Honorable President and Members  
of the Board of Education  
Riverside Township Public School District  
County of Burlington  
Riverside, New Jersey

Dear Board Members/Citizens:

The Annual Comprehensive Financial Report (ACFR) of the Riverside Township Public School District for the fiscal year ended June 30, 2022, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Riverside Township Public School District. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the district as of June 30, 2022, and the respective changes in financial position and cash flows, where applicable, thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America. All disclosures necessary to enable the reader to gain an understanding of the district's financial activities have been included.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the report of the independent auditors.

The Annual Comprehensive Financial Report is presented in four sections as follows:

Introductory Section:

Section contains a Letter of Transmittal, Roster of Officials, Consultants and Advisors, and an Organizational Chart.

Financial Section:

Section contains the Independent Auditors’ Report and includes the Management’s Discussion and Analysis, the Basic Financial Statements, Required Supplementary Information (RSI) and Other Supplementary Information.

Statistical Section:

Section contains selected financial trends, revenue and debt capacity, demographic, economic and other operating information, generally presented on a multi-year basis.

Single Audit Section:

The School District is required to undergo an annual Single Audit in conformity with the provisions of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)* and New Jersey OMB’s Circular 15-08 OMB, “*Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*”. Information related to this Single Audit, including the independent auditor’s report on the internal control and compliance with applicable laws, regulations, contracts and grants, along with findings and questioned costs, if any, are included in the Single Audit Section of this report.

**REPORTING ENTITY AND ITS SERVICES**

The Riverside Township Public School District is an independent reporting entity within the criteria adopted by the GASB as established by Statement No. 14 as amended by GASB Statement No. 39. The Riverside Township Board of Education and its three schools constitute the district’s reporting entity.

The School District provides a full range of educational services appropriate to grade levels Pre-K through 12. These include regular and vocational as well as special education for children with special needs. The School District’s enrollment, as of October 15<sup>th</sup>, for the current and past nine fiscal years are detailed below.

<u>Fiscal Year</u>	<u>Student Enrollment</u>	<u>Percent Change</u>
2021-2022	1,413	3.52%
2020-2021	1,365	-5.01%
2019-2020	1,437	4.28%
2018-2019	1,378	-1.22%
2017-2018	1,395	-2.11%
2016-2017	1,425	1.14%
2015-2016	1,409	0.36%
2014-2015	1,404	-3.84%
2013-2014	1,460	1.53%
2012-2013	1,438	4.28%

## **ECONOMIC CONDITION AND OUTLOOK**

The ratables in Riverside Township continue to fluctuate each year, which has an impact on the taxpayer. However, State aid continues to increase since Riverside is considered one of the “underfunded” school districts. In addition, the district received significant money for the Secondary School Emergency Relief Fund (ESSER II) and the American Response Plan-ESSER (ARP funds). The district’s ESSER II funding is set to expire in September of 2023 while all ARP funds must be encumbered by September of 2024. The district plans to roll any programs or staffing positions funded by ARP funds into the general operating budget at the conclusion of the grant funding period. The district has had new townhomes constructed with new housing developments on the near horizon. With these newly constructed homes and a constant influx of new residents, our student enrollment has seen considerable increases over the past 2 years and the district has responded by hiring additional teaching and non-teaching staff in order to fully support these new students. Even with the growth in student enrollment, the district has successfully maintained all current programs and has even added new extra-curricular and athletic activities. This has been accomplished all while maintaining a 0% tax levy.

## **MAJOR INITIATIVES**

The school district is dedicated to the mental health and social, emotional development of our students and staff, as well as the intellectual and physical growth of students. The district has contracted a third party service to assist families and staff with counseling services as needed. We are implementing an online PK-12 SEL curriculum and providing ongoing SEL activities to reconnect students. Staff are participating in a “Race to Restoration Challenge” which combines professional development and wellness. Additionally, we are implementing a Teen Mental Health First Aid training for high school students and staff. These initiatives and many other finishing touches ensure our staff stay connected to our students so our students and staff feel valued.

The school district reflects accessible, equitable education through its dedication to professional development, innovative curriculum programs and an all-inclusive Equity Team. We have contracted with TESO Consulting Group to build equity practices, develop a school wide equity survey, programming and curriculum in our schools. All staff are trained through Stockon’s Sheltered English Instruction training to target the needs of our ELL population. Staff have participated in LGBTQ training, restorative practices, culturally responsive practices and trauma informed care. The district is also participating in a state awarded Nurtured Heart (trauma) program through the DREAMS initiative.

The district is also committed to technology integration. Enough Chromebooks, chargers, cases and infrastructure have been purchased to move the district to a one-to-one district for all staff and K-12 students. Viewsonic boards will be placed in every classroom and engaging platforms have been purchased to support technology immersion throughout learning. Other supports include an elementary school nurse, and full-time guidance counselor, our MS/HS hosts a full time nurse and nurse’s aide as well as a full guidance team for students in grades 6 – 12. The district has a child study team (two learning disabilities consultants, one psychologist, and a social worker) to address the specialized learning needs of our students. Students with unique learning challenges receive extensive support through Basic Skills instruction, English as a Second Language, and Special Education services. The district operates several specialized programs for students: an integrated preschool program for students with disabilities; an MD program in the ES and MS; and a CBI program for students in grades 6 -12.

## **MAJOR INITIATIVES (continued)**

The richness of the academic program, the SEL components and extracurricular activities expands learning beyond the classroom boundaries. Our three schools provide an educational environment that motivates students to learn and fosters a sense of responsibility and problem solving in our young people.

## **INTERNAL ACCOUNTING CONTROLS**

Management of the School District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the district are protected from loss, theft and misuse and to ensure that adequate accounting data are completed to allow for the preparation of financial statement in conformity with general accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be delivered; and (2) the valuation of costs and benefits require estimates and judgments by management.

As a recipient of federal and state financial assistance, the district also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluations by the district management.

As part of the School District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the district has complied with applicable laws and regulations.

## **BUDGETARY CONTROLS**

In addition to internal accounting controls, the School District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section. An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either cancelled or included as re-appropriations of fund balance in the subsequent year.

## **ACCOUNTING SYSTEM AND REPORTS**

The School District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The School District's accounting system is organized on the basis of funds. The funds are explained in "Notes to Financial Statements", Note 1.

**OTHER INFORMATION**

*INDEPENDENT AUDIT*

State statutes require an annual audit by independent certified public accountants. The accounting firm of Holt McNally & Associates, Inc., Certified Public Accountants & Advisors, was appointed by the Board of Education. In addition to meeting the requirements set forth in the State statutes, the audit was also designed to meet the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. The auditor's report on the basic financial statements and combining statements and related major fund supporting statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the Single Audit section of this report.

**ACKNOWLEDGEMENTS**

We would like to express our appreciation to the members of the Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the School District and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have accomplished without the efficient and dedicated services of our business office staff.

