**The Honorable President and
Members of the Board of Trustees
Millville Public Charter School
Millville, New Jersey 08332**

Dear Board Members:

The annual comprehensive financial report of the Millville Public Charter School (District) for the fiscal year ended June 30, 2022, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Trustees (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material aspects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the School. All disclosures necessary to enable the reader to gain an understanding of the School's financial activities have been included.

The annual comprehensive financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the School's organizational chart and a list of principal officials. The financial section includes the basic financial statements and schedules, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The School is required to undergo an annual single audit in conformity with the provisions of OMB Uniform Guidance, Audits of States, Local Government, and Non-Profit Organizations, and State of New Jersey Circular 15-08-OMB, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and questioned costs, are included in the single audit section of this report.

1) REPORTING ENTITY AND ITS SERVICES: The Millville Public Charter School reports in accordance with GASB Statements No. 14, The Financial Reporting Entity, as amended. Blended component units, although legally separate entities, are in-substance part of the government's operations. All funds of the School are included in this report.

The School provides a full range of educational services appropriate for students in Kindergarten through Grade 8. These services include general education, special education for students with disabilities, as well as basic skills instruction for students in need of intervention. The School completed the 2021-2022 fiscal year with an enrollment of 285 students in grades K-8. The following details the changes in the student enrollment of the District.

Student Fiscal Year	Enrollment as of June 30th	Percent Change
21-22	285	15.43%
20-21	241	6%
19-20	227.3	11.97%
18-19	203	-25.9%
17-18	274	-10%
16-17	304	18%
15-16	249	13.25%
14-15	216	19%
13-14	176	24%
12-13	134	27%

2) ECONOMIC CONDITION AND OUTLOOK: Millville Public Charter School maximum enrollment is 339 students as set forth in the charter in the 2022-2023 school year. Current enrollment projections have the number closer to 300 students.

The School is situated at 1101 Wheaton Ave. Suite 220, Millville NJ 08332.

3) MAJOR INITIATIVES: The district sponsored a number of initiatives aimed at increasing student academic achievement including but not limited to enhancing the leadership capacity of employees, providing consistent and meaningful professional development, improving the instructional program by augmenting instructional strategies, and using data more effectively and efficiently. The initiatives were meant to serve all students.

4) INTERNAL ACCOUNTING CONTROLS: Management of the School is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the School are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to

allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognized that: (1) the costs of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As recipient of Federal and State financial aid, the School also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the School management.

As part of the School's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to Federal and State financial assistance programs, as well as to determine that the School has complied with applicable laws and regulations.

5) BUDGETARY CONTROLS: In addition to internal accounting controls, the School maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of Trustees. Annual appropriated budgets are adopted for the general fund and the special revenue fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as assignments of fund balance at June 30, 2022.

6) ACCOUNTING SYSTEM AND REPORTS: The School's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the School is organized on the basis of funds. The funds are explained in "Notes to Financial Statement", Note 1.

7) CASH MANAGEMENT: The investment policy of the School is guided in large part by State statute as detailed in "Notes to Financial Statements", Note 2. The School has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with failed banking institutions

in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

8) RISK MANAGEMENT: The Board carries various forms of insurance, including but not limited to general liability, directors and officers liability, child molestation, accident insurance, workers compensation, hazard and theft on property and contents, benefits and surety bonds.

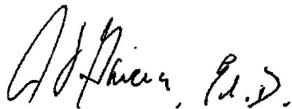

9) OTHER INFORMATION:

Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Bowman & Company LLP, was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of OMB Uniform Guidance, Audits of States, Local Governments and Non-Profit Organizations and State of New Jersey Circular 15-08-OMB, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. The auditor's report on the basic financial statements, combining and individual fund statements, and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

10) ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the Board of Trustees for their concern in providing fiscal accountability to all stakeholders in the school community and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our staff.

INDEPENDENT AUDITOR'S REPORT

The Honorable President and
Members of the Board of Trustees
Millville Public Charter School
Millville, New Jersey

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the blended component unit, and each major fund of the Millville Public Charter School, in the County of Cumberland, State of New Jersey, as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the blended component unit, and each major fund of the Millville Public Charter School, in the County of Cumberland, State of New Jersey, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Charter School and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

Change in Accounting Principle

As described in note 1 to the financial statements, during the fiscal year ended June 30, 2022, the Charter School adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

Consistency of Financial Statements

Because of the implementation of GASB Statement No. 87, the Charter School has determined that certain disclosures of long-term liabilities relating to capital leases in the prior fiscal year are now disclosed as financed purchases (note 6). Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Charter School's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Charter School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Charter School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of the Charter School's proportionate share of the net pension liability, schedule of the Charter School's pension contributions, and schedule of changes in the Charter School's total OPEB liability and related ratios, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Millville Public Charter School's basic financial statements. The combining statements and related major fund supporting statements and schedules, are presented for purposes of additional analysis, as required by the Office of School Finance, Department of Education, State of New Jersey, and are not a required part of the basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, respectively, are also presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements and related major fund supporting statements and schedules, and schedules of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 14, 2023 on our consideration of the Millville Public Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Millville Public Charter School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Millville Public Charter School's internal control over financial reporting and compliance.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

INDEPENDENT AUDITOR'S REPORT

The Honorable President and
Members of the Board of Trustees
Millville Public Charter School
Millville, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial statement audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and in compliance with audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, the blended component unit, and each major fund of the Millville Public Charter School, in the County of Cumberland, State of New Jersey, as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements, and have issued our report thereon dated March 14, 2023. Our report on the financial statements included an emphasis of matter paragraph describing the adoption of a new accounting principle and an additional paragraph on the consistency of financial statements resulting from the new accounting principle.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Millville Public Charter School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of the Millville Public Charter School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Millville Public Charter School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, and federal and state awarding agencies and pass-through entities, in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REQUIRED SUPPLEMENTARY INFORMATION
PART I**

**MILLVILLE PUBLIC CHARTER SCHOOL
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022
UNAUDITED**

The Millville Public Charter School Management Discussion and Analysis (MD&A) is designed to provide an overview of the Charter School's financial position, identify any material deviations from the financial plan (the approved budget), and identify individual fund issues or concerns. The focus of the MD&A is on current year activities, resulting changes and currently known facts. The MD&A should be read in conjunction with the Transmittal Letter, the Charter School's Financial Statements and Notes to Financial Statements.

The MD&A is an element of Required Supplementary Information specified in the Government Accounting Standards Board Statement (GASB) No. 34 titled Basic Financial Statements and Management's Discussion and Analysis- for State and Local Governments issued in June 1999.

Financial Highlights

Financial Highlights for fiscal year 2022:

- The total assets and deferred outflows of resources of the Charter School were under its total liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$431,692 (net position).
- The Charter School's total net position increased by \$961,548, from the prior fiscal year.
- As of the close of the current fiscal year, the Charter School's governmental funds reported combined ending fund balances of \$1,575,215, an increase of \$826,123 in comparison with the prior year.

Overview of the Financial Statements

The financial section of the annual report consists of four parts:

1. Independent Auditor's Report
2. Required Supplementary Information, including the MD&A (this section)
3. Basic Financial Statements (Statement of Net Position and the Statement of Activities)
4. Supplementary Information

The government-wide financial statements are designed to be corporate-like in that all government and business-type activities are consolidated into columns, which add to a total for the Charter School. The focus of the Statement of Net Position is designed to be similar to a bottom line for the Charter School and its government and business type activities. This statement, for the first-time, combines and consolidates governmental fund's current financial resources (short-term expendable resources) with capital assets and long-term obligations.

