Board of Trustees Red Bank Charter School County of Monmouth, New Jersey

Dear Board of Trustees:

The Annual Comprehensive Financial Report of the Red Bank Charter School (the "Charter School") for the fiscal year ended June 30, 2022 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Trustees and administrators of the Charter School. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the Charter School. All disclosures necessary to enable the reader to gain an understanding of the Charter School's financial activities have been included.

The Annual Comprehensive Financial Report is presented in four (4) sections: Introductory, Financial, Statistical and Single Audit. The introductory section includes this transmittal letter, the organizational chart and a list of the Board of Trustee members. The financial section includes the basic financial statements and schedules, as well as the auditors' report thereon. The statistical section includes selected financial information, presented on a multi-year basis. The Charter School is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act and Title 2 U.S. Code of Federal Regulations (CFR) Part 200 Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance), and the NJOMB Circular Letter 15-08, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid". Information related to this single audit, including the auditors' report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1. REPORTING ENTITY AND ITS SERVICES: The Red Bank Charter School is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board (GASS) as established by National Council on Governmental Accounting (NCGA) Statement No. 3. All funds of the Charter School are included in this report. The Charter School constitutes the reporting entity. The Charter School provides a full range of educational services appropriate to grade levels K through 8. These included regular, special education and an after-school program. Enrollment remained stable throughout 2021-22 with an average daily enrollment of 197, students.

58 Oakland Street Red Bank, NJ 07701 www.redbankcharterschool.com Phone - 732-450-2092 Fax - 732-936-1923

Dr. Kristen Martello, Head of School Ida West-Jones, Academic Administrator David P. Block, Business Administrator

- 2. <u>MAJOR INITIATIVES:</u> Following are the major initiatives successfully implemented at The Red Bank Charter School for the 2021-2022 school year:
  - Social media and updated public relations materials were continued as part of the communications upgrades for the school and larger community.
  - Student and parent engagement in school community activities and events continues to be at 90%+ indicating high degree of satisfaction with the school.
  - Continued a fundraising effort to help supplement the retrofitting of warehouse space into a gymnasium at 135 Monmouth St. location
  - Continued collaboration with the RBCS Foundation
- 3. <u>INTERNAL ACCOUNTING CONTROLS:</u> Administration of the Charter School is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the Charter School are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by administration.

As a recipient of federal and state financial assistance, the Charter School is responsible for ensuring that an adequate internal control structure is in place for compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by the Charter School administration.

As part of the Charter School's single audit described earlier, tests are made to determine the adequacy of internal controls, including that portion related to federal and state financial assistance programs, as well as to determine that the Charter School has complied with applicable laws and regulations.

4. <u>BUDGETARY CONTROLS:</u> In addition to internal accounting controls, the Charter School maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget. Annual appropriated budgets are required for the General Fund and the Special Revenue Fund. The final budget amount as amended for the fiscal year is presented in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line-item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year.

58 Oakland Street Red Bank, NJ 07701 www.redbankcharterschool.com Phone - 732-450-2092 Fax - 732-936-1923

Dr. Kristen Martello, Head of School Ida West-Jones, Academic Administrator David P. Block, Business Administrator

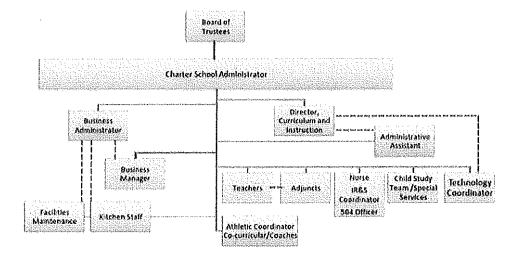

- 5. <u>ACCOUNTING SYSTEM AND REPORTS:</u> The Charter School's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASS). The accounting system of the Charter School is organized on the basis of funds each of which maintains a self-balancing set of accounts. These funds are explained in the "Notes to the Basic Financial Statements".
- 6. <u>DEBT ADMINISTRATION:</u> At June 30, 2022 the Charter School had outstanding mortgage balances of \$3,505,784.
- 7. CASH MANAGEMENT: The investment policy of the Charter School is guided in large part by state statute as detailed in "Notes to the Basic Financial Statements". The Charter School has an investment policy that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.
- 8. <u>RISK MANAGEMENT:</u> The Charter School carries various forms of insurance, including, but not limited to, general liability, automobile liability and comprehensive/ collision, hazard and theft insurance on property and contents, student accident insurance and fidelity bonds.
- 9. <u>INDEPENDENT AUDIT:</u> State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Jump, Perry and Company, LLP was selected by the Board of Trustees. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1996 and the related Uniform Guidance and State Treasury Circular Letter 15-08. The auditor's report in the basic financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.
- 10. <u>ACKNOWLEDGMENTS:</u> We would like to express our appreciation to the Board of Trustees of the Red Bank Charter School for their concern in providing fiscal accountability of the Charter School and thereby contributing their full support to the development and maintenance of our financial operation.

Respectfully submitted,

School Business Administrator

#### INDEPENDENT AUDITOR'S REPORT

Honorable President and Members of the Board of Trustees Red Bank Charter School: County of Monmouth Red Bank, New Jersey

#### Report on the Audit of the Financial Statements

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Red Bank Charter School in the County of Monmouth, State of New Jersey, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above, present fairly in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Red Bank Charter School in the County of Monmouth, State of New Jersey as of June 30, 2022 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Red Bank Charter School and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Red Bank Charter School's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, and design and perform audit procedures responsive to those risks. Such
  procedures include examining, on a test basis, evidence regarding the amounts and disclosures
  in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of Red Bank Charter School's internal control. Accordingly, no such
  opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Red Bank Charter School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, the schedules related to accounting and reporting for pensions and the schedules related to accounting and reporting for postemployment benefits other than pensions, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise of Red Bank Charter School's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 16, 2023 on our consideration of Red Bank Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Red Bank Charter School internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Red Bank Charter School's internal control over financial reporting and compliance.

Respectfully Submitted,

Jump, Perry and Company L.L.P.

REQUIRED SUPPLEMENTARY INFORMATION - PART I

#### Red Bank Charter School

#### Management's Discussion and Analysis

#### For the Fiscal Year Ended June 30, 2022

#### Unaudited

The discussion and analysis of Red Bank Charter School's financial performance provides an overall review of the Charter School's financial activities for the fiscal year ended June 30, 2022. The intent of this discussion and analysis is to look at the Charter School's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the Charter School's financial performance.

#### Financial Highlights

Key financial highlights for June 30, 2022 are as follows:

Net position totaled \$1,554,119, which represents a 18.26 percent increase from June 30, 2021.

General revenues accounted for \$3,770,208 in revenue or 90.76 percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for \$383,618 or 9.24 percent of total revenues of \$4,153,826.

Total assets increased by \$254,271 as current assets increased by \$353,249 and capital assets, net decreased by \$98,978.

