has been obtained by either a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6A:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2021 to June 30, 2022 fiscal year is as follows:

Beginning Balance, July 1, 2021		\$ 9,362,183.32
Increased by:		
Interest Earnings	\$ 134,491.34	
Transfer per June 14, 2022 Resolution	5,000,000.00	
		5,134,491.34
		14,496,674.66
Decreased by:		
Budgeted Transfer to Capital Outlay		2,000,000.00
Ending Balance, June 30, 2022		\$ 12,496,674.66

The June 30, 2022 LRFP balance of local support costs of uncompleted projects at June 30, 2022 is \$25,658,320.60. The withdrawals from the capital reserve were for use in a Department of Education approved facilities projects, consistent with the School District's LRFP.

## Note 4: RECEIVABLES

## **Accounts Receivable**

Accounts receivable at June 30, 2022 consisted of accounts (fees for services) and intergovernmental awards / grants. All receivables are considered collectible in full due to the stable condition of federal and state programs, the current fiscal year guarantee of federal funds, and the regulated budgetary control of governmental entities in New Jersey.

## Note 4: RECEIVABLES (CONT'D)

Financed purchases are depreciated in a manner consistent with the School District's deprecation policy for owned assets.

<u>Compensated Absences</u> - As previously stated, compensated absences will be paid from the fund from which the employees' salaries are paid. Refer to note 13 for a description of the School District's policy.

**Net Pension Liability** - For details on the net pension liability, refer to note 8. The School District's annual required contribution to the Public Employees' Retirement System is budgeted and paid from the general fund on an annual basis.

<u>Postemployment Benefits</u> - For details on other postemployment benefits, refer to note 9. The School District's contributions to the postemployment benefits plan are budgeted and paid from the general fund.

## Note 8: PENSION PLANS

A substantial number of the School District's employees participate in one of the following defined benefit pension plans: the Teachers' Pension and Annuity Fund ("TPAF") and the Public Employees' Retirement System ("PERS"), which are administered by the New Jersey Division of Pensions and Benefits (the "Division"). In addition, several School District employees participate in the Defined Contribution Retirement Program, which is a defined contribution pension plan. The DCRP is administered by Empower (formerly Prudential Financial).

Each of the aforementioned plans have a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements, required supplementary information, and detailed information about the PERS and TPAF plans' fiduciary net position that can be obtained by writing to or at the following website:

## **General Information about the Pension Plans**

## **Plan Descriptions**

**Teachers' Pension and Annuity Fund -** The Teachers' Pension and Annuity Fund is a cost-sharing multiple-employer defined benefit pension plan, with a special funding situation, which was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66. The State of New Jersey ("State") is responsible to fund 100% of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. The TPAF's designated purpose is to provide retirement benefits, death, disability and medical benefits to certain qualified members. Membership in the TPAF is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, who have titles that are unclassified, professional and certified. The TPAF Board of Trustees is primarily responsible for the administration of the Plan.

**Public Employees' Retirement System** - The Public Employees' Retirement System is a cost-sharing multiple-employer defined benefit pension plan that was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A. The PERS' designated purpose is to provide retirement, death, disability, and medical benefits to certain qualified members. Membership in the PERS is mandatory for substantially all full-time employees of the School District, provided the employee is not required to be a member of another state-administered retirement system or other state pensions fund or local jurisdiction's pension fund. The PERS' Board of Trustees is primarily responsible for the administration of the PERS.

## **General Information about the Pension Plans (Cont'd)**

## Plan Descriptions (Cont'd)

**Defined Contribution Retirement Program** - The Defined Contribution Retirement Program is a multiple-employer defined contribution pension fund established on July 1, 2007 under the provisions of P.L. 2007, c. 92 and P.L. 2007, c. 103, and expanded under the provisions of P.L. 2008, c. 89 and P.L. 2010, c. 1. The DCRP is a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) § 401(a) et seq., and is a "governmental plan" within the meaning of IRC § 414(d). The DCRP provides retirement benefits for eligible employees and their beneficiaries. Individuals covered under DCRP are employees enrolled in TPAF or PERS on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits; employees enrolled in New Jersey State Police Retirement System (SPRS) or the Police and Firemen's Retirement System (PFRS) after May 21, 2010, who earn salary in excess of established "maximum compensation" limits; employees otherwise eligible to enroll in TPAF or PERS on or after November 2, 2008, who do not earn the minimum annual salary for tier 3 enrollment but who earn salary of at least \$5,000.00 annually; and employees otherwise eligible to enroll in TPAF or PERS after May 21, 2010 who do not work the minimum number of hours per week required for tiers 4 or 5 enrollment, but who earn salary of at least \$5,000.00 annually.

## **Vesting and Benefit Provisions**

**Teachers' Pension and Annuity Fund -** The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

The following represents the membership tiers for TPAF:

## **Tier Definition**

- 1 Members who were enrolled prior to July 1, 2007
- 2 Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
- 3 Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
- 4 Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
- 5 Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 before age 65 with 30 years or more of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

## **Vesting and Benefit Provisions (Cont'd)**

**Public Employees' Retirement System -** The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after 10 years of service.

The membership tiers for PERS are the same as previously noted for TPAF.

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more service credit before age 62 and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

**Defined Contribution Retirement Program** - Eligible members are provided with a defined contribution retirement plan intended to qualify for favorable Federal income tax treatment under IRC Section 401(a), a noncontributory group life insurance plan and a noncontributory group disability benefit plan. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employee contributions shall immediately become and shall at all times remain fully vested and nonforfeitable. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employer contributions shall be vested and nonforfeitable on the date the participant commences the second year of employment or upon his or her attainment of age 65, while employed by an employer, whichever occurs first.

#### Contributions

**Teachers' Pension and Annuity Fund -** The contribution policy is set by N.J.S.A. 18A:66 and requires contributions by active members and contributing employers. Pursuant to the provisions of P.L. 2011, C. 78, the member contribution rate was 7.50% in State fiscal year 2021. The State's contribution is based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability. For fiscal year 2021, the State's pension contribution was less than the actuarial determined amount.

