INTRODUCTORY SECTION

WASHINGTON TOWNSHIP BOARD OF EDUCATION
206 EAST HOLLY AVENUE
SEWELL, NJ 08080
(856) 589-6644

March 17, 2023

Honorable President Chila and
Members of the Board of Education
Washington Township School District
County of Gloucester, New Jersey

Dear Board Members:

The annual comprehensive financial report of the Washington Township School District (District) for the fiscal year ended June 30, 2022, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The annual comprehensive financial report is presented in four sections: introductory, financial, statistical, and single audit. The introductory section includes this transmittal letter, the District's organizational chart, and a list of principal officials. The financial section includes the general-purpose financial statements and schedules, as well as the auditor's report and the required supplementary information in compliance with the Governmental Accounting Standards Board Statement. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations, and findings and questioned costs, are included in the single audit section of this report.

1) REPORTING ENTITY AND ITS SERVICES:

Washington Township School District is an independent reporting entity within the criteria adopted by the GASB as established by NCGA Statement No. 3. All funds of the District are included in this report. The Washington Township Board of Education and all its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre-K through 12. These services include regular and vocational, as well as special education for gifted and handicapped youngsters. The following details the changes in the student enrollment within the District over the last five years.

AVERAGE DAILY ENROLLMENT

<u>Fiscal Year</u>	<u>Student Enrollment</u>	<u>Percent Change</u>
2021-2022	7,010	2.80%
2020-2021	6,819	(4.76%)
2019-2020	7,160	0.77%
2018-2019	7,105	(1.20%)
2017-2018	7,191	(0.94%)

2) ECONOMIC CONDITION AND OUTLOOK:

Washington Township, Gloucester County, New Jersey, is a community comprised of predominately single-family residences (80% of the tax base). Our community, like most communities across the nation, is starting to recover from the recession experienced by the entire country in recent years. The community is extremely supportive of the educational system as evident in its active participation in the educational process. The District has been fiscally responsible considering the economic hardships endured by the community and continues to work within the mandated tax levy cap.

In July 2018, the governor signed Senate Bill S2 into law which will have a significant impact on State funding of K-12 public education. This results in a negative impact for Washington Township, Gloucester County, New Jersey. State funding is estimated to decrease by \$8.1 million between FY 2019-2020 and FY 2024-2025.

Although the economic times have been challenging, the Washington Township School District has maintained its high standards and rigorous curriculum, continuing its tradition of being an award-winning school district which is the foremost reason why most residents have chosen to reside here.

3) MAJOR INITIATIVES:

Curriculum Adoptions, Revisions, and State Assessments

- There has been significant work completed by our district teachers, content/grade level/special education supervisors, and our Directors of Elementary & Secondary Education on the “development phase” of our current curriculum cycle: Science 6-8, Art K-12, District testing K-12, HS Geometry, Technology Education 6-12.
- There also has been significant work completed by our district teachers, content/grade level/special education supervisors, and our Directors of Elementary & Secondary Education on the “implementation phase” of our current curriculum cycle: K-8 Mathematics, K-5 Music, and 9-12 Business Education.
- A partnership with Math for All, which is currently funded by the Education Innovation and Research Program of the U.S. Department of Education, began in the fall of 2021. Math for All is a professional development program designed to assist schools in implementing high-quality, standards-based mathematics education for a wide range of students, including those with disabilities. It is not a math curriculum, nor is it tied to any specific K-5 mathematics program. Rather, it helps teachers use and adapt their existing materials to make them more accessible to a wide range of learners. This partnership will continue through the spring of 2023.
- As part of our revision process, the creation of a refined K-2 ELA program was developed to incorporate the Science of Reading. Priority standards were identified and added to our teacher toolkits.
- Full compliance with the development and implementation of the NJDOE mandated The Road Back Plan requirements in full that was approved/applauded by our local Executive County Superintendent. This plan was in full compliance with all required health & safety protocols/PPE. Finally, a significant shift in assessment occurred where conditions for learning recovery and retake protocols provided flexibility and adaptability for students to learn at their own pace.
- Ongoing work to increase AP enrollment and exams with the advent of academic and financial incentives. In addition, our high school counselors utilized College Board AP Potential to predict success in specific AP programs based the PSAT 8/9 and NMSQT results in grades 9-11. There is an ongoing effort to recruit non-traditional learners to diversify our participants in the AP program.
- Ongoing work to increase dual credit eligible courses from three colleges and student enrollment for grades 9-12. In addition, our district is providing dual credit fee coverage for our free and reduced meal students at two of the colleges.
- A review and analysis of our PSAT 8/9 and NMSQT, SAT, and Advanced Placement results and then adjusting our curricula and benchmark assessments accordingly.
- Our high school offered 28 Advanced Placement courses. During the height of the pandemic/COVID-19 environment, 214 students still took 408 exams in 26 subjects. 58 students were named AP Scholars, 13 were named AP Scholars with Honors, 19 were named AP Scholars with Distinction. 67%of the AP exams taken had scores of three or higher.
- Washington Township High School was again one of the New Jersey High Schools to offer the Seal of Biliteracy distinction to students who have mastered English as well as a second language.

Local Assessments and Grading

- Our elementary schools continued the standards-based grading system which had been expanded into grades 3-5 to create a K-5 approach to grading and measuring student learning growth in relation to key learning standards.
- Our weighted grading initiative provides for all graded assignments being classified by level (e.g., Major, Minor, or Supportive Assessments to be counted as 50%, 35%, and 15% of the grade), respectively. This standardization of grading helps parents and students understand academic progress more fully and creates a level of consistency across disciplines. The secondary level transitioned into a semester grading system.
- Schoology assessments continue to serve as a mechanism to evaluate student growth toward the NJSLS.
- The district engaged in ongoing refinement of our district-wide benchmark assessments so they are aligned with the New Jersey Student Learning Standards in ELA/Mathematics/Science along with the annual Spring state standardized testing performance expectations across the tested grade levels.
- The district continued the implementation of our online K-12 STAR Computerized Testing System in all schools to determine/support student needs, recommend specific targeted interventions, and assess and monitor student progress in reading and mathematics.

Differentiation

- Our robust Multi-Tiered System of Supports (MTSS) provides for the implementation of I&RS, district protocols for tiered support, and our intervention plan for services K-12.
- Intervention specialists at each elementary school continue to oversee I&RS, state testing, and intervention action plans while also providing intervention services to students. This configuration also allows more time for counselors to focus on the social and emotional needs of our students.
- The ongoing refinement of the data meeting protocol at the elementary level has allowed administrators and specialists to meet with each individual teacher regarding the diverse and specific needs of students. Supervisors developed protocols to track student progress and adjust interventions for struggling and gifted learners for each teacher.
- Creation of middle school tier two and three interventions to help students recover learning. Teachers and other staff members have been recruited to deliver interventions to a cadre of triaged students, applying remedial measures to enable redos and retakes.
- Ongoing implementation of instructional software and/or web-based programs designed to improve and/or remediate reading deficiencies at the K-8 level including, for example, Fast ForWord, RAZ-Kids, BrainPop/BrainPop Jr., Zearn, Newsela, Beable, and IXL.
- Implementation of additional time programs including: Summer Lit, Math, and SEL Camp, Accelerate with IXL, Beable ELA, SPARK middle school summer program, 5th to 6th Grade Summer Transition Program, Middle School Prep Club, and Freshman Transition Programs.
- Assess social emotional skills for grades K-12 to determine MTSS school counseling supports in conjunction with grades, attendance, and discipline.

Early Childhood and Elementary

- Continued implementation of a full-day kindergarten program at Grenloch Terrace Early Childhood Center occurred for Hurffville Elementary students only. The remaining elementary schools housed their own kindergarten students to support the district's goal of including kindergarten in each home school. Our full day kindergarten offers social, emotional, and intellectual benefits to all kindergarteners, giving them more time to focus and reflect on activities and transition between them.
- We were pleased to have been selected for the Preschool Education Aid, and we opened six PEA funded classrooms at GTECC. We also opened one class at HeadStart.
- Articulation meetings and kindergarten cohort trainings are conducted to continue to ensure consistent kindergarten programming. The Kindergarten Literacy Collaborator helps to facilitate and increase articulation. These trainings include coordinated professional development for cohorts consisting of teachers from each site, regular meetings, and data meetings.
- Elementary PLCs meet weekly to design and share digital lessons by grade level and subject area. Each teacher participated in a PLC and contributed to the creation of all digital resources to be used for remote instruction related to COVID illnesses and short-term closures related to the pandemic.
- Annual professional development relating to the dyslexia mandate to ensure a broader knowledge base of the definition of dyslexia occurred and a district dyslexia committee was formed.
- A focus on basic math fact fluency while also providing practice in computational thinking was implemented by the ongoing supplemental programs such as the First in Math Program in kindergarten through fifth grade.
- Ongoing refinement of the curricula for our K-5 Gifted and Talented Program including the new digital experiences and units for our ELEMEnTS (Elementary Learners Engaged in Math, Engineering, new Technologies, and Science) Program. The students continue to be engaged in problem-based learning work, STEM projects, and a variety of virtual field trips to engage students in cognitively complex learning tasks. A Mock Trial unit was added, and our students continued to place first in the state competition.

Technology Integration

- The deployment of inventory of student devices to differentiate instruction to support a 1:1 student laptop initiative at grades 3 through 12 and a 1:1 iPad device for our primary grade learners and teachers. This ensures that students at each grade level can demonstrate the skills, comfort levels, and adaptability essential for the successful infusion of significantly expanded digital technology integration in the classroom. These essential technology tools and related components serve as well, when integrated into instruction, to prepare our students to meet the demands for college/career readiness and future success.
- Two (2) Elementary level, one (1), Middle level, and one (1) High School Level Technology Integration Specialists are deployed to support staff with infusing technology into their lessons while addressing the highest expectations on the SAMR Model.
- Expansion of Schoology as an LMS and the enhancement of Seesaw for Schools in K-2 continue to be implemented, and all staff were trained through virtual live sessions or delivered through recordings coupled with a performance task.
- Screencast-o-matic was utilized district-wide to continue to create recordings for remote learners and families.

Parental Support/Involvement

- Evening parent involvement programs including Virtual Nights, Parents as Partners, Stepping Up to the Next Grade, Transition Nights, MS Township Talks Technology, and MS Family Wellness Night were offered to parents.
- Parent Smore newsletters were sent home monthly to inform parents of curriculum and school events.
- Providing school counseling webpages per school with current information, links, resources, and videos.
- Provided school counselors to hold social emotional counseling sessions for two summers as continuum of services for medium to high-risk students.