The Charter School had \$3,913,806 in expenses; only \$383,618 of these expenses were offset by program specific charges for services, grants or contributions. General revenues (tuition charges and related state aid) of \$3,770,208 were adequate to provide for these programs.

Among major funds, the General Fund had \$3,299,352 in revenues and \$3,163,557 in expenditures and transfers. The General Fund's balance increased \$135,795 over June 30, 2021. The General Fund's balance is \$814.473.

#### Using this Annual Comprehensive Financial Report (ACFR)

The annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Red Bank Charter School as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the Charter School, presenting both an aggregate view of the Charter School's finances and longer-term view of those finances. Fund financial statements provide the next level of detail. For government funds, these statements tell how services were financed in the short term as well as what remains for future spending. The fund financial statements also look at the Charter School's most significant funds with all other non-major funds presented in total in one column. In the case of Red Bank Charter School, the General Fund is by far the most significant.

#### Reporting the Charter School as a Whole

#### Statement of Net Position and the Statement of Activities

The Statement of Net Position and Statement of Activities provide information about the activities of the Charter School and are designed to provide readers with a broad overview of the Charter School's finances, in a manner similar to private-sector business.

These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the accrual basis of accounting similar to the accounting used by most private-sector businesses. This basis of accounting takes into consideration all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the Charter School's net position and changes in net position. The change in net position is important because it informs the reader that the financial position of the Charter School has improved or worsened. The causes of the change may be the result of many factors, some financial and some not. Non-financial factors include, but are not limited to, the Charter School's property tax base, current laws in New Jersey restricting revenue growth, facility conditions, and required educational programs. In the Statement of Net Position and the Statement of Activities, the Charter School is divided into two kinds of activities:

Governmental Activities - All of the Charter School's programs and services are reported here including, instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.

Business-Type Activities - This service is provided on a charge for goods or services basis to recover all the expense of the goods or services provided. The Food Service Funds are reported as a business activities.

#### Reporting the Charter School's Most Significant Funds

#### **Fund Financial Statement**

The analysis of the Charter School's major funds begins with Exhibit B-1. Fund financial reports provide detailed information about the Charter School's major funds. The Charter School's major governmental funds are the General Fund and Special Revenue Fund.

#### **Governmental Funds**

The Charter School's activities are reported in governmental funds, which focus on how money flows into and out of the funds and balances left at year-end available for spending in the future years. These funds are reported using a modified accrual accounting method which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Charter School's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

#### **Enterprise Fund**

The Enterprise Fund uses the same basis of accounting as business-type activities.

#### The Charter School as a Whole

The Statement of Net Position provides the financial perspective of the Charter School as a whole. Net position may, over time, serve as a useful indicator of a government's financial position.

Table 1 provides a summary comparison of the Charter School's net position for June 30, 2022 and 2021.

Table 1

Net Position as of June 30, 2022 and June 30, 2021

		June 30, 2022			June 30, 2021	
	Governmental Activities	Business-type Activities	Total	Governmental Activities	Business-type Activities	Total

#### **Government Activities**

The tuition portion paid by the sending district is made up 41.31% of revenues for governmental activities for the fiscal year 2022. The Charter School's total revenues were \$4,035,237 for the year ended June 30, 2022. Federal, state and local grants accounted for another 58.69%.

The total cost of all programs and services was \$3,785,128. Instruction and instruction direct support comprises 63.05% of the Charter School's expenses.

#### **Business-Type Activities**

Revenues for the Charter School's business-type activities (food service program) were comprised of charges for services and grants.

Total Enterprise Fund expenses exceeded revenues by \$10,089. The Operating fund transferred \$5,658 to the Enterprise Fund to cover costs.

Federal and state reimbursements for meals, including interest, payments for free and reduced lunches was \$118,589.

#### **Governmental Activities**

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total costs of services and the net cost of services. The net cost shows the financial burden that was placed on the Charter School's taxpayers by each of these functions.

<u>Table 3</u>
Governmental Activities

		20		2021				
	Total Cost of Services			Net Cost of Services		Total Cost of Services	1	Net Cost of Services
Instruction Support Services:	\$	1,700,865	\$	1,700,865	\$	1,666,857	\$	1,666,857
Pupils and Instructional Staff General Administration, School Administration, Business Operation and Maintenance		685,742		420,713		637,475		377,466
of Facilities Pupil Transportation		1,268,350 890		1,268,350 890		1,104,829 -		1,104,829 -
Interest and Fiscal Charges	_	129,281	_	129,281	_	134,916		134,916
Total Expenses	\$	3,785,128	\$_	3,520,099	\$_	3,544,077	\$_	3,284,068

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Extracurricular activities includes expenses related to student activities provided by the Charter School which are designed to provide opportunities for students to participate in school and public events for the purpose of motivation, enjoyment, skill improvement, school spirit and leadership. Approximately 90% of the student population participates in extracurricular activities.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

Interest expense relates to the mortgage the Charter school has on their building.

#### The Charter School's Funds

Information about the Charter School's major funds starts with Exhibit B-1. These funds are accounted for using the modified accrual basis of accounting. All government funds had total revenues of \$4,035,237 and expenditures of \$3,885,475. The net change in fund balance for the year was most significant in the General Fund, with an increase of \$138,446.

As demonstrated by the various statements and schedules included in the financial section of this report, the Charter School continues to meet its responsibility for sound financial management.

The following schedule presents a summary of General Fund and Special Revenue Fund revenues for the fiscal year ended June 30, 2022.

<u>Revenue</u>	2022 <u>Amount</u>	Percent of Total	Increase/ (Decrease) from 2021	Percent of Increase/ (Decrease)

Total	\$ <u></u>	3,885,475	100.00 %	\$ <u>_</u>	234,328	6.41 %

#### **General Fund Budgeting Highlights**

The Charter School's budget is prepared according to New Jersey law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During the course of the fiscal year 2022, the Charter School amended its General Fund budget as needed. The Charter School uses program-based budgeting and the budgeting systems are designed to tightly control total program budgets but provide flexibility for program management. Transfers from one program to another must be approved by the Business Administration, the Head of School and Board of Trustees. Transfers were necessitated by:

- Changes to enrollment
- Staffing changes based on student needs
- Changes in appropriations to prevent budget overruns

While the Charter School final budget for the General Fund anticipated that expenditures would exceed revenues by approximately \$42,000, the actual results for the year show a \$135,795 surplus.

#### **Capital Assets and Debt Administration**

Capital Assets. At the end of the fiscal year June 30, 2022, the Charter School had \$4,920,895 invested in land, buildings, and machinery and equipment.