Respectfully submitted,

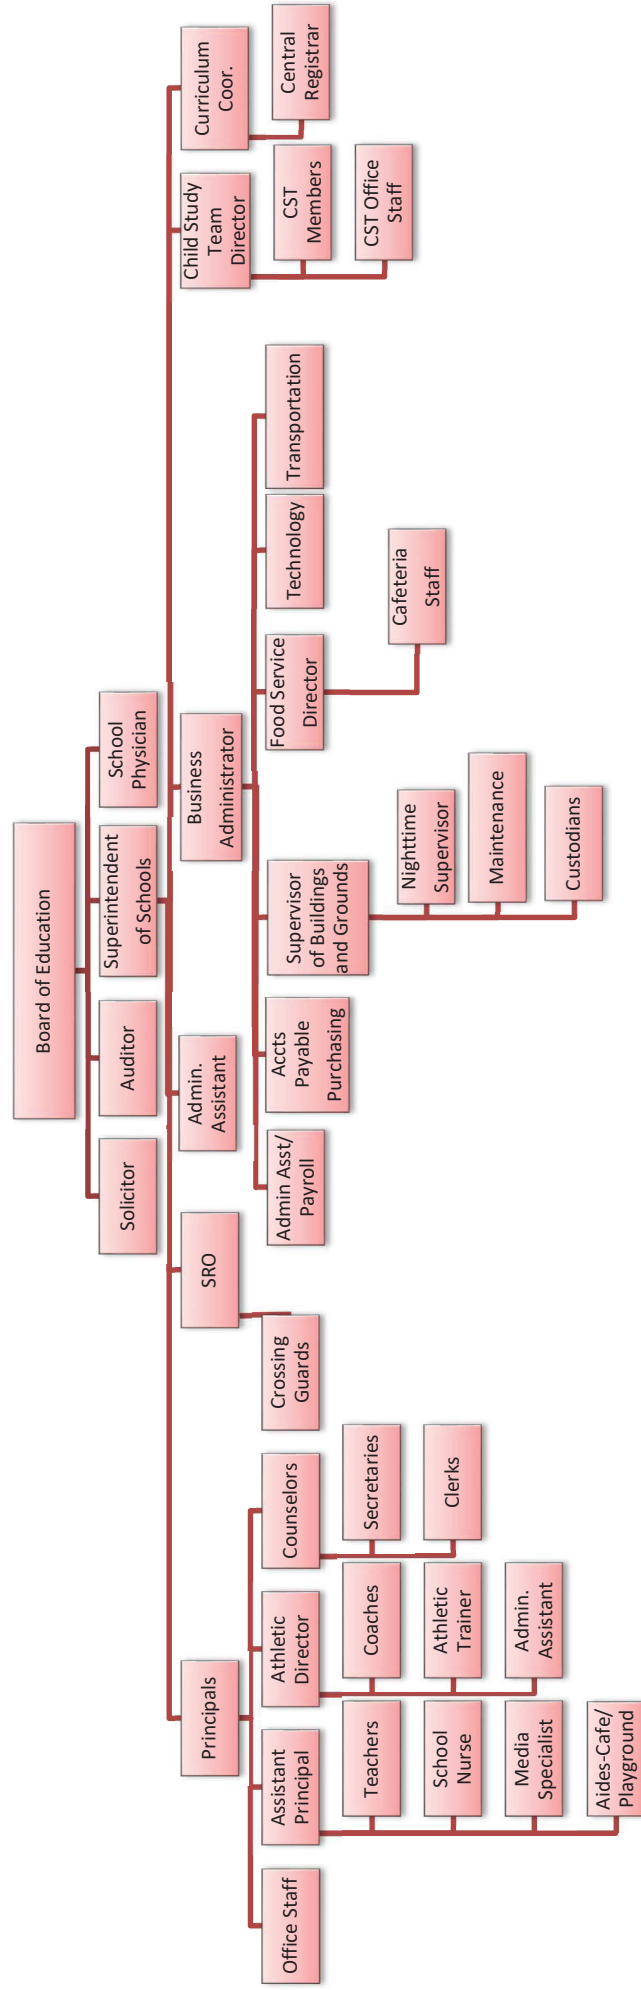

Superintendent

School Business Administrator/Board Secretary

## INDEPENDENT AUDITOR'S REPORT

Honorable President and Members  
of the Board of Education  
Riverside Township Public School District  
County of Burlington  
Riverside, New Jersey

### Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Riverside Township Public School District, County of Burlington, State of New Jersey, as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Riverside Township Public School District, County of Burlington, State of New Jersey, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School District, and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

618 Stokes Road, Medford, NJ 08055

**P:** 609.953.0612 • **F:** 609.257.0008

[www.hmacpainc.com](http://www.hmacpainc.com)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any current known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* and in accordance with accounting principles and practices prescribed by the Office of School Finance, Department of Education, State of New Jersey will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and the schedules related to accounting and reporting for pensions and other post-employment benefits, as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School District's basic financial statements. The combining and individual fund statements and long-term debt schedules are presented for purposes of additional analysis, as required by the Office of School Finance, Department of Education, State of New Jersey, and are not a required part of the basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid* are also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements, long-term debt schedules and accompanying schedules of expenditures or federal award and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with the audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated February 3, 2023 on our consideration of the School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

**RIVERSIDE TOWNSHIP PUBLIC SCHOOL DISTRICT**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2022**  
**(Unaudited)**

As management of the Riverside Township Public School District, New Jersey (School District), we offer readers of the School District's financial statements this narrative overview and analysis of the School District for the fiscal year ended June 30, 2022. We encourage readers to consider the information presented in conjunction with additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

**Overview of the Basic Financial Statements**

This discussion and analysis is intended to serve as an introduction to the School District's basic financial statements. Comparison to the prior year's activity is provided in this document. The basic financial statements are comprised of three components:

- 1) Government-Wide financial statements, 2) Fund financial statements, and 3) Notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-Wide Financial Statements**

The *government-wide financial statements* are designed to provide the reader with a broad overview of the financial activities in a manner similar to a private-sector business. The government-wide financial statements include the statement of net position and the statement of net activities.

The *statement of net position* presents information about all of the School District's assets and liabilities. The difference between the assets plus deferred outflows or resources and liabilities plus deferred inflows of resources is reported as net position. Over time, changes in net position may serve as a useful indicator of whether the financial position of the School District is improving or deteriorating.

The *statement of activities* presents information showing how the net position of the School District changed during the current fiscal year. Changes in net position are recorded in the statement of activities when the underlying event occurs, regardless of the timing of related cash flows. Thus, revenues and expenditures are reported in this statement even though the resulting cash flows may be recorded in a future period.

Both of the government-wide financial statements distinguish functions of the School District that are supported from taxes and intergovernmental revenues (*governmental activities*) and other functions that are intended to recover most of their costs from user fees and charges (*business-type activities*). Governmental activities consolidate governmental funds including the General Fund, Special Revenue Fund, Capital Projects Fund, and Debt Service Fund. Business-type activities reflect the Food Service Fund.