The statement of activities is focused on both the gross and net costs of various activities (including governmental and business-type), which are provided by the Charter School's general and other revenues. This statement is intended to summarize and simplify the user's analysis of the cost of various governmental services and/or subsidy to various business type activities.

The basic financial statements include two kinds of statements that present different views for the Charter School. The first two statements are government-wide financial statements that provide both long-term and short-term information about the Charter School's overall financial status. The remaining statements are fund financial statements that focus on individual parts of the Charter School's operations in more detail than the government-wide statements.

The governmental fund statements tell how general government services were financed in the short-term as well as what remains for future spending.

Proprietary fund statements offer short-term and long-term financial information about those types of activities that operate like a business.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

The statements are followed by required supplementary information that further explains and supports the information in the financial statements including; budget schedules, reconciliations and individual fund statements.

**MILLVILLE PUBLIC CHARTER SCHOOL
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022
UNAUDITED**

Statement of Net Position and Statement of Activities

The Statement of Net Position and the Statement of Activities include all assets and liabilities of the Charter School using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes in to account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the Charter School's net position and changes in those assets. This change in net position is important because it tells the reader that, for the Charter School as a whole, the financial position of the Charter School has improved or diminished. The causes of this change may be the result of factors, some financial, and some not. Non-financial factors include the Charter School's required educational programs and other factors.

In the Statement of Net Position and Statement of Activities, the Charter School reports governmental, business-type activities and the activities of its blended component unit. Governmental activities are the activities where most of the Charter School's programs and services are reported including, but not limited to, Instruction, Administration and Support Services.

Fund Financial Statements

The Fund financial reports provide detailed information about the Charter School's major funds. The Charter School uses several funds to account for a variety of financial transactions. However, these fund financial statements focus on the Charter School's most significant funds. The Charter School's major governmental funds are the General Fund and the Special Revenue Fund.

Governmental Funds

Most of the Charter School's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future periods. These funds are reported using an accounting method called modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Charter School's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Proprietary Funds

Enterprise funds, which are a proprietary fund type used to report an activity for which a fee is charged to an external user for goods or services, are used to report the same functions presented as business-type activities in the government-wide financial statements. The Charter School uses enterprise funds to account for its food service program and after school program.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The Charter School as a Whole

The Statement of Net Position provides a snapshot of the Charter School as a whole.

Governmental Activities

The local levy and federal and state aid made up 96.2% of revenues for governmental activities for the Charter School in fiscal year 2022.

The Statement of Activities shows the cost of the governmental activities' program services and the changes for services and grants offsetting those services. It also shows the activities of the blended component unit, Friends of Millville Public Charter School. Table 3 below shows the total cost of services and the net cost of services for fiscal year 2022. The table shows the cost of these services supported by general revenues.

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and pupil.

Administrative expenses include expenses associated with establishing and administering policy for the Charter School.

Support Services are expenditures for the maintenance of the plant.

Unallocated benefits represents expenses related to GASB 68 and the pension liability allocated to the Charter School by the State of New Jersey.

The dependence upon the revenues received from sending districts and federal and state aid is apparent. The revenues from sending districts and federal and state governments are the primary financial support for the Charter School.

The Charter School's Funds

The Charter School's major funds are accounted for using the modified accrual basis of accounting. All governmental funds had revenues of \$4,676,760 and expenditures of \$3,850,637. The fund balance in the General Fund was \$1,574,008 for 2022, a net increase of \$826,859 over the prior fiscal period. The Enterprise Fund has an unrestricted net position of \$392,436 at June 30, 2022.

General Fund Budgeting Highlights

The Charter School's budget is prepared in accordance with New Jersey Law. The most significant budgeted fund is the General Fund. During the course of the 2022 fiscal year, the Charter School modified its General Fund budget to accommodate revised revenue calculations provided from the State of New Jersey. Revenue calculations are based on enrollment counts performed during the fiscal year and are dependent on the sending district the student's residency is reported in.

For the General Fund, the final budget basis revenue was \$3,382,245. The original budgeted estimate was \$3,015,934.

Enterprise Funds

The Charter School's food service is managed internally by staff of the Millville Public Charter School, the school also services Vineland Public Charter School and Bridgeton Public Charter School through a consolidation agreement. In the Enterprise Fund, revenues exceeded expenditures by \$243,712 for fiscal year 2022.

Capital Assets

The Charter School has capital assets consisting of a building and equipment with a balance net of related debt in the amount of (\$1,049,681). The building is owned by the blended component unit, Friends of Millville Public Charter School.

**MILLVILLE PUBLIC CHARTER SCHOOL

Debt Administration

At June 30, 2022, the Charter School has no debt outside of financed purchases. Friends of Millville Public Charter School has a mortgage in the amount of \$6,551,488 for the building.

Economic Factors and Next Year's Budget

The Charter School maintained its budget through the revenue received from sending districts for their local levy and state levy and categorical aid specific for their students and from federal aid and miscellaneous revenue sources.

As a charter school, revenues are driven by the residency of its student population and the level of enrollment of students in those sending districts.

The Charter School expects to maximize its enrollment for the 2022-23 fiscal year.

MILLVILLE PUBLIC CHARTER SCHOOL
Notes to Financial Statements
For the Fiscal Year Ended June 30, 2022

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Millville Public Charter School (the "Charter School") have been prepared to conform with accounting principles generally accepted in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant of these policies.

Description of the Financial Reporting Entity

The Charter School is a K-8 charter school located in the County of Cumberland, State of New Jersey. The school opened in September of 2012 through the approval of its New Jersey Charter School Application by the State of New Jersey, Department of Education. As a charter school, the Millville Public Charter School functions independently through a Board of Trustees (the "Board"). The Board is comprised of five appointed officials. An Executive Director is appointed by the Board and is responsible for the administrative control of the school. The purpose of the Charter School is to educate students in grades K-8 at its school located in Millville. The Charter School has an approximate enrollment at June 30, 2022 of 286.

The primary criterion for including activities within the Charter School's reporting entity, as set forth in Section 2100 of the Governmental Accounting Standards Board *Codification of Governmental Accounting and Financial Reporting Standards*, is the degree of oversight responsibility maintained by the Charter School. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. The combined financial statements include all funds of the Charter School over which the Board exercises operating control.

Component Units

In evaluating how to define the Charter School for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statement No. 14, *The Financial Reporting Entity*, as amended. Blended component units, although legally separate entities, are in-substance part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and / or its citizens.

A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Component Units (Cont'd)**

Based upon the application of these criteria, the Charter School has determined that the following organization is considered a component unit:

Friends of Millville Public Charter School A NJ Nonprofit Corporation
1101 Wheaton Ave.
Millville, NJ 08332

In the accompanying consolidated financial statements, the component unit has been blended with Millville Public Charter School, the sole member of Friends of Millville Public Charter School A NJ Nonprofit Corporation ("Friends of MPCs"). Intercompany transactions and balances have been eliminated in the blended government-wide financial statements.

Government-wide and Fund Financial Statements

The Charter School's basic financial statements consist of government-wide statements, and fund financial statements which provide a more detailed level of financial information.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. It is the policy of the Charter School to not allocate indirect expenses to functions in the statement of activities. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Revenues from the Charter School's student's district of residence and other items not properly included among program revenues are reported instead as general revenues.

