Fax: (732) 793-4025

February 13, 2023

Honorable President and
Members of the Board of Education
Seaside Park Borough School District
Seaside Park, New Jersey

Dear Board Members:

The Annual Comprehensive Financial Report of the Seaside Park Borough School District for the fiscal year ended June 30, 2022 is hereby submitted. Responsibility for both the accuracy of the date and completeness and fairness of the presentation, including all disclosures, rests with the management of the Seaside Park Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material aspects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The Annual Comprehensive Financial Report is presented in four sections: Introductory, Financial, Statistical and Single Audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The Financial section includes the general purpose financial statements and schedules, as well as the auditor's report thereon. The Statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements and New Jersey OMB Circular 15-08. Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1. **REPORTING ENTITY AND ITS SERVICES:** Seaside Park Borough School District is an independent reporting entity within the criteria adopted by the GASB as established by NGCA Statement No. 3. All funds and account groups of the District are included in this report. The Seaside Park Board of Education and the Seaside Park Elementary School constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre-K through 6. These include regular as well as special education for handicapped youngsters. The District completed the 2021-2022 fiscal year with an enrollment of 29 students. Students attend the Toms River Regional School District and Lavallette School District as tuition students. The following details the changes in student enrollment of the District over the last ten years as recorded in the ASSA (Application for State School Aid) report submitted annually as of October 15th of each year.

ASSA ENROLLMENT
October 15th

<u>Fiscal Year</u>	<u>Student Enrollment</u>
2021-2022	29
2020-2021	30
2019-2020	28
2018-2019	30
2017-2018	48
2016-2017	54
2015-2016	43
2014-2015	43
2013-2014	36
2012-2013	33

2. **ECONOMIC CONDITION AND OUTLOOK:** The community itself reflects the long, narrow shape of the sandbar on which it is located. The major streets are oriented parallel to the coastline. The result is one of through traffic in a north/south direction with most of the commercial development oriented to these streets. The cross streets are short and many are less than two blocks long from ocean to bay.

Overall, the borough is 95 percent developed. The 5 percent recorded as vacant consists of scattered parcels. The largest portion is around the boat yard between "I" and "K" Streets on the bay side of the island.

The Seaside Park School District entered into a send-receive district September 1, 2010, sending its PreK students to Seaside Heights, its K-6 students to the Lavallette and Toms River School Districts.

3. **MAJOR INITIATIVES:** The Seaside Borough Council continues to explore options to reduce the continued heavy tax burden as a result of participation in the Regional District for grades 6-12.

4. **INTERNAL ACCOUNTING CONTROLS:** Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of the financial statements in conformity with Generally Accepted Accounting Principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of Federal and State financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

A part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5. **BUDGETARY CONTROLS:** In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either cancelled or are included in reappropriated and reported as reservations of fund balance at June 30, 2022.

6. **ACCOUNTING SYSTEM AND REPORTS:** The District's accounting records reflect Generally Accepted Accounting Principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note 1.

7. **DEBT ADMINISTRATORS:** In July 1995 the District made its last Debt Service payment on bonds that were issued to purchase and renovate the current Board Office building.

8. **CASH MANAGEMENT:** The investment policy of the District is guided in large part by State statute as detailed in "Notes to the Financial Statements", Note 2. The District has adopted a cash management plan which requires it to deposit funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

9. **RISK MANAGEMENT:** The Board of Education carries various forms of insurance including, but not limited to, general liability, hazard and theft insurance on property and contents, and fidelity bonds. Centric Insurance Agency brokers the majority of Seaside Park Board of Education insurance coverage.

10. **OTHER INFORMATION:** Independent Audit: State of New Jersey statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Robert A. Hulsart and Company, CPAs, was selected by the Seaside Park Board of Education. In addition to meeting the requirements set forth in State statutes, the audit is also designed to meet the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements and New Jersey OMB Circular 15-08. The auditor's report on the general purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

11. ACKNOWLEDGEMENTS: We would like to express our appreciation to the members of the Seaside Park Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our staff.

Respectfully submitted,

Patricia A. Christopher, CPA

INDEPENDENT AUDITOR'S REPORT

Honorable President and Members
 of the Board of Education
 Seaside Park School District
 County of Ocean
 Seaside Park, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Board of Education of the Seaside Park School District, in the County of Ocean, State of New Jersey, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Board of Education of the Seaside Park School District, in the County of Ocean, State of New Jersey, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Required Supplementary Information identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Seaside Park School District's basic financial statements. The combining and individual non-major fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the schedule of state financial assistance as required by NJ OMB 15-08 and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements, schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Requirements* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), the schedule of federal awards and the schedule of state financial assistance as required by NJ OMB 15-08 is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements, schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the schedule of state financial assistance as required by NJ OMB 15-08 is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

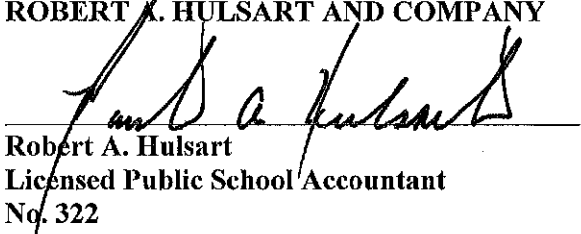

The introductory and statistical sections have not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 13, 2023 on our consideration of the Seaside Park's Board of Education internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Seaside Park Board of Education's internal control over financial reporting and compliance.

Respectfully submitted,

REQUIRED SUPPLEMENTARY INFORMATION
PART I

SEASIDE PARK SCHOOL DISTRICT
BOROUGH OF SEASIDE PARK
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022
UNAUDITED

The discussion and analysis of Seaside Park School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2022. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; it should be read in conjunction with the Annual Comprehensive Financial Report's (ACFR) Letter of Transmittal which is found in the Introductory Section, and the School Board's financial statements found in the Financial Section and the notes thereto.