**Fund Financial Statements**

*Fund financial statements* are designed to demonstrate compliance with financial-related requirements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific objectives. All of the funds of the School District are divided into two categories: *governmental funds and proprietary funds*.

*Governmental funds* account for essentially the same information reported in the governmental activities of the government-wide financial statements. However, unlike the government-wide financial statements, the governmental fund financial statements focus on near-term financial resources and fund balances. Such information may be useful in evaluating the financial requirements in the near term.

**RIVERSIDE TOWNSHIP PUBLIC SCHOOL DISTRICT**  
**Management's Discussion and Analysis**  
**For the Fiscal Year Ended June 30, 2022**  
**(Unaudited) (Continued)**

**Overview of the Basic Financial Statements (continued)**

**Fund Financial Statements (continued)**

Since the governmental funds and the governmental activities report information using the same functions, it is useful to compare the information presented. Because the focus of each report differs, a reconciliation is provided on the fund financial statements to assist the reader in comparing the near-term requirements with the long-term needs.

The School District maintains four individual governmental funds. The major funds are the General Fund, the Special Revenue Fund, the Capital Projects Fund, and the Debt Service Fund. They are presented separately in the fund financial statements.

The School District adopts an annual appropriated budget for the General Fund, Special Revenue Fund and the Debt Service Fund. A budgetary comparison statement has been provided for each of these funds to demonstrate compliance with budgetary requirements.

*Proprietary funds* are used to present the same functions as the business-type activities presented in the government-wide financial statements. The School District maintains one type of proprietary fund – the Enterprise Fund. The fund financial statements of the enterprise fund provides the same information as the government-wide financial statements, only in more detail.

The School District's one enterprise fund (Food Service Fund) is listed individually and is considered to be a major fund.

**Notes to the Basic Financial Statements**

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

**Financial Analysis of the School District as a Whole**

Recall that the Statement of Net Position provides the perspective of the school district as a whole (governmental and business-type activities). Net position may serve over time as a useful indicator of a government's financial position.

The School District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt and other long-term liabilities, the acquisition and disposal of capital assets, and the depreciation of capital assets.

**Governmental Activities**

During the fiscal year 2022, the net position of governmental activities increased by \$2,818,345.

The assets and deferred outflows of the primary government activities exceeded liabilities and deferred inflows by \$6,380,438, with an unrestricted deficit balance of \$5,591,217. The deficit in unrestricted net position is primarily due to accounting treatment for bonds payable, compensated absences payable, GASB 68 net pension liability, and the last two state aid payments. In addition, state statutes prohibit school districts from maintaining more than 4% of its adopted budget as unassigned fund balance.

The School District’s governmental activities unrestricted net position had GASB 68 pension not been implemented would have been as follows:

**Table 3**  
**GASB 68 Effect on Unrestricted Net Position**

**RIVERSIDE TOWNSHIP PUBLIC SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEAR ENDED JUNE 30, 2022**

**Note 1. Summary of Significant Accounting Policies**

**Basis of Presentation**

The financial statements of the Board of Education of Riverside Township Public School District (the “District”) have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). The following is a summary of more significant accounting policies.

**Reporting Entity**

The Riverside Township Public School District (hereafter referred to as the “District”) is a Type II district located in the County of Burlington, State of New Jersey. As a Type II district, the District functions independently through a Board of Education. The Board consists of 10 members elected to three-year terms. These terms are staggered. A Superintendent is appointed by the Board and is responsible for the administrative control of the District. The District provides a full range of educational services appropriate to grade levels K through 12. The Riverside Township Public School District has an approximate enrollment at June 30, 2022 of 1,413 students.

The primary criterion for including activities within the District’s reporting entity, as set forth in Section 2100 of the GASB *Codification of Governmental Accounting and Financial Reporting Standards*, is whether:

- ◆ the organization is legally separate (can sue or be sued in their own name);
- ◆ the District holds the corporate powers of the organization;
- ◆ the District appoints a voting majority of the organization’s board
- ◆ the District is able to impose its will on the organization;
- ◆ the organization has the potential to impose a financial benefit/burden on the District
- ◆ there is a fiscal dependency by the organization on the District.

There were no additional entities required to be included in the reporting entity under the criteria as described above. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

**Component Units**

GASB Statement No.14, The Financial Reporting Entity, provides guidance that all entities associated with a primary government are potential component units and should be evaluated for inclusion in the financial reporting entity. A primary government is financially accountable not only for the organizations that make up its legal entity but also for legally separate organizations that meet the criteria established by GASB Statement No. 14, as amended by GASB Statement No. 39, Determining Whether Certain Organizations are Component Units, GASB Statement No. 61, The Financial Reporting Entity: Omnis - an amendment of GASB Statements No. 14 and No. 34, GASB Statement No. 80, Blending Requirements for Certain Component Units – an Amendment of GASB Statement No. 14 and GASB Statement No. 90 – Majority Equity Interests – an Amendment of GASB Statements No. 14 & No. 61. The School District had no component units as of for the year ended June 30, 2022.

**Government-Wide Financial Statements**

The District’s Government-Wide Financial Statements include a Statement of Net Position and a Statement of Activities. These statements present summaries of Governmental and Business-Type Activities for the District accompanied by a total column. Fiduciary activities of the District are not included in these statements.

**RIVERSIDE TOWNSHIP PUBLIC SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEAR ENDED JUNE 30, 2022 (continued)**

**Note 1. Summary of Significant Accounting Policies (continued):**

These statements are presented on an “economic resources” measurement focus and the accrual basis of accounting. Accordingly, all of the District’s assets, deferred outflows of resources, liabilities, and deferred inflows of resources, including capital assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows. The types of transactions reported as program revenues for the District are reported in three categories: 1) charges for services, 2) operating grants and contributions, and 3) capital grants and contributions.

Certain eliminations have been made to interfund activities, payables, and receivables. All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total primary government column. In the Statement of Activities, internal service fund transactions have been eliminated; however, those transactions between governmental and business-type activities have not been eliminated.

**Governmental Fund Financial Statements**

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and non-major funds aggregated. An accompanying schedule (Exhibit B-3) is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net position and changes in net position presented in the Government-Wide financial statements. The District has presented all major funds that met those qualifications.

All governmental funds are accounted for on a spending or “current financial resources” measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the Balance Sheets. (The District’s deferred outflows of resources and deferred inflows of resources are noncurrent.) The Statement of Revenues, Expenditures and Changes in Fund Balances present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except that revenues subject to accrual (generally 60 days after year-end) are recognized when due. The primary revenue sources, which have been treated as susceptible to accrual by the District, are property tax and intergovernmental revenues and other taxes. Expenditures are recorded in the accounting period in which the related fund liability is incurred.