In regards to the fund financial statements, the Charter School segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Fund financial statements report detailed information about the Charter School. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a single column. Internal service funds are aggregated and presented in a single column on the face of the proprietary fund statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Revenues from the Charter School's student's district of residence are recognized as revenues in the year for which they are established based on enrollment. In accordance with New Jersey State Statute, the Charter School is entitled to receive moneys under an established payment schedule, and any unpaid amount is considered as an accounts receivable.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Measurement Focus, Basis of Accounting and Financial Statement Presentation (Cont'd)**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are deemed both available and measurable. Available means when revenues are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Charter School considers revenues to be available if they are collected within sixty (60) days of the end of the current fiscal year. Measurable means that the amount of revenue can be determined. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Revenues from the Charter School's student's district of residence, reimbursable-type grants, and interest associated with the current fiscal year are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal year. All other revenue items are considered to be measurable and available only when cash is received by the Charter School.

The Charter School reports the following major governmental funds:

General Fund - The general fund is the primary operating fund of the Charter School. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment classified in the capital outlay sub-fund.

As required by the New Jersey State Department of Education, the Charter School includes budgeted capital outlay in this fund. Accounting principles generally accepted in the United States of America, as they pertain to governmental entities, state that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey aid, and appropriated fund balance. Expenditures are those which result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to, or remodeling of buildings, and the purchase of built-in equipment.

Charter Schools do not maintain debt service funds, therefore expenditures for principal and interest are accounted for in the general fund.

Special Revenue Fund - The special revenue fund is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

Capital Projects Fund - The capital projects fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets, other than those financed by proprietary funds. The financial resources are derived from temporary notes, serial bonds, or from the general fund by way of transfers from capital outlay.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Measurement Focus, Basis of Accounting and Financial Statement Presentation (Cont'd)**

Proprietary funds are used to account for the Charter School's ongoing organizations and activities, which are operated and financed in a manner similar to those found in the private sector. The measurement focus is upon the determination of net income. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All items not meeting this definition are reported as nonoperating revenues and expenses.

The Charter School reports the following major proprietary funds:

Enterprise Funds

Food Service Fund - This fund accounts for the financial transactions related to the food service operations of the Charter School.

Internal Service Funds

Internal service funds are used to account for the financing of goods and services provided by one charter school to another on a cost reimbursement basis. The Charter School maintains two internal service funds, for sharing administrative expenses with two other charter schools.

As a rule, the effect of internal/interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all revenues from the Charter School's student's district of residence.

Budgets / Budgetary Control

Annual appropriated budgets are prepared in the spring of each fiscal year for the general and special revenue and are submitted to the New Jersey Department of Education. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the budget line account system promulgated by the State of New Jersey Department of Education for Charter Schools and based on the minimum chart of accounts referenced in N.J.A.C. 6A:23A-16.2(f)1. Transfers of appropriations may be made by school board resolution at any time during the fiscal year in accordance with N.J.A.C. 6A:23A-13.3.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the budgetary basis. The budgetary basis differs from GAAP in that the budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Budgets / Budgetary Control (Cont'd)**

The budget, as detailed on exhibit C-1 and exhibit C-2 includes all amendments to the adopted budget, if any.

Exhibit C-3 presents a reconciliation of the general fund revenues and special revenue fund revenues and expenditures from the budgetary basis of accounting, as presented in the general fund budgetary comparison schedule and the special revenue fund budgetary comparison schedule, to the GAAP basis of accounting as presented in the statement of revenues, expenditures and changes in fund balances - governmental funds. Note that the Charter School does not report encumbrances outstanding at fiscal year-end as expenditures in the general fund since the general fund budget follows the modified accrual basis of accounting.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded to assign a portion of the applicable appropriation, is utilized for budgetary control purposes. Encumbrances are a component of fund balance at fiscal year-end as they do not constitute expenditures or liabilities, but rather commitments related to unperformed contracts for goods and services. Open encumbrances in the governmental funds, other than the special revenue fund, which have not been previously restricted, committed, or assigned, should be included within committed or assigned fund balance, as appropriate.

Open encumbrances in the special revenue fund, however, for which the Charter School has received advances of grant awards, are reflected on the balance sheet as unearned revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

Cash, Cash Equivalents and Investments

Cash and cash equivalents, for all funds, include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. Such is the definition of cash and cash equivalents used in the statement of cash flows for the proprietary funds. U.S. treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey Charter Schools are limited as to the types of investments and types of financial institutions in which they may invest. N.J.S.A. 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey Charter Schools.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Inventories**

Inventories are valued at cost, which approximates market. The costs are determined on a first-in, first-out method.

The cost of inventories in the governmental fund financial statements is recorded as expenditures when purchased rather than when consumed.

Inventories recorded on the government-wide financial statements and in the proprietary fund types are recorded as expenses when consumed rather than when purchased.

Tuition Receivable

The Charter School Program Act of 1995 specifically prohibits a charter school from charging tuition to students who reside in the district of residence of the Charter School or are non-resident students.

Lease Receivable

Lease receivables recorded on the government-wide financial statement, in the governmental funds, and in the proprietary fund types represents a contract that conveys control of the right to use the Charter School's (lessor) nonfinancial asset. At the commencement of the lease term, the lessor recognizes a lease receivable and a deferred inflow of resources. The lease receivable is measured at the present value of lease payments expected to be received during the lease term. The Charter School was not a lessor during the fiscal year ended June 30, 2022.

Revenues from District of Residence, Region of Residence and Non-Resident Districts

The Charter School's primary source of revenue is from the district of residence, region of residence or non-resident districts from which its students are enrolled in the Charter School. The amounts are calculated from the most recent budget data of the student's district.

Local Levy – Equalization Aid State and Local Share – The charter school's funding is pursuant to the *School Funding Reform Act of 2008*, which states the school district of residence shall pay directly to the charter school for each student enrolled in the charter school who resides in the district an amount equal to 90% of the sum of the budget year equalization aid per pupil and the pre-budget year general fund tax levy per pupil inflated by the CPI rate most recent to the calculation.

Special Education / Security Aid – The school district of residence shall pay directly to the charter school the security aid attributable to the student and a percentage of the district's special education categorical aid equal to the percentage of the district's special education students enrolled in the charter school.

Prepaid Expenses

Prepaid expenses recorded on the government-wide financial statements and in the proprietary fund types represent payments made to vendors for services that will benefit periods beyond June 30, 2022. The Charter School had no prepaid expenses for the fiscal year ended June 30, 2022.

In the governmental fund financial statements, however, payments for prepaid items are fully recognized as expenditures in the fiscal year of payment. No asset for the prepayment is created, and no expenditure allocation to future accounting periods is required (*non-allocation method*). This is consistent with the basic governmental concept that only expendable financial resources are reported by a specific fund.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Short-Term Interfund Receivables / Payables**

Short-term interfund receivables / payables (internal balances) represent amounts that are owed, other than charges for goods or services rendered to / from a particular fund within the Charter School, and that are due within one year. Such balances are eliminated in the statement of net position to minimize the grossing up of internal balances, thus leaving a net amount due between the governmental and business-type activities that are eliminated in the total government column.