Professional Development Highlights

- Ongoing implementation of an Anti-Bullying Bill of Rights/Harassment, Intimidation, and Bullying (HIB) program, based on mandated legislation, at all K-12 schools.
- Ongoing P-12 school counseling training on DEIB, MTSS, Adverse Childhood Experiences, Trauma-Informed Care, Social Emotional Learning, ASCA National Model, and PLCs.
- Implementation of a comprehensive mentoring plan for novice teachers.
- Ongoing professional development opportunities to meet the New Jersey Student Learning Standards, fulfill the annual 20-hour mandate, enhance the quality of pedagogy, and increase student achievement (K-12).
- Professional development for new teachers to ensure the implementation of the current Marzano Focused Teacher, Non-Classroom, School Leader, and District Leader evaluation systems (ACHIEVE NJ).
- Implementation of our School Climate Anti-Bullying Program with training events for students and staff.
- Continued alternative professional development for teachers through Curriculum Newsletters, Screencast Tutorials, and site-based professional development to enhance technology, data driven instruction, and content area initiatives.
- The district is in year 3 of an RFP with the Innovative Designs for Education (IDE Corporation). Teacher volunteers learned strategies for Designing Instruction for Flexible Learning Environments, so students receive high-quality, rigorous learning experiences whether they are in a classroom, at home, or in a hybrid setting.
- All K-2 staff benefitted from virtual coaching and on-site visitations from Leah Mermelstein, consultant, who worked with a team of teachers to build content to enhance our curriculum to be more aligned with the Science of Reading in K-2.
- Training on Eureka Math Squared and Wit and Wisdom was offered to new staff and ongoing supports for all teachers implementing the new math program.
- Training on standards-based grading and using Schoology to measure student growth was provided.

Special Education and Student Services

- Investigated and expanded a continuum of in-district instructional programs and services for students with IEPs
- Pre-vocational labs were added at the middle school level for students in the Autism and Multiple Disabilities programs
- A site-based Café was incorporated at the high school level that provided students in specialized programs authentic work experiences related to the food service industry.
- Provided professional development, Grades PSD through 12, in which special education teachers and child study team members worked collaboratively to prepare for annual reviews that included data-based Present Levels of Academic and Functional Performance, analysis of data and listing strengths/needs, and writing measurable goals related to the area of disability.
- The American Reading Company provided site-based professional development in literacy for teachers in resource centers and specialized programs.
- On-going data meetings, facilitated by special education supervisors, were conducted throughout the year to review student progress on goals on the IEPs.
- Child Study Team / Related Services staff participated in vertical articulation meetings, Grades PSD through 12, with teachers in specialized programs.
- The Special Education Department increased its efforts to provide inclusion opportunities in specials, exploratory classes and high school electives by providing support to general education teachers as requested.
- Continued the use of IXL as one of the district-wide progress monitoring tools in special education for reading, writing, and mathematics at all levels.
- Provided training on The Dynamic Learning Maps.
- Worked with SPAN to train parents and staff on best practices in running a parent-led Special Education Parent Advisory Group. Developed belief, mission statement, and goals in collaboration with parents and SPAN.
- Conducted vertical articulation meetings with school nurses regarding state mandates and District Policies and Regulations.
- COVID-19 updates and information were shared via bi-weekly School Nurse Department Meetings. Nurses worked collaboratively with Administration and the Human Resources Department to turnkey critical information related to COVID-19.
- Continued the use of the professional development account with the American Speech Language Hearing Association (ASHA) for all speech language specialists within the district to enable all therapists engage in internet-based professional development while maintaining their CEUs.
- Related Service staff (Speech Language Therapists, Occupational Therapists, and Physical Therapists participated in PLCs on selected topics based upon needs identified in the district.
- Broadened behavior services through the expansion of the availability of Board-Certified Behavior Analysts (BCBA) in Grades 1-12 through Dinovi & Associates. The BCBA's collaborated with administration, teachers, classroom assistants and Child Study Team members to support students with behavior plans and students (general and special education) who required behavioral support through a referral process.
- Provided training for special education assistants on prompting, fading, de-escalation, and ABA strategies.
- An analysis of the Emotional Regulation Impairment and Autism programs was conducted to find solutions for space issues for this expanding population of students with IEPs.

Ongoing and Future Projects:

- Development and implementation of student learning loss initiatives. These initiatives will include learning loss experiences for students and adjustments/revisions made by our teaching staff to our curriculum. Our directors, supervisors, and school administrators will lead these initiatives.
- Development and implementation of supplemental instruction for special education students who have demonstrated limited progress on IEP goals due to the Pandemic. Sessions continued through the summer months for targeted students.
- Implementation of our district strategic plan.
- A 5th year implementation of five (5) Career & Technical Education Academies for our High School: Business and Marketing Management, Business Administration and Finance, Early Childhood Education, Engineering (STEM), and TV Production and Broadcast Journalism. Each is organized as a four-year continuum of targeted career and technical education courses which, when combined with traditional core academic courses, introduce students to the scope, rigor, and discipline to better prepare them for a program of study at a two- or four-year college. The college and career targeted academies allow students to make informed choices about opportunities in high-demand and high-skilled career pathways, which offer an advantage over other students who would be entering a related program of study at the post-secondary level. The Academies also provide for career-related experiences beyond the classroom i.e. Internships, Mentoring, Job Shadowing, Field Trips, Pipeline Programs, and Summer Training & Enrichment.
- Implementation of a Future Health Professionals Program. This program mirrors the strategic four-year continuum of targeted coursework and career opportunities that will lead to high demand/highly skilled career pathways.
- The implementation of a more student-friendly middle schedule that lengthens instructional time, provides more time for teaching ELA, Mathematics, Science, and Social Studies, reduces student passing time, and lengthens PLC experiences for staff.
- Refinement of our implementation high school Pride Schedule that lengthened instructional time, maximized students' access to additional courses of study, and created an extended period in the middle of the school day for students' access to enrichment activities, remediation studies, extra-curricular, and co-curricular leadership experiences.
- The Equity Council established subcommittees to examine district practices, based on evidence, of aspects such as school climate and culture, representational equity, communications and outreach, professional development, and policy.
- The district continues to support the full-time position of Director of Diversity, Equity, Inclusion, and Belonging. This director also serves as the district's ABC.
- Ongoing professional development related to the integration of technology and web-based tools/assessments to promote student achievement along with state assessment readiness at all levels is being provided to staff ongoing throughout the year.

- Implementation and integration of instructional technologies and web-based applications to provide a more personalized approach to learning for the district's students. More technologies are being leveraged to diagnose students' skill levels in reading and mathematics, monitor their progress, and provide an adaptive learning path based on their individual needs. Professional development experiences have been crafted to support the effective implementation of personalization learning and student monitoring systems, including learning management systems, classroom response systems, the creation of wikis, webpages and blogs, and other production media. With an eye to future workplace and postsecondary challenges, productivity software, such as Office 365, supports students' needs to word process, create spreadsheets, manage databases, and design graphic representations in an environment where they can peer edit and collaborate with others. Specific student experiences include the creation of podcasts, video, online assessments, gamification, and audio/video editing. Our use of technology results in extending learning beyond the barriers of time and space our students learn in microbursts through tablets, laptops, smart phones, and other mobile devices in the style of flipped learning.
- Focus on ensuring optimal student growth for all students while giving special attention to the needs of at-risk learners along with appropriate investigation into instructional methodologies and programmatic enhancements to meet their needs. This includes ongoing emphasis and refinement of our K-12 *Intervention and Referral Services (I&RS)* and MTSS/NJTSS programming through substantial work being done with district leaders and teachers at all levels through planning/consultation/training with the American Reading Company (ARC).
- Implementation of our PLC model at the elementary level. The model utilizes the Plan-Do-Study-Act cycle of improvement. Teachers utilize this format to enhance Tier I instruction and make recommendations for revision and best practice.
- The pilot and implementation of Apple Classroom in all K-2 classrooms will allow for teachers to monitor and drive instruction using our district iPads.
- Annual professional development relating to the dyslexia mandate to ensure a broader knowledge base of the definition of dyslexia, identification indicators, the district screening process, and the district interventions and efforts to ensure students receive appropriate services.
- Continue to provide for a personalized, individualized, evidence-based educational alternative educational service program for high school and middle level nontraditional learners in collaboration with families and our school district. This is accomplished through an agreement with Ombudsman: An Alternate Route program. Priority goals are high levels of student social, academic, and behavioral growth and achievement.
- Ongoing implementation of additional time programs.
- Ongoing development and implementation of a continuum of instructional programs and student support initiatives to meet the unique needs of our special population students.
- Continued analysis of and expansion of in-district specialized program(s) for certain students currently placed in out-of-district settings.
- Continuing site-based data meetings for special education teachers.
- *Dynamic Learning Maps* training for special education teachers.
- Implementation of our Community-Based Instruction Program at all levels.
- Ongoing training for specialized assistants on data management, discrete trial, prompting, role of the special education assistant, data collection and management, prompting, and fading.
- Administrative training by our Solicitor on legal issues in special education and Section 504.
- Home Instruction Services training for Administration and School Counselors.
- Training on FERPA Compliance.

- Implementation of the Consultative model to support students in the LRE.
- Ongoing implementation of behavior services at all levels for general and special education students by incorporating the services of BCBAs and Registered Behavior Consultants.
- Expanded resources added to the Emotional Regulation Impairment classes at the elementary level.
- Literacy coaching for Resource Center and Self-Contained teachers in Grades 3-12.
- Professional Development for Special Education Teachers to include writing of goals and objectives and modifications in the IEP. Specific training on co-teaching models.
- Ongoing training on the Soday Program to provide structured systematic multisensory reading intervention, including virtual applications.
- Ongoing Board Maker / PECS training for Related Services staff and teachers.
- Classroom Behavior Management training for special education teachers and co-teaching pairs at all levels.
- Ongoing AAC training on the SETT process for speech language therapists.
- Mandated Crisis Response training through a train-the-trainer model (Crisis Prevention Institute) for all staff.

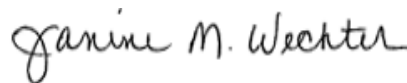

4) ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the Washington Township School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and, thereby, contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, and each major fund of the Township of Washington School District, in the County of Gloucester, State of New Jersey, as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the Township of Washington School District, in the County of Gloucester, State of New Jersey, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

Change in Accounting Principle

As described in note 1 to the financial statements, during the fiscal year ended June 30, 2022, the School District adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

Consistency of Financial Statements

Because of the implementation of GASB Statement No. 87, *Leases*, the School District has determined that certain disclosures of long-term liabilities relating to capital leases in the prior fiscal year are now disclosed as financed purchases (note 7). Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibilities of Management for the Financial Statements (Cont'd)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of the School District's proportionate share of the net pension liability, schedule of the School District's pension contributions, and schedule of changes in the School District's total OPEB liability and related ratios, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township of Washington School District's basic financial statements. The combining statements and related major fund supporting statements and schedules, are presented for purposes of additional analysis, as required by the Office of School Finance, Department of Education, State of New Jersey, and are not a required part of the basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, respectively, are also presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements and related major fund supporting statements and schedules, and schedules of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 16, 2023 on our consideration of the Township of Washington School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township of Washington School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township of Washington School District's internal control over financial reporting and compliance.