Under current statute, all employer contributions are made by the State of New Jersey on-behalf of the School District and all other related non-contributing employers. No normal or accrued liability contribution by the School District has been required over several preceding fiscal years. These onbehalf contributions by the State of New Jersey are considered a special funding situation, under the definition of GASB 68, Accounting and Financial Reporting for Pensions.

The School District's contractually required contribution rate for the fiscal year ended June 30, 2022 was 26.16% of the School District's covered payroll, of which 0.00% of payroll was required from the School District and 100.00% of payroll was required from the State of New Jersey. The School District was not required to contribute to the pension plan during the fiscal year ended June 30, 2022 because of the 100.00% special funding situation with the State of New Jersey.

## **General Information About the Pension Plans (Cont'd)**

## **Contributions (Cont'd)**

**Teachers' Pension and Annuity Fund (Cont'd)** - Based on the most recent TPAF measurement date of June 30, 2021, the State's contractually required contribution, on-behalf of the School District, to the pension plan for the fiscal year ended June 30, 2022 was \$9,847,282.00, and was paid by April 1, 2022. School District employee contributions to the Plan during the fiscal year ended June 30, 2022 were \$2,868,258.78.

**Public Employees' Retirement System -** The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Pursuant to the provisions of P.L. 2011, C. 78, the member contribution rate was 7.50% in State fiscal year 2021. Employers' contributions are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability.

The School District's contractually required contribution rate for the fiscal year ended June 30, 2022 was 17.36% of the School District's covered payroll. This amount was actuarially determined as the amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, including an additional amount to finance any unfunded accrued liability.

Based on the most recent PERS measurement date of June 30, 2021, the School District's contractually required contribution to the pension plan for the fiscal year ended June 30, 2022 was \$1,485,863.00, and was paid by April 1, 2022. School District employee contributions to the Plan during the fiscal year ended June 30, 2022 were \$698,486.10.

**Defined Contribution Retirement Program -** The contribution policy is set by N.J.S.A. 43:15C-3 and requires contributions by active members and contributing employers. In accordance with P.L. 2007, C. 92, and P.L. 2007, C. 103, Plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the School District contributes 3% of the employees' base salary, for each pay period.

For the fiscal year ended June 30, 2022, employee contributions totaled \$35,899.02, and the School District recognized pension expense, which equaled the required contributions, of \$19,581.42. There were no forfeitures during the fiscal year.

## <u>Pension Liabilities, Pension (Benefit) Expense, and Deferred Outflows of Resources and Deferred</u> Inflows of Resources Related to Pensions

## **Teachers' Pension and Annuity Fund**

**Pension Liability -** At June 30, 2022, the School District was not required to report a liability for its proportionate share of the net pension liability for TPAF because of the 100% special funding situation by the State of New Jersey.

**Pension Liability (Cont'd)** – The State's proportionate share of net pension liability, however, attributable to the School District is as follows:

School District's Proportionate Share of Net Pension Liability \$

State of New Jersey's Proportionate Share of Net Pension Liability associated with the School District

161,545,079.00

\$ 161,545,079.00

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The total pension liability was calculated using updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2021. For the June 30, 2021 measurement date, the School District's proportion of the net pension liability was based on a projection of the School District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State of New Jersey, actuarially determined. At the June 30, 2021 measurement date, the School District proportion was 0.00% due to the 100% special funding situation with the State of New Jersey; however, the State's proportionate share of the TPAF net pension liability associated with the School District was .3360258870%, which was a decrease of .0008256601% from its proportion measured as of June 30, 2020.

**Pension (Benefit) Expense -** For the fiscal year ended June 30, 2022, the State's proportionate share of the pension (benefit) expense, associated with the School District, calculated by the Plan as of June 30, 2021 measurement date, was \$3,801,227.00. This on-behalf expense has been recognized by the School District in the government-wide financial statements.

## Public Employees' Retirement System

**Pension Liability** - At June 30, 2022, the School District reported a liability of \$15,030,340.00 for its proportionate share of the net pension liability for PERS. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The total pension liability was calculated using updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2021. The School District's proportion of the net pension liability was based on a projection of the School District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. For the June 30, 2021 measurement date, the School District's proportion was .1268757932%, which was a decrease of .0004051206% from its proportion measured as of June 30, 2020.

**Pension (Benefit) Expense -** For the fiscal year ended June 30, 2022, the School District recognized pension (benefit) expense of (\$2,256,753.00), in the government-wide financial statements. This pension expense was based on the pension plan's June 30, 2021 measurement date.

## <u>Pension Liabilities, Pension (Benefit) Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Cont'd)</u>

## Public Employees' Retirement System (Cont'd)

**Deferred Outflows and Inflows of Resources -** At June 30, 2022, the School District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

## **Actuarial Assumptions**

The net pension liabilities were measured as of June 30, 2021 and the total pension liabilities used to calculate the net pension liability were determined by an actuarial valuation as of July 1, 2020. The total pension liabilities were calculated using updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2021. The actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

	<u>TPAF</u>	<u>PERS</u>
Inflation Rate:		
Price	2.75%	2.75%
Wage	3.25%	3.25%
Salary Increases: (1)		
Through 2026	1.55% - 4.45%	2.00% - 6.00%

<sup>(1)</sup> based on years of service

For TPAF, pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

For PERS, pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

## Actuarial Assumptions (Cont'd)

For TPAF and PERS, in accordance with State statute, the long-term expected rate of return on Plan investments (7.00% at the June 30, 2021 measurement date) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic rates of return for each major asset class included in TPAF's and PERS' target asset allocation as of the June 30, 2021 measurement date are summarized in the following table:

		Long-Term
	Target	<b>Expected Rea</b>
Asset Class	<b>Allocation</b>	Rate of Return
U.S. Equity	27.00%	8.09%
Non-US Developed Markets Equity	13.50%	8.71%

## **Discount Rate -**

**Teachers' Pension and Annuity Fund** - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 2.16% as of the June 30, 2021 measurement date based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers would be based on 100% of the actuarially determined contributions for the State. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to projected benefit payments in determining the total pension liability.