Capital Assets

Capital assets represent the cumulative amount of capital assets used by the Charter School. Purchased capital assets are recorded as expenditures in the governmental fund financial statements and are capitalized at cost on the government-wide statement of net position and proprietary fund statement of net position. Intangible right to use assets (lease assets) are recorded as expenditures in the governmental fund financial statements. Lease assets are measured on the government-wide statement of net position and proprietary fund statement of net position at the amount of the initial measurement of the related lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs. In the case of gifts or contributions, such capital assets are recorded at acquisition value at the time received.

The Charter School's capitalization threshold is \$2,000.00. Other costs incurred for repairs and maintenance are expensed as incurred. All reported capital assets, except land and construction in progress, are depreciated. Amortization on lease assets and depreciation on other capital assets is computed using the straight-line method over the shorter of the lease term or the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Building	30 Years
General Equipment	3 - 10 Years
Vehicles	5 Years

The Charter School does not possess any infrastructure assets.

Deferred Outflows of Resources and Deferred Inflows of Resources

The statement of net position and the balance sheet for governmental funds reports separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources, reported after total assets, represents a reduction of net position that applies to a future period(s) and will be recognized as an outflow of resources (expense) at that time. Deferred inflows of resources, reported after total liabilities, represents an acquisition of net position that applies to a future period(s) and will be recognized as an inflow of resources (revenue) at that time.

Transactions are classified as deferred outflows of resources and deferred inflows of resources only when specifically prescribed by the Governmental Accounting Standards Board (GASB) standards. The Charter School is required to report the following as deferred outflows of resources and deferred inflows of resources: defined benefit pension plans.

Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied and is recorded as a liability until the revenue is both measurable and the Charter School is eligible to realize the revenue.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Compensated Absences**

Compensated absences are payments to employees for accumulated time such as paid vacation, paid holidays, sick pay, and sabbatical leave. A liability for compensated absences that is attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the Charter School and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the Charter School and its employees, are accounted for in the period in which such services are rendered or in which such events take place. The Charter School does not have a policy for the payment of compensated absences.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities, and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner, and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, special termination benefits, and contractually required pension contributions that will be paid from governmental funds, are reported as a liability in the fund financial statements only to the extent that they are normally expected to be paid with expendable available financial resources. Bonds are recognized as a liability on the governmental fund financial statements when due.

Net Position

Net position represents the difference between the summation of assets and deferred outflows of resources, and the summation of liabilities and deferred inflows of resources. Net position is classified into the following three components:

Net Investment in Capital Assets - This component represents capital assets, net of accumulated depreciation or amortization of intangible capital assets, net of outstanding balances of borrowings used for the acquisition, construction, or improvement of those assets.

Restricted - Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Charter School or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Unrestricted - Net position is reported as unrestricted when it does not meet the criteria of the other two components of net position.

The Charter School applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Fund Balance**

The Charter School reports fund balance in classifications that comprise a hierarchy based primarily on the extent to which the Charter School is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The Charter School's classifications, and policies for determining such classifications, are as follows:

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, such as inventories and prepaid amounts.

Restricted - The restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources either by being (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Charter School's highest level of decision-making authority, which, for the Charter School, is the Board of Trustees. Such formal action consists of an affirmative vote by the Board of Trustees, memorialized by the adoption of a resolution. Once committed, amounts cannot be used for any other purpose unless the Board of Trustees removes, or changes, the specified use by taking the same type of action (resolution) it employed to previously commit those amounts.

Assigned - The assigned fund balance classification includes amounts that are constrained by the Charter School's *intent* to be used for specific purposes, but are neither restricted nor committed. *Intent* is expressed by either the Board of Trustees or by the business administrator, to which the Board of Trustees has delegated the authority to assign amounts to be used for specific purposes. Such authority of the business administrator is established by way of a formal job description for the position and standard operating procedures, approved by the Board of Trustees.

Unassigned - The unassigned fund balance classification is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balances are available, it is the policy of the Charter School to spend restricted fund balances first. Moreover, when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used, it is the policy of the Charter School to spend fund balances, if appropriate, in the following order: committed, assigned, then unassigned.

Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditures / expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources / uses in governmental funds and after non-operating revenues / expenses in proprietary funds. Reimbursements from funds responsible for particular expenditures / expenses to the funds that initially paid for them are not presented on the financial statements.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Accounting Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Impact of Recently Issued Accounting Principles**Recently Issued and Adopted Accounting Pronouncements**

The Charter School implemented the following GASB Statement for the fiscal year ended June 30, 2022:

Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

Because of the implementation of GASB Statement No. 87, the Charter School has determined that lease agreements in the prior fiscal year formerly reported and / or disclosed have now been reported and disclosed in accordance with the Statement (note 6).

Recently Issued Accounting Pronouncements

The GASB has issued the following Statement that will become effective for the Charter School for fiscal years ending after June 30, 2024:

Statement No. 101, *Compensated Absences*. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The Statement will become effective for the Charter School in the fiscal year ending June 30, 2025. Management is currently evaluating whether or not this Statement will have an impact on the basic financial statements of the Charter School.

Note 2: CASH AND CASH EQUIVALENTS

Custodial Credit Risk Related to Deposits - Custodial credit risk is the risk that, in the event of a bank failure, the Charter School's deposits might not be recovered. Although the Charter School does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the Charter School in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds, salary withholdings, and student activity funds, or funds that may pass to the Charter School relative to the happening of a future condition. Such funds are classified as uninsured and uncollateralized.

All of the Charter School's bank balances of \$2,271,859.28 as of June 30, 2022 were insured and collateralized.

Note 3: ACCOUNTS RECEIVABLE

Accounts receivable at June 30, 2022 consisted of accounts (fees for services) and intergovernmental awards / grants. All receivables are considered collectible in full due to the stable condition of federal and state programs, the current fiscal year guarantee of federal funds, and the regulated budgetary control of governmental entities in New Jersey.

Accounts receivable as of fiscal year end for the Charter School's individual major funds, in the aggregate, are as follows:

	<u>Governmental Funds</u>		<u>Proprietary Funds</u>	<u>Total Governmental Activities</u>	<u>Proprietary Funds</u>		<u>Total</u>

Note 8: PENSION PLANS

A substantial number of the Charter School's employees participate in one of the following defined benefit pension plans: the Teachers' Pension and Annuity Fund ("TPAF") and the Public Employees' Retirement System ("PERS"), which are administered by the New Jersey Division of Pensions and Benefits (the "Division"). In addition, several Charter School employees participate in the Defined Contribution Retirement Program, which is a defined contribution pension plan. The DCRP is administered by Empower (formerly Prudential Financial).

Each of the aforementioned plans have a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements, required supplementary information, and detailed information about the PERS and TPAF plans' fiduciary net position that can be obtained by writing to or at the following website:

General Information about the Pension Plans**Plan Descriptions**

Teachers' Pension and Annuity Fund - The Teachers' Pension and Annuity Fund is a cost-sharing multiple-employer defined benefit pension plan, with a special funding situation, which was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66. The State of New Jersey ("State") is responsible to fund 100% of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. The TPAF's designated purpose is to provide retirement benefits, death, disability and medical benefits to certain qualified members. Membership in the TPAF is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, who have titles that are unclassified, professional and certified. The TPAF Board of Trustees is primarily responsible for the administration of the Plan.