Exhibit K-1**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS****INDEPENDENT AUDITOR'S REPORT**

The Honorable President and
Members of the Board of Education
Township of Washington School District
County of Gloucester

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial statement audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and in compliance with audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities and each major fund of the Township of Washington School District, in the County of Gloucester, State of New Jersey, as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements, and have issued our report thereon dated March 16, 2023. Our report on the financial statements included an emphasis of matter paragraph describing the adoption of a new accounting principle and an additional paragraph on the consistency of financial statements resulting from the new accounting principle.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Township of Washington School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township of Washington School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township of Washington School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, and federal and state awarding agencies and pass-through entities, in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REQUIRED SUPPLEMENTARY INFORMATION
PART I
MANAGEMENT'S DISCUSSION AND ANALYSIS

TOWNSHIP OF WASHINGTON SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2022 (Unaudited)

The discussion and analysis of Township of Washington School District's (the School District) financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2022. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the School District's financial performance.

The Management's Discussion and Analysis (MD&A) is an element initiated as of June 30, 2003 as part of the Required Supplementary Information specified in the Governmental Accounting Standard Board's (GASB) Statement No. 34- Basic Financial Statements- and Management's Discussion and Analysis – for State and Local Governments issued in June 1999. Certain comparative information between the current year (2021-22) and the prior year (2020-21) is required to be presented in the MD&A. Prior year fiscal comparative information has not been restated for the implementation of GASBS No. 87 (see note 1, Recently Issued and Adopted Accounting Pronouncements).

Financial Highlights

Key financial highlights for 2021-22 are as follows:

- In total, Net Position increased \$2,809,580 primarily due to the net change in operations.
- General revenues accounted for \$142,296,986 in revenue or 79% of all revenues.
- Total assets of governmental activities decreased by \$3,419,410 primarily due to a decrease in net capital assets.
- The School District had \$177,489,268 in expenses; \$38,001,862 of these expenses were offset by program-specific charges for services, grants, or contributions.
- Among major funds, the General Fund had \$171,651,633 in revenues, \$174,652,424 in expenditures, and \$727,512 in net other financing sources. The General Fund's balance decreased \$2,273,279 from 2020-21. The School District appropriated \$10.5 million into the original General Fund budget as tax relief for 2022-23.

Overview of the Financial Statements

The financial section of this annual report consists of two parts: Part I, management's discussion and analysis (this section), the basic financial statements with the accompanying note disclosures; and Part II, budgetary comparison schedules, notes to the required supplementary information, and other supplementary information. The basic financial statements include two kinds of statements that present different views of the School District:

- The first two statements, Exhibits A-1 and A-2, are government-wide financial statements that provide both long-term and short-term information about the School District's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the School District's operations in more detail than the government-wide statements.

The governmental fund statements tell how general government services were financed in the short-term as well as what remains for future spending.

Proprietary fund statements offer short-term and long-term financial information about those types of activities that operate like a business.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

Overview of the Financial Statements (Cont'd)

The statements are followed by another section, Part II, which contains required supplementary information that further explains and supports the information in the financial statements including budget schedules, reconciliations, and individual fund statements.

Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

The Statement of Net Position and the Statement of Activities include all assets and liabilities of the School District using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net position and changes in those assets. This change in net position is important because it tells the reader that, for the School District as a whole, the financial position of the School District has improved or diminished. The causes of this change may be the result of many factors--some financial and some not. Non-financial factors include the School District's facility condition, required educational programs, and other factors.

In the Statement of Net Position and the Statement of Activities, the School District reports governmental and business-type activities. Governmental activities are the activities where most of the School District's programs and services are reported, including but not limited to instruction, support services, operation and maintenance of plant, pupil transportation, and special schools.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The Fund financial reports provide detailed information about the School District's major funds. The School District uses several funds to account for a variety of financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's major governmental funds are the General Fund, the Special Revenue Fund, Debt Service, and the Capital Projects Fund; the School District has no Permanent Fund.

Governmental Funds

Most of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future periods. These funds are reported using an accounting method called modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Governmental Activities

Municipal appropriations and state aid made up 97% of revenues for governmental activities for the School District for fiscal year 2021-22.

Instruction comprises 37% of District governmental expenses. Support services expenses make up 62% of the governmental expenses. Interest on Long-Term Debt Service makes up the last 1% of the governmental expenses.

The Statement of Activities shows the cost of the governmental activities program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services for fiscal year 2021-22. That is, it identifies the cost of these services supported by general revenues.

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and pupil.

Student and instruction-related services include the activities designed to assess and improve the well-being of students and to supplement the teaching process.

Administrative services include expenses associated with establishing and administering policy for the School District and include board of education services and executive administration services.

Operation and maintenance of plant activities involve keeping the school grounds, buildings, and equipment in an effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school activities.

Governmental Activities (Cont'd)

Business and other support services include activities for support not classified elsewhere, including support services for business activities and support services for central activities.

Employee benefits include the cost of benefits for the School District staff for social security, retirement contributions, workers' compensation, health benefits, and other employee benefits.

The dependence upon municipal appropriations and state aid is apparent. The local communities and the state are the primary support for the Township of Washington School District.

The School District's Funds

The School District's major funds are accounted for using the modified accrual basis of accounting. All Governmental funds had total revenues of \$181,227,704, expenditures of \$185,264,821, and net other financing sources of \$4,078,153. The net change in fund balance for the year in the Governmental funds was an increase of \$41,036.

General Fund Budgeting Highlights

The School District's budget is prepared in accordance with New Jersey law. The most significant budgeted fund is the General Fund.

During the course fiscal year 2021-22, the School District modified its General Fund budget numerous times.

For the General Fund, the final budget basis revenue estimate, exclusive of fund balance, was \$136,695,309, which is the same as the original estimate.

During fiscal year 2021-22, the School District budgeted \$90,289,351 and \$45,506,638 for local tax levy and state aid revenues, respectively. The School District also received \$4,460,242 in reimbursed TPAF Social Security aid, and \$27,478,208 in reimbursed TPAF, long-term disability insurance and post-retirement health benefits. This has resulted in a favorable revenue variance.

Overall net capital assets decreased \$4,879,372 from fiscal year 2020-21 to fiscal year 2021-22.

Debt Administration

The School District receives state aid and municipal tax levy funds for the payment of debt.

Current Financial Issues and Concerns

The School District has a long record of financial stability. Despite unpredictable funding from the State of New Jersey, the School District manages to provide an excellent educational opportunity for all the School District students. This has been accomplished through increases in the local tax levy. The School District's General Fund budget has grown steadily over the past five years. This has resulted primarily from the increase in fixed costs such as labor, employee benefits and utilities.

TOWNSHIP OF WASHINGTON SCHOOL DISTRICT
 Reconciliation of the Statement of Revenues, Expenditures,
 and Changes in Fund Balances of Governmental Funds
 to the Statement of Activities
 For the Fiscal Year Ended June 30, 2022

Amounts reported for governmental activities in the statement of activities are different because:

Net Change in Fund Balances - Governmental Funds	\$	41,036.15
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation and amortization expense. This is the amount by which capital outlays exceeded depreciation in the period.</p>		
Depreciation and Amortization Expense	\$	(7,261,657.33)
Capital Outlays		<u>2,450,342.95</u>
		(4,811,314.38)
<p>The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, disposals, transfers, and donations).</p>		
		(68,057.53)
<p>The revenues and expenses of the internal service fund are not recognized in the governmental funds but are included as governmental activities on the statement of activities.</p>		
		17,200.11
<p>The issuance of long-term debt (e.g., bonds and purchase agreements) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are expensed in a systematic and rational manner over the duration of the related debt in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.</p>		
		327,401.94
<p>In the statement of activities, certain operating expenses, (e.g., pensions, compensated absences and interest on debt), are measured by the amounts incurred during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). This amount is the net effect of these differences in the treatment of these items.</p>

TOWNSHIP OF WASHINGTON SCHOOL DISTRICT
Notes to Financial Statements
For the Fiscal Year Ended June 30, 2022

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Township of Washington School District (the "School District") have been prepared to conform with accounting principles generally accepted in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant of these policies.

Description of the Financial Reporting Entity

The School District is a Type II district located in the County of Gloucester, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education (the "Board"). The Board is comprised of nine members elected to three-year terms. These terms are staggered so that three member's terms expire each year. The Superintendent is appointed by the Board to act as executive officer of the School District. The purpose of the School District is to educate students in grades K through 12 through at its eleven schools. The School District has an approximate enrollment at June 30, 2022 of 7,086.

The primary criterion for including activities within the School District's reporting entity, as set forth in Section 2100 of the Governmental Accounting Standards Board *Codification of Governmental Accounting and Financial Reporting Standards*, is the degree of oversight responsibility maintained by the School District. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. The financial statements include all funds of the School District over which the Board exercises operating control.

Government-wide and Fund Financial Statements

The School District's basic financial statements consist of government-wide statements, and fund financial statements which provide a more detailed level of financial information.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by property taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. It is the policy of the School District to not allocate indirect expenses to functions in the statement of activities. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Property taxes and other items not properly included among program revenues are reported instead as general revenues.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Government-wide and Fund Financial Statements (Cont'd)**

In regards to the fund financial statements, the School District segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Fund financial statements report detailed information about the School District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a single column. Internal service funds are aggregated and presented in a single column on the face of the proprietary fund statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Property taxes are recognized as revenues in the year for which they are levied. The Gloucester County Board of Taxation is responsible for the assessment of properties, and the respective municipal tax collector is responsible for the collection of property taxes. Assessments are certified and property taxes are levied on January 1. Property tax payments are due February 1, May 1, August 1 and November 1. Unpaid property taxes are considered delinquent the following January 1 and are then subject to municipal lien. In accordance with New Jersey State Statute, the School District is entitled to receive moneys under an established payment schedule, and any unpaid amount is considered as an accounts receivable. The governing body of each municipality is required to pay over to the School District, within forty (40) days after the beginning of the school year, twenty percent (20%) of the moneys from school tax due. Thereafter, but prior to the last day of the school year, the municipality must pay the balance of moneys from school tax due for school purposes in such amounts as requested, with certain limitations, from time to time by the School District, within thirty days after each request.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are deemed both available and measurable. Available means when revenues are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School District considers revenues to be available if they are collected within sixty (60) days of the end of the current fiscal year. Measurable means that the amount of revenue can be determined. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, tuition, reimbursable-type grants, and interest associated with the current fiscal year are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal year. All other revenue items are considered to be measurable and available only when cash is received by the School District.