## **Actuarial Assumptions (Cont'd)**

Discount Rate (Cont'd) -

**Public Employees' Retirement System -** The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 2.16% as of the June 30, 2021 measurement date based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity would be based on 100% of the actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all projected benefit payments in determining the total pension liability.

## Sensitivity of Proportionate Share of Net Pension Liability to Changes in the Discount Rate

**Teachers' Pension and Annuity Fund (TPAF)** - As previously mentioned TPAF has a special funding situation where the State pays 100% of the School District's annual required contribution. As such, the proportionate share of the net pension liability as of June 30, 2021, the Plan's measurement date, attributable to the School District is \$0.00. The following, however, presents the net pension liability of the State as of June 30, 2021 (Plan's measurement date), attributable to the School District, calculated using the discount rate of 7.00% as well as what the State's net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage-point higher than the current rate:

	1% Decrease <u>(6.00%)</u>	Current Discount Rate (7.00%)	1% Increase <u>(8.00%)</u>
School District's Proportionate Share of the Net Pension Liability	\$ -	\$ -	\$ -
State of New Jersey's Proportionate Share of Net Pension Liability associated with the School District	191,134,812.00	161,545,079.00	136,691,562.00
	\$ 191,134,812.00	\$ 161,545,079.00	\$ 136,691,562.00

**Public Employees' Retirement System (PERS)** - The following presents the School District's proportionate share of the net pension liability at June 30, 2021, the Plan's measurement date, calculated using a discount rate of 7.00%, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rates used:

	1%	Current	1%
	Decrease	Discount Rate	Increase
	<u>(6.00%)</u>	<u>(7.00%)</u>	<u>(8.00%)</u>
School District's Proportionate Share			
of the Net Pension Liability	\$ 20,468,275.00	\$ 15,030,340.00	\$ 10,415,481.00

#### **Pension Plan Fiduciary Net Position**

For purposes of measuring the net pension liability, deferred outflows of resources, deferred inflows of resources related to pensions, and pension expense, information about the respective fiduciary net position of the TPAF and PERS and additions to/deductions from TPAF and PERS' respective fiduciary net position have been determined on the same basis as they are reported by TPAF and PERS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## A. STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN

## **General Information about the OPEB Plan**

Plan Description and Benefits Provided - The State Health Benefit Local Education Retired Employees Plan (the "OPEB Plan") is a multiple-employer defined benefit OPEB plan, with a special funding situation, that is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75 - Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions. The OPEB Plan is administered by the State of New Jersey Division of Pensions and Benefits (the "Division") and is part of the New Jersey State Health Benefits Program (SHBP). The Division issues a publicly available financial report that includes financial statements and required supplementary information which can be obtained by writing to or at the following website:

State of New Jersey
Division of Pensions and Benefits
P.O. Box 295
Trenton, New Jersey 08625-0295
https://www.nj.gov/treasury/pensions/financial-reports.shtml

The OPEB Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

Contributions - The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey (the "State") in accordance with N.J.S.A 52:14-17.32f. According to N.J.S.A 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L, 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

**Employees Covered by Benefit Terms -** At June 30, 2021, the OPEB Plan's measurement date, the entire State Health Benefit Local Education Retired Employees OPEB Plan consisted of the following members.

Active Plan Members	213,901
Inactive Plan Members or Beneficiaries Currently Receiving Benefits	150,427
Inactive Plan Members Entitled to but Not Yet Receiving Benefit Payments	
	364,328

## **Total Non-Employer OPEB Liability**

The State of New Jersey, a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to the OPEB Plan for qualified retired TPAF, PERS, PFRS and ABP pension participants. The School District's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Accordingly, the School District did not recognize any portion of the collective net OPEB liability on the statement of net position.

The State's proportionate share of the net OPEB liability associated with the School District as of June 30, 2022 was \$249,588,763.00. Since the OPEB liability associated with the School District is 100% attributable to the State, the OPEB liability will be referred to as the total non-employer OPEB liability.

The total non-employer OPEB liability was measured as of June 30, 2021, and was determined by an actuarial valuation as of June 30, 2020, which was rolled forward to June 30, 2021. For the June 30, 2021 measurement date, the State's proportionate share of the non-employer OPEB liability associated with the School District was .4159282341%, which was an increase of .0007030472% from its proportion measured as of June 30, 2020.

**Actuarial Assumptions and Other Inputs -** The actuarial assumptions and other inputs vary for each plan member depending on the pension plan in which the member is enrolled. The actuarial valuation at June 30, 2020, which was rolled forward to June 30, 2021, used the following actuarial assumptions, applied to all periods in the measurement:

## Salary Increases -

	TPAF/ABP *	PERS *	PFRS *
Salary Increases:

**Mortality Rates -** Current and future retiree healthy mortality rates were based on the PUB-2010 "General" classification and PUB-2010 Health "Teachers" classification headcount-weighted mortality tables with fully generational mortality improvement projections from the central year using Scale MP-2021.

Disabled mortality was based on the PUB-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

**Experience Studies -** The actuarial assumptions used in the June 30, 2020 valuation, which was rolled forward to June 30, 2021, were based on the results of actuarial experience studies for the periods July 1, 2015 - June 30, 2018, July 1, 2014 - June 30, 2018, and July 1, 2013 - June 30, 2018 for TPAF, PERS, and PFRS, respectively.

Health Care Trend Assumptions - For pre-Medicare medical benefits, the trend rate is initially 5.65% and decreases to a 4.50% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2022 through 2023 are reflected. For PPO the trend is initially 5.74% in fiscal year 2024, increasing to 12.93% in fiscal year 2025 and decreases to 4.50% after 11 years. For HMO the trend is initially 6.01% in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreases to 4.50% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to a 4.50% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

**Discount Rate -** The discount rate for June 30, 2021 measurement date was 2.16%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

## **Changes in the Total Non-Employer OPEB Liability**

The below table summarizes the State's proportionate share of the change in the total non-employer OPEB liability associated with the School District:

#### **General Information about the OPEB Plan**

**Plan Description -** The School District's defined benefit OPEB plan (the "Plan") provides OPEB for all permanent full-time administrative and custodial employees of the School District. The Plan is a single-employer defined benefit OPEB plan and is administered by the School District. The Board of Education of the School District has the authority to establish and amend the benefit terms and financing requirements of the Plan. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions*.