Financial Highlights

Key Financial highlights for the 2021-2022 fiscal year is as follows:

- General revenues accounted for \$586,626 in revenue or 100% percent of all revenues.
- Total net position of governmental activities increased by \$138,966.
- The School District had \$447,660 in expenses. General revenues (primarily property taxes & Federal and State Aid) of \$586,626 helped provide for these programs.

Using this Annual Comprehensive Financial Report (ACFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Seaside Park School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *Statement of Net Position and Statement of Activities* provide information about the activities of the whole school district, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. In the case of Seaside Park School District, the General Fund is the most significant fund.

The School Board's auditor has provided assurance in his Independent Auditor's Report, located immediately preceding this Management's Discussion and Analysis, that the Basic Financial Statements are fairly stated. A user of this report should read the Independent Auditor's Report carefully to ascertain the level of assurance being provided for each of the other parts of the Financial Section.

Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, “How did we do financially during the 2021-2022 fiscal year?” The Statement of Net Position and the Statement of Activities helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account, all of the current year’s revenues and expenses regardless of when cash is received or paid.

These two statements report the School District’s net position and changes in the position. This change in net position is important because it tells the reader that, for the school district as a whole, the financial positions of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include the School District’s property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School District is divided into two distinct kinds of activities:

- **Governmental activities** – All of the School District’s programs and services are reported here including, but not limited to, instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.
- **Business-Type Activities** – This service is provided on a charge for goods or services basis to recover all the expense of the goods or services provided. The Food Service Enterprise Fund is reported as a business activity.

Reporting the School District’s Most Significant Funds

Fund Financial Statements

The analysis of the School District’s major (all) funds begins on exhibit A-1. Fund financial reports provide detailed information about the School District’s major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District’s most significant funds. The School District’s major governmental funds are the General Fund and Special Revenue Fund.

Governmental Funds

The School District's activities are reported in Governmental Funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The Governmental Fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental Fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and Governmental Funds is reconciled in the financial statements.

Enterprise Fund

The Enterprise Fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services.

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration and business include expenses associated with administrative and financial supervision of the District.

Operation and maintenance of facilities activities involve keeping the school grounds, buildings and equipment in an effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law.

Other includes unallocated depreciation and amortization.

School Board Funds

The School Board uses funds to control and manage money for particular purposes. The Fund's basic financial statements allow the School Board to demonstrate its stewardship over and accountability for resources received from the Borough of Seaside Park's taxpayer's and other entities, including the State of New Jersey and the Federal Government. These statements also allow the reader to obtain more insight into the financial workings of the School Board, and assess further the School Board's overall financial health.

As the School Board completed the fiscal year ended June 30, 2022, it reported a combined net position balance of \$1,381,207. The Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities presents the reader with a detailed explanation of the differences between the net change in fund balances and changes in net position.

The School Board's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

Over the course of the year, the School Board revises its budget as it attempts to take into consideration unexpected changes in revenue and expenditures.

A schedule showing the School Board's original and final budget compared with actual operating results is provided in the section of the ACFR, entitled Budgetary Comparison Schedules. The School Board generally did better than had been budgeted in its General Fund since it practices conservative budgetary practices in which revenues are forecasted very conservatively and expenditures are budgeted with worst-case scenarios in mind.

The General Fund finished the fiscal year at \$1,142,476, a decrease of \$26,601 from 2021-2022.

Capital Assets

At June 30, 2022, the School Board had approximately \$1,097,002 invested in a broad range of capital assets, including land, buildings, furniture, computers, instructional equipment and other equipment. This amount is net of accumulated depreciation to date. Table II below shows the net book value of capital assets at the end of the 2022 fiscal year.

	Governmental Activities
Table II	
Capital Assets at June 30, 2022	
Land	\$ 271,300
Buildings	<u>48,260</u>
Total	<u>\$ 319,560</u>

Economic Factors and Next Year's Budget

Future finances are not without challenges as state funding is decrease. The Seaside Park School District has committed itself to financial excellence for many years. The School District plans to continue its sound fiscal management to meet the challenge of the future.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional information contact Patricia Christopher, School Business Administrator/Board Secretary at Seaside Park Board of Education, 107 Third Avenue, Seaside Park, NJ 08752.

SEASIDE PARK SCHOOL DISTRICTRECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURESAND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS

Exhibit B-3

TO THE STATEMENT OF ACTIVITIESFOR THE YEAR ENDED JUNE 30, 2022

Total Net Change in Fund Balances - Governmental Funds (From B-2)	\$ (26,661)
Amounts Reported for Governmental Activities in the Statement of Activities (A-2) are Different Because:	
Capital Outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period.	
Depreciation Expense	(9,124)
Change in Net Pension Liability	2,977
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position and is not reported in the statement of activities.	142,154
In the statement of activities, interest on long-term debt in the statement of activities is accrued. In the governmental funds, interest is reported when due.	532
Contributions to the Pension plan on the current year fiscal year are deferred outflows of resources on the Statement of Net Position	(1,962)
Pension related deferrals	<u>31,050</u>
Change in Net Position of Governmental Activities	<u>\$ 138,966</u>

The accompanying Notes to Financial Statements are an integral part of this statement.

NOTES TO FINANCIAL STATEMENTS

BOARD OF EDUCATION
SEASIDE PARK SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1: Summary of Significant Accounting Policies

The financial statements of the Board of Education (Board) of the Seaside Park School District (District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

A. Reporting Entity:

The Seaside Park School District is a Type II district located in the County of Ocean, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The board is comprised of five members elected to three-year terms. The purpose of the district is to educate students in grades K-6. The Seaside Park School District had an approximate enrollment at June 30, 2022 of 29 students.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Government Accounting and Financial Reporting Standards, is whether:

- The organization is legally separate (can sue or be sued in their own name)
- The District holds the corporate powers of the organization
- The District appoints a voting majority of the organization's board
- The District is able to impose its will on the organization
- The organization has the potential to impose a financial/benefit/burden on the District
- There is a fiscal dependency by the organization on the District

B. Government-Wide Financial Statements

The government-wide financial statements include the statement of net assets and the statement of activities. These statements report financial information for the District as a whole excluding fiduciary activities such as student activities. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by state and federal aid, tuition and county tax levies, from business-type activities generally financed in whole or in part with fees charged to external parties.