<u>Table 4</u>
Capital Assets (Net of Depreciation) at June 30, 2022 and June 30, 2021

		Governmental Activities			Business-type Activities				Total			
		2022		2021	2022		2021		2022		2021	
Land	\$	847,547	\$	847,547	\$ -	\$	-	\$	847,547	\$	847,547	
Building and												
Improvements		3,830,222		3,936,313	-		-		3,830,222		3,936,313	
Machinery and Equipment		243,126		236,013	-		-		243,126		236,013	
	_											
Total	_\$_	4,920,895	\$	5,019,873	\$ -	\$	-	\$	4,920,895	\$	5,019,873	

During the current fiscal year, \$7,113 of capital assets were capitalized as additions. Increases in capital assets were offset by depreciation expense for the year.

*Debt Administration.* The Charter School's long-term liabilities are as follows for the governmental and business-type activities:

	<u>J</u>	une 30, 2022	<u> Jι</u>	<u>ıne 30, 2021</u>
Mortgages Payable (net)	\$	3,505,784	\$	3,640,923
Pension Liability-PERS	_	<u>566,654</u>		625,225
Total long-term liabilities	\$	4,072,438	\$	4,266,148

For more detailed information, please refer to the Capital Assets and Long-term debt notes in the basic financial statements.

#### **Economic Factors and Next Year's Budget**

For the 2021-2022 school year, the Charter School was able to sustain its budget through the local tax levy, state education aid and local revenue sources. Approximately 51.95% of the Charter School's revenue is from federal, state and local aid (restricted and not restricted), while 48.05% of total revenue is from local sources.

The \$76,852 in unrestricted net position for all governmental activities represents the accumulated results of all past years' operations. It means that if the Charter School had to pay off all bills today, including all of the Charter School's non-capital liabilities (compensated absences, etc.), the Charter School would have that much in value.

The 2021-2022 budget was adopted in March 2021 based in part on the state education aid the Charter School anticipated receiving. Any future increases based on the enrollment formula, originally formulated to allocate state education aid amongst school boards, will be minimal. Future decreases in local revenue and state education aid will place additional burden on the Charter School to come up with alternative funding sources.

The Charter School anticipates a slight increase in enrollment for the 2022-2023 fiscal year. If the Charter School were to experience a significant increase in enrollment with no appreciable increase in state aid for future budgets, the Charter School will be faced with the following alternatives: (a) reduce programs and services, (b) increase local tax levy or (c) seek alternative sources of funding.

#### **Contacting the Charter School's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the Charter School's finances and to show the Charter School's accountability for the money it receives. If you have questions about this report or need additional information, you may contact the School Business Administrator/Board Secretary at Red Bank Charter School, 58 Oakland Street, Red Bank, NJ, 07701.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Year Ended June 30, 2022

Total net change in fund balances - governmental funds (from B-2)	\$	138,446
Amounts reported for governmental activities in the statement of activities (A-2) are different because:		
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.  This is the amount by which capital outlays exceeded depreciation in the period.		
Depreciation expense \$ (106,09° Capital outlays _ 7,110°	,	(98,978)
In the Statement of Activities payments made on Long Term Debt are uses of resources but are reductions of the liabilities on the Statement of Net Position.		135,139
The amortization of the mortgage costs are included in interest expense on the Statement of Activities.		(2,263)
In the Statement of Activities, the PERS pension expense is the amount paid plus net change in the Deferred Outflows, Deferred Inflows and pension liability as reported by the State of New Jersey.		72,107
Change in net position of governmental activities	_\$_	244,451

#### Notes to Financial Statements

For the Year Ended June 30, 2022

### 1. Description of the Charter School and Reporting Entity

Red Bank Charter School ("Charter School") is an instrumentality of the State of New Jersey, established to function as an education institution in Red Bank, New Jersey. The Board of Trustees (the "Board") consists of appointed officials and are responsible for the fiscal control of the Charter School. An Educational Director is appointed by the Board and is responsible for the administrative control of the Charter School.

A reporting entity is comprised of the primary government, component units and other organizations that are included to insure that the financial statements of the Charter School are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the Charter School. For the Charter School, this includes general operations, food service and student related activities.

The primary criterion for including activities within the Charter School's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is the degree of oversight responsibility maintained by the Charter School. Oversight responsibility includes financial interdependency, section of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. The combined financial statements include all funds of the Charter School over which the Board exercises operating control. The Charter School serves students in grades Pre-K through eight. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the Charter School is not includable in any other reporting entity on the basis of such criteria.

### 2. Summary of Significant Accounting Policies

The financial statements of the Charter School have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant of the Charter School's accounting policies are described below.

#### A. Basis of Presentation

The Charter School's basic financial statements consists of Charter School-Wide statements, including a statement of net position and a statement of activities, and fund financial statements that provide a more detailed level of financial information.

### 1. Charter School-Wide Statements

The statement of net position and the statement of activities display information about the Charter School as a whole. These statements include the financial activities of the primary government, except for fiduciary activities. All interfund activity, excluding the fiduciary funds, has been eliminated in the Statement of Activities. Individual funds are not displayed but the statements distinguish governmental activities, generally financed in whole or in part with fees charged to external customers.

#### Notes to Financial Statements

For the Year Ended June 30, 2022

### 2. Summary of Significant Accounting Policies (Cont'd)

### A. Basis of Presentation (Cont'd)

### 1. Charter School-Wide Statements (Cont'd)

The statement of net position presents the financial condition of the governmental activities of the Charter School at fiscal year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the Charter School's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues of the Charter School, with certain limited expectations. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the Charter School.

#### 2. Fund Financial Statements

During the fiscal year, the Charter School segregates transactions related to certain Charter School functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance.

Fund financial statements are designed to present financial information of the Charter School at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column.

### B. Fund Accounting

The Charter School uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts.

### 1. Governmental Funds

Government funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the Charter School's major governmental funds:

#### Notes to Financial Statements

For the Year Ended June 30, 2022

### 2. Summary of Significant Accounting Policies (Cont'd)

### B. Fund Accounting (Cont'd)

### 1. Governmental Funds (Cont'd)

<u>General Fund</u> - The General Fund is the general operating fund of the Charter School. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment that are classified in the capital outlay subfund.

As required by the New Jersey State Department of Education, the Charter School included budgeted capital outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution.

<u>Special Revenue Fund</u> - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

### 2. Proprietary Funds

The focus of Proprietary Fund measurement is upon determination of net income, financial position and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary fund of the Charter School:

#### Notes to Financial Statements

For the Year Ended June 30, 2022

### 2. Summary of Significant Accounting Policies (Cont'd)

### B. Fund Accounting (Cont'd)

### 2. Proprietary Funds (Cont'd)

<u>Enterprise Fund</u> - The Enterprise Fund is utilized to account for operations that were financed and operated in a manner similar to private business enterprises - where the intent of the Charter School is that the costs (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing education basis be financed or recovered primarily through user charges; or, where the Charter School has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The Charter School's Enterprise Fund is comprised of the Food Service Fund.

All proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities, whether current or noncurrent, associated with their activity are included on their balance sheets. Their reported fund equity (net position) is segregated into invested in capital assets net of related debt and unrestricted net position, if applicable. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total position.