**Benefits Provided -** The Plan provides dental insurance benefits for retired employees.

**Employees Covered by Benefit Terms -** As of June 30, 2022, the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries Currently Receiving Benefit Payments	70
Active Employees	438
_	
	508

# **Total OPEB Liability**

The School District's total OPEB liability of \$1,647,728 was measured as of June 30, 2022, and was determined by an actuarial valuation as of that date.

**Actuarial Assumptions and Other Inputs -** The total OPEB liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation 3.00% Annually

Discount Rate 4.09%

Healthcare Cost Trend Rates 5.00% for Medical Benefits

Retirees' Share of Benefit-Related Costs None

The discount rate was based on the 20-Bond General Obligation (GO) Index.

#### Note 10: ON-BEHALF PAYMENTS

For the fiscal year ended June 30, 2022, the School District has recognized as revenues and expenditures on-behalf payments made by the State for normal costs and post-retirement medical costs related to TPAF, in the fund financial statements. The amounts recognized as revenues and expenditures in the fund financial statements for normal costs, non-contributory insurance, post-retirement medical costs, and long-term disability insurance were \$13,788,021.00, \$194,530.00, \$3,266,889.00, and \$4,064.00, respectively.

### Note 11: RISK MANAGEMENT

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

New Jersey Unemployment Compensation Insurance - The School District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the School District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The School District is billed quarterly for amounts due to the State.

The following is a summary of the activity of the School District's unemployment claims for the current and previous two fiscal years:

Fiscal Year Ended June 30,	mployee ntributions	Interest Income	Claims Incurred		estricted Fund <u>Balance</u>
2022		\$ 7,176.48		\$ 2	270,555.13
2021		5,836.41		2	263,378.65
2020	\$ 81,730.24	5,238.99	\$ 138,683.17	:	257,542.24

<u>Self-Insurance Plan</u> - As of July 1, 2013, the School District was no longer self-insured for new worker's compensation claims. The workers' compensation insurance claims liability reported as of June 30, 2022 remains for claims incurred while the District was self-insured but have not been closed.

The workers' compensation insurance claims liability (incurred) is based on an analysis prepared by management, which is based on historical trends. The remaining claims liability (incurred) is based on an evaluation performed by the third-party administrator of the plan. As of June 30, 2022, there is no longer a liability.

The following is a summary of the claims liability of the School District's self-insured workers' compensation, which is reported in the internal service fund, for the current and previous two fiscal years:

	-	Fiscal Year 2022	Fiscal <u>Year 2021</u>		
Claims Liability Balance, July 1 Incurred Claims	\$	18,845.83	\$	59,630.90 61,200.00	
Payment of Claims		(18,845.83)		(101,985.07)	
Claims Liability Balance, June 30	\$		\$	18,845.83	

There have been no settlements that exceed the School District's coverage for fiscal years ended June 30, 2022, 2021, and 2020.

#### Note 11: RISK MANAGEMENT (CONT'D)

<u>Joint Insurance Fund</u> - The School District is a member of the New Jersey Schools Insurance Group. Contributions to the Fund, including a reserve for contingencies, are payable in two installments and are based on actuarial assumptions determined by the Fund's actuary. The Commissioner of Insurance may order additional assessments to supplement the Fund's claim, loss retention, or administrative accounts to assure the payment of the Fund's obligations.

A complete schedule of insurance coverage can be found in the statistical section of this Annual Comprehensive Financial Report. The Fund provides the School District with the following coverage:

Property
Comprehensive General Liability
Commercial Inland Marine
Boiler and Machinery
Crime
Automobile
Environmental Impairment Liability
Workers' Compensation
Educators Legal Liability
Cyber Liability
Violent Malicious Acts

Contributions to the Pool, including a reserve for contingencies, are payable in two installments and are based on actuarial assumptions determined by the Pool's actuary. The School District's agreement with the Pool provides that the Pool will be self-sustaining through member premiums and will reinsure through the Municipal Excess Liability Joint Insurance Fund for claims in excess of \$50,000.00 to \$200,000.00 based on the line of coverage for each insured event.

The Fund publishes its own financial report for the fiscal year ended June 30, 2022, which can be obtained from:

New Jersey Schools Insurance Group 450 Veterans Drive Burlington, New Jersey 08016

#### Note 12: <u>DEFERRED COMPENSATION</u>

The School District offers its employees a choice of six deferred compensation plans created in accordance with Internal Revenue Code Sections 403(b) and 457. The plans permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death, or unforeseeable emergency. The plan administrators are as follows:

Ameriprise Financial AXA Equitable Lincoln Investment Planning Siracusa Valic Investments Midland National

#### Note 13: COMPENSATED ABSENCES

The School District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16, *Accounting for Compensated Absences*. A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

School District employees participate in one of six collective bargaining units with varying provisions for accumulation of unused sick leave. Benefits paid in any future year will be calculated according to formulas outlined in the School Districts' agreements with the various employee unions. The accounting and the accumulated days is maintained by the District.

The liability for vested compensated absences is recorded within those funds as the benefits accrue to employees. At June 30, 2022, the liability for compensated absences reported on the government-wide statement of net position and on the proprietary fund statement of net position was \$2,658,398.93 and \$25,541.07, respectively.

# Note 14: INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Interfunds - The composition of interfund balances as of June 30, 2022 is as follows:

<u>Fund</u>	Interfunds Receivable	Interfunds <u>Payable</u>
General	\$ 9,394,033.67	\$ 57.24
Special Revenue		7,413,287.29
Capital Projects		1,229,686.71
Permanent	903.83	
Proprietary		751,906.26
	_	_
	\$ 9,394,937.50	\$ 9,394,937.50

The interfund receivables and payables above predominately resulted from payments made by certain funds on behalf of other funds. During the fiscal year 2023, the School District expects to liquidate such interfunds, depending upon the availability of cash flow.