NOTE 1: Summary of Significant Accounting Policies (Continued)

B. Government-Wide Financial Statements (Continued)

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include (1) charges for services which report fees and other charges to users of the District's services and (2) operating grants and contributions. These revenues are subject to externally imposed restrictions to these program uses. Tax levies and other revenue sources not properly included with program revenues are reported as general revenues.

Fund Financial Statements

Fund financial statements are provided for governmental, proprietary and fiduciary funds. The New Jersey Department of Education (the "Department") has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The Department believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The financial statements of the District are prepared in accordance with generally accepted accounting principles (GAAP). The District's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. The government-wide and proprietary fund financial statements apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails.

The government-wide statements report using the economic resources measurement focus and the accrual basis of accounting generally including the reclassification or elimination of internal activity (between or within funds). Proprietary and fiduciary fund financial statements also report using this same focus and basis of accounting although internal activity is not eliminated in these statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of related cash flows. County tax revenues are recognized in the year for which they are levied while grants are recognized when grantor eligibility requirements are met. The Unemployment Trust Fund recognizes employer and employee contributions in the period in which contributions are due.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to apply current liabilities. The District considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for long-term pension and compensated absences, which are reported as expenditures in the year due.

NOTE 1: Summary of Significant Accounting Policies (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Major revenue sources susceptible to accrual includes Intergovernmental revenues, and the county tax levy. In general, other revenues are recognized when cash is received.

Operating income reported in proprietary fund financial statements includes revenues and expenses related to the primary continuing operations of the fund. Principal operating revenues for proprietary funds are charges to customers for food sales and for services provided to other governmental entities. Principles operating expenses are the costs of providing goods or services and include administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements.

D. Fund Accounting:

The accounts of the District are maintained in accordance with the principles of fund accounting to ensure observance of limitations and restrictions on the resources available. The principles of fund accounting require that resources be classified for accounting and reporting purposes into funds or account groups in accordance with activities or objectives specified for the resources. Each fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources. Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types".

Governmental Fund Types

General Fund: The general fund is the general operating fund of the District and is used to account for all expendable financial resources except those required to be accounted for in another fund.

Special Revenue Fund: The District accounts for the proceeds of specific revenue sources (other than expendable trust or major capital projects) that are legally restricted to expenditures for specified purposes in the special revenue funds.

Proprietary Fund Type

Enterprise Fund: To account for operations that are financed and operated in a manner similar to private business enterprises, in which the intent of the District is that the costs of providing goods or services to the District on a continuing basis be financed or recovered primarily through user charges.

NOTE 1: Summary of Significant Accounting Policies (Continued)

D. Fund Accounting (Continued):

Fiduciary Fund Types

Agency Funds (Payroll and Student Activities Fund): Agency funds are used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations.

Trust and Agency Funds: The trust and agency funds are used to account for assets held by the District on behalf of outside parties, including other governments, or on behalf of other funds within the District.

Expendable Trust Fund: An expendable trust fund is accounted for in essentially the same manner as the governmental fund types, using the same measurement focus and basis of accounting. Expendable trust funds account for assets where both the principal and interest may be spent. Expendable trust funds include Unemployment Compensation Insurance.

E. Basis of Accounting:

The modified accrual basis of accounting is used for measuring financial position and operating results of all governmental fund types, expendable trust funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recognized in the accounting period in which the fund liability is incurred, except for principal and interest on general long-term debt which are recorded when due.

Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive moneys under the established payment schedule and the unpaid amount is considered to be an "accounts receivable".

The accrual basis of accounting is used for measuring financial position and operating results of proprietary fund types and nonexpendable trust funds. Under this method, revenues are recorded in the accounting period in which they are earned and expenses are recorded at the time liabilities are incurred.

NOTE 1: Summary of Significant Accounting Policies (Continued)

F. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the County office. Budgets are prepared using the modified accrual basis of accounting; the legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23-2.2(g)1. All budget amendments must be approved by School Board resolution. Budget amendments during the year ended June 30, 2022 were insignificant.

The Public School Education Act of 1975, limits the annual increase of any district's net current expense budget. The Commissioner of Education certifies the allowable amount for each district but may grant a higher level of increase if he determines that the sums so provided would be insufficient to meet the identified goals and needs of the district or that an anticipated enrollment increase requires additional funds.

The Commissioner must also review every proposed local school district budget for the next school year. He examines every item of appropriations for current expenses and budgeted capital outlay to determine their adequacy in relation to the identified needs and goals of the district. If, in his view, they are insufficient, the Commissioner must order remedial action. If necessary, he is authorized to order changes in the local district budget.

Once a budget is approved, it can be amended by transfers or additional appropriation of fund balances by approval of a majority of the members of the Board. Amendments are presented to the Board at their regular meetings. Each amendment must have Board approval. Such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year-end as dictated by law. Individual transfers were not material in relation to the original appropriations. All uncommitted budget appropriations lapse at year-end.

G. Encumbrances:

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the District has received advances are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

NOTE 1: Summary of Significant Accounting Policies (Continued)**H. Short-Term Interfund Receivables/Payables:**

Short-Term interfund receivables/payables represents amounts that are owed, other than charges for good or services rendered to/from a particular fund in the District and that are due within one year.

I. Inventories and Prepaid Expenses

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the enterprise fund are recorded as an expenditure during the year of purchase.

Enterprise fund inventories are valued at cost, which approximates market, using the first-in-first-out (FIFO) method. Prepaid expenses in the enterprise fund represent payments made to vendors for services that will benefit periods beyond June 30, 2022.

J. Capital Assets and Depreciation

The District's property, buildings and improvements, equipment, vehicles, furniture and fixtures with useful lives of five years or more are stated at historical or estimated historical cost and are reported in the government-wide financial statements. Proprietary Fund capital assets are reported in its respective fund.