Depreciation of all exhaustive capital assets used by proprietary funds is charged as an expense against their operations.

### 3. Fiduciary Funds

**Fiduciary Funds -** The Fiduciary Funds are used to account for assets held by the Charter School on behalf of others if applicable.

#### Notes to Financial Statements

For the Year Ended June 30, 2022

### 2. Summary of Significant Accounting Policies (Cont'd)

### C. Measurement Focus

### 1. Charter School-Wide Financial Statements

The charter school-wide financial statements are prepared using the economic resources measurement focus. All assets and liabilities associated with the operation of the Charter School are included on the Statement of Net Position.

### 2. Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the charter school-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the charter school-wide statements and the statements for governmental funds.

All proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Proprietary fund-type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total position.

Fiduciary funds are reported using the economic resources measurement focus.

### D. Basis of Accounting

The modified accrual basis of accounting is used for measuring financial position and operating results of all governmental funds types, expendable trust funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. State equalization monies are recognized as revenue during the period in which they are appropriated. A one-year availability period is used for revenue recognition for all other governmental fund revenues. Expenditures are recognized in the accounting period in which the fund liability is incurred, except for principal and interest on general long-term debt which are recorded when due.

#### Notes to Financial Statements

For the Year Ended June 30, 2022

### 2. Summary of Significant Accounting Policies (Cont'd)

### D. Basis of Accounting (Cont'd)

The Charter School receives a portion of the local tax levy and state aid from the several school districts based upon the number of enrolled students. The State Department of Education in conjunction with the local school district revises the amounts to be received by the Charter School three times a year based upon the enrollment counts on June 1, October 15, and the last day of the school year. The local tax levy and state aid are susceptible to accrual. The Charter School records the entire anticipated local tax levy to be received at the start of the fiscal year based upon the June 1 enrollment count and certification from the New Jersey State Department of Education, since the revenue is both measurable and available. The Charter School is entitled to receive monies under the established payment schedule, which is revised after each enrollment count date, and the unpaid amount is considered to be an "accounts receivable". At June 30, 2022, the Charter School had accounts receivable of \$820 that represented amounts that had not been repaid based upon the current year final enrollment count.

The accrual basis of accounting is used for measuring financial position and operating results of proprietary fund types and nonexpendable trust funds. Under this method, revenues are recognized in the accounting period in which they are earned and expenses are recognized when they are incurred.

### E. Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the general and special revenue funds. The budgets are submitted to the county office for approval. Budgets are prepared using the modified accrual basis of accounting, except for the special revenue fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. Transfers of appropriations may be made by School Board resolution at any time during the fiscal year subject to the limitation of P.L. 2004 c73 (S1701). The Board of Trustees did not make any material supplemental budgetary appropriations during the fiscal year.

#### Notes to Financial Statements

For the Year Ended June 30, 2022

### 2. Summary of Significant Accounting Policies (Cont'd)

### E. Budgets/Budgetary Control (Cont'd)

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America (GAAP) with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

Exhibit C-3 represents a reconciliation of the General Fund revenues and Special Revenue Fund revenues and expenditures from the budgetary basis of accounting as presented in the Budgetary Comparison Schedule - General Fund and Special Revenue Fund to the GAAP basis of accounting as presented in Exhibit B-2.

### F. Encumbrances

Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds, other than the special revenue fund, are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund, for which the Charter School has received advances, are reflected in the balance sheet as deferred revenues at fiscal year end. There were no encumbrances at June 30, 2022.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

#### Notes to Financial Statements

For the Year Ended June 30, 2022

### 2. Summary of Significant Accounting Policies (Cont'd)

### G. Cash, Cash Equivalents and Investments

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the Charter School has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

## H. <u>Inventories and Prepaid Expenses</u>

Inventories and prepaid expenses, which benefit future periods are recorded as an expenditure during the year of purchase.

Inventories are valued at cost, using the first-in/first-out (FIFO) method. The costs of inventories are recorded as expenditures when consumed rather when purchased.

#### Notes to Financial Statements

For the Year Ended June 30, 2022

#### 2. Summary of Significant Accounting Policies (Cont'd)

#### I. Short-Term Interfund Receivables/Payables

Short-term interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the Charter School and that are due within one year.

#### J. Lease Receivable

The lease receivable is measured at the present value of lease payments expected to be received during the lease term and amortized over the term of the agreement. The deferred inflow of resources is measured at the value of the lease receivable plus any payments received at or before the commencement of the lease term that relate to future periods.

#### K. **Capital Assets**

General capital assets result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the charter school-wide statement of net position but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their acquisition value as of the date received. The Charter School maintains a capitalization threshold of \$2,000. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets except for land are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<b>Estimated Lives</b>
Building Improvements Furniture and Equipment	20-50 years 5-10 years
Vehicles	3-10 years

#### Notes to Financial Statements

For the Year Ended June 30, 2022

### 2. Summary of Significant Accounting Policies (Cont'd)

### L. Compensated Absences

Compensated absences are those absences for which employees will be paid, such as vacation and sick leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the Charter School and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the Charter School and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

The entire sick leave and vacation liabilities are reported on the charter school-wide financial statements.

For governmental fund financial statements, the current portion of unpaid compensated absences is in the amount expected to be paid using expendable available resources. These amounts are recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated unpaid leave are paid. The noncurrent portion of the liability is not reported. The Charter School had no compensated absence liability at the year end.

### M. <u>Accrued Liabilities and Long-Term Obligations</u>

All payables, accrued liabilities and long-term obligations are reported in the charter school-wide financial statements.

In general, payables and accrued liabilities, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the governmental funds. However, the noncurrent portion of compensated absences and mortgage payable that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are normally expected to be paid with expendable, available financial resources.

### N. Net Position

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Charter School or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

#### Notes to Financial Statements

For the Year Ended June 30, 2022

### 2. Summary of Significant Accounting Policies (Cont'd)

### O. Unearned Revenue

Unearned revenue in the special revenue fund represents cash that has been received but not yet earned.

### P. Fund Balances

The fund balances in the governmental funds financial statements are reported under the modified accrual basis of accounting and classified into the following five categories, as defined below:

- 1) Nonspendable includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Assets included in this fund balance category include prepaid assets, inventories, long-term receivables, and corpus of any permanent funds.
- 2) Restricted includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
- 3) Committed includes amounts that can be spent only for the specific purposes determined by a formal action of the Charter School's highest level of decision-making authority.
- 4) Assigned amounts intended to be used by the Charter School for specific purposes but do not meet the criteria to be classified as restricted or committed. This intent can be expressed by the Board of Education or through the Board of Education delegating this responsibility to the business administrator through the budgetary process.
- 5) Unassigned includes all spendable amounts not contained in the other classifications.

### R. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect reported amounts and disclosures. Actual results could differ from those estimates.