Public Employees' Retirement System - The Public Employees' Retirement System is a cost-sharing multiple-employer defined benefit pension plan that was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A. The PERS' designated purpose is to provide retirement, death, disability, and medical benefits to certain qualified members. Membership in the PERS is mandatory for substantially all full-time employees of the Charter School, provided the employee is not required to be a member of another state-administered retirement system or other state pensions fund or local jurisdiction's pension fund. The PERS' Board of Trustees is primarily responsible for the administration of the PERS.

Note 8: PENSION PLANS (CONT'D)**General Information about the Pension Plans (Cont'd)****Plan Descriptions (Cont'd)**

Defined Contribution Retirement Program - The Defined Contribution Retirement Program is a multiple-employer defined contribution pension fund established on July 1, 2007 under the provisions of P.L. 2007, c. 92 and P.L. 2007, c. 103, and expanded under the provisions of P.L. 2008, c. 89 and P.L. 2010, c. 1. The DCRP is a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) § 401(a) et seq., and is a "governmental plan" within the meaning of IRC § 414(d). The DCRP provides retirement benefits for eligible employees and their beneficiaries. Individuals covered under DCRP are employees enrolled in TPAF or PERS on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits; employees enrolled in New Jersey State Police Retirement System (SPRS) or the Police and Firemen's Retirement System (PFRS) after May 21, 2010, who earn salary in excess of established "maximum compensation" limits; employees otherwise eligible to enroll in TPAF or PERS on or after November 2, 2008, who do not earn the minimum annual salary for tier 3 enrollment but who earn salary of at least \$5,000.00 annually; and employees otherwise eligible to enroll in TPAF or PERS after May 21, 2010 who do not work the minimum number of hours per week required for tiers 4 or 5 enrollment, but who earn salary of at least \$5,000.00 annually.

Vesting and Benefit Provisions

Teachers' Pension and Annuity Fund - The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

The following represents the membership tiers for TPAF:

Tier Definition

- 1 Members who were enrolled prior to July 1, 2007
- 2 Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
- 3 Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
- 4 Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
- 5 Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 before age 65 with 30 years or more of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Note 8: PENSION PLANS (CONT'D)**General Information About the Pension Plans (Cont'd)****Vesting and Benefit Provisions (Cont'd)**

Public Employees' Retirement System - The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after 10 years of service.

The membership tiers for PERS are the same as previously noted for TPAF.

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more service credit before age 62 and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Defined Contribution Retirement Program - Eligible members are provided with a defined contribution retirement plan intended to qualify for favorable Federal income tax treatment under IRC Section 401(a), a noncontributory group life insurance plan and a noncontributory group disability benefit plan. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employee contributions shall immediately become and shall at all times remain fully vested and nonforfeitable. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employer contributions shall be vested and nonforfeitable on the date the participant commences the second year of employment or upon his or her attainment of age 65, while employed by an employer, whichever occurs first.

Contributions

Teachers' Pension and Annuity Fund - The contribution policy is set by N.J.S.A. 18A:66 and requires contributions by active members and contributing employers. Pursuant to the provisions of P.L. 2011, C. 78, the member contribution rate was 7.50% in State fiscal year 2021. The State's contribution is based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability. For fiscal year 2021, the State's pension contribution was less than the actuarial determined amount.

Under current statute, all employer contributions are made by the State of New Jersey on-behalf of the Charter School and all other related non-contributing employers. No normal or accrued liability contribution by the Charter School has been required over several preceding fiscal years. These on-behalf contributions by the State of New Jersey are considered a special funding situation, under the definition of GASB 68, *Accounting and Financial Reporting for Pensions*.

The Charter School's contractually required contribution rate for the fiscal year ended June 30, 2022 was 23.06% of the Charter School's covered payroll, of which 0.00% of payroll was required from the Charter School and 100.00% of payroll was required from the State of New Jersey. The Charter School was not required to contribute to the pension plan during the fiscal year ended June 30, 2022 because of the 100.00% special funding situation with the State of New Jersey.

Note 8: PENSION PLANS (CONT'D)**General Information About the Pension Plans (Cont'd)****Contributions (Cont'd)**

Teachers' Pension and Annuity Fund (Cont'd) - Based on the most recent TPAF measurement date of June 30, 2021, the State's contractually required contribution, on-behalf of the Charter School, to the pension plan for the fiscal year ended June 30, 2022 was \$273,599.00, and was paid by April 1, 2022. Charter School employee contributions to the Plan during the fiscal year ended June 30, 2022 were \$92,224.49.

Public Employees' Retirement System - The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Pursuant to the provisions of P.L. 2011, C. 78, the member contribution rate was 7.50% in State fiscal year 2021. Employers' contributions are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability.

The Charter School's contractually required contribution rate for the fiscal year ended June 30, 2022 was 22.14% of the Charter School's covered payroll. This amount was actuarially determined as the amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, including an additional amount to finance any unfunded accrued liability.

Based on the most recent PERS measurement date of June 30, 2021, the Charter School's contractually required contribution to the pension plan for the fiscal year ended June 30, 2022 was \$49,515.00, and was paid by April 1, 2022. Charter School employee contributions to the Plan during the fiscal year ended June 30, 2022 were \$20,453.99.

Defined Contribution Retirement Program - The contribution policy is set by N.J.S.A. 43:15C-3 and requires contributions by active members and contributing employers. In accordance with P.L. 2007, C. 92, and P.L. 2007, C. 103, Plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the Charter School contributes 3% of the employees' base salary, for each pay period.

For the fiscal year ended June 30, 2022, employee contributions totaled \$7,389.22, and the Charter School recognized pension expense, which equaled the required contributions, of \$5,666.87. There were no forfeitures during the fiscal year.

Pension Liabilities, Pension (Benefit) Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**Teachers' Pension and Annuity Fund**

Pension Liability - At June 30, 2022, the Charter School was not required to report a liability for its proportionate share of the net pension liability for TPAF because of the 100% special funding situation by the State of New Jersey.

The State's proportionate share of net pension liability, however, attributable to the Charter School is as follows:

Charter School's Proportionate Share of Net Pension Liability	\$	-
State of New Jersey's Proportionate Share of Net Pension Liability associated with the Charter School		<u>4,488,398.00</u>
	\$	<u>4,488,398.00</u>

Note 8: PENSION PLANS (CONT'D)**Pension Liabilities, Pension (Benefit) Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Cont'd)****Teachers' Pension and Annuity Fund (Cont'd)**

Pension Liability (Cont'd) - The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The total pension liability was calculated using updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2021. For the June 30, 2021 measurement date, the Charter School's proportion of the net pension liability was based on a projection of the Charter School's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State of New Jersey, actuarially determined. At the June 30, 2021 measurement date, the Charter School proportion was 0.00% due to the 100% special funding situation with the State of New Jersey; however, the State's proportionate share of the TPAF net pension liability associated with the Charter School was 0.0093362046%, which was a decrease of 0.0014815302% from its proportion measured as of June 30, 2020.

Pension (Benefit) Expense - For the fiscal year ended June 30, 2022, the State's proportionate share of the pension (benefit) expense, associated with the Charter School, calculated by the Plan as of June 30, 2021 measurement date, was \$105,614.00. This on-behalf expense has been recognized by the Charter School in the government-wide financial statements.

Public Employees' Retirement System

Pension Liability - At June 30, 2022, the Charter School reported a liability of \$500,872.00 for its proportionate share of the net pension liability for PERS. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The total pension liability was calculated using updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2021. The Charter School's proportion of the net pension liability was based on a projection of the Charter School's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. For the June 30, 2021 measurement date, the Charter School's proportion was 0.0042280176%, which was an increase of 0.0004727256% from its proportion measured as of June 30, 2020.