**Proprietary Fund Financial Statements**

Proprietary fund financial statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position, and a Statement of Cash Flows for each major proprietary fund and for the non-major funds aggregated. A column representing internal service funds is also presented in these statements. However, internal service funds balances and activities have been combined with the governmental activities in the Government-Wide financial statements.

Proprietary funds are accounted for using the “economic resources” measurement focus and the accrual basis of accounting. Accordingly, all assets, deferred outflows of resources, liabilities (whether current or noncurrent), and deferred inflows of resources are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position presents increases (revenues) and

**RIVERSIDE TOWNSHIP PUBLIC SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEAR ENDED JUNE 30, 2022 (continued)**

**Note 1. Summary of Significant Accounting Policies (continued):**

decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

**Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year in which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

While government-wide and fund financial statements are presented separately, they are interrelated. The governmental activities column of the government wide statements incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the District's enterprise funds. Separate financial statements are provided for governmental funds and proprietary funds.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year-end. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital assets acquisitions are reported as expenditures in the governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, charges for services, licenses, and interest on notes receivable associated with the current fiscal period are all considered to be susceptible to accrual and accordingly have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available when cash is received.

**RIVERSIDE TOWNSHIP PUBLIC SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEAR ENDED JUNE 30, 2022 (continued)**

**Note 1. Summary of Significant Accounting Policies (continued):**

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Food Service Fund program are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, employee salaries and benefits, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Internal service funds are used to account for those operations which provide benefits to other funds, departments, or agencies of the primary government and its component unit. Although internal service funds are reported as a proprietary fund in the fund financial statements, it is incorporated into governmental activities in the government-wide financial statements. The District does not maintain any internal service funds.

The District reports the following major governmental funds:

**General Fund** - The general fund is the general operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the Capital Outlay sub-fund.

As required by the New Jersey Department of Education the District includes budgeted capital outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, interest earnings and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution.

**Special Revenue Fund** - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

**Capital Projects Fund** - The capital projects fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds). The District had no activity during the current fiscal year.

**Debt Service Fund** - The debt service fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

**RIVERSIDE TOWNSHIP PUBLIC SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEAR ENDED JUNE 30, 2022 (continued)**

**Note 1. Summary of Significant Accounting Policies (continued):**

The District reports the following major proprietary funds:

**Food Service Fund** – This fund accounts for the revenues and expenses pertaining to the District’s cafeteria operations.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental funds and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as internal balances in the business-type activities column.

**Budgets/Budgetary Control**

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue and debt service funds. The budgets are submitted to the county office. In accordance with P.L.2011 c.202, which became effective January 17, 2012, the District eliminated the April annual voter referendum on budgets which met the statutory tax levy cap limitations and the board of education members are elected at the November general election. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23-2-2(f)1. Transfers of appropriations may be made by School Board resolution at any time during the fiscal year in accordance with N.J.A.C. 6A:23-2-11.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The budget, as detailed on Exhibit C-1, Exhibit C-2, and Exhibit I-3, includes all amendments to the adopted budget, if any.

**RIVERSIDE TOWNSHIP PUBLIC SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEAR ENDED JUNE 30, 2022 (continued)**

**Note 1. Summary of Significant Accounting Policies (continued):**

Exhibit C-3 presents a reconciliation of the general fund revenues and special revenue fund revenues and expenditures from the budgetary basis of accounts as presented in the General Fund Budgetary Comparison Schedules and the Special Revenue Fund Budgetary Comparison Schedule to the GAAP basis of accounting as presented in the Statement of Revenues, Expenditures and Changes in Fund Balance – Governmental Funds. Note that the District does not report encumbrances outstanding at fiscal year-end as expenditures in the general fund since the general fund budget follows modified accrual basis with the exception of the revenue recognition policy for the last state aid payments.

**Encumbrances**

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as assigned fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the District has received advances are reflected in the balance sheet as a reduction of the accounts receivables or as unearned revenue at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year-end.

**Cash and Cash Equivalents**

Cash and Cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost.

New Jersey School Districts are limited as to the types of investments and types of financial institutions they may invest in. *N.J.S.18A:20-37* provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (“GUDPA”). GUDPA was enacted in 1970 to protect Governmental Units from loss of funds on deposit with a failed banking institution in New Jersey.

*N.J.S.A.17:9-41* et. Seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

**RIVERSIDE TOWNSHIP PUBLIC SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEAR ENDED JUNE 30, 2022 (continued)**

**Note 1. Summary of Significant Accounting Policies (continued):**

**Tuition Payable/Receivable**

Tuition rates for the fiscal year end June 30, 2022 were established by the receiving district based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

**Inventories**

Inventories are valued at cost, using the first-in/first-out (FIFO) method. The costs of inventories are recorded as expenditures when consumed rather than when purchased.

**Interfund Receivables/Payables**

Interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year. The amounts are eliminated in the governmental and business-type activities, which are presented as Internal Balances.

**Capital Assets**

Capital assets are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Purchased or constructed assets are recorded at actual cost or estimated historical cost if actual cost is unavailable. Donated capital assets are recorded at estimated fair value at the date of donation. The District has established a threshold of \$2,000 for capitalization of depreciable assets.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets of the District are depreciated or amortized using the straight-line method over the following estimated lives:

Equipment & Vehicles	3 – 20 Years
Buildings	30 – 50 Years
Improvements	10 – 50 Years
Software	5 – 7 Years

**Compensated Absences**

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

**RIVERSIDE TOWNSHIP PUBLIC SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEAR ENDED JUNE 30, 2022 (continued)**

**Note 1. Summary of Significant Accounting Policies (continued):**

The entire compensated absences liability is reported on the government-wide financial statements and proprietary fund financial statements. Compensated absences liability is not recorded in the governmental funds. Instead expenditures are recognized in the governmental funds as payments come due each period, for example, as a result of resignations or retirements.

**Unearned Revenue**

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied and is recorded as a liability until the revenue is both measureable and the District is eligible to realize the revenue.

**Accrued Liabilities and Long-Term Obligations**

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements. In general, government fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, special termination benefits and contractually required pension contributions that will be paid from governmental funds, are reported as a liability in the fund financial statements only to the extent that they are normally expected to be paid with expendable available financial resources.

**Accounting Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumption that affect certain reported amounts reported in the financial statements and accompanying note disclosures. Actual results could differ from those estimates.