The School District reports the following major governmental funds:

General Fund - The general fund is the primary operating fund of the School District. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment classified in the capital outlay sub-fund.

As required by the New Jersey State Department of Education, the School District includes budgeted capital outlay in this fund. Accounting principles generally accepted in the United States of America, as they pertain to governmental entities, state that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Measurement Focus, Basis of Accounting and Financial Statement Presentation (Cont'd)**

The School District reports the following major governmental funds (cont'd):

General Fund (Cont'd) - Resources for budgeted capital outlay purposes are normally derived from State of New Jersey aid, ad valorem tax revenues, and appropriated fund balance. Expenditures are those which result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to, or remodeling of buildings, and the purchase of built-in equipment.

Special Revenue Fund - The special revenue fund is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

Capital Projects Fund - The capital projects fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets, other than those financed by proprietary funds. The financial resources are derived from New Jersey Economic Development Authority grants, temporary notes, serial bonds which are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election, or from the general fund by way of transfers from capital outlay or the capital reserve account.

Debt Service Fund - The debt service fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal and interest.

Proprietary funds are used to account for the School District's ongoing organizations and activities, which are operated and financed in a manner similar to those found in the private sector. The measurement focus is upon the determination of net income. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for internal service funds include salaries, benefits, administrative expenses, and claims paid. All items not meeting this definition are reported as nonoperating revenues and expenses.

The School District reports the following major proprietary funds:

Enterprise Funds

Food Service Fund - This fund accounts for the financial transactions related to the food service operations of the School District.

Child Care Program Fund - This fund accounts for financial activity related to providing day care services for School District employee's children during school.

Telecommunications Fund - This fund accounts for a student run enterprise.

Center for Performing Arts Fund - This fund accounts for the financial activity related to performances at the School District's Center for the Performing Arts.

Drivers Education - This fund accounts for financial activities related to providing driver's education for students.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Measurement Focus, Basis of Accounting and Financial Statement Presentation (Cont'd)**

The School District reports the following major proprietary funds (cont'd):

Internal Service Funds

Internal service funds are used to account for the financing of goods and services provided by one department to another on a cost reimbursement basis. The School District maintains an internal service fund that provides the School District with paper supplies and printing services.

As a rule, the effect of internal/interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all property taxes.

Budgets / Budgetary Control

Annual appropriated budgets are prepared in the spring of each fiscal year for the general, special revenue, and debt service funds, and are submitted to the county office of education. In accordance with P.L. 2011, c. 202, the School District passed a resolution to move the school board election to the first Tuesday after the first Monday in November, starting in November of 2012, to be held simultaneously with the general election. As a result, a vote is not required on the School District's general fund tax levy for the budget year, other than the general fund tax levy required to support a proposal for additional funds, if any. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23A-16.2(f)1. Transfers of appropriations may be made by school board resolution at any time during the fiscal year in accordance with N.J.A.C. 6A:23A-13.3.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles, with the exception of the legally mandated revenue recognition of the one or more June state aid payments for budgetary purposes only, and the special revenue fund. N.J.S.A. 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, school districts must record the delayed one or more June state aid payments as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the budgetary basis. The budgetary basis differs from GAAP in that the budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The budget, as detailed on exhibit C-1, exhibit C-2, and exhibit I-3, includes all amendments to the adopted budget, if any.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Budgets / Budgetary Control (Cont'd)**

Exhibit C-3 presents a reconciliation of the general fund revenues and special revenue fund revenues and expenditures from the budgetary basis of accounting, as presented in the general fund budgetary comparison schedule and the special revenue fund budgetary comparison schedule, to the GAAP basis of accounting as presented in the statement of revenues, expenditures and changes in fund balances - governmental funds. Note that the School District does not report encumbrances outstanding at fiscal year-end as expenditures in the general fund since the general fund budget follows the modified accrual basis of accounting, with the exception of the aforementioned revenue recognition policy for the one or more June state aid payments.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded to assign a portion of the applicable appropriation, is utilized for budgetary control purposes. Encumbrances are a component of fund balance at fiscal year-end as they do not constitute expenditures or liabilities, but rather commitments related to unperformed contracts for goods and services. Open encumbrances in the governmental funds, other than the special revenue fund, which have not been previously restricted, committed, or assigned, should be included within committed or assigned fund balance, as appropriate.

Open encumbrances in the special revenue fund, however, for which the School District has received advances of grant awards, are reflected on the balance sheet as unearned revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

Cash, Cash Equivalents and Investments

Cash and cash equivalents, for all funds, include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. Such is the definition of cash and cash equivalents used in the statement of cash flows for the proprietary funds. U.S. treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions in which they may invest. N.J.S.A. 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Inventories**

Inventories are valued at cost, which approximates market. The costs are determined on a first-in, first-out method.

The cost of inventories in the governmental fund financial statements is recorded as expenditures when purchased rather than when consumed.

Inventories recorded on the government-wide financial statements and in the proprietary fund types are recorded as expenses when consumed rather than when purchased.

Tuition Receivable

Tuition charges were established by the School District based on estimated costs. The charges are subject to adjustment when the final costs are determined.

Prepaid Expenses

Prepaid expenses recorded on the government-wide financial statements and in the proprietary fund types represent payments made to vendors for services that will benefit periods beyond June 30, 2022. The School District had no prepaid expenses for the fiscal year ended June 30, 2022.

In the governmental fund financial statements, however, payments for prepaid items are fully recognized as expenditures in the fiscal year of payment. No asset for the prepayment is created, and no expenditure allocation to future accounting periods is required (*non-allocation method*). This is consistent with the basic governmental concept that only expendable financial resources are reported by a specific fund.

Short-Term Interfund Receivables / Payables

Short-term interfund receivables / payables (internal balances) represent amounts that are owed, other than charges for goods or services rendered to / from a particular fund within the School District, and that are due within one year. Such balances are eliminated in the statement of net position to minimize the grossing up of internal balances, thus leaving a net amount due between the governmental and business-type activities that are eliminated in the total government column.

Capital Assets

Capital assets represent the cumulative amount of capital assets used by the School District. Purchased capital assets are recorded as expenditures in the governmental fund financial statements and are capitalized at cost on the government-wide statement of net position and proprietary fund statement of net position. Intangible right to use assets (lease assets) are recorded as expenditures in the governmental fund financial statements. Lease assets are measured on the government-wide statement of net position and proprietary fund statement of net position at the amount of the initial measurement of the related lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs. In the case of gifts or contributions, such capital assets are recorded at acquisition value at the time received.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Capital Assets (Cont'd)**

The School District's capitalization threshold is \$2,000.00. Other costs incurred for repairs and maintenance are expensed as incurred. All reported capital assets, except land and construction in progress, are depreciated. Amortization on lease assets and depreciation on other capital assets is computed using the straight-line method over the shorter of the lease term or the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Land Improvements	15 Years
Buildings and Improvements	3 - 15 Years
Equipment	3 - 15 Years

The School District does not possess any infrastructure assets.

Deferred Outflows of Resources and Deferred Inflows of Resources

The statement of net position reports separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources, reported after total assets, represents a reduction of net position that applies to a future period(s) and will be recognized as an outflow of resources (expense) at that time. Deferred inflows of resources, reported after total liabilities, represents an acquisition of net position that applies to a future period(s) and will be recognized as an inflow of resources (revenue) at that time.

Transactions are classified as deferred outflows of resources and deferred inflows of resources only when specifically prescribed by the Governmental Accounting Standards Board (GASB) standards. The School District is required to report the following as deferred outflows of resources and deferred inflows of resources: loss on refunding of debt, defined benefit pension plans, and postemployment benefit plans.

Tuition Payable

Tuition charges for the fiscal years ended June 30, 2022 and 2021 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined.

Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied and is recorded as a liability until the revenue is both measurable and the School District is eligible to realize the revenue.

Compensated Absences

Compensated absences are payments to employees for accumulated time such as paid vacation, paid holidays, sick pay, and sabbatical leave. A liability for compensated absences that is attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the School District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the School District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Compensated Absences (Cont'd) - The School District uses the vesting method to calculate the compensated absences amount. The entire compensated absence liability, including the employer's share of applicable taxes, is reported on the government-wide financial statements. The portion related to employees in the proprietary funds is recorded at the fund level. The current portion is the amount estimated to be used in the following fiscal year. Expenditures are recognized in the governmental funds as payments come due each period, for example, as a result of employee resignations and retirements. Compensated absences not recorded at the fund level represent a reconciling item between the fund level and government-wide presentations.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities, and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner, and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, special termination benefits, and contractually required pension contributions that will be paid from governmental funds, are reported as a liability in the fund financial statements only to the extent that they are normally expected to be paid with expendable available financial resources. Bonds are recognized as a liability on the governmental fund financial statements when due.

Bond Discounts / Premiums

Bond discounts / premiums arising from the issuance of long-term debt (bonds) are amortized over the life of the bonds, in systematic and rational method, as a component of interest expense. Bond discounts / premiums are presented as an adjustment of the face amount of the bonds on the government-wide statement of net position and on the proprietary fund statement of net position.

Net Position

Net position represents the difference between the summation of assets and deferred outflows of resources, and the summation of liabilities and deferred inflows of resources. Net position is classified into the following three components:

Net Investment in Capital Assets - This component represents capital assets, net of accumulated depreciation or amortization of intangible capital assets, net of outstanding balances of borrowings used for the acquisition, construction, or improvement of those assets.

Restricted - Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Unrestricted - Net position is reported as unrestricted when it does not meet the criteria of the other two components of net position.

The School District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Fund Balance**

The School District reports fund balance in classifications that comprise a hierarchy based primarily on the extent to which the School District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The School District's classifications, and policies for determining such classifications, are as follows:

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, such as inventories and prepaid amounts.

Restricted - The restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources either by being (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the School District's highest level of decision-making authority, which, for the School District, is the Board of Education. Such formal action consists of an affirmative vote by the Board of Education, memorialized by the adoption of a resolution. Once committed, amounts cannot be used for any other purpose unless the Board of Education removes, or changes, the specified use by taking the same type of action (resolution) it employed to previously commit those amounts.

Assigned - The assigned fund balance classification includes amounts that are constrained by the School District's *intent* to be used for specific purposes, but are neither restricted nor committed. *Intent* is expressed by either the Board of Education or by the business administrator, to which the Board of Education has delegated the authority to assign amounts to be used for specific purposes. Such authority of the business administrator is established by way of a formal job description for the position and standard operating procedures, approved by the Board of Education.