Pension (Benefit) Expense - For the fiscal year ended June 30, 2022, the Charter School recognized pension (benefit) expense of \$21,037.00, in the government-wide financial statements. This pension expense was based on the pension plan's June 30, 2021 measurement date.

Note 8: PENSION PLANS (CONT'D)**Pension Liabilities, Pension (Benefit) Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Cont'd)****Public Employees' Retirement System (Cont'd)**

Deferred Outflows and Inflows of Resources - At June 30, 2022, the Charter School reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between Expected and Actual Experience	\$ 7,899.00	\$ 3,586.00

Note 8: PENSION PLANS (CONT'D)**Actuarial Assumptions**

The net pension liabilities were measured as of June 30, 2021 and the total pension liabilities used to calculate the net pension liability were determined by an actuarial valuation as of July 1, 2020. The total pension liabilities were calculated using updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2021. The actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

For TPAF, pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

For PERS, pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

Note 8: PENSION PLANS (CONT'D)**Actuarial Assumptions (Cont'd)**

For TPAF and PERS, in accordance with State statute, the long-term expected rate of return on Plan investments (7.00% at the June 30, 2021 measurement date) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic rates of return for each major asset class included in TPAF's and PERS' target asset allocation as of the June 30, 2021 measurement date are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Rea Rate of Return</u>

Discount Rate -

Teachers' Pension and Annuity Fund - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 2.16% as of the June 30, 2021 measurement date based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers would be based on 100% of the actuarially determined contributions for the State. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to projected benefit payments in determining the total pension liability.

Note 8: PENSION PLANS (CONT'D)**Actuarial Assumptions (Cont'd)****Discount Rate (Cont'd) -**

Public Employees' Retirement System - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 2.16% as of the June 30, 2021 measurement date based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity would be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all projected benefit payments in determining the total pension liability.

Sensitivity of Proportionate Share of Net Pension Liability to Changes in the Discount Rate

Teachers' Pension and Annuity Fund (TPAF) - As previously mentioned TPAF has a special funding situation where the State pays 100% of the Charter School's annual required contribution. As such, the proportionate share of the net pension liability as of June 30, 2021, the Plan's measurement date, attributable to the Charter School is \$0.00. The following, however, presents the net pension liability of the State as of June 30, 2021 (Plan's measurement date), attributable to the Charter School, calculated using the discount rate of 7.00% as well as what the State's net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage-point higher than the current rate:

	1% Decrease <u>(6.00%)</u>	Current Discount Rate <u>(7.00%)</u>	1% Increase <u>(8.00%)</u>

	<u>\$ 5,310,525.00</u>	<u>\$ 4,488,398.00</u>	<u>\$ 3,797,863.00</u>

Public Employees' Retirement System (PERS) - The following presents the Charter School's proportionate share of the net pension liability at June 30, 2021, the Plan's measurement date, calculated using a discount rate of 7.00%, as well as what the Charter School's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rates used:

	1% Decrease <u>(6.00%)</u>	Current Discount Rate <u>(7.00%)</u>	1% Increase <u>(8.00%)</u>
Charter School's Proportionate Share of the Net Pension Liability	<u>\$ 682,086.00</u>	<u>\$ 500,872.00</u>	<u>\$ 347,086.00</u>

Note 8: PENSION PLANS (CONT'D)**Pension Plan Fiduciary Net Position**

For purposes of measuring the net pension liability, deferred outflows of resources, deferred inflows of resources related to pensions, and pension expense, information about the respective fiduciary net position of the TPAF and PERS and additions to/deductions from TPAF and PERS' respective fiduciary net position have been determined on the same basis as they are reported by TPAF and PERS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)**STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN****General Information about the OPEB Plan**

Plan Description and Benefits Provided - The State Health Benefit Local Education Retired Employees Plan (the "OPEB Plan") is a multiple-employer defined benefit OPEB plan, with a special funding situation, that is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75 - *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions*. The OPEB Plan is administered by the State of New Jersey Division of Pensions and Benefits (the "Division") and is part of the New Jersey State Health Benefits Program (SHBP). The Division issues a publicly available financial report that includes financial statements and required supplementary information which can be obtained by writing to or at the following website:

State of New Jersey
Division of Pensions and Benefits
P.O. Box 295
Trenton, New Jersey 08625-0295
<https://www.nj.gov/treasury/pensions/financial-reports.shtml>

The OPEB Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

Contributions - The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey (the "State") in accordance with N.J.S.A 52:14-17.32f. According to N.J.S.A 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****General Information about the OPEB Plan (Cont'd)**

Employees Covered by Benefit Terms - At June 30, 2021, the OPEB Plan's measurement date, the entire State Health Benefit Local Education Retired Employees OPEB Plan consisted of the following members.

Active Plan Members	213,901
Inactive Plan Members or Beneficiaries Currently Receiving Benefits	150,427
Inactive Plan Members Entitled to but Not Yet Receiving Benefit Payments	-
	<u>364,328</u>

Total Non-Employer OPEB Liability

The State of New Jersey, a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to the OPEB Plan for qualified retired TPAF, PERS, PFRS and ABP pension participants. The Charter School's proportionate share percentage determined under paragraphs 193 and 203 through 205 of GASBS No. 75 is zero percent. Accordingly, the Charter School did not recognize any portion of the collective net OPEB liability on the statement of net position.

The State's proportionate share of the net OPEB liability associated with the Charter School as of June 30, 2022 was \$2,145,834.00. Since the OPEB liability associated with the Charter School is 100% attributable to the State, the OPEB liability will be referred to as the total non-employer OPEB liability.

The total non-employer OPEB liability was measured as of June 30, 2021, and was determined by an actuarial valuation as of June 30, 2020, which was rolled forward to June 30, 2021. For the June 30, 2021 measurement date, the State's proportionate share of the non-employer OPEB liability associated with the Charter School was 0.0035759340%, which was an increase of 0.0002033721% from its proportion measured as of June 30, 2020.

Actuarial Assumptions and Other Inputs - The actuarial assumptions and other inputs vary for each plan member depending on the pension plan in which the member is enrolled. The actuarial valuation at June 30, 2020, which was rolled forward to June 30, 2021, used the following actuarial assumptions, applied to all periods in the measurement:

Salary Increases -

	<u>TPAF/ABP</u> *	<u>PERS</u> *	<u>PFRS</u> *
Salary Increases:			
Through 2026	1.55 - 4.45%	2.00 - 6.00%	3.25 - 15.25% *
Thereafter	1.55 - 5.65%	3.00 - 7.00%	Not Applicable

* based on service years

Inflation Rate - 2.50%.

Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****Total Non-Employer OPEB Liability (Cont'd)****Actuarial Assumptions and Other Inputs (Cont'd) -**

Mortality Rates - Current and future retiree healthy mortality rates were based on the PUB-2010 "General" classification and PUB-2010 Health "Teachers" classification headcount-weighted mortality tables with fully generational mortality improvement projections from the central year using Scale MP-2021.

Disabled mortality was based on the PUB-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

Experience Studies - The actuarial assumptions used in the June 30, 2020 valuation, which was rolled forward to June 30, 2021, were based on the results of actuarial experience studies for the periods July 1, 2015 - June 30, 2018, July 1, 2014 - June 30, 2018, and July 1, 2013 - June 30, 2018 for TPAF, PERS, and PFRS, respectively.