**Interfund Activity**

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Reimbursements from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements. As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

**Fund Balance**

In accordance with Government Accounting Standards Board 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the District classifies governmental fund balances as follows:

**RIVERSIDE TOWNSHIP PUBLIC SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEAR ENDED JUNE 30, 2022 (continued)**

**Note 1. Summary of Significant Accounting Policies (continued):**

- Non-spendable – This classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. Non-spendable items are not expected to be converted to cash or are not expected to be converted to cash within the next year.
- Restricted – This classification includes amounts for which constraints have been placed on the use of the resources either externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.
- Committed – This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Education. These amounts cannot be used for any other purpose unless the Board of Education removes or changes the specified use by taking the same type of action (resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The District did not have any committed resources as of June 30, 2022.
- Assigned – This classification includes amounts that are constrained by the District’s intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Education or through the Board of Education delegating this responsibility to the business administrator through the budgetary process. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund.
- Unassigned – This classification includes the residual fund balance for the General Fund. The Unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of Assigned fund balance amounts.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, it is the District’s policy to consider restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, it is the District’s policy to consider amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board has provided otherwise in its commitment or assignment actions.

**Net Position**

Net position, represents the difference between summation of assets and deferred outflows of resources, and the summation of liabilities and deferred inflows of resources. Net position is classified in the following three components:

- Net Investment in Capital Assets – This components represents capital assets, net of accumulated depreciation, net of outstanding balances of borrowings used for acquisition, construction, or improvement of those assets.

**RIVERSIDE TOWNSHIP PUBLIC SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEAR ENDED JUNE 30, 2022 (continued)**

**Note 1. Summary of Significant Accounting Policies (continued):**

- Restricted – Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- Unrestricted – Net position is reported as unrestricted when it does not meet the criteria of the other two components of net position.

**Impact of Recently Issued Accounting Principles**

Adopted Accounting Pronouncements

The following GASB Statements became effective for the fiscal year ended June 30, 2022:

Statement No. 87, *Leases*. Statement No. 87 establishes a single approach to accounting for and reporting leases by state and local governments. The GASB based the new standard on the principle that leases are financing of the right to use an underlying asset. Statement No. 87 is effective for reporting periods beginning after June 15, 2021. The District has evaluated the effects of GASB Statement No. 87 and has determined the provisions of this Statement do not need to be applied due to the immaterial effect on the government-wide financial statements.

Recently Issued Accounting Pronouncements

The GASB has issued the following Statements which will become effective in future years as shown below:

Statement No. 96, *Subscription-Based Information Technology Arrangements*. Statement No. 96 establishes a single approach to accounting and financial reporting for subscription-based information technology arrangements for government end users. Statement No. 96 is effective for reporting periods beginning after June 15, 2022. Management has not yet determined the potential impact on the District's financial statements.

Statement No. 101, *Compensated Absences*. Statement No. 101 aligns the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. Statement No. 101 is effective for reporting periods beginning after December 15, 2023. Management has not yet determined the potential impact on the District's financial statements.

**Bond Premiums, Discounts and Issuance Costs**

In the government-wide financial statements and in the proprietary fund financial statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed when bonds are issued.

In governmental fund financial statements, bond premiums and discounts, as well as debt issuance costs are recognized in the current period. The face amount of the debt is reported as other financing sources. Premiums received on debt issuance are also reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds, are reported as debt service expenditures.

**RIVERSIDE TOWNSHIP PUBLIC SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEAR ENDED JUNE 30, 2022 (continued)**

**Note 1. Summary of Significant Accounting Policies (continued):**

**Deferred Loss on Refunding Debt**

Deferred loss on refunding debt arising from the issuance of the refunding bonds is recorded as deferred outflows of resources. It is amortized in a systematic and rational manner over the shorter of the duration of the related debt or the new debt issues as a component of interest expense.

**Deferred Outflows and Deferred Inflows of Resources**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future periods and so will not be recognized as an inflow of resources (revenue) until that time.

**Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the pension plan’s fiduciary net position and additions to/deductions from the plan’s fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Note 2. Cash Deposits and Investments**

**Cash Deposits**

Custodial Credit Risk – Custodial credit risk is the risk that, in the event of a bank failure, the Board’s deposits may not be recovered. Although the Board does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that the governmental units shall deposit public funds in public depositories protected from loss under the provisions of GUDPA. Under the Act, the first \$250,000 of governmental deposits in each insured depository is protected by FDIC. Public fund owned by the Board in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, student activity may pass to the Board relative to the happening of a future condition. Such funds are shown as Uninsured and Uncollateralized in the schedule below. As of June 30, 2022, the District’s bank balance of \$4,780,201 was exposed to custodial credit risk as follows:

Insured under FDIC and GUDPA	\$	3,749,714
Uninsured and Uncollateralized		1,030,487
		\$ 4,780,201

**Investments**

The District had no investments at June 30, 2022.

**Note 3. Reserve Accounts**

**Capital Reserve**

A capital reserve account was established by the District by inclusion of \$220,000 in the 2000-2001 budget for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the District's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a District may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year-end (June 1 to June 30) of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A District may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant *N.J.S.A.19:60-2*. Pursuant to *N.J.A.C.6:23A-14.1(g)*, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2021 to June 30, 2022 fiscal year is as follows:

Beginning Balance, July 1, 2021	\$	263,740
Increased by:		
Interest Earnings		62
Deposits approved by Board		450,000
		713,802
Decreased by:		
Budget Withdrawals		(91,390)
		713,802
Ending Balance, June 30, 2022	\$	622,412

Riverside Township School District established a Maintenance Reserve Account for the accumulation of Funds for use as maintenance expenditures in subsequent fiscal years. The maintenance reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

The activity of the maintenance reserve for the July 1, 2021 to June 30, 2022 fiscal year is as follows:

Beginning Balance, July 1, 2021	\$	-
Increased by:		
Deposits approved by Board		50,000

**Note 7. Long-Term Obligations**

**Bonds Payable**

The voters of the municipality through referendums authorize bonds in accordance with State Law. All bonds are retired in serial installments within the statutory period of usefulness.

In July 2011, the District issued \$750,000 of General Obligation Bonds. The General Obligation Bonds were issued at an interest rate of 3.30% and mature on February 1, 2023.

In May 2012, the District issued \$5,465,000 of Refunding Bonds to refund the callable portion of the outstanding 2011 Bond Issue. The Refunding Bonds generated \$290,244 in gross debt service savings and an economic gain (difference between the present value of the debt service payments of the refunded and refunding bonds) of \$254,283, or a net annual present value savings of 4.51%. The Refunding Bonds were issued at interest rates varying from 3% to 4% and mature on May 1, 2023.

Principal and interest due on the outstanding bonds is as follows:

Fiscal Year Ending <u>June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 730,000	\$ 28,640	\$ 758,640

**Bonds Authorized but not Issued**

As of June 30, 2022, the District had no bonds authorized but not issued.

**Note 8. Pension Plans**

**A. Public Employees' Retirement System (PERS)**

**Plan Description** - The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PERS, please refer to Division's annual financial statements, which can be found at [www.state.nj.us/treasury/pensions/annual-reports.shtml](http://www.state.nj.us/treasury/pensions/annual-reports.shtml).

The vesting and benefit provisions are set by *N.J.S.A. 43:15A*. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service.