The District contracted with an outside service company to provide a report with a comprehensive detail of capital assets and depreciation. The report included capital assets purchased during the 2021-2022 fiscal year and prior with a historical cost of \$2,000 or more. Accumulated depreciation prior to fiscal year 2022, fiscal year 2022 depreciation expense, total accumulated depreciation and book values were also provided. The costs of normal maintenance and repairs that do not add to the asset value or materially extend the useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts. Estimated useful lives, in years, for depreciable assets are as follows:

Buildings and Improvements	20 – 50
Equipment and Vehicles	5 – 20
Furniture and Fixtures	5 – 20

The District is currently in the process of obtaining and installing software that will maintain proper capital asset and depreciation records.

Capital asset activity for the year ended June 30, 2022 was as follows:

K. Compensated Absences

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions.

NOTE 1: Summary of Significant Accounting Policies (Continued)

K. Compensated Absences (Continued)

The liability for vested compensated absences of the governmental fund types is recorded in the general long-term debt account group. The current portion of the compensated absence balance is not considered material to the applicable fund total liabilities, and therefore is not shown separately from the long-term liability balance of compensated absences.

L. Deferred Revenue

Deferred revenue in the special revenue fund represents cash, which has been received but not yet earned. See note 1(e) regarding the special revenue fund.

M. Long-Term Obligations

Long-term debt is recognized as a liability of a governmental fund when due or when resources have been accumulated in the debt service fund for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. The remaining portion of such obligations is reported in the general long-term debt account group.

N. Fund Equity

Contributed capital represents the amount of fund capital contributed to the proprietary funds from other funds. Grants, entitlements, or shared revenues which are restricted for the acquisition or construction of capital assets are also recorded as contributed capital. Reserves represent those portions of fund equity not appropriable for expenditure or legally segregated for a specific future use. Designated fund balances represent plans for future use of financial resources.

O. Tuition Payable

Tuition charges for the fiscal year 2021-2022 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined.

P. Net Position

Net position represents the difference between the summation of assets and deferred outflows of resources, and the summation of liabilities and deferred inflows of resources. Net position is classified into the following three components:

Net Investment in Capital Assets – This component represents capital assets, net of accumulated depreciation, net of outstanding balances of borrowings used for the acquisition, construction, or improvement of those assets.

Restricted – Net Position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

NOTE 1: Summary of Significant Accounting Policies (Continued)

P. Net Position (Continued)

Unrestricted – Net position is reported as unrestricted when it does not meet the criteria of the other two components of net position.

The School District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Fund Balance

The School District reports fund balance in classifications that comprise a hierarchy based primarily on the extent to which the School District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The School District's classifications, and policies for determining such classifications, are as follows:

Nonspendable – The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, such as inventories and prepaid amounts.

Restricted – The restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources either by being (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation.

Committed – The committed fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the School District's highest level of decision-making authority, which, for the School District, is the Board of Education. Such formal action consists of an affirmative vote by the Board of Education, memorialized by the adoption of a resolution. Once committed, amounts cannot be used for any other purpose unless the Board of Education removes, or changes, the specified use by taking the same type of action (resolution) if employed to previously commit those amounts.

Assigned – The assigned fund balance classification includes amounts that are constrained by the School District's *intent* to be used for specific purposes, but are neither restricted nor committed. *Intent* is expressed by either the Board of Education or by the business administrator, to which the Board of Education has delegated the authority to assign amounts to be used for specific purposes. Such authority of the business administrator is established by way of a formal job description for the position and standard operating procedures, approved by the Board of Education.

Unassigned – The unassigned fund balance classification is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

NOTE 1: Summary of Significant Accounting Policies (Continued)**P. Net Position (Continued)**

When expenditures are incurred for purposes for which both restricted and unrestricted fund balances are available, it is the policy of the School District to spend restricted fund balances first. Moreover, when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used, it is the policy of the School District to spend fund balances, if appropriate, in the following order; committed, assigned, then unassigned.

NOTE 2: Cash and Cash Equivalents and Investments

Cash and cash equivalents includes petty cash, change funds, amounts in deposits, and short term investments with original maturities of three months or less.

Investments are stated at cost or amortized cost, which approximates market. The Board classifies certificates of deposit, which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

Deposits

New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

NOTE 2: Cash and Cash Equivalents and Investments (Continued)**Investments**

New Jersey statutes permit the Board to purchase the following types of securities:

- a. Bonds or other obligations of the United States or obligations guaranteed by the United States.
- b. Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage Agency or any United States Bank of Cooperatives which have a maturity date not greater than twelve months from the date of purchase.
- c. Bonds or other obligations of the school district.

As of June 30, 2022, cash and cash equivalents and investments of the District consisted of the following:

	Cash and Cash Equivalents
Interest Bearing Checking Accounts	<u>\$ 1,173,190</u>
Total	<u>\$ 1,173,190</u>

The carrying amount of the Board's cash, cash equivalents and investments at June 30, 2022 was \$1,173,190 and the bank balance was \$1,271,505. Of the bank balance \$251,530 was covered by federal depository insurance and \$1,019,975 was covered by a collateral pool maintained by the banks as required by New Jersey statutes.

Credit Risk Categories

All bank deposits and investments as of the balance sheet date are classified as to credit risk by the following categories described below:

<u>Depository Account</u>	Bank Balance June 30, 2022
Insured:	
FDIC	\$ 251,530
GUDPA	<u>1,019,975</u>
	<u>\$ 1,271,505</u>

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the government's deposits may not be returned to it. The District does not have a formal policy for custodial credit risk.

The District had no uninsured deposits.

As of December 31, 2022 the District did not hold any long-term investments.

NOTE 3: General Long-Term Debt

During the fiscal year ended June 30, 2022, the District had the following reported balance in the general long-term debt account group:

	Balance		Balance	Long-Term	2022-2023
	<u>July 1, 2021</u>	<u>Decrease</u>	<u>June 30, 2022</u>	<u>Portion</u>	<u>Payment</u>
Net Pension Liability	\$ 10,584	2,977	7,607	7,607	
FEMA Loan Payable	<u>142,154</u>	<u>142,154</u>	_____	_____	_____
	<u>\$ 152,738</u>	<u>145,131</u>	<u>7,607</u>	<u>7,607</u>	<u>_____</u>

NOTE 4: Pension Plans

Description of Plans – All required employees of the District are covered by either the Public Employees’ Retirement System or the Teachers’ Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers’ Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625.