### S. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represent a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

#### Notes to Financial Statements

For the Year Ended June 30, 2022

### 2. Summary of Significant Accounting Policies (Cont'd)

### S. Deferred Outflows/Inflows of Resources (Cont'd)

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The deferred inflow for leases is related to the leases receivable and is being amortized to leases revenue in a systematic and rational manner over the term of the lease.

### T. Change in Accounting Principles

On June 30, 2022, the Charter School implemented the Governmental Accounting Standards Boards (GASB) Statement No 87, Leases. GASB Statement 87 enhances the relevance and consistency of information of the Charter School's leasing activities. It establishes requirements for lease accounting based on the principle that leases are financing's of the right to use an underlying asset. A lessee is required to recognize a lease liability and an intangible right to use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. These changes were reviewed for the Charter School's June 30, 2022 financial statements. The Charter School will review new leases annually to determine proper disclosure.

## U. GASB Pronouncements

### Recently Issued Accounting Pronouncements to be implemented in future years

Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). Statement No. 94 is effective for reporting periods beginning after June 15, 2022, and all reporting periods thereafter. Management has not yet determined the potential impact on the Charter School's financial statements.

Statement No. 96, Subscription-Based Information Technology Arrangements, This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). Statement No. 96 is effective for reporting periods beginning after June 15, 2022, and all reporting periods thereafter. Management has not yet determined the potential impact on the Charter School's financial statements.

#### Notes to Financial Statements

For the Year Ended June 30, 2022

### 2. Summary of Significant Accounting Policies (Cont'd)

### U. GASB Pronouncements (Cont'd)

Statement No. 100, Accounting Changes and Error Corrections - An Amendment GASB Statement No. 62. The primary objective of this Statement is to enhance accounting changes and error corrections to provide more understandable, reliable, relevant, consistent and comparable information for making decision or assessing accountability. Statement No. 100 is effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter. Earlier application is encouraged.

Statement No. 101, *Compensated Absences*. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. Statement No. 101 is effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter. Earlier application is encouraged.

#### Notes to Financial Statements

For the Year Ended June 30, 2022

### 3. Deposits and Investments

#### Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the Board's deposits may not be recovered. Although the Board does not have a formal policy regarding custodial credit risk, NJSA 17:9-414 et seq. requires that the governmental units shall deposit public funds in public depositories protected from loss under the provisions of GUDPA. Under the ACT, the first \$250,000 of governmental deposits in each insured depository is protected by FDIC. Public fund owned by the Board in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, student activity fund or other funds that may pass to the Board relative to the happening of a future condition. Such funds are shown as Uninsured and Uncollateralized in the schedule below. As of June 30, 2022, the Charter School's bank balance of \$578,101 was exposed to custodial credit risk as follows:

Depository Account	В	ank Balance
Insured under FDIC and GUDPA Uninsured and Uncollateralized	\$	578,101 -
	\$	<u>578,101</u>

#### Investments

The Board is permitted to invest public funds in accordance with the types of securities authorized by N.J.S.A. 18A:20-37. Examples of the allowable investments are bonds or other obligations of the United States or obligations guaranteed by the United States of America, Government Money Market Mutual Funds, bonds or other obligations of the Charter School or bonds or other obligations of the local unit or units within which the Charter School is located, Local Government investment pools, and agreements or the repurchase of fully collateralized securities, if transacted in accordance with the above statute.

As of June 30, 2022, the Charter School had no investments.

#### Notes to Financial Statements

### For the Year Ended June 30, 2022

### 4. Receivables

Receivables at June 30, 2022, consisted of state aid, accrued interest, interfund, intergovernmental, and other. All Receivables are considered collectible in full. A summary of the principal items of intergovernmental receivable follows:

	Governr Fund Fir <u>Staten</u>	nancial	Charter School-Wide Financial <u>Statements</u>			
State aid Federal aid Other	\$	6,766 341,115 - 347,881	\$	6,882 346,394 - 353,276		
Less: allowance for uncollectibles						
Total receivables, net	\$ <u></u>	347,881	\$ <u></u>	353,276		

### 5. Lease Receivable

Lease receivable balances and activity for the year ended June 30, 2022 were as follows:

Lease	R	Lease eceivable		Lease levenue	lı	Lease nterest evenue
Office	- — \$_	221,371	<u> </u>	19,136	<u> </u>	4,864

On January 1, 2022, the Charter School entered into a five-year lease agreement with Red Bank Frameworks for the lease of office. Based on this agreement, the Charter School is receiving monthly payments through 2027. There are no renewal options included in this lease agreement.

Principal and interest due to Charter School under agreement are as follows:

Year ended Jun	ie 30:	
2023		48,000
2024		49,830
2025		51,660
2026		52,290
2027		52,920
Total	\$	254.700

#### Notes to Financial Statements

### For the Year Ended June 30, 2022

### 6. Capital Asset

Capital asset activity for the year ended June 30, 2022 was as follows:

Governmental Activities:		Beginning Balance		<u>Additions</u>	Ending Balance
Not being depreciated					
Sites (Land)	\$	847,547	\$	-	\$ 847,547
Being Depreciated:					
Building and Improvements		5,928,180		-	5,928,180
Machinery and Equipment		236,013		7,113	243,126
•		7,011,740		7,113	 7,018,853
Less: Accumulated Depreciation	_	(1,991,867)	_	(106,091)	 (2,097,958)
Net Assets	\$	5,019,873	\$_	(98,978)	\$ 4,920,895

Depreciation expense for governmental activities held assets was \$106,091 for 2022.

Enterprise Activities:	Beginning Balance		<u>Additions</u>	Ending Balance
Equipment Less: Accumulated Depreciation	\$ 8,250 (8,250)	\$	-	\$ 8,250 (8,250)
Net Assets	\$ -	\$_	-	\$ <u>-</u>

### 7. Long-term Obligations

Long-term obligation activity for the year ended June 30, 2022, was as follows:

	<u>Ju</u>	Balance ne 30, 2021	Issued/ <u>Retired</u>	Balance June 30, 2022			<u>Due Within</u> <u>One Year</u>	
Mortgages Payable PERS Payable	\$ 	3,640,923 625,225 4,266,148	\$ _ \$_	(135,139) (58,571) (193,710)	\$ 	3,505,784 566,654 4,072,438	\$ \$	143,628 - 143,628

For governmental activities, the mortgages payable and PERS Payable are liquidated from the general fund.

### A. Mortgages Payable

In July 2020, the Charter School modified its three existing mortgage loans by issuing one new mortgage loan. The original loans were modified to reduce monthly payments and provide an infusion of cash to be used for capital expenditures. The modified loan was issued for \$3,750,000 with an interest rate of 3.50% for the first five years. The loan had the first payment due on September 1, 2020 with fixed principal and interest payments of \$21,850 due for 240 months. The final payment is due in August 2040.

### 8. Pension Plans

### A. Public Employees' Retirement System (PERS)

**Plan Description** - The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PERS, please refer to Division's annual financial statements which can be found at www.state.nj.us/treasury/pensions/annual-reports.shtml.