The following represents the membership tiers for PERS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more years of service credit and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

**Contributions** - The contribution policy for PERS is set by *N.J.S.A. 15A* and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2021, the State's pension contribution was less than the actuarial determined amount.

The local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

**Pension Liability, Pension Expense and Deferred Outflows/Inflows of Resources** - At June 30, 2022, the District reported a liability of \$3,385,932 for its proportionate share of the PERS net pension liability. The net pension liability was measured as of June 30, 2021. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of July 1, 2020, to the measurement date of June 30, 2021. The District's proportion of the net pension liability was based on the District's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2021. The District's proportion measured as of June 30, 2021, was 0.02858%, which was an increase of 0.00053% from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the District recognized full accrual pension expense of \$(441,349) in the government-wide financial statements. This pension expense was based on the pension plans June 30, 2021 measurement date. At June 30, 2022 the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

**Actuarial Assumptions** – The collective total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. This actuarial valuation used the following assumptions:

Inflation	
Price	2.75%
Wage	3.25%
Salary Increases:	
Through 2026	2.00 - 6.00% Based on Years of Service
Thereafter	3.00 - 7.00% Based on Years of Service
Investment Rate of Return	7.00%
Mortality Rate Table	Pub-2010 General classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2021
Period of Actuarial Experience	
Study upon which Actuarial Assumptions were Based	July 1, 2014 - June 30, 2018

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2021 are summarized in the following table:

**Discount Rate** - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. The single blended discount rate was based on long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.50% as of June 30, 2020 based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipals bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on 70% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2057. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2057 and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

**Sensitivity of the District's proportionate share of the Net Pension Liability to Changes in the Discount Rate** - The following presents the District's proportionate share of the net pension liability as of June 30, 2020, calculated using the discount rate of 7.00% as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

**B. Teachers' Pension and Annuity Fund (TPAF)**

**Plan Description** - The State of New Jersey, Teachers' Pension and Annuity Fund (TPAF) is a cost sharing multiple-employer defined benefit pension plan with a special-funding situation, by which the State of New Jersey (the State) is responsible to fund 100% of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. TPAF is administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about TPAF, please refer to Division's Annual Comprehensive Financial Report (ACFR) which can be found at [www.state.nj.us/treasury/pensions/annrprts.shtml](http://www.state.nj.us/treasury/pensions/annrprts.shtml).

The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

The following represents the membership tiers for TPAF:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more

years of service credit, and tier 5 before age 65 with 30 or more years of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

**Contributions** - The contribution policy for TPAF is set by *N.J.S.A 18A:66* and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. For fiscal year 2021, the State's pension contribution was less than the actuarial determined amount.

As mentioned previously, the employer contributions for local participating employers are legally required to be funded by the State in accordance with *N.J.S.A 18:66-33*. Therefore, the District is considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the District does not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers.

**Pension Liability and Pension Expense** - The State's proportionate share of the TPAF net pension liability, attributable to the District as of June 30, 2021 was \$47,314,173. The District's proportionate share was \$-0-.

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. The State's proportionate share of the net pension liability associated with the District was based on projection of the State's long-term contributions to the pension plan associated with the District relative to the projected contributions by the State associated with all participating districts, actuarially determined. At June 30, 2021, the State proportionate share of the TPAF net pension liability attributable to the District was 0.09842%, which was an increase of .00181% from its proportion measured as of June 30, 2020.

For the fiscal year ended June 30, 2022, the District recognized \$1,113,323 in on-behalf pension expense and revenue in the government-wide financial statements, for the State of New Jersey on-behalf TPAF pension contributions. This pension expense and revenue was based on the pension plans June 30, 2021 measurement date.

**Actuarial Assumptions** – The total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2015 to June 30, 2018.

**Long-Term Expected Rate of Return** - In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2020 are summarized in the following table:

**Discount Rate** - The discount rate used to measure the total pension liability was 5.40% as of June 30, 2020. The single blended discount rate was based on long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 2.21% as of June 30, 2020, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipals bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on 78% of the actuarially determined contributions for the State. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2062. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2062 and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

**Sensitivity of the District's proportionate share of the Net Pension Liability to Changes in the Discount Rate** – As previously mentioned, TPAF has a special funding situation where the State pays 100% of the District's annual required contribution. The following represents the State's proportionate share of the net pension liability, attributable to the District calculated using the discount rate of 5.40% as well as what the State's proportionate share of the net pension liability, attributable to the District's would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

**C. Defined Contribution Plan (DCRP)**

**Plan Description** - The Defined Contribution Retirement Program (DCRP) was established July 1, 2007, under the provisions of N.J.S.A. 43:15C-1 et seq. The DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage

Individuals eligible for membership in the DCRP include:

- State or local officials who are elected or appointed on or after July 1, 2007;
- Employees enrolled in the Public Employees' Retirement System (PERS) or Teachers' Pension and Annuity Fund (TPAF) on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits;
- Employees enrolled in the Police and Firemen's Retirement System (PFRS) or State Police Retirement System (SPRS) after May 21, 2010, who earn salary in excess of established "maximum compensation" limits;
- Employees otherwise eligible to enroll in the PERS or TPAF on or after November 2, 2008, who do not earn the minimum annual salary for PERS or TPAF Tier 3 enrollment but who earn salary of at least \$5,000 annually. The minimum salary in 2021 is \$8,300 and is subject to adjustment in future years.
- Employees otherwise eligible to enroll in the PERS or TPAF after May 21, 2010, who do not work the minimum number of hours per week required for PERS or TPAF Tier 4 or Tier 5 enrollment but who earn salary of at least \$5,000 annually. The minimum number is 35 hours per week for State employees, or 32 hours per week for local government or local education employees

**Contributions** - The contribution policy is set by N.J.S.A. 43:15C-3 and requires active members and contribution employers. When enrolled in the DCRP, members are required to contribute 5.5% of their base salary to a tax-deferred investment account established with Prudential Financial, which jointly administers the DCRP investments with the Division of Pension and Benefits. Member contributions are matched by a 3% contribution from the District.

For the year ended June 30, 2022, employee contributions totaled \$45,094 and the District recognized pension expense of \$24,597.

**Note 9. Other Post-Retirement Benefits**

**General Information about the OPEB Plan**

The State of New Jersey reports a liability as a result of its statutory requirements to pay other postemployment (health) benefits for State Health Benefit Local Education Retired Employees Plan. The State Health Benefit Local Education Retired Employees Plan is a multiple-employer defined benefit OPEB plan that is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions. The State Health Benefit Local Education Retired Employees Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey in accordance with N.J.S.A 52:14-17.32f. According to N.J.S.A 52:14-

NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEAR ENDED JUNE 30, 2022 (continued)**

**Note 9. Other Post-Retirement Benefits (continued):**

17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

The total nonemployer OPEB liability does not include certain other postemployment benefit obligations that are provided by the local education employers. The reporting of these benefits is the responsibility of the individual local education employers.