Unassigned - The unassigned fund balance classification is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balances are available, it is the policy of the School District to spend restricted fund balances first. Moreover, when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used, it is the policy of the School District to spend fund balances, if appropriate, in the following order: committed, assigned, then unassigned.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Interfund Activity**

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditures / expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources / uses in governmental funds and after non-operating revenues / expenses in proprietary funds. Reimbursements from funds responsible for particular expenditures / expenses to the funds that initially paid for them are not presented on the financial statements.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Impact of Recently Issued Accounting Principles**Recently Issued and Adopted Accounting Pronouncements**

The School District implemented the following GASB Statement for the fiscal year ended June 30, 2022:

Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

Because of the implementation of GASB Statement No. 87, the School District has determined that lease agreements in the prior fiscal year formerly reported and / or disclosed have now been reported and disclosed in accordance with the Statement (note 7).

Recently Issued Accounting Pronouncements

The GASB has issued the following Statement that will become effective for the School District for fiscal years ending after June 30, 2024:

Statement No. 101, *Compensated Absences*. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The Statement will become effective for the School District in the fiscal year ending June 30, 2025. Management is currently evaluating whether or not this Statement will have an impact on the basic financial statements of the School District.

Note 2: CASH AND CASH EQUIVALENTS

Custodial Credit Risk Related to Deposits - Custodial credit risk is the risk that, in the event of a bank failure, the School District's deposits might not be recovered. Although the School District does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the School District in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds, salary withholdings, and student activity funds, or funds that may pass to the School District relative to the happening of a future condition. Such funds are classified as uninsured and uncollateralized.

As of June 30, 2022, the School District's bank balances of \$26,076,298.89 were exposed to custodial credit risk as follows:

Insured by FDIC and GUDPA	\$ 23,281,654.30
Uninsured and Uncollateralized	<u>2,794,644.59</u>
Total	<u>\$ 26,076,298.89</u>

New Jersey Cash Management Fund - During the fiscal year, the School District participated in the New Jersey Cash Management Fund. The Fund is governed by regulations of the State Investment Council, who prescribe standards designed to insure the quality of investments in order to minimize risk to the Funds participants. Deposits with the New Jersey Cash Management Fund are not subject to custodial credit risk as defined above. At June 30, 2022, the School District's deposits with the New Jersey Cash Management Fund were \$123.57.

Held in Trust - The School District has entered into purchase agreements with several banking institutions for the acquisition of equipment and supplies. In accordance with the requirements of the purchase agreements, the acquisition amount of the equipment and supplies is to be deposited into an escrow account under terms satisfactory to the lending bank. These escrow accounts are opened for the purpose of fully funding the purchase agreement and providing a mechanism for the application of such amounts to the purchase of and payment for the equipment and supplies. Deposits held in trust of the School District are not subject to custodial credit risk as defined above. At June 30, 2022, the School District's deposits held in trust were \$563,403.41.

Note 3: CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the School District by inclusion of \$1.00 on November 20, 2000 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the School District's approved Long Range Facilities Plan ("LRFP"). Upon submission of the LRFP to the Department, a school district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at fiscal year-end (June 1 to June 30) of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A school district may also appropriate additional amounts when the express approval of the voters has been obtained by either a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6A:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

Note 3: CAPITAL RESERVE ACCOUNT (CONT'D)

The activity of the capital reserve for the July 1, 2021 to June 30, 2022 fiscal year is as follows:

Beginning Balance, July 1, 2021		\$ 4,660,716.25
Increased by:		
Interest Earnings	\$ 7,353.92	
Deposits:		
Board Resolution 06/28/22	<u>2,000,000.00</u>	
		<u>2,007,353.92</u>
		6,668,070.17
Decreased by:		
Withdrawals:		
Utilization in Fiscal Year 2022 Budget	\$ 868,631.00	
Board Resolution 07/07/21	122,660.00	
Board Resolution 05/24/22	762,779.29	
Board Resolution 06/28/22	1,000,000.00	
Board Resolution 06/28/22	<u>600,000.00</u>	
		<u>3,354,070.29</u>
Ending Balance, June 30, 2022		<u>\$ 3,313,999.88</u>

The June 30, 2022 capital reserve balance does not exceed the LRFPP balance of local support costs of uncompleted projects. The withdrawals from the capital reserve were for use in a Department of Education approved facilities projects, consistent with the School District's LRFPP.

Note 4: ACCOUNTS RECEIVABLE

Accounts receivable at June 30, 2022 consisted of accounts (fees for services) and intergovernmental awards / grants. All receivables are considered collectible in full due to the stable condition of federal and state programs, the current fiscal year guarantee of federal funds, and the regulated budgetary control of governmental entities in New Jersey.

Accounts receivable as of fiscal year end for the School District's individual major funds, in the aggregate, are as follows:

Fund	Accounts Receivable Type					Total Government-Wide
	Federal Awards	State Awards	Local Awards	Tax Levy	Other	
Governmental Activities:

Bonds Payable - Bonds and loans are authorized in accordance with State law by the voters of the municipality through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the School District are general obligation bonds.

On April 3, 2012, the School District issued \$7,205,000.00 of School Refunding Bonds, Series 2012, to advance refund and redeem all of the School District's outstanding callable School Bonds, Series 2005, maturing in the years 2015 through and including 2023. The bonds originally carried rates ranging between 2.00% to 4.00% with a final maturity in 2023.

On December 28, 2016, the School District issued \$7,550,000.00 in general obligation refunding bonds with a variable interest rate of 3.25% to 4.00% to currently refund \$7,840,000.00 of outstanding callable School Refunding Bonds, Series 2007 with an interest rate of 4.0%. These refunding bonds have a final maturity in 2030.

Assets obtained through purchase agreements are depreciated in a manner consistent with the School District's depreciation policy for owned assets.

Compensated Absences - As previously stated, compensated absences will be paid from the fund from which the employees' salaries are paid. Refer to note 13 for a description of the School District's policy.

Net Pension Liability - For details on the net pension liability, refer to note 8. The School District's annual required contribution to the Public Employees' Retirement System is budgeted and paid from the general fund on an annual basis.

Note 8: PENSION PLANS

A substantial number of the School District's employees participate in one of the following defined benefit pension plans: the Teachers' Pension and Annuity Fund ("TPAF") and the Public Employees' Retirement System ("PERS"), which are administered by the New Jersey Division of Pensions and Benefits (the "Division"). In addition, several School District employees participate in the Defined Contribution Retirement Program, which is a defined contribution pension plan. The DCRP is administered by Empower (formerly Prudential Financial).

Each of the aforementioned plans have a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements, required supplementary information, and detailed information about the PERS and TPAF plans' fiduciary net position that can be obtained by writing to or at the following website:

General Information about the Pension Plans**Plan Descriptions**

Teachers' Pension and Annuity Fund - The Teachers' Pension and Annuity Fund is a cost-sharing multiple-employer defined benefit pension plan, with a special funding situation, which was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66. The State of New Jersey ("State") is responsible to fund 100% of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. The TPAF's designated purpose is to provide retirement benefits, death, disability and medical benefits to certain qualified members. Membership in the TPAF is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, who have titles that are unclassified, professional and certified. The TPAF Board of Trustees is primarily responsible for the administration of the Plan.

Public Employees' Retirement System - The Public Employees' Retirement System is a cost-sharing multiple-employer defined benefit pension plan that was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A. The PERS' designated purpose is to provide retirement, death, disability, and medical benefits to certain qualified members. Membership in the PERS is mandatory for substantially all full-time employees of the School District, provided the employee is not required to be a member of another state-administered retirement system or other state pensions fund or local jurisdiction's pension fund. The PERS' Board of Trustees is primarily responsible for the administration of the PERS.

Note 8: PENSION PLANS (CONT'D)**General Information about the Pension Plans (Cont'd)****Plan Descriptions (Cont'd)**

Defined Contribution Retirement Program - The Defined Contribution Retirement Program is a multiple-employer defined contribution pension fund established on July 1, 2007 under the provisions of P.L. 2007, c. 92 and P.L. 2007, c. 103, and expanded under the provisions of P.L. 2008, c. 89 and P.L. 2010, c. 1. The DCRP is a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) § 401(a) et seq., and is a "governmental plan" within the meaning of IRC § 414(d). The DCRP provides retirement benefits for eligible employees and their beneficiaries. Individuals covered under DCRP are employees enrolled in TPAF or PERS on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits; employees enrolled in New Jersey State Police Retirement System (SPRS) or the Police and Firemen's Retirement System (PFRS) after May 21, 2010, who earn salary in excess of established "maximum compensation" limits; employees otherwise eligible to enroll in TPAF or PERS on or after November 2, 2008, who do not earn the minimum annual salary for tier 3 enrollment but who earn salary of at least \$5,000.00 annually; and employees otherwise eligible to enroll in TPAF or PERS after May 21, 2010 who do not work the minimum number of hours per week required for tiers 4 or 5 enrollment, but who earn salary of at least \$5,000.00 annually.

Vesting and Benefit Provisions

Teachers' Pension and Annuity Fund - The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

The following represents the membership tiers for TPAF:

Tier Definition

- 1 Members who were enrolled prior to July 1, 2007
- 2 Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
- 3 Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
- 4 Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
- 5 Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 before age 65 with 30 years or more of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Note 8: PENSION PLANS (CONT'D)**General Information About the Pension Plans (Cont'd)****Vesting and Benefit Provisions (Cont'd)**

Public Employees' Retirement System - The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after 10 years of service.

The membership tiers for PERS are the same as previously noted for TPAF.

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more service credit before age 62 and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Defined Contribution Retirement Program - Eligible members are provided with a defined contribution retirement plan intended to qualify for favorable Federal income tax treatment under IRC Section 401(a), a noncontributory group life insurance plan and a noncontributory group disability benefit plan. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employee contributions shall immediately become and shall at all times remain fully vested and nonforfeitable. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employer contributions shall be vested and nonforfeitable on the date the participant commences the second year of employment or upon his or her attainment of age 65, while employed by an employer, whichever occurs first.

Contributions

Teachers' Pension and Annuity Fund - The contribution policy is set by N.J.S.A. 18A:66 and requires contributions by active members and contributing employers. Pursuant to the provisions of P.L. 2011, C. 78, the member contribution rate was 7.50% in State fiscal year 2021. The State's contribution is based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability. For fiscal year 2021, the State's pension contribution was less than the actuarial determined amount.

Under current statute, all employer contributions are made by the State of New Jersey on-behalf of the School District and all other related non-contributing employers. No normal or accrued liability contribution by the School District has been required over several preceding fiscal years. These on-behalf contributions by the State of New Jersey are considered a special funding situation, under the definition of GASB 68, *Accounting and Financial Reporting for Pensions*.

The School District's contractually required contribution rate for the fiscal year ended June 30, 2022 was 25.94% of the School District's covered payroll, of which 0.00% of payroll was required from the School District and 100.00% of payroll was required from the State of New Jersey. The School District was not required to contribute to the pension plan during the fiscal year ended June 30, 2022 because of the 100.00% special funding situation with the State of New Jersey.