The vesting and benefit provisions are set by *N.J.S.A.* 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service.

The following represents the membership tiers for PERS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to
0	November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

#### Notes to Financial Statements

For the Year Ended June 30, 2022

### 8. Pension Plans (Cont'd)

### A. Public Employees' Retirement System (PERS) (Cont'd)

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more years of service credit and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

**Contributions** - The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2021, the State's pension contribution was less than the actuarial determined amount.

The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

Pension Liability, Pension Expense and Deferred Outflows/Inflows of Resources - At June 30, 2022, the Charter School reported a liability of \$566,654 for its proportionate share of the PERS net pension liability. The net pension liability was measured as of June 30, 2021. The total pension liability used to calculate the net pension liability was determined using update procedure to roll forward the total pension liability from an actuarial valuation as of July 1, 2020, to the measurement date of June 30, 2021. The Charter School's proportion of the net pension liability was based on the Charter School's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2021. The Charter School's proportion measured as of June 30, 2021, was .0047832998%, which was an increase of .0009493022% from its proportion measured as of June 30, 2020.

#### Notes to Financial Statements

For the Year Ended June 30, 2022

### 8. Pension Plans (Cont'd)

### A. Public Employees' Retirement System (PERS) (Cont'd)

For the year ended June 30, 2022, the Charter School recognized full accrual pension expense of \$53,713 in the government-wide financial statements consisting of employer contributions of \$56,018 and non-employer contributions of \$(2,305). This pension expense was based on the pension plans June 30, 2021 measurement date. At June 30, 2022, the Charter School reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

		Deferred		Deferred
		Outflows of		Inflows of
		Resources		Resources
Differences between expected and actual experience	\$	8,937	\$	4,057
Changes of assumptions		2,951		201,732
Net difference between projected and actual earnings				
on pension plan investments		-		149,271
Changes in proportion and differences between Charter				
School contributions and proportionate share of				
contributions		275,582		150,045
Charter School contributions subsequent to the				
measurement date	_	57,287	_	
Total	\$	344,757	\$	505,105

\$57,287 reported as deferred outflows of resources resulting from Charter School contributions subsequent to the measurement date is estimated based on unadjusted 2021-2022 total salaries for PERS employees multiplied by an employer contribution rate. The payable is due on April 1, 2023 and will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. The other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended Jun	e 30:	
2022	\$	(84,795)
2023		(60,542)
2024		(41,280)
2025		(31,030)
2026		11
Thereafter		
Total	\$	(217,636)

### Notes to Financial Statements

### For the Year Ended June 30, 2022

## 8. Pension Plans (Cont'd)

### A. Public Employees' Retirement System (PERS) (Cont'd)

The amortization of the above other deferred outflows of resources and deferred inflows of resources related to pensions will be over the following number of years:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between Expected and Actual Experience		
Year of Pension Plan Deferral: June 30, 2016 June 30, 2017 June 30, 2018 June 30, 2019 June 30, 2020 June 30, 2021	5.57 5.48 - - 5.16 5.13	- - 5.63 5.21 - -
Changes of Assumptions Year of Pension Plan Deferral: June 30, 2016 June 30, 2017 June 30, 2018 June 30, 2019 June 30, 2020 June 30, 2021	5.57 - - - - 5.13	5.48 5.63 5.21 5.16
Net Difference between projected and Actual Earnings on Pension Plan Investments  Year of Pension Plan Deferral: June 30, 2016 June 30, 2017 June 30, 2018 June 30, 2019 June 30, 2020 June 30, 2021	5.00 5.00 5.00 5.00 5.00 5.00	5.00 5.00 5.00 5.00 5.00 5.00

The previous amounts do not include employer specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is 5.13, 5.16, 5.21, 5.63, 5.48, and 5.57 years for the 2021, 2020, 2019, 2018, 2017, and 2016 amounts, respectively.

#### Notes to Financial Statements

### 8. Pension Plans (Cont'd)

### A. Public Employees' Retirement System (PERS) (Cont'd)

**Actuarial Assumptions** - The collective total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. This actuarial valuation used the following assumptions:

Inflation Rate

Price 2.75% Wage 3.25%

Salary Increases:

Through 2026 2.00% - 6.00% Based on years of service Thereafter 3.00% -7.00% Based on years of service Investment Rate of Return 7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

#### Notes to Financial Statements

For the Year Ended June 30, 2022

### 8. Pension Plans (Cont'd)

### A. Public Employees' Retirement System (PERS) (Cont'd)

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranged of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2021 are summarized in the following table:

	Target	Long-Term Expected Real Rate of
Asset Class	<u>Allocation</u>	<u>Return</u>
U.S. Equity	27.00 %	8.09 %
Non-U.S. Developed Markets Equity	13.50 %	8.71 %
Emerging Markets Equity	5.50 %	10.96 %
Private Equity	13.00 %	11.30 %
Real Assets	3.00 %	7.40 %
Real Estate	8.00 %	9.15 %
High Yield	2.00 %	3.75 %
Private Credit	8.00 %	7.60 %
Investment Grade Credit	8.00 %	1.68 %
Cash Equivalents	4.00 %	0.50 %
U.S. Treasuries	5.00 %	0.95 %
Risk Mitigation Strategies	3.00 %	3.35 %

#### Notes to Financial Statements

For the Year Ended June 30, 2022

### 8. Pension Plans (Cont'd)

### A. Public Employees' Retirement System (PERS) (Cont'd)

### **Discount Rate**

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

# Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the collective net pension liability of the participating employers as of June 30, 2021 calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	1%	Current	1%
	Decrease	Discount Rate	Increase
	(6.00%)	(7.00%)	(8.00%)
Charter School's proportionate share of the net pension liability	779,893	566,654	396,856

Additional Information - The following is a summary of the collective balances of the local group:

	<u>6/30/22</u>	<u>6/30/21</u>
Collective Deferred Outflows of Resources	1,164,738,169	2,347,583,337
Collective Deferred Inflows of Resources	8,339,123,762	7,849,949,467
Collective Net Pension Liability	11,972,782,878	16,435,616,426

For the Year Ended June 30, 2022

### 8. Pension Plans (Cont'd)

### B. Teachers' Pension and Annuity (TPAF)

**Plan Description** - The State of New Jersey, Teachers' Pension and Annuity Fund (TPAF) is a cost sharing multiple-employer defined benefit plan with a special-funding situation, by which a State of New Jersey (the State) is responsible to fund 100% of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. TPAF is administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about TPAF, please refer to Division's annual financial statements which can be found at www.state.nj.us/treasury/pensions/annual-reports.shtml.