# Note 15: CONCENTRATIONS

The School District depends on financial resources flowing from, or associated with, both the Federal government and the State of New Jersey. As a result of this dependency, the School District is subject to changes in specific flows of intergovernmental revenues based on modifications to Federal and State laws and Federal and State appropriations.

#### Note 16: COMMITMENTS

The School District had multiple construction projects ongoing as of the fiscal year ended June 30, 2022 that are to continue into the subsequent fiscal year(s). These projects, which are related to the capital projects fund, are as follows:

Contract	Commitment <u>Date</u>	<u>c</u>	Amount Outstanding
Dandrea Construction Co., Inc.	5/21/2021	\$	754,709.29
Dandrea Construction Co., Inc.  Dandrea Construction Co., Inc.	5/28/2019 11/25/2019		86,938.00 177,925.51
		\$	1,019,572.80

### Note 17: FUND BALANCES

#### **NONSPENDABLE**

As stated in note 1, the nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The nonspendable fund balances of the School District, as of June 30, 2022, are summarized as follows:

**Permanent Fund -** On June 6, 1966, the School District was the beneficiary of a distribution from an estate. In accordance with the terms of the distribution, the principal is to be invested upon good security, and the income only, derived there from, is to be used solely for the education of students in the fields of art and science. As of June 30, 2022, the nonspendable fund balance amount was \$8,000.00.

#### RESTRICTED

As stated in note 1, the restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources by either of the following: (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation. Specific restrictions of the School District's fund balance are summarized as follows:

## **General Fund**

<u>For Excess Surplus</u> - In accordance with N.J.S.A. 18A:7F-7, as amended, the designation of restricted fund balance - excess surplus is the result of a required calculation. New Jersey school districts are required to restrict general fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2022 is \$14,949,402.94. Additionally, \$9,180,137.26 of excess fund balance generated during 2020-2021 has been restricted and designated for utilization in the 2022-2023 budget.

**For Capital Reserve Account** - As of June 30, 2022, the balance in the capital reserve account is \$12,496,674.66 These funds are restricted for future capital outlay expenditures for capital projects in the School District's approved Long Range Facilities Plan (LRFP).

**For Maintenance Reserve Account** - As of June 30, 2022, the balance in the maintenance reserve account is \$5,249,187.00. These funds are restricted for the required maintenance of school facilities in accordance with the Educational Facilities Construction and Financing Act (EFCFA) (N.J.S.A. 18A:7G-9) as amended by P.L. 2004, c. 73 (S1701).

#### Note 17: FUND BALANCES (CONT'D)

### RESTRICTED (CONT'D)

For Emergency Reserve - As of June 30, 2022, the balance in the emergency reserve is \$1,000,000.00. These funds are restricted for the purpose of financing unanticipated general fund expenditures required for a thorough and efficient education in accordance with N.J.S.A. 18A:7F-41c(1). The balance of the restricted fund balance is not permitted to exceed \$250,000.00, or one percent (1%) of the School District's general fund budget up to a maximum of \$1,000,000.00, whichever is greater. Deposits may be made to the emergency reserve account at budget time, or by board resolution at year end of any unanticipated revenue or unexpended line item appropriation, or both. Withdrawals from the emergency reserve require approval by the Commissioner.

**For Unemployment Compensation** - Pursuant to N.J.S.A. 43:21-7.3(g), the School District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method" (see note 11). As a result, there exists at June 30, 2022 a restricted fund balance from employer contributions in the amount of \$270,555.13 for future unemployment claims.

# **Special Revenue Fund**

**Special Revenue** - The School District was the beneficiary of various State, Federal and private grants. The district may only utilize these funds in accordance with the terms of the grant agreements. As of June 30, 2022, the restricted fund balance amount was \$712,106.80.

**For Scholarships** - The School District reports fund balance resulting from the receipt of an endowment to be used for scholarships for future teachers. These funds are required to be used as restricted by the donor. The balance of these funds as of June 30, 2022 is \$22,112.90.

**For Student Activities** - In accordance with N.J.A.C. 6A:23A-16.12(c), each school district shall ensure through adoption of a formal board policy that all financial and bookkeeping controls are adequate to ensure appropriate fiscal accountability and sound business practices for funds collected for student activities. As such, borrowing from student activity funds is prohibited. The balance of these funds as of June 30, 2022 is \$176,740.86.

Capital Projects Fund - On January 6, 2014 the District received approval from the Department of Education for the roof replacement at Pennsauken High School. This project was funded with a combination of a Grant from the State of New Jersey and a transfer from Capital Outlay. The School District entered into a lease agreement on August 17, 2016 for \$6,685,000.00. The proceeds of this lease is to be utilized to fund the School District's Energy Savings Improvement Program. The School District also entered into a lease agreement on January 23, 2018 for \$2,000,000.00. The proceeds of this lease is to be utilized for building renovations. The School District also entered into a lease agreement on December 10, 2019 for \$2,000,000.00. The proceeds of this lease is to be utilized for gym renovations. In addition, on July 17, 2018, the School District issued \$35,669,000.00 in bonds to complete various renovations throughout the District. As of June 30, 2022, the restricted fund balance amount was \$1,803,585.71.

**Debt Service Fund -** In accordance with N.J.A.C. 6A:23A-8.6, a district board of education shall appropriate annually all debt service fund balances in the budget certified for taxes unless expressly authorized and documented by the voters in a bond referendum. As a result, the School District has \$1.12 of debt service fund balance at June 30, 2022.

**Permanent Fund - Other Purposes -** The School District was the beneficiary of a distribution from an estate. In accordance with the terms of the distribution, any interest income derived from permanent fund principal is to be used solely for student scholarships. As of June 30, 2022, the restricted fund balance amount was \$738.51.