**Basis of Presentation**

The Schedule presents the State of New Jersey's obligation under NJSA 52:14-17.32f. The Schedule does not purport to be a complete presentation of the financial position or changes in financial position of the State Health Benefit Local Education Retired Employees Plan or the State of New Jersey. The accompanying Schedule was prepared in accordance with U.S. generally accepted accounting principles.

Such preparation requires management of the State of New Jersey to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

**Total Nonemployer OPEB Liability**

The total nonemployer OPEB liability as of June 30, 2021, was determined by an actuarial valuation as of June 30, 2020, which was rolled forward to June 30, 2021. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

Total Nonemployer OPEB Liability:                     \$     60,007,650,970

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of actuarial experience studies for the periods July 1, 2015 – June 30, 2018, July 1, 2014 – June 30, 2018, and July 1, 2013 – June 30, 2018 for TPAF, PERS and PFRS, respectively.

**OPEB Obligation and OPEB Expense** - The State’s proportionate share of the total Other Post Employment Benefits Obligations, attributable to the School District as of June 30, 2022 was \$58,744,704. The School District’s proportionate share was \$0.

The OPEB Obligation was measured as of June 30, 2021, and the total OPEB Obligation used to calculate the OPEB Obligation was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. The State’s proportionate share of the OPEB Obligation associated with the District was based on projection of the State’s long-term contributions to the OPEB plan associated with the District relative to the projected contributions by the State associated with all participating school districts, actuarially determined. At June 30, 2021, the State proportionate share of the OPEB Obligation attributable to the School District was 0.0978953%, which was a decrease of 0.000408% from its proportion measured as of June 30, 2020.

For the fiscal year ended June 30, 2022, the State of New Jersey recognized an OPEB expense in the amount of \$3,281,599 for the State’s proportionate share of the OPEB expense attributable to the School District. This OPEB expense was based on the OPEB plans June 30, 2021 measurement date.

**Health Care Trend Assumptions**

For pre-Medicare medical benefits, the trend rate is initially 5.65% and decreases to a 4.50% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2022 through 2023 are reflected. For PPO the trend is initially 5.74% in fiscal year 2024, increasing to 12.93% in fiscal year 2025 and decreases to 4.50% after 11 years. For HMO the trend is initially 6.01% in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreases to 4.50% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to 4.50% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

**Discount Rate**

The discount rate for June 30, 2021 was 2.16%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

**Note 10. On-Behalf Payments for Fringe Benefits and Salaries**

As previously mentioned, the District receives on-behalf payments from the State of New Jersey for normal costs and post-retirement medical costs related to the Teachers’ Pension and Annuity Fund (TPAF) pension plan. The District is not legally responsible for these contributions. The on-behalf payments are recorded as revenues and expenditures in the government-wide and general fund financial statements. For the fiscal year ended June 30, 2022, the on-behalf payments for pension, social security, post-retirement medical costs, and long-term disability were \$4,157,001, \$833,460, \$971,243 and \$1,185, respectively.

**Note 11. Risk Management**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

**New Jersey Unemployment Compensation Insurance** – The District has elected to fund its New Jersey Unemployment Compensation Insurance under the “Benefit Reimbursement Method”. Under this plan the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, reimbursements to the State for benefits paid and the ending balance of the District’s trust fund for the current and previous two years:

**RIVERSIDE TOWNSHIP PUBLIC SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEAR ENDED JUNE 30, 2022 (continued)**

**Note 11. Risk Management (continued)**

**Property and Liability Insurance** – The District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

**Joint Insurance Pool** – The District also participates in the Burlington County Joint Insurance Fund and, public entity risk pool. The Pool provides its members with the following coverage:

Property & Crime	General & Automobile Liability
Pollution Legal Liability Liability	Workers' Compensation
Educators Legal Liability	Boiler & Machinery Liability
Cyber Liability	Violent & Malicious Acts

**Note 12. Contingencies**

**State and Federal Grantor Agencies** - The District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at June 30, 2021 may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provisions have been recorded in the accompanying combined financial statements for such contingencies.

**Litigation** – The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the Districts' attorney that resolution of these matters will not have a material adverse effect on the financial condition of the District.

**Economic Dependency** – The District receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, could have an effect on the District's programs and activities.

**Note 13. Deferred Compensation**

The District offers its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Code Section 403(b) and 457. The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

Lincoln Investment Planning  
Prudential  
AFLAC

**Note 14. Compensated Absences**

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

**RIVERSIDE TOWNSHIP PUBLIC SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEAR ENDED JUNE 30, 2022 (continued)**

**Note 14. Compensated Absences (continued)**

District employees are granted varying amount of vacation and sick leave in accordance with the District's personnel policies. Upon termination, employees are paid for accrued vacation. The District policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the District for the unused sick leave in accordance with Districts' agreements with the various employee unions.

The liability for vested compensated absences of the governmental fund types is recorded in the Statement of Net Position. At June 30, 2022, the liability for compensated absences reported on the government-wide Statement of Net Position was \$478,076.

**Note 15. Tax Abatements**

As defined by the Governmental Accounting Standards Board (GASB) Statement No. 77, a tax abatement is an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. Districts are not authorized by New Jersey statute to enter into tax abatement agreements. However, the county or municipality in which the district is situated may have entered into tax abatement agreements, and that potential must be disclosed in these financial statements. If the county or municipality entered into tax abatement agreements, those agreements will not directly affect the district's local tax revenue because N.J.S.A. 54:4-75 and N.J.S.A. 54:4-76 require that amounts so forgiven must effectively be recouped from other taxpayers and remitted to the district.

For a local school district board of education or board of school estimate that has elected to raise their minimum tax levy using the required local share provisions at N.J.S.A. 18A:7F-5(b), the loss of revenue resulting from the municipality or county having entered into a tax abatement agreement is indeterminate due to the complex nature of the calculation of required local share performed by the New Jersey Department of Education based upon district property value and wealth.

**Note 16. Commitments**

The District has no contractual commitments at June 30, 2022.

**Note 17. Calculation of Excess Surplus**

The designation for Restricted Fund Balance – Excess Surplus is a required calculation pursuant to N.J.S.A.18A:7F-7. New Jersey school districts are required to reserve General Fund fund balance at the fiscal year-end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2022 was \$1,706,287.

**RIVERSIDE TOWNSHIP PUBLIC SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
FOR FISCAL YEAR ENDED JUNE 30, 2022 (continued)**

**Note 18. Fund Balances**

**General Fund** – Of the \$4,301,439 General Fund fund balance at June 30, 2022, \$622,412 has been restricted for the Capital Reserve Account; \$50,000 has been restricted for the Maintenance Reserve Account; \$1,706,287 has been restricted for current year excess surplus; \$1,391,214 is restricted for prior year excess surplus – designated for subsequent year’s expenditures; \$241,108 is restricted for New Jersey Unemployment Trust; \$196,746 has been assigned and included as anticipated revenue for the year ending June 30, 2022; \$1,898 is assigned for other purposes and \$91,774 has been unassigned.