Health Care Trend Assumptions - For pre-Medicare medical benefits, the trend rate is initially 5.65% and decreases to a 4.50% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2022 through 2023 are reflected. For PPO the trend is initially 5.74% in fiscal year 2024, increasing to 12.93% in fiscal year 2025 and decreases to 4.50% after 11 years. For HMO the trend is initially 6.01% in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreases to 4.50% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to a 4.50% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

Discount Rate - The discount rate for June 30, 2021 measurement date was 2.16%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Changes in the Total Non-Employer OPEB Liability

The below table summarizes the State's proportionate share of the change in the total non-employer OPEB liability associated with the Charter School:

Balance at June 30, 2021		\$ 2,286,933.00
Changes for the Year:		
Service Cost	\$ 472,875.00	
Interest Cost	55,665.00

Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)****Changes in the Total Non-Employer OPEB Liability (Cont'd)**

Benefit changes: the change in liability for the measurement period from June 30, 2020 to June 30, 2021 is due to employers adopting Chapter 44 provisions.

Differences between expected and actual experience reflect a decrease in liability for the measurement period from June 30, 2020 to June 30, 2021 due to changes in the census.

Changes in assumptions reflect an increase in the liability for the measurement period from June 30, 2020 to June 30, 2021 is due to the combined effect of the decrease in the assumed discount rate from 2.21% as of June 30, 2020 to 2.16% as of June 30, 2021; and changes in the trend, salary scale, and updated mortality projection scale.

Sensitivity of the Total Non-Employer OPEB Liability to Changes in the Discount Rate - The State's proportionate share of the total non-employer OPEB liability as of June 30, 2021, associated with the Charter School, using a discount rate of 2.16%, as well as using a discount rate that is 1% lower or 1% higher than the current rate used is as follows:

	1% Decrease (1.16%)	Current Discount Rate (2.16%)	1% Increase (3.16%)
State of New Jersey's Proportionate Share of the Total Non-Employer OPEB Liability Associated with the Charter School	<u>\$ 2,570,372.00</u>	<u>\$ 2,145,834.00</u>	<u>\$ 1,811,536.00</u>

Sensitivity of the Total Non-Employer OPEB Liability to Changes in the Healthcare Cost Trend Rates - The State's proportionate share of the total non-employer OPEB liability as of June 30, 2021, associated with the Charter School, using a healthcare cost trend rates that are 1% lower or 1% higher than the current healthcare cost trend rate used is as follows:

	1% Decrease	Healthcare Cost Trend Rates	1% Increase
State of New Jersey's Proportionate Share of the Total Non-Employer OPEB Liability Associated with the Charter School	<u>\$ 1,737,060.00</u>	<u>\$ 2,145,834.00</u>	<u>\$ 2,694,788.00</u>

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Total Non-Employer OPEB Liability

OPEB Expense - For the fiscal year ended June 30, 2022, the Charter School recognized \$558,550.00 in OPEB expense and revenue, in the government-wide financial statements, for the State's proportionate share of the OPEB Plan's OPEB expense, associated with the Charter School. This expense and revenue was based on the OPEB Plan's June 30, 2021 measurement date.

Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)

STATE HEALTH BENEFIT LOCAL EDUCATION RETIRED EMPLOYEES PLAN (CONT'D)

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Total Non-Employer OPEB Liability (Cont'd)

Deferred Outflows and Inflows of Resources - In accordance with GASBS No. 75, the Charter School's proportionate share of the OPEB liability is zero. As such, there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources by the Charter School; however, at June 30, 2022, the State's proportionate share of the total non-employer OPEB liability's deferred outflows of resources and deferred inflows of resources, associated with Charter School, from the following sources are as follows:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between Expected and Actual Experience	\$ 323,475.00	\$ 644,003.00
Changes of Assumptions	364,014.00	230,228.00

	<u>\$ 1,317,052.00</u>	<u>\$ 967,584.00</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the State's proportionate share of the total non-employer OPEB liability, associated with the Charter School, will be recognized in OPEB expense as follows:

<u>Fiscal Year Ending June 30,</u>	
2023	\$ 43,545.00
2024	43,545.00
2025	43,545.00
2026	43,545.00
2027	48,761.00
Thereafter	<u>126,527.00</u>
	<u>\$ 349,468.00</u>

Note 10: ON-BEHALF PAYMENTS

For the fiscal year ended June 30, 2022, the Charter School has recognized as revenues and expenditures on-behalf payments made by the State for normal costs and post-retirement medical costs related to TPAF, in the fund financial statements. The amounts recognized as revenues and expenditures in the fund financial statements for normal costs, post-retirement medical costs, and long-term disability insurance were \$337,149.00, \$78,772.00, and \$369.00, respectively.

Note 11: RISK MANAGEMENT

The Charter School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The Charter School maintains commercial insurance coverage for property, liability, student accident, and surety bonds. A complete schedule of insurance coverage can be found in the statistical section of this Annual Comprehensive Financial Report.

New Jersey Unemployment Compensation Insurance - The Charter School has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Charter School is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Charter School is billed quarterly for amounts due to the State.

The following is a summary of the activity of the Charter School's unemployment claims for the current and previous two fiscal years:

<u>Fiscal Year</u> <u>Ended June 30,</u>	<u>Charter</u> <u>School</u> <u>Contributions</u>	<u>Employee</u> <u>Contributions</u>	<u>Interest</u> <u>Income</u>	<u>Claims</u> <u>Incurred</u>	<u>Ending Balance</u>

2020	\$ 6,497.62	3,374.99	9.56	6,287.99		20,414.25

Note 12: DEFERRED COMPENSATION

The Charter School offers its employees a choice of two deferred compensation plans through one plan administrator created in accordance with Internal Revenue Code Sections 403(b) and 457. The plans permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death, or unforeseeable emergency. The plan administrator is as follows:

The OMNI Group (OMNI)

Note 13: INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Interfunds - The composition of interfund balances as of June 30, 2022 is as follows:

<u>Fund</u>	<u>Interfunds Receivable</u>	<u>Interfunds Payable</u>
General	\$ 138,245.28	\$ 331,798.50
Special Revenue		97,221.58
Proprietary	331,798.50	41,023.70
	<u>\$ 470,043.78</u>	<u>\$ 470,043.78</u>

The interfund receivables and payables above predominately resulted from payments made by certain funds on behalf of other funds. During the fiscal year 2023, the Charter School expects to liquidate such interfunds, depending upon the availability of cash flow.

Note 14: CONTINGENCIES

Grantor Agencies - Amounts received or receivable from grantor agencies could be subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Charter School expects such amount, if any, to be immaterial.

Litigation - The Charter School is in various stages of legal proceedings. It is believed that the outcome, or exposure to the Charter School, from such litigation is either unknown or potential losses, if any, would not be material to the financial statements.

Note 15: CONCENTRATIONS

The Charter School depends on financial resources flowing from, or associated with, both the federal government and the State of New Jersey. As a result of this dependency, the Charter School is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations.

Note 16: FUND BALANCES**RESTRICTED**

As stated in note 1, the restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources by either of the following: (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation. Specific restrictions of the Charter School's fund balance are summarized as follows:

General Fund

For Unemployment Compensation - Pursuant to N.J.S.A. 43:21-7.3(g), the Charter School has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method" (see note 11). As a result, there exists at June 30, 2022 a restricted fund balance from employer contributions in the amount of \$2,838.92 for future unemployment claims.