Note 8: PENSION PLANS (CONT'D)**General Information About the Pension Plans (Cont'd)****Contributions (Cont'd)**

Teachers' Pension and Annuity Fund (Cont'd) - Based on the most recent TPAF measurement date of June 30, 2021, the State's contractually required contribution, on-behalf of the School District, to the pension plan for the fiscal year ended June 30, 2022 was \$15,977,680.00, and was paid by April 1, 2022. School District employee contributions to the Plan during the fiscal year ended June 30, 2022 were \$4,649,024.68.

Public Employees' Retirement System - The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Pursuant to the provisions of P.L. 2011, C. 78, the member contribution rate was 7.50% in State fiscal year 2021. Employers' contributions are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability.

The School District's contractually required contribution rate for the fiscal year ended June 30, 2022 was 16.96% of the School District's covered payroll. This amount was actuarially determined as the amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, including an additional amount to finance any unfunded accrued liability.

Based on the most recent PERS measurement date of June 30, 2021, the School District's contractually required contribution to the pension plan for the fiscal year ended June 30, 2022 was \$2,201,111.00 and was paid by April 1, 2022. School District employee contributions to the Plan during the fiscal year ended June 30, 2022 were \$1,048,920.91.

Defined Contribution Retirement Program - The contribution policy is set by N.J.S.A. 43:15C-3 and requires contributions by active members and contributing employers. In accordance with P.L. 2007, C. 92, and P.L. 2007, C. 103, Plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the School District contributes 3% of the employees' base salary, for each pay period.

For the fiscal year ended June 30, 2022, employee contributions totaled \$282,937.18, and the School District recognized pension expense, which equaled the required contributions, of \$208,334.85. There were no forfeitures during the fiscal year.

Pension Liabilities, Pension (Benefit) Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**Teachers' Pension and Annuity Fund**

Pension Liability - At June 30, 2022, the School District was not required to report a liability for its proportionate share of the net pension liability for TPAF because of the 100% special funding situation by the State of New Jersey.

The State's proportionate share of net pension liability, however, attributable to the School District is as follows:

School District's Proportionate Share of Net Pension Liability	\$	-
State of New Jersey's Proportionate Share of Net Pension Liability associated with the School District		<u>262,114,513.00</u>
	<u>\$</u>	<u>262,114,513.00</u>

Note 8: PENSION PLANS (CONT'D)**Pension Liabilities, Pension (Benefit) Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Cont'd)****Teachers' Pension and Annuity Fund (Cont'd)**

Pension Liability (Cont'd) - The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The total pension liability was calculated using updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2021. For the June 30, 2021 measurement date, the School District's proportion of the net pension liability was based on a projection of the School District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State of New Jersey, actuarially determined. At the June 30, 2021 measurement date, the School District proportion was 0.00% due to the 100% special funding situation with the State of New Jersey; however, the State's proportionate share of the TPAF net pension liability associated with the School District was 0.5452178569%, which was a decrease of 0.0016830175% from its proportion measured as of June 30, 2020.

Pension (Benefit) Expense - For the fiscal year ended June 30, 2022, the State's proportionate share of the pension (benefit) expense, associated with the School District, calculated by the Plan as of June 30, 2021 measurement date, was \$6,167,670.00. This on-behalf expense has been recognized by the School District in the government-wide financial statements.

Public Employees' Retirement System

Pension Liability - At June 30, 2022, the School District reported a liability of \$22,265,476.00 for its proportionate share of the net pension liability for PERS. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The total pension liability was calculated using updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2021. The School District's proportion of the net pension liability was based on a projection of the School District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. For the June 30, 2021 measurement date, the School District's proportion was 0.1879498339%, which was an increase of 0.0001597319% from its proportion measured as of June 30, 2020.

Pension (Benefit) Expense - For the fiscal year ended June 30, 2022, the School District recognized pension (benefit) expense of \$(3,758,878.00), in the government-wide financial statements. This pension expense was based on the pension plan's June 30, 2021 measurement date.

Note 8: PENSION PLANS (CONT'D)**Pension Liabilities, Pension (Benefit) Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Cont'd)****Public Employees' Retirement System (Cont'd)**

Deferred Outflows and Inflows of Resources - At June 30, 2022, the School District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>

For TPAF, pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

For PERS, pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

Note 8: PENSION PLANS (CONT'D)**Actuarial Assumptions (Cont'd)**

For TPAF and PERS, in accordance with State statute, the long-term expected rate of return on Plan investments (7.00% at the June 30, 2021 measurement date) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic rates of return for each major asset class included in TPAF's and PERS' target asset allocation as of the June 30, 2021 measurement date are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
U.S. Equity	27.00%	8.09%
Non-US Developed Markets Equity	13.50%	8.71%

Discount Rate -

Teachers' Pension and Annuity Fund - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 2.16% as of the June 30, 2021 measurement date based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers would be based on 100% of the actuarially determined contributions for the State. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to projected benefit payments in determining the total pension liability.

Note 8: PENSION PLANS (CONT'D)

Actuarial Assumptions (Cont'd)

Discount Rate (Cont'd) -

Public Employees' Retirement System - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 2.16% as of the June 30, 2021 measurement date based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity would be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all projected benefit payments in determining the total pension liability.

Sensitivity of Proportionate Share of Net Pension Liability to Changes in the Discount Rate

Teachers' Pension and Annuity Fund (TPAF) - As previously mentioned TPAF has a special funding situation where the State pays 100% of the School District's annual required contribution. As such, the proportionate share of the net pension liability as of June 30, 2021, the Plan's measurement date, attributable to the School District is \$0.00. The following, however, presents the net pension liability of the State as of June 30, 2021 (Plan's measurement date), attributable to the School District, calculated using the discount rate of 7.00% as well as what the State's net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage-point higher than the current rate:

	1% Decrease <u>(6.00%)</u>	Current Discount Rate <u>(7.00%)</u>	1% Increase <u>(8.00%)</u>

	<u>\$ 310,125,252.00</u>	<u>\$ 262,114,513.00</u>	<u>\$ 221,788,509.00</u>

Public Employees' Retirement System (PERS) - The following presents the School District's proportionate share of the net pension liability at June 30, 2021, the Plan's measurement date, calculated using a discount rate of 7.00%, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rates used:

	1% Decrease <u>(6.00%)</u>	Current Discount Rate <u>(7.00%)</u>	1% Increase <u>(8.00%)</u>
School District's Proportionate Share of the Net Pension Liability	<u>\$ 30,321,063.00</u>	<u>\$ 22,265,476.00</u>	<u>\$ 15,429,168.00</u>

Note 8: PENSION PLANS (CONT'D)**Pension Plan Fiduciary Net Position**

For purposes of measuring the net pension liability, deferred outflows of resources, deferred inflows of resources related to pensions, and pension expense, information about the respective fiduciary net position of the TPAF and PERS and additions to/deductions from TPAF and PERS' respective fiduciary net position have been determined on the same basis as they are reported by TPAF and PERS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)**STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN****General Information about the OPEB Plan**

Plan Description and Benefits Provided - The State Health Benefit Local Education Retired Employees Plan (the "OPEB Plan") is a multiple-employer defined benefit OPEB plan, with a special funding situation, that is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75 - *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions*. The OPEB Plan is administered by the State of New Jersey Division of Pensions and Benefits (the "Division") and is part of the New Jersey State Health Benefits Program (SHBP). The Division issues a publicly available financial report that includes financial statements and required supplementary information which can be obtained by writing to or at the following website:

State of New Jersey
Division of Pensions and Benefits
P.O. Box 295
Trenton, New Jersey 08625-0295
<https://www.nj.gov/treasury/pensions/financial-reports.shtml>

The OPEB Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

Contributions - The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey (the "State") in accordance with N.J.S.A 52:14-17.32f. According to N.J.S.A 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****General Information about the OPEB Plan (Cont'd)**

Employees Covered by Benefit Terms - At June 30, 2021, the OPEB Plan's measurement date, the entire State Health Benefit Local Education Retired Employees OPEB Plan consisted of the following members.

Active Plan Members	213,901
Inactive Plan Members or Beneficiaries Currently Receiving Benefits	150,427
Inactive Plan Members Entitled to but Not Yet Receiving Benefit Payments	-

Total Non-Employer OPEB Liability

The State of New Jersey, a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to the OPEB Plan for qualified retired TPAF, PERS, PFRS and ABP pension participants. The School District's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Accordingly, the School District did not recognize any portion of the collective net OPEB liability on the statement of net position.

The State's proportionate share of the net OPEB liability associated with the School District as of June 30, 2022 was \$402,917,225.00. Since the OPEB liability associated with the School District is 100% attributable to the State, the OPEB liability will be referred to as the total non-employer OPEB liability.

The total non-employer OPEB liability was measured as of June 30, 2021, and was determined by an actuarial valuation as of June 30, 2020, which was rolled forward to June 30, 2021. For the June 30, 2021 measurement date, the State's proportionate share of the non-employer OPEB liability associated with the School District was .6714430885%, which was decrease of .0083399453% from its proportion measured as of June 30, 2020.

Actuarial Assumptions and Other Inputs - The actuarial assumptions and other inputs vary for each plan member depending on the pension plan in which the member is enrolled. The actuarial valuation at June 30, 2020, which was rolled forward to June 30, 2021, used the following actuarial assumptions, applied to all periods in the measurement:

Salary Increases -

	<u>TPAF/ABP</u> *	<u>PERS</u> *	<u>PFRS</u> *
Salary Increases:			
Through 2026	1.55 - 4.45%	2.00 - 6.00%	3.25 - 15.25% *
Thereafter	1.55 - 5.65%	3.00 - 7.00%	Not Applicable

* based on service years

Inflation Rate - 2.50%.

Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****Total Non-Employer OPEB Liability (Cont'd)****Actuarial Assumptions and Other Inputs (Cont'd) -**

Mortality Rates - Current and future retiree healthy mortality rates were based on the PUB-2010 "General" classification and PUB-2010 Health "Teachers" classification headcount-weighted mortality tables with fully generational mortality improvement projections from the central year using Scale MP-2021.

Disabled mortality was based on the PUB-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

Experience Studies - The actuarial assumptions used in the June 30, 2020 valuation, which was rolled forward to June 30, 2021, were based on the results of actuarial experience studies for the periods July 1, 2015 - June 30, 2018, July 1, 2014 - June 30, 2018, and July 1, 2013 - June 30, 2018 for TPAF, PERS, and PFRS, respectively.