The vesting and benefit provisions are set by N.J.S.A 18A:66. TPAF provides retirement, death, and disability benefits. All benefits vest after ten years of service. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

The following represents the membership tiers for TPAF:

<u>Tier</u> 1	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to
	November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to
	May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to
	June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 or more years of service credit before age 62, and tier 5 before age 65 with 30 or more years of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

#### Notes to Financial Statements

#### For the Year Ended June 30, 2022

### 8. Pension Plans (Cont'd)

### B. Teachers' Pension and Annuity (TPAF) (Cont'd)

**Contributions** - The contribution policy for TPAF is set by *N.J.S.A.* 18A:66 and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2021, the State's pension contribution was less than the actuarial determined amount.

As mentioned previously, the employer contributions for local participating employers are legally required to be funded by the State in accordance with *N.J.S.A. 18A:66-33*. Therefore, the Charter School is considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the Charter School does not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the Charter School.

**Pension Liability and Pension Expense -** The State's proportionate share of the TPAF net pension liability, attributable to the Charter School as of June 30, 2021 was \$-. The Charter School's proportionate share was \$0.

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. The State's proportionate share of the net pension liability associated with the Charter School was based on projection of the State's long-term contributions to the pension plan associated with the Charter School relative to the projected contributions by the State associated with all participating school districts, actuarially determined. At June 30, 2021, the State proportionate share of the TPAF net pension liability attributable to the Charter School was .0146001528%, which was an increase of .0003984958% from its proportion measured as of June 30, 2020.

For the fiscal year ended June 30, 2022, the State of New Jersey recognized a pension expense in the amount of \$593,433 for the State's proportionate share of the TPAF pension expense attributable to the Charter School. This pension expense was based on the pension plans June 30, 2021 measurement date.

#### Notes to Financial Statements

### For the Year Ended June 30, 2022

### 8. Pension Plans (Cont'd)

### B. Teachers' Pension and Annuity (TPAF) (Cont'd)

**Actuarial Assumptions** - The collective total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. This actuarial valuation used the following assumptions, applied to all periods in the measurement:

Inflation Rate

Price 2.75% Wage 3.25%

Salary Increases:

Through 2026 1.55-4.45% based on years of service Thereafter 2.75-5.65% based on years of service

Investment Rate of Return 7.00%

Pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2015 to June 30, 2018.

Long-term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranged of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2021 are summarized in the following table:

#### Notes to Financial Statements

For the Year Ended June 30, 2022

### 8. Pension Plans (Cont'd)

### B. Teachers' Pension and Annuity (TPAF) (Cont'd)

		Long-Term
		<b>Expected Real</b>
	Target	Rate of
Asset Class	<u>Allocation</u>	<u>Return</u>
US Equity	27.00 %	8.09 %
Non-U.S. Developed Markets Equity	13.50 %	8.71 %
Emerging Markets Equity	5.50 %	10.96 %
Private Equity	13.00 %	11.30 %
Real Assets	3.00 %	7.40 %
Real Estate	8.00 %	9.15 %
High Yield	2.00 %	3.75 %

#### General Information about the OPEB Plan

### Plan description and benefits provided

The State of New Jersey reports a liability as a result of its statutory requirements to pay other post- employment (health) benefit for State Health Benefit Local Education Retired Employees Plan. The State Health Benefit Local Education Retired Employees Plan is a multiple-employer defined benefit OPEB plan that is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions. The State Health Benefit Local Education Retired Employees Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey in accordance with N.J.S.A 52:14-17.32f. According to N.J.S.A 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L., 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

#### Notes to Financial Statements

### For the Year Ended June 30, 2022

### 9. Post-Retirement Benefits (Cont'd)

### General Information about the OPEB Plan (Cont'd)

### Plan description and benefits provided (Cont'd)

The total nonemployer OPEB liability does not include certain other postemployment benefit obligations that are provided by the local education employers. The reporting of these benefits are the responsibility of the individual local education employers.

#### **Basis of Presentation**

The Schedule presents the State of New Jersey's obligation under NJSA 52:14-17.32f. The Schedule does not purport to be a complete presentation of the financial position or changes in financial position of the State Health Benefit Local Education Retired Employees Plan or the State of New Jersey. The accompanying Schedule was prepared in accordance with U.S. generally accepted accounting principles. Such preparation requires management of the State of New Jersey to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

### Employees covered by benefit terms

At June 30, 2020, the following employees were covered by the benefit terms:

Inactive plan members or beneficiaries currently receiving benefit payments	150,427
Active plan members	213,901
Total	364,328

#### **Total Nonemployer OPEB Liability**

The total nonemployer OPEB liability as of June 30, 2021 was determined by an actuarial valuation as of June 30, 2020, which was rolled forward to June 30, 2021. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

#### Notes to Financial Statements

### For the Year Ended June 30, 2022

### 9. Post-Retirement Benefits (Cont'd)

### Total Nonemployer OPEB Liability (Cont'd)

Inflation Rate 2.5%

Salary Increases through 2026 PERS 2.00%-6.00% PFRS 3.25%-15.25%

TPAF 1.55%-4.45%

Thereafter PERS 3.00%-7.00%

PFRS - N/A TPAF 2.75%-5.65%

Discount Rate 2.16%

Healthcare Cost Trend Rates 4.5%-5.6%

Retirees' Share of Benefit Related Costs 1.5% of projected health insurance premiums for retirees

Preretirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP), "General" (PERS), and "Safety" (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Postretirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021 for current disables retirees. Future disabled retirees was based on the Pub-2010 "Safety" (PFRS), "General" (PERS), and "Teachers" (TPAF/ABP) classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of actuarial experience studies for the periods July 1, 2015 - June 30, 2018, July 1, 2014 - June 30, 2018, and July 1, 2013 - June 30, 2018 for TPAF, PERS and PFRS, respectively.

#### **Health Care Trend Assumptions**

For pre-Medicare medical benefits, the trend rate is initially 5.65% and decreases to a 4.50% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantagetrend rates for fiscal year 2022 through 2023 are reflected. For PPO the trend is initially 5.74% in fiscal year 2024, increasing to 12.93% in fiscal year 2025 and decreases to 4.50% after 11 years. For HMO the trend is initially 6.01% in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreases to 4.5% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to a 4.50% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

#### Notes to Financial Statements

For the Year Ended June 30, 2022

### 9. Post-Retirement Benefits (Cont'd)

#### Discount rate

The discount rate for June 30, 2021 was 2.16%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

### Sensitivity of the total OPEB liability to changes in the discount rate

The following presents the June 30, 2021 total OPEB liability of the State for school board retirees, as well as the State's total OPEB liability for the Charter School calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

	1% Decrease (1.16%)	Current Discount Rate (2.16%)	1% Increase (3.16%)
Total OPEB Liability of the State for School Retirees	\$71,879,745,555	\$60,007,650,970	\$50,659,089,138
Total OPEB Liability of the State Associated with the Charter School for School Retirees	\$6,216,731	\$5,187,396	\$4,379,254

### Sensitivity of the total OPEB liability to changes in the health care cost trend rates

The following presents the June 30, 2021 total OPEB liability of the State for school board retirees, as well as the State's total OPEB liability for the charter school calculated using a health care cost trend rate that is 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease	Trend Rate	1% Increase
Total OPEB Liability of the State for School Retirees	\$48,576,388,417	\$60,007,650,970	\$75,358,991,782
Total OPEB Liability of the State Associated with the Charter School for School Retirees	\$4,199,214	\$5,187,396	\$6,514,452

# OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2022, the Charter School recognized OPEB expense of \$138,650 determined by the State as the total OPEB liability for benefits provided through a defined benefit OPEB plan that is not administered through a trust that meets the criteria in paragraph 4 of GASB 75 and in which there is a special funding situation.