Teachers’ Pension and Annuity Fund (TPAF) – The Teachers’ Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers’ Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system’s other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees’ Retirement System (PERS) – The Public Employee’s Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees’ Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

NOTE 4: Pension Plans (Continued)

Vesting and Benefit Provisions – The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/55 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Significant Legislation - During the year ended June 30, 1997, legislation was enacted (Chapter 114, P.L. 1997) authorizing the New Jersey Economic Development Authority to issue bonds, notes or other obligations for the purpose of financing, in full or in part, the State of New Jersey's portion of the unfunded accrued liability under the State of New Jersey retirement systems. Additional legislation enacted during the year ended June 30, 1997 (Chapter 115, P.L. 1997) changed the asset valuation method from market related value to full-market value. This legislation also contained a provision to reduce the employee contribution rate by ½ of 1% to 4.5% for calendar years 1998 and 1999, and to allow for a reduction in the employee's rate after calendar year 1999, providing excess valuation assets are available. The legislation also provided that the District's normal contributions to the Fund may be reduced based on the revaluation of assets. Due to recognition of the bond proceeds and the change in asset valuation method as a result of enactment of Chapters 114 and 115, all unfunded accrued liabilities were eliminated, except for the unfunded liability for local early retirement incentive benefits, accordingly, the pension costs for TPAF and PERS were reduced.

Contribution Requirements – The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for both cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

Three-Year Trend Information for PERS

<u>Year</u> <u>Funding</u>	<u>Annual</u> <u>Pension</u> <u>Cost (APC)</u>	<u>Percentage</u> <u>of APC</u> <u>Contributed</u>	<u>Net</u> <u>Pension</u> <u>Obligation</u>
6/30/22	\$ 861	100%	0
6/30/21	710	100%	0
6/30/20	7,557	100%	0

NOTE 4: Pension Plans (Continued)**Three-Year Trend Information for TPAF (Paid On-Behalf of the District)**

Year	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
6/30/22	\$ 11,920	100%	0
6/30/21	9,236	100%	0
6/30/20	7,427	100%	0

Public Employees' Retirement System (PERS)**Plan Description**

The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division).

The vesting and benefit provisions are set by N.J.S.A. 43:15A, PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

The following represents the membership tiers for PERS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 with 30 years or more of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

NOTE 4: Pension Plans (Continued)**Basis of Presentation**

The schedule of employer allocations and the schedule of pension amounts by employer (collectively, the Schedules) present amounts that are considered elements of the financial statements of PERS or its participating employers. Accordingly, they do not purport to be a complete presentation of the financial position or changes in financial position of PERS or the participating employers. The accompanying Schedules were prepared in accordance with U.S. generally accepted accounting principles. Such preparation requires management of PERS to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

Allocation Methodology and Reconciliation to Financial Statements

GASB Statement No. 68, *Accounting and Financial Reporting for Pension*, requires participating employers in PERS to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources and collective pension expense. The employer allocation percentages presented in the schedule of employer allocations and applied to amounts presented in the schedule of pension amounts by employer based on the ratio of the contributions of an individual employer to the total contributions to PERS during the measurement period July 1, 2020 through June 30, 2021. Employer allocation percentages have been rounded for presentation purposes; therefore, amounts presented in the schedule of pension amounts by employer may result in immaterial differences. Contributions from employers are recognized when due, based on statutory requirements.

Although the Division administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarially determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense are determined separately for each individual employer of the State and local groups of the plan.

To facilitate the separate (sub) actuarial valuations, the Division maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages presented for each group in the schedule of employer allocations are applied to amounts presented in the schedule of pension amount by employer. The allocation percentages for each group of June 30, 2021 are based on the ratio of each employer's contributions to total employer contributions of the group for the fiscal year ended June 30, 2021.

NOTE 4: Pension Plans (Continued)

A special funding situation exists for certain Local employers of the Public Employees' Retirement System. The State of New Jersey, as a nonemployer, is required to pay the additional costs incurred by Local employers under Chapter 366, P.L. 2001. This legislation established the Prosecutors Part of the PERS which provides enhanced retirement benefits for Prosecutors enrolled in the PERS. The State is liable for the increased pension costs to a County that resulted from the enrollment of Prosecutors in the Prosecutors Part. The June 30, 2021 State special funding situation net pension liability amount of \$126.3 million is the accumulated difference between the annual actuarially determined State obligation under the special funding situation and the actual State contribution through the valuation date. The State special funding situation pension expense of \$11.1 million, for the fiscal year ending June 30, 2021, is the actuarially determined contribution amount that the State owes for the fiscal year ending June 30, 2021. The pension expense is deemed to be a State administrative expense due to the special funding situation.

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2021, the State's pension contribution was less than the actuarial determined amount.

The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

For the year ended June 30, 2022, the District recognized pension expense of \$861. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 120	54
Changes of Assumptions	40	2,708
Net Difference Between Projected and Actual Earnings on Pension Plan Investments		2,004
Changes in Proportion and Differences Between District Contributions and Proportionate Share of Contributions	641	99,184
District Contributions Subsequent to the Measurement Date	<u>861</u>	
Total	<u>\$ 1,662</u>	<u>103,950</u>

NOTE 4: Pension Plans (Continued)

\$861 reported as deferred outflows of resources related to pensions resulting from school district, project contributions subsequent to the measurement date (i.e. for the school year ending June 30, 2022, the plan measurement date is June 30, 2021) will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

**Year Ending
June 30,**

2022	\$ (1,677)
2023	(1,197)
2024	(816)
2025	(614)
2026	_____
	<u>\$ (4,304)</u>

Additional Information

Collective balances at December 31, 2021 and 2020 are as follows:

	<u>Dec. 31, 2021</u>	<u>Dec. 31, 2020</u>
Collective Deferred Outflows of Resources	\$ 1,662	3,624
Collective Deferred Inflows of Resources	103,950	135,000
Collective Net Pension Liability	7,607	10,584
District's Proportion	.00006%	.00006%

Components of Net Pension Liability

The components of the collective net pension liability of the participating employers as of June 30, 2021 were as follows:

	<u>2021</u>		
	<u>State</u>	<u>Local</u>	<u>Total</u>
Total Pension Liability	\$ 28,950,516,944	40,359,568,055	69,310,084,999
Plan Fiduciary Net Position	<u>7,321,019,459</u>	<u>28,386,785,177</u>	<u>35,707,804,636</u>
Net Pension Liability	<u>\$ 21,629,497,485</u>	<u>11,972,782,878</u>	<u>33,602,280,363</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	25.29%	70.33%	42.90%

NOTE 4: Pension Plans (Continued)

The collective total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. This actuarial valuation used the following actuarial assumptions:

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases:	
Through 2026	2.00% - 6.00%
	Based on years of service
Thereafter	3.00% - 7.00%
	Based on years of service
Investment Rate of Return	7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Medial Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2021 are summarized in the following table:

NOTE 4: Pension Plans (Continued)

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
U.S. Equity	27.00%	8.09%
Non-U.S. Developed Market Equity	13.50%	8.71%
Emerging Market Equity	5.50%	10.96%
Private Equity	13.00%	11.30%
Real Assets	3.00%	7.40%
Real Estate	8.00%	9.15%
High Yield	2.00%	3.75%
Private Credit	8.00%	7.60%
Investment Grade Credit	8.00%	1.68%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	0.95%
Risk Mitigation Strategies	3.00%	3.35%

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the collective net pension liability of the participating employers as of June 30, 2020, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	<u>2021</u>		
	<u>At 1% Decrease (6.00%)</u>	<u>At Current Discount Rate (7.00%)</u>	<u>At 1% Increase (8.00%)</u>
School District's Proportionate Share of the Net Pension Liability	<u>\$ 10,359</u>	<u>7,607</u>	<u>5,271</u>

NOTE 4: Pension Plans (Continued)**Teachers Pensions and Annuity Fund (TPAF)****Plan Description**

The State of New Jersey, Teacher's Pension and Annuity Fund (TPAF) is a cost sharing multiple-employer defined benefit pension plan with a special-funding situation, by which the State of New Jersey (the State) is responsible to fund 100% of the employer contribution, excluding any local employer early retirement incentive (ERI) contributions. TPAF is administered by the State of New Jersey, Division of Pensions and Benefits (the Division).

The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death, and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, member's beneficiaries are entitled to full interest credited to the members' accounts.

The following represents the membership tiers for TPAF:

Tier	Definition
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of $1/55^{\text{th}}$ of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of $1/60^{\text{th}}$ of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 with 30 years or more of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Basis of Presentation

The Schedule of employers and nonemployer allocations and the schedule of pension amounts by employer and nonemployer (collectively, the Schedules) present amounts that are considered elements of the financial statements of TPAF and the State as an employer/nonemployer entity. Accordingly, they do not purport to be a complete presentation of the financial position or changes in financial position of TPAF or the State. The accompanying Schedules were prepared in accordance with U.S. generally accepted accounting principles. Such preparation requires management of TPAF to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

NOTE 4: Pension Plans (Continued)**Allocation Methodology**

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, requires participating employers in TPAF to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources, and collective pension expense. The employer and nonemployer allocation percentages presented in the schedule of employer and nonemployer allocation and applied to, presented in the schedule of pension amount by employer and nonemployer are based on the ration of the State's actual contributions made as an employer and nonemployer adjusted for unpaid early retirement incentives to total contributions to TPAF during the year ended June 30, 2021. Employer and nonemployer allocation percentages have been rounded for presentation purposes, therefore amounts presented in the schedule of pension amounts by employer and nonemployer may result in immaterial differences.

The contribution policy for TPAF is set by N.J.S.A. 18A:66 and requires contributions by active members and contributing employers. State legislation had modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2021, State's pension contribution was less than the actuarial determined amount.

Special Funding Situation

The employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A. 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the net pension liability that is associated with the local participating employer.

Components of Net Pension Liability

The components of the net pension liability of the State as of June 30, 2021 and 2020 are as follows:

	<u>2021</u>	<u>2020</u>
Total Pension Liability	\$ 74,699,133,697	87,522,678,686
Plan Fiduciary Net Position	<u>26,533,142,515</u>	<u>21,529,179,998</u>
Net Pension Liability	<u>\$ 48,165,991,182</u>	<u>65,993,498,688</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	35.52%	24.60%

NOTE 4: Pension Plans (Continued)**State Proportionate Share of Net Pension Liability Attributable to District**

	<u>2021</u>	<u>2020</u>
District's Liability	<u>\$ 114,122</u>	<u>159,762</u>
District's Proportion	.00024%	.00024%

The total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases:	
Through 2026	1.55 - 4.45%
	Based on years of service
Thereafter	2.75 - 5.65%
	Based on years of service
Investment Rate of Return	7.00%

Pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2015 to June 30, 2018.

NOTE 4: Pension Plans (Continued)**Long-Term Expected Rate of Return**

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2021 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
U.S. Equity	27.00%	8.09%
Non-U.S. Developed Market Equity	13.50%	8.71%
Emerging Market Equity	5.50%	10.96%
Private Equity	13.00%	11.30%
Real Assets	3.00%	7.40%
Real Estate	8.00%	9.15%
High Yield	2.00%	3.75%
Private Credit	8.00%	7.60%
Investment Grade Credit	8.00%	1.68%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	0.95%
Risk Mitigation Strategies	3.00%	3.35%

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 100% of the actuarially determined contributions for the State. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments in determining the total pension liability.