Health Care Trend Assumptions - For pre-Medicare medical benefits, the trend rate is initially 5.65% and decreases to a 4.50% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2022 through 2023 are reflected. For PPO the trend is initially 5.74% in fiscal year 2024, increasing to 12.93% in fiscal year 2025 and decreases to 4.50% after 11 years. For HMO the trend is initially 6.01% in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreases to 4.50% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to a 4.50% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

Discount Rate - The discount rate for June 30, 2021 measurement date was 2.16%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Changes in the Total Non-Employer OPEB Liability

The below table summarizes the State's proportionate share of the change in the total non-employer OPEB liability associated with the School District:

Balance at June 30, 2021		\$ 460,960,621.00
Changes for the Year:

Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****Changes in the Total Non-Employer OPEB Liability (Cont'd)**

Benefit changes: the change in liability for the measurement period from June 30, 2020 to June 30, 2021 is due to employers adopting Chapter 44 provisions.

Differences between expected and actual experience reflect a decrease in liability for the measurement period from June 30, 2020 to June 30, 2021 due to changes in the census.

Changes in assumptions reflect an increase in the liability for the measurement period from June 30, 2020 to June 30, 2021 is due to the combined effect of the decrease in the assumed discount rate from 2.21% as of June 30, 2020 to 2.16% as of June 30, 2021; and changes in the trend, salary scale, and updated mortality projection scale.

Sensitivity of the Total Non-Employer OPEB Liability to Changes in the Discount Rate - The State's proportionate share of the total non-employer OPEB liability as of June 30, 2021, associated with the School District, using a discount rate of 2.16%, as well as using a discount rate that is 1% lower or 1% higher than the current rate used is as follows:

	1% Decrease (1.16%)	Current Discount Rate (2.16%)	1% Increase (3.16%)
State of New Jersey's Proportionate Share of the Total Non-Employer OPEB Liability Associated with the School District	<u>\$ 482,631,584.00</u>	<u>\$ 402,917,225.00</u>	<u>\$ 340,146,953.00</u>

Sensitivity of the Total Non-Employer OPEB Liability to Changes in the Healthcare Cost Trend Rates - The State's proportionate share of the total non-employer OPEB liability as of June 30, 2021, associated with the School District, using a healthcare cost trend rates that are 1% lower or 1% higher than the current healthcare cost trend rate used is as follows:

	1% Decrease	Healthcare Cost Trend Rates	1% Increase
State of New Jersey's Proportionate Share of the Total Non-Employer OPEB Liability Associated with the School District	<u>\$ 326,162,803.00</u>	<u>\$ 402,917,225.00</u>	<u>\$ 505,992,742.00</u>

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Total Non-Employer OPEB Liability

OPEB Expense - For the fiscal year ended June 30, 2022, the School District recognized \$16,297,333.00 in OPEB expense and revenue, in the government-wide financial statements, for the State's proportionate share of the OPEB Plan's OPEB expense, associated with the School District. This expense and revenue was based on the OPEB Plan's June 30, 2021 measurement date.

Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Total Non-Employer OPEB Liability (Cont'd)**

Deferred Outflows and Inflows of Resources - In accordance with GASBS No. 75, the School District's proportionate share of the OPEB liability is zero. As such, there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources by the School District; however, at June 30, 2022, the State's proportionate share of the total non-employer OPEB liability's deferred outflows of resources and deferred inflows of resources, associated with School District, from the following sources are as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between Expected and Actual Experience	\$ 60,737,982.00	\$ 120,922,623.00
Changes of Assumptions	68,349,797.00	43,229,264.00

	<u>\$ 129,087,779.00</u>	<u>\$ 181,426,352.00</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the State's proportionate share of the total non-employer OPEB liability, associated with the School District, will be recognized in OPEB expense as follows:

Fiscal Year Ending June 30,	
2023	\$ (10,758,644.00)
2024	(10,758,644.00)
2025	(10,758,644.00)

Thereafter	<u>(931,190.00)</u>
	<u>\$ (52,338,573.00)</u>

Note 10: ON-BEHALF PAYMENTS

For the fiscal year ended June 30, 2022, the School District has recognized as revenues and expenditures on-behalf payments made by the State for normal costs and post-retirement medical costs related to TPAF, in the fund financial statements. The amounts recognized as revenues and expenditures in the fund financial statements for normal costs, non-contributory insurance, post-retirement medical costs, and long-term disability insurance were \$20,214,217.00, \$2,053,920.00, \$5,202,737.00, and \$7,334.00, respectively.

Note 11: RISK MANAGEMENT

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

New Jersey Unemployment Compensation Insurance - The School District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the School District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The School District is billed quarterly for amounts due to the State.

The following is a summary of the activity of the School District's unemployment claims for the current and previous two fiscal years:

<u>Fiscal Year</u> <u>Ended June 30,</u>	<u>Employee</u> <u>Contributions</u>	<u>Interest</u> <u>Income</u>	<u>Claims</u> <u>Incurred</u>	<u>Ending Balance</u>

2020	136,244.52	19,413.07	65,760.74	-	1,459,217.19

Joint Insurance Fund - The School District is a member of the Gloucester, Cumberland, Salem School Districts Joint Insurance Fund (the "Fund").

The Fund provides the School District with the following coverage, whereby a complete schedule of insurance coverage can be found in the statistical section of this Comprehensive Annual Financial Report:

Property (including crime and auto physical damage)
 General Liability
 Automobile Liability
 Workers' Compensation
 School Board Legal Liability
 Boiler and Machinery
 Pollution Legal Liability
 Student Accident Insurance

All members' contributions to the Fund, including a reserve for contingencies, are based on actuarial assumptions determined by the Fund's actuary. The Commissioner of Banking and Insurance may order additional assessments to supplement the Fund's claim, loss retention or administrative accounts to assure the payment of the Fund's obligations.

Note 11: RISK MANAGEMENT (CONT'D)

Joint Insurance Fund (Cont'd) - Annual contributions, as determined by the Fund's Board of Trustees, are due within 30 days of the due date fixed by the Board of Trustees, but not later than February 1. Total contributions are recognized as earned revenue evenly over the fiscal contract period or period of risk, if different.

The Board of Trustees shall by majority vote levy upon the participants additional assessments whenever needed or so ordered by the Commissioner of Banking and Insurance to supplement the Fund's claim, loss retention or administrative accounts, after consideration of anticipated investment income, to assure the payment of the Fund's obligations. Supplemental contributions to cover a deficit are recognized as revenue upon approval whether or not actually received.

Effective July 1, 2001, the Fund joined the School Pool for Excess Liability Limits Joint Insurance Fund (the "SPELL"). The SPELL is a joint insurance fund formed to provide excess coverage for member school funds. Each member appoints two delegates to represent their respective joint insurance fund for the purpose of creating a governing body from which the board of trustees of the SPELL is elected. The Fund could be subject to supplemental assessments in the event of deficiencies in the loss funds of the SPELL. If the assets of the SPELL were to be exhausted, its members would become jointly and severely liable for the SPELL's liabilities.

The SPELL can declare and refund surplus to its members upon approval by the State of New Jersey Department of Banking and Insurance.

Additional information regarding claims, coverages and deductibles can be found at the following website: <http://www.spelljif.com/gcssd-jif>.

Note 12: DEFERRED COMPENSATION

The School District offers its employees a choice of several deferred compensation plans created in accordance with Internal Revenue Code Sections 403(b) and 457. The plans permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death, or unforeseeable emergency. The plan administrators are as follows:

Ameriprise
ASpire
AXA Equitable
Creative Financial Strategies (MetLife)
Lincoln Investment (The Faller Company LLC)
Syracusa Benefits Program
VALIC (AIG)
VOYA

Note 13: COMPENSATED ABSENCES

The School District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16, *Accounting for Compensated Absences*. A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

School District employees who are employed for ten months are entitled to ten paid sick leave days per fiscal school year. School District employees who are employed for twelve months are entitled to twelve paid sick leave days per fiscal school year. Unused sick leave may be accumulated and carried forward to the subsequent years. School District employees are entitled to two personal days which may not be carried forward to subsequent years. Vacation days not used during the year may not be accumulated and carried forward without supervisor approval. Benefits paid in any future year will be calculated according to formulas outlined in the School District's agreements with the various employee unions and included in the current years' budget.

The liability for vested compensated absences is recorded within those funds as the benefits accrue to employees. At June 30, 2022, the liability for compensated absences reported on the government-wide statement of net position and on the proprietary fund statement of net position was \$7,198,325.82 and \$116,372.72, respectively.

Note 14: INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Interfunds - The composition of interfund balances as of June 30, 2022 is as follows:

<u>Fund</u>	<u>Interfunds Receivable</u>	<u>Interfunds Payable</u>
General	\$ 3,324,552.12	\$ 1,823,004.46
Special Revenue		2,642,515.12
Capital Projects	1,587,515.35	
Food Service	411,024.63	
Telecomm	11,970.00	
Center for Performing Arts		871,776.00
Internal Service	2,233.48	
	<hr/>	<hr/>
Totals	<u>\$ 5,337,295.58</u>	<u>\$ 5,337,295.58</u>

The interfund receivables and payables above predominately resulted from payments made by certain funds on behalf of other funds. During the fiscal year 2023, the School District expects to liquidate such interfunds, depending upon the availability of cash flow.

Note 14: INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS (CONT'D)

Transfers were made during the fiscal year ended June 30, 2022 for the following purposes:

- the general fund budgeted and transferred \$888,998.98 to subsidize the operations of the food service enterprise fund; and
- the general fund transferred \$3,354,070.29 of capital reserve funds to the capital projects fund for approved capital projects; and
- the capital projects fund transferred \$3,429.19 of interest earned on deposits to the general fund

Note 15: CONTINGENCIES

Grantor Agencies - Amounts received or receivable from grantor agencies could be subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the School District expects such amount, if any, to be immaterial.

Litigation - The School District is a defendant one legal proceeding that is in the discovery stage of litigation. It is believed that the outcome, or exposure to the School District, from such litigation is either unknown or potential losses, if any, would not be material to the financial statements.

Note 16: CONCENTRATIONS

The School District depends on financial resources flowing from, or associated with, both the federal government and the State of New Jersey. As a result of this dependency, the School District is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations.

Note 17: COMMITMENTS

The School District had multiple construction projects ongoing as of the fiscal year ended June 30, 2022 that are to continue into the subsequent fiscal years. These projects, which are related to the capital projects fund, are as follows:

Note 18: DEFICIT FUND BALANCE

The School District has an unassigned deficit fund balance of \$(28,140.18) related to Preschool Education Aid in the special revenue fund as of June 30, 2022 as reported in the fund statements (modified accrual basis). N.J.S.A. 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, school districts must record the delayed one or more June state aid payments as revenue, for budget purposes only, in the current school budget year. The statute provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry, i.e., if one government recognizes an asset, the other government recognizes a liability. Since the State is recording the June state aid payments in the subsequent fiscal year, the School District cannot recognize the June state aid payment on the GAAP financial statements until the year the State records the payable. Due to the timing difference of recording the June state aid payments, the unassigned special revenue fund balance deficit does not alone indicate that the School District is facing financial difficulties. The unassigned deficit on the GAAP financial statements of \$(28,140.18) is less than the last state aid payment.