**Special Revenue Fund** – Of the \$184,281 Special Revenue Fund fund balance at June 30, 2022, \$103,661 has been restricted for Scholarships, \$127,539 has been restricted for Student Activities and (\$46,919) is unassigned for special revenue.

**Note 19. Deficit in Net Position**

**Unrestricted Net Position** – The District’s governmental activities had a deficit in unrestricted net position in the amount of (\$5,591,217). The primary causes of the deficit are the District not recognizing the receivable for the last two state aid payments and the recording of the net pension liability for the Public Employees’ Retirement System (PERS) as of June 30, 2022. This deficit in unrestricted net position for governmental activities does not indicate that the District is facing financial difficulties.

**Note 20. Subsequent Events**

Management has reviewed and evaluated all events and transactions that occurred between June 30, 2022 and February 3, 2023, the date that the financial statements were available for issuance, for possible disclosure and recognition in the financial statements, and no items have come to the attention of the District that would require disclosure.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable President and Members  
of the Board of Education  
Riverside Township Public School District  
County of Burlington  
Riverside, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Riverside Township Public School District (the “School District”) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the School District’s basic financial statements, and have issued our report thereon dated February 3, 2023.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the School District’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District’s internal control. Accordingly, we do not express an opinion on the effectiveness of the School District’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any

deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey and are described in the accompanying schedule of findings and questioned costs as Finding 2022-001.

### **School District's Response to Findings**

The School District's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The School District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, and federal and state awarding agencies and pass-through entities, in considering the School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM  
GUIDANCE AND NEW JERSEY OMB CIRCULAR 15-08**

Honorable President and Members  
of the Board of Education  
Riverside Township Public School District  
County of Burlington  
Riverside, New Jersey

**Report on Compliance for Each Major Federal and State Program**

**Opinion on Each Major Federal and State Program**

We have audited the Riverside Township Public School District’s (the “School District”) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the School District’s major federal and state programs for the fiscal year ended June 30, 2022. The School District’s major federal and state programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

In our opinion, the School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2022.

**Basis for Opinion on Each Major Federal and State Program**

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); New Jersey OMB’s Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*; and the audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the School District and to meet our ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major state program. Our audit does not provide a legal determination of the School District’s compliance with the compliance requirements referred to above.

## **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the School District's federal and state programs.

## **Auditor's Responsibilities for the Audit of Compliance**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid; and audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individual or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about the School District's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with generally accepted accounting standards, *Government Auditing Standards*, and New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, but not for the purpose of expressing an opinion on the effectiveness of School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Other Matters**

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as Finding No. 2022-001. Our opinion on each major federal program is not modified with respect to these matters.

## **School District's Responses to Findings**

The School District's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The School District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

## **Report on Internal Control Over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Purpose of this Report**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and New Jersey OMB's Circular 15-08. Accordingly, this report is not suitable for any other purpose.

The accompanying Notes to Schedules of Expenditures of Federal Awards and State Financial Assistance are an integral part of this schedule.

**RIVERSIDE TOWNSHIP PUBLIC SCHOOL DISTRICT  
NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE  
FINANCIAL ASSISTANCE  
FOR THE FISCAL YEAR ENDED JUNE 30, 2022**

**Note 1. Basis of Presentation**

The accompanying schedules of expenditures of federal awards and state financial assistance present the activity of all federal awards and state financial assistance programs of the Riverside Township Public School District. The School District is defined in Note 1 of the basic financial statements. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

**Note 2. Summary of Significant Accounting Policies**

The accompanying schedules of expenditures of federal awards and state financial assistance are presented using the budgetary basis of accounting with the following exception: programs recorded in the enterprise fund are presented using the accrual basis of accounting and programs recorded in the capital projects fund are presented using the modified accrual basis of accounting. These bases of accounting are described in Note 1 to the School District's basic financial statements. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

The School District did not elect the 10-percent de minimis indirect cost rate as discussed in 2 CFR 200.414.

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions respectively. The amount reported as TPAF Pension Contributions represents the amount paid by the state on behalf of the School District for the year ended June 30, 2022. TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2022.

**Note 3. Relationship to Basic Financial Statements**

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

**RIVERSIDE TOWNSHIP PUBLIC SCHOOL DISTRICT  
NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE  
FINANCIAL ASSISTANCE  
FOR THE FISCAL YEAR ENDED JUNE 30, 2022**

**Note 3. Relationship to Basic Financial Statements (continued):**

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to *N.J.S.A.* 18A:22-44.2. For GAAP purposes payments are not recognized until the subsequent budget year due to the state deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more state aid June payments in the current budget year, consistent with *N.J.S.A.* 18A:22-4.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$(188,909) for the general fund and (\$249,791) for the special revenue fund. See Exhibit C-3 Note A of the basic financial statements, for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance expenditures reported in the School District's basic financial statements on a GAAP basis are presented as follows:

<u>Fund</u>	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$ 19,260	\$ 21,488,690	\$ 21,507,950
Special Revenue Fund	2,263,303	746,009	3,009,312
Food Service Fund	<u>1,102,847</u>	<u>16,709</u>	<u>1,119,556</u>
Total Awards & Financial Assistance	<u>\$ 3,385,410</u>	<u>\$ 22,251,408</u>	<u>\$ 25,636,818</u>

**Note 4. Relationship to Federal and State Financial Reports**

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

**Note 5. Federal and State Loans Outstanding**

The Riverside Township Public School District had no loan balances outstanding at June 30, 2022.

**Section II – Financial Statement Findings**

This section identifies the significant deficiencies, material weaknesses and instances of noncompliance related to the basic financial statements that are required to be reported in accordance with *Government Auditing Standards* and with audit requirements prescribed by the Division of Administration and Finance, Department of Education, State of New Jersey.

**Finding 2022-001:**

***Criteria or Specific Requirement:***

The New Jersey Department of Agriculture requires a School Food Authority to maintain a nonprofit School Food Service. The nonprofit status of the School Food Service is determined by evaluating net cash resources, which may not exceed three months average expenditures.

***Condition:***

Net cash resources in the Food Service Fund exceeded three months average expenditures.

***Context:***

Utilizing the U.S.A. net cash resources calculation form, it was determined that the District's net cash resources exceeded the three months average expenditures by \$301,635 as of June 30, 2022.

***Effect or Potential Effect:***

The New Jersey Department of Agriculture requirement regarding Net Cash Resources was not met.

***Cause:***

Due to the Public Health Emergency, all meals provided were eligible for reimbursement, causing a significant increase in revenues for the District.

***Recommendation:***

The District should reduce net cash resources on hand in the Food Service Fund through capital expenditures or other improvements to the Food Service Program.

***Views of responsible officials and planned corrective action:***

Management agrees with the above finding and will take necessary corrective action.
