School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-3 states:

a. "When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by resolution of the Board of Education without public advertising for bids and bidding therefore, except that the Board of Education may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L.1971, c. 198 the Board of Education may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Commencing in the fifth year after the year in which P.L.1999, c. 440 takes effect and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the Board of Education is permitted to establish as set forth in subsection a. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in N.J.S.A. 18A:18A-2, and shall round the adjustment to the nearest \$1,000. The Governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of the year in which it is made . . ."

N.J.S.A. 18A:18A-4 states, "Every contract for the provision or performance of any goods or services the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the Board of Education to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law . . ."

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$44,000 (with a Qualified Purchasing Agent) and \$32,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is \$20,200 for 2021-2022.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Attorney's opinion should be sought before a commitment is made.

School Purchasing Programs (Cont'd)

Contracts and Agreements Requiring Advertisement for Bids (Cont'd)

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. General compliance was noted.

The results of our examination indicated that no individual payments, contracts, or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies", in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained.

School Food Service

The school food service program was not selected as a major federal and/or state program. However, the program expenditures exceeded \$100,000 in federal and/or state support. Accordingly, we inquired of school management, or the appropriate school food service personnel, as to whether the School Food Authority (SFA) had any Child Nutrition Program reimbursement overclaims or underclaims. No exceptions were noted.

Non-program foods were not purchased, prepared or offered for sale.

We inquired of management about the public health emergency procedures/practices that the SFA instituted to provide meals to eligible students, maintenance of all applicable production records, meal counts, noncompetitive procurements, modification of existing contracts and applicable financial records to document the specific costs applicable to the emergency operations. A FSMC was not utilized.

Student Body Activities

In planning and performing our audit of the financial statements of the Board, we considered the condition of the Student Activities records for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2021 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the disabled, low income and bilingual students. We also performed a review of the District procedures related to its completion. The information on the A.S.S.A. was compared to the District workpapers with minimal errors. The information that was included on the workpapers was verified on a test basis with one error. The results of our procedures are presented in the Schedule of Audited Enrollments.

ADMINISTRATIVE FINDINGS - FINANCIAL, COMPLIANCE AND PERFORMANCE  
FISCAL YEAR ENDED JUNE 30, 2022  
(Continued)

Application for State School Aid (Cont'd)

The District maintained workpapers on the prescribed State forms or their equivalent.

The District's written procedures appear to be adequate for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on-roll status reported in the 2021-2022 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report with minor errors. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. The bid specifications for the purchase of buses were in compliance with applicable statutes. No exceptions were noted in our review of transportation related purchases of goods and services.

Facilities and Capital Assets

There were no incomplete School Development Authority Projects for the fiscal year ended June 30, 2022.

Travel Expense and Reimbursement Policy

Travel regulations require each District to adopt a formal policy and procedure pertaining to travel and expense reimbursement for its employees and board members. The regulations include requirements for the District to establish a maximum travel amount for the year and to ensure that the maximum amount is not exceeded. The regulations also require that all travel must be preapproved by the Board of Education and Superintendent and that a brief report detailing the key issues addressed at the travel event must be submitted after the travel event has occurred. Based on our testing of these regulations, general compliance was noted.

Testing for Lead of All Drinking Water in Education Facilities

The District did submit the annual Statement of Assurance to the NJ Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

Management Suggestion

COVID-19 Federal Funding

It is likely that the District will undergo some review of its COVID-19 federal funding if only at a desk review level by state and/or federal agencies. We strongly suggest that the District ensures that these funds are utilized in accordance with the applicable federal requirements especially with respect to procurement. Additionally, we strongly suggest that the District ensures that these funds are accounted for in the state account numbers designated by the NJ Department of Education and that any applicable Board policies are current with respect to federal grant requirements.

Status of Prior Year's Findings/Recommendations

There were no prior year recommendations.