Note 19: FUND BALANCES**RESTRICTED**

As stated in note 1, the restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources by either of the following: (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation. Specific restrictions of the School District's fund balance are summarized as follows:

General Fund

For Capital Reserve Account - As of June 30, 2022, the balance in the capital reserve account is \$3,313,999.98. These funds are restricted for future capital outlay expenditures for capital projects in the School District's approved Long Range Facilities Plan (LRFP).

For Excess Surplus - In accordance with N.J.S.A. 18A:7F-7, as amended, the designation of restricted fund balance - excess surplus is the result of a required calculation. New Jersey school districts are required to restrict general fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2022 is \$6,903,124.94. Additionally, \$6,556,636.74 of excess fund balance generated during 2020-2021 has been restricted and designated for utilization in the 2022-2023 budget.

For Legally Restricted Appropriations - In accordance with N.J.S.A. 18A:39-31, the School District has restricted \$1,635.50 and \$12,390.11 of school bus advertising revenue, totaling \$14,025.61, to be designated for utilization in the 2022-23 budget and the 2023-24 budget, respectively, to offset fuel costs.

For Unemployment Compensation - Pursuant to N.J.S.A. 43:21-7.3(g), the School District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method" (see note 11). As a result, there exists at June 30, 2022 a restricted fund balance from employer contributions in the amount of \$1,470,959.86 for future unemployment claims.

Note 19: FUND BALANCES (CONT'D)**RESTRICTED (CONT'D)****Special Revenue Fund**

For Scholarships - The School District reports fund balance resulting from the receipt of an endowment to be used for scholarships for future teachers. These funds are required to be used as restricted by the donor. The balance of these funds as of June 30, 2022 is \$121,861.22.

For Student Activities - In accordance with N.J.A.C. 6A:23A-16.12(c), each school district shall ensure through adoption of a formal board policy that all financial and bookkeeping controls are adequate to ensure appropriate fiscal accountability and sound business practices for funds collected for student activities. As such, borrowing from student activity funds is prohibited. The balance of these funds as of June 30, 2022 is \$518,959.56.

Capital Projects Fund - As of June 30, 2022, the restricted fund balance amount was \$3,237,359.65.

Debt Service Fund - In accordance with N.J.A.C. 6A:23A-8.6, a district board of education shall appropriate annually all debt service fund balances in the budget certified for taxes unless expressly authorized and documented by the voters in a bond referendum. As a result, the School District has appropriated and included as an anticipated revenue for the fiscal year ending June 30, 2023 \$1.00 of debt service fund balance at June 30, 2022.

COMMITTED

As stated in note 1, the committed fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the School District's highest level of decision-making authority, which is the Board of Education. Specific commitments of the School District's fund balance are summarized as follows:

General Fund - As of June 30, 2022, the School District has committed \$428,950.08 of general fund balance for the acquisition of equipment and supplies. This fund balance represents the proceeds received from the various purchase agreements that the School District has entered, net of expenditures.

ASSIGNED

As stated in note 1, the assigned fund balance classification includes amounts that are constrained by the School District's *intent* to be used for specific purposes, but are neither restricted nor committed. Specific assignments of the School District's fund balance are summarized as follows:

General Fund

Other Purposes - As of June 30, 2022, the School District had \$487,036.02 of encumbrances outstanding for purchase orders and contracts signed by the School District, but not completed, as of the close of the fiscal year.

For Subsequent Year's Expenditures - The School District has appropriated and included as an anticipated revenue for the fiscal year ending June 30, 2023 \$3,943,363.00 of general fund balance at June 30, 2022.

Note 19: FUND BALANCES (CONT'D)**UNASSIGNED**

As stated in note 1, the unassigned fund balance classification represents fund balance that has not been restricted, committed, or assigned to specific purposes. The School District's unassigned fund balance is summarized as follows:

General Fund - As of June 30, 2022, \$7,252,870.24 of general fund balance was unassigned

Special Revenue Fund - As of June 30, 2022, the fund balance of the special revenue fund was a deficit of \$(28,140.18), thus resulting in the fund balance classification of unassigned. See note 18.

Note 20: SUBSEQUENT EVENTS

COVID-19 - On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the School District's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the School District is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2023.

 Note to Required Supplementary Information
 For the Fiscal Year Ended June 30, 2022

Note A - Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures.

	<u>General Fund</u>	<u>Special Revenue Fund</u>
Sources / Inflows of Resources:		
Actual amounts (budgetary basis) "revenue" from the budgetary comparison schedule (C-series)	\$ 171,477,932.86	\$ 8,571,335.83
On a GAAP basis, restricted formula aid awards are realized as revenue as eligibility requirements are met, but are realized as revenue only to the extent of expenditures on the budgetary basis.		
Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized.		(189,392.01)
The restricted state aids recorded in the Special Revenue Fund are realized utilizing the budgetary basis which dictates that revenue must equal expenditures and differs from GAAP which recognizes the revenue once the eligibility criteria are met as specified in Note 1 and GASB 33.		85,201.82
State aid payment recognized for GAAP statements in the current year, previously recognized for budgetary purposes, and State aid payment recognized as revenue for budgetary purposes, not recognized for GAAP statements until the subsequent year.	<u>173,700.00</u>	<u>(113,342.00)</u>
Total revenues as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds (B-2)	<u>\$ 171,651,632.86</u>	<u>\$ 8,353,803.64</u>
Uses / Outflows of Resources:		
Actual amounts (budgetary basis) "total expenditures" from the budgetary comparison schedule (C-series)	\$ 169,451,705.53	\$ 8,468,255.84
Expenditures related to purchasing agreements are not recognized on the budgetary comparison schedule but are considered expenditures on the governmental fund financial statements.	5,200,718.20	
Encumbrances for supplies and equipment ordered but not received is reported in the year the order is placed for budgetary purposes, but in the year the supplies are received for financial reporting purposes.		<u>(189,392.01)</u>
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds (B-2)	<u>\$ 174,652,423.73</u>	<u>\$ 8,278,863.83</u>

TOWNSHIP OF WASHINGTON SCHOOL DISTRICT
Notes to Required Supplementary Information - Part IV
For the Fiscal Year Ended June 30, 2022

Changes in Benefit Terms:

The actuarial valuation as of June 30, 2020, which was rolled forward to June 30, 2021, included changes due to employers adopting Chapter 44 provisions.

Changes in Assumptions:

The discount rate used as of June 30 measurement date is as follows:

<u>Year</u>	<u>Rate</u>	<u>Year</u>	<u>Rate</u>
2021	2.16%	2018	3.87%
2020	2.21%	2017	3.58%
2019	3.50%		

In addition to changes in the discount rate, other factors that affected the valuation of the net OPEB liability included changes in trend update, mortality projection scale update, and salary scale.

For pre-Medicare medical benefits, the trend rate is initially 5.65% and decreases to a 4.50% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2022 through 2023 are reflected. For PPO the trend is initially 5.74% in fiscal year 2024, increasing to 12.93% in fiscal year 2025 and decreases to 4.50% after 11 years. For HMO the trend is initially 6.01% in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreases to 4.50% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to a 4.50% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

SINGLE AUDIT SECTION

**REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND
STATE OF NEW JERSEY CIRCULAR 15-08-OMB**

INDEPENDENT AUDITOR'S REPORT

The Honorable President and
Members of the Board of Education
Township of Washington School District
County of Gloucester

Report on Compliance for Each Major Federal and State Program

Opinion on Each Major Federal and State Program

We have audited the Township of Washington School District's, in the County of Gloucester, State of New Jersey, compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* and the *New Jersey State Grant Compliance Supplement* that could have a direct and material effect on each of the School District's major federal and state programs for the fiscal year ended June 30, 2022. The School District's major federal and state programs are identified in the *Summary of Auditor's Results* section of the accompanying *Schedule of Findings and Questioned Costs*.

In our opinion, the Township of Washington School District, in the County of Gloucester, State of New Jersey, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2022.

Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Our responsibilities under those standards, the Uniform Guidance, and State of New Jersey Circular 15-08-OMB, are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of the School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the School District's federal and state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America; *Government Auditing Standards*; the Office of School Finance, Department of Education, State of New Jersey; Uniform Guidance; and State of New Jersey Circular 15-08-OMB, will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about the School District's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, *Government Auditing Standards*, the Uniform Guidance, and State of New Jersey Circular 15-08-OMB, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and State of New Jersey Circular 15-08-OMB, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and State of New Jersey Circular 15-08-OMB. Accordingly, this report is not suitable for any other purpose.

TOWNSHIP OF WASHINGTON SCHOOL DISTRICT
Notes to Schedules of Expenditures of Federal Awards and State Financial Assistance
For the Fiscal Year Ended June 30, 2022

Note 1: BASIS OF PRESENTATION

The accompanying schedules of expenditures of federal awards and state financial assistance (“the schedules”) include federal and state award activity of the Township of Washington School District (hereafter referred to as the “School District”). The School District is defined in note 1 to the School District’s basic financial statements. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies, are included on the schedules. Because these schedules present only a selected portion of the operations of the School District, it is not intended to and does not present the financial position and changes in operations of the School District.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying schedules are presented using the budgetary basis of accounting, with the following exception: programs recorded in the enterprise fund are presented using the accrual basis of accounting. These bases of accounting are described in note 1 to the School District’s basic financial statements. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, wherein certain types of expenditures are not allowed or are limited as to reimbursement.

Note 3: INDIRECT COST RATE

The School District has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

Note 4: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund, special revenue fund and proprietary fund (enterprise fund - food service) on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes, payments are not recognized until the subsequent budget year due to the State deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more June state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

Note 4: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (CONT'D)

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$173,700.00 for the general fund and (\$218,018.67) for the special revenue fund. See exhibit C-3, notes to required supplementary information, for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds.

Awards and financial assistance revenues reported in the School District's basic financial statements on a GAAP basis with a reconciliation to the budgetary basis reported on the schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are presented as follows:

<u>Fund</u>	<u>Federal</u>	<u>State</u>	<u>Total</u>

Total Adjustments	<u>\$ (51.85)</u>	<u>\$ 0.01</u>	<u>\$ (51.84)</u>

Note 7: REIMBURSED AND ON-BEHALF PAYMENTS

During the fiscal year ended June 30, 2022, the School District was the recipient of federal and state assistance that represented either a reimbursement to the School District or payments made on-behalf of the School District. Revenues and expenditures reported under the federal food distribution program represent the current year value received and the current year distribution, respectively, of American-grown United States Department of Agriculture foods utilized in the School District's food service program. TPAF Social Security Contributions represents the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the fiscal year. Lastly, the School District has recognized as revenues and expenditures on-behalf payments made by the State for normal costs, non-contributory insurance, post-retirement medical costs, and long-term disability insurance related to TPAF members.