In accordance with GASB 75, the Red Bank Charter School's proportionate share of school retirees OPEB is zero, there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources. At June 30, 2021, the State reported deferred outflows of resources and deferred inflows of resources related to retired school employee's OPEB from the following sources:

Doforrod

### 9. Post-Retirement Benefits (Cont'd)

# OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Cont'd)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to retired school employee's OPEB will be recognized in OPEB expense as follows:

Year ended June	30:	
2022	\$	(1,182,303,041)
2023		(1,182,303,041)
2024		(1,182,303,041)
2025		(1,182,303,041)
2026		(840,601,200)
Thereafter		347,612,410
Total	\$	(5,222,200,954)

### 10. Economic Dependency

The Charter School receives its support from federal, state and local governments. A significant reduction in the level of support, if this were to occur, would have an impact on the Charter School's programs and activities.

### 11. Deferred Compensation

The Charter School offers its employees a choice of a deferred compensation plan created in accordance with Internal Revenue Code Section 403(b). The plan is administered by the entity listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plan are not available to employees until termination, retirement, death or unforeseeable emergency. All amounts of compensation deferred under the plan are solely the property of the participants. Accordingly, the plan assets are not reported as part of these financial statements. The plan administrator is the AXA Equitable.

### 12. Risk Management

The Charter School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; employee health and accident claims; and natural disasters.

<u>Property and Liability Insurance</u> - The Charter School maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Annual Comprehensive Financial Report. See J-20.

#### Notes to Financial Statements

For the Year Ended June 30, 2022

### 13. Interfund/Internal Balances and Transfers

There were no interfund balances at June 30, 2022.

### 14. Fund Balance Appropriated

**General Fund** - \$814,473 General Fund balance is unassigned and undesignated.

<u>Special Revenue Fund</u> - \$15,627 Special Revenue Fund balance is restricted for student activities.

### 15. Contingent Liabilities

The Charter School is a party defendant in some lawsuits, none of a kind unusual for a Charter School of its size and scope of operation. In the opinion of the Charter School's Attorney the potential claims against the Charter School not covered by insurance policies would not materially affect the financial condition of the Charter School.

### 16. Risks and Contingencies

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. Therefore, it is uncertain as to the full magnitude that the pandemic will have on Charter School's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity and operations, suppliers, industry and workforce.

### 17. Subsequent Events

The Charter School has evaluated all subsequent events occurring through the date of the independent auditor's report, February 16, 2023. No such disclosures were required.

#### 18. Uncertain Tax Positions

The Charter School had no unrecognized tax benefits at June 30, 2022. The Charter School files tax returns in the U.S. federal jurisdiction and New Jersey. The Charter School has no open years prior to June 30, 2019.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable President and Members of the Board of Trustees Red Bank Charter School County of Monmouth Red Bank, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Red Bank Charter School in the County of Monmouth, State of New Jersey, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise of the Red Bank Charter School basic financial statements, and have issued our report thereon dated February 16, 2023.

#### Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Red Bank Charter School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Red Bank Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of the Red Bank Charter School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Charter School's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Red Bank Charter School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Charter School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey in considering the Charter School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully Submitted,

# INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND NEW JERSEY OMB CIRCULAR 15-08

Honorable President and Members of the Board of Trustees Red Bank Charter School County of Monmouth Red Bank, New Jersey

#### Report on Compliance for Each Major Federal and State Program Opinion on Each Major Federal and State Program

We have audited Red Bank Charter School's compliance with the types of compliance requirements described in the OMB Compliance Supplement and the New Jersey OMB Circular 15-08 that could have a direct and material effect on each of Red Bank Charter School's major federal and state programs for the year ended June 30, 2022. Red Bank Charter School's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Red Bank Charter School complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2022.

#### Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and the audit requirements of *Title 2 U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the New Jersey OMB Circular 15-08. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Red Bank Charter School and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Red Bank Charter School's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Red Bank Charter School's federal and state programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Red Bank Charter School's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance and New Jersey OMB Circular 15-08 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Red Bank Charter School's compliance with the requirements of each major federal and state programs as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, and New Jersey OMB Circular 15-08, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Red Bank Charter School's, compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Red Bank Charter School's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and New Jersey OMB Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of Red Bank Charter School's, internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and New Jersey OMB Circular 15-08,. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

See accompanying notes to schedules of expenditures.

#### Notes to the Schedules of Awards and Financial Assistance

June 30, 2022

#### 1. General

The accompanying schedules of expenditures of awards present the activity of all federal and state awards of the Red Bank Charter School. The Charter School is defined in Note 1(A) to the Charter School's general purpose financial statements. All federal and state awards received directly from federal and state agencies, as well as federal and state awards passed through other government agencies are included on the schedules of expenditures of federal and state awards.

#### 2. Basis of Accounting

The accompanying schedules of expenditures of federal and state awards are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 2 to the Charter School's basic financial statements.

#### 3. Relationship to Basic Financial Statements

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to *N.J.S.A.* 18A:22-44.2. For GAAP purposes payments are not recognized until the subsequent budget year due to the state deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more state aid June payments in the current budget year, consistent with *N.J.S.A.* 18A:22-4.2.

#### Notes to Schedules of Awards and Financial Assistance (continued)

June 30, 2022

#### 3. Relationship to General Purpose Financial Statements (continued)

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$(593,433) for the general fund and \$- for the special revenue fund. See Exhibit C-3 for a reconciliation of the budgetary basis to the GAAP basis of accounting for the general and special revenue fund. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as presented below:

		<u>Federal</u>		<u>State</u>		<u>Total</u>
General Fund	\$	-	\$	1,370,656	\$	1,370,656
Special Revenue Fund		466,239		259,263		725,502
Food Service Fund	_	116,347	_	2,242	_	118,589
Total awards and financial assistance	\$ <u>_</u>	582,586	\$ <u>_</u>	1,632,161	\$_	2,214,747

#### 4. Relationship to Federal and State Financial Reports

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

#### 5. Other

TPAF Social Security and Post Retirement/Medical Benefits Contributions represent the amounts reimbursed by the State for the employer's share of social security contributions and Post Retirement/Medical Benefits for TPAF members for the year ended June 30, 2022.

The TPAF post retirement/medical benefits expenditures are not subject to New Jersey OMB Circular 15-08.

#### 6. Indirect Costs

The Charter School has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.
