Administrative Practices and Procedures

Insurance

Fire insurance coverage was carried in the amounts as detailed on J-20, Insurance Schedule contained in the District's ACFR.

P.L.2020, c.44

Our audit procedures included an inquiry and subsequent review of health benefit data required per N.J.S.A. 18A:16-13.3 (Chapter 44) submitted for the year on audit. The Chapter 44 summary report was reviewed for reasonableness and timeliness.

The data submitted did include all health benefit plans offered by the school district.

The school district data certification was completed by the chief school administrator. The school district Chapter 44 data was submitted timely.

Tuition Charges

A comparison of tentative tuition charges and actual certified tuition charges was made. The District made a proper adjustment to the billings to sending Districts for the increase or decrease in per pupil costs in accordance with N.J.A.C. 6A:23A-17.1(f)3.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period indicated no exceptions with respect to signatures, certification or supporting documentation.

Payroll Account and Position Control Roster

The net salaries of all employees of the Board were deposited in the payroll account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the payroll agency account.

All payrolls tested were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/Business Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits premium amounts withheld due to the general fund.

Payrolls were delivered to the Treasurer of school monies with a warrant made to her order for the full amount of each payroll.

No exceptions were noted during our testing of payroll.

An inquiry and subsequent review of the Position Control Roster did not identify any inconsistencies between the payroll records, employee benefit records, the general ledger accounts to where wages are posted, and the Position Control Roster.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, 2022 for proper classification of orders as reserve for encumbrances and accounts payable and no exceptions were noted.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures.

In addition to randomly selecting a test sample, our sample selected targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. As a result of the procedures performed, a transaction error rate of 0% overall was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Board Secretary's Records

Our review of the financial and accounting records maintained by the Board Secretary did not disclose any exceptions.

Treasurer's Records

Our review of the financial and accounting records maintained by the Treasurer did not disclose any exceptions.

Unemployment Compensation Insurance Trust Fund

The District has adopted the direct reimbursement method and has established an Unemployment Compensation Insurance Trust Fund. The financial transactions of this fund are reported in the General Fund. No exceptions were noted.

Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the Annual Comprehensive Financial Report (ACFR). This section of the ACFR documents the financial position pertaining to the projects under Titles I, II, and III of the Elementary and Secondary Education Act as amended and reauthorized.

The study of compliance for E.S.E.A. indicated no areas of noncompliance and/or questionable costs.

Other Special Federal and/or State Projects

The District's special projects were approved as listed on Schedules A (K-3) and B (K-4) located in the ACFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue section of the ACFR. This section of the ACFR documents the financial position pertaining to the aforementioned special projects. The following was noted:

Finding 2022-001

During our testing of extraordinary aid, we noted instances whereby certain deductions as of result of chapters 44 and 78 were not excluded from the calculations and certain services that could be included in the calculation were not.

Recommendation

We suggest that the application for extraordinary aid exclude all required deductions and include all services that are permitted to be claimed.

T.P.A.F. Reimbursement

Our audit procedures included a test of the semi-monthly reimbursement filed with the Department of Education for District employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

Nonpublic State Aid

Our review of the Nonpublic State Aid completion reports disclosed no exceptions.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

The bid thresholds in accordance with *N.J.S.A.* 18A:18A-2 and *18A:18A-3(a)* are \$44,000 with a Qualified Purchasing Agent and \$32,000 without a Qualified Purchasing Agent, respectively. The law regulating the bidding for public school transportation contracts under N.J.S.A.18A:39-3 is \$20,200 in 2021-22. The District by resolution has appointed the School Business Administrator as a Qualified Purchasing Agent increasing the legal bid threshold to \$44,000.

The District board of education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per *N.J.S.A.* 18A:18A-5.

Procedures were performed on a test basis, to indicate if any individual payments, contracts, or agreements were made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of *N.J.S.A.* 18A:18A-4, as amended.

School Food Service

PUBLIC HEALTH EMERGENCY

In accordance with the Governor's Declaration of Emergency pertaining to the public health emergency all Public, Charter, Non-Public schools were ordered to close effective as of March 18, 2020 for an undetermined period to limit the spread of the virus. As a result, School Food Authorities (SFA) were required to institute alternate procedures to provide meals to eligible students during the period of school closures. Governor Murphy's emergency declaration ended June 4, 2021; however, the United States Department of Agriculture's federal waiver continued through June 30, 2022. Food Service Agencies operated under this federal waiver.

As a result, SFAs were required to provide meals in accordance with the regulations governing the National School Nutrition Seamless Summer Option (SSO) or the Summer Food Service Program (SFSP) option. SFAs could also choose to participate in the National School Lunch Program utilizing standard counting and claiming practices.

SFAs were authorized to solicit and award emergency noncompetitive procurements and contracts with Food Service Management Companies in accordance with 2 CFR 200.320 and N.J.S.A.18A:18A-7. The SFAs were also authorized to submit contract modifications to their existing Cost Reimbursable or Fixed Price contracts as necessary to ensure the feeding of all children throughout the age of 18, as well as persons over 18 with disabilities as defined in the regulations.

SFAs were notified of the requirement to maintain and report separate meal count records and financial records of all applicable costs incurred in providing meals to all students during the emergency.

The school food service program was not selected as a major federal and/or State program. However, the program expenditures exceeded \$100,000 in federal and/or State support. Accordingly, we inquired of school management, or appropriate school food service personnel, as to whether the School Food Authority (SFA) had any Child Nutrition Program reimbursement overclaims or underclaims. None were identified.

We also inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct and indirect costs. No exceptions were noted.

The Statement of Revenues, Expenses, and Changes in Fund Net Position (ACFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

We inquired of management about the public health emergency procedures/practices that the SFA instituted to provide meals to all students, maintenance of all applicable production records; meal counts; noncompetitive procurements; modification of existing

contracts and applicable financial records to document the specific costs applicable to the emergency operations.

We also inquired if the FSMC received a loan in accordance with the Payroll Protection Plan and whether the funds were used to pay for costs applicable to the Food Service Programs. We also inquired if the PPP loan was subsequently forgiven and the FSMC refunded or credited the applicable amounts to the SFA.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section B of the ACFR.

Student Body Activities

Our audit procedures included a test of items selected from cash receipts and disbursements for the student activity accounts. No exceptions were noted during this testing.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2021 Application for State School Aid (ASSA) for on-roll, private schools for the handicapped, lowincome and bilingual. We also performed a review of the district procedures related to its completion. The information on the ASSA was compared to the district workpapers without exception.

The District maintained workpapers on the prescribed state forms or their equivalent.

The District written procedures appear to be adequate for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on-roll status reported in the 2021-2022 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. The bid specifications for the purchase of buses were in compliance with applicable statutes. No exceptions were noted in our review of transportation related purchases of goods and services.

Facilities and Capital Assets

Our procedures included a review of the New Jersey Schools Development Authority ("NJSDA") grant agreements for consistency with recording NJSDA revenue, transfer of local funds from the general fund or from the capital reserve account, and awarding of contracts for eligible facilities construction. No exceptions were noted.

Testing for Lead of All Drinking Water in Educational Facilities

The school district adhered to all the requirements of *N.J.A.C.* 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The school district submitted the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

Follow-up on Prior Year's Findings

In accordance with *Government Auditing Standards*, our procedures included a review of all prior year recommendations. The prior year finding was corrected and not repeated.

There were no audit reports issued by the Office of Fiscal Accountability and Compliance (OFAC) during the 2022 fiscal year.

Acknowledgment

We received the complete cooperation of all the officials of the School District and we greatly appreciate the courtesies extended to the members of the audit team.