NOTE 4: Pension Plans (Continued)**Sensitivity of the Net Pension Liability to Changes in the Discount Rate**

The following presents the net pension liability of the State as of June 30, 2021 calculated using the discount rate as disclosed above as well as what the State's net pension liability would be if it was calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	<u>2021</u>		
	<u>At 1% Decrease (6.00%)</u>	<u>At Current Discount Rate (7.00%)</u>	<u>At 1% Increase (8.00%)</u>
School District's Proportionate Share Of the Net Pension Liability	\$ 0	0	0
State of New Jersey's Proportionate Share Of the District's Net Pension Liability	<u>135,025</u>	<u>114,122</u>	<u>96,564</u>
	<u>\$ 135,025</u>	<u>114,122</u>	<u>96,564</u>

NOTE 5: Post-Retirement Benefits**General Information about the OPEB Plan****Plan description and benefits provided**

The State of New Jersey reports a liability as a result of its statutory requirements to pay other post-employment (health) benefit for State Health Benefit Local Education Retired Employees Plan. The State Health Benefit Local Education Retired Employees Plan is a multiple-employer defined benefit OPEB plan that is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other than Pension*. The State Health Benefit Local Education Retired Employees Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey in accordance with N.J.S.A. 52:14-17.32f. According to N.J.S.A. 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L., 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

NOTE 5: Post-Retirement Benefits (Continued)

The total nonemployer OPEB liability does not include certain other postemployment benefit obligations that are provided by the local education employers. The reporting of these benefits are the responsibility of the individual local education employers.

The School Employees Health Benefits Program (SEHBP) Act is found in New Jersey Statutes Annotated, Title 52, Article 17.25 et. seq. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASBS No. 75.

Total Nonemployer OPEB Liability

The total nonemployer OPEB liability as of June 30, 2021 was determined by an actuarial valuation as of June 20, 2020, with was rolled forward to June 30, 2021. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Total Nonemployer OPEB Liability	\$60,007,650,970		
Inflation rate	2.50%		
	<u>TPAF/ABP</u>	<u>PERS</u>	<u>PFRS</u>
Salary Increases:			
Through 2026	1.55 – 4.45% based on service years	2.00% - 6.00% based on service years	3.25% - 15.25% based on service years
Thereafter	2.75 – 5.65% based on service years	3.00% - 7.00% based on service years	Not applicable

Preretirement mortality rates were based on the Pub-2010 Healthy “Teachers” (TPAF/ABP), “General” (PERS), and “Safety” (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Postretirement mortality rates were based on the Pub-2010 “General” classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 “General” classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021 for current disabled retirees. Future disabled retirees was based on the Pub-2010 “Safety” (PFRS), “General” (PERS), and “Teachers” (TPAF/ABP) classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of actuarial experience studies for the periods July 1, 2015 – June 30, 2018, July 1, 2014 – June 30, 2018, and July 1, 2013 – June 30, 2018 for TPAF, PERS and PFRS, respectively.

NOTE 5: Post-Retirement Benefits (Continued)***(a) Health Care Trend Assumptions***

For pre-Medicare medical benefits, the trend rate is initially 5.65% and decreases to a 4.50% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2022 through 2023 are reflected. For PPO the trend is initially 5.74% in fiscal year 2024, increasing to 12.93% in fiscal year 2025 and decreases to 4.50% after 11 years. For HMO the trend is initially 6.01% in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreases to 4.5% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to a 4.50% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

(b) Discount Rate

The discount rate for June 30, 2021 was 2.16%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Changes in the State of New Jersey's proportionate share of the total Non-Employer OPEB Liability associated with the School District:

	Total OPEB Liability
Balances at June 30, 2020	\$ 1,838,063
Changes for the Year:	
Service Cost	
Interest	39,308
Change of Benefit	(1,613)
Difference Between Expected and Actual Experience	(332,018)
Changes in Assumptions or Other Inputs	1,495
Benefit Payments	(30,964)
Member Contributions	<u>1,005</u>
Balance at June 30, 2021	<u>\$ 1,515,276</u>

There were no changes in benefit terms between the June 30, 2020 measurement date and the June 30, 2021 measurement date.

Changes of assumptions and other inputs reflect a change in the discount rate from 2.21% percent in 2020 to 2.16% percent in 2021.

NOTE 5: Post-Retirement Benefits (Continued)

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the State for school board retirees, as well as what the State's total OPEB liability for school board would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

	1% Decrease <u>(1.16%)</u>	Discount Rate <u>(2.16%)</u>	1% Increase <u>(3.16%)</u>
State of New Jersey's Proportionate Share Of the Total Non-Employer OPEB Liability Associated with the School District	<u>\$ 1,815,063</u>	<u>1,515,276</u>	<u>1,279,212</u>

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the State, as well as what the State's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease	Healthcare Cost Trend Rates	1% Increase
State of New Jersey's Proportionate Share Of the Total Non-Employer OPEB Liability Associated with the School District	<u>\$ 1,226,621</u>	<u>1,515,276</u>	<u>1,902,919</u>

OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB.

For the year ended June 30, 2021, the Board of Education recognized OPEB expense of \$(85,343) determined by the State as the total OPEB liability for benefits provided through a defined benefit OPEB plan that is not administered through a trust that meets the criteria in paragraph 4 of GASBS No. 75 and in which there is a special funding situation.

In accordance with GASBS No. 75, the Seaside Park Board of Education proportionate share of school retirees OPEB is zero; there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows or resources. At June 30, 2020, the State reported deferred outflows of resources and deferred inflows of resources related to retired school employee's OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 228,421	454,761
Changes in Proportion	37,840	679,185
Changes of Assumptions or Other Inputs	<u>257,047</u>	<u>162,575</u>
Total	<u>\$ 523,308</u>	<u>1,296,521</u>

NOTE 5: Post-Retirement Benefits (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to retired school employee's OPEB will be recognized in OPEB expense as follows:

Year Ended June 30:	
2023	\$ (90,966)
2024	(90,966)
2025	(90,966)
2026	(90,966)
2027	(90,966)
Thereafter	<u>(318,383)</u>
	<u>\$ (773,213)</u>

NOTE 6: Contingent Liabilities

It is the opinion of the school board officials that there is no litigation threatened or pending that would materially affect the financial position of the school district.