#### Note 17: FUND BALANCES (CONT'D)

#### ASSIGNED

As stated in note 1, the assigned fund balance classification includes amounts that are constrained by the School District's *intent* to be used for specific purposes, but are neither restricted nor committed. Specific assignments of the School District's fund balance are summarized as follows:

#### **General Fund**

**For Subsequent Year's Expenditures -** The School District has appropriated and included as an anticipated revenue for the fiscal year ending June 30, 2023, \$483,818.00 of general fund balance at June 30, 2022.

**Other Purposes -** As of June 30, 2022, the School District had \$360,106.34 of encumbrances outstanding for purchase orders and contracts signed by the School District, but not completed, as of the close of the fiscal year.

#### **UNASSIGNED**

As stated in note 1, the unassigned fund balance classification represents fund balance that has not been restricted, committed, or assigned to specific purposes. The School District's unassigned fund balance is summarized as follows:

General Fund - As of June 30, 2022, \$119,655.53 of general fund balance was unassigned.

# Note 18: TAX ABATEMENTS

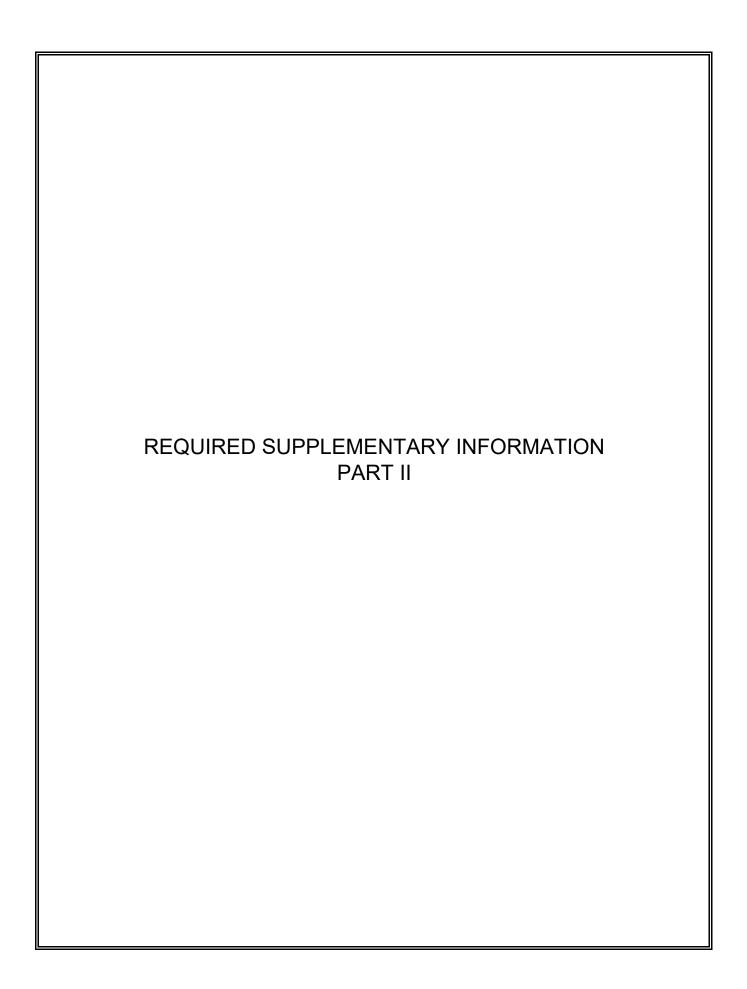

As defined by the Governmental Accounting Standards Board (GASB), a tax abatement is an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. School districts are not authorized by New Jersey statute to enter into tax abatement agreements. However, the county or municipality in which the school district is situated may have entered into tax abatement agreements, and that potential must be disclosed in these financial statements. If the county or municipality entered into tax abatement agreements, those agreements will not directly affect the school district's local tax revenue because N.J.S.A. 54:4-75 and N.J.S.A. 54:4-76 require that amounts so forgiven must effectively be recouped from other taxpayers and remitted to the school district.

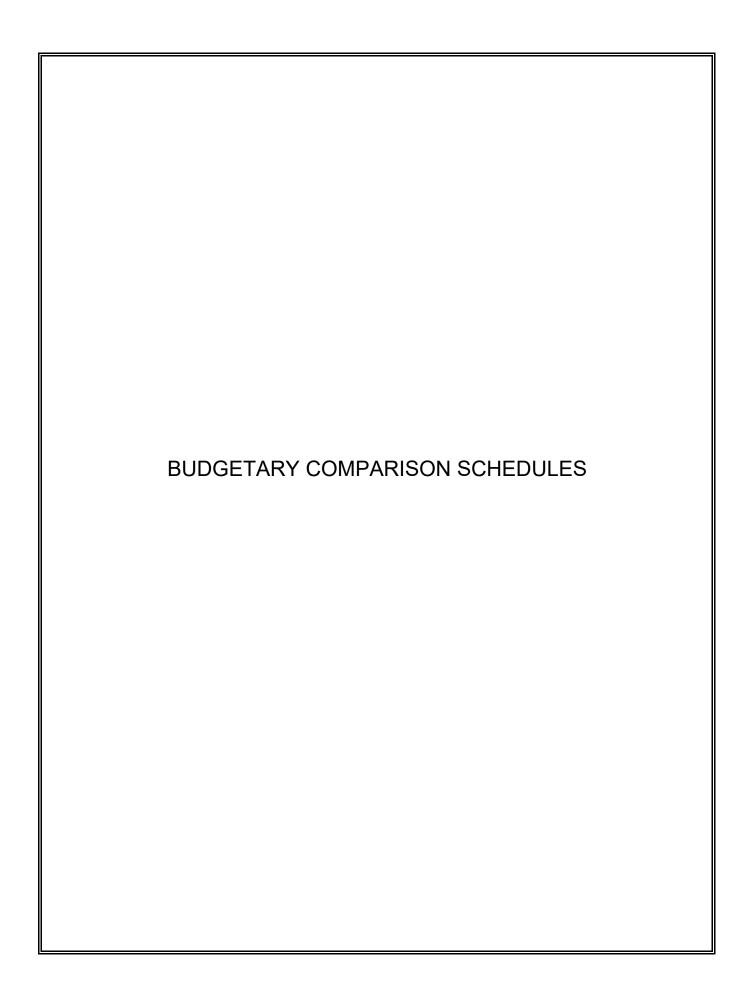

The Township of Pennsauken has entered into various property tax abatement agreements with properties having aggregate assessed valuations of \$34,425,200.00. Based on the School District's 2022 certified tax rate of \$1.851, abated taxes totaled \$637,210.45.