Special Revenue Fund

For Student Activities - In accordance with N.J.A.C. 6A:23A-16.12(c), each charter school shall ensure through adoption of a formal board policy that all financial and bookkeeping controls are adequate to ensure appropriate fiscal accountability and sound business practices for funds collected for student activities. As such, borrowing from student activity funds is prohibited. The balance of these funds as of June 30, 2022 is \$1,206.91.

ASSIGNED

As stated in note 1, the assigned fund balance classification includes amounts that are constrained by the Charter School's *intent* to be used for specific purposes, but are neither restricted nor committed. Specific assignments of the Charter School's fund balance are summarized as follows:

Other Purposes - As of June 30, 2022, the Charter School had \$131,319.48 of encumbrances outstanding for purchase orders and contracts signed by the Charter School, but not completed, as of the close of the fiscal year.

UNASSIGNED

As stated in note 1, the unassigned fund balance classification represents fund balance that has not been restricted, committed, or assigned to specific purposes. The Charter School's unassigned fund balance is summarized as follows:

General Fund - As of June 30, 2022, \$1,439,850.03 of general fund balance was unassigned.

Note 17: SUBSEQUENT EVENTS

Mortgage Payable – On August 2, 2022, the Friends of MPCS mortgage with Education Capital Solutions, LLC and MPCS Project Development, LLC was assigned to RM Millville NJ LLC for the school building and land.

COVID-19 - On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the “COVID-19 outbreak”) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Charter School’s financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Charter School is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2023.

MILLVILLE PUBLIC CHARTER SCHOOL
Notes to Required Supplementary Information - Part IV
For the Fiscal Year Ended June 30, 2022

Changes in Benefit Terms:

The actuarial valuation as of June 30, 2020, which was rolled forward to June 30, 2021, included changes due to employers adopting Chapter 44 provisions.

Changes in Assumptions:

The discount rate used as of June 30 measurement date is as follows:

<u>Year</u>	<u>Rate</u>	<u>Year</u>	<u>Rate</u>
2021	2.16%	2018	3.87%
2020	2.21%	2017	3.58%
2019	3.50%		

In addition to changes in the discount rate, other factors that affected the valuation of the net OPEB liability included changes in trend update, mortality projection scale update, and salary scale.

For pre-Medicare medical benefits, the trend rate is initially 5.65% and decreases to a 4.50% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2022 through 2023 are reflected. For PPO the trend is initially 5.74% in fiscal year 2024, increasing to 12.93% in fiscal year 2025 and decreases to 4.50% after 11 years. For HMO the trend is initially 6.01% in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreases to 4.50% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to a 4.50% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

Charter School Performance Framework – Financial Indicators

The New Jersey Department of Education (NJDOE) developed the comprehensive Performance Framework to ensure that each and every NJ charter school is serving students with a high-quality public education. The Performance Framework – Financial Indicators set the fiscal standards by which all NJ public charter schools will be evaluated, informing both NJDOE and individual school officials about school performance and sustainability. By utilizing the Performance Framework throughout the charter school's life cycle, NJDOE officials will expand the rigorous standards and metrics by which each and every public charter school is evaluated. Please refer to the following exhibit for the Charter School's Performance Framework Financial Indicators.

Opinion on Each Major Federal and State Program

We have audited the Millville Public Charter School's, in the County of Cumberland, State of New Jersey, compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* and the *New Jersey State Grant Compliance Supplement* that could have a direct and material effect on each of the Charter School's major federal and state programs for the fiscal year ended June 30, 2022. The Charter School's major federal and state programs are identified in the *Summary of Auditor's Results* section of the accompanying *Schedule of Findings and Questioned Costs*.

In our opinion, the Millville Public Charter School's, in the County of Cumberland, State of New Jersey, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2022.

Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Our responsibilities under those standards, the Uniform Guidance, and State of New Jersey Circular 15-08-OMB, are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the Charter School and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of the Charter School's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Charter School's federal and state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Charter School's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America; *Government Auditing Standards*; the Office of School Finance, Department of Education, State of New Jersey; Uniform Guidance; and State of New Jersey Circular 15-08-OMB, will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about the Charter School's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, *Government Auditing Standards*, the Uniform Guidance, and State of New Jersey Circular 15-08-OMB, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Charter School's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Charter School's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and State of New Jersey Circular 15-08-OMB, but not for the purpose of expressing an opinion on the effectiveness of the Charter School's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying *Schedule of Findings and Questioned Costs* and *Independent Auditor's Management Report on Administrative Findings - Financial, Compliance and Performance* as *Finding No. 2022-001*. Our opinion on each major federal and state program is not modified with respect to this matters.

Government Auditing Standards requires the auditor to perform limited procedures on the Millville Public Charter School's response to the noncompliance findings identified in our audit described in the accompanying *Schedule of Findings and Questioned Costs*. The Charter School's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and State of New Jersey Circular 15-08-OMB. Accordingly, this report is not suitable for any other purpose.

MILLVILLE PUBLIC CHARTER SCHOOL

Notes to Schedules of Expenditures of Federal Awards and State Financial Assistance
For the Fiscal Year Ended June 30, 2022

Note 1: BASIS OF PRESENTATION

The accompanying schedules of expenditures of federal awards and state financial assistance (“the schedules”) include federal and state award activity of the Millville Public Charter School (hereafter referred to as the “Charter School”). The Charter School is defined in note 1 to the Charter School’s basic financial statements. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies, are included on the schedules. Because these schedules present only a selected portion of the operations of the Charter School, it is not intended to and does not present the financial position and changes in operations of the Charter School.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying schedules are presented using the budgetary basis of accounting, with the following exceptions: programs recorded in the enterprise funds are presented using the accrual basis of accounting. These bases of accounting are described in note 1 to the Charter School’s basic financial statements. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, wherein certain types of expenditures are not allowed or are limited as to reimbursement.

Note 3: INDIRECT COST RATE

The Charter School has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

Note 4: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund, special revenue fund, and proprietary fund (enterprise fund – food service) on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis. The special revenue fund is presented in the accompanying schedules on the budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not.

Note 4: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (CONT'D)

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$15,853.87 for the special revenue fund. See exhibit C-3, notes to required supplementary information, for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds.

Awards and financial assistance revenues reported in the Charter School's basic financial statements on a GAAP basis with a reconciliation to the budgetary basis reported on the schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are presented as follows:

<u>Fund</u>	<u>Federal</u>	<u>State</u>	<u>Total</u>

Total Awards and Financial Assistance Expended	<u>\$ 1,663,454.77</u>	<u>\$ 3,937,862.25</u>	<u>\$ 5,601,317.02</u>

Note 5: RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

Note 6: REIMBURSED AND ON-BEHALF PAYMENTS

During the fiscal year ended June 30, 2022, the Charter School was the recipient of federal and state assistance that represented either a reimbursement to the Charter School or payments made on-behalf of the Charter School. Revenues and expenditures reported under the federal food distribution program represent the current year value received and the current year distribution, respectively, of American-grown United States Department of Agriculture foods utilized in the Charter School's food service program. TPAF Social Security Contributions represents the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the fiscal year. Lastly, the Charter School has recognized as revenues and expenditures on-behalf payments made by the State for normal costs, non-contributory insurance, post-retirement medical costs, and long-term disability insurance related to TPAF members.