NOTE 7: Fair Values of Financial Instruments

The following methods and assumptions were used by the Seaside Park Board of Education in estimating its fair value disclosures for financial instruments.

Cash and Cash Equivalents: The carrying amounts reported in the combined balance sheet for cash and cash equivalents are the fair values of those assets.

NOTE 8: Equity Balance

At June 30, 2022, the General Fund equity balance was as follows:

Restricted Fund Balance:	
Capital Reserve	\$ 401,675
Maintenance Reserve	150,640
Assigned Fund Balance:	
Designated for Subsequent Year's Expenditures – Excess Surplus	305,771
Designated for Subsequent Year's Expenditures – Withdrawal from Capital Reserve – Local Share	44,117
Unassigned Fund Balance	<u>250,000</u>
	<u>\$ 1,152,203</u>

Reserved excess surplus represents a calculation under N.J.S.A. 18A:7F-7 which identifies an amount of surplus under the statute which must be restricted for use in the next succeeding budget.

NOTE 8: Equity Balance (Continued)**4% Calculation of Excess Surplus**

2021-22 Total General Fund Expenditures Per the ACFR	\$ 560,298
Decreased by:	
On-Behalf TPAF Pension & Social Security	<u>(14,019)</u>
Adjusted 2021-22 General Fund Expenditures	<u>\$ 546,279</u>
4% of Adjusted 2021-22 General Fund Expenditures	<u>\$ 21,851</u>
Enter Greater of Above or \$250,000	\$ 250,000
Increased by: Allowable Adjustment	<u> </u>
Maximum Unassigned Fund Balance	<u>\$ 250,000</u>

Section 2

Total General Fund – Fund Balance @ 6-30-22	\$ 1,152,203
Decreased by:	
Assigned Fund Balance – Excess Surplus - Designated for Subsequent Year's Expenditures	(305,771)
Maintenance Reserve	(150,640)
Capital Reserve	(401,675)
Assigned Fund Balance – Withdrawal from Capital Reserve For Local Share	<u>(44,117)</u>
Total Unassigned Fund Balance	<u>\$ 250,000</u>
Reserved Excess Surplus – Current Year	<u>\$ 0</u>

Section 3

Assigned Fund Balance – Excess Surplus – Designated For Subsequent Year's Expenditures	\$ 305,771
Reserved Excess Surplus – Current Year	<u> </u>
	<u>\$ 305,771</u>

NOTE 9: Fund Balance Appropriated

General Fund – Of the \$1,152,203 General Fund fund balance at June 30, 2022, \$349,888 has been appropriated and included as anticipated revenue for the year ending June 30, 2023; \$401,675 is for Capital Reserve; \$150,640 is for Maintenance Reserve; and \$250,000 is unreserved and undesignated.

NOTE 10: Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance – The District maintains commercial insurance coverage for property, liability, student accident and surety bonds.

NOTE 11: Economic Dependency

The District receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the District's programs and activities.

NOTE 12: FEMA Community Disaster Loan

On October 8, 2021, the District's FEMA Community Disaster Loan of \$142,154 was forgiven by the Federal government. No obligations are now due for Seaside Park Board of Education.

NOTE 13: Subsequent Events

Subsequent events have been evaluated through February 13, 2023, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

K-1

Honorable President and Members
 of the Board of Education
 Seaside Park School District
 County of Ocean
 Seaside Park, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Seaside Park Board of Education, County of Ocean, State of New Jersey as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Seaside Park Board of Education, County of Ocean, State of New Jersey's basic financial statements, and have issued our report thereon dated February 13, 2023.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Seaside Park Board of Education, County of Ocean, State of New Jersey's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions of the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Seaside Park Board of Education, County of Ocean, State of New Jersey's internal control. Accordingly, we do not express an opinion on the effectiveness of the Seaside Park Board of Education, County of Ocean, and State of New Jersey's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purposes described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Seaside Park Board of Education, County of Ocean, State of New Jersey's financial statements are free from material misstatement, we performed tests of it compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

ROBERT A. HULSART AND COMPANY

Robert A. Hulsart

BOARD OF EDUCATION

K-5

SEASIDE PARK SCHOOL DISTRICT**NOTES TO SCHEDULES OF FINANCIAL ASSISTANCE****JUNE 30, 2022****NOTE 1: General**

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Board of Education, Seaside Park School District. The Board of Education is defined in Note 1 to the Board's general-purpose financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2: Basis of Accounting

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting with the exception of program recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in the Note 1 to the Board's general-purpose financial statements.

NOTE 3: Relationship to General Purpose Financial Statements

The general-purpose financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to *N.J.S.A. 18A:22-44.2*. For GAAP purposes that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$2,354 for the general fund. See Note 1 for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's general-purpose financial statements on a GAAP basis as presented below:

NOTE 3: Relationship to General Purpose Financial Statements (Continued)

	<u>General Fund</u>
<u>State Assistance</u>	
Actual Amounts (Budgetary) “Revenues” from the Schedule of Expenditures of State Financial Assistance	\$ 111,295
Difference – Budget to “GAAP” Grant Accounting Budgetary Basis Differs from GAAP in that Encumbrances are Recognized as Expenditures and the Related Revenue is Recognized	
The Last State Aid Payment Is Recognized as Revenue for Budgetary Purposes, and Differs from GAAP Which does not Recognize This Revenue Until the Subsequent Year When the State Recognizes the Related Expense (GASB 33)	<u>2,354</u>
Total State Revenue as Reported on the Statement of Revenues, Expenditures and Changes in Fund Balances	<u>\$ 113,649</u>

NOTE 4: RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with these amounts reported in the related federal and state financial reports.

NOTE 5: OTHER

The amount reported as TPAF Pension Contributions represents the amount paid by the State on behalf of the District for the year ended June 30, 2022. TPAF Social Security Contributions represents the amount reimbursed by the State for the employer’s share of social security contributions for TPAF members for the year ended June 30, 2022.