#### Note 19: SUBSEQUENT EVENTS

**COVID-19** - On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the School District's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the School District is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2023.

Note A - Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures.									
	General <u>Fund</u>	Special Revenue <u>Fund</u>							
Sources / Inflows of Resources:									
Actual amounts (budgetary basis) "revenues" from the budgetary comparison schedules	\$ 125,744,634.08	\$ 18,012,914.28							
Differences - Budget to GAAP: Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized.		(2,706,139.60)							
The Restricted State Aids recorded in the Special Revenue Fund are realized utilizing the budgetary basis which dictates that revenue must equal expenditures and differs from GAAP which recognizes the revenue once the eligibility criteria are met as specified in Note 1 and GASB 33.		409,027.15							
The last State aid payment is recognized as revenue for budgetary purposes, and differs from GAAP which does not recognize this revenue until the subsequent year when the State recognizes the related expense (GASB 33) received July 2021.	5,216,923.80	177,347.20							
The last State aid payment is recognized as revenue for budgetary purposes, and differs from GAAP which does not recognize this revenue until the subsequent year when the State recognizes the related expense (GASB 33) received July 2022.	(5,812,493.00)	(160,460.00)

Notes to Required Supplementary Information - Part IV

For the Fiscal Year Ended June 30, 2022

### Changes in Benefit Terms:

The actuarial valuation as of June 30, 2020, which was rolled forward to June 30, 2021, included changes due to employers adopting Chapter 44 provisions.

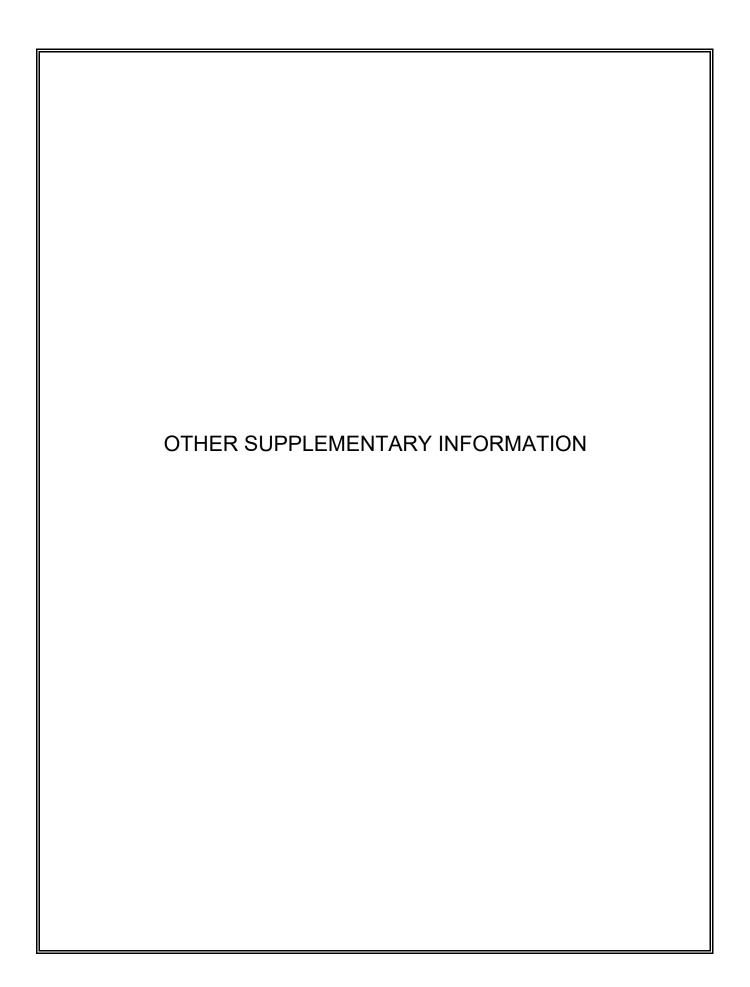

# Changes in Assumptions:

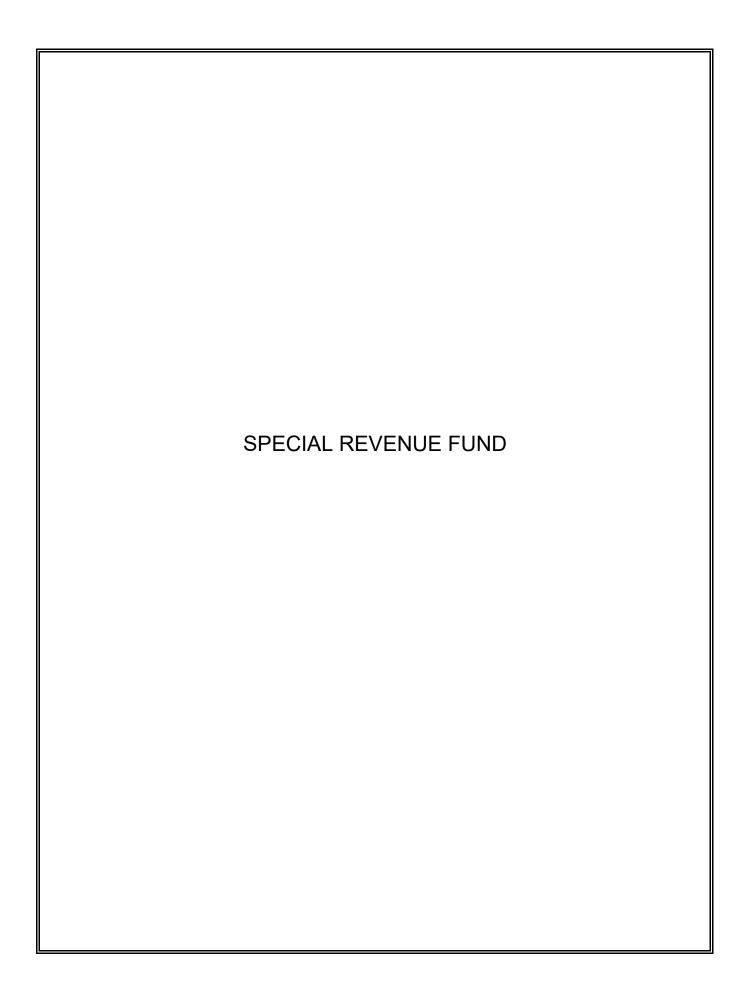

The discount rate used as of June 30 measurement date is as follows:

<u>Year</u>	<u>Rate</u>	<u>Year</u>	<u>Rate</u>
2021	2.16%	2018	3.87%
2020	2.21%	2017	3.58%
2019	3.50%		

In addition to changes in the discount rate, other factors that affected the valuation of the net OPEB liability included changes in trend update, mortality projection scale update, and salary scale.

For pre-Medicare medical benefits, the trend rate is initially 5.65% and decreases to a 4.50% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2022 through 2023 are reflected. For PPO the trend is initially 5.74% in fiscal year 2024, increasing to 12.93% in fiscal year 2025 and decreases to 4.50% after 11 years. For HMO the trend is initially 6.01% in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreases to 4.50% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to a 4.50% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

# REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND STATE OF NEW JERSEY CIRCULAR 15-08-OMB

#### INDEPENDENT AUDITOR'S REPORT

The Honorable President and Members of the Board of Education Township of Pennsauken School District County of Camden Pennsauken, New Jersey 08110

#### Report on Compliance for Each Major Federal and State Program

#### Opinion on Each Major Federal and State Program

We have audited the Township of Pennsauken School District's, in the County of Camden, State of New Jersey, compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* and the *New Jersey State Grant Compliance Supplement* that could have a direct and material effect on each of the School District's major federal and state programs for the fiscal year ended June 30, 2022. The School District's major federal and state programs are identified in the *Summary of Auditor's Results* section of the accompanying *Schedule of Findings and Questioned Costs*.

In our opinion, the Township of Pennsauken School District, in the County of Camden, State of New Jersey, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2022.

#### Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* Our responsibilities under those standards, the Uniform Guidance, and State of New Jersey Circular 15-08-OMB, are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of the School District's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the School District's federal and state programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America; *Government Auditing Standards*; the Office of School Finance, Department of Education, State of New Jersey; Uniform Guidance; and State of New Jersey Circular 15-08-OMB, will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about the School District's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, *Government Auditing Standards*, the Uniform Guidance, and State of New Jersey Circular 15-08-OMB, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and
  perform audit procedures responsive to those risks. Such procedures include examining, on a test basis,
  evidence regarding the School District's compliance with the compliance requirements referred to above
  and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and State of New Jersey Circular 15-08-OMB, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### **Report on Internal Control over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

#### Report on Internal Control over Compliance (Cont'd)

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and State of New Jersey Circular 15-08-OMB. Accordingly, this report is not suitable for any other purpose.

#### TOWNSHIP OF PENNSAUKEN SCHOOL DISTRICT

Notes to Schedules of Expenditures of Federal Awards and State Financial Assistance For the Fiscal Year Ended June 30, 2022

#### Note 1: BASIS OF PRESENTATION

The accompanying schedules of expenditures of federal awards and state financial assistance ("the schedules") include federal and state award activity of the Township of Pennsauken School District (hereafter referred to as the "School District"). The School District is defined in note 1 to the School District's basic financial statements. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies, are included on the schedules. Because these schedules present only a selected portion of the operations of the School District, it is not intended to and does not present the financial position and changes in operations of the School District.

#### Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying schedules are presented using the budgetary basis of accounting, with the following exceptions: programs recorded in the capital projects fund are presented on the modified accrual basis of accounting and programs recorded in the enterprise fund are presented using the accrual basis of accounting. These bases of accounting are described in note 1 to the School District's basic financial statements. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, wherein certain types of expenditures are not allowed or are limited as to reimbursement.

#### Note 3: INDIRECT COST RATE

The School District has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

#### Note 4: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund, special revenue fund, capital projects fund and proprietary fund (enterprise fund - food service) on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes, payments are not recognized until the subsequent budget year due to the State deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more June state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

#### Note 4: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (CONT'D)

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$595,569.20 for the general fund and \$2,280,225.25 for the special revenue fund. See exhibit C-3, notes to required supplementary information, for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds.

Awards and financial assistance revenues reported in the School District's basic financial statements on a GAAP basis with a reconciliation to the budgetary basis reported on the schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are presented as follows:

<u>Fund</u>	<u>Federal</u>	<u>State</u>	<u>Total</u>

#### Note 5: RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

#### Note 6: ADJUSTMENTS

Amounts reported in the column entitled "adjustments" on schedule A represent the cancellation of various grant awards and minor rounding differences. Amounts reported in the column entitled "adjustments" on Schedule B represent a transfer of funds to supplement a project and minor rounding differences.

#### Note 7: REIMBURSED AND ON-BEHALF PAYMENTS

During the fiscal year ended June 30, 2022, the School District was the recipient of federal and state assistance that represented either a reimbursement to the School District or payments made on-behalf of the School District. Revenues and expenditures reported under the federal food distribution program represent the current year value received and the current year distribution, respectively, of American-grown United States Department of Agriculture foods utilized in the School District's food service program. TPAF Social Security Contributions represents the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the fiscal year. Lastly, the School District has recognized as revenues and expenditures on-behalf payments made by the State for normal costs, non-contributory insurance, post-retirement medical costs, and long-term disability insurance related to TPAF members.
